

# WOMEN RELIEF WORKERS PLAN TO QUIT POLAND

### Failure to Negotiate Armistice to Result in Departure of 37 Polish-American Y. W. C. A. Agents

NEW YORK, (AP)—Thirty-seven Polish-American Y. W. C. A. workers in Poland are planning to leave that country in the near future unless an armistice is signed suspending hostilities between Poland and soviet Russia.

A cable message received here today at national Y. W. C. A. headquarters from Miss Martha A. Chloekering, of Piedmont, Cal., in general charge of the workers in Warsaw, read: "All well. Leaving soon unless an armistice."

Follows Recommendation. The decision to quit Poland is understood here to be the result of a recommendation by the American relief administration in Poland that all women workers leave before the country is overrun by Bolshevik soldiers. It is probable that the workers will go to Danzig where the American relief organization is to establish a base.

Left to Miss Chloekering. Actual decision as to when to leave Poland has been left entirely to the judgment of Miss Chloekering, it was said at headquarters. No orders have been forwarded to her here as expressed that it would not be necessary for the workers to leave because of the great need of Polish civilians for help.

The girls include Elizabeth Graybeal of De Beque, Colo.

# LEAGUE COUNCIL ASKS NATIONAL BALANCE SHEET

### Recommends Cessation of Issuance of Paper Money to Avoid Further Weakening of Foreign Credit

SAN SEBASTIAN, Spain, (AP)—Representatives of each government participating in the international financial conference to be held in Brussels on September 24 will be asked to present a balance sheet showing the actual financial situation of their nation, it was decided at today's meeting of the council of the league of nations, in session here. All countries will be asked not to issue any more paper money as to avoid a further weakening of foreign credit.

Efforts will be made, through a commission of experts, to arrive at an equitable arrangement for exchange between Germany and Austria and other nations, the money of the former central empires being regarded as beyond restoration to its previous exchange value. The invitation to Germany to participate in this conference is considered to be tantamount to notice that she will be accepted as a member of the league of nations if she makes application. Thirty allied, neutral and enemy states will be asked to join in the conference, the program of which will comprise four principal subjects: the financial policies of the different states, exchange and paper circulation, commercial relations and the re-establishment of international credit.

# WASHINGTON CLAMPS LID ON JAPANESE DISCUSSION

### State Department Refuses the Publication of Questions Between Nations

WASHINGTON, (AP)—The state department today issued a statement saying that it "does not care to comment on official reports or news rumors emanating from Tokyo which purport to give details or extracts from friendly and frank discussions of pending matters between the government of the United States and the government of Japan."

"Any correspondence involving any questions of public interest," the statement added, "will, of course, be published, but international courtesy requires that such publication should be made only by mutual consent."

# FIGHT FIRE IN VESSEL LADEN WITH MUNITIONS

### Captain and Crew of Transport Conquer Flames after Eight Days

HONOLULU, T. H., (AP)—For eight days and nights, Captain Eugene McCarthy and the crew of the big United States army transport fought and finally conquered a fire in the ship's cargo of munitions, while small arm ammunition, shrapnel, grenades and bombs burst in all directions, it was learned here recently on the transport's return from Manila.

Smoke was seen first issuing from one of the forward hatches at ten o'clock at night during the ship's last voyage to the Philippines. The officer of the watch sounded a general fire alarm and water was turned into the hold, where 4,000 tons of ammunition of all sizes were stored.

"Explosions of munitions in one hatch were taking place every little while," said Captain McCarthy. "The cargo there included shrapnel shells, hand grenades, detonating fuses, bombs and small arm ammunition. My men carried this after case of munitions likely to explode at any moment from the hold and threw them overboard. The boxes were too hot to handle with bare hands, so the men wore gloves. Lieutenant Bowman, transport quartermaster, was overcome by powder fumes and was confined in his room for several days."

"On several occasions I had to maneuver the Marica before the wind to keep the fire from spreading. On the eighth night it got so bad we had to leave the hold, batten down the hatches and turn on the smothering pipes. We flooded the hold with water and two nights later the blaze was extinguished."

Captain McCarthy said this explosion were loaded at Hoboken in March and he declared it as his belief that simultaneous combustion started the fire.

# COX PREPARING FOR CEREMONIES

### Democratic Nominee is Hard Pressed to Clear Up Affairs for Notification

DAYTON, O., (AP)—With his presidential nomination ceremonies only two days distant, Governor Cox, the democratic candidate, was hard pressed today with preliminary details and closing up Ohio executive and other personal affairs to get his name before the campaign after next Saturday's event.

Many democratic leaders, including George White, chairman of the national committee, and Senator Harrison of Mississippi, head of the speakers bureau, were reported on route here for pre-nomination conferences. They were filling up and more decorations were appearing.

Makeup of the special campaign committee and the speaking itineraries of Governor Cox and his running mate, Franklin D. Roosevelt, are the principal affairs remaining to complete the campaign organization.

To care for the crowds expected on Saturday, Dayton residents are being asked to throw open their homes to visitors over the weekend and also to donate automobiles to meet visiting delegations. Arrangements at the Montgomery county fair grounds, where the ceremony will take place, were well advanced tonight, the temporary amphitheater for the notification and national committee, the press and distinguished guests being virtually finished.

Wouldn't Do to Confuse Him. Patricia says that it is true that her father is not a church-goer, but no one would dare for that reason to call him an atheist.—Dallas News.

# I. W. W. LURED INTO TRAP SET IN WASHINGTON

### Spokane Authorities Join with Federal Officers in Making Arrest of Alleged Delegates to Radicals' Convention

SPOKANE, Wash., (AP)—Ten men, said to be delegates from Industrial Workers of the World locals of Washington, Idaho and Oregon, were arrested by county, federal and city officers here today.

The officers who conducted the arrests declared that their action in "the beginning of a wholesale campaign to arrest members of the I. W. W. here during the next three or four days."

The men were congregated near a highway, in a shallow gully behind a large signboard. They were seated in a ring on the ground and offered no resistance to arrest. Officers were left on guard to arrest any other members who might appear later.

Under a court injunction members of the I. W. W. are prohibited from meeting in this county.

# COURT LOCKS UP REPORT DURING LEAK INQUIRIES

### Indictments Against 41 Leaders in Rail Strikes Returned in Chicago

CHICAGO, (AP)—Indictments against 41 leaders in the recent railroad strikes which Judge Samuel Alschuler refused to receive yesterday because the names of those indicted had become public through a "leak" several hours before the federal grand jury completed its report, were returned today.

Judge Alschuler ordered the indictments placed under seal until investigation of the leak is completed. Reporters who published the list of those indicted yesterday are to be subpoenaed, the court announced.

The published list named John Granun and Harold Renting, presidents of the two new rail unions which called the strike, and a number of officers of the two unions in Chicago, New York, San Francisco, Columbus, Cleveland, Philadelphia and other cities.

HARBERT HOLMAN. In the First Methodist church yesterday afternoon the marriage of Francis J. Harbert and Miss Hazel B. Holman, both of Twin Falls, was solemnized. The Rev. A. G. Bennett, pastor of the Methodist church celebrated the double ring ceremony. The wedding was attended by relatives and close friends of the contracting couple. The groom is connected with his father, Willis Harbert, in the insurance business. The bride has been employed as a clerk at the City pharmacy some weeks.

LICENSED TO WED. Marriage licenses have been issued in the past 24 hours to the following persons: Ralph H. Benedict, aged 22, of Rupert, and Cordie Burton, 19, of Burley; to Francis Jewell Harbert, aged 20 and Hazel B. Holman, both of Twin Falls.

Stapleholders. To keep the stapleholders from slipping on either a polished floor or on oilcloth, put pieces of adhesive plaster on the feet of the ladder. This holds it steady and protects the floor from scratches.

# Social Notes

Mr. and Mrs. M. J. Sweeley have as house guests Mrs. Sweeley's brother, Captain and Mrs. Quincy L. Slocumb, of St. Louis. Captain Slocumb is a Portland, Ore., and director of the that city, and is the oldest brother of the family. The two other brothers, Rev. Lyndon V. Slocumb, pastor of the First Methodist church of Chappell, Nebraska, and John C. Slocumb, an active business man of Clinton, Iowa, are coming overland by automobile and are expected to arrive here in a few days.

Two others, R. A. Slocumb of Sioux Falls, South Dakota, connected with the International Harvester company, and W. R. Slocumb, chief engineer of the glass works of Clinton, Iowa, and a sister, Mrs. H. S. Green, of Modern, California, are looked for in a few days.

The other members of the family live here. Mrs. Sweeley is the oldest. Mrs. Harry B. Lewis, well known in Twin Falls, at present employed in the Slocumb store, the youngest of the three girls, has been identified with the history of having come here in 1907 with her husband, who died in California several years ago. The youngest son of the family is Alva A. Slocumb, who came here after the death of his father, but a time after with Mr. and Mrs. Sweeley, at Twin Falls, and one sister, Mrs. Minnie Nicolson, formerly of Dow City, Iowa have made hands in God's kingdom.

Everett M. Sweeley and wife, with their two daughters, Jean and Anna, also present for the occasion, Everett Sweeley being the only child of the host and hostess. He went to Boise yesterday, taking with him his wife and his uncle and aunt, Captain and Mrs. Slocumb, who were anxious to see

the capital city. All will return later in the week. Captain Slocumb was here two years ago, being at that time in poor health, but his trip into the west, which was his first one, not only started him on the road to complete recovery, but made him so enthusiastic over this part of the country that he has returned. All now here are hoping that the others will be with them by the first of the coming week, when a trip to Stanley basin, now being planned, will be made.

The Mountain View club held its last meeting with Mrs. Emma Klout. All present had a delightful afternoon, after which refreshments were served by the hostess. The next meeting will be at the home of Mrs. E. M. Jones Wednesday afternoon, August 11. A large attendance is desired.

Mrs. Kennedy Pickard entertained at luncheon today in honor of Mr. and Mrs. L. L. Matterson, Madame Matterson and Dr. and Mrs. Johnson.

Mrs. A. W. Husted was hostess to the Wednesday Bridge club at her home on Sixth avenue north. Her guests were Mesdames Harry Berger, George Popoff, Grant White, Jr., J. A. Campbell, J. G. Moore, M. C. Putnam, F. R. Cox.

Not Nowadays. Ladies of quality originally wore masks either to protect their complexions or out of modesty to prevent them from being recognized while out of doors.

# MONUMENT COMPANY WILL FILE ARTICLES

Showing a capitalization of \$10,000, papers for the incorporation of the Idaho Granite company have been drawn up and will be filed with the county recorder immediately. The principal incorporators are: E. W. Davis and William Warberg, of Twin Falls, and E. E. Amelton, who has come here from La Grande, Ore., to locate. The business of the company is the manufacture of monuments and tombstones. Granite blocks will be shipped from La Grande, Ore., to be carved here and a force of experienced stonecutters will be employed to carve these blocks into suitable shapes and to suitably inscribe them. Work will start without delay.

CLAIMS WAGES UNPAID. Trial was opened in the probate court this morning of a case instituted by John Foshee against C. O. Heath and Harry Barry. The action involves a claim by the plaintiff for wages alleged to have been earned as foreman in charge of work connected with the recent summer chautauqua at Buhl. All parties to the action are residents of Buhl. Foshee claims the sum of \$60 as due him on wage account. J. Taylor is appearing for the plaintiff and W. R. Green for the defense.

Twin Falls creameries do not rework ranch butter.—adv.

# REPORTS INDICATE TWIN FALLS SECTION HARVEST YIELD IN EXCESS OF LAST YEAR

Here's a record that is hard to beat. D. F. Detweiler, owner of Hampshire Home ranch, near Filor, reports that out of his field of 45 acres of barley he received an average yield of 92 1-2 bushels per acre. When writing to your friends in other sections don't forget to tell them about this big yield of barley. Let them know that our soil is the kind that gives you bigger returns on your investment than any other section in the country.

Says Russia Will Make Compensation Demands

Leonid Krassin, Minister of Trade and Commerce, who, according to cable reports reaching here, has announced that the soviet government will make compensation demands to the allies. Krassin, it is said, declared that the soviet's position is so strong at the present time that it can demand and expect full justice for Russia and her people. He also advocated a real peace conference between Russia and the entente powers.

But this is important—the same agreement provides that granting of such a request is optional with either country. And since Huerta has granted the bandit leader the right to "live the life of a private citizen un molested," it is hardly likely that his extradition, if requested by Washington, will be granted.

visited at the home of Nephi Larsen Thursday.

Mr. and Mrs. A. Jones and family returned home Saturday after a trip of several days to Bruneau valley looking for a location. Mr. and Mrs. S. A. Walton of Hansen spent Sunday visiting Mr. and Mrs. H. P. Larsen. Mr. and Mrs. Clyde Edmister visited at the home of D. P. Albee on Sunday.

The well on the Garrity ranch, owned by the Utah Construction company, now flows 13 inches over the casing; another one is being drilled. Mr. and Mrs. John F. Hansen and Grace Domrose of Twin Falls are visiting at the home of George D. Crockett this week. Helen and Matzel Bruce and Faye Domrose motored to Hollister Tuesday on business. The outdoor services held at the home of D. P. Albee Sunday afternoon by the Rev. Mr. Baxter, were well attended although the weather was threatening. Pearl Greenfield came home Saturday after spending the week with Mrs. T. O. Miller of Hansen.

THE FORUM

August 5, 1920. An Open Letter to the City Council. Paving Engineer and the Public. The curbing on Poplar avenue, East Lawn addition, was put in by the Heinicke Construction company, about three weeks ago. Since that time numerous complaints relative to the quality of the curb have been made to members of the city council and the paving engineer, but up to the time of this writing we have not been able to find out whether the paving engineer has accepted or rejected the curb. In fact, the paving engineer informed one of the signers of this letter not later than Friday, July 30, that he had not made up his mind what he was going to do about it. We contend that it does not require a technical training to determine the quality of this curb, nor should it take three weeks or more, because it is positively "rotten"—so with this fact in mind when it is reflected and replaced with a new curb before paving operations are allowed to proceed! The paving engineer informed one of the signers of this letter that the city had an inspector on this Poplar avenue curb work all the time. If this is a fact we recommend that this inspector be given another class of employment. As Twin Falls is a city we should examine this curb with care to the same conclusion. If our curb was the only poor piece of work done by the Heinicke Construction company, under their present contract we would not be so insistent that the work be made right at once, but there has been other very poor work done by this company, that has been "fixed" by patching and we do not want to pay for patches—we are taxed enough for a good curb and we want it. We hope that some one with authority will get busy and see that the citizens of Twin Falls get what they pay for, both paving and curb.

- FRANK G. LEWHEITER, J. O. WYATT, R. L. ASHTON, C. A. BULLEN, H. A. WARNER, H. E. COWLING, H. C. GETTERT, K. S. PETERS, J. VREUGDENHILL.

VINEGAR KEEPS CANNED GOODS FROM SPOILING

Acid is Necessary to Preservation of Vegetables Processed at Home. If it were not for the microscope but ever-present bacteria, housewives would not have much trouble with canned products spoiling. As it is, however, if the jars are given half a chance bacteria will soon make a jar of fruit or vegetables ready for the garbage bucket. It may not always be possible to kill all bacteria in home canning, for some of those germs can endure a high degree of heat for a long time. Nevertheless, jars and cans must be processed long enough to kill as many bacteria as possible. In the case of fruit or tomatoes, even though many of the bacteria survive the short heating process, few or none will grow because of the acid present heavy syrup added to the fruit also prevents the growth of bacteria. For this reason fruit requires a much shorter time of processing than vegetables, with the exception of tomatoes.

MRS. M. E. SMITH, prominent

Tampa, Florida, woman, who says, thanks to Tanlac, she is now able to walk around without the help of a cane after eight long years of suffering.

"I am so glad my health is being restored after suffering for over eight years with indigestion and rheumatism that I feel like telling everybody about Tanlac..."

"Then Tanlac came along and in just a few days after I began taking this grand medicine my appetite began to improve and in only a short time I was able to enjoy my meals and everything seemed to agree with me perfectly. My rheumatism is so much better and I have so much more strength I am now able to walk all about the house and up and down the stairs without meane. Friends who have become so accustomed to seeing me walk with my cane are astonished when they see me now walking around without it." Tanlac is sold in Twin Falls by City Pharmacy; in Hansen by B. J. Bellwood and by the leading druggists of every city.—adv.

Milch Goats in America. Six thousand goats are listed in the American milch goat registry. Three breeds are recognized. The Toggenburgs were originally imported from the valley of that name in Switzerland. They are distinguished by exact brown and white markings, especially about the head. Saanen goats hail from the Saanen valley, Switzerland, and are pure white. The Anglo-Nubian goats are a cross between the common English goat and the Nubians of Africa. They are a spotted variety and vary in color.

NOTICE

Notice is hereby given that the undersigned, the Twin Falls Auto company, will sell at public auction, at their place of business, 130 Second Avenue North, in the City of Twin Falls, County of Twin Falls, State of Idaho, on the 14th day of August, 1920, at 3:00 o'clock p. m. Standard Time (4:00 o'clock Local Time), one Vello Four-Passenger Automobile, Serial No. 62339, Motor No. 7476706, said automobile being the property of M. B. Brown, and upon which the said Twin Falls Auto Company have a lien for labor and materials furnished in overhauling same and caring therefor, in the sum of two hundred eighty-nine and 35-100 (\$289.35) Dollars. Said automobile to be sold to pay said charges together with the costs of sale. July 30, 1920. TWIN FALLS AUTO CO. By Claude M. Gates, Manager.

Leap Year is Unlucky.

In all probability the theory that leap year is unlucky was voiced by the unhappy man who first was called upon to answer a woman's leap-year proposal that he bestow upon her his "hand and fortune or a draw all the town." The Japanese believe that the two hundred and tenth and two hundred and twentieth days of each leap year are particularly unlucky, while the old English traditions maintain that children born in leap year will be sickly and difficult to raise, and that crops will not prosper, pease and beans "growing on the wrong side of the pod."

HARDING FAVORABLE TOWARD RECLAMATION

Republican Nominee Assures Furtherance of Irrigation in the West

Giving a virtual pledge for the republican party favorable to western reclamation Warren G. Harding, nominee for the presidency, has written Fred B. Reed, of the Idaho Reclamation association saying the party could be counted upon to maintain its former policies toward reclamation of the land.

The republican party was responsible for the reclamation work and you may surely count upon that policy being maintained in the future.

The letter is in reply to a communication addressed by the managing secretary of the Idaho Reclamation association to the republican nominee congratulating the latter upon his selection by the G. O. P. and asking a word of encouragement for the reclamation plans of Idaho.

"It is with much satisfaction that I received and read your letter of July 15. It let me know that you were congratulating and for the very good, frank and kind words which you have for me.

I note that your Idaho Reclamation association number 15,000 members, and the object of it is to assist in the work of reclaiming the arid lands of your country.

"The republican party was responsible for the reclamation work and you may surely count upon that policy being maintained in the future."

RAIL RATES HEARING IN BOISE AUGUST 19

Utilities Commission will Listen to Arguments for and Against Applications

The application of the railroad commission operating in the state of Idaho for an increase in freight rates and passenger fares on interstate traffic to conform with the increases granted by the interstate commerce commission is the subject of a hearing at the office of the commission, beginning August 19, 1920, at 10 o'clock a. m.

This information is contained in a general statement issued by C. J. Callahan, secretary of the Public Utilities Territory, the territory in which the state of Idaho is located.

In a Mountain-Pacific Classification Territory, the territory in which the state of Idaho is located, the interstate commerce commission increased interstate freight rates 25 per cent and interstate passenger fares 20 per cent, with surcharge on Pullman fares equal to half the Pullman charge.
