Russians Profess Desire for Hostilities Suspension While Pressing Military Successes Against Poland

POLES ABSENCE HELD SOLE BAR TO PEACE TALK

Envoy Presents to British Premier Soviet's Position with Respect to Negotiations with Poland

LONDON, (AP)—Leo Kamenoff, of the Russian legation here, today presented to British Premier Lloyd George last night a long communication giving the Soviet government's reply to Great Britain's note Tuesday with regard to the delay of the armistice negotiations between Russia and Poland.

Wait Poles' Return

The sole obstacle in the way of the resumption of negotiations is the absence of the Polish delegation, whose return is being awaited by the representatives of the Soviet government in order that negotiations may be immediately opened.

APPEAL Russian, Soviet Government

APPEAL Russian, Soviet Government for the freedom and independence of Poland and its willingness to accept to the Polish state wider freedom than that proposed by the League of Nations and mentioned in the 1919 World Council Powers.

Would Limit War Preparations

It was announced the Soviet desires that Poland will not use the armistice period for a renewal of hostilities, it is set forth, include her partial disarmament and cessation of the recruiting of conscript soldiers as well as voluntary enlistments.

WAR THREAT DRIVES WOMEN FROM MEXICO

MEXICALLY, Lower California, (AP)—All American women and children have left Ensenada, on the west coast of Lower California, for the United States and many Mexicans have sent their families north to safer sections, according to an American arriving here today from that port. He said the arrival of federal troops at Ensenada was expected at any time and it was generally believed there that in view of the preparations in progress the chief attack on the forces of Governor Esteban Cantu would be at Ensenada and within a short time, possibly within a day or two.

The American verified reports that the Cantu officials at Ensenada were commandeering automobiles, horses and cattle in that district. He said all the gasoline had been withdrawn from the market and that Governor Cantu was establishing an airplane base, shipping in oil, gasoline and parts.

It was said also that two American gunboats or destroyers were in the harbor, with a seaplane escort, daily.

DENVER FEARFUL OF RENEWAL OF STRIKE RIOTING

DENVER, Colo., (AP)—Fear that rioting by street car strikers, their sympathizers and strikebreakers, which last night resulted in the death of two and injury of thirty-four, would be renewed, was expressed in official circles today.

Citizens today were responding to a proclamation issued by Mayor Bailey calling for two thousand volunteers for patrol duty. The police were hipless last night before the mob, which proceeded on its journey of destruction until it tired itself out.

Reports from hospital today indicated the injured were making progress and most of them will probably recover.

In preparation for possible resumption of hostilities tonight, the police today prepared to mount two machine guns. Hundreds of sawed-off shotguns and army rifles were being assembled at police headquarters to a total of more than 600 citizens had answered Mayor Bailey's call for volunteers.

It was planned to place the volunteers under command of Hamilton Armstrong, chief of police.

World News Events

LONDON, (AP)—Premier Lloyd George stated in the house of commons today that the government was expecting much unemployment during the coming winter, and was considering precautionary measures.

CONSTANTINOPLE, (AP)—The Turkish nationalists Thursday were opening an offensive against the Greeks in the region northeast of Brussa, just to the south of the eastern end of the Sea of Marmora. The Greeks are confident, however, that they will be able to rout the forces of Mustafa Kemal Fasha, the nationalist leader, when the concentration of Greek troops from Thrace is completed.

NEW YORK, (AP)—A flurry in the money exchange market today carried the English pound sterling up to \$3.67, or 5 1-4 cents above the close last night, owing to current reports of an early peace with Poland. A quick reaction, however, followed with the quotation dropping to \$3.65 1-2 cents, which was 3 3-4 cents above the close yesterday.

ABSORBS SWITCHMEN UNION SPEEDS COAL MOVEMENT

CLEVELAND, O., (AP)—The Brotherhood of Railroad Trainmen has taken over the schedules and contracts of the Switchmen's Union of North America in Buffalo, which have been formally surrendered by S. E. Hebringer, president of the switchmen, according to information obtained from railway brotherhood offices here today.

REDS' REPLY TO BRITAIN LIKELY TO BE ACCEPTED

Position Taken by Soviet with Regard to Cessation of the Hostilities with Poland May Affect Situation Favorably

LONDON, (AP)—Today's cabinet meeting, at which the Russian reply to the British note on Poland was considered, was followed by no official indication of the trend of affairs. The best information, however, was that Great Britain would accept the Soviet reply, notwithstanding that it is not wholly satisfactory.

This afternoon Leo Kamenoff, chief Soviet emissary, presented others of the Soviet delegation held a conference with Premier Lloyd George.

LONDON, (AP)—While the actual military situation in Poland is not much clearer than it was yesterday, it is admitted to be critical.

Reports yesterday stated the Soviet armies had reached points 30 miles distant from the Polish capital, but later advices indicate they are twice that distance away, and that the Soviet cavalry is far ahead of the infantry.

Blockade Rumor Discounted. Reports that the British government has already ordered the fleet to resume the blockade of Russia, which was partially raised last November, receive great emphasis in some newspapers, but no official sanction is claimed for the statement, and such inquiries as were possible early this morning tended to discount the rumor.

Moscow States Position. Willingness to sign an armistice agreement when Polish delegates arrive at Minsk is said to have been expressed, and the Soviet government, it is asserted, has already agreed to grant Poland complete independence.

Germany is Suspended. Suspicion that Germany is setting in collusion with the Bolsheviks persists and it is not lessened by reports of the address made by Dr. Walter Simons, German foreign minister, before the Reichstag yesterday, in which he declared Germany would seek to prevent the catastrophe from sending troops to Poland across Germany. It is suggested the catastrophe could send troops by aircraft.

REPLY TO CHARGES OF THIRD-PARTY NOMINEE

SALT LAKE CITY, Utah, (AP)—Replying to imputations against their "political integrity," made by Parley P. Christensen, presidential nominee of the farmer party, J. H. A. McCollum and Charles A. Weger, resigned officials of the party in Utah, today issued a statement saying "Your interpretation of this phrase shows poor judgment of existing facts."

IDAHO WEATHER. Tonight and Saturday, fair, continued warm.

Soviet in Position to Carry on Five Years of Warfare

WASHINGTON, D. C., (AP)—Russia is in possession of sufficient munitions to carry on for five years warfare on the scale of that now being conducted against Poland, according to estimates made here today by military authorities. Practically all of the stocks on hand are from supplies furnished by the allied governments to the old Russian regime during the world war.

PARIS, (AP)—The Temps correspondent at Warsaw telegraphs that General Maxime Weygand, assistant to Marshal Foch, has said he would consent to assume supreme command of the Polish forces and take the responsibilities for their military operations. General Weygand expressed the opinion to the Polish government that the military situation is far from hopeless, the correspondent says.

AMERICANS TO AID DEFENSE OF POLISH CAPITAL

Kosciusko Squadron is Transferred to Southern Line Because of Desperate Situation on Front Near Warsaw

WARSAW, (AP)—Owing to the desperate situation on the front near Warsaw, the Kosciusko squadron, the all-Polish force composed of the most part of Americans attached to the Polish army, is being transferred from the southern front. The squadron will aid in the defense of the Polish capital.

Consultants to Leave. The American consulate in Warsaw will be closed Friday and Consul Rankin making preliminary depart Friday night. Most of the records already have been shipped away.

French Guns Arriving. The operations of the Kosciusko squadron will begin in the new field within two or three days. Meanwhile bullet-battered tanks saw service in the great war rumbled through the streets of Warsaw today on the way to engage the Russians. The arrival also began of 75 millimeter guns which the French used against the Germans burning buildings to escape death.

Flour Price Goes Higher. Minneapolis Mills Announce Advance of 50 to 60 Cents a Barrel. MINNEAPOLIS, Minn., (AP)—Flour prices will begin to "barrel" as the principal mills here today, quotations for family patents in 95-pound cotton sacks, carload lots being \$13.35 to \$13.80. This records a jump of 6 cents to \$13.80 within the last two days.

WRANGLER FORGES DEFEAT OF RUSSIAN SOVIET ARMIES

Anti-Bolshevik Leader in South Russia Claims Complete Victory

CONSTANTINOPLE, (AP)—Armies of the Russian government which have been engaged in fighting General Wrangel's forces in southern Russia have been completely defeated, according to a telegram from General Wrangel which has been received here. The anti-Bolshevik has captured 4,000 trains, five armored cars and a great quantity of war material, it is said. Pursued by the Bolsheviks, it is declared, he has completely routed them.

PARIS, (AP)—Rumania has begun the concentration of forces in Bessarabia. Whether this move is for the purpose of relieving the pressure against Poland or to force the withdrawal of Soviet troops now on Rumanian soil has not yet developed.

RUSSIAN GAINS ON NORTH AND EAST CONCEDED

Bolshevik Force Crossings of Bug River at Numerous Points, but are Checked in Push on Prussian Border

LONDON, (AP)—A semi-official message from Warsaw, filed last night, said the Poles had evacuated Ostrow, between the Bug and the Narow rivers, 26 miles southwest of Lonsa and about 65 miles northeast of Warsaw.

WARSAW, (AP)—The defensive line east of Warsaw has been pierced in several places, according to reports from the front. Preparations have been begun for transferring the government, if that move is necessitated by the Russian advance. The officials, however, still hope the Soviet forces will be checked somewhere east of the Vistula.

Edsa Alignment Forces. Of the developments along the eastern defense line, the word from the front shows that after a halt of several days, while reinforcements were brought up and supplies forwarded along the river, the Bolshevik forced crossings of the Bug at a number of places. At one point, southeast of Ostrow, the Poles were repulsed, 40 miles south of the river in large numbers.

Last night's communique from headquarters announced that the Bolsheviks had forced the Bug in the region of Drohobyn (about 70 miles south of the capital), this being a part of the Soviet movement to outflank the defenders of Warsaw. The Poles counter-attacked and fierce fighting is continuing.

Polish Evacuation Terrestrial. Between Drohobyn and Brest-Litovsk the communique continues. Poles launched a counter-attack against the Russians who had crossed the Bug between Brest-Litovsk. In the region of Brest-Litovsk, which is in the hands of the Russians, the Poles for an attack which compelled the Poles to evacuate Teresopol, just to the west of the river.

There was fighting at various points to the south, but without gains for the Russians.

Check Westward Push. The Soviet troops have been checked in their westward push along the Prussian border, the statement announces. They have reached Myslesin in an advance which is expected to bring them to the Warsaw-Danzig railway. Military observers assert that this is part of the Russian outflanking movement, planned to encircle the capital.

BOLSHEVIK ARMY NEARS TEHRAN

State Department Authorities American Minister to Quit Persian Capital

WASHINGTON, (AP)—Because of the rapid advance of the Bolshevik army, the Persians are preparing to evacuate Teheran, their capital, the state department was advised today by John L. Caldwell, American minister of Persia.

This was the first news to reach the American government that the Bolshevik advance in the Near East had threatened the Persian capital. The probability of a drive in this direction has been expected, however. Because of the rapid advance of the Bolshevik army in Teheran, the Persian capital, the American minister there was authorized today by the state department to move the legation staff from that city. A request for the American consul at Teheran, Persia, that he be allowed to depart from that place also was approved.

RUMANIA BEGINS CONCENTRATION OF FORCES FOR MOVE AGAINST SOVIET

PARIS, (AP)—Rumania has begun the concentration of forces in Bessarabia. Whether this move is for the purpose of relieving the pressure against Poland or to force the withdrawal of Soviet troops now on Rumanian soil has not yet developed.

CABLE BUILDING WAITS PLEASURE OF GOVERNMENT

British Embassy Gives Assurances that Landing will Not be Attempted until State Department Permits

WASHINGTON, D. C. (AP)—Assurances were given the state department today by the British embassy that the British cable ship Colonia would undertake to land within American territorial waters on the end of the cable from Barbados to Miami, Fla., until an executive permit had been issued by the United States. The cable is being constructed for the Western Union Telegraph company and would connect with a British line to Brazil.

Embassy officials took the view that the controversy over the cable was entirely between the Western Union company and the state department.

CABLESHIP WILL HOLD OFF UNTIL PERMIT ISSUES
MIAMI, Fla. (AP)—The British cable ship, Colonia, chartered to lay the South American cable from Miami to Barbados in the British West Indies, will not enter American waters until permission is granted by the state department in Washington, according to advice received today from the British ambassador, Sir Auckland Geddes, by A. H. Hubbard, British vice consul in Miami. Hubbard was instructed to keep it outside the three mile limit until further instructions from Washington.

The wireless station at Miami is endeavoring to get in touch with the cableship which left Newport News several days ago, and the United States destroyer 155 is held at the municipal docks to take the British vice consul to the Colonia as soon as it can be located.

WESTERN UNION DENIES ATTEMPT AT LAW EVASION
NEW YORK (AP)—In the absence of Newcomb Carlton, president of the Western Union, C. W. E. Atkins, first vice president, today issued the following statement regarding action taken by the United States government to prevent laying by the company of a cable from Barbados: "We have nothing to say except that we are not attempting anything unlawful or defiant and that at the proper time the public will be fully informed of the facts."

BRITISH-AMERICAN GUNS CHECK CHINESE BANDITS

Brigands Terrorizing Upper Reaches of Yangtze Capture Wrong Boat

SHANGHAI (AP)—Brigands who have terrorized the upper reaches of the Yangtze river in recent months found a sudden check put upon their activities when American and British gunboats were dispatched into the upper river from Shanghai, according to reports that have filtered back to Shanghai.

The gunboats were sent up to Chongking after a band of outlaws took possession of the Robert Dollar II of the Robert Dollar company of Shanghai at Wanchow in Szechuen province, and were frightened away only by the timely appearance of the American gunboat Falco which came in response to distress signals.

The Robert Dollar II on the maiden voyage of the new upriver service the Dollar company is establishing, was fired upon from shore after the first encounter. Messages to Shanghai said that the outlaws rushed into the hills on the appearance of the gunboats.

CITES JAPAN TO TRAGEDY

Muscovite Calls Attention to Experience of Napoleon in Russia

TOKYO (AP)—That Japan should remember the tragic experience of Napoleon in Russia is the opinion attributed to President Vinogradov of the anti-Socialist league in a speech recently made before the national assembly at Vladivostok. The speaker was commenting upon the reported Japanese decision to occupy Nikolaisk and the northern portion of Sakhalin island as a result of the massacre of Japanese at Nikolaisk.

ATTENTION! STOCK BREEDERS AND FARMERS

Hundreds of thousands of choice breeding and draft animals are lost annually through disease and accident. This loss represents an enormous amount to the breeder and farmer. In the most cases the loser leaves a sigh and takes the loss. You insure your lives, your buildings, your crops against possible loss, why not carry life insurance on these animals? The loss of one animal will often pay for insurance on all of your live stock for a year, with a little margin left. We represent the Old Reliable Hartford with a complete line of Live Stock insurance and will be glad to furnish information on request.

JAPAN'S POLICY IN SIBERIA IS OKUMA'S TARGET

Elder Statesman of Nippon Says His Government's Handling of Situation Causes Suspicion Among Powers

TOKIO, (AP)—Japan's "indefinite handling of the Siberian problem is causing suspicion among the powers," the opinion of Marquis Sigenobu Okuma, one of the elder statesmen, was expressed in a statement made in his office, Okuma has the reputation of fearlessly criticizing the men who are running the government.

In an interview Okuma said the reason for sending a Japanese army to Siberia does not seem to be clearly understood by the majority of the people. He added:

"The object of the China-Japanese war and the Russo-Japanese war was to win the war with Germany were clearly understood by the nation, who strove to attain the ultimate goal with unanimous accord. As to the Russo-Japanese war, the Japanese people, which in the days of the Russo-Japanese war were fighting the Bolsheviks on the Siberian steppe."

After remarking on the withdrawal of American troops from Siberia, Okuma insisted that if Japan finds it necessary to maintain her troops there, the whole situation should be laid frankly before the powers. He went on to say that the government is doing not clear and is apt to create the suspicion abroad that Japan is keeping her troops in Siberia for ulterior motives. Already blame is directed against us for the military policy adopted to be pursued by Japan in the Russian Eastern provinces.

"It would be better," he concluded, "for Japan to withdraw completely from Siberia. If, on the other hand, Japan is asked by the powers to fit out a punitive expedition against the Bolsheviks so that eastern Siberia may be cleared of these undesirable elements the task should be undertaken in real earnest."

JAPANESE TRADE SLUMPS

Financial Panic in Nippon Affects Commerce with United States

TOKIO, (AP)—The trade between this country and the United States is gradually becoming dull, due to the financial panic which makes cargo vessels inactive. Japanese ships which are carrying very limited cargoes both inward and outward trips, especially on the former.

On the outward trips, the situation is improved slightly, owing to the increase in the exportation of miscellaneous goods. The dull shipments on the homeward voyage is mainly due to the cancellation of orders previously accepted for by Japanese importers and to resort to cancellation because of the financial depression and the money situation.

IRISH LOCAL COUNCILS LEAN TOWARD SINN FEIN

Issue Various Orders Resulting in the Embarrassment of Government

DUBLIN, (AP)—Besides their resolutions acknowledging allegiance to Daill Eireann and their sympathy with the latter week rebellion, the new Irish local councils are giving many evidences of an advanced Sinn Fein attitude.

At Cavan they have decided to cut off the water supply to the military and police barracks. In north Tipperary they have refused to accept the services of policemen appointed to act as inspectors under the food and drugs act. At Longford they have refused to apply the vaccination act until they learn whether or not Daill Eireann approves vaccination. Everywhere where they are refusing to make income tax returns.

Many of the higher officials of the new bodies are magistrates, and they are being ordered, and in most cases obeying the order, to resign their commissions as justices of the peace.

QUAKES IN CALIFORNIA; EARTH OPENS IN MONTANA

Cravices Appear in Distant Region when Coast is Rocked by Seismic Disturbances

BILLINGS, Mont., (AP)—Simultaneously with the recent earthquake shocks in southern California, great cravices are appearing in the earth about Acton, 20 miles west of here. They range from 20 to 40 feet deep, and in some places a new line-to be laid.

It has been said for years that there was some connection between the structure of Montana and the California seismic belt and it has long been the gossip that the geysers in Yellowstone park, before and after pronounced shocks, show the effects of the disturbances. But there has been as far as is known, no scientific statement on the subject.

BREAK HARVEST RECORD

Hottest Day in California's District Sets Biggest Crop Garnered

YUBA CITY, Cal., (AP)—On the record hot day this year a record harvest of barley was accomplished in the big grain fields of the Marne section by DeWitt brothers, was reported here. With the thermometer standing at 110 degrees in the shade, the tractors harvesting outfit cut and threshed 3000 sacks of barley in ten hours. As far as can be ascertained this is a record for northern California grain fields.

CIVIL AVIATION PROGRESSING

Many Countries Launch Flying Programs Since Signing of Armistice

LONDON, (AP)—Progress in civil flying made by the various countries of the world since the armistice is discussed in a detailed report just made public by Sir Frederick Sykes, controller-general of civil aviation in Great Britain.

Despite the fact that Germany, Austria and Hungary are forbidden, under the terms of peace, to manufacture or import aircraft engines, the report points out that these three countries are in process of organizing departments of government to deal with civil aviation. At the present time Sir Frederick says, there are 25 air transport companies in Germany and the number is increasing monthly.

Shortage of fuel and the general chaotic economic situation is retarding aviation in Austria, says the report. Belgium has organized an air ministry and has established air attaches in Paris and London. The government, it is said, has appropriated 2,000,000 francs for development of flying in the Belgian Congo.

Great progress is recorded for France which has air attaches in all the chief capitals of the world, whose duty it is to study the aviation in various countries.

France, he says, has acquired five aerodromes and 24 landing grounds for the use of civilian flying and is also planning to connect all her colonial possessions by airline.

Italy has appointed 16 air attaches in as many countries says the report and is spending large sums of money in order to keep herself in the front rank of aviation development.

JAPANESE FEAR ATTACK

TOKIO, (AP)—Fearing another attack by the Partisans, the chief of the civil administration in South Sakhalin has officially applied for a strengthening of the garrison there. Residents are anxious and nervous, he says, and the financial and industrial interests recently developed in the islands require strong protection.

UTAH DEMOCRATS ADOPT ADVISORY COMMITTEE PLAN

SALT LAKE CITY, (AP)—The "advisory committee" plan of framing its state platform has been adopted by the Democratic party in Utah for this year. A committee of 13 members has been named and instructed to gather suggestions from all available sources and draft a tentative platform for submission to the resolutions committee at the state convention.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Care Fabric All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Care Fabric Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag.

WILL RE-ARREST JAMES STEVENS

Buhl Youth Being Held at Walla Walla Prison for Arrival of Local Officer

A bench warrant has been issued by Judge W. A. Babcock of the district court for the arrest of James E. Stevens, a resident of Buhl. Stevens is now held in the penitentiary at Walla Walla, Washington, awaiting the coming of Twin Falls county officers to have charge of the prisoner. John H. Anit, juvenile officer, will probably leave immediately to receive Stevens and bring him here.

Stevens whose parents reside at Buhl has just completed a term of one year's servitude in the state prison of Washington being convicted of forgery on several counts. The same charge awaits him upon his arrival here. The lad has been obtaining his money cause of the juvenile department considerable trouble through his escapades. On February 1 1919 he was tried and convicted here on charge of passing bad checks. He gave a pledge of reformation and was paroled to the custody of the juvenile officer breaking this parole shortly after his release from custody. He was next heard of in Cozville, Wash. where he was arrested for forgery and sent to the penitentiary. Local authorities notified the prison officers in Walla Walla that charges had been entered against Stevens here and asked that he be held subject to re-arrest upon completion of his sentence.

There are four separate charges of forgery against Stevens in the Twin Falls district court.

Precipitation is Homeopathic in Extent of Supply

"The unsettled weather," predicted for last night, yielded a trace of rain, not more than a couple score of "ops" however, according to the weatherman of the home block. Conditions continued unsettled today. At three comes the promise of "fair weather" for tonight and Saturday. No need to anticipate any relief from the excess of humidity, clear, if the weatherman's word is all good. He predicts continued warm, but last night's temperature was erratic in the extreme, with a low mark of 61 degrees during the sleeping hours. This is the first since the night of July 29, when the mercury failed to pass the 61 point.

leaves today for California, the R. N. A. Ligo gave a surprise party Thursday evening at the home of Mrs. M. P. Scorian the lawn. The affair was in the nature of a "handkerchief" shower, and to evening was spent with games and music, with refreshments served at late hour. Those present were: Mesdames J. Peters, Henry Peters, B. H. Stieh, Hattie Hensler, J. Clarr, M. G. Adlam, N. Patton, Stella Starr, Cora Zrouse, J. J. Kinder, Effie Watkins, Iraco Heartfield, A. L. Skinner, Gertrude Patton, M. P. Sears, C. A. Emmer, R. Local Brevities

Legionnaires Plan Picnic—About the middle of the present month Twin Falls post No. 7, American Legion, will hold a picnic, probably in the city park. A deflating program has not been devised.

Licensed to Wed—The following marriage licenses have been issued in the past 24 hours: To Marion S. Hافر, aged 21 of Twin Falls and Irene Verzon, 19 of Buhl; to David A. Paece, aged 45, and Gertrude Neats, 35, both of Piler.

Gets Coat of Tan—Mr. and Mrs. E. A. Landon and children, have returned from a 12-day stay at Easley Hot Springs. Mr. Landon, who acquired considerable sunburn and insect stings, started construction of a cabin on a government lease near the springs.

Visit Ladies' Lodge—Mrs. W. W. Humphrey, national president of the A. P. ladies of the G. A. R., and Mrs. C. W. Wood, visited Burley Circle No. 12, ladies of G. A. R. of Burley Thursday. The meeting was presided over by Mrs. Sam Storz, president of the circle.

Complains of "Newsies"—Alleging that newsboys have looted his office on several occasions, Hachiyva, proprietor of the Royal cafe, on Shoshoni street, south, has lodged complaint with the magistrate. Mr. Hachiyva says the boys have carried off many light articles from his office, these including an air rifle.

Seeking Anderson—Lieut. fraternal officers and civil authorities have been asked by J. N. Anderson, a resident of Omaha, to assist in the search for William Watson Anderson, a brother. J. N. Anderson says he has not heard from the relative for six years and he loves him to be in this section of the west. The missing man is married and had four children when he was last heard of.

Thieves Visit Store—Civil authorities have been advised that some time Wednesday night thieves visited Wreny's store, making entrance through the back door. The cash registers were opened and between \$15 and \$20 extracted. Officers believe the thieves possess a key to the door, which is equipped with a Yale lock, which shows no signs of being tampered with.

The statement has been made, and it is probably true, that highway conditions in Twin Falls county in years gone by have been the means of keeping more people away from Twin Falls than all other causes put together.

RUSSIAN DUPLICITY

The Bolshevik leaders, apparently are quick to learn. Having been tricked into an ignominious peace at Brest Litovsk by the Germans, they are applying the same tactics in armistice negotiations with the Poles.

In Shabbytown: IN Shabbytown they do not care if things look seedy everywhere. They have no pep, they've lost their grip, they simply sit around and yip, in envy's tones, of Glossyville, the shining village on the hill. Oh, Shabbytown is punk and gray, and it shows symptoms of decay, and strangers passing through remark, "It surely dates back to the Ark." "Clean Up and Paint Up" makes men frown along the streets of Shabbytown. A can of paint makes no appeal to this bum village, down at heel; the people think there is no sense in going to so much expense; so things are always going down, and getting worse in Shabbytown. It always gives my soul a thrill when I arrive in Glossyville. The town looks like a blooming bride; the people take a hearty pride in making things look clean and bright, and in their labors take delight. They're lavish with the help paint, selecting colors chaste or quaint, and decorating every shack; thus warding off decay's attack, and making all the buildings look like buildings read of in a book. And strangers, when they see the town, say, "Here we'll come and settle down, and raise us nineteen kids apiece, and live and die as sick as grease." This happy burg goes right ahead, while Shabbytown is prone and dead. WALT MASON. Clean Up and Paint Up! KUNKLE & BEMILLER Twin Falls' Premier Paint Store

TWIN FALLS DISTRICT FARMERS ARE HARVESTING BUMPER WHEAT CROP

Official Summary Tells of High Temperatures During Past Month with Excellent Growing Conditions Prevailing Around This Place—Beets and Spuds Progressing—Alsike Big Yield—Apples Maturing Fast

In formation contained in a general weekly weather and crop statement for Idaho, issued by Clinton E. Norquist, of the state reporting bureau, bespeak excellent growing weather in the Twin Falls district the past week.

The summary says beets, spuds, and garden truck are making excellent growth, with apples maturing rapidly. A good crop of alsike has been harvested and cutting of a bumper crop of wheat is in progress.

The remainder of the report for the state is as follows: Rather higher temperatures were experienced during the week throughout the state. The weather was warmer than normal most of the time, although local thunderstorms freshened the air and gave brief temporary relief from the heat in some districts. The week was as dry as it was hot. No general rains occurred and the showers attending the scattered thunderstorms were mostly too light to add materially to soil moisture. However, a violent thunderstorm occurred in southeastern Idaho which accompanied by an excessive downpour of rain and some hail, damaging crops over a considerable area.

There was abundant sunshine and conditions were generally favorable. Rapid progress was made in harvesting small grain crops—wheat, barley, oats, and rye, and the second cutting of alfalfa. Wheat harvest is general in all but the later districts in the north. Earlier sections harvesting has been completed and threshing in the order of the day. A little threshing has been done in the Boise-Payette valley but this activity has not become general. It was a fine week for cutting hay and much of the second cutting of alfalfa is now safe in the stack, secured in excellent condition.

Where ample soil moisture obtained it was great growing weather and all crops made exceptionally good headway. Corn, sugar beets, potatoes and all garden and truck crops grew rapidly in the irrigated districts where water has at all times been ample for all crop needs but in dry farm areas crops are suffering more or less from drought and fields will be materially reduced. The range has held up remarkably well in most districts and range stock look sleek and fat.

All fruit is making satisfactory progress. A light crop of apricots is being marketed in the Lewiston and Boise-Payette valleys. Emmet watermelons are now coming into the market plentifully.

FOR THE DEFENDANTS. Judge O. P. Duvall, of Appellate court, yesterday afternoon gave a decision in favor of the defendants in the case of John Foshee against O. C. Hoek and Harry Barry. The plaintiff sued for \$50 claimed as wages for five days service at Terama or Terama during the summer chautauque at Buhl. The defendants offered a compromise on the basis of \$30. This amount will be paid Foshee as part of the basis of the verdict.

WORDS' DEFINITION SOUGHT BY LAWYERS

Colored Folks Case Held Up while Attorneys Consult Webster's Book

The question of what constitutes obscene and lewd language is being fought out this afternoon in the police court. The opposing lawyers are Judge John E. Davis city attorney and W. Orr Chapman.

BRINGS PETERMAN BACK.

With C. L. Peterman in his care Sheriff A. N. Sprague has returned from Bend, Ore., where Peterman was arrested some time ago at the instance of local authorities. Peterman stands accused of embezzlement, the specific charge being talking mortgaged property from the state. He is alleged to have purchased an auto truck from the Johnson Auto Sales company, taking the machine to Nevada after making a small initial payment. Mrs. Peterman returned with the sheriff and her husband. It is said a legal fight will be made on the ground that Mrs. Peterman was the purchaser of the machine instead of her husband.
