British Premier Tells Commons America's Aid Will Be Asked

WASHINGTON TO MAKE KNOWN ITS STAND IN CRISIS

State Department Promises to Break Silence as to Official Attitude toward European Situation

WASHINGTON, (AP)—The state department this afternoon advised that it would make public at about 4:30 o'clock this afternoon the decision of the American government on the Polish situation. The statement would comprise about 2000 words, it was stated.

WASHINGTON, (AP)—There still was no announcement this forenoon as to a decision by the American government on the Polish situation nor had the state department received any information concerning actual events in the Polish republic which had not previously been detailed in press dispatches from Europe.

The latest dispatches the department had was sent by John C. White, the American charge, at Warsaw, Sunday night. It said Poland was maintaining the seat of government at Warsaw despite the menacing advance of the soviet army which at one point was only 30 miles away.

Mr. White cabled that while the first British carrying diplomats out of Warsaw was to leave Sunday night, he and the third secretary of the legation, J. Pierpont Moffatt would remain at Warsaw until the Polish government sends some of the personnel of the legation has been sent to Posen, where it is understood, some of the subordinate officers of the Polish foreign office are to be moved.

SETS NEW RECORD FOR TRANSCONTINENTAL TRIP

Touring Car Carries Mail from Coast to Coast in Four Days and Fourteen Hours

NEW YORK, (AP)—Announcement was made today that a new unofficial record for a transcontinental automobile trip was established when a five passenger touring car carrying United States mail from San Francisco to New York arrived here late yesterday after a run of four days, 14 hours and 43 minutes.

An official of the American Automobile association said today that this was at least one day faster than any previous unofficial record. Postal authorities declared that the machine's time compares well with that of all except the fastest through mail trains. The trip was the first eastward run of a scheduled series of five or more round trips. Three cars have made the westward journey.

Three more trips by the machine are 3,347 miles long, stops being made and drivers changed at Ely, Nevada; Cheyenne, Wyo.; Council Bluffs, Iowa; Davenport, Iowa; Valparaiso, Ind.; Lima, Ohio; Wheeling, W. Va.; Cumberland, Md.; and Easton, Pa.

French Rail Men Threaten to Strike if Troops Move

PARIS, (AP)—French railroad men will strike if called upon to transport troops to Poland, according to resolutions adopted tonight.

Reports disagreements between French officers in Poland and the Polish general staff has caused the French public to take an unfavorable view of the situation. There is deep feeling against military intervention. "France," said General Mirbol to the Associated Press today, "must be defended on the line of the Rhine if Bolshevik threats."

Bolshevik Railways to Give Free Service

MOSCOW, (AP)—After October 1 government shipments, consignments of authorized private merchandise and goods from nationalized factories will be carried free on railroads throughout Russia. Workers and families on leave or changing their place of employment, invalids, students and workers en route to congress will not be asked to pay transportation.

DENVER STREET CAR STRIKERS ARE STILL IDLE

Conference Convened at Military Headquarters to Consider Situation and Devise Problem Solution

DENVER, Colo., (AP)—Additional street cars, manned by strike-breakers, were running in Denver today. Frederick W. Hill, general manager of the Denver Tramway company, said he would make no announcement regarding the communication handed him yesterday by the executive committee of the union that the men were ready to return to work.

Wood Learns Conditions

A meeting to determine how and when the striking street car workers would return to work began at military headquarters at 11 o'clock this morning. The military authorities, headed by Major General Leonard Wood, state officials city officers, tramway company officials, and leaders of the men made up the gathering. Colonel C. G. Ballou, in command of federal troops in Denver, described the meeting as intended principally to acquaint Major General Wood, commander of the central department of the army, with conditions. Several witnesses of the riots were heard.

Police Sergeant James Jones was one of the first to be called. Jones is said to have been the only eye witness of the shooting at the east side car barn riot Friday night.

Shots Fired from Above

Dr. Hugh L. Taylor, Union Pacific surgeon, who attended three persons shot in the riots, testified that in his opinion all the wounds were inflicted by revolver bullets. In the case of two of his patients, he said the shots undoubtedly were fired, from above, possibly from a second story window.

While the meeting was in session the tramway company was operating 113 cars on all lines in the city, according to company announcement. With the assurance of federal protection, the public patronized the cars yesterday, and according to company estimates, 75,000 passengers were carried. Twenty men were arraigned in police court today charged with disturbances in connection with riots of last week. Twelve were heavily fined and others either were discharged or ordered to report Saturday for trial. Some of the alleged disturbers were employees of the tram.

REDS ARE STRIKING AT POLISH RAILROAD LINE

RUSSIAN ADVANCE ON NORTHWEST IS WITHIN 35 MILES OF POLE CAPITAL

MOSCOW, (AP)—Russia is considering with determination the possibility of war with England over the situation which has arisen since the Bolsheviks have begun their offensive against Warsaw. News from the front is being awaited with intense interest.

PARIS, (AP)—The Russians have captured the town of Ciechanow, thus cutting the Warsaw-Danzig railway, according to reports from the French military mission to Warsaw received by the foreign office today.

Reports were current in Paris Monday that soviet troops had reached Ciechanow, severing the direct line of communication between Warsaw and Danzig. Poland has been receiving munitions and supplies from allied sources, and yesterday's Polish communiqué conceded that Bolshevik detachments had occupied Ciechanow for a brief time.

Other dispatches report that the Poles have repaired a more roundabout line between Warsaw and Danzig.

Reds Advance Within 35 Miles of Warsaw

WARSAW, (AP)—Ciechanow, 25 miles northwest of Warsaw, has been reached by Bolshevik detachments which are attempting to reach the Warsaw-Danzig railroad, according to an official statement issued last night. It is indicated that the soviet forces were driven back following their entry into the town. No important changes in the rest of the battle line northeast and east of Warsaw are shown in the statement, which allows that Bolshevik detachments, continuing their pressure toward the Danzig rail road, occupied Ciechanow for a short time. East of Siedlce, the Poles are regrouping their forces. Between the Bug and Karw rivers, the situation is inactive.

"Polish detachments that re-occupied Brody have expelled the enemy from Rudnikoff capturing a battery of cannon and machine guns. North of Brody the enemy is actively preparing an attack to the westward. Between the Strips and Sereth rivers our forces have defeated the Bolsheviks, taking 400 prisoners including a regimental staff and capturing machine guns."

HOPE OF PEACE IS VOICED BY LLOYD-GEORGE

Cessation of Conflict on Basis of Independence for Poland Sole Purpose of Allied Policy, British Premier Declares

PARIS, (AP)—The military decisions reached at the Elythe conference between Premiers Lloyd George and Mussolini and their advisers were as follows, according to the foreign office: First—That it was impractical and unnecessary to send allied troops to Poland.

Second—The integrity of Poland's western frontier was guaranteed.

Third—That the blockade measures against Russia might possibly be taken later. French opinion questioned the effectiveness of such action, however.

Third—That the allies would continue sending munitions and asked officers to Poland.

Fourth—That the allies would continue sending munitions and asked officers to Poland.

LONDON, (AP)—"I am still hopeful of peace," were the opening words of Premier Lloyd George's announcement in the house of commons today with reference to the Russian Polish crisis.

The house was crowded and the tension was high in anticipation of the premier's "peace or war" statement. As he entered he was warmly cheered.

Mr. Lloyd George declared the Polish attack was not justified in the opinion of the British government, and that the soviet government, in any conditions, was entitled to take into account the facts of the attacks made by the Poles upon Russia and that those attacks were devoted to the warnings of the allies to Poland.

The soviet, he declared, was entitled to demand such guarantees as would be exacted by any power against a repetition of attacks of that kind.

What was challenged, he said, was that "nothing justifies retaliation, reprisal or punishment which goes to the extent of wiping out national existence."

Polish Repatriation a Feat. "Apart altogether from the moral right of any power to demand the extinction of another nation as punishment for the aggression of its government," Premier Lloyd George said, "Europe has to consider the independence of Poland and its existence as an independent nation is an essential part of the structure of European peace. Repatriation of Poland would not merely be a crime; it would be a peril, and we have to consider both these contingencies as a basis for our policy."

The premier declared that the sole purpose of the allied policy was to secure peace on a basis of independence for ethnographical Poland. He said the Elythe conference agreed that the allies should urge Poland to continue negotiations as a condition of making peace as long as such recommendation has been forwarded to the soviet government. The premier said he pointed out that the allies suggested to the soviet that they declare a truce Monday at midnight but this was not accepted in view of the Minsk meeting set for Wednesday. He declared there had been great and serious delays in coming to a discussion of an armistice. He could not imagine, the premier said, why, if there had been a real desire to have an armistice and negotiate a peace, the soviet government would not have fixed a date at the latest a week or ten days ago for the purpose.

Analysis Situation. "We are not going to have a quarrel or propose to engage in this in a dispute whether it means much or little upon the difference between Monday or Wednesday, and there the allies are agreed."

Minak we do not propose to interpose to upset any arrangement which is acceptable to the Poles. It is their affair. I strongly trust it will be a peace, but supposing it did not we have got to face that."

If the Minsk conference failed to (Continued on Page Five)

BOLT KILLS MINISTERS IN TENT CONGREGATION

Admission of Evangelist is Followed by Lightning Bearing Death to Two and Burning Speaker

LA PORTE, Ind., (AP)—If a bolt of lightning should strike this tent tonight how many would be ready for it? The Rev. John Timber, evangelist, of Jackson, Mich., asked a congregation of Free Methodists crowding a tent at Springfield, six miles north of here, last night. Outside a storm was threatening.

A few moments later a bolt of lightning entered the canvas top, killed two ministers on the platform, severely burned the Rev. Mr. Timber, and knocked down many of the worshippers. The dead are the Rev. Henry Leis of Belvidere, Ill., and the Rev. L. S. Huston, field agent of the Evansville seminary, Evansville, Wis.

CALLES PROMISES EASY VICTORY OVER REBELS

Mexican Minister of War Outlines Campaign to Crush Insurrection in Lower California Lead by Cantu

DENIES DANGER EXISTS TO AMERICAN PROPERTY

MEXICO CITY, (AP)—Government forces can easily crush the insurrection in Lower California, which is being led by governor Esteban Cantu. General P. Elias Calles, minister of war, declared last night. He said the first government expedition would be sufficient to occupy the attention of Cantu's entire force along the Colorado river, and that the government would send a similar force by the way of Escondido to strike at the rear of the Cantu position.

"Our army," he declared, "can deal in Lower California for a month or more, during which time Calles will continue paying his troops in American dollars, according to his promise. I do not think he intends to waste money on an undertaking he knows to be futile. There is no danger of Cantu injuring the irrigation works in the Imperial valley, for that would antagonize Americans and he wants to keep the United States as a refuge for himself and family."

General Garcia asserted Dr. Altendorf had served the Austrian German and Mexican governments, and had charged General P. Elias Calles, minister of war, of being a pro-German.

REBELLION MASKS PLOT FOR REVOLUTION IN MEXICO

LOS ANGELES, Cal., (AP)—The rebellion of Esteban Cantu, governor of the northern district of Lower California, is being used as the official cover for a revolution throughout Mexico today was charged by Eduardo Ruiz, agent in Los Angeles of the Mexican provisional government, and former governor of the Mexican state of Colima.

ALLEGED AGENT OF U. S. IS PRISONER IN MEXICO

Charge of Writing False Articles on Conditions Placed Against Altendorf

MEXICO CITY, (AP)—Dr. Paul Bernardo Altendorf, a writer on international affairs, who has described himself here as an agent of the United States, has been arrested on charges of writing false articles on Mexican conditions, it was announced last night by General Eduardo C. Garcia, chief of staff of the war department. He is being held in the military prison here and will be arraigned Wednesday as a "pernicious foreigner."

General Garcia asserted Dr. Altendorf had served the Austrian German and Mexican governments, and had charged General P. Elias Calles, minister of war, of being a pro-German.

BARTER TAKES CREDITS PLACE FOR AUSTRIANS

Nation Reverts to First Principles in Trade, Exchanging Goods for Goods and Spurning Currency

VIENNA, (P)—Only Americans of a generation ago who traded farm products at the cross-roads store for everything from shoes to sugar can realize the extent of barter in Austria today. With the country reeling with the "pennants" stockings and bank accounts flat with currency and legislation impending for a compulsory law on fortunes, the paper crown virtually is spurned by those who produce the necessities of life.

For eggs or butter, cheese or white flour, fat geese and ducks, pork products and the things that the Austrian city dweller must do without, the peasant wants something more valuable than the paper constantly turned over by the Austro-Hungarian bank. Prodigious offers of crochets flat where a linen shirt, silk stockings (even much darned), rugs, musical instruments, shoes and such things bring results. The story of how the bourgeois and poor nobility of Vienna have parted with the wardrobes and furniture, their pianos and carpets, for food has been often told. Now every one is getting ready to fit in the principle of barter. Visiting a fellow officer in his little country place the correspondent saw it work. The officer could not buy 500 crowns a pair for gloves for a wife and three daughters. But he had three buck hides from animals he had shot this season. He exchanged them for two dressed hides. The village grocer made them into gloves, taking in payment color, mutton and some veal from the little farm.

Then came the problem of stockings, almost unobtainable in Austria. There were 11 sheep grazing on the place. Sheared they yielded enough wool to exchange for yarn sufficient to knit the family hosiery for the coming winter. The apple crop of this tiny estate has been mortgaged for grain to a neighbor who has no fruit and the mill will take his pail in toll. The host who entertained in the village now has his home filled with American and English periodicals, once trod the quarter deck of his own cruiser. A uniform stripped of ornaments and recut in civilian style, is his best suit.

WAGER RIDE AND DRINK

Push Cart and Mexican Beverage Figure in Arizona Election Bet

NOGALES, Ariz., (P)—What is said to be the first race election bet in Arizona on the Harding-Cox contest made here by two residents of Patagonia, a mountain mining camp about 28 miles from here. Dr. H. J. Chenevix and Kent Taylor have wagered a trip in a peanut car from Patagonia to Nogales, Sonora, on the election. If Senator Harding is elected, Taylor will push the druggist from Patagonia over the dry mountain road in the cart and buy him a drink in Mexico which could not be legally purchased in the U. S. If Cox wins, the hotel man will get the same treatment from the druggist.

TO PRESERVE FLAMINGO

Bahama Islands Government Acts to Save Bird of Beauty and Mystery

WASHINGTON, (P)—The flamingo, characterized as the "Bird of Beauty and Mystery," will be saved from extinction by an order of council issued by the government of the Bahama Islands, the National Geographic society announces. Complete protection is given the birds which nest in the marshes of the islands.

The action of the island government followed an expedition which trailed the flamingo into the marshes and there took motion pictures of its habitat. It was estimated that since 1901 the number of the birds on the islands had been reduced from 20,000 to about 7000 by the depredations of sponge fishermen who killed them for food.

DEATH CLAIMS RECORDED OF SONS OF ABOIGINES

SAN FRANCISCO, Cal., (P)—Carlos Troyer, who recorded hundreds of songs of the Indians of Peru and of the Zuni tribes of New Mexico and Arizona, died here recently at the age of 84. He was noted as a musician, composer, writer, explorer and humanitarian. His friends said he had included Brazil, Jenny Lind, Dom Pedro of Lissitz and Colonel Theodore Roosevelt.

LABOR SHORTAGE RETARDS RAILWAY MAINTENANCE WORK

MISSEOLA, Mont., (P)—Maintenance work on the Rocky mountain division of the Northern Pacific railroad is being retarded considerably by a shortage of section hands, according to officials of the road, who say that the shortage is greater than ever before. The gangs in this division are declared to be 400 men short of their usual strength.

HIGH OPERATION COSTS PUT END TO CAR SERVICE

German Public Takes to Walking when Fares are Raised to Meet Expenses

BERLIN, (P)—Owing to the enormous increase in the cost of operation, street car service in many of the smaller German cities has been discontinued. Jona Wuerzburg, Prohler and Heiler are among the towns trying now to get along without trams. Attempts were made to keep the lines going by radical increases in fares, but the public, unable to pay the price, took to walking.

Berlin and other large cities, where street car traffic has fallen off alarmingly because of increased fares, are facing the problem of reorganizing the service, retaining only those which are absolutely necessary for the accommodation of persons having to travel long distances. Vagous and carts brought out to give a lift to pedestrians during the recent strikes of street car employes have indicated which routes through Berlin are vital for transportation.

CARRIER PIGEON GIVEN PLACE ON NEWS SERVICE

Nogales Newspaper Uses Birds for Communication with Regions Not Otherwise Accessible

NOGALES, Ariz., (P)—An evening newspaper has just established carrier pigeon news service in conjunction with its news department. Thirty-six blooded pigeons are housed in a roomy cot obtained through the local army post and located atop the newspaper building.

The service is intended for use by officers of the law and news men who: they go into the mountainous districts in Arizona or Mexico where no telephone or telegraph is available. Arrangements have been made with the Santa Cruz county sheriff's office to carry one or more of the birds when on a man hunt in the mountains. Private individuals will also use the birds when desiring to send back messages from inaccessible points of their travels. Five of the pigeons were taken to Patagonia today for a test flight. They were back in their cot on the newspaper plant within 15 minutes of release. Patagonia is a mining camp in the mountains. By road it is 28 miles from Nogales. By airplane, aviators have measured the distance as 15 miles.

This is said to be the first instance in the United States of a like news service being installed by a publisher in a city of this size.

JAPAN CONSIDERS AMERICA

Modifies Basis of International Diplomacy Under New Influence

HONOLULU, T. H., (P)—Anglo-Japanese relations, as the basis of Japan's international diplomacy, are being reworked with the rising consciousness of opinion among the Japanese that Japan must consider the United States in adjusting matters relating to world questions, according to C. Yada, new general consul for Japan in the Hawaiian Islands. Mr. Yada formerly held similar posts in New York, and Ottawa, Canada.

American-Japanese friendship is vital to the well being of Japan and its people," Consul General Yada declared at a reception given in his honor by his countrymen. The consul general adds that while his acts, in executing his duty in Hawaii might not always meet with the approval of Japanese in the islands, he relied on their cooperation and support.

NEED PARASITES TO KILL WEEVIL

Entomologist Tells what is Required to Rid Alfalfa of Destructive Pest

Ralph H. Smith, entomologist of the University of Idaho, led yesterday for Vernoy, British Columbia where he will attend a conference of western entomologists on August 18-20. At this conference Mr. Smith will lead in the discussion of a plan for the importation of parasites and natural enemies of the alfalfa weevil from Europe and colonizing them in Idaho and neighboring

states which are infested with the weevil. The alfalfa weevil, like the alfalfa plant itself, is a native of Europe, having been observed in different parts of that country more than one and one-half centuries ago. In Europe the weevil seldom does serious damage to the alfalfa crop because it is held in check by its natural enemies.

Concerning the matter of natural control Mr. Smith says: "Most people do not know that there are nearly 400,000 different kinds of insects in the world, each kind having been described and given a name which distinguishes it from all of the other kinds. Probably one-eighth of these live wholly or in part by feeding on other kinds. There is no insect pest known which in its native country and under natural conditions is not controlled by other insects which prey upon it. Bad outbreaks break out in certain years but these are usually followed by years in which little injury is done. If it were not for

these natural enemies of insect pests, every vestige of plant growth on the face of the earth would be destroyed within a period of a few years. This is not an extraordinary statement, but merely a fact of common knowledge to one who makes a study of insects." The alfalfa weevil seems to have been accidentally brought from Europe into Utah a few years previous to 1904. It may have been that one weevil got wrapped up in the luggage of some person in Germany or Italy or some other part of Europe, who was coming to America, and when this luggage was unpacked some place near Salt Lake City the weevil crawled out, found an alfalfa field and began laying eggs. In 1904 it was discovered in a small alfalfa field near Salt Lake City. By the year 1916 it had spread all over northern Utah, northwestern Colorado and Franklin, Ovid and Bear Lake counties of Idaho. At present it is known to occur in practically every

county in southern Idaho excepting Twin Falls and Gooding and two or three others in which very little alfalfa is produced. "The whole trouble lies in the fact that the alfalfa weevil was brought over here without natural enemies to hold it in check," says Mr. Smith, and unless these natural enemies of the weevil are artificially introduced and started in Idaho and neighboring states fighting the insect by spraying, brush dragging and similar methods will have to be carried on generation after generation through the years to come, and in the end we shall be no better off than now excepting for improvements which we may discover in present methods of control. To carry on the fight in this manner will cost the state nothing less than one million dollars a year."

You can make your buying problems "come out right" if you study the ads.

OHIO VOTING TO PICK CANDIDATES ON TWO TICKETS

Principal Primary Election Contest in Republican Ranks for Gubernatorial and Senatorial Nominations

COLUMBUS, O. (AP)—Ohio today votes to select candidates to complete the tickets headed by Governor Cox and Senator Harding.

Both the republican and democratic parties are holding their primary elections to select candidates for governor, United States senator, members of congress, chief justice and three associate justices of the state supreme court and county offices.

The principal battle has been in the republican ranks for the gubernatorial and senatorial nominations. For the former there are four candidates; former Mayor Harry L. Davis of Cleveland, former Congressman Ralph D. Cole of Findlay, Congressman Rescoe C. McCullough of Canton and David Wesley Wood of Sandusky.

Five Seek Toga.

For United States senator there are five candidates. The most prominent are former Governor Frank B. Willis; Walter F. Brown of Toledo, former progressive party leader and Supreme Court Justice R. M. Wamman; State Auditor A. V. Donahy of New Philadelphia, is unopposed for the democratic nomination for governor, but for the democratic nomination for senator there are two candidates, W. A. Julian of Cincinnati and Judge A. F. O'Neil of Akron.

All of the present republican congressmen, except McCullough of Canton, are seeking re-nomination. Only two have opposition. They are J. G. Cooper of Youngstown and Henry I. Emerson of Cleveland. Emerson is opposed by former United States Senator Theodore E. Burton. Two democratic congressmen are not seeking re-nomination. They are Warren Gray of Hamilton, and Clement L. Brumbaugh of Columbus.

Negro In Race.

Much interest centers in the republican contest for secretary of state where Harvey Gray of Cleveland is opposed by Harry Gay Smith, a negro publisher of Cleveland, and former Secretary Charles Q. Hildebrand of Wilmington.

The wet and dry issue has not been discussed in the present campaign though certain conditions are either more or less supported or opposed by the dry or licensed elements. Republican and democratic candidates have accepted their national platform declarations on the league of nations.

The Anti-Saloon league is supporting former Governor Willis for the republican nomination for United States senator and Ralph D. Cole for governor.

PLAN PAGEANTS IN TOKIO

Colorful Spectacles to be Feature of Sunday School Convention

TOKIO, (AP)—Plans for five large pageants to be given in Tokio during the world's Sunday school convention in October are now being worked out. The first of the pageants will be the "City Beautiful" staged under the direction of Miss Olive Hodges and Miss Hazel Verry of the Yokohama Y. W. C. A. children of the Sunday schools of Yokohama will make up the cast for the number in which about \$1000 worth of contending will be used. These costumes will be brought to Japan by Prof. Augustine Smith of Boston university who will be in general charge of the pageants.

Mrs. John M. Hager of Tokio will be in charge of the second pageant, "The Rights of the Child."

"The Torch Bearers," the third pageant, will be a symbolical representation of the modern religious educational movement. It will be rich in electric lighting effects.

Other pageants will be "The Sunday School from Bethlehem to Tokio" and "The Court of Christianity."

AMERICAN AND EUROPEAN CHILDREN TO HAVE OWN SCHOOL

MANILA. (AP)—A school for American and European children has just been opened with an enrollment of 30. Bishop G. F. Mosher of the Episcopal church placed the Cathedral school dormitory at the disposal of the trustees of the school. American and European teachers are in charge of the school.

JAPANESE RAILROADS SUPPLANT STEAM WITH ELECTRICITY

TOKIO, (AP)—Electricity as a motive force on Japanese railroads will gradually supplant steam power, it is announced by officials. A controlling reason is that the coal supply of Japan is limited while there is a great deal of hydro-electric power available that is now not utilized.

FINNS WOULD SETTLE ANTIPOD

SYDNEY, Australia. (AP)—The Finnish Consulate-Chief of Honor, with headquarters here, lately conferred with the prime minister, W. M. Chamberlain's Cough and Diarrhoea Remedy

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine operations of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.—adv.

GIVES FIGURES ON COST OF WORLD WAR TO FRANCE

Senator's Report on Budget Shows Expenditures Two Hundred Billion

PARIS, (AP)—France spent just about \$20,000,000,000 francs in the war and now owes \$33,720,000,000 of which \$8,290,000,000 is foreign according to official figures quoted by Senator Dourmer in his report on the 1920 budget. He says she was obliged to pay her foreign debt at the present rate of exchange it would amount to 67,000,000,000 francs.

The actual figures of the public debt are:

Interior loans (including 30 billions), 121,596,102,000 francs; foreign loans, 24,595,102,000 francs; advanced by Bank of France, 29,020,000,000 francs; floating debt, 61,464,251,500 francs; total 233,720,404,500 francs.

Against this total are amounts due France from allied countries for advances during the war aggregating 3,880,000,000 francs, leaving the net balance against her 230,000,000,000 in round figures.

The way expenditures grew during the war and the ratio in which they have decreased since 1918 are shown by the following figures (in 100 months):

1918, 6,538,844,000 francs; 1919, 6,044,830,225 francs; 1918, 32,945,145,169 francs; 1917, 41,679,509,629; 1918, 54,537,105,000; 1919, 49,629,309,951;

1920 (seven months), 25,715,306,205.

Dourmer calculates that on a peace basis allowing for natural progression the expenditures would have averaged about 5,500,000,000 yearly.

Brief Bits of Sport

The poor Bees of Salt Lake certainly appear disrupted.

Two games only were all the Oaks took from Eric Johnson's near-championship Sunday.

Besides losing Krug by deflection, and Maggett on serious charges, the Bees have lost Eddie Mulligan, third baseman, and have to use old Frank Hoop at second base, while Rookie Heine Sand is looking after third.

Jerome on Sunday walloped the Buhl team, S. A. Anderson and Hall being the opposing twirlers.

Romeo Hagan, hunched middleweight of the Pacific coast, has burst forth again. He is in Poulet and wants a match with Ed Shepherd, erstwhile middleweight champion of Utah.

Dickie Kerr pitched a swell piece of knuck against Boston Sunday, getting a 2-0 decision over Herb Penneck.

Besides doing a rare job of flogging Wee Dick slammed a hit in the fourth that carried him so far around he was able to count on Ed Collins' one-base bang.

The Robins are having a hard time of it staying up there. But perhaps they can make it since they manage to win about as often as the Reds do.

Sim' Smiley, agebrush ago says: "Effen a mile is cross an' 'treful he's not well, accordin' to mother, but effen d'ay 'boutney it air just his mean disposition."

William Harrison Dempsey's communicative manager, Jack Kearns, believes one punch will be about all needed in the bout at Benton Harbor on Labor day.

Of course Kearns expects the champion to land the decisive blow.

THIRTY MILLION ADDED TO WAGES OF EXPRESSMEN

Railway Labor Board Hands Down Decision Increasing Pay of Men; Company to Raise the Rates

CHICAGO, (P)—The railway labor board today handed down a decision increasing wages of employees of the American Railway Express company \$30,000,000 yearly.

Eighty thousand men not provided for with the recent \$600,000,000 railway wage award are affected.

Award Is Retrospective. The award is retrospective to May 1, 1920. The wage increase, amounting to 16 cents an hour will give messengers and other train service employees an increase of \$38.40 a month. All other employees will receive an increase of \$22.64.

Train service employees work on a 240-hour month basis while all other employees work on a 204-hour basis.

Company to Raise Rates. Under the terms of the Eick-Cummings transportation act the express company will be permitted to raise its rates sufficiently to meet the increased labor cost. Arguments in the rate case usually have been presented before the interstate commerce commission at Washington.

It was announced that a decision covering new working rules would be handed down later.

Excepts 2500 Shoppers. The express decision applies to all express employees with the exception of 2500 shoppers who were given a 13-cent an hour increase in the railway award last month. The 10 cents an hour award is slightly more than the average increase to the railroad month board finding that express employees, as a class, were not so well paid as men in other lines of railroad work.

Four Unions Affected. Four unions are affected by the board decision. They are the express Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

International Brotherhood of Teamsters, Chauffeurs, Stablemen and Helpers of America.

Railway Express Drivers, Chauffeurs and Conductors, Local No. 720 of Chicago.

Order of Railway Expressmen.

Creates Five Classes. For the purpose of the award, the board divided express employees in five classes but the increase granted was in each case the same, 10 cents an hour.

Board Given Conditions. Describing conditions in the express service, the board states in its decision:

"As in the case of the railroad employees, this long delay and succession of disappointments (referring to the unsuccessfull efforts to get an increase early last spring), coupled with the pressure of a further rise in living costs, produced deep and not unreasonable dissatisfaction on the part of express employees to a greater degree than upon many of the railroad employees. As the wages paid to the express employees were generally less than those paid for analogous services throughout the railroad industry and in other industries. The express employees thus felt themselves called upon to make sacrifices, as they believed, far beyond those of other classes. For these reasons, and as a measure of justice it was decided that this decision, when made, would be effective as of May 1, 1920, and that the increases herein specified should be slightly in excess of those decided upon for railroad employees performing similar service."

Union Men Non-committal. Presidents of the express unions who were present when the award was handed down were non-committal on the subject of its acceptability but the general impression was that the labor board had been more generous than either the unions or the express company had anticipated. The award provided a mandated increase of \$31 per month, while the other two asked an increase of \$35 monthly.

The Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees will hold a grand local meeting tonight to pass on the award. About 60,000 of the 80,000 express employees are said to be members.

RATES INCREASE TO MEET WAGE BOOST TO BE ASKED. WASHINGTON, (P)—Recommendations that express wages be increased \$30,000,000 to absorb the wage award announced today by the railroad labor board will be filed with the interstate commerce commission soon, it was announced today by T. B. Harrison, general counsel for the American Railway Express company.

The express company already has before the commission an application for rate increases approximating \$72,000,000 to meet increased costs aside from advanced wages and should all of its recommendations be adopted by the commission express charges would be increased so as to produce a total of more than \$100,000,000 added revenue annually.

SCANT WELCOME GIVEN MANNIX

Only Few Reporters and Priests on Hand to Meet Archbishop in London

LONDON, (P)—Archbishop Daniel Mannix, Australia, who was landed yesterday at Penzance by a British dog stroyer which took him from the Baltic off the Irish coast, arrived here at 6 a. m. today. There were only a few reporters and a handful of priests present to greet the archbishop, but a heavy police guard was maintained about the station. There were no untoward incidents.

A less impressive welcome for Archbishop Mannix could hardly have been staged than that which greeted him at Paddington station. Only the late editions of the last evening's newspapers published the fact that he was coming to London and only a few persons knew that he was to arrive at an early hour today.

The police and other arrangements to care for a much larger crowd than that formed by a few priests, representatives of the Irish self-determination league and reporters.

The archbishop's train was flanked on either side by other trains and both ends of the platform were guarded by police and detectives.

Even the priests were not allowed to greet the archbishop until he had passed into station. Here the police had some difficulty in handling even the small crowd, as nearly everyone insisted on kneeling before the archbishop and kissing his hand.

Efforts of those who took Archbishop Mannix from the station to evade the police failed to lead strength to statements of Irishmen that the Australian prelate will attempt to go to Ireland notwithstanding the government's determination that he shall not. He was first led to the subway platform, and then suddenly hurried to an automobile, and driven to the home of a priest in the suburbs.

Archbishop Mannix declined to say whether he had any plans for the immediate future.

GOLFERS ENTER IN RECORD LOT FOR BIG MATCH

Largest Number of Links Expects Doing 19 Holes on Toledo Course

TOLEDO, (P)—The largest number of golfers ever to take part in a championship today played 18 holes on the links of the Inverness club in the first half of the qualifying rounds of a national open championship. But out of the 246 contestants interest centered in the few of the better-known players, especially in the British contenders, Harry Vardon and Edward Ray.

Much attention was paid to the play of the amateurs among whom were Chick Evans, former champion, and Bobby Jones of Atlanta, southern champion. Evans played with George Sargent of Columbus, also a former champion. Walter Hagen, of Detroit, defending title, played the round with T. D. Armour, a Scotch amateur, and James Barnes, former western open champion, started with John Bowling.

ARKANSAS DEMOCRATIC VOTERS ARE SELECTING CANDIDATES. LITTLE ROCK, Ark., (P)—Democratic voters in the Arkansas primary today balloted on candidates for nomination for senator, governor, congress and state officers. The principal struggle in the selection of party standard bearers centered in the senatorial contest with Congressman T. H. Caraway, opposing Senator William F. Kirby, candidate for re-nomination.

DADDY'S EVENING FAIRY TALE

By Mary Graham Donner

IN THE STORE. Through the clothes and the toys in the store had had such a dreadful time being something else they felt perhaps later on that it had been because they hadn't gone in and played as they should have done. So they asked the Washing Fairy to give them another chance and let them play at something else.

The gingham dress smiled in its gingham way, the party dress smiled in its lacy fashion and the doll's house smiled cozily and in such a friendly way as only a doll's house can.

"We thought we'd like to be ourselves forever, and never to occupy anyone else's shoes," said the party dress. "Which, of course, means that we didn't think we'd like to be someone else, but let us try once more, dear Washing Fairy."

"We thought we made ourselves mad at times and we decided we were best being ourselves. But we feel like being each other tonight and in trying our luck again."

So the Washing Fairy changed them all and at once the party dress found herself in some sort of a garden, wearing a gingham dress and everyone was playing. Oh, yes, there were all sorts of wild games going on, games where children threw balls! The party dress which was now a gingham dress was very unhappy, because it felt so out of place.

"A little girl wearing a play dress, came up to her, carrying an extra ball with a shovel. 'There is some nice sand nearby, Miss Stranger, would you like to come and make castles with me?'"

"No, thank you," said the party dress, now a gingham dress. "I was not born to get all dirty, even though I may be wearing this plain dress now. I'm a party dress. I come from noble ancestors such as the Ribbons and Muslins and Silks and Fancies of different sort."

"Oh," said the little girl. "I didn't know you were such a horrid snob. Good-by. I'll tell the others to let you stay by yourself!"

"Oh, dear!" the party dress sighed. "I am so unhappy. I wish I hadn't asked to be this!"

The dishes which had asked the Washing Fairy to let them hold food for them were tired of having been empty, now they were dreadfully worried that they wouldn't be fresh in the morning when folks would come and praise her them.

"It's all right," said the coffee pot, now filled with coffee, "when we're bought there are folks who'll keep us clean. But I've never seen anyone around the store washing dishes in the condition I'm in!"

"And I don't see," said the salad plate, "why I asked to be filled with water. I can't eat up what is upon myself. For I've no hands and no mouth."

"I can't eat."

and no stomach. Oh, I'm very sad. If only I could wash I would wash with my tears the salad away."

So yet again they asked to be themselves once more.

And again they were all as they had been, and oh, how happy it was to be oneself again.

"I have to do double work always," said the Washing Fairy, "for I always have to come back and wash my mind and give people a second wish and make them what they were at first."

"They always want to be what they were. My cousins, the other Washing Fairies, who are only asked to grant wishes—well, any sort of wishes except creatures that aren't so busy as I am. I always have to do my work again."

"You all want to be what you were. That's because it's all right and it's very fine to try to be the best gingham dress in the world. If you are a gingham dress and the finest kind of a party dress, if you are a party dress, and a beautiful gold fish, if you're a gold fish, but when you begin to wish you were in some other place and in some other person's shoes, so to speak, it's different."

"For it's all, all, all right. Just for a night."

"To be some other thing, Eh, no! There's the truth in my rhyme! With happiness no one would we sing, it's not to be you and you had to be me. Just think, how uncomfortable we would be!"

The Washing Fairy and the first fairy soon put everything to rights and the toys and the dresses all got back into their places before the time came for the store to open in the morning.

DOCTOR TOLD HIM TO TAKE IT

A. F. Roberts, Successful Cattle Dealer, Gains 16 Pounds by Taking Tanlac

"One of the best physicians in Colorado advised me to take Tanlac, and it has not only overcome my troubles, but I have gained sixteen pounds since I began taking it sixty days ago," said A. F. Roberts, of Rocky Ford, Alberta, Canada. Mr. Roberts is one of the largest cattle dealers in his section of the country and before moving to Canada a short time ago he had spent most of his life in Colorado.

"I now understand why Tanlac rejoys such wide popularity," said A. F. Roberts, "and it deserves all the praise given it."

"For two years I had suffered greatly from stomach trouble which became so bad I could hardly retain anything at all. I was too nervous to get a good night's rest, was badly constipated and was troubled a lot by indigestion. Finally I became so weak and run down that I could hardly get about."

"My physician certainly knew what he was doing when he prescribed Tanlac for me, for it has done its work wonderfully and I am now as healthy and strong as I ever was in my life. I haven't a trace of stomach trouble, nervousness or constipation left and simply feel fine all the time. Tanlac certainly deserves the strongest recommendation I can give it."

Tanlac is sold in Twin Falls by City Pharmacy, in Hansen by B. J. Bellwood and by the leading druggists of every city and—

Today's Markets

New York Stock Market. NEW YORK, (P)—Substantial advances on varying domestic developments were reduced later when liquidation and bear pressure against special issues was resumed. Sales approximated 525,000 shares.

Early dealings in stocks today showed a degree of hesitancy and caution arising from recent developments. The liquidation of special stocks was offset by a swift uprush in others, notably Crucible and Mexican Petroleum, which advanced four points. Sufficient buying power developed to carry many of the representative shares to higher levels, with the gain reaching 1 to 1 1/2 in Baldwin, Pan-American, Chandler Motors, Central Leather and retail stores. National Aniline broke 5 3/4, Maxwell Motors 2, and Southern Pacific, Goodrich and Lackawanna Steel 1 point.

Speculation was quiet and fluctuating narrow with the trend mostly upward in the final hour. The closing was steady.

Liberty Bonds. NEW YORK, (P)—Liberty bonds closed prices today were: 3 1/2's \$90.78; first 4's \$85.10; second 4's \$84.42; first 4 1/4's \$85.20; second 4 1/4's \$84.60; third 4 1/4's \$86.50; fourth 4 1/4's \$85.90; Victory 3 3/4's \$85.65; Victory 3 1/4's \$95.84.

Grains and Provisions. CHICAGO, (P)—Wheat advanced sharply today after a hesitating start. The action of the market appeared to be based to a considerable extent on opinions that the government crop report was bullish on wheat, although bearish on corn and oats. Besides, uncertainties continued as to possible extension of the war season. Opening quotations, which varied from unchanged figures to 1 1/4 lower, with December \$2.20 to 2.30 and March \$2.35 was followed by a decided upturn all around.

Higher prices for Argentine wheat, together with extensive buying for a large elevator interest here led to a further upturn in values. The close was strong, 3 1/4 to 3 1/2 higher, with December \$2.37 to \$2.38 and March \$2.41 1/2.

Liberal offerings weakened the corn market at the outset, but they were absorbed quickly by lending commission houses, and a recovery ensued. After opening 3-8 to 2-8c lower, including September at \$1.41 1/2 to 1.43 1/2 and December at \$1.21 1/2 to 1.23 1/4, then closed in some cases to above yesterday's finish.

Subsequently strength in wheat had a noticeable bullish effect on corn. The market opened unchanged to 1 1/4 lower, September 70 1/4 to 70 3/4c and later scored slight gains.

Provisions were weak with hogs.

Rinsing Clothes in Hard Water Does Not Remove All of the Soap and Chemicals Used to "Break" Hard Water. In This Laundry the Water Is Softened by Refinite RIVAL OF THE CLOUDS Nature's Water Softener Refinite is a water softening mineral, not a chemical preparation to "break" water. Nature has provided that when hard water comes in contact with this mineral, there must occur an exchange action in which the lime and magnesium (hardness) is given up to the mineral and the mineral in turn surrenders sodium in proportionate amounts. This is all there is to Nature's way of softening water. We turn our water into a large steel tank containing the Refinite, and it comes out perfectly soft. Refinite softened water is used here for all purposes. Soap forms suds instantly and is not wasted, much less rubbing is necessary and the clothes are free from that gummy limestone curd. Have you not noticed how sweet smelling and fresh it leaves your laundered pieces? How much clearer in color and softer to the touch? We are proud of this progressive step to give you better service. Call and see our Refinite Water Softener, and have a drink of delicious Perfect Soft Water. TWIN FALLS STEAM LAUNDRY Phone 788

POLISH-RUSSIAN WAR FIGURES IN LEAGUE DEBATE

Hitchcock Denies Continuing Conflict Proper Subject for Consideration of Peace Guarantors

WINONA LAKE, Ind. (AP)—The Polish-Russian war, which is rapidly becoming one of concern to the allies of the recent great war, added to the interest in the debate on the league of nations here last night between Senator Hitchcock of Nebraska and Major Jackson Morris of Somerset, Ky.

Senator Hitchcock, who conducted President Wilson's fight in the senate for ratification of the league covenant, gave an elaborate explanation of the league and its purposes and urged that America should become a member of it. He declared it to be a great menace for world peace.

Speaks for Reservations Opposing the Nebraska senator, Major Jackson Morris former overseas soldier, spoke for the League reservations. Major Morris declared against American entering the league as it now stands, but expressed himself in favor of a league. He is willing to accept the covenant as brought back from Versailles only with strong reservations which make America's position plain and fully protect every American right. He argued that article 10 would commit America to every European fuss and declared strongly against acceptance of the league as it now stands unless it included the League reservation.

Senator Hitchcock in defense of article 10 said that the league covenant takes away no right now held by America. He made a detailed explanation of the pro-league view of article 10 and the league in general.

Referring to the acute Polish situation, Major Morris declared that America adopted the covenant as it was brought back from Europe this nation might soon be called upon by the league to mobilize troops and to go to Poland to preserve its political independence and integral territory; he said that under the League reservations America itself would decide such a question rather than be morally bound to such a proposition.

WILSON WANTS REVISION OF MINERS' WAGE SCALE

Calls on Joint Committee to Meet in Cleveland to Consider Inequalities in the Award

WASHINGTON, (AP)—President Wilson today requested the joint scale committee of bituminous miners and operators to meet at Cleveland, August 13 to consider any inequalities in the award of the bituminous coal commission.

The request for the meeting was sent jointly to Thomas T. Brewster, of the operators and John L. Lewis, president of the United Mine Workers of America.

In his message the president said: "I have been informed that in compliance with my request the striking miners have now resumed work, an action on their part which I desire to commend. In conformity, therefore, with the promise contained in my statement, I hereby request the members of the joint scale committee of operators and miners of the central competitive coal fields in Cleveland, Ohio, on Friday morning for the purpose of considering any inequalities that may have occurred in the award of the bituminous coal commission and the joint agreement growing out of the same and adjusting any and all such inequalities as the joint scale committee may mutually agree should be adjusted."

STRONG FINANCIAL GROUP BACKS AUTO MAKERS

New York Banks to Advance Several Millions to Maxwell Motor Company

NEW YORK, (AP)—Several million dollars soon will be advanced to the Maxwell Motor company by New York banks, it was learned today, when it was announced that a committee had been appointed to take over management of the concern. The exact amount of the advance will be determined this week, it is expected.

Walter P. Chrysler, general manager for the various motor enterprises of John N. Willys, heads the management committee selected for the Detroit concern. With him will serve J. R. Harbeck, vice president of the American Gas company and closely associated with the Willys in car ventures.

Other members are George W. Davidson, president of the Central Union Trust company of this city; E. B. Tinsley, president of the National Bank of Chicago; Leo Butzell, of the First Old Detroit National bank, and James H. Ingersoll, representing interests which in the past have advanced large sums to the Maxwell company.

D. P. Everett, of Detroit, representing other creditors of the company, and Hugh Chalmers, president of the Chalmers Motor company, which is under lease to the Maxwell concern, also are on the committee.

A statement was issued asserting that "rumor of the Maxwell concern, which is at rest by announcement of a strong group which has taken hold of the company's affairs."

It was announced that because of the unusual financial conditions which now prevail the time had been extended indefinitely for declaring operative the plan for the merger of the Maxwell and Chalmers concerns.

The announcement said that assurances are given that with the joining of strong financial interests and a settlement of negotiations between the Maxwell and Chalmers concerns, there will be a speedy return to normal operating conditions.

Negotiations looking towards financial advances to the Maxwell company have been under way here and in Detroit for three weeks.

The exact amount of the loan to the Maxwell company had not been determined in this afternoon, it was stated at the Chase National bank. It was expected, however, to total in the neighborhood of \$3,000,000. A conference of bankers will occur within a short time to arrange details of the loan.

SUFFRAGE RATIFICATION IS UP TO TENNESSEANS

Resolution Introduced in Both Houses is Tabled for One Day

NASHVILLE, Tenn., (AP)—A joint resolution providing for ratification of the federal women's suffrage amendment, was introduced today in both houses of the Tennessee legislature.

The resolution went on the table until tomorrow, when it will be brought up for discussion.

A telegram from Governor Cox urging ratification was received today by Sen. C. Williams of Memphis, vice chairman of the democratic national committee.

Two legislators favorable to suffrage, whose health was such that they were unable to come to Nashville alone, arrived last night.

"If I live, I'm going to be up there to vote for that amendment," said Representative R. L. Dowlen, democrat, as he rose from the car and carried to his room.

RUSSIAN ENVOY GIVES TERMS

(Continued From Page One)

Fifth—No troops or war material shall be allowed to cross the border.

Sixth—The line of Wolkowisk, Bialystok and Przewoz shall be placed fully at the disposal of Russia for commercial transit to and from the Baltic.

Seventh—Families of all Polish citizens killed, wounded or incapacitated in the war shall be given land free.

On the other hand, the terms for Russia are:

First—When Poland demobilizes the Russian and Ukrainian troops shall withdraw from the Polish front.

Second—On termination of these operations the number of Russian troops on the Russian frontier line shall be reduced.

Third—The armistice line shall be the status quo, but not further east than the line indicated in the July 20 note of Earl Curzon, British foreign secretary. The Polish army shall withdraw to a distance of fifty versts from that line, the intervening zone being neutral.

Fourth—The line of Poland shall be in the main identical with the line indicated in Lord Curzon's note, but additional territory shall be given Poland on the east in the regions of Bialystok and Chelm.

HOPE OF PEACE IS VOIED.

cause the Poles refused to accept terms which the soviet was entitled to exact, having regard to the way in which the conflict started and to the Polish military condition, then the allies could not support Poland, the premier declared. However, if the Bolsheviks insisted upon terms threatening the independence of Poland, then a difficult situation would arise.

No Troops to Be Sent.

The premier said no action would be taken except to support the struggle for Poland's existence and independence. No allied troops would be sent to Poland, he declared. It would not be necessary, he said, if the sources were thoroughly organized and well directed.

The next action, continued the premier, would be to put economic pressure upon soviet Russia, either by naval action or international action. Substantial stories, he says, were available in that quarter of the world which the allies would feel obliged to send to Poland.

Will Appeal to America.

Replying to an interjection as to whether the position of America would be Mr. Lloyd George said:

"We certainly are going to appeal to America. There is, of course, the difficulty in America that the American people have not ratified the treaty and that the treaty is the subject of conflict between the two great parties. It is not in our power to say what the American executives would take. I am only judging from the attitude of America at the peace conference. She was a strong protagonist of the League of Nations. I am sure she could have taken a more determined and zealous part in setting up Polish independence than President Wilson, and it is certain that whatever differences of opinion there may be in regard to the league of nations, there would be no difference of opinion in their general attitude toward Polish independence."

The premier declared that up to the present, Great Britain was taking no steps to assist in any attack on soviet Russia inside her own territory, since the British government's changed policy was announced.

Peace Is to Be Had.

The premier declared that if the so-called peace treaty with Russia had broken down because of the Bolshevik attitude and the allies had cut Russia off from the outside world, there would be an end to any further negotiations. "I do not expect peace," he said, "they can get it, and the London conference proposal was intended to establish peace."

Answers Labor Deputation

Replying to the contention of the labor deputation that the soviet was being attacked merely because it was a revolutionary government, the premier pointed out that the first three governments following the downfall of the imperial regime had been recognized and that the allies had only broken with Moscow because violated the allied bond by making a separate peace.

MILLERAND SAYS NOTHING UNTIL LLOYD-GEORGE TALKS

Poles Repair Second Railway from Danzig

LONDON, (AP)—In view of the soviet threat to cut the direct railway from Warsaw to Danzig the Poles have repaired the line between the two cities which runs by the way of Thorn, Bromberg and Dirschau, says the London Times. This road is twice the length of the other, but is outside the area of military operations.

Bolsheviks Continue Drive from Ostrolenka

JOHANNESBURG, East Prussia, (AP)—A little less than two days was fought before the Russian Bolsheviks were able to overcome Polish resistance before Ostrolenka, according to a Polish cable that the soviet troops captured 36 cannon in that city.

After the fall of Ostrolenka, the Polish forces were pursued by Bolshevik cavalry and it is reported that there has been severe fighting in the vicinity of Mlawka, which is still held by the Poles. After capturing Ciechanow, the Bolsheviks swung southward toward Pultusk, 30 miles north of Warsaw, it is said.

Revolutionary workmen's commissions have been established, with the consent of the Bolsheviks, at Kohn and Lomza, two Polish towns taken last week.

NEW WAR CLOUD OVER EUROPE
Slowly, but none the less surely, Europe is being made the stage for another game of Death.

While statesmen and officials of the victorious nations are striving for petty national advantages and haggling over trivial details of a peace already concluded, another war cloud, far grayer and blacker and more ominous than that which swept Europe in 1914, is moving toward the continent from the North.

Its greatest menace lies in failure of the big and powerful nations to recognize the danger to world peace that it presents.

While the wise men of Europe fiddle and play with fire, Poland is being plunged into martyrdom far more crushing and humiliating than that suffered by Belgium.

Overrun by a fanatical horde of conquering millions which is making the little republic a gateway to world conquest, she appeals vainly for aid while her little army fights against overwhelming odds with heroism probably unequalled in history.

Rumania plans to mobilize all her men of fighting age to repel the mass aggressor; Germany watches his presence on her border in alarm.

Only united action by the European powers which were victorious over Germany will prevent another world cataclysm. And the world may know sooner than it realizes how long these powers can postpone steps which today would check this new menace without inviting disaster.

WORK AND LIFE
A woman lecturer is going about the country organizing citizen clubs the memberships being composed of men and women who expect to live one hundred years, and then begin life again.

THE CALL TO THE LAND
The department of agriculture says the danger of a food shortage in the United States is practically over because of good crops and better facilities for distribution.

more stable and dependable agriculture. This cannot be expected until the farm is made more enticing and tilling the soil becomes more alluring financially.

Twin Falls, Idaho, July 23rd, 1920. 10 A. M. Regular July Session. The Board convened at this time pursuant to recess. Present: T. E. Moore, W. W. Parish and the Clerk. In the Matter of Registering for the Primary Election.

Comes, H. K. Seaver, and makes verbal complaint that about 30 or 40 voters, in what is commonly known as "Roseworth" are about 15 miles from the village of McCullom, Kansas, which makes it difficult, and in some instances, impossible to get registered for the Primary election, and requests the Board to make some arrangements whereby said voters may be interested. Board takes the matter under advisement.

There being no further business to come, a recess was taken until 10 A. M. July 24th.

Twin Falls, Idaho, July 24th, 1920. 10 A. M. Regular July Session. The Board convened at this time pursuant to recess. Present: T. E. Moore, W. W. Parish and the Clerk. In the Matter of the Incorporation of the Village of McCullom, Kansas.

In this matter, a petition signed by F. A. Evelyn and many other residents of Buhl, asking for the creation of McCullom Village, was presented to the Board. After due and full consideration of same, and legal advice obtained thereon, the Board made the following order:

ORDER. A Petition, having been presented by F. A. Evelyn and many other residents and taxable inhabitants of the following described territory, to-wit: Beginning at the Northeast Corner of Section One (1), Township Ten (10) South, Range Fourteen (14), East Boise Meridian.

praying that the said territory may be incorporated as a Village; and its separating from the said petition that all of the said territory is included in the County of Twin Falls, State of Idaho; and that there are more than 200 bona fide residents residing in the said territory; and that the said territory has never been incorporated under any law of the State of Idaho.

And, it further appearing from the said petition that the name desired by the said petitioners for the said proposed village shall be the Village of McCullom. And a majority of the Board being satisfied that the said petition has been signed by a majority of the taxable inhabitants of the said territory.

It is therefore ordered, that the said

MUST NOT ERECT MARKET STANDS

Council Declines to Grant Vance Permission to Erect Catering Building

No temporary marketing stands may be constructed this year and persons who carry on truck dispensing businesses will have to sell their wares from the wagon, baskets or boxes. The city council, by negative action last night, has decided.

One week ago Ed Vance, truck gardener, applied to the administration for permission to erect a temporary booth in building on the late year's public market site. At that time a certain degree of opposition to both the building and the market proposition itself developed. Action on Mr. Vance's proposal however, was deferred for one week, and was taken last night when Mr. Vance again appeared to push his demand.

Declaration by the petitioner that the market was a public benefit inspired a debate that resulted in a unanimous vote in the negative from the aldermen assembled. Prices and quality of goods offered at the market were the subject of the forensic discussion. Mr. Vance's announcement that the 1919 market had caused the retailers to reduce prices materially being the basis for controversy. In the end the mayor announced that since the members of the council would not submit a motion the request would be considered denied.

At the present time there are one or two stands over which green truck is sold on the old market site.

CHARGED WITH THEFT YOUTH ADMITS GUILT

Floyd Jakeman Tells of Entering Farm Bunkhouse and Taking Property

On his own confession Floyd Jakeman of Rigby, Idaho, is held by the juvenile officers to be tried on charges of robbery. The boy is in the county jail pending court action.

Jakeman was arrested here last night by Sheriff A. N. Sprague and Police Officer Frank Ham after complaint had been lodged by W. J. McCallum, a farmer by whom Jakeman had been employed, who charged theft. Mr. Iron explained that the boy was suspected of having entered a bunkhouse and there stolen a bed watch and small amount of money belonging to a ranch hand. When arrested Jakeman, it is said, made a complete confession to John R. Ault, probation officer.

Law Prohibits Minors Driving Autos in Town

City Administration Declines Special Permits to Children Under 16 Years

The city legislative board has declined to grant special dispensations for minors under 16 to operate automobiles on Twin Falls thoroughfares. The traffic officer has been ordered to arrest all such persons found driving cars. This action was taken at last night's session of the city council following the presentation of two petitions, both from members of the medical profession, asking that permits be accorded their youngsters, both under the age of 16, to drive automobiles on city streets.

Sentiment was so strong against the petitions that when the matter came to a vote the council acted in a negative. Assertion was made that a great many children are allowed to operate machines in Twin Falls and that many of these are inveterate speedsters.

There is at present pending in the police court an action against one of the children, for whom special permit has been asked, charged with violating the traffic law by speeding. The alleged violator is a girl whose paternal parent is alleged to have been in the court with her when the arrest was made. This case has been pending several weeks, the alleged offender having failed to respond to summonses sent out.

BRINGS YOUNG FORGER TO SERVE PRISON TERM

Juvenile Officer Returns with James Stevens who is Under Sentence

Guarding James E. Stevens, Juvenile Officer John R. Ault returned last evening from Walla Walla, Wash. The young man has just completed a term of one year in the Washington penitentiary for forgery and is wanted here to serve a term imposed for a similar offense some time ago.

Stevens was sentenced more than a year since in the district court to an indeterminate term of from one to 14 years in the state prison for issuing forged checks. He was paroled and immediately broke parole by returning to Washington. The amount of bad checks issued here is \$395. One of them was for \$270. He will probably be sent to prison without delay.

Cured of Stomach Trouble and Constipation

Rachel Cuthley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets" she says "that I procured a bottle of them at my drug store to try. After a few days treatment I realized that they were just what I needed. In continued there use for several weeks and they cured me—adv."

LABOR UNIONS MAKE ELABORATE PLANS FOR SEPT. 8 OBSERVANCE

Committee Appeals to City Administrators for License Covering Carnival Company Shows for Six Days—Concessions for Parade and Booth Operation Given but Big Show Must Cross Creek

'That elaborate plans for the observance of Labor day are being considered by the various labor bodies of Twin Falls was made known last night when a committee from the Labor and Building Trades council appeared to the administration for certain licenses, permits and concessions covering not only September 6, but also a period following that day. Some of the demands were granted.

References Submitted. The committee presented a roll of references and credentials for the Brown Amusement company, a carnival organization traveling through the west. The company desires to stage a street parade and carnival on Labor day, and on five days immediately following. They requested the use of the boulevard for the parade, but this was declined as a violation of the city law which prohibits shows of this nature operating on this side of Reek Creek. The committee displayed a plan for the parade and for holding the carnival on the west side of the creek, the location being considered too remote to warrant profit for the venture.

The committee also requested for the street parade on Labor day, and also granted permits to use space near the park for booths to be conducted by the Women's Label league, and in addition gave warrant for the use of a section of Fourth avenue east for street dancing. The matter of license fee of \$100 was debated at considerable length and concessions allowing part rebates were made by the council. The committee will have a further report to offer concerning the six days of carnival.

Get Their Money. Contractor Charles H. Mill presented a petition requesting final payment on last year's sewer work. The estimate of \$6000 was allowed, along with a similar request by J. W. Heinicke, of the Helena contracting company for \$2500. Contractors' estimates for paving done recently, and canvassed last week by members of the council were allowed and ordered paid.

The council also considered a petition from a number of residents appearing with a petition for the opening of a 20-foot alley between Eleventh avenue and Addison avenue, and Blue Lakes Highway east of town. The committee was advised the proper course to pursue, and will probably return a report at the next council meeting.

City Attorney John E. Davies submitted a statement concerning the certification of tax levies, and giving advice on procedure with respect to filing. The high school authorities and contractors were granted permission to discontinue the downtown of the high school building with the storm sewer. No protests appearing, and there being no protests filed the council took action on the matter covering covering new sidewalk and curb construction.

WOMEN WORK HARD FOR FAIR'S SUCCESS

Committee has Lined Up Exceptional Premiums for Women's Building

Next Saturday in the headquarters of the farm bureau a meeting of the committee in charge of the women's building at the county fair will gather for a general organizing meeting. The session will be called to order at 2:30 o'clock. All sub-committees will be appointed at this meeting. The general committee is composed of 30 women who have met and have been for some time past working diligently for the success of the women's department of the fair. The committee has been making a most determined effort of encouragement for its endeavors and has lined up a long list of important premiums. Sweepstakes prizes were solicited by Mrs. W. F. Alworth, who received generous response.

Two important donations were made by L. L. Breckenridge of the Twin Falls Milling and Elevator company, and L. T. Wright of the Consolidated Hager and Machine company. The former donated two barrels of Idaho flour and the latter gave a steam pressure cooker.

MORE PAVING MONEY NEEDED

City Up Against Necessity of Voting Bonds to Complete Street Intersections

Need for more money to conduct paving operations has caused the city council to adopt measures looking to the immediate calling of a bond election to relieve a situation requiring early attention. The amount to be called for is \$65,000.

Attention of the city administration was called last night to a condition of the street intersection paving fund not altogether unlooked for. In fact the council has for some time past known that the intersection fund was not sufficiently large to meet all the paving requirements, but no definite action to replace this department of the treasury was taken until it became known that the fund was exhausted.

Last night's order for the calling of a bond election followed a report made by A. J. Hill, superintendent representing the Warren Construction company who explained certain matters which brought the condition of the fund to direct attention of the aldermen. On vote it was then decided to appeal to the people for the issuance of a sufficient amount of bonds to enable the work to proceed apace.

The special election will also be used as a medium for acquiring a fund sufficient to make purchase of a motorized fire fighting apparatus. This equipment will need \$20,000, and the people will be asked to vote that amount. Explaining this latter call statement has been made that the Twin Falls fire apparatus is anything but modern and the draft machines now used to convey the machines past their time of usefulness.

SULLIVAN COMPANY FILES

Showing authorized capitalization of \$50,000 articles of incorporation have been filed for the Sullivan Construction company. The concern will have headquarters in Twin Falls and will conduct a general construction business here. The officers are: P. J. Sullivan, president; J. H. Sullivan, vice president; Leo Williams, secretary and W. L. Snodgrass, treasurer. With these four is L. R. Frank, no directorate is made up.

SINGULAR ACCIDENT

A singular accident, in which three vehicles were involved, occurred on Blue Lakes boulevard, about half mile from the city limits on Sunday. A youth on a bicycle attempted to leave the pavement to permit small coupe to pass. The coupe, owned by Fred A. Hills of Twin Falls, struck the bicycle and smashed it. In turning the Hills car was struck by another car coming from behind, owned by J. Trumblood.

No primary elections were held by democrats in Amsterdam, Maron, Rogerson and Shoshone Basin precincts.

Though Rain is Lacking Cooler Weather Comes

EVEN though rain daily withheld the weather man, out of the great goodness of his heart, sent relief from that almost incessant high temperature thing. Ninety-one was high during yesterday, with 59 low at night.

Neither will there be any rain tonight or tomorrow, if prognostications sent forth today run true to form.

"Thought and Wednesday fair, cooler in southeast portion," saith the weather maker.
