COX OPENS FIRE ON OPPOSITION OF REPUBLICANS

Democratic Nominee Calls on Party to Support League of Nations and Attacks "Senatorial Oligarchy"

WHEELING, W. Va., (AP)—Governor Cox today opened fire on his republican opposition, charging its leadership with "attempts to trickery" of the American people in opposing the league of nations, and with conducting a campaign behind a "smoke screen" to secure partisan spoils.

That "a powerful combination of interests is now attempting to buy government control," he also asserted, charging that "millions and millions" were being raised in campaign contributions.

First Vigorous Assault. The governor issued his attack in an address at the West Virginia republican convention. It was his first vigorous assault on the republicans and was to be followed tonight by another address to the general public.

Although advocate of the league of nations, which the governor declared was "the greatest movement of right, conscience in the history of the world," was the main theme of his address, he also attacked again the republican "senatorial oligarchy." The democrats he added, present a cause of "constructive, progressive economic service in peace," and promise definitely a saving of \$2,000,000 annually in government expenses.

Grave Responsibility. "A grave responsibility rests with the democratic party," said Governor Cox. "It must render good faith in behalf of the nation, of the soldiers of the war, and to our allies who helped to achieve victory. It is not a partisan affair. The campaign this year is not a contest for the triumph of a political party. It is purely a matter of concluding a duty to civilization, and doing it as quickly as prudent consideration of our country's interests suggests."

Leadership in a great moral question has been given to the democracy, for the simple reason that the senatorial oligarchy, which for the time being has assumed control of the republican party, has abandoned the idealism of other days.

Claims Definite Plan. "We shall not alone make appeal to the electorate by the rules of economic thought that have prevailed

Recalcitrant Governor of Lower California Prepares to Resist

MEXICO CITY, (AP)—Governor Esteban Cantu, of Lower California, has been supplied with considerable military material and is declared to be ready to resist an advance of government forces against the state, according to a dispatch to El Universal from Mexico.

Advice to the newspaper from Juneteenth reported the governor en route to Los Angeles, Cal. to join his family.

OFFICIALS GRAB ANOTHER PONZI BANKING HOUSE

State Commissioner Takes Charge of Affairs of Polish Industrial Association Figuring in High Finance Schema

BOSTON, Mass., (AP)—Bank commissioner Joseph C. Allen today took charge of the affairs of the Polish Industrial association conducting a private bank at 37 Chestnut street in this city. Howard L. Brightwell, president of the Hanover Trust company, the chief depository of Charles Ponzi, which was closed last Wednesday by the commission, is president of the Industrial association.

Bank Commissioner Allen said that the loans of the association were either bad or of doubtful value and there was virtue in such fact. He said its affairs were hopelessly interwoven with those of the Hanover Trust company. The capital of the association is \$13,775 and it had deposits of about \$350,000.

Ponzi and his wife were in the Middlesex county jail in East Cambridge, prisoners of the government in default of \$25,000 bonds.

Three officers of the Old Colony Foreign Exchange company, a rival concern of Ponzi's Securities Exchange company, were prisoners of the commonwealth in default of \$50,000 bonds. Samuel Zorn said to be an employee of the company, was arrested by Chicago police, was at headquarters awaiting a hearing on a charge of larceny of \$500, from persons unknown.

The three officers of the company held in custody in Cambridge, president and treasurer; Raymond Meyers, office manager, and Fred Meyers, sales agent. The men were held on technical charges of larceny of \$500 from persons unknown.

Ponzi, whose bondsman surrendered him yesterday was confronted with the alternative of "remaining in federal custody for 30 days, or in another bondsmanship, of being arrested again by the commonwealth under a blanket warrant charging him with larceny in 33 counts, totalling \$24,000.

To Protect Creditors. The authorities were said to be determined that the remaining financiers should remain in custody, to preserve for his creditors whatever assets he may have and because of the fear that he might seek to dissipate or transfer them if out of custody. L. F. Craig, federal auditor of Ponzi's accounts, has placed the latter's known liabilities at \$8,000,000 and Ponzi claimed assets of about \$1,000,000.

Ponzi withheld from his wife the news of his surrender by his bondsman. Mrs. Ponzi resented her faith in her husband.

"It can be taken away from her and it will be. It does not belong to her. It is money that was obtained under fraudulent pretenses. It can be used for fraudulent purposes."

POLES CLAIM ATTACK ON NORTHERN FRONT REPULSED

Bolshevik Advance Within Twenty-One Miles of Polish Capital City at One Point on Battle Line

ROAR OF ARTILLERY IS PLAINLY HEARD BY CITIZENS OF WARSAW

WARSAW, (AP)—The Russians attacking Warsaw have worked well toward the rear of that city's defenses and are attacking Plonsk, within a dozen miles of the Vistula northwest of the Polish capital, according to Friday night's official Polish communique.

The statement says the enemy is advancing toward the Novo Georvicko-Boglo sector, north of Warsaw, and that the forces of Bolshewiki are attacking Nasielsk (22 miles northwest of Warsaw) and Plonsk (32 miles northwest of Warsaw). The communique announces that the attack upon these places were repulsed.

The roar of artillery on the battle front could be plainly heard in Warsaw Friday. The Russians have brought up artillery in the region of Madagatin, just south of the Bug. Observers say, however, that the enemy has not yet in position guns heavy enough to reach this city with its fire.

On this northern front, along the Bialystok road, the Russians were 21 miles from Warsaw, this morning's newspapers reported.

RUSSIAN PATROLS FORGE WAY INTO POLISH CORRIDOR

BERLIN, (AP)—Russian patrols have forced their way into Elowo, in the Polish corridor through East Prussia, according to the Lokal Anzeiger. Entry was made after a slight engagement and small soviet detachments are said to be west of the place.

East of Warsaw, the Bolshewiki are reported to have crossed the line between Wyszkow and Kutuzyn, about 30 miles from the Polish capital.

DEPARTMENT OF LABOR AGENT SENT TO DENVER

G. Y. Harry of Portland to Take Up Street Railway Controversy Settlement

WASHINGTON, (AP)—G. Y. Harry, of Portland, Ore., was ordered today by the department of labor to proceed to Denver to take up the settlement of the street railway controversy. The assignment was made as a result of a request from W. B. Fitzgerald, vice-president of the association of street and electric railway employees.

Mr. Fitzgerald wired the department yesterday that "our representative at Denver informs me that he believes conciliator of labor department could do something toward settlement of the Denver street car trouble and requests that I ask you to deputize one of the conciliators on the way."

ORDERS PROBE OF DISORDER IN CONNEXION WITH STRIKE DENVER, Colo., (AP)—A grand jury to probe disorders in connection with the strike of tramway of the Denver Tramway company was authorized today by Judge Clarence J. Morley of the district court.

POLAND'S PEACE ENVOYS ON WAY TO BATTLE LINE

Delegation of 16 Members with Military Aides and Clerks, Prepare to Meet Soviet Representatives

WARSAW, (AP)—Poland's peace delegation of 16 members with military aides, clerks and stenographers, one of whom is a woman, prepared late last night to leave for the battle front to meet representatives of the Russian soviet government. No response had been received from Moscow to a wireless dispatch, naming the newspaper correspondents who were to accompany the delegation. Announcements were made that correspondents would be permitted to go to the front unless word allowing them to travel came from the Bolshewiki.

Dombaki Heads Delegation

Four of the delegates will be military officers, will be foreign office representatives, counsellors and advisers, and six will be diet leaders. M. Dombaki, under-minister of foreign affairs, will head the delegation.

Representatives of the American relief organization, Herschel Walker of Philadelphia and Maurice Pato, have received permission from Moscow to accompany the Polish commission to Minsk where they will confer with the Bolshewiki on treating of 300,000 children formerly cared for by the Americans, but now within the Bolshewik lines.

To Display White Flag

This side of the delegation, which will show white flags, will meet soviet representatives who will escort the Poles probably to Minsk. Arrangements have been made for newspaper correspondents to start Saturday and create the delegation if the soviet government approves the names of the men selected.

HARDING TO SPEAK AT MINNESOTA STATE FAIR

Republican Speakers' Bureau Announces Date of Nominee's First Address Away from Home

CHICAGO, (AP)—Senator Warren G. Harding, republican nominee for president, will speak at the Minnesota state fair in Ramsey county on September 8, Senator Harry S. New, chairman of the republican national speakers' bureau, announced today.

The speech is not to be a "partisan, political" one, Mr. New said, but probably will be on agricultural topics.

WHITE COUNTS ON BRYAN

Democratic Chairman Predicts Nebraska will Give Support to Cox

NEW YORK, (AP)—George White, chairman of the democratic national committee today formally announced that he believed William Jennings Bryan would do something toward support Governor Cox and the democratic ticket during the coming campaign.

"My reason for saying this is not founded on any logical reasoning, but because I have received a hunch that we may expect his co-operation," said Mr. White.

Secretary of War Baker announced to the democratic campaign managers today that he could be counted upon to make the stamp for Cox and Roosevelt. He is being scheduled for a number of speeches in October. It was announced.

SOCIALIST IS ACQUITTED

NEW YORK, (AP)—August Claessens, one of the five socialist members expelled by the New York assembly last spring, was acquitted today charged with violation of a city ordinance in distributing socialist propaganda at a street rally last night. He was acquitted.

CRACKSMEN TAKE JEWELS ASBURY PARK N. J., (AP)—Jewels valued at nearly \$40,000 were stolen last night from a safe in the residence of Samuel Metzger, an official of the Guggenheim corporation, while the family was out, it became known today. The safe was opened, police say, by some one who understood the combination.

CHILD LABOR ON INCREASE IN MID-WEST

Chicago Vocational Guidance Board Director Gives Various Reasons for Larger Juvenile Employment

CHICAGO, (AP)—Four thousand more children are working in Chicago today than a year ago, according to Clyde A. Brown, acting director of the city vocational guidance bureau. The increase in child labor is said to be general in the middle west but exceptions are noted in Missouri, Kansas and North Dakota.

Necessity of the child helping the family meet the high cost of living, the pulling power of higher wages and scarcity of adult labor together with the discovery by employers that women and children often could take the place of men were cited by Mr. Brown among reasons for a similar increase in child labor in other parts of the United States.

Minnesota officials report that child labor is nearly doubled in that state. The greatest increase, they say, is among children of the "white collar" class whose parents have been forced by rising prices to permit their children to work. About 3000 under 16 years of age are now at work in Minnesota.

Wisconsin statistics on child labor for the year are not yet tabulated but officials say enough returns are in to indicate a considerable increase over previous years. Some boys under 16 have been reported receiving \$100 a month.

T. C. Jennings, Texas state labor commissioner, reports an increase of about 10 per cent in Texas child labor over last year. Postponement of compulsory school attendance he says has been a factor.

State Labor Commissioner Claude E. Connally of Oklahoma says more violations of child labor laws have been brought to the attention of his office this year than previously, from which he deduces an increase in juvenile workers. Connally said the increase in violations was probably due to the fact that there was 30 per cent more jobs in the state than workers under 16.

A. L. Urlick, Iowa state labor commissioner, recently reported that approximately 1000 more permits had been issued in the past year to children between the ages of 14 and 16 than in the year previous.

Kansas and North Dakota report child labor in those states as almost negligible. St. Louis reports a decrease. Children now employed in that city are stated to number 5000, which is 750 less than were at work there a year ago. The state factory inspector's office says the decrease is general all over the state. The federal tax on child labor is given as the cause of the decrease.

MONTANA ENTITLED TO 51 MORE JOBS IN WASHINGTON

BUTTE, Mont., (AP)—Montana is entitled to 51 more places in the departmental service at Washington, D. C., than the state has received, according to advice received here.

Under the apportionment of departmental positions as provided by law, 51 positions to which Montana is entitled are filled by persons who do not claim this state as their home. Montana is entitled to 184 appointments and has received only 133.

STEADY EMPLOYMENT PROMISED TO FOREST FIRE FIGHTERS

LIVINGSTON, Mont., (AP)—Supervisor E. W. Shaw of this district of the federal forest service has received notification that small, permanent crews of fire fighters are to be hired in future. Instead of large emergency crews. This nucleus will be expanded, when need be, by emergency men.

FEATHERED VETERANS OF ARMY ARE MUSTERED OUT

Two Hundred Pigeons with Service Records are Sold to Fans

SAN FRANCISCO, Cal., (AP)—Two hundred United States army pigeons, some of them veterans of the World War, have been mustered out of service at the Presidio here and sold to civilian fanciers.

Some of the birds were entitled to as many as four gold stripes for overseas service. All of them had soon service, the birds not being in France having served along the Mexican border and in the forest fire patrols.

One of the pigeons from the Presidio loft was decorated with the croix de guerre. It was, it is said, the only carrier pigeon to receive this honor from the French government.

Luck of facilities here was given as the reason for selling the birds. The western department of the army will continue to train carrier pigeons at Rockwell Field, California, and Camp Lewis, Wash.

LAZIEST MEN IN SOUTH PACIFIC

Male Population of Rapa Requires Women Even to Put Food in Mouths

RAPA, Dangerous Archipelago, South Pacific (AP)—The men, neither do they spin, and in all the reaches of the Seven Seas it would take a long voyage to find a more lazy population of men than Rapa's. In Rapa, the women are the heavy lifters of the island, and the drawers of water. In other happy climes of Micronesia and Polynesia the self appointed "lord of creation" will deign to raise his hand aloft and pluck for himself the fruit of the banana and orange tree. In Rapa, however, he will not even feed himself. When meal-time comes the woman of the family, after foraging for food and cooking it, must also put it into the mouth of her lord and master. They roll the two "poi" into little balls and toss them into the open mouths of the men folk.

The people of Rapa wear no clothes—or did not until a scandalized white missionary from Tahiti insisted on gathering some old garments from his more favored parishioners in Papeete and hurried them to Rapa.

Rapa, now also as Oparo, is one of the most isolated and most interesting islands in the South Pacific. It lies south of Tahiti, far out in the tropics, included in the French Settlements in Oceania and inhabited by Polynesians of the same type as the Tahitians.

Now Is the Time to Buy Land on the NORTH SIDE

Crops have never looked better. We still have some farms that can be bought with share of crop, and others for fall delivery. Here is a good one—120 acres, all in crop, wheat and alfalfa, small buildings, land all fenced woven wire. Located 4 miles from Jerome, land very well. For \$175 per acre with half of crop to buyer.

THIS IS A BARGAIN.

It is one of the few spots most lightly touched by the finger of civilization. Seldom does a schooner touch here—not more than once a year—and once in a great while a French gunboat from Espereite will voyage into the Dangerous Archipelago.

The island itself is mountainous, with strange castellike peaks rising in the interior. It possesses a good harbor, and what is most unique is the South Sea islands, has deposits of coal, not of very good quality, though.

When the Panama Canal was nearing completion there was much talk in Tahiti of establishing a coaling station here, Rapa being close to the Southern Great Circle route, and admirably adapted to such a purpose, but no such thing has come to rudely shock the remote existence of Rapa men.

REAL ESTATE MAN ENTHUSED

Feels Better Now Than in 28 Years—"Nothing Beats Tan-lao," He Says

"Nothing in the world can beat Tan-lao as a medicine," said A. F. Barr, of 4615 Park Blvd., San Diego Cal. Mr. Barr is one of the best known and most highly esteemed real estate, loan and insurance men of San Diego.

"I am feeling better, and stronger than for twenty-eight years," he said, "and I can't make my endorsement of Tan-lao too strong."

"My troubles started with indigestion and gas on my stomach, then my nerves went to pieces and at times was so bad I couldn't bear people talking in my presence. Nothing I could do seemed to help me and I remained in this condition twenty-two years. I fell off in weight to a hundred and nine pounds and got so I couldn't sleep at night; my stomach swelled up with gas after nearly every meal and I became so weak I had to give up my business almost entirely. I tried everything I knew of but didn't even get temporary relief."

"One day my doctor said: 'Why don't you try Tan-lao? I believe it will help you.' I acted on his suggestion at once and before I finished the first bottle I was astonished at the way I had im-

proved. I kept on getting better right along until now I am a well man, after suffering more than a quarter of a century. I eat anything, my stomach and nerves are in excellent shape and I have more strength and energy than for twenty-five years. My recovery is the talk of the neighbors, and if anyone doubts this tell them to see me or write me."

Tan-lao is sold in Twin Falls by City Pharmacy; in-Hansen by B. J. Bellwood and by the leading druggists of every city.—adv.

MEDAL WAITS FOR MINOR

Token for Heroism is Held for One of Recorders in Mullax Cave-in

MULLAN, Idaho, (AP)—Jacob Dolmarck, minor, is wanted here by C. L. Herrick, manager of the Gold Hunter Mining company of this place, who wishes to pin a medal on him. When two men were entombed last year in the Gold Hunter mine, Dolmarck and other miners worked day and night, regard-

less of their own danger, to rescue the imprisoned men. Then another cave-in occurred and Dolmarck and another miner, James Collins, were caught. It was nearly 24 hours before they were rescued and during most of that time they were buried to their waists in muck.

The two men have been awarded medals by the United States bureau of mines, but long ago Dolmarck shrouded his blankets and went off to some other camp, as miners do.

Why We Use Refinite Soft Water Reason No. 1. "Immaculate Results"

There is a pleasant thrill awaiting you on opening your package from our laundry

Daintiness and delicacy have been added to your exquisite garments. Their original lustre is retained; the whiteness is immaculate and as refreshed as if the cloth had been woven anew. The colored fabrics likewise are bright and gleam with the beauty of their design. The most costly frock is unharmed.

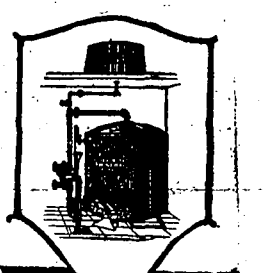

It is the perfect laundering obtained by our using Refinite softened water.

Refinite is Nature's own water softening mineral, not a preparation to "break" the water. It collects and holds the hardening elements, leaving the water softer than falling rain.

Soap lathers instantly in Refinite softened water, and "lifts" the dirt with far less washing. No gummy soap curd forms to stiffen and discolor the clothes. The water is improved for drinking purposes, as well, and so velvety soft that we launder woollens, blankets, silks, laces and all fine fabrics that are washable, without damage to color or fibre.

Let us show you how sweet smelling and snowy white Refinite soft water will make your laundries.

GRAND CIRCUIT RACES

NORTH RANDALL, Cleveland, (AP)—Rain late yesterday caused postponement of the grand circuit racing after three races had been decided and Juno had won two of three heats in the Lead-er purse \$5,000 for 2:08 pacers. The third heat is to be raced to decide the money division. The rain came after Favonian had won the second and deciding heat of the News sweepstakes, purse of \$2,350 for 2 year old trotters. Another record went by the boards today when Juno, at starting the first mile of the 2:08 pace in 2:02 3-4 set a record for the stake. Juno came from behind in both heats. In the second heat practically every entry took a turn at trying the pace. Fore Ann, Red Lancelot and Calgary Perl went into breaks, but Red Lancelot, favorite, came with a rush in the stretch and landed third. Both divisions of the 2:14 pace were postponed until tomorrow. Eight races will be decided tomorrow.

JINK STILL WORKS

SALT LAKE CITY, (AP)—Ernie Johnson, captain-manager of the Salt Lake club, suffered what is feared serious injury to his right hand in the first inning of game with Sacramento yesterday, when a thrown ball struck the back of his right hand. It will require an X-ray to determine whether a bone is broken. If there is a fracture, Johnson is likely to be out of the game for some time.

BEES GET OUTFIELDER

SALT LAKE CITY, (AP)—Salt Lake of the Pacific Coast league has purchased outfielder Guy (Red) Hodges of the Spokane club. Pacific coast international league. Hodges was with Los Angeles two years ago and with the Sacramento club for a short time last spring.

WIGGINS BEATS SMITH

GRAND RAPIDS, Mich., (AP)—Although outweighed nearly 80 pounds, Chuck Wiggins of Indianapolis had little difficulty in winning a ten round, no decision heavy weight boxing contest with Homer Smith of Kalamazoo, Mich., here last night.

"GAMP" IS BEATEN

DALLAS, (AP)—Harry Krohm, Akron, O., middleweight, decisively outpointed Paul Roman, middleweight champion of the south in a 15 round bout here last night, according to newspaper decisions.

WILLIAMS COMES BACK

BALTIMORE, (AP)—Kid Williams of Baltimore, decisively defeated Johnny Eric of St. Paul in a 12 round boxing match here last night.

BAR ALLEGED GAMBLERS

LOS ANGELES, (AP)—Two alleged gamblers were yesterday refused admittance to the Oakland-Vernon baseball game here.

Brief Bits of Sport

Tough luck! The White Sox were just getting into yesterday's game with Detroit when it rained and stopped the game with the count 3-3.

Eddie Cicotte is the only hurler in the American league who has not yielded a home run to Babe Ruth.

But Eddie says he is not bragging any; never can tell where lightning will hit next.

William Harrison Dempsey is billed to battle Phil Brennan, Chicago boxer, before January 1, 1921.

Looks like a bit of easy jack for the champion.

Bill Rumber admitted to the bosses of the Salt Lake club that he had accepted money from Babe Borton, who is said to have been chief in charge of bribery to lose games, but the Bee management has whitewashed the star slugger of their team.

"Bonecaster" Knight, who is treating Walt Johnson for a lame arm, says the speed wizard will be fit as a fiddle soon.

Tommy Walsh, manager of Eddie Mahoney, California lightweight, has challenged Charlie White to fight him next. Walsh has posted a certified check of \$1000 for appearance and to be used as a side bet.

J. Franklin Baker, better known to the ball fan fraternity as "Home Run Baker," has notified the Yankee management he is about ready to try his luck third basing around again.

The White Sox have purchased a battery from the Nashville club to be delivered at the finish of the season.

Dannie Morgan, who impressario for Bat Levinsky, says Harry Wills is a coup fighter and Bat can lick him in a couple of punches.

What the finish of your motor car must do

Your automobile is "dressed" for ALL seasons in its varnish coats and these coats must meet every emergency of heat and cold, weather and wear!

A few little films of varnish! They are all you have to protect your car! Your car's beauty is largely dependent on the ability of these thin films to stand up under the extremes of heat and cold, weather and wear. No wonder these films of varnish should be properly applied — and good materials used.

TWIN FALLS, IDAHO

DIRECTORS: J. T. May, H. C. Hazel, S. Henry Bolton, Theodore Parks, Geo. G. Marshall; ATTORNEYS: Hazel & Benoit, Bank and Trust Bldg., Twin Falls

Here is a home proposition for home people. Every officer and director of this company is well and favorably known in Twin Falls County.

This is the last ad that will appear in the Twin Falls papers with stock offered at 25c. Stock after Sept. 10, \$1 per share. Stock may be withdrawn inside of ten days. Only 30,000 shares for sale at 25c. 15,000 already sold of this block. Hurry or you won't get in below par, \$1. Worth \$1 per share now in our judgment:

There are experienced mining men who have invested their own money in this proposition first before asking their friends to join them in the enterprise.

All have unbounded faith in the company's holdings.

—This is your last chance to get in on the ground floor as a stock at 25c per share. Twin Falls business men have bought nineteen thousand shares in the past two days. Sales made on option. Ten per cent cash, 15 per cent Sept. 1, 25 per cent Oct. 1, Nov. 1, Dec. 1, or five per cent off for cash. Buyers are urged to go in and see for themselves. No expense except meals and bed en route, cost of which will be less than \$10.00 per person, except the use of your own automobile. I have agreed to pay and will pay all gasoline and oil expense for the trip from Twin Falls to our property and return. Theodore Parks and S. Henry Bolton, both of the company, will accompany the outgoing party, leaving Twin Falls for Castle Creek in Owyhee County, and our property at five a. m., Thursday, Aug. 19. We will promise to show you the property. Inspect the holding of our company. See the Ruby vein, catch a few brook trout in Castle Creek and be back with rich samples of the Ruby Silver to show "Doubting Thomas" and prove every statement we have made.

Any party not more than satisfied will be given back his ten per cent deposit with interest to date at once. No more stock will be offered after Sept. 1 by this company at less than \$1.00 per share.

What stock is not sold now will not be offered again to any Twin Falls buyers but will go to Buhl.

No stock guaranteed unless the option is signed and 10 per cent paid thereon. You may reduce your option but not raise it.

There will be six hundred thousand shares or sixty per cent of the stock in the treasury of the company when this block of stock is sold and no stock for sale at less than \$1.00, par value, and likely taken off the market. See the ore, see the photos of the property. Give us three days of your time. Have a good time and get in on the ground floor at once. All who intend to go must go on the day and time appointed as there will not be another trip made from Twin Falls and Buhl will have the balance of this stock unless sold out now. I have with me the constitution and by-laws of the company.

The minutes of all meetings—the abstract of the property, copy of all contracts, the charter from the state and everything you will want as evidence of honesty and a square deal.

All the cards on the table. See these evidences of good faith now on the table for inspection.

The amount is limited of this stock now offered. Act, sacrifice your time, go and go now. The best people in Twin Falls County are the officers and directors. Get their names from

S. HENRY BOLTON, Room 32, Perrine Hotel.
THEODORE PARKS, Room 32, Perrine Hotel.

Aug. 14 at which we are through in Rupert.

If you cannot go in person, give your option to someone going and buy stock on evidence that cannot be questioned. You must act quickly. This is a NOW or NEVER proposition.

S. HENRY BOLTON, Asst. Sec. & Treas.

There is no buncomb in this offering, no hot air. Real, true, honest to God proposition. Don't be skeptical—investigate.

TWIN FALLS, Idaho, July 31, 1920.

To the Board of Directors,
United States Silver Mining Co.,
Twin Falls, Idaho.

Gentlemen—

Since my last visit to your property on Castle Creek, in Owyhee county, on July 1st, my suggestions as to development work have been followed and the work confined to exclusively drifting on the newly opened Ruby vein.

I find on my latest visit the surface cut into the vein—has been timbered and lagged—and the drift advanced, partly as a cross cut, 14 feet and 27 feet as a drift on the vein, making the face 41 feet from the Portal set.

For 20 feet a lense of high grade ore, showing much ruby silver with a width of 8 to 15 inches coming up only 3 feet from the bottom of the drift, has been followed, showing the drift to be practically on top of this lense, which at the face of the drift is at a level with the bottom of tunnel. The face of this tunnel is now but 20 feet vertical under the surface and barely below the oxidized zone of the vein, which occupies a zone parallel with the slope of the hill of about 15 feet.

The face of the drift shows no walls of vein, but is composed of all vein matter, with a stock work of seams and disseminated ore, all of which together with the high grade lense, constitutes a face of mill ore 4 1-2 to 5 feet wide of \$20 to \$30 values.

This vein has improved 100 p. c. since July 1st and shows evidence of being a large ore body as the assays taken both at the face and when the drift was only 20 feet in and at the surface opening of the cut indicate decided improvement both in width and quality on July 28th, the date of my last visit.

I still believe this vein dips south while the Free Silver dips north, and I also believe Granite will be the hanging wall formation of the Ruby vein.

I recommend the continuance of the Ruby drift as rapidly as possible in the same general course until 100 feet from the portal set and then cross cut both north and south until both walls are entirely cut and exposed.

I believe the vein at 100 point, which then will have attained a vertical depth of about 50 feet below the surface, will show even greater width than 6 feet and of higher average values across.

Respectfully,

(Signed) WALTER HOVEY HILL,
Consulting Engineer.

TALKING AND DOING

We clip the following from an ex-
change:

Missoula, Aug. 7.—The city swim-
ming pool, built by popular sub-
scription, will be opened to the
public Monday. Formal exercises
will be planned, at which the pool
will be turned over to the city gov-
ernment for operation. The general
conduct of the pool is to be regu-
lated by ordinance.

Here we have the framework of
the entire plan for a community
swimming pool, in words of one
syllable.

The fact that Twin Falls has
been talking about a swimming
pool and discussing various plans
for the same for something like ten
years makes pertinent the ques-
tion.

Probably nobody really wants a
swimming pool here anyway — at
any rate it is difficult to believe
that there is any very great public
demand or the thing would have
been done long ago.

AUGUST

What is the matter with August? It
is the only long midsummer period of
hot days, few showers and no holidays.
There is not even a suggestion of a na-
tional celebration between Independence
day and Labor day.

August was not always the forgotten
month of the year. In early times the
name was unknown. When the year
was divided into ten months by the Ro-
mans the period of heat and humidity
marked by dry rivers, lakes and creeks
was called Sestilis. History says it was
Caesar who changed the seasons and
gave us the month of Augustus, now
shortened to August.

Why not consult the goddesses, Ceres,
Pomona and Flora, and get a prela-
mination naming some day in August for
a national festival in commemoration
of the cereals, fruits and flowers? Or
why not get some fabled mermaid
nymph to set apart a day for national
aquatic sports and liven up the month
of August? There are enough days to
spare, the time between light and dark-
ness is long and the danger in outdoor
revelries is not so great as in some other
seasons. August days and vacation
time are too bright to be passed in the
hum-drum of every day existence.

**DOMINION MARKS HEADWAY
AGAINST TUBERCULAR CATTLE**

VANCOUVER, B. C. (P)—"Ten
years ago 80 percent of the cattle in
British Columbia were infected with
tuberculosis; last year only 2-1-2 or 3
percent were infected, and within a
comparatively short time the number
will be nil," W. W. Alton of Carleton,
provincial government veterinarian,
states.

This year 4 per cent of the cattle
imported were found infected, but
this is not an indication that tubercu-
losis is gaining ground again as the
whole province has not been inspected
yet and the disease is more prevalent
in some districts than in others, Dr.
Alton said.

erally fair and warmer.

Store competition operates now as al-
ways to keep prices of merchandise
down to the lowest possible basis. This
law of trade is considered so essential
to our business life that laws are made
to prevent combinations whose object
is to boost prices through agreement.
To profit fully through the competi-
tion of the stores you must keep in
close touch with store advertising.

BULLETIN NO. 1.

**Meat and Dairy Inspection Department,
Twin Falls, Idaho.**

Due to a recent City Ordinance Saus-
age Manufacturing was considered, and
the results are as follows:

1. Heavy spices are used in many
instances to cover inferiority in the
meat content of prepared meats, main-
ly sausages. In this manner the meat
is so disguised that one but the anal-
yst is able to detect that the ingredi-
ents have passed the useful stage as
edible meats, and many times such in-
gredients on analysis will show a mark-
ed degree of putrefaction.

Artificial colors are also frequently
used to disguise inferiority so it is a
safe rule to avoid the extra heavily
spiced and artificially colored product
in selecting prepared meats.

2. An addition of cereal content to
sausage enables the maker to incorpo-
rate larger quantities of water as the
starchy content acts as a binder and
allows the ground meat to take up and
hold for a length of time, excessive
water. This not only gives a lesser in-
trinsic value to a product offered for
sale at a meat price, but lessens greatly
the keeping quality of the sausage.

An average analysis of a tip-top
Frankfort would show about as fol-
lows:

| | |
|--------------|----------|
| Water | Per Cent |
| Fat | 42.7 |
| Protein | 39.6 |
| Carbohydrate | 11.7 |
| Ash—not over | 2.25 |
| 9 | 3.7 |

A wiener made from poor quality
beef 80 per cent, and pork 20 per cent,
would show the following content if
not adulterated with water and cereal:

| | |
|---------|----------|
| Water | Per Cent |
| Fat | 64.00 |
| Protein | 16.5 |
| Ash | 10.5 |
| 9 | 9 |

The edible portion of chuck steak
runs sometimes as high as 20 per cent
protein, while lean ribs run as low as
9 per cent fat.

A large gristle content should be
looked upon with disfavor in a saus-
age, as this feature indicates that the
excessive starch and water content is
used in order to disguise the snout,
hip, ear and tendon content.

It is well to remember that not all
prepared meats that taste good, smell
good, and look good, are healthy. A
negative action or feeling of cramp
or a headache as a sequence to a meal
of such meat indicates the beginning of
decay in the meat and in many cases,
leads to serious illness from poison-
ing.

Sausage containing 2 per cent or less
of cereal should be branded with indol-
ible ink, "Sausage, Cereal Added."

Sausage containing between two per

cent and five of cereal should be brand-
ed "Sausage, Water and Cereal."
No sausage should contain more than
five per cent of cereal and be termed
Sausage.
Sausage containing two per cent
cereal adds excessive 10 per cent water,
and 5 per cent cereal adds excessive up
to 30 per cent water. Beyond that from
a solid meat product.

MAIN AVENUE PAVING DONE

Sixteen Continuous Blocks Between Addison and Kimberly Road Surfaced

Main avenue now has 16 blocks of continuous pavement from Addison avenue and Kimberly road terminals. The last block, on the west end, was completed yesterday and the avenue was opened to traffic the full length this morning.

The paved straightaway distance on Main avenue is approximately one mile and a half, with part of the width 60 and the other part 62 feet. Four blocks in the business district are being the remaining 10 being on the last awarded contract. Work on the south end of the thoroughfare was completed some weeks ago. All the surfacing is of standard heavy-duty bituminous.

Bank Clearings Show Decline in Week—Still Good

This Week's Banking Transactions Fall Below Last Week Which Was Record

Although the bank clearings of this week, which closed at noon today, show a gratifying total, they do not compare so favorably with the clearings of last week which constitute an aggregate record for the banking hours of Twin Falls.

There is a difference of \$27,627.12 shown in the two totals, this week's sum being the smaller. The figures for the previous week were \$1,183,724.84, while this week's transactions amount to \$1,156,097.72.

By days the business is as follows: Monday, \$350,547.98; Tuesday, \$293,483.02; Wednesday, \$116,425.54; Thursday, \$128,602.08; Friday, \$107,811.42; Saturday, \$100,230.55.

Stephen, married in Pocatello on November 23, 1912, and that for some time past defendant has treated plaintiff in a cruel manner.

PLANS FOR FESTIVAL RECEIVE BIG BOOST

Committees Select Officers for Harvest Home Fete to Aid Fund

With the selection of officers and the naming of a date for the next general permanent organization was last night at the meeting of the Harvest Home Festival, to be held in Twin Falls during the autumn.

The organization was completed in quarters of the chamber of commerce by a group of men and women, representing the chamber of commerce, American legion and various other local bodies, met to discuss plans and ways and means.

The Harvest Home Festival takes the place, actually of the Independence Day celebration, which was dispensed with in Twin Falls this year in favor of a plan looking to the benefit of the American Legion. The fund derived from this event will be applied on the Memorial building fund.

CLERGYMAN COMES TO HOLD SERVICE

The Very Rev. Howard Stoy of Pocatello, archdeacon of the Episcopal missionary diocese of Idaho, arrived in Twin Falls this afternoon to take charge of the Sunday services at Ascension church. Archdeacon Stoy comes in lieu of the Rev. B. C. d'Emann of Rupert, who was scheduled to occupy the local Episcopal pulpit tomorrow morning.

Archdeacon Stoy announces he will celebrate holy communion at 11 o'clock and expects to hold conference with members of the church and vestry during the afternoon. While it is not yet established what message the clergyman brings for the communicants of the church the impression prevails that he will have something of importance to say directly bearing upon the question of the early filling of the pulpity vacancy, a condition which has existed more than a year.

STEVENS IS FREE ON BAIL OF \$500

North Side Resident Accused of Resistance and Drunkenness Be Tried Next Week

Accused in a police complaint of resisting an officer while the latter was in the discharge of his duty as a minion of the law, E. W. Stevens of 461 Third avenue north, was held into the police court for hearing this morning. Trial of the case was postponed to next Tuesday in order to permit the city attorney to prepare the case against Stevens. The latter provided bail bond of \$250 signed by M. O. Stevenson of the Central Meat market.

Stevens was placed under arrest by Traffic Officer Frank Hilt on Thursday night in an alley back of the Lind garage after the defendant, it is alleged, had resisted an attempt on part of the officer to search Stevens' automobile for bootleg liquor. According to statements made by the policeman Stevens attempted to prevent the investigation and was subdued after a struggle.

The accused man spent Thursday night and part of yesterday in jail, being released on bail for appearance in the police court this morning. Immediately after the postponement of the case in the police court today Stevens was placed under arrest by attaches of the sheriff's department for arraignment in the probate court on charge of drunkenness. This charge grew out of the alleged trouble in the alley with the city policeman Thursday night.

On arraignment Stevens entered a plea of not guilty and hearing was set down for 10 o'clock next Friday morning. Stevens is at liberty on a surety bond furnished by Jack Shroust and L. G. Brackner.

Cow Population Greatest in U. S. Statistics Show

America Made Great Gains in Dairy Herds During the Past Six Years

In these days of census taking it is quite probable that interest is not wholly centered in the human population of countries and communities. With this in mind the following figures are compiled relative to the study of the cow population of the principal dairy countries of the world before the great war and at the present time. The United States is a leader in both eras:

| Country | Before the war | Number |
|---------------|----------------|------------|
| United States | 20,625,000 | 28,467,000 |
| Germany | 11,900,000 | 7,683,000 |
| France | 7,500,000 | 6,650,000 |
| Canada | 2,000,000 | 2,047,000 |
| England | 2,187,000 | 2,205,000 |
| Sweden | 327,000 | 1,025,000 |
| Turkey | 1,530,000 | 1,490,000 |
| Holland | 1,109,000 | 1,340,000 |
| Denmark | 1,210,000 | 1,050,000 |
| Switzerland | 500,000 | 728,000 |
| Japan | 1,000,000 | 1,000,000 |

CONGRESSMAN SMITH RETURNS

Congressman and Mrs. Addison T. Smith have returned to the Pocatello hotel after several weeks absence, during which they visited the family of the late Senator Shoup at Salmon; also friends at Portland, Ore., and St. Marys, Idaho. Accompanied by their son Walter, who has been attending the university at Moscow, they spent several days in the Yellowstone National park.

BREAKS ARM IN FALL

Francis Sanders, a telephone company lineman, fell a distance of 15 feet from a pole Thursday and sustained a broken right forearm and injuries to one hip. He was working near the sugar factory and fell a distance of about 15 feet to the ground.

FALLS FROM SCAFFOLD

While painting at the sugar factory Thursday afternoon P. O. Bryan fell when a scaffold gave way, and was severely bruised about the body. No bones were broken. Bryan, who is about 18 years of age, is a patient at the county hospital.

Mercury Again Soaring Toward Season's Record

THE weather man appears to be preparing the country for what's sure to follow if the democrats are elected this fall. Yesterday was 93 for high, without a lick of breeze to cool the fevered brow of perspiring folks, and he promises no relief tomorrow. "Continued warm," he threatens, with fair tonight and Sunday. Forty-nine was low last night with the shank part of the nocturnal period just a bit warmer than comfort requires.

Idaho's Potato Crop Yielding Great Harvest

Ninety-Five Per Cent of Normal is Report of Department—Cans Short

Idaho's potato crop this year is roughly estimated at 3,194,400 bushels or 95 per cent of normal, according to announcements of the state department of agriculture. Last year the state crop was only 75 per cent of normal, and yielded 2,400,000 bushels. This season, however, the potato average is 1000 acres greater than last year. The great demand for Idaho potatoes in the past has been a strong incentive for farmers in the irrigated districts to cut down their acreage of hay and grain and increase the planting of tubers. Initial arrival of this year's crop is bucking the market.

Social Notes

The Epworth League enjoyed "a backwoods social" last evening at the home of Eleanor Finch. About forty members were present and every one enjoyed the originality of the occasion.

The Court of Honor will meet for a social session at Mrs. Wagner's 836 Third avenue west, at 8 o'clock Monday. All members from any court are invited.

FUNERALS

Funeral arrangements are being made at Grossman's undertaking chapel for Mrs. Rebecca McDougall aged 67, whose death occurred Thursday evening. Services in Wyoming and the northeast section of Idaho have been notified.

IN JUSTICE COURT

In the court of Justice of the Peace Monday Packard today the following actions were filed by Attorney Don Henry: Eldridge Clothing company against Ward Madrell on account amounting to \$11.50; Dr. W. H. Dwight against L. G. Bolton, alleged unpaid balance on account of \$15.

YOUNG PACHYDERMS CUT QUEER CAPERS

Five Baby Elephants Feature John Robinson Circus, Here on August 23

Baby elephants, the cutest, prettiest, most active animal babies in the whole of the animal world, are with John Robinson's circus. There are five little ones in the herd of 16, and although they are young in years, they are old in experience and training and accomplish feats that make the children fairly scream with delight.

The pet of the elephant babies is wee "Billy Sunday," a nameake of the famous evangelist. "Billy" the elephant, is fat and round and snuggly. He works in an act with "Toodles" and "Snookum" and always ready to stand on his hind or walk on his hind foot at the command of his trainer, they have the Hackator, who by the way, is a remarkable sweet and pretty girl and possesses a wealth of handsome red hair.

"Billy is a perfect dear" gushed Miss Pauline, recently. "He reminds me of a big pet cat I once had around the house. The cat would pick up and carry away" all my spoils and hair ribbons. Billy, the rascal, carries away everything that is not nailed down, and runs like the very mischief when I catch him at it."

"Casey" and "Clara Belle" are great favorites with the children wherever the circus exhibits. They have been broken to drive just like ponies and draw a little wagon, filled with tubs and the greatest of ease. In "Clara Belle" the John Robinson circus has a decidedly versatile beast. Miss "Clara" goes to bed just like a good little girl who is told by her parents that the "Sand Man" has ar-

rived. Once in bed "Clara" pulls the covers up under her chin and pretends to snore.

These little elephants and all their big brother and sister elephants will be in the big free street parade in Twin Falls, Monday, August 23, and will greet visitors in the menagerie tent before the main performance starts.

HAND RADDY OUT.

Claude Jones, aged 17, a driver employed at Tenchlinek's dairy, while delivering milk this morning on the north side, cut an important artery in his right hand. Dr. W. F. Pike dressed the wound at the clinic headquarters. The young man will be able to go home this evening.
