## Russians Close in on Warsaw While Peace Delegates Enter on Negotiations at Minsk

### COAL OPERATORS REFUSE MINERS' WAGES DEMANDS

Offer to Correct Seeming Inequality by Advancing Pay to Equivalent of Commission's Award to Pick Men

### EMPLOYES UNANIMOUSLY IN PROPOSAL REJECTION

Sub-Committee Enters Joint-Conference to Trench Out Issues Raised in Developments at Cleveland

CLEVELAND, O. (AP)—The bituminous coal operators of the central competitive field in refusing the miners' demands for a \$2 a day increase for day and monthly men and ten cents a ton for pick and machine mining today offered to correct the seeming inequality of the present contract by advancing the wages of the day and monthly men the equivalent of the coal commission's award to the pick miners, giving the day and monthly men an increase estimated at from 35 to 72 cents a day.

### Miners Reject Reply

The operators will consider no other demands made by the miners, including the ten cents per ton asked for pick and machine mining.

The miners received the operators' reply in a joint conference of the scale committee and unanimously rejected the proposition.

A sub-committee of two operators and two miners from each of the four states was then named and went into a joint conference. John L. Leary, president of the United Mine Workers of America, and William Green, secretary, attended the meeting as ex-officio members. The meeting was presided over by Michael Gallagher, a Cleveland operator chairman of the joint meeting. Other members of the joint scale conference were to await the call of the sub-committee.

### Commission's Award

Under the award of the bituminous coal commission the pick mining rate was advanced 27 per cent over the then existing contract. The day and monthly men were advanced 35 per cent. This inequality the operators agree to correct by advancing the wages of the day and monthly men the equivalent of the pick miners'.

President Miller of the Illinois operators said the operators' offer would give day and monthly men an increase estimated at from 35 to 72 cents a day. Using the Hocking Valley field as a basis point the operators' proposition would mean an increase of an average of 50 cents a day to the day and monthly men, he said.

### Operators Reply

The operators' reply to the miners' demands follows: "The operators of the central competitive field at the request of the president of the United States have met with you to consider and correct any inequalities that may be mutually agreed should be adjusted that have been embodied in the existing contract, which contract was based upon the award of the bituminous coal commission. "The propositions presented to us by you have been carefully considered in accordance with the suggestion of the president in his call for this meeting. "The only contention made by the United Mine Workers of America upon their execution of the present contract was that the wages of the day men and monthly men had not been advanced in the same proportion as the advance given the tonnage men.

### Basis of Findings

"The basis upon which the commission's award was based is as follows: "The operators of the central competitive field at the request of the president of the United States have met with you to consider and correct any inequalities that may be mutually agreed should be adjusted that have been embodied in the existing contract, which contract was based upon the award of the bituminous coal commission. "The propositions presented to us by you have been carefully considered in accordance with the suggestion of the president in his call for this meeting. "The only contention made by the United Mine Workers of America upon their execution of the present contract was that the wages of the day men and monthly men had not been advanced in the same proportion as the advance given the tonnage men.

"The basis upon which the commission's award was based is as follows: "The operators of the central competitive field at the request of the president of the United States have met with you to consider and correct any inequalities that may be mutually agreed should be adjusted that have been embodied in the existing contract, which contract was based upon the award of the bituminous coal commission. "The propositions presented to us by you have been carefully considered in accordance with the suggestion of the president in his call for this meeting. ### AMERICAN WARSHIPS ARE SENT TO BALTIC

WASHINGTON, (AP)—The armored cruiser Pittsburgh and a destroyer or have been ordered to the Baltic sea to protect American interests there. The vessels are now at Cherbourg, France, and it was announced today by the navy department that they would proceed immediately for Russian waters.

The vessels are under orders to proceed to Danzig, the free city on the Baltic. The threatening situation in Poland has jeopardized the lives and interests of a large number of Americans in various parts of Poland. Many of these already are in Danzig and others are endeavoring to reach that port. It is primarily for their protection that the warships were ordered to the Baltic.

It was stated at the state department today that a few Americans were at other points on the Baltic and that the nearness of Bolshevik activities in the Baltic states had made it important that some protection be within their reach. Some of them are government officials sent to observe the situation in that part of the world and others are commercial representatives.

### STONE HURLING MARKS RENEWAL OF IRISH RIOTS

Contending Parties Clash Again in Belfast but Use of Firearms is Absent; One Constable in Hospital

DUBLIN, (AP)—Thirty armed men today raided the Dublin custom house. They left in a few minutes without taking anything. The object of the raid had not developed.

BELFAST, Ireland (AP)—Rioting was renewed last night, but no fire arms were used. Short Strand, a nationalist area in East Belfast, was the battle ground, and contending parties threw stones at each other, the locality erupting virtually in a state of siege until after midnight.

Four nationalists were arrested, and one constable was so badly injured he was taken to a hospital. A party of Sinn Feiners returning from a sports meeting near Lurgan, County Armagh, yesterday, was fired upon, one person being killed and another dangerously wounded.

### CANADA EXTENDS ORDER FOR FREE IMPORTATION OF CATTLE

OTTAWA, Ont., (AP)—Cattle from the United States may enter Canada free of duty for another year. Dr. S. F. Tolmie, minister of agriculture, stated today that an order in council probably would be passed shortly, providing for the free importation of United States sheep into Canada.

### LAUNCH INQUIRY IN PONZI CASE

State and Federal Officials Subject Details of the Spectacular Financial Activities to Searching Scrutiny

BOSTON, (AP)—The inquiry into every ramifications of Charles Ponzi's spectacular financial activities again occupied the attention of state and federal officials, but they took up their task with the assurance that the discovery of further damage to the financial fabric of New England was unlikely.

Ponzi's counsel centered their efforts today on attempts to obtain the bail necessary to effect his release from the East Cambridge jail. Sheriff J. J. Hannon was found, the sheriff was ready at the jail with a warrant upon which Ponzi would be re-arrested for the state authorities on a charge of larceny. The bond required by the federal court is \$25,000.

### Ponzi Home Guarded

A heavy guard remained around Ponzi's home at Lexington and several of them accompanied members of his family whenever they left the house. Threats are said to have been made against Ponzi by persons who were attracted by his offer of "50 per cent in 45 days."

A search for possible hidden funds entrusted to the Old Colony Foreign Exchange company, which was compelled to close last week, was made today. Charles M. Brightwell, Raymond Meyers and Fred Meyers, three officers (Continued on Page Four)

### SHIPPING BOARD FLEET IS TO BE PLACED ON SALE

Preparations for Sale of Government Owned Steel Merchant Ships to Begin at Once, Chairman Benson Announces

### FEDERAL CONTROL TO BE HELD OVER OPERATIONS

Procedure Under Terms of New Merchant Marine Act to Place 1,200 Vessels in Hands of Private Owners

WASHINGTON, D. C., (AP)—Preparations for the sale of government owned steel merchant ships will begin at once, Chairman Benson of the shipping board stated today. Plans for an extensive advertising campaign to place the vessels on the market is under way, he said, and actual disposal of them will start as soon as the necessary details have been completed.

It also was stated that an active campaign to sell the wooden ships would be launched. Definite plans, however, still are under consideration.

### 1200 Ships to Be Sold

Terms on which the shipping board fleet of more than 1200 steel vessels approximating 5,000,000 deadweight tons is to be sold in private lots will begin at once, Chairman Benson of the shipping board announced today by Chairman Benson.

Bids for the vessels will be entertained, as they stand, the chairman said, at minimum prices of \$10 a deadweight ton for coal burners and \$170 a deadweight ton for oil burners on the Great Lakes, to \$175 for coal burners and \$187 for oil burners. Bids of over 10,000 deadweight tons.

Terms of sale call for 10 per cent of the purchase price in cash upon delivery, installments of 5 per cent in 6, 12, 18, and 24 months thereafter, and the remaining 70 per cent in equal semi-annual installments over a period of ten years.

Deferred payments are to carry 5 per cent interest. Deduction for depreciation is allowed at the rate of 6 per cent for the second year of the vessel's age and 5 per cent for each succeeding year up to the date of purchase.

### To Supervise Accounts

Purchasers will be required to deposit all revenues derived from their operation in supervised accounts from which all payments are to be made. After payment of current installments purchasers are permitted to take from the proceeds of operation an amount not exceeding 15 per cent of net operating income as a dividend investment. On payment of half of the purchase price of a vessel, the buyer or will be required to execute a preferred mortgage to the shipping board, which the vessel will be released from the supervision and control of the board, except as to maintaining its berth and route.

Satisfactory evidence of the financial ability of the buyer to carry out his contract and proof of his nationality will be insisted upon, the chairman stated. Sale to foreigners is permitted only in the event that it is approved by the board. "After diligent effort" has been unable to sell to citizens of the United States, vessels not deemed necessary to the promotion of an efficient American merchant marine.

### Board Retains Direction

Purchasers must agree, Chairman Benson said, to maintain such routes and services as the board considers desirable.

### HARDING WILL DELIVER IMPORTANT UTTERANCE

Republican Presidential Nominee is Expected in Early Address to Touch Upon Big Issues

MARION, O. (AP)—Work was begun by Senator Harding today on his next front porch speech, which will be delivered Thursday and which is expected by his advisers to be one of his important campaign utterances. "The nominee will speak before a delegation of members and former members of the senate, which includes democrats and republicans have been invited.

### OMAHA POLICE CAPTURE GIU EUNAWAYS

OMAHA, Neb., (AP)—Omaha police reported today they had caught two of three girls who escaped from the girls' reformatory at Rockwell City, Ia. Dorothy Bowers, and Emily Brabbs are said to have evaded the guards at the institution August 5 after attiring themselves in overalls and straw hats.

IDAHO WEATHER. Tonight and Tuesday fair, continued warm.

### Bolsheviki Push Fight for Polish Capital Within Dozen Miles of Goal on Northeast and 15 Miles Due East

### DESPERATE BATTLES CONTINUE WITH TOWNS CHANGING HANDS REPEATEDLY

LONDON, (AP)—Russian soviet troops have entered Warsaw, the Polish capital, according to the Kovno, Lithuania correspondent of the London Times.

LONDON, (AP)—Announcement that the Polish and Russian armistice and peace delegates had met at Minsk was made by Earl Curzon, secretary for foreign affairs, in the house of lords today. Negotiations were doubtless proceeding, he added.

WARSAW, (AP)—Fighting at various points on the Warsaw front is reported in last night's official communique. Radzymin, to the northeast of the capital, was again in Polish hands after an all-day fight. The Russians attacked on both sides of Radzymin at Zegrez and at Okuniew, less than fifteen miles due east of Warsaw.

The communique reports successes for the Poles in the region of Obolin and Hrubieszow, where the Poles took more than 100 prisoners, including the Russian chief of staff, and much war material. In the south, the soviet forces took Sokal. Further southwest the Poles evicted Brody, which previously had changed hands several times. In the region of Prochnostin, the communique states, the Poles took 600 prisoners and captured 120 truck loads of munitions and 80 truckloads of provisions.

### Fleets Patrols Vistula

An armored flotilla is patrolling the Vistula river between Warsaw and Thorn to prevent the Bolsheviks from crossing to encircle this city. Many of these boats saw service along the Prigra and Dnieper rivers, some having been captured from the Bolsheviks.

Soviet cavalry is working westward, and was reported at several points west of Warsaw. These horsemen are raiding districts, endeavoring to drive in behind the Polish lines and are spreading consternation among the peasants. It is reported there are several thousand of them.

### Rod Gavalry Makes Headway

The Bolsheviks have a cavalry division upon the extreme right that has entered the headway and against which armored motorboats and other fighting craft are prepared to battle if the cavalry trying to force the Vistula, sever the Warsaw-Danzig railway.

Trains leaving the city continue to be crowded, but Warsaw is really quieter than a week ago.

### RUSSIANS PUSHING FIGHT WITHIN 12 MILES OF WARSAW

LONDON, (AP)—The Russians are pushing their fight for Warsaw within a dozen miles of the capital on the northeast, it is indicated from Sunday's official statement from Moscow.

They report the capture of Radzymin in this sector, and the continuation of the battle along the front, and also near Novo Georgievsk, to the northeast of Warsaw.

### Claims Soldau Captured

The capture of Soldau, 12 miles northeast of Mlawa, also is announced. The statement reads: "We captured Soldau after fierce fighting. Fighting is proceeding along the line of the river Vkra and the regions of Novo Georgievsk and Izgerzh. On August 13 we captured Radzymin. Fighting is continuing on the front of Radzymin, Okuniew and Dysho station."

### Fighting on South Front

In the Vladimir Volynsky region, the fighting is proceeding, the enemy having started an advance near Grabien-Soff. "In the Brody region our cavalry advanced near Radziechoff and Toporoff and occupied Radziechoff village. Along the Dniester and the shores of the Black Sea there is no change. "In the Crimean sector fighting continues on the south bank of the Dnieper."

Sunday's Polish statement conceded the capture of Radzymin, but added that the town was recaptured by the white Ruthenian division and that a desperate struggle was continuing.

### ENGLAND TO RESIST WITH FORCE ANY ATTEMPT TO DICTATE POLICY

LONDON, (AP)—Premier Lloyd George, replying to a question in the house of commons today concerning labor's ultimatum against war on Russia, declared that any attempt to dictate the policy of the government or parliament by industrial action struck at the root of the democratic constitution of the country and would be resisted by all the forces at the government's disposal.

Lloyd George's reply. Mr. Lloyd George asserted that the government's policy concerning Russia and Poland differed in no way from the labor policy and said "the swing of the sledge-hammer at the open door" by labor was intended only for display.

### Do You Believe that Boys and Girls Ought to Know How to Swim?

WE DO! So does everybody else—

Read the following letter, which came to The News, unsolicited and unsought, but which strikes a popular chord with this newspaper and which we believe will be similarly received by every adult man and woman here, as well as by every boy and girl.

Dear Mr. Read: I want you to know how sincerely I appreciate your plan in your Saturday issue in regard to a swimming pool. I remember you had had this on your heart for a long time. As I received the paper one of my men was talking to me about the advisability of taking his class of boys to a pool some twenty miles away. When boys went swimming about twice a day. Had the "hole" been twenty miles away I fear we should have enjoyed that great sport only on the Fourth of July and Christmas. Let's put the swimming pool proposition over. You lead. We'll follow.

W. A. MOORE, Pastor First Christian Church.

Now then, if you agree with the sentiment as above expressed, write a similar short letter to The News (it will be printed in full if not too long) and then, if enough letters are received to warrant a belief that public sentiment really and honestly favors some form of action looking to the construction of a community swimming pool, The News will give to its last ounce of honest endeavor to promote and crystallize this sentiment into an accomplished fact.

LET'S HEAR FROM YOU, ONE AND ALL—IF YOU HAVEN'T TIME TO WRITE, TELEPHONE TO THE NEWS, CITY EDITOR'S DESK, PHONE 32, AND WE WILL UNDERTAKE TO SEE THAT YOUR VIEWS ARE GIVEN EVERY CONSIDERATION.

Every town worthy of the name should have a public swimming pool—most of them have. Shall Twin Falls continue forever to hang behind in a matter of such great public importance as this?

JOIN THIS MOVEMENT; ITS A WORTHY ONE!

### ENGLAND DENIES RECOGNITION TO ANTI-RED CHIEF

Lloyd-George Tells Commons He Has Advised Wrangel that Further Attacks Must Be on Own Responsibility

LONDON, (AP)—Premier Lloyd George stated in the house of commons today that the government had made it clear to General Baron Wrangel, anti-Bolshevik leader in south Russia, that if he further attacked the soviet forces he must do so on his own responsibility.

General Wrangel since then had opened further operations, the premier added, and the responsibility, consequently, was his own.

### OFFICIAL WASHINGTON IS INCLINED TO DISCOUNT ORIGIN

WASHINGTON, D. C., (AP)—Premier Lloyd George's announcement that Great Britain had informed General Wrangel that any further attack by the anti-Bolshevik would be on his own responsibility comes almost on the heels of Franco's recognition of, and promise of material aid to the anti-Bolshevik leader.

Some officials and diplomats here were of the opinion that the situation was not quite as serious as appeared on first examination of the premier's pronouncement. It was said that Great Britain had been aiding General Wrangel and that it was entirely possible that the British government had decided to withdraw that aid, because it did not desire any complications in the anti-Polish armistice negotiations.

The action of France in recognizing General Wrangel is understood to have met with the approval of the American government and the French reply to the American note to Italy on the Polish situation, received yesterday, has disclosed that the United States and France practically are as one in their policy toward Russia.

State department officials said today they had received no information as to whether the British government intended to reply to the American note.

There still was no indication today that the government was seriously considering recognition of General Wrangel. Consideration is being given, however, to plans for extension of support to Poland.

Information reaching the state department direct from Poland was that the Polish government was preparing for a prolonged siege of Warsaw. It was reported that the Bolshevik line northeast of Warsaw had been advanced to within approximately 12 miles of the capital.

(Continued on Page Four)

# ASKS PURCHASE OF GROUNDS FOR AMERICAN DEAD

## French Government is Requested to Set Aside Cemetery at Romagne as the Permanent Resting Place of Soldiers

PARIS, (AP)—In order to prevent any commercial encroachment upon Romagne cemetery, where 23,000 American soldiers have been buried, the French government has been asked by the American army graves registration service authorities to purchase the grounds facing the front of the cemetery, which are now occupied in part by the cemetery, as well as plots at the sides.

The Romagne, Surdes and Belleau cemeteries have been approved by the secretary of war as the permanent resting places of more than 20,000 soldiers dead who will continue to sleep in French soil. Surdes, which is on the slope of Mont Valerien, one of the forts built to defend Paris, is already protected against encroachment of any sort, and the same is nearly true of Belleau Wood.

The extra ground to be purchased at Romagne will not only safeguard the cemetery against any encroachment but will provide areas which will be used by American horticultural experts to surround the hallowed spot with trees and shrubbery. At the present time the cemetery is surrounded only with a long wall, and there is no available space for planting.

The beautification of the cemetery will not begin for some months as most of the bodies in the cemetery now are to be removed to America and this work will not start until mid-September and cannot be finished until sometime next year. After this work is finished bodies from other cemeteries will be moved in.

### UTAH RADIO OPERATORS PICK UP MESSAGES FROM PACIFIC

SALT LAKE CITY, (AP)—Wireless telephone conversation between Los Angeles and Salt Lake City, Utah, California has been picked up by wireless men here, officers of the Utah Radio association, announced recently.

Everett Neely, secretary of the association, one of the parties in a reported hearing the Southern Californians talk, attributed the feat to the size of his aerial, which is 162 feet from the ground and 124 feet between masts. There are few towers so large in amateur work, it is said.

### ALASKAN "BOUR DOUGHS" TO HOLD BANQUET IN SEATTLE

JUNEAU, Alaska, (AP)—Alaska's lodge of "sourdoches," the Yukon Order of Pioneers, which includes in its membership scores who came north in the gold stampede in 1898, is to hold a banquet in Seattle, December 1, commemorating the twenty-sixth anniversary of its founding.

Only pioneers who were in the Yukon valley before July 1, 1899 are eligible. The organization was formed at Forty Mile on the Canadian side of the Yukon, December 1, 1894.

### RAINIER NATIONAL PARK TO HAVE WILD HOSTELRY

TACOMA, Wash., (AP)—Rainier National park near here is to have a hotel next year, it was announced here recently, to accommodate the increasing tourist traffic. The third will be located near Paradise Inn, high up on the side of the snow-capped Mount Rainier. All tourists records were broken at the park this season.

### PINEAPPLE WIELDS ALCOHOL TO KEEP MOTORS RUNNING

HONOLULU, T. H., (AP)—Alcohol for motor fuel is being manufactured here from material left from pineapples after the packing companies have canned the choicest parts. From every 350 pounds of waste from the pineapples, two gallons of alcohol are extracted.

### WESTERN FARM BUREAUS SALT LAKE MEEETING THEM

BERKELEY, Cal., (AP)—Development of farm bureaus of the west will be considered at a western session of the American Farm Bureau Federation to be held at Salt Lake City, Utah, August 20 and 21. Delegates from 11 states are expected.

### PURCHASERS UTAH SHEEP FOR SHIPMENT TO JAPAN

SALT LAKE CITY, (AP)—Utah sheep have been purchased by a Japanese commission of agriculture of Japan, for shipment to the island empire.

In a time when prices are unstable it is important that women should be informed as to the latest fluctuations, that they may solve their shopping problems wisely.

# LEISURE GIVES EASTERN MEN TENNIS ADVANTAGE

Middle West Would Produce Baquet Stars if Not Too Busy Working Living, Says Observer

PHILADELPHIA, (AP)—The reason the east has an advantage over all other sections of the country in tennis is due to the fact that easterners have more time to play the game, according to Dr. Edward T. Paucant, formerly one of the best players in this city, but now of Peru, Ind. He is visiting here.

Dr. Paucant, an Episcopal clergyman is still a keen student and advocate of the sport.

"The middle west has just as good material to work with," he said. "We have stars who would be just as good as the best in the east if they were not too busy making a living all week."

"Take for instance, Ralph Brindley. Here is one of the leading players we have who is so busy he feels thankful if he can get a moment in his hands once a week. Ralph gave Bill Tilden, the world's champion, the hardest fight of a battle a short time ago and was leading 1 to 3 in the first set and 2 to 1 in the second when a volley broke the net. After a 10-minute layoff, Brindley lost his terrific pace and Tilden finally won."

# CHURCHES LEAD WAY TO CLOSER RELATIONSHIPS

## American Episcopal Bishop Receives High Honors at Hands of Greek Patriarch in Constantinople

CONSTANTINOPLE, (AP)—An American Episcopal bishop, the Rt. Rev. James Henry Darlington of Harrisburg, Pa. donned the robes of the Orthodox Greek patriarch and sat in the seat of that dignity at a religious service here recently. He was accompanied by Admiral Bristol, the American high commissioner, Mrs. Bristol and a number of attaches of the American consulate.

Bishop Darlington is making a tour of the Near East for the purpose of establishing closer relations between the Episcopal church in America and the Eastern Orthodox and Old Catholic churches. He is chairman of a com-

mission delegated to confer with the eastern churches and was invited by the Greek patriarch to occupy his pulpit. Bishop Darlington wore his customary Episcopal robe and was much surprised when the Greek patriarch removed his own elaborate robe, together with all the insignia of the head of the Greek church and instead upon Bishop Darlington wearing them while he told the distinguished congregation of the desire of the American church for closer co-operation with eastern churches.

At the conclusion of the service a reception was held in the parish house at which Admiral Bristol was asked to speak and expressed satisfaction at the cordial relations between Greece and the United States, relations which he hoped might become even closer as a result of the drawing together of the churches in the east and west. Bishop Darlington is accompanied by his son, the Rev. H. B. Darlington of St. Barnabas church, Newark, N. J., and the Rev. Lewis Nichols of Look Haven, Pa.

### CLASS IN SMOKING NOT POPULAR AT STANFORD

STANFORD UNIVERSITY, Cal., (AP)—Stanford's most popular summer school course this year, instructors said, was a class in smoking, conducted by Professor Ernest Gail Martin of the physiology department at the university's marine station at Pacific Grove. The course was given to determine the effects of tobacco. Similar work is being done in eastern universities.

# HUNGARY BUILDS UP ARMED FORCE

## Rumors of Attempt to Regain Slovakia Flourish on Developments

BUDAPEST, Hungary, (AP)—Those who charge there is a movement afoot for Hungary to regain by force Slovakia, now part of Czechoslovakia, or Transylvania, point to the food and munition stores being accumulated as evidence to support their contention. It is said that there is now in Hungary American canned food worth more than \$1,000,000 ready for army use. Twenty-eight war tanks and large quantities of rifles have been received. Large supplies of munitions have been manufactured, ostensibly for the Polish forces but the Poles have complained that these have not reached the anti-Bolshevik forces.

Whatever secret intentions some elements may have, it is said, is apparent that Hungary is strengthening its armed force to be in a position to assume a menacing attitude toward Austria, should the Vienna government attempt to take over western Hungary or to combine with Poland should com-

munist become dangerous among the Czechs.

### MEGAPHONES "HULA" SONGS TO LURE TRADE AT DOCKS

HONOLULU, T. H., (AP)—"Jazz" and "hula" songs are being megaphoned at the Honolulu docks by one taxicab driver to woo trade coming from the arriving liners.

A new traffic rule orders chauffeurs to stand by their cars across the street from the dock. One chauffeur who had a weak voice, found little business coming to him until he obtained a megaphone and through it sang songs to attract tourists. His efforts were so successful, other drivers, it is said, are considering introducing music into their lines.

So altogether it would be a great pleasure for you to view this assemblage about which we are so enthusiastic.

### They're Beautiful Dresses

In all our experience we have never seen a group of voile dresses that so fully measure up to our ideas and ideals of what good warm weather dresses should be. Scores of distinctive styles are included. The severest simple and the more lavish ornate are represented as well as every gradation between the two. They await your choosing and of all the lovely things Dame Fashion has designed none are better than these. The come in all colors and combination colors.

### SILK SWEATERS IN CHIC STYLES AT A BIG SAVING

### The Most Charming Silk Sweaters are Now Reduced in Price—All Colors are Represented

Every sweater here is in a new and correct model. The reputation of this store for offering the finest apparel values is amply sustained by the splendid silk sweaters now offered at a reduction of one-third in price. It is impossible to duplicate them at these prices. We have not confined our stock to any one distinctive style—we have endeavored to include something for everyone. Admirable indeed is the careful manner in which every one of these sweaters is made and it adds not a little to their attractiveness.

### Fashion's Latest Styles Included

And as for styles—it would be impossible to describe them in this limited space. They are wonderfully fetching and becoming and here is such a great diversity of them contained in this exhibition that we couldn't hope to do them justice in word description. But if you want to view the loveliest sweaters for fashionable women, you can see them here—marked at reduced prices.

### A DAINTY COLLECTION OF KAYSER SILK GLOVES

### Long and Short Silk Gloves are Offered at Very Special Prices

Every wardrobe should have a quantity of new silk gloves—for gloves give the finishing touch that completes the ensemble. With this in mind we are now offering white and black Kayser silk gloves, plain and fancy, at reduced prices.

### SPECIAL AT \$1.50, \$1.00 AND 85c

Short black and white silk gloves, special a pair for this event, white gloves \$1.00; black gloves 85c.

16 - button black silk gloves, trimmed in white. Regular \$2.50 values. Special at \$1.50.

These are truly dress gloves because of their good quality and the very fine stitching that appears on them. It would be well to buy several pairs of them now while we are offering them at these reduced prices.

CLASSIC PENTATHLON STARTED TODAY IN BELGIUM CITY WITH ALL-WORLD ATHLETES ENTERED

Olympic Stadium at Antwerp is a Beehive of Industrious Stars of All Departments in Sports—Laurel Wreath of the Ancients to Crown the Head of Winner—Intense Interest in All the Events

ANTWERP, (AP)—The classic Pentathlon—five tests of strength, speed and skill which the athletes of ancient Greece thought showed the measure of manhood—was attempted today in the Olympic stadium.

These tests were: Two hundred meter run, 1500 meter run, running broad jump, throwing the discus and throwing the javelin.

Crown of Laurel. The winner will receive, instead of the laurel wreath of the ancients, the Olympic gilt medal and statuette, and will have the honor of having his name inscribed on the list of the athletes offered by the king of England, which was won in Stockholm by F. E. Boie of Norway.

The modern Pentathlon consists of five entirely different events: Rapid pistol fire at 25 meters, 300 meter swimming, 100 meter fencing, a 5000 meter cross-country race, and a 4000 meter race across country on foot.

Preliminaries in the Greco-Roman wrestling competitions began today at the Antwerp Zoological gardens. In order not to conflict with the athletic events the remainder of these contests are to be held on August 24.

Permitted Three Entrants. Each nation is permitted three entrants, with only two actual competitors in each of the five categories of weights.

Featherweights, up to 132 pounds; lightweight, up to 148.5 pounds; middleweight, up to 165 pounds; light-heavyweights up to 182 pounds and heavyweights, above that figure.

All four American entrants in the 100 meter Olympic running event qualified for the final in the semi-final this morning. They are J. V. Scholz, University of Missouri; Loren Murchison, New York A. C.; Charles W. Padlock, Los Angeles A. C., and M. M. Kirkey, Olympic club, San Francisco.

In the third heat of the 5000 meters, Sproni of Italy was first; Nurmi of Finland, second; W. R. Seagrove of England, third, and Lundstrom of Sweden, fourth. E. F. Hunter of the Olympic club of San Francisco, was distanced, finishing sixth. The time was 15 minutes 27.3 seconds.

Kolehmainen Gets In. In the first of four heats of the 5000 meter run, Falk of Sweden, finished first; J. C. Irwin of England, second; Hans Kolchmans of the Netherlands, third, and C. Purman of Purdue university, fourth. All qualified for the final. Thomas Towns of Canada was distanced. The time was 15 minutes 17 seconds.

YANKEES HAVE COMING STAR IN YOUNG MEUSEL

For a kid in his first year in the majors, Bob Meusel of the Yankees is becoming more and more a wonder. To see the youngster "burn" in a game by this young star is most amazing even to the oldest followers of the game.

In right field Meusel already has proved his worth, and, of course, one need say nothing about his prowess at the bat. Not that his average is mounting about .400 or anything like that, but his form at the plate has improved consistently, even though his percentage has fallen a bit.

ROCKFORD, Ill., (AP)—Ollie Wright, pitcher, has been sold to the New York Nationals, President Bell of the Rockford Three-I club announced today.

BRITISH RACING ENJOYING ERA OF PROSPERITY

Jockey Club Has Increased All Stake Purse and Everybody Seems Happy

Evidently horse racing in England is enjoying the same era of prosperity that is visiting the sport in this country. Advisers from the other side indicate that immense crowds have attended all of the big events held there thus far.

This action by the Jockey club is regarded in England as being but the forerunner of a general and material increase in the values of practically all of the principal stake events. It is confidently expected that Epsom and Doncaster will follow Newmarket's lead and that Epsom will increase the value of the derby and Oaks and that Doncaster will do likewise in the case of the St. Leger.

COUNTING CHICKENS BEFORE THEY HATCH

CLEVELAND, O., (AP)—Work incidental to the alignment of tickets for the world's series, provided it is played here, was started today when the Cleveland club announced that applications will be received. Until the race is decided no money will be received with the applications.

As League park is smaller than any park in which world series have been played recently, each person will be limited to two tickets.

GOES BACK

KANSAS CITY, (AP)—Cornelius Hoche, a utility player with the local American association team, has been sold to the St. Joseph club of the Western league.

Classified Ads are cheap—effective.

RECORDS DON'T SHOW PLAYER'S PROPER WORTH

Sanborn Gives Some Concrete Examples of How Figures Lie in Baseball

By I. E. Sanborn. There is a vast injustice in the existing method of recording a ball player's work in figures. Everybody admits it, but none of the suggestions for changing the system of official averages improves things very much, except those which involve radical revisions which would make comparisons with old records impossible.

Cubs as Examples. Concrete examples are to be found in Dave Robertson and Charley Deal of the Cubs. They are not the only ones, but they are selected to point the argument. Their managers know them and appreciate them at their real value, but the average run of fans do not.

Lever to Boost Pay. Until some way is found to indicate and make permanent a player's work in winning ball games this injustice will continue and batting averages will be merely a lever for the player to use in boosting his salary.

No Change in Sight. There seems to be no way to correct this injustice without radical changes which are furiously opposed by the majority of fans and statisticians. Any revision which would make impossible comparisons between the players of today and those of former decades invariably meets with intense disapproval.

FIGURES ON PITCHERS

Young pitched a full game when he worked on the slab, as a rule, and in some measure was responsible for the pitching in the whole of that game. Winings man, pitchers get credit for winning a game in which they may work only an inning or two, and likewise charged with defeats for which they are in no way responsible, if they happen to be on the slab in the particular round in which some fielder boots an easy chance and loses the game, although the pitcher who is held responsible in history may have pitched in only that one inning.

Still there are those who insist that the greatest interest in baseball lies in comparing players of today with those of yesterday, when those who really know baseball and have known it intimately for thirty or forty years know there is no comparison possible. Conditions are different, for one thing, and so are the players—as a whole.

BASEBALL

SAME OLD THING

CHICAGO, (AP)—Sam Langford won a newspaper decision over Sam Mey Saturday at East Chicago, Ind., in a slow and uninteresting ten-round fight. The crowd boomed Mey repeatedly because of his stalling tactics. Langford forced the fighting and was credited with winning seven rounds. Many spectators left before the fight ended.

CRITICS ALWAYS FIND FLAWS IN OUR CHAMPIONS

Even Dempsey and Benny Leonard Do Not Satisfy the Hypercritical Fan

BY RAY PEARSON

There never has been a perfect champion, if we are to believe the followers expressed by a majority of the opponents of the game of pugilism. There are ways some fault to be found with a titleholder, no matter who that titleholder may happen to be. For instance, take Jack Dempsey, world's heavy-weight champion. Now, regardless of what Dempsey has done in the ring, which really is wonderful, we hear the wall oozing from the lips of a lot of fans that "take it" Jack Dempsey has a weak spot; then take Benny Leonard, the lightweight champion of the world, and, as in the case of Dempsey, the fans find something about Leonard's fighting to criticize. It's the same with other champions—they are right in a lot of respects but wrong in others.

The arguments that one hears about the weaknesses of the boys who have fought to the top are ridiculous. Dempsey's case it is argued that the Salt Lake heavyweight isn't a champion like some of those of the past because he has shown evidence of not being able to "take it" and for the rest. Take it, of course, means taking punishment.

DOESN'T NEED TO

To combat this argument it is necessary to hit the nail directly on the head. In other words, to state that Dempsey is just the kind of a champion who doesn't need to "take it" and just the type that doesn't need to go the route. When a fellow possesses the attacking force or the punching power of the champion it is unnecessary for him to take punishment. He delivers the punishment so quickly himself that he wins with early knockouts and for the rest of the fans who think him unable to

go the route still are permitted to argue. At best it is a bum argument. A lot of fans base their argument that the champion can't "take it" on Dempsey's fight with Gene Willard, in which Jack won the title a little more than a year ago at Toledo. They'll all tell you that when Big Jess caught Dempsey on the chin with a right uppercut in the second round, the shock Dempsey from the top of his head to the bottom of his heels. Right-o, brother, right-o. Dempsey was stung all right, and we'll go a bit further and say that he was slowed up. But it is unnecessary to go a bit further in the admission line, for the result of that contest should settle all arguments about Dempsey's ability.

DEMPSEY WAS TIRED

One round of strenuously such as Dempsey and Willard went through in that Toledo affair seldom happens in any championships. To suffer all the punishment that Willard suffered is one thing and to deliver that punishment is another. When Dempsey started that second round he was tired, for who wouldn't be tired after knocking down a man who outweighed him nearly fifty pounds six times and punching him a couple of hundred times with all his might he could put behind those punches? If the man who did that wasn't tired he would be superhuman.

Dempsey did not fight the second round at the pace he set in the first, and he didn't knock Willard off his feet. He couldn't do that without the danger of fighting himself out. He slowed up and he allowed Willard to take a hand in the attacking business. That was how Willard got the chance to shoot the right uppercut that shook up Dempsey. But it did no serious damage and after the battle Dempsey told the writer that it didn't hurt him.

THIRD ROUND SHOWS POWER

If that upport had shown weak knees at some of the follows contend that Dempsey possesses how could he have come back in the third round with an attack which almost "murdered" big Willard and sent him staggering to standing up, a chair that he couldn't leave to resume the fight? When Willard's towel went flying into the ring there went with it an answer to the guys who think Dempsey can't go the route. Jack was fighting better in that third round than he did in the second!

# AMERICANS WIN LEADING PLACES IN HURDLE RACE

### Frank Loomis of Chicago First with Two Other Yankees Right Behind Him

ANTWERP, (AP)—Frank Loomis of the Chicago A. A. won the final in the 400 meter hurdles today. The first three places all went to American competitors.

J. K. Norton of the Olympic club, San Francisco, second, and A. G. Desch, Notre Dame university, third.

Grenewald and Ericson finished fourth, Carl Christensen of Sweden, fifth, and Charles Dages, Los Angeles A. C. sixth.

The time was 54 seconds flat. The world's record for this event was 53 seconds, made by C. Bacon in the United States in 1908.

### Sets a Record.

Frank Loomis of the Chicago A. A., the winner of the event, established a new world's record of 51 seconds flat for the distance, beating the old record of one second. Had he continued less than two yards farther he would have broken the world's record for the 440 yard hurdle.

Loomis led safely all the way, and won by three yards from J. K. Norton of the Olympic club, San Francisco, the second man. A. G. Desch, of Notre Dame university, was third, since by inches from Georges Andre of France, with Carl Christensen of Sweden, fifth, and Charles Dages of the Los Angeles A. C., close up in fifth and sixth position, respectively.

Both Walker Smith, Chicago A. C., the hurdler, and John Ray, the Illinois crack miler, pulled tendons while training on the outside of the stadium. Ray pulled a tendon in the ankle and Smith one in the thigh.

Lightness of Finland won the ancient portion of the Olympic games, contested in the stadium here today, scoring 14 points. Everett L. Bradley, University of Kansas, was second with 25 points. (The least number of points determined the winner.)

## BASEBALL TEAM-WORK WINS SUCCESS IN BUSINESS AND ON THE DIAMOND

COMMONWEALTH MOTORS BASEBALL TEAM

CHICAGO. —"Baseball is at the bottom of the success of our factory. The spirit of baseball animates our employees at their work. On the diamond and in the shop, they play the game."

Robert H. Quayle, Jr., is the manager of the manufacturing department of the Commonwealth Motors company at Joliet, Ill. He is also manager of the factory baseball team, which is the champion of its district. He plays in every game. He believes the national pastime is a valuable business asset for any firm.

"Individual efficiency and enthusiasm combined with team work are the secrets of our success on the ball field and in the factory," Mr. Quayle continued. "We play ball on our town. Every fellow is keyed up to concert pitch and is out there doing his best to win victory for the team.

"The man work in the shop in the same way. They put the same pep and interest into their tasks that they put into making baseball bats. I have filled them with the idea that the spirit that wins at baseball wins in business. I don't have to watch anybody. I know that all the time every man in the shop is battling 300 in his work. With the team spirit that animates the whole force, no slacker would be tolerated. A loafer would be treated as one who had double-crossed his team mates.

"I believe our shop is one of the most efficient in the country. The success of the Commonwealth car in domestic and foreign markets has been one of the romances of modern business. But it never would have been what it is except for the baseball spirit that inspires the workers in the plant and keeps them at the top of speed and excellence individually and as a group."

## BOUNDARY DEMARCATION STIRS GERMAN PROTEST

### Objection is Raised to Outing East and West Prussia from Vistula

BERLIN, (AP)—On receipt of a note addressed to the president of the German peace delegation in Paris regarding boundary demarcation in the West, Prussian publicists and the German government has instructed its representatives in London, Paris and Rome to present a note to the supreme council and to the governments in the capitals named in which protest is made against cutting off east and west Prussia from the Vistula, according to a semi-official communique published today. This note contained:

"The government herewith solemnly makes protest against the decision of the supreme council. It must repudiate the assumption of any responsibility for the consequences that will necessarily ensue from the decision. It cannot recognize the decision, which is incompatible with provisions of the peace treaty."

## Today's Markets

### New York Stock Market

NEW YORK, (AP)—Foreign affairs and the increasing outflow of cash to crop moving centers served as a further check to bullish operations in the stock market today. Sales approximated \$27,000 shares.

Prest complication in the foreign situation and indications of further strain on local financial resources caused an irregular selling movement at the opening of today's stock market. Shipping, oils, motors and steels were under severe pressure, losing 1 to 4 points. Improvement was shown by several of the active railroad issues, probably as a result of better credit conditions. Exchange on London continued very unsettled, early rates for demand bills falling slightly under last week's final quotations.

Price movements became more conflicting later, Crucible Steel and several of the sugar issues rising briskly, while American Car and related industries reacted. The closing was heavy.

### Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1-2's \$90.12; first 4's \$84.32; second 4's \$84.18; first 4 1-4's \$84.78; second 4 1-4's \$84.30; third 4 1-4's \$87.90; fourth 4 1-4's \$84.72; Victory 3 3-4's \$95.52; Victory 4 3-4's \$95.52.

### Grains and Provisions

CHICAGO, (AP)—Liberal receipts and a lack of support today carried wheat prices off 1-4 to 2-3-4c at the start with December \$2.36 to 2.37 and March \$2.39 to 2.41. Trading was exceptionally light and for a time prices hovered about the initial quotations. Hedging sales were a factor.

Reaction by cash interests caused the wheat to rally to some extent but hedging sales became a factor and sent the prices to a lower level, the close being weak, with prices down 1-1-2 to 3-1-2c, December finishing at \$2.36 1-4 to 2.36 1-2 and March \$2.39.

Corn sympathized with wheat. Sell-

ing by several strong commission houses caught the local element generally long and prices which started 1-8c higher to 1-8c lower, dropped sharply, there being a lack of support on the way down. Initial quotations for September were \$1.48 1-2 to \$1.49 and December \$1.23 7-8 to 1.24 1-4.

Beneficial rains reported over sections of the corn belt where moisture is needed, caused a reaction in corn prices, but when pressure appeared, a decline set in with September in the lead, and September in the lead. This had considerable influence on the deferred deliveries. The close was heavy with prices 1-4 to 2 7-8c net lower. September being \$1.45 5-8 to 1.45 3-4 and December \$1.23 to 1.23 1-2.

Oats were dull at the start and there was a lack of aggressive pressure. Opening quotations were unchanged to 5-8c lower, with September 70 3-8 to 70 1-2, and December 69 1-2 to 69 5-8.

Provisions started firmer with hogs, but selling of October lard by speculators turned the market easy. The trade was not large, the packers doing little.

### Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red \$2.52 1-2 to 2.51 1-4; No. 3 hard \$2.53 1-2 to 2.55; No. 2 northern spring \$2.53 to 2.58.

Corn No. 2 mixed \$1.59 to 1.61; No. 2 yellow \$1.60 to 1.63 1-2.

Oats No. 2 white 72 1-2 to 75c; No. 3 white 69 3-4 to 73 1-2c.

Rye No. 2 \$2.02 1-2.

Barley \$1.95 to 1.10.

Timothy seed \$8 to 11.

Clover seed \$25 to 30.

Pork nominal.

Lard \$18.70.

Ribs \$15.50 to 15.75.

### Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour unchanged to 5c lower; in carload lots, family patents, quoted at \$13.95 to 14.50 a barrel in 98 pound cotton sacks.

Bran \$11.50 to 11.58.

Oats 64 7-8 to 65 1-8c.

Barley 83c to \$1.04.

Rye No. 2 \$1.88 5-8 to 1.90 5-8.

Flax No. 1 \$3.32 to 3.34.

### Chicago Livestock

CHICAGO, (AP)—Cattle receipts changed to 29,000; generally steady; good and choice steers steady to strong; top 107.50; bulk choice \$10.25 to 17.10; other steers slow to 25c lower; good grades \$15 to 15.75; grassers \$9.50 to 14.00.

Hog receipts 32,000; steady to 10c higher than Saturday's average; early top \$16; bulk light and butchers \$15.00 to 15.85; bulk packing grows \$14.25 to 14.50; pigs strong.

Sheep receipts 24,000; killing classes steady to 25c lower; very good Idaho lambs \$13; top native \$12.85; bulk \$12.50; fat cows largely \$7 to 7.25; feeding lambs opened steady; \$12.25 down.

### Omaha Livestock

OMAHA, Neb., (AP)—Hog receipts 6,000; mostly 10 to 15c higher; medium and light butchers to shippers \$14.50 to 15; top \$15.25; strong weight and packing grades \$14.20 to 14.60.

Cattle receipts 10,000; good and choice fed steers unevenly higher; top an strong weight heaves \$17; others and she-stock mostly 25c lower; bulls steady; stockers and feeders steady.

Sheep receipts 30,000; lambs and yearlings mostly 25c lower; best range lambs \$12.25; yearlings \$8.25; sheep and feeders about steady; best early sale feeding lambs \$11.85.

### Kansas City Produce

KANSAS CITY, (AP)—Butter, extra, creamery 57 to 58c; packing butter 58c.

Eggs, firsts 47c; seconds 46c; selected case lots 51c.

Poultry hens 27c; roosters 17c; broilers 34c; spring 25c lower, 31c.

### Chicago Produce

CHICAGO, (AP)—Butter unchanged; creamery 44 to 51c.

Eggs lower; receipts 7,376 cases; 45 to 46 1-2c ordinary firsts 40 to 42c; at mark, cases included 43 to 42c; storage packed firsts 47 to 47 1-2c.

Poultry alive higher; fowls 29 to 34c, springs 28c.

### Potatoes

CHICAGO, (AP)—Potatoes steady; receipts 50 cars; Virginia \$5.50 to \$5.75 per bin; Jersey Cobblers \$3.25 to 3.45 per cwt.; Minnesota Early Ohio \$2.95 to 2.75.

## COAL OPERATORS REFUSE.

(Continued from page one)

sion made its findings was the contract effective in 1913, showing that the day labor by its award would advance 11 per cent while the tonnage men would advance but 88 per cent.

Under the contract, the figures, this method was a distinct departure from the established custom of the miners and operators in determining the relative advance of the day men and the various classes of labor; the established custom being to fix the pick mining rate and to measure all other labor by the percentage of such advance or decrease.

"Under the award of the bituminous coal commission the pick mining rate was advanced 27 per cent over the then existing contract. The day men and monthly men were advanced but 20 per cent.

"This seeming discrepancy has caused much dissatisfaction among the day labor in some of the districts of the central competitive field, resulting in the closing down of mines and curtailment of production so necessary at this time. A majority, however, of the miners of the central competitive field have continued at work and are carrying out the contract.

### Operators' Proposal

In order to conform to the established custom long practiced of fixing wages and to prevent any further curtailment of production at this time, the operators will correct the seeming inequality of the present contract by advancing the wages of the day men and monthly men to the equivalent of the advance to the pick miners.

"They will consider no other matters."

The operators' sub-committee was named as follows:

John Donaldson and William Henderson of Western Pennsylvania.

M. L. Gould and P. H. Penn of Indiana.

E. C. Searis and H. C. Perry of Illinois.

C. Maurer and G. C. Weitzel of Ohio.

The miners on the sub-committee are: Robert B. Gibbons and Wm. Hargest of western Pennsylvania.

Ed. Stewart and William Mitch of Indiana.

Frank Farrington and Harry Flashwick of Illinois.

John Moore and Lee Hall of Ohio.

After being in session an hour the sub-committee adjourned until 2 p. m.

### ENGLAND DENIES RECOGNITION

(Continued from Page One)

A dispatch today from Helsinki said that Finland and soviet Russia had concluded an armistice last Friday night. The old frontier between Finland and Russia with certain minor exceptions, was agreed upon and Russia was not to have navigable access to the Gulf of Finland.

The armistice was to be effective from noon August 15. For 31 days, it was to be terminable upon ten days' notice by either side.

In a time when prices are unstable it is important that men should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

## COX WILL CONTINUE HIS ATTACK ON REPUBLICANS

### Democratic Presidential Nominee Promises to Press Campaigns Against Opposition

COLUMBUS, O., (AP)—Governor Cox today prepared to press his onslaught against his republican opposition in three addresses this week. He is to speak here tomorrow at the democratic state convention, at South Bend, Ind., on Thursday to the state democratic editorial association and next Saturday at a "Cox day" celebration at Canton.

Governor Cox's remarks tomorrow are expected to outline constructive promises. The governor is considering a definite statement on the application he would make as president of the general progressive policy he has announced.

In forthcoming addresses, it is understood he will continue to stress the principal line of attack he gave last Saturday in his five speeches through Ohio and at Wheeling, W. Va.

Laid in the diamond fields of Africa. Adventure land of the world's soldiers of fortune. Dumping ground of the world's sharpers and thugs.

A romance of smuggled gems, of woman's lure and folly, of heartless false imprisonment, of a he-man's sacrifice for a love that triumphs.

SPORTS

(Continued from Page Three)

and was making his own pace, a terrific one, which was far too punishing for Willard to stand.

Undoubtedly Dempsey will show that he can take punishment and go the route if he ever finds it necessary to do so, but, judging by the class of heavyweights that now exist, he won't find it necessary as long as he carries that knockout stuff in both of his hands.

New About Leonard

The explanation of Benny Leonard's weakness is just about on a par with the criticism aimed at Dempsey. They say that Leonard isn't a perfect fighter because he wastes his dancing, prancing in and out fighting in too wearing and that were Benny engaging in a long distance battle—twenty rounds or more he would find himself all in before he reached the eighteenth round. Admitting that Leonard does pull a bit of footwork—maybe a bit more than is necessary—we find that he can do so without any danger of wearing himself in ten round contests, the distance he is forced to travel in most of his bouts.

Leonard is smart enough to know if his feet were too much energy in and most folks are willing to allow Benny to be the judge. If his dancing style hurts Leonard's fighting in the eyes of the fans most of the critics who profess to know something about the game will gladly take issue with them on the subject.

Brief Bits of Sport

For the sake of saving type and space this department will, henceforth, mention Babe Ruth's home runs only when he makes none.

Is it merely coincidental that the Vernon club of the Pacific Coast league is winning only a very minor proportion of its games since the bribery exposure?

Perhaps the shock has merely shaken the morale of the club, who knows?

Anyway the Salt Lake Bees widened the gap between first and second position in the Coast standing of clubs, with Vernon and the white Salt Lake moved up some more.

Also, has the Cleveland club cracked. Lookout!

Anyway that's getting to be a fair sort of baseball race in the American league.

Jack Kearns, manager of William Harrison Dempsey, says the champion is in fine fettle and needs only take a pound or two to be ready to meet Billy Mike on Labor day.

Accepting that statement as a portion of the gospel then we'll say that the champion will never enter the ring at his usual weight, 187 to 190.

Sim Smiley, agebrush sage, says: "Marry a woman with a lot of relatives like holdin' a green an' drawin' a full house."

If both Earl Maggett and Babe Borchers are telling the truth a lot of other baseball people are telling lies.

There be jinxes and jinxes, but that jinx that pursues the Salt Lake club is about the most relentless institution ever happened.

The Bees are minus the services of Center Fielder Earl Maggett through discharge; Manager Eric Johnson has a broken hand; Slugger Bill Rumlör yesterday suffered a dislocated knee and Eddie Mulligan is playing short in his knee, and now the Brooklyn club has recalled Outfielder Hood.

Now, the outfield will be composed of Butch Byler, a catcher; Wallace Hood, a recruit; and Frank Hoop, a spavined veteran of many years.

Perhaps a little more of that spray recommended by entomologists for the extermination of plant lice might do to use on some of the Pacific Coast baseball clubs.

Harding Dowling, proprietor of the Manhattan Boxing club of Salt Lake, will formally open the season's mitt entertainments on Labor day.

Ad Wolgast has been heard from. The former lightweight champion a year ago weighed 160 pounds; today he scarce fills the bean at 135 and is said to be in prime condition.

You see Ad went to the bad. Then he heard of this goat gland business. He went to Paris and entered a French hospital where the shrubbing gland was removed and replaced by an especially fine goat's gland. Now everything with Wolgast is hunky-dory and

he says Benny Leonard will now have to answer to him.

Have you a hum gland?

Sam Langford won a newspaper decision over Sam McVey in East Chicago the other day.

You wouldn't be a bit surprised to see this twain matched for another, would you?

Of course not!

NEW CHAMPION.

ALBION, O., (P)—Frank Jackson of Kellerton, Ia., Saturday won the horse shoe pitching championship of the United States for the year. The total work was 1790. Jackson won 35 straight games and lost none until he met Charles Habbitt, Laganer, O., pitcher in the afternoon of the following week. Habbitt won 50 to 40, but he was still five points behind Johnson, owing to two previous defeats.

NOTICE TO CONTRACTORS.

Notice is hereby given that the Mayor and the Council of the City of Twin Falls, Idaho, on the 23rd day of August, 1920, at the hour of eight o'clock in the afternoon of said day, at the City Waterworks Building, 160 Second Avenue North, in the City of Twin Falls, Idaho, will receive and open sealed bids and proposals and award a contract for the construction and most responsible bidder complying with the provisions of this notice, for the construction and the completion of all cement sidewalks and curbs and curbs and the location of which are described in Ordinance No. 307 of the said City of Twin Falls, Idaho, which Ordinance is found on page 35 of Book 2 of the council proceedings of said city in the office of City Clerk of said city, and which ordinance creates Local Improvement District No. 36 of the said City of Twin Falls, Idaho, and also for the construction and completion of sidewalk intersections and cross-walks made necessary by the construction of the sidewalks described and mentioned in said Ordinance No. 307.

Said sidewalks are to be constructed and completed at the places and locations, and upon the streets, avenues and alleys, and in front of the lots and property situated and mentioned in the said ordinance No. 307, and upon the grade or grades and of the material and consistency and in the manner specified and set forth in the plans and specifications for the sidewalks and cross-walks, known as the one-piece work or work plans and specifications now on file in the office of the City Clerk of the said City of Twin Falls, Idaho. Said sidewalk intersections and cross-walks are to be constructed upon the grades and of the material and of the consistency and in the manner provided in the said plans and specifications hereinbefore mentioned. Proposals showing the estimated amount of work to be done and the class thereof can be obtained by applying to the office of the City Clerk of the said City of Twin Falls, Idaho.

The said work will be paid for as follows: Ten per cent of the cost of construction, based upon the City Engineer's estimate thereof, found to be earned and due at the end of each calendar month; the whole thereof within sixty days after the completion of the whole of the said work, and the acceptance thereof by the city engineer which acceptance shall be evidenced by the receipt of the city engineer for the said work is completed in all ways in compliance with the terms and conditions of the contract. The payment of the construction of the sidewalks and cross-walks shall be made in cash at the times hereinbefore mentioned.

There must accompany each bid a certified check upon some bank located in the City of Twin Falls, Idaho, drawn to the order of the City of Twin Falls, Idaho, in an amount equal to ten per cent of the amount bid; said check to be forfeited to the City of Twin Falls, Idaho, in the event that the successful bidder does not enter into a contract for the performance of the work.

A satisfactory survey made in an amount equal to 60 per cent of the amount of the contract, conditioned for the faithful performance of the terms and conditions of the contract to be performed by the contractor must be given to the City of Twin Falls, Idaho, by the successful bidder at the time of the execution and delivery of the contract.

The Mayor and the Council reserve the right to reject any and all bids. Dated August 12th, 1920.

W. A. MINNICK, City Clerk of the City of Twin Falls, Idaho.

# OFFICERS SEIZE CACHE OF BEER

Big Stock of Home-Brewed Ale Found in Hansen Ice House — Lynch Pleads Guilty

Ice-cold, ready to serve and just the kind for such a day as yesterday 249 plants of ale, not the "Brown October" kind of Robin Hood days, but a home-brew manufactured after a crude recipe of crude materials and by crude machinery, rich in color and said to be of considerable "kick" content, were confiscated Saturday night by local officers of the law from a cache at Hansen.

This ale was discovered in a hole excavated deep in a store of ice in the E. J. Lynch icehouse at Hansen. The bottles were surrounded on all four sides with ice-cubes, and then covered with straw on top. The leverage was seized after Sheriff A. N. Sprague, Prosecuting Attorney Frank L. Simpson, Deputy Sheriff Ben J. Brown and former Sheriff Frank Kendall had followed the hot trail that led to the cache. The beer was brought to Twin Falls and secreted in the courthouse as evidence, the most of the forny party returned yesterday morning to Hanna and searched the E. J. Lynch house where a complete brewing outfit was discovered, together with several barrels of malt. This, too, was taken in charge and Lynch was arrested.

In the probate court this morning Lynch entered a plea of guilty on arraignment and is being held under \$500 bonds for further action in the district court. Lynch is about 50 years of age and has been in the ice business at Hansen some time.

## SEEK TO FORECLOSE

The sum of \$1800 is involved in a suit started in the district court this morning by Attorney John Graham for the De Tweed Northweaters & Pacific Hypothecbank against Lois Snow, Patrick H. Snow and others. The plaintiff asks permission to foreclose a mortgage covering the amount mentioned.

## RANCH HAND PAYS FINE

Billy Griffin, a hand employed on the Robert Brown farm near Rock Creek was tried in the police court this morning on charge of drunkenness and disorderly conduct. He entered a plea of guilty and was fined \$50 and costs, the total being \$57.50. Griffin was arrested Saturday evening.

# SEASON'S RECORD FOR HIGH HEAT BROKEN AT 100 MARK ON SUNDAY

Temperature Goes With a Rush to Century Point, Three Degrees Above Any Mark Touched in 1920 and Two Better Than Last Year—Extraordinary Expedients Used for Keeping Cool

The highest temperature of the summer season in Twin Falls was recorded yesterday when the mercury touched 100 in the shade at the government observatory here. The previous high temperature this year was 97, with 98 high in 1919, according to reported records.

Yesterday's high heat was preceded early in the day when the mercury began to hurriedly mount toward the top. Before 10 o'clock the 90 mark had been reached and by noon it was apparent that the season's record would probably be reached if not passed. The mercury stiffly rose up from the east, stood at 95 and then took a toehold and shot upward; the century mark being touched at about 9 o'clock, when a recession occurred. The decline, however, was slow until after bedtime, 10 o'clock showing an unaccountable degree of heat for the sleeping time. Low was recorded about 4 o'clock this morning, when, though a breeze stirred the mercury shot upward again, giving early evidence of making another try for a high record today.

During the greater part of yesterday there was no breeze at all. For a short while about supper time a fairly stiff zephyr came up from the east, but there was no coolness in the wind, and when it died down the heat again became oppressive in the extreme. The public park and other shaded areas were popular with the people of Twin Falls all of Sunday, and in the afternoon most of the people had either deserted their heated domiciles or taken extraordinary measures toward cooling off those homes. Water in profusion was squirted on roof and house side, but the relief afforded through this means was merely an evanescent comfort, and the people then took to sitting on shaded sections about the house with water sprinkling nearby from garden hose.

Local residents who make excursions out of town found conditions equally oppressive in the country districts, as shown by the dusty roads, and scores turned their head homeward early in the day rather than continue journeys through a heat as oppressive as night from the burning sands of a Sahara desert.

## HODGINS CHAIRMAN OF COUNTY REPUBLICANS

Central Committee Organized for Campaign—Democrats, Too, Select

Members of the republican county central committee for Twin Falls county as composed since the primary elections of August 3, sat Saturday afternoon in the probate courtrooms at the courthouse and organized for the ensuing two years with the re-election of S. L. Hodgins as chairman, and John C. Harvey as secretary. Members of an executive committee, elected at the meeting are Wilbur S. Hill, W. O. Taylor, H. C. Van Audenland, all of Twin Falls; William L. Green, Jr., of Buhl, and Ray M. Besenclump of Oliver precinct. The chairman was authorized to appoint a finance committee of five members.

Organization of the democratic county central committee also was effected Saturday afternoon, the members meeting in the district courtrooms. W. B. Lawrence, Twin Falls, was elected chairman and J. P. Martin, Twin Falls, secretary. The new chairman succeeds J. M. Dimond and Mr. Martin was elected to fill a vacancy in the office of secretary existing since the departure of James D. Whelan for Boise, where he became editor of the "New Freedom." Appointment of the members of an executive committee was delegated to the chairman.

Dr. J. P. Meyers has changed his office in the Twin Falls clinic building over the United Stores.—adv.

# SCHOOL NEEDS BLUE'S THEME

City Superintendent Addresses Large Throng in Urge for Educational Progress

Taking advantage of the cooler conditions in the park and the fact that there was to be delivered an address on matters of education hundreds of Twin Falls residents gathered last night on the bandstand in the city's public area and listened to a splendid talk by Superintendent Hal G. Blue, of the local educational department.

Mr. Blue spoke in connection with the regular Sunday night union church services occupying the pulpit instead of the Rev. A. G. Bonnett of the First Methodist church. Music for the services was furnished by the Methodist church choir.

The address, though mainly statistical, was interesting and inspiring in that it dealt not alone with local school and educational conditions but included the country in general as communities, cities and states are affected by the educational movement. Mr. Blue deplored the present system of employing in the school rooms persons not regularly trained for educational work, and urged for a higher standard of requirements for candidates to educational staffs. In this connection he showed that many thousands of persons who have not entered high school are annually employed in this country as teachers, and that more thousands who have not passed through high school find employment as molders of the young mind.

## People Broil While Weather Makes Record

MADE no difference yesterday whether one wandered or not, one went pastured with excessive heat. It met folks at every turn from early morn to late night, smiling hip and thigh with its heat-laden breath. It started business hunting folks down as folks also hunted down the creative sage hen. But the heat won the day's combat; and the night's too, for that matter.

Sunday, August 15, will be marked down in history of the community as the hottest day of the 1920 season. It was 100 in the shade according to the observer at the local government kiosk. This mark is five degrees higher than on Saturday, which was considered by most people "some, warm." Last night's low temperature was 55, or four degrees above that of Saturday night.

## VETERINARIAN RETURNS

Dr. W. A. Sullivan, veterinarian in charge of hog cholera eradication in this state, has returned from Salt Lake and Idaho, where he spent last week on matters having to do with his department. Dr. Sullivan leaves tomorrow for Boise to attend a conference with State Veterinarian John D. Adams for a conference relating to hog cholera control work of the state.

## SEEKS COURT JUDGMENT

E. L. Ashton, acting for the plain tiff, has filed in the district court an action for C. A. McMaster against S. C. Dunn asking judgment for \$1100. The suit is based upon a promise to pay that amount for cattle delivered in July, 1919.
