

# SALVATIONISTS RE-ORGANIZE TO MEET NEW CALLS

### Organization Enters New Era Involving Redistricting of the Country for Administrative Purposes

NEW YORK, (AP)—A far-reaching re-organization of the Salvation Army, designed to put it in a position the better to meet the enlarged demands that not only a complete reorganization of personnel, but also a redistricting of the entire country for the Army's administrative purposes.

Remaining as head of all the Salvation Army forces in the United States is Commander Evangeline Booth, who has rendered 15 years of service here. She continues as commanding officer of all the Army's forces in the United States and Hawaii, but with limited authority delegated to her in recognition of her successful direction of the war-time efforts of the organization both at home and abroad.

For administrative purposes the country has been divided into three territories, an Eastern, Central and Western, with headquarters respectively in New York, Chicago and San Francisco. Colonel William Peart, who has long been chief secretary in the United States, will leave New York with a promotion to commissioner and assume charge of the Army's work in the central territory. To New York as ranking officer comes Commissioner Thomas Estlin, who heretofore has directed the Salvationist activities for the entire western half of the country from Chicago. The commanding officer for the new western territory will be Colonel Adam Gifford, formerly in charge of the work in New England, whose promotion to the rank of lieutenant commander will take effect with his assumption of his new post.

Among other important transfers of higher officers are the following: Colonel William Peart, from New York to Boston in command of the New England province. Colonel Stephen Marshall from Minneapolis to New York in command of the Minneapolis division, including Eastern New York and Northern New Jersey.

Colonel William S. Barker from National Property Secretary at New York to command of the Minneapolis Division. Lieutenant Colonel Thomas Stanton from Mid-Western Social Secretary with headquarters at New York to command of the Pittsburg division.

Lieutenant Colonel Joseph Atkinson from Boston to command of the Atlanta division.

Lieutenant Colonel John W. Cousins from Denver to command of the Seattle division.

Lieutenant Colonel George Davis, formerly head of Chicago Training college to command of the Denver division.

Brigadier Wesley Baillie from New York to command of the Cleveland division.

Brigadier Herbert Roberts from Kansas City to command of the Cincinnati division.

Brigadier William Andrews from Hartford to command of the Des Moines division.

Brigadier Andrew Crawford from Atlanta to command of the Western Training College and San Francisco division.

Brigadier William G. Anderson from Albany to command of the Chicago division.

Brigadier Edwy White from Buffalo to command of the Milwaukee division.

Brigadier George Caster from Newark, New Jersey, to command of the Indianapolis division.

Brigadier David Dunham from Cincinnati to command of the St. Louis division.

Brigadier Samuel Withers from Cleveland to command of the Detroit division.

Brigadier William Escott from Baltimore to command of the Albany division.

Major Henry D. Dale from Minneapolis to command of the Baltimore division.

Major William Halpin from Philadelphia to command of the Buffalo division.

The list of new appointments was submitted to General Branwell Booth during his recent visit to this country and received his approval.

## UTAH LOSES PLACE IN NATIONAL GUARD GAINS

### Porto Rico Shows Greater Number of Enlistments than Intermountain State

SALT LAKE CITY, Utah, (AP)—Utah has lost second place in the increase of national guard forces and the distinction has fallen to Porto Rico, which in July showed an enlistment of 1376 men out of an allotment of 1641, compared with 1174 out of an allotment of 1715, and is regarded to third place. Wyoming is in first place with 642 men enlisted out of an allotment of 620.

Guard officials here are hopeful however, that Utah may again get back to second place as a hospital unit is to be recruited in the near future.

## SELLING REAL ESTATE

Is a classified advertising task. Why waste time with signs and placards attracting little notice except the immediate neighborhood? Your logical buyer undoubtedly reads the ads—but he may not even know about your property through any other means.

## CANADA ESTABLISHES COLLEGE TO TEACH FISHING; INDUSTRY RECOGNIZED AS ONE OF GREAT IMPORTANCE

It is this for some time realized, the necessity for a more aggressive policy in the development of its fisheries, and Halifax has been chosen as the site of its first College of Fisheries. Prof. Gill, director of a \$10,000,000 fund set aside by the Canadian Government for technical education and industrial training will co-operate with the Fisheries Association in developing the project. Instruction will be given in ex-

minishment, navigation, the operation and construction of motor engines, improved methods of catching and curing fish, and the utilization of their by-products. Before the war, Germany maintained more than twenty fisheries schools and Great Britain had a large school at Grimsby and smaller ones at other points, while Norway, Japan and other countries have developed excellent facilities for the special education of fishermen.

Canada's Atlantic fisheries yield an annual value of about \$25,000,000. An industry of this magnitude demands the best technical knowledge available, especially in fish curing. Prof. Gill recommends the establishment of a similar school in British Columbia where the 1918 salmon catch ran to over one and one-half million cases of forty-eight one-pound cans each, with a value of \$16,828,763.00.

## NOMINATIONS IN IDAHO DESIRED BY REPUBLICANS

### Principal Interest in Forthcoming State Conventions Attaches to Contests in Ranks of G. O. P.

BOISE, Idaho, (AP)—Nominations for state offices to be filled at the November elections are to be made by republicans and democrats at state conventions August 24. The republicans are to meet at Pocatello and the democrats at Idaho Falls.

United States Senator John F. Nugent, leading democrat say, will be the principal candidate for the senatorial nomination at the democratic convention.

Five republicans want to make the race against Nugent, according to reports received here. They are Frank R. Johnson, former governor, Col. E. V. Patch, adjutant general of Idaho, Captain Albert H. Conner, lawyer, Col. E. G. Davis, lawyer, and Miles Cannon, state commissioner of agriculture.

Republicans say the principal contest in the Idaho state election this year will be between democratic and republican candidates for the senatorship. United States Senator William E. Borah may campaign for the republican candidate.

A secondary fight in republican circles involves renomination of Governor D. W. Davis, who is being opposed by John W. Engleton, state treasurer, and M. A. Kiger, speaker of the house of representatives.

## STEVEDORES FARE WILL INCLUDE FANCY DISHES

### Dock Workers Object to Proposed Limitation of Company Cafeteria Bill to "Solid" Food

SAN FRANCISCO, Cal., (AP)—Trimming, such as chicken salad and cream puffs, are wanted by the stevedores of the Matson Steamship company on the bill of fare of the cafeteria at the Matson club operated at the company's docks here for the employees. When the cafeteria opened, "solid" food was offered at cost. This, it was believed, was what the workmen wanted. The stevedores on the board of directors, however, put through a motion ordering the trimmings be added.

"Plain, wholesome food for stevedores!" one of them said. "Sure, right a fellow wants some of the fancy trimmings when he has the money to pay for them."

The club, which was established to replace the hospitality of the waterfront saloon, also had ordered a billiard table and has subscribed to what several of its members described as "high-brow" magazines.

## YES—YOU CAN FIND

the right man or woman for that office or position, also has ordered a billiard table and has subscribed to what several of its members described as "high-brow" magazines.

## JAPANESE MERCHANTMEN INFLUENCE ON DECLINE

### Resumption to Operations by Foreign Shippers in South Seas Affects Nippon's Interests

TOKIO, (AP)—The influence of Japanese merchantmen in the South seas has declined owing to the resumption of operations by foreign shipping companies which were compelled to suspend their services to that part of the world during the war.

In pre-war days Dutch and British ships dominated the shipping trade in the direction of the Dutch East Indies, Singapore, Batavia and Hongkong, but during the war they were largely superseded by Japanese companies.

The position of Japanese ships has now become less favorable owing to the fact that merchants are shipping direct from the Dutch East Indies instead of from Singapore, to Europe. Japanese ships have gradually withdrawn from the South seas trade and the only Japanese cargo now maintaining a regular service in that part of the world is subsidized by the government.

## IRISH COURTS RUN AT RANDOM

### Some of Decisions of Sinn Fein Tribunals Disregard Procedure Precedent

DUBLIN, (AP)—Some of the decisions of the recently organized Sinn Fein courts disregard all precedent of court procedure and reflect much of the imagination of a highly temperamental race. The most recent to attract attention in criminal sentences because they have no prisons but their findings in civil cases sometimes are most unusual. A will case was recently tried in a district court. The heirs were to operate their father's farm jointly after his death until one of them should decide to marry. Then it was to be divided between them. One of the brothers became engaged and announced that as he was the first to set up a new home of his own he should divide the estate to suit himself. The other objected. The Sinn Fein judge decided that the engaged man should be allowed to divide the farm but his brother should have the right to select the division he wanted.

A man who stole something from a farmer was sentenced to work 30 days for the farmer and return the article. Another who stole a set of harness was paraded through the village streets with the harness "tied" about him, then taken to the owner and made to apologize as he returned the harness. Cured of Stomach Trouble and Constipation.

Rachel Cribley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets," she says, "that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. In continued there for several weeks and they cured me—adv.

You can make your buying problems "come out right" if you study the ads.

## WAR STOCK IS TROUBLE CAUSE

### French Authorities Experience Difficulties in Connection with Disposal

PARIS, (AP)—A job lot of American war stock sold to a Ukrainian co-operative society last spring for \$9,000,000 and later taken back by the American authorities, has caused the French war department almost as much trouble as the liquidation of the remainder, which sold for \$850,000,000.

One part of the stocks is today warehoused at Langry, France, where the French courts have undertaken to determine their actual ownership. Another part is warehoused at Marseilles in the name of the Ukrainian society and cannot be touched by the American authorities although up to this time any disposal or departure of the stocks has been prevented.

The larger part of the stocks, warehoused at Bardeux, was ransacked by the Ukrainians for choice bits and later by thieves but the remainder has just been recovered by the American authorities and sold to the Jugo-Slav and Czech-Slovakian governments.

The only boat that managed to sail with a cargo of the stocks was turned back in May by an American destroyer after it had left Constantinople and the cargo was later disposed of there. Little money remaining after the freight charges had been repaid to the Ukrainians.

The stocks, consisting largely of clothing and medicines, were sold on the understanding that they would be used for the commission which was then in France accepted in payment notes guaranteed by the Ukrainian government of that period. Some months afterward it was discovered that the agents of the cooperative society were peddling the stocks about France and the commission decided to take them over.

Salt of the Earth. The entire evaporation of the world's oceans would leave a layer of salt 225 feet thick.

## UTAH COUNTS GOAT HERDS

### Assessors Records Show Extent of Industry, For First Time in State

SALT LAKE CITY, Utah, (AP)—For the first time in its history, Utah this year figured the goat industry as distinct from sheep and according to returns from assessors, there are goats in 20 of the 29 counties in the state, aggregating about 30,000. The largest herds are in Kane county where they number about 14,000 head and the small est number in Weber county where there are five.

The greatest value placed upon the animals in any county is in Salt Lake where a goat is assessed at \$9.00, the lowest in Iron county where the value is \$3.33. As the fleece from a goat average three pounds, the wool crop from the goats in the state will aggregate about 90 pounds.

# STERLING

- and - would you listen to this!

## PETEY-BOY!

Just a night flash by fast mail to uncork you a real fuss-stirring idea that has five aces shaded!

Now, bolt this down:—no two people, unless they run a circus or write encyclopedias, ever agree offhand on which is a camel and which is a dromedary when you line the two up and check off one hump on one and two humps on the other. You can't do it with the sun shining!

Spill this "hump" question first time you're in a bunch of live ones—if you want to see fur fly! Never heard such a wind-jamming squall in my life as tonight when I passed it to our crowd! You know Betty Ellen Jones. Well, she said a dromedary was a he-camel hunting a date in the desert! And, Betty's "Vassar '20"—rah, rah! All right, Betty!

All you've got to do is dig out your deck of Camel cigarettes. That "bird" out front clinches the argument—apparently—but!

In the classic language of bigger business circles—"you tell 'em Cricket, Katy did!"

Report your luck quick. Try it on old Jig Jones! And listen, Peter. I'll shortly slip you some smoke news that'll make Jake's ideas rattle like a tin can tied to a towser dog's tail! S'loug!

Yours for warm socks next winter!

Shorty.

# YANKEE JUMPER SETS HIGH MARK AT WORLD MEET

## Landon of New York Beats the Former Record in Olympic Leap of 1.94 Metres

ANTWERP, (AP)—R. W. Landon of the New York "Ox" from the final in the high jump of the Olympic games here today and in so doing established a new Olympic record. Landon's jump was 1.94 metres. The former Olympic record was 1.92 metres.

Landon's jump of 1.94 metres is the equivalent of about six feet three and one-half inches. The world's record for this jump is 6 feet 7.5 inches, made by E. Besson at Berkeley, May 2, 1914. The Olympic record of 1.92 metres was made by A. W. Richards, U. S. A., in Stockholm in 1912. H. B. Muller of the Olympic club of San Francisco, were tied for second place at 1.90 metres.

John Murphy, of the Multnomah A. A. C. of Portland, Walter Whalen of the Boston A. C. and B. Howard Baker of Great Britain were tied for fourth place with jumps of 1.85 metres. H. Muller and Scholz tied head to head for fifth place, but Landon's jump, but failed.

Just as Landon's victory was announced and the band was playing "The Star-Spangled Banner," Albert, king of the Belgians, entered the stadium and stood at salute until the anthem was ended. The king flew over from Brussels by airplane.

### Scheme Against America.

The finish in the hundred metre race yesterday was still disputed today. The French filed a protest over the start also. A meeting of the Olympic games jury was called today to consider the question and inspect the photographs taken. Some of these photographs of the French showed the American away ahead of Alikhan, the Frenchman, who was placed fourth, while Scholz was declared to have finished fifth.

An official order was said to have been given to place Scholz fourth, but the Belgian press announced, as well as the result on the board, scored Scholz fifth.

A protest over another point was entered this forenoon. It was made by the American newspapermen against one of the Belgian announcers. They demanded that an American, whose English they could comprehend undertake this work. They were supported by the English and Swedish newspaper men.

### Scholz Gets Place.

When the jury took up the protests unanimously voted to disallow the French announcement, however, that Scholz was placed fourth, Alikhan fifth and Murchison of America sixth. In the first round of the tug of war the British team defeated the American team by a margin of 13 to 2 seconds and in the second in 84 seconds.

### Yankoes Drop Out.

The final of the 5000 metres run was won by Guillemot of France. Nurmi of Finland was second, Beckmann of Sweden third, Krasnikovic of Finland fourth, C. H. Blowitt, England, fifth, and W. L. Sengrove, England, sixth. All the American entrants dropped out before one-third the race had been run. The winner's time was 14 minutes, 57 seconds.

In the first round of the tug of war, the British team was first and the American team second. The victors in the final heat of the 600 metre run today went to Great Britain, A. G. Hill of the British team finishing first ahead of Earl Eby of the Chicago A. A.

G. D. Rudd, the South African runner, was third; E. D. Mountain of England, fourth; Lieutenant D. M. Scott, U. S. A., fifth, and A. B. Sengrove, Los Angeles, U. S. A., sixth. The time was 1 minute 53 2/5 seconds. The Olympic and world's records for this event are identical, 1 minute 51 9/10 seconds, made by J. E. Meredith at Stockholm in 1912.

Rudd dropped in his tracks at the finish, and Thomas Campbell of Yale university, another competitor, collapsed 80 yards from the mark. Campbell had to be given prolonged attention before he began to revive.

The heat qualifying for the final of the broad jump resulted as follows: Peterson, Sweden, first, distance 6.94 metres; Abrahamson, Sweden, second, 6.88 metres; C. E. Johnson, University of Michigan, third, 6.82 metres; Frankson, Sweden, fourth, 6.75 metres; B. E. Tevelton, Leland Stanford university, fifth, 6.67 metres; Aastad, Norway, sixth, 6.62 metres.

Sol Butler, Duquesne college, with 6.60 metres, pulled a tendon on his right arm and failed to qualify, as did J. W. Merchant of the Olympic club of San Francisco, with 6.60 metres.

The second qualifying heat in the 10,000 metre walk resulted: H. H. England, first; McMaister, South Africa, second; T. A. Maroney, St. Anselmi A. C., New York, third; William Plant, Mornington, A. O. New York, fourth; Melander, Spain, fifth; Doy, Belgium, sixth. The winner's time was 61 minutes 34 3/5 seconds.

Qualifying heat in the shotput resulted: Nicklander, Finland, first, distance 14.15 metres; P. J. McDonald, New York A. C., second, 14.08 metres; Perkola, Finland, third, 14.035 metres; H. B. Liveredige, U. S. navy, fourth, 13.75 metres; Nilsson, Sweden, fifth, 13.735 metres; Jammer Esthonia, sixth, 13.69 metres.

H. C. Cann, New York A. C., with 13.52 metres and George H. Eblman, Olympic club of San Francisco, with 13.575 metres failed to qualify.

America defeated England in fencing with foils today, winning three place. Each team won eight bouts, but the Americans scored 32 touches against 31 for England.

America fencers yesterday defeated

Denmark by 9 bouts to 7, but lost to France, 14 to 2. Italy took first place by defeating France, 9 to 7, France winning second place. Contest with individual foils and in teams duelling swords competitions began today. Major F. W. Honeycutt, Captain R. Sears, Captain H. M. Raynor, Arthur B. Lyon and H. Brockton, made up the American team which fended Monday.

# IMMIGRATION BUREAU TO BE RE-ORGANIZED

## Department Officials Declare Action Necessary Because of the "Utter Disorganization" Throughout

WASHINGTON, (AP)—Re-organization of the bureau of immigration has been ordered by Assistant Secretary of Labor Post.

The action was taken, officials of the department said today, because of conditions existing "utter disorganization" of the bureau, both here and in its field service.

### Caminetti First To Go

First steps in the re-organization were taken by Assistant Secretary Post on July 21, when Commissioner General of Immigration Caminetti was shown of the authority he had exercised of making recommendations in appointment and warrant cases. The department contended that only the secretary of labor and the assistant secretary were empowered by law to exercise judgment in such cases.

On August 14, a memorandum was prepared by Secretary Post inquiring into the "causes of and remedies for the disorganized conditions in the bureau of immigration and its consequent inefficiency." Certain conditions in the conditions prevailing in the bureau were ordered remedied immediately. These included, besides the enforcement of the decision affecting the transfer of judgment over appeal and warrant cases to the secretary or assistant secretary of labor, "the excessive freedom of access to the immigration bureau during working hours of persons not officially connected with the bureau."

### Advisory Committee Named

To insure the removal of those "undesirable" conditions, an advisory committee was appointed to continue the inquiry. It included Alfred Hampton of the bureau of immigration; H. B. Collins of the solicitor's department and Hugh Reid, from the office of the assistant secretary of labor.

### STOLEN CAR IS FOUND.

Some time last night the Royal bakery was stolen from the curb in front of the bakery on Second street east by miscreants who evidently wanted the machine for a joyride. The car was found undamaged this morning in the east part town. The thieves apparently used the machine until the fuel oil was exhausted.

# Local Brevities

### Directors to Meet

The board of directors of Federated Rural clubs will meet Saturday, August 21, at 2:30 p. m. in the farm bureau rooms.

### Meetings Postponed

Because of the busy season the Country Women's club will postpone meetings until September.

### Back from Portland

F. F. Dawson of the Federated Rural clubs, returned yesterday from Portland, Ore., where he spent last week, "Buyers' Week."

### Licensed to Wed

A marriage license was yesterday issued to Carl J. Moss, aged 28, and Ruth Johnson, 22, both of Dubu.

### Ladies to Meet

# Mrs. Thomas, Famous Beauty, Becomes Bride of Jack Barrymore

Mrs. Leonard M. Thomas, once characterized by Helice, noted French etcher, as "the most beautiful woman in the United States," who recently became the bride of Jack Barrymore, one of the foremost of America's actors. The ceremony, performed in New York, came as a surprise to their host of friends. The new Mrs. Barrymore has won fame as a poetess under the pen name of "Michael Strange." Both have embarked on their second marital adventure. Mrs. Barrymore was granted a decree from Leonard M. Thomas in Paris in February of this year on the ground of desertion. Mr. Barrymore had been divorced from Katharine Harris at Santa Barbara, Cal. Desertion was given as the cause. The present Mrs. Barrymore was formerly Miss Blanche Oelrichs, prominent in New York and Newport social circles.

### I. O. O. F. hall Wednesday afternoon at 2:30 o'clock.

### Change in Location

The local offices of the army recruiting station have been changed from the Shouair house to quarters on the second floor of the McCormick building.

### Come from Denver

Mrs. John E. Hayes, and two children, arrived this afternoon from Denver for a visit with Mrs. Hayes' parents, Mr. and Mrs. John F. Hansen. They will be here about a fortnight.

### Murray to Leave

R. M. Murray, designing and supervising engineer of the Rock Creek bridge, will leave tomorrow for his home in Billings. His work in connection with the erection of the bridge is completed.

### Going to Utah

Thomas C. Marshall left yesterday for Burley where he will spend today on business in connection with the Robert Payne Contracting concern. From Burley Mr. Marshall will go to Brigham City for a week's visit with Mrs. Marshall and their baby.

### Sole Owner Now

J. M. Orwig has purchased the interest of W. F. Porter in the Model restaurant and, hereafter, will operate the cafe as sole proprietor.

# IDAHO DEPARTMENT STORE ECONOMY BASEMENT

## The Downstairs Section Features Low-Priced Dependable Merchandise Affording Numerous Opportunities to Economize

The Idaho Department Store's Down Stairs Store, roomy, well lighted and ventilated, was formerly used for storage, hence rental charges against goods in Down Stairs department is very small indeed.

That, in addition to close marking and expert buying, makes it possible to sell dependable merchandise at astonishingly low prices.

The new management has made many changes in our basement store, rearranged all departments. MANY PRICE CHANGES have taken effect, our 5c, 10c and 15c tables are back to before war prices. Our aim is to have only DEPENDABLE MERCHANDISE at MUCH LESS IN PRICE than if bought in a regular way. Buying of manufacturers' surplus stocks and samples at a way under regular manufacturers' list prices gives us an opportunity to offer better merchandise at great price reductions. It is our aim to make this one of the BEST AND BIGGEST ECONOMY BASEMENTS in this entire section and in order to do so we must do big things and offer merchandise at a saving. WHEN DOWN TOWN NEXT TIME spend a few minutes looking over some of these wonderful opportunities to save. All we ask is come and see for yourself. You won't be urged to buy. WE THANK YOU.

CREEK BRIDGE NEARLY READY FOR ACCEPTANCE BY COUNCIL

Final Work Estimate Submitted and Assurance is Given that Crossing Will Be Ready for Service Before End of Week—Contractor Mull Works on Sidewalk—Engineer Seeks Release

Assurance that the Rock Creek bridge on Shoshone street will be opened to public traffic this week was given by the city administration last night by R. M. Murray, supervising and designing engineer. Mr. Murray rendered a brief oral report on the construction of the bridge and explained that with the exception of laying one cement sidewalk the crossing is complete.

To Make Report. Mr. Murray was asked to prepare a complete written report, including in such recommendations as to the proper handling of traffic over the bridge as in his judgment are fitting. He will be heard next Monday and will be ready for service this week.

Contract for erection of the Shoshone street bridge over Rock Creek was awarded to the firm of J. H. Mull, Twin Falls, at a contract price of \$45,850. Due to extraordinary conditions prevailing at the bed of the creek, requiring the expenditure of more time, labor and material in the construction, the total cost of the bridge is \$197,765.30.

Because of delays on part of the steel company in shipping necessary material construction of the bridge has taken about ten months instead of 40 days, as originally planned.

Mayor Makes Plea for Navy Recruits. Urging that the people of this city give earnest co-operation to naval officers...

Stevens Denies Guilt; To Appeal Court Decision. On Resistance Charge Defendant Found Guilty but Counsel Demurs.

DRY LAND CROPS KILLED IN JULY

Excessive Heat and Lack of Moisture Wrought Ruin—Irrigators Fare Well

Idaho crops pulled through the critical month of July in comparatively good shape considering the hot dry weather that prevailed generally over the state, according to Julius E. Jacobson, agricultural statistician of the federal bureau of crop estimates at Boise.

Wheat. Total production is placed at 21,693,000 bushels compared with 22,737,000 bushels July 1 and 18,705,000 bushels in 1919.
