BATTLE OF WARSAW FAVORABLE TO POLES

Tennessee Completes Ratification of Suffrage Amendment

BECOMES 36TH STATE TO GIVE WOMEN BALLOT

Favorable Action is Taken by Lower House by Vote of 49 to 27; Speaker Calls for Reconsideration Pending

NASHVILLE, Tenn., (AP)—Tennessee today became the thirty-sixth state to ratify the Susan B. Anthony federal suffrage amendment. The constitutional change took effect at 12 o'clock in time for the 17,000,000 women of the country to vote in the presidential election in November, unless the lower house of the Tennessee assembly rescinds its action of today in adopting the ratification resolution, 49 to 27.

Moves to Reconsider
Speaker Walker, leader of the anti-suffragists, put opponents in a position to demand reconsideration by changing his vote from Nay to Aye and moving, to reconsider. The house adjourned until ten o'clock tomorrow, when the speaker's motion will have the right of way. Suffrage and anti-suffrage forces tightened their lines this afternoon, for the final fight, and both sides were claiming victory.

Suffragists Hold Advantage
The suffragists, however, had the advantage of today's victory and expressed confidence that Speaker Walker's motion would be voted down tomorrow. The next step then would be the certifying of the action to the secretary of state of the United States, who would issue a proclamation declaring the amendment ratified.

The Tennessee senate ratified the amendment last Friday by a vote of 25 to 4.

Leaders Continue Fight
Suffrage leaders declare they will not shun their efforts, as they desire to have at least one other state ratify before the November elections, as they expect a fight to be made against Tennessee's action because of the clause in the state constitution which prohibits any assembly from acting on an amendment not submitted before the members were elected. Both United States Solicitor General Prinson and the attorney general of Tennessee have declared this clause to be unconstitutional in the light of the recent decision of the supreme court in the Ohio referendum case.

Win Preliminary Victory
The suffragists won the preliminary victory in the house today when a motion to table the ratification resolution was lost on a vote of 49 to 27. This would have put over action until 1921. Some of those keeping tally recorded the vote on this motion as 49 to 27 in favor, and first reports were that suffragists had lost. The official tally showed a tie vote, however, and to make assurance double sure, a second roll call was ordered. The vote again was recorded as 49 to 27, and the motion to table was declared lost.

Linsup on Vote
The lineup of the democrats and republicans on the vote for ratification follows:
Democrats, Aye 36; No 34; absent 1.
Republicans, Aye 15; No 12; absent 2.

Qualimates Intensive Drive
Ratification by the Tennessee legislature was the culmination of an intensive drive made by suffrage proponents to have the amendment made effective in time for the women of the country to vote in the presidential election in November. The drive was started when West Virginia became the first.

Japanese Report Korean Plots to Kidnap American Solons on Visit

TOKIO, (AP)—Press advices from Seoul, Korea, allege widespread Korean plots to hold the party of American congressmen visiting the far east to create complications between Japan and America.

The advices report the arrest of Yang-Kuik-Paik, once convicted and imprisoned for an attempt to assassinate former Premier Field Marshal Terauchi, and also ten other Koreans charged with political and Japanese intrigue and participation in the plot against American congressmen.

The Korean governor general in a statement says the situation is well in hand and declares that numerous arrests have been made of agitators.

CENTRAL ITALIAN CITY SCENE OF SERIOUS RIOT

Seven Deaths and Many Injuries are the Result of Disturbances

LONDON, (AP)—Serious rioting has occurred at Abbaddia, near Siena, Italy, resulting in seven deaths and the serious injury of several others according to Rome dispatches. Following a speech at a mass meeting disturbances developed and peasants broke into the churches. A monk, a child, one soldier and four socialists were killed.

Some intoxicated miners clashed with a religious procession and five persons including a priest, were slain by death, another report said.

ANTI-SUFFRAGIST LEADER ANNOUNCES PURPOSE TO FIGHT

CINCINNATI, O., (AP)—Mrs. Jerome Sturm, Cincinnati anti-suffragist leader, announced today that suit would be filed to test the validity of the ratification of the suffrage amendment by the Tennessee legislature.

UPPER SILESIAN CITIZENS ATTACK FRENCH TROOPS

Eleven Killed and 26 Wounded in Clash Growing Out of Workers' Protest Against the Russo-Polish War

BERLIN, (AP)—Uninterrupted rifle fire and hand grenade explosions were reported to be proceeding at one a. m. at Katowice, upper Silesia, where workers fighting occurred last night between French troops and civilians who struck in protest against the Russo-Polish war and demanded disarmament of the occupational troops.

In view of the seriousness of the situation the French officer commanding at the office of the inter-allied commission was said to be negotiating direct with the crowd and holding out prospect of the soldiers arms being surrendered.

Demand Disarmament

Another report said the occupational troops were prepared to deliver their arms to the custody of the security police. A trade union delegation last night entered into direct negotiations with the inter-allied commission and demanded disarmament of the occupational forces. The delegates offered safe conduct for the troops on their departure.

The French military commandant Colonel Blancard, said he would rather die than agree to this, according to the reports.

French troops clashed with the inhabitants of Katowice, an important mining town of upper Silesia yesterday. Eleven persons being killed and 26 wounded. Polish troops attempted to break up a mass meeting at Bonik, near Katowice. One person was killed and four wounded.

Workers in all towns in upper Silesia struck yesterday as a protest against the war between Russia and Poland. All public utilities were halted from 12 to 7 o'clock, and restaurants and public places closed. Meetings of trade unions were held in the interest of neutrality and demands were made for the disarmament of the occupational troops.

Danzig Corridor Is Cleared of Russian Troops and Polish Forces Continue Eastward Drive

PARIS, (AP)—The Poles have captured Novo-Minsk, a short distance east of Warsaw, according to a dispatch from Warsaw today. The battle of Warsaw appears to be favorable to the Poles, the dispatch says.

POLISH ENVOYS HEAR SOVIET'S PEACE PROPOSAL

Russian Delegation Chairman Says Demands are Directed Against Landlords; Insists on Earlier Session

MOSCOW, (AP)—The Russian soviet peace terms were read to the Polish delegates at their first meeting with the soviet representatives in Minsk on Tuesday. The Polish answer will be returned Wednesday.

An official statement said: "The Minsk conference opened today at 7 p. m. with a speech by Chairman Danilchevsky, after which resolutions were exchanged. Danilchevsky emphasized Russia's respect for Poland's independence, sovereignty, rights and right to determine her own form of government, and said Russia accorded Poland more territory than the entente."

He said Russia must demand from the landlords of Poland such guarantees against renewed attacks as would not be necessary from the workers and peasants of Poland. The Polish delegates proposed to hold the next sitting August 19, but the Russians insisted it be held on August 18, which was agreed to."

IDAHO WEATHER.
Tonight fair; Thursday fair and warmer.

The Polish counter offensive with Thorn as its base has successfully cleared the Danzig corridor of Russian troops, according to a report received from the French mission in Poland today. The Polish forces are still driving westward, the report says.

POLES PUSH RUSSIANS BACK ALONG VISTULA DEFENSE LINE

BERLIN, (AP)—A telephone message from the German high command today said the Poles had forced the Russians back from the Vistula 15 kilometers.

A Konigsberg dispatch reported success for a Polish counter attack along the line of the German front. According to Cichonow. A Bolshevik attempt to cross the vistula north of Ivanograd was reported frustrated and the Poles were said to have resumed counter operations southeast of Warsaw.

BOLSHIEVSKI CLAIM CAPTURE OF PRISONERS AND GUNS

MOSCOW, (AP)—Bolshevik forces northwest of Warsaw captured 1,200 prisoners and seven guns in a battle in which they lost and regained the town of Cichonow. The town was captured according to Tuesday's official communication.

The statement follows: "The enemy broke through to the Narw and occupied Cichonow but was driven back by our counter attack and we re-occupied Cichonow. We captured 1,200 prisoners and seven guns. The Bolsheviks captured almost 1,000 prisoners and a number of villages south of Grubosow. In the Zaropus region, we occupied a number of points and advanced to Zboroff."

RUSSIANS NEGLECTFUL OF LINES OF COMMUNICATION

WARSAW, (AP)—Bolshevik forces advancing into Poland march ahead without any concern for their lines of communication, according to statements of refugees gathered by the Warsaw Gazette. They have lost touch with the lines of operation and refugees state they had an difficulty leaving their villages, for there was nothing behind the relatively thin Bolshevik front line. They declared it was possible to travel some miles without seeing a single soldier.

"A vigorous effort on the part of the Poles would be sufficient to inflict a decisive defeat upon the soviet armies," the newspaper declares. "That is why the Bolshevik high command is so anxious to finish the struggle as quickly as possible. Soviet prisoners confirm this information adding that the successful detachments of General Wasagel in Southern Russia are causing considerable anxiety. The Russian government, therefore, wants to finish with the Poles so that it may turn its attention to General Wrangel."

"The Bolshevik believe, the capture of Warsaw will end the war with Poland, a belief which is not shared by the Poles. Soviet commissars are holding out dazzling prospects of rich booty in Warsaw. Little impression is being made, however, for the morale of the army is decreasing. In the region of Brest-Litovsk a number of worn out and demoralized troops are being sent to replace them. Summary executions had no effect. The soviet soldiers are tired of war."

TROTSKY CALLS VOLUNTEERS FOR SERVICE IN SOUTH

MOSCOW, (AP)—Leon Trotsky, soviet minister of war, today issued a call for volunteers for service on the southern front. The call was issued in the course of an address at a meeting in honor of Bela Kun, communist leader and former foreign minister of Hungary.

INSURE BATTLE MOSCOW, (AP)—Trotsky's speech was devoted almost entirely to an exposition of measures by which, he declared France and England had aided General Wrangel, anti-Bolshevik leader in southern Russia. It was greeted with enthusiasm.

TREATY DEFEAT COSTS POLAND AMERICAN AID

Secretary Colby Tells Americans of Polish Extraction Failure to Ratify Pact Precludes Substantial Help

WASHINGTON, D. C., (AP)—Appealing to President Wilson for material aid to drive the Bolsheviks from Poland, 300 representatives of American citizens of Polish extraction declared in a statement presented at the White House today that Poland's downfall probably meant the overthrow of west European civilization.

Secretary Tumulty assured the delegation that Poland in its present distress, had the heartfelt sympathy of the president.

The statement later was presented to Secretary Colby.

Mr. Colby assured the delegation of the sympathy of the United States and of the desire to render Poland all the aid possible under the law, but said that since the senate had refused to ratify the Versailles treaty, the United States was unable to send any substantial aid to Poland but that it would do "everything it is permitted to do."

LODGE REFERS POLES PLEA TO OFFICE OF PRESIDENT

FALL RIVER, Mass., (AP)—Senator Henry Cabot Lodge, replying today to a telegram from a committee of Fall River citizens of Polish extraction urging his co-operation, as chairman of the senate committee on foreign relations, in a move to extend aid to Poland, expressed sympathy for the Poles, but said "the situation was in the hands of the president."

"Our relations with the Polish situation are now entirely in the hands of the president, who is dealing with the question in concert, I assume, with the European powers associated with us in the war," the telegram read.

"It has stated the position of the United States in the letter signed by Mr. Colby, and press dispatches announce that he has sent warships to the Baltic to protect American lives and property. If he feels that the situation demands action by congress in the direction of taking measures to aid Poland in carrying on war, or of entering into an armistice with Russia, he will call congress in special session, which he alone has the power to do."

COAL OPERATORS OF VARIED MIND

Division Among Employers May Lead to Separate Bargaining with Miners

CLEVELAND, O., (AP)—A division of the bituminous coal operators of the central competitive field, Ohio, Indiana, Illinois and western Pennsylvania—with separate bargaining with the United Mine Workers of America, may result in the disruption of the joint wage movement now in force in the central competitive field.

"It was learned from an authoritative source that operators of Illinois and Indiana are in favor of settling the controversy existing over the inequalities in the wage award, but that the operators of Ohio and western Pennsylvania are opposed to adjustment."

"Great differences exist among the operators of the four states," said William Green, secretary-treasurer of the United Mine Workers of America, "and may result in the disruption of the joint wage movement now in force in the central competitive field."

"It was learned from an authoritative source that operators of Illinois and Indiana are in favor of settling the controversy existing over the inequalities in the wage award, but that the operators of Ohio and western Pennsylvania are opposed to adjustment."

SINCE EVERYBODY AGREES ABOUT IT, LET'S GO AHEAD AND BUILD A POOL

THERE IS NO ROOM FOR QUESTION AS TO THE ATTITUDE OF TWIN FALLS ON THE SUBJECT OF A SWIMMING POOL; HERE IS THE NEWS' PLAN, WILL YOU BACK IT?

A friend, last evening said: "Why all this talk? Everybody knows that Twin Falls wants a Swimming Pool. Outline a plan and get up a fund to put it across. Everybody will be interested because everybody knows that it's a good thing and one of the things the City stands most in need of."

And so here is The News' idea of a definite plan of action:

Purchase of tract of land adjacent to open ditch or coulee.

Construction of open pool, 50x100 feet, concrete lined, varying in depth from one to ten feet.

Erection of suitable dressing rooms, benches, etc.

Balance of land not covered by pool and dressing rooms to be used for general amusement park purposes or disposed of in the form of city lots.

Attendant to be employed during summer months. Entire project to be built by local subscription and turned over to the City for maintenance and operation, free of all cost, upon completion.

Total expenditure not to exceed \$10,000.

For upwards of ten years now Twin Falls has wanted a Swimming Pool. Everybody knows it. Everybody has always favored such a move. Every kiddie in the town has felt the need of it and many of their parents as well.

But up to now the project has struck upon the rocks of adversity because almost as many plans have been advanced as there are people—all had merit, but in the midst of the maze of contradictory thought the main point was lost sight of and architect's plans, petitions and privately called meetings were the result instead of a PLACE FOR PEOPLE TO SWIM.

The plan outlined above may not meet with the approval of all but IT COMES CLOSER TO SOLVING THE SWIMMING POOL PROBLEM IN A PRACTICAL WAY than any other which has been so far advanced.

If we are to have a Swimming Pool, let's have it. We have talked about it for ten years.

THE NEWS OFFERS TO ACT AS DEPOSITORY FOR CONTRIBUTIONS TO A FUND TO BE EMPLOYED IN THE CARRYING OUT OF THE PLAN SUBSTANTIALLY AS OUTLINED ABOVE. FOR ALL SUMS EXTENDED TO IT FOR THIS PURPOSE THE NEWS WILL ISSUE A RECEIPT CALLING FOR THE RETURN OF THE MONEY TO EACH INDIVIDUAL SUBSCRIBER IN THE EVENT THAT CONSTRUCTION IS NOT ACTUALLY UNDER WAY BY JUNE 1, 1921.

Here is the subscription list. Now let's all get together and watch it grow!

Twin Falls News \$100.00

FRANCE PROTESTS AGAINST DECISION OF ALLIED COMMISSIONER AT DANZIG CUTTING OFF MUNITIONS FOR POLAND

PARIS, (AP)—The French government intends to protest energetically against the decision of Sir Reginald T. Tower allied high commissioner at Danzig who yesterday forbid further debarkation at Danzig of French munitions for Poland. The call was issued in the course of several French munition ships are anchored outside Danzig. Sir Reginald, according to a report from the French ambassador to Poland, takes the attitude that he has not sufficient allied troops to preserve order if further munitions are unloaded.

Sir Reginald has asked the supreme council for new instructions, pending the arrival of which he will maintain his decision. The council of ambassadors, which is meeting at the supreme council, does not meet until September.

BALKAN NATIONS STAND AT VERGE OF NEW WARFARE

Jugo-Slav Premier Says Man of Strong Personality or Humorous Don Quixote is Needed to Prevent New Wars

BEGRAD, (AP)—What the Balkans now need to prevent new wars is a man of strong personality and charitable tendencies or a humorous Don Quixote, according to Premier Vesnich, of Jugo-Slavia.

Whether it is within the compass of human intelligence to prevent the present war tendencies the next few weeks will show. The broader aspect of the situation is that for central Europe or the Balkan countries to become a great battlefield will be playing into the hands of the Bolshevik agents who are believed to be working industriously in each country circulating war rumors and fomenting quarrels for which there are already too many reasons.

That the Jugo-Slav government certainly does not want war with any other country the Associated Press is authorized to state from a high authority. It was pointed out that the Jugo-Slavs got all they could possibly hope for by the peace treaties in territories from Hungary and Bulgaria, and a new war might set back the infant nation. But they are determined to have Fiume. The people make loud professions that their army can master the Italian army. The Jugo-Slav army, they say, is regarded by outsiders as being in good shape with 300,000 fresh troops ready.

While the Jugo-Slavs are said to be unafraid of war, they are not likely to occupy a perilous position with respect to international political discussions, as well as concerning what the Bulgars and Greeks might do in case the Jugo-Slavs made war on the Hungarians, it is not believed in American circles here that the Serbs and Bulgarians will reach an understanding or common front. However, regarding the Spalato incident it is believed if it is shown the Italians started the trouble, the Jugo-Slavs will insist strongly on an Italian apology. (A crowd of Great Italian naval officers at Spalato, July 11, and killed an Italian commander and several sailors.)

But trip through the city streets convinces one that all is quiet. Citizens generally deny any war madness. During the recent celebration of King Peter's birthday no demonstrations of a war nature occurred during the large parade.

The premier, prior to the celebration, issued a request to the people asking them to refrain from unfriendly acts and to allow the government to handle the affairs with Italy. He made a speech in parliament of the same tenor, stating he was willing to abide the investigation by the American naval authorities regarding the Spalato incident.

The recent British loans and reports of a good harvest have improved the dollar exchange in the Balkans, worth 16 to 17 as against 20 to 30 a few months ago. Prices however, are high, meals in hotels costing from one to two American dollars. Cheap shoes may be purchased at from \$2 to 25 American dollars. Country people are selling foodstuffs to Austria and to the Poles and Czechs, but otherwise no real business is going on owing to the adverse exchange rate preventing buying abroad, and the demand of merchants for credit which few are willing to extend.

LONDON'S PRICES SOARING

Cost of Food and Clothing Jumps 152 Per Cent in Six Years

LONDON, (AP)—The average level of retail prices, including food and clothing, on July 1, was 152 per cent higher than in July, 1914, according to the Labor Gazette. The average increase for food alone was 158 per cent.

Changes in rates of wages in June added \$20,000,000 to the weekly wages of more than 2,600,000 workers

GOVERNMENT CONTROL OF FISH NEWFOUNDLAND PLAN

Legislature Adopts Measures Over Protests of Many Interests

ST. JOHN'S, N. F., (AP)—The colony of Newfoundland has initiated an attempt at government control of the export of fish, the most important industry of the island. Over the protests of many of the shipping, fish exporting and other trading concerns, the legislature at its session recently enacted several measures to this effect.

The most important of these created a board which will have full jurisdiction, subject only to the governor-in-council, over the exportation of cod fish. Under its terms no one will be permitted to export fish without a license and licenses must comply with regulations to be prescribed by the board with regard to the quality of the fish, the time when it may be shipped, the quantity that may be forwarded to any particular market and the minimum price that may be charged. Monthly statements will be required showing the amount of each grade of fish in the hands of exporters.

Other measures provided for the grading of fish and the inspection of vessels to be used for exporting the product, most of which goes to Mexico and South American ports. The sponsors of the legislation said it was designed to improve the quality of the cured fish, to ensure its safe transportation and to prevent glut in foreign markets with consequent price cutting.

FIGHT FOR SUFFRAGE IS CONTINUED BY JAPANESE

Speakers Denounce Government for Turning Against Will of People Favoring General Franchise

TOKIO, (AP)—The advocates of universal suffrage in Japan have not abandoned the struggle and are frequently holding mass meetings in behalf of the project. The speakers denounce the government for turning against the will of the people who, they assert, demand an immediate general franchise.

The house of representatives was dissolved early this year following an attempt of the opposition party to introduce a general franchise bill. At a subsequent election the Seiyukai government party obtained a clear majority.

PAYMASTERS OF MEXICAN ARMY ARE UNDER CLOUD

Proceedings are Pending Against 48 Officers Involving Disappearance of a Big Sum

MEXICO CITY, (AP)—Proceedings against 48 army paymasters are actually pending in federal district courts, involving the disappearance since 1914 of more than 2,000,000 pesos of army funds, according to the Excelsior, which quotes Eduardo Neri, attorney general. The attorney general is stated, is desirous of pushing these cases and demanding the extradition of those missing paymasters known to have sought refuge in other countries.

Census Bulletins

WASHINGTON, (AP)—Greely, Colo., 10,883; increase 2704, or 33.1 per cent. Sapulpa, Okla., 11,634; increase 3361 or 40.5 per cent.

Charleston, S. C., 67,917; increase 9124 or 15.5 per cent.

MOST OF TODAY'S CLASSIFIED ads will lead to "business." Sales will be made, jobs will be found. Some will discover, perhaps to their surprise, how economically advertising serves them.

HUERTA GIVES FREEDOM TO CARRANZA PRISONERS

New Mexican Administration Promises Stricter Attention to Prosecution of Thieves

MEXICO CITY, (AP)—Bearing orders for the liberation of 500 prisoners in the penal colony on the Marinas Islands, off the west coast of Mexico, two physicians named by Provisional President Adolfo de la Huerta shortly will depart for the colony, with orders to establish sanitary conditions on the island.

In a recent interview, Gilberto Valenzuela, sub-secretary of the interior, declared that these 500 prisoners were sent to the islands to satisfy the personal vengeance of certain individuals influential during the administration of President Carranza.

"Hereafter, persons actually convicted of felony will be sent to the islands, but not those whose cases have not been heard by the courts," Sonor Valenzuela said. "Furthermore, more attention will be paid to the prosecution of thieves on a large scale—such as paymasters who have absconded with funds entrusted to their care, and other dishonest public employees."

TURKISH NATIONALISTS URGE BOYCOTT OF GREEKS

Appeal to Turks to Buy from Countrymen, Armenians or Allies

CONSTANTINOPLE, (AP)—Nationalists are spreading their propaganda for a boycott against the Greeks by writing on the five-piastre note an appeal urging Turks to buy from Armenians or merchants of allied nationalities, any article they cannot get from Turks.

There is no metal currency circulation here now so that the small currency notes are used generally.

Mustapha Kemal Pasha circular widely distributed in Anatolia reads: "To our great regret France and Italy have associated themselves with the Boulogne Conference's decision to accept the offer of Venizelos to have the Greek army enforce the peace treaty terms. This is part of the British policy for exterminating the greatest Mohammedan power, Turkey. The Greeks are trying to destroy the cradle of our forefathers. They have transformed mosques into churches. They have massacred our brothers and plundered their shops in Smyrna. These events have been affirmed by the Allied Commission, whose report favored us."

"The very powers that disapproved of the Greek atrocities are throwing these pirates against us. We must fight."

"A period of training is necessary. Enlist! Offer your sons! Advise do not return to the army. We shall smother the enemy by the aid of our prophet."

PREFERS JAIL TO TAXES

Aged Englishman Stronously Objects to Increased Levy on Property

LONDON, (AP)—Sir W. B. Richmond, Royal Academician, will go to jail rather than pay the increased taxes now being charged by the Hammondsmith borough council. He writes to the local press "I have refused to comply with this Bolshevik demand of 149 pounds annually on my house and grounds just under two acres. I would rather, at the age of 70 years, go to prison than be a party to such injustice and robbery."

ROBINSON'S CIRCUS MODEL OF EFFICIENCY

Every Modern Appliance and Improvement Found in Operation of Shows

John Robinson's circus which will exhibit here on Monday, August 23, is a model of efficiency. The management has kept pace with every modern improvement with the result, it is alleged, that a bigger, better, more entertaining show is now given than ever before.

Superintendent Curtis has invented a large, motor-driven spool which rolls up the canvas, section by section, than it formerly took many men to think about it. This labor and time-saving device has done much to eliminate the drudgery of "closing shop."

Circus illumination has changed, too. Not so long ago all lighting was secured via the gasoline route, but the John Robinson circus carries its own dynamo and electricity now illumines every part of the show grounds and the big arena.

Great advancement has also been made in the erection of the tents. Where it formerly took eight men to drive each stake, this work is now done by a steam pile driver which completes the operation in less than one-quarter of the time. There is also a steam-driven contrivance for pulling up the stakes.

Circuses have always been troubled by transportation difficulties to and from the show grounds. Hitherto it has always been necessary to make from three to four trips as it was impossible to carry enough horses to move the entire show at once. Here is where the John Robinson management again comes to the fore, this time with "power" motor tractors which haul as many as five wagons at once. However, the horse continues to hold his own, for, at times when the wagon sinks into the mud up to the hubs of the wheels the tractor is dispatched with, old "Dabbie" is once more called upon and with as many as twenty horses pulling and a huge elephant pushing the wagon, it is moved to more solid ground. Thus the horse still reigns supreme in the final test.

And the elephants do their part nobly, too, being used in erecting the huge center poles that support the tents.

This is necessary once more the mother of invention.

JAPANESE NAVAL OFFICERS STUDY AFTER-WAR CONDITIONS

TOKIO, (AP)—Captain Kinji Hitaka of the navy, has been ordered to the United States and Europe to report on after-war conditions generally. His trip will take him to Germany, England, France, Turkey and then New York.

In a time when prices are unstable it is important that women should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

SELLING REAL ESTATE is a classified advertising task. Why waste time with signs and placards, aftertracting little notice except in the immediate neighborhood? Your logical buyer undoubtedly reads the ads—but he may not even know about your property through any other means.

Small Cars—and the Declining Cost of Tire Mileage

You are aware, of course, that during the last ten years, Goodyear has been able steadily to increase the amount of mileage built into its tires.

Do you realize, also, that this increase has been accomplished without extra cost to the user—that Goodyear Tires are priced no higher today than in 1910?

In no tire in the Goodyear line is the declining cost of mileage more evident than in the present 30 x 3-, 30 x 3 1/2- and 31 x 4-inch size Goodyear Tires made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get the exceptional worth and endurance that Goodyear builds into them.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$2350

30 x 3 1/2 Goodyear Standard-Cure Fabric, Anti-Skid Tread \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$450 in waterproof bag.

ADMIRERS MEET
PLAYER'S BODY
UPON ARRIVAL

Cleveland Friends of Ray Chapman
Gather at Station to
Pay Homage to Dead

CLEVELAND, O., (AP)—Hundreds of admirers and friends of Ray Chapman star shortstop of the Cleveland baseball club, gathered at the union depot today to meet the body of their idol, who died in New York yesterday.

Among those accompanying the body were Chapman's widowed bride; Manager Tris Speaker and Joe Wood of the Cleveland team. It was taken in charge by an undertaker, pending funeral arrangements.

Chapman's death occurred in a hospital following an operation after he had been hit on the head by a pitched ball in Monday's game between New York and Cleveland, and sustained a fractured skull.

It was Chapman's eagerness to aid in giving this city its first pennant that indirectly resulted in his death. When he married Miss Katharine Daly, one of Cleveland's best known society women last October, he was asked if he would retire from the game and devote his time to a business in which he had acquired an interest.

"I'll play next year, for I want to help give Tris Speaker and the Cleveland fans the first pennant Cleveland ever has had," Chapman replied.

"Then I will talk quitting," Chapman also was a star track man and football player. In competition with hundreds of athletes, including many stars of large universities, Chapman was a place on the Cleveland naval reserve track team, and the Cleveland fans their most ardent Cleveland supporter had," Chapman replied.

"Then I will talk quitting," Chapman also was a star track man and football player. In competition with hundreds of athletes, including many stars of large universities, Chapman was a place on the Cleveland naval reserve track team, and the Cleveland fans their most ardent Cleveland supporter had," Chapman replied.

Members of the naval reserve club asked members of his family that they be allowed to hold a military funeral.

CHAPMAN DEATH
IS CHARGED TO
'ROUGHED' BALL

Statement from Boston is to
Effect Pitcher Mays Used
Illegal Delivery

BOSTON, (AP)—The explanation by Carl Mays of the New York Americans that the killing of Ray Chapman, star shortstop of Cleveland, was due to a mishap on the ball Mays pitched which caused it to take an unexpected twist, was the subject of a statement today by umpires William Evans and William Dineen of the American league.

"No pitcher in the American league resorted to trickery more than Carl Mays in attempting to rough a ball in order to get a break on it," the umpires said.

"The umpires took exception to a remark attributed to Mays that Umpire Thomas Connolly, who was behind the plate was responsible for the accident because he permitted a rough ball to stay in the game. The umpires characterized this alleged statement as an 'alibi' that came with poor grace.

"A short time ago," they added, "the club owners complained to President Johnson that too many balls were being thrown out. President Johnson sent out a bulletin telling the umpires to keep the balls in the games as much as possible, except those which were dangerous."

The players of the Boston and Detroit clubs who were at the point yesterday of signing a petition to have Mays banned from the game, today awarded word from Manager Speaker of the Cleveland club as to his views on their proposed action. Several asserted that regardless of any general action they would not go to bat against Mays again.

"You can make your buying problems come out right" if you study the ads.

RUTH'S \$1000
BONUS FOR EACH
HOMER A MYTH

Chicago Writer Says Rule Prevents
Such Action by Baseball
Magnates

By I. E. SANBORN.

Baseball fans are ready to swallow anything they want to believe but antagonistic to anything they don't want to believe. For instance, the rumor that Babe Ruth gets a cash bonus of \$1000 from Colonel Tilden and Ruppert for every home run he hits.

Frequent denials of that report have been made and published in the past days, yet the rumor continues to be circulated among fans by word of mouth and some of them get sore when told it is not true. It is something the people want to believe and they resent the denial of the delight of saying, "I see Babe Ruth copped another thousand bucks today." Dollars may shrink in value and become as plentiful as pebbles on the beach but they remain the biggest advertising medium in baseball.

Rules Bar Bonuses

The \$1000 Ruth rumor runs up against a snag in the shape of the iron-clad rule in the American league forbidding the giving of bonuses to players in any form. It would cost the club the amount of the bonus if the club owners are not likely to break a rule which they ask for themselves and which was made for their own protection.

What the wise fans don't know is that the rule against bonuses was made at the request of the club owners, not against their wishes. Its purpose was merely to shift the blame for slowness to the shoulders of President Johnson of the American league.

It is a rule which the club owners stand of letting the players know the magnates themselves were tired of being expected to fork over a bunch of extra coin to reward players for doing work which they were paid for. Club owners are not likely to break a rule which they ask for themselves and which was made for their own protection.

There is a particularly vicious angle in this rumored Ruth bonus and, even if there were no rule against it, Messrs. Ruppert and Huston are altogether too good business men not to appreciate the fact that the club owners are not likely to break a rule which they ask for themselves and which was made for their own protection.

If it were true that Ruth drew down an extra \$1000 for every four base knock he had long would it be before the public began to believe Babe was not getting his home runs on the level? If, I say, it were true that a drive out of the lot is worth that much cash, then the fans even the slightest pretext for believing there is anything going on about Ruth's supremacy with the stick. It would be suicidal to do so, and Ruth himself is wise enough to foresee the folly of taking any such chances.

Salary Boost Next Year. The big fellow can collect legitimately as part of his salary next season a bonus for the home runs he hits this year. He knows it and so do his employers. There is no salary within reason that Ruth cannot demand for 1921 and none within reason that his club owners cannot afford to pay him for the coin he has earned for the American league this season. But that will be a fixed reward for past performance as a whole and not for any single home run. And Ruth will get the money next year no matter whether he hits fifty out of the lot or none.

The policy of offering a player or a team a bonus in advance for doing a particular thing is bad business in sport. The owners of the New York Giants set themselves a poor example by offering their men a reward if they would trim the bushes in a recent session on the Polo grounds. They pay McGraw's men good salaries to do that very thing if they can, and any reward should have come afterward, not as an incentive.

ORRIS CHAMP DEFEATED.

SAN FRANCISCO, (AP)—Ad Satal, claimant of the light heavyweight wrestling championship of the world, defeated Jim Londek by straight falls here last night. Satal got the first fall in two hours, 27 minutes, 35 seconds and the second in 12 minutes, 18 seconds, both with an arm scissors hold.

WORTH-WHILE
RECORD MADE
BY CHAPMAN

Cleveland Shortstop, Now Dead,
Established Himself a Star
Player

CLEVELAND, O., (AP)—Ray Chapman played in 1030 games with the Cleveland club, exclusive of exhibition games, since joining the team, August 15, 1912.

Out of 3677 times at bat he made 1054 hits for an average of .278, and scored 67 runs. He drew 442 bases on balls, struck out 412 times, stole 236 bases and delivered 338 hits. He led the American league in runs in 1918 with 84. In 1913, 1917 and 1919, he led the league in hits setting a world's record in 1917 with 67 Chapman owned a fielding average of .938 for the nine years. In 1915 he had more putouts than any shortstop in the big league—378—and in 1917 he had the most fielders of his league in both putouts and assists with 399 and 528, respectively.

While he made many errors he had been guilty of few mistakes this season. While accepting more than 600 chances, he had made only 28 errors.

In the first two New York games here last week Chapman accepted 21 out of 22 chances, having nine assists each day.

Brief Bits of Sport

John "Mugger" McGraw, manager of the New York Giants, wants a grand jury to investigate him.

John's a rare bluffer off the field as well as on it.

[This department can see no just cause in the action of the Boston Red Sox and the Detroit Tigers against Carl Mays. The Yankee pitcher has not been found guilty of deliberately "heating" Ray Chapman.

There may have been instances when the blonde hurler has used the "bean" ball, but not this time.

Looks like somebody had gone off the handle without thinking much.

I. E. Sanborn, Chicago baseball writer and authority on the game has discovered there is no truth in the statement that Baker gets \$1000 for every homer he knocks.

Ain't it a shame to chase myths that the public enjoy so.

Notwithstanding the reported combine against America in the Olympiad Yankee athletes appear to be making themselves quite at home taking first places in the world events at Antwerp.

Announcement is made that a "new Mike" will face Dempsey on Labor day.

Will, what good will that do. The new Mike may be no better a fighter than the old one.

Headline—"Auto Industry Slowing Down."

If the slowing down thing will only apply to drivers then we'll all be more or less contented.

Benny Leonard says he will take on any one of the embryo lightweight champions for a title fight during September.

Benny evidently has come to the conclusion that he's got to be active or lose out entirely.

Or perhaps it is this goat gland thing that Ad Wolgast has sprung seeing Leonard back to work.

Sim Smiley, sagebrush sage, says:

"Th' gink wot marries twict ain't got neither comeback wor. alibi!"

Well, thank the goodness war is over as far as the scrap in the Southern Idaho baseball league is concerned.

Salt Lake and Vernon traded places yesterday, the Boos taking first position in the Pacific Coast league by beating the Seals while the Tigers were idle.

The Boston Braves yesterday played an exhibition game with the Toronto team of the International league winning 2 to 1.

Probably on account of foggy weather women don't get ripo in London until they have reached the age of 30, but over here they vote at 21 just like the same as folks.

LAWLER BEATS JAGGS. ATLANTA, Ga., (AP)—Jack Lawler of Omaha, Neb., was given the referee's decision at the end of a ten round featherweight bout here last night with Freddie Jacks. Lawler landed the hardest blows but Jacks, according to sporting writers, had the edge in boxing.

STATISTICS IS SATISFYING. Paris Expresses Approval of Report on Foreign Trade Volume.

PARIS, (AP)—Satisfaction is felt in France at the official statistics just issued of French imports and exports during the first six months of the year.

Exports show an increase of 5,094,000 francs, compared with the same period of last year. Imports also show an increase over 2061 millions, but this increase is almost entirely due to me-

terials for manufacture, which amounted to over 1845 millions. The excess of imports over exports during the first half of last year was 11,037 millions, while for this year this excess has fallen to 7849 millions, an improvement welcomed in the financial world as likely to affect French exchange favorably.

AMERICANS CONTINUE TO LEAD IN MAIN PENTATHLON FEATURES AT ANTWERP'S 1920 OLYMPIAD

Pat Ryan, New York's Giant Policeman, Has No Trouble Winning Place in Hammer Throw—Other Doughty Yankee Athletes Lead Way for World's Best Event Men

OLYMPIC STADIUM, Antwerp. (AP)—Americans captured the first two qualifying rounds of the 16-pound hammer throw today while another American took fifth place. Patrick J. Ryan, Loughlin Lyceum, New York, threw this hammer 224.4 meters, 1.21 meters short of the Olympic record made by C. J. McGrath of the New York A. C. at Stockholm in 1912.

Ryan appeared in the arena with baggy black trousers and coat over his shoulder, looking like a large mountain even among the other big fellows. As his turn came he would calmly toss off the coat, slip his suspenders down and step out of the trousers, swing a few times and launch the hammer far beyond most of the others.

McGrath strained his knee in practice today and it is feared he may be forced to remain out of the 66-pound weight event.

Four Americans qualified for the finals in the 2000 metre steeplechase preliminary this morning. They were Michael Devany, Millrose A. C.; Patrick Flynn, Paulist A. C.; B. B. Watson, Kansas State Agricultural college, and Al Hultenschow, Paulist A. C. Others who qualified were Ambrosio, Italy; Blissman, Finland; Hedvall and Mattson, Sweden, and Hodge, England.

Hodgins made the best time, 10 minutes 25 seconds.

Patrick J. Ryan of the Loughlin Lyceum, New York, easily took first place in the qualifying round of the 16-pound hammer throw. Ryan threw the hammer 224.4 meters, 1.21 meters short of the Olympic record made by C. J. McGrath of the New York A. C. at Stockholm in 1912.

C. Lind, Sweden, was third with 48.25 metres; Svensson, Sweden, fourth, 47.29 metres; M. J. Merritt, New York A. C., fifth, 46.07 metres, and N. Lind, Sweden, sixth, with 44.88 1/2 metres.

J. M. McEachern, Olympic club, San Francisco, who was seventh with 44.70 metres, did not start.

Peripatetic Italian. The final heat of the 10,000 metre walk was won by Prigiero of Italy. J. B. Newman, New York A. C., was second; C. E. S. Gunn, England, third; McMaster, South Africa, fourth; W. Huhir, England, fifth, and T. A. Maroney, St. Anselma A. C., New York, sixth. The winner's time was 48 minutes 6 1/2 seconds.

Friction over the unsatisfactory and disappointing showing of Swedish athletes culminated last night in a report that Ernie Hodge, trainer of the team, had requested that he be relieved of further responsibility. The Swedish Olympic committee is not expected to take any action at this late date.

Announcement was made today that, although the Olympic rules prohibited it, the marathon committee had decided to permit runners in that event Sunday to receive refreshment en route. Stations will be established each five miles.

Yank Leads This. Earl Thomson, Dartmouth college, who is representing Canada in the Olympic games, today won the final heat of the 110 metres hurdles, hanging up a new world's record of 14.45 seconds. H. E. Barron, of the Meadowbrook club, was second, and Fred S. Murray of the New York A. C. third.

Wilson, New Zealand, was fourth; Walker Smith, Chicago A. A., fifth, and Carl Christensen, sixth. The old record, both Olympic and world's record was 15 seconds.

The final of the shotput was won by Parkola, Finland, who put the 16 pound shot 14.81 metres. Niklander, Finland, was second, 14.15 1/2 metres; H. B. Liversedge, U. S. navy, third, 14.15 metres; P. J. McDonald, New York A. C., fourth, 14.08 metres; Nilsson, Sweden, fifth, 13.87 metres; Jammer, Esthonia, sixth, 13.60 metres.

Liversedge put the shot 14.15 metres; Niklander 14.08; Timmer, 13.87; Nilsson 13.81, and McDonald, 13.42.

Sweden Best Jumper. Peterson, Sweden, won the final of the broad jump with 7.15 metres. C. E. Johnson, University of Michigan, was second with 7.00 1/2 metres; Carlsson, Sweden, third, with 7.05 metres; R. L. Templeton, Leland Stanford uni-

RECOGNIZES 30TH STATE (Continued from Page One)

thirty-fourth state to ratify early this year. Washington was the thirty-fifth to ratify and on the same day it noted—March 22—Governor Townsend of Delaware, called a special session of the legislature of that state to act on the amendment. The Delaware assembly met early in May and the senate quickly ratified, but action by the house was delayed despite pressure brought to bear by the leaders of both great political parties and by President Wilson. Finally, on June 2, the legislature adjourned with the ratification resolution still in the house committee of the whole.

Louisiana Refuses Wilson. Meantime, the Louisiana legislature met and efforts were made to have it act favorably. President Wilson appealed to Governor Parker to reconsider ratification, but the governor refused to do so. The ratification resolution was taken up late in May and was debated at intervals through the month of June and into July. Governor Cox, the democratic presidential nominee, urged the legislature to support the amendment, declaring that the democrats of the legislature owed it to their party to ratify the amendment. The legislature finally adjourned on July 8, however, without action on the amendment.

Both Parties Favor. While the Louisiana legislature was considering the question, appeals for plans favorable to suffrage were made to both the republican and democratic conventions and the representatives of the women's party. Suffrage planks were inserted in both platforms. After the republican convention adjourned, the women turned their attention to Vermont, making an effort to have Governor Clement call a special session. An appeal was made to Senator Harding to use his influence with the governor, but the senator declined.

Shortly afterwards, President Wilson appealed to Governor Bickett, of North Carolina and Governor Roberts of Tennessee, to call special sessions of their legislatures and they consented.

Clement Dashes Hopes. While this was going on, Governor Clement came to Washington to confer with Senator Harding and hopes ran high in suffrage quarters. Upon his return home, however, Governor Clement announced that he would not call a special session and the prospects of the amendment turned, their attention to Tennessee and North Carolina as the last hope.

The Tennessee legislature met August 9 and the North Carolina assembly convened the following day. The Tennessee senate acted within less than a week.

Charles S. Fairchild, New York, president of the American constitutional league, brought to the District of Columbia supreme court asking that Bainbridge Colby, secretary of state, be enjoined from issuing a proclamation declaring the amendment ratified. The basis of the suit was the allegation that ratification by the West Virginia legislature was accomplished by fraud and that any action by Tennessee would be void on the ground that the legislature lacked authority under the constitution.

Court Dismisses Proceedings. Justice Balby dismissed the proceedings on the ground that the court was without authority to inquire into the action of state legislatures in ratifying the amendment and that it had no authority to pass on the validity of such an amendment.

HARDING EXPRESS HIS SATISFACTION WITH ACTION. MARION, O., (AP)—Expressing satisfaction with the action of the Tennessee legislature, Senator Harding said: "All along I have wished completion of ratification, and have said so, and I am glad to hear of the citizenship of the United States take part in the presidential elections. The republican party will welcome the response of American womanhood to its appeal to the confidence of all our people."

J. H. MEIER, Plaster Contractor, Baker Rooms, 448 Main Ave. So., Twin Falls, Idaho, Phone 2253.—adv.

COX ASSESS'S CLAIMS OF DEMOCRATIC PARTY TO CREDIT. COLUMBUS, O., (AP)—The following statement commenting on Tennessee's ratification of the suffrage amendment was issued today by Governor Cox: "The civilization of the world is saved. The mothers of America will stay the hand of war and repudiate those who trifle with a great principle. The action of the Tennessee legislature is evidence of the most earnest desire of the democratic policy to pay its platform obligations."

October up 5c, with ribs averaging 2 to 10c higher.

CHICAGO, (AP)—Wheat No. 2 red \$2.29 to 2.30; No. 2 hard \$2.67 1/4 to 2.50. Corn No. 2 mixed \$1.58 to 1.59. No. 2 yellow \$1.01 to 1.01 1/2. Oats No. 2 white 72 1/2 to 73.1-2c; No. 3 white 69 1/2 to 72c. Rye No. 2 \$2.04. Barley \$1.05 to 1.17. Timothy seed 88 to 11. Clover seed 25 to 30. Pork nominal. Lard \$18.50. Hogs \$14.60 to 15.

MINNEAPOLIS, (AP)—Flour unchanged to 20c higher. In carload lots family patents quoted at \$13.45 to 14.29 barrel in 94 pound cotton sacks. Bran 42c. Corn \$1.62 to 1.63. Oats 65 1/4 to 66 1/4c. Barley 90c to 1.07. Rye No. 3 \$1.03 1/2 to 1.04 1/2. Flax No. 1 \$2.20 1/2 to 2.28 1/2.

CHICAGO, (AP)—Cattle, 7,000; market opened very slow on beef and butcher cattle; early sales steady; choice steers scarce; bulk good and choice grades \$12.25 to \$14.40; grassy cattle very drabby; bulk \$9.50 to \$14; Wyoming and Montana ranges on sale late; butcher cows and canners steady at \$4 to \$12.50; hogs, bulk 35.50 to \$7.50; calf grades dull; tending lower; stockers firm.

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.02; first 4's \$84.24 bid; second 4's \$84.20; first 4 1/4's \$84.62; second 4 1/4's \$84.22; third 4 1/4's \$87.75; fourth 4 1/4's \$84.62; Victory 4's \$95.50; Victory 4 1/4's \$95.52.

CHICAGO, (AP)—Light receipts and a limited selling pressure at the start today caused wheat prices to open 1/2 to 3/4c higher, with December \$2.39 and March \$2.41. Prices hovered around here for the first hour, after which the market attracted attention and became firmer.

Trades continued light in wheat, although there was a good shipping business under way in cash grain, and the market eased off with final quotations 1/4 to 1/2c above yesterday's finish, with December \$2.39 to \$2.30 1/2 and March \$2.40 1/4.

Corn started in sympathy with wheat, opening quotations being unchanged to 7/8c higher, with September \$1.48 3/4 to \$1.49 and December \$1.25 to \$1.25 1/2. The trade was light and it took but a little buying by commission houses to make the market advance. Reports of rains in parts of Nebraska and Kansas led to some buying which gave additional strength.

There was a light trade in oats which started unchanged to 1/2c higher with September 69 1/4 to 69 3/8c and December 69 1/8c to 69 1/4c. Continuation of the pressure which was so noticeable yesterday caused the market to break, but it soon rallied and advanced.

Provisions were quiet and easy, there being nothing doing early in pork while September lard was down 5c and tallow 10c.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Lack of buying power and further foreign and domestic uncertainties enabled the shorts to press their recent advantage in the stock market today. Sales approximated 400,000 shares. The stock market presented no features of interest at the opening today. Changes among leaders in the industrial division were mainly upward. Steels, oils and motors hardened on moderate short covering. This also applied to shippings and some of the more popular foreign issues. Bails were also entirely neglected and related equipments were irregular. Prices suffered a general setback within the first half hour, however, when sugar shares gave way under selling pressure.

Higher rates for call money and recurrent weakness among prominent industrialists caused further unsettlement for a time in the final hour, but there was a sharp rally later on short covering. The closing was steady.

Liberty Bonds. NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.02; first 4's \$84.24 bid; second 4's \$84.20; first 4 1/4's \$84.62; second 4 1/4's \$84.22; third 4 1/4's \$87.75; fourth 4 1/4's \$84.62; Victory 4's \$95.50; Victory 4 1/4's \$95.52.

Grain and Provisions. CHICAGO, (AP)—Light receipts and a limited selling pressure at the start today caused wheat prices to open 1/2 to 3/4c higher, with December \$2.39 and March \$2.41. Prices hovered around here for the first hour, after which the market attracted attention and became firmer.

Social Notes

The Presbyterian Aid society will give a picnic supper at the church on Thursday evening in honor of Mr. and Mrs. O. F. Fuller. Supper will be served at 6 o'clock. There will be a short business meeting of the society at 5 o'clock.

Miss Ruth Wheelon entertained Monday evening on the occasion of her sixteenth birthday. The evening was spent with dancing and games, for which prizes were won by Helen Knutson, Virginia Noble and Helen Wolfe, Gertrude Macaulay and Anne Wheelon assisted the hostess in serving a two-course luncheon in which a color scheme of pink and white was carried out. The birthday cake was cut and served by the hostess. The guests were Misses Carmen Sanger, Virginia Noble, Helen Knutson, Zula Schneiderger, Helen Wolfe, Florence Denton, Una Stafford, Florence Stone, Blanche Quigley, Thelma Dawson, Agnes Strouk and Violet Holderman.

The Mountain View club held its regular meeting at the home of Mrs. May Jones, Monday afternoon. There were 19 ladies and 14 children present. A social afternoon was enjoyed by all. The next meeting will be with Mrs. J. W. Mc Morrow, August 25.

CAUDLE SCHEMES FOR PURER SEED

District Farmer Wants Farmers Held Responsible for Ditch Bank Condition

If an economic plan proposed by Frank Caudle, a district farmer is carried out, pasturage in the Twin Falls irrigated district will be saved to the farmers.

This is the claim of Mr. Caudle who has put his proposition up to representatives of agriculture connected with the state university.

Mr. Caudle, during the past week, has been in close connection with K. K. Bonnett, professor of farm crops of the University of Idaho. Professor Bonnett is in this district this week in the interest of the state's pure seed movement. Furthering this movement Mr. Caudle suggests that the state department engaged each county to erect a local law making all farmers and property owners responsible for the cleanliness of ditch and canal banks, as well as roadsides connecting with their farms. By the invoking of this law farmers will be required to either pasture the ditch banks and road sides to keep down superfluous growths of grasses and weeds, or mow them down at a sufficiently early period to guarantee against seed spreading. Mr. Caudle's plan contemplates such punishment for violation of the law, or for permitting growth of noxious weeds and volunteer grasses by withholding their water supply until the growths have been killed by drought.

The statement that \$200,000 worth of pasturage goes to waste annually in this district through permitting vegetation to go to seed along road sides and canal banks, is said by Mr. Caudle to have been made by J. C. Woodson, general manager of the Twin Falls Canal company. Mr. Caudle shows that with the continued existence of foul canal banks large amounts of undesirable seed are deposited on cultivated lands each year, thus minimizing the efforts of farmers to produce pure seed from their farms.

Professor Bonnett is said to be heartily in accord with Mr. Caudle's scheme.

ASKS CHANGE OF VENUE.

In the matter of R. M. Newbery against the Oregon Shortline Railroad company, involving a suit for personal and property damage alleged to have been sustained through carelessness of the company's agents, counsel for the company has applied to the district court for an order of removal of the case. In the prayer the company representatives urge that the case be sent to the United States district court at Boise. Plaintiff alleges that on June 23, this year, while driving over a road crossing, near Eden, he was struck by a company train and sustained personal injuries. He claims two, \$400 damage to his car.

\$150,000 to lend on the best of farms only; cheapest money in town. Henry J. Wall.—adv.

Local Brevities

Visitor from Chicago—Mrs. D. D. Sinclair of Chicago is visiting at the home of her brother, L. S. Jones of Kimberly.

Birth—A daughter was born Tuesday afternoon August 17, to Mr. and Mrs. William Anderson, of Fifth avenue east.

Gene to Yellowstone—Mr. and Mrs. Harry Bennett and Mr. and Mrs. William Mueenly left this morning for a tour of Yellowstone park.

Visitor from Missouri—Miss Nellie Kirkpatrick of Fulton, Mo., is the guest of the Misses Belle and Anna Gingrich, and Mrs. H. B. Wallace.

Salt Lake Druggist Calls—P. C. Scheuana, senior member of the Salt Lake drug firm, Schramm-Johnson, is here for an inspection of the company's local branch store.

K. P. Officer Here—Julian Hurley of Vale, Ore., is in Twin Falls to attend a stockholders' meeting of the Hercules Nitrate company. Mr. Hurley is grand chancellor of the Pythian lodge in Oregon.

Returns from Idaho Falls—Miss Florence Humphrey, stenographer and bookkeeper at the Fashion shop, returned this week from Idaho Falls, where she spent the vacation period with relatives.

Auto Men to Meet—The Twin Falls Automotive Trades association will hold a meeting this evening at the Merrill Auto company, at Twin Falls, at which it is expected matters of general interest will be discussed.

Takes Boy to School—John R. Auld, juvenile inverter, this morning left for St. Anthony, accompanying a 14-year-old lad from Hansen, who has been found incorrigible. The lad will be lodged in the state school for boys.

Leave for Home—Mr. and Mrs. G. R. Shipman and daughter, Mrs. W. F. Berry, who have been visiting at the home of C. R. Shipman some time, left Sunday for their home in Rock Rapids, Iowa, going by way of Yellowstone park.

Taking Vacation—Mr. and Mrs. I. E. Finny today started on a vacation of about 10 days which will be spent in the mountains about Hailoy. They are accompanied by other members of the family. Mr. Finny announces this is his first vacation in 12 years.

Finds Fine Fishing—Dr. F. F. McAttee, who with his two sons is camping in the upper Wood river country, preparatory to a trip down the Salmon, writes that the fishing is better than at any time this summer with age limits reasonably plentiful. He expects to be away for at least another week.

Dr. J. P. Meyers has changed his office to the Twin Falls clinic building over the United Stores.—adv.

FIRST MORTGAGE INVESTMENTS. Arthur L. Swim.—adv.

ARMED MEN SEARCH FAR FOR VICTIMS

Twenty-five determined men, armed to the teeth, are traversing the country to the northward of this city. They seek chicken, and plenty of them.

The quarter hundred gunmen are expected to choose representatives of the local Knights of Pythian lodge, and they are pledged to get possession of at least 100 chickens. These toothsome birds will be used as the centerpiece of a huge banquet table, to be prepared by the women of the order for the delimitation of the knights.

The feast will be prepared and served at the Hotel Bristol headquarters of the one-half mile northwest of Twin Falls on Sunday, August 22. The tables will be set in the spacious grove at 10 o'clock.

The menu will be composed of sagehen, country gravy scalloped potatoes and potato salad, other vegetables, green corn, sliced tomatoes, fried peas, cream and cake. Places will be reserved for 250 persons, including members of Pythian families.

McKay and Hagen for Main Battle Here Labor Day

Gordie McKay, Idaho champion middleweight boxer will appear in Twin Falls on Labor day in a 12-round bout. His opponent will be Romeo Hagen, champion of the Pacific coast middleweight title.

McKay and Hagen are being brought together here as the main feature of a fight card to be held under the direction of the Central Labor council. The battle will be preceded by two goes between men of lesser fame, but of known skill ability. The bouts will be staged in the Lavering theater.

Announcement of the coming fight carnival was made shortly after noon today by A. S. Baer and Ralph Miller, committee especially chosen to make the matches. The men signed at noon. Both are in Pocatello now and will come here early to finish training.

The McKay-Hagen battle is only a part of the extraordinary events planned by the labor unions for the annual holiday on September 6. The day will be replete with entertainment features, including a parade in the morning. The day will mark the opening of a week's carnival, the main section of which will be held on the west side of Rock Creek.

Besides the committeemen mentioned the board in charge of the Labor day features is composed of Frank Meyers, Nellie Parker, C. A. Ault and C. V. Braun.

AMUSEMENTS

GEM—"The Shepherd of the Hills," featuring Harold Bell Wright.

ORPHEUM—"Put 'em together," also "Word White" in "The Black Secret" and two vaudeville acts.

IDAHO—Mitchell Lewis in "Burning Daylight"; also two reel Fox Comedy.

DEMOCRATS INSTRUCT FOR TAYLOR CUMMINS

Local Bourbons Want Local Man for Congress Representative

The democratic county convention, convened in the district courtroom here Tuesday afternoon, elected eight delegates to attend the state convention at Idaho Falls, instructed the delegation to vote for Taylor Cummins of Idaho Falls for the nomination. A representative in congress, endorsed the candidacy of Senator John F. Nugent for reelection, and elected Thomas M. Robertson of Twin Falls as state committeeman.

Delegates elected were W. Orr Chapman, H. H. Barnes, Dr. H. W. Sawyer, A. W. Sowell, all of Twin Falls. C. G. Doolittle, J. M. Shank, both of Buhl; W. E. Alworth, Filer, and Lawrence Hansen, Hansen.

Alternates chosen were: Dr. W. F. Pike, J. P. Arrington, P. L. Putnam, all of Twin Falls; R. E. Morehouse, Hollister; H. W. Barry, H. S. Welby, both of Buhl; D. H. Davis, Filer and J. M. Steelsmith, Kimberly.

Mr. Robertson was elected chairman of the convention, defeating R. H. Stevenson 24 to 22, on the second ballot, the first showing a tie. A. W. Ostrom of Buhl, acted as secretary.

Mr. Robertson was opposed for election as state committeeman by C. J. Kalina of Buhl, and won by vote of 25 to 24.

LAND BIG FISH

With tales of the landing of many salmon trout weighing in the neighborhood of 25 pounds a party of local residents has returned from Yankee Fork of the Salmon river, where a period of 10 days was spent camping. Among those in the party were the families of P. L. Shoenberger, C. R. Shipman, W. W. Parish, A. J. Requa, C. H. Briggs and W. F. Breckon. As guests there were Mr. and Mrs. G. A. Shipman and daughter, Mrs. W. F. Berry, of Rock Rapids, Iowa, parents and sister of C. R. Shipman.

GOLDMAN BEING TRIED.

In the probate court this afternoon B. Goldman is on trial on charge of practicing medicine without having a state license. He was placed under bond a week ago after arrest by a state medical board officer. Goldman is said to have disposed of medicine in Twin Falls contrary to the laws of the state. It is also alleged he claims to be planning the establishing of a sanitarium here.

KOTO BRINGS SUIT.

Alleging he made an over-payment to W. G. Reed, contractor, when making settlement for work done and materials supplied on contract, Tom Koto, restaurateur, has instituted in the dis-

trict court action to recover the sum of \$665.34. The action grows out of a contract with Mr. Reed for the erection of a business building on Main avenue. Hazel & Bonnet represent the plaintiff.

DROWNED WHILE BATHING

"Williams Could Not Swim, and Water Claimed Another Victim—Life Might Have Been Saved Had He Been Trained to Swim"

How many times have you read headlines similar to the above? How many persons who frequent beaches and other bathing resorts have witnessed the drowning of some man or woman, boy or girl. The drowned might have been saved had there been persons present who were trained to swim and to rescue drowning persons and in the manner of resuscitation of rescued. This is one of the good reasons why all the good people of Twin Falls should get back of the Swimming Pool movement. It is a good thing and will improve the health of ourselves and growing children. Start today to boost.

IDAHO DEPARTMENT STORE Ltd.

How The Increased Freight Rates Will Affect Twin Falls

The new schedules will add about \$1,400,000,000 to the income of our railroads and the burden, as many of the leading papers state, must be borne by the consumer.

To meet the railroad deficit and cost of the recent \$600,000,000 wage increase, freight rates in East are to go up 40 per cent, in the West 35 per cent and in the Mountain-Pacific territory 25 per cent.

It is estimated that it means a per capita tax of \$12 to \$15 on every man, woman and child in the country.

These figures look big and the press has led you to believe that this is going to make the merchandise you buy higher.

Let us ease your mind by saying that the IDAHO DEPARTMENT STORE will not add one cent profit to the merchandise they sell on account of the increase in freight rates and wage increase.

What the country needs today is improved service, prompt shipments of merchandise, quick turnovers.

These things will tend to decrease rather than increase prices.

Market conditions do not justify radical reductions on any line of merchandise for fall, 1920. However, everything points to better conditions for spring, 1921. This store for the fall 1920 will continue to do business as usual, giving the best of service, selling quality merchandise at the right prices, carrying in every department complete assortments bought in quantities direct from the manufacturers, selected by expert buyers whose years of experience have taught them what our people desire.

Our New York buyer of women's ready-to-wear wares from New York that she has purchased the largest and best selected lines ever secured for this department—the very latest styles and new models that are different from those shown early.

New shipments of Fall merchandise are arriving daily. Feel free to come in often and familiarize yourself with the new things.

ford Building, Chicago.

UPLIFT STUFF

There is an old time yarn told about
the market stand keeper who desired to
be scrupulously honest with his custom-
ers and so, in furtherance of this laud-
able ambition, he conceived the idea of
attaching the exact price which he
paid for each article sold, adding a
modest profit, and thus arriving at the
selling price of the goods.

And then one day eggs became plen-
tiful and eggs and other things have a
habit of doing. The proprietor bought
twenty dozen eggs for fifteen cents per
dozen, added four cents and began to
sell them at twenty-two cents. But
before he had disposed of the entire
consignment more eggs began to arrive
and farther egg purchases were made
on the basis of fifteen cents per doz-
en. He added the same profit of four
cents, labeled the basket with cost and
selling price, and so his patrons bought
fresh eggs for nineteen cents per doz-
en and stale eggs for twenty-two cents.

It is a homely old yarn but it serves
to illustrate in part at least the diffi-
culties which attended the enforcement
of the Pocatello City Ordinance spon-
sored by Mayor Whittaker and which
had for its object the compulsory mark-
ing of all goods sold in the city with
both cost and selling price. The ordi-
nance was revoked the other day after
a stormy career of a few weeks in ac-
tual practice. It was revoked because
it was a freak law, impracticable and
unjust and unfair to all concerned.

The ordinance was passed of course
in an effort to bring about cheaper
living costs. But it took hold of the
problem it purported to solve by one
tiny corner. It failed utterly to take
into consideration the basic principles
of costs in a broad sense and therefore
it contributed nothing whatever towards
a solution of the cost problem.

Essentially, costs constitute a very
simple problem. When goods are plea-
sant goods are cheap. When they are
scarce they are expensive. There are
variations of this rule to be sure, but
these are mostly taken care of by exist-
ing laws. It is not lawful or legal for
any man or group of men to conspire

together to set at naught this natural
operation of fundamentals as applied to
supply and demand by means of the
creation of false scarcity of goods
through illicit storage or otherwise. It
is not legal and not lawful for men to
attempt to create an artificial demand
for high priced goods in order to dis-
pose of their wares at an inordinate
profit to themselves. These things are
carred for by the laws of the land, and
except incidentally, they do not affect
in the slightest the broad proposition
of the natural law of supply and de-
mand.

Every idle hour indulged in by any
one lends just so much impetus to costs.
Costs of shoes, clothing, building mate-
rial, groceries and the tools of a man's
trade. Every ounce of added produc-
tion of the things of life serves to drive
just another nail or two into the cof-
in of old Hi Cost.

There is nothing complicated about
it, nothing that a child should not be
able to understand. When we all get
ready to go to work again, and begin
to bend our energies in the direction
not of the shortest and least productive
day's work, but of the fullest and big-
gest, costs will go down. It may take
time but it is as certain as the rise and
fall of the tides and all the asphyxia
of Mayor Whittaker, A. C. Townley,
Walter Thomas Mills, and the rest of
the professional uplifters cannot and
will not alter it in the slightest.

CANALS COMING BACK

The number of barges and of com-
panies operating barges over the Erie
canal is increasing. Only the other day
formation of another large company to
engage in canal transportation between
New York City and Buffalo was an-
nounced.

This is an event of importance not
only to the territory immediately af-
fected but to the whole country, since
it will tend to relieve the already great-
ly overburdened rail lines.

The new steel barges will each have
the carrying capacity of 22 freight cars.
Two will equal a freight train of mod-
erate length. Four will carry the load
of the heaviest freight trains.

The Erie canal, when first opened in
1825, would carry barges of not over

75 tons capacity; now the limit is 1,
000 tons. The canal has been deepened
to 12 feet. The new barges will be tow-
ed by steam tugs from New York to
Buffalo in seven days, and will come
back without the tugs in five days.

Other sections of the country, not-
ably Detroit, are engaged in movements
to extend deep waterway transportation
and it is a step that promises to great-
ly relieve transportation congestion.
More-extended use of the canal means
relief for the railroads, and that means
relief for nearly everybody and nearly
every business.

HOLLISTER

HOLLISTER—Mrs. Arch McDonald,
accompanied by her sister, left recently
for a few weeks' visit with their moth-
er near Fremont, Neb.

Mrs. E. P. Hahn spent a couple of
days in Twin Falls this week on busi-
ness.

**CRACKSMEN TAKE \$25,000
FROM POLICE COURT SAFE**
LOS ANGELES, Calif., (AP)—The
safe in Police Judge Ray L. Casabro's
courtroom, in Central police station,
was robbed Monday night of approxi-
mately \$25,000, it was discovered when
court opened Tuesday.

The robbers overlocked more than
\$17,000.

The courtroom is directly over the
detective bureau, where seven detec-
tives and about twenty policemen were
on duty last night. The robbers appar-
ently gained entrance through adjoining
offices by using passkeys, and had
the combination of the safe. The safe
door and mechanism were intact, but
an inner cash box was smashed.

The police indicate they would com-
mence their investigation by inquiring
into why so much bail money, all in
currency, was left in the safe.

RUSSIAN WAIVES TOUR WORLD ON WAY TO HOME

Children Sent Out of Petrograd when Revolution Grips Capital Returning by Way of the Panama Canal

WASHINGTON, (AP)—Voyaging around the world to reach their homes, 78 Russian waifs all but have accounted for probably 6,000 children sent out of Petrograd by their parents when revolution gripped the city...

"The long sea journey writes the last chapter in a history of wandering and adventure in a revolution-torn country that can hardly be matched in the whole record of war upheaval in the last six years," the announcement says.

Later a barrier of fire marking the battle lines of the opposing Russian and Czech armies had been stretched between the youngsters and their homes. Months passed. Winter arrived, funds were exhausted and war horrors needed the wanderers. The Omak government, applying for help, passed it on to the Red Cross.

"Three trains of specially equipped box cars with a guard of American doughboys transported the precious cargo on a journey lasting several weeks through a country stripped bare of provisions," the report continued.

Finally the children were settled at Russian islands in Vladivostok harbor in barracks with warm and nutritious prisoners pressed into service to do the heavy work. Schools and hospitals were established, natural talents were cultivated and the children, many of the girls took a course of training which fitted them to be nurses. Several youngsters showed unusual abilities at music, painting and dancing.

"The children will visit at Panama canal ports and in New York City on their way home."

MUCH CASH IS CURRENT

Reserve Bank Director Says \$3,000,000,000 in Deposits or Hiding

PHILADELPHIA, (AP)—The combined "Lise Thread" National bank, "The Old Sax bank" and the "Feather Bed-Mattress bank" now hold more than \$3,000,000,000 of the country's cash.

This is the estimate of William H. Butt, acting governor of the Philadelphia Federal Reserve bank, in one of the loose cash being carried around in packets and stowed away in various places. He was addressing an organization of business men.

Even a small proportion of this three billions invested in Liberty bonds would bring them back to par, he pointed out, or if the money was deposited in savings banks it would inject new life into industry.

YES—YOU CAN FIND the right man or woman for that office work—if you will tell about the opportunity offered in a classified ad. Capable office people, who lack proper connections, keep in close touch with the little ads.

Mexico Supports Land Development to Keep People at Home

MEXICO CITY, (AP)—Governmental officials here are studying the possibility of encouraging Mexican workers into the United States and to induce those already there to return to their native land have taken form in the official support given a corporation recently formed to develop 500,000 acres of land in the Puerto valley of Sinaloa.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and the Council of the City of Twin Falls, Idaho, on the 17th day of August, 1920, at the hour of eight o'clock in the afternoon of said day, at the City Waterworks Building, 169 Second Avenue North, in the City of Twin Falls, Idaho, published and open sealed bids and proposals and award a contract to the lowest and best and most responsible bidder complying with the provisions of this notice, for the construction of sidewalks and completion of all cement sidewalks authorized to be constructed by and the location of which are described in Ordinance No. 307 of said City of Twin Falls, Idaho, which Ordinance is found on page 33 of Book 5 of the council proceedings of said city in the office of City Clerk of said city, and which ordinance creates a sidewalk and the location of the same in the City of Twin Falls, Idaho, and also for the construction and completion of sidewalk intersections and cross-walks made necessary by the construction of the sidewalks authorized and mentioned in said Ordinance No. 307.

Said sidewalks are to be constructed and completed at the places and locations, and upon the streets, avenues and boulevards, and at the corners and property described and mentioned in the said ordinance No. 307, and upon the grade or grades and of the material and consistency to be used in the manner specified in and forth in the plans and specifications for said sidewalks and crosswalks, known as the one-piece walk or work, plans and specifications on file in the office of the City Clerk of the said City of Twin Falls, Idaho. Said sidewalk intersections and cross-walks are to be constructed upon the grades and of the material and of the construction and in the manner provided in the said plans and specifications hereinbefore mentioned. Proposals showing the estimated amount of work to be done and the cost therefor to be obtained by applying at the office of the city clerk of the said City of Twin Falls, Idaho. This said work will be paid for as follows:

Ninety per cent of the cost of construction, based upon the City Engineer's estimate thereof, found to be earned and due at the end of each contract with the whole thereof within sixty days after the completion of the whole of the said work and the acceptance thereof by the city engineer which acceptance shall be evidenced by the certificate of the city engineer that the said work is completed in all ways in compliance with the terms and conditions of the contract. The payment of the construction of the sidewalks shall be made in warrants of the city of Twin Falls, Idaho, issued to the contractor and issued against the special fund created by the assessing the property benefited by the construction of the said sidewalks, and which warrants shall in no way pledge the credit of the City of Twin Falls, Idaho, for the payment of the said warrants.

There must accompany each bid a certified check upon some bank located in the City of Twin Falls, Idaho, drawn to the order of the City of Twin Falls, Idaho, in an amount equal to ten per cent of the amount of the said check to be forfeited to the city of Twin Falls, Idaho, in the event that the successful bidder does not enter into a contract for the performance of the work.

The satisfactory surety bond in an amount equal to 60 per cent of the amount of the contract, conditioned for the faithful performance of the terms and conditions of the contract to be performed by the contractor must be given to the city of Twin Falls, Idaho, by the successful bidder at the time of the execution and delivery of the contract.

The Mayor and the Council reserve the right to reject any and all bids. Dated August 12th, 1920.

W. A. MINNICK, City Clerk of the City of Twin Falls, Idaho.

COMMITTEE TO PLAN FESTIVAL

Legion Post Board Will Take Charge of Scheme to Raise Memorial Fund

Affairs in connection with plans for the Harvest Home Festival, to be held in October for the benefit of the local post, American Legion, will be in charge of a specially selected committee. This arrangement was decided upon at a meeting of members of Twin Falls post, No. 7, American Legion, held last night.

The supervising committee idea supplies two possible, each contemplating employment of one man to have charge. The first proposal suggested a manager at a stated salary and the other recommended the selection of a man to have charge on a plan to give him one per cent of the profits coming out of the festival. Both schemes lost after intensive and lengthy debate, the meeting deciding upon a committee plan, the committee to be composed of five men with full authority to proceed with plans and to carry out the plans when once devised.

The committee announced today is Jack Thorpe, E. N. Hale, Herbert Lauterbach, Ralph Pink, Wilton Peck.

For the purpose of creating a Legion central hall, Dr. W. E. Passer, post commander, offered the post a room adjoining his offices in the Boyd building. The proposal will probably be accepted.

A motion was presented and adopted guaranteeing the labor committee full support in the latter's plan to conduct a Labor day celebration. The post went on record as favoring this movement and gave assurance all possible help to make the annual workmen's holiday a success.

Airs of South in Medley Form on Week's Bill

Southern Melodies Will Be the Feature of Bagd Concert in Park Thursday Night

Featuring the regular weekly public band concert, the city park Thursday evening, the organization will offer a special overture by Hecker composed of southern airs. The title of the piece is "Grand Fantasia of Southern Airs" and the program has been so arranged that this number will be the center offering.

The fantasia consists of a number of the most popular plantation and southern melodies combined in a medley so arranged as to bring out the best parts of each, and so commingling with each other as to make the many appear as a complete unit. This selection is expected to prove one of the most popular numbers given at a public concert in the city park this or any other season. The program: "Dawn March," "Nation's Awakening," "Dawn Selection from 'The Chaperons'."

Witmark: "One-Step," "I Am Climbing Mount Shasta," "Shasta Overture," "Grand Southern Airs," "Hecker's Fox Trot," "Frackles," "Morot Waltz," "Enchanted Nights," "King Trombone Sinear," "Trombone Blues," "March," "Old Colonial."

CONGRESSMAN SMITH ASKS FOR ARMY GUNS

Three of the Many Weapons Used in France by 146th Urged for Hall

Urging that the government supply at least three guns used by the 146th field artillery in action abroad, as a furnishing feature of the proposed Legion Memorial hall, Congressman Addison T. Smith, of this district, has forwarded a telegram, of which the following is a copy, to Newton D. Baker, secretary of war:

"About 200 of my constituents residing in this city were members of the 146th field artillery, whose splendid record for bravery and gallantry on the battlefields of France is a matter of military history of the late war with Germany, who with thousands of loyal citizens in this section of the state, are anxious that at least three of the 150 millimeter G. P. A. guns used by this regiment in France be forwarded here for mounting in front of a building to be erected by the citizens for a hall for the returned service men."

"Please advise if these cannon can be furnished and method of procedure to secure them."

Don J. Henry, attorney, announces removal of office to Room 1, Power Building.

COUNTY REPUBLICANS WILL SEND UNINSTRUCTED DELEGATION TO CONVENTION—G. O. P. IS ENDORSED

Twin Falls District Political Representatives to Pocatello Conclave Unhindered by Pledges, Will Vote Personal Preference—National Platform and Senator Borah's League Fight Get Support

The republican county convention convening in Parish hall Tuesday afternoon with all but three small precincts represented, elected nine uninstructed delegates to the state convention at Pocatello, re-elected C. A. Robinson of Twin Falls, as state committeeman, and adopted resolutions endorsing the republican national platform, county nomination for United States senator, administration, congressional delegation and particularly Senator William E. Borah's fight against the league of nations, and recommending amendment to the state employer's liability insurance law to bar casualty insurance companies, preference right of entry on Carey act projects to service men and women and creation of a state welfare commission for service men and women.

Interest For Senator

Various claims are made as to personal preference of delegates elected for one or another candidate for the nomination for United States senator about whom the principal contest is being determined at Pocatello centers. It is generally conceded that three and possibly four of the delegates favor Col. L. V. Patch as their first choice; two or possibly three are conceded to former Governor Frank H. Gooding and the others are non-committal. The delegates are in favor of the convention as to their vote at Pocatello in this contest.

The delegates elected are W. P. Brocken, Kimberly, Charles H. Krogstad, Carl DeLong, H. Helgin, John W. Graham, all of Twin Falls; T. J. Douglas, Hollister; E. H. Snyder, Piler; William R. Green, Jr., Buhl; Martin Miller, Castleford.

Veterans Chosen

Four of the delegates and three of the alternates are veterans of the world war and one alternate is a veteran of the Civil war.

The convention was organized with 92 of the 118 elected delegates present. C. L. Longley was the unanimous choice of the convention for permanent chairman and John O. Harvey for secretary.

Appointment of a resolutions committee was the only order of business, the chairman naming James McMillan, H. C. Kegleston, J. O. Eastman, H. J. Bennett and S. H. Bolton.

During the wait for the committee report the convention was addressed by Representative Addison T. Smith, W. R. Green, W. P. Guthrie and S. L. Hodgkin.

Election by Districts

Election of delegates in accordance with motion offered by John Graham was by the election of the first district, composed of Hansen, Rock Creek, Marting and Kimberly, naming one delegate; the second composed of the seven Twin Falls city precincts electing four and naming as first, Hollister, Amstrup, Hogerson, Bulte and Shoshone Basin in the election of a fifth; the third, composed of Piler, Maron and Thimmet, electing one; and the fourth, composed of Buhl No. 1 and No. 2, Castleford, Lacerne, Deep Creek and Clover, electing two. Vote was cast by precinct delegates voting for those absent, and election of delegates from each district was held separately. In each instance double the number of allotted delegates were nominated, those receiving the high votes being declared elected delegates and the others the alternates.

The name of Captain P. W. McRoberts was presented in opposition to that of C. A. Robinson as candidate for state committeeman. Mr. Robinson received 71 votes and Captain McRoberts 42.

Resolutions adopted by the convention, in full are as follows:

Be It Resolved, That this convention recommend to the state convention the

Twin Falls Coal & Feed Co. PHONE 240— Successors to Strobridge Coal Co.

adoption and approval of the national platform adopted at Chicago; and Be It Further Resolved, That we heartily endorse our county and county legislative tickets our congressional delegation in congress and particularly the fight led by Senator William E. Borah against the league of nations, and that we most heartily endorse for reelection our fellow-townsmen, Hon. Addison T. Smith.

State Administration

Be It Resolved, That it is the sense of this convention that we endorse our present state administration and commend it for its zeal and efficiency in handling of public lands of the state and for the public road program adopted by the legislature, and in our judgment it has performed a remarkable service in moving and overcoming the cash deficit of \$187,000 left by the last democratic administration, and in replacing the Soldiers' home and the Louisiana State Normal buildings which were burned and upon which the last democratic administration collected and spent over \$100,000 of insurance money, and its efforts to bring about reclamation of great bodies of arid lands in this state.

Be It Resolved, That we recommend that steps be taken to eliminate profit-sharing casualty insurance companies from operation in this state inasmuch as we have a state insurance board, and thus reduce the cost of such insurance to the employer and support our own state insurance board and give added

protection at a minimum cost to our citizens.

Service Men Benefits

Be It Resolved, That this convention recommend to the state convention the adoption of a platform plank calling for the enactment of suitable legislation to grant ex-service men and women of the world war preferential rights of entry on Carey act and reclamation projects within the state, and memorialize congress to amend the federal Carey act, if that be necessary to accomplish the above purpose.

Be It Further Resolved, That this convention recommend to the state convention the adoption of a platform plank calling for the enactment of legislation for the creation of a state welfare commission for ex-service men and women of the world war, and for

an appropriation commensurate and suitable for the purpose comprehended by such legislation along the lines of similar legislation adopted and in force in the states of Washington, Montana and Massachusetts.

A GOOD PLACE TO TRADE

Make Washday Easy by Using 20-Mule Team Borax Soap

20-Mule Team Borax Soap actually contains a large percentage of pure Borax, and will do the work for which it is intended, because the Borax is so combined with the other ingredients as to form the most powerful cleansing agent. Yet it will not make the hands red or rough, like other laundry soaps; it will not shrink the clothes; you will be astonished to see how much easier and quicker you can do your washing. It makes the clothes as white as snow.

For laundry and household uses, this soap has no equal. It is made of the purest and best materials.
