COAL CONFEREES SPLIT DISRUPTS CENTRAL FIELD

Miners Vota Unanimously to Seek and Make Supplemental and Separate Wage Agreements with Operators

CLEVELAND, O., (AP)—Miners attending a conference of the joint coal committee of the central competitive field in a policy meeting today following failure, last night of the joint conference to agree on the miners' demands for increased wages and adjourned since die after voting unanimously that miners in each of the four states concerned will seek to make a supplemental and separate agreement with operators in the field. This practically disrupts the central field as a basing point.

Send Separate Telegrams. Inasmuch as the joint conference was called by President Wilson, operators and miners sent separate telegrams to the president today advising him of the failure to reach an agreement. The telegrams sent by the operators was a statement of the fact that the joint conference had failed to adjust the controversy after five days of almost continuous conference.

Miners' Message Optimistic. The miners' telegram was optimistic in tone, saying the miners would endeavor to make separate and individual agreements with the operators in the various states.

We have found it impossible to reach an agreement with the operators of the central competitive field bearing upon the issues involved," the miners telegram, signed by President Lewis, said.

There is no controversy affecting any principle but merely a difference of opinion as to what constitutes "equity" and the desire to which it should be adjusted. As a consequence the interstate conference adjourned last night without decision. While this circumstance may be regarded as unfortunate it is the opinion of the miners that there is no necessity for any public apprehension.

There are reasonable grounds for the belief that the questions at issue between the operators and miners may yet be harmonized through the instrumentality of agreements which may be consummated in the individual coal producing districts without inconvenience to the public. The sincere efforts of the representatives of the mine workers will be promptly exercised to the application of this policy."

Operators State Position. The operators' telegram signed by Michael Gallagher, chairman, declared the operators proposed to advance the day and monthly men to the equivalent of that granted the tonnage men in machine mining, but that the miners refused to accept mine operators an advance of 1.50 per day, "which, if granted, would have created further inequality to the disadvantage of the tonnage men."

The operators then proposed, "the telegram said, "that the question in dispute be submitted for final settlement to a commission, as suggested in the report of the bituminous coal commission. This proposition was also rejected by the miners. Finding ourselves hopelessly deadlocked, we regret to report that we were compelled to adjourn sine die."

Miners Hold Outcast. The bituminous coal miners wage committee of the central competitive field caucused today to draft a message to President Wilson notifying

Igorote Village is Buried Under Hill in Path of Storm

MANILA, P. I., (AP)—Collapse of a mountain top in this island in a recent storm, buried an entire Igorote village under hundreds of feet of earth, blotting out the lives of 70 natives, according to official advices received here today.

The village was located in the mountain province within two hundred miles of the city of Manila. The top slid down upon the village at midnight. No bodies have been recovered.

AVIATORS ARE KILLED IN SOUTH AMERICAN FLIGHT

BUENOS AIRES, (AP)—Lieutenant Martens, a Brazilian, and Captain Gordon, a British aviator, were killed in Lake Estebes Monday when their airplane fell following an explosion of the motor. They were engaged in an attempted flight from Rio Janeiro to this city.

LLOYD GEORGE NOT TO TRAVEL

LONDON, Eng. (AP)—Premier Lloyd does not contemplate any trip to Canada or the United States, it was announced officially today.

INSTRUCTS JURY TO INVESTIGATE SUFFRAGE VOTE

Tennessee Court Stresses the Charge to Inquire into Efforts to Improperly Influence Law Making Power of State

NASHVILLE, Tenn., (AP)—Judge Debow charged the grand jury in the Davidson county criminal court today on the subject of efforts to improperly influence or corrupt the law-making power of the state and laid special emphasis on the fight for the ratification of the federal suffrage amendment by the Tennessee legislature. Papers Publish Charge. Judge Debow's charge followed publication of a report that the grand jury (Continued on Page Five)

Polish Forces Victorious on all Fronts Except Southern Battle Sector, Where Reds Advance

RUSSIANS EVACUATE BREST-LITOVSK IN FLIGHT BETWEEN VISTULA AND BUG

WASHINGTON, (AP)—Unless Bolshevik military leaders succeed in quickly organizing a more successful resistance, defeat of the soviet forces before Warsaw will become a "very serious" one, according to a cable received by the state department today from the American legation at Warsaw.

WARSAW, (AP)—Polish successes on all fronts, with the exception of the southern battle sector where the Russian soviet forces are advancing in the direction of Lemberg, were reported last night in the official statement on fighting operations.

WARSAW, (AP)—Russian soviet forces are evacuating Brest-Litovsk, the strongly fortified town on the Bug river, 120 miles east of Warsaw, according to advices received last night.

WARSAW, (AP)—Soviet prisoners are pouring into Warsaw in such numbers that it is becoming a problem how to care for them.

WARSAW, (AP)—The fifty-seventh, fifty-eighth and eighth Bolshevik divisions on the Warsaw front have been annihilated and thousands of soviet soldiers made prisoners, last night's official statement says.

The Russians lost their bearings in trying to meet attacks on all sides from the Poles and along their flanks, the statement adds. The Poles, continuing their advance have occupied Kaluszka, 35 miles east of Warsaw, Gladok, 57 miles east of Warsaw, and other points 100 miles southeast of Siedlca and Wladawa, 125 miles southeast of Warsaw.

Reds Flee in Panic. Russian soviet forces are fleeing in a disorderly panic along the front between the Vistula and Bug rivers, where the Poles are advancing with success, said an official statement last night.

In their counter attack to relieve pressure upon Warsaw, the Poles are using tanks, airplanes, armored trains and artillery in great numbers. At Nowe Minsk, east of here, and Sereck, to the northeast 2000 prisoners, seven cannon, hundreds of wagons and vast quantities of supplies have been captured, the statement declares.

Takes Semblance of Rout. The Bolshevik retreat north and east of Warsaw, which has been reported, were closely driven by the Poles took the semblance of a rout at some places, the communique reports. On the extreme left, however, and in the region of Lemberg soviet advances are recorded.

Northwest of Warsaw, Russian troops who met resistance at Wloclawek, where they had designed to cross the Vistula, bombarded the town for hours, the shells damaging the cathedral and the bishop's palace.

POLES SUCCESSFUL IN DARING MANEUVER THROUGH MANCHOVING

PARIS, (AP)—Lukow, 41 miles south east of Warsaw, has been captured by Polish troops in their counter attack against the left wing of the Bolshevik army, says the Warsaw correspondent of Excelsior. His dispatch, sent on Tuesday night, declares the Bolshevik right wing also is in a bad situation.

The maneuver executed by the Poles was a daring one, the correspondent declares. It consisted in concentrating the bulk of the forces and delivering a surprise attack against the flank of the main Bolshevik army. It was completely successful because of the ability of the Polish infantry in marching, and the reports that "of great importance" are expected.

POLES ADVANCING ON WEST PRUSSIA SAYS BERLIN DISPATCH

BERLIN, (AP)—The Poles are advancing on Graudenz, West Prussia, in full force, according to a special dispatch to the Vossische Zeitung today. On the left wing strong Polish cavalry forces are moving against the Bolsheviks in the south where the Russians are expected to cross the Vistula. Heavy fighting between the Poles and Russians is reported here Gostershausen.

The Danish corridor between Stralsund and Deutsch-Flyla has been cleared of the soviet forces, the dispatch says.

CANTU DECLARES SELF READY TO SURRENDER

Recalcitrant Governor of Lower California to Make Trip to Capital

MEXICO CITY, (AP)—President de la Huerta and Esteban Cantu, governor of Lower California, conferred yesterday by wireless, says the newspaper Univision. Governor Cantu declared he was willing to surrender to the government, says the newspaper, and will come to Mexico City next week.

WET GROUNDS. PHILADELPHIA, (AP)—Philadelphia-Chicago American league game postponed; wet grounds.

REDS DECLARE POLES PROLONG PEACE PARLEY

Break in Negotiations at Minsk is Laid at Door of Polish Delegates by Spokesman for the Soviet

LONDON, (AP)—The Russo-Polish peace negotiations at Minsk were not continued Wednesday as agreed, owing to the fault of the Polish delegation, according to a message dispatched from Moscow Wednesday by George Teitcher, soviet foreign minister. Leon Kamenoff, the soviet representative in London.

FIERCE FIGHTING REPORTED IN BOLSHIEVIST STATEMENT

LONDON, (AP)—Fierce fighting is continuing in the region of Warsaw and Novo Georgievsk, the strong fortress about 10 miles northwest of Warsaw at the confluence of the Vistula and Bug rivers, according to Wednesday's statement by the soviet government at Moscow.

In the Crimean sector engagements are going on with indecisive results, the statement says. The official report follows: "Our troops have crossed the River Vistula and have occupied Minsk, in the Novo Georgievsk and Warsaw regions, fierce fighting continues. In the Lemberg region, we forced the Bug and occupied Zochoff, in the Buczacz region, fighting continues with alternating success along the Strypa. In the Crimean sector, in the Orskhoff region, we engaged the enemy with alternating success along the river Karachkay."

HARDING PLEDGE TO MAKE END OF PERSONAL RULE

Promises if Elected President, to Give Each Branch of Federal Government its Constitutional Part

MARION, O., (AP)—In replying to democratic criticism of the republican caucus and of the policy of government by party, Senator Harding declared in a speech today to members and former members of the Ohio legislature that his purpose if elected president would be to give to each branch of the federal government its constitutional part in governmental functions.

Welcomes Suggestion. "In cartoon, in solemn editorial, in many utterances from the platform," he said, "it has been suggested that I, as a republican victor, should welcome a suggestion to permit the senate to have some say in determining the policy of the government. I gladly welcome this suggestion, and I believe it is a republican suggestion, and I believe it is a suggestion that the United States senate is functioning again. We need it to save America."

"If a republican administration is chosen next November, you can be very certain that the senate is, theoretically, if not actually composed of ninety-six leading men of the republic will have something to say about the foreign relations which the constitution contemplates."

"It has become quite the fashion among unheeding partisans of inaccurate faith to cry out against the senate and the part it plays in the federal government. One might as well complain the constitution a fraud. The senate is in reality the security of stable, popular government."

Praising the record of the present senate, the nominee declared it had done more for American nationality than the executive branch had proposed to surrender it. He disclaimed from arrogation of unconstitutional powers by the president and said it was the purpose of the republicans to have done with personal government, and "to put an end to autocracy." The rule requiring a two-thirds vote in the senate to ratify treaties he characterized as "the wisest provisions in the constitution. The league of nations was touched on briefly, Senator Harding declaring it would break down the orderly process of the federal government by transferring from congress to a foreign council the power to decide when the nations should go to war.

NORWAY BARE LUXURIES. CHRISTIANIA, (AP)—Importation into Norway of articles of luxury such as automobiles, diamonds, lace, pearls and furs had been prohibited by a government order effective today.

UPPER SILESIA IS AGAIN QUIET

Security Police Patrol Scenes of Clash Between Civilians and French

BERLIN, (AP)—Negotiations were begun some time ago by the German government with the allied commission at the neutral city of the plebiscite districts of Upper Silesia, says a semi-official statement issued last night. It is declared the commission has given assurances that it will prevent any advance being sent to warring powers through those territories.

A dispatch last night from Kattowitz stated the town was quiet and that a strong force of security police was on patrol. The allied commission has declared an intensified state of siege as a result of the fatal disorders Tuesday when 27 persons are said to have lost their lives. Another telegram quotes a statement from the allied commission averring that the security police tried to protect the French troops. One al-Bred soldier was killed and eight were wounded.

JAPAN REFUSES CHINA'S PLEAS

Declares Inability to Withdraw Guards on Chinese Eastern Railroad

TOYKO, (AP)—Japan has sent a communication to the allied government stating it is unable to comply with China's request for a withdrawal of the Japanese guards on the Chinese eastern railroad.

The communication points out that the guards were stationed on the rail way primarily to prevent possible invasion of Manchuria and Korea by the Bolsheviks and that existing conditions still prevent withdrawing "this barrier against Bolshevik penetration." This action, the communication says, was in accordance with an agreement of the powers to put the railroad on an international footing until a "legitimate Russian government, capable of preserving law and order" was established. It states that Japan, therefore, does not feel under obligation to consider China's request.

CLEVELAND FANS DONATE TO FUND FOR DEAD PLAYER

Thousands Contribute Mite Attesting Popularity of Ray Chapman

CLEVELAND, O., (AP)—Many people prominent in the baseball world, are coming here to attend the funeral of Raymond Chapman, which will be held tomorrow in St. Philomena's Catholic church, Cleveland. Among them is H. B. Johnson, president of the American league, who will receive from Manager Trip Speaker of the Cleveland team, a report of the accident which resulted in the death of Chapman at League park.

Tomorrow's game between Boston and Cleveland has been postponed and a doubleheader arranged for Monday. James G. Dunn, president of the Cleveland club, arranged to have members of the team come here for the funeral.

IDAHO WEATHER. Tonight and Friday, fair and warmer.

DENIES RUSSIA BIG FACTOR IN FOREIGN TRADE

Former Member of Duma Points Out Treaty and Revolution Reduce Nation's Ability to Export Materials

CONSTANTINOPLE, (AP)—Russia's ability to export raw materials in the near future has been greatly overestimated by foreign countries in the opinion of Colonel H. Engelhard, formerly a member of the Russian Duma and a student of economic conditions in Russia before and after the revolution. In a talk with the Associated Press correspondent he said that foreigners seem to fail to realize the collapse of the Russian transportation systems, reduced man-power and the deplorable condition of the Russian farm lands.

This comment was evoked by reports of the negotiations of Russian economic agents with Premier Lloyd George in London and the announcement that the United States had lifted prohibitions upon American trade with Soviet Russia.

Colonel Engelhard is confident that Russia will again play an important role in European markets, but he said, "The revival of Russian trade will not come until there shall be established a normal state of life when men shall renounce attempts of establishing immediately the paradise of communism."

"It should be borne in mind that European Russia has been greatly reduced in size," said Colonel Engelhard. "Formerly it had over 5,000,000 square kilometers of land and 157,000,000 inhabitants. Poland, Finland, a great part of the Caucasus and several Baltic provinces, with about 50,000,000 inhabitants and about 1,250,000 square kilometers of land, have detached themselves. The greatest part of these detached territories ordinarily had a notable surplus of grain and other farm products, which constituted the major part of Russia's exports."

Grain Fields Reduced

"In 1913, the last year when conditions were normal in Russia, exports were valued at 1,500,000,000 gold rubles, or \$750,000,000. The greatest single item in the export list was grain. The total grain exports were 12,870,000 tons, valued at \$225,000,000. European Russia used to harvest 63,000,000 tons of grain annually. With its reduced area, with the wrecking up of big estates, lack of machinery and ruin wrought by continuous war in many of its most fertile areas, it may be affirmed the grain harvest of the soviet republic will scarcely reach 31,000,000 tons annually. One cannot count on any considerable exportation of grain from soviet Russia in the immediate future. So far as Siberia and the provinces in central Asia are concerned they used to produce 800,000 tons of grain for each inhabitant. The civil war must have reduced the normal very considerably and it is doubtful whether any considerable quantity of grain can be exported from Siberia."

Stock Industry Ruined

Colonel Engelhard says livestock of all sorts has been reduced so greatly by the war that it is impossible to consider the exportation of meat or live animals. The civil war in the Don and Kuban wiped out the sheep there and made the extensive exportation of wool impossible. The sugar industry is so disorganized and fuel so scarce it does not believe soviet Russia will be able

to supply its local market for many years.

Oil is the one farm product which Colonel Engelhard believes soviet Russia will be able to export in large quantities immediately.

Oil Greatest Hope

Oil is the greatest hope of the soviet government, in the opinion of Colonel Engelhard. Large quantities of oil will be stored and produced in the Bakur fields and it is the product which the world is seeking. Fighting has interrupted the Bakur-Batum pipeline, but Georgia and the Bolsheviks have now reached an agreement and the prospects are better for oil sales in Baku. The Franza oil field, which is entirely dependent upon the Vladikavkaz railway for transportation, is also in the hands of the Bolsheviks, who have control of the railway and can readily transfer the product to Baku if rolling stock is available.

Nationalization Works Havoc

"But up to the present time the Bolshevik regime has only diminished the production of oil," said Colonel Engelhard. "It seems certain that the nationalization of enterprises everywhere will work the same way. It has in Russian industries as a whole."

MINT AT PHILADELPHIA TURNS OUT HEAVY GRIST

Director's Report Shows Output of 502,000,000 Coins in Last Fiscal Year

PHILADELPHIA, (AP)—The Philadelphia mint turned out 502,000,000 coins in the last fiscal year.

Raymond T. Baker, director of the United States mint, gave out the figures after inspecting the institution. New die-cutting machines, electric furnaces and carrying devices have been installed within the last year and efficiency methods have been adopted which greatly increase the output of the mint.

The increase last year was about 25 percent over 1919. In 1919 a little over a million coins were produced.

Mr. Baker recently returned from San Francisco mint where he is preparing to install improved machinery similar to that in the Philadelphia mint.

"With the recent additions," said Mr. Baker, "the Philadelphia mint is the largest in the world. It is the only country but manufactures a larger number of coins than any other mint in the world."

GERMANY TO USE PEAT DURING COAL SHORTAGE

Municipality of Berlin Starts Turf Digging Plant on Its Property at Blankenfelde

BERLIN, (AP)—Peat will probably come into more extensive use as domestic and industrial fuel in Germany as a consequence of the coal shortage. The municipality of Berlin has started a turf-digging plant on its property at Blankenfelde where 20 tons of peat are already being produced daily. Mixed with coal, the peat is used to help fueling the boiler fires at municipal power stations.

In Saxony, too, the threatened coal famine in the coming winter is causing concern. Finance Minister Reinhold has drawn up an extensive tree-felling program in the state forests, and potatoes are to be grown on the clearings.

Store competition operates now as a way to keep prices of merchandise down to the lowest possible basis. This law of trade is considered so essential in our business life that laws are made to prevent combinations whose object is to boost prices through agreement. As profit falls through the competition of the store you must keep in close touch with store advertising.

AMERICAN FRIENDS WILL FEED GERMAN CHILDREN

Provisions Sufficient for Year to be Sent Through the Committee

PHILADELPHIA, Pa., (AP)—The American Friends service committee, Philadelphia, has arranged to make shipments of food for the child feeding work in Germany in sufficient quantities to last until the end of the year.

Recently there have been shipped from New York 240 tons of cocoa, 217 1/2 tons of lard and 14,320 cases of condensed milk.

In addition to these, there were shipped 31 barrels of cod liver oil for hospital use in combating rickets, the disease of children so common there because of under-nutrition. Dried peas and dried beans used in the food ration are already stored in warehouses in Hamburg to be drawn as needed; 850 tons of rice have been purchased and will be delivered at Hamburg soon. The remaining articles of the ration, flour and sugar, will be supplied in the future by the German government.

The value of these goods is about \$1,200,000 and it is expected it will be sufficient to provide a supplement to the regular ration of 500,000 children per day until January. This number is slightly less than the friends fed during the spring months of this year.

The original plan was to close the child feeding operations on August 21 but the food situation was found to be so acute and the harvest poor that another year's program was prepared.

SUFFRAGE RESOLUTION ON TABLE IN CAROLINA

Supporters of Franchise for Women Unable to Secure Reconsideration of Legislature's Action

RALEIGH, N. C., (AP)—Suffrage supporters were unable to obtain a reconsideration today of the vote which yesterday failed the resolution ratifying the suffrage amendment. The upper house of the legislature adjourned at 1 o'clock and under its rules the question cannot come before it again except on a favorable motion of the lower house.

The ratification resolution now in house committee will be reported out and made a special order of business tomorrow morning.

TWENTY ARE INJURED IN MISSOURI TRAIN WRECK

Tender and Ten Coaches Leave Track Between Kansas City and St. Louis; Broken Rail Cause

WARRENSBURG, Mo., (AP)—Twenty persons were injured, some severely when the tender and ten coaches of Missouri Pacific passenger train No. 13, westbound, between Kansas City and St. Louis, left the track three miles west of Warrensburg. A broken rail is believed to be the cause. The injured were riding in a chair car which turned over. The injured were returned to Warrensburg in ambulances.

Among the injured was J. W. Shepard, Pueblo, Colo., minor bruises.

ADMINISTRATION FIGHTS DRY LAW FOR ARGENTINA

Meets Demand for Prohibition Bill with Favor for Restriction of Liquor Traffic Under Treaty Provision

BUENOS AIRES, (AP)—President Irigoyen's administration has just announced through Finance Minister Salaberry that it will oppose the prohibition bill recently introduced into the chamber of deputies. Nevertheless, an official move in favor of the restriction of the liquor traffic is seen in the terms of the reciprocal commercial travelers' treaty recently agreed upon between United States Ambassadors Stimson and the president.

Uniformity Waved

This treaty, which will probably be drawn up and signed in Washington during Ambassador Stimson's visit, there on leave, will provide for a single federal license for American salesmen in Argentina, instead of licenses for each province, but will exclude alcohol from selling alcoholic beverages under it. The prohibitive clause was requested by President Irigoyen, it is learned. It was accepted by the United States government notwithstanding the fact that no such clause appears in other commercial travelers' treaties negotiated by the United States. The American policy of uniformity for travelers' treaties recently has been waived in favor of Argentina.

Since alcoholic liquors can no longer be legally exported from the United States, American salesmen naturally will not be affected by the clause, but its significance lies with Argentina in that it establishes a precedent in the direction of prohibition. It is pointed out that if this treaty with the United States is ratified, other nations who may desire also to negotiate a treaty with Argentina providing for a single federal salesmen's license would by virtue of this precedent, have to accept a similar clause against the sale of intoxicating liquors. Otherwise their salesmen must continue to pay a separate license and run at high as a thousand pesos.

President's Position

While President Irigoyen is known to be strongly in sympathy with restricting the liquor traffic, it is said, that he feels that Argentina is not yet ready for prohibition. One of the wine provinces, Mendoza, thrives upon the wine industry, and the use of light native wines, especially in the rural districts, is almost general.

The introduction of the prohibition measure in congress was followed by a strong protest from the Mendoza wine growers. They were told by Minister Salaberry that, "although he had not consulted President Irigoyen on the subject, he could assure them that the executive power of the nation will not approve this reform, and if it is necessary will oppose against it all the legal resources upon which it can lay hand."

Meaning the wine growers have organized a "junkie" for congress to the wine growing district to show the importance of the industry to Argentina.

EMPEROR GETS BLAME FOR AUSTRIAN ARMY COLLAPSE

Investigators of War Delinquencies Give Conclusions of Study

VIENNA, (AP)—Chief blame for the collapse of the Austrian forces on the Piave river, in the Austro-Italian campaign is placed on the former Emperor Carl by the report of a commission appointed to investigate war delinquencies.

On the fateful November 2, 1918, the report says, the then emperor issued three conflicting orders within a few hours. The first was for the conclusion of an armistice. Thirty minutes later this was revoked and 45 minutes afterwards it was issued again. During this period, it was said, the emperor consulted no one on the matter.

"We must ask," the report says, "whether the emperor and his advisors were not guided by the fear of the army flooding back on Vienna rather than by any other circumstances. It may be, perhaps, that by express intention but rather subconsciously, that the desire prevailed with more than one of these men that the troops had better not return home at all."

CHINESE VISIT IN JAPAN

Newspaper Men of Oriental Republic Ignore Strained Relations

TOKIO, (AP)—Japan is receiving the first visit of a party of Chinese newspaper men since feeling between the two nations became strained. With one exception all the members of the party are Canton men. Japan's trade with South China is steadily growing with Canton as the gate for Japanese goods. The party contains a journalist who was prominent in the anti-Japanese boycott in China and the visit is welcomed as a sign of alleged amelioration in the relations between the two countries.

Chamberlain's Ointment and Diarrhoea Remedy

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in also epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.—adv.

HAMBURG LOSES ITS GLORY AS GERMAN HARBOR

Passage of 22 Steamers, Mostly under Foreign Colors, is Hailed with Satisfaction as Favorable Indication

HAMBURG (AP)—In one day recent 22 steamers passed on their way to Hamburg or to enter the Kiel canal. This was the largest number of ships to come into the Elbe in 24 hours since the early days of the war...

Under Foreign Colors. In those days few flags other than those of the German empire were seen in the harbor. Today Hamburg is literally under foreign colors. Shipping companies of all the principal nations have set up offices here...

There is some life again in the harbor but the ships are nearly all foreign. One passes long rows of splendidly equipped docks and warehouses, once a hive of industry...

It is realized that Hamburg faces a long uphill struggle to regain its pre-war prestige. A well-known banker told the correspondent he believed Hamburg had irrevocably lost its financial power...

AFTER BABE BORTON

LOS ANGELES, Cal. (AP)—An investigation of the charges by Babe Borton, former Vernon first baseman, with a view to a decision whether or not the decision of President McCarthy that Borton be prohibited from playing in the grand circuit was begun here today by Edward F. Wehr, attorney for the owners of the Vernon club.

YANKEE ATHLETES LEAD ALL

ANTWERP, (P)—The total score in the athletic events—track and field—after yesterday's events in the stadium follows: United States, 101 points; Finland, 49; Sweden, 26; England, 24; France, 12; South Africa, 7; Italy, 7; Canada, 7; Norway, 6; New Zealand, 3; Estonia, 2.

CAN'T BEAT U. S. A.

STOCKHOLM, (P)—The Boston-St. Louis football team played a tie game against the combined Stockholm team today, each team scoring two goals, all of which were put over in the first half.

GAME POSTPONED.

ST. LOUIS, (P)—The Boston-St. Louis football game scheduled to fill an open date today has been postponed until Sunday when a double header will be played.

Bridal Cakes.

The bride cake which invariably accompanies a wedding nowadays and which must always be cut by the bride, may be traced back to the old Roman form of marriage by "conferretio," or eating together. So also among the Trojans the bride and bridegroom used to partake together of the cake of Sagarum, which the bride always offered to her husband.

Child Cured of Bowel Trouble.

A child of Floyd Osborn, Notary Public of Duganagon, Va., was taken with bowel trouble. Mr. Osborn gave him Chamberlain's Colic and Diarrhoea Remedy and it quickly recovered. In proof of the fact, says, "It is the best I ever used."

Brief Bits of Sport

Roy Ross, Idaho bantamweight boxer, has been reinstated in the grades of the state boxing commission. And now Roy will take on Spig Meyers, a Pocatello bantam, on Labor Day.

Some folks said Ross was afraid of Bruggers, other declared the Boise boxer did not like the size of the house on the night of the scrap.

Never won a game. If the Coast League magnates continue to uncover bribery and gambling among players baseball will soon rank with politics.

But then, Franz has appeared only in 12 games. By winning yesterday from Cleveland, while the White Sox lost to Washington.

LEAGUE SUCCESS MOST ESSENTIAL NOMINEE ARGUES

Governor Cox Says American Safety, Economic Readjustment and Prosperity Depend Making Covenant Effective

SOUTH BEND, Ind., (AP)—National and international financial and economic readjustment, as well as the high cost of living, are among the chief necessities of the league of nations, Governor Cox declared today at a large public gathering.

“With the least possible delay after March 4, 1921, our pledge is to enter the league, making such additions as are reassuring and helpful,” Governor Cox said. “This will legally end the war, and will help to establish world peace. A call will be made upon our mineral wealth and our productive skill. We will have the ships to sail every sea, the supply of our essentials will be equal to the demand, and our expenses will be reduced. What we would otherwise be spending for guns and powder would be applied to our war debt, and above all, we will be happy to contribute our share to the world’s peace.”

“The opposition offers, at the best, a very long delay. What project it has as a substitute for the league of nations, no one knows, or at least no one has ever attempted to describe it or to name it. The question of the league of nations therefore becomes increasingly the issue in this campaign for the very reason that it involves our safety, our economic readjustment and our prosperity. The air is clearing; the smoke screen of hyperparty thrown up by the senatorial oligarchy has been pierced, and every individual now and November will witness the gradual retreat of the forces of reaction. There isn’t enough money in the world to stop it.”

“Relinquishing his charge of ‘reaction’ against the republican leaders, Governor Cox added: ‘They should follow their own steps backward, and they are so used to moving in that direction that they would not need a compass they would find that every condition against which they weigh in of their own creation. They discuss the high cost of living, without apparently realizing that in a large measure they are responsible for the belated settling down of conditions which have continued the high cost of living.’”

Cost of Rehabilitation Delay. “If the league of nations had been ratified months ago, exchange would have been stabilized. Europe could have started its work of rehabilitation; its countries would not have been in the drain upon our food supplies. In fact, Europe would be buying the things which we can spare. The result of this would be self-evident. War taxes which should have been modified or removed when the war was over were not touched and the republican oligarchy in the senate is directly responsible.”

Senator Pennington, Pennsylvania, Governor Cox declared, was instrumental in preventing reduction of war taxes “on the theory that the people would blame the executive rather than the congressional administration” for failure to abolish burdensome taxation.

Armament Cost Heavy. Much of the national debt of all countries, Governor Cox said, was caused by the race in armament, adding: “If the world would only discontinue arm itself to the truth, if the cost of armament is diverted to the payment of interest and sinking fund on the bonded debt, there is more hope that civilization can make its way out to a sound footing financially and economically.”

PROPOSAL FOR SALE OF STOCKYARDS SUBMITTED Plan is Outlined for Stripping Big Five Packers of Their Holdings

WASHINGTON, (AP)—A plan under which the big five packers would dispose of their stockyard interests has been submitted to the department of justice for approval and probably will be filed in the District of Columbia supreme court by August 31.

FOUR WESTERN RUNNERS WIN PLACES IN 400 METER RACE PRELIMINARIES AT OLYMPIAD

Shea, Navy Man; Ted Meredith, Emery and Schiller Lead Way in Qualifying Events for Big Running Match—Rains Interfere with Record Making—Canadian is Among Leaders

ANTWERP, (AP)—Four American runners qualified in the preliminary heats of the 400 meter race in the Olympic games today. They were Frank J. Shea, Navy man, Harry T. (Doc) Meredith, New York A. C.; R. S. Emery, Chicago A. A., and George S. Schiller, Los Angeles A. C. Phillips, the only Canadian entrant, also qualified.

Others who will enter the final are: Lindsay, Ainsworth, Worthington and Hunter, England; Oldfield, Dufel and Ruppel, South Africa; and Andre, France; Viten, Finland; Engdahl, Sweden; Sunblad, Switzerland; and Correy and Morrey, Belgium.

Rains Prevent Records. The slow time was caused by heavy rains and the fact that the first day of competition with such a lead that it seemed they were assured of victory.

With eleven events finished and only 14, including the Decathlon, the modern pentathlon and marathon remaining, the Americans have amassed 101 out of a possible 242 points. The rest of the points are widely distributed.

American fencers have been eliminated from the final contests in the individual event, Major M. W. Honeycutt being the only American to progress to the semifinals. American was also eliminated from the lightweight wrestling competition last night when George Metropolitan of Gary, Ind., was defeated by the Danish champion, Denmark. Lieutenant H. J. Szymanski, United States army light heavyweight, won the liveliest bout of the evening from Stensrud, Norway.

For Next Week. America and Greece drew a bye for the Olympic water polo preliminary round. The Dutch club, qualified in the first round, will meet Spain; in the second England meets Canada; in the third England meets Czechoslovakia; in the fourth France meets Brazil; in the fifth Switzerland meets Belgium; and in the sixth Holland meets Australia.

The American pole vaulters, F. K. Posa, Chicago A. A.; E. E. Knaurek, Illinois A. C.; and Washington State college, and E. E. Myers, Chicago A. A., easily and impressively qualified for the finals in the pole vault today, their form being far superior to that of the other entrants.

One Yank Falls. Only one American, Fred W. Fallor, of the Boracay club, qualified in the forenoon semifinal heats of the 10,000 meter run. Another American, A. Paterson, of Haskell institute, Kansas, a Zuni Indian, dropped out in the twentieth lap of the race.

BARB BUTH CRACKS OUT FORTY-THIRD HOME RUN NEW YORK, (AP)—Barb Buth of New York today cracked out his forty-third home run of the season in the fourth inning of the game today between New York and Cleveland. Caldwell was on the mound.

SHE'S HAPPY WOMAN NOW

So Mrs. Poe Says After Tanlac Restores Health — Gains Thirty Pounds

“The results I have gotten from Tanlac are so wonderful that I feel compelled to tell everybody about it,” said Mrs. John Poe, 501 Third street, Rockin, Ill., “and my recovery, after fifteen years suffering, has made me the happiest woman in Illinois.”

“Why, everything I ate caused me agony. Gas pressed up around my heart, so I would faint, and when I recovered consciousness I would be limp as a rag. Lots of times my neighbors came in thinking I was going to die. I also suffered with rheumatism so bad I would have to sit for days at a time with my feet on a pillow in a chair, and my old bones were so stiff and painful I could hardly use my arms. I could hardly sleep at all and have stayed awake weeks at a time from pain.”

“My husband urged me to try Tanlac and the way it restored my health was the greatest surprise that I ever had. Why, I have gained thirty pounds since I began taking it, my troubles have disappeared completely and I feel as spry as I did when I was a girl. I just feel like I owe my life to Tanlac and I only wish I had known of it long ago.”

“I began taking it in a drug store in the city and by the leading druggists of every city.—adv.

DADDY'S EVENING FAIRY TALE

THE CATS. Sunshine, the cat, and Snookums, the cat, were washing their faces before they had their breakfast.

Little Toy Ducks. In their basin they had little toy ducks with which they played.

"Well," said Sunshine, the cat with the golden yellow fur, "I think I must be having my breakfast."

"I think the same," said Snookums, who was a black cat with touches of white for here and there.

"Well," said Sunshine, "did you hear what the mistress said about us?"

"That was very nice of her, to be sure," said Snookums. "I like her for she gives me such a nice home, such nice cushions to lie on..."

"I was talking of the mistress and of all the nice things she had said of us."

"Oh yes," said Snookums, "well that was very fine, because it means that we will be well looked after and will be most comfortable as she loves us so."

"I don't see it going in one ear and out of the other."

"I must say I am terribly confused."

"I can't hear something that is an expression. When folks hear something that they don't pay any attention to, or which they intend to forget right away they say that it goes in one ear and out of the other."

"I don't see it going in one ear and out of the other."

"I must say I am terribly confused."

THIS IS A BARGAIN. Call on or address: Trail-Grenzback Realty Company

JEROME, IDAHO - TELEPHONE 116

WOULD YOU INVEST YOUR MONEY AT 2% INTEREST?

During the year 1919 the Common Stock of the Idaho Power Company earned only 2 per cent. One-half of this was placed in a necessary surplus fund...

The average person is likely to think of the owners of any large company as rich individuals who would be better off without so much money. Do you realize that over half of the stockholders of the Idaho Power Company are small investors...

THIS QUESTION MUST BE DECIDED

Aren't all these people entitled to a reasonable return on the money they have saved and invested? The state law says that they are; yet, under present conditions, the owners of Idaho Power Company Common Stock are receiving only 1 per cent a year on their investment.

ALMOST 25 MILLION DOLLARS INVESTED

This company serves more than 31,000 customers, scattered over an extensive territory in Southern Idaho and Eastern Oregon. It operates 10 great generating plants, and maintains 1,836 miles of transmission and distributing pole lines...

THINK OF WHAT THIS MEANS

Here is a system that costs 25 million dollars, furnishing a service which is absolutely necessary to the development of the state. It is the property of a great number of people who are entitled to a reasonable dividend on this investment...

Let us show you why. The Idaho Power Company is required by law to give 100 per cent service to its customers. This means that its entire system must constantly be maintained in first class condition...

NOW, HERE'S AN IMPORTANT POINT

Before the stockholders can receive a cent of dividends, the cost of maintaining 100 per cent service must be paid out of the earnings of the company. Then interest must be paid on the notes and bonds outstanding; 7 per cent interest must be paid on all Preferred Stock...

STUDY THESE FIGURES

The following figures cover the distribution of our income during the year of 1919:

Table with 2 columns: Item and Amount. Total income for 1919: \$1,881,359; Operating expense: \$709,136; Taxes: 224,759; Balance after paying operating expenses and taxes: \$947,464; Interest owed on bonds and notes: 461,236; This leaves a balance of: \$486,228; Dividends paid on Preferred Stock: 61,220; Set aside to provide for replacement of property: 125,000; Balance left to pay returns on \$15,000,000 worth of Common Stock: \$300,000.

Figure this out for yourself and you will find that it represents only 2 per cent earnings on the investment. ASK THE BANKS WHAT THEY ARE CHARGING FOR THE USE OF MONEY TODAY.

In the table we just presented to you, notice the item marked, "Set aside to provide for replacement of property." Such a fund is absolutely necessary, for all equipment wears out sooner or later, and must be replaced if the company is to continue to operate.

Now, it is true that, by the action of the Public Utilities Commission on June 2, 1920, the Idaho Power Company was granted an increase of 10 per cent in its rates, with the exception of cooking and heating charges...

Present conditions have forced us to ask the Public Utilities Commission to allow us an increase in rates, and it is our purpose to place the cards fairly on the table and ask you, our customers, whether we are not entitled to it.

HAVE YOU THOUGHT OF THIS?

No matter how much the business of this company grows in the future, its earnings can never be increased sufficiently to make up for the lean years. The rate will always be regulated by the law so that the company will never receive more than the income allowed for each current year...

In building up its great system, the Idaho Power Company has worked for the development of the country as diligently as for its own welfare. But we put this question to you fairly: Is it right to ask our stockholders to continue to use their money for this purpose without receiving a fair rate of interest on that money?

Present conditions have forced us to ask the Public Utilities Commission to allow us an increase in rates, and it is our purpose to place the cards fairly on the table and ask you, our customers, whether we are not entitled to it.

Idaho Power Company

CONGRESSMAN SMITH TO ATTEND MEETING
Idaho Representative Will Be Delegate at Reclamation Conclave in Boise

Representative Addison T. Smith left today for Boise to attend a meeting on Friday and Saturday of the executive committee of the Western Reclamation association, of which Governor Doherty is chairman. Representatives of the 13 western states having unclaimed lands are to attend this meeting, together with Senator Walsh, Senator Nugent and Representative French of Idaho. It is expected that this meeting will adopt a definite plan to bring to the attention of congress arguments in favor of an appropriation of \$20,000,000 toward reclamation of public lands of the west.

Mr. Smith will attend the republican state convention in Boise the next week before returning to Twin Falls.

DRY LAND FARMERS OF STATE SUFFER

Failure to Grow a Crop This Year Puts Many Land Owners in Distress

Dry farmers of Idaho are in serious financial condition as the result of an almost complete failure of crops this year, according to an assessor's report made recently to the state board of equalization. The failure this year, the assessors say, adds to the financial distress of the dry land man who has been unable to gather any yields in the two preceding years. Most of them are now without financial resources but are holding to their property in the hope that soon a plan will be worked out for supplying these farms with irrigation water.

The report of the assessors is made to the equalization board out of a spirit of fairness to the dry farmers who, the officers declare, are wholly unable to meet the assessments made against their property. A recommendation for consideration in these instances accompanied many of the reports, and it is expected that some sort of abatement or suspension of the usual tax assessment will be ordered by state authorities where distress seems imminent.

Will Open Bridge to South Traffic Saturday Morning

Approach Paving Will Be Completed Friday Evening—West Road Still Closed

Drivers from the south will be able to reach Twin Falls over the new Rock Creek bridge on Saturday morning. The approach to the steel structure will be paved late tomorrow and will be ready for service early Saturday morning.

This announcement is made by Mayor W. T. Phillips, who explains that conveyances coming over the highway would make a detour through South Park addition to reach the bridge at the South Park gateway. The road from the west is still closed for repairs.

CRUELTY IS ALLEGED.
 In a divorce complaint filed in the district court today by Attorney Turner K. Haddock, it is alleged that the general conduct toward, and also with desertion. Plaintiff and defendant married in Boulder, Colo., October 28, 1906. On July 18, 1920, according to the complaint, defendant deserted his family. Divorce, custody of minor children, \$100 attorney's fees and such other relief as the court seems appropriate be asked in the suit, together with an order restraining defendant from disposing of community property.

BARNETT OR ARRESTED
 Otto Barnett, of Duhl, is held in the county jail awaiting trial in the probate court on a charge of carrying off property alleged to belong to another. Bernard Kelly is the principal witness. The latter claims Barnett took from him personal property valued at \$300. Barnett was arrested near Duhl yesterday by Deputy Sheriff E. M. Sherman. Complaint was filed in the probate court by Prosecuting Attorney Frank L. Stephan this morning.

Peach Picking
 will begin at the Co-operative Orchard Co.'s ranch about September 1st. Twin Falls county people will be given preference in employing pickers, especially those using their own conveyances or camping at the ranch. Names will be registered in the order in which they are received. Those registered first will be employed first. Phone 5528, P. O. Box 569, Twin Falls, T. Geo. Hialop, Mgr.
