QUINCY, Ill., (AP)—The "aint nature wonderful" slub of Quincy is all agog today as the result of the discovery of a slice of watermelon whose red meat was plainly marked with the name "Harding" spelled by the white fibers.

HARDING PLANS ARE UNCHANGED

Democratic Strategy to be Ineffective as Against Campaign Policy

MAHON, O., (AP)—Senator Harding's campaign will go on as previously planned regardless of the strategy adopted by the demerats, it was said today by Henry M. Daugherty, a member of the republican executive committee, after a conference with the senator.

There was no intention he declared, of abandoning the front porch policy, though some speeches would be made in other cities.

In Harmony with Cause

"A campaign at all times must be in harmony with the candidate and the cause," said Mr. Daugherty. "As far as the plans of the republican party are concerned, they will go on in orderly fashion, as laid out from time to time by Chairman Hays and the committee in conference with the candidate. Nothing will be done in connection with the republican campaign, or omitted to be done, because any particular thing has been done, or omitted to be done by the opposition.

Eschews Bombastic Campaign

"I think I can safely say that the American people must not expect a campaign of bombast to be conducted by or in behalf of the republican candidate or party. A campaign of personalities may not be expected, nor a campaign which appeals to prejudice; but rather a campaign of dignity, civility and honor, and in harmony with the dignity of the candidate and the position to which he aspires."

FOSS WINS POLE VAULT

ANTWERP, (AP)—F. K. Foss, Chicago A. A., won the final of the pole vault today, breaking the world's record with a vault of 13 feet 1.4 inches. The previous record 13 feet 2.4 inches, was made by the American athlete, M. F. Wright, in June, 1912.

RECEIVERSHIP IS ORDERED IN CASE OF PONZI

Spectacular Get-Rich-Quick Scheme Enters Final Phase when Court Directs Adjustment of Claims

BOSTON, Mass., (AP)—The broken fortunes of Charles Ponzi were placed in receivership by Judge Morton of the district court today.

The court appointed three receivers. They must qualify in bonds of 50,000 each.

Ponzi's statement that assets would aggregate 4,000,000 is the only estimate available. The receivers will be called upon to adjust claims which already aggregate more than that sum and the total is likely to run to \$7,000,000, according to the estimate of Edwin L. Fride, federal accountant.

These figures include the 50 per cent profits promised.

With the probability that settlement of claims will be on the basis of actual investments, the figures will be parol down by approximately one-third. The receivers also will be called upon to decide whether they will proceed against those persons to whom Ponzi paid the 50 per cent profit.

Ponzi asserted he paid out \$7,500,000. Some of these payments were refunds of actual investments only.

Accordingly the amount of money paid out by Ponzi in interest and subject to action by the receivers, should it be held that undue preference was given the persons who received it, would be approximately \$2,000,000.

The receivers are William R. Sears, Colman; John Forbes Perkins; Milton and Edward A. Thurston. Bull River, The Old Colony Foreign Exchange company, a rival of Ponzi then offering high rates of interest for investments, also was placed in receivership.

A list that creditors of the company would receive 90 per cent of their investment was expressed to the court by Robert Gallagher counsel for the company.

COX TAKES BRIEF REST AFTER CHARGE AGAINST REPUBLICANS

COLUMBUS, O., (AP)—Governor Cox returned today from South Bend, Ind., where in two speeches yesterday he charged the republicans with collecting a fund of at least \$15,000,000.

The democratic candidate tomorrow will continue his campaign with two addresses at Orrville, Ohio, in the afternoon and in the evening at Canton, Ohio. He will return on Sunday to prepare for another trip next week, prior to his "sawing around the circle" in September in the west.

Soviet Forces Make Progress Only in Direction of Lemburg Sector from Which Poles Have Withdrawn

FRENCH GENERAL AND STAFF GIVEN CREDIT IN SUCCESS AGAINST REDS

WASHINGTON, (AP)—Brest-Litovsk has been occupied by the Polish army, according to advices received today by the state department from the American commissioner at Berlin. His dispatch was based on a report received by him from Posen.

WARSAW REPORTS ARMY IS MARCHING ON BREST-LITOVSK

WARSAW, (AP)—The extreme right wing of the Polish army is marching on Brest-Litovsk, on the Bug river 120 miles east of Warsaw, according to an official statement issued shortly before last midnight. The right wing has captured Siedlce and Bielsk, the statement says.

The Polish left wing has taken Pulawsk, about 35 miles north of Warsaw, and is continuing its progress in the direction of Mlawa. In the center, the Polish forces are marching in the direction of Ostralenka, 22 miles southwest of Lomza.

PARIS DISPATCH DECLARES POLES NEARING BREST-LITOVSK

PARIS, (AP)—The Temps announces today that the French government has received advices that Polish troops have occupied Brest, 25 miles west of Brest-Litovsk.

General Budenny's soviet cavalry, however, is progressing in the direction of Lemburg, the sector from which the Poles have been obliged to withdraw troops to reinforce the northern front, the Temps says.

RUSSIANS ADMIT LOSSES BUT CLAIM ADVANCE IN NORTH

LONDON, (AP)—The Russian soviet forces have abandoned Lukow, 68 miles southeast of Warsaw, and Radin, 80 miles to the southeast of the capital, according to Thursday communique issued by the Moscow government. The communique claims that the Poles were driven back seven miles from Grochow, 45 miles northwest of Warsaw.

The statement reads: "The fighting at Plonk (northwest of Warsaw)" continues. Southwest of Grochow we have driven back the enemy. We are seven miles from Grochow.

"We have abandoned Lukow and Radin and fighting is proceeding for Biala and Wolawa (Biala is 25 miles north east of Radin and Wolawa 42 miles southeast of Radin). In the Cheln and Hirabuzensk regions our advance continues."

FRENCH MILITARY MISSION IN WARSAW MAKES REPORT

PARIS, (AP)—The military success of the French mission in Warsaw, according to a report to the foreign office today from the military mission in Warsaw, under plans elaborated by the French general, Weygand, and his staff as well as the 200 French officers.

These officers now are either actively in command of the forces that are freeing Warsaw from the soviet menace, or are aiding the Polish commanders.

It is considered that French and Polish co-operation in the commands now being formed at Warsaw, by Gen. J. J. Jusserand and Lord d'Abernon, respectively, the heads of the French and British missions to Poland, have returned to Warsaw from Posen for a conference with General Weygand and the Polish staff.

The situation at Danzig is still causing worry but it is expected to be cleared up when two French battleships, now on the way there arrive and offer Sir Reginald D. Tower, the allied high commissioner at Danzig sufficient forces to permit the unloading of Polish munitions.

GENERAL WEYGAND DECLARES SUCCESS IS "POLISH VICTORY"

PARIS, (AP)—The success of the Poles in throwing back the Bolsheviki was "a Polish victory," the French general, Weygand, told delegations at Warsaw who had come to tell him that he had proclaimed by all as "the savior of Warsaw."

Advices from Warsaw quote General Weygand as follows: "Preparatory military operations were executed by the Polish generals, according to the Polish plan. As far as well as that of the other French officers, was limited to filling certain gaps in the details of execution. It is the Polish nation that has been its own savior."

This magnificent victory consolidates the Polish state, whose existence is indispensable to France's existence. Germany, who had hoped to resume direct relations with the soviets and to throw red armies against the enemy across the Rhine, must renounce for the moment such means of annulling the Versailles treaty. If the Polish leaders know how to profit by victory, I am convinced that the Bolsheviki army will soon cease to exist."

REDS PROTEST AGAINST POLES DRAG ON PEACE

Summary of Russia's Terms Presented to Delegates Substantially Same as Those Previously Published

LONDON, (AP)—Polish delegates at the Minsk conference have refused to accept a peace condition advanced by the soviet for the disarmament of the Polish army unless the Russians disarm, says a wireless from Berlin quoting a report from Minsk.

The second sitting of the Russo-Polish peace conference at Minsk took place Thursday and a summary of Russia's terms was communicated to the Poles. They were substantially the same as those the Russian delegation published in London, says a Moscow official statement received in London today.

Stated orders for the conference were agreed upon. Toward the end of the session the Russians protested against the Poles effort to drag the negotiations, the statement says.

SOVIET RUSSIA ASSESTS EAGERNESS FOR PEACE

MINSK, (AP)—Soviet Russia is eager for peace with Poland and does not desire interference with the integrity of that country, said a Bolshevik representative in addressing Polish delegates to the peace conference Thursday.

The conference began Wednesday, the first session lasting several hours. After an exchange of views, an adjournment was taken so that the delegates might confer regarding developments.

The terms laid down by the Russian soviet government for an armistice with Poland, as sent to Premier Lloyd George by the Russian delegation in London on August 10, were:

"The strength of the Polish army to be reduced to one annual contingent of 30,000 men, together with the army command staff and a reserve of administration" (apparently a permanent force) to aggregate 10,000 men.

Demobilization of the Polish army to occur within one month.

Russia Claims Munitions. All arms, excluding those needed for the army forces specified to be handed to soviet Russia and the Ukraine.

All war industries to be demobilized. No troops or war material to be allowed to come from abroad.

The line of Wladyka, Bialystok and Prawowo to be placed fully at the disposal of Russia for commercial transit to and from the Baltic.

All lands to be given free to the families of all Polish citizens killed, wounded or incapacitated during the war.

Russia Will Withdraw Troops. In return Russia offered to withdraw troops from the Polish front simultaneously with the Polish demobilization and to consider a considerable number of troops on the Russian frontier line.

The final frontier of the independent state of Poland, would in the main, be identical with the line indicated in the federal suffrage amendment. The minister of army, Dr. Husinski, however, said that additional territory should be given Poland on the east.

SUFFRAGISTS STILL IN CONTROL OF TENNESSEE LEGISLATIVE SITUATION

NASHVILLE, Tenn., (AP)—Suffrage leaders forced adjournment of the Tennessee house today before Speaker Walker made any motion to reconsider the ratification of the federal suffrage amendment. Opponents thus lost their right to offer a motion to reconsider, but the suffrage forces planned to make such a motion tomorrow and then to table the motion in order to bring their parliamentary tactics to reconsider the original action.

After the amendment was ratified Wednesday Speaker Walker ordered that he might be in a position to offer a motion for reconsideration, but the time expired today.

Higgins, of Nashville, president of the Tennessee constitutional league, stated today he had prepared to sue out a writ of injunction against Governor Roberts and the secretary of state restraining them from certifying the resolution to Washington on the ground that this legislature was prohibited by the state constitution from acting on the amendment.

Nashville, Tenn., (AP)—The Tennessee house adjourned today until 10 a. m. tomorrow without an attempt of the anti-suffragists to force reconsideration of the house action in ratifying the federal suffrage amendment. The motion to adjourn was offered by a suffrage leader and carried by an overwhelming viva voce vote.

HIGH COST OF LIVING STRIKES TURKISH HAREM

Men Formerly Able to Keep Many Wives and Concubines Now Forced to Turn Some of the Women Adrift

CONSTANTINOPLE, (AP)—Nowhere has the high cost of living been more keenly felt than in Turkish harems. Men who were formerly able to maintain many wives and concubines find their incomes insufficient to keep up large establishments and are forced to turn some of the women adrift.

American women relief workers who have been investigating social and economic conditions say the tragical Turkish women have undergone as a result of the war an even greater hardship than other European countries because of the utter helplessness of women and their lack of training which might make them self-supporting.

The sufferings of Moslem women are worse in cities than in the country, for the country women are frequently trained to do farm work and are an asset to their husbands rather than a liability. Furthermore, the economic conditions have not been disturbed so seriously in rural districts. Farming goes on much as usual. Women can find employment in olive groves, at silk culture, in fruit orchards and even in grain fields.

Since the war has robbed so many women of the husbands, fathers or other male relatives upon whom they were dependent, many city women have forced themselves into employment which was never before regarded as proper for Moslem women. Turkish women with their veils thrown back from their faces may now be seen as saleswomen in scores of Constantinople shops. They are even employed as street sweepers.

There has been a great outcry against Moslem women accepting employment which forces them into association with men, especially Christian men, but the economic pressure has been so strong that religious prejudices had to make way. The need for nurses with the army gave Moslem women their first opportunity to get hospital training and become nurses. That was the entering wedge which has opened the way into other employments monopolized by Greek and Armenian women. Turkish women may be found in telephone exchanges. They are acting as cashiers, janitors and even street conductors.

Stern necessity has won for Turkish women an independence which was dreamed of six years ago, and the will of the untrained women forced to earn their livelihood has aroused Turkish leaders to a realization of the necessity for better and more practical education for women.

HAWAIIAN ALCOHOLIC BEVERAGE EXPLOSIVE

Messenger Suffers Injury Requiring a Surgeon's Attention when Bottle Blows Up

HONOLULU, T. H. (AP)—A bottle of "swipes," a liquor illicitly distilled in the Hawaiian islands, which is said to have, by actual measurements, a "kick" of 250 pounds to the square inch, exploded recently and blew a hole in the arm of Antonio Lindo, messenger of the United States district court of Honolulu. The city physician repaired the damage with a few stitches. Lindo was helping United States Marshal J. J. Smiddy clear his office of several consignments of "swipes," "oleolene" and other illicit liquors taken in recent raids, when the accident occurred. "Swipes," it is said, is composed mainly of chewing tobacco, raisins and decayed fruit. Marshal Smiddy says a quart bottle of "swipes" two months old, produces a gas pressure of 250 pounds to the square inch.

JAPANESE SUGAR PLANTERS RETIRE TO LUXURY AT HOME

HILO, T. H. (AP)—Of seven Japanese sugar cane planters who recently left Hilu to retire to comparative luxury in Japan, it is said today that only one, worth \$20,000 and that one had less than \$10,000. Sugar prices of the last few years and particularly of this year, have made handsome profits for the contract planters.

FOREST SERVICE INSTALLS WIRELESS TELEPHONE SYSTEM

ALBUQUERQUE, N. M. (AP)—Wireless telephones are being installed in all the forests near Albuquerque, according to L. V. Sloaner, telephone engineer for the southwestern district of the forest service. If the wireless telephones, they will be installed in all forests of the district.

VENICE LIBRARY OPENED TO SMOKE WITHOUT COAT

VENICE, Cal., (AP)—Men may smoke and go coatless while reading at the Venice public library. The library board recently leased the building formerly occupied by the Venice athletic club and after moving the books there decreed that tobacco and shirtlessness would be permitted on the veranda.

Miss Hazel K. Proud, of Twin Falls, Idaho, has a dress that cost exactly sixty cents. Miss Hazel Proud, an employee in the office of Miss Edith C. Straus, director of women's activities in the campaign against the high cost of living in the department of justice, is wearing the dress, which was made by Miss Doris Peterson, of Bellingham, Wash. It is not sixty cents worth of silk or satin, either, although it covers all the "requirements." It is made of sixty cents' worth of sugar bats. The dress is trimmed with crochet cotton in pink and green shades and took just two hours to complete.

BOY SCOUT MOVEMENT IN MEXICO BEING REVIVED

Leaders Issue Call for All Lads Between 12 and 17 to Present selves for Enrollment

MEXICO CITY, (AP)—The Boy Scout movement in Mexico is being revived. A call has been issued by the leaders of the movement for all lads between twelve and seventeen years of age to present themselves for enrollment. The Boy Scouts of "The Corps of Mexican Explorers," as they are called here, formerly enjoyed a number of privileges from the government which provided them with uniforms, shoes, and even a small money allowance to pay their expenses during their excursions.

During the revolution the movement was virtually crushed. It is planned to give it a new impulse along the lines formerly followed.

KILLARNEY DISAPPOINTED DRUNKENNESS ON INCREASE

Disruption of Railways Keeps Tourists Away from Irish Resorts

DUBLIN, (AP)—Killarney and other tourists' resorts in Ireland which have been expecting a big influx of American visitors, are experiencing some disappointment on account of the disruption of the railways, owing to the refusal of the men to carry armed police and soldiers. This has caused a slackening in the number of persons traveling, but the final blow came when the military decided to take over the hotels to replace the barracks which the Sinn Feiners had destroyed. It is announced that soldiers have occupied two of the largest hotels in Killarney and are erecting a wireless station there.

FRENCH MISSION BESTOWS MANY WAR TROPHIES

Large Demands for Momentos of World War Come from Inland Cities; National Museum's Collection Largest

NEW YORK, (AP)—Thousands of war trophies brought from the battlefields of France for use during the Liberty loan and other drives are being distributed at the warehouse of the French mission here. The material includes guns of all kinds used by the French, British and Germans, cavalry swords, cuirassiers, shells and soldier equipment. Large demands for trophies have come from inland cities, according to Major Jean Malve, director of the bureau of information, Direction Generale Des Services Francais Aux Etats Unis, now in this city.

One of the largest single collections, with the exception of that given to Washington for the National museum, was presented to the Army and Navy club of America. The trophies will be preserved in a suitable environment to be included in the plans for the new \$2,000,000 museum that is to be erected in honor of the officers killed in the war.

The collection of 50 pieces is made up of common flint throwers, trench mortars, machine guns, bayonets, rifles, swords, cuirasses, wire cutting machines, trench stoves, brassier cartridges, shells and shell baskets, marine signal flags and other interesting and valuable trophies. The selection was made by Captain Adrian Duane Doty, U. S. Signal corps, representing the club.

Tanks and German field pieces weighing from one ton to ten tons have been given to cities like Chicago, St. Louis, Chattanooga and others as far away as Texas.

A huge German listening post has been given to Bloomfield, N. J. Montclair received a whippet tank, which the National museum at Washington has awarded a large 16-man tank. Other valuable pieces were sent to Washington including an airplane, sample pieces of all the foreign artillery used during the war, uniforms and field kitchens.

The price of the collection, a Big Bertha, was claimed by Mr. Klee, N. Y., and will be placed in a prominent position there. The state university at Baton Rouge, La., has requested the immediate shipment of a German mine-wrecker. Chattanooga has been given a German 150 millimeter gun weighing three tons.

A Chicago collection was chosen by Colonel E. M. Marr. It will be shipped to that city within the next few days. Sergeant Fred Aneth, French army, who has been in charge of the material for two years, announced an idea of the demands made for trophies, he said, could be gained from the fact that more than 3000 French helmets and an equal number of uniforms had been disposed of.

To various posts of the American Legion field pieces have been given. All requests are filed at the office of the director general, 65 Broadway, before permission is given to inspect and select the trophies.

CONVICTIONS IN ENGLAND AND WALES ARE NEARLY DOUBLE THOSE OF 1918

LONDON, (AP)—Convictions for drunkenness in England and Wales in 1919 was nearly double the figure for 1918. The total was 77,918 as compared with 39,975, according to an official report just issued. Greater London and northern England accounted for 93 per cent of the total.

Among some of the reasons given for the increase are that there are more men at home and fewer of them in khaki, more policemen and those less overworked available for street duty, more hours for drinking, and stronger liquor.

In a time when prices are unstable it is important that women should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

Held in Alleged Code Plot of "Reds"

John Alexander, editor of the Der Klassen Kampf (the class struggle), has been arrested by the Chicago police as the alleged leader of a world soviet movement in this country, according to a report from Chicago. In the lower part of the photograph is shown a code device which, according to the Chicago police, is being used by 10,000 "reds" in this country to spread radical literature. Alexander's real name, the police say, is Alexander Junaukama. His arrest, the police believe, frustrated an alleged plot to bring "reds" into this country.

FORMER KOLCHAK OFFICIAL CALLS CONDITIONS GRIEVOUS

TOKYO, (AP)—The Kokuishi news agency in a dispatch from Harbin quotes a former officer of the Kolchak government, who escaped from Irkutsk, as saying that the conditions there were "grievous." The Bolshevik, he said, seized the greater part of what little food is available. The remnants of the "intelligence" live in constant terror of persecution.

Our Fall Showing Of Wool Sweaters

A Charming and Colorful Display

There are scores of occasions on which a sweater is the most appropriate outer garment you can possibly wear. You'll never begrudge the small amount of money you spend for one of these cozy, convenient, practical affairs of wool in the cheery shades which prevail for Fall. Slip-over and regular coat-styles—these are but a few of the many features of the new styles presented for your inspection and approval.

Many Pretty Styles Offered

You're missing a great treat if you do not see this display of new Fall sweaters. It is undeniably one of the best we have offered in years. It has always been our endeavor to show the new styles first and we're therefore offering this collection of sweaters in which are represented the latest productions of leading manufacturers. Here are sweaters that faithfully reflect the favored Fall and Winter fashion features.

When a mere coat is not sufficient protection against the cold and piercing winds of winter, a sweater worn beneath it gives it the additional warmth necessary to comfort. Then, too, on days when a heavy coat is burdensome a sweater is just the wrap needed. Here are good sweaters in all styles and sizes. Knit of fine quality woolen yarns in every wanted color. They're well worth the moderate prices we ask.

You Must See This Wonderful Collection

We herewith extend to you a most cordial invitation to this Fall showing of sweaters. It is a most important display because it is in every sense of the word a style exhibition, featuring all the finest Fall sweater fashions in very generous assortments.

ROOT GIVES HIS AID IN FIGHT OF SMALL NATIONS

Brazilian Delegate at Jurists' Conferences at Hague Wins Strong Support from American Representative

THE HAGUE (AP)—In the course of the jurists' conferences which have been held here to draw up plans for the organization of an international high court of justice...

At two different occasions Mr. Root succeeded in introducing no conference to adopt articles which Senator Fernandez proposed but which only met with a cold reception until Root came to Fernandez' assistance.

The first case was the right of the country which had no judge in the court to name a judge to sit while that country's case was before the court.

According to the original plan the vacancies caused through the absence of judges could only be filled when at least three judges were absent.

The small powers are to have a majority in the high court, there being six judges representing the big powers and six representing the small powers.

This majority was endangered by the old plan which in case of two absent judges the small power vacancies would not be filled and the big powers would have a majority of five to four.

GOVERNMENT OF MEXICO MEETING LAND-HUNGER

Establishes Farm Colonies in Two States with Plans for More

MEXICO CITY, (AP)—To satisfy the land-hunger of the Mexican peasantry, the government is establishing farm colonies in the states of San Luis Potosi and Guanajuato.

In these colonies, the small proprietors will live like the peasants in Chihuahua and Sonora—each community having its own streets, market, garden, mixed school and moving picture theater.

It is planned to establish the proposed communities near railroad lines, so that the products will find ready markets.

IMPROPER PROPAGATION RUINS FISH INDUSTRY

Oregon Commission Members Lodge Complaint Against Methods Used in Harbor

PORTLAND, Ore., (AP)—Improper methods of artificial propagation used by Washington state fish hatcheries and by the Oregon commission members to be responsible for a noticeable decline in the salmon industry of Puget Sound.

AMERICANS ARE BELEAGUED BY TURK INSURGENT

Eighteen Relief Workers Showered Nightly with Turkish Bullets and Facing Famine in Adana Since June 20

CONSTANTINOPLE (AP)—Showered nightly with Turkish bullets and facing famine, 18 American workers of the American commission for relief in the Near East have been besieged in Adana, Asia Minor, since June 20.

A flour cargo of the American relief commission for beleaguered Adana is waiting at Mersina. The railway has been demolished and supplies can reach Adana only by mule tracks, heavily convoyed, with great loss of life through the 60-mile stretch controlled by the followers of Mustafa Kemal.

NEW MISKE TO FACE DEMPSEY ON LABOR DAY

Year's Lay-off Said to Have Put St. Paul Heavyweight in Rare Condition

By RAY PEARSON. Aside from the result of his ten round clash with World Heavyweight Champion Jack Dempsey in Floyd Fitzsimmons' Benton Harbor arena on Labor day afternoon, there will be another fight to watch in the performance of Billy Miske, the St. Paul challenger for the title. That encounter forms an all important thing in all championship contests.

Miske, before Dempsey annexed the crown by stopping Jess Willard in three rounds a little more than a year ago, fought the present champion twice, and it is his credit that he did something Dempsey's other opponents failed to do. He struck the big lug and escaped Dempsey's knockout trap. That accounts for the fact that Miske was picked as the opponent to face the champion on Labor day.

It has been hinted a great many times that Dempsey did not put up the whirlwind attack against Miske that he showed in other battles. That is a matter of opinion, and unless those who do the talking were ringiders at the bouts they would hardly be in a position to judge accurately as to the correctness of these hints. However, everybody does know that Dempsey was able to outscore the St. Paul battler on points.

But there will be a new Dempsey in the ring on Labor day; and, too, there will be a new Miske, if the information at hand is true. Dempsey, as champion, will have to do one thing, and that is fight his hardest because if he showed up the chance is always open for two things—his opponent to score one of those surprising knockouts, or to score a victory on points. It is just that sort of reasoning that makes it certain the champion will be installed a one-sided favorite over Miske; and being installed a top-heavy choice, almost everybody will expect Salt Lake Jack to lay his opponent low in the early rounds of the scrap.

Can't Take Chances. With all due respect to Dempsey and his wonderful ring skills, there is no getting away from the fact that he may more than any other fighter, can take no chance against Miske. Miske's record shows some brilliant performances, the kind that sparkle, and any one familiar with the ring game knows of the startling upsets that have been sprung. There's always that chance for many under dogs in the betting here headed on top of the post.

But this is getting away from what we started to write, and that in the main concerns Miske, not Dempsey. Claims, which seem well substantiated, are made that the St. Paul heavyweight is better today than he ever was in his life. That means physical condition, which naturally means form. Nearly a year ago Miske was forced to go under a doctor's care because of a condition which threatened to stop his fighting career. Prior to that Miske had been fighting too often. His performance began to show signs of being wrong, for in the class style he had displayed in his earlier bouts.

Matches Are Cancelled. It was necessary for his manager, Jack Reddy, to cancel matches and to refuse others until Miske had been given a good "going over" by physicians and that examination revealed conditions which needed immediate attention and remedying. According to the physician it was surprising that Miske was able to box even a round in the ring.

The halt in boxing that followed—a rest which could not be other than beneficial—and the incidental repairs were just what Miske needed, according to his manager, for Billy today not only shows every evidence of being physically perfect but has taken on considerable weight, which will be needed in a battle with Dempsey.

FIGHT COMMISSH TO INVESTIGATE O'DOWD CONTEST

State Boxing Board Believes July 5 Tilt with McKay Needs Scrutiny

The Mike O'Dowd-Gordon McKay bout held in Poncha Julia 25 is to be investigated and given a little sniffing by the State Athletic commission on next Monday.

Thomas J. Sherlock, chairman of the commission, has issued a call for the meeting on Monday next in which the O'Dowd-McKay fight will be investigated.

Commissioner McKay is to report on the fight, which was advertised for 15 rounds but only went 12. Just what the purpose of the investigation is was not known, but it is presumed that a great many fans believing the fight was to have been 15 rounds fought tickets and the announcement was made that the fight was over grew a little peevish and made a holler that they didn't get their money's worth.

At the same meeting the suspension of Ray Ross from the boxing ring in this state will be taken up. Ross was suspended recently for refusing to go on with Art Brugger on account of the same cause he was to have received for his end of the go. Friends claim the contract was an oral one and that there was a chance for a mutual mistake. They seek to have him reinstated.

TEARS GLISTEN IN MANY AN EYE AT FINAL RITES

Fans by the Thousands Stand at Sorrowful Attention as Cortège Passes

CLEVELAND, O., (AP)—Cleveland paid its final tribute to Ray Chapman today. Long before 10 o'clock, the hour of the funeral services in St. John's cathedral, thousands of men, women and children had gathered to attend the services for the star shortstop of the Cleveland American league team who died in New York Tuesday morning.

When the services began several thousand persons were unable to obtain admission. Tears glistened in the eyes of many of those in the waiting throng. It was the largest funeral in Cleveland for years.

When the funeral party left the home of Mrs. Chapman's parents and proceeded to the church, pedestrians paused and stood at attention and hats of the men and of hundreds of small boys were doffed.

Flags at League park and on downtown buildings were half masted and operations in many industrial plants were suspended for a few minutes.

Mayor W. S. Fitzgerald, B. B. Johnson, president of the American league and James F. Dunn, president and the entire Cleveland team were at the services. Three of the Cleveland team, Manager Trip Spinker, Steve O'Neill and Joe Woods, were pall bearers.

More than 300 floral offerings were sent by friends, among them being an immense floral blanket, a tribute from 20,032 persons who contributed 10 cents each to a "flower from a fan" fund. The blanket contained 2003 flowers. The remainder of the money will be turned over to a fund to erect a bronze memorial tablet at League park.

DADDY'S EVENING FAIRY TALE

THE GREAT BULL

"Isn't it wonderful?" "It was an honor," said the Great Bull after he had returned home. "Tell us about it," said one of the other bulls. "Well, you know that I am named Financial Sensation."

"Do," the others urged. "You see," he said, "I cost sixty thousand dollars and that was what my master paid for me. I think, in fact, I am sure, more was paid for me than for any other bull in the whole world."

"Well, you see such a great deal of money was paid for me that it started everyone. Therefore I was a sensation and I was a financial sensation because it was finance or money that was given for me. I don't believe I should say that finance was given for me, but money was and money has to do with finance as I said before. Therefore I was a financial sensation, and so I received that name.

"Well, you see now, I'm black and very beautiful. I'm just home from the milk station as you know. They had cows there and they showed what beautiful milk the cows gave, and yet no one received the honor I did. For I was taken to a big hotel and had a big ball room turned over to me where I was shown. Many folks came to see the great bull who had had so much money paid for him.

"Isn't it Wonderful?"

"They looked at me and said, 'Gracious goodness! Isn't it wonderful to think that he is worth so much money.' 'They didn't mean of course that I had all that money in my pockets or in my ears or tied about my tail, for of course I never carry money.

"I have no money to carry in the first place, and in the second place, I have no purse or pocketbook for which to carry it. But they meant that I was worth so much money when I had so much money paid for me.

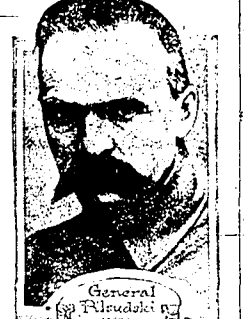

"Well, I can tell you, that was a beautiful hotel, all full of lights and bell boys and beautifully-dressed ladies and handsome gentlemen. But I didn't act surprised at anything. I felt to do such a thing would be beneath my dignity.

"So I stood about and gazed at all the people as they watched me and admired me, but I was thinking it was pretty different there from the pasture. And they fed me. I had a banquet all to myself and by myself.

"Other people watched me eat, but no one took anything on my table. I knew it was my table for it was so large and there were all the things upon it I liked best. There was a great bowl of oats there and some delicious alfalfa, and everything good you could think of.

"Stand Up for Friends. Stand up for your friends. There are some people who always seem ready to listen when their friends are criticized, and even if they do not join in the criticism, their silence seems to give consent. We are not foolish enough to expect perfection from our friends, but there is something wrong if we listen tolerantly to discussion of their faults—Gladys' companion.

ROBBERS GET AWAY WITH POUCH CONTAINING CASH

Money Dispatched by Chicago Bank to Meet \$100,000 Payroll Is Taken from Boy Watchman

CHICAGO, (AP)—A mail pouch believed to contain money and valuables worth \$100,000 was stolen today by two men from the 11th station of the Illinois Central railroad. The robbers escaped in an automobile. The money was shipped from the Merchants Loan and Trust company to a Pullman lounge to meet tomorrow to cash checks of the Pullman company and the Sherwin-Williams factory. The \$100,000 was in bills of small denominations.

Police reports say that when the bag was given to a messenger at the depot he turned it over to Leo Wilgus, a 12-year-old boy, to watch. Then an elderly man wearing brown glasses jerked the bag from Wilgus' hand and leaped into a waiting automobile, piloted by a young man. The man disappeared in the direction of Chicago.

Manager to Take Charge of Giants in Chicago after Assault Inquiry

NEW YORK, (AP)—John McGraw, manager of the New York Giants, has been reported to take charge of his team, it was announced today by his attorney, who said he had informed the district attorney's office that McGraw would resign in 15 days. McGraw is expected to leave the team after a fracture of the skull in front of the McGraw home after a fracas at the Lamb club. McGraw was quoted as saying his presence was essential as his team needed him "in this critical time in the race for the pennant." McGraw's lawyer said the baseball man had nothing to do with Slavin's injuries.

Today's Markets

New York Stock Market. NEW YORK, (AP)—Leading stocks made material extensions today to yesterday's rally. Various foreign, new and easier money rates were accelerating factors. Sales approximated 450,000 shares. Substantial advances were made by a number of prominent issues at the

fairly active opening of today's stock market. Shorts again covered quite extensively on favorable overnight advances from abroad. Oil, motors, steel equipment and food stocks gained 1 to 3 points. Conspicuous features embraced Mexican and Pan-American Petroleum, Crucible, Republic, Vanadium and Gulf States Steel, Stinson Carburetor, New York Air Brake, American Beet Sugar, International Paper and American Writing Paper Preferred. Stalls were a negligible factor although steel and shipping were irregular. Mexican oils, Crucible Steel, Atlantic Gulf and some of the active concerns increased their gains later, the balance of the list easing on selling for profits. The closing was firm.

Grain and Provisions

CHICAGO, (AP)—Wheat started weak today on a fall selling word being received that no new orders from abroad were in evidence. After opening 1 to 2 cents under yesterday's finish with December at \$2.37 and March \$2.37, the market displayed further weakness and prices soon carried three cents below the low point of the previous day. The wheat market rallied later on strong commission house buying, and part of the early loss was recovered, the finish showing prices unchanged to 1/4c under yesterday's finish with December at \$2.37 and March at \$2.33 1/4. Corn at the opening and the market started sharply lower, some top loss orders being caught in September delivery. Prices dropped rapidly because of lack of support. There was a good deal of buying in evidence on the part of a strong commission house taking considerable September. The market opened unchanged to 7/8c lower with September at \$1.40 to \$1.40 1/2 and December \$1.22 1/2 to \$1.22 1/4. Considerable strength developed later in the corn, due almost entirely to the technical position, although the cash news was rather bullish, and prices which closed near the high point of the day were 7/8 to 1 1/8c above the previous close, September being \$1.41 3/4 to \$1.41 7/8 and December \$1.22 1/2 to \$1.22 1/4. Oats were in sympathy with corn and although there was a sale of 100,000 bushels cash oats made to New York exporters late yesterday the market started unchanged to 3/8c lower with September 67 7/8 to 67c and December 67 1/8 to 67 1/4c, there being reports of favorable weather conditions over the bulk. Provisions showed a firm undertone at the start, with most of the bulk's being done in lard.

W.R. PRIEBE LEADING JEWELER TWIN FALLS, IDAHO MAIL ORDERS GIVEN PROMPT ATTENTION

RIVALRY CLAIM NOMINATION FOR U. S. SENATOR

Gooding Predicts Victory for Himself on First Ballot; Patch Counts on Early Votes; Davis Well Pleased

BOISE, (Special) — Pre-convention claims to victory in the race for the Republican nomination for United States senator are made both by former Governor Frank R. Gooding and Colonel L. V. Patch of Pocatello on the basis of results in election in county conventions Tuesday delegates to attend the Pocatello caucus. Governor D. W. Davis also has expressed himself as being well pleased with the results so far reported as affecting his candidacy for reelection.

Gooding Asserts Claim

Mr. Gooding is credited with this statement: "I have carried all the counties in southern Idaho with the exception of Oneida, Ada and possibly Boise. I will be nominated on the first ballot in the Pocatello convention. In addition to my votes in the south I will have part of Nez Perce and Latah. Latah has always been for me. Oneida I think will be for Col. E. G. Davis."

Patch's Statement

Patch, who is in Boise Wednesday issued the following statement: "With reports from all but five counties of the state, the nomination of Col. L. V. Patch by the Republicans for United States senator in Pocatello next Tuesday is assured."

Col. Patch has carried the number and the largest counties in the state and has succeeded in breaking up the so-called solid vote of the southeast. He will have a large block of votes from the northern counties in addition to the pledged delegations from Ada, Poyette and Valley counties.

"He has carried several counties which he did not expect to get, and delegates who will support him in the convention have been elected in a number of the southern counties where he was thought to be weakest."

Col. Patch will be nominated for United States senator in the state convention before the sixth ballot."

Cannons Leave Owa County

Efforts to send the Washington county delegation of four unit instructions to vote for Miles Cannon for the senatorial nomination were defeated in the convention at Weiser Tuesday, and the delegates elected are understood to lean with one exception opposite to Cannon and favorable to Gooding or Patch, depending on which one appears strongest at the convention.

Lincoln county convention at Shoshone elected four delegates, each with one-half vote, and instructed them to vote for Gooding for senator.

Eight uninstructed delegates were elected in the Cassia county convention at Burley.

Latah county elected two delegates, Latah and Idaho four delegates, all uninstructed.

Benevolence county elected three and Banner county four delegates pledged to vote for the nomination of Captain A. H. Gomer for senator.

Blaine county elected five delegates instructed to vote for C. W. Deane of Wallace for senator.

HUNGER STRIKERS START RIOT IN PENITENTIARY

Police Use Streams of Water to Quell Disorder when Darkness Prevents Other Action

BALTIMORE, Md., (AP)—More than 50 "hunger strikers" started a riot in a dormitory of the Maryland penitentiary early today. The men, who had been segregated, and the rioting soon spread, and the building in darkness started a two-hour demonstration.

Breaking out of their cells in some unknown manner, the men though unable to get out of the building, set up a general racket that policemen had but little success in quelling because of the darkness. When streams of water were played upon the men they quieted down.

The demonstration resulted from a strike a few days ago of prisoners who declared they would not work unless given better food. The men declared that under the present conditions they would not eat. All but about 50 of the men went to work.

FARMER-BORROWERS UNITE

New Association Includes Members of 4,000 Farm Loan Organizations

WASHINGTON, (AP)—Organization of the "cooperative farmer-borrowers of the United States as a national body, including members of the four thousand farm loan associations already organized and under the federal farm loan act, has been started, the national board of farm loan organizations announced last night. The plan arose out of paralysis of the federal farm loan act as the suit pending in the supreme court to test its constitutionality, it was said.

Local farm loan associations will be formed into "state unions" and state conventions will be called to name delegates to a national convention.

THREE OF AMERICA'S ATHLETES HOLD PLACES AMONG FIRST SIX RUNNERS IN LONG STEEPCHASE

England is First in Final Heat, with Hodge Leading, but Yankees Bunch Positions Near the Front—Italian Proves Best Walker of the Olympiad by U. S. Stars in Short Sprints

ANTWERP, (AP)—England was first in the final heat of the 3000 metre steepchase race here in the Olympic games today, while Hodge, one of her stars, led the field across the finish.

Three Americans were in the first six to finish, Patrick Flynn, Paulist A. C. was second; Harold Drummond, Mill Rose A. C. fifth, and Al Hildebrand, Paulist A. C. sixth. Ambrosini, Italy, was third and Amos, Sweden, fourth. Hodge's time was 10 minutes 2 3/5 seconds.

The race was run in a cold rain. Hodge breezed him, having a lead of five yards over Flynn.

Thomas Hamilton, University of Missouri; J. J. Gendiz, Illinois A. C.; Lieutenant E. L. Vidal United States Army, and E. Ellis, Syracuse university, were the American entrants in the class 10,250 metres. The race today and will be finished tomorrow.

The American team in sword duelling defeated the Czech-Slovakia, 11 victories to five, but was beaten by the Swiss, 10,250 metres, stand a chance to win second place.

M. J. McGrath, New York A. C. was unable to enter the trials in throwing 50-pound weight, owing to a strain in his right arm.

Robert Roberts, United States Army and John McEachern, Olympic club, San Francisco, failed to qualify.

The American team was not shut out of the final for the McDonald, New York A. C., won first place, throwing the weight 11 metres and P. Ryan, Loughlin Lyceum, took second place, throwing 10,250 metres. McDermitt, of Canada, also qualified.

The first heat of the preliminary in the 3000 metre walk resulted in a victory for Pavoni of Italy, whose time was 12 minutes 42 3/5 seconds. Parker, Australia, was second; T. Maroney, St. Ansoms A. C. third; Dawson, England, fourth; Peterson, Denmark, fifth and Segiers, Belgium, sixth. J. R. Buran, N. Y. York A. C., was ruled out for running.

Italy also won the second heat, Eric going home in 13 minutes 40 1/5 seconds. McMaster, South Africa, was second; Rorer, American Walker club, third; W. Raker, New York A. C. fourth; Hehr, England, fifth, and Gunn of England, sixth. Freeman, Canada, failed to qualify.

American Athletes Have Held Their Own in the Short Dash Events and Some of the Field Contests, but as usual, have yielded to the Old World in the long distance runs. They are now threatened by the European champions, the Swedes, in field events. The United States has been forced to surrender to Europe a number of first place in contests which she has been able to acoustom to consider her own.

England was expected to figure strongly in the Olympic boxing events, which began today. The British are among the best of the world in all classifications, the other entries including the United States, South Africa, France, Switzerland, Holland, Norway, Italy, and Belgium. Each nation was represented by a champion in one or more for each weight category.

Eight ounce gloves are used, and each match except in case of a draw goes to four rounds or a knockout, with three minute rounds and one minute rests.

Oscar's Cup

The challenge cup offered by the late czar of Russia was competed for, in addition to the usual Olympic medals, were the Oscar's cup, which began today. H. Weisander of Sweden, to whom the challenge was awarded at Stockholm after Jim Thorpe, the American, the actual winner, was declared a professional, has accepted the cup.

The decathlon comprises ten events. Each nation is limited to four competitors.

England, Sweden, won the first semi-final of the 400 metre run in 49 2/5 seconds. R. G. D. Budd, South African, was second and J. C. Davis, England, third. R. S. Emory, Chicago A. A., finished fourth, and failed to qualify.

Wooding Wins

Allen Wooding, Meadowbrook club, Philadelphia, won the 200 metre dash at the Olympic games today in 22 seconds. The record is 21 3/5 seconds made by A. Hahn of the United States at St. Louis in 1906. Charles W. Paddock, Los Angeles A. C., finished second; H. F. Edward, England, third; Lorin Murchison, New York A. C. fourth; G. Davidson, New Zealand, fifth, and Oosterlap of South Africa sixth.

America scored fifteen points in the final of this event. Wooding jumped into the lead at the start and held it the full distance, defeating Paddock by a margin of one foot 2 1/2 yards ahead of Edward. Edward just nosed out Murchison for third place in the final hundred yards. Forty yards from the tape the three Americans were leading the field, but Paddock, who was unable to stand off Edward's drive at the finish.

Wins This Heat

Lorin Murchison, New York A. C., won the first semi-final heat of the 200 metre dash. H. F. Edward, England, was second and G. Davidson, New Zealand, third. Kirkey, Olyn, Zealand, fourth; S. Francisco, ran fourth and was eliminated. The winner's time was 21 1/5 seconds.

First place in the second semi-final heat was won by Allen Wooding, Meadowbrook club, Philadelphia. He captured the heat in 22 3/5 seconds with Charles W. Paddock, Los Angeles A. C., second. G. D. Budd, the South African, won the final heat of the 400 metre Olympic run today. His time was

49 3/8 seconds, 1 2/5 seconds slower than the record. O. M. Butler, England was second; England, Sweden, third; and Frank H. Shea, United States navy, fourth.

Navy Man Stars

Frank J. Shea, United States navy, captured the second heat in 50 seconds. O. M. Butler, England, was second and D. J. Duff, South Africa, third. J. E. Meredith, of the New York A. C., finished fourth and was eliminated. There is but one American left for the final.

All the finalists were slightly at the start, requiring one pistol recall due to Duff's break. On the back stretch Shea was leading by a trifle but appeared to have speed on the second turn, being passed by Budd, Butler and England. At this time Shea seemed to be experiencing difficulty.

Nurni, the Finnish long distance runner, won the final of the 10,000 metre run today. Sullivan, of France, won the second and J. Wilson, England, third. The winner's time was 31 minutes 45 2/5 seconds.

Mawario, Italy, was fourth; Mahua France, fifth; and Hammett, England, sixth. Fred W. Fuller of the Derbort club, the only American in the final, was displaced.

Mays Suffering from Breakdown of Nervousness

New York Pitcher, Accused of Causing Chapman's Death, Confined to His Home

NEW YORK, (AP)—While Ray Chapman, fatally injured here last Monday by a ball pitched by Carl Mays of the New York club, was being buried today in Cleveland, Mays was lying in his home here suffering from a nervous breakdown.

This became known when an official of the Yankees appeared in traffic court and pleaded guilty for Mays to a charge of neglect last month, and paid a fine of \$25. Mays has not played since resumption of the New York-Cleveland series, nor has he been seen at the Polo grounds.

MOTHER FACES SECOND CHARGE OF INFANTICIDE

Disappearance of Baby Daughter is Brought to Attention of Grand Jury in New Jersey

NEWARK, N. J., (AP)—Charged for the second time with the murder of her now born infant, Mrs. Joseph Ehringer, 28 years old, to day awaited action by a grand jury which will determine whether she is to go on trial for infanticide.

Mrs. Ehringer was arrested when police were informed she had strangled her infant daughter and disappeared after wrapping the body in a newspaper.

She was acquitted of a charge of murdering a baby son three years ago.

COTTON HITS LOW MARK

October Contracts Broke to 28.92 Cents a Pound in New York

NEW YORK, (AP)—October contracts broke to 28.92 cents a pound in the cotton market today, making a new low for the season's trading in that delivery. The whole market closed at net declines of 69 to 100 points.

May deliveries sold below 25 cents a pound, and general trading continued weak under the lessened movement, according to reports of free offerings in the southwest, where the new crop is moving.

At the low point in the day's trading October showed a decline of more than 10 cents a pound from the high of last spring, and of more than 4 cents a pound for the week.

Suspect Held as Kidnapper of the Coughlin Baby Boy

August Pasquale, alias August Pascal, alleged kidnapper of Blakely Coughlin, of Norristown, Pa., who is being held by the Pennsylvania authorities. Pasquale was arrested, it is said, when he was about to pick up a package supposed to contain \$10,000 thrown from a train by Mr. Coughlin, father of the kidnapped boy. The package was thrown from the train in accordance with instructions contained in a letter from the supposed kidnapper. The Coughlin baby was stolen from his home during the night of June 2.

Protest Lodged Against Freight Rates on Branch

Chamber of Commerce Opposes Increase on Commodities Reaching Twin Falls

With the state public utilities commission the Twin Falls Chamber of Commerce has lodged protest against freight rates governing certain commodities moving over the Mishakola Twin Falls line of the O. S. L. The protest is to be heard at the present sitting of the commission.

Investigation, according to Secretary Newell S. Wright, of the chamber of commerce, establishes the fact that rates on lumber, flour, vegetables and other products of this nature, shipped over this particular line, are high in proportion to rates on similar commodities moved between other railroad points in Idaho.

The railroads are at present applying to the commission for establishment of rate increases recently granted by the interstate commerce commission. The increase accorded is 25 per cent.

KANSAS RAISES BIG CROP

Wheat Second Largest in History; Corn Exceeding Five Year Record

TOPEKA, Kan., (AP)—Kansas raised the second largest wheat crop in its history this year and the corn crop promises to be the largest in the last five years, according to the monthly crop report of the state board of agriculture based on a canvass made August 14. A total wheat yield of 147,000,000 bushels, and a production of 127,800,000 bushels of corn, was estimated in the report.

Korean Denies Truth of Rumored Scheme to Hold the Congressman

WASHINGTON, D. C., (AP)—Reports from Tokio that a plot to "hold" the party of an American congressman now visiting the Far East when it arrived in Korea has been unheeded, were characterized today by Kluis Kimm, chairman of the Korean commission, as "another groundless Japanese fabrication."

What was planned, he said, was to present a memorial to the party, and he declared this object was well understood in Tokio.

SERBS AND ALBANIANS STAGE FIERCE FIGHTING

Revolution Breaks Out at Kostovo; Albania Calls Calles to Colors

ROME, (AP)—A wireless message from Scutari, Albania, to the Tempo, states that fierce fighting is proceeding north of that place between Serbs and Albanians and that Serbian regiments, in their fetter of Tarabosca, yesterday lost 220 dead and 250 prisoners. It adds that a revolution has broken out at Kostovo and the Albanian government has called to the colors four new classes, numbering 60,000.

CITIZENS' POSSE SEARCHING FOR ROBBERS IS FIRED UPON

HURON, S. D., (AP)—A posse of citizens led by Deputy Sheriff A. J. Larson of Beadle county, were fired on from a corn field near Westington, S. D., late yesterday by men supposed to be members of a gang of robbers who have been active in this part of the country during the past few weeks. Search of the field by the posse revealed a wagon load of automobile tires which were identified as part of the stock stolen from a garage at Arlington last Wednesday night.

POLICE FIRE FUBLADE IN LOS ANGELES, CALIF.

LOS ANGELES, Calif., (AP)—Several hundred shots were fired by policemen who vainly chased two robbers through downtown streets for several miles here today. The men had held up a restaurant. The crime of the owner attracted attention from a platoon of policemen, marching on their way to the station and the officers commandeered private automobiles and took up the chase.

STOCKHOLDERS RESISTING FORD'S RAILWAY PROPOSAL

NEW YORK, (AP)—The directors of the Ford Motor company and others are defendants in a suit filed in the supreme court today by Leon Taubensbaum and Benjamin M. LETVIAN OFFICIAL IS DETAINED AT NEW YORK

Alfred Nagel, Bearing Credentials from New European Republic, is Held at Port of Entry

NEW YORK, (AP)—Alfred Nagel, who bore credentials from the minister of foreign affairs of the new republic of Letvia showing him to be duly appointed secretary of the proposed legation in Washington, was held by immigration authorities when he arrived today with his wife on the Swedish steamer Drottningholm.

Orders to hold Mr. Nagel came from Washington, according to immigration officials who declined to say if they originated with the state department.

Mr. Nagel exhibited with his credentials a passport which he said had been issued by the American consul at Riga.

Mr. Nagel said he would appeal to Ira Nelson Morris, American minister to Sweden. Nagel claimed formerly to have been "head of the Russian bureau of the American legation at Stockholm."

WHAT DOES IT MEAN?

Secretary Colby's statement of a deli-
 cation of American citizens of Polish
 extraction of the 'sympathy of the
 United States and its desire to render
 Poland all possible aid under the law
 but that since the senate had refused
 to ratify the treaty of Versailles the
 United States was unable to send any
 substantial aid to Poland, but that the
 United States would do everything it
 was permitted to do," is a statement
 that demands the careful consideration
 of every American citizen.

If Mr. Colby's statement reflects the
 attitude of his party, and there is nothing
 in the utterances either of Presi-
 dent Wilson, Governor Cox or Mr. Roosevelt
 to indicate that Mr. Colby is not a
 veracious spokesman for the Demo-
 cratic party; then the converse must be
 true so far as that party is concerned.

Mr. Colby says that the United States
 cannot send "substantial aid" to Poland
 because the senate has refused to ratify
 the treaty of Versailles with its
 covenant for the league of nations.

If the senate had ratified the treaty
 and covenant, according to this view,
 the United States would be in position
 to send "substantial aid" to Poland.

Just what "substantial aid" might
 have been sent to Poland if the senate
 had ratified the treaty becomes at once
 a question of great importance.

Several days prior to Mr. Colby's
 statement it had been announced that
 Poland would confine its request for
 American aid to request for an exten-
 sion of credits by the United States
 for the purchase by Poland of surplus
 war stocks. Soon afterward permission
 was sought to collect recruits in this
 country for the Polish army.

There seems to have been no official
 objection raised to either of these re-
 quests; nor is precedent lacking in the
 absence altogether of the Versailles
 treaty, for the granting of either re-
 quest or both of them.

Just what then did Mr. Colby mean
 to imply when he told the Polish Amer-
 icans that the United States could not
 send "substantial aid" because the sen-
 ate had refused to ratify the treaty?

Did he mean to imply that the United
 States should render some service
 other than extending credits to Poland
 and granting Poland permission to ac-
 cept recruits here, neither of which
 functions could be considered as con-
 tingent upon ratification of the treaty?

Did he mean that to convey the im-
 pression that the United States be-
 granting these two requests should have
 extended still further "substantial
 aid"—perhaps to the extent of send-
 ing American troops overseas for Pol-
 and's relief—and that this would have
 been done if the senate had ratified
 the treaty?

Or was he just heading out buncomb
 with a view to ensnaring Polish-Amer-
 ican votes in November for the Dem-
 ocratic party, and currying favor
 among Polish-American voters for Mr.
 Wilson's league of nations?

American citizens of whatsoever de-
 rivation ought to consider carefully Mr.
 Colby's statement from the broadest
 possible viewpoint, and govern their ac-
 tions accordingly.

**Allied War Heads May Adopt
 Churchill Plan to Stem
 Bolshevism**

Winston Spencer Churchill, British cabinet member, whose scheme to make Germany an armed barrier against Bolshevism caused a sensation in the allied capitals and was disavowed by Premier Lloyd George, may yet be adopted by the allied war leaders, according to a dispatch from London. It is said that Mr. Churchill's scheme is receiving careful consideration by the allied military leaders.

done to them. The government seeks only to expose the guilty.

The government must depend upon the records of the draft bonds for its information and persons who failed to respond when actually called may expect to have their names posted by the war department, according to present plans.

The slackers should be brought to account if it is possible to do so, and the war department believes that the as-
 surance of them will be discovered through the publicity plan proposed. It is a duty that is owed to the men and women who rendered service to the government in time of war.

Men who refused to respond to the call to service after they had been en-
 rolled and assigned to duty may have to face desertion charges if they are discovered, and they will probably find that they were the losers in evading their obligations to the government.

The war department has taken plenty of time to make up the list of persons who are charged with evasion of military duty. There will be errors to be corrected, of course, and the widest publicity is being given to the proposed publication of the names of draft evaders, in order that no individual be unjustly represented.

NOTICE TO CONTRACTORS.
 Notice is hereby given that the Mayor and the Council of the City of Twin Falls, Idaho, on the 23rd day of

August, 1920, at the hour of eight o'clock in the afternoon of said day, the City of Twin Falls, Idaho, will receive and open sealed bids and proposals and award a contract to the lowest and best and most responsible bidder complying with the provisions of this notice for the construction and the completion of all cement sidewalks authorized to be constructed by, and the location of which are shown on Ordinance No. 307 of the said City of Twin Falls, Idaho, and which Ordinance is found on page 35 of Book 5 of the council proceedings of said city, in the office of City Clerk of said city, which ordinance creates the Local Improvement District No. 36 of the said City of Twin Falls, Idaho, and also for the construction and completion of sidewalk intersections and cross-walks made necessary by the construction of the sidewalks described and mentioned in said Ordinance No. 307.

Said sidewalks are to be constructed and completed at the place and locations, and upon the streets, avenues and alleys, and in front of the lots and property described and mentioned in the said ordinance No. 307, and upon the grade or grades and in the manner specified and set forth in the plans and specifications for said sidewalks and cross-walks, known as the one-piece walk or work plans and specifications now on file in the office of the City Clerk of the said City of Twin Falls, Idaho. Said sidewalk intersections and cross-walks are to be constructed upon the grades and in the manner provided in the said plans and specifications heretofore mentioned.

Proposals showing the estimated amount of work to be done and the class thereof can be obtained by applying at the office of the city clerk of the said City of Twin Falls, Idaho. The said work will be paid for as follows:

Ninety per cent of the cost of construction, based upon the City Engineer's estimate thereof, found to be earned and due at the end of each calendar month; the whole thereof within sixty days after the completion of the whole of the said work and the accept-

ance thereof by the city engineer which acceptance shall be evidenced by the certificate of the city engineer that the said work is completed in all ways in compliance with the terms and conditions of the contract. They payment of the construction of the sidewalks shall be made in warrants of the city of Twin Falls, Idaho, issued to the contractor and issued against the special fund created by the assessing the property benefited by the construction of the said sidewalks, and which warrants shall in no way pledge the credit of the City of Twin Falls, Idaho, for the payment of the said warrants.

There must accompany each bid a certified check upon some bank located in the City of Twin Falls, Idaho, drawn to the order of the City of Twin Falls, Idaho, in an amount equal to ten per cent of the amount bid; said check to be forfeited to the City of Twin Falls, Idaho, in the event that the successful bidder does not enter into a contract for the performance of the work.

A Big Truth
 "Good advice is no good unless you take it."—Painless Parker.

When some one advises you to have your teeth fixed up, you say "Yes, that's good advice; my teeth DO need looking after." And then you let the matter drag along, your teeth getting worse all the time.

There is only one right time to look out for your teeth, and that time is NOW. This is good advice, but it won't do you any good unless you take it NOW.

When you think of TEETH, think of PARKER.

Hercules Nitrate Stockholders Elect Local Man President of Business

Unusual interest was manifested in the annual meeting of the stockholders of the Hercules Nitrate company held on Tuesday in the Parish hall.

Indicated voting contest did not develop when late in the afternoon the new directors finally were chosen.

The new board of directors met yesterday and organized by the election of the following officers: president, C. L. Longley; vice-president, D. B. DeWitt;

secretary, H. H. Hedstrom; assistant secretary, H. J. Matthews; treasurer, C. T. Hampton.

The company, which was organized here about three years ago, owns a large body of nitrate on which some development work has been done, but the new board is more active in its affairs.

TRIAL OF STEVENS ON THIS AFTERNOON

Court Declines to Intimate Nature of Sentence as Defendant Withholds Plea

Represented by J. F. Martin, his attorney, L. W. Stevens appeared in the probate court this morning with a request for continuance of his case to 2 o'clock this afternoon.

Upon appearance before Judge O. P. Duvall Attorney Martin asked for a continuance with the morning session.

Permission was granted for the conference, Attorney Martin explaining that his client was willing to enter a plea of guilty to the charge preferred, drunkenness, under \$25 in fine.

Stevens was arrested about a week ago by a city policeman after the latter had attempted to search an automobile which the defendant was driving, and which was suspected of containing contraband liquor.

Stevens, it is alleged, was drunk at the time, and fought the officer. There is a charge of resisting an officer pending in the police court. The defendant furnished surety bail of \$500 covering both cases.

Layton's Land Produces Heavy Yield of Wheat

Hansen Farmer Gets 1500 Bushels of Dicklow from Thirty Acres

A total of 1500 bushels of high-grade Dicklow wheat is the result of a crop sown on 30 acres of Hansen country here.

This crop, averaging 50 bushels to the acre, belongs to Jack Layton, one of the youngest farmers in the district. About two acres of the patch went 80 bushels to the acre, but the average was 50 throughout.

The wheat was sown on new alfalfa land and the stand was exceptionally heavy on all portions of the field. The grain stood straight and the heads were filled with plump berries.

Mr. Layton, after reserving a sufficient amount for seed next year, disposed of the crop at 1.90 per bushel.

PEACH PICKING will begin at the Co-operative Orchard Co.'s ranch about September 1st.

EXCESSIVE HEAT IN PAST WEEK UNFAVORABLE TO GROWING CROPS

Official Report Shows Some Abnormal Drying Out Through High Temperatures and Heated Winds in Twin Falls Region — Rain Fell in Quantity in the Panhandle District

The past week was exceptionally warm, especially during the latter half when excessively high temperatures were recorded. As a weekly summary of weather and crop, issued by Clinton E. Norquist, of Boise.

Rain occurred only in small widely scattered areas and mostly in small amounts, although the Snake-Payette valley there was little wind movement but in the upper Snake River valley and over the Twin Falls region hot drying winds occurred.

It was too hot and dry for the best progress of crops generally, but it was ideal crop weather and in irrigated districts that crop made splendid progress.

The heat and drying winds carried away soil moisture with great rapidity and applications of irrigation water to keep crops growing.

Dry farm crops are suffering from lack of moisture, although the bulk of the farm grain was well on the way to maturity before the drought became damaging.

Late sown spring wheat and the head seed crop in some Idaho areas were damaged to some extent by hot winds. Hay cured rapidly and the bulk of the second crop of alfalfa is now in the stack.

Timothy harvest is pretty well over. A plentiful crop of fine quality hay has been secured in the best of condition.

Garden and truck crops made good progress; potatoes are maturing in good stages, sugar beets are making satisfactory head, best seed crop is being harvested.

Fruit is doing well generally but prunes are dropping too freely in some commercial districts. Although pastures and ranges are green and well and drying badly in some localities range stock continue to thrive.

Heavy shipments of beef cattle and lambs are being made from Adams county and they are coming off the range in fine condition.

Temperature is Showing Signs of Warming Up

THE weather man appears to have joined the "Onward, upward" society. Things temporarily are on the upward, upward turn, all right.

A rise of nine degrees between the high points of Wednesday and Thursday is noted in the last report, which gives the former at 69 and yesterday, 78. The upward tendency was also noted in the bottom end of the temperatures, a rise of five degrees being noted between the last report and is promised for tomorrow, without indication of anything but the usual "fair" weather.

ENTHUSIASM AROUSED IN MAKING HEADGEAR

Classes Conducted by Special Demonstrator Starts Interest in Millinery

Miss Wilhelmina Jacobson, clothing specialist of the University extension, left for the northern part of the state last night after having completed a three-day training class in millinery at the Froebler church here by Mrs. E. Moore.

Due to the inability of several women to attend throughout the three day session, only seventeen of the hats were completed.

The new materials used on these 17 hats cost \$14.15. Each woman was asked to state the value of her hat to her, which amounted to \$24.00 on the seventeen hats which were completed.

Miss Jacobson was in the millinery workshop for several years, having worked in some of the leading millinery stores in California, as well as taking training in presentation of subject matter in the Froebler church here by Mrs. E. Moore.

The specialist carried samples of some of the newer materials which are being used in millinery, such as pretty dyes, tynes and also trimmings, of chenille, gold and silver threads, gold bands, etc.

These hats are to be on exhibition at the county fair to be held in the women's building. Every one is invited to see them.

The project leaders taking this training work, now are going back to their communities enthused over millinery and are planning for classes this fall. In order to facilitate the work and make it possible for the home demonstration agent to get around and fill all calls made upon her for this work, these project leaders are to organize their classes and start work by giving the millinery class to the home demonstration agent to get around and fill all calls made upon her for this work.

PROSECUTION OF INFORMANT NEW DEVELOPMENT IN ALLEGED ROBBERY CASE

LOS ANGELES, Cal., (AP)—Clyde C. Johnston, police court clerk, who reported to the Los Angeles police department that a rooming house at 430 S. Main, Los Angeles, had been broken open and \$24,000 in bail money taken, was arrested today on a charge of embezzlement and lodged in the Los Angeles jail.

Johnston, Tuesday said he found the lock forced off the inner door of the safe. The other door, he said, had apparently been opened by some one familiar with the combination and relocked after the theft.

The courtroom is directly over the room occupied by the police detective bureau. Witnesses before the grand jury which indicted Johnston included city detectives, a stock broker, with whom Johnston was said by Deputy District Attorney W. C. Dorn to have had dealings, and the auditor of a bank in which Johnston had a personal account.

TWICE DESERTED WIFE IS ON WAY BACK HOME

War Time Romance Brings Bitter Disappointment to English Bride of Canadian

O'NEILL, Neb., (AP)—Deserted twice by her Canadian soldier husband whom she married while he was in an English hospital, suffering from the effects of gas, Mrs. Harry Hurst, with her baby in her way back to her home in England. She found, it is said, that Hurst's story about being a big ranch owner was a myth and she had been earning her living as a ranch cook.

Hurst, it is charged, eloped with a waitress last winter, was found in Minneapolis and brought back but his wife refused to prosecute. After living with his family a short time Hurst again disappeared.

Friends took up a collection to send the young wife back to her home in Laughton, Sussex, England.

MEXICAN PROPAGANDISTS TO EXTRADITE PERSHING

Purpose Retaliation in Event of the American Demand for Villa

EL PASO, Texas, (AP)—The government of Mexico will demand the extradition of General John J. Pershing and other leaders of the 1916 American expeditionary force into Mexico, and United States army officers are believed that time have crossed into Mexico after bandits and for other reasons "without authority from Mexico" if the United States demands the extradition of Francisco Villa for participation in the Columbus, N. M., raid, according to reports published in La Prensa, a Spanish language newspaper of San Antonio, Texas, and La Republica, published in El Paso.

The articles were published as emanating from correspondents in Washington. United States officials here said the articles had no significance and that it was intended simultaneously to demoralize the Mexican clientele of the newspapers.

BERLIN REPORTS POLES ON SILESIAN BORDERS

Many Killed and Wounded in Fighting Between Troops and the Citizens Guard

LONDON, (AP)—The Poles have occupied the border territory of upper Silesia, 2000 troops having seized villages in the Katowitz district, according to Berlin dispatches.

There was heavy fighting between the citizen guard and the Poles north of Bogutachutz and many were killed or wounded. All the houses and shops in the Laugnowitz were plundered. The dispatches said.

NATIONALIST LEADER IN PLOT FOR ASSASSINATION

New Arrests Bring Further Disclosures in Alleged Plan to Slay Greek Premier

ATHENS, (AP)—Among the new arrests because of the attempt to assassinate Premier Venzelas and the alleged plot to restore former King Konstantine to power, is that of Colonel Chalomenopoulos, a leader of the nationalist movement.

The investigation continues to produce evidence that at least some royalists here were aware that an attempt to assassinate the premier would be made and that it was intended simultaneously to overthrow the government, fire the arsenal and arrest or kill the cabinet officers.
