WHITAKER WINS NOMINATION FOR REPRESENTATIVE

Pocatello Mayor, Selected by Non-partisan League, Defeats Twin Falls Man at the Idaho Falls Convention

IDAHO FALLS, (Special to the News).—In nominating W. P. Whitaker of Pocatello for congressman from the second district, the Idaho democratic state convention today selected the candidate previously nominated for this office by the convention in Nampa on August 4 of delegates representing the Non-partisan League and several labor organizations.

The vote in the Idaho Falls convention which was subsequently made unanimous, stood: Whitaker 34 1/2; Taylor Oumma, Twin Falls, 13 1/2; M. J. Kerr, Fremont county, 7.

On the first ballot taken at the democratic convention for nomination for the office of governor, T. A. Walters, of Caldwell, former attorney general, received 34 votes; D. L. Evans made 12 1/2; Frank Martin of Boise, 22 1/2; W. F. Alworth, Twin Falls, 8; Nathan B. Pettibone, Idaho county, 21 1/2.

On the second ballot Frank Martin withdrew his name which three Alle county's nine votes to Walters and was the last of what later proved to be a landslide. Twin Falls with eight votes withdrew their support from Allworth which was the only support he had.

Nathan Pettibone, second on the first ballot for governor, was unanimously nominated for lieutenant governor on the first ballot.

The convention recessed at 1:30 o'clock for one hour. It will proceed with the balance of the nominations upon reconvening.

IDAHO FALLS, Idaho, (AP)—United States Senator John F. Nugent of Idaho was re-nominated for the Idaho state democratic convention by unanimous rising vote. Former Governor Hawley, of Idaho, made the nomination speech, which was seconded by Dr. H. H. Hays of Gooding county. The convention had been in session but forty-five minutes when the nomination was completed.

Woman for Congress Mrs. Nell E. Iron of Sand Point, was nominated by the convention for congress from the first district. She is the first woman ever to be named for a congressional office in the state of Idaho. Mayor W. P. Whitaker of Pocatello, was nominated for congressman from the second district over Taylor Cummings of Twin Falls, and M. J. Kerr of Fremont county. The vote was unanimous.

Walters for Governor On the second ballot, T. A. Walters of Caldwell, was unanimously nominated democratic candidate for Idaho governorship.

Postponed Nominations Routine matters occupied most of the time at yesterday's sessions of the Idaho state democratic convention which opened here at noon with 13 delegates in attendance. Because of the lateness of the hour when the party

CLOSE CONTEST FOR SENATORIAL NOMINATION ON

Republican State Convention is Presented with Names of Four Aspirants for Toga; All Lines Drawn Taut

POCATELLO, Idaho, (AP)—The second day of the republican state convention opened with all lines drawn close for the United States senatorial nomination. There is little prospect that balloting will be reached before a late hour this evening or tonight.

Four Names Presented. Four nominations for senator were before the convention at 2 o'clock at which time an adjournment was taken.

Colonel L. V. Patel, Frank R. Gooding, Captain A. H. Gomer and C. W. Bond were nominated in the order named and the fight appears to be between the first three mentioned.

The Gooding delegates held a caucus last night and were confident of 74 votes up to a late hour.

The presidential electors advised were Harry McDougall, Mrs. Robert McGowan, R. J. Comstock and B. M. Harding.

Turns Down Primary. At a late hour last night the convention refused to accept the suggestion of returning to the old direct primary, and by practically unanimous vote rejected it in its entirety and approved the convention plan. Senator Bond recently advised a return to the primary.

BAY STATE TOWN FOLK GIVE PILGRIM PAGEANT

BOSTON, Mass., (AP)—The first-tercentenary pilgrim pageant of the year is being presented today at North Truro "way down along Cape Cod" in a natural amphitheater overlooking a fresh water pond where the pilgrim fathers camped. One hundred and sixty townsfolk of North Truro, Truro and Corn Hill will impersonate pilgrims, Indians and sailors of the period. Features of the pageant include the looking of a deserted Indian wigwam by the pilgrims, a dance between two of the Mayflower company fought over a maid servant, the kidnapping of a lost child by the savages and an exciting encounter between the Indians and pilgrims. Between the two episodes a group of 25 barefooted girls will dance four numbers.

HUGHES ASSERTS CONFIDENCE IN HARDING POLICY

Declares Republican Leadership Will Secure Establishment of Acceptable International Tribunal for Peace

MARTON, O., (AP)—Confidence that Senator Harding would secure the establishment of an acceptable international tribunal was expressed in a statement made public here today by Charles Evans Hughes, the republican presidential candidate, who came to Marion yesterday to talk over campaign issues with the republican nominee and his advisers.

"It is hardly necessary for me to say that I earnestly support Senator Harding," the statement said. "He is a man of rare poise, high minded and sincere. No one can meet him without being impressed by his exceptional capacity and his integrity of purpose."

Cannot Afford Tammy Role. "We cannot afford to have a Tammanyized federal government. The nomination of Governor Cox was brought about by the skillful and determined effort of local democratic bosses who represent the most baneful influences in our political life. There is one way to defeat their effort to capture the government at Washington and that is to beat their candidate."

I believe also that Senator Harding's election will afford the surest way of securing our proper relation to international cooperation. This country must do its part, but it must serve the right to act in any future contingency according to its duty as that contingency reveals it.

The essential in any satisfactory plan of international co-operation are to establish a tribunal of international justice where justifiable questions are concerned and to secure the advantages of international conference. All this can be secured and I believe will be secured under the presidency of Mr. Harding.

Accords with Best Traditions. "I am fully convinced, as a result of my conversation with Senator Harding that under his leadership we shall have our foreign relations conducted in accordance with our best traditions and America's duty to the world will be discharged without ignoring her duty to herself."

# LAWYERS TALK ON NEEDS FOR LAW REFORMS

### Proposed Changes in Legislation Covering Wide Range are Presented in Reports to Bar Association Convention

ST. LOUIS, (AP)—Comprehensive legislative reforms were before the American Bar association for consideration here today.

The proposed changes covering a wide range were presented in reports submitted by various committees. They tended in part toward uniformity for state statutes and modernization of certain federal court procedure.

Discussion of methods for maintaining the standard of the bar on a high level also promised to hold an important place in the convention.

#### Favor Canon of Ethics

A report prepared by the committee on professional ethics and grievances stated a canvass of members of the judiciary throughout the United States indicated that prevailing sentiment favored the incorporation of the bars of various communities, with the canon of ethics as a part of the constitution of the corporation and the power to supervise the conduct of all practicing attorneys.

In advocating legislation that would empower the supreme court to prescribe rules for common-law procedure in federal courts, a report from the committee on uniform judicial procedure stated this would have the effect of doing away with long-drawn-out litigation, and would tend to improve state court procedure, through the adoption of the federal system as a model. This latter would also mark an important step toward unifying state statutes, the report explained.

A further measure of suggested reform urges amplification of the law governing removal of causes to definitely settle the question of district court jurisdiction.

#### To safeguard Foreigner

It is urged also by the committee on jurisprudence and law reform that legislation be enacted to provide more adequate protection for the treaty rights of foreigners in the United States. The association will be called upon to endorse ratification of the peace treaty, including the covenant of the League of Nations, without amendments, in a majority report presented by a special committee. A minority report from the committee dissents.

Another report from a special committee declares that the interval between the election and inauguration of a president is a "serious evil, fraught with much danger, because, if an administration is discredited by a popular vote of want of confidence, the prestige of the government at home and abroad is weakened and there is danger of humiliation and disaster to the republic." This report urges that the dates be brought closer together, but makes no recommendations as to other dates. It also advises abandonment of the short session of the retiring congress.

#### Various Sections Meet

While the general convention is in session, various sections of the association will meet to consider specific branches of legal practice, and revert to the main body. Included in these will be the section on comparative law, patent law and legal education.

The general council of the association will be elected tonight.

Many prominent speakers are expected to appear before the convention. Included among them are Sir Auckland Geddes, British ambassador to the United States; former United States Senator Albert J. Beveridge of Indiana and Judge Ben B. Lindsey of Denver.

The convention will end Friday night with the annual banquet. Hampton L. Carson of Philadelphia is president of the Bar association.

### Sac and Fox Indians Preparing to Hold Annual Green Corn Dance

KENDRICK, Okla., (AP)—Old members of the Sac and Fox Indian tribes are making preparations to hold their annual green corn dance. The ceremony will be held on the Grayeye farm and will last three days.

Hundreds of bushels of green corn have been stored in the tribes' granaries to be served as an offering. The dance is held to give thanks to the Great Father for a plentiful yield. Komahtokum will be master of ceremonies, and has called all of his followers to be present.

## PARK TO PARK NATIONAL ROAD IS DEDICATED

### Highway Association Officials to Tour 4,500 Miles Through Eleven Public Playgrounds in Nine Western States

DENVER, Colo., (AP)—The National Park-to-Park Highway, extending 4,500 miles through eleven national parks in nine western states, was dedicated and officially opened here today.

Stephen T. Mather, director of the national park service, and officials of the National Park-to-Park Highway association participated in the dedication. He is officials of the American Automobile association.

Immediately following the dedication the officials planned to start in twenty-five automobiles for a tour of the highway, which is expected to last for sixty days.

Parts of nine transcontinental roads and motor roads connecting them are included in the scenic highway. The automobile trip was conducted by A. L. Westgard of Washington, secretary of the American Automobile association. More than 500 cities and towns are on the route.

The itinerary of the first official tour carries the party into the Rocky Mountain National park in Colorado on the first day. They will visit Yellowstone park in Wyoming, Glacier park in Montana, pass through Idaho on the way to Ranier national park in Washington travel through Oregon to Crater Lake park, visit Lassen Peak, Yosemite, General Grant and Roosevelt parks in California, circle through Arizona to the Grand Canyon and cross a corner of New Mexico to reach the Mesa Verde cliff dwellers' ruins in southwestern Colorado.

General roads meetings are to be addressed by members of the party at Casper and Cody, Wyoming; Livingston, Great Falls and Kallispell, Montana; Bathrum, Idaho; Spokane, Washington, and Seattle, Washington; Portland, Albany, Eugene and Medford, Oregon; Redding, Marysville Sacramento, San Francisco, Fresno, Bakersfield, Los Angeles, San Bernardino and Needles, California; Flagstaff, Arizona; Gallup, New Mexico, and Boulder, Fort Collins, Colorado Springs, Pueblo and Durango, Colorado.

A convention of the National Park-to-Park Highway association in Denver is planned after the end of the tour, probably in November.

Included in the party are Director Mather, Mr. Westgard, Gus Holmes and L. L. Newton, of Cody, Wyoming; Scott Leavitt, Great Falls, Mont.; F. J. Chamberlin and Harry N. Burhans, of Denver.

## MIDDLE EUROPE SHOT OFF FROM FOREIGN TRAVEL

### Desire but Inability of Once Wealthy Persons to Make Way Westward to United States Result of War

BUDAPEST, (AP)—The desire but inability of once wealthy people to travel westward to European resorts and on to the United States owing to passport and money difficulties, is one of the results of the war to be noted in central Europe, the Balkans and far into Asia Minor.

The intenseness of this desire was registered recently by Admiral Horthy, regent of Hungary, who said: "Why, I wake up nights thinking of the sun and in my dreams I hear the sound of the ocean. Consider I have sailed the world around and now I can't even get a glimpse of blue water. I'm sick in a new sense."

Queen Evias Correspondent. "How I envy you in your travels," said Queen Marie of Rumania to the travel-writer correspondent. "Think of the glorious freedom of going somewhere, far away!"

"If it were not for my duty to my country," said Mustafa Kemal Pasha, the national leader, one hot, breathless night in Sivas, Turkey, "I should be

tempted to board ship and steam away, anywhere, so long as it went westward. No one but ourselves can realize how tired and numb the mind becomes, out here through the loss of contact with the countries and people we knew in happier days."

Women, wives of teachers and professors of formerly well-to-do farmers, who have been so sorely hit by the war suffer especially from the lack of the cheap holidays they were once accustomed to take in Switzerland, the Italian Riviera, Paris or London, where they saw the old sights anew, the styles in clothes, brushed up their acquaintance with languages and came home content to await next year's trip.

"I really believe many of us shall fall sick if we are not able to satisfy this travel fever," said Mrs. R. Vambury, wife of the Hungarian criminologist, who was a great traveler as was his father before the war.

"Have pity on us poor travelers. To think that now I can't buy a new dress, I who once had the money to roam where I would."

The ministers of foreign affairs in these countries are besieged by applications of their fellow citizens who want to go away on diplomatic representations or consuls and many near-important men at home are willing to accept positions as clerks abroad, merely for the chance of traveling.

Travel Fever Is General. This fever is not limited to the formerly well-to-do. Recently a notice was published in a Budapest paper that any able bodied man or woman wishing to work in the United States would be furnished with a ticket and \$50 expense money by the Americans. That same day the American high commissioner, U. Grant-Smith, had to request the military authorities to keep away the mob from his office in the Andrassy street. The railways in Hungary, in Rumania

and in every country, though worn out by the war, are always crowded, with people clinging to the roofs of the coaches thick as flies, summer and winter. About the stations are big crowds of men, women and children, swarming up and down, waiting whole days and nights for trains.

"Where are all these people going to?" the correspondent asked a conductor at Bucharest.

"He started a moment in astonishment. "Why, anywhere, nowhere," he answered. "They are just taking a ride. They're travel mad."

## INDIANAPOLIS PREPARES TO ENTERTAIN VETERANS

### Grand Army Encampment to be Held in Hoosier Capital First Time Since 1893

INDIANAPOLIS, Ind., (AP)—After a lapse of 27 years Indianapolis will again entertain the annual encampment of the Grand Army of the Republic. For the first time since 1893 the national meeting of the Grand Army will be held this year in the Hoosier capital, September 10 to 25.

Civic committees are now planning to entertain 100,000 visitors during the week of the encampment. A list of homes which will accommodate one or more of the Civil war heroes is being compiled and committee members say comfortable quarters will be available for everyone.

Numerous entertainment features are being prepared. There will be airplane rides for veterans who may retain some of their war-time courage. Automobile

trips have been arranged for others. Hotel headquarters have been assigned to the 35 state departments of the G. A. R. Arrangements for the gathering are being made by a committee of 500 business men who are working under the direction of an executive committee of five members.

## DEMPSEY ADDS TO HEFT SINCE WINNING TITLE

Champion Batter Must Train, Hard Job to Get to Proper Fettle for Mike

BY RAY PEARSON

Two weeks from last Monday in the arena operated by Floyd Fitzsimmons at Benton Harbor, the fans of the country will know whether or not a year's layoff from ring activity has dulled the fighting speed of the champion champion Jack Dempsey. Two weeks from Monday is Labor day, the day on which Dempsey strips for action in his first engagement since knocking down Willard at Toledo, July 4, 1919, at Toledo. He finds Billy Mike of St. Paul his opponent this time.

Dempsey already has settled in his training camp at Benton Harbor, and judging from his appearance when he landed in this section of the country a week ago after quite a stay in New York he will need some work to get into the shape he was in when he fought Willard. It is not hard to believe, but the Jack Dempsey of today weighs more than 200 pounds. But that should not worry any of the geeks who like to dabble in the wagering business, for Dempsey is a poundage the fittest he is in good physical condition.

Height to Carry Weight

In some fighters weight cuts considerable figures, but in Dempsey's case it is a bit different. Dempsey, who is 5 feet 11 inches tall, is built to carry the double century weight without any difficulty. But this in his Michigan training camp should knock off the excess poundage at present carried by the champion.

There's a perfectly logical reason for believing that Dempsey will be in good shape when he appears in the arena. He is a hard hitter—one of the sort that, with something to do, he can't get it in any style, but must rip into it just the way he ripped into Fred Fulton, Jess Willard, and others who stood in his path to the championship. That kind of strenuous training is certain to remove the excess weight and with that his eye will be sharpened for the business of punching.

Jack Has Plenty of Time

Having watched Dempsey carefully while he was training for his battle with Jess Willard at Toledo, we feel in a position to judge what the title-holder requires in the way of training to condition himself for the fight. Dempsey had something like eight weeks in which to fit himself for the match against the then champion Willard. What he needed was not eight weeks, but about two weeks, for in our opinion—and this is substantiated by the opinion expressed by his chief trainer, Jimmy DoForest—Dempsey was in just as good shape two weeks after he started work as he was on the day of the scrap.

He has two weeks and more in which to get ready for Mike, and it is a safe bet that Jack isn't going to be caught out of condition by the St. Paul opposition. That will be plenty of time, for if one happens to glance backward he will see that Dempsey never entered a ring out of condition. So why should he make that chance now that he is champion and has everything to lose should he fail to measure up to winning the task that faces him.

Arguments of Mike Fans

The dopsters of this ring game always find some way to give the underdog in the betting a chance to score a victory. Therefore it is certain that Billy Mike will have supporters when he climbs through the ropes at the Har-

bor. Some of those who will wager their money on Mike will do so for two reasons. One is that they expect Dempsey's long layoff to affect his fast work foot; the other that Mike has twice before met Salt Lake Jack, and was on his feet at the end of the stipulated number of rounds scheduled.

But there's another thing that boxing fans should not overlook and that is that a boxer usually fights differently as a champion than he does as a title aspirant. It is a thing that Dempsey will finish his job on Labor day just as quickly as possible. That's one reason why those two other fights which went the limit can be thrown out as valueless when considering what is going to happen two weeks from Monday.

## AMERICANS WIN BOXING BATTLES IN RING FINALS

Three Yankees Go Through the Eliminations and are Victorious at End

ANTWERP, (P)—All of the three Americans who reached the finals in the boxing championships held in connection with the Olympic games, won their bouts last night.

The Americans are Edward Egan, light heavyweight, Yale university and the champion of the A. E. F.; Samuel Mosberg of the Pastime A. C., New York, a lightweight, and E. De Genero of the Paullist A. C., New York, flyweight.

They were the only survivors of the 15 Americans entered for the world's amateur championships. All the Americans had hard fighting.

The boxing finals were held in the Zoological Garden hall. Tremendous crowds packed the arena while hundreds of persons had to be driven away by gendarmes.

All the members of the American team were present to root for the three Americans in the finals.

## VARDON AND RAY TAKE A BEATING IN LINKS DRIVE

Britishers Fall Before Hutchinson and Partner who Administer Bad Beating

CHICAGO, (P)—Harry Vardon and Edward Ray, British professional golfers yesterday suffered their worst defeat in this country when they lost to Jock Hutchinson, western open champion, and Laurin Ayton, a recent arrival from Great Britain, seven down and five to play in two 36-hole ball exhibition match. It was the third defeat for the Britons in four days in Chicago.

Ayton's score was a par 74, while Hutchinson had a 72. In the afternoon Hutchinson played the round in 69, five under par, and Hutchinson completed the 18 holes in 67, seven under par.

Vardon had 77 in the morning and 75 in the afternoon. Ray's morning score was 72 but he picked up his ball on one hole in the afternoon.

Hutchinson and Ayton had a best ball card of 81 in the afternoon, a record for the course.

## Dempsey Gossips About His Weight for Mike Fight

Champion Says Will Enter Ring at 187 Pounds, as when He Beat Willard

BENTON HARBOR, Mich., (P)—Jack Dempsey, who meets Billy Mike of St. Paul, Labor day, expects to go into the ring weighing 187 pounds, his weight when he defeated Jess Willard, he said.

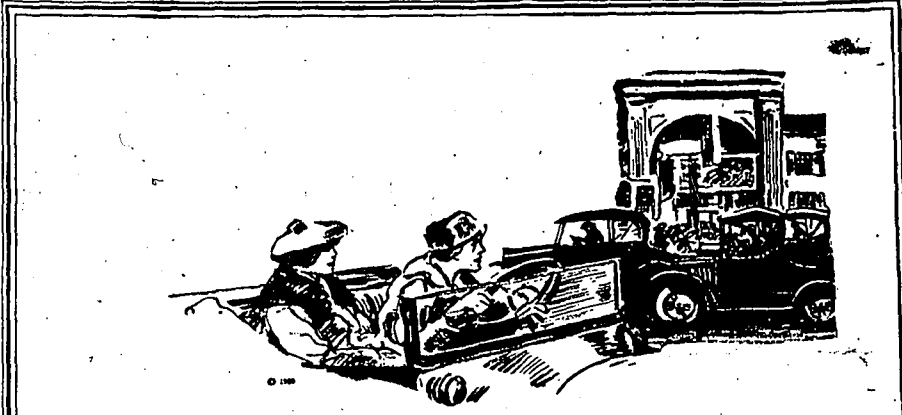

His work today gave the impression that he is boxing with the same speed and endurance that characterized his training for the Willard match. Dempsey went six rounds with Bill Tate, a giant negro, and Panama Joe Gans. When Dempsey started training a week ago, he weighed close to 200 pounds, but today he barely made 190 pounds.

GRAND CIRCUIT RACES

POUGHKEEPSIE, N. Y., (P)—Keen competition and close finishes marked the second day of Grand Circuit racing. Len McDonald, with King Wats, took the feature event and the richest stake of the meeting when he scored a straight heat victory in the Poughkeepsie 2:14 class trot, with Native Chief second and Holy Rood Naomi third.

The best time of the week was recorded in the first heat of the 2:03 pace today which John K. Braden won.

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

ing for something that isn't there when they look for it.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

What a man pays for in a tire is quality—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

U. S. Tires are guaranteed as to quality—with no limitation of mileage.

And that holds just as good for the small car tire as for the biggest U. S. Tire we've got. There's only one standard of quality with U. S.—and the size of the car has nothing whatever to do with it.

As regards tires, the comeback is about due. People are pretty near through pay-

# COX RE-OPENS HIS FIGHT ON G. O. P. FUNDS

### Reiterates Assertion That Large Sums are Contributed to Republican Cause by "Selfish and Greedy Interests"

PRINCETON, Ind., (AP)—Attack on republican campaign financing was renewed by Governor Cox, democratic presidential candidate, in an address here today and he reiterated his promise to expose affairs tomorrow at Pittsburgh.

"Paltrous sums of money," Governor Cox declared, "are being contributed to the republican cause by selfish, greedy interests to buy the election."

"It is my privilege and it will be my chief aim said the governor, "to expose the scandalous plot and to reveal the interests that are a part of it."

### Large Crowds Applaud.

Large crowds applauded the candidate here and at Evansville, where he had breakfast and a hotel reception with a parade in an address here today to speak there tonight. This was "Cox day" for the democracy of southern Indiana, with visitors also from Kentucky and southern Illinois.

"The campaign," he declared, "turns almost exclusively on the question of whether a small group of men in the United States shall run the country. They are not removed from the people as the great military autocracy prior to the war removed from the vital interests of that country."

### Foods Prohibit Importation.

In discussing agricultural questions, Governor Cox said he favored farmer members of the federal reserve board, the interstate commerce commission and the tariff commission on agricultural production, he said, must be increased or "America will be importing foodstuffs within a short time."

### Rail Control Wins War.

Rehabilitation of the railroads, Governor Cox declared, is necessary not only railroad but agricultural, mining and other interests.

"We hear a great deal said from reactionary leaders," he continued, "about operation of the railroads during the war. I am of the opinion that federal control enabled us to win the war."

Mining troubles, Governor Cox added, had been caused in many instances by shortage of cars.

"Men have not been enabled to keep at work. With the miner, it is not how much he receives in a day, but for a year. It is perfectly apparent that the labor cost on the tonnage of coal has been high and this has not been due to the miner, but to the condition of the railroads."

### EVANSVILLE, Ind. (AP)—Governor Cox arrived here early today to open another campaign tour with an afternoon address at Princeton and an evening speech here tonight. The democratic presidential nominee was welcomed by a large crowd.

Many Indiana democratic leaders, headed by Mayor Beaman of Evansville, state committee chairman, and Tom Taggart, national committeeman, met Governor Cox here.

### DAVIS RESIGNATION AS AMBASSADOR RUMORED

State Department Denies Knowledge of Plans of American Minister to the Court of St. James

WASHINGTON, D. C., (AP)—Reports that John W. Davis, American ambassador to Great Britain, who arrived today at New York, would not return to the court of St. James were current here today. At the state department, however, it was said that there was no official information on his plans.

Some of the ambassador's friends credited the report that he had decided to resign. The post at London is known as the most expensive of all the American diplomatic assignments. In the past has been a drain on the private resources of the men who held it. If Mr. Davis has determined to resign his friends said this probably was his chief reason for wishing to retire to private life.

### NEW YORK, (AP)—John W. Davis, ambassador to Great Britain, accompanied by Mrs. Davis and a daughter, arrived here today on the steamship Olympic, to spend two months in the United States.

The body of William K. Vanderbilt, who died in Paris, was brought back on the Olympic. It was accompanied by Mrs. Vanderbilt, William K. Vanderbilt, Jr., and the Duchess of Marlborough, a daughter of the deceased.

Mr. Davis denied reports current in Washington that he would not return to his post in London after his vacation. "There is nothing to it," he said.

# ASKS SUPREME COURT TO WITHHOLD WOMEN'S VOTE

### American Constitutional League Brings Suit to Prevent Proclamation

WASHINGTON, D. C., (AP)—Application for an injunction to restrain Secretary Colby of the state department from putting into effect the federal suffrage amendment was filed in the district supreme court today by counsel for the American Constitutional League. Associate Justice Siddons required that authority for such proceedings be cited and agreed to hear counsel on the point during the day.

Application was made by Attorney A. Smith in behalf of Charles S. Fairchild of New York, president of the league. Justice Siddons said he could not consider the matter until counsel had presented authority under which he contended the court might act to restrain proclamation of ratification on receipt of certification of the action of Tennessee as the thirty-sixth state. Justice Siddons agreed to postpone his chambers ruling until the day to consider the authorities which counsel might later present.

# ALLEGED WIFE SLAYER IS ARRESTED ON FREIGHTER

### British Vessel Docks at Rio de Janeiro with Leroy in Custody

RIO DE JANEIRO (AP)—Eugene Leroy, wanted by the police of Detroit, Mich., in connection with the murder of a woman supposed to be his wife, was arrested on board the British freighter Dryden, upon which Eugene Leroy was arrested yesterday at Rio de Janeiro, in connection with the mysterious murder of a woman named Auguste in a local warehouse.

NEW YORK, (AP)—The British freighter Dryden, upon which Eugene Leroy was arrested yesterday at Rio de Janeiro, in connection with the mysterious murder of a woman named Auguste in a local warehouse, was found jammed in a trunk in a local warehouse.

The authorities learned a week after the Dryden sailed that a man answering Leroy's description was on board, and the vessel was detained here today by wireless to hold the suspect for the Rio Janeiro police. Simultaneously, Detroit police officials filed with the state department at Washington an application for Leroy's arrest and extradition should he attempt to land in Brazil or any country on route.

### AMERICAN SWIMMERS WIN

ANTWERP, (AP)—The American team won its best in the 800 metre Olympic relay swimming race here today in 10 minutes 25.5 seconds. The men composing the team are Perry McGilivray, Illinois A. C.; Norman Ross, Illinois A. C.; P. Kanaha, Honolulu, and Duke Kanamoku, Honolulu.

Besides the American four, the teams of Australia, Sweden, England and Italy qualified for the finals.

# PROTECTION OF FORESTS URGED

### Association President Would Spend One Million to Stop Fire Loss

NEW LONDON, N. H., (AP)—Expenditure of \$1,000,000 a year for the protection of American forests against the \$30,000,000 a year fire loss was advocated here today by Charles Leitch Park, president of the American Forestry association, in addressing a conference of foresters, timber land owners, paper, pulp, mill and lumbermen. He urged a \$2,000,000 a year appropriation for the government for the purpose of growing timber to replace "our rapidly disappearing supplies."

Mr. Park spoke before the meeting of the Society for the Protection of New Hampshire Forests.

"Our nature forests are not only being wiped out by destructive conflagrations as well as by numerous small fires but these fires also prevent the natural reforestation of hundreds of thousands of acres of cut over land," he said. "Our direct loss in timber by these fires is \$300,000,000 a year. Altogether there are 215,000,000 acres of state and privately owned forest land in the country of which the government should co-operate. At present half of this vast area is wholly unprotected and protection for the other half is entirely inadequate. Legislation authorizing the government to spend \$1,000,000 annually in co-operation with the states for fire protection, is immediately essential."

There should be immediate completion of the original program for the protection of waterheds of navigable streams by spending \$2,000,000 a year in acquiring 1,000,000 acres in New England, and 2,000,000 acres in the South-east, Appalachians and forest lands in the principal forest regions.

"Speaking for the American Forestry association I can say without reservation that the association is heartily in favor of the prompt enactment of legislation along these lines."

# AMERICAN LEGION POSTS IN INDIA AND BELGIUM FORMED

INDIANAPOLIS, Ind., (AP)—Announcement has been made at national headquarters of the American Legion here of the formation of new foreign posts of the organization in Japan and Belgium. There are now 13 posts of the legion outside of the United States.

# Today's Markets

New York Stock Market  
NEW YORK, (AP)—Stocks almost as a whole attained to new high levels today, but tighter money and profit taking offset many gains in the final dealings. Sales approximated 600,000 shares.

Oil shares, especially the Mexican group, were the only laggards in the general advance of prices at the opening of today's stock market. Yesterday's late rally made further substantial headway, the shorts again being driven to cover, particularly in rails, steels and equipments. Preliminary quotations for foreign exchange made no material response to the more favorable character of advices from abroad.

"Oil loans arose above 7 per cent in the last hour and this unexpected development together with the Bethlehem Motors receivership provoked selling of motors and their specialties, as well as oils and steels. The closing was heavy."

Liberty Bonds  
NEW YORK, (AP)—Liberty bonds closed: 1 1/2's \$80.39; first 4's \$84.63; second 4's \$84.39; first 4 1/2's \$84.93; second 4 1/2's \$84.52; third 4 1/2's \$87.88; fourth 4 1/2's \$84.94; Victory 3 3/4's \$95.52; Victory 4 3/4's \$95.52.

Grain and Provisions  
CHICAGO, (AP)—Further export business in wheat yesterday was reflected

in the future markets today by spot, deferred buying, there also being a considerable amount of exchanging of futures with cash houses. Initial quotations showed a net gain of 1-2 to 1 1/4 over yesterday's finish, with December \$2.33 1-2 to 2 3/4 and March \$2.32.

Following the announcement of the federal reserve bank report which said crops generally speaking promise well with indications for a better crop than a year ago, in all except wheat, caused the market to become unsettled, the December closing higher with March lower. The finish showed a range of 1-2 to 1 1/4 over yesterday's finish, with December \$2.33 1-2 to 2 3/4 and March \$2.30 1-2.

Corn started steady to firm but buying of the September delivery by houses that were active on that side early caused a quiet upturn. The deferred deliveries readily advanced with September and there was a moderate commission house demand. The upturn however, was not held as the trade was small. Opening prices were unchanged to 1-4 higher, with September \$1.45 1-2 to 1.46 and December \$1.20 3-4 to 1.20 7-8.

The federal reserve bank statement was construed bullish for corn. The September delivery lightened up and averaged higher affecting the deferred deliveries to some extent. However, just before the close a reaction took hold and the market closed at the lower level. Opening prices were unchanged to 1-4 to 1-2 under yesterday's finish with September \$1.44 1-4 and December \$1.19 3-8 to \$1.19 1-2.

Oats followed corn but showed a firmer undertone, first quotations being 1-4 to 3-8 higher with September 67 3-8 to 67 1-2 and December 67 1-4 to 67 1-2.

Provisions were weak with the decline in legs, first figures ranging from unchanged to 5c lower.

Cash Quotations  
CHICAGO, (AP)—Wheat No. 2 red \$2.55 to 2.56; No. 2 hard \$2.53 to 2.54 1-2.  
Corn No. 2 mixed \$1.63 to 1.65; No. 2 yellow \$1.58.  
Oats No. 2 white 70 3-4 to 71 3-4; No. white 68 1-2 to 70 1-2.  
Rye No. 2 \$2.20 1-2 to 2.03.  
Barley \$1.12 to 1.15.  
Timothy seed \$6.50 to 7.50.

COX'S CAMPAIGN OF RANTING

As the candidate of a party which eight years of atrociously bad management of public affairs have placed hopefully on the defensive, Governor Cox apparently thinks his only chance is in working himself up into a state of anger and launching furious broadsides of ferocious words at what he pretends to believe the wickedness of the Republican party.

The Republican plan to make a separate peace in certain contingencies he calls "shocking perfidy" and "a dishonorable suggestion," just like Prof. Pilson, from whom we believe he has in fact borrowed the phrase. But if peace can be made in no other way, what is there perfidious about making it separately? Suppose France, England and Italy were not to agree to our reservations (and, by the way, even Mr. Cox is talking reservations now). Then a separate peace would be a plain necessity. Cox doesn't accept the Wilson proposal, wouldn't it? Surely Governor Pilson that if we don't make peace in precisely the way Mr. Wilson prescribed, we shall have to stay at war forever, does he?

Be careful, governor. Of course you have a hard job. It is no picnic to try to persuade the American people to suffer four years more of the sort of thing they have been inflicted with since 1912. But anyhow, moderate yourself. You are overdoing the part. The smooth artful pose of the Pharisee suits Wilsonism better than the role you are now playing of Bombastes Furioso. The first can deceive at least the greenhorns, but even the small boys in peanut heaven are ready to hoot and cast the decadent vegetable at the aquatic rater.

THE MORTGAGE

Writers of the old-time melodramas and of the cheap novel that preceded it made much capital of the mortgage. In their hands the claim against the old homestead or the newly-built cottage of the poor but virtuous young hero became a weapon as deadly as the modern high explosive bomb. According to their way of presenting the matter, the man who put a mortgage on his land or house placed himself at the mercy of some miserly old Slylock who henceforth devoted himself to plotting the ruin of the mortgagee in order that he might possess himself of the property in question.

The crux of many a ten-cent matinee hinged upon the appearance of this old skinflint who disposes of the unfortunate widow or the struggling young hero on the day the mortgage fell due, with no funds in bank with which to meet it. And doubtless 'n' lot of that sort of thing actually was practiced in real life in the early days of the republic.

But not so now. Today the mortgage is a recognized business instrument of vital importance in 75 per cent of all real estate transactions. It is not a sign of poverty, but of thrift, and nobody forecloses a mortgage except when driven to it by dire extremity.

And so the ancient horror of the mortgage that might spell ruin has been dissipated by the understanding that the mortgage has become a means of property holding and ownership that without it would be impossible.

THE BOLSEHEVIT DEFEAT

The counter-drive of the Poles against the Russian Bolshhevik, who were almost upon Warsaw, only to be thrown back and started on a long retreat, revivifies strong hopes that the Russo-Polish struggle may be settled without involving other nations in the fighting. With such a come-back by the Poles the Russians, who by this time must be pretty tired of fighting and in no condition for a big campaign, will

scarcely attempt to dictate terms in the haughty mood they showed a short time ago. In the last few days it has looked more as if the Poles might do the dictating. Such terrorism as that of the Bolshheviks is bound to blow up sooner or later. It is to be kept in mind that it got its terrorist reputation exclusively from attacks upon defenseless civilians at home; from assaults upon those it should have protected. When opposed by an army it could make no headway except when it had overwhelming numbers. Calling a Russian a Bolshhevik has not changed him into an invincible fighter. He can endure only so much hunger and fatigue, and then he is bound to be about as ready for peace as others. At any rate, it looks vastly better now for terms that will afford a reasonable basis for peace discussion.

ORDINANCE NO. 20

An Ordinance establishing Local Improvement District No. 3 in the Village of Kimberly, Twin Falls County, State of Idaho, for the purpose of grading, paving, curbing and surface draining certain streets and parts of streets within the Village of Kimberly, Twin Falls County, State of Idaho, and for the purpose of making said improvements; providing for the payment of the expense thereof by special assessments to be levied against the abutting lots and other real property in accordance with the benefits derived, and defining the duties and powers of the street committee in connection therewith, and ordering the village clerk of said village to publish this ordinance forthwith in the official paper of said village.

Be it ordained by the chairman and the board of trustees of the village of Kimberly, Twin Falls County, State of Idaho, as follows:

Section 1. That there be, and hereby is, established within the Village of Kimberly, County of Twin Falls, State of Idaho, Local Improvement District No. 3 consisting of the streets and parts of streets in said village as follows: Main Street from the North Village limits to the line of the original townsite of Kimberly as shown by the recorded plat thereof of record in the office of the county recorder of Twin Falls County, Idaho, thirteen hundred and twenty (1200) feet in length, eighteen (18) feet in width, with two (2) foot rock shoulders on each side. No curb.

Main Street from the North marginal line of Center Street, thirteen hundred and sixty (1360) feet, more or less, in length, sixty (60) feet in width, with curb.

Main Street from the South marginal line of Center Street, South a distance of six hundred ten (610) feet, eighteen (18) feet in width, with two (2) foot rock shoulders on each side. No curb.

Center Street from the East marginal line of Oak Street to West marginal line of Main Street, six hundred ten (610) feet in length, forty (40) feet in width, with curb.

Center Street, from the East marginal line of Main Street to the East marginal line of Chestnut Street, three hundred and fifty-five (355) feet in length, forty (40) feet in width, with curb.

Center Street from the East marginal line of Chestnut Street to the East Village limits, nine hundred forty-five (945) feet in length, eighteen (18) feet in width, with two (2) foot rock shoulders on each side. No curb.

Section 2. That said streets and parts of streets in said Local Improvement District No. 3 be graded, paved, curbed and surface drained between the points hereinafter specified, the said paving to be done with some suitable pavement according to the general plans on file in the office of the clerk of the said village, and the curbing to be done by the construction of a concrete curb along the side of said portion of said streets as hereinafter specified, except across roadways and intersecting streets. All such improvements to be made under the supervision of an engineer employed by the said Village of Kimberly and the Board of Trustees of said Village of Kimberly, and in accordance with the provisions of Ordinance No. 19 passed by the Board of Trustees of said Village on the 10th day of August, 1920, approved by the Chairman of the Village of Kimberly, and in accordance with the provisions of Ordinance No. 19, providing for the establishment of Local Improvement District No. 3, and according to the plans and specifications, for said improvement on file in

The office of the Village Clerk of the said Village and in the said Village.

Section 3. That the said improvements be made and the expense thereof be assessed upon and against the lands and lots within said improvement district in accordance with the benefits derived.

That upon the passage of this ordinance the Committee on Streets of the Village, together with the engineer employed by the said Village to superintend and supervise the said improvement, shall make out an assessment roll in accordance with the provisions of said ordinance and in accordance with the provisions of Title 35 of the Idaho Compiled Statutes, 1919, and shall certify the same to the Board of Trustees of said Village of Kimberly.

The said Street Committee shall organize by the selection of a chairman and their deliberations shall be governed by the rules governing the Board of Trustees.

The meetings shall be called by the Chairman and the Village Clerk shall act as Clerk of the Committee and shall keep a record of the proceedings.

Section 4. Said Street Committee shall ascertain the total cost of making said proposed improvements and shall make an examination of all the property within said district as aforesaid and the said assessment shall be made in accordance with and in proportion to the front footage abutting, contiguous or tributary to the streets or parts of streets to be improved and included in said improvement district for said grading, paving, curbing and surface draining in proportion to the number of feet fronting thereon, and in proportion to the benefits that will accrue to the said property by reason of the said proposed grading, paving, curbing and surface draining thereof.

All the property within Local Improvement District No. 3 shall be assessed as assessed against the same. The expense of the improvement in the spaces formed by the junction of two or more streets, or where one main street terminates at or crosses another main street, and also necessary street crossings or crosswalks at corners and intersections of streets, and the expense of making and repairing sewers shall not be included in said assessment but shall be paid by the Village of Kimberly.

Where any work or improvement is done by virtue of this ordinance on one side of the center line of any street, the property on that side only shall be assessed.

Section 5. The said assessment roll prepared by said Street Committee shall contain, among other things, the names of the property owners affected by the proposed improvement, the description of each piece, lot or parcel of land, and the amount assessed against the same. On receiving the assessment roll, the Village Clerk shall give notice by three (3) successive publications in the official newspaper of said Village of Kimberly that said assessment roll is on file in his office, the date of filing the same, and said notice shall state the time at which the Board of Trustees will hear and consider objections to said assessment roll by parties aggrieved by such assessment.

The owner or owners of any property which is assessed in such assessment roll, whether named or not in such roll, may, within ten (10) days from the last publication provided herein, file

with the Clerk his objections in writing in the same manner as provided in Section 6. That all assessments hereinafter specified shall be known as special assessments for improvements and shall be levied and collected as separate taxes in addition to the taxes for general revenue purposes, to be placed on the tax roll for collection subject to the same penalties and collected in the same manner as other taxes.

Section 7. That the Chairman and Board of Trustees of the Village of Kimberly may, in their discretion, provide for the payment of the expense of making the improvements herein ordered in installments by the issuance of improvement bonds of said district, said installments being in equal annual payments at not to exceed seven (7) per cent per annum interest and to be payable on or before ten (10) years.

Such bonds shall not be issued in excess of the contract price of the proposed improvements except that the installment coupons shall include interest on such installments to maturity thereof. Such bonds may, at the discretion of the Chairman and Board of Trustees of the Village of Kimberly, be issued to the contractor who shall construct the proposed improvement, or sold at not less than their par value net of the proceeds thereof be paid to the contractor.

The bonds shall be in such denominations as the Chairman and Board of Trustees shall deem proper. For the payment of installments on such bonds the Chairman and Board of Trustees of the Village of Kimberly are hereby empowered and they shall levy

annually special assessments against the specific property abutting, contiguous and tributary to the proposed improvements as hereinbefore provided, sufficient to redeem the installments and shall be levied and collected as separate taxes in addition to the taxes for general revenue purposes, to be placed on the tax roll for collection subject to the same penalties and collected in the same manner as other taxes.

Section 9. The owner of any piece of property liable for any special assessment chargeable against his property may redeem his property from such liability by paying the entire assessment chargeable against his property upon the Village Clerk mailing him written or printed notice thirty (30) days before the issuance of the bonds, or after the issuance of the bonds by paying all the installments of the assessment which have been levied, and also the amount of unlevied installments with the interest on the latter at the rate of seven (7) per cent per annum from the date of the issuance of the said bonds to the time of maturity of the last installment.

All such assessments shall be paid to the Village Treasurer. The funds arising from all assessments levied for the redemption of the bonds shall be applied solely towards the redemption of said bonds.

Section 9. The bonds herein provided for shall have printed thereon, among other things, substantially the following: "The holder of this bond shall have no claim against the Village of Kimberly, Twin Falls County, Idaho, in any event, except for the collection of the

special assessments made for the improvement for which the same was issued, but his remedy, in case of non-payment, shall be confined to the enforcement of such assessment."

Section 11. The procedure for carrying out the provisions of this ordinance shall be governed by the provisions of Title 35 of the Idaho Compiled Statutes, 1919, and the laws amendatory thereof and supplementary thereto.

Section 12. The Village Clerk of the Village of Kimberly, is hereby directed and ordered to forthwith cause this ordinance to be published as required by law in the official newspaper of the Village of Kimberly.

Passed by the Board of Trustees of the Village of Kimberly, Idaho, this 24th day of August, 1920.

Goodyear Mileage - and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

ORDINANCE NO. 21

An Ordinance providing for the holding of a special election in the Village of Kimberly, Twin Falls County, Idaho, for the purpose of electing or taxpayers thereof the question of the issuance of Municipal Coupon Bonds of said village for the following amount, \$14,767.18, for the following purposes, to-wit:

To provide for the curbing and paving of public streets at cross-intersections in Local Improvement District No. 3;
And to provide for the collection of an annual tax upon all the taxable property in the said Village of Kimberly sufficient to pay the interest on said bonds as it falls due, and to create a sinking fund for the payment of the principal thereof within twenty (20) years after the date of issuance of the same as they become due.

Be It Ordained by the Chairman and Board of Trustees of the Village of Kimberly, Twin Falls County, Idaho, as follows:
Section 1. A special election of the qualified electors who are taxpayers thereof in the Village of Kimberly, Twin Falls County, Idaho, shall be held on the 27th day of September, 1920, for the purpose of submitting to said electors the question of the issuance by said Village of Kimberly of municipal coupon bonds in the denomination of \$1000.00 as near as practicable, payable within twenty (20) years from the date of its issuance, redeemable at the pleasure of said village at any time after the expiration of ten (10) years, bearing interest at the rate of not to exceed six (6) per cent per annum, interest payable semi-annually, the aggregate not to exceed the sum of Fourteen Thousand Seven Hundred Sixty-seven and Eighteen One-hundredths (\$14,767.18) dollars, hereinafter stated, and, so far as any bonds may be authorized, to provide for the levying and collecting of an annual tax upon all the taxable property in the said Village of Kimberly sufficient to pay the interest on said bonds as it falls due and to create and constitute a sinking fund for the payment at any time after ten (10) years from the date thereof of the principal of said bonds as they respectively become due, for the following purposes, to-wit:
Municipal coupon bonds to the amount of \$14,767.18 to be designated "Municipal Coupon Paving Bonds of the Village of Kimberly," to provide for the building and constructing of drains, gutters, paving, curbing, crossings and crosswalks, and the intersections of streets in said village, embraced within Local Improvement District No. 3 of said village.

expiration of ten (10) years from the date of said issuance, and each bond shall be redeemed in the order of its number.
Said bonds shall bear interest not to exceed six (6) per cent per annum, said interest to be payable semi-annually, and shall in all respects comply in form and substance with the provisions of Chapter 170 of Title 32, entitled "Municipal Bonds," of Idaho Compiled Statutes, 1918, and acts amendatory thereof and supplementary thereto.

Section 2. In order to provide for the payment of interest on such bonds as are authorized to be issued at the election hereby provided for, and to constitute a sinking fund for the payment of the principal thereof at maturity, a direct tax in addition to all other taxes shall be annually levied and collected on all taxable property in the said Village of Kimberly sufficient to meet the interest on such bonds as shall be issued and outstanding from time to time, and to provide for the maintenance of a sinking fund which shall be sufficient to pay all bonds called at any time, and to promptly meet the payment of all bonds outstanding at their maturity.

The Village Clerk is hereby directed and authorized to give at least thirty (30) days notice of the time of said special election by publication in the Twin Falls Daily News, a daily newspaper published in the City of Twin Falls, Twin Falls County, Idaho, and having a general circulation in the Village of Kimberly, and said election shall be conducted in accordance with the ordinances of said village and the laws of the State of Idaho, in such case made and provided.

The voting at said election shall be by ballot and the ballots shall be prepared so as to permit the electors to express their desire on the issuing of said bonds. Such form of ballot shall be substantially as follows:
PROPOSITION
\$14,767.18, Municipal Coupon Paving Bonds of the Village of Kimberly.

In favor of issuing bonds to the amount of \$14,767.18 for the purpose stated in Ordinance No. 21...
Against issuing bonds to the amount of \$14,767.18 for the purpose stated in Ordinance No. 21...
Each qualified elector voting at said election shall indicate his choice by placing a cross in opposite circle in said ballot (X).

Section 3. This ordinance shall be in force and effect from and after its passage, approval and publication, and the Clerk of said village is hereby ordered to forthwith cause this ordinance to be published in the official newspaper of the village.

TO INVESTIGATE RAILROAD NEED

Nevada and Idaho Commissions Call Meetings to Hear about the South Line

That early action is to be taken by the interested commissions of the two states, Idaho and Nevada, on the application of directors of the Idaho Central Railroad company for certain authority to proceed with line construction, is indicated in a general letter received in Twin Falls today by the municipal department and the secretary of the Twin Falls Chamber of Commerce.

E. Erb, member of the public utilities commission of Idaho, and explains that arrangements and dates have been made for the holding of joint conferences on the application of the company for certificate of convenience and necessity. Three of these meetings will be conducted with the Nevada Public Service Commission and the Idaho Public Utilities Commission with individual and community representatives present. The first of the meetings will be held in Wells, Nevada, on the morning of September 28; the second in Coalinga, Nevada, on the morning of September 19, and the third in Twin Falls on September 29. The letter reads:

"Action on the request of the Interstate Commerce Commission joint hearings will be held by the Nevada Public Service Commission and the Idaho Public Utilities Commission at Wells, Nevada, during the forenoon of September 18; at Coalinga, Nevada, during the forenoon of September 19, and at Twin Falls, Idaho, at 10 o'clock a. m. September 29 for the purpose of preparing record and making recommendations to the Interstate Commerce Commission in the matter of the application of the Idaho Central Railroad company for a certificate of convenience and necessity for the construction of a line of railroad from Bogerson, Idaho, to Wells, Nevada.

"You are advised that at this joint hearing the commissions would be pleased to have the commissions interested furnish such evidence as they desire for or against the issuing of a certificate of convenience and necessity for the construction of said line of railroad."

DIRTY MILK IS BEING SUPPLIED

Inspector M. B. Hoag Tells of Fight Waged for Purer Dairy Products

Considerable dirty milk is reaching Twin Falls consumers, according to an announcement made by M. B. Hoag, milk and dairy inspector. Samples of dirt contaminated lactated fluid in considerable number are being gathered by the inspector each week to be used as evidence against careless dairymen. Warnings are being sent those on the first offense found. If there is a repetition, drastic action is threatened.

"I am finding impure milk everywhere on my inspections, and am adopting every possible means to warn offenders that their product must be clean," said Inspector Hoag today. The officer declared he expected to give every dairymen a fair chance to comply with the city's sanitation regulations. These apply to milk and other dairy products, but says some of the producers are "riding to a fall."

Inspector Hoag this morning displayed a part of a bottle of milk taken from a stock delivered yesterday to a local cafe. In the bottom of the bottle a thick settling of yellowish sediment showed up, the result, he says, he believes, of improper handling either during the milking process or from unclean bottles.

The situation is considerably improved both as to condition and purity of milk delivered in Twin Falls, but there is still ample need for further improvement. The inspection department will bend every effort toward supplying absolutely clean, pure and standard milk to consumers in this city," Inspector Hoag avers.

The official urges all persons who have any complaint whatsoever concerning the condition of milk delivered there to lodge such complaint with him for official action. Only through co-operation of this order can the best results be obtained in the fight for clean and wholesome milk succeed, Inspector Hoag declares.

HARVEST FESTIVAL DATE IS FIXED BY LEGION COMMITTEE

Benefit for Soldiers' Memorial Hall will be Conducted October 7 and is Expected to Have the Support of Everybody in Twin Falls — Feature of Military Life will be Depicted in Camp

Thursday, October 7, in Twin Falls will be given over to the American Legion Home festival. This date was set and plans for the festival were discussed at length at a meeting last night of members of the legion's executive committee in charge of the event.

Tentative plans contemplate one of the most elaborate and unique occasions of the kind in the history of Twin Falls. Members of the committee noted that it will be comparable in many respects to the Fourth of July celebration held here three years ago for the benefit of the Red Cross. On this occasion, however, funds derived from the festival will be turned over to the legion's building committee to augment a fund being collected by the legion for erection here of a home not only for legion members but for every former service man or woman in this community.

Harvest Observance. The festival is to combine the features of a harvest home observance with Twin Falls' Fourth of July celebration which was this year postponed because of disordered condition of city streets during prosecution of the paving program. Members of the legion noted that it will be comparable in many respects to the Fourth of July celebration held here three years ago for the benefit of the Red Cross. On this occasion, however, funds derived from the festival will be turned over to the legion's building committee to augment a fund being collected by the legion for erection here of a home not only for legion members but for every former service man or woman in this community.

Legion's Traditions. Plans are being made with a view to imparting to the event an atmosphere distinctive of the legion and its traditions. Products and merchandise offered for sale are to be displayed in army tents, if they are available, or in buildings built to resemble army barracks.

Other interesting features planned in exhibition of military life include construction of trenches and dugouts, display of war trophies and presentation of military ceremonies such as "retreat." Members of the legion assisting in the festival are expected to appear in the uniforms they wore in the service.

Distinctive Features. Plans for electrical illumination and displays are particularly elaborate. Kyle Waite has been named chairman of the committee in charge of electrical arrangements. The city park is to be the center of the day's activities and attractions are to be grouped about this center as completely as possible.

Members of the legion's executive committee are Herbert G. Lauterbach, Jack Thorpe, Ralph Pink, E. H. Hale, A. Wilton Peck. Thorpe and Pink have been appointed to take charge of entertainment arrangements while Waite and Peck are in charge of concessions. The committee is to be extended and plans are developed to include various sub-committees.

Members of the executive committee will meet this evening in the chamber of commerce rooms with members of committees named to co-operate with them by the chamber of commerce and other organizations.

He who Laughs Last Ofttimes Laughs Loudest

A HANDSOME span of mules was being driven along Shoshone street yesterday when a wag on the sidewalk attempted to kid the driver over their long ears keeping time with their feet. "Come on," rejoined the driver, "and get alongside; I can drive three as well as two."

Except in bakeries and delousing plants they do not have it as hot as it was in Twin Falls last night. Sixty-three degrees of temperature is all for low during the period when the burglar plies his nefarious little plan. Ninety-four was high yesterday, which wasn't so bad considering that it might have been a lot worse.

A trace of rain is reported during the past 24 hours, but there was ample opportunity overcast for a deluge. It will be more or less unsettled tomorrow with probable showers, according to the prognosticator, who also threatens cooler for tonight and Thursday.

FILER IS VISITED BY NIGHT ROBBERS

Farmer Loses Valuable Horses and Calf is Looted of Stocks and Cash

Two robberies were committed in Filer and district last night, according to meager reports received at the office of the county sheriff this morning. Robert F. Redmon, deputy, has been dispatched to Filer to conduct an investigation.

The first robbery was reported from the E. B. Polson ranch, two miles north of Filer, where two sets of harness are said to have been stolen. The other robbery was at the City Cafe, the place having been burglariously entered after closing hours. A quantity of stock and some money was taken.

SETTLES CHECK ACCOUNT James S. McBride appeared in the probate court yesterday afternoon to answer a complaint filed at the instance of the Twin Falls Meat company, charging issuance of a bad check. The check was drawn on the Idaho State bank some time ago in payment for a bill of goods. The draft was returned marked "no funds." McBride paid the face of the check and the costs of the action in court, and the case was released.

BOYS ARRE ACCUSED Complaints have been filed in the police court against William Sanger, Jr., and Edwin O. Walters Jr. charging violation of the traffic ordinance. Both defendants are minors and are accused of an infraction of that section of the city traffic ordinance prohibiting any person under 16 years of age operating an automobile or motor vehicle on the streets of Twin Falls.

Colonel Jacob Ruppert of the Yankees, who attended a special meeting of the American League in Philadelphia yesterday, where the proposal was given official sanction said tentative plans call for grandstands and bleachers seating from 50,000 to 60,000 persons, to be completed for next season.

Brief Bits of Sport

A Salt Lake sports writer asks: "Will the guilty escape?" It's a cinch the Dees' own Bill Rumber didn't. But the Utah scribe wasn't minding about Bill; he was worrying over the Vernon players who are alleged to be equally culpable with Rumber, and against whom no action has been by the league head who canned Rumber and Maggett, two of Salt Lake's outfielding stars.

Headline—London has few houses for rent. Twin Falls can go London several better than that; it absolutely ain't got none for rent.

Let's shed a salt tear for the poor old Cleveland Indians. A circus wrestler was in Macauley's Monday morning. He wanted to know if there was a wrestler hereabouts who would go against him in an exhibition. Cliff Lewis was mentioned and after a little cursory further talk the grappler left the place.

Then the scheme was exploded. Another chap who had been listening in suggested that a match could be made to give the local man some prestige. "Just a little frame-up to put Lewis' his feet again, so he can get a few matches here," the tout suggested.

Oh, you rascallar! Annot the circus—Tis said there was a lot of gambling. But hark, so gambling is any game of chance. So gambling is any game of chance. So gambling is any game of chance.

There was no chance for the guy who played it. Joe Buller Bush is probably the most notable of all in and out twirlers this season. First the former Missoulan twirls an almost perfect game then he pitches an almost 1000 per cent wrong one.

Ever since the Cleveland club started offering seats for sale for the world's series the club has slumped. Which should teach 'em better. George Nelson, who recently pitched the Durham, E. C., club to 10 wins in a row, will wear the uniform of the St. Louis Cardinals next season.

Ted Lester (pronounced Lester) is a Scotch boxer who recently won the championship of the land of the leather-r-r-r, and he has decided to come over here to find out just how good, or how bad he really is.

Wilbert Robinson, fat manager of the Brooklyn Robins, says there are many reasons why his team will win the National league flag. All right, pudgy; tell us just one.
