CASE OF MANNIX BRINGS ON DOCK WORKERS STRIKE

Longshoremen Stop Work on Four Big White Star Liners in New York in Protest of Baltic Crew Action

NEW YORK, (AP)—Longshoremen stopped work on four big White Star liners here today in protest against the action of the Baltic crew in allowing British authorities to take the ship Mannix, pro-Irish protest from the ship on her last trip to England. This report was telephoned to police headquarters by officials of the line who asked that reserves be rushed to the pier.

Full Out Other Workers

From the White Star line Irish sympathizers marched to the Custom House pier where they claimed they had pulled out other longshoremen. Then they started for the piers of the Anchor line. When the Baltic docked here today on her arrival from England, the crowd found women at the piers carrying banners denouncing England's attitude toward Ireland and taunting the British sailors for allowing a passenger to be taken from their deck.

Hundreds Stage Demonstration

A demonstration was staged by longshoremen, whose number was estimated at several hundred, when they stopped the work of loading and unloading the White Star liners, which included the Baltic, Celtic, Olympic and Canopic.

Wild Scene of Confusion

It was a scene of wild confusion along the water front. Hundreds of excited men and women ran along West street gathering recruits as they dashed from pier to pier. Entering each pier and awaring up the gangways of the ships the throng cried: "All off," "The ship has left New York."

COX CHARGES "PHONY" REPUBLICAN NATIONAL TREASURER DECLARES

Democratic Presidential Nominee is Victim of Practical Joke, Suggests Fred W. Upham in Denial of Accuracy of Allegations Against Campaign Fund Collection; Hays Intimates Ohio Governor's Familiarity with Millions Productive of 'Dreams'

CHICAGO, (AP)—Governor James M. Cox's schedule of republican fund quotas in 51 principal cities in a "phony" list which is never heard of before, Fred W. Upham, republican national treasurer, declared today on his return from New York.

"Somebody must have played a joke on the governor," Mr. Upham declared. "No quotas to cities."

The republican national committee has never appointed any quotas to cities, Mr. Upham said. The only quotas assigned, he added, were given to the states, the money to be used for both state and national campaign purposes.

Denying charges that vast amounts had been collected or were being collected, the secretary of the national committee issued a statement showing collections up to this morning total \$1,017,255.32, of which New York state, including the city of New York, gave \$225,292, he said.

Goal Set at \$3,000,000

He reiterated the statement of Chairman Will Hays that the budget planned for the national campaign totaled slightly in excess of \$3,000,000, and denied Governor Cox's charge that he was planning to raise in excess of \$15,000,000.

Governor Cox's statement of alleged quotas in some cases assigned the entire quota for state and national purposes to a single city, and other cases the amount credited to one city exceeded the entire state quota, the treasurer said. He cited the governor's figures for New York City, \$3,000,000, and said this was the quota for the entire state of New York for both state and national campaign purposes.

Quota and Budget Different

"Governor Cox does not appreciate the difference between a quota and a budget," said Mr. Upham. The quota is assessed on the basis of what we estimate would be a fair share for each state, and is placed high enough to allow for a large shrinkage in the amount actually obtained.

"The plan of the financial campaign was laid on lines designed to get away from large collections from the principal centers of the country. In every previous campaign of both parties not less than 75 per cent of all funds raised came from New York."

"The plan this year also takes into consideration the fact that business

men dislike to be bothered by several solicitors. We combined the needs for both national and state campaigns and solicited the entire amount on one time."

Combines Two Funds

"In many states, New Mexico, Arizona, Tennessee, Kentucky and North Carolina, for example, the entire quota is to be spent for state purposes and nothing for the national campaign."

"After the nomination of our candidate the financial committee prepared a careful budget of expenditures for the national campaign. This budget, as already stated by Chairman Hays, amounts to a little more than \$3,000,000. There is no mystery about the operations of the financial department. On Monday in my testimony I shall submit to the senate committee the plan of campaign, the quota assessed each state, the amount collected from each state for both state and national purposes, and the full list of subscribers, which in no case will show subscriptions of more than \$1,000 by any individual."

HAYS SAYS FALSITY RESULTS IN FAILURE TO WREW ORANGE

NEW YORK, (AP)—Will H. Hays, chairman of the republican national committee, replying to the speech of Governor Cox in Pittsburgh last night, said that the democratic presidential nominee sought to prove that republicans are conspiring to buy the presidency, declared that Mr. Cox had such "intimate knowledge of the waning of millions in aircraft production in his state" during the war that he "dreamed in millions."

Of course, Candidate Cox fails to prove, as he has failed to prove and will fail to prove, his charges. This is simply because the charges are false.

"He says millions have been put into the republican national committee by sinister influences to corrupt the electorate. He first is reported to have said a hundred million. Then Secretary Roosevelt said thirty million. Then Candidate Cox said fifteen million, while new Candidate Cox says eight million."

Shows Flaw in Argument

"He attempts to prove this by quoting from the official bulletin of the ways and means committee of the republican national committee, a pamphlet published every few days, and sent broadcast over the country, to party members and to newspapers, all in still interest among the workers, and

HARDING GIVES FULL APPROVAL TO RAILROAD ACT

Tells Group of Railroad Employees Workers in Near Future Will Halt it as Great Forward Step in Legislation

GALION, O., (AP)—Unqualified approval of the Cummins-Railway reorganization act was voiced by Senator Harding today in a speech here to a group of railway employees.

"I am glad to see that the act is being met with approval by the workers," he said. "I am making no appeal in this campaign that I will not be willing to have tested by the standards that good competitive sport has set up in all ages and among all fair men. We have had too much encouragement from Washington given to the man who wanted to cut down here, or get something for nothing."

Endorses Physical Play

Speaking at a picnic and athletic tournament of employees of the Erie railway, the nominee began his speech by an apology to the benefits of physical play.

"I am glad to see that the act is being met with approval by the workers," he said. "I am making no appeal in this campaign that I will not be willing to have tested by the standards that good competitive sport has set up in all ages and among all fair men. We have had too much encouragement from Washington given to the man who wanted to cut down here, or get something for nothing."

Agreed About Aims

"Let me tell you the things which are in my heart about railway employment. No matter what any one tells you, no matter what your own erroneous impressions are, no thoughtful man in business or private life, no earnest man in public life without a deep concern for the good fortunes of every railway worker in the shop, in the yards or on the line, or on the capital trains—every man in the service. We may differ about the way to best conditions and the assurance of soul and contentment in your work, but we are agreed about the ends at which we seek."

Justice First Concern

"Your service is not that of workmen in a private and competitive enterprise. No matter what old abuses prevail, no matter how long they have existed, capital and its issues and compensations are under government control, rates of charges are also under government regulation, and I want continually to see a government guarantee assured because your government and the people's government makes your just treatment its first concern."

Poles Forge Ahead to Kobrin Region Approximately 28 Miles Northwest of Brest-Litovsk and Worst Bolsheviks in Surprise Attack

DEFENDERS OF LEMBERG BEAT OFF REPEATED ONSLAUGHTS OF SOVIET

WARSAW, (AP)—Russian soviet troops who took refuge in Prussia are fighting the Poles along the frontier. An official statement issued here before last midnight says that two soviet batteries hauled into Prussia by the retreating Russians fired upon the Poles and that the soviet forces are also using machine guns against the Poles on this sector. Polish troops who have reached the frontier have been cautioned by their commanders not to fire upon German territory.

While there has been a lull in the fighting on various sectors, the Poles advanced at several places Thursday and have reached the region of Kobrin, approximately 28 miles northwest of Brest-Litovsk, where the Poles in a surprise attack took 1100 prisoners, four guns and the entire staff of the fifty-seventh soviet division.

In continuation of the long drawn out campaign to capture Lemberg, the soviet forces have reached Zadorow, just east of Lemberg, where the Poles have repulsed repeated attacks.

SOVIET REPORTS FIBRE FIGHTING FOR BREST-LITOVSK

LONDON, (AP)—The Poles and Russians are fighting fiercely for the forts of Brest-Litovsk, the strongly fortified town on the northern Polish frontier. Warsaw, says the Russian soviet official statement of Thursday, received here by wireless today. In the Lemberg sector, violent fighting is continuing with fluctuating results. The statement adds:

"On the Crimean sector in the Kheron region, we have again driven back the enemy. In the Odrikov region exceeding fierce fighting is proceeding with considerable forces of enemy cavalry."

DELAY IS ANTICIPATED IN BOLSHIEVIK REACTION

PARIS, (AP)—Bolshevik reaction against Polish armies along the front east of Warsaw is not expected, at least for the present by General Weigand, who is credited with having directed the defense of the Polish capital and hurled the soviet armies back from that city, according to the Warsaw correspondent of the Petit Parisien. General Weigand is quoted as saying the Poles could not advance so far eastward but should entrench themselves along a line that can easily be held, so that they may be able to repulse any further advance of the Russian to bring overwhelming forces against them in future.

Reassured for Moment

"It is most difficult to be a prophet at this moment," the correspondent quotes the general as saying, "but we are confident of government and prepared for the Bolshevik undoubtedly will do everything available to take Warsaw."

FRANCE ADVISES POLAND TO TAKE STRATEGIC MOVE

Counsels Present Disregard for Ethnographical Frontier, Because Military Situation will Affect Peace Terms

PARIS, (AP)—The foreign ministry announced today that France had counseled Poland to attain the best strategic military position possible until peace is signed, regardless of her ethnographical frontier, because the military situation will influence the peace terms.

France has advised Poland, however, to withdraw her armies within the Polish frontier upon the signing of peace, the foreign office added.

Eighty thousand Russian soviet soldiers have been captured in Poland, 40,000 killed and 30,000 interned in 400 Prussia, according to the latest report received from the French mission in Poland.

WARSAW PRESS FIBERISTIC OVER PEACE NEGOTIATIONS

WARSAW, (AP)—The Warsaw press is becoming pessimistic regarding the peace negotiations. The newspapers, with few exceptions, still press the belief that the moment is propitious to "liquidate Bolshevism."

The political circles there are indications of an increasing feeling that the negotiations may come to nothing, although there have been official announcements to the contrary.

The military are advocating a continuance of the war, and the change in the Danzig situation has had a tendency to encourage the military element.

The national democrats are insisting on convocation of the diet and as a result the speaker of that body has called a meeting of the party leaders for the purpose of deciding the date for the assembly of the diet. The democrats take the stand that it is impossible to conclude peace without the authority of the diet.

SULTAN MUST TAKE FIELD TO PRESERVE HIS EMPIRE

Special Cabinet Meeting Decides Mohammed VI Must Lead Troops

CONSTANTINOPLE, (AP)—Sultan Mohammed VI must personally lead his troops against the Turkish nationalists in Anatolia to prevent dissolution of the empire, it has been decided at a special cabinet meeting. The sultan is expected to lead his army, but the allies apparently are willing to permit the organization of a Turkish force to co-operate with the Greeks in attacking Mustafa Kemal's armies in the east.

Mustafa Kemal, according to reports, has taken the supreme command of the national government from Ankara to Sivas, where preparations are being made to receive the government, should impending military movements threaten the former city.

WAR COSTS TEN EUROPEAN NATIONS POPULATION LOSSES OF 35,370,000

WASHINGTON, (AP)—Due to war influences, ten European nations engaged in the world war show a potential loss in population of 35,370,000, according to a report of the Statistical research conducted by the Society for Studying the Social Consequences of the War of Copenhagen made public today by the American Red Cross.

Causes of the abnormal falling off in population were attributed in the society's report as follows: Killed in war 8,919,000; deaths due to augmentation of mortality, economic blockades, war epidemics, 5,310,000; fall in birth rate due to mobilization of 56,000,000 men between 1914 and 1918; 2,500,000 years of age.

HAGEN BRIMS WITH CONFIDENCE HE CAN DEFEAT GORDON MCKAY IN COMING LABOR DAY BATTLE

Coast Middleweight Champion Has Won by Knockouts Four of His Last Five Bouts and Expects to Win Decisively over the Pocatello Scrapper—Plans Big Go Thanksgiving in Denver

To train for his 12-round bout with Gordon McKay on Labor day, Romeo Hagen, middleweight boxing champion of the Pacific coast, reached Twin Falls yesterday. He will establish training camp at the Lavering theater.

Hagen expects to start conditioning operations at 7 o'clock tonight with a regular program of exercising with apparatus and roughing with any men who care to engage in this business against him.

Honor Marks

The coast man, bearing the marks of many a stiff ring struggle, stepped off a branch train yesterday afternoon and expressed himself ready for the encounter with the man who recently defeated Mike O'Dowd. "I'll step into the ring against McKay in the best condition I have ever shown, and will weigh about 155 pounds," Hagen averred. He took the condition claimed for himself, and has issued a call for aspiring men of all degrees, weights and skill to work out with him. He wants men of his own weight to give him the "right" perspective," he says; men bigger to give him strength to ward off the rushing attack of the Pocatello man, and lighter men to supply him with speed of hand, eye and foot.

"I'll be there when the thing is over, and then I will be ready to take on either O'Dowd or Wilson at Denver on Thanksgiving day," Hagen says.

Was with A. E. F.

Hagen is a former service man. He spent a year in France with the A. E. F. He wears the chevrons of a first sergeant and is particularly proud of his army service.

The coast battler is a rugged appearance. He claims no particular distinction as a boxer, but says he bows to no man when it comes to real fighting. His face bears out this statement, too, for that scrapper has broken more than once, and boxing Nelson's famed cauliflower ear has nothing in distortion on that left leg of Hagen's.

Hagen is 28 years of age and has been fighting nine years. He has won by knockouts four of his last fights, losing a decision by a hairline in the fifth combat.

He's a Fighter.

He is a willing worker and has never stepped away from a match yet. In the past few weeks he has engaged in five battles in this and other cities. At Spokane he knocked out Joe Swain in two rounds, following up this feat by putting out Big Jack White at Idaho Falls in the seventh round. At St. Louis, Idaho, he sent Jimmy Kelly down for the count in three rounds and put old Mitchell of California out in two sessions at Wallace. To "Army" Welsh he lost a referee's decision in six rounds at Sandpoint.

Of the latter battle Hagen has little to say except he was outweighed and is asking for another battle with the former army middleweight. At Salt Lake Hagen made Sheppard former champion of Utah, look like a seventh year, beating the Utahian all over the ring for a clean win.

Hagen will work out every night but Sunday from 7 to 8 o'clock at the theater.

Gordon McKay, it is announced, is conditioning at Pocatello for the hour, and will arrive in Twin Falls the latter part of the coming week to taper off the conditioning.

PLOT TO MURDER COMISKEY TOLD BY KID BANDITS

Chicago Lads, Caught in Attempt to Steal Pay Roll, Confess Planned Crime

CHICAGO, (AP)—Confession of a plot to kill Charles A. Comiskey, baseball magnate, and the office force and police guard at the White Sox baseball park box office September 16, was made by the three boy bandits who were arrested yesterday in an attempt to rob of a \$40,000 payroll of Wilson and Company, stockyards packers, the police announced today.

According to the police, the three said that they intended to steal the gate receipts of the White Sox-Yankee game September 16 when they figured "Pete" Ruth would draw a record-breaking attendance.

UPHAM CALLS COX'S CHARGE BASIS 'PHONY'

(Continued from Page One)

from an alleged quota sheet which he claims indicates the amounts to be raised in certain cities, which he does not even charge was adopted or any operation had thereunder.

Cox Millenare Himself
"Candidate Cox himself a millionaire, had such intimate knowledge of the warring of millions in aircraft production in his state and Secretary Roosevelt has had such an intimate knowledge of the burning of billions by the administration of which he has been an important part that these men dream in millions."

Clear Opportunity in Chicago
"They will have an opportunity in Chicago to prove this insult to the thousands of good citizens all over the country which are counted in the republican party."

"They will have an opportunity in Chicago to prove this insult to the thousands of good citizens all over the country which are counted in the republican party."

COX INDICATES FURTHER EXPOSURES OF G. O. P. FINANCE
NEW YORK, (AP)—Governor Cox, democratic presidential nominee, indicated here today that he would make further "exposures" of republican campaign funds within a week.

"I have here in my pocket more than an hour's worth of material from Pittsburgh to New Haven, Conn., (Governor Cox conferred with party leaders on the effects of his speech at Pittsburgh last night, at which he presented information bearing on his charge that republicans were raising a \$12,000,000 fund to "buy" the presidency.)

"The leading democratic leaders at the station to greet Mr. Cox, who did not leave his car, were Homer S. Cummings, former chairman of the democratic national committee and Oswald W. Turner, governor of Oregon. James M. Cox, Jr., now a student in a military academy, was here to greet his father."

Charges Hays with Falsifying
Referring to an announcement from Will H. Hays, chairman of the republican national committee, which indicated here today that he would make further "exposures" of republican campaign funds within a week.

"Mr. Hays knows that such a statement in the hands of the press would be followed by the republicans are to get some big follow to give \$20,000 or \$25,000 after which 19 or 24 dummy names are written down as contributors on the party."

"The senate committee has the necessary leads. If it wishes to investigate, it will call in republican state leaders and learn from them who the county and city leaders are and then get all the details. I have every confidence that the senate committee will go to the bottom of my charges."

"A year ago I said that the republicans were going to get the nomination of Mark Hanna and that they would be defeated with their own money. This is still my belief."

Demagogue Without Money
When Governor Cox was asked about rumors of receiving democratic national financial aid, he said:

"I know nothing of the matter. The only thing I can tell you, though, is that I found a deficit but no money."

COX AND HIS ADVISORS SATISFIED WITH SHOWING ON BOARD COX SPECIAL TRAIN
(AP)—Governor Cox today carried the democratic offensive centered for the present on republican finances, into the train.

Repetition, in part, of the evidence he presented, last night at Pittsburgh to substantiate his charges of a \$12,000,000 republican "exposure" fund, was planned today by the democratic presidential candidate at New Haven, Conn., and also tomorrow at New York.

Satisfaction with information given to back up his declarations of a conspiracy to buy the presidency, aided by funds from big business interests, was expressed by Governor Cox and his advisers today, as he made his way for the time being on the evidence and subsequent developments in the senate committee's investigation was indicated by the governor. He said he did not expect to present further evidence in New Haven today, but persons close to his councils declared that he had sufficient additional matter for a score of speeches including one on the subject of individual republican subscriptions. When this is to be forthcoming was not indicated, but was expected soon.

RETREATING BEGS FIRE
(Continued from Page One)

These resources were mediocre, especially in artillery, a large part of which has been captured by the Poles. At the beginning of their offensive, however, they had everything in their favor and were better equipped.

Hard Work is Needed
"General Wrangel seems strong and well equipped, and in his south Russian progress, which is not without, but systematic, one gets the impression that he is administering skillfully in occupied territories so that he will not, like General Denikin, leave revolt behind him. We are, then, he is optimistic, and I leave Wrangel with an excellent impression of the situation and full hope, but I am convinced that hard work is needed to make the Polish army worthy of its task."

CHILEAN TROOPS MUTINY RESULTS IN CASUALTIES

Forces Concentrated in Taena and Arica Reported Clamoring to Go Home

LIMA, Peru, (AP)—Reports received through official channels from the Peruvian frontier state that serious mutinies, resulting in the killing of a number of soldiers, have occurred within the last few days among 15,000 Chilean troops reported to be concentrated in Taena and Arica.

The mobilization reported is alleged to be for the purpose of removing from Santiago and Valparaiso troops which were favorable to the presidential candidacy of Arturo Alessandri, nominee of the liberal alliance.

The report states that the troops are clamoring to return to their homes. Machine guns were used during the disturbances and many were killed and wounded, the advices state.

REPORTS CALL FOR LEGAL AID DEPARTMENTS

Director of Public Works in Philadelphia Tells Bar Association of New Demand Made Upon Municipalities

ST. LOUIS, (AP)—There is a demand in all the great cities of the United States for the establishment of municipal legal aid departments. L. Tustin of Philadelphia, told the American Bar association at its annual convention here today. Mr. Tustin is director of public works in Philadelphia. He said the purpose of such a bureau or department would be to enable the poor to obtain justice and the foreigner to be relieved from imposition, to establish a place where the weak, helpless and ignorant would have their wrongs righted.

"The development of a virile legal aid association within our great municipalities is a question of vital concern to every patriotic citizen," Mr. Tustin said. "The need has become imperative and its creation and careful development should be undertaken by all of our large cities."

Medicals Brooding Ground
"In the past few years, authorities have agreed that social injustice is responsible for the creation of more radical enemies to our government than any other cause."

"The mayor of one of our largest cities, who has had great experience, has stated within a few weeks that trifling misunderstandings concerning municipal and social injustice is responsible for 90 per cent of the extreme radicalism in the country."

"Immigration in the future will come largely from eastern European countries and the opportunity for immigration and the opportunity for immigration and the opportunity for immigration will be much increased."

"Despite the excellent arguments advanced we believe that legal aid should be made a municipal function, rather than being limited to the administration of our courts. The tendency in many municipalities to impose extra judicial duties upon our judges has not only been a distinct lowering of the judicial dignity, but also in many cases has interfered with the ability of our judges to render prompt, correct and impartial decisions upon legal questions."

Duty of Municipality
"The duty of the municipality, on the other hand, to conduct a legal aid bureau is just as much a civic duty as cleaning streets and providing water. A bureau to investigate and defend in positions upon the poor and the ignorant and to furnish a proper and rational defense for men, women and children, is just as much an obligation as to fill the office of district attorney for the prosecution of crimes, or to provide a city solicitor to enforce health mandates and building restrictions."

Owing to the large number of first offenders in crime, Mr. Tustin said, "There is a great need of a public defender in all our large municipalities. He foreman of a jury who would be many years before this office would be generally adopted and said that until this was done, duties of the office should be performed by a municipal aid bureau."

Local bar associations should take on the burden of cultivating public sentiment so as to prevent the legal aid bureau from being limited to a political partnership and should appoint a committee to advise and co-operate with the legal aid bureau. Such a bureau, he said, had been authorized in Philadelphia.

YANKEE WIN MORE
ANTWERP, (AP)—Americans won the first three places in the spring board diving finale of the Olympic games today. L. E. Kuehn, Malmomha A. C. Portland, Ore., first; C. Pinkston, of Olympic club, San Francisco, second; and L. J. Balbach, New York A. C. third.

HARDING SILENT ON COX CHARGES

Important Conferences, Talk and Reception Fill Candidate's Day

MARION, O., (AP)—Senator Harding declined to comment today on the detailed charges of republican campaign fund allotments made by Governor Cox in a speech at Columbus, Ohio, last night in a speech at Columbus, Ohio, last night.

"I have read it hastily and have a word to say," said the republican nominee. "I do not expect to have anything to say."

A negative shake of the head was the senator's reply to questions about the governor's declaration that the republican nominee personally knew of and approved the allotments enumerated.

Engagement List Crowded
Several important conferences, an afternoon automobile trip to speak at Marion, Ohio, and an evening reception here to Marion women in celebration of the grant of suffrage, were on Senator Harding's crowded engagement list for today.

His callers were Henry P. Davison, a partner in the Morgan banking house and Fred D. Underwood, president of the Erie railway. The nominees were understood to concern certain financial problems.

Pays Tribute to "Tanna Jim"
Senator Harding issued the following statement today on the death of James Wilson, former secretary of agriculture.

"It was a great shock to learn of the death of former Secretary James Wilson. He was one of the pioneers in modernizing and improving agriculture. He served in the cabinet longer than any other man in the national history."

"Two men have won and deserved the credit for planning, organizing and leading the movement of our government. One was Alexander Hamilton, who created the treasury establishment on the lines that have been followed ever since. The other was James Wilson, who thought not of the secretary of agriculture, was the man who placed that department on the map and made it a model that almost every progressive government in the world has copied. He is not only one of the great Americans, to whom the nation owes a debt of gratitude and high regard."

ARE SWEEP BY FLAMES

Hundreds of Sheep Perish in Fire Destroying More Than 100 Acres of Fine Timber

SHERIDAN, Wyo., (AP)—Fire is sweeping the timberland in the Big Horn district today, despite efforts of a fire fighting force of 50 men to check it. Three other crews are en route. No lives have been lost, but hundreds of sheep are thought to have been killed.

More than 100 acres of splendid timber have been burned already. This has been an unusually dry season, which handicaps the fire fighting crews.

The origin is unknown, but is thought to have been an abandoned camp fire.

SUGAR PRODUCTION COST DOUBLES IN FIVE YEARS

Federal Tariff Commission Says Advance in Price of Consumer Close to Parallels Costs

WASHINGTON, (AP)—Cost of producing refined sugar doubled between 1915 and 1919, the United States tariff commission reported Thursday in an official review. Advance in price to the consumer closely paralleled that in cost in production.

Profits and returns of refineries averaged 40 cents per hundred pounds in 1917, thirteen cents in 1918, and 31¢ in 1919, the review said.

BIG HORN TIMBERLANDS SWINDLERS DEFAUD WOMEN

Bonus Collector Takes Poll Tax from Newly Emancipated Voters

PITTSBURGH, Pa., (AP)—Numerous new emancipated Allegheny county women yesterday were defrauded by a bogus tax collector, who went into action shortly after Secretary Coby signed the proclamation declaring woman suffrage law. The swindler appeared at their homes, informed them that they must pay a poll tax if they wanted to vote in November, collected the money, handed out a receipt and then disappeared.

CLONAKILTY FIGHT SCENE

Fifty Men Attack Small Garrison in Police Barracks at Irish Port

CORK, (AP)—A fierce though brief battle was fought early this morning in Clonakilty, a seaport southwest of Cork, when fifty men of the Irish garrison in the police barracks. The attackers poured a heavy fire into the building and one bomb was thrown. The police returned a steady fire and the raiders were forced to withdraw. No casualties were reported.

URGES POSTAL SAVINGS TO WIPE OUT WAR DEBT

Former War Finance Corporation Manager Would Extend the System

NEW YORK, (AP)—Extension of the postal savings system at an attractive rate of interest by the government to financial institutions to the great benefit of country people was urged here today by E. H. Meyer, Jr., former managing director of the war finance corporation.

Appearing before the senate special committee on reconstruction and production, the financier proposed legislation to authorize payment of a four per cent rate of interest on postal savings deposits instead of the present two per cent.

He also advocated including all the 55,000 postoffice branches and sub-stations as depositories.

Proper organization and administration, Mr. Meyer said, could gain savings deposits within six years sufficient to pay off the floating national indebtedness. He also said that with proper handling, deposits could be increased to cover a large part, if not all, of the deficit last of more than \$4,000,000,000 maturing in 1923.

Taking up of treasury certificates by postal savings, he added, would relieve the banks of the burden. The redemption of certificates would furthermore bring about, he said, a rise in the value of bonds of from five per cent to 10 per cent.

Cured of Stomach Trouble and Constipation

Rachel Cribble of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking only temporary relief. "My neighbor spoke up enthusiastically of Chamberlain's Tablets," she says "that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me—adv."

Today's Market

New York Stock Market
NEW YORK, (AP)—Shorts again controlled the stock market today, basing their operations mainly on higher money and renewed heaviness of foreign exchange. Sales approximated 500,000 shares.

With scarcely an exception, the movement of prices at the opening of today's stock market was toward higher levels. Relief, however, was gained in advance, yielding to steel, equipments, oils, motors, shippings and tobaccos. Metals were the only issues to manifest reactionary tendencies, Utah Copper being the chief. A moderate initial setback in Reading was soon recovered.

Motors and sugars were singled out for pressure in the last hour when the rate of certificates would fall 10 per cent. Oils and equipments also fell back, but rails rallied moderately. The closing was irregular.

Liberty Bonds
NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$89.80; first 4's \$84.80; second 4's \$84.30; first 4 1/4's \$85.20; second 4 1/4's \$84.54; third 4 1/4's \$87.04; fourth 4 1/4's \$84.80; Victory 3 3/4's \$95.42; Victory 4 3/4's \$95.30.

Grain and Provisions
CHICAGO, (AP)—Buying which was credited to shorts was a feature of the early wheat market. The demand for cash grain from the seaboard was less urgent, and the market seemed to feel the effect of the offerings of Canadian grain at lower prices, due to the difference in exchange. After starting unchanged to 3-4 higher, with December \$2.33 1/2 and 2 3/4 and March \$2.20 1/2, additional strength developed and prices advanced above yesterday's highest point.

Wheat prices advanced around six cents from the opening day's close, when offerings increased on the budget and caused a reaction which resulted in part of the upturn being lost, but at the finish the market showed a net gain of 2 1/2 to 3 1/2 over the previous close with September \$2.32 1/4 to \$2.50 1/2 and March \$2.30 1/4 to \$2.48 1/2.

Corn was steady to firm at the start. A house that usually acts for some of the large New York cotton traders was a fair buyer of September which com-

moded with the strength in cotton stocks and logs was mainly responsible for the upturn. After starting unchanged to 7-8 higher with September at \$1.43 1/2 to 1.43 3/4 and December \$1.18 1/2 to 1.19 1/4 the market followed what had started upward.

Corn became unsettled later, but prices held within narrow limits. There was plenty corn for sale on the barge wharves on the ship offerings were taken readily. The close was 1-4 to 7-8 higher than yesterday's finish, with September \$1.43 5/8 to 1.43 3/4 and December \$1.19 3/8 to 1.19 1/2.

Oats showed a firm tone with scattered buying, first quotations showing a net gain of 1-8 to 5-8 over yesterday's finish, with September \$0.78 1/8 and December \$0.63 3/4 to \$0.78.

Provisions were strong, initial prices ranging from 7 1/2 to 20c above the previous close.

MEXICO CITY, (AP)—Belief that the dissemination of Bolsheviki literature among Mexican soldiers was a maneuver by political enemies of the present de facto government was expressed tonight by General Eduardo C. Garcia, chief of staff of the war department. He declared to disclose the organization he believed responsible for this attempt to sow discontent among the men in the army.

"We are gathering evidence, and as soon as we have enough they will be made public," he declared. "Our enemies cannot call us thieves or tyrants and so they are taking this method of discrediting the army."

SERBIANS ASK U. S. INQUIRY

Propose Allied Investigation of Conflict Between Albania and Jugoslavia

WASHINGTON, (AP)—The United States has been requested by the Serbian government to appoint representatives to an allied commission to investigate the conflict between Albania and Jugoslavia.

The request, which was forwarded to the state department yesterday, is a plea for aid and commission to investigate simultaneously to the governments of Great Britain, France and Italy.

Disputes between Albania and Jugoslavia over the frontier line originated in the Serbian annexation by Serbia after the Turkish war of the Sandjak of Novik-Pazar and northern Macedonia. Warfare between the two countries ever since 1913 to border raids broke out with renewed force after the action of the peace conference in 1919 confirming the title of Serbia to the line of 1913.

DANCING MASTERS HOPE FOR METHODISTS' APPROVAL OF STEP

NEW YORK, (AP)—The public has had to much jazz and is turning toward more natural music, said Paul H. Knight, president of the Music Industries Chamber of Commerce, in an address before the National Association of Masters of Dancing last night. "The slow, graceful step named 'The Wesleyan' was evolved by the dancing masters with the avowed hope that it will receive approval of the Methodist church, the anti-dancing object of which the convention has deplored each day."

DESERVABLE INQUIRY

Re-nomination by the Republicans of
 Idaho of Governor D. W. Davis neces-
 sarily—and desirably—subjects the first
 administration of Governor Davis now
 just closing to the closest sort of popu-
 lar scrutiny.
 Fortunately Governor Davis himself
 with the co-operation of the last Leg-
 islature, has made it possible through
 adoption of the "cabinet form of state
 government" to ascribe to the govern-
 or's office alone major responsibility
 for merits and defects alike of his ad-
 ministration; and Governor Davis is
 not one to attempt evasion of responsi-
 bility or subversion of the facts.
 Taking the initiative in the counter-
 versy over the "cabinet form of govern-
 ment" which is certain to be a lead-
 ing issue in the state campaign, Repub-
 licans of Idaho are placing in the hands
 of voters and taxpayers comprehensive
 statements covering activities of the ad-
 ministration in detail. The claim is
 made that the form of government in
 operation in Idaho during the last two
 years is not more expensive but more
 efficient and that it is running on ap-
 propriations made for the old system;
 that it does not create more positions
 but re-arranges the machinery of gov-
 ernment putting the responsibility on
 heads of departments; that the system is
 not untried and that other states have
 adopted it or will adopt it; that com-
 missioners take the place of abolished
 boards.

These are claims the truth of which
 is easily to be established or disprov-
 en. The stand or fall on questions of
 fact and matters of record, and the is-
 sue is clear cut. This is an important
 fact that must not be overlooked in the
 heat of campaign that is now devel-
 oping.

Either the claims made for the
 "cabinet form of government" are
 true or they are not true. The facts
 and records which may be easily veri-
 fied will establish the truth. If the
 claims made in support of the new sys-
 tem are proven true; then it would
 seem that there could be no question
 that it should be given the endorsement
 of the electorate of Idaho. If the facts
 prove otherwise, then there is small
 question either as to its merits or its
 ultimate fate.

Inquiry along these lines promises to
 be educational to voters of Idaho and
 one of the most beneficial features of
 the campaign now opening.

LIFE IS CO-OPERATION

Out of this post-war prosperity
 strange things are coming to the world.
 One of these is the example to be ob-
 served in various places in this coun-
 try of labor organizations venturing
 into active business and becoming em-
 ployers of labor.

Yesterday it was the garment work-
 ers who had set aside enough of their
 savings to open factories and retail es-
 tablishments to enter into active com-
 petition with other concerns. Today it
 is the machinists who not only an-
 nounce the purchase of various plants
 but also claim to control a couple of
 sizable banks. Tomorrow may bring
 us even a more extensive venture into
 a field so recently regarded by all in-
 labor as the particular province of the
 thing known as "capital."

It is not unusual for men in this
 country to pass from the ranks of the
 employed to those of the employer, by
 means of money saved. It is the road
 most of our employers have traveled.

 will depend upon the quality of the
 management the workers enlist in their
 service. But whatever the result in
 that respect, the workers and probably
 also their former employers will get
 our piece of information out of the ex-
 periment. That is the supreme value of
 co-operation. That, in fact, all life is
 co-operation.

By this we mean co-operation in the
 larger sense, and not merely the busi-
 ness of forming a stock company. The
 new employers will learn that no group
 or class of our people can set them-
 selves aside and be sufficient unto
 themselves. If it takes all kinds of
 people to make a world, it none the less
 takes all kinds of co-operation to make
 the world worth-while.

The garment industry or the machine
 business could be organized, conceiv-
 ably, so as to dictate to all the rest of
 the world in that particular line. But
 inevitably such organization, if carried
 too far, would react upon the heads of
 the organizers. "Live and let live" is
 a piece of wisdom discovered a long
 time ago and it is just as good now as
 the first time it was uttered. If you
 charge too much for your goods the
 other fellow will have to charge too
 much for his in order to be able to buy
 yours and nobody is benefited.

in accordance with any plan that won't
 require getting out.

An election requires considerable
 anxious thought. If the people don't
 do it before election day, they do it
 later.

At any rate, the private in Mexican
 armies don't do all the fighting. There
 are not enough privates.

Future historians will remark that
 the world was exposed to self deter-
 mination but didn't take it.

Removal of adenoids changes the
 character of some children. Watching
 the effect of Villa's surrender will be
 interesting.

Practical demonstration of a guar-
 antee of territorial integrity: "You
 wink while I grab and I'll wink while
 you grab."

Mr. Bryan knew full well that ac-
 cepting the prohibition nomination
 would be carrying water to the G. O.

The fact that Germany is importing
 hemp doesn't mean that she has finally
 decided to try her war criminals.

If the radical has his way, future
 presidential candidates will brag of
 the hard time they had making bombs
 in their youth.

URGES SHORTENED WAIT FOR PRESIDENT-ELECT

**American Bar Association Com-
 mittee Would Bridge Gap
 After Election**

ST. LOUIS, (AP)—The long period be-
 tween the election of the president of
 the United States and his inauguration is
 "a serious evil fraught with much
 danger," according to the report of
 the special committee on the change
 in date of the presidential inaugura-
 tion, presented today to this conven-
 tion of the American Bar association,
 in session here.

The report recommends that the pe-
 riod be shortened, and that the short
 term of the old congress be eliminated.

It, however, does not suggest any other
 date for inauguration, explaining that
 March 4, has been recognized by con-
 stitutional amendment as the date of
 inaugural. It adds:

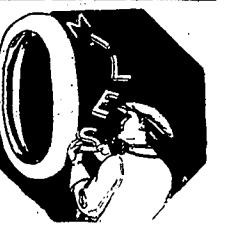

"The committee, however, is of the
 opinion that it is the duty of this as-
 sociation representing the great body of
 lawyers of the country to call the at-
 tention of congress to these provisions
 of the law and of the constitution
 which are fraught with serious danger
 and which are liable to bring humili-
 ation and disaster to the republic."

It states that the period between
 election and inauguration is "liab-
 le to leave the administration in hands
 which have been discredited by a popu-
 lar vote of want of confidence and
 that such a situation greatly weakens
 the prestige of the government both
 at home and abroad.

"The three months session of the
 old congress occurring after a new
 congress has been elected is also most

unsatisfactory and serves as an op-
 portunity for partisan activity of the
 worst kind."

YES—YOU CAN FIND
 the right man or woman for that office
 work—if you will talk about the op-
 portunity offered in a classified ad. Capa-
 ble office people, when looking for new
 connections, keep in close touch with
 the little ads.

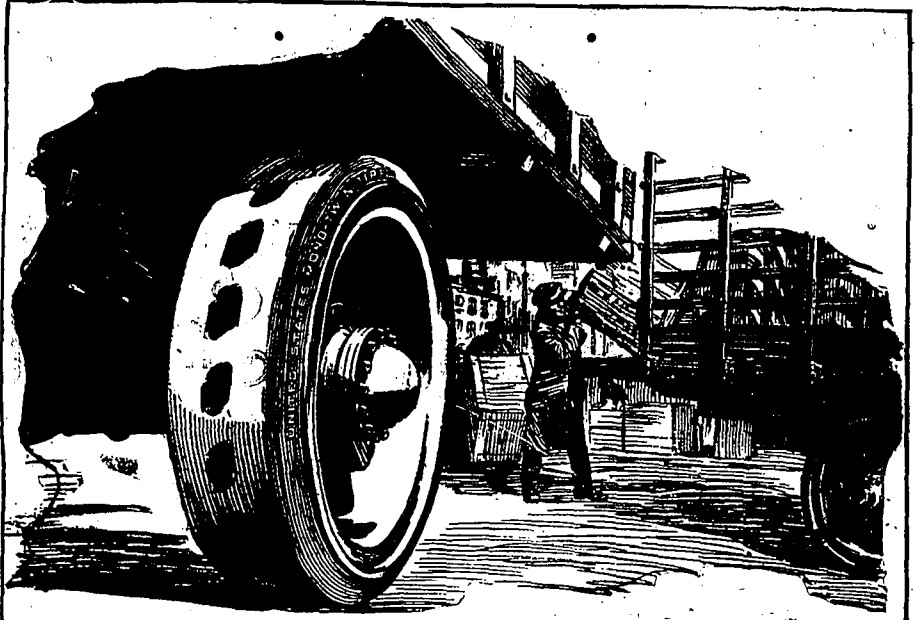

YES, SIR, WE VULCANIZED THEM

Don't they look like new? They'll run
 like new, too, so if they don't. You
 can save a lot of money if you just let
 us vulcanize those old shoes of yours
 that you think are worn out. We've
 got an A-1 100 per cent vulcanizing
 process that sure does the work right.

(Continued from Page Three)

Brief Bits of Sport

Among yesterday's heroes of the major leagues Wilbert Hubble of Buhl shone with particular lustre.

The Idaho twirler, appearing in the box for Philadelphia, slant the World Champion Reds with only four hits.

Ruth's forty-fourth homer, made in the first inning against the White Sox yesterday, availed little. The final beating the Yankees got was really artistic.

Romeo Hagen, bent neck and cauli flower car and everything, is here.

The hattle-scared middleweight wants hunkies to help him with his training for the McKay go on Labor day.

Romeo starts work tonight on the stage at the Lavering theater.

Jack Britton, welterweight fight champion of the world, appears to have run into something when he battled Louis Bogash of Bridgeport the other night.

Or was it just a scheduled affair to "help Bogash get more matches"?

By the way, Ted Lewis is coming back to the good old U. S. A., where he found success from war worries between 1914 and 1918.

Ted is a Briton and he is coming over to see what the eagle on the American dollar looks like again.

Salon, Oregon, has a ball team which walked the Portland Beavers 16 to 1 last Monday in an exhibition game.

Following that trouncing the Beaver management signed the Salem shortstop, Mike Miller.

Bobby Meusel, former Coast leaguer, who is one of the hardest hitters and fastest fields in the American league, is out of the Yankee lineup indefinitely. The player burst two blood vessels in a leg several weeks ago.

Jim Smiley, sagobush grower, says: "Es we see it low-necked gowns o' this here day make th' nomenclology o' tomorrow."

Grover Alexander is in grave danger of losing the prefix to his name.

The Salt Lake Bees and the Vernon Tigers may be battling just now for possession of the top perch in the Pacific Coast league, but if the Seattle Seals continue the pace they have held the past few weeks there will be a three-cornered fight for the position pronto.

No team in any league this year has displayed such a decided and remarkable lull to form as has the Seattle club since the early part of July. The team has come up from a bad start in third place and is regularly winning.

Portland has the Multnomah Athletic club. The name is Siwash Indian and means "Down the waters."

Which is particularly appropriate as a title for a lot of clubs in these dry days.

ENGLISH WOMAN NOVELIST LEAVES SUBSTANTIAL ESTATE TRING, Eng. (P)—Mrs. Humphrey Ward, the novelist who died here recently, has left an estate valued at 11,300 pounds.

STORAGE WATER IS QUITE AMPLE

Close of Season Finds Plentiful Supply of Water in Jackson Reservoir

One year ago today there was no water in the Jackson Lake storage reservoir. Today, with the irrigation season at its peak, the reservoir contains 234,480 acre feet, or practically as much water as when the 1919 irrigation season opened.

This statement is made in a general report sent out by the U. S. reclamation service from Moran, Wyo., the outlet of the great Jackson district, in which is impounded the water supply for irrigation on the entire Twin Falls district, north and south of the Snake river.

At this time this season the reservoir was filled to capacity, but rains ceased and the supply flowing from accumulated snows fell to a minimum, while the drain on the stored water grew as the heat of summer intensified and drought came on. Normal flow was cut to 70 per cent of normal, but this provided more than adequate to meet all demands and gave Twin Falls district one of its greatest harvests in the section's history.

Wants Right of Way Condemned

The Twin Falls highway district has instituted proceedings in the district court against W. G. Hutcheson, Mrs. G. G. Hubbert. Allegation is made that defendants have refused to sell property for highway purposes. Walters, Hudgin and Bailey are attorneys for the petitioning district.

Gone to Indiana

Mrs. M. M. Farmer left Monday evening for her home at Rensselaer, Indiana, after spending the past nine months here with her daughter, Mrs. Joseph Blake of Astoria and her granddaughters, Miss Ora Dale Sage, who spent the summer vacation with relatives here.

Vacation Is Over

D. D. Alvord and sons, David and Norman, with Richard King, Jr., of Boise, and Walter Pearson of Council, returned last night from a three weeks hunting and fishing trip. They camped at Payette lakes and spent part of the time at Salmon and in the Crooked river country. The lads secured a porcupine on the trip. Walter Pearson will take the captive to his home at Council.

LAST WEEK'S TEMPERATURES DISPLAYED RADICAL TENDENCY

From Season's High Point to Frost was Feature of Weather, with a Return to Moderation—Crop Report Indicates Splendid Yield Outlook with Little Damage from Heat or Cold

Rapid transition from excessive heat to light frosts, then back to more moderate temperatures marked the weather of the past week, as announced in a general statement of weather and crop conditions issued by the crop and weather reporting bureau at Boise.

Frosts followed after high heat all over the state, but only in a few localities was any degree of damage recorded. In Adams county some frost damage was done.

The report in full follows:

The protracted period of excessive heat gave way early in the week to a sudden and very welcome change to decidedly cooler weather and during the remainder of the week moderate temperatures were the rule. The fall in temperature was accompanied by frosts in several localities but in only a few instances was there any frost damage. The week was rainless in all sections.

The weather was for the most part very favorable for maturing crops and for all harvesting operations. Corn, sugar beets, potatoes, and all garden and truck crops made splendid progress in the irrigated districts and are coming to maturity in fine shape. Conditions could not well have been better for harvesting and thrashing. In many localities the stacking of the second cutting of alfalfa was completed. The hay cured rapidly and was secured in fine condition. The third crop is making good growth. Wheat harvesting is extending into the later districts. Pastures and ranges are dry but in most sections and they are generally sorely in need of copious rains, but range feed is still ample in most localities and livestock are reported in good condition.

Fruit continues to make satisfactory progress generally although the continued drop of prices in some commercial districts is causing some concern. Preparations for the apple harvest are under way in the Lewiston country while in the Weiser and Payette valleys the prune harvest will soon begin.

WILL DISCUSS TIME CHANGE SEPTEMBER 3

Hearing on Moot Question will be Conducted before Commissioner Hall

Through the insistent effort of Congressman Addison T. Smith of Twin Falls a hearing on the question of standardizing Mountain time in Idaho will be held in Boise on September 3. This supersedes an announcement made several days ago stating the interstate commerce commission could not conduct a hearing.

The hearing is ordered by Chairman Atchison of the interstate commerce commission and is to be held before W. J. Hall, commissioner of the department of public works in his office in Boise. The Twin Falls petitioners for a reversion of Mountain time for this district and of Pacific time will be represented by the Twin Falls Chamber of Commerce, Secretary N. S. Wight presenting the signed protests.

Bit of Bluster Over Mad Day Douses Our Glim

OVER Mad way the weather last night got boisterous and upset the electric power system on that end, and even extended to the Twin Falls section kicking out a bunch of insulation at the local sub-station. In consequence whereof this city was out of illumination for 29 minutes.

Yesterday was nice and cool, but threatening, with 75 degrees of temperature for high, and 45 for low. There was a fair sort of shower last night, probably despite the weather man and not as the result of him.

Tonight is scheduled to be "fair," with Saturday moist and cooler.

The Irish sympathizers claimed also to have met with success when they called out workers on the New York City of the Bristol line, another British craft. They encountered no opposition as they swept along the waterfront. At 3 o'clock it was estimated that about a thousand persons were going from pier to pier.

At the Cunard line piers the Irish sympathizers were joined by 250 negro longshoremen, who were working on the steamship Norman Monarch.

Officials of the International Longshoremen's association denied that the organization had any official connection with the strike or with threats heard in the crowd that British ships from Maine to Florida would be tied up.
