BOLSHEVIKI IN RETREAT BAKED BY POLES' FIRE

Principal Column of Soviet Forces Retiring on North-eastern Front Decimated by Artillery at Close Range

WARSAW, (AP)—Polish artillery has decimated the principal column of retreating soviet forces on the northeastern front, catching the Bolsheviks at short range, according to an official statement issued here. More than 600 men, including two general staff officers and 11 line officers have been captured.

Detachments of the Polish third legion division which are fighting east of the Bug river near Brest-Litovsk have become engaged in an energetic defensive action in anticipation of a soviet attack against that city.

ANARCHISTIC REBELLION IN MESOPOTAMIA SPREADS

British War Office Says Bolsheviks in Persia Receive Reinforcements

LONDON, (AP)—Reports from Mesopotamia indicate a further spread to the Muntefik area, in the south, of the anarchistic rebellion against the British administration which has been prevalent recently, the war office announced officially today.

GERMANS BUILD BLIMPS FOR AMERICAN INTERESTS

Two of Largest Aircraft of Zeppelin Type Ever Designed Under Construction

AKRON, O., (AP)—Two super-Zeppelins of the largest type ever constructed are now being built in Germany for American interests for use in freight and passenger service between Berlin and San Francisco, via New York, according to John R. Gammeter, aeronautical expert of a large tire and rubber company here who has just returned from a trip abroad.

RUSSO-POLISH PEACE PARLEYS WILL BE MOVED

Conferees at Minsk Agree upon Shift of Scene for Negotiations; New Meeting Place is Not Yet Determined

WARSAW, (AP)—The Russo-Polish peace negotiations will be shifted from Minsk, the soviet and Poles having agreed to a transfer. The Poles decided that the negotiations be held in Riga, Latvia, while Mr. Tschischeritz, the soviet foreign minister, favors some town in Esthonia.

WILLIAMS EXPRESSES RUSSIAN WILLINGNESS TO TRANSFER

PARIS, (AP)—Willingness to transfer the Russo-Polish peace negotiations at Minsk to a neutral country is expressed in a wireless message from Moscow picked up by the Eiffel tower station today.

MOSCOW DISPATCH DECLARES NEGOTIATIONS CONTINUING

LONDON, (AP)—The Russo-Polish peace negotiations at Minsk were continued on August 25, says a wireless dispatch from Moscow today. The dispatch discussed the Russian terms which the Poles declared unacceptable. The Poles, according to the wireless, relied chiefly on the recent Polish military victories.

COLBY RESERVES REPLY TO PLEAS FOR CORK MAYOR

Pro-Irish Woman Pickets Resume Hostilities on the New York Docks and Interview Secretary of State

LONDON, (AP)—The condition of Terence MacSwaney, lord mayor of Cork, this morning was reported to be worse at the Britton jail where he is on hunger strike.

WASHINGTON, D. C., (AP)—Three members of the American women pickets saw Secretary Colby today and asked him to protest to the British government against the imprisonment of Mayor MacSwaney of Cork.

Threatens Loss of Vote. Mrs. Gertrude Corliss, spokeswoman for the delegation, replied that unless an immediate answer was given "the administration will lose the entire Irish-American vote."

WOMEN PERSIST IN INTENT TO CRIPPLE BRITISH SHIPPING

NEW YORK, (AP)—Hostilities were resumed today by the five pro-Irish women pickets who yesterday started a demonstration that resulted in a walkout of more than 2000 longshoremen employed on British ocean liners.

Seek to Spread Strike. The women returned to the piers with a large cohort of longshoremen supporters, intent on crippling all British ships, arriving in port.

PLEDGES EFFORT TOWARD NEW WORLD ASSOCIATION

Would Use Framework of The Hague Tribunal Clothed With Safe and Practicable Attributes of Covenant

PRONOUNCES EXISTING ARRANGEMENT DEFINITE AND IRREDEEMABLE FAILURE

MARION, O., (AP)—Pronouncing the existing league of nations a definite and irredeemable failure, Senator Harding today proposed a new effort to construct a world association on the framework of The Hague tribunal.

He pledged himself if elected president to make 45-minute effort with the world's leaders of both parties, to form such an association either by putting "teeth" into The Hague court or by revising the covenant to protect national aspirations.

Most Vital Difference. "The democratic nominee," he said, "has flatly said he is in favor of going in on the basis announced by the president. I am not. That is the whole difference between us, but it is a most vital one because it involves the disparity between a world court of justice supplemented by a world association for conference on the one hand, and the council of the league on the other."

"The one is a judicial tribunal and the other is a council of states. Its principles of law administered without passion or prejudice. The other is an association of diplomats and politicians whose determinations are sure to be influenced by considerations of expediency and national selfishness."

Serves Notice to World. Touching on Mexico, the republican nominee proclaimed: "It is plain notice to every government on the face of the earth" that the United States would submit to no wrong to its citizens in person or property.

COUNTRY WEARY OF VISIONARIES COOLIDGE AVERS

Chance of Democratic Success Disappears with Failure to Reputate Wilson Administration in Nominee

BOSTON, Mass., (AP)—The democrat at the San Francisco convention meant to endorse the administration in platform and repudiate it in the nomination, but that subsequent statements of the president and Governor Cox and Secretary Roosevelt's declaration that their splendid record and their high purpose are an inspiration left no doubt in the public mind that they were in complete agreement on the league of nations issue.

Unmistakable Conclusion. Governor Coolidge said that while the issue of the present campaign had not yet been fully developed, the conclusion appears unmistakable that the country is not only weary of but completely exhausted by and disgusted with all doctrinaires and all visionaries.

CASUALTIES RESULT IN FIGHT WITH MOONSHINERS

Three Dead and One Severely Wounded in Attempted Raid on Still

OKLAHOMA CITY, Okla., (AP)—Hear, Adren, deputy sheriff, Stanley F. Wales, federal prohibition agent, Charles Chandler, a negro, an illegal moonshiner, were killed, and Claude Tyler, another deputy county sheriff, was seriously wounded two miles north of Ardmore, twenty miles northwest of here early today when the officers attempted to raid a still, according to a telephone message from United States officials at Ardmore to the United States marshal at Tulsa.

VIRGINIA MINES CONFLICT SCENE

Detective is Wounded in Fight Between Striking Miners and Guards

CHARLESTON, W. Va., (AP)—Major Payne, a Baldwin Falls detective, was wounded in a fight which started early this morning between striking miners and nine guards retained by the Branch Coal company, Willis Branch, Raleigh county, according to a statement given out by the state police department here.

Two trains have been held out on the town, the crews forcing to take them through Willis Branch, the statement said. State police are on the scene attempting to quell the situation. A man arrested a miner who was seen firing from a barn, the statement said. The Baldwin-Falls man was doing most of the shooting, according to the statement, against automatic rifles.

# KOREANS FIND FRIEND IN U. S. CONGRESSMAN

## Representative Hersman Refuses to Leave Impromptu Meeting in Seoul until Citizens are Released by Police

SEOUL, Korea, (AP)—An impromptu meeting of Koreans addressed by Congressman Hugh S. Hersman of California, a member of the American congressional party which is touring the Far East, was held at the Young Men's Christian Association building Monday night despite the abandonment of a reception which previously had been planned.

**Koreans Gathering Cancelled.**  
Although the gathering which the Koreans planned in honor of the American congressman had been officially cancelled and a notice had been posted in the building to that effect Congressman Hersman was unaware of the cancellation. He dropped into the building when it was filled with Koreans awaiting for a heavy shower to stop in order that they might return home.

**Police Stop Meeting.**  
The California congressman was invited to the platform to address the meeting, the committee thinking he had come for that purpose. He made a short address saying he was glad to see something of the Koreans and leaving the country. An address of response was delivered by a Korean. The audience had begun cheering when the police rushed in and broke up the meeting, requesting Congressman Hersman to leave. Some of the Koreans were handled roughly by the police outside the building. The American congressman refused to depart until all of the Koreans present had been released and remained about an hour, while the Koreans were permitted to leave. He returned to his hotel accompanied by the United States consul general, Ransford S. Miller, who had gone to the Y. M. C. A. building on hearing of the incident.

**Interiors with Reception.**  
The affair occurred at the time set for the reception given in honor of the party by Admiral Baron Saito, the Japanese governor.  
The congressional trip through northern Korea was quiet. At three of the smaller stations, crowds were heard cheering, apparently without interference, and at one place, children were carrying Korean flags and shouting, which the party interpreted as a sign of welcome. In Ping Yang, only a few missionaries were at the station and no Koreans were in evidence.  
**Koreans Kept Away.**  
Throughout the day, large crowds were gathering at the Seoul central railway station, but the streets were cleared before the arrival of the American party. The police patrol was extended to the hotel where the party was stopping and no Koreans appeared. The police cordon was so tight that foreigners were obliged to make a long detour in order to reach the station.  
A trip around the city before midnight showed all to be quiet. Foreigners got the impression that the authorities feared some untoward event but were endeavoring to avoid harsh measures.

**HOUSING BOTHERS BRAZIL**  
President Pessoa Urges on Congress Necessity for Problem Solution  
RIO DE JANEIRO, (AP)—In a special message just sent to congress, President Pessoa points out the urgency of solving the housing problem in the federal district. He deprecates the actual building of houses by the government, but recommends indirect assistance by the granting of loans to private building companies and individuals at a low rate of interest.

**RECOVERS WHISKEY HE LOST 23 YEARS BEFORE IN RIVER**  
HARLEM, Mont., (AP)—While fishing recently along the banks of the Milk river, "Dad" Minugh poled in some Bourbon whiskey which he lost on the same spot 23 years ago. In 1897, Minugh says, he lost 100 quarts of whiskey in the river, when a flood overturned one of his wagons. The quart he fished up, he believes, is undoubtedly a part of the original supply.

# FORMER KING OF GREECE HOPES TO REGAIN THRONE

## Constantin Claims He Never Abdicated and is Desired by the People

PARIS, (AP)—Former King Constantin of Greece still hopes to regain his throne, claiming he never abdicated and that he is still considered the Greek sovereign by a majority of the people of that country, says the Lancia correspondent of the Excelsior. In the course of an interview with the de-throned monarch, the correspondent was told that Premier Venizelos would not be able to conduct affairs in Greece as to give that country her true place among nations. Constantin denied having in any way been involved in the attempted assassination of the Greek premier in his city.  
"I hope soon to be allowed to return to Athens," said Constantin. "The entire undertook not to oppose my return, if after the war the people of Greece expressed a desire to see me again on the throne of my fathers. I would then resume without passion, honor or hate the noble duties of my crown."  
"What would become of Venizelos then?" he was asked.  
"If Greece still accorded him her favor, if after the war the people did not hesitate to accept him as premier."  
"What would be your attitude to war with neighboring countries?"  
"I would be very different from that of M. Venizelos."

# ARMENIA COLLECTS GRAIN

## Allied High Commissioner Says Nation Has Supply for Eight Months

PARIS, (AP)—The Armenian republic now has sufficient grain supplies for eight months, according to a telegram to the United States Grain corporation executives here from Colonel William S. Haskell allied high commissioner to Armenia, who has left that country to come to Paris with his staff of American army officers. The telegram says that the grain supplies will come largely from the harvest, there being a small amount remaining of 40,000 tons of flour sent from America.

# COURT HOLDS UP TWO CENT PASSENGER LAW IN NEBRASKA

OMAHA, Neb., (AP)—Federal Judge J. W. Woodrough acting on application by a number of railroad companies today signed a temporary order restraining the Nebraska railway commission from enforcing a two-cent passenger rate law in this state.  
Arguments on an application for temporary injunction against the commission are to be heard before three federal judges sitting here September 6. Meanwhile a three cents a mile rate will be effective.  
The commission in recently passing on an application for increases ruled it could not by statute set aside the state two cent rate law.

# VIENNA ON LIST AS BIG CENTER OF AIR TRAFFIC

## Favorable Geographical Location and Existing Facilities Occasion Changes in Plans of Allied Nations

VIENNA, (AP)—If plans now making are carried out Vienna will become one of the great centers of European air navigation.  
When soon after the conclusion of hostilities England, France and Italy prepared to guide and criss-cross Europe with air routes, it looked as if Austria were to be left out altogether in favor of friendly countries. It is being laid out via Prague in the north and south over Italy, Ljubljana and Agria. With the arrival here of various missions and an understanding not only of the favorable geographical location of Vienna but also of its existing facilities, the scheme has been changed to cover many of the lines here.  
It is understood that General Barnes, chief of allied aviation control in Austria, takes this view and favors the use of the great Aspern aviation field as a central station. This field is only a few miles from Vienna and is abundantly equipped with hangars and repair shops, gasoline tanks and all the paraphernalia of a great war plant.  
Companies subsidized by the British government are arranging for an air line from London by way of Brussels, Belgrade and Sofia to Constantinople. Vienna is exactly in the center of this route which is 2400 meters long.  
One of the officials of the British Vickers concern has been here perfecting an arrangement with the Vienna Aircraft Navigation company to care for the service between Munich and Vienna and Vienna and Budapest. This contemplates care of planes at Aspern, their repair, transshipment of cargo when necessary and landing after passengers, who will be brought by motor to Vienna hotels and back to the Aspern field.  
While the London-Vienna-Constantinople route represents the great west-east line, the north-south route is planned from Berlin by way of Graz, Klagenfurt, Trieste, Udine and Padua, connecting there with Milan to Rome. Both Graz and Klagenfurt have first rate aviation fields.  
In Germany it is reported the Lloyd air service has pooled interests with the North German Lloyd and it is understood to have concluded arrangements with the Vienna Aircraft Navigation company for the latter to take entire charge of its interests on Austrian territory.  
Offices already have been opened here and regular airplane trips to nearby points of interests have been inaugurated.

# TRAINS HAWAIIAN BOYS TO BE POLO CHAMPIONS

## Ten Lads Picked from Leading Families Enter on Decade of Preparation

HONOLULU, T. H., (AP)—Ten boys picked from the leading polo and racing families of the Hawaiian islands are being given a ten-year course of training in the hope that, at the end of their course in 1920 they will win the polo championship of the world. Polo Hannon, coach for the Hawaiian Polo and Racing association, is directing the training, which is now in its fourth year.  
Hannon began instructing the boys in the spring of 1916. He went on the theory that youngsters, with years of training together, will play better than boys who take up the game after they grow older. The fathers of the boys liked the idea and the grind of a decade started.  
Under the shadow of Diamond Head, on the field of Kapiolani park, the boys, divided into squads of "whites" and "blues" fight out their practice battles. Last year they made their first public appearance and their good showing surprised their parents as well as their trainer.  
Not only is Hannon planning to bring the blue ribbon of polo to Hawaii, but he is planning to keep it there, for he has organized a squad of boys younger than his first charges. His first team is composed of boys now between 12 and 15 years of age. His younger boys are under 12.  
Wallace Waterhouse, son of John Waterhouse, president of the Hawaiian

Sugar Planters' association, is considered the star of the squad. Like his teammates he has been trained in racing also, and when he was ten he rode his first winner, against the pick of the island ponies. Since then he has been up on five winners.  
Hannon has made it a rule that boys cannot come to the field when they neglect their studies in school. As a result, their teachers say, the boys stand high in their academic work and are known for their fair play and good sportsmanship.

# PREDICTS LOWER PRICES

ST. LOUIS, Mo., (AP)—Lower prices generally are predicted in the monthly report today of the eighth federal reserve district. Advances in rents and fuel prices, however, are continuing the report adds.  
Among commodities on which price declines have appeared, the report names sugar, coffee, certain cotton goods, shoes, silks, wool, crude rubber, rice, leather, millinery, the lower priced furniture and ready to wear clothing.

## Why We Use Refinite Soft Water Reason No. 3.

# LESS LAUNDRY WEAR AND TEAR

Right laundering takes the perspiration and dirt from clothes without damage to color or cloth.  
Right laundering is soft water laundering.  
The water we use is softened by passing through a bed of **REFINITE**, Nature's water softening mineral. It is softer than falling rain—clear, sparkling, velvety soft.  
Clothes we launder are cleaned with far less washing. They are free from that hard water soap curd, which stiffens, discolors and weakens fabric. They last longer and retain their good looks.  
Let us show you how beneficial **REFINITE** soft water is to your shirts and linens.

INTERNATIONAL ROW IS CAUSED OLYMPIC POLO

Belgians Charged with Insult to British as National Anthem Played

ANTWERP, (AP)—The "booming" of the British national anthem at the conclusion of yesterday's water polo match, in which England won a close fought game from the Belgian team, resulted in the British representatives calling a meeting of the representatives of all nations competing in the Olympiad tonight... A protest was made over what was termed a "national insult" and it brought a promise of the publication in tomorrow's newspapers of an apology...

The incident occurred at the conclusion of the gala day of the swimming competition. The Belgian princess, Marie Jose, occupied the royal box. The British Black Watch military and Piper bands played at intervals. Main interest centered in the polo championship match. The British and Belgian team had been picked by the public as the best teams entered and the grandstands were crowded...

Brief Bits of Sport

The Giants pulled the Reds out of first place yesterday.

But it took 17 innings and a fist fight to do the trick.

And while the Giants were beating the Reds the Robins were helping themselves to a little Cub meat, 6 to 3.

Dickie Kerr is a doughy little fellow but he can't do the same thing day after day. He whipped the Yankees beautifully on Thursday and tried to win with a rescue act yesterday. He failed.

At that Carl Mays did not beat the Sox.

The Detroit Tigers yesterday led the Pacific Coast league in club standings, according to a contemporary.

Headline: "Dempsey Trains for Meet Miske."

Queer he'd have to do that, say'd it?

Tommy Burns says he will take English Joe Rocket in hand and make him a world's champion fighter.

Tommy may be an adept at manufacturing silk reticules out of sow's ears.

More ill-luck for the Reds. Shortstop Koop is out of the game for the rest of the season nursing a broken digit.

The Brewers have disposed of Cateher Gaston to the New York Yankees and Pitcher McWeeney to the White Sox.

This department's objection to wrestling applies only to the professional end of the sport; not to the game as taught and performed in the high school.

The White Sox have also obtained through purchase from the Milwaukee club of the American association Outfielder Meatz and Third Baseman Laizke. The men report to Gleason next spring.

Evidently Pal Moore has been growing fast of late. He has jumped from the bantamweight class until he is now matched to fight Charlie White, a heavy lightweight.

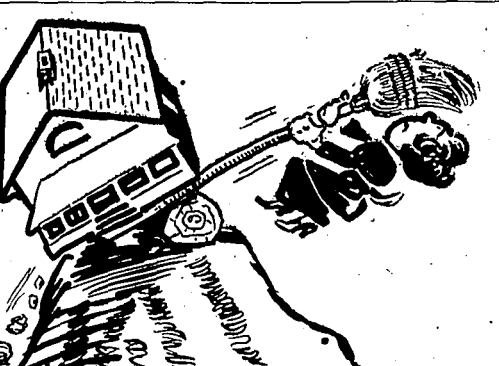

If Eddie Maloney defeats Otto Watlace at Milwaukee next Monday night he will be matched for a bout with Richie Mitchell.

The doctors can crack open your cranium and look at your carburetor, but after all the only cure for bronchitis is the quinine.

Georges Carpentier, who hopes some day to take the fight crown away from Jack Dempsey, spent a considerable portion of his time while in this country picking up \$200 daily just running about with the other animals in the Sells-Floto circus.

Question—Who is the Pacific coast middleweight mitt champion.

Romeo Hagen claims the distinction

don't turn your house upside down!

and Marty Farrell proclaims himself it...

Perhaps 't would be a good notion to get the pair together for a decision battle.

Long-winded games were the rule rather than the exception yesterday.

The Chicago White Sox have two batters among the first 5 sluggers of the American league. They are Joe Jackson, .379, and Eddie Collins .355.

Spenser is the only Indian up there. He has a mark of 394. George Siler represents St. Louis with .400 and Ruth is up among the first five with .376.

"TIMES HAVE CHANGED"

"If anyone discusses this question (a League of Nations) on the basis of party advantage, I repudiate him as a fellow American."—President Wilson at San Diego, Calif., on Sept. 19, 1919.

COX'S FOLLY

Myriads of words are likely to be wasted both in defense of charges that the Republicans are collecting an immense campaign fund to "buy" the presidency, and in effect is bound to be negligible upon the refutation of these charges...

Subsequent developments are certain to make plain the fact that the Republican national committee for several years past has had an effective organization which it has used in the collection of a legitimate campaign fund...

Incidentally there are some hundreds of contributors to this Republican campaign fund now resident in Twin Falls county, where the concerted effort at collecting money for this purpose which is now under fire of Democratic artillery, was conducted in a manner that was open and above board...

were made not with any expectation of future reward other than benefits accruing from return of Republican administration to power in the nation.

The whole outcry smacks too much of the sham raised by the fellow who has nothing against another who has been more successful.

It neither can nor deserves to be taken seriously.

LAFAYETTE DAY

There is beautiful sentiment in the custom born of the war, and which seems likely to be continued, of celebrating American and French national holidays jointly in both countries.

But there is one day in the celebration of which both nations can join unreservedly and whole-heartedly, with no deference to the other. September 6, anniversary of the birth of Lafayette...

In churches, schools and public places let us pay tribute to the man who with Washington paved the way to liberty for our country when the American colonists were enmeshed in turmoil and revolution.

As Lafayette's birthday falls on labor day this year, which is a happy coincidence for the thousands who hold his memory in grateful admiration, this year, above all others there will be an opportunity for them to make a public demonstration of their gratitude and patriotism.

PESSIMISM OUT OF PLACE

The pessimist we always have with us. On every hand, in every age, are men who belittled to drag a soapbox out into the streets of the world and cry out to all who will listen that mankind is on the highway to perdition.

Beyond dispute the world is as gravely troubled today as ever in its long and laborious history. But what is important to note is that it has been troubled gravely before. And it has always come out, scarred, but sound.

other century. Man remembers long only those who serve him well. There is no need for men to shake their heads, despairingly, in fear that civilization and organized government are bound for destruction.

But there is no progress through wishing. Man grows only by working. It is not enough to have faith that we shall come out of the valley of our discontent. We must have the faith that inspires work, and the zeal of conquest that enthrases example.

WATERING PLAN DECIDED UPON

Hansen Butte Land Owners Scheme to Irrigate 50,000 Acres in 1922

Reclamation in time for 1922 crops of approximately 50,000 acres of land in the district known as the Hansen butte, situated above the main canal of the Twin Falls canal system...

Others May Appeal Presentation of these petitions, which are signed by 125 land owners representing approximately one-half of the land proposed to be reclaimed...

Construction Planned Promoters of the district are understood to have executed an agreement with Denver firm which will undertake to construct the irrigation system and install and equip necessary power plants...

Water supply is to be obtained from storage in the proposed American Falls reservoir; but it is announced, construction of this reservoir is not an essential requirement and water will be obtained from other sources if its construction is delayed.

OUR COAL MAKES HIT Twin Falls Coal & Feed Co. Successors to Starbuck's Coal Co.

NO RAIL CARS ARE AVAILABLE TO MOVE WHEAT, COUNTRY SUFFERS

Urgent Appeals are Made to Commerce Boards for Rolling Stock to Serve This District in Getting Crop to Eastern Market—Farmers, with Full Bins, are Without Cash Resources

Appeal to the interstate commerce commission by Congressman Allison T. Smith, and by practically all the banks of this district to the public utilities commission at Boise, has been made for relief from the present situation, which is said to be so dire as to threaten the economic condition of the entire lower end of the state of Idaho.

In the appeals which were addressed to the bodies mentioned today, the fact is made to stand forth that lack of cars to move crops has caused the filling of all storage plants and elevators without cash return to farmers of the community.

In his telegram to the interstate commerce commission Congressman Smith states that 3,000,000 bushels of wheat must be held in the Twin Falls district because cars are not available to haul this crop to market. The bankers appeal for relief on the ground that the condition is causing a financial stringency, bringing special hardship upon the farmers and threatening the prosperity of the whole district.

Congressman Smith's telegram reads: "Am reliably informed that the three million bushels of wheat that are being harvested on the Twin Falls tract cannot be moved to market because of lack of cars. Elevators cannot purchase and store and the farmers have no facilities for taking care of the crop and cannot borrow money to pay pressing bills for threshing. In order to have the crop and relieve the farmers of their pressing financial needs, it is absolutely essential that at least 50 cars a day be made available for wheat shipments on the Twin Falls tract alone. Similar conditions exist in other grain growing sections of Idaho. Please wire what relief can be afforded."

GROWERS ARE URGED TO GATHER SEED SPUDS NOW—MANY WANTED

In a statement urging that potato growers of Idaho "get out and see" potatoes now, E. R. Bennett, field horticulturist of the University of Idaho extension division, says that 1000 cars of seed will be required to plant Idaho's next year's crop of potatoes, and that farmers must begin to select the tubers they will plant.

of the infection did not show the disease at all. Seed from this field was planted on many different farms in that county, and the seed looked good, but there is now a high percentage of blight in every one of these fields that have well developed cases of 'black-leg.' Rhizoctonia and fusarium are both also common. The rhizoctonia and to a lesser extent fusarium are always with us, but we must not encourage either of them by planting seed known to be infected with them. We also have several other insidious and elusive though none the less dangerous diseases, showing up here and there in our fields. The most common of these in the entire, causing plants to have white patches on their leaves. It is not fatal, but it does reduce the yield of the tubers of that plant—and we don't want it. We find in many fields, especially of the Idaho Rural variety, many plants with small, weak stems. The lower leaves get a rusty appearance and fall off. The plant continues sickly all season and makes less than half a yield. The disease comes back the next year in greater numbers. We don't want it. Among the Gems this year we find in many fields a great percentage of weak, dwarfed plants. Many growers attribute this to dry weather at planting time. They are wrong. These plants, traced back to the seed, show many tubers there instead of sending out normal sprouts. Developed only weak, spindly sprouts, the size of a darning needle. This is the 'spindly sprout' disease. We don't want it.

Fair Weather is Predicted; Rain Falls Generously

The 112 southwestern gales of the form last night, but overplayed his hand. The prognostication was for fair Friday night; it rained. In fact, during the official prognosis, Twin Falls got the most abundant shower during the late nocturnal period recorded for many weeks. The total precipitation was .018 inch. A drop of two degrees was noted in yesterday's high temperature as compared with 75 on the day prior; while night low was two degrees higher. Rain will probably feature tonight's weather. The predictor announces: "Fair." Saturday fair and warmer.

DRIVES OVER BANK BUT IS UNINJURED

While on her way to the farm, several miles south of Twin Falls, Mrs. Robert Reed drove her automobile over the road embankment and narrowly escaped serious injury. The top ribs of the car saved her. The accident occurred on the highway—about three quarters of a mile south of the South Park grocery store. Mrs. Reed, it appears, attempted to pass a hay rack on the grade, and in so doing drove over the edge of the grade. Her car slipped and then turned over. The occupant sustained no material injury, and the car was not badly damaged. N. W. Arrington, a highway district foreman, rescued Mrs. Reed and brought her to Twin Falls to be cared for by friends.

CITIZENS' RAILROAD ASSOCIATION FORMED

Asher B. Wilson is Named President of Company to Push South Line Plans

The first charter meeting of the association of citizens of Idaho and Nevada for the purpose of constructing the railroad from Rogers, Idaho, to Wells, Nevada, was held in Twin Falls yesterday. At this meeting the following officers for the association were elected: Asher B. Wilson, Twin Falls, president; E. F. Gray, Contact, Nev., vice president; J. H. Barker, Buhl, treasurer, and C. S. Beatty, secretary.

Perfection of this organization is the culmination of the efforts of the people of Idaho and Nevada for the past half year to outline a concrete plan for securing the railroad outlet to San Francisco.

Already the Idaho Central Railroad company of which George L. Davis is president, has been incorporated and is ready to sign the contract for building the proposed railroad and has a bond for \$25,000 on hand ready to deposit as an assurance of good faith in its intention.

The directors of the association yesterday voted to begin to raise the actual bonus fund September 15 which, when raised, will guarantee the beginning of construction work on the railroad.

By-laws adopted by the association at yesterday's meeting provide a plan and method of handling the bonus funds so that no money will be given to the builders until the railroad is actually completed and in operation.
