HARDING URGES GOVERNMENT AID IN RECLAMATION

Pictures Western Country as a Wonderland Holding Possibilities in Period of Food Shortage; Quotes Roosevelt

MAHON, O. (P)—More federal aid in reclaiming and conserving the nation's natural resources, particularly in the west, was advocated by Senator Harding today in an address here to a group of republican governors.

The nominee pictured the western country as a wonderful holding undeveloped possibilities of great value in the present period of food shortage, and suggested that former service men might be furnished homes on reclaimed western lands.

Quotes Roosevelt Policy
Quoting Theodore Roosevelt's reclamation policy, Senator Harding declared one of the greatest tasks in the immediate future was to take up again the reclamation and conservation work fostered by Roosevelt and neglected since the democrats came into power.

"There is an undeveloped mountain west awaiting the touch of genius and industry," said Senator Harding, "and there are doubtless thousands of service men who would be glad to turn to this most desirable development very much as service men did in the after-period of the civil war."

Offer Unlabeled Contributions
"There are, of course, differences in opinion as to the manner in which we are not so ready to answer man's call as the prairies; but with a helpful policy on the part of government these lands can be made available for limitless contributions to the sustenance of the republic and the compensation of those who participate in developing them."

Intensive industrial development and the concentration of population in cities cannot go on unless we have an expansion of the food supply upon which they depend for sustenance.

Denies Validity of Alleged Quota List or That Secrecy Surrounded Raising of Fund.

DEMOCRATIC CHIEFS ADMIT POVERTY AND EXPECTATION TO SPEND \$4,000,000

CHICAGO, (P)—Denial under oath that he had ever seen, heard of or ordered made up the list of campaign quotas assigned to various cities as charged by Governor Cox in the latter's recent speech at Pittsburgh, was made today by Fred W. Uplham, treasurer of the republican national committee, in testimony before the senatorial committee investigating campaign expenses. Chairman Kenyon of the committee, called attention to the list, saying it totalled more than \$8,000,000.

"The first time I ever saw the list was in the newspapers the day after the Cox speech," said Mr. Uplham. "Furthermore, no one in my office made up such a list with my knowledge or consent."

Mr. Uplham also denied flatly that the official bulletins issued from his office to field workers engaged in raising the republican campaign fund were secret or counseled secrecy. He pointed out that the only prohibition in that respect referred to publishing lists of contributors in local newspapers.

"Such a list was published in one city," he said, "and several persons objected to seeing their names in print."

Denies Subterfuge
Early in his examination Mr. Uplham denied that there had been any cases of subterfuge in connection with the limitation of individual campaign contributions to \$1,000.

Mr. Uplham made the total receipts of the committee for its own purposes \$1,374,034.81.

NINE ARE DEAD AS RESULT OF BELFAST RIOT

Ominous Signs of Further Trouble Usher in New Day in the Irish City; Troops Hold the Strategic Points

BELFAST, (P)—Nine persons are dead as a result of yesterday's rioting in this city, another man being killed last night and two of those wounded in yesterday's disorders dying.
Revised reports as to casualties show that since the rioting began last Wednesday, 20 have been killed.

Soldiers Post Guard.
Knots of soldiers held strategic points in the affected areas during the night.
Ominous signs of further trouble ushered in the new day in riot torn Belfast. The only actual outbreak reported early this forenoon was the sniping of employees of Mackie's foundry in the notorious Kilmuir road district.

Never in the history of Belfast was there such disorders as prevailed yesterday. Mobs fought with wild fury, women mixing with the men in the melée.
Girl workers fought like wild cats in one place, earlier attacking each other as they were going to work. Unholy women charged on a number of nationalist girls in Cork street, while the nationalists made an attack on unionists in the Falls road district.

Martial Law Rumored.
The districts were placed under curfew ordinance last night and there were rumors that martial law would be declared but nothing definite.

HIGHLANDERS LEAVE DUBLIN

DUBLIN, (P)—Camden Highlander troops—the first Scottish rifles—went on board special trains here this morning and it was believed they were being sent to Belfast.

GOVERNMENT WILL DROP BIG RAILROAD EXPENSE

Carriers to be on Own Resources after Law's Expiration at Midnight
WASHINGTON, D. C., (P)—Estimated to have cost the government one hundred million dollars monthly for the past six months, the clause of the transportation act which guarantees earnings to railroad owners, will cease to be effective at midnight tonight and the roads again will be on their own resources. Further loans from the government, however, will be available from the revolving fund created by the act.

The Bureau of railway economics has estimated that since the carriers were returned to their owners on March 1 their earnings have been six hundred million dollars below their standard return.

ANNOUNCES ITINERARY FOR COX'S TRIP WEST

NEW YORK, (P)—The latter half of Governor Cox's western speaking tour, as announced here today by Senator Pat Harrison, chairman of the speakers bureau of the democratic national committee.
The governor's itinerary, after leaving Cheyenne, Wyo., September 25, calls for fast traveling with many speeches, most of them from the rear platform of his private car.

Leaving Cheyenne on the 29th, he speaks at Kearney, Grand Island, Columbus, Fremont and Omaha, Neb., on the 27th. The remainder of the trip, with dates of speeches, is as follows:
September 23, Mitchell, Salem and Sioux Falls, S. D.; 24th, St. Joseph, Mo.; 25th, Hutchinson, Newton, Wichita, Kansas; Oct. 1, Enid, El Reno, Oklahoma City and Tulsa, Okla.; 2nd, Joplin and Kansas City, Mo.
The Kansas City speech is the last of the western swing.

LAKE IS NOW DISAPPEARING

Volcanic Disturbances Believed to Cause Draining of Basin
ALBANY, Ore., (P)—Panella lake, near the summit of the Cascade mountains, is being drained rapidly through what forest service officials believe is widening of subterranean outlets by volcanic disturbances, according to word brought here today.
Efforts to stop the leaks by carpentering the lake bottom with stones and fir boughs will be made immediately, it was announced.

ASSERT ANTI-SOVIETS NOW ONLY HOLD CRIMEA

Kamenoff Quotes Moscow Dispatch Telling of Defeat of Opposing Army in the Province of Kuban

RUSSIANS OCCUPY TOWNS IN FIGHTING AGAINST POLES ABOUT BREST-LITOVSK

LONDON, (P)—Anti-Bolshevik forces landed in the province of Kuban, east of the sea of Azov, by General Baron Wrangel, have been "completely annihilated," says a statement issued here late last night by M. Kamenoff, head of the Russian Bolsheviki trade delegation in this city. This statement was based on a telegram which M. Kamenoff received from Moscow early in the evening.

RUSSIANS CLAIM OCCUPATION OF TOWNS ON NORTH SECTOR
LONDON, (P)—Russian Bolsheviki forces, fighting against Polish forces north of Brest-Litovsk, have occupied a number of villages from 10 to 20 miles southeast of Bialystok, says a wireless dispatch from Moscow received here today, quoting an official statement issued there yesterday.

Heavy fighting, which is declared to be favorable to the soviet armies, continues in the vicinity of Lemberg and Peremyal, in Galicia, while in the Orlovskoy region, the Vladimir Bolsheviki troops have occupied the town of Bielz and a number of villages north of there.

BOLSHIEVIKI SAY SEMENOFF WOULD JOIN SOVIET ARMY
LONDON, (P)—General Semenov, the anti-Bolshevik Cossack leader, in eastern Siberia, has applied to Leon Trotsky, Bolsheviki minister of the war and marine, for permission to join the Russian soviet army, says a Moscow dispatch quoting reports printed in the newspaper Izvestiya of this city.

SEMENOFF RAISES ARMY TO FIGHT SOVIET, REPORT AVEBS
HARBIN, (P)—General Semenov, who succeeded Admiral Kolchak as head of the anti-Russian government here, according to reports current here begun organization of a green army, with which to support the reported insurrection of peasants in western Siberia against the soviet government.

SUFFRAGE VOTE IS UNDER FIRE

Tennessee House of Representatives Votes to Reconsider Ratification
NASHVILLE, Tenn., (P)—The Tennessee house of representatives today, by a vote of 47 to 24, adopted a motion to reconsider the action of the house of the suffrage ratification resolution, and then by a vote of 47 to 24, with 20 members not voting, adopted a motion to non-concur in the action of the senate.

The action followed directly upon the assembling of the first quorum in the house since Friday, August 20.

IOWA IS SHORT OF COAL

Nearly All Small Towns of State Almost Destitute of Fuel
DES MOINES, Ia., (P)—Nearly every small town in the state, with the exception of mining centers is almost destitute of coal, according to answers to a questionnaire sent out by the state transportation committee here Monday by Speaker Walker that there was no quorum present.

Most of the large cities fare better.
SALT LAKE RAM SALE OPEN
Stockmen from All Over Intermountain Country Attend Auctions
SALT LAKE CITY, (P)—The fifth annual ram sale, at which purebred sheep are auctioned, opened here Monday under the auspices of the National Wool Growers' association. Stock men from all parts of the intermountain region are attending the sale and by Thursday when the auctions stop it is estimated upward to 3000 sheep will have been sold.

NEGOTIATIONS AT MINSK ARE INTERRUPTED

Polish and Bolsheviki Delegates Leave Both Sides Planning to Resume Conferences within a Week, Probably at Riga

WARSAW, (P)—Both the Polish and Russian soviet delegates plan to resume the peace negotiations within a week, probably at Riga, reports says a wireless message from Minsk tonight.

WARSAW, (P)—Peace negotiations between the Polish and Russian delegations at Minsk have been interrupted, according to a wireless dispatch received here. Most of the Polish delegates have left Minsk for Brest-Litovsk, while the Bolsheviki representatives have gone to Moscow, both sides planning to resume the conference within a week, probably at Riga.

Moscow Reports Suspicion
LONDON, (P)—Representatives of both the soviet and Polish peace delegations at Minsk have been sent to their respective capitals to consult their governments regarding any proposed transfer of the negotiations to another place, according to a wireless dispatch received today from Moscow.

WARSAW, (P)—Lettvia has agreed to permit Poland and soviet Russia to transfer the Minsk peace conference to the Poles. This was done on request of the Poles.
MEXICO TAKES STEPS TO CURB REDS' ACTIVITIES
Warrants for Arrest Asked in Case of Alleged Bolsheviki Propagandists
MEXICO CITY, (P)—Warrants for the arrest of three persons, charged with disseminating Bolsheviki propaganda in Mexico, were asked of the federal district court by an agent of the public prosecutor yesterday afternoon. The persons named are a German named Tabler, who came to this country from the United States; a Mrs. Linn and A. E. Gale, who was connected with a print shop where the Bolsheviki literature was printed, it is alleged. This literature was distributed in barracks and factories and called upon soldiers and workers to unite in a movement intended to bring about a dictatorship by the proletariat. A similar Bolsheviki campaign has been discovered at Monterrey, according to press reports from that city.

CORK MAYOR STILL LIVES
Spends Restful Night but Sister Declares End May Come Momentarily
LONDON, (P)—Terence MacSwiney, lord mayor of Cork, who has been on a hunger strike since August 12, was still alive this morning, but his sister, Mary, who visited him, said he was growing weaker and "that the end may come at any moment."

He spent a restful night, however. An official who saw MacSwiney early today described his condition as being like that of a "man on a precipice, adding that "the slightest breeze might blow him over at any time."

TEUTONS KNOCK FOR ADMISSION TO NEW WORLD

Continuing Restrictions Against Immigration of Germans and Austrians Taken Stoically or with Impatience

WASHINGTON, (AP)—Many Americans of German or Austrian descent throughout the United States are constantly inquiring of any source of information whether the time has yet arrived when their own and peoples in those countries can come to America and what restrictions are imposed upon such immigration.

Some are patiently waiting until all restraint is lifted when the United States and Germany shall have made peace. Others betray impatience because nearly two years have elapsed since the termination of hostilities and the ban has not yet been raised.

War-time Barrier Stands

Those who appeal to the state department have been informed that citizens of Germany and Austria may obtain admittance to the United States only through circumstances of compelling appeal, under regulations laid down by that department. They are told that war-time restrictions against enemy aliens still hold good and that Germans and Austrians must apply to American diplomatic or consular agents abroad or to the state department direct for visa of passports permitting temporary admission to this country. Under unusual circumstances such visas may be continued indefinitely after the aliens reach the United States.

Germans and Austrians who may obtain authorization to enter the United States must fall within the following classifications:

- Business men who can prove conclusively that their visit will be of advantage to American business interests. In such cases letters of recommendation must accompany the application from an American firm establishing the necessity for the visit.
- Aged parents of naturalized American citizens when it is clearly proven that such parents are dependent upon their naturalized American children for their support.
- American born women who have married German or Austrian citizens.
- Relatives of naturalized American citizens who can prove their dependency upon such citizens.
- Army Service Privileges.

Service in the German army is held to preclude admission of any German citizen who might claim right of entrance under any of the foregoing circumstances.

Because of the absence from Germany and Austria of American diplomatic and consular officials pending the establishment of peace between the United States and those countries German and Austrian citizens find it difficult to obtain an American visa for a passport. Those desiring to visit the United States must either go to a country in which there are American diplomatic or consular representatives or must communicate directly with the state department in Washington.

Only 52 Germans and 54 Austrians were admitted to this country in 1919, the first year following the world war. In 1914 the total number of German immigrants coming to the United States was 35,734, and the total of Austrians was 274,162.

IDENTIFIES CAROB TREES

Specimens on California Ranch are "Broadfruit" Bearers of Bible

GRIDLEY, Cal., (AP)—Two "carob trees, on the ranch of J. A. Yoncum, Jr., near here, are the same as those spoken of in the Bible as the "breadfruit tree," according to a report received by Yoncum from the United States department of agriculture. The department's report, sent in answer to a query from Yoncum, said that although there were several carob trees in this country, none were of the sameness as those found on the Yoncum ranch. The fruit of the tree, it said, was really a "bean."

Chamberlain's Ointment and Diarrhoea Remedy. This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of cholera and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.—adv.

United States Sends Admiral to Danzig

Rear Admiral Harry L. McHose, commanding all American naval forces in European waters, has been instructed to proceed from London to Danzig, according to a report from Washington. Admiral McHose proceeded at once on the armored cruiser Pittsburgh and will report on the necessity for further American naval forces at that port. Admiral McHose has been given authority to divert the cruiser St. Louis and six destroyers about to start for the Black Sea to Danzig and is authorized to summon any additional ships now in Europe the crisis at Danzig may require.

DEFECTIVE TEMPERATURE GAUGES PROVE EXPENSIVE

Los Angeles Chamber of Commerce to Test Thermometers for Benefit of Citrus Growers

LOS ANGELES, (AP)—Inaccurate thermometers have caused citrus growers as much loss as the Los Angeles Chamber of Commerce, according to Dr. Ford A. Carpenter, of the department of meteorology and astronomy of that institution, has decided to open a new department where the instruments may be tested.

The chamber has received from Washington, D. C., a thermometer which was in the testing room six months. With this as a standard, instruments sent in by citrus growers will be tested for each degree from 30 to 100. The variance at each point will be noted and recorded for the benefit of the grower.

It is stated the chamber will be the only station outside of Washington, D. C., to give this service, and it is expected many growers throughout southern California and perhaps in other sections of the state will take advantage of it.

"The loss of an entire crop may result from the faith of the growers in a thermometer which is registering at the freezing point when it may be colder," said Dr. Carpenter.

PLANES FOR FISH PATROL

Aerial Watchmen to Guard Dominion Waters Against Poachers

VANCOUVER, B. C., (AP)—Aircraft are to be used by the Canadian dominion government to work from Vancouver on a patrol of British Columbia fishing waters. Colonel J. H. Cunningham, government inspector of fisheries, announced recently. Poachers or fisherman using illegal methods will be sought out by the aerial patrols. Colonel Cunningham said the cost of the aerial patrol would not be as great as the cost of the launch patrol operated at present.

GEORGIA WOMEN TO VOTE

Attorney Gives Right to Take Part in Primary as well as General Election

ATLANTA, Ga., (AP)—Women of Georgia have a right to vote in the state-wide primary on September 8, as well as at the coming general election, according to an opinion submitted to Governor Dorsey today by R. A. Bennett, state's attorney-general.

The attorney general held that women could not register because they cannot take the oath prescribed for male citizens, but that they could not be prevented from voting under the suffrage amendment.

BETS AGAINST HARDING GO BEGGING ON COAST

Victory of Former Governor Willis in Ohio, Spells G. O. P. Victory

SAN FRANCISCO (Special to The News)—Recent primaries in Ohio have eliminated the chance for substantial sums being wagered in California on the Ohio November result. The victory of former Governor Frank H. Willis for the republican nomination to the United States senatorship by a fifty times greater majority than that given W. A. Johnson of Cincinnati, the democratic nominee, spells certain victory for Senator Harding, according to political students.

No more wagers are to be had in California. Before the Ohio primaries, W. H. Orr of Cincinnati, president of the National Retail Shoe Dealers' association, sent some few thousands of dollars to A. Katschinski, proprietor of the Philadelphia Shoe store here, to place in the betting resorts that Senator Harding would win Ohio. Katschinski succeeded in placing \$2500 before the Ohio primaries disclosed the trend of Ohio politics. Orr now admits to Katschinski that he sent the money but here because it was impossible to get any takers for such a wager in Ohio.

Orr was under the impression, according to his word to Katschinski, that Cox supporters at the San Francisco convention had effectively left the impression that Cox was a sure winner against Senator Harding in Ohio. Katschinski is still holding \$5000 of Orr's money to wager on the Ohio result, according to rumors in sporting circles.

COMMITTEE RECOMMENDS DRY REGIME FOR SWEDEN

Report Advises Prohibition of All Drinks Having Alcoholic Content Exceeding 2.8 Per Cent

STOCKHOLM, (AP)—Prohibition of all drinks having an alcoholic content exceeding 2.8 per cent is recommended in a report of a government committee appointed in 1911 to consider the liquor question.

In addition, the committee proposes that absolute prohibition be submitted to a vote of the people and made effective if three-fifths of the electorate favors it.

Among the 13 members of the committee were eight avowed prohibitionists. The remaining five, including Dr. Bratt, dissent from the majority report, which refers to "the splendid results of prohibition in America."

ROAD BUILDING PROGRAMS INVOLVE LARGE FIGURES

Combined Federal and State Expenditures May Reach \$250,000,000 During Current Year

WASHINGTON, (AP)—Combined federal and state expenditures for road building may reach a total of \$250,000,000 during the current fiscal year, according to Thomas H. MacDonald, chief of the bureau of public roads, department of agriculture.

The last installment of federal aid funds totaling \$100,000,000 became available last July 1. Three quarters of this appropriation was derived from the 1919 appropriation and \$25,000,000 was provided from the original appropriation in 1916.

TURK NATIONALIST CHIEF UNDER PHYSICIANS' CARE

Mustapha Kemal Pasha Ill of Chronic Malaria, Refuses to See Foreign Visitors

CONSTANTINOPLE, (AP)—Mustapha Kemal Pasha, head of the Turkish nationalist government at Ankara, is ill of chronic malaria, his condition being made worse by worry and overwork. Physicians are in constant attendance. He refuses to see many foreign visitors, partly because of his health and partly because of a feeling that he has nothing to gain from them. He is quoted as saying, however: "I will fight to the end of the world."

MACK SAYS HE HAS TEAM AT LAST HE CAG STAND PAT ON

Infield Stars' Pitching Staff Looms Strong, and Taken Altogether Athletics are Best Bunch Under Connie's Wing Since the Championship Days of 1914

By J. C. Isaminger PHILADELPHIA (Special).—For the first time since 1914 Connie Mack is actually pleased with his athletic team. He goes so far as to say that he wouldn't think of touching either his infield or his outfield. Mack also has his regard for his curving corps. With Parr, Rommel, Keefe, Naylor, Harris and Moore available, he is not worrying about his flingers. He expects Rommel, Keefe, Harris and Moore to be waddlers with another season's experience. Rommel has been pitching most seasonally and shut out the champion White Sox in the first game of the series here. This big International League rookie would have won for Mack from the start this year had it not been for illness late last winter. He was convalescing from appendicitis when it was time to go south last spring and reported weak and twenty pounds underweight. As a result, he came out very slowly. This year's race was half finished before he was well and strong enough to take a regular turn on the hill. When he regained his normal weight he started to turn in victories for the Athletics. Mack's infield continues to scandalize. Never has there been a grandstander in better style since Dugan was shifted there. Joe plays a wonderful game at second base and at third he is equally as flashy. Every day he makes spectacular plays. He gets everything on the shortstop side of his position and can't be tied down in coming to making rapid-fire plays on bunts. SHANNON HAS FOUND HIMSELF. Shannon has been a big help in the infield since he joined the Men-men. He covers shortstop far better than it was expected he would do. Shannon's career seems to be something like George Weaver's. He has made numerous errors in his early trials, but finally found himself and settled into a useful, reliable player. Dykes at second makes all sorts of hard plays look easy. Griffin has shown in the general improvement of the team and is starting to hit and field the way it was expected of him. The White Sox won two out of three games from the Mackmen in the series and I don't believe any other team in the circuit could have done it excepting the Sox for the Mackes played without a wind ball. Faley beat Sid Harris in the first game of Friday's double header and Dick Kerr outleaved Perry in the second game, which went to the Sox on merit as well as by a technical forfeit. The Sox had to go the limit to win these two games, however. Joe Jackson batted home nine runs in the two games and about was the MVP of the champions. Jackson doesn't get the press notices that Ruth receives this year, but it is hard to see where he could be improved on. Benjamin F. Shible, the venerable president of the Athletics, figured in a painful auto accident here Friday. Mr. Shible has virtually been an invalid for several years and was accompanied by a trained nurse he is taken out riding. While on a suburban road, his machine was rammed by a big power car that suddenly shot from a blind thought. The Shible car was knocked over and Mr. Shible was extricated with some difficulty. He was taken to a hospital and luckily it was discovered that he sustained only minor bruises and he would soon be able to leave the institution. As Mr. Shible is 83 years old, there was a fear at the outset regarding his condition, which later however were happily allayed. As Philadelphia Knows Mays. The death of Ray Chapman caused a profound shock in Philadelphia. While this speaker himself counseled his friends to take no unfair advantage of the plight that the shortstop's death put Hickey Mays in, local newspapers could not refrain from recalling at least two incidents in which Mays figured in this city. In 1916 Mack signed a young southern slugger named Thrasher and the youth started the season with every prospect of success until the Red Sox came along and Mays accidentally hit Thrasher in the head with a pitched ball. The rookie was back in the minors in a few weeks. Mays was kept out of Philadelphia for more than a year because of a neck ailment which he was unable to justify. On the afternoon of Memorial day in 1919 some fans during a rally pummeled the tin roof over the Boston dugout. Angered, Mays leaped over the railing and hurled it full speed into the crowded grandstand. That same spectator was not seriously hurt was a miracle. As it was, Bryan Hays, a man, had

a narrow escape. The ball hit him in the head, but his straw hat broke the force of it and Hays escaped with a headache. However he obtained a warrant for Mays' arrest and Carl stayed out of Philadelphia until June of this year when Mays withdrew the warrant at the request of Connie Mack.

Johnson Doesn't Approve Strike Plan of Players

American League Head Says Folks Must Be Nice to Pitcher Mays

NEW YORK, (AP)—Agitation for a strike against Pitcher Carl Mays of the New York Americans has been ordered stopped by President Ben Johnson, according to an announcement by Colonel Jacob Ruppert, an owner of the New York club. After the death of Ray Chapman, Cleveland shortstop, which resulted from a ball thrown by Mays, it was reported that several clubs had discussed the possibility of a strike against Mays. Johnson, however, is said to have been inaugurated by the Cleveland club since the accident. Mays has pitched games against Detroit and Chicago, and with the order now sent by Johnson, prohibiting further action against Mays it would appear that the fatal accident is now a closed chapter. Should any club, however, violate the order of President Johnson and refuse to play in games with Mays, authority is given to the American League to take the Yankees, which under the circumstances would involve a heavy fine, according to the rules.

Famous Shortstop who was Killed by Pitched Ball

Ray Chapman, star shortstop of the Cleveland American League team and reputed one of the greatest players in the game, who died in a New York hospital after he had been struck on the head by a fast inshoot thrown by Pitcher Carl Mays, of the New York American League team. The accident occurred during a game at the Polo Grounds. Chapman's skull was fractured by the force of the blow. He was carried from the field in an unconscious condition, and all available surgical skill was employed to save him. Chapman has been the victim of many accidents during his major league career. In 1916 he broke his leg. This is the first time in the history of professional baseball that a player has been killed by a pitched ball. Chapman was born at McHenry, Ky., on January 15, 1891. He has been a member of the Cleveland team since 1912. He played first professional baseball at Mount Vernon, Ill., in 1909, and the following year he went to Springfield, Ill. From there he went to the Three I League, played with the Davenport team. He won his first trial with Cleveland in 1911, but was sent to the minors for more seasoning and recalled by the Indians the following year. From that time until his death he was one of the infield stars of the game. His hitting and playing throughout this season was a factor in keeping the Cleveland team in the fight for the pennant. Chapman was married last year to Miss Katherine Daly of Cleveland, daughter of M. B. Daly, president of the East Ohio Gas Company.

Scrappers Take Things Easy in Training Camps

Miske and Dempsey Enter Final Stages of Conditioning for Title Fight

BENTON HARBOR, Mich., (AP)—After a 24-hour layoff, Jack Dempsey and Billy Miske today entered the final stages of training for their ten-round heavyweight championship contest scheduled to be decided here next Monday afternoon. Neither Dempsey nor the challenger did any boxing yesterday for fear of going "stale," but they plan to resume their full boxing program at their respective camps this afternoon. Dempsey's staff of sparring partners was increased to four with the arrival of Harry Greb, the Pittsburgh lightweight. The wound over Miske's left eye is healing nicely. Dempsey weighed 189 1/2 pounds after his last workout and figures standing at 187 at ringtime next Monday afternoon.

Minor League Champions Not to Play Series

Coast League Proxy Declines to Have His Champ Engage St. Paul Club

CHICAGO, (AP)—There will be no series this fall between the pennant winners of the American association and the Pacific Coast champions. Thomas J. Hickey, president of the American Association, said today. Mr. Hickey said that he had submitted a copy of a contract for the series this fall to W. H. McCarthy, president of the Pacific Coast league, with the understanding that the club owners and officials would accept or reject its terms. This morning Mr. Hickey received a telegram from Mr. McCarthy and announced the series was off. MODIFIERS RUMBLER BULING. SAN FRANCISCO, (AP)—The order of William McCarthy, president of the Pacific Baseball league, suspending William Rumbler of the Salt Lake City club for a month for a fight was recalled last night and instead McCarthy suspended Rumbler for a period of five years. It was explained that the change was made because the league constitution empowers the president to suspend a player or team manager only for a definite period.

GRAND CIRCUIT RACES

BOSTON, (AP)—The fastest mile trotted by 2-year-olds was made at the opening of the grand circuit races at Revere yesterday when the Ohio trainer, Charles Valentine, drove the chestnut colt, Bogalusa in 2:08 in the second heat of the Course Breeders' trot. He finished first in the initial heat but on account of running under the wire was set back to second place and the heat was awarded to Nelson Dillon. The history of Nonopett stake for 2-year-olds was the only event finished on yesterday's program, rain falling in torrents just after Will Crozier substituting for Tom Murphy had won the deciding heat with John Henry, Sept 24. Walter Cox the first heat of the Boston stake for 3-year-old trotters with the Great Morris, but his filly went to a wild break the second time out and was abandoned. Both heats were run in 2:11 1-4. Pace races and the two unfinished events on today's card will be held up for decision tomorrow.

HEARING FAILS TO FIND PROOF OF COX CHARGE

First Day Sessions of Senate Committee Investigating the Campaign Expenditures Discloses No Trace of Corruption

CHICAGO, (AP)—Fruitless search for trace of the \$15,000,000 fund which Governor Cox charged the republican party was seeking in "an attempt to corrupt the American electorate and buy the presidency," and the result of the first day's session of the senate committee investigating campaign expenditures after examining at length, Wm. Hays, republican national chairman and Hon. E. C. Cummings, July 20, the democratic national chairman.

Budget Less Than \$3,000,000. The committee also heard Representative M. D. Flood of Virginia, chairman of the democratic congressional campaign committee, and former Representative J. L. Rhinock, of Kentucky, treasurer of the committee. The outstanding points in the maze of figures through which the committee struggled were testimony by Mr. Hays that the republican national committee's budget for the presidential campaign called for expenditure of \$9,979,937.20. He testified that the committee, allowing for the increased cost of the printing, clerical hire, rents, transportation and all the necessities of a national campaign, a national committee should be able to stage a fair, decent and stiff campaign with a budget of \$3,000,000. With that amount of money, he said, the national chairman need not worry over finances.

Million Dollars for States. Mr. Hays also testified the republican national committee was seeking to raise approximately \$1,000,000 to be donated to the various committees for the local campaigns. He testified that the republican national committee had raised slightly more than \$4,000,000 in the republican campaign chest for all purposes.

Mr. Cummings declared he believed this was excessive and pointed to the 1916 campaign, saying he learned in his home state of Connecticut the republicans spent \$250,000 in that year. He considered this was too much for a commonwealth of that size.

Neither chairman knew of any large individual contributions and Mr. Hays was rather positive that the republican plan to limit individual contributions to \$1,000 was being carried out successfully. He cited the thirty-eight exceptions to the rule, the largest being for \$9,000, two for \$4,500 each and the other thirty-five for lesser amounts. Mr. Cummings testified that the committee was actually poverty stricken when he assumed that office. He said he had a net indebtedness of slightly more than \$100,000.

Would Welcome Control. The two chairmen agreed that legislation looking to federal control of the presidential campaigns was desirable. Senator Cummings said he had no power at present because the supreme court had held that presidential elections were state officials.

A suggestion that a constitutional amendment might be necessary to give congress oversight of presidential campaigns brought from Mr. Hays a proposal that the parties might unite in an effort to obtain such a change in the basic law.

Earlier in the day Mr. Hays had hoped that this committee will recommend the passage of a bill regulating primary election expenses in national congressional and senatorial campaigns. He also favored a law providing for federal officers held on a single day in every state.

Democrats Need Funds. Representative Flood estimated that \$220,000 would be required by his democratic congressional committee to conduct its efforts properly. He presented evidence to show that he had received only \$8,700. He turned the money over to the democratic national committee, he said, and expected that committee to finance his congressional campaign.

GOVERNORS ARE HARDING GUESTS

Republican State Executives Hear Nominee's Address on Reclamation

MARION, O., (AP)—Republican governors had their turn today on Senator Harding's front porch calendar, journeying here to hear an address by the nominee on the possibility of giving form to the nation's reclamation government lands.

The need of an after-war reconstruction policy in rebuilding the industry and open new fields of enterprise, particularly in the west, was stressed by Senator Harding in the address. He touched on the possibility of giving form to the nation's reclamation government lands. Fourteen states were represented in the list of visitors. Their reception was timed for shortly before noon. Later they were guests at the G. A. R. picnic.

COX SAYS

(Continued from Page Four) 000, that the "quota" should be added, and that a minimum of the hundred thousand dollars was to be sought in the size of St. Louis, Cleveland and Detroit.

Claims Proof of Untruth. "Contrasting this official document from the republican national headquarters," Governor Cox said, "with the statement Mr. Hays yesterday made on the subject, I cannot believe a single word he says on this subject. There has been caught in his own trap is evident."

HAYS ADDS NOTHING TO EVIDENCE AND RECORDS

Republican National Chairman Replies to Cox by Pointing to Testimony

CHICAGO, (AP)—Candidate Cox runs true to form and his statements are false," said Wm. Hays, republican national chairman, when shown Governor Cox's statement made at Columbus, Ohio, last week.

"The senate committee has the evidence and the records which speak for themselves," Mr. Hays said. "These show that the republican national committee has contributed since the convention with an average contribution of \$32.11 each. Eight of these are over \$1000 and none over \$2,000. During the convention 19 months before the convention there were 19,515 separate contributions."

"Of these 19,515 contributions there were 20,000 that were not included. After the limit was suggested two gave more than \$1000 before the rule was suggested. The average contribution of the whole 19,515 was \$30.13. This makes a total of 39,515 contributions with an average of \$62.30 coming from all states. Candidate Cox runs true to form and his statements again are false."

Women Pickets Induce Liberty Men to Quit Work on Lines Loading for London

BOSTON, Mass., (AP)—The unauthorized strike of longshoremen against the British flag, in protest against the English attitude toward Ireland, was extended to this city today when women pickets induced the crew of 60 Liberty men who were on the steam liner Nitonian, loading for London.

Germans Again Use Deception in Trade

WASHINGTON, (AP)—Germany is dumping its surplus of inferior goods in the United States and England and is marking its exports to Great Britain with the "made in Germany" and "made in England," official advices received here today stated.

HARDING URGES

(Continued from Page One)

"We have come to the time when the problem of our far west is one of wisely directed development, rather than of too much conservation, or, perhaps, to put the thought more accurately, bringing about of a degree and character of development which will constitute the wise form of conservation."

The only problem in the conservation of waters is to see to it religiously that this great inheritance of the people is not monopolized for private gain in a somewhat different manner, the same principle will apply to our other natural resources. Emphasis must be placed upon the use rather than upon their storage, only it must be use which, while providing for present needs, must keep an ever watchful guard upon their preservation for the need of generations yet to come.

Homes for Service Men.

"We must make our mountain west a country of homes for people who need homes. It has everything that they will need. It is not impossible that thousands of these who battled to maintain American rights in the world will be eager to participate in the development of the wonderful land we are considering today. We owe to them the fullest and widest opportunities, and we owe it to them to give of government encouragement and aid in bringing about the development so much to be desired in our west."

"We have passed the stage when there must be exceptional bidding for pioneer development. It was against preference that Roosevelt raised his voice and exercised the veto power. He started the great reclamation movement and it came none too soon. Roosevelt performed a great service to the nation and what he did for his time we must carry forward to the future."

Method Secondary. "In some places private capital, in others public funds can best do the work that is required. I have no particular preference for either program but I believe in the widest opportunities. The policy that will on the whole best serve the national purpose. I would not hesitate to employ federal credit for certain types of reclamation work, but on the whole I would not stand in the way of having that work done by private enterprises, if this seemed best."

Working with the federal government in reclamation contemplate enactment of uniform laws to aid in financing reclamation work in conjunction with the federal plan. It is necessary to have a lack of unified effort and policy has been a misfortune in the past and the time has come for a fixed and comprehensive program."

PACKERS PLAN SALE OF YARDS

Boston Concern to Take Over Interests Subject to Court's Approval

WASHINGTON, D. C., (AP)—Plans of the "big five" meat packers for the federal plan to acquire recently entered in agreement with the department of justice contemplate sale of such interests in 15 cities of F. H. Prince and company of Boston.

The project was filed today with the supreme court of the District of Columbia, as required by the divorce decree. It plans to buy back twelve acres of land, valued at about \$10 million and forty million dollars. In an accompanying affidavit Frederick H. Prince, head of the Boston company, outlines the purpose of the plan is approved by the court, of organizing a holding company to take over the interests in the stockyards and the supplemental railway connections.

Properties covered in the tentative agreement with Prince and Company include yards and railroads at Sioux City, St. Paul, St. Joseph, Port Worth, Kansas City, East St. Louis, Omaha, Okla. City, Louisville, Denver, Chicago, Pittsburgh, New Orleans, El Paso and Wichita. Swift and Company, the court was informed, was still endeavoring to dispose of small yards at Jersey City, Newark, Milwaukee, Portland and Cleveland, to local interests.

DEMOCRATS IN IDAHO NOMINATE

Congressman Welling Chosen to Oppose Reed Smoot in the Senatorial Race

SALT LAKE, Utah, (AP)—Congressman M. H. Welling of the First Utah district, was nominated by acclamation democratic candidate for United States senator at the November elections by the state democratic convention here Monday. Congressman Welling will oppose Senator Reed Smoot, re-nominated by the republicans last week.

Pledges Wilson Allegiance. The platform adopted declares allegiance to and express firm belief in the principles of progressive democracy, for the league of nations as proposed by President Wilson adherence to the platform adopted by the democratic national convention and pledges support to Governor Cox and Franklin D. Roosevelt, democratic candidates for the presidency and vice presidency.

The sugar issue, according to Congressman Welling, who delivered the keynote convention speech will be the leading subject in the campaign in the coming campaign. He attacked the sugar interests of the state and charged that from that source would come the greatest opposition to a democratic state victory.

Other Nominations. Secretary of state, E. D. Thomas; University of Utah professor; attorney General, S. D. Dobbs of Ogden; justice of supreme court (10 year term), Harold Stevens of Salt Lake; state superintendent of public schools, L. J. Muir of Bonifant.

Democratic congressional candidates, named at district conventions, held at the following places: First district, James P. Funk of Blenheim; second district, M. Thomas of Salt Lake. Thomas is Utah federal prohibition enforcement officer and Funk is a state senator.

BOGALUSA WINS. -READVILLE, Miss., (AP)—Bogalusa, driver of Alabama, won the final heat of the two-year-old division of the Horse Breeder futurity in the race which was unfinished yesterday. The time was 2:14 3/4. Nelson Dillon was second and Belvue third.

Today's Markets

New York Stock Market. NEW YORK, (AP)—Transportation issues were the strong features of today's active and broad stock market, but the general list was under constant pressure. Sales approximated 600,000 shares. Further confusion of sentiment on the part of traders was indicated by the uncertain trend of prices at the opening of today's stock market. Ralls were the only shares to reflect a consistent tone, Pacific and some of the grain carriers extending their recent advances with New Haven and Erie. Oil and motors were irregularly lower with secondary steels and equipments and shippings also inclined downward. Shippings were depressed later with steels and equipments and the advance in minor rails halted, but investment securities were steady.

Grain and Provisions

CHICAGO, (AP)—Wheat declines in the value of what took place today chiefly on account of hedging pressure from cash houses here. Buying was only of a scattered sort, with little demand from the seaboard. Opening prices, which ranged from 1-1/2 to 1-1/2 lower, December \$2.35 and March \$2.29, were followed by a moderate rally and then by a downturn which under initial figures. Subsequently, gossip that there had been a fair amount of export business over night and that Italy, France, Belgium and Greece were buying brought about a sharp advance. The close was unsettled, 3/4 to 1 1/2 net higher, with December \$2.34 1/4 to \$2.34 1/2 and March \$2.40 1/4.

Corn descended with wheat. Deferred futures touched the lowest level yet this season. After opening unchanged to 1 1/4 lower, including December at \$1.17 5/8 to 1.17 7/8, the market reacted a little and then dropped lower than at first.

Provisions sympathized with cereal declines. Higher quotations on hogs failed as a counter balance. Cash Quotations. CHICAGO, (AP)—Wheat No. 2 red \$2.32 1/2 to 2.33; No. 2 hard \$2.52 1/2 to 2.53 1/2.

Corn No. 1 mixed \$1.50 to 1.52; No. 1 yellow \$1.50 to 1.54. Oats No. 2 white \$0.70 to 3/4; No. 3 white \$0.40 to 49 1/2c. Rye No. 1 new \$1.92 3/4. Barley 1.05 to 1.21. Timothy seed \$0.50 to 7.50. Clover seed \$25 to 30. Pork nominal. Lard \$18.40. Rice closed nervous 3/8 to 3/4 net higher, with December \$1.18 3/4 to 1.18 7/8.

BROOKLYN FACES LONG-DRAWN OUT TRAFFIC TIE UP

Company and Strikers Declare Intention to Fight to Finish with Little Improvement in Situation

NEW YORK, (AP)—Prospects of a long drawn out contest between the Brooklyn Rapid Transit company and its striking employees were apparent today. With virtually no increase in service by the subway, elevated roads and trolleys since the unexpected strike Sunday seriously crippled the system, both the company and the strikers declared their determination to fight to a finish. Meanwhile, Brooklyn's two million residents struggled with improvised means of conveyance.

Lamont, owner of the New York Post, the heads of Doubleday, Page and Co., publishers, and officials of the Western Newspaper Union, a syndicate supplying "boiler plate" papers. He presented an advance proof sent by the plate syndicate to newspapers offering them, free of charge, with shipping charges prepaid, plates of a story entitled "Uncle Sam of Freedom Ridge," which is said to be an argument in favor of the league.

He told Cochran he said, to get prices which Cochran estimated at \$15,000. He had heard nothing more of the matter until it was brought up before the committee, he said.

Indicates Law Violation. Senator Edge asked if it was not a violation of the corrupt practice act to send the story out with nothing to show who paid for it.

Mr. White said that he did not know that the story as advertised in the Western Union circular came from the democratic committee and was inclined to think it did not as Mr. Cochran had not reported any price figure in any way and had no authority to proceed without the chairman's approval.

Upham Resumes Stand. Frederick W. Upham, treasurer of the republican national committee, resumed the stand and presented a table showing the original quotas totalling \$3,887,500 assigned against various states for national campaign purposes. In a lively exchange of remarks with Senator Reed he explained that he had made a quick check yesterday by May 10, 1919, after consulting with state leaders and that the amounts were two or three times what he hoped to get, the figures being set high so as to "spur the boys."

"I never found myself about these amounts at all," said Mr. Upham, and to prove that his expectations had not been fulfilled he read parallel columns showing the original quotas yesterday received from each state. These latter up to last Friday. These returns varied from \$25 credited to Connecticut to a quota of \$70,000 to \$22,292 for New York on a quota of \$1,600,000.

Treasurers Follow Chairman. Treasurers of the republican and democratic national committees today followed up the committee chairman in answering the queries of the senate in campaign contributions and expenditures. Chairman George White, of the democratic national committee, was on hand today to supplement the information given by the committee yesterday by former Chairman Homer S. Cummings. Democratic campaign contributions to date total only \$67,000, Mr. White said he would try the committee.

Mr. White said the democratic committee is now expected to make a contribution of \$100,000. "We have already spent practically all the \$67,000 subscribed. I have no money in my place so recently that I have no final campaign cost estimate to present."

Democrats to Spend \$4,000,000. In answer to a question by Senator Reed, Mr. Cummings told the committee yesterday that \$4,000,000 or \$5,000,000 aggregate, would be used on either side would not indicate corruption and that the democratic campaign expenses would "approximate \$4,000,000 in 1920."

Adds to Fund Figures. Seven hundred thousand dollars was added to the proposed republican campaign chest figures presented by Chairman Hays yesterday when Treasurer Upham revealed that the republican senatorial and congressional campaign committees are raising independent funds. He testified that the national committee had agreed to loan the senatorial committee up to \$500,000 and the congressional committee \$200,000 to be returned when they collect their own funds.

For Future Campaigns. Mr. Upham explained that only \$600,000 of the loans could actually be spent in the 1920 campaign. The senatorial committee was to get only \$400,000 before November 2. The other \$100,000 is to be used to finance future campaigns.

Idaho Short of Quota. Fred W. Upham, republican national treasurer, gave a list of sums raised by states for the republican campaign for national and state campaigns. The list included: Colorado—National committee, \$125,000; National committee, \$1,297.54.

Among 11 states which failed to raise enough for the state campaign were Colorado and Idaho. Mr. Upham said, and the national committee forwarded them additional sums to make up the difference. Colorado was given \$3350 and Idaho \$471.

Banks Make Loans. Two banks in New York, one in Chicago, one in Boston and one in San Francisco, as well as two individuals, have contributed to the \$300,000 borrowed by the republican national committee. The loans were made on authority of the party executive committee and do not constitute a legal obligation on which the lenders could sue. The committee members are witnesses said.

\$25,000; Walter S. Dickey, \$25,000; Prod. W. Upham \$10,000.

Makes Categorical Denial. Before leaving the stand Mr. Upham, questioned by Senator Kenyon, entered a categorical denial to Governor Cox's charges that the republican committee was financing the republican campaign.

"Is any campaign being made among those who seek to control the federal reserve bank?" Senator Kenyon asked.

"No," Upham replied. "Is any campaign to raise money being conducted among people who want to put down labor disputes with the boycott tactic?"

"No, sir," Upham replied. "Have you inquired the price of bayonets?" Senator Reed interjected.

"Yes, they are very cheap," Upham replied.

The Country Women's club will meet Thursday afternoon with Mrs. C. E. McClain. A pretty wedding took place on Wednesday at the Friends church, Mainland street, where the daughter of Mr. and Mrs. J. W. Webb, became the bride of Dr. Paul E. Pickett. The bride was attended by her sister, Miss E. E. Webb, while the groom was supported by Dr. William E. Wood. A reception was held at the home of the bride's parents, Victor avenue. A month's trip through the western states will include a visit to the home of Dr. Pickett's parents, Mr. and Mrs. Charles E. Pickett, Twin Falls, Idaho. They will return via British Columbia and the Canadian west—Toronto Globe, August 19.

Sunday, August 29, being the birthday of Mrs. W. E. Hankins, who lives three miles northeast of Twin Falls, a number of her Kansas friends planned a surprise on her, there being 105 present. All of these people came from one community in Kansas and there were as many more here who were unable to attend for various reasons. Those present were, from Duhl: Mr. and Mrs. A. J. Chester, Claud Smar, Ed Demoss, Marion McGuire, Willie Logs Farland.

FRANCE TO SEND DELEGATES TO MAYFLOW CELEBRATION PARIS, (AP)—The French government has decided to appoint two delegates to the American Mayflower celebration in November and December, one of which will be General Neville. By remaining out of the Wilson
League of Nations, the United States
now holds the balance between the forces
of good and evil among the govern-
ments of the world. America's attitude
gives only hope for peace in war to
Europe. In this hour Europe's tangled
up premiers and rulers turn to the only
font-lose unforgotten among the great pow-
ers for disinterested advice and possible
assistance on the side of right. Not
bound by any entanglements and free
to act without foreign guidance the
United States government already in
exercising a pronounced and beneficial
influence on the chaotic situation. Am-
erica will sanction no partition of Rus-
sian territory nor endorse the policy of
holding the Russian people responsible
for the acts of the Bolshevik govern-
ment.

This country, being free to act, need
not recognize Lenin or the soviet form
of government and it can recognize that
the Allies were unjust in their treat-
ment of Russia. As a member of the
League of Nations it would have so
much independence of action, but in-
stead to uphold the despoiling of an
old and ever friendly power.

On paper every member of the league
flies to defend Poland's integrity in
pursuance of Article X. England re-
fuses; France won't do it. The Rus-
sians even under a hated banner spring
to attack Poland to preserve their own
integrity. Thus is demonstrated that
which all the Republican Senators op-
posing the league 'forgot'—a nation
will not fight unless their own national
spirit is aroused—and the chief purpose
of the Wilson League under Article X
falls to the ground.

WHICH DO YOU PREFER?
(Fargo Forum)

Not long ago the Democratic fi-
nancial administration in Washing-
ton reported that it had purchased
United States Liberty bonds in the
depressed public market at a dis-
count and thereby saved the public
treasury almost \$49,000,000. This
achievement was announced with
much glo and caused the officials
the greatest satisfaction.

Contrast with this the state out-
let of Mr. Harding in his speech of ac-
ceptance:

"I believe the government should
make its Liberty and Victory bonds
worth all that its patriotic citizens
paid in purchasing them."
Most of us have a few of those
bonds in the strong box, all rated
on the market at several cents less
than the par value we paid for
them. We bought them from patri-
otic motives to aid the govern-
ment and its great work. We did
not expect to be subjected to an ex-
tra tax in the shape of a heavy dis-
count in addition to originally tak-
ing a low interest paying security.

We all certainly want to see the
bond return to its par value and will
welcome any program means that will
accomplish that end.

It was not very creditable for the
administration to take advantage of
the necessities of a public spirited
people and their boast of the
achievement. The rub lies in the
official joy expressed over a some-
what spectacular move with at the
same time an utter disregard of the
necessities and loss of a large num-
ber of citizens together with failure
to take any steps to remedy a serious
financial condition.

The transaction in Washington
was opportunistic although it brought
a little temporary advantage to the
public treasury. However, the peo-
ple paid the money and many we-
re serious losers as a result.

How much more statesmanlike
would have been strenuous efforts
to bring the bonds to par value,
thus adding to stable conditions
in general throughout the country.
That would have been the policy of
Alexander Hamilton and the other
fathers of the Republic whose wis-
dom established American credit so
firmly and whose policies have been
continued by their successors of
the Republican party.

**WORLD LOOKS TO
UNITED STATES
FOR AUTOMOBILE**

Department of Commerce Rec-
ords Show Exportation of
Commercial and Passenger
Cars Record Big Increases

WASHINGTON, (P)—The world
seems to be demanding more ve-
hicles and is looking to the United
States for its supply. Records of the
department of commerce for the fiscal
year, 1920, just ended, show that au-
tomobiles and parts of automobiles val-
ued at \$232,252,370 were shipped from
this country. This was nearly nine
times the total value of such exports
before the war.

The number of commercial cars ex-
ported during the 12 months ended
June 30 was 24,356, valued at \$41,577,
684 as compared with 12,921 valued at
\$33,233,485 in 1919. Passenger car
shipments showed an even greater in-
crease, the total being 115,519 valued
at \$125,284,025 as compared with 41,
291 valued at \$45,832,705 the year be-
fore.

The United Kingdom led in the im-
ports of both commercial and passenger
cars, taking 4593 of the former and
17,228 of the latter. Canada was sec-
ond in the matter of both types of cars,
taking 2413 commercial and 9993 pas-
senger vehicles. Cuba imported 4663

brought with it a corresponding demand
for equipment. The value of automobile
tires exported during the fiscal year
1920 was \$39,049,777 as compared with
\$22,630,200 the year before. The total
of automobile engines shipped was 39,
421, valued at \$6,070,440, compared
with 28,445 valued at \$4,434,284 the
year before.

GREATER PARK PRESENT NEED

Secretary of Chamber of Commerce Tells Council Tourists Need More Area

First year patronage at the Twin Falls district park has demonstrated not only the advantages of the park and the necessity of the continuance of such an institution, but of the need for a municipally owned, controlled and operated part of much larger area.

This fact was presented upon the members of the city administration at the regular held Monday night last night in concise but convincing statistical statement rendered by Newell S. Wight secretary of the Twin Falls Chamber of Commerce.

Well Patronized.
The tourist park, park to which was obtained late, was opened to tourist patronage during the middle of May. Since then the daily average number of cars entering the camping area has been 20 with an average number of three persons each, or approximately 5500 persons stopping at the park through the entire season.

Mr. Wight's statement accompanied an appeal for municipal action toward the acquiring of city owned land adjacent to the present park to accommodate a vastly greater number of travelers than have been accommodated in the sparse park used this season. Mr. Wight suggested that the city purchase the entire 20 acres of which the tourist park now is a part. He explained that this area is offered for sale at \$800 an acre. Mr. Wight also stated that through use of this area site there runs a swale, or draw, which can readily be converted into a swimming pool or skating pond, according to the season.

To Furnish Plans.
Mr. Wight was accompanied by Ashton B. Wilson, president of the chamber of commerce, who was asked by Mayor W. H. Eldridge to prepare a definite proposal, dealing with plans of purchase and the scheme for operation. This detail, it is promised, will be submitted next Monday night.

In the course of his remarks to the administration Mr. Wight denied reports that the tourist park was largely taken up by permanent campers. He stated that there is a fixed limit of stay and when this limit expires the park custodian takes action. He explained that in many instances campers thus admonished have appealed to the owner of the entire tract and have procured permits to remain on portions of land not a part of the park proper, but being a part of the entire area.

SMITH TO BOISE
Addison T. Smith, Idaho representative in congress, left yesterday afternoon for Boise, where he will remain several days in connection with John Thoms, chairman of the Republican State central committee, and John Hart, member of the national Republican committee, and various candidates on the Republican ticket. The conference is called for the purpose of formulating plans for the Republican campaign.

SEES COURT JUDGMENT.
In the district court Attorney E. L. Ashton has filed an action for partition against Gertrude A. Koles and Bert Koles, seeking judgment for \$225 with fees, interest and costs. The amount is claimed as due for services rendered in drafting plans for the construction of a dwelling, and for devising a bill of lumber. The original claim was \$250 of which amount \$25 is acknowledged as paid.

STORE COMPANY INCORPORATED.
Articles of incorporation of the Buhl department store, of Buhl were filed here yesterday evening. The incorporators show a capitalization of \$50,000 with \$30,000 paid up. The business is that of dealing in and handling general merchandise. The incorporators are W. T. Wade of Idaho Falls, W. A. Ford and Buhl, of Idaho Falls, and Twin Falls. These are also the principal officers of the company.

DEFENDANT WIFE.
In the case of the Idaho State Insurance company against James W. Foster, in which the former sought to recover judgment for \$106.50 on a promissory note given as premium for an insurance policy, a verdict in the court yesterday gave a verdict for the defendant. The case was tried before Judge O. P. Duvall.

CHANGE OF VENUE.
A jury in the probate court is hearing evidence in a case transferred from Kimberly, in which Thomas Russell is suing John Savage for possession of an automobile. The plaintiff is represented by Hazel and Benoit, while Frank L. Stephan is appearing for Savage.

TRONHEUR HOOKED UP.
Cloyd Tronheur is being held by the local county authorities for officers at St. Anthony. The man is said to be wanted in connection with a sheep stealing case. He was arrested yesterday.

ADMINISTRATION RENEWS LIGHT CONTRACT WITH POWER COMPANY

Agreement Covers Three Separate and District Systems, Overhead, Cluster and Curb Illumination Systems—Contractors Bringing Paving to Completion—Estimates Allowed

Mayor W. H. Eldridge and City Clerk W. A. Minnrelk last evening at the city hall signed the agreement for a renewal of an illumination contract between the city of Twin Falls and the Idaho Power company.

The contract was presented and read by H. H. King, general manager of the company, with headquarters at Boise. The agreement is designed to include and cover operation of an overhead, or pole system, the present cluster lighting plan around the city buildings, and the city park, as well as the proposed curb, or ornamental post lighting system.

Option Allowed.
After long consideration and discussion of the matter by the city council, the council voted unanimously its adoption. There is a clause in the agreement which gives the city administration the option of installing the contemplated curb lighting system by force account, by private contract or permitting the power company to do the work.

Sign of this contract was, perhaps, the most important phase of last night's administrative business by the administration.

The "business note in importance to the city" of this contract was the acceptance of further estimates of work done by the Warren Construction company and the Heinicke Construction company on city paving contracts. The sum total of these estimates was \$125,772.77. Of this amount the bulk or \$98,200.00 goes to the Warren company, \$27,572.77 to Heinicke.

Paving Nears Finish.
The Warren company has, to date, completed work amounting to approximately \$53,000 on the present city paving contract of about \$780,000. All work on this contract according to a statement made last night by General Superintendent E. J. Hill, will be completed about September 12.

Officials of the chamber of commerce, appointed for an advisory role by the council, presented by resolution of the council to get a permanent change of standard time for this section of the state of Idaho. The resolution was ordered carried to the council by Secretary Newell S. Wight, of the chamber of commerce at a meeting to be held in Boise on September 2 for presentation and consideration of arguments for and against the proposed change of time in favor of Mountain time.

Same Tax Levy.
Decision was reached to make the city levy for the ensuing fiscal year 27 1/2 mills, the same as last year. This provides for an increase in the city levy for interest on the sinking fund.

In the case of Judge O. R. Baum's decision on the city corner lot assessment question the council decided to carry the matter to the high court and "see just what the law is." Walters, Hodgins and Bailey, special counsel, retained in this case, will be advised to move with alacrity in getting the final review of the case and a decision which will be permanent.

Bills and claims occupied the final minutes of the meeting.

COMES FOR PRISONER.
An officer of Durley arrived at noon today to take charge of Harvey Mundy, who is wanted in that place for jail breaking. Mundy, who is 23 years of age, is said to have been held in the Cassia county jail for burglary.

SPECIAL PROGRAM TONIGHT.
The deputation team from La Verne college, La Verne, Calif., will render a special missionary and educational program at the Church of the Brethren tonight at 8 o'clock.

TO TAKE BODY EAST.
Mrs. E. M. Cook, of La Verne, Cal., will leave tomorrow morning for Greeley, Colo., to accompany the body of Erwin M. Cook to that place for burial.

Cured of Stomach Trouble and Constipation.
Rachel Oriley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. DECISION FORMS ARGUMENT BASIS

Order Given by Judge Dietrich Opens Way to Contention in Salmon Case

Under an order and memorandum decision entered Friday by Judge F. S. Dietrich in federal district court at Boise, in the case of the Common-wealth Trust company against Robert Rayl and others, basis is established for further argument in this court of certain contentions raised by Rayl and his co-defendants who are set offers, on the Salmon River irrigation project, which are said to differ in many respects from defenses heretofore raised in similar cases as between holders of the project and landowners on it.

Introduction of these contentions was opposed by the plaintiffs. The court granted the motion to strike with respect to the defendants request that A. C. Robinson of Pittsburgh, be made a party to the suit, but refused, "without any intimation, however, upon the question of whether or not the affirmative pleading is sufficient to warrant the appointment of a receiver of the extraordinary relief referred to in the oral argument," to eliminate the following questions raised:

1. Alleged misrepresentation by the original promoter of the Salmon river project regarding the amount of water available; charges that the construction company said bondholders were bound by such alleged misrepresentations, and further charges that the bondholders were not entitled to any lien under the water contracts until they had redeemed the particular tract of land upon which they claimed lien by furnishing ample water in an adequate ditch, so that patents would issue, and that so long as the land office refused to issue patents because of the inadequacy of water, bondholders could make no claims against settlers.

2. Allegations that it was the duty of the construction company to obtain the patents and to acquire additional water supply so that patents might issue, if such water supply were obtainable.

3. Allegations which set up separate damages to settlers for such acreage year since the project was opened up.

4. Allegations that the bondholders were bound by provisions in the deed of trust binding the construction company to voluntarily appear in court and consent to a receivership in the event that it at any time, failed to comply with the provisions of the Carey act law of the provisions of the contract between the United States government and the state of Idaho, and between the state of Idaho and the construction company.

5. Allegations that all of the settlers and land holders of the Salmon river project be brought into one suit as defendants, and that the company be enjoined from proceedings in the state courts or from attempting to enforce their lien otherwise than in one suit; that the bondholders be required to be brought in with the trustee as plaintiffs and be required to show exactly what amount is owing to them, the defendants claiming that Kuhn Brothers and company and the American Water Works company had really furnished the bulk of the money for the dam and irrigation system and that the money expended by them had been relinquished as an indebtedness in receivership and bankruptcy suits in

ALDERMEN WILL HEAD PARADE

Board of Town Administrators to Have Honor Place in the Labor Parade

Municipal officials, mayor, aldermen, heads of departments and all, will be in the van of the Labor Day parade. The courtesy of position in labor's annual pageant was officially extended to the council last night by an authorized representative of the central labor body. Acceptance of the honor was unanimous. The committee also extended an invitation to the council to occupy places on the park stand during the speaking, but not all the administrators were able to devote so much time to the affairs of the day.

Want Streets Closed.
In addition to requesting the presence of the municipal board members in the parade the committee also asked certain rights and privileges on the main thoroughfares of the city on Labor Day. This request was the subject of considerable discussion, and ended in a modification of the initial plans for the clearing the line of march of all natural traffic impediments.

The parade course, as outlined by the committee is as follows: Assemble at county building and march along Shoshone street to Main avenue; thence west to Third street; counter march south along Main avenue to Shoshone street, thence north on Shoshone street to the municipal park where the parade will dissolve and the marching bodies will assemble in the park for the speaking exercises.

Special Policemen.
Permit was authorized for the deputization of the labor committee on celebration arrangements as special policemen to have official powers to regulate operations on the carnival grounds during the course of Labor week. This committee functions with all authority as policemen but without stipend. The order was asked and authorized for the purpose of forestalling license, which, it is expected, might ensue if no addition to the regular police force were made during the progress of the carnival.

G. O. P. WILL SWEEP LAND, SHERIFF SAYS
A. N. Sprague, Back from the Coast, Says Sentiment is All Republican

"Everything and everybody is republican in California. If that state is a true index of the political sentiment throughout the country, the G. O. P. has a runaway in sight at the coming general election."

Sheriff A. N. Sprague, who returned last night from San Francisco, where on August 23 to 27 inclusive, he attended the convention of the National Traffic Officers' association, throughly imbued with the idea that the republicans will sweep the country this fall.

The democratic administration is held responsible for enactment of laws which have lifted the embargo on imports causing great loss to producers in this country. Sheriff Sprague claims to further advise the California plans believe the bottom is going to drop out of the country's markets, and thus bring ruin to thousands of farmers and producers holders through the tremendous receipt of produce from other countries.

At the traffic officers' meeting a definite scheme was outlined for erecting traffic laws that will be uniform throughout the union. The scheme will be placed before all legislative bodies when next convened to be enacted and written on the statute books. One of the prime features of the scheme for legislation is the adoption of a universal "light dimmer" law.

Swales and Dales Frost-Touched in Nocturnal Hours

FROST appeared in local swales and dales last evening, but not in killing quantity. It was just a light and meaningless sort of thing, which quickly dispelled under the influence of the warming rays of the sun. High yesterday was 9 degrees lower than on Sunday with low last night 34. Fair and warmer is promised for tomorrow.
