## HARDING ASKS BETTER TEAM WORK IN U. S.

Puts Political Creed into Baseball Vernacular in Address to Chicago Cubs; Pledges Aid to Educators

MARION, O., (P)—Putting his political creed into the vernacular of baseball, Senator Harding delivered a front porch speech today to the players of the Chicago National league club, appealing for better teamwork by the American nation "on the home grounds under the rules."

Many issues, including the league of nations, one-man government, preparedness and progressivism, were touched on by Senator Harding in his address to the players of the Chicago National league club. The Cub players had come to Marion to play a special exhibition game late in the day as a personal compliment to the nominee.

**Pledges Aid to Teachers**  
In another speech, delivered to a committee representing several associations of teachers, the senator said the low compensation of teachers had brought on a "crisis" in education, and pledged himself to do everything in his power to secure better pay for the profession.

Sullying the baseball players simply as "Cubs," Senator Harding plunged directly into his address on political issues as analogous to the problems of the diamond.

**Pays Tribute to Game**  
"I pay to you," he said, "my tribute to baseball, because I like the game just like every other real American. It has been in the blood for over half a century and it has helped us as a people. Of course, there has been a vast improvement since the early game, but I am sure it is no more difficult to remember that you will still try to hit them out and the big thing is to reach the home plate. There are progressive ideas, but it is the average crowd of voters to vote as old-fashioned Tinkers-to-Evers-to-Danvers."

**Likes Tight Game**  
"I like the tension of a tight game. It is great to be a rooter. It is fine to see him recognizing a great play, but I like his tight game. That is the explanation of baseball popularity. We are all partisans of some team. I am sure I rejoice as much as Garry Herrmann when the Reds copped last year. I like the same way in big national matters. I like to think of America first. I want our country to float the championship pennant in the contest for human achievement."

**One-Man Team Weak**  
"You can't win a ball game with a one-man team. I like a pitcher who puts the ball over and trusts his fielders to play their stations. Maybe it is old-fashioned, but I am for team play. An opposing one-man team is a team of two much fanning out, too much unpreparedness. National unpreparedness for war cost us many precious lives and endless billions in waste and unpreparedness for peace is costing billions more and holding us in anxiety and uncertainty."

"It is my observation that the national team, now playing for the United States, played loosely and in a unified disappointing in our domestic affairs, and then struck out at Paris. No one can dispute the American team played badly when it got on a foreign field."  
"As a spokesman for the republican party I am urging team play in government, on the home grounds, with all the home fans behind us, and team play unpreparedness for peace, in the all when we represent America in the world-series. There are too many

Moore Is Requested to Come Back Tuesday with Evidence of Alleged G. O. P. Plan to Raise \$15,000,000

## REPUBLICANS' PLANS TO FIGHT FOR SENATORS IN 20 STATES REVEALED

CHICAGO, (P)—The senate committee investigating campaign expenditures adjourned shortly after noon without having heard E. H. Moore, of Ohio, Governor Cox's personal representative. Chairman Kenyon announced that the committee would meet in Chicago next Tuesday, September 7, to hear Moore and other witnesses.

Senator Kenyon said the decision to recess until Tuesday was reached to permit several members of the committee to keep engagements elsewhere Saturday and Labor day. Mr. Moore, who was present throughout the session was requested to come back Tuesday with the evidence of an alleged republican plan to raise \$15,000,000.

**Moore Talks for Papers**  
Mr. Moore told newspaper men that he was prepared to prove that the republican leaders announced publicly last January that they expected to raise a \$15,000,000 campaign fund.

"They have changed Lincoln's aphorism from 'a government by the people' to 'government by the people,'" Mr. Moore said.

**Pointexter Gives Figures**  
The morning session was devoted to testimony by Miles Pointexter, senator from Washington and chairman of the republican senatorial committee, and Herman E. Henke, treasurer of the National Young Men's Republican league.

Senator Pointexter stated his committee planned to raise about \$200,000 for senatorial campaigns and expected to make a fight in some 20 states. Senator Reed questioned the witness about the overhead expenses of the bureau and brought out that after meeting such charges, an average of about \$9,000 would be left for the campaign in each of the 20 states.

**Young Men's Work**  
Mr. Henke said his organization had raised approximately \$100 in 425 contributions from honorary vice presidents. The league hoped to have about \$100,000 to spend in 20 states, he said and had negotiated with the republican national committee in an effort to obtain financial assistance, but nothing came of the conference.

**NEW SCALE ADVANCES COAL MINERS' WAGES**  
KANSAS CITY, Mo., (P)—An increase of \$1.50 a day to day and month laborers, in Kansas, Missouri, Oklahoma and Arkansas coal mines was allowed in an agreement signed here today by miners and operators.

**World News Events**  
MEXICO CITY, (P)—Thirty-one thousand workers, including mail hands, employees of cigarette factories and some printers, struck here yesterday, according to the newspaper El Universal. The newspaper states there is apprehension the strike will spread, and that street car men and other unions will become involved.

PARIS, (P)—France will not accept the credentials of the German ambassador until she has received reparation for the recent attack by a German mob on the French consulate at Breslau, says the Journal.

PARIS, (P)—Signature of a treaty between France and Hungary relative to commerce between the two countries is announced here by the Matin. This convention, it is declared, will stipulate that in case of military necessity the two countries will assure protection of Danube navigation.

LONDON, (P)—Several factories in Rome have been seized by striking metal workers in concert with the metal strikers at Milan and Turin, where a number of factories, had previously been occupied by the workers, according to a Rome dispatch. The workers, it is added, are being supplied with food by their wives.

**BRITISH MINERS TO BE CALLED OUT ON STRIKE**  
Hope is Held Out that Stoppage of Work May Be Averted Under Federation Rules

LONDON, (P)—Strike notices calling for a walkout of members of the British miners' federation on September 15 will be sent out today, according to a decision reached at a meeting of the district delegates of the federation here this morning.

Belief has been expressed, that even if the strike notice should be sent out a stoppage of work may be averted, as the actual walkout may be suspended from day to day under the rules of the federation.

## RAIL GUARANTEE INCREASES DEBT

Treasury Department Gives Explanation for Larger National Deficit

WASHINGTON, (P)—Federal guarantee of railroad earnings resulted in an increase in the public debt of \$101,755,000 during August, according to treasury figures issued today showing the nation's gross debt to be \$24,324,072,000.

**Place Deficit Cause**  
Treasury records charge the increase in the public debt to an issue of certificates of indebtedness offered August 16, sold to cover payment of the railroads under the guarantee provisions of the transportation act.

Advances to the carriers against probable deficits during the month were said by treasury officials to have reached nearly \$160,000,000 and on this basis they figured there would have been a slight reduction in the public debt had not the earnings guaranteed been in effect.

Payments to the roads in August do not correctly indicate the amount to which they will be entitled, while a final accounting for the six months period over which the guarantee extended is made, it was added.

**End in Sight**  
As it was the drain on the treasury probably will continue for several months, but officials believed it would be possible to clear up all transactions with the railroads with the exception of the revolving fund by the opening of the new fiscal year.

The figures made public today show redemption of approximately \$2,500,000 in Liberty bonds during the last 30 days about \$1,500,000 of which were of the third loan.

## PENNSYLVANIA COAL INDUSTRY IS PARALYZED

Complete Tie Up of Many Collieries in Anthracite Field Results in Miners' "Vacation" Walkout Movement

WASHINGTON, (P)—Complete tie-up of 32 collieries in the ninth district of the Pennsylvania anthracite fields was reported today to the department of labor in the first official advice received as to the "vacation" walkout movement in the region. Twenty-eight collieries in the same district were reported working with reduced personnel.

In the Panther Creek valley which adjoins the ninth district, 20 collieries were reported idle. In the Shamokin and Mahanoy regions, however, men and engineers have joined in the walkout, it was stated.

**INDUSTRY IS SERIOUSLY CRIPPLED BY WALKOUTS**  
WILKESBARRE, Pa., (P)—The anthracite industry was seriously crippled today by the strike of insurgents in the ranks of the United Mine Workers of America. It is estimated, according to early reports that 100,000 of the 175,000 anthracite workers failed to report for duty today as a protest against the recent wage award and that 180 of the 300 collieries in the district, 1, 7 and 8 were in idleness.

No disorder was reported and the "vacation" period of the miners set in without any display on the part of the rank and file of the insurgent movement.

**INSURGENT UNION MINERS BID DEFERENCE TO WILSON**  
WILKESBARRE, Pa., (P)—Two hundred delegates representing insurgent members of 66 of the 130 locals of district No. 1, United Mine Workers of America, met here today. President Wilson and by a unanimous vote decided that a "vacation" be taken on Thursday morning and continue until the miners over the wage award be granted. The vote followed the adoption of a resolution demanding that the miners be given the award made in the minority report submitted by N. A. Moore.

In a majority of the locals represented the insurgents are in a minority and union leaders believed that a majority of the men would remain at work and accept any decision made at the joint senate committee at Scranton on Thursday.

**LEWIS ORDERS GENERAL STRIKE IN ALABAMA COAL FIELDS**  
INDIANAPOLIS, Ind., (P)—John L. Lewis, president of the United Mine Workers of America, yesterday issued an order for a general strike in the bituminous coal fields in Alabama.

President Lewis' message in part, follows:  
"The organization committee of the international legislative board who recently visited Alabama and the legislative offices of the international union today gave the fullest consideration to the unsatisfactory conditions prevailing in the mining industry in Alabama. We realize that ever since the award of the president's bituminous coal commission was rendered in March that Alabama mine workers have been struggling to secure the improvements allotted by the commission."

"The Alabama coal operators have persistently refused to put into effect the provisions of the award. This attitude is maintained despite the fact that the commissioners appointed by the president specifically set forth in the president's report that Alabama operators should meet in joint conference with the representative of the mine workers to put into effect the award therein recommended."

**Twin Falls Given Population of 8,324 in Census Report**  
Showing a net gain of 3066 in 10 years the population of Twin Falls is reported to government figures is 8324.

These figures were made public this morning by the federal census department and give Twin Falls a percentage of population increase of 58.3.

The report is proving a disappointment everywhere in the city as the general impression is the population at least 2000 greater than the enumerator's figures show. The statement is as follows:

1920 population	8324
1910 population	5258
Gain	3066
Percentage of gain, 58.3.	

## RUSSIANS ADMIT DEFEAT IN ENCIRCLING MOVEMENT

Soviet Army Within Sight of Its Objective Is Outflanked and Scattered by Polish Troops

## REDS ARE DRIVEN IN DISORDER FROM POSITION ON ENTIRE CENTRAL FRONT

PARIS, (P)—The Poles have occupied Semy, in Lithuania, east of Suwalki, for strategic reasons, the foreign office announced today. They also are advancing beyond Suwalki for the same reason, it was added.

LONDON, (P)—The Russian soviet forces endeavoring to encircle Lemberg have retired to the eastward under Polish pressure, says the soviet official statement of Wednesday received today by wireless. Some successes for the soviet troops are reported on the center of the fighting front.

WARSAW, (P)—The Bolshevik army of General Budenny, noted cavalry leader, was annihilated during the operations in the Lemberg sector which began August 30 and ended September 1, says the Polish official statement today.

Isolated detachments of the Budenny forces succeeded in escaping and are in disorder or retreat.

**Defeat Is Decisive**  
General Budenny's mounted men had been endeavoring to break through the Polish lines and march upon Lublin. They had nearly completed an encircling movement against Zamosc, midway between Lublin and Lemberg, but were outflanked by the Poles and attacked from the east, the communication states. The engagement resulted in the defeat of the soviet forces along the entire center of the front and the Russians were compelled to retreat in disorder with the Poles in close pursuit.

The Bolsheviks lost heavily in killed and wounded, adds the statement, the Poles capturing thousands of prisoners, 18 guns and enormous quantities of material.

**Center in Zamosc Area**  
The fighting centered in the Zamosc region, the battle taking the form of numerous cavalry clashes with the infantry filling in the gaps and attacking all along the front simultaneously.

Besides announcing the victory of the Poles over Budenny in the Zamosc battle, the communication reports successes along the entire center and southern fronts, where the Russians were beaten in the fighting.

**Haller Turns Tide**  
The decisive part in the battle was taken by the pursuit group of General Stanislaus Haller, which had swung to the rear of Budenny's forces and was moving persistently in their tracks.

General Haller's chief forces attacked toward Zamosc from the east. General Budenny began to retreat. He met everywhere, however, the fighting Poles bent on surrounding him.

Battles also developed near Wolica, Miatyca, Miacynka and Zawalewo, where the Russians, disregarding their enormous losses, repeatedly renewed their cavalry charges. The horsemen were defeated, the Poles taking many prisoners, while several detachments of the captured material, two of the Poles close on their heels.

**Many Officers Killed**  
Among Russians killed were the chief of staff of the fourth division, two brigade commanders, several regimental commanders, and 12 colonels. Of the captured material, two of the 16 guns taken were heavy artillery pieces.

To the east of Lemberg, the statement adds, the Poles repulsed the Russians before the Bug.

**POLISH PEACE DELEGATES ARE RECALLED TO WARSAW**  
WARSAW, (P)—The members of the Polish peace delegation remaining in Minsk have been recalled to Warsaw. The Polish representatives will then proceed to Riga or any other neutral place selected for the continuation of Russo-Polish peace conference.

**Poles Announce**  
Prince Sapieha, the Polish foreign minister talking to newspaper correspondents Wednesday afternoon, said that George Felthousen, the soviet foreign minister, favors some Estonian town, probably Riga. The Poles favor Riga, Latvia, Prince Sapieha declared, but will not place obstacles in the way of the selection of a place satisfactory to accompany the Polish delegates when conference by insisting upon Riga (Warsaw dispatches of August 29 announced the receipt of a Moscow wireless message accepting the Polish proposal for transfer of peace negotiations from Minsk to Riga).

German Foreign Minister Tells Reichstag Committee Nation Will Pursue Policy of Strict Neutrality

BERLIN, (P)—Dr. Walter Simons, the foreign minister, addressing the Reichstag foreign affairs committee on Wednesday, declared he had been urged to collaborate with the Russian Bolsheviks against the western powers as a means of breaking the bonds imposed by the treaty of Versailles but that after ample reflection he had rejected this course.

# HARDING STAND ON RECLAMATION PLEASES IDAHO

Republican Leaders of State  
Telegraph Expressions of  
Gratitude for Senator's Rec-  
ognition of Program Virtues

BOISE, Idaho, (Special to The News)—Secondly significant, in the opinion of Idaho republicans here, is the vigorous address on reclamation delivered yesterday by Warren G. Harding.

Governor Davis, farmer Governor Gooding and persons who have played an active part in the campaign being waged by the United States Reclamation association believe that the candidate's utterance marks the beginning of a new era in the development of the west.

The following telegrams, each expressing gratitude for Senator Harding's striking recognition of the virtues of the reclamation program, were sent to Marion.

ADDISON, T. Smith, member of congress—The first step that the government is to create opportunity for its citizens by the encouragement of the development of the country's natural resources. We are all rejoicing that this policy is recognized in the address to the republican governors from the west and that you are in favor of an aggressive policy of reclamation of the lands of the arid states. We are all rejoicing that you are now going to waste millions of acres of rich lands can be carved into farm homes and the nation's food supply greatly increased. Your interest in western development will result in bringing every western state into the republican column next November.

Governor D. W. Davis—"Permit me as president of the Western State Reclamation association to express to you unreserved and enthusiastic approval of your address on reclamation. We of the west, delighted beyond measure because we know that our people will be dealt with in that spirit of generous and sympathetic understanding which permeates your declaration on this subject. Your endorsement of our program means for the west untold advancement and for the nation vastly increased production and a bulwarked second line of defense. Both the party and its splendid standard bearer merit sincere congratulations. We will prove its gratitude in November."

John Thomas, chairman republican state central committee—"Your strong statement on reclamation confirmed us in the faith that the nation's next republican president is a friend of the west. You have remembered the west and none can doubt that the west, which never has been lacking in gratitude will remember you at the polls. Our campaign in Idaho has been given added inspiration. Count on this state for a majority of at least 20,000." Former Governor Frank R. Gooding—"I am more than delighted with your address on reclamation. Its breath of understanding, its evident cordiality and its unequivocal sincerity will make thousands of Harding zealous in this western country. We know now that last we are to have a president who appreciated the magnitude of the reclamation problem and who is prepared to meet it squarely. Feel confident you need not worry about the political complexion of the United States senate. Leave that matter to the west. We understand how it should be handled."

## FRANCE MAKES PUBLIC ITS RECONSTRUCTION STORY

Commission for Devastated Regions Issues Booklet Visualizing Work Accomplished Is Issued

PARIS, (AP)—A little booklet entitled "Facts and Figures Regarding France" in which the story of the devastation of the country and the work of reconstruction is visualized in a series of tables is being given to Americans visiting France. It is issued in English by the commission for the devastated regions, whose president is Andre Tardieu.

Contrasted with the burdens of a national debt seven times that of 1914 and taxes more than four times as great are the hopeful possibilities of rapidly improving export trade, the acquisition of the polish, iron and steel industries of Alsace-Lorraine and the gradual development of France's water-power possibilities.

The new source of electric power is estimated at 9,000,000 horsepower of which 750,000 horsepower have been utilized and an additional 850,000 horsepower will be producing during the coming year. Now that France is so short of coal the power question is regarded as among the most important, and the use of hydraulic horsepower is considered equivalent to a ton of coal saved.

MOST OF TODAY'S CLASSIFIED ads will lead to "bills" will be made, jobs will be found. Some will discover, perhaps to their surprise, how economically advertising serves them.

Dr. Parrott and Associates Have  
Interesting Experience in  
Canadian Country

Having spent about three weeks in Alberta, British Columbia and Washington, Dr. R. A. Parrott has returned to Twin Falls. He was accompanied by Miss Edna Parrott, Alan P. Spaul and M. E. Finch. The latter returned Sunday.

Parrott has land holdings near Lethbridge, a wonderful bit of land with this property and the crops it bears that the trip was made. He reports excellent wheat all through the Canadian territory, and expects the farmers of western Canada to reap a record harvest of all sorts of grain.

Returning from Lethbridge the Parrott party entered British Columbia by way of the Crown West pass, one of the most ruggedly beautiful and the most scenic in all the Canadian domain. The pass is negotiated over the C. P. R. railroad branch into Fernie, a great question of the line being constructed on trestles and around "8" curves.

One of the historical features of this line of railroad is found at Frank, where some ruins are being excavated. The town, some 2000 population 15 years ago, was more particularly speaking, a mining camp, the railroad looking down upon extensive mining activities from a height of several hundred feet.

One mountain pinnacle standing like a monster sentinel over the camp gave the town a name which was as fitting as it was a warning. The town, some 2000 population 15 years ago, was more particularly speaking, a mining camp, the railroad looking down upon extensive mining activities from a height of several hundred feet.

Although it is nearly 16 years ago since this calamity occurred intense interest is still manifested in the scene, and tourists all flock to the windows and door of trains for a peep at the site of the Canadian's buried city. Dr. Parrott and his party took as keen an interest in the history of Frank and the scene itself as any other tourist on the train which bore them homeward.

# ARGENTINE WARS ON STOCK THIEF

Ranch Owners and Authorities  
Join in Campaign Against  
the Rustlers

BUENOS AIRES, (AP)—Vigorous raids on the haunts of cattle rustlers by roundup parties representing ranch owners and the authorities are making clandestine brand changing an unpopular or the North American west with "the coming of the law."

In a roundup just completed by officers and 68 gauchos, as the hard riding and fighting breeders are called, 3000 head of cattle have been recovered with brands that showed signs of "funny work."

This was in the province of Buenos Aires, the most populous of the Argentine provinces. From the less settled provinces also there come from time to time reports of rustling and summary punishments that lead one to think of the old Wyoming or Idaho days. The rolling pampas of Argentina scarcely ever broken by the sight of a tree, have had much the same history as the North American western plains.

In past years, especially in the more distant provinces, the cattle rustler at times flourished. One picturesque outgrowth of this in the past was the effort of the whole nation among the foot hills of the Andes of Patagonia to set up an independent authority because rustling was not put down by the government.

# GROESBECK RUNS AHEAD AT POLLS

Later Returns from Michigan  
Primary Favor Attorney  
General for Governor

DETROIT, Mich., (AP)—After running second on early returns to Milo D. Campbell, candidate of the farmers' organizations, Attorney General Alex J. Groesbeck Wednesday jumped into the lead of the race for the nomination in Tuesday's state-wide primary. Returns from 1237 precincts out of 2433 in the state gave:

Groesbeck 11,114; Campbell 37,950; a plurality for the attorney general of 61%.

Groesbeck overcame Campbell's lead on returns from Wayne (Detroit), Kent (Grand Rapids) and Houghton counties.

Democrat Unopposed.

In the democratic ticket, former Governor Woodbridge N. Ferris was unopposed for nomination for governor. An interesting feature of the congressional contest was the fight for the nomination in the third district. Mrs. Helen Curran Statter of Kalamazoo, was giving her two main competitors the isolated sort of a race, 135 precincts out of 178 in the district placing Elton R. Eaton in the lead with 5223. Mrs. Statter was next with 4839.

Fordney Holds Lead.

Congressman Joseph W. Fordney of the eighth district apparently was assured of re-nomination. Congressman Earl C. McInerney of the second, Congressman Carl E. Myers of the fifth, and Congressman James C. McLaughlin of the ninth were also leading strongly in their respective districts, while Congressman W. Frank James in the twelfth had a lead of about 1000 over Martin Macbough in 56 out of 199 precincts.

## COTTON CROP IMPROVES

Production Estimated at 12,783,000  
Bales on 67.5 Per Cent Normal

WASHINGTON, (AP)—Cotton production this year was forecast Wednesday at 12,783,000 bales by the department of agriculture which based its estimate on the conditions of the crop on August 25 which was announced as 67.5 per cent of a normal.

Production was forecast last month at 12,519,000 bales and the condition of the crop July 25 as 74.1 per cent, while the forecast made in July was 11,450,000 bales based on a condition of 70.7 on June 25. Last year's production was 11,239,755 bales and the condition of the crop on August 25 a year ago was 61.4. The ten year average condition on August 25 is 68.2.

Urging America to Join the  
League

COLISEUM, Fair Grounds, Columbus, O., (AP)—Governor Cox and Franklin D. Roosevelt, democratic standard bearers, were given a rousing reception when they arrived at the big coliseum at the Ohio state fair grounds Monday afternoon.

Telling of starving conditions in Russia, Germany, Austria and other war-ridden European countries and the threatened spread of Bolshevism, the governor said Germany had not gone to work "because no indemnity has been fixed" and that France has not returned to normal "apparently until she gets her indemnity."

The German indemnity has not been fixed, he asserted, because England and France cannot agree on what it shall be, adding that the people of Europe are praying that America will assert its voice and say what the indemnity shall be.

He urged that America join the league of nations.

NEW YORK, (AP)—Quiet Greenwich village, New York's Bohemian quarter, famous in song and story as the home of new thought, has something new to occupy its attention—this jazz curfew at 11 o'clock nightly. This ultra modern idea was not of the village's own initiative. It was decreed by a matter-of-fact magistrate in Jefferson Market court who ordered the clanking of cowbells and the morning saxophone to cease their jangle in a tavern an hour before midnight, in order that complaining nearby tenants might sleep.

# IRISH RAIDERS SEIZE MILITARY SECRET PLANS

**Sinn Feiners Invade Royal Air Force Headquarters near Dublin, Carrying Out Most Daring Coup**

LONDON, (AP)—A Sinn Fein raiding party invaded the Royal Air Force headquarters at Baldoy, near Dublin, on Saturday night, and carried off a large number of secret military documents, including the army code and cipher used at the present time, according to the Daily Mail. It is declared the coup was the most daring and important that has been attempted in Ireland since the present unrest in that country began. The papers stolen, it is said, included the scheme of Irish defense plans.

## SNIPERS' FIRE TOWNS BELFAST STREET IN PANIC

HELFAST, (AP)—Snipers fired into a dense crowd of people before eleven o'clock last night near the Crumlin jail, and for a time panic reigned in that section of the city. One civilian was fatally injured by a sniper's bullet. During a small riot in Dover street, where hostile crowds gathered during the late evening, one man was seriously wounded. During yesterday several persons were injured by snipers in the northern part of the city. Many dwellings and stores were looted during the day.

## BRITISH GOVERNMENT STANDS FIRM IN GORK MAYOR'S CASE

LONDON, (AP)—Appeals in behalf of Terence MacSwiney, lord mayor of Cork, who is in a critical condition at Brixton prison this city, as a result of a hunger strike, will not be recognized by the British government, Sir Hamar Greenwood, chief secretary for Ireland, strongly intimated in an interview with the correspondent of the London Times at Lucerne today. Sir Hamar also indicated the government would unwaveringly adhere to its Irish policy. None of the mercy which some seek to invoke for the lord mayor, said the chief secretary, was shown the police men who have lost their lives in Ireland.

# AMERICAN FOREIGN TRADE SHOWS A BIG INCREASE

Exports \$82,694,312 and Imports \$193,424,281 Greater in July

WASHINGTON, D. C., (AP)—Exports of the United States to the principal countries of the world during July totaled \$82,694,312, an increase of \$2,094,312 over the corresponding period last year, according to department of commerce figures published today. Imports for the same month amounted to \$193,424,281, an increase of \$193,424,281 over July, 1919. For the first seven months of this year exports totaled \$4,399,254,121 compared to \$4,425,193,868 in 1919, while imports totaled \$5,499,938,379 compared with \$5,954,257,302.

## FLOOD SHIFTS MEXICAN TERRITORY INTO U. S.

Rio Grande Cuts New Course Throwing About 100 Acres Across International Line

BROWNSVILLE, Texas, (AP)—Approximately 100 acres of Mexican territory was suddenly shifted to the American side of the international line last night when the Rio Grande, now at flood stage, cut a new course in the lowlands ten miles west of Brownsville and left the Tamaulac ranch on the river's northern bank. Under an agreement between the United States and Mexico, the land will continue under Mexican jurisdiction. It was said to have been the largest land shift here in 20 years.

## McSWINEY GROWS WEAKER

Lord Mayor of Cork Rapidly Worsening Death in British Prison

LONDON, (AP)—Lord Mayor Terence MacSwiney of Cork was reported to be very much weaker this morning, but despite his rapid falling still was bright. A sudden weakness developed during the night but this was somewhat offset by a few hours of fitful sleep. Mayor MacSwiney's brother remained with him in Brixton jail all night. This morning the brother stated the mayor was so weak he even had to be assisted to drink a glass of water. The mayor was still worse this evening. His sister, upon leaving the prison shortly before 8 o'clock tonight said for the first time he was unable to speak to her.

NASHVILLE, Tenn., (AP)—The Tennessee house of representatives adopted today, 43 to 36, a motion to furnish the governor with a sworn transcript of the action taken by the house Tuesday in non-concurring in the suffrage amendment resolution. The motion included a request that the governor certify the transcript to the secretary of state at Washington.

## REJECTS WHEAT POOL PLAN

Farm Organizations Committee Proposes Co-operative Market Instead

COLUMBUS, O., (AP)—Declaring the project not feasible, the resolutions committee of the national board of farm organizations today rejected a plan drafted in committee for the formation of a nation-wide wheat pool, to be controlled by farmers. It was pointed out to the committee that the proposed pool might be a violation of the Sherman anti-trust law. The best farmers could hope for, it was said, was the right to market their products co-operatively.

# BOURBON CHEST IS EMPTY SAY PARTY LEADERS

Chairman and Treasurer Differ on Amount Needed for Campaign; White Says \$2,000,000; Marsh, \$1,200,000

CHICAGO, (AP)—Members of the senate committee investigating campaign expenditures and contributions today expected to receive the data on which Governor Cox based his charges that the republicans were raising a \$1,000,000 campaign fund. E. H. Moore of Youngstown, O., Cox's convention manager would appear with documents furnished by Governor Cox, according to word received by the committee.

## Special Train Figures

One of the other witnesses, the committee yesterday, the democratic speakers bureau. Wilbur W. Marsh, democratic national treasurer, told the committee yesterday the democrats had thus far proposed only \$100,000 for the speaking campaign. Senator Spencer asked Marsh if the expense of Governor Cox's special train on the coming western trip would not cost about \$30,000 and Marsh said it would be about \$30,000 to start with.

Further investigation into the republican year book being published by William Barnes of the Albany Evening Journal, will be undertaken by the committee next week in Pittsburgh, it was announced today by Senator Kenyon. Mr. Barnes will be subpoenaed to appear at the Pittsburgh meeting, it was announced.

## Bourbon Coffers Empty

W. L. Jamieson, financial director of the democratic national committee, appeared at a night session which was ordered in an effort to speed up the hearings.

Messrs. White, chairman of the democratic national committee, and Marsh agreed that the democratic coffers were practically empty but both hoped for better conditions soon. They said that the party as yet had no campaign committee, no finance committee and Mr. Marsh added that the heads of bureaus had not yet been appointed.

They agreed also that there was nothing in the budget of \$3,000,000 presented on Monday by Will Hays, chairman of the republican national committee that was in itself evidence of a desire to corrupt the American electorate.

Mr. Marsh thought the amount named was not excessive for a republican campaign but he said it would be much more than would be needed for a democratic effort.

## Satisfied with Little

The officials differed as to the amount needed for this year's democratic campaign. Mr. White made a "strictly personal estimate" of \$2,000,000, but Mr. Marsh said this was too high and that in the ten months remaining before campaign he hoped they could collect \$1,200,000. He said he would "be very happy" with that amount at the disposal of the national committee. The arch-enemy confirmed previous assertions that the 1916 cost the democrats \$2,300,000. Fred W. Upham, treasurer of the republican national committee, issued a statement last night in which he declared that when Governor Cox "charged" the republicans were receiving subscriptions \$5000 to \$10,000 and quoted a document marked "form 101" as his proof he was speaking of a plan which was never adopted. Form 101 called for such a plan, but was "never ratified or put into use and was expressly vetoed," according to the statement.

# Today's Markets

## New York Stock Market

NEW YORK, (AP)—Rails again were the outstanding features of the stock market today, the entire list, however, improving mainly as a result of lower money rates. Sales approximated 700,000 shares.

An advance of six points in the preferred shares of the Cleveland, Cincinnati, Chicago and St. Louis road at the opening of today's stock market pointed to a continuance of the recent broad buying movement in speculative rails. Other transportation stocks were fractionally higher with several of the steels, equipments and oils, but trading in other sectors of the list was more contracted than at any recent period.

Selling for profits reduced gains in rails and steels later. This was partly offset by buying of coppers, shippings and utilities. The closing was irregular.

## Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$80.04; first 4's \$85.10; second 4's \$84.80; first 4 1/4's \$85.52; second 4 1/4's \$85.10; third 4 1/4's \$88.32; fourth 4 1/4's \$85.30; Victory 3-4's \$95.48; Victory 4 3/4's \$95.44.

## Grain and Provisions

CHICAGO, (AP)—Wheat took an upward swing in price today after a hesitating start. The strength which developed was ascribed to prospects of a continued export demand. Selling pressure eased when it became apparent that offerings were being quickly absorbed. Opening prices, which ranged from 1-4 decline to 1-2 advance with December \$2.25 to 2-5 1/2 and March \$2.30 to 1-3, were followed by a moderate general up and then by a sharp rise to well above yesterday's finish.

Houses with seaboard connections bought freely, and the market continued to advance. Damage reports from Argentina attracted special notice. The close was nervous, 4 3/4 to 6 1/4 cents net higher with December \$2.30 3/4 to 2-40 and March \$2.37.

Corn rallied with wheat. At first, however, large receipts pulled down the market to the lowest figures yet this season for some deliveries. After opening 1-8 to 3-4 lower, December \$1.17 to 1-17 1/8, prices secured fair general gains.

On the upturn, there was buying on a large scale for a leading cotton and stock trader who has been bearish for some time on corn. The close was unsettled at 3-8 to 1 3/4 net advance, with September \$1.39 to 1-39 1/4 and December \$1.18 3/4 to 1-19. Oats were governed by corn but kept within narrow limits, starting a shade to 1-4 lower, December 66 1/8c, went down a little more, and then recovered. Provisions lacked support. September pork was especially weak.

## Cash Quotations

CHICAGO, (AP)—Wheat No. 2 hard \$2.57 1/2; No. 2 mixed \$1.46; No. 2 yellow \$1.37 to 1-51 1/2. Oats No. 2 white 67 3/4 to 70 1-2c; No. 3 white 66 1/2 to 68c. Rye No. 2 \$1.05 3/4 to 1-97 1/2. # COX PROMISES FREE HAND TO DIRT FARMERS

**Democratic-Nominee Says He Will Appoint Tillers of Soil to Responsible Government Positions**

COLUMBUS, O., (AP)—Governor Cox today declared that if elected president he would appoint "dirt farmers" to responsible government positions, including the secretary of agriculture and members of the federal reserve and regional reserve boards tariff commissions and the interstate commerce commission.

The democratic presidential nominee discussed agricultural questions and outlined his proposed policies in an address at the annual convention of about one hundred representatives of the national board of farm organizations, holding a convention here.

**Outlines Policies**  
Federal regulation of cold storage facilities, a fair tenent of the railroad ownership and operation and co-operative buying and selling by farmers was advocated by Governor Cox. He also declared that business, labor and agricultural interests must have definite laws limitations when they can understand and stay within their future conduct.

Declaring himself to be "a farmer and not an agriculturist," Governor Cox said he would appoint "dirt farmers" to "ending their Rip Van Winkle sleep" and moving toward organized betterment of their condition.

"Farmers are not only entitled to larger representation in government," he said, "but the public service will have its efficiency advanced by larger representation of the agricultural thought."

Advocating appointment of farmers to the federal reserve board and also regional boards, Governor Cox added: "I mean by that 'dirt farmers; you know what I mean."

**Appeals to Farmers**  
"I wish there were more farmers on them now. A great many intervals do not look with favor on my election because they want to change the law (the federal reserve act) by making banks only eligible for membership. Nothing could be more menacing to the farmer. The time has come when the farmer to have his feet under the table when policies are being made."

Farmers are needed on the tariff and interstate commerce commissions, Governor Cox said, and in supervising, respectively, agricultural exports and transportation.

"I don't believe there is a man on the interstate commerce commission," he said, "who knows much of anything about farming. I'm not criticizing the policies of the administration that have led to this thing, but I'm contrasting what is, with what ought to be."

"More than a favor appointment of a dirt farmer as secretary of agriculture. You may recall I gave that policy in my speech of acceptance."

**For Play by Rules**  
"And I am advocating something more — play according to the rules. The rules in the supreme American game are in the federal constitution and the umpire is the American people. There was a meeting of league officials where the contending team tried a squeeze play, and expected to score—0 to one against the United States. But the American senate was ready with the ball at the plate and we are still flying our pennant which we won at home and hold respected throughout the world."

**Crisis in Education**  
In his talk to the teachers Senator Harding praised the profession and said it carried "one of the most profound responsibilities given to any man or woman."

"The disadvantages that beset your profession," he continued, "indicate a serious menace to our national institutions. It is indeed a crisis in American education that confronts us. If we continue to allow our public instructors to struggle with beggarly wages we shall find ourselves with closed schools; our education will languish and fail."

"We have reached a crisis, when it is imperative that something must be done. Let us support adequately the standard of our schools. Let all Americans recognize the necessity and determine upon relief."

"It is fair that the federal government is not responsible and cannot be named to trespass, but it can give of its influence, it can point out the peril which ought to be clearly evident to every community, it can emphasize the present crisis and make an unflinching call for the educational preparedness for citizenship which is so essential to our continued triumphs."

**White and Colored Longshoremen Make Free Use of Clubs and Stones**

NEW YORK, (AP)—More than 2,000 white and negro longshoremen engaged in a battle at pier 50, North river, today, which required police squads to quell. A number of whites and negroes were arrested as ringleaders after several wounded men had been removed to hospitals.

The fight started when 1,000 white longshoremen reported for work at the Southern Pacific steamship pier and found 500 negroes unloading a vessel. Freight handlers' hooks, clubs and stones were used freely.

## SECOND WOMAN FAILS IN TRIAL AT CHANNEL SWIM

**Mrs. Arthur Hamilton Is Forced to Abandon Attempt After Night in Water**

LONDON, (AP)—For the second time a woman has attempted to swim the English channel and failed. Mrs. Arthur Hamilton, daughter of the late Sir Charles and Lady Fairlie Cunningham, started from St. Margaret's bay last evening at 6:10 o'clock with Cape Gris Nez, near Calais, as her object. This morning she was forced to abandon the attempt near the South Goodwin sands.

Mrs. Hamilton was the first woman to make the trial since Annette Kellerman failed 15 years ago. Mrs. Hilda Willing, an English woman, intends to attempt to swim the channel in the near future.

## RUSSIANS ADMIT DEFEAT.

(Continued from Page One)

Definite counter proposals by the Poles will be the first order of business when the conference meets. Prince Sapieha said difficulties were expected on territorial questions. He declared the Poles would not agree to reparations unless the question was arranged on a mutual basis of the damage done by both sides, which Prince Sapieha said virtually meant there would be no reparations.

Disarmament was impossible for the Poles to accept, the prince continued, Poland's attitude on this question being that she has the right to interfere as it is Poland's own business. He said Poland will not give up control of the railroad line demanded by the soviets in their fifteen peace points.

## CO-OPERATION OF POLES WITH WRANGLER PROPOSED

WARSAW, (AP)—Negotiations for the joint operation by Polish and south Russian forces are going on between the government here and General Baron Wrangel. Co-operation between the Poles and Ukrainians is declared to be a grave menace to the Bolsheviks, and it is said the latter have shown their appreciation of this by offering important concessions to Poland at the expense of Lithuania.

These offers, it is asserted, were made by soviet representatives at semi-official conferences with members of the Polish peace delegation while it was in Minsk.

## SIMONS SAYS IEE HAS DENIED AID

(Continued from Page One)

"If we had followed those exhortations," said the foreign minister, "Germany would immediately have become a theatre of war. Furthermore, the disastrous consequences which Bolshevism might be expected to bring with it would have fallen with double force upon Germany."

Dr. Simons said proposals also have been made that Germany cooperate with the western powers against Russia, which he considered an equally impossible course.

"No power at war with soviet Russia," the foreign minister added, "need count on our support."

North, Mrs. Harry Benoit and the Misses Florence Costello, Harriet Wase, Beatrice Ostrander, Garden Wase, were used to decorate the room and dainty refreshments were served.

Mrs. Arthur J. Peavey, assisted by Miss Frances Field and Miss Margaret Smith, of Hansen, entertained at a tea Tuesday afternoon for the girls of the class of 1920 of the Twin Falls high school who are to attend the University of Idaho this winter. The afternoon was spent looking at university pictures and sewing. The guest list included the Misses Louise McMartin, Maxine Hillings, Eunice Ling, Marguerite Love, Beulah Smith, Marcia Giffen Prineville Munson, Esther McColberts, Constance White.

Mrs. Arthur J. Peavey entertained two tables at bridge Tuesday evening in honor of Miss Beatrice Ostrander, who is leaving Friday for Chicago where she will spend the winter. Mrs. Merline Bailey had high score and was given a dainty handkerchief. The guest prize was also a handkerchief. The guests were Mrs. B. B. King of Boise, Mrs. Taylor Cummings, Mrs. A. Read, Mrs. E. J. Ostrander, Mrs. Merline Bailey, Mrs. H. C. Alexander, Mrs. Wendell Allen and Miss Byrd Wall.

Sunday, August 29, saw a pretty little function at the home of John F. Hansen on Fourth avenue east.

Mrs. John E. Hayes of Denver, a daughter of the family, had been visiting for a couple of weeks and had made all arrangements for leaving for her home the next morning, and the influx of friends and relatives from all parts of the county, was interpreted as a desire on the part of these people to see "Ann" once more before she went away, and aroused no suspicion in the minds of Mr. and Mrs. Hansen, who were doing their best to entertain the great crowd. At 5:10 in the afternoon one of the party announced that dinner was served in the park and invited all to join. Even then the occasion of the surprise had not dawned upon the guests of honor, and not until a poem had been read by Mrs. Hayes did it occur to them that the celebration was in honor of the forty-third wedding anniversary of Mr. and Mrs. John F. Hansen. After the reading of the poem, Mrs. Hayes produced another slip of paper and read a presentation verse, which was accompanied by a beautiful golden gift for each of the celebrants, and then all went to work on the fried chicken, salads, fruits, ice cream and cake contained in boxes and baskets. Of the crowd that attended the wedding 33 years ago, only four besides the bride and groom, were present at last Sunday's gathering. They were Judge Lawrence Hansen and his daughter, Mrs. D. P. Abner, Rock Creek, and C. S. Walgren and Mrs. C. S. Walgren, who served as best man and bridesmaid at the original celebration, and who are all that we know of as being alive at that time. The party passed the early portion of the evening with music and conversation, and as all had a long trip to reach their respective homes, departed as soon as the shadows of night spread over the city, leaving with best wishes and promises of returning on the next anniversary. The last anniversary of the wedding is September 2 but owing to circumstances had to be celebrated last Sunday or not at all. Thirteen grandchildren of the Hansens helped to make the celebration a success, and even some of those promised to attend the next golden wedding.

Mrs. J. E. Hill will entertain the Presbyterian Aid society on Thursday afternoon at 2:30. The ladies of the congregation are invited.

The first autumn wedding of the season in Twin Falls took place at the home of Mr. and Mrs. W. Zenas Smith on Wednesday afternoon at 2 o'clock when Miss Beulah Combs, sister of Mrs. Smith, became the bride of Glenn Thompson of El Centro, Cal., the Rev. Asher H. Brand of the First Presbyterian church reading the ceremony. Already artists in their appearance, the living rooms of the Smith home lent themselves admirably to a wealth of goldenglow, greenery and many colored gladioli with which they were decorated, while the sun parlor was a

veritable bower of ferns and flowers in which the bride and groom stood as they pledged their troth. Enhancing the beauty of the scene was the picture made by little Miss Virginia Smith, who, dressed in a dainty gown of pink organdy, carried a basket of sweet peas in which was hidden the wedding ring. The bride, a charming brunette, was attired in a gown of pastel pink gossamerette over satin and her bouquet was a shower of pink and white sweet peas.

Following the ceremony a wedding dinner was served in the dining-room where the soft shades of pink and white prevailed. A basket overflowing with sweet peas adorned the table, the same color scheme being carried out in the appointments.

An honored guest of the occasion was Henry Dryden, an uncle of the bride, with whom she has made her home since childhood. Others present were Mr. and Mrs. W. Z. Smith, Mr. and Mrs. C. M. McTwin, Mr. and Mrs. J. W. D. Smith, Mr. and Mrs. James Wase, Miss Kate Dodge, and the Rev. and Mrs. Brand.

Following the completion of her studies Miss Combs taught in the schools of California the past two years, teaching in Oakland. During a former visit to her sister and aunt in Twin Falls she became very popular with the younger set and others who met her. There, together with friends more recently acquired, extend to the young couple their heartfelt good wishes.

Mr. Thompson, who served his country with honor overseas, is engaged in business in El Centro, California, where the young couple will make their home, leaving on last evening's train for that city. They were accompanied as far as Salt Lake by Mr. and Mrs. W. Z. Smith.

In honor of their members who are to leave for school, the remaining members of the Epworth league will entertain Friday evening of this week at the Methodist church. Election of officers also takes place on this date and a good representation is expected.

Mrs. C. T. Bunce entertained at a six-course luncheon yesterday afternoon in honor of her house guest, Mrs. William Mortimer Bunce of Kansas City. Mrs. James Bunce Miller of Webb City, Mo., who is the guest of her sister, Mrs. Henry J. Wall. The 16 ladies present were served at small

tables and progressed after each course. Mrs. Bunce was assisted by Mrs. William Bunce of Filer, Miss Byrd Wall and Miss Elizabeth Smith.

Mrs. Z. H. North and Miss Florence Costello, entertained at a 10 o'clock breakfast yesterday morning at the home of the former for the "Round Robin" girls. Covers were laid for ten.

Mrs. Merline Bailey entertained yesterday afternoon at a 4 o'clock tea for Miss Beatrice Ostrander, Miss Byrd Wall and Miss Florence Costello, all members of the Round Robin, who are leaving soon. A social hour was spent at cards and the guests of honor were each presented with a dainty gift.

Mrs. H. P. Barger was hostess to the Wednesday Bridge club yesterday afternoon. Mrs. H. W. Sawyer was given the prize for high score and Mrs. F. R. Cox was a guest of the club. Dainty refreshments were served to the eight members present.

## NEW DEVELOPMENTS

There can be no doubt but that W.  
P. Whitaker, mayor of Pocatello, and  
Ross W. Bates, Pocatello lawyer, are  
keen in the pursuit of public office.

Both won nominations on the "In-  
dependent" ticket selected at Nampa on  
August 4 at a convention of Non-parti-  
san league members and representatives  
of some labor organizations, and both  
won nominations again on the Demo-  
cratic ticket selected at the Idaho Demo-  
cratic state convention held at Idaho  
Falls twenty days later, on August 24.  
In each instance Whitaker was nomi-  
nated for representative in Congress  
from the Second District, and Bates was  
nominated for Attorney-General of  
Idaho.

Whitaker and Bates waited just six  
days after their candidacies had been  
endorsed by the Democratic conven-  
tion, and then they formally advised  
the Secretary of State that they did not  
wish to be considered longer as candi-  
dates on the "Independent" ticket, but  
would continue the race—ostensibly, at  
least—as Democrats.

It must be obvious that Whitaker  
and Bates cannot now be considered  
Democrats of any variety other than  
they were when they were nominated  
by the Non-partisan league convention,  
and during the period while they were  
waiting to see whether or not their  
candidacies would be endorsed at Idaho  
Falls.

Delegates to the Idaho Falls conven-  
tion were not blind with respect to qual-  
ifications demanded of a candidate  
placed on a Non-partisan league ticket.  
They know perfectly well that Whit-  
aker and Bates were responsive to the  
pull of strings in Townley's hand, or  
they would not have been even consid-  
ered at Nampa. There is nothing to in-  
dicate that Whitaker and Bates have  
altered their political notions one par-  
ticle nor renounced at all the influences  
that made possible their nomination at  
Nampa.

Withdrawal of Whitaker and Bates as  
candidates of the "Independent" party  
cannot be construed as in any manner  
refuting evidence that the Democratic  
party in Idaho was at the Idaho Falls  
convention, sold out to that political  
element which two years ago sought to,  
and did in large measure, dispossess  
Idaho Democrats of their political or-  
ganization.

And besides, there has been no move  
on the part of the "Independents" to  
fill the vacancies occasioned on their  
ticket by withdrawal of Whitaker and  
Bates.

Such action, still, would not relieve  
those influences at Idaho Falls which  
brought about the nomination of Whit-  
aker and Bates, of an incontrovertible  
charge that attempt, at least, was made  
to sell out the Democratic party—  
whether that attempt was successful or  
otherwise.

Not even a man with a sty in both  
eyes could fail to detect in this situa-  
tion, the fine Italian hand of John F.  
Nugent, Democratic candidate for  
United States Senator.

## RESPECT FOR OFFICERS OF LAW

It is not unlikely that part of the  
lawlessness that is so prevalent through-  
out the United States may be traced to  
the attitude which boys and youths  
have been permitted to assume toward  
officers of the law. It is no longer an  
uncommon thing to hear policemen spo-  
ken of with disrespect.

It is not claimed that the highest type  
of men can always be secured for places  
on the police force, but as a rule  
they are men who are interested in the  
welfare of the people as far as they are  
able to protect them and otherwise  
serve them. They are representatives  
of the law, and as such they are re-  
spected by law-abiding persons.

There is a disposition on the part of  
certain classes to "talk back" at a po-  
liceman or other officer of the law—  
to make slurping remarks to others re-  
garding them, or to commit acts of a  
taunting character. It is a practice  
that should be rendered unpopular by  
more penalties.

Persons of all ages should be im-  
pressed with the fact that policemen  
are employed to protect the interests  
of all by enforcement of the regula-  
tions made for the welfare of the pub-  
lic. If discourtesy is shown to officers  
of the law the offenders should be  
taught a lesson that will be good for  
themselves and for others similarly dis-  
posed.

AMERICAN WORKER IS LAUDED  
IN GOVERNOR'S PROCLAMATION

State's Chief Executive Announces September  
6 Labor Day in Idaho and in Pronouncement  
Accords American Toiler Credit for Achiev-  
ements of the Past and "Unflinching Fidelity  
to Ideals"

Expressing confidence in the workers  
of this state, and gratitude for the  
achievements of labor everywhere,  
Governor D. W. Davis has issued a  
proclamation announcing Monday, Sep-  
tember 6, Labor day in the state of  
Idaho.

The proclamation, which has just  
been sent forth from the capitol at  
Boise, is signed by Governor Davis and  
attested by Robert O. Jones, secretary  
of the state. In it the chief executive  
of this commonwealth lauds the Ameri-  
can workers as constituting the best  
type of American citizenship, and ac-  
cords praise to the toiler for "unflin-  
ching fidelity to high ideals." The  
proclamation follows:

"Because American workers consti-  
tute the best type of citizenship, and  
because the American toiler's unflin-  
ching fidelity to high ideals makes our  
national future bright with promise, it  
is altogether fitting that congress and  
the several states in their turn should  
designate a day consecrated to proper  
recognition of labor and the laboring  
man."

"Idahoans cannot be made to be-  
lieve that Bolshevism will ever threaten  
our governmental structure, with their  
sincere confidence in the integrity and  
good judgment of those who work with  
their hands."

"Here in the heart of the great west,  
our faith in labor rests upon close as-  
sociation and understanding. With us  
there are no invidious distinctions be-  
tween capitalist and laborer. We are  
all workers for the very excellent re-  
ason that an invigorating environment  
makes us so."

"It is in a spirit of pride then, as  
well as with a feeling of gratitude for  
labor achievements that I, D. W. Davis,  
governor of the State of Idaho, do

the scarcity of domestic servants, the  
actual birth rate in New York City is  
going up at a rapid rate, according to  
health authorities statistics issued here.  
The figures show that the birth rate  
per thousand for the first seven  
months of 1920 was 22.34, against the  
rate of 21.90 in the same period last  
year.  
While the birth rate is on the in-  
crease, the health department statistics  
show that the death rate of children in  
the city is on the decline. The rate of  
infant mortality for the past year on  
each 1,000 births was 83, while the pre-  
ceding years a much higher figure is on  
the records.  
The decline in death rate is attrib-  
uted by the authorities to the laws of san-  
itation and healthful living, which are  
now better understood by the mass of  
the people.

## GRAND CIRCUIT RACES

READVILLE, Mass. (AP)—After being out of the city for three weeks because of injuries received at Cloyeland, Tom Murphy took the reins behind Peter Manning yesterday in the historic Massachusetts stake in the Grand Circuit races and won in straight heats. Best time 2:06. Margaret Dillon, the Boston mare, displayed rare form in "The Pilgrim" \$3000 for 2:11; time 2:04. While Wilkaka was easily on a break near the finish but the filly was trotting all the time. Best time 2:03 3/4. 2:03 1/4. Peter Colby, the season's leading money winning trotter, increased his lead by winning the final heat of the 2:08 trot in 2:06 1/2 while Nedda again trotted home ahead of the field in the second heat of the 2:06 trot, carried over from yesterday. Best time 2:05 3/4.

The big upset of the day came when Natalie the Great took the measure of Day Star in the 3-year-old division of the Horse Breeders' Futurity. Walter Cox's filly lost the first heat because of a break near the finish but the filly was trotting all the time. Best time 2:07. Northern Directa made short work in the 2:30 saddle wheelers; best time 2:34. While Wilkaka was easily the best of the local 3-year-olds in the Charles River sweepstakes. Best time 2:14 1/4.

## Brief Bits of Sport

Gordon McKay, weighing 155 pounds and looking a bit drawn, is on the ground to get right for Romeo Hagan.

The Pocanillo middleweight is a business-like sort of chap, both in conversation and in training methods. His system counts for anything Mac should win in a walk.

However one never can tell about boxers.

This department has a sweet little missive from one Wilber B. Rose of Pocanillo, who, for his protégé Ray Rose, issues a dire challenge addressed to Bill Woodhead.

The manager of Al Nelson and Brother Ray goes out of his road to improve this department with his knight, that Bill Woodhead is a lightweight.

Having been one of those insisting upon having Nelson and Woodhead involved in the ring on the occasion of a fight between the pair, we are in position to say to Manager Rose that Woodhead on that occasion weighed a scant 124 pounds while Nelson sealed 11 pounds the heavier.

With that off our mind let's say that Bill Woodhead is no longer in this fight, having passed out with Tom Norris some weeks back.

Our tears copiously flow when we view the results of these games the White Sox are playing.

Also, the Indians appear to have been revamped somehow.

And the Salt Lake Bees took the Angels to a neat 4-2 trimming on Tuesday.

Which win, considering the fact that Vernon did not play, brought said Bees to nine point from first place again.

Sim Smiley, sage-brush sage, says: "Efficient the world would go on if this here profiteer" horseyman much longer it will wind up in a nightmare."

Butch Ryler, who backstops for the Salt Lake Cougars club, landed a near homer Tuesday. That the fence in left field proved a foot too high is all that prevented the punch going for a circuiter.

Also we are faithfully inclined when we view the things those Angels did to those Bees yesterday.

A sports contemporary dubs Frankie Mason the lightweight champion of the world.

Can't say how Benny Leonard will feel about that.

Yesterday an equifier called by phone to know from whom Johnny Kilbane won the featherweight championship. Kilbane won the title by defeating Abe Attie on the coast in 1911.

## MUNICIPAL COUPON BOND ISSUE AND SALE BY THE VILLAGE OF KIMBERLY, COUNTY OF TWIN FALLS, STATE OF IDAHO

Public notice is hereby given that the Village of Kimberly, in the County of Twin Falls, in the State of Idaho, intends to issue and negotiate the Municipal Coupon Bonds of said Village in the aggregate amount of \$14,767.18 for the following purposes, to-wit:

Municipal Coupon Bonds to the amount of \$14,767.18 to be designated "Municipal Coupon Paving Bonds of the Village of Kimberly," to provide for the building and constructing of drains, grading, paving, curbing and crosswalks in the spaces formed by the junction of two or more streets or where one main street terminates or crosses another main street in Local Improvement District No. 3 of the said Village.

Said bonds will be issued in conformity with the provisions of Ordinance No. 21 of said Village, adopted and approved on the 24th day of August, 1920, and subject to the approval of the qualified electors of said Village voting upon the question at an election to be held in the City and State of New York, on the 25th day of September, 1920.

If the issue of said bonds is approved by the electors as aforesaid, the bonds will be due as of the date of their issue; will be redeemable at the option of the Village at any time after the expiration of ten (10) years from the date of their issue; may be held in full or in part and thereon an annual interest of five (5) per cent may be paid; the principal of said bonds and the interest thereon shall be payable at the office of the Village Treasurer or at the National City Bank, in the City and State of New York, at the option of the holder. Said bonds will bear interest at the rate not to exceed six (6) per cent per annum, payable semi-annually on the 1st day of January and the 1st day of July, in each year. The Chairman of the Board of Trustees and the Board of Trustees of the said Village of Kimberly, will, up to Tuesday, the 25th day of September, A. D. 1920, at the hour of 8 o'clock P. M., at the office of the Village Clerk of said Village of Kimberly, receive sealed bids for said bonds. All bids must be without condition as to legality and must be accompanied by an unconditional certified check on a National Bank or Trust Company equal in amount to ten (10) per cent of the face value of the bonds bid, on which their bids are based.

After ascertaining the best terms upon and the lowest rate at which said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and accrued interest at the time of disposal by the Village Treasurer under the general supervision of the Chairman of the Board of Trustees and the Board of Trustees of said Village of Kimberly. The Chairman of the Board of Trustees and the Board of Trustees reserve the right to reject any and all bids.

By order of the Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly, Twin Falls County, State of Idaho.

J. M. SWEETLEY, Chairman of Board of Trustees.

W. F. BREKON, Village Clerk.

## PUBLIC NOTICE OF SPECIAL MUNICIPAL COUPON BOND ELECTION

Kimberly, Idaho, Aug. 26th, 1920. Pursuant to the laws of the State of Idaho and Ordinance No. 21 of the Village of Kimberly, in Twin Falls County, in the State of Idaho, public notice is hereby given that a special election will be held in the said Village of Kimberly, at the voting place hereinafter designated, on Saturday, the 27th day of September, A. # SILVER THREADS NOT INSPIRING

Christina Cooper, Married at 61, Accuses Spouse of Cruelty and Desertion

When in the year 1916 George Cooper led his bride, Christina Winfrey to the altar of Hymen he was 50 years of age, she 61. Both had experienced matrimony before and the bride had a grown son.

The greater age of the bride, according to her own statement, does not appear to have inspired that degree of affection, or even respect, said to be due gray hairs, on the part of the groom. And now the wife wants a divorce and restitution of property, she claims to be hours by right of possession before this marriage, as well as restoration of the name she bore when she plighted her troth to Cooper in Pocatello.

Mrs. Cooper says George is a cruel man in his demeanor toward her and adds that on various and sundry occasions he has used opprobrious and mean language in addressing her, even in the presence of company. Also, according to the bill of particulars filed in connection with the divorce proceedings by Attorney John E. Davies, Cooper has developed a penchant for the company of other women, or at least one other woman. The latter is named in the complaint as Mary Miller, and with said Mary defendant is said to have wanted to fly hence, Mary Miller being of somewhat more tender years than Christina.

All these charges are preferred in the bill, together with numerous references and allusions of a more or less malignant character, all of which tend to put the defendant in a bad light as a wife and husband. One charge is that Cooper has deserted plaintiff and has threatened to kill her grown son. Mrs. Cooper claims she has right and title to property valued at approximately \$38,000. This she wants restored to herself without leaving any rights vested in the husband.

Dr. Evans, the Optometrist, is at his office this week but will leave Saturday evening September 4, to be gone a few days.

## Masons Plan Reception to Open Season

Rousing Entertainment Scheduled for September 9 for All Members

Plans of a more or less definite character were last evening made for a general reception for all Masons in this community. The reception will be conducted in Masonic temple on the night of Thursday, September 9, and will be in charge of an especially chosen committee.

While the new fraternal season was officially opened by the Masons last night with a regularly scheduled communication, at which much regular business was transacted, the formal inauguration of the season's lodge activities will be withheld until the occasion mentioned.

The open reception will be marked by a number of special entertaining events all contributed by members of the fraternity. One of the chief features will be a banquet served in the general lodge room.

To this affair an invitation is extended to every member of the fraternity, whether of local or outside affiliation. In addition to the entertainment program there will be discussions for the general welfare of the order. M. W. Denoyer is chairman of the arrangements committee.

## AGAINST THE CITY.

Judge O. R. Baum of the district court at American Fork, has rendered findings of facts and conclusions of law in eight more cases brought against the city of Twin Falls in the Yarned corner lot assessment matter. The rulings involve the same findings as in all others, and are adverse to the city's plan of assessing lateral improvement cost all to the corner property. The cases decided are in favor of Plaintiffs W. R. Friebe, H. B. Johnson, Conrad Mangel, J. W. Craven as guardian, Wilber S. Hill, Asher H. Wilson, W. G. Reed and L. T. Wright.

## OPERATIC SINGERS ON FAIR PROGRAM

Salt Lake Quintet will Appear in Concert Work During the Exposition Week

Open air singing will be one of the prime attractions at the Twin Falls county fair this fall. The entertainment will be supplied by the Salt Lake Opera quintet directed by Fred C. Graham.

The quintet, which in years past has made a wonderful reputation with county and state fair assemblies in Idaho, Utah and Montana, is composed of some of Salt Lake's highest-class musicians. The soprano, Mrs. Mary Atkinson, is known throughout Utah as the Bee state's premier lyric singer. Miss Edna Dwyer contralto, is a worthy vocal companion to Mrs. Atkinson, possessing a powerful alto voice of great depth, power and tonal quality. Both ladies, in addition to being eminent singers, possess exceptional personality and stage presence.

Fred C. Graham, tenor, is noted throughout the west as the "man with a silver throat." He is an accomplished singer, sympathetic in interpretative ability, and has a compelling manner before an audience. Alvin Koddington, advertised as a baritone, is more of a basso, though not of profound quality. He is the newest member of the quintet, and was selected to take the place of Melvin Peterson, whose baritone voice, though of good quality and pleasing was not sufficiently heavy to balance the organization.

Miss Becky Almond, accompanist, is without doubt one of the most accomplished of Utah's pianists. She is a thorough student of the piano, and one of the most sought after accompanists in Salt Lake.

The company will appear at least twice daily on the county fair grounds giving concerts of mixed, popular and classical selections.

## RAND CONCERT TONIGHT.

The closing concert of the season will be given by the city band in the park tonight. A review program has been prepared for this occasion. The concert will be held at the usual time, 8 o'clock.

Dr. J. P. Meyers has changed his office to the Twin Falls clinic building over the United Stores. -adv.

**Back from Missouri**—Miss Ruth Way returned yesterday from Chillicothe, Mo., where she has been spending the summer vacation. Miss Way is to be principal of the Bickel school this year.

**Going to Montana**—L. J. Hill, who has been visiting his brother, A. J. Hill, of the Warren Construction company the past week, will leave tomorrow morning for headquarters in Billings, Mont.

**Case Under Adversement**—Judge Baddock yesterday announced he would take all the testimony submitted in the case of Jerry Bonard and others against 31 defendants including D. B. Alvarman, and will render a decision later. The case involves adjudication of rights to the waters of Dry creek.

**Plant Operations Suspend**—Tempor-

arily operations of an extensive nitrage are suspended at the blutitule nitrage plant. This is due to lack of a certain class of rock used in mixing paving material for city streets. Highway district officials explain an ample supply of this rock, will be available immediately. Work of patching depresses in old paving is proceeding.
