Warsaw Dispatch Declares Vice
Admiral Huse Tells Polish
Representatives He Comes to
Bring Moral Assistance

WASHINGTON, (AP)—An official report received in diplomatic circles today said General Hukas, commander of the Lithuanian army, had served notice on the Polish military delegates at Kovno that unless Lithuanian territorial claims were accepted, Lithuania would cooperate with the Russian bolsheviks and eventually with Germany against Poland.

The answer made by the Polish officials was not reported.

Polish representatives who greeted Vice-Admiral Huse, commanding American naval fleet recently sent to Danzig and later withdrawn, have reported, a message from Warsaw said, that the American officer told them "he came to bring moral support for the Polish people."

WAR PRISONERS AID REDS
IN RETAKING OF OMSK

HARBIN, Manchuria, (AP)—Russian soviet forces, aided by German and Japanese war prisoners, have recaptured Omsk, where, as in other towns of Western Siberia, the peasants recently overthrew the soviets. The bolsheviks are in possession of the northern portion of the Omsk province, along which fighting has been proceeding but they are isolated and without food.

Confirmation has been received here of the reported revolt against the bolsheviks in the Ussuriysk region. All provinces have been cleared entirely of the bolsheviks.

TRANS-CONTINENTAL AIR
MAIL SERVICE IS BEGUN

Postal Flyers Start from New
York on Three Days Trip to
San Francisco

NEW YORK, N. Y., (AP)—Trans-continental air mail service to San Francisco was officially inaugurated today when R. G. Page, piloting an airplane equipped to carry 400 pounds of mail, started his westward flight at 6:30 o'clock from Mineola field and carried in his cargo of mail letters to the mayors of six cities along the route.

Cleveland First Stop

The airplane was scheduled to make its first stop at Cleveland. Other stations were Chicago, Omaha, Cheyenne, Wyoming; Salt Lake City; Reno, Nev.; and finally San Francisco.

The trip is expected to be completed in five days, arriving at San Francisco 42 hours ahead of the time regularly required for mail trains.

The flight mapped out is 2,851 miles in length. The establishment of the service places at the disposition of the United States military forces what is probably the greatest system of regular maintained landing fields and stations in the world.

Action of Idaho Officials in
Withdrawing Lands Because
of Lack of Irrigation Water
is Endorsed

SAN FRANCISCO, (AP)—The action of Idaho land officials in withdrawing from the Salmon River Canyon tract in Idaho 25,000 acres of land because there was not sufficient water to irrigate the tract was upheld by the United States circuit court of appeals Tuesday.

The court held that the claim of the construction company, the Twin Falls Salmon River Land and Water company, to the right of lien on the land of the project should apply only to the acreage for which it furnished an ample water supply.

The company contended that the preliminary appropriation of the land officials and the secretary of the interior for a 60,000-acre project was irrevocable. On the basis of this approval, the company asserted it had spent \$3,500,000 in construction work.

Federal Treasury Puts Forth
Effort to End the Illegal
Distillation

WASHINGTON, D. C., (AP)—In an effort to end illicit distilling of intoxicating liquor the treasury decided today to tighten regulations around the sale of stills and add another check to its means of tracing down their users.

Manufacturers of stills are required by the new regulation to report all sales, the names of purchasers and locations of manufacturers must be set up. Names of manufacturers must be securely attached to the articles sold and sworn statements must be obtained from the purchasers setting forth the purposes for which stills are to be used.

Until the manufacturer has complied with the new regulations he is not permitted to allow the still to leave his premises. Such sales without a permit or certificate have been granted by the local revenue authorities.

LONDON, (AP)—Gabriele d'Annunzio has disapproved of the seizure of the American steamer Cogne by his officers and will order its release, says a Rome dispatch of Tuesday to the Exchange Telegraph quoting advices from Fiume.

WASHINGTON, (AP)—Unconfirmed rumors of disorder in Yucatan, Mexico, during the presidential election on Sunday have been received at Mexico City, according to advices to the state department. The published returns, the embassy said, indicated an overwhelming majority for General Obregon.

WASHINGTON, (AP)—Reports of the imminence of a revolution in Serbia were formally denied here by Dr. Grunthof, minister of the kingdom of the Serbs, Croats and Slovenes. The communist party recently has attained some success in the elections, the minister explained and these although without any especial significance probably gave rise to the rumor.

Declares for Larger Representation
of Farmers in Governmental
Affairs and Co-operative
Market Associations

MINNESOTA STATE FAIR
GROUNDS, (AP)—An agricultural program designed to keep the nation self-sustaining and to improve the condition of the farmer was outlined by Senator Harding, republican nominee for the presidency, in a speech today at the Minnesota state fair.

Details Specific Program

In specific terms the candidate set forth his policy as contemplating the following steps:

Larger representation for farmers in governmental affairs, particularly with regard to trade and finance.

Establishment of a system of co-operative associations for marketing farm products.

A scientific study of the world market for farm products with a view to stabilization of prices.

Curtailment of unnecessary price-fixing and of all "unconsidered effects" arbitrarily to reduce farm product prices.

Administration of the farm loan act so as to decrease tenancy, promote diversified farming and provide long-term credits.

Restoration of railway facilities to a state of highest efficiency.

Revision of the tariff to protect American agriculture from unfair competition.

For Diversified Crops

Both reclamation and intensive farming, the nominee said, would have their places in a development of the nation's agricultural resources to a capacity which would insure to posterity an abundance of domestic food products. He stressed the need for diversified crops and also declared it essential that there be a financial balance between grain and livestock production.

Deploing the drift of population from country to city, Senator Harding advocated an improvement in the social life of the farmer and such administration of economic law as would insure a "fair balance between our urban and rural industries." He praised the part played by the farmers during the war, declaring that "it never will be understood or fully appreciated by our people."

Gives Conception of Future

The candidate described his conception of American farming as contemplating a system of agriculture which will enable us to feed ourselves abundantly with some to spare for export in years of plenty, and at prices which will insure to the farmer and family both financial rewards and educational, social and religious living conditions fairly comparable to those offered by cities.

Price control might be necessary and wise in time of national crisis, the senator said, but prices in the long run must rest rather on natural laws than on arbitrary enactments.

MEXICO CITY, (AP)—Certain suggestions relative to the administration of federal zones in connection with petroleum operations are included in a letter the Mexican foreign office has received from George T. "The federal zones are the property of the nation, which maintains the right to dispose of them as she desires. A departure from this policy would mean the loss of the nation's sovereignty."

The provisional president declared this letter to be the only communication relative to petroleum sent to the foreign office by the United States.

"Mexico has no desire to curtail her exportations of oil to the United States," the provisional president continued and the campaign waged there relative to the oil question is nothing but so-called North American bluff by envious of the Mexican government. Asked if Mexico could exist without

Primary Election Increase the
Margin by which Senator
Wins over LaFollette Protege

MILWAUKEE, Wis., (AP)—Returns received today from yesterday's statewide primary increased the lead of Senator Lenroot in his race for the republican nomination for United States senator. Returns from 769 precincts out of 2379 in the state for the senatorship gave Lenroot 82,250; Thompson 46,257; McEllen 19,094.

While Roy P. Wilcox, Eau Claire ran strong in Milwaukee county and for a time led the field of six contestants for governor outside the county, yet later returns showed John J. Blaine of Rushville to be gaining in strength in the outside precincts.

In 731 precincts out of 2,379 in the state the vote stood Wilcox 42,241; Blaine 28,193.

Of the several surprises in the congressional races, "In the third district former Congressman John M. Nelson of Madison has been nominated over the incumbent, James G. Monahan of Burlington.

In the seventh district Joseph W. Beck, of Virouqua has defeated Congressman John J. Eech while in the fifth district, William Stafford of Milwaukee, was nominated to oppose Victor Berger, socialist.

SENATOR MOSES PLURALITY
OVER SPALDING NEAR 12,000

MANCHESTER, N. H., (AP)—Senator George H. Moses, opponent of the league of nations and of woman suffrage, was re-nominated by the republicans yesterday in Nevada by a plurality of about 12,000 over W. H. Spalding, former state food administrator, according to returns at hand today.

The total vote was nearly twice the average primary vote cast to women's participation. Raymond B. Stevens, of Landaff, received the democratic senatorial nomination and Charles E. Tilton, of Tilton, the democratic gubernatorial nominee. Albert G. Brown, chairman of the state tax commission, was nominated for governor by the republicans.

The republicans re-nominated Congressman Shamus B. Burroughs of Elko. W. Wason over Benjamin T. Bartlett and Joseph B. Perley, respectively.

ODDIE WINS NOMINATION
FOR SENATE IN NEVADA

RENO, Nev., (AP)—Tasker L. Oddie was elected yesterday by Nevada republicans as the party candidate for United States senator. Incomplete returns give Oddie a lead of 533 votes over Brewster Adams, his nearest competitor in a five-corner race to Adams and Oddie's nomination.

Oddie will oppose Charles B. Henderson, democratic incumbent, and Miss Anne Martin, independent candidate, in the general election. Charles E. Evans, republican nominee, was recommended by the democrats for representative in congress, polling more votes than his other two opponents combined. This was opposed by R. C. Stoddard, federal prohibition director, and Walter Pratt.

Samuel Arntz was the republican nomination for representative in congress, beating W. T. McNeil over two to one.

The primary was very light, about fifty per cent of the registered voters being cast.

CHICAGO, (AP)—United States District Attorney Charles F. Glynn announced today that information about presidential campaign expenses has been submitted to him by U. S. Attorney General Cox's representative at the senate committee's investigation of the campaign expenditures. Mr. Glynn said he was not ready to announce what action may be taken on this information.

Mr. Glynn said the question of perjury in the testimony of certain witnesses at the senatorial hearing was brought up.

Mr. Glynn and department of justice representatives attended the committee hearing today.

CHICAGO, (AP)—Governor Cox's "quota" figures on the amount the republicans sought to raise in Cleveland were substantiated and an admission made that the national committee had sought to raise more than George's \$25,000 quota when the senate committee investigating campaign expenditures resumed its hearing today.

Philo H. Blossom, one of the leaders in the Cleveland fund raising drive, testified the Cuyahoga county quota was fixed at \$100,000 although the testimony of Fred W. Upham, republican senatorial treasurer, fixed the goal for the entire state of Ohio at \$100,000 for the national committee and \$250,000 for state purposes.

Swimming Pool List
Invites Donations!

Previously acknowledged . . \$929.00
Burton E. Morse 10.00
Cowell & Spargur 25.00

Total \$954.00

WILL all those who really want a public, municipally owned swimming pool in Twin Falls advise us at once as to the precise extent of this desire in terms of dollars and cents? Donations and pledges to date have reached the splendid total of \$929, and this without solicitation or special urging of any kind.

The News hopes to see this list of pledges climb several thousand dollars in the next month or two, and The News believes that this hope is shared by a great majority of all the people of Twin Falls, to say nothing of the younger people, who will be glad to see the benefit fund. But to have a swimming pool will cost money and all the moral support and good wishes in the world will not take the place of it.

It is not necessary to send your check at this time—simply phone The News as to the amount you are willing to pledge for the building of the City of Twin Falls Swimming Pool. Every good fellow in Twin Falls is extended a special invitation to pledge, at once, any sum from \$1.00 up so that, next year, the city's financial needs may have a place to swim.

THE PLAN

Purchase of tract of land adjacent to open ditch or canal.

Construction of open pool, 50x100 feet, concrete lined, varying in depth from one to ten feet.

Direction of suitable dressing rooms, benches, etc.

Balance of land not covered by pool and dressing room to be used for general park purposes or disposed of in the form of city lots.

Attendant to be employed during summer months. Entire project to be built by local subscription and turned over to the city for maintenance and operation, free of all cost, upon completion.

Telephone The News, Phone 32, and tell us how much you care to subscribe. You may send your check in at once or may pledge the amount, payable on or after January 1 and on or after April 1, 1921. Amounts from one dollar up cordially invited.

DO THIS NOW—NOT TOMORROW!

NATIONALISTS RULE PROVINCE THROUGH FEAR

Select as Governor of Keras-sounde, Osman Agha, who is Reputed Most Feared Man on North Coast of Anatolia

KERASSOUNDE, Anatolia, Turkey, (AP)—Osman Agha, the newly designated governor of Keras-sounde, is probably the most feared man on the north coast of Anatolia.

When the nationalists selected Osman Agha to impress Greeks, Armenians, Jews and Turks alike into Mustafa Kemal's army, they took into their camp a man who would have been a terrible menace in opposition ranks and who is merciless in executing the orders of the Angora government.

Osman Agha has been for years the self-constituted boss of Keras-sounde in office or out of office he is master of the local situation. Until recently he was only mayor of the little city. But no provincial governor could give the old bandit chief orders. In fact, he always managed to unseat all provincial officials. He transcended walls, metropolitans and bishops. Turks, Greeks, Armenians and Jews fear him alike, but had to obey his orders. He took over property which he wanted without legal right and threw anyone into prison who questioned his authority.

Osman Agha was even a self-constituted regulator of women's fashions. He hated high heeled shoes and short skirts which Muslim women copied from their French sisters. Consequently he issued an edict that no Mohammedan woman should wear a heel more than one inch high and that their dresses should come to the ankle. Then he immediately sent word to all the shoe-makers and dress-makers that they could be jailed if they executed orders in violation of his edict.

He died up Keras-sounde by methods as direct as those of the late Cerrito Nation. Without warning he went to all the liquor shops and poured all the spirits into the street. It was being sold in violation of Mohammedan teachings. Being a Turk of the old school and a total abstainer himself, he offered no explanation whatever to the wine merchants, who dared not question his authority.

Immortal women became too conspicuous in Keras-sounde. Turkish people he ordered that the heads of all such women be shaved. Many of the women left the town. Those which remained disappeared from time to time and many of their bodies were washed up by the sea.

Osman Agha embodies all the tyrannies which Turkish officials exercised over the Christians in Pontus, the Black Sea coast of Anatolia, where Greeks have predominated in the chief cities for many centuries.

The Greeks of Pontus are buoyed up by the hope that they may soon be protected against Turkish oppression, but they dare not show their joy at the prospect of deliverance. Until many of the Turkish officials responsible for massacres and deportations shall have been punished there will be no peace and security for the Christians in Pontus.

WISCONSIN TAKES LEAD IN UNIFORM LEGISLATION

Conference Secretary Reports on Results Attending Proposals

CHICAGO, (AP)—Wisconsin leads the states in the number of uniform acts that it has adopted as put forth by the National Conference of Commissioners on Uniform State Laws according to a summary by E. A. Gilmore, of Madison, Wis., secretary of the conference.

Of 30 uniform acts submitted by the commissioners, Wisconsin has adopted 21. Massachusetts stands next with 12. Wisconsin is also the first state to enact all the legislation relative to marriage and divorce drawn by the commissioners.

The uniform law which has been most favored in the negotiable instruments act. This has been adopted in all jurisdictions except Georgia and North Carolina.

Two proposed uniform acts have not as yet been adopted by any state. They are the table of weights and measures and the insurance policies act.

More legislation dealing with marriage and divorce has been proposed than on any other subject. Action by states on these acts follows: Migratory divorce act, adopted by none; divorce procedure act, adopted by Delaware; marriage license act, by Massachusetts; marriage evasion act, by Illinois, Louisiana, Massachusetts, Vermont; annulment of marriage and divorce act, by Delaware and New Jersey.

A uniform family desertion act has been adopted by Alabama, Kansas, North Dakota, Massachusetts, Mississippi, Tennessee, Texas, Utah, Vermont, West Virginia, Wisconsin and Wyoming.

The flag law submitted by the conference has been enacted in Arizona, Louisiana, Maine, Maryland, Washington and Wisconsin.

BRITAIN ARMS TO DEAL WITH SINN FEINERS

Irish Crimes Bill Gives Elaborates Powers Against Turbulent Faction; May Not Be Largely Invoked

DUBLIN, (AP)—One important provision of the Irish crimes bill which was put into effect in August is that which gives power to try civil actions without a jury. It is intended to make short work of the activities of the Sinn Fein courts which have revolutionized legal business and largely reduced the Irish bar to idleness.

The proceedings in criminal matters of Sinn Fein courts are already being dealt with by the police. When the Sinn Fein arrest a man on a charge of theft or burglary or anything else the police treat the Sinn Fein's action as a breach of the liberty of the subject who should be only triable by a lawful court. The Sinn Fein are prosecuted for assault, tried by court-martial and sentenced to long terms of imprisonment.

The civil trials by the Sinn Fein are more difficult to deal with, for they can be argued, to be merely arbitrations by consent of the parties. But the test is to be applied in whether they purport to be trials by authority of the Irish republic and where that is apparent they may be held to be seditious and those taking part in them prosecuted.

Police have recently been attending all such Sinn Fein courts. They have not interfered with the proceedings but have taken the names of those engaged so that they may subsequently be tried by court-martial. It is generally agreed that the government has now the most complete powers against the whole machinery of Sinn Fein but there is some doubt whether it will strenuously employ them. It will have to deal with hunger strikes on a large scale in the prisons.

RUM RUNNERS COLLECT MILLIONS IN PROFITS

Estimates Place Gain in Illicit Liquor Sales as High as \$100,000,000

DETROIT, Mich., (AP)—Profits run into millions of dollars will be taken by rum runners operating between Canada and the Detroit district during 1920, according to estimates based upon figures by American and Canadian revenue officers. In some quarters the estimates of profit from illicit liquor sales run as high as \$100,000,000 for the present year.

Stories of fortunes made over night and of scores of liquor rings ranging in size and operations from groups of Canadian farmer boys who buy and sell whiskey by the quart to "liquor brokers" whose sales are measured in terms of boat loads, are being heard along both sides of the international boundary between Michigan and Ontario.

Prohibition enforcement agents are greatly hampered by lack of motor boats. It is said to be practically impossible to catch whiskey smuggling without fast craft.

EPICURE SAYS ENGLISH CAFES DETERIORATING

Declares Cooking Has Degenerated to Almost Unbearable Extent; Misses Steaks and Chops

LONDON, (AP)—A reporter for a London newspaper who considers himself an epicure has just finished an extensive study of London restaurants and reached the conclusion that English restaurant cooking has degenerated to an extent almost unbelievable. He complained that he could not find a good old fashioned English steak that a juicy mutton chop with a piece of kidney attached was difficult to obtain, that the pastry of the meat pies the Englishman loves so well no longer is light and fluffy and that the omnipresent jellies lacked their old-time taste.

The famous Soho eating places, too, have lost much of their old time charm. Soho says one writer, "in that district famous for its lounge of smokes, for its children-slee-eyed swarthy bachelors, its little restaurants." It is the Latin quarter of London.

Soho is reaping a harvest because so many people are "eating out" owing to the high cost of maintaining a kitchen but it is doing it at the cost of losing the atmosphere the real habitués enjoyed. And many of the "regulars" have had to give up their favorite places owing to increase in prices and because they disliked to dine near people who do not appreciate perfectly prepared food and who never seem to assimilate the atmosphere of these quaint places.

Fordson

TRADE MARK

It is a habit of Henry Ford to thoroughly try out and test any product he manufactures before he puts it on the market. He personally must know it will do all he wants it to do before he will allow anybody else to buy it. For thirty-five years he worked on this Fordson Tractor. He kept buying land until he had something like eight thousand acres in order that he might get a great variety of soil conditions containing the plowing problems that meet the farmers of the world, and then the Fordson Tractor was put to work and made to take all sorts of practical tests for years before Mr. Ford put it on the market.

And, therefore, when it came on the market, it was right, it was reliable, it would do the work he said it would do. People have bought it, have tried it out, have tested it, and it has proven to be all that Mr. Ford claims it to be, and this is why that while farm Tractors have been on the American market more than twenty years and while three hundred thousand have been sold one hundred thousand of that three hundred thousand are Fordson Tractors, and yet the Fordson has only been on the market two years.

It has sold rapidly because when one farmer bought one, he practically converted the neighborhood to the desirability and profit of the Fordson Tractor on the farm.

The Fordson is made small, compact, flexible, dependable. It is made to be much more convenient to handle than a horse. It was made so that anybody of ordinary common sense could operate and take care of it. We wanted to make it so that a mechanic would not have to be sold with every Tractor. It was made by a farmer for a farmer, and it has the endorsement of the farmers—the little farmer and the big farmer. Some farmers have one, some farmers have ten and fifteen, and one farmer we know has fifty-six. It works just as well in the West as it does in the East. It is just as flexible in the North as it is in the South. It is just as profitable in the wheat fields as it is in the sugar and rice fields. It is just as useful and profitable in the lumber camp, railroad yard, coal mine, as it is in the oil fields or any other commercial line. But especially designed for the farmer, it is especially his necessity.

Because it increases the production of every acre by enabling the farmer to cultivate his ground to better advantage than he can with mule or horse power. It takes the sting and drudgery out of farm work. It is a great conservator of labor expense. Oh, it has so many money-saving advantages that the farmer can't do without it and be progressive and make money.

So we ask every farmer to come in and let us tell him more about this Fordson Tractor. Let us make a demonstration for him on his own farm. Let us test it out to his soil conditions. Let's show him.

Don't delay because there are only so many Fordson Tractors to come to this territory. Get your order in now, and remember that the Fordson after service is prompt and sure. We are supplied with everything necessary to keep your Fordson going every day in the year. Come in and let's talk it over.

MANY WORKERS ENTERTAINED BY EMPLOYERS

Pittsburgh Industrial Concerns are Hosts to More Than 500,000 Employees with Other Important Outings Ahead

PITTSBURGH, Pa., (P)—More than 500,000 persons have this year attended the picnics given by industrial concerns in Pittsburgh to their employees, according to the estimates of amusement park managers and a number of the most important are yet to be held. Arrangements for these great gatherings of workers and their families are on a colossal scale and carried out by an efficient organization of trained engineers and office men. It occasionally happens, as in the case of the Clairmont plant of the Carnegie Steel company that no picnic ground was available. So the engineers selected a nice bit of virgin forest not far from the town, built good roads in and through it, erected merry-go-rounds and other traditional amusement devices, built refreshment booths and a dancing platform and when the thousands of steel workers and their families reached the place for a day's enjoyment, they found it as complete as if it had been standing for years.

Requies Much Provisions.
The quantity of provisions required for the entertainment for a big plant and its workers astonishes those who know little of such enterprises.

At one industrial picnic held here recently three tons of beef and four tons of boiled ham were required for the sandwiches. Five thousand loaves of bread were used, three new working 50 hours to cut it to size.

For the 45,000 persons who attended this picnic there were issued 65,000 free tickets for park amusements; 15,000 American flags and 40,000 toy balloons for children were distributed and 15,000 souvenir buttons were given to the workers and their families, while 50,000 knives, forks, spoons and plates were sent to the grounds for the picnic supper.

To provide this feast, the company gave 80,000 pickles, 24,000 rolls, 8000 pounds of baked beans, 1800 pounds of coffee, 50,000 pounds of frankfurters and 1500 gallons of ice cream. The food was cooked in an oven erected on the ground by the company's workmen.

While this was one of the largest picnics of the year, a number of others have equalled it and many more have come within striking distance.

Weapon Against Unrest.
Mill managers and corporation executives look upon the industrial picnic as one of their best weapons against unrest and gladly give to their employees the day for enjoyment, while bearing all the expenses in many instances even to transportation to and from the parks.

AMUSEMENT TAX CAUSES REINHARDT TO RETIRE

Author of German Drama Quits Active Management of Theatrical Chain in Disgust

BERLIN (P)—The newspapers announce the retirement of Max Reinhardt from the active management of his chain of Berlin theaters.

Reinhardt, who has dominated the German dramatic world for more than 15 years, is said to be disgusted at his inability to induce the authorities to repeal or modify the amusement tax, which, he states, is burdening his enterprises to a point where they are no longer profitable. He will retire to his country seat near Salzburg where he will devote himself to agriculture and some more complicated problems of dramatic art.

Gerhart Hauptmann, a dramatist and Felix Hollaender, who has been Reinhardt's chief assistant, are mentioned as the joint succeeding directors.

Brief Bits of Sport

Winning two games on Labor day seems to have taken the Sox pep.

Somebody has remarked that the top of William Harrison Dempsey is the back end of a Missouri mule.

He that as it may there's sure kick in it.

The Phillies have a pitcher named Kefo who seems destined to make a name for himself. He made part of one Monday when he fanned Babe Ruth three times in one game.

By the way Comiskey appears to have loaded a second Dickie Kerr in the diminutive Shorty Hodge.

The former Nashville twirler stood the Detroit Tigers on their heads in the second game Monday.

Romeo Hagan sang his awan song then left for his home.

But either Romeo cannot read or he deliberately spoofed the folk when he said the rules had been changed on him after he entered the ring Monday.

The contract between Hagan and McKay said nothing about fight rules, the committee drafting the agreement understanding that rules permitted by the state boxing commission only would hold good. These are for clean breaks.

Cleveland has suffered another reverse. Shortstop Lunte, who went in after Ray Chapman sustained his fatal blow on the head, has developed a serious injury to his leg. An outfielder named Evans is playing the shortfield.

Walter Mail, former coast heaver, appears to be going well for the Indians. On Monday he held the Browns to two runs in the opening game, while his tribesmen mates made seven for him.

Here's one for Dempsey to try out. Altes Luis A. Frips, South American heavyweight boxing champion, will come over to this end of the world to show what he knows about the ring game. He used to be a wrestler.

Anyhow Jack Dempsey is chivalrous or else he doesn't hold Jess Willard in high esteem. After the fight with Mike Monday the champion issued the statement that Billy is a better man than Willard.

We'll guarantee one thing, though, Dempsey can't make Willard mad enough by such statements to tempt the big Kansan back into the ring.

Sim Smiley, sagebrush sage says: "I'll bet it was a woman lawyer that first figured out a codicil for a will."

If Carl Mays were to shove another ball player off this mundane sphere he would probably pitch all shutouts as a result of his temperament being affected.

Ted "Kid" Lewis, Britisher, and outside of Jimmy Wilde, the best fighting Briton ever sent over, is matched to battle Mike O'Dowd in Jersey City, September 23.

Ought to be a rattling mill, for the Englishman is a shifty piece of goods, and a rare boxer. O'Dowd will probably have trouble reaching him.

BUMPER CROP OF CORN PROMISED

Government Forecasts Yield Six Million Bushels Above the Record

WASHINGTON, (P)—Corn prospects improved during August and promised on September 1 a crop of 3,131,000,000 bushels, the department of agriculture announced today. This is 1,000,000,000 more than indicated August 1, six million bushels above the largest previous crop on record in 1912, more than 200,000,000 above last year and almost 400,000,000 above the five years average.

The indicated yield per acre of 30.2 bushels has been exceeded but twice and then only by a fraction of a bushel during the past 55 years.

Drought and Heat Figure

Drought in northern Minnesota, North Dakota, Minnesota and the far northwest, coupled with rust throughout the main belt of the north central states, caused a loss in the prospective spring wheat crop during the month of August from 592,000,000 bushels to 537,000,000 being indicated. The reduction of 55,000,000 bushels reduces the promised total crop of winter and spring wheat combined to 770,000,000 bushels, which is 171,000,000 less than last year and 52,000,000 below the five year average.

Ons Turn Out Well

Notwithstanding field damage to shocked oats in some states the crop is turning out well, previous hopes that the harvested crops of 1915, 1917 and 1918, that of 1916 being 149,000,000 bushels greater.

Government crop forecasts:

Spring wheat, 237,000,000 bushels.

All wheat, 770,000,000; condition 92.5.

Corn, 3,131,000,000 bushels; condition 86.4.

Oats, 1,422,000,000 bushels; condition 88.5.

Barley, 195,000,000 bushels; condition 91.1.

Backwheat, 15,500,000 bushels; condition 91.1.

White potatoes, 413,000,000 bushels; condition 81.3.

Sweet potatoes, 102,000,000 bushels; condition 80.8.

Tobacco, 1,534,000,000 pounds; condition 84.6.

Flax, 11,800,000 bushels; condition 63.8.

Rice, 52,200,000 bushels; condition 88.3.

Hay (name), 88,200,000 tons.

Hay (wild), 18,300,000 tons.

Sugar beets, 8,900,000 tons; condition 90.0.

Apples, 223,000,000 bushels.

Peaches, 44,900,000 bushels.

Kaffir, 134,000,000 bushels; condition 91.0.

Peanuts 35,900,000 bushels.

Beans (six states), 9,100,000 bushels.

Delegated to raise more money in that state. McClure quoted Dr. J. C. Stockbridge of Atlanta, who said that he was saying Mr. Taylor had told Dr. Stockbridge that he wanted to raise \$25,000 in Atlanta alone.

Stockbridge a Democrat

Dr. Stockbridge, it was brought out, was a democrat up until last year and his son is now directing the campaign of Gov. Dorsey, democrat, for senator.

Senator Kenyon attempted to bring out that records and information from McClure's office had found their way into Dorsey's hands via the Stockbridges, father and son.

McClure said he quit raising funds after the convention because didn't think it necessary proceed.

"There has been a report that you were dissatisfied with the convention," Senator Kenyon said.

"Dissatisfied, yes," McClure. "Dis-

satisfied when they started sending money down there with the intent of our getting a colored national committee."

Mr. Blossom said they actually raised \$74,000 in Cuyahoga county, Ohio, McClure said his committee obtained pledges of about \$11,000 in the state of Georgia, on which \$6015.75 had been paid.

Mr. Blossom testified that A. A. Protzman, a paid agent of the national committee, was present when the Cleveland quota was announced as \$100,000 and that Mr. Protzman helped direct the raising of \$100,000. A list of 3,000 names of prospects was provided by W. R. Woodford, chairman of the ways and means committee of Cuyahoga county, and from this list each representative selected the names of fifty to seventy-five men to be canvassed by his team. Some of the cards in the list were marked with the amount the prospect should give, Mr. Blossom said.

Endorse Drive Method

Senator Spencer and Mr. Blossom endorsed the Cleveland method of raising campaign funds at a substantial reproduction of the drives on behalf of the Red Cross and Liberty loans. After the witness had repeated emphatically that he had never seen form 101 the Missouri senator said:

"In that document is a statement which my distinguished colleague omitted, to the effect that contributions of from \$5,000 to \$10,000 should be made. Was there any such direction issued in Cleveland?"

"Not to my knowledge," replied Mr. Blossom.

Mr. Blossom told Senator Kenyon he could not say whether the republican national committee had anything to do with fixing a quota for Cleveland and Senator Spencer learned that so far as the witness knew the idea came from Mr. Woodford.

Denies Cox "Quota."

Mr. Moore was not in the room when the committee was called to order and several other witnesses were summoned. The first was H. G. Garrett of Winchester, Ky., chairman of that state's republican ways and means committee.

He said that Henry Owen of the staff of Fred Upham, treasurer of the national republican committee asked him to take the post and raise \$25,000 for the national committee.

Mr. Garrett said the fund was practically all raised by June 1, since which date he had made no effort to get additional subscriptions. He said that he himself sent \$12,000 as Louisville's quota of the fund and denied the Cox charge that a levy of \$50,000 had been made on republicans of that city.

Mr. Moore, Governor Cox's representative, was the first and also the last witness on Tuesday.

When he resumed the stand in the afternoon he said: "Much of my information will be useless and the whole investigation will be also, if the committee thinks that Governor Cox's charge is a criticism of the method and plan of the republican drive for funds. I think the plan of spreading the contributions over the country is excellent but if there is being raised a fund that is \$10,000,000 more than the republican national committee itself thinks is sufficient, you will agree with me that it would be a bad thing for America no matter how it is raised."

"We all agree on that," said Senator Kenyon.

The witness and chairman then agreed that the published list announced by Governor Cox in his Pittsburgh speech was a correct duplication of the quota sheet which he read from on that occasion and that it would not be necessary to put the governor's copy in evidence.

Suggests Witnesses

Taking up the list Mr. Moore said that Pittsburgh's quota was given as \$400,000.

"H. C. McEldeamy, president of the Union Trust company, can give you the information that this is the quota and also tell how much has been raised," he said. He also said that W. A. Woodford and Dudley S. Blossom of Cleveland, could tell about that city's quota of \$400,000 and that Edmund Silverbrand in charge of the Youngstown district, had waved a sheet of checks before a hotel clerk there and exclaimed: "This is the way to get the money."

Senator Spencer tried to learn the source of Mr. Moore's information and

draw fire from Senator Reed who protested against what he termed were attempts to learn of testimony in advance "so that the evidence can be patched up before it is presented here."

Grain and Provisions

CHICAGO, (P)—Fresh strength developed in the wheat market today chiefly as a result of free buying for the seaboard. The east was not only after future deliveries but also for the first time in several days was seeking cash wheat in volume. There was a good demand, too, for the other leading bread stuffs, cash rye. Opening prices which ranged from 3-4 to 2c higher with December \$2.42 to 2.43 and March \$2.36, were followed by slight reaction and then by a new upturn, higher than before.

The seaboard buying was generally considered to be reflection of export sales. Prices closed firm, 3-4 to 4 1-2c net higher, with December wheat \$2.45 1-2 and March \$2.41 3-4.

Smallness of receipts together with unfavorable weather had a bullish influence on corn. After opening unchanged to 1c higher including December \$1.21 to 1.21 1-4, the market underwent a moderate sag but then again hardened.

Decided falling off in Iowa and Illinois shipments to Chicago was reported. The close in corn was nervous, 7-8 to 4 3-4c net higher, with December \$1.22 1-2 to \$1.22 3-8.

Oats were firm with corn starting unchanged to 3-8c higher; December \$1.18 to \$1.18 3-8c, and later scoring gains all around.

Weakness in the hog market carried provisions lower. Lard especially was affected.

MASONIC COMMITTEE PREPARES FOR RALLY

Reception Tomorrow Evening Promised to be a Pretentious Affair

Extraordinary arrangements are being prosecuted by a special committee for a routing rally of members of the Masonic fraternity to be held in the temple lodge room tomorrow night. The affair, designed as the inauguration of the Masonic lodge season, will front all appearances be the most pretentious entertainment scheme Masons of this community have ever engaged in.

While the committee willingly announces a part of the program, telling of a big banquet being prepared by the ladies of the Eastern Star chapter, music and some addresses, Chairman Martin Denoyer intimates that these features are only minor in significance to the main feature, concerning which he holds a dark secret.

Notices of and invitations to this rally have been sent to every Mason on the local roster, and to all those who are known to abide within notification distance. It is free to every square and compass man whether a member of the Twin Falls lodge or from other jurisdictions and places.

MILLER FOUND GUILTY

LIQUOR GETS COMPLETE DIVORCE FROM WARCRRAFT

Order Prohibits Issue of Whiskey to Naval Vessels for Medicinal Purposes

WASHINGTON, D. C., (AP)—Spiritous liquors received their final and complete divorce from the United States navy in an order made public today by the bureau of medicine and surgery, prohibiting their issue to naval vessels for medicinal purposes. Not only are medicinal supply depots prohibited from issuing whiskey except to hospitals, but when their present supplies have been exhausted, the order states, "no further purchases will be made and whiskey will be stricken from the supply table of the medical department of the navy."

CAR SITUATION IMPROVES

Commission Reports Heaviest Movement for Year During August

WASHINGTON, D. C., (AP)—Decided improvement in the car situation was indicated by figures made public last night by the car service commission, showing that 964,256 freight cars were loaded during the week ending August 21. This was the heaviest car movement for the year, according to the commission.

Social Notes

Edited by Mrs. E. B. Williams Telephone 396

The M. S. and S. club will meet at the home of Mrs. Will Reed on Wednesday afternoon.

The wedding of Miss Ora Peters, daughter of Mr. and Mrs. E. S. Peters and Howard J. Johnson, son of Mrs. W. H. Johnson took place Saturday afternoon at 1 o'clock at the home of the bride's parents. The Rev. W. A. Moore of the Christian church performed the ceremony. Only the immediate relatives were present and the Rev. and Mrs. W. A. Moore. After partaking of a wedding dinner Mr. and Mrs. Johnson left by automobile for Boise for a short visit and upon their return will reside at 802 Fourth avenue east. Mr. Johnson is in the employ of the First National bank.

The wedding of Miss Vera M. Clarke and Marshall F. Browne was solemnized at the home of the bride's mother, Mrs. George Clarke, at 3 o'clock on Saturday afternoon. The Rev. A. G. Bennett of the Methodist church read the ring ceremony. The fathers of both bride and groom were former newspapermen in Pocatello and all the guests were from that state, including the minister. Following the ceremony a wedding dinner was served. The couple will be at home at 189 Adams street after October 1.

Miss Harriet Warner entertained at a Kensington Saturday afternoon in honor of her friend Miss Arvilla Ball of Santa Ana, Cal. The guest list included the Madamess Wilton Peck, Z. H. North, H. C. Alexander, Granville Haight, Wilbur Bolton, Wendell Allen, Merlin Batley, Harry Benoit, the Misses Gladys Coier, Catherine Gates, Alma Benoit and Byrd Wall.

The Blue Lakes Boulevard club will meet with Mrs. Jere Long on Friday, September 17, instead of September 10 as originally planned.

Miss Anna Giese entertained the members of the Young Ladies' Sodality club at a "children's party" last evening at her home on Eighth avenue east. Refreshments were served. Prizes were awarded to Miss Irene Grady, Miss Gertrude Owens, Miss Barbara McShen.

Mr. and Mrs. J. J. Tussey of Kimberly celebrated their forty-seventh wedding anniversary Sunday with a big family dinner at which were present: Mr. and Mrs. Fulton Tussey and family of Buhl, Al Cox of Buhl, Mr. and Mrs. S. A. Towe of Twin Falls, Mr. and Mrs. Owens of Kimberly, Mr. and Mrs. Will Herndon, Miss Pearl Tussey, Jacob and Clarence Tussey of Kimberly.

Mrs. Tracy Journey entertained yesterday morning at her home in the Rex Arms apartments in honor of her house guest Miss Villa Shaffer of Portland, Ore. Vases of gladiolus and natars were used to decorate the room. "Five hundred" was played, Miss Gladys Orwin winning first prize. Miss Shaffer received a guest prize. The guest list included the Misses Bernice Babcock, Esther McRoberts, Alma and Albertine Benoit, Bessie Newman, Helen Roberts, Byrd Wall and Madamess W. F. Pike and Harry Benoit.

Chapter "D", P. E. O. Sisterhood entertained the families and friends of members at picnic supper last evening at the country home of Miss Jane Maxwell on Blue Lake boulevard. This was the initial meeting of the season.

Mrs. Earl Felt was hostess at a picnic at Artesian on Monday. After a swim in the plunge a bountiful dinner was enjoyed. Those present were Mrs. and Mrs. J. A. Dygert and son, Mrs. Ethel Gray and children, Mr. and Mrs. Earl Felt and two children, Miss Alice Taylor, Miss Edna Fox, Miss Jessie Fraser, and Miss Edith Dygert.

A new club called the "Good Roads" club, has been organized in the neighborhood two and one-half miles west of town. Mrs. W. B. Wolfe is president and Mrs. W. H. Chase secretary. The first meeting will be held at the home of Mrs. Cowham on Friday, September 10. The organization numbers about 15. The members expect to take up the study of child welfare.

The Twin Falls Post No. 7, American Legion, will hold a dance tonight at the Laverling Pavilion. Tickets \$1.00. These dances have proven very popular and a large crowd is anticipated at this dance.

THE "VICIOUS CIRCLE"

It is worth inquiring what inevitably
will be the effect of increasing wages
and reducing hours of employment of
industrial workers. There is nothing
fictional about the "vicious circle" of
advancing wages and enhancing costs of
necessaries of life. There can be no
question, either, that the growing at-
tractiveness of industrial employment is
in large degree responsible for the drift
of men from the country to the cities.
The day cannot be remote in the future
when requirements of consumers will
overtake the supplies of foodstuffs
which the lessened number of farmers
can produce. Is it fantastic to hold
that the city workers are digging a pit
of trouble into which they will fall?

A day or two ago some 20,000 paint-
ers and decorators, moving men and
plumbers went on strike in New York
to enforce demands of various sorts.
The painters, who have a five-day week
of eight hours a day, are asking an in-
crease of \$4, from \$9 to \$10 a day. The
moving men demand a 44-hour week in-
stead of the nine-hour day, and nine
holidays a year instead of the eight
they have been enjoying, together with
an increase of wages of from \$5 to \$8
a week. The plumbers are contending
for a 44-hour week, \$9 a day, 10 hol-
idays a year, advance notice of new work
to be done or half a day's pay if such
notice is not given, and that employ-
ers shall do no work on a job unless
they are union members in good stand-
ing.

Of the reasonableness of any of these
demands we express no opinion. What,
though, must be the psychological ef-
fect of them on people in the rural dis-
tricts? There is no such thing as an
eight or nine-hour day on the farm. As
for a five-day week, there could be
nothing of the sort for the people who
produce our foods. And nine or ten hol-
idays a year are in the same category.
Agriculture is a seven-day-a-week indus-
try. Do you blame the farmer-boy for
giving it up for the ease which he may
have doing some other work in the
city?

But about the vicious circle of which
we are thinking. Shorter hours and
more holidays, and all that make for

lessened individual production? Necess-
arily there are more jobs to be filled
if the required output is to be had. The
fellows flocking in from the country get
the places. As the ranks of industrial
workers are augmented there is neces-
sity for devices to give all a job. Even
shorter hours is the logical expedient.
And that draws more men from the
farms. In an effort to keep his help
the farmer increases wages and up goes
the price of foods in the city. But the
farmer never can compete with the five
day week. How, after a while, will the
city populations, with lots of time on
their hands, be fed?

FRANCE'S BIRTH AND DEATH
RATE

The announcement of the French min-
ister of labor that the deaths in France
last year, excluding the invaded dis-
tricts, exceeded the births by more than
200,000, demonstrates that the declin-
ing of the population did not end with
the war.

The birth rate in France has long con-
cerned those who have given thought to
the future of the nation. The losses
sustained on the battlefield, coupled
with the wide adverse differences be-
tween the births and the deaths, must
show an alarming decrease in popula-
tion, though births were greater by
10,000 than in 1918. It is probable that
the deaths were increased over what
might be expected normally by survivors
of the war succumbing to wounds or
disease contracted in the service. Un-
less the conditions are reversed the fu-
ture is hopeless.

However, it must be considered that
this condition is abnormal, though it
would be less alarming had not the
birth rate for years previous to the war
been so low. France cannot fully re-
habilitate herself and regain her place
as a great power unless her population
increases. In contrast with us she does
not gain heavily from immigration. Her
increase must come from her own blood.

INITIATION.

The initiation was resting beside the
road, and the crowd of 100 or 150 like-
able, after the weary marchers had raised
their packs and sipped from their near-
by empty canteens, they watched dis-
piritedly the energetic setting-up exer-
cises being gone through by a strange
outfit in a nearby field. "What's that
there gang?" inquired Private Hanks
of Oklahoma, without enthusiasm. "In-
fantary candidates' school," replied the
corporal. "Candidates! Infantry candi-
dides!" exploded Hanks. "My good
gosh. Do you have to make applica-
tion and be initiated to get into this
mess nowadays?"

stantial."—Baltimore American.

MUNICIPAL COUPON BOND ISSUE AND SALE BY THE VILLAGE OF KIMBERLY, COUNTY OF TWIN FALLS, STATE OF IDAHO

Public notice is hereby given that the Village of Kimberly, in the County of Twin Falls, in the State of Idaho, intends to issue and negotiate the Municipal Coupon Bonds of said Village in the aggregate amount of \$14,767.18 for the following purposes, to-wit:

Municipal Coupon Bonds to the amount of \$14,767.18 to be designated "Municipal Coupon Paving Bonds of the Village of Kimberly," to provide for the building and constructing of drains, grading, paving, curbing and crosswalks in the spaces formed by the junction of two or more streets or where one main street terminates or crosses another main street in Local Improvement District No. 3 of the said Village. Said bonds will be issued in conformity with the provisions of Ordinance No. 21 of said Village adopted and approved on the 24th day of August, 1920, and subject to the approval of the qualified electors of said Village voting upon the question at an election to be held in conformity with said ordinance on the 27th day of September, 1920.

If the issue of said bonds is approved by the electors as aforesaid, the bonds will bear interest at the rate of their issue; will be redeemable at the option of the Village at any time after the expiration of ten (10) years from the date thereof and shall be absolutely due and payable in twenty (20) years after the date of their issue. Said bonds shall be issued in the denomination of \$1000.00 each, except bonds in the denomination of \$500.00 or \$1000.00 may be issued when necessary; the principal of said bonds and the interest thereon shall be payable at the office of the Village Treasurer or at the National City Bank, in the City and State of New York, at the option of the holder. Said bonds will bear interest at the rate not to exceed six (6) per cent per annum, payable semi-annually on the 1st day of January and the 1st day of July, in each year. The Chairman of the Board of Trustees and the Board of Trustees of the said Village of Kimberly will, up to Tuesday, the 28th day of September, A. D. 1920, at the hour of 8 o'clock P. M., at the office of the Village Clerk of said Village of Kimberly, in the Village of Kimberly, receive sealed bids for said bonds. All bids must be without condition as to legality and must be accompanied by an unconditional certified check on a National Bank or Trust Company equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders shall state the rate of interest, not exceeding six (6) per cent per annum, on which their bids are based.

After ascertaining the best terms upon and the lowest rate at which said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and accrued interest at the time of disposal by the Village Treasurer under the general supervision of the Chairman of the Board of Trustees and the Board of Trustees of said Village of Kimberly. The Chairman of the Board of Trustees and the Board of Trustees reserve the right to reject any and all bids.

By order of the Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly,

Trustees of the Village of Kimberly, Twin Falls County, State of Idaho.

MAKING PLANS FOR RAIL FUND

Bankers' Committee in Session
to Organize Campaign for
Building Road

For the purpose of devising a campaign program by which to raise the necessary local funds required to guarantee the opening of operations for the construction of the proposed rail line from Rogers to Wells, Nev., a committee composed of local bankers, is engaged in session this afternoon at the rooms of the Twin Falls Chamber of Commerce. Those furnishing this information are J. M. Maxwell, A. A. Keeler, C. N. Beatty and J. S. Russell. The committee will organize campaign committees whose business it will be to organize the people drive.

The Twin Falls community's quota to this guaranteed fund is \$200,000 and it is expected this amount will be fully raised in 30 days from the opening of the push. The total bonds required is \$500,000, and already to procure this sum the Twin Falls district has been organized into eight districts where individual drives will be entered. In each of these sections bankers, who have been named directors of the citizens' holding company, will organize separate committees to raise their respective portions of the bonds.

It is stated that the Nevada and of the bonus organization has been at work some time, and should complete its work by September 20. From the southern state reports come indicating gratifying progress of the drive. George L. Davis, president of the Idaho Central Railroad company, which proposes to construct the rail line giving Twin Falls and district a southern outlet to market, says his company is prepared to sign a construction contract and proceed with building as soon as the citizens' guarantee bonus is pledged. The company has already a \$25,000 good faith bond with the First National bank of Twin Falls.

TWO BOARD MEMBERS RETURNED TO OFFICE

W. E. Nixon and D. F. Clark
Named, with Mrs. Scott at
School Election

W. E. Nixon and D. F. Clark were returned to places on the board of directors of Independent School District No. 1 at an election held yesterday. E. J. Finch, serving by appointment as unexpired term, withdrew in favor of the club women's candidate, Mrs. C. B. Scott. A record vote, for a school election, was cast. Messrs. Nixon and Clark will serve a three year term while Mrs. Scott was elected to the short term, two years.

Defeated candidates for places on the school board are: H. C. Keniston, I. E. Pinney and Nellie Parker. The vote: W. E. Nixon 794, D. F. Clark 752, H. C. Keniston 421, I. E. Pinney 399, Mrs. C. B. Scott 810, Mrs. Nellie Parker 374.

Mr. Nixon has served on the board 12 years and is credited with initiating many movements looking toward the advancement of educational affairs in Twin Falls. Mrs. Scott's election gives the Twin Falls board its first woman member.

CELEBRATED TOO WELL.
The Labor day celebration proved a top-heavy affair for Low Adger, who was arrested for intoxication. In the police court yesterday afternoon he paid a fine of \$50 after having been found guilty. He paid and was released from custody.

JEWISH PEOPLE WILL OBSERVE YOM KIPPUR

Hebraic New Year is to be Celebrated According to the Mosaic Ritual

Yom Kippur, or Day of Atonement, will be observed on Sunday evening and Monday by the Jewish people of Twin Falls. The observances begin at 7:30 o'clock Sunday evening and convene at 9:30 o'clock Monday morning.

The Yom Kippur anniversary is really the Jewish New Year, which is always observed by certain religious rites, and is a fast day according to the Mosaic ritual which sets the celebration on the tenth day of the seventh month (Tishri) according to rites described in the book of Leviticus.

These observances, it is said, will mark the first Jewish religious observance ever held in this city.

Trouble Looms for Violators of Auto Laws

Sheriff and Police Chief Warn
that Regulations Will Be
Rigidly Enforced

Friday, September 10, has been set by authorities of Twin Falls county and city as "enforcement day," and every day thereafter will be an enforcement day.

The enforcement has to do particularly with traffic laws and ordinances, the sheriff, A. N. Brague, and the chief of police, William Taylor, having engaged in an agreement to bring all offenders against traffic rules and regulations to account in courts of justice.

With this in mind there has been taken by the officers to warn the automobile driving public against infractions of even the least significant parts of the laws and ordinances, rules and regulations. This warning, signed by both the chief of police and the sheriff, reads as follows:

"After September 10, 1920, we will enforce all automobile laws regarding lights, brakes, license, speeding, etc. We ask the public to cooperate with us and report to us all violations. There will be absolutely no favoritism."

DENY GUILT

Trial of J. P. McDonald, A. L. Burton and A. H. Hargrave, charged with drunkenness and disorderly conduct, has been set for Friday, September 17, in the police court. They pleaded not guilty on arraignment yesterday. The defendants retained Turner K. Hackman to conduct their defense. The men were arrested Labor Day. Each is at liberty on bond of \$100.

MORSE MADE MANAGER

Mr. and Mrs. H. E. Morse have word from Salt Lake of the appointment of their son, Ralph E. Morse to the position of manager of the speakers' bureau of the Utah state democratic organization. Mr. Morse will have offices in Salt Lake and will work under the direction of Herbert Van Dam, Jr., chairman of the speakers' committee. Headquarters will be at the Newhouse hotel.

ADMITS HE WAS DRUNK

Because he was drunk on Labor day Calvin Blanchard was arrested. Yesterday he had sufficiently recovered from his bibulous celebration to appear in police court and tell his tale. He hadn't much to say, in fact one word was sufficient, that being "guilty." He was fined \$25 and settled the impost before leaving court.

Mercury Drops Back but Frost Doesn't Appear

TEMPERATURES were a shade down yesterday, but not so far down that flower gardens were threatened with any dire devastating. Seventy-seven was the high and 40 low for the 24-hour period.

The diurnal weather statement, emanating from the Boise weather works, is interesting, though it may not be true in any part. It says things of a climatic order will be unsettled, with probable showers and thunderstorms in the southeast portion. Which may or may not affect this section—probably not.

LEGION WILL HOLD FORTNIGHTLY DANCE

Former Service Men to Offer Another
Popular Social Event at the
Lavoring

Tonight Twin Falls post No. 7, American Legion, will hold another of its fortnightly summer dances. The affair will be conducted in Lavoring pavilion under the direction of a specially chosen committee. This board is composed of Paul H. Taber, Ray Brown and H. J. Benoit.

The Legion dances, which were started early in the season to provide entertainment of a high class order for those who desired dancing in the summer months. The events have been conducted on a high standard and have established a record for popularity. Tonight's program contains a number of especially enjoyable numbers. The fund derived from these affairs goes into the fund of the Legion for the erection of a Memorial hall.
