TROPIC STORM  
SWEEPS TOWARD  
GULF STATES

Weather Bureau Issues Hurricane Warning of "Dangerous Winds" Expected to Reach Louisiana and Texas

WASHINGTON, (AP)—A hurricane warning for 10 a. m. on the west Louisiana coast and on the Texas coast was issued today by the weather bureau. The warning said the tropical storm in the Yucatan was advancing northward and was attended by "dangerous winds."

"Emergency; warn all interests," said the announcement.

LOUISIANA COAST IN  
READINESS FOR STORM

NEW ORLEANS, La., (AP)—Although weather observers here were without further definite information regarding the tropical disturbance expected to reach parts of the Texas and Louisiana coast today, all precautions are being taken in this section for the coming of the storm. Shipping interests were holding back all vessels destined to the Mexican Central American ports and advising extreme caution on the part of masters now at sea.

## Vessels Citing to Port

More than a dozen steamers were lying held at Port Adams. One vessel reported having been informed that the fishing fleet, which usually sails the Campeche banks had received warning in time and had scurried to port.

A heavy rain here and along the coast was attended by only slight winds until today.

The usual exodus of late vacationists and summer residents started today from the fishing and hunting camps of the coast have been crowded since the first warning of the storm.

The barometer here at 8 a. m. was 29.85, practically the same as 12 hours before.

## Galveston's Report Interests.

Considerable significance was attached to the weather bureau's bulletin report from Galveston. At 8 o'clock last night the tide was 5.6 above normal and at 8 a. m. today it was 1.1 above.

## BAROMETER READINGS

## LOWER AT GALVESTON

GALVESTON, Tex., (AP)—The barometer here at 12 o'clock was 29.88 inches, four points below the 7 a. m. reading. The wind was blowing at 22 miles an hour from the northwest. The tide was 2.5 feet above the mean low reading, a rise of 9 since the 7 o'clock reading. Moderate seas were coming in from the south.

Cattlemen on Galveston island were advised to have their livestock ready to move to places of safety on account of storm warnings. All shipping interests have been advised of the warnings issued by the weather bureau. Railways, warehousemen and merchants are prepared to put freight and merchandise in places of safety if the developments of the next few hours should warrant such action.

## TEXAS WEATHER BUREAU

## EXPERTS STORM'S DELAY

HOUSTON, Texas, (AP)—The weather bureau believed today that there is no possibility of the storm striking the coast with anything like full force, before Wednesday. Blowing tides and a variable wind of fifteen to 22 miles were reported here. The barometer here has risen two points since 7 a. m. and is now 29.92.

## League Membership

## Declared Offered

## Hungary by France

VIENNA, (AP)—The Zombar on Monday printed what purports to be the text of an agreement between the French and Hungarian governments by which the state railways pass under control of a great French corporation for a period of fifty years, Hungary retaining thirty per cent of the stock of the roads.

Under the alleged agreement, France agrees to bring the equipment of the railways to its pre-war condition and promise to endeavor to secure the early admission of Hungary to the league of nations with the privilege of retaining control.

France also agrees to aid Hungary in the boundary demarcations wherever possible, the newspaper adds.

## Turkish Nationalist Forces Continue Fight Against French Troops

## CONSTANTINOPLE, (AP)—Turkish nationalist forces in southern Asia Minor are continuing their fight against French troops of occupation there. Two thousand Turks and Arabs are besieging Adana and others are daily shelling Tarsus with 4.5 inch German guns operated by German officers who have been stranded there since the armistice. Frequent attacks are being made on Mesopotamian important seaport and also the Turkish and French cutting off the heads of the fallen to be sure they are dead.

The French have succeeded in getting supplies into Tarsus from Mesopotamia and are preparing for a winter's siege.

## RESOLUTION TO EXPEL

## SOCIALISTS IS REPORTED

## ALBANY, N. Y., (AP)—The assembly judiciary committee today by a vote of 7 to 6 reported without recommendation the resolution of Assemblyman Gillet to exclude the socialists from the extraordinary session. Action on the resolution was made a special order of business for two p. m. today.

## PREPARING FOR FIGHT

## CHICAGO, (AP)—Bonny Leonard, world's lightweight champion, arrived today from the south, where he has been completing his preparations for his fight with Pal Moran at East Chicago Saturday.

## SOME SENSE, TOO

## BOSTON, (AP)—The state boxing commission again today refused to authorize a bout in which Jack Dempsey, heavyweight champion, was to be one of the contenders. Members of the commission said that Dempsey would be allowed to fight in this state only against a logical contender for his title. The proposed bout which was turned down today was between Bill Brennan and Dempsey, which it was sought to transfer here after the New York boxing commission refused to issue a license for it within its jurisdiction at this time.

## Republican Presidential Nomininee Declares for Tax Reduction to Free Initiative and Production

## CHICAGO, (AP)—The excess profits tax, if it tends to bring on unemployment, is the worst kind of a menace to the employees of America," says Senator Harding, republican candidate for president, in a copyrighted interview printed this morning in a special commercial edition of the Chicago Herald and Examiner.

## Must Have Clear Policy

"If we are to guarantee the workers and producers of America against the 'no hour day' we must go forward with a clear business policy."

"It is the bread-and-butter concern of every man, woman and child of America. As every housewife knows, staples like coal and sugar have been taken upward and not downward."

"Taxation must be readjusted, as soon as we can pick up the task, so that we shall not continue a penalty upon initiative and production."

"In this program of action every industrial worker is a shareholder."

## Tariff Needs Readjustment

"The tariff needs readjustment, not only for the better balanced protection of our industries, but to save our agricultural production where foreign competition under government subsidy or under cheap labor threatens its safety."

## MINER BRANDS DEMOCRATIC

## VOTE CONTROL ATTEMPT FAILURE

## MARION, O., (AP)—W. J. James, of Illinois, national representative of the United Mine Workers for Illinois, today denounced labor and political conditions with Senator Harding, republican presidential candidate. After the conference Mr. James issued a statement in which he said:

## Predicts Gompers' Failure

"Being a republican, I am for the republican party and the Harding-Coolidge ticket. I find that miners who are republicans are going to support Harding and those who are democrats will support Cox. President Gompers' effort to deliver the labor vote to the democratic ticket will fail just as it always has failed. Percy Forester, state chairman of the United Mine Workers of America, is out for Harding and will shortly be on the stump for him. John Moore, recently president of the United Mine Workers of Ohio, is likewise actively supporting the republican ticket."

## Workers Study Records

"The democratic effort to control the labor vote, and particularly the miners has resulted in a failure. When the workers study the records of the two candidates and the two parties, and the republican candidates and program have made such an appeal that the democratic propaganda has failed completely."

Mrs. Harding has received a telegram from women members of the California delegation which recently visited Washington, stating that they have been thrilled and inspired by their visit with you and Senator Harding."

## Postcard Warning of Bomb Plot Against Government Institution Bears Fruit in Elaborate Precautions

## BALTIMORE, (AP)—Department of justice agents here today began an investigation into whatever knowledge radicals of this city might have about the Wall street explosion last week.

The officials worked with great secrecy but it was reported that one person was taken into custody.

## NEW YORK, (AP)—The New York custom house today was guarded at 2 o'clock, the hour when officials were warned they might expect to see it blown sky high today.

The minutes ticked off one by one without bringing traces of a single bomb or a single terrorist. There was a curious throng about the building which was heavily guarded.

## Hoax or Saving

The warning of today's "explosion" followed the disaster in Wall street last Thursday, caused anxiety among workers in lower Broadway, and resulted in the authorities taking unusual precautions, notwithstanding their expressed belief that the warning conveyed on a postal received by Collector of Internal Revenue Wm. H. Edwards was nothing more than an alleged practical joke or the raving of some demented person.

## Heaviest Guard in History

The New York custom house today was under the heaviest guard in its history, because of the warning received yesterday that the Wall street explosion had Thursday would be followed this afternoon with blowing up of the great government structure.

Although both federal and local authorities were inclined to regard as a hoax the postcard received by Collector Edwards, setting 2 o'clock as the hour of the second explosion, they took no chances.

Office workers making their way down the canyon of lower Broadway this morning, found scores of coal guards, carrying rifles and side arms, entering the custom house. In addition, scores of United States custom guards had been mobilized. Everyone entering the structure was closely questioned.

## Mystery Baffles Investigators

Federal and police authorities today were admittedly at a loss over the solution of the mystery surrounding the explosion that spread death and destruction in Wall street last Thursday.

Huge developments from questioning today of the French high commission and Alexander Brailowsky, Russian journalist, went glimmering with the commitment of the former for psycho-pathological observation in Bellevue hospital and the unconditional release of the latter after authorities had satisfied themselves that he had nothing to do with the tragedy.

## Edwards on Job

An epidemic of "golden blazes" and "scouts from out of heaven" was particularly noticeable among custom house employees and lower Manhattan workers this morning.

William C. "Big Bill" H. Edwards, collector of internal revenue, was early at work, however, and asserted that 2 o'clock would find him at his desk. Although also regarding the postcard warning as a joke, he declared that "everything the law allows" has been done to safeguard the lives of workers in the building.

## Incorporation Articles Filed by Concern Purposing to Connect Four Main Lines

WENATCHEE, Wash., (AP)—Articles of incorporation have been filed for the Wenatchee Southern Railway company, organized to build a railroad from Wenatchee south along the Columbia river to Pasco, Wash., connecting four main east and west railroads. It was announced Monday.

The roads are the Great Northern, Northern Pacific, Chicago, Milwaukee and St. Paul, and the Oregon Washington Railroad and Navigation company. Preliminary surveys have been made and preliminary financing has been taken care of, it was announced. Permanent survey work is to be commenced at once.

The incorporators of the Wenatchee Southern include 50 of the most prominent bankers, business men and fruit growers in the Wenatchee valley.

## FOR 'GOOD OF GAME'

AURORA, Ill., (AP)—Baseball pools, played by thousands of persons throughout the Fox River valley were stopped by police yesterday in Aurora and Elgin and in practically all of the smaller towns. The police said their action was taken for the good of the game and was in line with action to be taken over the whole country. Men and boys and even women have been playing the pools.

DUBLIN, (AP)—Auxiliary police forces last night wrecked the town of Balbriggan, near here, in retaliation for the shooting of two police officers there earlier in the evening, when District Inspector Burke was killed and his brother, Sergeant Burke was seriously wounded.

Two civilians were shot dead and several persons wounded. Many houses were set on fire and the largest hosiery factory in Ireland, belonging to an English firm, was destroyed.

## Stream of Refugees

This morning a stream of refugees in terror, and streams of refugees in all sorts of vehicles were abandoning the place for neighboring villages.

It is reported that the two civilians who were shot, according to a bulletin issued by the Irish Self Determination league, He had some sleep, but it was quite fitful, and he was very weak this morning, the bulletin stated.

When asked the direct question whether MacSwiney was being fed, a home official said this morning:

"Not that we know of, but you must remember his relatives have free access to him."

This is the first time officials have qualified the statement that as far as the government's doctors know, the lord may be receiving nourishment.

The home physician reported this morning that MacSwiney was considerably weaker than he was yesterday.

## M'SWINEY ENTERS FORTIETH DAY OF HUNGER STRIKE

## LONDON, (AP)—Lord Mayor MacSwiney of Cork passed a very restless night at Brixton prison, where he entered this morning, the fortieth day of his hunger strike, according to a bulletin issued by the Irish Self Determination league. He had some sleep, but it was quite fitful, and he was very weak this morning, the bulletin stated.

When asked the direct question whether MacSwiney was being fed, a home official said this morning:

## Secretary of State Refuses to Rescind Proclamation of Tennessee's Ratification

WASHINGTON, (AP)—Secretary Colby has refused to grant the request of anti-suffragists from Tennessee that he rescind his action in declaring ratification of the federal suffrage amendment on the basis of favorable action on the amendment by the Tennessee legislature.

After the secretary announced his decision to the delegation at a conference late yesterday, he was requested to at least publish all of the documents regarding action by the Tennessee legislature as received by the governor and other state officials. These documents, it was said, showed that the legislature first ratified the amendment and that the lower house then rescinded its action.

# DECLARES SPAIN MUST TAKE PART IN TRADE FIGHT

## Madrid Newspaper Argues Nation Cannot Be Kept Out of Struggle for Commercial Supremacy of Seas

MADRID. (AP)—Spain must become involved in the coming world's struggle for the commercial supremacy of the seas, says the newspaper El Debate, in an editorial Monday.

"In the approaching struggle," the newspaper declares, "Spain must take her extensive coast line and the strategic importance of some of her ports, cannot remain neutral. We must pay attention to the subject in time to occupy positions and adopt defensive measures to be used in the maritime conflict between the great powers of the world."

"America aspires to have the leading navy, and the Jones law is a challenge to Great Britain. The maritime rivalry between Great Britain and the United States is the greatest factor in international politics with which we shall have to deal."

"This rivalry is complicated by a no less grave state of affairs existing between the United States and Japan, which will serve to bring into play the British and Japanese are united to frustrate American plans and designs for dominion over the seas. The first skirmishes in the commercial maritime struggle are developing, and the United States and Japan, the two disputing for Pacific traffic where rival companies have entered into freight competition."

## PROHIBITION MOVEMENT GAINS GROUND IN CHILE

Agitation Growing for Rigorous Enforcement of Regulations Covering Alcoholic Sale

SANTIAGO. (AP)—Agitation in favor of rigorous enforcement of regulations governing the sale of alcoholic liquors for additional measures of control has been growing recently in Chile.

A campaign has been started to make the Argentinian Indian reserve of Chilo "dry" following the action of the government from residents in the district alleging violations of the existing laws which prohibit the sale of alcoholic drinks on Sundays and feast days and by persons without licenses.

Protesters declare peddlers visit the Indians on holiday and during the traditional fiestas, trade liquor for blankets, fowls and other goods with the result that the feast is "degenerate in drunken brawls and much disorder."

Movements also have been started by workers in the nitrate and coal fields in favor of prohibiting the sale of liquor on pay days.

American State Department Refuses to Approve Salaries for Island Republic Executive

WASHINGTON. (AP)—Withholding salaries of the president, secretaries, state councillor and palace interpreter of Hayti will be continued until the island governments adopts a less antagonistic attitude towards the American financial adviser, in withholding the salaries of these officials who, the financial adviser contends, apparently are unwilling to carry out certain provisions of the treaty entered into at the time of the occupation of that country by American marines.

According to Mr. Barau, these officials have not received any salaries since June.

## SOCIALISTS OF JAPAN ORGANIZE FEDERATION

Union of Oriental Marxists Follows Years of Disconcerted Political Effort

TOKIO. (AP)—After years of disorganized efforts, the socialists of Japan have formed the Japanese Socialist Federation. Its aim is the uniting of the socialists of the country in the spread of socialist doctrine. The organization embraces exponents of all shades of radical doctrine from social democracy to communistic anarchism. The founders include names well known to readers of Japanese socialist literature and embody the first concerted attempt in Japan to advance socialism.

The press wonders what attitude the government will assume towards the new association, which has arranged to hold a general meeting every year. Socialist literature, both foreign and domestic, is meeting with a large sale in Japan.

## Muscovite Women Wed Finns to Get Away from Russia

VIBORG. Finland. (AP)—Hiring Finnish men to marry Russian women to enable the latter to get out of Russia has become a popular and lucrative business in the border town south of Viborg. The Finns exact a high price, but the method is unailing. It makes a Finnish subject of the woman, and is recognized as lawful by the two countries which have assumed diplomatic relations. Endless trouble ensues, of course, if the woman thus freed of Russia refuses to part with her pseudo-husband.

These newly-married couples come out of Russia into Rian-Joki, the frontier town, not more than 30 miles from Petrograd, with the daily exodus of Swedish and Finnish refugees.

## FEW FOREIGNERS GIVEN CREDIT FOR INCOME TAX

Citizens of Most Countries in United States Must Pay Full Amount of Levy Here

WASHINGTON. (AP)—Five foreign countries come within the "credit requirement" of section 232 of the revenue act of 1918 which will permit their nationals to be credited with the amount of income tax paid to their own governments in the computation of American income tax, the treasury department has just announced.

These countries are Belgium, Canada, France, Luxembourg and Salvador. The "requirement" is simply that countries shall credit Americans resident there with the amount of income taxes they have paid to the United States government.

Similar credit requirements of the United States, however, are not satisfied by Argentina, Bahama, Belgium, Bolivia, Brazil, Chile, China, Costa Rica, Ecuador, Egypt, Finland, France, Great Britain and Ireland, Guatemala, Hungary, India, Jamaica, Japan, Montenegro, Morocco, New Zealand, Nicaragua, Persia, Peru, Portugal, Rumania, Santo Domingo, Siam, Spain, Sweden, Switzerland and Venezuela. Citizens of these countries in the United States are required to pay the full amount of their taxes here.

A citizen of a country not listed by the bureau is compelled by the regulations to prove that his country satisfies the similar credit requirements in order to escape payment.

## UMPIRING OF GAMES IS CRITICISED BY DENMARK

Partiality in Judging Olympic Contests to Favor Allies is Burden of Charge

COPENHAGEN. (AP)—Danish papers have been outspoken in their criticism of alleged partiality in the judging of the Olympic games at Antwerp. They complain that awards were given on the principle of "Let the best man win if he is ally."

The National Tidende's special correspondent at Antwerp charges that all games were umpired with a bias in favor of the allies. Typical in this respect, the correspondent says, was the sword combat between Denmark and Italy. All experts were agreed, he states, that Denmark was superior; nevertheless the umpires gave the victory to Italy.

## EMPLOYEES MAKE CLEAN SWEEP OF OLD CRUISER

Hulk of Veteran Vessel is Blown Up Near Shells, Spelling Its Doom

NEW BEDFORD, Mass. (AP)—The cruiser Yankee, which was wrecked on Hen and Chickens reef, Buzzard's Bay 12 years ago and which was after drifting a few miles, has been finally lost to the navy. Wreckers who have been trying for several years to remove the bulk of the sunken cruiser as a menace to navigation have blown it up, and timbers of the old Yankee are now scattered on the floor of the bay.

The Yankee, which was formerly the coastwise passenger steamer El Sud, was in transport service during the Spanish-American war and was continuing on her normal route toward the coast when she was wrecked on Hen and Chickens during a thick fog on the night of September 23, 1908, and slipped off into deep water.

After three attempts to raise her, made under the direction of Naval Constructor Washington L. Capps, failed, and private bids were called for. As a result, the first notable use of compressed air in the removal of a ship in this country was made by John Arbuckle, of New York, a sugar refiner. He bought Peary's Arctic ship Roosevelt and made her headquarters for his operations.

After three months of work with the compressed air method the Yankee was raised and started in tow for this port. She ran into a storm during the night, heavy seas thumped her weakened frame and one of the air ports broke. The Yankee went down again off Dampier Light, and although the Arbuckle wreckers renewed their efforts, and other salvage outfits did their best to bring her to the top, she stayed there for ten years before she was blown to pieces.

## CALIFORNIA JAPANESE BUY LAND IN MEXICO

Tokio News Agency Reports Elaborate Exploitation Plans for Benefit of Nipponese

TOKIO. (AP)—According to the Nipponese News agency the Japan-Mexican Industrial company, organized by leading Japanese residents in California in 1912 with a capital of \$300,000, has exploited a large tract of land extending for several thousand acres in Mexico, the value of the land being estimated at over \$1,000,000, with a view to inviting Japanese emigrants to engage in agricultural work.

It is stated that the district is generally fertile and its climatic condition is highly adapted to the cultivation of fruit, vegetables and other agricultural produce. In addition to the promising conditions suited to the purpose of Japanese agricultural emigrants the Mexican government has welcomed Japanese farmers who will be given the freedom of land ownership and citizenship.

The company has recently opened a branch office at Tokyo with the object of collecting a number of agricultural emigrants required for the newly exploited plantation in its possession. To those who become shareholders in the company by investing a sum of ¥300 or more in the new shares the company proposes to lease 20 acres of land free of charge.

## HAWAIIAN WOMEN SLOW TO MAKE USE OF VOTE

Official Predicts Registration of Less than One-Third of Eligible Electors

HONOLULU, T. H. (AP)—Women in Hawaii have been slow to take advantage of the granting of suffrage to their sex. Since the official proclamation of suffrage, barely 500 have registered out of an estimated total number eligible in Honolulu of 9,000.

"At the present rate of registration among women," said County Clerk Kaulakani, "not more than 3,000 will enroll out of the total number."

Official notification of the proclamation of equal suffrage was slow in reaching Hawaii. The Associated Press wireless service carried news dispatches of the event within a couple of hours after it was a fact, and, after waiting a couple of days, Mayor J. H. Wilson of Honolulu instructed the city and county clerk to go ahead with registration of women on the authority of the Associated Press dispatches. The mayor issued his order Saturday, August 28, and Sunday night the official notification arrived from Washington.

## TO ASSIST HOME BUILDER

Los Angeles Railway Has Under Consideration Housing Scheme

LOS ANGELES, Cal. (AP)—Methods used in aiding employees to buy Liberty bonds during the war are to be utilized to aid them in building homes are the leading phase of a housing scheme under consideration by the Los Angeles railway, according to announcement by G. J. Kuhrtis recently.

The plans contemplate the setting aside of a fund of \$150,000 to be loaned the employees at a low interest rate for home building, the loans to be repaid by small deductions from the men's pay checks, Mr. Kuhrtis said.

Another phase of the plan is the building of "bungalow courts" where accommodations will be available for the company's employees at low rents. A start on this latter phase was made some time ago.

Most of the new buildings, it is expected will be built within convenient distance of the company's shops or car barns.

## MONTANA WOMAN MEMBER OF LEGISLATURE DEFEATED

MISSOULA, Mont. (AP)—One of the results of the primary election of August 24 was the defeat of Mrs. Maggie Smith Hathaway, of Ravalli county for the legislature, in which she had served two terms, as a democrat.

Mrs. Hathaway sat as a delegate in the democratic national convention at San Francisco and was mentioned as a candidate for congress at the coming election, but declined to run. She was one of the dry leaders in the state and was beaten last month by a Non-partisan league candidate.

SCHOOLS PICK  
TACKLERS FOR  
GRID LEADERS

Position is Considered of Primary Importance in Modern Football

By WALTER ECKERSALL.  
When western conference football squads start practice on Wednesday for the opening games, most of which will be played early next month, six of the eleven will be led by warriors who play the tackle positions, two by wing players, one by a center, and the other by a quarter back.

In former years, it usually has been the case for backfield players to be leaders because they were in better positions to direct their men. It also has been customary to make different players field captains when the honor has been based upon a line man, who really is in no position to figure how to place his men to meet a complex offensive.

## Tackle Position Important

The tackle position now is one of the most important on a football team. Most any coach would be satisfied with his offense if he had a good pair of intelligent tackles. In these days of football, the great majority of plays are sent just outside the last men on the line and the tackles play the important part in stopping these formations.

Chicago's leader will be C. C. Jackson, a tackle of no mean ability. Although he was injured last year and unable to play up to standard, he was considered one of the best players on the squad. He is a fast, hard charger who is hard to put out of plays. The Maroons, as most every one knows, will be coached by A. A. Stagg.

F. J. Birk, a hard working tackle, will lead the Purdue eleven. The boiler-maker played good football last year and with a season's experience should be a valuable man for the Lafayette team. Purdue will be coached by Arthur ("Butch") Scanlon.

## Depler a Powerful Center

John Depler, one of the best centers developed in the west in recent years, will pilot the champion Illinois eleven. The Orange and Blue leader was a tower of strength to his team last year, and will be even better this year. He is an accurate passer, one of the type who makes sure of his pass first, and then takes care of the offense. Harry Zupke will again have charge of football at Urbana.

Iowa will have for its leader W. S. ("Red") Kelly, a quarter back of great abilities. Kelly did not play in all of Iowa's games last year because of a mid-season switch which resulted in one of the Devine brothers playing quarterback. Kelly is a player with plenty of enthusiasm and should be able to handle the position in excellent fashion this year. Howard Jones will be the coach.

Goetz Leads Wolverines Again.  
Angus Goetz, who performed so creditably for Michigan last year at tackle, will again lead the Wolverine eleven. Goetz is a player of ability, but had little support last year. He has a thorough knowledge of football, and will be a factor in Michigan's games this fall. Fielding H. Vost will again direct the fortunes of Michigan football.

Trig Johnson, a tackle who was one of the mainstays on the Minnesota rush line last year, will lead the Gopher eleven. Johnson should be one of the best forwards in the west this season, considering the brand of football he played the latter part of last autumn. He is an active forward who has a thorough knowledge of the game. Dr. Harry Williams will again be in charge of the coaching staff.

Wisconsin's team will be led by F. L. Weston, who was rated one of the best ends in the country last year. This player has an uncanny knack of catching forward passes, which his other sterling qualities should make him a valuable man for the Badgers this year. Wisconsin will again be coached by John Richards.

Huffman Captains Ohio.  
I. M. Huffman, a tackle, has been chosen captain of the Ohio State eleven. Although not a flashy player, Huffman was considered one of the most reliable players in the Buckeye forward line.

last year. With the experience of last year's hard games, he should be of great value this year. Dr. Jack Willes will again direct the Buckeye football situation.

Northwestern will have as its leader John F. Dagle, an end of ability. The purple warrior was used at tackle and end last year, but his natural position is at end. Besides being a reliable player in his position, he is a field goal kicker of ability. Elmer McDewitt, a former Yale player, has succeeded Charley Bachman as coach of the Purple team.

E. C. Biele, a tackle, will lead Indiana. Biele was a reliable player last year and will be even better this year. E. O. Stiehm will be in charge of the team.

Notre Dame to Bear Watching.  
Of the non-conference eleven in the central west, which will command just as much interest as the Big Ten eleven, Notre Dame's team will be captained by Ed Coughlin, a tackle. This player was rated highest among the forwards of the west last season, and will bear watching by Notre Dame's opponents this year. Knute Rockne will again coach football at the Indiana institution.

Nebraska, which will engage in two important intercollegiate struggles, with Rutgers and Penn State, will be led by William Dwyer, a center. Harry Schulte, the former Michigan player, will be the main coach.

NATIONAL'S FLAG

Superbas Only Need Four More Games—Race Still Tight in American

NEW YORK, (P)—The Brooklyn Nationals increased their lead over New York yesterday to five and a half games while the three American League leaders all won, Cleveland retaining its grasp on a half lead over Chicago. Brooklyn won from Pittsburgh and gained a half game, as New York and Cincinnati split a doubleheader. The Superbas have only to win four games out of seven to place the pennant beyond New York's grasp, and three out of seven to make it impossible for Cincinnati to reach the top.

In the American league both Chicago and New York put much hope in the Cleveland-Chicago series beginning Thursday.

If the Indians win half of their 12 remaining games, the White Sox would have to win six out of 9 to tie them and the Yankees seven out of eight.

## GRAND CIRCUIT RACES

COLUMBUS, O., (P)—The establishment of the season's mile race at 2:06 1/2 by Ross Scott in the 2-year-old trot, the Horan Review futurity, the fastest three-year-old event of the year for 2-year-olds was the feature of the Brooklyn meeting yesterday. The former season record of 2:08 was set by Bogalusa. Ross Scott, a Murphy entry, lost the first heat to Nelson Dillon, but took the lead early in the second and maintained her advantage to the record finish. Harry Fleming was behind the filly.

Miss Perfection, favorite in the 2:11 trot, won after dropping the first heat to the mainstay, who was defeated by Hal Malone played to win the stake for 2:06 eligibles captured this race in straight heats. Best time 2:02 1/4.

So many horses were entered in the 2:18 pace that it was split into two divisions. One direct won first money in the first division and Dan Elger in the second. The best time in each division was 2:06 1/4.

## Brief Bits of Sport

The Salt Lake Bees have discovered the only true and real system of the sliding scale.

In a month the Mormon club has dropped from first to fifth place.

And, by the same sign, is still slipping.

The White Horse yesterday had a heap of fun and certainly would not have been so lacking in chivalry as to send the visiting Mackmen away with nary a count.

So they presented the Athletics with six, just for the gusto to enjoy some fun, too.

That's fair enough.

As we recall the pitcher who yesterday helped the Giants to whip the much shipped Redlegs, formerly was a Redleg player.

In England the people are crying for bread, and there's little or nothing to make it of except barley, and the brewers have a lead pipe corner on that output for making beer.

In this country the order of things is reversed, and the order of all orders and nothing but bread to make of it—no stills, nor nuthin'.

Ain't it miser'ble?

And yesterday afternoon Kid Gleason, during one of his hysterical periods, yanked Strunk from the outfield and inserted a rocket, just snatched from some baseball cradle.

And that kid went in there and just simply hammered the wadding out of tradition and the spheroid by lifting a three-pyramid to the fence.

They tell us Georges Carpentier would not remove his great coat when he appeared in the ring the other night to greet Dempsey and be introduced to the crowd.

Georges is a Beau Brummel, all right, in the dear dead days beyond Fetching had the folks see his "limbs" for anything; no sirree.

# PRIEST AVERTS MOB'S ATTACK UPON NEGROES

## Turns Back Crowd of 5,000 in Wrathful Pursuit of Three Blacks who Take Refuge in Church after Riot

CHICAGO, (AP)—One small priest with a smile and the word "Sanctuary" on his lips did more than squads of police last night in preventing the threatened lynching of three negroes who took refuge in his church.

He is Father Thomas Burke, pastor of St. Gabriel's church, in the stockyards neighborhood.

### Hundreds Invade Church.

When Father Burke reached the church a mob estimated to number nearly 5,000 was packed about the doors and hundreds more had already entered in the search for the negroes.

Forcing his way in the priest shouted: "What is this sacrilege? Who are the rascals that storm the house of God?"

Some one explained, "That makes no difference," the priest cried, "This place is sanctuary. I order every person in this building to leave immediately and quietly."

### Crowd Breaks and Leaves.

The crowd broke and filed out. The last man had left when a police riot squad arrived. Taking the police inside Father Burke called to the hidden negroes to come out.

There was a man and one of the men stepped out from a confessional. A pile of envelopes in a robing room yielded a second, and the third appeared from behind the altar rail. One knelt and kissed the priest's hand as police spirited them out a side entrance.

With the negroes safely away, Father Burke, smilingly, went out to address the mob.

"Go home. Be peaceable and happy. There's no more trouble in the world right now. Don't start more," was his advice.

### Patrolmen on Scene.

The first battalion of police reserves, including 1000 patrolmen, two platoons of mounted police, a machine gun company, seven rifle squads and the motorcycle force patrolled the riot zone this morning, after the riot.

The disturbance last night was the result of an altercation in which a white man was killed by three negroes, and several others, both negroes and whites, were injured. The white man was said to have abused the negroes, one of whom drew a knife and slashed him fatally.

# FORD RE-ESTABLISHES PRE-WAR PRICE LEVEL

## Reductions Ranging from 14 to 31 Per Cent are Announced —No Wage Out

DETROIT, Mich., (AP)—Re-establishment of pre-war prices on all products of the Ford Motor company, effective immediately, was announced today by Henry Ford. The price reductions range from approximately 14 per cent on motor trucks to 31 per cent on small automobiles.

In announcing the decision of the company, Mr. Ford, in a formal statement said:

"Now is a time to call a halt on war methods, war prices, war profiteering, and war greed. It may be necessary for everybody to make a little sacrifice but it will be most profitable after all, because the sooner we get business of the country back to a pre-war condition, progress, prosperity and contentment will occupy the attention of the people."

"For the best interests of all, it is time that a real business effort was made to bring the business of the country and the life of the country down to normal. Inflated prices always retard progress."

The announcement said the price reductions were made despite unfilled orders for 146,065 vehicles.

There will be no reduction in wages at any of the Ford plants, it was announced.

# NEBRASKANS VOTING ON CONSTITUTION CHANGES

## Suffrage and Industrial Commission Proposals Prominent Issues

OMAHA, Neb., (AP)—Forty-one proposed constitutional amendments including an industrial commission proposal and a provision for unrestricted suffrage for women, are being voted upon by Nebraska voters at a special election today.

If adopted, the industrial commission amendment will give the legislature power to create a state body to pass upon controversies between employers and employees in all businesses or vocations affected with a public interest. Vigorous objection to the proposal has been made by organized labor, Samuel Gompers, president of the American Federation of Labor declaring such a commission would operate for "the aggrandizement of the few."

The suffrage amendment is being voted upon by both men and women, the latter helping to decide whether they themselves shall have full suffrage under the state constitution.

Proposals to create a state budget system and allow the legislature to regulate working conditions for women and children are among the other amendments up for adoption or rejection. The polls opened at 8 o'clock and will close at 9 o'clock tonight.

## Comiskey's Men Tame Athletics Again by Ponderous Score, Acc. Twirling

COMISKEY PARK, Chicago, (AP)—The Chicago White Sox scored their sixth straight victory in the American league pennant race today, defeating Philadelphia in the final game of the series, 9 to 2. Comiskey's Athletics were well scattered, while the Sox battered three Philadelphia pitchers for 18 hits, lunched in the first and sixth innings, the Sox scoring four runs in each frame.

### CENTRAL LEATHER COMPANY PASSES QUARTERLY DIVIDEND

NEW YORK, (AP)—Directors of the Central Leather Company, at a meeting here today, passed the usual quarterly dividend of 1-1/2 per cent on common stock in view of continued depression in the leather and shoe industries and the desirability of conserving the cash resources of the company.

# PLAY TIE GAME

VINA DEL MAR, Chile, (AP)—Football teams from Chile and Argentina played a tie game here today, 1 to 1. The Uruguayan team continues to lead in the tournament, which will decide the South American champion.

# San Serpents Really Exist.

Although many of us may have an idea that san serpents exist nowhere but in fiction, that is not the case, and of all snakes they are the most venomous. In tropical waters they are vastly numerous, especially in the Indian ocean, where they are often seen literally by hundreds swimming at the surface of the water. They are six to eight feet long, very fierce and will commonly attack human beings. Their bodies are flat and almost wholly filled by the lungs.

# Wrap A/T Tools.

All good tools should be wrapped up, otherwise they will rust and rust dulls their cutting edges. The careful carpenter wraps his tools in a woolen cloth well oiled. The careful chauffeur wraps all polished tools before putting them in the tool box and keeps them away from the storage battery, the fumes of which will quickly rust them.

# Unlucky Day for Spain.

April 5 is the anniversary of the compromise of Breda, in 1599, when the nobles of Holland presented a petition against the Inquisition and the Spanish outrages perpetrated in its name. The revolt of the Netherlands, following Philip's determination to wipe out Protestantism, ruled Spanish prosperity.

# JOHNSON PLEDGES HIS SUPPORT TO HARDING

## California Senator Breaks Political Silence at State Convention

SACRAMENTO, Cal., (AP)—Four political conventions opened in Sacramento today. Republicans, democrats, socialists and prohibitionists were here to make pronouncements of party policy, name presidential electors and choose state central committees.

The presence of United States Senator Hiram W. Johnson at the republican convention dominated interest there. An address by him marked his first political activity since his announcement that he would support Senator Harding, who defeated him for the republican presidential nomination. The opening address at this convention was relegated to Governor Stephens. The death of Loren Handley of Los Angeles in an automobile accident last night, left two candidates in the field for chairman of the democratic convention, Sidney Van Wyck, state committee man from San Francisco, and State Senator W. D. Shaver of Yreka.

One candidate qualified at the August primaries as delegate to the progressive convention but he had not appeared early today.

Mrs. Elvina Beale, of Berkeley, socialist candidate for United States senator, was considered to be without opposition for chairman of the socialist convention and the choice for prohibitionist chairman was announced as Congressman C. B. Randall of Los Angeles.

The socialists at an early informal convention approved a resolution condemning action by the United States government that would aid the Poles in their war against soviet Russia.

In each convention, except the socialist, a delegate was ready to offer a resolution approving a prohibition enforcement act which comes before voters in November as a referendum measure.

Senator James D. Phelan, who did not attend the democratic convention, had prepared a resolution indorsing legislation to restrict oriental immigration and sent a message saying the democratic administration would not trespass on state jurisdiction over questions relating to it.

# BODY IS RECOVERED.

The body of P. A. Reeder, who was drowned Sunday in Murtough lake, was recovered this afternoon after the lake had been almost drained. While no definite arrangements have been completed for the funeral it is understood the body will be buried in Walla Walla, Wash.

# Mite of Radium a Mass of Material.

A tube of radium generally made use of by physicians is about a shade under an inch in length and about an eighth in diameter. It contains 100 milligrams of radium bromide. This minute quantity is the product of twelve tons of ore, three tons of hydrochloric acid, five tons of carbonate of soda, one ton of sulphuric acid, ten tons of coal, burned in the operation of reduction, more than a month of work and five hundred successive crystallizations.

# Tobacco Not Wasted Now.

In former times all tobacco confiscated by the English customs authorities was destroyed by burning in a furnace called the king's pipe. Nowadays all such tobacco, as well as that which is returned as unusable for smoking, is sold to manufacturing chemists, who turn it into sheep dip, insecticides for the use of gardeners, and the like.

# Today's Markets

# New York Stock Market

NEW YORK, (AP)—Developments and general advice dealing with domestic industrial conditions encouraged the shorts to resume their aggressive tactics in the stock market today. Sales approximated 650,000 shares.

The stock market was under pressure at the outset of today's session, oils and motor necessities displaying marked weakness. Mexican Petroleum and Royal Dutch receded 2 points each and Shell Transport one point. Kelly-Springfield Tire made a precipitous decline of 7 points and United States Rubber lost 1 point. # Grain and Provisions

CHICAGO, (AP)—Downward swings in the value of all commodities in "change" continued today as a result of fine weather to ripen corn. Besides, receipts of old corn here were of large volume. Wheat opened fairly steady, but soon gave way to the bearish influence of corn. Wheat prices, which at the outset varied from 3-4 decline to 1-4 advance, with December \$2.30 to \$2.40 and March \$2.34 to \$2.35, were followed by a decided setback all around.

Persistent selling of wheat in small amounts forced gradual breaks lower, but country offerings remained light. The close was heavy, 7 1/4 to 8 1/4 net lower, with December \$2.32 to \$2.32 1/2 and March \$2.26 1/2 to 3/4.

Weather conditions for corn were reported so favorable that in one section of Iowa 50 per cent of the crop was already safe from frost. In view of such advice, the market after opening unchanged to 1/8 lower, December \$1.97 1/4 to \$1.97 3/4, underwent soon a general advance.

Prices of deferred deliveries dropped to the lowest level yet this season. Longs were free sellers. The close was unsettled, 3-4 to 2 1/4 net lower, with December at \$1.95 1/8 to \$1.95 3/4.

Oats were governed by the action of corn, starting a shade to 3-8 down, and subsequently becoming weaker. Provisions backed support, especially lard.

Cottonwoods  
Placed Under  
Official Ban

City Administration Wants Tree Roots Chopped to Save the Improvements

Popular or cottonwood trees are not wanted along paved street and the ban has officially been declared against them by the city administrators.

It is not that the municipal board is on record as demanding the immediate extermination of this class of tree, but the board is on record as opposing maintenance of such of the growths as have already or are likely to prove a menace to pavements and walks. Property owners, therefore, are to be instructed to take such action as will prevent cottonwoods and poplars driving their surface roots under walks and pavements to the detriment of such improvements.

Action by the council followed close upon the heels of adverse reports filed by contractors and the special paving engineer showing that tree roots already are having a bad effect upon paving and walks in certain sections, especially on Sixth avenue east. The action of surface or sub-surface roots, caused paving to heave and crack.

Property owners are to be instructed to sever menacing roots, and instances of failure to meet this demand the city administration will have the work done and charge the cost of operations with the damage to improvements, against the offending property.

## REFINITE

Rival of the Clouds "Refinite", nature's filtered soft water. The only plant in the city. Twin Falls Steam Laundry. Phone 788.—adv.

This is grape week at the public market. A few nectarines coming in. Prunes and peaches of all kinds. Ed Vance.—adv.

## Deaths

Elsa A. Wheeler, aged 87, died at her home, 753 Third avenue north yesterday afternoon. The body was for warding this afternoon by Undertaker J. E. DeWitt to Shoshone for burial. Miss Inez Wheeler, an only daughter, accompanied the remains.

## WANTS INJUNCTION.

Claiming damage is done to his land by reason of surplus water which the defendants allow to flow on it, A. G. Schriver has entered suit in the district court against E. F. Blinnette and Raymond Todd. Schriver asks that the district court issue an order restraining defendants from turning the waste water into a channel that will in any way tend to his property.

## ARTICLES OF INCORPORATION.

John Truthart, J. E. DeWitt, H. N. Wilson, C. R. Holland, all of Twin Falls, and A. D. Keith of Hansen, are named incorporators of the Idaho Mid-West Oil & Gas company, filed with the county recorder yesterday. The company is to have offices in Twin Falls, and has an authorized capitalization of \$1,000,000. Its business is drilling for gas and oil.

# MUNICIPAL COUPON BOND ISSUE AND SALE BY THE VILLAGE OF KIMBERLY, COUNTY OF TWIN FALLS, STATE OF IDAHO

Public notice is hereby given that the Village of Kimberly, in the County of Twin Falls, in the State of Idaho, intends to issue and negotiate the Municipal Coupon Bonds of said Village in the aggregate amount of \$14,767.18 for the following purposes, to-wit:

Municipal Coupon Bonds to the amount of \$14,767.18 to be designated "Municipal Coupon Paving Bonds of the Village of Kimberly," to provide for the building of concrete sidewalks, grading, paving curbing and crosswalks in the spaces formed by the junction of two or more streets or where one main street intersects another main street in Local Improvement District No. 3 of the said Village.

Said bonds will be issued in conformity with the provisions of Ordinance No. 21 of said Village adopted and approved on the 24th day of August, 1920, and subject to the approval of the qualified electors of said Village voting upon the question at an election to be held in conformity with said ordinance on the 27th day of September, 1920.

If the issue of said bonds is approved by the electors at aforesaid election, the bonds will bear date as of the date of their issue; will be redeemable at the option of the Village at any time after the expiration of ten (10) years from the date thereof and shall be absolutely due and payable in twenty (20) years after the date of their issue. Said bonds shall be issued in the denomination of \$1000.00 each, except bonds of \$500.00 and \$100.00 may be issued when necessary; the principal of said bonds and the interest thereon shall be payable at the office of the Village Treasurer or at the National City Bank in the City and State of New York, at the option of the holder. Said bonds will bear interest at the rate not to exceed six (6) per cent per annum payable semi-annually on the 1st day of January and the 1st day of July, in each year. The Chairman of the Board of Trustees and the Board of Trustees of the said Village of Kimberly will appear to Tuesday, the 28th day of September, A. D. 1920, at the hour of 9 o'clock P. M., at the office of the Village Clerk in the Village of Kimberly, to receive sealed bids for said bonds. All bids must be without condition as to legality and must be accompanied by an unconditional certified check on a National Bank or Trust Company equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders shall state the amount of interest not exceeding six (6) per cent per annum, on which their bids are based.

After ascertaining the best terms and the lowest rate at which said bonds can be sold, the Village Clerk will sell, but in no case for less than their par value and accrued interest at the time of disposal by the Village Treasurer under the general supervision of the Chairman of the Board of Trustees and the Board of Trustees of said Village of Kimberly. The Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly, Twin Falls County, State of Idaho, hereby certify that the right to reject any and all bids.

By order of the Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly, Twin Falls County, State of Idaho, J. M. STEELSMITH, Chairman of Board of Trustees.

## PUBLIC NOTICE OF SPECIAL MUNICIPAL COUPON BOND ELECTION.

Kimberly, Idaho, Aug. 26th, 1920. Pursuant to the laws of the State of Idaho and Ordinance No. 21 of the Village of Kimberly, in Twin Falls County, in the State of Idaho, public notice is hereby given that a special election will be held in the said Village of Kimberly, at the voting place hereinafter designated, on Monday, the 27th day of September, A. D. 1920, beginning at the hour of 9 o'clock A. M. and closing at the hour of 7 o'clock P. M. of said day, for the purpose of taking the vote of the qualified electors who are in the spaces formed by the junction of two or more streets or where one main street intersects or crosses another main street, in Local Improvement District No. 3 of said Village.

Said election shall be held in said Village and the vote upon said question taken at the following designated voting place: The office of Brockton and Hays on Main Street in the Village of Kimberly, Idaho.

All persons who, at the time of said election, are qualified electors of said Village of Kimberly and who are taxpayers thereof, and no others, shall be qualified to vote at said election on said question. The voting at said election shall be by ballot and the ballot shall be supplied to the voters for their use at said election and shall be in the form as set forth in Ordinance No. 21. Registration for said election may be made in the office of the Village Clerk in said Village of Kimberly at any time during business hours, and said registration shall be held in accordance with the provisions of the laws of the State of Idaho.

W. F. BRECKON, Village Clerk.

# DAY'S EVENTS FORESHADOW SALE OF BOYD'S HOSPITAL

Negotiations are Pending for Transfer of Local Charity to Sisters of St. Joseph, Catholic  
Sisters Organization—Consummation is Expected to Come in Next Few Days

Although no deal has been definitely closed, events to date forebadow the early taking over of the Boyd hospital of Twin Falls by the Sisters of St. Joseph, a charitable order of the Catholic church and the operation of the institution in future under the auspices of the order.

**Negotiations Progress.**  
Father Remy S. Keyser of Twin Falls this morning stated that negotiations are in progress and that the consummation, if it comes at all, will probably be reached within the next few days. It is understood that a number of details remain to be worked out and that the actual purchase of the property is still in abeyance.

**Headquarters at Lewiston.**  
The headquarters of the Sisters of St. Joseph in Idaho are at Lewiston, and the institution is actively engaged in hospital and similar work at a number of places in the northwest. It is understood that the executive heads of the order are well pleased with the local property and altogether desirous of acquiring the hospital if satisfactory arrangements can be made.

Dr. T. O. Boyd is one of the oldest physicians and surgeons in Twin Falls and one of the best known practitioners in this state.

## HARDIN'S ORCHARD FRUIT SHOW PLACE

Short Distance from Town is a Tract of 45 Acres Given to Apple Culture

One of the show places of the Twin Falls country in the orchard line is to be found upon the property of John W. Hardin, two and a half miles south of the city where 45 acres are given up to the cultivation of Rome Beauties, Jonathan, King David and Delicious apples with every prospect of an enormous crop of first class fruit.

The orchard is in a high state of cultivation and the trees are for the most part loaded almost to the breaking point. The fruit is exceptionally large and beautifully colored and practically free from worms or other blemish.

Picking will begin within a few days, the entire crop having been disposed of, c. o. b. warehouse in Twin Falls. Mr. Hardin expects to ship about five cars of King David, 12 of Jonathan, 10 of Delicious and five of Rome Beauties.

## JEWES TO OBSERVE YOM KIPPUR EVENT

**Day of Atonement Will Be Generally Commemorated on Wednesday**  
Yom Kippur, Jewish feast of atonement, will be observed in Twin Falls tomorrow by all persons professing Jewish faith. Special meetings in observance of the occasion will be held in Oddfellows hall beginning in the forenoon.

The observance of Yom Kippur is one of the most solemn days in the Jewish calendar, and is regarded by all Jews as a time when all those of the faith gather around a common altar in prayerful atonement for the sins of the year.

The observance of the day is commemorated by the wearing of white robes, and the wearing of white robes by Jewish proprietors, will be closed for the day.

**BOYS DESTROY HAY.**  
Juvenile offenders are seeking the whereabouts of two Buhl youths about 14 years of age, who are said to have set fire to and caused the destruction of hay valued at \$800. The hay is owned by E. D. Shurtliff of Twin Falls, and was stacked on a farm operated by Mr. Shurtliff three miles north of Buhl according to John R. Ault, juvenile officer, the boys, one day last week, went to the farm to steal watermelons. They are said to have eaten their fill and then repaired to the shade of a haystack where they smoked cigarettes. The hay was not on fire through carelessness, it is stated.

# SERIOUS LOSS BY VANDALISM

Carborundum Found in Ruined Motors at Warren Construction Plant

Vandals, displaying especial venom toward construction company plants and machinery, are at work. A scheme is being worked out to meet the insidious condition effectively.

Official reports of pernicious and destructive activities at the Warren Construction camp and plant, near the highway district rock crusher, were lodged with the municipal council at a meeting last night. A. J. Hill, superintendent, submitted the statements in which he said that during the past few days expensive electrical motors have been ruined by unidentified persons who placed emery, or carborundum in the bearings.

The damage to these motors, Mr. Hill said, makes them almost a total loss, and in addition to the loss of the machinery the company has been forced to pocket an attendant heavy loss through forced inactivity during the process of replacement.

Last spring vandals, who have not yet been discovered, set fire and totally destroyed the office building at the plant, together with all records. Since that time the company has been harassed more or less by interference with plans, but none the less annoying nature, developing lately in the attacks on valuable motive machinery. The company plans to install a system of armed patrols at the plant. The patrols, it is said, will be vested with authority to protect property to the limit.

## Bed Must Have Extra Blanket Coming Night

An extra cover for the bed is recommended in the weatherman's prognosis for tonight. It will be cooler, he says.

High yesterday was comfortable, and low last night wasn't bad. The former was 73 and the latter 45 degrees. Fair weather threatened for tomorrow.

## BUILDING PERMIT.

A building permit was this morning issued to E. E. and M. P. Christie granting right for the construction of a 32 by 40 frame structure on Fourth avenue north. The building will cost \$6000.

**POLICE COURT HOURS.**  
Regular daily hours for holding police court sessions were definitely fixed at a meeting of the city administration last night. Magistrate W. A. Minnick recommended a morning session from 10:30 to 11:30 o'clock and an afternoon session from 2:30 to 3:30. The council concurred in the arrangement.
