## INVESTIGATORS INQUIRING INTO COX PUBLICITY

Scrapps Newspapers Editor Gets into Hot Water with Definition of "Senate Oligarchy" Campaign Epithet

ADMITS PROPAGANDA BUT DENIES PAY FOR SERVICE

Reed Asserts Talk About Domination of Upper House is "Rot" Regardless of Emanation Source

WASHINGTON, D. C., (AP)—Distribution by the Newspaper Enterprise Association of what was described as "propaganda" for Governor Cox, the democratic presidential candidate, was inquired into today by the senate committee investigating campaign expenditures.

Robert P. Scrapps, editor of the Scrapps newspapers, which he said numbered 23, with a circulation of 135,000, was the witness examined. Replying to questions he said that his father, E. C. Scrapps, owned the majority of stock in the Idaho Press news service, and he identified the Newspaper Enterprise association as an "allied organization."

Denies Cox Communication.

Mr. Scrapps told the committee he had no knowledge of a letter written by Governor Cox urging exemption for himself or his brother from the draft during the world war. He declared he had never heard of such a letter until it appeared in newspaper accounts of the committee's hearings at Chicago. Mr. Scrapps said that his interest and that of his family in the election of Governor Cox was purely "public interest."

Pink Sheets in Evidence.

After the witness said he had "complete responsibility" for the editorial policy of the Scrapps newspapers, Chairman Kenyon introduced a quantity of so-called matter on pink sheets, sent out to the Newspaper Enterprise association.

"In sending out those you are carrying on a propaganda for Governor Cox?" asked Senator Kenyon.

"Yes," replied the witness.

"Are you receiving any money from the democratic national committee for this?"

"None."

"Doing it at your own expense as part of your campaign for Governor Cox?"

"That is right."

Calls for Explanation.

Chairman Kenyon read from the pink sheets editorials about the "senate oligarchy."

"Which you would tell us about this oligarchy," said Senator Reed, democratic Missouri.

"Most of the newspapers using the term refer to Senators Penrose, Smoot, Lodge and others," Mr. Scrapps replied.

"That's a wide term—others," said Senator Reed.

"Who do they mean?"

"They are supposed to boss the senate."

"A man who says that doesn't know about the senate," said Senator Reed.

"I think it means they control the republican party," Mr. Scrapps continued.

Reed Registers Exception.

"I just want to say that I consider this talk about 'senate oligarchy' is not, whether it comes from presidential candidates or not," said Senator Reed.

## Fusion of Austria with Hungary Held Propagandist Aim

VIENNA, (AP)—A sensational secret report, vouchered for as authentic by the publisher of the Arbeiter Zeitung, showing that the Hungarian delegation is expending large sums for propaganda for the down-fall of the socialist government, with the object of the fusion of Austria and Hungary. An official is quoted as asserting that the Austrian government fears that Hungary is seeking a pretext for military occupation in order to obtain needed arms.

## Polish Lines Push on to Zbrucz River

WARSAW, (AP)—The Poles have reached Zbrucz river along the entire line, according to Tuesday's official communication and Ukrainian troops have crossed the river. In the Puzan region, prisoners taken number 2,250. The communication adds that cavalry has occupied Oysterg, Dubrin and Dorozno.

## WRANGEL MAKES RAPID ADVANCE AGAINST SOVIET

Capture of 5,000 Prisoners and Much Munitions from Demoralized Bolsheviks in Russia is Reported

SEBASTOPOL, (AP)—General Wrangel, anti-Bolshevik commander, is advancing rapidly in the Alexandrovsk and Taganrog regions of southern Russia. The Bolsheviks are demoralized, often surrendering without fighting. Wrangel has taken 5,000 prisoners and also 200 machine guns, dozens of field guns and several armored trains.

## WRANGEL'S VICTORIOUS DRIVE REPORTED TO WASHINGTON

WASHINGTON, (AP)—Capture by General Wrangel, anti-Bolshevik leader of Alexandrovsk on the Dnieper river, and about 19,000 prisoners was reported to the state department Wednesday. Wrangel's forces also took 35 guns, several hundred machine guns, five armored trains and a large quantity of supplies, the dispatches add.

## PRESSING WORK ON STADIUM

SEATTLE, (AP)—Work is being pressed on the University of Washington stadium, located near Lake Washington. A quarter of a million dollars will be expended this year in the work, plans being drawn up and work rushed in hope of having the action "upon which this amount will be spent completed in time for the Washington Dartmouth football game November 27."

## PORTLAND MILLERS CUT FLOUR PRICE 35 CENTS

PORTLAND, Ore., (AP)—A reduction of 35 cents a barrel to \$12.60 on patent flour has been in effect by local millers today. It was the first change in the flour market since last July.

## World News Events

MONTEVIDEO, Uruguay, (P)—The socialist congress, in session here Wednesday, decided by an immense majority to adhere to the third internationale at Moscow.

SAN SALVADOR, Republic of Salvador, (P)—Formation of a Central labor federation has been planned by delegates of the labor federations of Guatemala and Salvador, and labor bodies of other central American states will be invited to become members.

BUENOS AIRES, (P)—Negotiations for a treaty between the United States and Argentina which would govern reciprocal rights of commercial travelers in each country have encountered difficulties. Argentina, it was learned Wednesday, has refused to accept the favored nation clause asked by the United States.

BERLIN, (P)—Preparations of a bill by which socialization of mines throughout Germany might be carried out was decided upon Wednesday at a meeting of the cabinet. The cabinet also decided to extend the power of the minister of finance. Notwithstanding reports that Dr. Wirth, minister of finance, had resigned, he attended today's meeting.

## BIG MAIL ORDER HOUSES ANNOUNCE PRICES CUTS

Cotton Staples Lead List with 20 Per Cent Reductions; Clothing Affected

## HARDING MAKES DISTINCTION ON IRISH QUESTION

Declares Problem Not One for Official Consideration in America; Arraigns Meddling Foreign Policy

RECALLS OPPOSITION TO LEAGUE OF NATIONS

Republican Nominee Asserts Necessary Universal Realization Material and Humane Progress Go Hand in Hand

MAHON, O., (AP)—Declaring the Irish problem is "not a question for official America," Senator Harding said in a statement today that in his opinion the movement for Irish independence would be under the league of nations, a subject "internal or domestic."

## Arraigns Meddling Policy.

Without referring directly to democratic promises to bring the Irish question to the attention of the league, the republican nominee said that America already had "meddled abroad extensively without invitation," and asserted that official consideration by this government was quite another thing from an expression of sympathy.

The statement, in which the senator discussed the Irish question directly for the first time since his nomination, follows: "There are two phases of the so-called Irish question in America. Individual sentiment is one thing and it is recognized that there is a widespread sympathy here for the cause of Irish autonomy. And yet, an expression of that sympathy in the senate at the time the peace delegates were conferring in Paris."

"Official consideration is quite another thing. It is not a question for official America. America has already meddled abroad excessively without invitation."

"I have said, as I truly believe, that under the provisions of the league of nations the Irish question is internal or domestic and I recall distinctly that at the hearings before the senate foreign relations committee, the American orators of Irish independence bitterly opposed the league as proposed because it not only closed the door to Ireland, but committed us to the use of force to maintain territorial integrity as it exists today."

## Urges Broad View.

A universal realization that material and humane progress must go hand in hand, was asserted by Senator Harding today to be an essential if the nation is to attain an ideal state of social betterment.

Speaking to a gathering of Ohio republicans, the republican presidential nominee declared that neither social reforms nor industrial changes should view the problem of social betterment strictly from their own standpoint.

"We must awaken the conscience of the ignorant and the misguided," he said, "to the fact that the best social

## New York Patrolman Averts Bomb Explosion on Platform of Elevated Railway Station

Prompt Action Prevents Catastrophe When Officer Discovers Dynamite Package with Burning Fuse

POLICE UNCOVER NEW CLEW IN WALL STREET BLAST CAUSE INVESTIGATION

NEW YORK, (AP)—While investigators were still seeking to solve the mystery of the Wall street explosion a week ago, police headquarters announced a package containing dynamite had been found today on the platform of the Reed avenue elevated station in Brooklyn.

At the same time announcement came from police headquarters that a tag found in Wall street near where the horse and death cart had stood, had been identified as one issued by the health department in 1918 to the David Lee Green company of Brooklyn, certifying that the horse was not afflicted with glanders. Detectives left immediately to question company officials as to whether the horse had been sold within the last two years.

The bureau of combustibles at police headquarters announced that the dynamite package was a bomb with fuse attached and burning when a patrolman found it and "put it out."

Investigation into the "planting" of the bomb was started immediately in Brooklyn. Employees were questioned in an effort to learn if extremists or

## JAPAN PROPOSES SUIT AGAINST CALIFORNIA IF RACE LAW PASSES

American Government to Be Asked to Name Commission to Effect Solution of Problems Involving Nations

TOKIO, (AP)—The Washington government will be asked to appoint a commission to effect a solution of Japanese problems and in the event of the passage of the California anti-Japanese legislation the Japanese government will arrange for a law suit against the California legislature on the ground that the bill is unconstitutional and a violation of the treaty rights of the Japanese, according to the leading newspapers today.

The newspapers say the above program was defined at meetings of the cabinet and the diplomatic advisory council.

## TURN OF EVENTS IN TOKIO SURPRISE TO WASHINGTON

WASHINGTON, (AP)—Reports in the Japanese newspapers that the Japanese cabinet and advisory council had decided to ask the United States to appoint a commission to effect a solution of Japanese-American problems created surprise in the state department, where efforts to effect an understanding by diplomatic means are still being made.

It was stated today that no official communication had been received indicating that Japan had decided to take the question out of the hands of its ambassador, Kijaro Shidekura.

## Conversations Under Way.

The conversations now under way between the Japanese ambassador on the one hand and department officials and Roland S. Morris, American ambassador to Japan on the other, have to do with the Japanese occupation of Saghalien island as well as the anti-Japanese bill now on the table in California in November.

It has been made clear that the state department has no intention of attempting to influence the result in California. It is said that should the action be adopted an understanding with the Japanese government on the result of it might be obtained in two ways, one by a treaty modifying action taken by the state by action in the United States courts.

## Offers Explanation.

To invoke the first method is said to be no part of the plan of the state department. The second method is believed to have been suggested in the conversations and strategy at the basis of the reported decision of the Japanese government to resort to the courts to determine the constitutionality of such legislation.

## PEKING UNIVERSITY CALLS AMERICAN TO PROFESSORSHIP

NEW YORK, (AP)—Dr. Amadeus W. Graham, for eighteen years professor of paleontology and stratigraphy at Columbia university, has been called to a professorship in the University of Peking, it was announced today. He will next month. While in China he will conduct special governmental research work for three years.

## MILLERAND WINS PRESIDENCY OF FRANCE BY VOTE

Premier Succeeds Deschanel in Executive Chair Receiving 695 Out of Total of 892 Balots in Assembly

VERSAILLES, (P)—Alexandre Millerand was today elected president of France by the national assembly in session here. He succeeds Paul Deschanel who resigned because of ill health.

Mr. Millerand received 695 votes out of a total of 892.

The complete vote was: Alexandre Millerand, 695; Auguste Doumer (socialist deputy from Lille department, Dunord), 69; Scattering, 20; Blank, 108.

## Long a Prominent Figure.

Alexandre Millerand has long been one of the foremost figures in the political life of France, his entry into parliament dating back to 1885 and when he became a member of the Waldeck-Rousseau cabinet. His early affiliations were with the radical socialist and he always has been keenly interested in labor questions and has fathered numerous measures for the betterment of the working world, notably the old age pension act which became operative in 1905.

It was M. Millerand's services to his country during the great war, however, as minister of war in the Viviani cabinet, and his notable conduct of France's foreign policy as the successor of Clemenceau in the premiership after the "Tiger's" retirement last January, which raised him into preeminent eligibility for the presidency, compelled his reluctant consent to quit the premiership and stand as a candidate to succeed President Deschanel.

## Native of Paris.

M. Millerand was born in Paris, February 10, 1859, and was educated for the law. His first ministerial post was as minister of commerce, but he has served in several cabinet positions, notably as minister of public works on the cabinet of Poincare of 1900; minister of war in the Poincare cabinet of 1912, and as minister of war in the Viviani ministry, to which post he was appointed in August, 1914, shortly after the outbreak of the world war. He held the war ministry until the Viviani cabinet, resigned October 20, 1915.

While the peace with Germany was being made, President Poincare appointed M. Millerand as minister of the interior, and he served in this position until the request of M. Poincare in January last for the task of forming a new cabinet in which he took the premiership and minister of foreign affairs, succeeding Clemenceau.

# TYPHOON HALTS PEARL DIVERS

Destructive Tidal Wave Sweeps Over Archipelago Stopping Industry

PAPERETE, Tahiti. (P)—Annual pearl diving at Hikueru, Paumotu coral atolls, has been temporarily discontinued due to a disastrous tidal wave and typhoon which recently swept over a greater part of the archipelago, according to information brought here by one of the island trading schooners. The tidal wave swept over the entire atoll of Hikueru, according to the report, wrecking houses and in many cases sweeping them into the lagoon. Serious damage was also done to the water tanks, from which the inhabitants of Hikueru depend almost entirely for their supply. The loss of a number of the tanks forced a majority of the people to depend upon coconuts and a few poor wells for the water. A supply boat has left Tahiti, and by this time should be at the island.

Due to the people of Hikueru taking refuge on platforms, built near the tops of coconut palms as refuge during the tidal waves, no lives were lost. Tidal waves are common occurrences in these islands, but they seldom cause as much damage as this recent one.

Several Paperete trading companies claim to have lost trading schooners during the five days of typhoon. They base their statements on the fact that the boats should have returned to Paperete some days ago, but no word has been received from them. Many boats are lost each year in the Paumotu. In fact the islands are known as the Dan. Serious Archipelago due to this. Local captains claim that the currents and winds are continually changing and that it is very difficult to navigate.

Pearl diving had been very successful up to the time of the disaster. One of the most prosperous years in the history of the island was expected. When the natives will be able to renew their work is, at present, unknown. A great many of their canoes have been broken or washed to sea, and many of the trade goods on the island were destroyed. Without an incentive in way of merchandise for which to trade their shell or gems, the Paumotuan will not divers. The season, however, that before the season set for diving by the French governor has expired that work will be renewed.

## CONTEST REVEALS WORD MOST OFTEN MISPELLED

Tests in North Carolina Summer Resort Indicate "Elesomysary" Affords Most Pitfalls

WASHINGTON, D. C. (P)—Those who consider themselves expert spellers may be interested in the result of a series of tests conducted at a summer resort held in a popular summer resort of North Carolina to determine the words which are most difficult for the person of average education to spell. By almost unanimous consent, "elesomysary" was given the stellar position, 91 per cent of the contestants meeting disaster upon one or another of the essential vowels. "Connoisseur," "questionnaire," and "periphery" were the third in terms of difficulty, being followed in order by "tranquillity," "fricasse," "connoisseur," "supererogate," "separate," long in disgrace as the most easily misspelled word in the ordinary vocabulary caused little trouble in this particular circle; and despite the spread of neomystic cult, "ouija" was familiar to only 50 per cent. The tests were in the general class of "baccalaureate."

## MEXICAN GOVERNMENT TO TAKE OVER PUBLIC UTILITIES

## PEACE MAKERS BLUNDERS AFFORD SCIENTIST TEXT

London Educator Says Governments Should Employ Scholars as Advisors

CARDIFF, Wales. (P)—A suggestion that governments should employ anthropologists in an advisory capacity was made by Professor Karl Pearson of London university at the annual conference of the British association which is just being held here.

The governments of Europe, the professor added, had all kinds of experts in their service, but no ethnological advisers.

"One has only to study the peace of Versailles to see that it is ethnologically unsound and cannot be permanent," he said. "India, Egypt, Ireland, even our present relations with America and Italy, show only too painfully how difficult we find it to appreciate the psychology of other nations."

"If the spirit of violence be innate in man," the lecturer concluded, "if there be times when he not only sees red but rejoices in it—and that was the strong impression I formed when I crossed Germany on August 1, 1914, then outbreaks of violence will not cease till troglodyte mentality is bred out of man. That is why the question of troglodyte or hybrid ancestry is such a vital problem to the state."

## AUSTRALIANS TO INVADE AMERICAN FRUIT MARKET

San Francisco Importer Points Out Advantages to be Gained by Foreign Growers

SAN FRANCISCO. (P)—Australian dried fruit exporters plan to compete against California products in the American market, according to Peter J. Duffy, local importer and exporter, who just returned from Australia on a steamer bringing 1080 boxes of Sultana raisins for the New York market from New Zealand. This is the first shipment of Australian dried fruit to this country, Duffy said. California apples sell in Australia for \$6.50 per box, while the Australians can sell their apples in America for less than half that figure, he said.

## WORK IS PROGRESSING ON GOLDEN GLOW MINE

Reports Indicate Steady Advancement in Old Trapper and Ophir Districts

Considerable work has been done on the property of the Golden Glow Mining and Milling company, situated 18 miles from Ketchikan, according to C. L. Froelich, manager, on his recent visit to Twin Falls.

The Golden Glow ore zone comprises the old Trapper and Ophir properties, near the head of Boulder Creek and the mineralization is said to run high in silver, lead and gold, also a little copper and iron.

Under the crude method of hand drilling, some 50 cars of high grade ore has been shipped. Some idea may be gained of the milling value of the ore from the following assay on returns received: Gold, 345 ozs., \$9.22; silver, 65.81 ozs., \$57.81; copper, 1.9 per cent, \$2.48; lead, 34.6 per cent, \$39.73. Gross value of ore \$108.24 per ton.

The present company has approximately one quarter million tons of milling ore developed. A mill of 50 tons daily capacity is now in course of construction and will be in operation this month. Electric power for operation and lighting will shortly be available.

## JAPANESE SUGAR HELPS TO SEND PRICE LOWER

Tokio Reports Export of 100,000 Tons to United States During Financial Depression

TOKIO. (P)—In connection with the high price of sugar in the United States it is reported here that approximately 100,000 tons of sugar held in warehouses in Tokio, Yokohama and elsewhere, have been exported to the United States since the financial depression began in Japan. The shipments consisted of 15,000 tons of white crystallized sugar, 20,000 tons of Formosan centrifugals and 65,000 tons of Java sugar, held by wholesale merchants and sugar companies.

## JAPANESE PREMIER HOPEFUL OVER CALIFORNIA QUESTION

TOKIO. (P)—Hope that negotiations between the Japanese and American governments over the California question would reach a settlement "in view of the historical friendly relations between the two countries" was expressed by Premier Hara in addressing provincial governors here Tuesday. He declared he could not make any definite statement as to the progress of the work.

# GAMBLING PROBE INVOLVED MANY NOTED PLAYERS

Grand Jury Expected to Find Positive Evidence of Game "Fixing" Attempts

(TWIN FALLS, ID.)—Direct evidence of an attempt to "fix" a game between the Chicago and New York National league clubs was anticipated today by Assistant State Attorney Hartley Reple, in charge of the grand jury in investigation of allegations of major league baseball gambling. Jacob "Buck" Herzog, pitcher for the New York Nationals, was expected to testify today. There have been charges that Benton had been offered \$800 by a former Chicago player to lose a game. "Buck" Herzog, who had been charged in a statement today said there had been accusations that he had made the offer to Benton and that he wanted a chance to deny them. Herzog produced what he claimed to be a letter signed by Arthur E. Wilson and Norman Boeckel of the Boston National league, stating that they had heard Benton declare he had won \$3,500 by betting on the Chicago-White Sox game, and that he had won \$3,500 by betting on the Chicago-White Sox game, and that he had won \$3,500 by betting on the Chicago-White Sox game.

Prosecutor Reple in a statement last night declared that evidence had been adduced to the effect that the world series was "not on the square." He said seven Chicago players were involved but that no Cincinnati players were implicated.

Evidence that the world's series last year between the Chicago American and Cincinnati National league clubs was "not on the square" was presented yesterday in the Cook county grand jury which yesterday began an investigation of alleged baseball gambling, according to a statement issued tonight by Hartley Reple, prosecutor in charge of the investigation.

President Cieski said he held up the world's series checks of several Chicago American players last year while investigating charges that had come to his attention but declared he had obtained no proof against any player.

**REHABILITATION BILL BIG ISSUE IN HAWAII**  
League of Nations Takes Back Seat in Campaign of Candidates for Delegate in Congress

HONOLULU, T. H. (AP)—Joseph K. Kahanamoku, better known as "Prince Kahoiki," Hawaii's delegate in congress, and L. McCallum, democratic nominee for the position, will make the Hawaiian rehabilitation bill and not the league of nations the main issue of the campaign in the territory, according to McCallum.

The bill designed to promote a "back to the land" movement for native-born Hawaiians, was presented to congress by McCallum, but failed to get to the senate in the dying hours of last session.

McCallum says he is not against the principle of rehabilitation, but he is definitely opposed to the terms of the present bill.

Senator Reed Smoot and other prominent republican leaders have declared themselves in favor of the present measure, without admitting it may be subject to some amendments when brought into the senate.

**VIENNA COURT UPHOLDS MILITARY DISPLAY RIGHT**  
Former Officer of Austrian Army Collects Damages from Riddle of Appearance in Uniform

VIENNA, (AP)—A former officer of the Austrian army was walking through a poor quarter of the city in full uniform when a workman's councillor ordered him to remove his clanking spurs. An altercation ensued leading to a suit by the officer for defamation. The court gave him damages to the amount of 1000 crowns and told him he could wear the splendor of his former estate when and where he would. The workman's councillor pleaded that he and his neighbors objected to such a reminder of the old time authority of the military class.

Since the ratification of the treaty, officers in the full uniform of the old army with breastplates of metal and decorations have become very much in evidence on the promenades. Many of them say their uniforms are the only decent clothes they have.

**COTTON STOCKS INCREASE**  
Arrivals from United States and Elsewhere Fill Japanese Warehouses

TOKIO, (AP)—The stocks of cotton continue to increase everywhere consequent upon the increase of arrivals from the United States and other foreign countries. According to the returns of the Japan Cotton Merchants union in Osaka, the stocks in that house in Kobe at July 20 amounted to 524,328 bales, in addition to 260,710 bales in Osaka and 23,955 bales in Yokohama, making a total of 808,993 bales. The entire stocks of cotton throughout the country are estimated at the enormous figures of over 1,000,000 bales.

**ELECTRICITY TO SUPPLANT STEAM ON JAPANESE ROADS**  
WASHINGTON, (AP)—The Japanese railway authorities have decided to substitute electricity for steam on all lines within the empire, according to reports reaching the department of commerce today. The change, which is estimated will cost 200,000,000 yen, is expected to reduce the number of locomotives in service by 40 per cent.

### COUNT REDS OUT OF THE RUNNING FOR NAT BUNTING

Brooklyn Looks Like Sure Winner but Cincinnati Loses All Chance

NEW YORK, (AP)—Brooklyn retained its five game lead in the National league pennant race by defeating Boston today while New York was taking the final contest of the season with the Chicago Cubs. Cincinnati was eliminated from the race yesterday by losing two games to Pittsburgh.

Brooklyn, with a lead of five games over the Giants, has six more games to play, one with Boston and five with New York. The Giants have eight more games to play, two with Boston, one with Philadelphia and the five with Brooklyn. To win the pennant Brooklyn must win one game from the Giants and the final contest of the season with Boston on October 3, or win two of the five games with the Giants.

No games were played yesterday in the American league. Cleveland is one and one-half games ahead of Chicago and the latter the same.

**Indians Must Win Eight More Tilts in Season's Race**  
Cleveland and Chicago Clubs Start Hardest Series of Year Today

CLEVELAND, O. (AP)—The Cleveland Indians and the Chicago White Sox, pennant contenders and runners up, respectively, in the American league pennant race, met here today for the first of a three game series upon which the Indians' hopes of winning the pennant depend. Cleveland is leading Chicago by one and a half games.

If Cleveland takes two of the games it is regarded as almost certain that the Indians will win the flag. They have only 11 more games to play with Chicago, four with St. Louis and four with Detroit. If they can win eight of these, the White Sox must win the eight games remaining on their schedule to tie the local team.

Cleveland has won its last seven games and Chicago its last six. Both teams benefited by a rest yesterday and entered today's contest in fine physical condition and confident of victory.

Manager Gleason announced he would send Dick Kerr, a southpaw, to the pitching mound.

The Indians, with a string of 29 victories in their credit this season, was slated to do slab duty for Cleveland.

**GREAT WESTERN RACES**  
COLUMBUS, O. (AP)—A new world record for 3-year-old pacers was established at the Grand Circuit meeting yesterday. Priscus June, W. W. Plent, and Roy, won the third heat of the horse racing feature in 2:02.1-1-1 after dropping the first heat to Tramp, who prior to today had held joint title with General Todd, the 3-year-old gelding.

After finishing fifth and seventh in the first two heats, Margaret Dillon won the Hartman hotel stake for 2:11. Priscus June, C. A. Valentine, after the mare had made bad breaks in the first two heats was substituted for Jack Monroe, as driver. Symbol S. Forrest, driven by Walter Cox won the first heat in 2:01.1, establishing a new record for the event.

Ether R. Murphy, driver, won the third and last heat of the 2:07 class pacing continued from yesterday. She won yesterday's two heats. Best time 2:04.3-1-1.

The 2:15 trot was won in straight heats by Patrick Todd. Best time 2:07.1-1-1.

Derby, owned and driven by W. W. Fleming, outclassed the field in the first division of the 2:12 pace, winning in straight heats. Best time 2:04.1-1-1.

Loval W. driven by Eskime, had an easy time in the second division. Best time 2:05.3-1-1.

Batteries: Jones, Collins and Hoffman; Jones, Cavet, Whitehouse and Henline.

**REGULAR BABE RUTH.**  
BOSTON, (AP)—Francis Outini, who as boy and man, has accomplished nearly everything possible in golf, was happy today in the realization of the ambition of all golfers. He holed out in playing yesterday on the links of the Commonwealth Country club, he drove off with a mid iron from the third tee, with the hole 213 yards away. The ball is slightly off center. The ball sprang, rolled to the flag stick and dropped into the cup.

**COUBS GETS KELLEHER.**

Nicholson of Leadville, mining man and banker, the republican nomination for United States senator by a plurality of 536 over his nearest opponent, Carl C. Schuyler, Denver attorney.

## Brief Bits of Sport

The Cleveland and White Sox teams took a rest yesterday.

A sort of breathing spell to enable them to dig their cleats in for a final spring at each other's throats.

The Salt Lake Bees did not lose a game Monday or Tuesday of this week.

No games were played.

The Massachusetts boxing commission is no longer in operation.

Four old Redlegs; they only lost two games yesterday.

Benny Leonard, lightweight champion, on Saturday night will box Pat Moore a few rounds in East Chicago.

Folks may look upon that as a setup match, but to our notion it is likely to prove otherwise for the doughy little southerner has been cleaning up all the lightweight material that has fronted him, and he has been tackling some husky and clever boys.

More's latest walk is that of Charley White who, fans will recall, came within a hairsbreadth of taking the lightweight crown from Leonard on July 4.

So it appears from this distance that Benny will have to be in prime fettle for the Saturday night tilt.

Ed Matteoni is a pitcher by trade and a fiddler for fun. Ed was a member of the Salt Lake Bees' staff last spring but he did not like the company so he strolled along and lost all the games he appeared in and was turned back to the Texas league, whence he came.

That snit Ed and he got down to business and pitched winning ball for the Houston club all season and was finally sold to New Orleans. He has pitched seven winners, being all of his starts in the major minors.

But that hasn't a thing to do with his propensities as a fiddler. When Ed was sent for to report to the Pelicans he was on the road with the Houston. He was lost for nearly a week before he reported to Manager Johnny Dabbs, and when he finally did reach port he explained he had to go home and get his fiddle.

Dabbs is battling for the lead in the Southern league and he says if he loses that guidance by the two games Matteoni should have pitched he will have that fiddle over Matt's head.

Ain't it nice?

Oh, yes, Al Nelson has been heard from, or rather of. Brother Rose's prodigy, dubbed Idaho's popular light weight, has come from Pocatello to Idaho Falls where on Friday night he boxes a gent styled Darrel Jardine who never is in.

Everett Yarnum, catcher for the Wichita club of the Western association, who goes to the White Sox in the spring, maybe, tried to win all the games his club played in with home runs. He garnered 31 during the season and was hitting 'em strong when the finishing whistle blew.

## SURVEY REVEALS EXTENT OF U. S.

### Farthestmost Points to North, South, East and West are Determined

WASHINGTON, (AP)—The farthest east, west, north and south points on the United States mainland have been determined by the United States geological survey which announces that the easternmost point is west. Quoddy Head, near Eastport, Me.; the western point, Cape Adair, Wash.; the farthest north, a small detached land area of northern Minnesota ending in latitude 49 degrees, 23 minutes and longitude 93 degrees, 3 minutes, the southernmost point, Cape Sable, Florida, while the Florida keys extend farther south.

Data determined and compiled by the geological survey contains some interesting facts not generally known. Some of these are:

The gross area of the United States is 3,627,836 square miles.

The land area is 2,974,774 square miles.

The water area, exclusive of the Great Lakes, the Atlantic, the Pacific and the Gulf of Mexico, within the three-mile limit, is 51,015 square miles.

From the westernmost point, West Quoddy Head, due west to the Pacific ocean the distance is 2,807 miles.

The shortest distance from Atlantic to Pacific, between points near Charles

ton, S. C., and San Diego, Cal., is 2,152 miles.

The Canadian boundary is 3,808 miles long.

The Mexican boundary is 1,744 miles long.

The Atlantic coast line is 5,550 miles long.

The Pacific coast line is 2,730 miles long.

The Gulf of Mexico coast line is 3,640 miles long.

Cuba, if transposed directly north, would extend from New York city to Indiana with Havana farther west than Cleveland.

The Panama canal is due south of Pittsburgh, Pa.

Nome, Alaska is farther west than Hawaii.

**TAHITI TO CELEBRATE STAND OF ARMY AGAINST GERMANY.**  
PAPEETE, Tahiti, (AP)—A fête in celebration of the valiant stand made by the native army during the attack by the German cruisers Goeben and Scharnhorst in 1914 will be held in Papeete during the latter part of September, according to information given out by local officials.

The manifestations, it is stated, will be similar to those held during the Fall of the Bastille fête, which consisted of a revival of the native dances, sports and songs of the island.

**TRADE BALANCE FAVORS JAPAN DURING JULY.**  
WASHINGTON, (AP)—Japanese exports during July exceeded imports by \$3,000,000, a consular report received here today said. The latest empire during July sent abroad goods valued at \$157,000,000 despite the industrial situation experienced during the summer.

**The Finest Pie Crust Is Easy To Make—Can You Make It?**

SOME people say that the making of flaky, delicate and easily-digested pie crust "is an art."

Perhaps it used to be. Today even the inexperienced girl can make the finest pie crust.

Only two things are necessary. A good recipe—which is given here. And Mazola—which is sold by all grocers.

Mazola makes delicate, flaky and easily digested pie crust because it is an absolutely pure, vegetable oil—from an edible source.

Wherever you find cooks making really good pie crust, you will find Mazola.

And once you try Mazola you will never go back to lard and compounds.

## RADIO DIRECTS BOATS IN DANGEROUS WATERS

Naval Communication Service Promises Protection to Navigation

SAN FRANCISCO, (AP)—Tracherous Alaskan waters, graveyard of scores of vessels into whose many narrow channels and much treacherous reefs and shoals have been poured due to navigation pitfalls, are about to be conquered by radio, according to advice received here telling of progress of naval communication service investigation into plans for establishing radio-compass stations.

Floyd E. Dunkle, radio electrician of the service, is now in Juneau, Alaska, investigating sites for stations, having recently completed the work of a sailing endurance station protecting San Francisco Bay.

Dangers to navigation are removed by the same means which guard the Louisa from Zepplin attacks, a secret during the war, and one of the most important developments in radio-telephony. When Zepplins started their attacks upon London, the foremost of allied experts applied their efforts to provide some means of defense. The first step was to determine the location of the Zepplin.

Discovery of a radio direction finder resulted from their efforts. Zepplins used wireless in reporting departure from German bases, and signals were sent on radio waves, which were picked up by the allied direction-finder. The allied direction-finder was a device to determine from which direction these wireless waves came.

Investigation under observation at different points upon hearing a Zepplin wireless would report to the headquarters the direction from each station of the Zepplin. Charting these directions the headquarters accurately determined the location of the Zepplin, and it could be engaged in combat before getting across the British borders.

Success of the direction finders resulted in extension of their use to all shipping. Radio-compass stations established for the Atlantic ocean liner, proved highly efficient, and established stations around San Francisco Bay followed. Other allied countries are also using the system.

Fourth inning, Cleveland: Evans singled through short. Wamby sacrificed. Weaver to J. Collins. Speaker batted to J. Collins. Ribberg fumbled Smith's grounder. Evans scored. Ribberg singled to right. E. Collins threw out Johnston. One run, two hits, one error.

## CONDUCTS GAME DRIVE IN WAR ON TSETSE FLY

Whole Tribes of Zulus Volunteer in the Campaign to Stop Ravages of Destructive Insect

JOHANNESBURG, South Africa (AP)—A great game drive is in progress in Zululand, with the object of stopping the ravages of the tsetse fly, which is fatal to tribes and bovines.

Whole tribes of Zulus, attracted by the prospect of unlimited money, are taking part in the drive. They are mostly armed with assegais, the native spears.

It is thought, however, that the size of the drive, defeating its own object, the wild creatures have become panic stricken and the ludicrous situation now exists of the hunters having become the hunted.

The great caravans of wild men and Zulus has been broken in several places by charging herds of frantic zebra and other animals, and the hunters have been compelled to split up into small parties for their own safety.

## COX TAKES EXCEPTION TO CRITICISM BY TAFT

Says Former President Should be 'Ashamed of Himself' for Assertion

PHOENIX, Ariz., (AP)—A statement declaring that Governor Cox should be "ashamed of himself" for his statement regarding use of military in Ohio during the Cox administration was issued here Wednesday by Governor Cox, who is a candidate for the Arizona governorship.

Commenting on Mr. Taft's recent article which said that Governor Cox's "indisposition to maintain order by use of the militia is well known to local union leaders and explains his popularity with them," Governor Cox made the following statement:

"I have been appalled for some time that Judge Taft's newspaper article, which was intended to be the reflection of a mature statesman, has been turned into a cheap political propaganda. He ought to be ashamed of himself for the statement that law and order have not been maintained in Ohio. I would like to have him tell me the instances in which he would have used troops where I did not.

"I challenge him to cite the opinion of the United States Supreme Court of Ohio, on a matter which his parties might be, in support of his assertion. I have no objection to Judge Taft's becoming a voter carrier around the old guard political camp. A great many people, however, in this state, who have respected him through the years cannot but look with regret upon the ease with which reactionaries might make use of him.

"Apparition of the league of nations argument to western problems was stressed by Governor Cox in addresses at Mesa and Tempe. Readjustment of European conditions as a result of the league, the governor said, would mean in opening up the European market to cotton and livestock which the west produces.

"Governor Cox promised that when he had secured the consent of a corps of engineers into the west to locate new reclamation projects. He declared he favored the Smith-Pletcher bill for completing reclamation enterprises.

"The governor urged that Senators Marcus A. Smith and Henry F. Ashurst, democrats of Arizona, be returned to the senate. Speaking of Senator Smith, democratic candidate for reelection in the general election in November, Governor Cox said the senator could be counted upon to vote in favor of the league of nations. Senator Ashurst's seat is not involved in the election, his term is being near expiration.

"Governor Cox said the league would be a "remedy" to bring about the readjustment of prices as a result of a readjustment of world conditions.

"There were two definite conspiracies in the following words: 'The league would be a remedy to bring about the readjustment of prices as a result of a readjustment of world conditions.' One was to prevent approval of the league of nations covenant and the other to prevent reduction of war taxation. Both were for the purpose of creating an end to the league against the administration, he asserted.

"Governor Cox was introduced at Mesa by National Committeeman W. L. Barrows and at Tempe by Representative Carl Hayden.

## His Family Holds Unique Sunday School Record

Records are records the world over, but the record claimed by Elmer C. Weaver for his family is probably the most unique in the books. Mr. Weaver's family has claim to all records of attendance at Sunday school. He himself boasts of not having missed a session in twenty-three years. His two daughters, Mrs. Henry Kern and Mrs. L. C. Balliet, have attended seventeen and sixteen sessions, respectively, under a Mr. A. S. Earl, his dropped names in the Sunday school basket every Sunday for the past fourteen years. The Weavers live at Albion, Pa., and are members of the Zion Reformed church.

## Grain and Provisions

CHICAGO, (AP)—Heavy selling of wheat took place today, and carried prices lower. Much of the selling appeared to be based on opinions that a fall in grain business was foreseen. On the contrary, however, foreign buyers were said to be making new purchases. Opening quotations, which ranged from 3-4 to 3-5 lower, with December \$2.34 1-2 to 2-3 3-4 and March \$2.27 to 2-28 1-2, were followed by a slight further setback and then something of a rally.

Subsequently, weakness of coarse grain rebuffed more or less to offset export wheat buying that totaled 1,000,000 bushels. Wheat closed unsettled, 3-4 net lower to 1-4-5 lower, with December \$2.30 1-4 to \$2.30 3-4 and March \$2.27 to \$2.27 1-4.

Lowest prices yet for the new crop were reached in the corn market. Fine weather was the chief heavy influence. After opening 3-4 to 4-5, including December at \$1.04 to 1-04 3-4, the market underwent a further setback. December broke to under \$1 for the first time since 1917. September dropped 10 cents, demand from shorts having been exhausted. Besides, receipts were liberal. The close was heavy, 3-4 to 3-5 net lower, with December \$1.01 1-2 to 1-01 3-4.

Oats reflected corn weakness, starting unchanged to 1-2 higher, December \$0.78 to 4-5, and then reacting to well below yesterday's figures.

Provisions were depressed by downturn in the hog and grain markets.

Cash Quotations  
CHICAGO, (AP)—Wheat: No. 3 red \$2.34 1-2; No. 1 hard \$2.38 to \$2.39; No. 2 hard \$2.37.

## PASSENGERS SUBMIT TO ROBBERY; TAKE ROBBER

Single Masked Bandit Holds Short Possession of Spoils Taken on Train

DENVER, Colo., (AP)—Passengers on Santa Fe train No. 5 were robbed early this morning by a single masked bandit. Between Las Animas and La Junta, Colo., he captured the robber and delivered him to police at La Junta after recovering nearly all their valuables, according to reports received here.

It was reported that the robber, supposed to have boarded the train at Las Animas, he proceeded through the train, collecting the passengers' valuables. C. A. O'Brien, the conductor, dropped a message over the window at about 10:30, which all except \$70 was recovered. He told the women passengers that they need not be alarmed.

The telephone operator saw it and sent a warning to La Junta. As the train neared that place the conductor led the passengers in a rush upon the bandit as he entered a vestibule. He was overpowered and held until the train reached the La Junta station, where local officers took him in charge. The man is said to have obtained about \$100, which all except \$70 was recovered. He told the women passengers that they need not be alarmed.

He gave the name of John Morgan.

## HARDING MAKES DISTINCTION

(Continued from Page Two.)  
welfare worker in the world is the man or woman who does an honest day's work. We must awaken their conscience to recognize that American business is not a mere money-making machine. It is a God-given impulse to create and the savior and the guardian of our happiness, our homes and our equal opportunity for all in America. Whatever we do for human beings, at its core is business, we do in the name of social welfare.

## APPEALS TO CONSCIENCE

"But it is equally true that we must awaken the conscience of American business to new interest in the welfare of the human race. It is not enough for America that her business and commerce shall be honest; they must also be humane. Men, women and children of America are not commodities."

## NEW YORK PATROLMAN

## EXPLOSION THREAT COMES TO LIGHT IN MINNESOTA

SUPERIOR, Minn., (AP)—Warning that the Douglas county court house would be blown up by dynamite was received here today. The warning was received by the Douglas county sheriff, who is now in the city.

## MILLERAND WINS PREZIDENCY

(Continued from page one)  
When President Dechaud assumed office in the following month, Millerand, as is customary on the accession of a new chief, offered the resignation of his ministry. This the president refused to accept and asked Millerand to remain in office. The prime minister consented and has since held the premiership.

Twelve Hours' Sleep More Important than Robbery, Declares the Aged Seattle Man

SEATTLE, Wash., (AP)—Twelve hours' sleep is more important than robbery to a man of 92, according to a statement made by an aged man here today. The man, who is 92 years old, is a veteran of the Civil War. He said that he had been robbed of \$100, but that he did not mind the loss, as he had been able to get a good night's sleep. He said that he had been robbed of \$100, but that he did not mind the loss, as he had been able to get a good night's sleep. ## Today's Markets

New York Stock Market.  
NEW YORK, (AP)—Additional indications of industrial readjustment eased further severe depression in the stock market today. Metals, oils and stocks registered extreme declines of 1 to 6 points. Sales approximated 900,000 shares.

Recent conflicting movements in the stock market were resumed at the opening of today's session. Rallies of the speculative variety advanced while the industrial issues were generally moderately reactionary. Chicago and Alton, Texas and Pacific and Kansas City Southern average 1 point gain and St. Paul, Missouri Pacific, Wabash preferred and New Haven gained substantial fractions. Tobacco and sugar of the oils were materially higher, but motors, copper and leaders denoted further selling pressure. A feature of the foreign exchange market was the weakness of rates to Scandinavian countries.

Investment, rails were included among the reactionary stocks of the last hour, especially Pacifics and granaries. The general list was also tending lower. The closing was heavy.

## BLAME FEDERAL TAXATION PLAN FOR HIGH COST

### Cotton Manufacturers' Session Hears Arraignment of Existing System and Suggested Substitutes

MARPLEWOOD, N. H. (AP)—The present system of federal taxation was declared to have created "an intolerable situation" and to be responsible for the continued high prices of many articles, by speakers at the opening session of the semi-annual meeting of the National Association of Cotton Manufacturers. Suggested substitutes included an employers' privilege tax, outlined by Theodore H. Price, editor of Commerce and Finance, of New York, and a gross sale tax, explained by William E. Cornwall of New York.

**People Learning Facts.** The people of the country, Mr. Cornwall said, are becoming educated to the fact that the whole system of taxation in the United States is wrong, adding that the system "was founded on class and sectional bias."

A tax on gross sales is an ideal device, he continued. "It is simple and added along in very small fractions and added through the various processes from the producer of raw material to stage after stage during manufacture, the tax almost entirely escapes the consumer, and is finally paid by the consumer practically without his knowledge, and the addition is so trifling as not materially to affect prices."

**Penalty on Success.** Mr. Price in his address declared the present surface penalize success and compel an enterprising man to pay the government an immediate share of his gains in a profitable year, leaving him to bear the losses of an unprofitable year alone.

Explaining the employers' privilege tax which he proposed as a substitute for the present system, Mr. Price said, in part:

"A manufacturer or merchant whose monthly disbursements for wages, salaries or piece work totalled \$100,000, would at the end of the year be required to statement to Washington with a check for the amount of his tax. If the tax were 5 per cent his check would be \$5,000, which he would include in his overhead charges and add to the selling price of his product."

**Cumulative Taxation.** "The price paid by the manufacturer of an entirely finished or marketable product for the raw or partially finished material that he used would have been correspondingly increased by the employers' privilege tax paid upon the wages paid to those employed in its production, and thus the price at which the materials were sold for consumption would include all the employers' privilege taxes that it had to bear in its progress from the first producer to the ultimate buyer."

## FARM BUREAU FEDERATION ASSERTS CRISIS IMPENDS

### Argues Agricultural Economic Conditions Threaten Grave Consequences

CHICAGO, (AP)—The American Farm Bureau Federation, in a statement last night summarizing its investigation into business, industrial and agricultural conditions, declared that America is facing an agricultural crisis of a magnitude which, if not intelligently dealt with, will lead to consequences so grave as to affect all industry to the point of impairing the social order.

The statement says farmers must be given immediate help in transportation, finance and labor, and recommends the following as remedial efforts:

Preferential treatment in transportation to all farm products, to the shipper and to all goods consigned to farmers which are necessary to conduct the business of farming.

More profit for farmers, better distribution systems which would tend to eliminate middlemen, and stabilized prices.

Ample finance with rural banks assuming the obligation of financing the farmer with long and priority credits, and loans from federal credit investments which were said to be totaling millions of dollars from farmers annually.

Equalization of agricultural and industrial labor wages, which, the statement declares, can be accomplished only by lowering industrial wages or increasing farm wages.

Encouragement of immigration.

### FIRST WORLD NEWS IN TWO YEARS DUE ON ISLANDS

TAPEETE, Tahiti, (AP)—The first news from the world that the Bapists will receive after a lapse of two years was carried aboard the French cruiser Albatross which recently left this port for the isolated island of Rapa, in the Tonga Archipelago.

The island is populated by 150 Polynesians and one white man, a French official. Due to the Bapists not having received mail for two years, and in all probability a boat not having touched the island in that time, it is believed that the inhabitants are not as yet acquainted with the fact that hostilities have ceased among the warring countries.

## VOLUNTEER ASSISTANTS IN POLITICS ON STAND

### Barnes Says His Book and Carroll His Solicitation Separate Enterprises

WASHINGTON, (AP)—The senate investigating committee again plunged into the fact of republicanism and democratic campaign financing Wednesday, but the record had little affirmative information on party funds at the close of the session to add to what had previously been disclosed.

### Barnes Denies Connection

Two flat denials connected with the charges that have figured in previous testimony were produced, however. One was entered by William Barnes Jr., who asserted that the book "Republicanism in 1920" (N. Y. Journal), and no connection with the republican national committee and was a private commercial venture. The other denial was made by George T. Carroll of Elizabeth, N. J., president of the National Retail Lumber Dealers Association, and of the Federated Lumber Industries of New Jersey, who said that such support as these organizations had given the candidacy of Governor Cox was in no way connected with the democratic party financing.

### Carroll Acknowledges Letter

Mr. Carroll acknowledged having authorized the sending out from his office of letters urging liquor dealers in the National association to aid the Cox and Roosevelt ticket. The letter, he said, he said he had been read to him over the telephone for approval, but he said he did not recall the paragraph specifically urging that the democratic candidates be supported. No official action had been taken by either organization of which he was a member to endorse a presidential ticket, he said, although it had been decided to urge election of a "liberal congress, regardless of what party they represent."

A total of "less than \$2,500" had been received in response to the circular letters, Carroll said, adding that no campaign literature had yet been put out although it was in preparation.

**Sensor Edge, republican, New Jersey, asked if any democratic party official had ever sought to have the liquor men "drawn from this activity in behalf of the democratic ticket." Carroll replied in the negative, and the senator then asked if the work had not been accepted by the democrats.**

**Senator Pomeroy, democrat, Ohio, challenged this last question as unfair and Senator Reed finally broke into the discussion with the declaration that the single subscription to John D. Rockefeller to the Barnes book was larger than the whole fund raised by the liquor men.**

## COX RESUMES TRAVELS INTERRUPTED BY WRECK

### Democratic Candidate Addresses Crowds En Route to Albuquerque

SEN ROUTE WITH GOVERNOR COX, (AP)—With his Arizona campaign terminated abruptly by the wreck of his special train yesterday near Phoenix, Governor Cox, democratic presidential candidate, today was en route through New Mexico to speak tonight at Albuquerque.

The governor and his party today was none the worse for their experience in the disaster to their train, but thankful that a few injuries resulted. Through the wreck, the governor last two speaking engagements scheduled to take place in northern Arizona. He had no speaking engagements today except tonight's address at Albuquerque, but it was thought possible that he might be able to make one or two near platform talks.

At Doming, N. M., a large crowd gathered about the governor's car and routed him out of bed to speak a few minutes to all faith in the campaign. The candidate's party again traveled by special train in order to connect with the regular train which was to take them to Albuquerque.

## DEMOCRATIC FINANCIERS TO USE WILSON EXAMPLE

### Committee to Raise \$500,000 National "Match the President" Fund

NEW YORK, (AP)—George White, chairman of the democratic national committee, announced here today that the committee would raise a \$500,000 national "match the president" campaign fund.

Mr. White said that a thousand friends of the league of nations would be expected to follow the example of President Wilson and subscribe \$500 to assist the movement to Michigan, the confederate with local agricultural authorities to forestall possible infestation of the corn crop in that state.

### AGRICULTURAL EXPERTS MOVE AGAINST CORN BORER

WASHINGTON, (AP)—Discovery of the European corn borer, in the vicinity of St. Thomas, Canada, has caused the department of agriculture to send a staff of entomologists to Michigan, to confer with local agricultural authorities to forestall possible infestation of the corn crop in that state.

The corn borer in Canada is farther west than heretofore reported and this continued the department's announcement said, and the corn affected is of the Flint variety.

## EARLY RETURNS FAVOR CONSTITUTIONAL CHANGES

### Majorities on All Proposed Amendments to Nebraska Charter Indicated

OMAHA, Neb., (AP)—Returns received today by newspapers here from Tuesday's special election helped to swell the majorities by which Nebraska voters adopted constitutional amendments to permit the legislature to create a commission, to pass upon controversies between employers and employees, and to give women unrestricted suffrage. Thirty-nine other amendments were also adopted, including one for state budget system. The vote counted so far made them five to one for the suffrage proposal.

There was little opposition, apparently, to adoption of an amendment to give Nebraska women unrestricted suffrage. Returns received thus far on this proposal give 2754 for the amendment with 645 against it. The women themselves voted on this and other amendments submitted at yesterday's special election.

Majorities for all other amendments indicated by early returns. These include proposals to permit the legislature to regulate property rights of aliens; to create a state budget system; to permit regulation of working conditions for women and children; and to require that common school branches in Nebraska schools be taught in English.

There apparently was little interest in the election, the vote of both men and women being extremely light.

## SOCIALISTS ATTEMPT TO INVADE CHURCH FOILED

### Projected Seizure of Religious Institutions House Shortage Result

ROME, (AP)—The Observatore Romano, the Vatican organ, says that Sunday night socialists attempted to invade a church in a popular quarter, but did not succeed in breaking through the door. They postponed the undertaking to a later date, when the paper asserts, they will attempt to occupy the Lateran palace, which was once the residence of the popes.

The newspapers also assert that socialists are threatening to invade the Catholic club, and two nunneries.

## KALMIKOFF TROUBLESOME PRISONER FOR CHINESE

### Notorious Ussuri District Ataman Makes Two Escapes from Captors

PEKING, (AP)—General Kalmikoff, notorious Ussuri district ataman, charged by the Norwegian government with the murder in 1917 of a Russian mining subject, and a refugee at Kirin (Siberia) made two desperate attempts to escape from the Chinese guards. Kalmikoff, who in January became an assistant to General Semenov, on command of the All-Russian forces in Siberia, was arrested in Manchuria by Chinese guards in July and held prisoner in the Russian consulate at Kirin.

He escaped shortly afterward, but was recaptured. Later when plans were discovered for a second escape, he was taken from the consulate by Chinese soldiers, to a train for Peking for an assignment on the charges against him by the Norwegian government.

Governor Pao Kuei-ching of Kirin, reported September 7 that Kalmikoff jumped from the train at Yilachi, Manchuria, and escaped into the rice fields of Cosacka, as head of a horde of Cosacka in the Ussuri district, during the regime of Admiral Kulekhin, ravaged the Ussuri district and gained notoriety as a terrorist by his wholesale murders. Last autumn he created an attack against the American forces, and flogged an American soldier his fingers captured.

Peking advice on September 8, reported that Kalmikoff was killed in rice fields near Yilachi, Manchuria, by pursuing Chinese guards, upon whom he had fired.

## BUCK HERZOG IS ACCUSED BY "RUBE" BENTON

### New York Pitcher Says Cub Keystone Suggested Throwing of 1919 Game

CHICAGO, (AP)—Jacob "Rube" Benton, New York National league club pitcher, who arrived here today to help by the grand jury investigating reports of "fixed" baseball games, asserts in a signed statement published by the Journal that Charles "Buck" Herzog and Hal Chase proposed to him that he lose the last game the Giants played in Chicago last year. No mention was made of the amount he was to receive if he "threw" the game, the Journal quoted Benton as saying, but after the Giants won, 5 to 3, Heinz Zimmerman, who had been suspended the night before, was said to have stopped Benton in a hotel lobby and said:

"You poor fish, don't you know there was \$400 waiting for you to lose that game today?"

Benton will appear before the grand jury this afternoon.

Herzog, in a statement this morning, said he had been accused of offering Benton \$800 to lose the game, but denied he had ever been involved in any fixed game, and declared President Heydler, of the National league, had investigated the reports and then issued a letter exonerating Herzog.

### DEMAGOGUERY REBUKED

(Pargo Forum.)

The decision in the famous coal injunction case, by the United States circuit court of appeals, is a triumph of justice, a rebuke to the cheapest of political demagogues, this state has witnessed in the last four stormy political years.

Governor Frazier, after subtly forcing a strike in North Dakota lignite mines, and encouraging the miners to deliberately break a solemn contract with the mine operators, declared martial law, seized the mines and proceeded to operate them, in defiance of the state, announcing that he would enforce conscription of all able bodied men needed to mine coal and would turn over the extra wages demanded, not to the men, but to mine coal operators to promote strikes in other states.

If his stand had been upheld neither private property nor personal liberty would have been safe in North Dakota. It would have been possible for this rather stamp of a gang of political carpet-baggers to seize any private property in the state, and to conscript political enemies for any menial labor he selected for them. How would that have differed from slavery?

The question of the amount of damages sustained by the mine operators is comparatively unimportant. The situation took on coal operators' aspects and became so farcical that the governor soon surrendered control of the mines. The actual loss of the operators, therefore, probably was nominal, although the state had a very healthy bill of expense to meet. But the principle involved was too big for compromise.

If Governor Frazier had been upheld by the courts, he would have endowed with the power to seize any private property at any time he felt an "emergency" existed and conscript any citizens needed to take charge of that property to operate it. The conscriptions of both the United States and of North Dakota would have been mere "scraps of paper" and we would be back in the days before the Magna Carta, as far as personal liberty and the safety of private property were concerned.

If the governor could seize coal mines without due process of law, he could seize farms or stores. He could conscript men to mine coal when he thought or imagined an emergency threatened, he could conscript men to plow or thresh, and fix their wages and the selling price of the farmer's product.

It was a much bigger question than

the rights of the coal operators. If the property of the coal operators was not safe, then no private property was safe from these political gangsters and their tools. Once permitted, would to arise regarding the sanctity of private property and the right of a man to hold what is his own, and you remove all incentive to work and save. What man will labor or try to accumulate a competence if he knows that it may suddenly be taken from him without due process of law? What incentive is there to thrift, industry and economy if a gang of political mountebanks can declare "unconstitutional law" and send troops to take possession of all you own?

It was fortunate for North Dakota that the judges of the United States circuit court of appeals did not own their positions to politicians of the type of Townley, Brinton, Waters and Lemke.

### MUNICIPAL COUPON BOND ISSUE AND SALE BY THE VILLAGE OF KIMBERLY, COUNTY OF TWIN FALLS, STATE OF IDAHO

Public notice is hereby given that the Village of Kimberly, in the County of Twin Falls, in the State of Idaho, intends to issue and negotiate the Municipal Coupon Bonds of said Village in the aggregate amount of \$14,767.18 for the following purposes, to-wit:

Municipal Coupon Bonds to the amount of \$14,767.18 to be designated "Municipal Coupon Paving Bonds of the Village of Kimberly," provide for the building and constructing of the drains, grading, paving, curbing and crosswalks in the spaces formed by the junction of two or more streets or where one main street terminates or crosses another main street in Local Improvement District No. 3 of the said Village.

Said bonds will be issued in conformity with the provisions of Ordinance No. 21 of said Village adopted and approved on the 24th day of August, 1920, and subject to the approval of the qualified electors of said Village voting upon the question thereof and shall be held in conformity with said ordinance on the 27th day of September, 1920.

If the issue of said bonds is approved by the electors as aforesaid, the bonds will bear date as of the date of their issue; will be redeemable at the option of the Village at any time after the expiration of ten (10) years from the date thereof and shall be absolutely due and payable in twenty (20) years after the date of their issue. Said bonds shall be issued in the denomination of \$100.00 each, except bonds in the denomination of \$50.00 or \$100.00 may be issued when necessary; the principal of said bonds and the interest thereon shall be payable at the office of the Village Treasurer or at the National City Bank, in the City and State of New York, at the option of the holder. Said bonds will bear interest at the rate not to exceed six (6) per cent per annum, payable annually on the 1st day of January and the 1st day of July, in each year. The Chairman of the Board of Trustees and the Board of Trustees of the said Village of Kimberly, will, up to Tuesday, the 29th day of September, A. D. 1920, at the hour of 3 o'clock P. M., at the office of S. J. Steele Smith, in the Village of Kimberly, receive sealed bids for said bonds. All bids must be without condition as to legality and must be accompanied by an unconditional certified check on a National Bank or Trust Company equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders shall state the rate of interest not exceeding six (6) per cent per annum, on which their bids are based.

After certifying the best terms upon and the lowest rate at which said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and the interest at the time of disposal by the Village Treasurer under the general supervision of the Chairman of the Board of Trustees and the Board of Trustees of said Village of Kimberly. The Chairman of the Board of Trustees and the Board of Trustees reserve the right to reject any and all bids.

By order of the Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly, Twin Falls, Idaho. J. M. STEELSMITH, Chairman of Board of Trustees.

Attest: W. F. BRECKON, Village Clerk.

### NOTICE TO CONTRACTORS

Notice is hereby given that the Chairman of the Board of Trustees and the Board of Trustees of the Village of Kimberly, Twin Falls, Idaho, intend to receive and consider sealed bids and proposals on the 28th day of September, 1920, at the hour of 8 o'clock p. m., of said day, at the office of the Village Clerk, in the Village of Kimberly, for doing the work and furnishing the material in improving said streets and parts of streets in the Village of Kimberly, Idaho, by grading, paving, curbing and surface draining and limits of Local Improvement District No. 3 of the Village of Kimberly, Twin Falls County, State of Idaho. Said ordinances are on file in the office of the Village Clerk, in the Village of Kimberly, at which place access to the same can be obtained. A general description of the kind and amount of work to be done and the specifications for the construction of said improvements and the data as to the material out of which the same are to be constructed, are set forth and contained in the plans and specifications on file in the Village Clerk's office of said Village, in said Village, which plans and specifications are hereby referred to and made a part hereof, and copies of said plans and specifications may be obtained from the engineer in charge of said work for the Village of Kimberly, being Mr. H. L. Hoffedtz, of Twin Falls, Idaho, who will furnish and make plans and specifications upon the deposit of \$10.00 in which will be returned and refunded upon the return of said plans and

specifications. The amount of the estimate made by said Village of the cost of the construction of said improvements is \$94,063.21.

Work upon said improvement shall be commenced and the same shall be finished at such time as the Village of the Board of Trustees and the Board of Trustees shall designate. Each bid and proposal must be accompanied by a certified check upon some reliable bank payable to the Village of Kimberly or order in an amount equal to 10 per cent of the amount of the entire contract price. In the event that the successful bidder does not enter into a contract with the Village for the making of said improvement, the said check will be retained by the Village of Kimberly and the said bidder shall forfeit the same to the Village of Kimberly. The check of unsuccessful bidders will be returned to them at the time of the rejection of their bids and proposals. The person, firm or corporation obtaining the contract for the making of said improvement will be required to furnish the said Village, at or before the time of the delivery of the contract, with a good and sufficient bond, in some reliable surety company, in an amount equal to sixty (60) per cent of the entire amount of the contract price, conditioned for the faithful performance of all the conditions and terms of the contract by him to be performed and conditioned further for the faithful performance of the terms and conditions of the statutes of the State of Idaho in such cases made and provided.

Payment upon the said contract will be made as follows: 90 per cent of the engineer's estimate of the amount earned under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month and so on each month, either in cash or in general assessment improvement bonds issued against the property benefited within said Local Improvement District No. 3 as may be agreed upon between the contractor and the Chairman of the Board of Trustees and the Board of Trustees of said Village. The 10 per cent earned during each month will be retained until the completion of the contract and the acceptance of the work by the Board of Trustees of said Village. The Board of Trustees reserve the right to reject any and all bids.

Dated August 25th, 1920.

J. M. STEELSMITH, Chairman of Board of Trustees.

Attest: W. F. BRECKON, Village Clerk.

### NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until two (2) o'clock p. m. on the 30th day of September, 1920, for the construction of 12 miles of gravel surface of the Idaho-Pacific Highway to Buhl Highway District (without bridges) known as Federal Aid Project No. 44-A in Twin Falls County.

The plans will be opened and publicly read at the above stated hour.

Plans, specifications, forms of contract, proposal forms and other information may be obtained at the office of J. P. Olson, Director of Highways, Boise, Idaho, and from A. N. Ashlin, District Engineer, Shoshone, Idaho. A deposit of ten dollars (\$10.00) is required for the plans and specifications. The people will be refunded if the plans are returned intact.

All proposals must be made on the forms furnished, and must be signed by the proposer, with his name and post-office address.

The right is reserved to reject all proposals, or to accept the proposal or proposals deemed best for the State of Idaho.

No proposal will be considered unless accompanied by an acceptable Proposal Guaranty in an amount equal to five per cent (5 per cent) of the total amount of the proposed contract. The guaranty may be in the form of: (a) cash; (b) a certified check drawn on an Idaho bank and made payable to the commissioner; or (c) a bidder's bond.

The purpose of the commissioner to build the improvement in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon.

Dated September 16, 1920.

D. P. OLSON, Director of Highways.

WM. J. HALL, Commissioner of Public Works.

# WILL DISCUSS RAIL QUESTION

Mass Meeting of District People Called for Friday Night in Twin Falls

At a meeting of the local committee of the Idaho-Nevada Holding company, held in the rooms of the chamber of commerce this morning, arrangements and details were worked out for holding a general mass meeting of people of Twin Falls tomorrow night for a thorough discussion of railroad building plans, and the scheme for raising the required \$200,000 bonus fund in this district.

The mass assembly will be held in the Masonic club hall on the third floor of the McGraw-Hill building, over the Booth Mercantile company on South Main avenue. The session will be called to order promptly at 8 o'clock by Asher B. Wilson, president of the chamber of commerce.

The scheme of program for this meeting includes addresses by a number of outside and local men, and the primary purpose is to make full and complete explanation of the plan of the railroad, its financial ideas, the modern operation of collecting the district's proportion of the required \$200,000 bonus to be paid at the completion of the road, the benefits expected from the construction of the road, and all such other features in which there lies interest and importance to this district through the projected line south from Rogerson to Wells.

One of the principal speakers at tomorrow night's meeting will be Arthur Dunn, chief counsel for the railroad company, who will discuss the company's program and plans. George L. Davis, company president, will also have something to say, while it is expected former Senator M. J. Sweetley and Judge E. A. Walters will call upon for talks.

# VANDALS EARLY LOOT RUINS OF BURNED BLOCK

Officers Have Evidence of Robberies Following the Fire

Before the ashes resulting from the recent conflagration at Filer were sufficiently cool to permit owners of property to enter the ruins, looters began to dig the unburned foundations, carrying off such valuable as they could readily lay their hands on, according to local officers.

John Ault, county juvenile officer, tells of several cases when unidentified boys entered the ruins in the basement of the Filer Hardware company and smashed open a still hot cash register, taking from the draw silver amounting to between \$25 and \$30. Trace of the vandals, Mr. Ault says, has been found, and apprehensions are expected within the next 24 hours. It is related that most of the silver was badly damaged by heat, some of that taken from the register showing decided evidence of melting.

# EXPRESS UNANIMOUS SENTIMENT FOR SOUTH RAILROAD BUILDING

Official Investigation of Physical Facts Seems to Prove Right of Idaho Central Railroad Company to a Certificate of Convenience and Necessity for Construction of Line

If unanimity of favorable sentiment could build the Idaho Central Railroad from Rogerson to Wells, Nev., might be considered constructed and ready for operation.

Yesterday afternoon in Twin Falls the last of three special meetings, called to hear testimony for or against the application of the Idaho Central Railroad company for a certificate of convenience and necessity, was concluded after nearly an all day hearing. The hearing was before members of the state of Idaho Falls district commission, with A. L. Freesehofer presiding. Arthur Dunn, attorney general for the Idaho Central company, of San Francisco, had a prominent part in the inquisitorial proceedings. He was assisted by the legal department of the O. R. L. from Pocatello and Salt Lake were interested spectators, taking notes of the proceedings throughout the investigation.

**Series Finished.**

The Twin Falls meeting brings to a conclusion a series of interesting and important sessions held by the utilities boards of the states of Nevada and Idaho in the past few days with reference to a general demand for a southern rail line outlet from the Twin Falls district. The first meeting was held Monday in Wells, and the second in Contact, with the utilities commissions of both states present. Yesterday's local affair was not attended by the Nevada board, but it brought here a large number of Nevada businessmen and other prominent citizens of that state who, with the fixed purpose of injecting every particle of important evidence into the hearing bearing upon the main point in the issue—the construction of the proposed line.

**All in Favor**

The state utilities board representatives, who have attended all the meetings, declared after yesterday's session that there had been no word of suggestion injected into any of the proceedings adverse to the proposed line. The unanimous sentiment was expressed to look as though sentiment is unanimously favorable to the proposal, and certainly from the showing there seems no question as to the merit of the line south. "On evidence shown, it looks as though sentiment is unanimously favorable to the proposal, and certainly from the showing there seems no question as to the merit of the line south," said Chairman Freesehofer, after adjournment had been taken.

Among the witnesses giving important testimony yesterday were Sewall Wright, of the Twin Falls Chamber of Commerce; Jess O. Eastman, president of the Buhl Chamber of Commerce; George L. Davis, president of the Idaho Central Railroad company; J. C. Whelan, general manager of the Twin Falls Chamber of Commerce; A. L. Sevin, local dealer in farm loans; Claude Brown, of Buhl; Ivan T. Lincoln, of Filer; C. H. Thompson and J. A. Cron of Twin Falls.

**Buhl Wants It**

During the afternoon Jess O. Eastman, representing the Buhl end of the Twin Falls district, was called to the stand to explain the merits of the railroad building proposal as they apply to the west end. Mr. Eastman said the entire Buhl county population is "very anxious and enthusiastic for, and interested in the scheme, and willing to give the full of financial and moral support toward making the project a fact."

**Year's Apple Crop Shows Big Decline in Yield, Statement Says—Pears and Prunes Fine in Quality and Quantity**

Official Report Indicates over Million Bushels Less Fruit with Peaches Only 15 Per Cent of Normal Harvest—Sugar Beet Condition is Regarded 95 Per Cent of Normal

The 1920 apple crop of Idaho will be 1,172,000 bushels short of the mark reached in 1919, or 3,177,300 against 1,350,000 bushels in 1919.

This decline is indicated in a statistical report just issued by the state crop reporting bureau at Boise, which shows that the apple prospects lost five points in August. The earliest movement is now estimated at 32,000 cars.

**Small Damage**

In quality, size and color the fruit, however, is satisfactory so far, and damage by insects is reported small. The official report declares. Picking is general in the Twin Falls district at this time, and will become a harvest rush during the present week. Pickers this year are said to be plenty and there are no signs of any serious pest. The full crop will not be harvested this season.

The statistical report implies that the present crop, but some by huge through-out the season, will prove of immense quantity and better quality than was expected. In fact, it is expected to be the largest yield known in this state. Some sales of bulk goods are reported at 45¢ per bushel.

**Pears and Peaches**

Although pears have done particularly well throughout the southern section of Idaho, peaches have proven a decidedly short crop, being not more than 15 per cent of normal. Severe winter injury to trees and late spring frosts did the trick. Pears give promise of a total yield of 82,500 bushels, as against 70,000 bushels last season. This fruit experienced little blight or insect trouble.

# Local Brevities

Guest from St. Louis—Norman Wakefield of St. Louis is a guest at the home of Thomas Sweeney of Kimberly.

**Gone to Portland**—Mrs. Emma A. Dolson has gone to Portland for a few weeks visit.

**Licensed to Wed**—A marriage license has been issued to Lawrence Stanger, aged 24, and Nellie McLean, 20, both of Hansen.

**From Long Beach**—Mrs. Asher B. Wilson and children returned yesterday from Long Beach, Cal., where they spent the summer.

**On Baby Contest**—Doctors W. F. Passer and E. S. Milford were in Jerome yesterday on the invitation of the Jerome Red Cross as judges in the Baby Contest held in connection with the county fair.

**On Club Matters**—Mrs. Grover Rich of Buhl was the guest of Mrs. M. J. Sweetley Tuesday, being called here on important club matters in connection with her office as first vice president of the federated clubs of the state.

**Pay Fines**—Jack Smersh and L. M. Campbell were hauled before the police magistrate this morning on charges preferred by the traffic police. Smersh was accused of letting his car stand three hours in a proscribed zone. Campbell paid a similar amount for parking in violation of the law.

**Attend Important Meeting**—George L. Davis, president of the Idaho Central Railroad company, with E. F. Gray, a mining man of Contact, went to Buhl this morning to attend an important meeting of the Buhl Chamber of Commerce. They will spend the day at Buhl explaining plans for railroad building in case authority is granted.

**Guests from Vancouver**—Mrs. H. F. Allen has as guests her mother, and sister, Mrs. M. A. McGregor and Miss E. E. McGregor of Vancouver, B. C. They arrived on the noon train today. Mrs. McGregor will spend the winter here, while Miss McGregor expects to go from here to Shanghai, China, for a visit.

# Social Notes

Edited by Mrs. E. B. Williams Telephone 396

The Blue Triangle girls invited the other girls of the high school on a "bible" to the Maxwell farm on Blue Lake boulevard yesterday after school. The club girls had provided sandwiches and coffee was made over a camp fire. After which marshmallows were toasted. The girls who were at Fayette lake this summer at the camp for the "O.Y." clubs of the state taught the others some of the songs that were sung in the camp. This lively beginning is indicative of the spirit of the Blue Triangle girls and although the organization is young it is making itself felt in high school.

Miss Barbara McShen entertained the Tuesday evening club this week. Those present were the Misses Irene Visser, Jennie Walker, Ruth Glasgow, Mary Owens, Anne Giese, Ruby Sherrer, and Leslie McFarland, Miss Alice Johnson, Miss Eva Wenz and Miss Kahn were guests.

Mrs. S. Watkins and Mrs. W. S. Decker entertained the M. S. and S. club Wednesday afternoon at the home of the former. Mrs. Charles Eldred presided at the business meeting and Mrs. Frank Foreman gave an interesting talk on the club's exhibits at the county fair which won several premiums. At the close of the afternoon delicious refreshments were served. The next meeting will be held at the home of Mrs. H. H. Sherman and each member will be asked to respond to roll call by giving their favorite evening recipe.

Mr. and Mrs. George Davidson were hosts at dining at Shoshone Falls for Mrs. and Mrs. J. R. White, Mr. and Mrs. Hugh Lewis and Mrs. Walter Dufresne. Yellow nasturtiums were used to decorate the rooms and also as a center piece for the table.

Mrs. Edward S. Larsen entertained the Wednesday Bridge club at its initial meeting for the season yesterday afternoon. Seven members were present and Mrs. V. H. Orndy won the prize, two blue and orange candles in blue and orange color. Next week's meeting will be at the home of Mrs. Charles H. Burton.

Mrs. J. R. White entertained at bridge Tuesday afternoon at her home in the Colonial apartments. Sweet peas were used in vases, and baskets, to adorn the rooms, and a two course luncheon served at the close of the card game. Col. early this morning. Misses George Davidson, Hugh Lewis, E. Van Houten, Hal Biedler, Bert Kester, Irlie McFarland and Walter Dufresne.

Mrs. J. A. Campbell entertained the Wednesday Bridge club at her country home yesterday afternoon. Mrs. A. W. Ostrom of Buhl, Miss Mary Chaslin and Mrs. B. E. Boller were the guests. The members were in attendance. Mrs. M. C. Putnam carried off the honors for high score. Following the card games refreshments were served.

# Deaths

Word was received today of the death of Merrill Holt, aged 40, a brother of Mrs. L. B. Breckenridge, at Longmont, Colo., early this morning. He was a resident of Caldwell, Idaho. He had been in Longmont about a fortnight. He leaves a wife and two minor sons. Burial will be in Caldwell.
