#### Bolshevik Delegation Head Proposes Armistice and the Withdrawal of Objectionable Terms, but Sets Time Limit

MOSCOW, (AP)—The Soviet peace delegation, at today's session of the Russo-Polish peace conference proposed an armistice, which it said, must be accepted by the Poles within ten days or the Russian winter campaign would be inaugurated, which Joffe declared the Soviet government decided to avoid.

M. Joffe proceeded his proposal by offering to withdraw virtually all the 15 peace points submitted at Minsk, to which the Poles objected.

The Soviet armistice terms, which M. Joffe said the Soviet central executive committee in Moscow decided upon yesterday, eliminate virtually all conditions designed to sovietize Poland and abandon the Russian claims regarding Galicia.

Joffe's proposals make the prospect of peace much brighter than hitherto.

#### Democratic Candidate Reiterates Former Charges in Talk in Colorado

TRINIDAD, Colo., (AP)—Charges that the republican national committee was trying to have republican newspapers suppress facts regarding his campaign were repeated here today by Governor Cox in a before breakfast platform address.

Chairman Hays of the republican national committee, the governor said, was sending "agents" four days ahead of his trip and having them and republican newspaper editors to minimize the candidate's meeting. "They say," he said, "ask him questions, but don't publish the answers. Say he had a poor meeting and was badly received."

The senate, the governor said, were traveling on expense money being gathered for corruption purposes in this campaign.

Both sides should be heard in the campaign was urged by the governor, declaring that "the senatorial oligarchy dare not let the people have the facts and are attempting to deceive them."

The league of nations and progressivism also were stressed by the governor who was routed out of bed for the early address here to a large crowd.

Miss G. Saunders, Pueblo, Colo., national committeewoman and other prominent democrats of a reception committee joined the governor's train here.

### Campaign Expenditures Investigation Brings Out Political Backing of Soldier Publication

#### PLEA FOR PROTECTION IN USE OF NAME GIVES BOURBONS UNDERHOLD

WASHINGTON, (AP)—The Stars and Stripes, a soldier publication, is controlled by the democratic national committee and the American Legion Weekly, another soldier publication, is controlled by the republican national committee, Joseph L. Hoffmann, secretary-treasurer of the Stars and Stripes Publishing company, testified today before the senate campaign investigating committee.

Says Boycott Threatened.

Hoffmann also testified that a man named Waldo, purporting to represent the Dupont interests, had sought to obtain control of the Stars and Stripes, and when he failed to do so he threatened that the publication would receive advertising from large interests. The witness added that the paper had been unable to obtain advertising from such interests.

Use of Name Opposed.

Hoffmann told the committee that "ten of us who got out the paper on the other side," had organized the publishing company here and owned most of the stock. Efforts were made, he said, to prevent the use of the name, among others opposing it being Secretary of War Baker.

When organizing the paper, the witness said, he went to democratic national headquarters as he wanted to get some assurance that Congress would not pass a law prohibiting the use of the name.

"I saw there Mrs. E. M. Parks, told her of the situation, and asked for some help," he said.

"She was the secretary of W. D. Jamieson, director of finance for the democratic national committee, wasn't she?" asked Senator Edge, republican, of New Jersey.

Furnishes \$48,000.

"I think so," Hoffmann continued. "We came to an arrangement by which 100,000 shares of the corporation stock were issued. The ten of us engaged in the publication took 49,000 shares and 51,000 were assigned to her. She has so far furnished \$48,000 for the publication."

"Does that come from Mrs. Parks personally or the national committee?" Chairman Keown asked.

"I have no way of knowing," Hoffmann replied. "So we have a situation by which this paper is controlled by the democratic national committee."

asked Chairman Keown.

"Yes."

Says Weekly Is Controlled.

The witness then declared the American Legion Weekly is controlled by the republican national committee.

"How can you make that statement?" demanded Senator Edge.

Hoffmann mentioned Theodore Roosevelt, Jr., and other organizers of the American Legion and declared that Scott C. Bone, director of publicity for the republican national committee, had stated that the republican committee controlled the Legion Weekly.

Hoffmann also testified that a man named Waldo, purporting to represent the Dupont interests, had sought to obtain control of the Stars and Stripes, and when he failed to do so he threatened that the publication would receive advertising from large interests. #### ORDERS RATES REDUCED

#### Commission Holds Western Import and Export Tariffs Too High

CHICAGO, (AP)—Import and export freight rates of the Northern Pacific, Great Northern and Western Pacific railroads are being reduced by the tariff committee, it was announced here today.

The reduction was ordered by the interstate commerce commission, when it was found that the recent general increase of 33 1/3 per cent authorized to meet increased wages, had raised the rates against the main entrance. The dynamite was discovered this morning with the fuse burned down to the cap. The Times is a weekly and its owners could ascribe no reason for the dynamite attempt.

#### BOMB PLOT FRUSTRATED

#### Defective Cap Prevents Explosion at Minnesota Paper Office

CASS LAKE, Minn., (AP)—An attempt to wreck the Cass Lake Times building last night was frustrated by a defective cap on three half pound sticks of dynamite placed against the main entrance. The dynamite was discovered this morning with the fuse burned down to the cap. The Times is a weekly and its owners could ascribe no reason for the dynamite attempt.

#### BRITON BEATEN

JERSEY CITY, N. J., (AP)—Mike O'Dowd of St. Paul, former middleweight champion, tonight defeated Lewis, champion of the English writer and middleweight titles in a 12 round bout last night. The American had the better of every round except the opening one which was even.

### PRICE OF WHEAT TAKES BIG DROP

#### Agitation for General Out in the Food Cost Precipitates Breaks

CHICAGO, (AP)—Big breaks in the price of wheat took place today largely as a result of agitation for a general out in food cost. The smash of values in wheat amounted to as much as 12 3/4 cents a bushel and the market closed in a semi-democratic condition, December delivery at \$2.25 to \$2.25 1/2 and March \$2.15 to \$2.16.

Exports Lose Influence.

Heretofore, wheat has been advancing despite setbacks in the price of other grain. The chief reason ascribed for such strength was large sales of wheat for export to Europe. Today, however, the stimulus of export business appeared to have lost its influence, and especially near the end of the day the wheat market tumbled wildly downward.

Other Grain Gives Way.

In sympathy with the weakness of wheat, other grain markets also gave way, and both corn and oats fell to the lowest price levels yet for the 1920 crop.

#### LEYGUES HEARS CALL TO DUTES OF PREMIERSHIP

PARIS, (AP)—Georges Leygues, minister of marine in the Clemenceau cabinet, has accepted a call to the first premiership under President Millerand's administration. He will likewise act as foreign minister.

It is understood the other ministers of the Millerand cabinet will retain their posts.

Georges Leygues, who became minister of marine when Premier Clemenceau formed his cabinet in November, 1917, a few months after the entry of the United States in the war, served in that post throughout the remainder of the world conflict, contributing notably to the success of the allies in the long struggle they waged toward the ending of German submarine warfare. He retired from ministerial office last January with the resignation of M. Clemenceau.

#### HARDING FLAYS ONE MAN ROLE

#### Points Out Shipping Board "Fiasco" as Most Conspicuous Failure

MARION, O., (AP)—Again attacking the record of the democratic administration and "one man government," Senator Harding told a delegation of Western Virginians today that in his opinion the most conspicuous failure of democratic rule has been the "entirely needless" fiasco of the shipping board.

Presenting Great Problem.

"One of the great problems of the incoming administration," he said, "will be to appoint to practical use for America the great merchant marine built since the war. The record of the shipping board was one continual fiasco from beginning to end. When the war ended, we should have been in a position to establish shipping lines to every part of the world."

"I promise you that one of the first acts of the incoming administration will be to unfurl the flag again on all the seas of the world."

The senator also charged the administration with "bungling" business affairs and with extravagance and mismanagement in its conduct of the government. The issues thus presented, he declared.

#### Too Big for Vandeville.

The issues thus presented, he declared are "too big to be obscured by a rancid performance on the part of any one."

Concerning that no specific remedy could be invented now to lower the cost of living, the senator said, "the only way to accept business at 14.25 for fine granulated. This is 1 1/2 cent below their previous quotations and about 11 cents a pound below the high record of the early summer."

#### SUGAR MARKET SHOWS RENEWAL OF WEAKNESS

NEW YORK, (AP)—There was renewed weakness in the sugar market today, with the Federal and Alabamian Refining companies both announcing that they would accept business at 14.25 for fine granulated. This is 1 1/2 cent below their previous quotations and about 11 cents a pound below the high record of the early summer.

#### IOWA INTERURBAN CLASH INJURING MANY PERSONS

BRANDON, Ia., (AP)—Two interurban trains collided three miles east of here today and many passengers were seriously injured. One report estimated the number hurt at forty.

They were rushed here from Waterloo.

### RIFLE FIRING ASSUMES CHARACTER OF BATTLE

#### Mobs Influenced by Radicals of Bolshevik Tendencies Attack Royal Guards Without Provocation

ROME, (AP)—Disorders continue at Turin and rifle firing is sometimes assuming the character of a battle in the outskirts of the city, according to dispatches from the Rome. Three more persons have been killed, it is said, among them being Mario Santini, president of the Young Men's Nationalist association. A bomb was thrown in San Carlo square, near the central police office, but no one was killed or injured.

Police and military authorities have made 200 arrests.

#### AGITATORS FAIL TO WIN SUPPORT OF CITY'S POPULATION GENERALLY

ROME, (AP)—Italian workers appear to be divided in their reception of the agreement which was intended to solve the problem arising from the occupation of industrial plants throughout the country.

People Disapprove.

Turin has been the scene of serious disorders, mobs attacking, without provocation, it is said, royal guards stationed in that city. It appears the agitators have been carried on by extremists who do not have the support of the population. Dispatches received here say street cars carrying placards with such inscriptions as "Vice Lenin," "Death to the King" and "Death to the Royal Guards" were surrounded by indignant townspeople. Conductors were dragged from the cars and beaten and the posters were torn to pieces. So far as known seven deaths have resulted from the riots there, but the situation is now under control of the military.

#### Printers Seize Plant.

Printers employed by the newspaper Nazione of Turin have occupied the plant and have announced they will manage the newspaper themselves. A fund of 3,000,000 lire is said to have been deposited in a bank to the credit of the men, and there are hints that this money originally came from soviet Russia.

#### BRITISH MINERS DELAY WALKOUT

#### Suspend Strike Notices to Meet Owners as Lloyd George Suggests

LONDON, (AP)—As a result of a further conference with Premier Lloyd George concerning the threatened coal strike, the miners executive body decided today to recommend to the delegates of the miners, who are meeting this afternoon, that the strike notices which are effective Saturday, be suspended one week to enable the miners to meet the owners as suggested by the premier.

The premier's proposal was that a basic rate be fixed for coal output at a sufficiently low level to insure a wage increase if any reasonable rate of reduction is maintained.

The recommendation of the executive body was followed by the miners delegates at their meeting later in the afternoon and it was decided to suspend the strike notices one week as requested by the premier.

#### WILSON IMPERIOUS TO CONGRESS INSTRUCTION

#### President Refuses to Carry Out Annulment of the Trade Agreements

WASHINGTON, D. C., (AP)—Formal announcement was made today by the state department that President Wilson had declined to carry out the instruction from congress to annul existing treaties between the United States and foreign countries by which the United States is prevented from granting special import tariffs and transportation rates on imports carried in American bottoms.

The announcement said the president had reached his decision before the expiration of September 5 of the 90-day period in which the merchant marine act directed that he take steps to abrogate the treaties. It also was stated that the president had not consulted any foreign governments regarding his matter.

#### MAILS LETS SOX DOWN WITHOUT A RUN—THREE HITS

#### Cleveland's Rookie Twirler Holds Chicago Well in Hand in Second Tilt

CLEVELAND, (AP)—Cleveland resumed its lead of a game and a half when it defeated the White Sox, 3 to 0 today. Walter Math, Pacific Coast left hand pitcher, pitched phenomenal baseball in the pinches. He held Chicago to three hits, all of which were made in the first three innings.

While he passed five batters, he struck out six men. His work in the fifth inning was sensational to the extreme. After striking out Blalock, he lost control, filling the bases, by passing Schalk, Faber and Struss. He then steadied and struck out Weaver and E. Collins in succession.

Faber pitched effectively after the second inning. Cleveland bunched its hits in the first two innings and scored the only runs of the game.

#### Babe Ruth Lams His 51st Homer of 1920 Season

NEW YORK, (AP)—"Babe" Ruth, in heavy hitter of the New York Americans, made his fiftieth home run of the season in the first inning of today's game with the Washington club on the Polo grounds.

Ruth made another home run—his fifty-first—in the first inning of the second game. The ball went into deep right field, blurring Shaw of Washington was pitching against him.

#### Robberies in Sugarhouse and Morgan are Reported to Authorities

OGDEN, Utah, (AP)—Sheriff Brigham Robinson of Morgan county notified Ogden police today that the safety deposit box of the First National bank of Morgan, Utah, had been opened by the use of nitroglycerine and many of the lock boxes was robbed. He said that the bank was endeavoring to have the owners of the boxes list their lost property. The robbers are believed to have left in the direction of Ogden in a large automobile about 6 o'clock this morning.

SALT LAKE CITY, (AP)—Six thousand dollars in cash was taken by three armed bandits shortly before 11 o'clock this morning when they held up the Sugar bank at Sugarhouse, a suburb of Salt Lake City, according to reports received by the police. The bandits escaped in an automobile.

The robbers overtook \$15,000 in bills which was secreted in a drawer next to the one from which the \$6,000 was taken. The bank employees were lined up against the wall while the robbers made a search for the money. Immediately upon finding the \$6,000 fifty-first in the first inning of the second game. The ball went into deep right field, blurring Shaw of Washington was pitching against him.

## COMISKEY'S MEN FEEL CONFIDENT OF WINNING ALL

### Thursday's Victory Over Indians Inspires Sox with Plenty of "Pep"

CLEVELAND, O., (AP)—Encouraged by their easy victory yesterday over the Cleveland Indians, when they cut the latter's lead to half a game, the Chicago White Sox were determined to win today's game and replace the local team at the head of the American league championship race.

Manager Gleason was confident that his team would continue their batting streak, which started in Chicago several days ago. The White Sox found little trouble hitting Jim Bagby, the Cleveland star, and two other pitchers yesterday and won 10 to 3.

The Indians were not the least discouraged over their defeat, the first in eight games. They were confident that Walter Math, their southpaw pitcher could stop the Sox.

Red Faber was scheduled to do the pitching for Chicago.

Steps to prevent a recurrence of yesterday's wholesale scalping of tickets were taken by the police following the arrest of three men charged with receiving excessive prices for tickets to yesterday's game. As high as \$10 was asked for \$1.10 tickets.

## MINOR LEAGUE PITCHER FANS "BABE" TWICE

### Ruth Wanders over to "Home Town" and Shows Up Badly with the Stick

BALTIMORE, (AP)—"Babe" Ruth, returning to his home town yesterday, where 10,000 fans hoped to see him produce at least one circuit clout struck out twice, the last time with the bases full. The Baltimore Orioles beat the New York Yankees, 1 to 0. Jack B. Ley fanned "Babe" in the third inning. The next time up he was out on an easy grounder, and then drew a pass, and in the eighth with the bases occupied and "Babe's" home town crowd tense with excitement, Harry Frank slipped over a third strike.

Tonight, however, "Babe" produced another sort of "home run." At a mass meeting for the benefit of St. Mary's Industrial school where Ruth learned baseball, he made a speech and wrote his check for \$2500 to help replace buildings destroyed by fire.

NEW YORK.—Georges Carpentier, European heavyweight boxing champion, who returned to the United States last night, has started preparations for the bout with Battling Levinsky at Ebbetsfield, Brooklyn, on Columbus day, October 12.

Following his bout with Levinsky, Carpentier plans to engage in several other bouts before closing for a month for the world's championship with Jack Dempsey, the present champion.

It is likely that Billy Miske of St. Paul, who was knocked out by Dempsey in three rounds at Benton Harbor, Mich., on a short day, will seek a match with the French champion, and Jack

## To the Man who is Interested in Truck Tire Economy

CAREFUL truck owners are figuring their costs pretty closely these days—tire costs along with the others.

It is no longer "clap on a new tire and hang the expense." At least, not with the owners we come in contact with.

Service, wear, traction, cushioning qualities, construction are coming to mean more than they used to, not only to owners but to drivers of motor trucks.

And the more they mean, the more we find truck owners and operators turning to the new United States Grainless Rubber Solid Truck Tire.

The tire that overcomes *splitting* and *base-separation*—that goes on its way day after day, month after month, wearing down *smoothly* and *uniformly* without undue attention and without expense.

Handling United States Solid Truck Tires in this city is in keeping with the progressive policy of our concern.

Something new—something a little in advance of the times—is always coming out of the United States Rubber Company.

Before ordering a new truck, consult us about the kind of tires to specify.

## PEKING BREAKS OFF RELATIONS WITH RUSSIANS

Withdraws Recognition of the Muscovite Legation after Forbidding Privilege of the Cipher Communication

### QUESTION OF PROCEDURE COMPLICATES SITUATION

Chinese Government Desires Minister to Leave of Own Volition, Holding His Office Not Accredited

PEKING, (AP)—Termination of official relations with the Russian legation, announced by the foreign office here today, followed an exchange of communications between the legation and the foreign office after the latter had suspended the former's privilege of sending cipher messages. Prince Koudachoff, the Russian minister, was willing to leave Peking only upon a formal request from the government, holding that he could not take the initiative in leaving in view of the continued recognition of the legation by the foreign office.

The Chinese government desired the Minister to leave of his own volition in view of a peculiar situation here, the legation having no authority over Russian consuls and not being considered to hold the position of a real legation.

### COMISKEY WANTS NO CROOKS WITH HIS BALL OUTFIT

Owner of Sox Would Fire All His Men if Proof of Throwing Games is Furnished

CHICAGO, (AP)—Charles A. Comiskey, owner of the White Sox, issued a statement today declaring that "if any of my players are not honest, I'll find them no matter who they are, and if I can't get honest players to fill their places, I'll close the gates of the park that I've spent a lifetime to build, and in which in the declining years of my life I take the greatest measure of pride and pleasure."

Mr. Comiskey criticized Ben Johnson, president of the American league, and said that "at no time since the playing of the world series did I have any cooperation from Johnson, or any member of the national commission in ferreting out this charge of crookedness."

## CAMPAIGN WARMS UP FOR AMERICAN LEGION HEAD

Several Candidates are Mentioned on Eve of Cleveland Convention

CLEVELAND, O., (AP)—Who is to head the American Legion the coming year is receiving attention in anticipation of the second annual convention of the legion opening in Cleveland September 27.

Among those mentioned here for the office of commander are Milton J. Foreman of Illinois, Kenneth O'Neill of Kentucky, Harold MacNider of Iowa and F. W. Galbraith of Ohio.

Foreman was a colonel and state commander. When he took charge of the Illinois department it was twenty-first in legion membership. Now it is first. Foreman, who is more than 60 years old, served also in the Spanish-American war.

Kentucky is boasting O'Neill for the leadership because of his activity in legion affairs, especially as an organizer and leader.

MacNider is said to have more decorations than any other American with the exception of General Pershing. Nine of them for valor. He is a bank president in Mason City, Iowa, and vice commander of the department of Iowa. Galbraith was a colonel and state commander like Foreman. He was commander of the Ohio department until the Ohio convention at Youngstown elected his successor last month.

Colonel C. C. Chamber of Cleveland, Cleveland executive chairman, predicts that the convention will surpass in numbers any ever held in the country, not excepting the great gatherings of the Grand Army of the Republic.

## Today's Markets

### Grains and Provisions

CHICAGO, (AP)—Heavy selling led to a sharp break in wheat prices today. Part of the selling appeared to be on European account and part was said to be hedging from the southwest. Later, buying for a house with neighbors' connections helped to rally the market somewhat. Opening quotations, which ranged from 1-1/2 to 1-1/4 lower, with December \$2.32 to 2-3/4 3-4 and March \$2.20 to 2-1/4, were followed by a moderate reaction from initial bottom figures.

Talk of general deflation in living costs was a decided bearish factor and the market developed acute weakness near the end of the session. Prices closed heavy, 10 3-4 to 12 1-4 net lower, with December 2-25 to 2-25 1-2 and March \$2.15 to 2-1/4.

Liberal receipts had a bearish effect on corn. After opening 3-8 to 3-4 lower, with December .98 1-4 to .98 7-8, the market suffered additional losses, December and May selling at the lowest prices yet this season.

Subsequently, advances resulted from a let-up in the active commission house selling which has been a bearish influence of late. Fresh declines, however, ensued owing largely to the fine weather. The close was nervous, 1 to 1-1/2 cent net lower, with December .97 3-8 to .97 1-2.

All deliveries of oats fell in sympathy with corn to a new low price level for the 1920 crop, starting unchanged to 5-8 down, with December at 57 1-4 to 57 1-2.

Upturns in the hog market gave firmness to provisions.

## FIND SACK OF SUGAR WITH CACHED SUPPLIES

Sheriff's Forces Uncover what is Believed to be Hiding Place of Loot

Arrest of Richard Marcus, a carpenter, at 345 Fourth avenue west yesterday evening by Deputy Sheriff Robert F. Redman, led to the uncovering of a large stock of carpentering tools and building material. The authorities believe Marcus did not come into possession of the stuff by legitimate means and are investigating their source. Meanwhile Marcus is in the county jail awaiting investigation.

Marcus, Sheriff A. N. Sprague avers, has been under suspicion some time, and is believed to have carried the tools and materials from jobs on which he has been employed. The goods were discovered in a garage at the rear of the Marcus home. This building has been placed under lock and key by the sheriff.

In addition to tools and building materials, which include plumbing supplies, there were found in the garage a sack of sugar and several used floor rugs, together with a quantity of cement, lath and shingles.

## A Grateful Letter.

It is in trying conditions like that related below by Mrs. George L. North of Naples, N. C. that comes the worth of Chamberlain's Cough and Diarrhoea Remedy. "Two years ago last summer," she says, "my little boy had diphtheria. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for the doctor and after he was gone thought of a bottle of Chamberlain's Cough and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived he was out of danger."

## MR. BUSINESS MAN OF TWIN FALLS COUNTY.

Do you know that we intend to prospect the oil and water zones below Twin Falls county? Are you aware that as a business proposition for your own town and country you should finance this deep well?

Your business is loaded with high priced merchandise and you haven't the people here to buy it. Do you know that if oil is found below Twin Falls there will be 30,000 new people come to Twin Falls, 15,000 of which will do not kind of such a place?

Why not gamble a little on the possibilities of the deep well? You believe the oil is there. Let's go get it. Oil has always been found where every one said it could not be found. We know we can get either hot or cold water, perhaps both, either of which is worth \$200,000 to the city of Twin Falls.

Oil wells are the ones which make the big money. Why not help drill a well here 5 miles from town where you can go out and see the big drill working. Why not join with business men here who you know? Let the other fellows in Texas finance their own well.

When are you going to cease being a boob and spend your money at home instead of sending it away at the rate of \$10,000.00 a month to finance oil wells in some other fellow's state?

Do you know that in the last seven years over \$3,000,000 has been taken from the Twin Falls tract to finance outside schemes which did not have the chance to win that a deep well here at Twin Falls can?

Get behind this movement with a few or many dollars and let's put this deep well down.

What's the answer? STEVENS, H. G. & WATER CO. Herbert C. Deane, Pres. Office, Perrine Hotel Bldg. adv.

## TODAY AND TOMORROW MORNING AND EVERY DAY

Read the ads of our local merchants in the local papers. Today, tomorrow and Sunday. Read the ads in the papers arriving in the city from adjacent cities. Then compare the prices. Undoubtedly you will find Twin Falls merchants give you just as good a merchandise (if not better) for the same money (if not for less) than merchants in the larger cities. Every dollar spent at home helps Twin Falls toward a bigger Twin Falls. Every dollar sent away from home helps keep the lid down on the growth of Twin Falls, The Biggest Little City in the world. So do your part. Don't send away for your needs. See with your own eyes what you are going to get. Buying out of town by mail is like buying a rabbit in a sack. BE A TWIN FALLS BOOSTER! If you spend a dollar in Twin Falls you get it back. If you spend it out of town it never comes back.

## FACTS THAT COUNT.

Commendable zeal has prompted a  
Twin Falls man to make independent  
investigation into the record of Sen-  
ator Harding with respect especially to  
the republican presidential nominee's  
attitude toward the prohibition issue.  
The subject was brought up in a  
Methodist Sunday school class. Vary-  
ing views were expressed. One mem-  
ber of the class, at least, was not sat-  
isfied with accepting second-hand ver-  
sions. He determined to take his in-  
quiry direct to one in position to know  
the facts. He addressed his question  
to the pastor of the Episcopal Metho-  
dist Episcopal church at Marion, Ohio.  
Here is the reply he received:

"Mr. Harding is a member of the  
Baptist church here and a trustee of  
the same. His wife is a member  
of our church here. No man could  
make clearer than he did in his  
notification address, his purpose to  
enforce the eighteenth amendment,  
and he voted for that and for the  
Volstead act. That brewery story  
is an old chestnut of 30 years ago.  
Mr. Harding's paper supported us  
openly in the last two state elec-  
tions.  
"Fox is wet—always has been,  
and seems to be proud of it.  
As between the two, no good  
Christian man ought to hesitate  
how to vote.  
—'Truly yours,  
"JESSE SWANK."

It would be a curious critic indeed  
who would attempt to take exception  
to this testimony of a man in position  
to be intimately familiar not only with  
the record of Senator Harding but also  
with the record of the opposing candi-  
date.

Briefly, but conclusively, the Rev.  
Mr. Swank, in this letter has set forth  
the situation in the light in which it  
must appear to anyone who takes the  
trouble to make independent investiga-  
tion.

The records show that Senator Har-  
ding, beyond question, is a "dry" can-  
didate.  
It is not improbable that a complete  
acquaintance with these same records  
prompted the president of the National  
Liquor Dealers of America, and of the  
Federated Liquor Industries of New  
Jersey to undertake assistance in the  
campaign of the democratic candidate  
for the presidency, as he swore this  
week before, the senate investigating  
committee, that he did.

susceptible to colds and a succession  
of colds and a succession of colds causes  
chronic catarrh a loathsome disease  
with which it is estimated that 95 per  
cent of our adult population are af-  
flicted. If you would avoid chronic ca-

## SPORTS

(Continued from Page Three)

other heavyweights in the country outside of Dempsey.

If arrangements satisfactory to Carpenter can be made, it is likely that the world's championship match will take place in this country.

## Brief Bits of Sport

It is about a fortnight since the St. Paul club was informed there was no chance in the wide world for the Saints to lose the flag, but Miquo Kelley's men go complacently on winning day after day.

The Saints have a player named Bruno Haas who the other day tripped to bat five times and whammed out five blows of a healthy order. Three of them were doubles.

Last Spring the Cleveland club gave Fred Coubie and \$10,000 in cash to the St. Paul club for Dick Nichols.

Dick could not make the major league and is now back with a minor league at Sacramento as part payment for Walter Mulla, while Coubie, after a great year with the Saints, has been sold for a goodly sum to the Redjacks and is making good in the majors again.

## Can you beat it?

Anyhow those stories about Dickie Kerr having a stomach full of nerve appear to have some grounds. The doughy little twirler durand near had his fin broken off yesterday with a line drive, but he stuck manfully to his guns.

Gabe Ruth received \$500, at the rate of \$25 a night, for appearing at a baseball report last Friday and Saturday. His duties consisted of sitting at a prominent table for one hour and making one speech.

Here is what the bambino said: "I haven't much to say and I hardly know how to say it, but I hope you all have a hell of a good time."

Rube Marquard, who a month ago was divorced from Blossom Seeley, an actress, announces he is ready for another plunge into the matrimonial sea.

Well, that's his own lookout, ain't it?

Now what will Champion William Harrison Dempsey do? Looks as though he would just have to play tag with some of these second class birds and let one or two stay the limit.

Comes now W. G. Rumlair, fired outfielder of the Salt Lake Bees, with a plant, and says he will sue the Pacific Coast league for damages.

The premier batter of the Coast league last year, who was suspended for a period of five years for alleged

complicity in a game-throwing scandal, says he has been damaged to the extent of \$50,000.

After a lot of wrangling Cap Bob Roper and Tony Melchior have been matched to fight in Kanosh on the night of October 5. The heavyweights will go on for a 12-round battle. The men are Chicago products and "hated rivals."

Judging from appearances the Chicago grand jury investigation of base ball gambling charges and charges involving players in alleged throwing of games, might produce some real goods.

Hal Chase declares his character is white as the driven snow, but he does seem to get mixed up in a lot of scandals, doesn't he?

The Detroit Tigers have picked up a pitcher named "Fried."

Make your own where on that.

## GRAND CIRCUIT RACES

COLUMBUS, O., (P)—While the failure of the free-for-all race to fill left but four class races on the Grand Circuit program yesterday the competition was keen and favorites were beaten on in two of the four events. Just David won the first two heats of the 2:18 trot and in his middle mile trotted in 2:05 1-4.

Calico Buck selling for \$75 in tickets calling for \$700 went over a straight heat winner in the 2:06 pace. J. W. S. was the heavily played favorite. Jay Brook paced two of his three heats in 2:03 1-4.

The biggest surprise was in the first division of the 2:18 trot. Might, selling in the field for \$10 in \$140 tickets finished ninth in the first heat and then won the second and third handily. Best time 2:05 1-4. The 2:07 trot was a battle between Dr. Nick and the favorite, Millie Irwin, the latter winning. Best time 2:05 1-4.

## MUST HAVE BEEN BOUGH

LOS ANGELES, Cal., (P)—Ted Thye, claimant of the middleweight wrestling championship, was given a decision to night over Sam Clapham, claimant of the light heavyweight championship of England, at the conclusion of the first fall which Thye won in an hour, 22 minutes and 43 seconds. Clapham was unable to continue the match as his left shoulder was dislocated and the ligaments torn.

## LOT OF WEALTH

CHICAGO, (P)—An offer of a purse of \$150,000 for a bout between Champion Jack Dempsey and Bill Brennan at Benton Harbor, Mich., in October, was wired to Jack Kearns, manager of the title holder, in New York last night by Floyd Fitzsimmons.

Poison gas has had the effect of making the battlefields of France especially fertile.

# WILL DISCUSS LINE BUILDING

Meeting Called for Tonight—  
Railroad Brings Inestimable Benefit, Wilson Says

No estimate can be placed upon the amount of benefit Twin Falls city alone will derive from the building and operating of a line of railroad providing this district a southern outlet. The benefit cannot be either estimated or determined in dollars and cents because it is of such a stupendous nature. The thing to do is for every body in the town and district to get behind the movement with financial support to their limit and then reap the reward.

Thus spoke Asher B. Wilson, president of the Twin Falls Chamber of Commerce today to a group of business men assembled casually to discuss the proposal of the Idaho Central Railroad company to construct a line south from Rogerson to Wells. Mr. Wilson answered a question urged by one of the small group for some definite information concerning the probable benefit this city would derive from the line.

Cannot Guess Value. There is no guessing the value of the rail outlet to this section, but on the face of facts and figures supplied at three joint meetings of business men of Wells, Contact and Twin Falls with utility boards of Nevada and Idaho in the past week there seems no reason for conviction that Twin Falls will not be tremendously benefited, not only after the line is provided to get Twin Falls district products to a close market, and to bring southern produce early into this section, but even during the period of construction. This place, being headquarters of the railroad company, must necessarily profit largely through the passage of construction material, maintenance of engineering and executive offices and in bringing vast numbers of workers to this place to trade.

Want \$200,000. The sum of \$200,000 is asked in pledges from this city and community toward the \$500,000 bonus to be paid the company upon completion of the road, and its inaugural operation of trains. The rest of the fund is to be supplied by the remaining communities interested in the building of the road, Bluff, Piler, Kimberly, Rogerson, Contact and Wells, and even more remote places.

Thus far, in a desultory sort of a drive, conducted under conditions that warranted little enthusiasm in the project, 42 business men of Twin Falls have subscribed an average of \$400 each. This makes the nucleus of the bonus a little more than \$25,000, which is not a drop in a bucket toward getting the full amount of \$200,000. Contact, a village of small population, is said to have set a pace for all, it being related that every earner in the place has subscribed to the fund, the town in general pledging nearly \$25,000. Wells, equally enthusiastic, has done equally ardently, and all communities on the south are expected to make proportionately ardent returns on the bonus drive.

Bull Enthusiastic. From Bluff, a place some miles removed from the line of road proposed, come reports of intense interest in the project. Jess O. Eastman, president of the Bull Chamber of Commerce, having stated that his town would give the

road bonus earnest, financial and moral support. Tonight a mass meeting of Twin Falls people will be held in the Masonic club hall, on the third floor over Booth's store in the McCormick building, for the purpose of "getting down to cases" on the question of railroad building and how it is to be accomplished. This meeting is preliminary to a campaign of a most intensive nature to be inaugurated next Monday morning to garner pledges for the entire outstanding \$775,000 of Twin Falls' allotment to the \$500,000 bonus fund.

At tonight's assembly a number of persons competent to speak will address the gathering on all points involved in the issue, and will explain the plan of procedure so that when the campaign is started every man and woman in Twin Falls will have a complete understanding of the terms of the scheme and no time will be lost repeating the old tale. It is proposed to make the operative detail so plain that ignorance of these terms need not be accepted as an excuse for a further out line of the policy.

Get the Idea. It is considered the duty of every person to voluntarily get acquainted with all the details and purposes of this drive and to study to "come through" to the extent of their ability when called upon next Monday. The meeting called for tonight is a business affair and not social. It has a definite purpose to bring out every person now interested or who can be interested in the welfare of the community through the building of the proposed rail line south and west to the coast.

The place of meeting is third floor of the McCormick building, or Booth Mercantile company store building, on South Main avenue. Time is 8 o'clock. Chairman, Asher B. Wilson. The place must not be confused with the Masonic temple, corner of Second street west and Second avenue. That is not the place.

## LANDLORD PAYS LOSS CLAIMED BY LODGERS

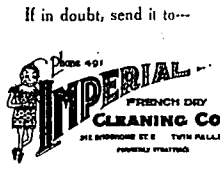

Boomers at Spanish Place Tell of Night Robbery—Sheriff Gets Restitution

Two Mexicans appeared at the office of the county sheriff early today with the complaint that they had been robbed while occupying a room at the Spanish lodging house, corner of Second avenue and Third street south. The men said they had lost money amounting to \$50, a gold watch and gold ring. Although the jewelry was not recovered the proprietor paid the claimed loss up to its full value, \$90.

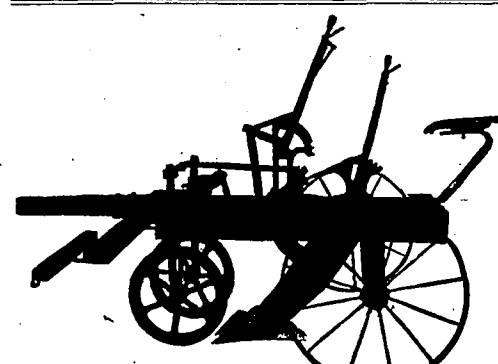

While at the rooming house the sheriff and his forces took possession of a key said to contain rider with a kick. The operators will probably be prosecuted under the terms of the "dry" law.
