POLES AT GRIPS WITH LITHUANIA IN FINISH FIGHT

Both Sides Sustain Heavy Losses in Heavy Day and Night Battle Ten Miles South of Vilna

ARMISTICE FORGOTTEN IN STRUGGLE WITH REDS

Warsaw War Office Statement Announces Further Advances in North; Bolsheviki Declare Offensive Renewed

RIGA, (AP)—The Lithuanians and Poles engaged in a heavy battle lasting all of yesterday and last night, 16 versts (10 1/2 miles) south of Vilna, the Lithuanian capital, with heavy losses to both sides, says a Polish official statement dated at Vilna today. "The fight will be to a finish," the statement adds.

POLES ANNOUNCE FURTHER ADVANCE ON NORTH FRONT

WARSAW, (AP)—Last night's statement from the Polish war office announces a further advance by the Polish forces in the north. It makes no mention of an armistice with the Bolsheviki. The statement reports the capture by the Poles of Oshany and the railway station of Soly, cutting the communication between Vilna and Mordochow, northwest of Minsk.

SOVIET MILITARY OFFICIALS CLAIM NEW OFFENSIVE BEGUN

LONDON, (AP)—Bolshevik reports at Riga indicate a new offensive against the Poles by the Bolsheviki, says the Daily Mail's correspondent in that city. The Soviet military officials claim to have retaken Minsk and to be advancing on the Galician front. George Tchitcherine, Bolshevik minister of foreign affairs, has telegraphed the Russian peace delegation that Soviet armies in South Russia are taking steps to break through General Bunin Wrangel, the correspondent says.

DELEGATES RENEW ATTEMPTS TO AGREE ON ARMISTICE

RIGA, (AP)—Delegates of Poland and Soviet Russia who held a long session last night in an effort to reach an agreement for an armistice resumed their attempts today. Several points remain to be settled before it is possible for an armistice agreement to be signed. The Poles insist that there must be an interval of six days after signature before the armistice becomes effective. They declare it will be impossible to reach this point because of the numerous organizations along the front which are not under the Bolsheviki control but for days of delay.

DEMOCRATS SAY HARDING STAND ALIENATES VOTES

Bourbon Headquarters Makes Public Statement of California Woman

NEW YORK, (AP)—Democratic national headquarters today made public a telegram sent Senator Harding by Mrs. Fay Lyman Wilbur, of the executive committee of the California women's league for the new treaty. Forming the republican presidential nominee that his rejection of the league of nations in his speech last Thursday at Des Moines alienated the support of 20,000 women of California.

IT'S ALL BEEN SAID—NOW WHAT ARE WE GOING TO DO ABOUT IT?

PROBABLY nothing further that can be said at this time will serve to influence anyone who is not already committed to the proposition that a new railroad outlet to the south constitutes the biggest and greatest single forward step yet rendered possible in the matter of the continued development of the Twin Falls County.

The arguments are nearly all in—the case is in the hands of the jury—the people of the Twin Falls County have the say as to whether or not they want the road.

IF THE PROPOSITION IS ENDORSED, THE AMOUNT OF THE REQUIRED BONUS RAISED, IT DOES NOT FOLLOW EVEN THEN THAT A NEW RAILROAD IS AN ASSURED THING—BUT UNLESS THE NECESSARY MONEY IS RAISED IT MAY BE ACCEPTED AS FULLY ASSURED THAT THE PRESENT EFFORT WILL COME TO NAUGHT.

If we raise the money and then do not get the railroad we get our money back. If the railroad is actually built it will be worth the amount of the bonus many times over to each and every one of us.

THE HISTORY OF THE DEVELOPMENT OF EVERY CITY IN AMERICA PROVES THE INCONTROVERTIBLE TRUTH OF THIS.

RUBE MARQUARD UNDER ARREST; SCALPING CLAIM

Star Lethander of Superbas Offers \$52.80 Tickets For Sale at \$350

CLEVELAND, O., (AP)—Richard "Rube" Marquard, one of the star left-handed pitchers of the Brooklyn National League pennant winners, was arrested here today on a charge of ticket "scalping." Marquard was arrested in the lobby of a downtown hotel on a warrant issued by Assistant Prosecutor Edward C. Stanton. He was charged with offering for sale eight world series box seats, the original cost of which was \$52.80, for \$350. He was released on \$2500 bond to appear before Municipal Judge Gilbert Monday to answer to the charge of ticket "scalping." Two other arrests were made. Fred Hoopes of Somerset, O., was arrested at the ball park trying to sell a \$3 ticket to John K. O'Farrell of St. Lake City for \$14.50.

PEASANT REVOLT AGAINST SOVIET GAINING GROUND

Insurrection Originating in District Northwest of Moscow Embraces Masses and is Spreading Widely

WARSAW, (AP)—A new insurrection against the Russian soviet government, has broken out in the district of Nizhni-Novgorod, 265 miles northeast of Moscow, according to information reaching this city. The insurrection, which was inaugurated by the social revolutionary party, embraces great masses of peasants, and is reported to be spreading in all directions. The insurgents, the advices state, have proclaimed a new government, the members of which are Martov, Petrovski and Gornov, and Nils, Maria Spiridonova, the latter a noted woman revolutionary leader, for years active in the movement against the imperial regime. The insurgents are declared to be acting independently of any other counter-revolutionary movement.

STOCKHOLM, (AP)—Anti-soviet peasants, led by "White" officers, have occupied Tomsk, Siberia, and killed several Red commissaries, according to the Petrograd Izvestia, as quoted in a Helsingfors dispatch to the Tidningen.

MEDINA DENIES FINDING TREATY AGAINST MEXICO

Government Official Under Carranza Resorts to Rumor as Basis of His Allegations

MEXICO CITY, (AP)—Statements that there had been discovered in the archives of the Mexican foreign office a copy of a secret treaty between the United States, France and Great Britain against Mexico, which have been attributed by newspapers here to Hilarion Medina, were denied by him last night. Senator Medina, who was under secretary of the foreign office during former President Carranza's administration, declared he had never signed any such document during his visit to the United States and Europe early this year that such a treaty existed. Rumors, which are so far impossible of confirmation, state that the only document such as Senator Medina described was a forged copy of an alleged treaty with which the German government desecrated Carranza during the war.

PETROLEUM IS FOUND IN ANOTHER MEXICAN STATE

Authentic Reports Reach Capital of Discovery of New Oil Fields in Oaxaca

MEXICO CITY, (AP)—Petroleum has been discovered in the state of Oaxaca, according to advices received here. Prospects have been found, recently in all parts of the republic and there have been rumors relative to the finding of new oil fields, but this is the first authentic report that has been received of a producing well. The oil was found upon a concession held by the Oaxaca petroleum company, limited, a British concern which holds about 200,000 acres in the state of Oaxaca. This territory has a 35-mile frontage on the Pacific ocean and on the advantage of two natural ports, Puerto Angel and Santa Cruz.

RAINFALL BOMBS WRECK PART OF CORK CITY HALL

Early Morning Attack on Municipal Building Does Much Damage but No Casualties Result so Far as Known

CORK, Ireland, (AP)—Part of the city hall here was destroyed by bombs at about 1 o'clock this morning. Six explosions were heard, the heaviest being by considerable rifle fire. So far as known, there were no casualties.

Water Department Burned The damage was chiefly confined to the rooms in the west end of the building. One of these, which was used by the water department, was burned by the falling of the ceiling and the department's books and records for fifty years were destroyed.

The adjoining rooms, occupied by the department of public health, were damaged by exploding, the theory being that bombs were thrown into them through the windows.

Metallic Missiles Found Large pieces of cast iron, lead shell casings and bits of metal similar to shrapnel were found in the debris. Many fragments of the building were pierced by bullets.

JAPAN WILL REINFORCE KOREAN BORDER FORCES

Promises Notification to China and Other Powers of Reasons for Step

TOKIO, (AP)—Decision to reinforce Japanese contingents on the Chinese side of the Korean frontier was reached during a meeting of the cabinet on Tuesday. One battalion will be sent from Korea, and more will go if it is deemed necessary, while the depleted Korean garrison will be filled up with troops returning from Siberia. Japan will notify China and other foreign powers of the reasons for the step she is taking, it is announced.

Partly Japanese soldiers who have been surrounded by bandits near Hanchun, a Manchurian town near the Korean frontier, have repulsed the enemy with heavy losses, say advices from Seoul. Hanchun lies in ruins and the people have fled. On the morning of October 6, Japanese troops encountered 100 Koreans on the Manchurian side of the frontier and in the ensuing clash fifty Koreans were killed and fourteen Japanese were wounded.

Territory invaded by bandits near Hanchun is now under the control of Japanese forces, according to a statement issued by the Japanese foreign office.

KANSAS CROWDS CHEER HARDING DECLARATIONS

Republican Presidential Nominee at Wichita Reiterates Stand on Issues and Espouses "Self-Reliant" Nation

WICHITA, Kan., (AP)—A nation "self-reliant", agriculturally, industrially and politically was espoused by Senator Harding today in a morning address in the Wichita Forum. Many of the students of the state agricultural college were in the audience, and the republican nominee outlined at length his policies for the protection of the American farmer. He stated his position on the league of nations and repeated that he opposed going into the Versailles covenant or any other international agreement involving obligations like those of articles 10 and 16.

The crowd cheered him repeatedly as he praised the American farmer and struck at the democratic administration and the Versailles league. When George Hamilton, president of the Wichita chamber of commerce, opened the meeting with a short speech showing the international wheat show in session here, the audience several times interrupted him with a demand for "Harding."

The Forum was packed for the speech, and other crowds cheered the senator as he rode through the downtown section on his way from the train to the evening dinner at the Hotel. Mr. Harding paid a visit of inspection to the wheat show in company with Governor Allen and Senator Arthur Capper.

COX RENEWS ASSAULTS UPON HARDING'S STAND

Democratic Candidate Says Opponent Invites Reproach of Nation

BLOOMINGTON, Ind., (AP)—Attack upon the Des Moines speech of Senator Harding, republican presidential candidate, was renewed today by Governor Cox of Ohio, his democratic opponent, in a second visit of the governor to Indiana.

Following up his criticism of Senator Harding's open stand against the league of nations, Governor Cox denied the senate's statement that President Wilson had insisted upon ratification "without the crossing of a 'T' or the dotting of an 'i'", and declared that Senator Harding should apologize for misleading the public. "In making such a statement," said Governor Cox, "Mr. Harding is inviting the reproach of the nation. Our people are so aware of the revelation of the plot to elect the dead of the league that they are in no temper to have the truth trifled with.

"In charity of judgment, I want to give the nation the benefit of the doubt, by assuming that in this matter he simply does not know what he is talking about." Governor Cox added that there were no more than 100 members of the league between President Wilson and senators regarding league amendments and that although Senator Harding "lodged 1,163 roll calls" he was present to vote against the Hitebeck reservations.

FEDERAL AGENTS EXTEND PURSUIT AFTER RADICALS

Arrests in Several Cities to Follow Disclosures Made in Chicago

CHICAGO, (AP)—Arrest of men said to have been connected with the alleged plot to overthrow the government disclosed by seizure of two radical leaders Wednesday night, has been acknowledged by federal agents in nearly a dozen cities. Agents in Los Angeles, Denver, St. Paul, Kansas City, New York and other places are expected to make arrests, it was said today. Federal agents were sent yesterday in search of certain men in Illinois and Indiana.

LEAGUE PARK, Cleveland, O., (AP) The Cleveland Indians romped with the fourth game of the world's series in easy fashion, trampling over the prostrate forms of the Brooklyn Nationals by a score of 5 to 1. Coveleskie's potent pitching stopped the Brooklyn cold. Brooklyn used four pitchers to stop the eruption of hits from the Indians bats. The attached official box score shows how the Indians massacred the Dodgers.

HARDING FIXES RESPONSIBILITY FOR U. S. WOES

Declares Usurpation of Power Causes Nation's Chief Trouble; Pledges End of "One-Man Rule"

ST. JOSEPH, Mo., (AP)—Pleading for a return of popular, representative government, and repeating his appeal that the nation stay out of the Versailles league of nations, Senator Harding declared in a speech Friday that usurpation of power had caused the nation's chief trouble at home and abroad.

The nominee's thrusts at the Wilson administration were received with respectful applause.

He noted the large number of women in the crowd and expressed his thankfulness that women now had a voice in the government. Only one thing could ever make him regret the coming of women to the suffrage, he said, and that was for women to segregate themselves into a party of their own.

Asks for G. O. P. Senate.

The nominee promised that with the return of the republican party to power there would be an end to "one man domination" and added that he hoped the people would elect a republican senate as well as a republican congress.

"The trouble with America today," said Senator Harding, "is that the administrative part of the government has been thinking too much of the affairs of the old world to the neglect of affairs at home. We've been wanting our attention on a dream of world domination with which the United States has no business."

When he first mentioned the league of nations, some one in the crowd yelled "League of Nations," and the senator laughingly replied:

"I accepted the amendment."

He added that he wanted to be fair and that he did not oppose President Wilson's trip to Europe but only objected "because he did not take anyone with him."

In Senator's Boast.

"There used to be considerable criticism of the senate," he said. "It used to be called a rich man's club. But I know that today it is representative of the intelligent thought of the country."

Stating his position on the league, the nominee began by saying that "the democratic nation is in favor of accepting the Paris covenant for a league of nations, and says he is."

"I don't say, and I don't," the crowd again rose to its feet and cheered.

"I mean by that, that I as president will never submit a league of any kind to the nation, and with anything like article X in it," he said.

"Under that article which in the league calls America must respond or be guilty of gross international dishonesty and I don't want a dishonest America. So I'm proposing that we make sure before we go in rather than trying to sneak out afterward."

POLITICS BEFORE MEALS IS UKASE GIVEN WOMEN

California Democratic Committee Moves to Change Meeting House for Housewives' Convenience

SACRAMENTO, Cal., (AP)—Plans of a woman member of the California democratic central committee that the committee's regular hour of meeting be changed so the women members could get home in time to cook dinner were not granted by the democratic state convention recently.

The woman, a delegate from Contra Costa county, said the meeting hour, 2:30 p. m., meant a late dinner for her mother. Some of the male delegates thought one o'clock might be better but the chairman's order, accompanied with a bang of the gavel, that 2:30 would remain as the meeting hour, went throughout without objection.

Dayton Metal Products Company President Testifies Regarding Payment of Note for Governor's Campaign

DAYTON, O., (AP)—That the Dayton Metal Products company paid the \$5000 note which Governor Cox, democratic presidential candidate gave to the City National bank of Dayton, was testified to by H. E. Talbot, president of the company, at the senate subcommittee hearing Friday.

Mr. Talbot explained in detail why the company paid the note, asserting that through an effort of many Dayton citizens to elect suitable members of the Dayton city commission, conferences between democrats and republicans were held in an effort to agree upon candidates, resulting in the campaign being delayed. He said that after the election Governor Cox met him and told him that as a result of the delay in starting the campaign, the democratic organization had been unable to raise sufficient funds and that he (Governor Cox) had discounted his personal note for \$5000 to get money, and that he thought the committee which sought to bring about an agreement on candidates should pay the note. Mr. Talbot explained, however, that the conference between the democrats and republicans brought no results and that the two parties supported their own candidates.

Though the note was paid by the Dayton Metal Products company, Mr. Talbot said he did not consider it a contribution by the corporation but a personal one by himself.

The investigation was completed at a short session this afternoon. Ac-

countant Marvin Sudder testified that Clarence Kiefer, vice president of the City National bank, had told him "I paid the money to Governor Cox and he put it in a bag and took it away with him." Kiefer, during the morning session, testified that he paid the money for the \$5000 Governor Cox note to Clarence S. Greer.

The committee will continue hearing in St. Louis, Mo., October 18

Montana Observes Comfortable Conditions on Wheels Crossing State on Way to Coast

HELENA, (AP)—Bungalows built on automobiles have been crossing Montana this summer carrying tourists to the Pacific coast. One house on wheels, which recently crossed the state, carried T. E. Hurley, Chicago real estate man, and his wife and daughter. Hurley was on his way to California with a letter from the mayor of Chicago to the mayor of San Francisco.

Residents who inspected Hurley's automobile said the little house contained all the necessary furniture, including a stove, and boasted of a phonograph and electric lights. Hurley said he made good time on the roads as his outfit was not heavy.

French Aviator de Bomanot Flies at the Rates of 181.95 Miles an Hour

B' C. Franer, (AP)—Captain de Bomanot, the noted French aviator, established a new world's airplane speed record at the aviation meet here today. He flew a kilometer in 12.5 seconds, which is at the rate of 239.82 kilometers or about 181.95 miles an hour.

Sadi Lecoq, winner of the recent James Gordon-Bennett cup race, was second to De Bomanot in the competition, flying a kilometer in 12.5 seconds.

Both these flyers beat the record of Jenn Canale, which was at the rate of 234 kilometres an hour.

President Sets Aside Armistice Sunday for Commemoration of Heroes

WASHINGTON, D. C., (AP)—President Wilson Friday directed that on Sunday, November 14, the American flag be displayed at half mast on all public buildings and naval and military posts "as a token of the nation's participation in the memorial services held for the heroic American soldiers, sailors, marines and others who gave their lives to their country in the world war."

In connection with the order, the president authorized this statement: "There has been transmitted to me a suggestion that I name Sunday, November 14, as Armistice Sunday in order that the religious services held throughout the country on that day may be given an especial note of remembrance for the heroic services and sacrifices of those who died for America in the world war."

"The selection of a normal day which shall annually be set aside to commemorate our participation in the world war will some day doubtless be effected through legislation and already Memorial day, rich in heroic memories, has acquired additional significance as being appropriate also to the commemoration of the heroes of the world war. I am, however, so heartily in favor of the suggestion that has been made that I take this occasion to express publicly my approval of the idea."

November 11, 1918, will always be memorable as the beginning of the end of the most terrible and destructive of all war. Our beloved country took a noble part in hastening the arrival of the day hailed by the whole world as the dawn of peace—but close upon the day of victory followed realization of loss, and the anniversary will bring with it solemn thoughts to the minds of every American, memories of brave men who fell, sympathy for their living relatives, and those religious reflections in which nations, like individuals, must seek hope and consolation. That November 14, this year being the Sunday immediately following the anniversary should be observed in all our churches by suitable memorial services for the heroic American soldiers, sailors and marines, who gave their lives to their country in the world war, seems to me eminently fitting and proper, and I commend the suggestion to those who conduct such services.

"I shall direct that the flag of the United States at all military posts, naval stations, on vessels and on buildings of the United States be displayed at half mast on that day as a token of the nation's participation in the exercises elsewhere held."

PROMOTERS OF BOXING STAND ACCUSED WITH FIGHTERS OF PLAYING CROOKED BUSINESS

Coast Fans Tire of Being-Made the Goat for Whimsical Methods of Men Behind the Mitt Game—Substitute Mediocre Talent for Stars of the Ring and Permit Use of Fraudulent Names

By FRANKLIN B. MOHSE

The recent uproar made by both the public and the sports writers of San Francisco against the continual practice of boxing promoters in substituting, at the eleventh hour, second rate men for the principals advertised as going to compete, calls attention to the fact that followers of the ring constantly are being imposed upon and getting the worst of it from the men who stage these events.

There is no reason in the world why both the promoter and the public should not be protected against the evil of substitution. It is a simple matter to make every man who signs a contract to engage in a contest pay a forfeit for his appearance. This should be made substantial amount so that its loss would really be felt.

Not only the boxer, but the promoter should be punished in the event of substitution. In order to prevent this recurring with his boxers. In the event of an eight bout card being offered and no substitution made, it would be easy to declare one-fifth of the gross receipts to be turned over to the state boxing commission, or to some charity. The substitution of two men would enact a penalty one-fourth of the gross receipts, and so on.

Faked fights are another imposition to which the fight fan is unnecessarily subjected. Both the promoters and the boxers should be made to pay the penalty along similar lines. The promoter may be quite innocent in the matter of a faked fight, but it is no unusual thing for the innocent to suffer with the guilty, and the honest promoter is simply suffering the consequences of the deeds of his less conscientious contemporary.

The main thing is to protect the public. If boxers are paid for appearing strictly fair, there is need for them to suffer, but as it is now the public is the only side that gets the worst of it every time.

PHOENIX, Ariz., (AP)—Ed. (Strangler) Lewis, world's heavy-weight wrestling champion, defeated Nick Davison, Pacific coast heavy-weight in straight falls here last night. Both falls came as the result of head locks, the first in six hours, and the second in three and one-half minutes.

EASTERN GRID ELEVENS TODAY END TRY-OUTS

Last of Season's Practice Matches are Being Played This Afternoon

NEW YORK, (AP)—The major eastern football elevens try out today for the last time this fall. Next week they will plunge into their real strength testing schedules, from which they will emerge in November, trained for the annual classics of the gridiron.

INTERSECTIONAL interest was focused on today's playing of Harvard, Yale and Princeton, each pitted against teams of more or less certain caliber. Yale's Palparino university, an unknown quantity in eastern football, came from Indiana to struggle with the Crimson. University of North Carolina, which had New Haven to match skill with Yale and Maryland came out of the south to test Princeton's strength.

BRUINS AGAIN VICTORIOUS IN PRACTICE GAME

Jerome Eleven Proves Easy Game for Clint Evans's South Side Epsulas

In the second game of the season yesterday at Jerome the Bruins tramped on the Northstars by a 6-0 score. The total was not larger was accounted for by the fact that the game was played on a field which was very soft and had no marks so that the game was rather slow and the heels were penalized a good many times mostly for offside. Jerome, however, has a much scrappier bunch than Filbert sent up and the large score represents a wonderful improvement in Coach Evans men since last time.

Newman, Hertz and Fix were the stars of the game, making many excellent runs. The whole team, however, showed a marked improvement over the preceding game as they had nobody to support them this time. The lineup right end, Egler, Shepley, right tackle, Bailey, Nicholson; right guard, Irwin; center, Deane; left guard, Putzier; left tackle, McAttee, Stearns; left end, Taylor, King; fullback, Newman, Ackerly; left half, Fix; right half, Hertz; fullback, Phillips.

Five Clubs Have Chance to Take Coast Ball Flag

Vernon Has Three and Half Games Led with Angels Coming Fast

SAN FRANCISCO, (AP)—With but nine games remaining on the schedule of each, five teams in the Pacific coast baseball league have a mathematical chance of winning the pennant. Including yesterday's games, the Vancouver Tigers led the field with an advantage of three and one-half games over Los Angeles which defeated Seattle and ousted the Swishes from second place. The latter team held an advantage of but 501 in the Percentage column over San Francisco while Salt Lake by defeating Vernon moved up to within eight and one games of the league leaders.

TOUGH GRINDS MARK VARSITY CONDITIONING

Coach Kelly Puts His Moscow Squad Through Rough Scrimmages

UNIVERSITY OF IDAHO, Moscow, (Special) Strenuous practice scrimmages are the means being employed by Coach Thomas, Kelly of the University of Idaho football team to hammer his men into condition for their opening game of the 1920 season, an 87 fray with Washington State college to be played in Moscow October 15.

Particular stress is being placed on the development of the Idaho line. Coach Kelly believes that his guards and tackles must be able to play a hard, smashing game if the Silver and Gold eleven is to make a creditable showing against Coach Welch's veteran Washington State aggregation. Reports from Pullman are thought to indicate that the W. S. C. eleven will be stronger this season than it was in 1919, with only a succession of injuries and unfortunate luck breaks robbed the Cougars of the Pacific coast championship. Welch has 12 letter men fighting for positions on his team in addition to several dummies in the rough quarrel from the 1919 Pullman freshman team.

Elaborate preparations are being made for entertaining the large crowd expected to overflow McClain field on the afternoon of October 15. Pullman, according to long established custom, will attend en masse, and Lewiston, Trust, Porey, Orofino, Palouse, Grangeville and other towns in this section are expected to send substantial delegations. Under present arrangements the afternoon's curtain raiser a game between the university freshmen and the fast Lewiston high school team will be started at 1:30. The varsity teams will open hostilities promptly at three o'clock.

British Fighter Given Decision Over New Yorker

NEW YORK, (AP)—Tommy Noble, of England, won a judge's decision over Jimmy Murray of New York, in a 15 round bout at Madison Square Garden last night. Noble outboxed his opponent throughout. The winner's weight was announced at 125 3/4 pounds and Murray's 125 1/4. Noble's man scored a knockdown. The Englishman appeared superior at long range fighting while Murray showed to better advantage at infighting. In the final round Noble appeared weakened from his exertions and barely able to last out the round although he fought to the gong. "Panama" Joe Gans received the judge's decision over George Robinson of Boston in the 12 round bout. The more colorful light middleweights, Danny Frush of Baltimore, 125 1/2 pounds, defeated Arlie O'Leary of New York, 127 1/2, in a ten round go.

GRAND CIRCUIT RACES

LEXINGTON, Ky., (AP)—In winning the Board of Commere, which featured the Grand Circuit program yesterday, Louis Gratian, driven by Victor Fleming, paced two miles in 2:40 flat, each mile being faster than has previously been paced in recent years and tying Prince Leece's record made the previous day as the fastest pace of the year for the circuit. He was his seventh victory in the grand circuit. Best time: 2:40 1/2. Edman had a good day for he landed Jay Hawk first home in the 2:35 pace in 2:42 1/2, 2:40 1/4, 2:40 1/2, losing the first heat to J. W. R. in 2:43 3/4. Miriam Guy won the two remaining heats in the 2:11 trot, postponed from Thursday, trotting the last heat in 2:06 1/4.

Brief Bits of Sport

The News will post world series bulletins Sunday.

This service during the week has proved most popular with the home fans, who for a couple of hours each day while games were on in Brooklyn and Cleveland, have made their stamping place in front of the News office.

Cleveland fans are still confident of success. This Speaker says so. Willert Robinson, leader of the Superiors, says his team will walk off with the gonfalon, just like that.

A little more than a year ago certain baseball sapientists proposed the selection of Williams Howard Taft as head of the national baseball commission because it was judged by these wise men of the game that the time had arrived when a judicial head for baseball was necessary.

Associates of these sapientists phoophoned the proposal saying "We are amply capable of governing the game."

Looks like it, doesn't it?

A crowd of the Giants left the other day for Cuba, where they will play a series of autumn and early winter games with Cuban clubs. Babe Ruth went along to drag down a guarantee of \$1000 per game.

Joe Mulvill, a boxing promoter of New York, known as the "Dabblers Hatter," is running for congress on the democratic ticket.

What baseball needs right now is a commanding officer who will command.

After many weary and heart-rending days, the Salt Lake Bees yesterday won a ball game.

HOLDS CHAMP TO DRAW

TOLLEDO, (AP)—Jack Britton, welter-weight champion boxer, was held to a draw by Jack Pery of Pittsburgh in a 12 round bout here last night, according to the majority newspaper opinion. The bout was fast.

HOOVER ARGUES BOURBONS LOSE RIGHT TO RULE

Former Food Administrator, Entering Campaign for Re- publicans, Says Party Re- sponsibility is Major Issue

INDIANAPOLIS, Ind., (P)—Herbert Hoover, entering the presidential campaign in behalf of the Harding-Coolidge ticket with an address today before the Columbia club of Indianapolis, declared that the major issue was party responsibility, not expressed at length in his views on the league of nations.

G. O. P. Stands for Peace.
"Inasmuch as forty nations, comprising three quarters of the people of the globe, have embraced the 'league of nations' as a term expressing certain ideas, I prefer that term but I care little for terminology," said Mr. Hoover.

The essential thing is that the republican party should stand for the platform, by the actions of its majority, by repeated statements of Senator Harding, that we undertake the fundamental mission to put into living being the principle of organized association of nations for the preservation of peace. The carrying out of that promise is the test of the entire sincerity and statesmanship of the republican party.

Objects to Methods.
"The republican party has indeed pledged itself against the unmodified covenant and those who support the party are indeed voting against some of the methods of the covenant in putting this great principle into action. But this position of the party is as far as daylight from dark from the attitude of those who speak in favor of no association for these purposes."

"The issue of this principle of properly organized action of nations to prevent war will not be down. It will be the critical issue of the campaign in all nations until it succeeds in finally overthrowing militarism as a basis of world relations."

Responsibility Major Issue.
The major issue "today and for the future of our country," Mr. Hoover said, "is party responsibility."
"As ours is a government that must be based on parties," he said, "it is fundamental that when a party fails in its leadership, or fails to carry out its promises, it must accept the penalties of that failure; it should be retired that its leadership may be reformed."

Record of Failure.
"I believe that since the armistice the present administration has failed by all the tests that we can apply. No man would be so narrow as to condemn the patriotism of one-half of his countrymen."

"But if we are to maintain and sustain party government, if we are to build through this our only means of expression of the will of the majority, any party that fails as a party should not be re-elected."

Mr. Hoover reviewed the support given by the republican party to winning the war.
"But with victory accomplished, the leaders of the democratic party, disregarding this co-operation, decided to ignore one-half of the people of the United States and to make peace alone. Here, I believe, lies the beginning of its failure in statesmanship."

"To have obstinately held up the peace of the world for eighteen months; to have rejected the opportunity of amicable adjustment of differences as to methods; to have provoked the issue into the presidential election, as the greatest failure of American statesmanship since the civil war."

Real "Solemn Referendum".
"Real regard for the welfare of our people and the world would have accepted the treaty with reservation and then, if they thought it so vital a matter, have gone to the country on the political issue of correcting the reservations. The solemn referendum is not on the league, it is on the failure of the democratic party."

Today's Markets

Grain and Provisions

CHICAGO, (P)—Attempts to stiffen the wheat market failed at the opening of today's board of trade session. Wheat was active and 2 to 4 1/4c higher at the start the rather scattered buying being influenced by bullish interpretation of the government crop report. December opened at \$1.96 to 1.98 and March at \$1.93 1/2 to 1.93.

The movement brought out a flood of selling and the reaction was quick and sharp to around yesterday's finish with December at \$1.93 1/2 and March at \$1.90 3/4.

Rumors that the Canadian government was about to take control of the Dominion grain markets affected wheat and wheat products and various miscellaneous houses. On options that country offerings would be increasingly light and a report that Kansas wheat growers were urging a general withdrawal of farmers from the market, there was a general rally at the close. December ended at \$1.98 to 1.99, a net advance for the day of five cents. March closed similarly up at \$1.95 to 1.95 1/2.

Corn shared the initial wheat advance for only a few minutes and then dropped to a new low for the December option. The opening was 1/2 to 3/8c lower with December at 84 1/4 to 84 5/8c and May 88 1/4 to 88 1/2c. December advanced to 85 and then dropped to 84 5/8c. Trade was fair for a Saturday and sentiment generally bullish in view of the immense crop forecast by the department of agriculture.

Corn firmed up in the later trading but there was considerable selling on every bid. The market closed half cent net higher with December at 85 1/8 to 85 1/4c and May at 89 to 89 1/8c. Oats followed the other grains. December opened unchanged to 1/8c lower at 54 7/8 to 54 3/4c and May 1/8c higher at 59 3/4c to 59 7/8c. The market was firm at the start but eased off quickly with May oats showing 59 1/4c.

The provision market was quiet and virtually unchanged.

DON'T TIE THE PRESIDENT'S HANDS

Outlook for the election of Senator Harding and Governor Coolidge to Presidency and Vice-Presidency of the United States is highly gratifying to every American who disapproves of the trend toward internationalism, the evident disregard of the interests of American industries and apparently wanton extravagance that has characterized the administration of President Wilson in whose footsteps the Democratic candidate has pledged himself to follow.

Nothing short of a political miracle can prevent the election of Harding and Coolidge in the November election. A vast majority of American citizens are looking to Harding and Coolidge to bring about certain reforms; among which stand notably, (1) The rejection of the Wilson league of nations involving certainty of embroiling America in the quarrels of Europe; and (2) The enactment of adequate tariff legislation to put the American producer in the American market on a plane of equality with the foreign trader.

Neither of these reforms can be effected by the President alone. He must have a sympathetic Senate and House of Representatives before he can take a single effective step toward the accomplishment of either purpose.

Failure to return to Congress a sufficient number of Republicans to control the Senate and House of Representatives would completely nullify the effort of Senator Harding as President to fulfill either of these important undertakings which the American people, if they elect him, expect him to fulfill. This fact is one that ought to be given serious consideration by every American voter. If he votes for Harding and Coolidge he is voting for certain definite reforms to which every Republican candidate for Congress is pledged. But if he votes for Harding and Coolidge and fails to vote for the Republican candidates for Senator and Representatives in Congress, he is demanding of Harding and Coolidge that they shall make "bricks without straw."

Fortunately the decision in this regard as presented in Idaho, is not a difficult one for the voter to make. No excuse exists for the Idaho voter who "votes for the man" to join with his "brother who 'votes for the principle'" in casting their ballots in November as well for the Republican candidates for the Senate and House of Representatives as for Senator Harding and Governor Coolidge.

deration in the interest of national property is as firm under the republic as when the Hohenzollerns gave orders. Democratic Germany has substituted universal work service for universal military service for all within the former military age and expects a more willing response, although the history of compulsory labor does not contain much that is encouraging.

The idea of the ministry of economics is that if Germans between certain ages were willing to give a certain number of years to arbitrary military service, from which they gathered nothing but promises, they should be more willing to contribute one year's work service, the results of which the ministry believes cannot fail to be beneficial to individual citizens and national welfare.

Except for the difference in actual occupation the law proposed by the ministry, for which approval by the Reichstag will be asked, is somewhat similar in its conditions to the old military service law. For one full year all citizens between certain ages are to be subject to work service at whatever occupation assigned by official judgment.

The scheme is the first of the preparatory steps for the complete reconstruction of Germany in which every able-bodied citizen is expected to cooperate. Whether the law will include women has not been determined, but in view of the shortage of male labor power it is possible. Germany is one of the few countries in which such a plan may be tried with any hope of success and results will not be without strong interest for all nations.

DELEGATIONS TO MARION PAY OWN EXPENSE BILLS

Republican Party Leader Denies Obligation Incurred by Committee

CHICAGO, (AP)—Senator Harry S. New, chairman of the republican speakers bureau, issued a statement Friday denying that the republican national committee has paid the expenses of any member of delegations visiting Marion to hear Senator Harding.

Representative James V. McClintock of Oklahoma, Democratic speakers bureau chairman here, Wednesday made public a copy of what he said was a letter from a "republican regional director offering to pay all expenses incurred by the person to whom it was addressed in visiting Marion."

"No such offer has ever been made by anyone connected with the republican national committee and if anyone's expenses have been paid they were paid by some private individual and not by us," Senator New said.

"There has been some expense attached to the reception of the visiting delegations at Marion, just as there are legitimate expenses in every line of campaign work but we have never offered to pay anyone's expenses to get them there."

SPRINGFIELD, Ill., (AP)—When the convening board completed its work Wednesday showing Len Small of Kankakee, republican candidate for governor, had won by a plurality of 7,902 over Lieut. Gov. John G. Oglesby, Governor Lowden, official head of the board, and the winning candidate clasped hands. Thus ended the most strenuous of all Illinois primary fights, in which Governor Lowden had backed Mr. Oglesby and opposed with all the forces of administration the candidacy of Mr. Small, who was supported by Mayor Thompson.

When the Judge Burns in Chicago had refused to entertain the petition of Lieut. Gov. Oglesby that the Chicago primary vote be thrown out, because of alleged frauds in 300 precinct, made mention of the canvass possible. Small's vote was 377,005, and Oglesby's 369,103.

W. B. McKinley, Lowden candidate for United States senator, received 357,570 to 201,130 for Frank L. Smith, Thompson candidate, the canvass showed.

The only Democratic race in doubt was that for United States senator, which is to be contested on Robert T. Burke's complaint that the women's vote, which defeated him, was unlawful. Mr. Burke got 83,024 and the victor, Peter A. Waller, 87,653.

DENIES JAPAN HAS EYE ON PHILIPPINE ISLANDS

Imperial University Professor Says Occupation Would Be Admitted if Desired

MANILA, P. I., (AP)—Japan has no political ambitions in the Philippine islands, Prof. S. Matsumoto of the Imperial University of Tokio declared in a recent address here before the students of the University of the Philippines.

Professor Matsumoto spoke on the subject, "Japanese Expansion" and touched on the reported statements of Representative Charles H. Randall of California and other members of the American congressional party, which were here recently, in which they were quoted as saying that Japan was one of the chief stumbling blocks in the way of granting the independence to the islands.

"Even if the Japanese desired to occupy the Philippines, they would find that task far greater than that which attended American occupation 22 years ago," he said. "In fact, it would be inadvisable for the Philippines would never submit to a power which is distinctly non-Christian, and would the Christian nations of the world permit the aggression."

LOYD-GEORGE TALKS ON POLITICS IN AMERICA

British Premier Opines Conflict of Parties Keeps United States Out of Peace

LLANUDNO, Wales, (AP)—Premier Lloyd George, in a political speech Friday declared that "the conflict of parties in America has led to the result that they have not yet signed a treaty of peace with Germany." He asserted that if there had been a conflict like that in Great Britain the latter would have had no peace and there would have been no treaty.

"There are some who criticize the treaty of Versailles," the premier declared. "Better that than that a state of war should be going on for years and nothing done." Mr. Lloyd George added that there were some people who imagined that to ignore disagreeable facts was proof of exalted principles.

NEW SERVICE IS FOR AUTO BUYERS' BENEFIT

An unusual service, in view of the fact that it is intended primarily for persons who do business with a car dealer, has been announced by the Lind Auto Co., Dodge Brothers dealers in this city. The service is for the benefit of those who buy used Dodge Brothers motor cars on the open market and who are in doubt as to the age and condition of the car.

"Any man who buys a used Dodge Brothers motor car, if he brings it to us for inspection, can learn definitely when the car was built," said Mr. Lind, of the Lind Auto company. "While we operate a used car market ourselves we will gladly give this information because we feel that a man who owns a Dodge Brothers car is a member of the family, regardless of whether he comes in through the front or back door, and we owe him certain definite courtesies."

"Owing to the fact that Dodge Brothers cars are not built in series of models and never have shown any material change in appearance, it is often very difficult to determine just how old the car is. Therefore it is easy to make gross misrepresentation to prospective purchasers. Many a man has been told he is buying a 1919 Dodge Brothers car when in reality the car was built three or four years earlier. Unscrupulous persons occasionally resort to this practice deliberately, but very often it is done through error as persons outside our own organization have no accurate way of deciding this important point."

COX TROUBLED OVER SUPREME COURT CONTROL

Anticipates Four Vacancies in High Tribunal and Urges Defeat of Republican President Who Would Fulfill Them

PADUCAH, Ky., (AP)—Effect of the presidential contest upon prospective United States supreme court vacancies was declared by Governor Cox of Ohio, in an address here Friday, to be "the real danger of a reactionary victory, next to the scrapping of the league of nations."

The democratic presidential candidate stated that at least four vacancies on the high court were in prospect and referring to the senate's control over confirmations and to Senator Harding as the "reactionary" candidate, he added: "Besides, it would naturally follow that a reactionary president would appoint four reactionary members of the supreme court." The governor declared this was one of the reasons why "the senatorial oligarchy" should be defeated.

"There are several reasons why the senate oligarchy should not be permitted to win this election," he said. "Throughout the years that senate has trespassed on the authority of the house of representatives. The constitution provides that all legislation providing for the raising of revenue shall be originated in the house. Yet there has probably not been a tariff measure in the last fifty years which was not changed in its every line after the senate clause once it reached the senate."

NEW YORK TRAFFIC GAIN REQUIRES NEW ARTERIES

Double-Decked Subway Across Long Island Planned to Relieve Situation

NEW YORK, (AP)—This city will have a new double-decked subway running most of the length of Manhattan island if the plans proposed by John B. Delaney, transit construction commissioner, to provide for the increase in traffic in the next 25 years are put into effect.

It will be necessary, to resort to this double-decked subway construction, in the opinion of the commissioner, because the congested section of Manhattan borough has only 11 north and south arteries to serve more than 100 cross streets.

The plans call for an eight-track, double-deck line on the west side of the city from the Battery to 155th street running under Eighth and Armstrong avenues. Only four tracks would be constructed at first but these would be so located that another four track unit could be built under or on top of it.

Delaney also proposes the building of another north and south subway of four to six tracks under Fifth and Madison avenues, on the east side, and extending from the Battery to Harlem river. Both these arterials would have connections extending to the boroughs of the Bronx, Brooklyn or Richmond.

The commissioner advocates the construction of 23 new single-track or three-track tunnels. At the present system has 31 such tunnels, this would make a total of 76 tunnels.

He says that passenger traffic on the surface of the main arteries, north and south or cross town, will soon have to be discontinued because of the great increase of traffic of vehicles and pedestrians; with the result that all passenger traffic on these streets would be forced into subways or on elevated lines.

PACIFIC AIR MAIL ROUTE TO BE OPEN ALL WINTER

Official Predicts Close Adherence to Schedule Regardless of Weather

SALT LAKE CITY, (AP)—Mail will be carried over the Pacific division of the trans-continental air mail route during the coming winter, Colonel John H. Jordan, acting division superintendent and chief of construction of the United States aerial mail service, said upon his arrival here recently from San Francisco.

"There may be occasional delay because of storms, but schedules will be followed more closely than on the railroads," he asserted. "The planes on the Atlantic coast were operated last winter virtually without detention and I can see no reason why conditions are good or better will not prevail in the intermountain country."

"As soon as more machines can be procured from the manufacturers they will be placed on this part of the route so that full service can be indicated. There is a steady growth in the amount of mail being carried by airplane and the southern states are insisting that a route be operated to that region. It concerns the appropriation of the money to believe such a route will be started soon and within four or five years new routes will be formed to other sections of the country."

FERRIS WHEEL IS DOOMED

Protests of Landscape Artists Lead to Destruction

PARIS, (AP)—The Ferris wheel which has attracted much attention among foreign visitors in Paris for the past 50 years, but which is being threatened by landscape artists and architects to landscape decoration of the artistic horizon of Paris, is doomed. The work of demolishing the wheel is to be started in a few days. It was built at the time of the Paris exposition in 1889, is more than 300 feet in diameter and contains several million pounds of steel which will be used in the reconstruction of the devastated regions.

NAVY EXAMINATIONS

The navy department announced on September 22 that competitive examination of temporary and reserve officers, active or inactive, for appointment to the regular service of the navy will be held in May, 1921. All officers who served in the world war are eligible to take the examination providing their age does not exceed 35 years, plus their active naval service. From the successful candidates it is proposed to build up, so far as possible, the permanent commissioned strength of the navy, which is much below its authorized strength at the present. The navy department is endeavoring to active service at once for sea aviation officers who have signified their desire to enter the regular service. Some difficulty is being experienced because reserve officers have failed to inform the navy department of their former addresses. The situation is especially serious in the cities of New York, Philadelphia, Norfolk, Charleston, Chicago, New Orleans, Seattle, San Francisco, and other large cities where many reservists live. Reserve officers again are urgently requested to forward their addresses with the least possible delay in order that the lists of addresses may be properly filed in the navy department.

NAVY AT ANTWERP

Commander C. T. Osburn, U. S. N., and Lieutenant Commander W. A. Lee, Jr., U. S. N., recently arrived in Washington from Antwerp, where they participated in the Olympic games and made an official report to Secretary Daniels of their observations. They made an exceptional record, winning more medals than any other two individuals not only among the shooters but also among the entire United States team. They won as many gold medals as the nine army representatives and more than the four marine representatives. Their remarkable showing indicates the high proficiency of the navy as attained in small arms practice.

WOULD MAKE SEARCH FOR BODY OF BANNOCK CHIEF

Residents of Pocatello Purpose Dragging of Lake for Confirmation of Indian's Burial

POCATELLO, Idaho, (AP)—Local residents identified with the Idaho Historical Society are contemplating an expedition to the large springs near Pocatello, for the purpose of either dragging or otherwise investigating for confirmation of the burial of the old chief Pocatello, after whom this city was named.

Removal of the remains, if they are found, is not planned, but following tribal custom of depositing guns and other objects with the dead chief it is possible relics of interest may be found. The only white witness to the burial is said to be Judge Oliver of Pocatello, who, however, felt freely of the event.

Pocatello was a Bannock chieftain who succeeded Targhee. He was somewhat of a recluse and did not mingle much with white men, according to those who were stationed at Fort Hall, near here, in 1843.

AN ACT

Providing for the issuance and sale of bonds in the sum of \$2,000,000, appropriating the proceeds of the sale thereof for the payment of a portion of the cost of laying out, surveying and constructing a system of state highways in the state of Idaho; providing by a tax levy a redemption or sinking fund for the payment of the said bonds at maturity and the interest thereon as well as becoming authorized to appropriate the moneys which shall accrue to such sinking fund for the purposes for which provided; directing the Department of Public Works how to apply the proceeds of the sale of said bonds heretofore authorized; and providing for the approval or rejection hereof by the people of the state. Enacted by the Legislature of the State of Idaho:

Section 1. For the purpose of providing moneys to be used in paying for a portion of the cost of laying out, surveying and constructing a system of state highways in the state of Idaho a loan of \$2,000,000 is hereby authorized to be negotiated upon the faith and credit of the State of Idaho:

Sec. 2. The State Treasurer is hereby authorized, empowered and directed to issue bonds of the state in such denominations as he deems advisable, aggregating the amount of the loan authorized in Section 1, which shall be known as Idaho state highway bonds, fourth issue, and shall become due 20 years from the date of their issuance. Such bonds shall bear interest at a rate which shall not exceed the rate of five per centum per annum and said interest shall be paid in equal semi-annual installments upon the first day of January and the first day of July in each year. Such installments of interest shall be evidenced by 40 interest coupons attached to each bond in such manner that they may be detached and removed without mutilating either the bond or the coupons themselves and be numbered consecutively from 1 to 40, inclusive. Any or all of said bonds may, at the pleasure of the state, be paid off and redeemed after 10 years from the date of issuance.

Sec. 3. The state treasurer shall cause to be printed or lithographed suitable bonds in proper form with interest coupons attached thereto for the purpose of carrying out the provisions of this act.

Sec. 4. All bonds issued under and by virtue of the provisions of this act shall be signed by the governor of the State of Idaho with his own proper name and in his official capacity. They shall likewise be signed by the secretary of state in his official capacity and be authenticated by having attached to each the great seal of the state of Idaho.

Sec. 5. After being signed by the governor and the secretary of state and being authenticated as hereinbefore provided the said bonds shall be delivered to the state auditor, who shall make and keep in his office a register of the principal of said bonds as it may be paid and properly describing each bond and the interest coupons attached thereto in the manner and form in which bonds heretofore issued by the state of Idaho are described in the registers thereof kept in the office of the

state auditor. Having so registered the same, the state auditor shall deliver the bonds to the state treasurer and shall charge the treasurer with the full amount thereof.

Sec. 6. The state treasurer shall make and keep in his office a register of all bonds issued under the provisions of this act, which register shall show all the things required to be shown by the register thereof kept in the office of the state auditor and such other information with respect thereto as the treasurer shall deem it proper and necessary to record.

Sec. 7. When ready to make delivery of same the state treasurer shall sign each of said bonds with his own proper name and in his official capacity as such state treasurer and each of the interest coupons attached thereto shall have the lithographed or printed facsimile signature of the state treasurer, which signature shall bind the State of Idaho. The state treasurer shall make delivery of the bonds to the purchaser thereof on behalf of the State of Idaho and shall at the same time make collection from said purchaser of the full amount of the price for which the same are sold.

All moneys received from the sale of the Idaho state highway bonds, fourth issue, shall be paid into the Idaho state highway fund. Such moneys are hereby appropriated and made available for the laying out, surveying and constructing of a system of state highways in the state of Idaho, including all bridges, culverts and grade work and the purchase of rights of way forming a part thereof or necessary to be had, used or occupied in connection therewith and for such purposes only. No moneys shall at any time be withdrawn permanently from said fund except upon the warrant of the state auditor.

Sec. 9. For the purpose of creating a fund which shall be known as the collection of rights of way forming a part thereof, fourth bond issue, out of which shall be paid the principal and interest upon the bonds to be issued under and by virtue of the provisions of this act, there is hereby levied a tax of four-tenths of one mill (0.0004) upon each dollar in value of the taxable property within the state, and all interest which shall accrue thereon are fully paid and redeemed. The moneys accruing from the source above mentioned, which are hereby diverted, appropriated and set aside for the purpose above set forth, shall be by the state auditor and state treasurer credited to and placed in the Idaho state highway redemption fund, fourth bond issue, out of which the state treasurer shall pay the interest upon the Idaho state highway bonds, fourth issue, as the same shall become due, and upon any day upon which the interest coupons attached to said bonds become due, beginning January 1, 1921, he shall also pay so much of the principal of said bonds as it may be possible to pay after reserving in said funds moneys sufficient in amount to pay the interest upon those said bonds then outstanding which shall accrue and

become due during and within the next ensuing year.

Sec. 10. If at any time there shall not be sufficient moneys in the said state highway redemption fund, fourth bond issue, to pay the interest upon or principal of the Idaho state highway bonds, fourth issue, authorized by this act, the state treasurer shall pay the same out of the general fund of the state. The state treasurer shall however, as soon thereafter as sufficient moneys for that purpose have accrued to the said state highway redemption fund, fourth bond issue, repay to the state general fund all amounts taken therefrom under this provision of this act, and such repayment shall be made as soon as practicable.

Sec. 11. For the payment of the bonds authorized to be issued under and by the provisions of this act and the interest which shall accrue thereon, according to the strict terms thereof, the faith and credit of the state of Idaho is solemnly pledged, and for the payment of such bonds and the interest thereon in lawful money of the United States of America as and when the same shall become due the state treasurer shall receive and sufficient money in his hands, at the least possible cost, in preference to all other claims whatsoever except the interest due and the principal of other bonds of the State of Idaho heretofore issued under acts of the legislature of said state.

Sec. 12. The state treasurer shall give two weeks' notice by publication in two newspapers of general circulation one of which is published in the state of Idaho, of the intention of the state to sell the bonds authorized by the provisions of this act, and shall invite bids therefor. Said bonds must be sold at not less than the par value thereof, upon the best terms offered and at the lowest rate of interest named by any bidder. The state treasurer shall have the right to reject any and all of the bids offered and may advertise for bids, as herein provided.

Sec. 13. The expenses of printing, lithographing and procuring suitable bonds with interest coupons attached, for the purpose of carrying out the provisions of this act, shall be paid out of the moneys arising from the sale thereof as an expense incident to the laying out, surveying and constructing of said system of state highways.

Sec. 14. The said state highway bonds, fourth issue, to be issued under the provisions of this act, shall bear date of January 1, 1921, and become due January 1, 1941. Both bonds and interest coupons herein authorized to be issued shall be payable at the office of the state treasurer at Boise, Idaho.

Sec. 15. The department of public works of the state of Idaho is hereby directed to apply the proceeds of the said Idaho state highway bonds, fourth issue, as follows, to-wit:

To the completion or construction of state roads or bridges in co-operation with counties and highway districts of the state of Idaho or the federal government or both, in such amounts as deemed proper by the department. The foregoing allotment is made contingent upon the availability of co-operative funds to be supplied by counties, highway districts and the federal gov-

ernment, as provided by law, or funds supplied by private donation, or received from any other source, and should appear to the satisfaction of the department of public works at any time subsequent to January 1, 1922, that co-operative funds will not be supplied in the necessary amounts to make use of the entire amount herein appropriated, the department of public works may use at its discretion any remainder for the construction or completion of such state highways as deemed by it for the benefit of the state.

Sec. 16. This act shall not take effect until at the next general election it shall have been submitted to the people and shall have received a majority of all the votes cast for or against it at such election.

The question to be submitted to the electors of the state at the next general election in order to determine whether they will approve or reject this act, shall be as follows: Shall a bond issue of \$2,000,000 be authorized for the laying out, surveying and constructing of state highways?

Sec. 17. The secretary of state is directed to publish this act in one newspaper in each county, if one be published therein, throughout the state for three months preceding the next general election. The secretary of state is directed to certify the measure provided herein and the latter to print on the ballots at the next general election the foregoing question. The returns on said question shall be counted, canvassed and certified in the manner provided by law for constitutional amendments.

Approved March 14, 1919.

STATE OF IDAHO.

To Fred Alberts,

You are hereby notified that the following described land, or lot, situate in Twin Falls County, to-wit: All of Block Twelve (12), Marquette's Second Addition to City of Twin Falls, Idaho, was duly and regularly assessed in the name of Fred Alberts for taxes and special assessments levied thereon for the year 1917; that on the 14th day of January, 1918, a certain delinquency certificate, as provided by law, was issued by the Tax Collector of said County; that on the 1st day of February, 1919, the County Auditor of said County sold and duly assigned the said delinquency certificate to one A. L. Swim, the purchaser thereof; that thereafter on the 1st day of June, 1918, the said A. L. Swim duly assigned all his right, title and interest in and to the said delinquency certificate to the undersigned, who therefore became and now is the lawful holder of said delinquency certificate; that the time for redemption of said property will expire on the 14th day of January, 1921, and unless redeemed before the following day thereafter, the undersigned as holder of said delinquency certificate will apply, as provided by law, for a tax deed to said property. Dated this 15th day of September, 1920.

WATER SUPPLIES TO BE REDUCED

Flow Will Be Cut Down to Permit Repairs to Main Line Canal

In a general announcement issued by the directors of Twin Falls Canal company today water users are advised to fill their cisterns and wells so that they will be amply supplied with water for domestic and stock purposes before November 1.

This warning is sent out because of the necessity for reducing the flow in the main line canal on November 1 in order to permit repairs to the canal bank. The bulletin which is signed by General Manager J. C. Wheelon, reads:

"Water will be reduced on November 1 next to permit some necessary rripping to be placed in the main line canal.

All cisterns and wells should be ready to supply water in cases when gates and ditches that are above low water mark are not able to deliver stock water. We need six weeks in which to do this work."

QUALITY OF SAUSAGE IS BELOW STANDARD ACCORDING TO REPORT

Inspector Submits Analytical Test of Meat Showing Putrescence and High Water Content—In 24 Hours Some Samples Regarded as Totally Unfit for Human Consumption

An official analytical test, made by City Inspector W. A. Falson, of sausage sold to have been made by some Twin Falls sausage house, was reported today, showing that the water content, some starch and a putrescent condition in some instances. The analysis was placed in the hands of the city clerk by the inspector today for reading at the next meeting of the city council.

According to the inspector, in a note in connection with the report, on account of the age of the meat employed in the manufacture of the sausage putrescence was noted on the day the sample was received, spoiled on the second day and entirely unfit for human food in 24 hours after cutting.

Following is the report of Dr. Falson on three samples:

Sample No. 23
Physical Examination—A large finely ground specimen exhibiting surplus water. Chemical Analysis: Water 54.2 per cent, protein 18.6 per cent, fat 17.9 per cent, starch 5.0 per cent, ash 3.6 per cent.

Putrescence very positive at end of first day. Sample completely spoiled at end of second day. The large excess of water has in this instance made a very unpalatable mess. The country is completely unfit for consumption in less than twenty-four hours after cutting. Meat of this type is an extremely poor keeper and safe only when fresh made.

Sample No. 22
Chemical Analysis—Water 22.9 per cent, fat 70.7 per cent, protein 25.4 per cent, starch 4.9 per cent, gristle 18.0 per cent, ash 4.2 per cent.

The putrescence test was negative at the end of seven days. This was a good sample except for the high gristle content.

Sample No. 31
Physical Examination—A medium thin sliced specimen, lightly indicative of added color. Medium ground. Spicy as to odor. Chemical analysis: Water 46.5 per cent, fat 23.5 per cent, protein 18.0 per cent, gristle 2.8 per cent, starch 3.9 per cent, ash 4.2 per cent.

A putrescence test was negative at the end of 5 days.

ITALIAN WORKERS OFFER PROGRAM

Commission Outlines Proposals for Participation of the Employees in Industry

MILAN, (AP)—The socialist Battaglia Sindicali Friday made public the program decided upon by the commission of workers appointed to present to the government concrete proposals concerning participation of the workmen in the technical, financial and disciplinary management of the industrial establishments. The fundamental points of the program are:

1. The workmen's council must control the purchase of raw materials.
2. The workmen's council must supervise the sale of finished products.
3. The workmen's council must fix the price of finished products.
4. The workmen's council must supervise the setting of the diurnal mark.
5. The workmen's council must control all goods unloaded.
6. The workmen's council must decide what task each workman is better adapted to accomplish.
7. The workmen's council must obey the conditions of employment of the industrial establishments.
8. The workmen's council must control the general expenses of the establishments and especially limit the expenses of the present proprietors and directors, who will participate in the profits.
9. The workmen's council must decide when new machinery is necessary.
10. The workmen's council must supervise the liquidation and must supervise the liquidation of establishments.
11. The workmen's council must in aid that the proprietors furnish necessary utensils.
12. The employers must not resort to artificial industrial crises.
13. The employees must prevent "dumping."

MONTANA DEMOCRATS TO WAR ON TOWNLEY LEAGUE

Pledge Seives to Vote for Republican Nominates for State and Congressional Offices

HELENA, Mont., (AP)—A meeting of Democrats representing nearly every county in Montana was held here on Friday to launch a campaign against the state ticket headed by B. H. Wheeler or Butler for governor, which was endorsed by the Nonpartisan league. The movement resulting in the meeting was led by United States Senator Henry L. Myers.

Following a speech by Senator Myers, who characterized the candidates of the Nonpartisan league as "hybrids" who were nominated by a collection of socialists, communists, government socialists, republicans and a few wobbly democrats, the democrats organized the Montana Democratic club, formally repudiated the "alleged democratic state and congressional tickets" and pledged themselves to accomplish his defeat by voting for the republican nominees for state and congressional offices.

Only Partly Afraid.
Robert is quite afraid of a neighbor's dog. Recently he was so absorbed with his playing that he failed to notice the approach of "Tige" until he was at the child's heels. The boy gave a scream, and when auntie hurried to his rescue he tried to be brave and "tremblingly" exclaimed: "I ain't afraid on the inside where my heart is, it's just my legs that are afraid."

Should Be Universal Custom.
The New Zealand infant has the privilege of selecting its own name. This is accomplished by a long string of names being rejected to the child until it cries or gives forth a sneeze, which is taken as a sign that the last name uttered is the one chosen.—Brooklyn Eagle.
