

# TARIFF ISSUE IMPORTANT ONE BEFORE VOTERS

### Question of Protection for American Industries is Squarely Presented from Opposing Sides in Campaign

WASHINGTON, D. C., (Special).—Little attention seems to be paid so far in this political campaign to the tariff question. Every student of American history and economics knows that upon the tariff, one way or the other, depends in a great measure the prosperity of the United States and the welfare and happiness of the people.

It is a basic proposition, which cannot be disputed, that this country has prospered exceedingly under high or protective tariff systems during republican administrations, and has correspondingly fallen under the rule of free trade or a "tariff for revenue only" under democratic administrations.

#### Committed to Low Tariff.

The democratic party is committed in this campaign to a low tariff policy. Its platform says: "We reaffirm the traditional policy of the democratic party in favor of a tariff for revenue only." President Wilson, in stating his 14 peace terms in congress, demanded: "The removal of all unnecessary and possible of all economic barriers and the establishment of an equality of trade conditions among all nations securing to each a fair opportunity to sell themselves for its maintenance." The president there declared, openly and without disguise, for a free trade policy, a kind of soviet world trade arrangement. It is interesting to note that by the president that the United States, in its treaty of peace, must guarantee to Europe free trade with the United States without any tariff safeguards whatever to protect the American business man, manufacturer, farmer and laborer from foreign competition in home markets. No one denies that if the tariff bars are completely swept away, when peace is finally signed, that the European nations with their cheaper labor, will be able to completely dominate the market for many manufactured goods in the United States that are now supplied by American manufacturers. American products would be driven out of the home market and American manufacturers put out of business, with unemployment to American labor following.

#### High Wages Big Factor.

The American manufacturer, with the higher wages he pays to American labor than in any other country, cannot compete with European products if the products are admitted duty free, as President Wilson wants them admitted with a small tariff for revenue only. The same conditions would prevail concerning the competition of all other nations of the world, particularly Japan because to Japan labor is the poorest paid in the world.

So well do the people of the United States understand the tariff question that the republican party has been defeated on a tariff issue when it presented that issue squarely to the electorate.

The trade, domestic and complete, or a low tariff, with all its tremendous economic ills, looms for the next four years, if the democrats win in November.

The national republican platform says: "The republican party reaffirms its belief in the protective principle, and pledges itself to a revision of the tariff as soon as conditions shall make it necessary for the preservation of the home market for American labor, agriculture and industry."

The issue is clear cut between the two parties on this question. The voter must choose in November whether he wants protection or a declared free publican protective tariff policy, or low wages, and a poorer sale of living, or no wages, which will surely follow foreign competition under a declared democratic tariff policy.

#### Canada Raises Wall.

Our neighbor, Canada, is preparing to inaugurate a protective tariff policy much stronger than has heretofore prevailed in the dominion. A statement submitted recently to the Canadian tariff commission by the Canadian Manufacturers' association, declared that "Canada cannot relinquish her policy of protective tariff, but must build upon it with an aim to advance Canada toward her destiny as a developed nation. Even Mexico is preparing to establish a protective tariff to foster home industries."

#### One aftermath of the world war has been a general strengthening of tariff walls of all the leading nations. Every European country is protecting its labor, industry and agriculture with stiff tariffs. The American laboring man likewise suffers exceedingly in competition with the manufacturers of these countries, which are conducted with cheap labor, living on a scale of wages that the American laboring man cannot exist upon under any circumstances.

#### Recalls Wilson Stand in Opposing Alliance

Chairman Hays Wants to Know Whether President was Correctly Quoted

NEW YORK, (AP)—Will H. Hays, chairman of the republican national committee, in a statement Saturday raised a question as to whether President Wilson was correctly quoted when in May, 1914, he expressed himself as against any sort of foreign alliance for the United States.

Paragraphs in the president's speech dealing with foreign alliances which Mr. Hays quoted are: "There are just a few vital things stirring now that concern the vital interests of the nation as we were stirring then (colonial period), and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means that America shall live her own life. Washington saw it when he wrote his farewell address."

"There are just a few vital things stirring now that concern the vital interests of the nation as we were stirring then (colonial period), and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means that America shall live her own life. Washington saw it when he wrote his farewell address."

"We cannot form alliances with those who are not going our way and in our might and majesty and cause, and the majesty of a nation's might asserted."

"You are weak only when you are in the wrong; you are weak only when you are afraid to do right; you are weak only when you do not your duty, and the majesty of a nation's might asserted."

"You are weak only when you are in the wrong; you are weak only when you are afraid to do right; you are weak only when you do not your duty, and the majesty of a nation's might asserted."

# DISARMAMENT IDEA STRIKES SNAG IN JAPAN

### Nippon Finds Excuse for Opposing Limitation on Naval Power in Failure of United States to Ratify

TOKIO, (AP)—Japan is not likely to subscribe to the idea that the naval strength of nations shall be held down or their increase stopped, in the opinion of the leading daily, the Nichi Nichi.

"All powers are agreed on that proposition on principle," observes the Nichi Nichi in its political news column. "But the United States, which has the power to proposed curtailment of naval expansion, has not as yet joined the league and she is fast increasing her naval strength. Even if other powers should strictly and faithfully adhere to the principle of reduction, the peace of the world will just the same be menaced by the powerful naval power of America."

#### Settles Problem for Self.

The Nichi Nichi therefore observed that the Japanese navy would consider the question from the peculiarly Japanese point of view regardless of whether any definite program be formulated by the conference as to the naval restriction and regardless of the attitude of France, England, Italy and other powers. Already an investigation had been conducted in the navy by such officials as Rear Admiral Yuzo, Captain Kiyokawa and other members of the investigation committee. "A policy of the Japanese empire has already been decided upon, but owing to the lack of information as to what attitude England, France, Italy and other countries will be," the nature of the policy was not made public by the Nichi Nichi says.

#### Present Power Inadequate.

"But, briefly speaking," the Nichi Nichi goes on, "the policy, it may be understood, may be summarized as follows: "The eight battleships and eight cruisers plan, which had been a long cherished idea, and which was approved by the recent session, is insufficient

#### As the minimum strength to perfect the defense work of the empire. In other words, in case the powers present in construction on the basis of its not going beyond the plans now in process of completion, the imperial Japanese navy will have to maintain that the recent plan approved of the (eight and eight unit) is by no means its final plan of national defense. As was explained at the forty-first session of the diet by the navy minister, the empire must have as the minimum naval strength necessary for defense two units of eight battleships and four cruisers of a latest type and of the serviceable age. That is about eight years or younger or three units of eight ships, totalling 24 principal vessels. This plan must be completed regardless of the time of completion.

#### If because America is not a member of the league of nations, the members present should consider any action made as useless and should content themselves with simply meeting each other in a conference, the empire's representatives may not express the view of the empire at all."

#### FRATERNITY BROTHERS POLITICAL OPPONENTS

Rival Candidates for Idaho Secretary of State Opponents at State University

MOSCOW, Idaho, (AP)—Two University of Idaho graduates, Robert O. Jones, '09, and George H. Curtis, '08, who, while in college, lived together on the campus here at the Beta Theta Pi house, this year are running against each other for the post of secretary of state of Idaho.

Jones, who is the present secretary of state, is a republican, and Curtis is a democrat.

#### WORKMEN UNCOVER NATURAL GAVE IN STONE QUARRY

CHEYENNE, Wyo., (AP)—Workmen blasting for lime rock recently uncovered a beautiful cave 18 1/2 miles west of Cheyenne, according to reports received here.

The cave's roof walls and floor were covered with stalactite and stalagmite formations which glitter brilliantly in the light. The workmen crawled through a tight opening and came upon a passage 100 feet long. At the end of the passage they found a chamber, 70 by 30 feet.

#### RECALLS WILSON STAND IN OPPOSING ALLIANCE

Chairman Hays Wants to Know Whether President was Correctly Quoted

NEW YORK, (AP)—Will H. Hays, chairman of the republican national committee, in a statement Saturday raised a question as to whether President Wilson was correctly quoted when in May, 1914, he expressed himself as against any sort of foreign alliance for the United States.

Paragraphs in the president's speech dealing with foreign alliances which Mr. Hays quoted are: "There are just a few vital things stirring now that concern the vital interests of the nation as we were stirring then (colonial period), and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means that America shall live her own life. Washington saw it when he wrote his farewell address."

"There are just a few vital things stirring now that concern the vital interests of the nation as we were stirring then (colonial period), and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means that America shall live her own life. Washington saw it when he wrote his farewell address."

"We cannot form alliances with those who are not going our way and in our might and majesty and cause, and the majesty of a nation's might asserted."

"You are weak only when you are in the wrong; you are weak only when you are afraid to do right; you are weak only when you do not your duty, and the majesty of a nation's might asserted."

"You are weak only when you are in the wrong; you are weak only when you are afraid to do right; you are weak only when you do not your duty, and the majesty of a nation's might asserted."

## WANTS CLEANUP OF OWNERS FOR GAME BENEFIT

Sanborn, Dean Chicago Baseball Writers, Makes Some Recommendations

By I. E. SANBORN.  
In the denunciation of baseball players suspected of collusion with gamblers and in anathemas hurled at professional betters none are more bitter than the club owners, yet they are only reaping a harvest part of which grew from seed sown by promoters of professional baseball.

Have all the club owners always been square in their dealings with each other? Have there never been sharp practitioners indulged in to gain advantages by means of which they were not tolerated on the diamond? Have the club owners always told the public the truth about their dealings with each other and with the players? Have many clubs are there some of whose officials never have lied to a newspaper man about attendance figures?

### Some Club Owners Square.

There are some club owners who have never done any of these things, but who have been fair and square sports men all their lives. There are ball players who never threw a ball game or were even suspected of it. In fact there are a lot of such players, and even all the players who are suspected of collusion with gamblers are found guilty the proportion of square, honest ball players will greatly exceed the proportion of baseball promoters whose records in their business are absolutely above suspicion.

To select one bit of crookedness which has existed for years, which has been known to exist, and which never has been considered as grounds for barring a club owner from baseball, take the practice that used to be common in the minor league of violating the salary limit.

### Less of Dishonesty.

Since the war wrecked the minors there has been less of that kind of dishonesty, because there have been fewer minor leagues. It does not exist in the old National league in the form when there was supposed to be a limit on the salary that could be paid a star player.

The method of evading a salary limit was and is simpler. The player signs two contracts. One of them is within the league's salary limit, and that contract is sent to headquarters for inspection, to show that the limit is not being obeyed. The other contract is a side agreement in writing promising to pay the player so much a month in excess of the limit. Sometimes this is done directly by the club owner, but if he is a cautious individual he may fix it to have some friend of his give the player a phoney job in some line of business, ostensibly paying him the excess salary. The money comes from the club owner, of course.

### Stiff Fines Only Penalty.

The penalty for this kind of crookedness among club owners has been a fine or perhaps the loss of some games in which the overpaid player participated. No club owner ever has been kicked out of baseball for promising to live up to a salary limit and then breaking that promise. But the club owner who tries to win a pennant by cheating his competitors is just as bad an enemy to the national pastime as is the player who cheats in a ball game.

Is it any wonder that a few players who have been parties to these violations of salary limits in the minor leagues have had their ideas of honesty tainted? They have seen club owners cheat and get away with salary limit violations without being punished. Why should the player who is expected to be the real of honor?

### Players Know of Violations.

All the major league stars of today with a few brilliant exceptions have come up through the minors and have known of these salary limit violations, even if they have not been parties to them.

After the club owners, with the aid of the Cook jury, have cleaned the diamond of the few dishonest players who have been or may be exposed, let those same club owners do a little house cleaning in their own ranks if they want to retain the confidence of the newspapers and, through them, of the public.

**IN LINE FOR TITLE.**  
PHILADELPHIA, Pa. (AP)—Ritchie Mitchell, Milwaukee, outpointed Joe Welling of New York in a fast eight-round bout here last night. Both men weighed in at 134 pounds.

**Kindly Advice.**  
Fido had gone under the bed and refused to come out. His mistress came in and sternly bade him come forth. Little Grace leaned down and said, "Fido, if you know mamma, you'll come quick!"

## MARQUARD GETS POSTPONEMENT OF HIS TRIAL

Brooklyn Pitcher Accused of "Scalping" Personally Asks Continuance

CLEVELAND, O., (AP)—Pitcher "Rube" Marquard of the Brooklyn National league team, charged with ticket speculation in connection with the world series being played here, appeared in municipal court Monday and was given a continuance until October 15. Marquard was one of twelve tickets "scalping" cases on the court docket.

The Brooklyn twirler, when he faced Judge Silbert, personally requested that the charge be carried over until later in the week. Judge Silbert set the hearing for Friday.

Marquard is expected to be Manager Robinson's pitching selection for the last game of the series here today and it is thought he will not be requested to return immediately to Brooklyn with the team in case the series goes over to a final decision in the east.

## Fighters Ready for Tomorrow's Fistic Contest

Carpentier and Yevinsky Complete Training and Await Tuesday's Gong

NEW YORK, (AP)—Georges Carpentier, European heavyweight boxing champion, and Battling Lovinsky, American light-heavyweight, today completed their training with light exercise in preparation for their 12-round no decision match at Jersey City baseball park tomorrow night.

The French fighter did four miles each and boxed a few rounds besides, skipping the rope and playing handball.

## GRAND CIRCUIT RACES

LEXINGTON, Ky., (AP)—Hal Mahone, owned by George Brandeis of Omaha, Neb., and driven by Marvin Childs, won the Phoenix hotel prize for 2:05 paces yesterday at the Grand Circuit meeting. The first heat went to Royal Earl, an accident causing Hal Mahone to stumble before the eighth pole was reached.

Gilling St. finished first in this heat, but the judges announced that she would be placed last for interfering on the part of her driver.

Princess Mary, second choice with the speculators, was so severely injured that she had to be withdrawn. Hal Mahone won the second and third heats easily. Best time 2:02 3-4 in second heat.

Patler B. in the 2:06 pace and Myram Guy in the 2:12 trot became double winners for the meeting.

Miriam Guy took the 2:12 trot in straight heats, this making her fourth victory in as many weeks.

In the second heat she came near equalling her record of 2:06 1-4 made in her other start here, going the mile in 2:06 1-2. The 2:06 pace resulted in victory for Mr. Jefferson, driven by Harry Slokes, the race being the fifth won by this regular driver at the meeting. Best time 2:05 1-4.

# Big Sacrifice Lumber Sale!

This week quite a number of the public in Twin Falls and vicinity appreciate what a real sale means. As predicted, this lumber is going very fast. Henry Ford and a few others are not the only ones who can burst the high cost of living. We said we would and we are doing it. A survey of our yard last week and a glance over the same now will convince you that we mean what we say. The proof of the pudding is in the eating thereof. You will have to hurry.

## Brief Bits of Sport

Amey the Indians exploded a couple of Dodge pneumonia Sunday and yesterday.

Burleigh Grimes had nothing much more than a glove and a pose on the Sublimity, while Sherrard Smith yesterday failed to demonstrate that quality that made him a hero in one of the earlier games played on Elberts field.

Walt Mills maintained his reputation as a corking fine flogger, and kept the Superbas away yesterday.

By the way, Grimes is a board of the Pirates.

Going to prove that first impressions in baseball don't always count.

Tonight Carpentier and Lovinsky battle in Jersey City, and the bout should prove a real treat for the French and European champion.

A couple of classy bouts will be staged by the American Legion sports committee on Armistice day.

Rain at Salt Lake on Sunday prevented the Vernon Tigers mauling.

the Salt Lake Bees in a double-header.

Provia there is a kindly providence that keeps a weather eye open for the good of certain folks who cannot look out for themselves.

The Pacific Coast league closes its season this week, and there's a lot of folks down Salt Lake way who will have no regrets.

Outfielder Jack Graney is the dean of all Cleveland players. Jack joined the club at the start of the 1908 campaign and has been with the club ever since.

Coch Harry Barry of the Buhl high school eleven accuses the Twin Falls grid coach of trying to "steal his stuff."

Harry says an emissary of the Twin Falls school was sent over to spy on his team in the game last Saturday with Rapert.

Also Mr. Barry suggests that if Coach Evans will wait until next Friday he will reveal all of his stuff for the benefit of the home folks.

Professional baseball is fifty years old this month. It was on October 3, 1870, that the first baseball game was played with salaried players. The game was played at the old Dexter Driving Park at Chicago, the Cincinnati Red Stockings opposing the Chicago White Stockings. The Cincinnati team won with a score of 16 to 5. The following year the first professional "association" was formed, and later these "associations" were termed leagues.

"The Old Timers" Baseball Association, an organization in Chicago, will celebrate the fiftieth year of the professional baseball championship.

If elected he will discharge the duties of this office without fear or favor.

## The Eyes of School Children

should be thoroughly examined by a competent optometrist.

Your child may have normal vision, but may be suffering from severe eyestrain which is a constant drain upon the nervous system.

We can relieve that strain by prescribing the proper correcting lenses.

# PARROTT OPTICAL CO.

DR. R. A. PARROTT, MGR.  
—Optometrists and Opticians—  
115 Main Ave. East Phone 219-J

THE first thing you want in foods and the all important thing is purity.

Foods should be nourishing. That's what they are for to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the largest, cleanest, most modern Baking Powder Factories on earth—only of such ingredients as have been officially endorsed by United States Food Authorities.

## KEEP your baking costs down

HERE'S THE BEST WAY TO USE CALUMET BAKING POWDER

It's pure in the baking. Calumet never fails to produce the sweetest and most palatable of nourishing foods.

It has more than the ordinary leavening strength. You use less of it. That's one reason it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle Recipe:  
2 1/2 cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 teaspoon salt, 1 1/2 cups milk, 1 tablespoon sugar, 2 tablespoons of melted butter, 2 eggs beaten separately. Then mix in the regular way.

# The Common Fault With Most Cooks is to Use Too Much Shortening

ONE of the most embarrassing things for a housewife is to have her cake turn out "heavy"—or her pie crust "soggy." Not only unsatisfactory to the palate but the cause of many people saying: "Pies give me indigestion"—or "I can't eat pastry."

Yet this is a condition easily avoided. Don't use too much shortening. You use 1/3 to 1/2 less Mazola than you need of either butter or lard—with better results.

If it's pie, Mazola will make the finest, most delicate and easily digested crust you ever tasted. Or if it's cake—both lightness and richness will result from using Mazola.

And being an oil it is always ready for instant use—no tiresome "creaming-in."

This is because Mazola is an absolutely pure vegetable fat from an edible source. It is 100% fat—contains no moisture as is contained in butter and lard.

Once you try Mazola you will prefer it to lard and other shortenings.

## THE MISSES HIPPOPOTAMUS.

"Ah," said the hippopotamus named Miss Murphy, "that is better. I simply cannot stand a draft."

"I can't even endure one when I am sitting down, in addition to being unwell to stand one." Miss Murphy laughed as she thought she had been very funny.

"It isn't because I mean to be funny," she went on. "I don't mean to be funny in the least. I really don't, but I do not feel well when there is a draft upon me and as the keeper knows it, I do it for him. There is a draft he closes the door at my end of the zoo house."

"He keeps the door at the other end open but not at my end. For old Miss Murphy, the hippopotamus, feels a draft. You do, too, Miss Fulton, though you are further away from the door than I am."

"The whole trouble is that if I did get into a draft I would get ill. I couldn't help myself. For a great big creature like I am there is that one thing I'm not strong enough to stand."

"I'm not, either," said the keeper. "But as you say, I am further from the door. My, but I haven't much use for anyone or anything. Even talking annoys me."

"You have a bad face, Miss Fulton," said Miss Murphy. "You are a bad hippopotamus. You aren't like me. Now I do not mind this world, or the keeper, or his people."

"I'm not in love with them, but you are a cross thing."

"I like to have the people see me and enjoy me. I come up on my platform out of my pool of water and I eat and I take a nap and let them watch me all the time. I put my right hand under water which surprises them and they are very much amused by it."

"He's not a fish," they say, "and yet, see his head under water." I can hear them for my head is not far under."

"I keep just the point of my nostrils up to get the air and they see that after a time."

"Then they say: 'He is breathing the air, but what a funny way he has of sleeping and resting.'"

"That entertains them. It is almost as fine as seeing a show when someone, for I perform and show off all my queer ways."

"Now, Caliph Second, the baby hippopotamus, is in the pool in his home just beyond yours, Miss Fulton. He is a nice hippopotamus and he is a good baby."

"He likes to entertain the people who come to the zoo, too. He likes to have the keeper tell the children that they are older than he is though he is so large. He likes to hear them laugh when they hear that he is a baby!"

"He lets the keeper wash him with the big spray and he does not mind it in the least. He does not budge but stays quiet still."

"In fact he likes it. And often and often he sleeps right through it for he likes to sleep as all babies do!"

"In fact he often goes to sleep when the keeper is going to give him his shower bath, for he knows that that amuses the children to see him asleep when he is getting such a spraying."

"But you are cross, Miss Fulton. You're very cross, indeed, and you've a bad face."

"Ah," said Miss Fulton. "I'm glad I have a bad face. I don't have to explain then that I am bad. Folks seeing me know that. I look as though I were bad. And I don't have to bother to explain to them that I am."

"I like to be cross and a bad old hippopotamus. I don't care to entertain the crowds who come to the zoo. I am quite different from the rest of you quite different!"

## ITALIAN CREW STRIKES RATHER THAN TAKE BATH

Bailing of Health Officers at Constantinople Precipitates Industrial Trouble on Ship

CONSTANTINOPLE, (AP)—The crew of the Italian steamer Polakya went on strike upon the arrival of the ship here the other day because the health officers insisted that they should take a bath before landing, as steamer passengers must do. The crew refused to bath unless the first-class passengers should be compelled to go swimming. The strike ended when first-class passengers agreed to this.

Crew, steamer and first-class passengers all entered the hospital taking sea baths upon returning to the ship which proceeded to Naples.

## Cost of Producing a Diamond.

To produce a diamond in the rough costs approximately \$7 a karat, according to estimates of various students of the diamond industry. If this diamond properly cut were sold at \$30, it would net a good profit. In the South African mines it is said the diamonds are distributed so evenly that 100 tons of the rough cut yields about 100 karats of diamonds. The production cost of a five-karat diamond is \$35. If it is flawless and of good water it will easily net \$3,500. The supply of diamonds is unlimited. Almost all of the world's supply comes from South Africa and complete control of it lies in the hands of one British concern.

## Trail Pointer.

You can't make your face. Perhaps, if you could, you would make it different; perhaps not. But you can make your voice. You can make it gentle or harsh, you can make it pleasant or quarrelsome, you can make it appealing or repelling. Many a job has been refused because of an unpleasant voice, many a friendship has been broken because of tones that grate harshly on the ear. A "common" voice slams shut the door of many social and business opportunities.—Indianapolis Star.

# TO DARKEN HAIR APPLY SAGE TEA

Look Young—Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is falling, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youth-

ful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hair has disappeared, and after no other application or two your hair becomes beautifully dark, glossy, soft and lustrant.—adv.

Evil Always in Hatred. A man should not allow himself to hate even his enemies, because if you indulge in this passion on some occasions, it will rise of itself in other; if you hate your enemies you will contract such a vicious habit of mind, as by degrees will break out upon those who are your friends, or upon those who are indifferent to you.—Plutarch.

Old Ike says: "Gettin' married's like smokin', yer crazy to try it, but it makes you orful-sick, then yer get the habit and can't keep away from it."

Prospective brides and bridegrooms especially urged to see this one.

MATINEE AND EVENING QUALITY FOTOPLAYS

# GIN FIRE WORK OF INCENDIARIES

### Disorders in Cotton Producing Regions Provoke State Executives Action

**FIRE WORTH, Texas, (AP)—**The cotton gin of G. B. Moore at Parsley, Texas, burned last night. The fire is believed to have been of incendiary origin. The loss is \$6000.

**ATLANTA, Ga., (AP)—**The shooting to death yesterday of a negro guard at a cotton gin, in Arkansas, numerous fires of undetermined origin in which cotton has been destroyed and widespread threats of night riders to burn gins, whose owners ignore warnings to discontinue operations until the simple measures of a price of 40 cents a pound resulted in the issuance of proclamations by Governors Brough of Arkansas and Kilby of Alabama, and statements of their position by Governors Dancy, of Georgia, and Cooper, of South Carolina.

### Asks Legion's Co-operation

Governor Brough upon being advised last night of the shooting of Nora Canale, in Lincoln county, issued a proclamation calling the killing and "lawlessness" in some of our counties growing out of the prevailing low price of cotton. The governor called upon the state adjutant, general and sheriffs to cooperate with the legion in a "military" to use all power at their command to "suppress these night riding outrages." Posts of the American Legion, of Georgia, were urged to cooperate with the authorities.

### Kilby Offers Reward

Governor Kilby of Alabama, offered a \$250 reward for conviction of any person for destruction of property. Governor Dancy of Georgia, stated he would offer the highest possible reward in any case of actual destruction of property.

A statement deploring the acts of "fanatics" was issued by Governor Cooper of South Carolina.

### BUITE BOASTS RADIO CLUB

#### WITTE TWENTY-THREE MEMBERS

**BUTTE, Mont., (AP)—**After ten years of trials, aggravated by local geographical and other conditions, Butte has a radio club of 23 members, two of whom are women, and three high-powered stations capable of sending and receiving messages within a radius of 5000 to 6000 miles. There are also ten smaller instruments, and more than two dozen persons experimenting with spark and coil stations capable of sending and receiving messages within a radius of one and two miles. It is announced that the club membership in the club it is necessary to pass the government amateur wireless test.

### ENORMOUS OIL SUPPLY IS LOCKED UP IN SAND

**EDMONTON, Alta., (AP)—**When the millions of barrels of oil from the oil sands lying to the north of Edmonton has been solved, oil in sufficient quantities to supply the world for 600 years will be released, according to the opinion expressed by Dr. H. M. Tory, principal of the University of Alberta, in the course of an address before the Calgary board of trade recently. The oil fields north of Edmonton, the president of the university believes, contain the greatest body of oil to be found in the world.

### FIRST STRICH HATCHED IN CANADA PROVES LUSTY CHICK

**VANCOUVER, B. C., (AP)—**Jonathan, the first strich chick hatched in Canada, is progressing under the care of Zoo Manager F. Green in Stanley park. It was first believed that the rare and valuable bird would not live and it was taken from its parents and placed in the Green house. Appearance of weakness proved deceptive, for Jonathan quickly whipped the house cat and won a decision over the family spaniel.

### How Do You Get That Way?

A young woman writes to inquire how to tell when she is in love and when it's the weather. She says she cannot always differentiate between the depression that comes from the gloom and the rain, and the tickling of the heart. The two moods are identical so far as she is able to analyze them.—Berkshire Eagle.

**E. E. SHERMAN**  
Republican candidate for Sheriff of Twin Falls County  
Asks your vote on the basis of his pledge of an honest, efficient and impartial administration of the office, based on his reputation for capability and integrity gained in more than twelve years residence in this county.

### VETERAN FENIAN IS DEAD

One of Rescuers of Daniel O'Brien Dies at Age of 85 Years.

**WATERFORD, Ireland, (AP)—**Richard Power, who died here a few weeks ago at the age of 85, was closely identified with the Fenian movement in 1848 and 1867. In the latter year he assisted in the rescue of Daniel O'Brien from Clonmel prison and his escape to America.

When Captain Kelly, who was associated with Allen, Levee, O'Brien, in the Manchester prison tragedy, was a fugitive in England, Richard Power arranged his escape to Waterford in the brig, which he fled to America and the subsequent flight to America.

### EVETS OFF EASY

**CLEVELAND, O., (AP)—**Richard "Bibi" Mansfield, of the Brooklyn Nationals, was fined \$1 and costs in the local court here this morning on a charge of violating the exhibition ticket ordinance. President Neydler of the National league, who was present with Merquardt, stated that as the violation was merely technical, he would take no further action in the matter.

### ROYAL NORTHWEST POLICE VETERAN OFFICER IS DEAD

**WINNIPEG, (AP)—**Staff Sergeant Walter Walters, better known as "Poppy" Walters, for 30 years a member of the Royal Northwest Mounted police, as well as a radio operator in the United States, is dead. He died at the Old Folks home here, aged 74.

"Poppy" Walters had a checkered career, said Colonel Knight, speaking of the National league, who was present with Merquardt, stated that as the violation was merely technical, he would take no further action in the matter.

### FUGITIVE BOOTLEGGER BURNS BRIDGE TO HALT PURSUERS

**CILDORF, Mont., (AP)—**Pursued by the officers, who were gaining steadily, an alleged bootlegger stopped and set fire to the county bridge crossing the Milk river at Blampton, destroying it, according to word received here.

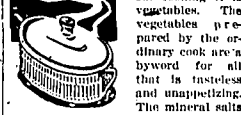

The fire will inconvenience greatly the farmers in that section, who will have to drive 50 miles out of their way with their grain, as the bridge cannot be replaced this fall.

## The KITCHEN CABINET

If thou hast friends give them 'thy best endeavor'—Thy warmest impulse and thy purest thought. Keeping in mind word and action—over—The time is short.—Elizabeth Prentiss.

### GOOD DISHES FOR THE FAMILY

If there is one article of our diet which more than another needs careful cooking it is vegetables. The vegetables prepared by the ordinary cook are a byword for all that is tasteless and unappetizing. The mineral salts which we need to keep up the body functions are largely thrown down the kitchen sink when draining the vegetables. Holding any vegetable in water is not the best method, for its nutriment is largely washed in the water in which it is cooked. Straining, cooking in casserole or paper bag goes away with this waste.

**Irish Stew.**—Cut up two or three pounds of potatoes into serving-sized pieces, leaving very little fat. Season well with salt and pepper and add six good-sized onions peeled and duly chopped, two pounds of potatoes peeled and sliced thin. Add a bunch of herbs, parsley, savory or any combination liked. Add a cupful of hot water and bake in a covered casserole for an hour or longer.

**Sheep kidneys.**—Skin the kidneys, split and place on a platter with a small piece of bacon between each. Season to taste and place across a dripping pan in a hot oven to bake until the bacon is well done.

**Eggs a la Bechamel.**—Cook four eggs in the shell until hard. Drop them into cold water, shell and cut them in halves. Butter a baking dish, add the eggs with a half cupful of cream, pepper and salt to taste with a thin dust of powdered mace. Bake in 'hot oven ten minutes.

**Chicken a la Reine.**—Clean, dress and truss a fowl as for roasting. Rub it well with a cut onion. Place it in a baking pan with a half cupful of good stock, add a sprig of parsley, a bay leaf, a blade of mace and three spring onions tied together. Add a half-cupful of cooked rice and let it cook slowly in a moderate oven until the fowl is cooked. Remove the herbs and onions and serve with the broth slightly thickened.

*Nellie Maxwell*

### TWO DIE AT WINE PARTY

Council Bluffs Host First to Succumb from Effects of Poison

**COUNCIL BLUFFS, Ia., (AP)—**Two people died here early this morning from poison in some form, taken during a wine party at the home of J. E. McPherson. McPherson was the first to die and his death was quickly followed by that of Ross McColly. It is reported there are six others dead, but owing to the confusion and excitement following the deaths of McPherson and McCoy and the hurried departure of the guests, the authorities have been unable to verify this report.

### SOVIET ORDERS ELDERLY MEN TO MOBILIZATION CAMPS

**PARIS, (AP)—**The mobilization of Russian citizens born in 1890, 1887 and 1888 is ordered in a decree issued by the soviets, according to a wireless message picked up Monday.

50 Suits Boys' Clothing, ages 5 to 10 years at \$10.00 per suit; also men's leather and sheep-lined coats and vests, way down. 251 Main East. S. S. Ann.—adv.

### Listen to Friend's Admonition.

It is a strange thing to behold what gross errors and extreme absurdities many, especially of the greater sort, do commit for want of a friend to tell them of the great damage both to their fame and fortune. For as St. James said, they are as men that look sometimes into a glass and presently forget their own shape and favor. The best thing for any man is the admonition of a friend.—Bacon.

## Wright's A GOOD PLACE TO TRADE

## Tuesday and Wednesday Sales

Here are thirty real honest to goodness bargains for Tuesday and Wednesday selling. People who are looking for real bargains need not look further — the usual good Wright value prevails throughout. Don't fail to visit these sales.

- PERCOLATOR** Large seven cup percolator "Quality Brand," made of heavy aluminum. Tuesday and Wednesday \$1.95
- DOUBLE BOILER** Good size double boiler of extra heavy aluminum. Either of the two come in handy at all times. Regular \$2.50 value. Tuesday and Wednesday \$1.08
- TEAPOT** "Quality Brand" teapot, a very attractive teapot of medium weight aluminum. Our regular price is \$1.65
- PRESERVING KETTLE** A quart preserving kettle with lid. "Quality Brand." A very useful pan for the kitchen. Special \$1.95
- PIE TINS** "Mirro" pie tins. These tins are guaranteed and if not satisfactory we will replace them. Special 2 for \$1.00
- MESSALINES** Think of buying all silk Messalines—in the shades that are so keenly wanted. Messalines 40 in. wide—the kind that has been \$2.50. There will be plenty of it for those who come first. \$2.00 Messalines are now \$1.50
- TRICOLETTE** We simply cannot tell about this Tricolette. You must see it. The weave is so much finer, the lustre so much better. It is the quality that has been offered at \$7.00. All silk—a yard wide—wanted shades \$3.96
- BRASSIERS** Mueelin, lace-trimmed brassiers, values up to \$1.25. Some are slightly soiled. Only a few left. \$1.00
- RUBBERS** Olds and ends of rubbers. Women's, misses' and children's. Preparation for wet weather. \$1.00
- GLOVES** We have fifty pairs of kid gloves in black, brown and white. Of quality equal to gloves being sold at \$4.50. Special \$2.95
- CORSETS** Come to have your daughter fit with her first corset. Our corsetiers are experienced. Warner's corsets are guaranteed. \$1.95
- ANGEL FOOD CAKE TIN** A heavy angel food cake tin of heavy "Mirro" aluminum. We sell these regularly for 75c. They are worth it. 75c
- SAUCE PAN** A 2-quart sauce pan of "Mirro" aluminum. The quality is good and they are guaranteed to wear. Special \$1.00
- COMBINATION FUNNEL** One cannot be without them. A combination funnel, sieve, cup and strainer. Ask to see them. 50c
- BLANKETS** A cotton blanket, 64x72, made of heavy soft cotton. There are whites, grays and tans. A real blanket at a real price. \$2.25
- TOMATOES** You may have giant large cans of well processed Utah tomatoes carefully selected. Tuesday and Wednesday, 8 for \$1.00
- OUTING FLANNEL** 40c Outing Flannel, in light, dark and medium colors. Good weight for quilts, night dresses, etc. 21c
- APRON GINGHAM** In all of the well known checks and stripes. 32 inches wide. Regular price 25c. Tuesday and Wednesday 21c
- KRINKLE CREPE** A pure white material used for making dainty underwear. It laundered well. Sells regularly for 60c. The yard 45c
- CHALLIES** The newest pattern in yard-wide outing challies. For quilts, comforts, etc. Regular 39c. The yard... 27c
- DEVONSHIRE** One yard wide. Past colors and of wearing qualities that cannot be exceeded. None reserved. Regular 51c and 60c 45c
- PONGEE** Good fortune brings 200 yards more of this wonderful pongee. Genuine Japanese—free of "filling." Comes from the Llanilly, thick, rich, lustrous. Use it for underwear, for girls' dresses, men's shirts. Really cheaper than cotton. The \$2 value \$1.00
- CHILDREN'S HOSE** Good durable black hose for children. All sizes. Tuesday and Wednesday only 10c
- WAISTS** Every waist in stock has arrived within the last sixty days. We bought them after the drop in silks and without doubt they are excellent values. Just think, brand new spick and span models in crepe de chine, pongee and georgette, \$5.95 and \$5.00
- WOOL BATS** 100 per cent pure wool bats. A 2-pound batt of the finest combed wool. Used by the U. S. government. Regular \$4.25. Tuesday \$3.95 Wednesday only
- PAINTED SATENS** One yard wide, heavy figured satens of exceptional quality. The very thing for coat suits, coats, etc. \$2.50

**WORDS OR PRINCIPLE?**

President Wilson seems to have aban-  
 doned his absurd position of offering  
 in effect, to about a thousand votes, more  
 or less, in Missouri that Senator Spene-  
 cer and not the President is a liar.

He seems to have given considera-  
 tion, in this instance at least, to the  
 advice of Senator Reed, and when  
 driven into an uncomfortable corner,  
 has made public what is purported to  
 be an "official version" of his address  
 at the eighth plenary session at the  
 peace conference in which, Senator  
 Spence and others charged, he had  
 promised Rumania and Serbia that "if  
 any nation ever invaded their territory  
 he would send the American army across  
 the seas to defend their boundaries  
 lines."

There is no good reason why the  
 President should have elected to say  
 having uttered a statement to this ef-  
 fect (since, something like thirteen  
 months ago he admitted to Senator  
 Knox that in case of the invasion of  
 territory of a member of the league,  
 the United States could be under the  
 MOST COMPELLING MORAL OBLI-  
 GATION to send troops to its defense  
 if such course were deemed desirable  
 by the administration of the league  
 if this were not the case, then it plain  
 to be seen that the covenant of the  
 league is not worth the paper it is writ-  
 ten on so far as the guarantee is to  
 territorial integrity and political inde-  
 pendence is concerned.

However, the President elected to  
 braud as false the statement to this ef-  
 fect attributed to him, and in support of  
 his denial he comes to be contrasted  
 with the quotation which he denies  
 another quotation which he says is to  
 be a file to the effect that so far as Ru-  
 mania and Serbia were concerned there  
 existed only expectation on their part  
 that American military assistance would  
 be lent to defend their territories  
 against invasion.

The President's case might have been  
 decided in his favor before the bar of  
 public opinion and without recourse to  
 his proposal for a referendum in Mis-  
 souri, if the "official version" had  
 been confined to this one except. But  
 it was not, and a little farther along he  
 find this statement:

"And back of that lies this funda-  
 mental important fact that when the  
 decisions are made, the allied  
 and associated powers guarantee  
 to maintain them." \* \* \* And,

Therefore, we must not close our  
 eyes to the fact that in the last  
 analysis the military and naval  
 strength of the great powers will  
 be the final guarantor of the peace  
 of the world."

That is the statement which Presi-  
 dent Wilson endorses as his own words  
 uttered at the peace conference. And  
 this is the statement attributed to him  
 on that occasion and quoted by Sena-  
 tor Spence, which the President de-  
 clares is false:

"You must not forget that it is  
 force that is the final guarantor of  
 the peace of the world? If the  
 world is again troubled the United  
 States will send to this side of the  
 ocean their army and their navy." If  
 the President did not actually say  
 what is attributed to him, his own ad-  
 missions make it plain that he implied  
 it, and anyone who has perused even  
 casually the text of the covenant of  
 the league of nations will understand  
 that the course outlined in the state-  
 ment attributed to the President is the  
 only course that could make of the  
 league what it is represented by its  
 proponents to be.

**DON'T "THROW THE GAME"**

The nation was shocked a few days  
 ago by revelations of wholesale corrup-  
 tion in what had been one of its most  
 highly respected baseball teams. That  
 some of the most famous players on the  
 "diamond" have "accepted" money to  
 "throw the game" was a startling re-  
 velation not alone of man's inherent  
 weakness, but of the tremendous tempta-  
 tions that he is called upon to with-  
 stand.

They are all about us, these tempta-  
 tions—petty and powerful, subtle and  
 open, sly and arrogant. Not only  
 baseball players are called upon to face  
 them. Every day, everywhere, they  
 are whispering into men's minds the  
 "poisoned lure" to "throw the game."  
 Discontent, Misunderstanding, Dis-  
 appointment, Jealousy, Selfishness,  
 Greed—these are the temptations that  
 pierce their career growth into the  
 souls of men in high places and low.  
 These are the temptations that urge a  
 man, in a moment of anger, of chagrin,  
 or despair, or carelessness, to "throw  
 the game."

A sales clerk who piqued by a reprimand, rebuffs a customer and turns a  
 friend of the store into an enemy,  
 "throws the game."

The mill hand who, resentful of a  
 grievance, real or fancied, stands by  
 while the output of hours of toil is de-  
 stroyed, "throws the game."

The men everywhere, anytime, who  
 knock the efforts of his colleagues, the  
 purpose of his employer, the integrity of  
 their establishment, like Eddie Cicotte,  
 "throws the game."

The man who speaks of his family  
 with criticism and disparagement, in-  
 stead of with respect and pride,  
 "throws the game."

The man who fails always to do his  
 best, to keep faith with all that is true  
 and noble, to play his part with heart  
 and soul, that man "throws the game."

The man who throws the game cheats  
 not only his employer. He cheats his  
 associates, he cheats the public, and  
 above all, he cheats himself. He sells  
 his immortal soul for a mundane, fleet-  
 ing price.

**Improve Your Digestion.**  
 If you have weak digestion, eat sparingly  
 of meats, let at least five hours  
 elapse between meals, eat nothing be-  
 tween meals. Drink an abundance of  
 water. Take one of Chamberlain's  
 Tablets immediately after supper. Do  
 this and you will improve your diges-  
 tion.—adv.

BREAK GROUND FOR NEW TUNNEL UNDER HUDSON

State, County and Municipal Officials of New York and New Jersey Gather for Ceremonies in Manhattan

NEW YORK, (AP)—Construction of a vehicular tunnel under the Hudson river between New York and Jersey City starts today with the breaking of ground for the tube's big air shaft.

Engineers expect to complete the structure by 1924. The cost estimates at \$29,000,000, to be borne equally by the two states.

Continued congestion at the ferries between New York and New Jersey prompts the belief of tunnel engineers that 5,000,000 motor and horse-drawn conveyances will use the tube in 1924, with traffic showing a steady increase.

Four driveways in each direction will be provided. A sidewalk, two feet in width, also is planned. The tunnel, comprising twin cast-iron tubes each with an external diameter of 20 feet, will be 1,000 feet long.

Traffic blockades, now common on ferries, would be precluded by providing at each end of the tube derricks equipped trucks to start stalled automobiles in tow.

Ventilation to rid the tunnel of carbon monoxide from automobiles exhausts will be furnished by four large shafts and also by an air duct under the roadway and an exhaust above.

LANDRU SAYS INNOCENT NEVER DESTROY SELVES

French Bluebeard Disavows Intention to Emulate Lord Mayor on Hunger Strike

PARIS, (AP)—Henri Landru, who is shortly to be placed on trial on the charges growing out of the disappearance of five women to whom he had promised marriage and who has acquired quite a reputation as a dry wit since his incarceration 18 months ago, showed deep interest in the health of the mayor of New York, Terence MacSwiney, on a hunger strike in a British prison.

Every morning he inquired of the jailer whether MacSwiney were still alive. For a few days Landru showed a strong disinclination to partake of the usual prison fare.

JOURNEY TO COUNTY SEAT TAKES TWO WEEKS TIME MILES CITY, Mont. (AP)—Although Haxby, an isolated town in the extreme northeastern part of Garfield county, is only 55 miles from Jordan, the county seat, it takes a latter two weeks to make the round trip between the two places.

This is the itinerary: From Haxby to Liggins by rail, wait at Liggins three or four days for a train to Glasgow by train from Glasgow to Miles City, 400 miles, and thence by stage to Jordan.

Got Her Good Health Out of a Bottle Mrs. Edward Rainfurther, Washburn, Ind., says she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets.—adv.

SPORTS

(Continued from Page Three.)

game. This Old Timers organization was formed about a year ago and its membership is limited only to those persons who played in or saw that memorable game fifty years ago. There are about a thousand members scattered all over the country.

Looks now as though Earl Sheely is securely set in his position as leader of the coast batting averages. The Salt Lake star king added a few extra points to his average in the past week, bringing his average up from .385 to .373.

GREAT HORSES CHAMP BITS AT WINDSOR TRACK

Man o' War and Sir Barton, the Champions of Turf, Await Starter's Signal

WINDSOR, Ont. (AP)—Overcast skies and a blinding drifting fog greeted the thousands gathered here today for the match race between Man o' War champion of the 3-year-olds, and Sir Barton, the greatest 4-year-old in training.

At Kenilworth Jockey club track however, no rain has fallen, and shortly before noon workmen finished grooming the sand dry track which holds promise of record speed this afternoon.

The race was expected to start shortly after 3 p. m., eastern standard time.

WILL DETERMINE TRUE WORTH OF GEO. CARPENTIER

Tonight's Box Fight Against Levinsky Regarded as Try Out for Frenchman

JERSEY CITY, N. J. (AP)—Georges Carpentier, French war hero and European heavyweight champion, tonight will engage in a 12-round bout with Battling Levinsky, American light heavyweight, at the Garden Hotel.

START 300 MILE RACE

NORTHFIELD, Vt. (AP)—Twenty-five of the 27 thoroughbred horses that started yesterday in the 300-mile race from Fort Ethan Allen to Camp Devens, resumed the long trail today. All were in excellent condition and many of them, particularly Rania, winner of the 1919 race, and King Fisher, second, made a suitable margin for the road.

CABBY GETS DECISION

SALT LAKE CITY, (AP)—Henry Cabby, Tacoma, Wash., lightweight, lost a referee's decision to Pat Gilbert of Salt Lake in six fast rounds here last night. Gilbert went down for the count of nine in the first round.

# MOOT MATTERS PLAGUE COUNCIL

### City Administration is Haunted by Ghosts of Old Affairs, with Some New

The municipal coteries of master minds last night played hob with time but there was a reason. About every perplexity to be thought of bobbed up during the hebdomadal session to haunt and plague the town legislators. The meeting started on schedule time, and ended long after the witching hour had struck.

To the lady and the press representatives the conference was wondrous and, perhaps, nugatory, but the things that presented themselves for consideration would have to be considered most dignified of some high authority, and the members of the administrative board preferred to do the battles of the day to an ultimate conclusion as the issues were forced upon the council and this resulted out of the most profic of council sessions of the year. The press had emptied before the administrative stalls were cleared by adjournment.

#### Close Application.

Not such a fearful lot of business was transacted but such was accomplished of a nature that got long contemplation. For instance there were matters relating to methods to be employed in making up assessment rolls for contemplated new paving program. Such a matter could not be passed over lightly for fear of repeating the mistake of last year when only a cursory survey of the intersection paving cost resulted in a serious error in computing expense and a consequent deficit in the fund for that purpose. A. L. Swim, representing a bond-holding house appeared before the council for information pertaining to the summer of bonds prepared to authorize at the coming bond election in November. Mr. Swim's visit had to do mostly with a proposal pertaining to a legal opinion on the bonds.

#### Wants Street Closed.

Allert J. Bennett asked for the closing of the southern end of Main street in the vicinity of Eighth avenue. Since the property in question has never been required for thoroughfare purposes and is, according to city authorities, nothing but a junkyard, less rock pile, the municipal governore looked with some favor upon the request but will make a personal survey of the premises during the week in order to be able to intelligently act at the next meeting of the administration. The Bennett want to use the property for commercial purposes. A representative of the Ketchum Calculating Machine company consumed 60 minutes of the session demonstrating a thingumbob that obscures the brain efficiency of man as a calculating medium. The machine which is to be taken subject to 60 days trial and costs \$300, calculates forwards and backwards, and, unlike manual, is not "open to error."

#### Parking Plan Discussed.

Some more or less curiously considered was given the proposal revisited traffic ordinance, but after mature deliberation it was decided by the council to continue receiving suggestions from drivers and public safety experts and thus plan an ordinance that can be presented to the next state legislature for adoption all over the state making a plan that is at once applicable in the cities, towns, villages, communities and on country roads. Twin Falls city administrators last night expressed favor toward the abolition of the center of the street parking plan as in vogue on Main avenue, and it is probable that this feature will be adopted before the entire ordinance, as a modification of the present city traffic law.

#### Sorenson & Robinson, concrete contractors, submitted a first estimate of work completed in the construction of city sidewalks. The amount of the statement is \$5018.28, of which 10 percent is to be withheld as a guarantee of good work.

#### BOYS BROUGHT BACK.

Albert Middleton, Albert Jensen and James Waltman, Twin Falls boys 13 and 14 years of age, have been restored to the care of their parents after an absence of several days from home. The lads ran away Thursday evening during the hilarious turmoil connected with the carnival, and were picked up at Murtaugh yesterday morning. They declare they merely went for a stroll and wandered too far away from home.

#### Financial Loss Due to Cold.

It is estimated that this average man loses three days time each year from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by its cure of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief which it affords—adv.

# LEGION IS FIXED FOR ANOTHER BIG SOIREE

### Concert Orchestra and Good Dance Program to Feature Fortnightly Dance

Plans have been completed by the dance arrangements committee of Twin Falls post, No. 7, American Legion, for another big fortnightly dance to be given in the Lavender ball building Wednesday night.

Besides one of the best dance programs scheduled the legion committee will present the musical entertainment of the Lauleta Concert company for this occasion. All receipts will be applied to the Lavender ball building fund. The dance is being looked after by Ray Brown, Paul Taber and H. J. Benoit.

# HARRISON LOSES IN BOOZE TRADE

### Trades Auto for "Moonshine" and Tells Court in Jones Case He Was Bilked

In the probate court this morning Porter Harrison, a Twin Falls young man who has been more or less under scrutiny of the police and sheriff's departments for some period, gave evidence regarding the case interested in the handling of contraband liquor. The testimony is said to have been voluntarily given in an effort to implicate Oliver Jones in alleged bootlegging.

#### Jones Held for Trial.

Harrison was cited as a witness against Jones who was arrested with Robert Snow last Saturday by Sheriff A. N. Sprague and Policeman Austin, the former on charge of illegally possessing and distributing liquor and the latter on charge of carrying a deadly weapon. The latter case was dismissed in the probate court yesterday morning. Jones was arraigned on the charge of bootlegging this morning and held to the district court for trial. His bonds have been fixed at \$500 cash, or \$1000 personal.

#### Gives Testimony.

Harrison's connection with the case attached a new angle to the general charge, suggesting that although the legal authorities express the conviction that such a charge could not be made to prevail in court action, Harrison, it is said, admitted in court that he had been carrying a quantity of moonshine whiskey. Harrison claims he agreed to trade a Buick radiator automobile for the entire stock and the deal was agreed to some time ago. The car was taken to the Hegler place where Harrison was shown six gallon jugs containing the "hooch," jug of which Harrison took immediate possession of, leaving the remainder to be recovered later. The car was delivered immediately, and is still in Jones' possession. Harrison is alleged to have stated that when he returned to the real western "moonshine hooch."

# Personals

T. D. Conner was among the Filer visitors in Twin Falls yesterday.

#### REMOVAL ANNOUNCEMENT

Dr. W. M. Fisher, Jr., Dentist, announces the removal of his office to Smith-Rice Bldg., over United Store. Reception room with Twin Falls Clinic. Office phone 135; res. phone 733W—adv.

# LESTER STEVENS IS AGAIN FOUND GUILTY

### Twin Falls Man Is Lodged Behind Bars at Jerome for Bootlegging.

Lester W. Stevens, of 461 Third avenue north, Twin Falls, is a prisoner in the county jail at Jerome. He was tried in the district court at that place yesterday on charge of "bootlegging," and convicted. The judge imposed a sentence of 30 days in jail with a fine of \$100.

Stevens was taken from the county jail at Twin Falls last Friday on a bench warrant from the Jerome county court. He has served about 30 days of a 90-day term in the local jail for a similar offense and will resume the servitude when the Jerome authorities release him.

It is probable that the prisoner will be tried in the municipal court here on charge of retaining an officer when his sentence in the Twin Falls county jail is complete. Stevens, it is said, sought a police officer when the latter was attempting to arrest him on charge of drunkenness some two months ago. He was fined in the probate court and gave promise that he would leave town within a few days. He failed to comply with the terms of the sentence and was ordered to jail for 30 days.

# Local Brevities

#### Making Overland Trip.—Mr. and Mrs. W. Johnson left this morning by automobile for Los Angeles, Cal., for a visit of two or three weeks.

#### Returns Home.—H. J. Friedman left Monday morning for Savannah, Georgia, after a week with his parents, Mr. and Mrs. Louis Friedman.

#### Make a Move.—Mr. and Mrs. George E. Encher have moved to the Reed apartments at the corner of Ninth east and Shoshone.

#### Gone to Beauxburg.—Dr. T. O. Boyd left this morning for Beauxburg, where he will address a meeting of the medical society of the northwestern part of the state this evening. Dr. Boyd will return Wednesday.

#### Conclude Visit.—Mr. and Mrs. J. H. Sprague of San Antonio, Texas, who have been guests at the home of Mr. and Mrs. George P. Sprague for the past week left Monday evening for a visit in California.

#### Week-end Guests.—Mr. and Mrs. Marshall P. Browne, 189 Adams street, had as their week-end guests, Mr. and Mrs. Charles Beardsley of Coeur d'Alene, Wash. who were married in that city on Wednesday of last week and are now en route to the groom's former home in Wisconsin. Mr. Beardsley and Mr. Browne have been friends since boyhood.

#### Initiation Tonight.—Twin Falls chapter, O. E. S., tonight will conduct an initiatory meeting in Masonic temple.

#### Many Actions Filed.—Both the sheriff and county clerks yesterday filed numerous criminal filings and activities for the past quarter. A total of 182 actions was filed for trial in court.

#### Enlists in Navy.—David Deau, a Buhl youth, yesterday enlisted at the local naval recruiting station as fireman, third class, for the merchant marine school, located at Hampton Roads, Va. Upon passing examinations at Salt Lake he will go directly to Hampton Roads for training and instruction in the merchant marine.

#### Install Officers.—At a meeting of the local lodge, Knights of Columbus, held in McCormick hall last night, the following officers were installed for the ensuing year: John Thometz, grand knight; George Teis, deputy grand knight; J. W. Wheeling, chancellor; Frank Thometz, recording secretary; Thomas Breunan, touring secretary; George Thometz, warden; M. A. Thometz, advocate; W. H. Masauely, inside guard; Herman Gleis, outside guard.

#### WANTS CITY AID.

H. C. Deane, representing the Stevens Gas and Oil company, last night presented a proposal to the city council urging that the city assist with financial and moral aid in the drilling of an exploration well near Twin Falls. The well, it was explained, is planned to provide this city with an arlesian supply of water as an auxiliary and emergency source in case of disaster to the present supply. No definite action was taken.

# COMMISSIONERS HEAR STATISTICAL TESTIMONY

### Murtaugh Irrigation District Petition Being Considered

A hearing of contentions in the Murtaugh irrigation district application, opened before the county commissioners yesterday afternoon at the courthouse, was adjourned at 11 o'clock this morning until later in the day. Adjournment was ordered to provide consulting parties to assemble more data to be presented at the hearing.

An attempt is being made to bring Harry Dibble, United States reclamation engineer of Burley, and W. G. Swenson, state reclamation commissioner, to Twin Falls for the hearing. Much statistical data has been presented in the case, and it is expected a case more will be presented before the hearing is complete. The state department has sent out a general statement of findings in connection with the application, which was read first thing this morning's session. It is a plan to irrigate 40,000 acres if the plan is found feasible.

# Social Notes

Edited by Mrs. E. B. Williams Telephone 396

Mrs. T. P. Warner will entertain the Woman's club at her home on Eighth avenue east tomorrow afternoon.

The Wednesday Bridge club will meet this week at the home of Mrs. Wilbur Hill.

Ladies of the G. A. R. will hold a social meeting at the home of Mrs. J. C. Yehoon, 942 Fourth avenue east tomorrow afternoon.

Twin Falls Temple No. 21 will hold their regular meeting Thursday afternoon, October 14, at 2:30 in T. O. O. P. hall, instead of on Friday as originally planned.

The Monday Reading club met at the home of Mrs. Burton E. Morse yesterday evening, October 9. The Rev. Father Remi S. Keyser officiating. They were attended by Miss Gertrude Owens and Walter Owens, sister and brother of the bride, only immediate relatives witnesses the ceremony, following which a wedding dinner was served at the Hotel Rogerson. The young couple will reside on the groom's farm near Murtaugh.

The initial meeting for the season of the Daughters of the American Revolution was held at the home of Mrs. J. E. McCreedy yesterday afternoon. After the reading of the ritual Mrs. P. W. McRoberts had charge of the program, the subject being "After War Conditions." The talk being given by Mrs. Mary Y. Norton, Mrs. Kennedy Peckard and Mrs. John E. White along that line. The talk given by Mrs. White was especially timely, many points being made to show that much of the present condition is due not to after-war effects

# CITY MAY TAKE OVER BASEBALL HOLDINGS

### Recreational Site Is Offered Municipality by Association Officers.

Twin Falls, as a municipality, may become possessor of the Twin Falls Athletic association's baseball park before long. The property has been offered to the city for \$500. If a clear title is presented the administration may decide to take the enclosure over for park and recreational purposes.

The offer of sale was made last night at the regular meeting of the city council when a coterie of officers and directors of the association appeared with the offer. J. N. Clark made the official speech. Those appearing with Mr. Clark, who is president of the association, were: Charles Macaulay, secretary-treasurer; R. W. Jones, vice president; C. J. Hahn, W. P. Guthrie, E. D. Williams, G. E. Booth.

Spokesman Clark explained that the affairs of the association are not in satisfactory condition to warrant carrying on a baseball project, and the conclusion had been reached to let the city have the property at first cost. The matter will be definitely decided at a future meeting when all members of the council are present.

# LILLIAN BURSILL ADDRESSES REPUBLICAN WOMEN OF IOWA

DES MOINES, Ia., (AP)—Republican women of Des Moines and vicinity were addressed by Lillian Bursill at a noon meeting today. The principal address of the speaker's visit will be this evening.

but to the greed of the moneyed interests throughout the country. The D. A. R. are to take up the subject of "Americanization" and one of the practical methods will be the establishment of night schools throughout the country.

At the close of the afternoon the hostess, aided by Mrs. M. P. Gamble and Mrs. Arthur Scott, served coffee, ice cream and cake.

### UNCLE JOE CANNON SUFFERS FROM FRACTURE OF WRIST

DANVILLE, Ill., (AP)—Congressman Joseph G. Cannon, 84, suffered considerable pain last night from the fracture of one of the bones of his left wrist Sunday night at his home here. The injury was received when he stepped on a piece of coal in the bathroom and fell on his arm.

America was discovered 428 years ago today. How time flies!
