MONARCHY REPLACES REPUBLIC IN CHINA, SAYS ZELLGOWSKI'S Emulation of d'Annunzio Plagues League

TAKES POLES TO TASK FOR MOVE UPON LITHUANIA

Super-Government Voices Disapproval of Occupation of Vilna; Charges Paderewski's Pledge Violated

LONDON, (AP)—The league of nations has sent a telegram to Colonel Chodkiewicz at Kovno, who is in charge of the league of nations commission there, asking him to report fully on the Vilna situation and as to what treatment the members of the commission have been given and promising him the support of the league.

The Poles unofficially have been informed that the league considered the Vilna situation extremely grave and a violation of former Premier Paderewski's statement at the Paris meeting of the league council that the integrity of Lithuania would be respected.

The case will be considered at the Brussels meeting of the council October 20.

ZELLGOWSKI IS CONFIDENT OF SUPPORT OF POLAND

WARSAW, (AP)—Proposals that the frontier between northern and central Lithuania be defined by a plebiscite have been sent to the Lithuanian government at Kovno by General Zeligowski, commander of Polish Lithuanian troops, which late last week occupied Vilna.

General Zeligowski's demand upon Poland for assistance and the recognition of the new state ended with an expression of confidence that Poland would sustain him. The message said: "Although Poland is bound to support foreign principles and cannot realize the political plans framed by General Zeligowski, we cannot remain in a country under the illegal sovereignty of the Russian government, coexisting with the Russian soviet. Therefore, our soldiers have taken possession of the country. We are sure Poland sustains our action."

The new national flag, of blue and white, has been hoisted on the Vilna guild hall where General Zeligowski and the governmental commission are making their headquarters.

FRENCH OFFICERS AT WARSAW WOULD EXONERATE POLAND

PARIS, (AP)—Reports from French officers at Warsaw and advices from other sources, it is said at the foreign office, indicate clearly that the Polish government was entirely ignorant of General Zeligowski's plan to seize Vilna.

AUTHORITIES TO BRING PASQUALE TO JUSTICE

Case of Self-Confessed Kidnap-er and Slayer of Coughlin Baby is Problem

PHILADELPHIA, (AP)—Satisfied that the mystery surrounding the kidnapping on June 2, of Blakely Coughlin, the 13 months old son of George H. Coughlin, of Norristown, has been cleared up by the confession of William Pasquale, the authorities today began preparation of their case against "the crank" for presentation to the Montgomery county court.

Mr. Coughlin also said he felt the case had been cleared up. "I am very much relieved, now that the tension is broken," he declared. "The suspense of living the rest of my life without the sure knowledge of the fate of my baby is now settled. I am glad it is over."

Although Pasquale, according to Major Lynn G. Adams, head of the state police, confessed that he snatched the child while making his escape with it under his coat and threw the body in the Schuylkill river, legal authorities here today said he could not be tried on the charge of murder because of the absence of proof "corpus delicti" or "body of the crime." A confession, they declared, could not be introduced in evidence until the "corpus delicti" has been shown.

Reparations Meet Goes to Brussels Instead of Geneva

LONDON, (AP)—A proposed conference on reparations at Geneva will not be held, according to statements in well-informed quarters here. This decision is attributed to the success which attended negotiations conducted by Premier De la Croix of Belgium while in this city, it being reported that he will arrange with Premier Lloyd George and French diplomats for a meeting at Brussels of reparations commissioners soon.

Instead of acting as a formal reparations commission, the body will examine questions as experts and report the results of their deliberations to their respective governments, which then can make their own arrangements as to future action. The commissioners will hear explanations of German proposals from representatives of the Berlin government who will be invited to attend.

WEATHER BUREAU WARNS OF COMING COLD SNAP

Indications Point to Early End of the Warm Spell in North and Middle Sections

WASHINGTON, D. C., (AP)—Warning of another cold snap in the north and middle sections of the country within a few days was given today by the weather bureau in a special bulletin which said:

"The indications at this time are that the prolonged spell of exceptionally fine weather over the middle west and western states will shortly end. A disturbance of widespread influence is moving east-southeastward along the southern Atlantic coast and its influence will be felt on the Washington and Oregon coast within the next 21 to 36 hours, where it will be attended by rains and gales. It will cross the middle west at the end of the week attended by unsettled weather and rain and with a probability of heavy snows in the northwest.

Following this disturbance the temperature will fall and the coldest weather of the season up to this time will prevail generally in the northern and middle sections of the country."

COLORADO COUNTY GIVES DAY OF ROAD BUILDING

IDAHO SPRINGS, Colo., (AP)—All schools and business houses in Clear Creek county were closed Tuesday and 1,000 men and boys and 200 women and girls spent the day working on the Lake Lake road making it passable for automobiles. This road will connect Idaho Springs with the new Mount Evans highway.

UPHOLDS MINIMUM WAGE

AUSTIN, Texas, (AP)—The Texas minimum wage law providing for an industrial welfare commission to fix the minimum compensation to be paid women and minors in various industries of Texas was upheld by the Texas court of criminal appeals today.

JAPAN TO URGE JOINT ACTION AGAINST REDS

Announcement of Proposal is Coincident with Advices of Increase in Expeditionary Forces

TOKYO, (AP)—Japan will propose to the powers joint action to check the rise of Bolshevism on the Asiatic continent, especially in northern China, the Kookmin Shinbun, mouthpiece of the Japanese military groups, declares in an article today. Coincidentally it asserts Japan will increase to a division, or at least part of a division, the expeditionary force she recently sent to southern Manchuria after it had been received of the handi activities along the Manchurian-Korean border.

GREEK KING'S ILLNESS ENTERS CRITICAL STAGE

Physicians Rely on Strong Constitution to Bring Alexander Through

ATHENS, (AP)—The condition this morning of King Alexander of Greece who lay here for several days, the result of the bite of a snake, was given in the bulletin of his physicians issued during the morning, as follows:

"The king was again seized with a shivering fit at 8 o'clock last evening. This, however, did not last as long as the previous days seizure. His temperature at 11 p. m. was 104.3 centigrade (209.7 Fahrenheit), becoming lower without the use of drugs and reaching 100 Fahrenheit at 8 o'clock this morning. This general condition was unchanged."

An Athens dispatch giving slight later information than that contained in the detailed bulletin quoted in the foregoing was received in this country Tuesday night. Timed in Athens at 1 p. m. Tuesday, it stated the king had entered the critical phase of his illness and that the doctors were relying upon his strong constitution to bring him through.

NOT GROWERS IN SESSION

AUSTIN, Texas, (AP)—The National Not Growers association began a three day convention here today. The program calls for discussion of various marketing and growing problems.

OLDEST IOWAN DIES

WATERLOO, Ia., (AP)—Mrs. Isaac Spence, aged 100, of Waterloo, said to be Iowa's oldest resident died last night. Prior to an illness of eight days she was able to do all household work.

FARMERS' CONFERENCE CHARGES RUIN THREAT TO FEDERAL RESERVE

General Bankruptcy is Inevitable Unless Some Immediate Remedy is Found to Relieve Present Price Situation as it Affects Agricultural Industry, Says Report Adopted without Dissent. Vote at Meeting at National Capital

WASHINGTON, D. C., (AP)—"General bankruptcy and ruin are inevitable" unless some immediate remedy is found to relieve the present price situation as it affects the farmer, says a report submitted to the agricultural conference here today by a general committee appointed to study the situation. The report was adopted by the conference without a dissenting vote.

The committee blames the federal reserve system for present prices, charging that it "has arbitrarily withheld from assisting the basic industry of this country to maintain a level of prices that, at least meet the cost of production."

Declaring that the condition of the mind of the farm population is "ominous," the committee says "this state of mind can only be changed by a frank and fair attitude on the part of those in authority—the test of which can be only their acts."

Charges Policy Wrong

The committee says "it is wrong as a matter of policy artificially to press down prices of commodities and to put the particular wrong to begin with the raw commodities for such a program inevitably forces upon the producers the heaviest burden of reconstruction and readjustment."

The report of the committee says the present situation was brought about by the following official acts:

"Restriction of credits."

"Raising the rate of discount on farm products."

"Discrimination of the war finance corporation."

Recommendations given out by the secretary of treasury, the governor of the federal reserve board and the federal reserve banks have been construed to the effect that commodity prices, particularly the price of farm products, were too high and that a pre-war basis or an approximation of a pre-war basis of prices must be reached within a short time. The consequent effect of these utterances upon the member banks of the federal reserve system and the banking industry of the country generally was to cause them to withhold accommodations because of the fear that the security taken would not necessarily decline.

Attacks Bond Credits

"The action of the federal reserve board in counting the bonds held by member banks as part of the collateral credit of the banks adding to the power of such banks to extend the needed credits to the agricultural interest."

CHANG TSAO-LIN CREDITED WITH POLITICAL COUP

Suicide of Government Troops Commander Lends Color of Authority to Reported Overthrow of Administration

SHANG HAI, (AP)—General Chang Tsoo-Lin, governor of Feng-Tien, has overthrown the Peking government and proclaimed a monarchy, according to a rumor current in this city. This rumor has not been authenticated, and no details have been received here, but Chinese officials have been profoundly stirred by it.

Japanese Factor Enters

General Chang Tsoo-Lin was probably the strongest military leader during the recent Chih-Anfu conflict. He played a leading part during that trouble and was accused of being a tool of the Japanese.

It is the supposition here that the coup is really the taking place, an effort to restore to the throne for Emperor Hsuan-Tung, son of Prince Chun.

Suicide Gives Color

General Chang, commander of Chinese government troops in the province of Kiangnan and Kiangsi, and leader of a powerful political clique, committed suicide at Nanking today by shooting himself. The text of his will declared his action was due to devotedness to the state and education. He measures he had advocated for the "salvation of the nation." Half of the general's fortune of many thousands of yen were left to carry on the same cause.

Rumor Lacks Confirmation

In connection with the lack of authentication of the Chang Tsoo-Lin rumor of the Peking overthrow, the fact may be noted that last night a message was received from the Associated Press correspondent in Peking dated October 12, the same date on which the Chang Tsoo-Lin cablegram was sent. The Peking message contained no hint of governmental complications.

The president of the Chinese republic is Hu Shih-Chang, who was elected in August 1918, and inaugurated in October of that year. The cabinet, formed August 11 of this year, is headed by General Chih Yun-Peng, as premier and minister of war.

OFFICIAL WASHINGTON IN DARK REGARDING SITUATION

WASHINGTON, (AP)—Neither the state department nor the Chinese legation has received any reports that the Peking government has been overthrown as rumored in Shanghai.

The last dispatch received at the department from Charles R. Crane, the American minister at Peking, was dated last Monday and officially said it contained no intimation of any untoward happening in the Chinese capital. This dispatch was sent the day before the Associated Press dispatch was sent from Shanghai.

THREE AMERICAN WARSHIPS AT SHANG HAI WATERFRONT

SHANG HAI, (AP)—Three American warships, the cruiser Huron and the light cruisers Albany and New Orleans arrived here Tuesday. On board the Huron, the flagship, was Admiral Alford Gleaves, commander of the American fleet in the Pacific.

SOVIET FORCES CLAIM SUCCESS ON SOUTH FRONT

Conflict Turns to Advantage of Russian Bolsheviks Along the Line from Minsk to Crimea, Says Red Statement

LONDON, (AP)—Successes for the Russian soviet forces all along the line from south of Minsk to the Crimea are reported in the Russian soviet official statement of Tuesday, received here today by wireless. The annihilation of two companies of a Polish division in the Aleksandrovsk district of the Crimean front is claimed in the statement.

SETBACK FOR FORCES OF WRANGEL IS ANNOUNCED

CONSTANTINOPLE, (AP)—The repulse of the Bolsheviks of Minsk and Bialystok, on the Sea of Azov, is announced by the Russian soviet.

(This represents a setback for the forces of General Wrangel, the anti-Bolshevik commander in South Russia, who recently was reported in possession of Mariupol and in virtual control of the entire Sea of Azov.)

COOLIDGE SETS FOOT ON LEAGUE OF NATIONS DAY

Massachusetts Governor Refuses to Proclaim Occasion for Study of Covenant

BOSTON, Mass., (AP)—A request by the league of nations day committee, headed by President A. Lawrence Lowell, of Harvard university, that the governors of all states proclaim Sunday, October 24, as "league of nations day" to promote a better understanding of the covenant, was refused by Governor Coolidge today.

To a suggestion that the people on that day be invited to read the covenant "in their homes and other places" and that the announcement be made also through the schools the governor replied that the people of the state would read intently upon their worship on Sunday and that he would not "undertake to make innocent children advocates of what they do not comprehend."

ANOTHER GIN IS BURNED

Arkansas Cotton Mill is Destroyed in Early Morning Blaze

PINE BLUFF, Ark., (AP)—The Bennett Cotton company's cotton gin, ten miles east of here, was burned early this morning, causing a loss estimated at \$25,000.

3,250 HAITIAN "BANDITS" KILLED DURING OCCUPATION BY AMERICANS

WASHINGTON, (AP)—Evidence of "practically indiscriminate killing" of Haitian natives by United States Marines in Haiti, in a confidential letter written by Major General George Barnett, commander of the corps, in October 1919, calling for a thorough investigation of conditions in Haiti, was made public today in a report on operations in Haiti while he was commander of the corps, that he was "shocked beyond expression" to hear of such conditions in Haiti and "to know that it was at all possible that duty could be badly performed by marines of any class."

General Barnett said that while Colonel Russell made a special report of his investigation at Secretary Daniels on last March 20, it was not received by the general up to the time he was succeeded as commander of the corps by Major General John A. Lejeune on last June 30.

It revealed that his orders for an investigation resulted from evidence brought out at the court's martial trial of two privates in the marine corps who were connected with unlawful executions of captive Haitian bandits.

The general declared in his letter to Colonel Russell, marked "personal and confidential," that his testimony at the trial as well as arguments presented by counsel for the defense, Lieutenant F. J. Spear, "showed me that practically indiscriminate killing of natives has gone on for some time."

WASHINGTON, D. C., (AP)—Approximately 3,250 "armed Haitian bandits" have been killed by United States marines or Haitian guardsmen during the five and a half years of American occupation, Brigadier General George Barnett, former commander of the marine corps, says in a report made public today by Secretary Daniels.

Swimming Pool List

THE PLAN

Purchase of tract of land adjacent to open ditch or canal. Construction of open pool, 50x100 feet, concrete lined, varying in depth from one to ten feet. Erection of suitable dressing rooms, benches, etc. Balance of land not covered by pool and dressing rooms to be used for general park purposes or disposed of in the form of city lots. Attendant to be employed during summer months. Entire project to be completed by September 1st and over to the city for maintenance and operation, free of all cost, upon completion. Telephone The News, Phone 32, and tell us how much you care to subscribe. You may send your check in at once merely pledge the amount, payable one-half January 1 and one-half April 1, 1921. Amounts from one dollar up cordially invited.

DO THIS NOW—NOT TOMORROW!

World News Events

BERLIN, (AP)—A telegram from Hamburg this morning reports that a big fire broke out at midnight on the steamer Victoria Luise of the Hamburg-American line, in the Vulcan yards there. Four fire engines were fighting the flames, it was said.

HONOLULU, (AP)—The Chinese government formally has approved the sending of Japanese troops into the Hun-chun district of Manchuria, to protect Japanese nationals there, says a Tokyo cablegram to the Nippon Jiji, Japanese language newspaper here. The cablegram adds that China has requested the Japanese government to withdraw the troops as soon as order has been restored.

CORK, (AP)—A hot battle was waged early this morning at Dannamany, County Cork, when fifty armed republicans made a determined attack on the police barracks, which were defended by twenty-eight "black and tans" and three members of the police force. The attacking party used firearms and bombs. The fight continued an hour, at the end of which time the assaults of the barracks had been driven off. Reinforcements were rushed up for the police as the result of a wireless call.

Paris Opera Employees Medicos Counter with Strike of Their Own

PARIS, (AP)—The orchestra, chorus and stage hands of the Paris opera voted last night to go on strike. Jacques Rouché, director of the opera, said today the reason was his refusal to change the rules concerning the chorus and to agree not to employ more than one foreign artist every three months.

BERLIN, (AP)—Doctors and dentists of Glemnitz have begun a county strike against the strike of the municipal employees. At Plauen the municipal gas and electricity workers have gone on strike.

IDAHO WEATHER

Tonight and Thursday fair; heavy to killing frost in morning.

REED IS GIVEN IMPORTANT PART BY BOLSHEVISTS

American Agent Picked by Russian Reds for Propaganda Work in United States is a Factor at Internationale

LONDON, (AP)—John Reed, American bolshevik, writer and the first agent the Reds attempted to establish in America, took a prominent part in the activities of the "Third Communist Internationale" held in Moscow in July.

The Associated Press correspondent who recently crossed Russia talked to Reed at the Bolsheviki foreign office in Moscow the day before the sessions began. Reed stated that he was one of the first accredited American delegates to the "Third Internationale." (It has been stated that Reed was elected by Russians in Moscow to "represent American communists in that convention.")

During the first session Reed made a speech as a representative of the American communist party. He told of the work of the communists in America and of what he considered the wrongs in the American system of government. Early this year Reed attempted to return to the United States, but was arrested by Finnish authorities as a bolshevik agent, and was confined in prison in Finland for three months. He had attempted to travel through Finland on a seaman's papers but a forged American passport which he carried, evidently for American use, got him away. Diamonds valued at \$30,000 which Reed carried were confiscated by the Finnish government. After the prison term he was deported to Russia.

ARMY AND NAVY AERIAL VETERANS TO ASSEMBLE

New York to be Gathering Place of War Aviators Anniversary of Armistice Signing

NEW YORK, (AP)—Airmen of the army and navy, including many who won fame by their exploits during the war, will gather here on the night of November 11 to celebrate the second anniversary of the signing of the armistice. The committee for the day made reservations for 3,000 diners who will be arranged according to squadrons, flying fields and other units to which they belonged.

Major, according to announcement of the committee. Generally will be in uniform, exchanging stories of war experiences with airmen who served with lower rank. Arrangements for the reunion are in charge of a committee of which Laurence LaTourette Briggs, founder and first president of the Flying Club, is chairman. Other members are James B. Taylor, Jr., and Albert G. Reed of the navy; Eddie Bickelbacher, Elliot Springs, Charles Biddle, Charles Hanson, Towne, Harold E. Hartney and Cole J. Younger of the army.

APPETITES OF SWIMMING CHAMPIONS AMAZE HOST

Hotel Manager Willing to Hand American and Hawaiian Athletes New Titles

PARIS, (AP)—"Duke" Kahanamoku, Keoluha and Norman Ross, Hawaiian and American swimmers, not only won French swimming records during their recent visit to Paris, but established marks in another branch of sport that will stand for all times, according to the manager of the hotel at which they stopped. He is willing to hand them the eating championship of the world.

"Mon Dieu, they command so big a truck of food, the portions of them," said the hotel man. The waiter produced what is generally thought at the hotel as sufficient for three persons. Norman Ross is alleged to have consumed the whole platter while both Kahanamoku and Keoluha were inquiring where their own steak was. All the gesticulating eloquence of the Hawaiian failed to convince the trio that the steak was meant for three. Vegetables, ham and eggs, fruit, deserts, cheese followed in turn while the manager looked on.

"Why they drink beer with all their meals," said the headwaiter, horrified at the heresy of not drinking wine for dinner. "And right in the midst of their meal they absorb a huge bowl of sweet chocolate."

When informed that the men were champion swimmers of the world, regular sea lions, the headwaiter said: "Sea lions, not much, they are meat eating tigers."

JAPANESE BULLS' PORTRAITS ARE UNVEILED AT CONVENTION

TOKIO, (AP)—Portraits of the emperor and empress of Japan, painted by John W. L. Forster, of Toronto, Canada, were unveiled at today's session of the world's Sunday school convention. They were later presented to the Imperial household by a delegation which also bore gifts for each member of the Imperial family from John Waukner, chairman of the executive committee of the world's Sunday school association.

SPANISH BULL RING SCENES TOO HARROWING FOR FOREIGN

MADRID, (AP)—The scene of the Spanish bull ring were too harrowing for a section of the foreign delegates to the International Postal congress, now in session here, attended the regular Sunday bullfight yesterday and many of them found themselves obliged to leave before the fights were concluded.

CANADA STILL THE BIG GAME HUNTER'S PARADISE

Although thousands of moose, deer, bear and caribou have been killed in Canada during the past few years, big game is still plentiful throughout the Dominion. Many fine moose heads are secured every fall in Nova Scotia and New Brunswick by hunters from the United States, but guides, game wardens and Hudson's Bay Company trappers estimate that the natural increase exceeds the kill.

Last season Sam Smith and his son Albert led a party of sixty Indian hunters from Fort Wayne to the big game section of Maine along the Canadian Pacific. Each

member of the party so promptly got his allotment of game allowed by law that the hunters returned home ten days earlier than they intended. Albert Smith had the rare fortune to shoot a white deer, a fine buck with well grown antlers. In Canada the range of sport is a wide one. There are moose, caribou, deer and black bear in Ontario, Quebec, New Brunswick and Nova Scotia, and in the Canadian Rockies there are mountain sheep and goats, grizzly, brown and black bear, moose, caribou, deer, wolf, vermin and mountain lions.

The bull moose of Nova Scotia, New Brunswick and Quebec are noted for their size, and a wounded moose charging the hunter will give him all the thrills he wants.

DISCOURAGES TOURISTS

Holland Finds Travel Restrictions Poor Paying Policy

THE HAGUE, Holland, (AP)—Holland has lifted a number of travel restrictions upon foreign visitors who have heretofore been subjected to considerable difficulties and annoyances. The new regulations do away with the former compulsory police registration in respect of American, British, French and Italian and other tourists from western Europe, but it is still imposed upon Germans, Russians and others from eastern countries, owing to the fear of bolshevik infection.

As a result of the former stringent rules, Holland has had very little tourist traffic this summer.

HENRY CAMPAIGNS FOR COX ON JOHNSON'S BEHALF

NEW YORK, (AP)—Francis J. Henry of California, former progressive now campaigning for Cox and Roosevelt and the league of nations, will follow Senator Hiram Johnson, California, on his eastern republican speaking tour, democratic national headquarters announced today. Henry will speak wherever Johnson does, a day or two later.

Girls Once Under Lock and Key. In ancient Athens girls lived in the strictest seclusion till their marriage, kept virtually under lock and key. They were seldom permitted to leave their homes, except on some great festival occasion.

Washing Done by 9 o'Clock With an Automatic Electric Washer

Wouldn't it be wonderful if you could have your family washing done every Monday morning at 9 o'clock—and without touching a washboard?

Thousands of women are doing it and so can you with an Automatic Electric Washer in your home. Think of it, the heaviest blankets or the daintiest georgette blouses, perfectly clean without a bit of rubbing.

Don't say you can't afford an Automatic Electric Washer. Think of the hours of back-breaking work it would save. Think of your health. What is a small monthly payment compared with these.

A small first payment brings you an Automatic Washer before next wash day.

SPANIARDS TO PRESENT FAIR

Catalonia Enters on Work of Years Preparatory to Exhibition

BARCELONA, (AP)—Catalonia has undertaken to present to the world's greatest one of the most extensive and comprehensive expositions ever held, and although it is not to open until 1924, the preparations already are far advanced under the supervision of General Rubio, an engineer officer recently retired from the Spanish army, the slopes of Montjuich are being transformed from an arid waste into an artistically laid garden in the center of which the exposition buildings are being constructed.

The official title of the exposition is to be the International Exposition of Electrical Industries and the General Spanish exposition. The ground allotted by the government for the purposes of the exposition is 270 acres in extent, and if necessary 220 acres will be added, this depending on the amount of space asked for by exhibitors. Up to the present arrangements have been made for the erection of buildings covering a space of 2,000,000 square feet, and the architects have finished the plans and begun the erection of the chief pavilions.

One of the features of the exposition is to be the Palace of Light, where will be shown the most recent inventions from all parts of the world in connection with electric lighting. Other pavilions are to be devoted to exhibits of electricity produced by elements for agriculture and industry. In the exclusively Spanish department a great display is to be made of progress of Spanish industry, commerce, science, art and social life, while the South American republics are each to have a pavilion of their own.

COAL CASE PROSECUTOR RESIGNS HIS POSITION

Dan W. Simms, Special Assistant Attorney General, Quits Job After Hearing from Palmer

INDIANAPOLIS, Ind., (AP)—Dan W. Simms, special district attorney general in the cases pending against the coal barons, has resigned his position as United Mine Workers of America, indicted under the Lever act last winter, has resigned, it became known here Tuesday. Mr. Simms, while admitting that he had sent his resignation to Attorney General Palmer at Washington, declined to discuss the case when seen at his home in LaFayette, Ind. It is understood, however, that Mr. Simms' resignation was due to a disagreement with the attorney general over procedure and evidence to be used in the coal cases.

It is understood that Mr. Simms received a letter from Mr. Palmer a few days ago placing certain restrictions on the evidence to be used in the coal cases. Mr. Simms' resignation followed closely upon the receipt of this letter. Just what the restrictions in the letter were is not known and Mr. Simms declined to discuss the case, at least until action has been taken on his resignation.

SINN FEIN AUTHORITIES USE FREAK PUNISHMENTS

Heavy Penalties are Meted Out to Minor Offenders by the Police

BELFAST, Ireland, (AP)—The Sinn Fein police used odd or unusual methods of punishing minor offenders. They manacled a prisoner to a telephone pole at the national bank recently and fastened him to the pole with a rope. A board affixed to his breast bore the inscription "I am a thief. I stole eggs and this is my just punishment."

Crowds gathered round and inspected the prisoner who vainly tried to effect his release. Ultimately his sister hearing of her brother's plight came on the scene and liberated him. It is reported that she has also been placed under arrest.

As an engine driver of a munition train was similarly served in Dublin. He was tied to a lamp post opposite the railway station in Amiens street with the word "scab" on a card suspended round his neck. A large crowd gazed on him for half an hour when the police released him after filing through a paddock and handcuffs.

MILWAUKEE ROAD GETS \$30,000,000 SETTLEMENT

Government Discharges in Full Obligations to Line Operated Under Federal Control

CHICAGO, (AP)—The Chicago, Milwaukee and St. Paul railroad has been paid a sum, understood to be \$30,000,000 in full compromise settlement with the United States railroad administration for the period it was operated under federal control. It is the first of the major lines to reach such settlement.

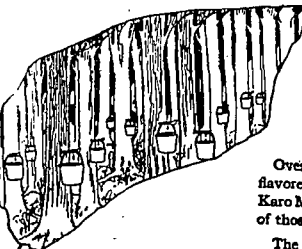

The railroad paid off \$11,500,000 of its paper held by the war finance corporation and will liquidate \$4,000,000 of its indebtedness held by New York banks, loans made necessary by the withholding of federal compensation. The settlement was "satisfactory" according to R. E. Byram, president of the road.

GEORGES SIMPLY OUTCLASSES BAT LEVINSKY IN SHORT TILT AMERICAN GOING DOWN IN 4TH

Carpenter Soundly Whips New York Light Heavyweight from the Start and Drops Him into Ropes for Full Count—Yank Scrapper a Badly Punished Man as He Leaves the Ring

JERSEY CITY, N. J., (AP)—Georges Carpenter, European heavyweight champion, knocked out Battling Levinsky, holder of the American light-heavyweight title in the fourth round of a scheduled 12-round bout. Carpenter, who holds the light-heavyweight championship title of Europe thus became the world's title holder in that division.

Early in 1918 Jack Dempsey, who won the world's heavyweight championship, knocked out Levinsky in three rounds at Philadelphia. Tonight Carpenter failed to equal Dempsey's time in finishing Levinsky, but he is the only one outside of the champion who has knocked out Levinsky since the latter became prominent as a fighter.

By his victory over Levinsky, Carpenter has earned the right to meet Dempsey for the world's championship.

Levinsky was in splendid condition and so was Carpenter. From the middle of the first round when the Frenchman began to look loose the outcome was inevitable. His blows were well delivered and effective while Levinsky's plucky returns were too light to do much damage. Twice in the second round Carpenter sent Levinsky to the floor of the ring with hard right crosses. During the third session Carpenter slowed up a bit and seemed undecided as to what his next move should be. When he did start after the man, however, he used both hands powerfully and Levinsky, who always was credited with being able to absorb punishment was visibly weakening.

In the final round Carpenter simply battered Levinsky into submission and when the latter fell almost through the ropes in a stupor he was unable to get up while Referee Britton counted him out.

CLEVELANDERS TO HOLD WEEK OF WILD ROMPS TO CELEBRATE VICTORY OF JIM DUNN'S TRIBE

Various Methods Have Been Devised for Showing Appreciation of Speaker's Achievements—Individuals to be Feted in Home Towns—Indians Credited with Frustrating Dodgers' Ambush Plans

CLEVELAND, O., (AP)—With the fifth city of the United States in the matter of population definitely assured of being the first city of the baseball universe for at least 12 months, Cleveland today settled back to enjoyment of the world's championship baseball honors brought here by Jim Dunn's Indians when they defeated the Brooklyn Dodgers 3 to 0 yesterday and captured the annual classic of the profession diamond by five games to two.

Cleveland, 42 years a hangover in professional baseball, but now the official home of the world series winners turned its thoughts today to devising new ways of showing appreciation of the prowess of her heroes.

Although several watches, medals, automobiles, loving cups and half a dozen floral wreaths of unusual size have been presented to the winning players by appreciative fans, Cleveland believes it has done little for the American leagues.

Series to Start Tonight.
The first of a series of celebrations will be held tonight, and, according to plans, wildness of Cleveland throughout the past four days over its club will be tame and dignified compared with the joy to be displayed.

Mayor Fitzgerald has issued a proclamation calling on all good citizens within walking riding or distance of this metropolis to be present tonight at Wade park and pay official homage and tribute to Tris Speaker and his tribe. High officials of this city will be present to explain to the Indians in detail just how proud Cleveland is of them.

An official dinner for the players with the city officials as hosts and every one in the city back as guests is another affair which probably will take place in a day or two. Then there is the matter of presents for all the players and possibly a parade.

When the players go home, they probably will be honored further, for Sandusky, O., already is arranging a big home coming for Elmer Smith.

Bowling Is Lauded.
From the time little Joe Sewell made his wonderful stop of Komet's grounder, ending the series, and Tris Speaker climbed into the stands to kiss his gray-haired mother, Cleveland has been in a fever. The name of every player is on the lips of every fan, but standing out above all are: Tris Speaker, Elmer Smith, Elmer Smith, Bill Wambagans, George Burns, Walter Malls, Jim Bagby and Steve O'Neil.

Brief Bits of Sport

World Series.
Cleveland..... 5 2 714
Brooklyn..... 2 5 288

Zack Wheat, who captains for the Superbas, said on Monday that on Tuesday his merry Dodgers would knock Coveleskie from the box.

Well, all we have to iterate is that Zack "done his best," but the rest of the Robins were mystified.

Also we haven't to iterate that the monicker "Superba" has been lost to the Brooklyn team after losing four straight to a bunch of Indians.

Man o'War showed a pretty pair of heels to Sir Barton in the international horse race at Windsor yesterday.

And by winning from the Canadian champion turf horse the Biddle nag proved he is the best racer of all time.

Also, Manager Robinson avowed and averred Mondy's subordinates would begin hitting and show Speaker's fellows something in the line of hard batting.

But it is evident he was talking for effect.

The Saints on Monday won the first of the four games played with the Baltimore Orioles. The count was 8 to 4.

Grimes sure had a lot of bad luck in this series. He was hit on the leg once and nearly depedaled, and then he got a brace of smashes on the fin that nearly did him in.

It is 24 innings back since the Robins registered a score against Cleveland.

They counted last in the fourth inning of yesterday's game.

In the long run clays always tells. Ain't it the truth?

Good by till next year.

Boy McCormick, who is really the light heavyweight scrapper of England, is to mix for a 12 round bout with Silent Martin next Friday night at Paterson, N. J.

Well, you all know what happens to these aspiring furriers in this land.

Johnny Kilbane has been offered 15,000 to fight Andy Chaney by a New York promoter.

Chaney is said to be the best feather-weight the east has developed in recent years and interest centers now in Kilbane's answer which will spell his attitude toward the boy who is supposed to be entitled to wear the feather weight crown after Kilbane.

But Levinsky stood in the middle of the ring and beckoned Carpenter to come on.

Georges did.

GRAND CIRCUIT RACES

LEXINGTON, Ky., (AP)—Establishment of a new world record of 2:02.34 for 3-year-old trotters by Sister Beulah in a race against time and a reduction of the record for 3-year-old pacing colts twice in the same event, first by Transpaco to 2:02.34 and then by Pison June to 2:01.14, were the features of yesterday's Grand Circuit card.

The 3-year-old pacing colt record was set in the Tennessee, in which Pison June took the last two heats in fact time after having finished last in the first mile.

DECISION FOR COLIMA.
LOS ANGELES, Cal., (AP)—Hert Co. Low, Whittier, Cal., welterweight, won a decision over Young George of Los Angeles in four rounds here last night.

Colima led every round. George took off few effective blows. He said he had been ill for several days past. Because of the limited seating capacity of Vernon arena, the match was held in Maier lake park.

SERIES IS EVEN.
SAN DIEGO, Cal., (AP)—The baseball team from the battleship Arizona yesterday ended up the Pacific fleet championship three-game series with the team of the destroyer division by winning the second game, 6 to 1. The winning game will be played today.

Sim Smiley, sagelorned sage, who has been suffering from typhoid some time, comes back and says: "Th' trouble with these stills is they knait keep still enough."

Sacramento fans are planning a parade and reception for Walter (Duster) Malls when the big southpaw hero of the world's series reaches the home port this week.

Rube Marquand must have the in stricts of a bootlegger. For a mere pittance he defied the law and his bar-vest is something that finally comes to all evil-doers.

The star pitcher of the Brooklyn club will not participate in the earnings of his club in the big series and cannot again play ball with the Dodgers. No other major league club, prob-ably, will want to have him.

Thus are they getting all of the crooked ball players.

DADDY'S EVENING FAIRY TALE

BY MARY GRAHAM BOWEN

THE COYOTES.

"I was brought up in such a nice petted way," said Charlie Coyote. "What way was that?" asked Clemons Coyote. "And what do you mean when you say you were brought up in such a nice petted way? I am afraid I do not understand," he added. "You see," said Charlie, "I was very young and very delicate when I was young."

"My dear Charlie," said Clemons, "of course you were very young when you were young! You couldn't have been old when you were young."

"Well," said Charlie, "I mean that I showed my age, or my lack of age then. I showed that I was a young and delicate thing."

"Most creatures do show their lack of age," grinned Clemons. "When a creature is young it usually looks young."

"Oh, very well," said Charlie. "But pray don't stop your story," said Clemons. "I do not mean to interrupt you, though I know that is what I have been doing. I just enjoy a little fun, a little fun," and the coyote laughed heartily.

"Yes," he continued, "pray tell me your story. Tell me about the nice petted way in which you were brought up. Was it here in the zoo that you were brought up in this way?"

"Yes," said Charlie. "I was brought here when I was a very young—so young that I had no age at all worth mentioning! I was brought up on a bottle just like a baby. How I did love that bottle."

"That is to say it wasn't the bottle itself I liked so much. I am not and never will be a glass eater and the bottle was made of glass."

"But what I liked was the stuff they put in the bottle—delicious milk. It was warmed just a little for me and it soothed me and made me feel happy and pleased."

"And I was petted with love pats. A love pat is a nice pat which is gentle and affectionate. One can always tell a love pat. There were very nice things, very nice indeed."

"And the keeper, loved me and I became very tame and we were great friends."

In Perfect Condition.

friends. He called me his little tame coyote friend and told folks how he had brought me up.

"He said that he had fed me on a nice bottle and that I had been very delicate when I was young. He had been afraid at one time that I wouldn't live. And he was worried about me."

"I was pleased when I heard that. Not because I wanted the keeper to worry, or that I was glad because he had worried. It was because I was so young and so delicate when I was young."

"I just felt a little bit pleased that he had cared so much whether I had lived or died. That is a nice thing for a coyote to feel; that with all the animals in the zoo I too was wanted!"

"And wanted so much, too, that I was fed what would agree with me and help me and make me strong."

"Do you think I look like a nice strong coyote? I feel strong—strong as though I had never been delicate. That is what good care and love and affection will do for one."

"You look in perfect condition," said Clemons Coyote. "Your brown and gray fur is perfect with its touches of reddish color. Your sharp nose and pointed ears and keen bright eyes are all that they should be. You're a fine-looking coyote and strong too."

"And I feel sure that you would tackle anything and be a good fighter for your wants and for your needs if there were lots of us around."

"You would be sensible like other coyotes and not fight by yourself. They say we're scared and we are, but when there are lots of us, it is true—we do like to work together when there has to be fighting!"

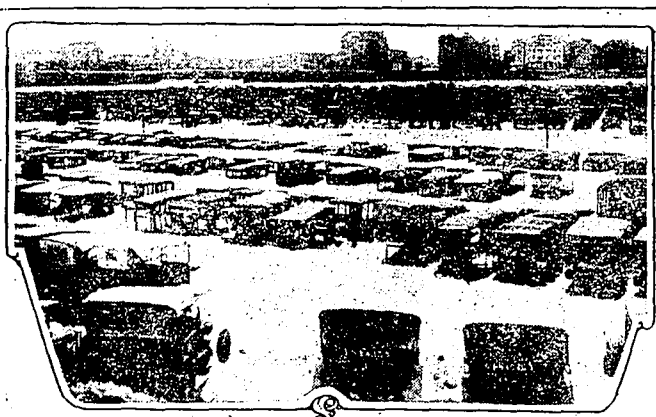

"All of what you say is true," said Charlie. "But here I only think of love and affection and of such things, for I am tame."

"And those are the only things I think of," said Clemons. "For you know I, too, am very tame."

"I know you are," said Charlie. "Yes, the keeper and my life and love him. That's the coyote's thanks for all he did, yes, love for the keeper is the thank-you of Mr. Charlie Coyote."

Girls Would Like It Then. And probably there would be more girls willing to tackle the cook stove if they could jerk it around with a steering wheel.—Dulais News.

AN EXAMPLE OF DEMOCRATIC ADMINISTRATION "EFFICIENCY"

The picture above shows the condition of a part of the American Motor Park at Coblentz during the recent Spring floods on the Rhine. This park contained all types of cars and motor trucks. When the Army of Occupation was reduced in numbers the greater part of its motor equipment was concentrated at Coblentz. It was parked on some vacant flat land close to the Rhine in spite of the well known fact that practically every Spring this entire tract was flooded. The result is pictured above.

The sale of these cars had been practically completed to certain English interests. After the flood a resurvey was asked of the sale of this motor equipment and naturally, the price which the purchaser was willing to pay, after its prolonged bath was very much reduced. This is another example of the "efficiency" way in which the property used by Uncle Sam in the war has been cashed in for the benefit of the tax payers.

FARMERS CONFERENCE.

(Continued from page one)

ests in their respective communities. "Your committee feels that the officials of the treasury department and the federal reserve system have exceeded their authority when they publicly announced opinion as to prices of farm products which have resulted in disastrous price declines."

The committee further reports that it is of the opinion "that the functions of those institutions as expressed in the law are to discharge the duties imposed on them by the law and spirit of the law, regardless of what effect it may or may not have upon the markets of the country and price of commodities. We believe that the rate of discount should be determined first by the character of the paper offered for discount and secondly, by the aggregate earnings of the federal reserve system and that the rate should not be used as a weapon to deflate prices or discourage proper loans and commercial transactions."

For Suppression of Opinion.

"We therefore insist that the federal reserve officers and officers of the treasury department shall discontinue and desist from issuing statements of their opinion as to prices and their attitude toward the trend of commercial events."

The committee recommends that the rate of discount for the marketing of the agricultural products be made as low as justified by a sound business and that the rate on a fixed or certain class of paper shall be uniform and that the rate be not changed during the period of crop marketing. If the federal reserve officers will take such action at once, the report says, "with particular reference to a more liberal policy in extending credits for the encouragement of exports, we believe that the distress and unrest among farmers of the country will be greatly relieved."

"Prices of commodities that farmers receive will be determined by the law of supply and demand, if artificial and gainful advice and statements are withheld," the report continues. "The question for these officials (treasury and federal reserve board) to determine is what rate of interest and discount is justifiable under the law and to leave the question of the marketing and prices to the natural law of commerce."

Seek Audience with Wilson.

Representatives of agricultural interests meeting here to devise means of checking the downward trend of prices of farm products were hopeful today that President Wilson would give an audience during the day to a committee which planned to protest to him against the currency deflation policy of the treasury department.

A committee composed of representatives of agricultural organizations attending the meeting was drafting a statement to the public presenting the plight of the growers under the present conditions.

A resolution has been prepared and probably will be acted upon today denouncing the activities of "night riders" in cotton states. The department of justice has given assurance that any investigation will be made immediately to ascertain whether federal laws have been violated and if they have officials said today federal prosecution of "night riders" and other responsible for depredations in the cotton belt will be ordered.

Today's Markets

New York Stock Market

NEW YORK, (P)—Today's dull stock market lacked a definite trend, showing strength of early being offset by occasional pressure against special issues. Sales approximated 500,000 shares.

Resumption of trading on the stock exchange after the holiday brought to change from recent mixed conditions. Rails were especially irregular, grain in Northern Pacific, Great Northern, St. Paul preferred and New York Central being offset by declines in Canadian Pacific, Atchafalpa and Southern railway. The same confusing tendencies were manifested by industrials and specialties. Mexican Petroleum, American Car and Bethlehem Steel made considerable advances, while Republic Steel, Baldwin Locomotive, Studebaker and Retail Stores were heavy to weak.

Although call money rose to 10 per cent, the highest rate in several weeks, the market became more stable in the later dealings on a demand for some of the steel, coalers and local utilities. The close was steady.

Liberty Bonds

NEW YORK, (P)—Liberty bonds closed: 3 1/2's \$92.25; first 4's \$89.50; second 4's \$89.10; first 4 1/4's \$89.50; second 4 1/4's \$89.10; third 4 1/4's \$89.40; fourth 4 1/4's \$89.20; Victory 3 3/4's \$96.10; Victory 4 3/4's \$96.12.

Grain and Provisions

CHICAGO, (P)—Wheat prices today in Chicago reflected the decline of values yesterday in the northwest, while the market here was closed. Later, however, something of a rally took place here in connection with gossip that one of the largest millers in the United States had made an investigation which showed that domestic producers were holding between 65 and 70 per cent of their wheat. Opening prices, which ranged from 1 1/4 to 2 1/2 lower, with December \$2.05 to \$2.06 and March \$2.01 1/2 to \$2.02, were followed by moderate upturns from initial bottom figures.

The market subsequently scored a sharp advance, stimulated by reports of farmers' agitation for higher prices and by announcement of seriously adverse crop conditions in India. The market closed nervous, 1 1/2 to 2 3/4-cents higher, with December \$2.09 1/2 to \$2.10 1/4 and March \$2.05 3/4 to \$2.06.

Corn went lower with wheat. There was general selling in small amounts by commission houses. After opening 1 1/4 off to 1-8c advance, including December at 86 1/4 to 86 3/4c, the market underwent a sag all around.

Later the market hardened with wheat. Prices unsettled, 2 3/4-cents lower to 7-8c advance, with December 86 7/8 to 87c.

Oats were easier as a result of the weakness of other grain, starting 1 1/2c to 1 1/2c down, December 56 to 56 1/2c.

and displaying but little power to recover.

Provisions sympathized with cereals, despite heavy quotations on hogs.

Cash Quotations

CHICAGO, (P)—Wheat: No. 2 hard \$2.18 1/4; No. 1 hard \$2.18 1/2 to \$2.19 1/2; No. 2 mixed \$2.12 to \$2.13 1/2; No. 2 yellow \$2.12 to \$2.13 1/2. Oats—No. 2 white \$5 1/4 to 6 1/2c; No. 3 white \$5 3/4 to \$4 3/4c; Rye—No. 2 \$1.67 1/4. Barley—77c to \$1.65. Corn—No. 3 yellow \$8 to \$9.50. Clover meal—\$12 to \$20. Pork—Nominal. Lard—\$19.87. Hides—\$17 to \$19.

Minneapolis Flour and Grain

MINNEAPOLIS, Minn., (P)—Flour unchanged. Bran, \$30. Wheat receipts 470 cars, compared with 512 cars a year ago. Cash No. 1 Northern \$2.18 1/2 to \$2.20 1/2; December \$2.13 1/2; March \$2.10 1/2. Corn No. 3 yellow \$8 to \$9. Oats No. 3 white \$5 1/2 to 5 1/2c. Barley 70 to 93c. Rye No. 2 \$1.65 1/2 to 1.66 1/2. Flax No. 1 \$2.99 1/2 to 3.02 1/2.

Chicago Livestock

CHICAGO, (P)—Cattle 12,000; market very slow, early bids lower; few good and fair choice steers sold at \$15.50 to \$17.00; prime cattle scarce; grassy kinds druggery, \$8.75 to \$14.25; cows dull, bulk \$5.25 to \$9.00; canners mostly \$3.75 to \$4.00; bologna bulls steady, \$6.00 to \$6.75; calves opening lower, \$10.00 to \$15.50; grassy calves mostly \$8.50 to \$12.00; feeders slow to shade easier; receipts western 5,000; quality plain; market weak.

Hogs 13,000; mostly 1 1/2 to 2c higher than yesterday's average; top one load \$12.00; bulk light hogs \$12.25 to \$15.80; bulk packing sows \$14.15 to \$14.35; pigs strong. Sheep 22,000; fat stock opening slow, steady with yesterday's average; choice native lambs to packers \$12.00; bulk \$11.00 to \$12.00; good western \$12.25; choice yearling fat ewes available up to \$5.75; bulk \$5.00 to \$5.50; feeders active, fully steady.

Omaha Livestock

OMAHA, (P)—Hogs, 7,000; slow, strong to 1c higher; bulk, medium and light butchers, \$14.10 to \$14.50; top \$14.75; bulk strong wags, and packing grades, \$13.85 to \$14.10.

Cattle, 7,000; beef steers and sheeps, strong to 2c higher; bulls and yearlings steady; stockers and feeders active, mostly 2c higher. Sheep 19,000; lambs steady to a shade easier; top, western, \$12.40; sheep strong; yearlings \$8.60; ewers \$7.50; ewes \$5.10; feeders steady; early top feeding lambs \$12.00.

Chicago Produce

CHICAGO, (P)—Butter lower; creamery 40 to 54c. Eggs higher; receipts 6,428 cases; firsts 57 1/2 to 58 1/2c; ordinary firsts 61 to 64c; at mark, cases included, 49 to 56c; standards 59 1/2 to 60 1/2c; storage packed, firsts 60 1/2 to 61 1/2c; refrigerator firsts 49 1/2 to 50 1/2c.

Kansas City Produce

KANSAS CITY, (P)—Butter, packing, 34c; 4 to 5c lower. Eggs 59c to 60c.

Poultry—Hens unchanged to 1c lower, 20 to 24c; springs unchanged to 1c lower, 21 to 24c; roosters 1c lower, 10c.

Potatoes

CHICAGO, (P)—Potatoes weak; receipts 116 cars; Minnesota and Wisconsin sacked and bulk round white, \$1.65 to \$1.75; Minnesota and South Dakota Early Ohio sacked \$1.75 to \$1.80; Jersey Giants \$1.70.

Functions of the Heart. The human heart is like a millstone in a mill; when you put wheat under it, it turns, and grinds, and bruises the wheat into flour; if you put no wheat in, it still grinds on; but then it is itself it grinds and slowly wears away.—Luther.

COUNTY'S 1920 FAIR A COLLEGE

Secretary Markel Tells of Educational Advantages of Recent Exposition

BY J. M. MARKEL

"Let's learn from the greatest universities in America—the state and county fairs," said Fred High, the greatest authority on chautauques in this country. If Mr. High is right, then Twin Falls county has just closed a small sized college.

The preparation of the report on this year's fair reveals some very interesting things.

Paying Up Premiums

The receipts are about all in and the bills and premiums are about all out. A complete and exact statement of affairs cannot be given for a few days as there are a few small items yet to come in and several bills have not yet been presented. Besides the farm bureau junior department premiums will not all be paid until the completion of some special work to the satisfaction of the county leader. So far as the award sheets show the major portion of the premiums have been paid. However, there are a few that have been returned to the secretary because of incorrect address or for other reasons. These all await claimants and will be sent as soon as the correct address can be learned. Inquiries should be addressed to the secretary. In the mailing out of over 400 checks for premiums alone, some errors are apt to occur.

Receipts Are Up

The gross receipts for the year are about \$11,000. Admissions totalled nearly \$6,000; grandstands, \$1,500; concessions, \$1,000; rents nearly \$900, and other sources brought the total up to the greatest gross receipts of any year in the history of the fair.

The race program cost \$2,700; the attractions cost \$2,000; expenses of the judges were \$300; \$382 were paid to eleven exhibitors in the horse department; \$393 were paid to fourteen exhibitors of Shorthorns and other beef cattle; the dairy department had twice as many exhibitors as last year and the swine department cost the fair nearly \$500, besides the future fund provided by the national association. Last year the poultry show cost, in premiums \$127, this year more than \$500 have been paid out and some awards are still in question. The women's department took over \$300 and about well worth the money. In all the amount of premiums paid out this year is about \$1,500 more than last year.

A Clean Show

There are some other things about the fair that are significant. It cost \$126 less to police the grounds this year than last. There were no dope finds to annoy and no shoot writers to pester; no short change artists and no semi-quality on the midway. The Kelly Comellians paid more in commissions than all the shows with the carnival last year. Flynn paid more for the merry-

ANGEL OF VICTORY FOR CANADIAN RAILWAY HEROES

Memorial Tablet for
Railway Heroes

"You will not die, but step into immortality; your names will be revered forever and ever by your grateful country, and God will take you unto Himself."

Thus wrote General Sir Arthur Currie in the special order issued to the Canadian troops on March 27, 1918. The pledge thus given is being faithfully fulfilled in relation to 11,062 employees of the Canadian Pacific Railway Company by the placing of bronze memorial tablets at over a score of its principal offices and stations in Canada, and also in London, Liverpool and the Orient.

The tablet designed by Archibald Pearce, of the Chief Engineer's Department, depicts an advancing army of infantry, cavalry, artillery, supplies, munitions, tanks and transport flanked on

Angel
of
Victory

either side by a warship and a Canadian Pacific liner with aeroplanes flying overhead. A scroll bears the names of the chief bat-

ties in which Canadian Pacific men fell and this inscription:

"This tablet commemorates those in the service of the Canadian Pacific Railway Company who at the call of King and Country left all that was dear to them, endured hardship, faced danger and finally passed out of sight of men by the path of duty and self sacrifice, giving up their own lives that others might live in freedom. Let those who come after see to it that their names be not forgotten."

Furthermore, an imposing bronze statue has been designed by Coeur de Lion MacCarthy, a well known Montreal sculptor. In majestic and impressive allegory it represents a soldier borne Heavenward by a winged Angel of Victory. The figures are of heroic proportion, over seven feet high, supported upon a marble pedestal. Replicas of this statue will be erected in the railway stations at Montreal and Winnipeg.

Some Whispering

According to an ancient Irish superstition, a vicious horse could be tamed by whispering the creed in its right ear Fridays and in its left ear on Wednesdays till it was cured, which was merely a matter of time, unless it had been born at Whitesmittle, in which case it was incurable.

Removes Red Ink Stains.

To remove red ink stains from table linen spread freshly made mustard over the stain and leave about one-half hour. Then sponge off and all trace of ink will have gone.

Lasting Qualities of Cedar.

A grave marker dug up near Seattle disclosed a remarkable testimonial to the durability of Washington red cedar, says the American Forestry Magazine of Washington. The date of death was December 30, 1893. The marker remained in almost perfect state of preservation.

Playing Safe.

Percy Noodles says that when he asked the capitalist's daughter if she thought it would kill her to give him a word of encouragement, she said she didn't, but there was no use taking a foolish risk. —Dallas News.

Buhl Residents Get Behind Rail Project

At Mass Meeting Goody Sum is Subscribed by West End Town for Bonus

At a mass meeting of Buhl and Castleford residents under the direction of the Buhl Chamber of Commerce at Buhl, Monday night the sum of \$2250 was subscribed to the railroad building bonus fund. At this meeting an organization was perfected for the purpose of conducting an intensive drive to gather the Buhl district's allotment to the \$500,000 fund. The committee appointed to press operations is composed of E. E. Boeman, H. W. Barry, James Finch, Thomas Holmes and W. T. Hawkins.

The Buhl people and firms subscribing last night are:

C. G. Markel	\$ 100
Grozier Transfer	200
Lincoln Produce Co.	350
J. A. Noble	50
Western-Hettinger Works	50
J. E. Cross	50
The Grill	100
M. A. Stout	250
Gertrude W. Stout	100
Millinery	
Congruff Sign Co.	7000

Total \$2250
Including Buhl's pledges the total subscribed up to the last official statement is \$85,747.00. Rogerson has subscribed \$1580; Kimberly \$450; Wells \$700; Elko \$1300, and Castleford \$24,707.

Daily Thought.

Where should the scholar live? In solitude or in society? In the green stillness of the country, where he can hear the heart of Nature beat, or in the dark, gray town where he can hear and feel the throbbing heart of man?—Longfellow.

ANNOUNCEMENT.
Joseph Segal, M. D., over Booth's Mercantile Store. Practice limited to women.—adv.

E. E. SHERMAN

Mrg. Lauletta Concert Co.:

Dear Sir: I wish to take this opportunity to compliment you on the exceptional concert you gave this evening under the auspices of Sterling Post No. 20, American Legion.

Every number of the carefully selected program was rendered with the greatest artistry and the harp solos were particularly good. The ensemble pieces were of the highest type of orchestral work and the whole program was well balanced.

Miss Weiler, the vocal soloist, has a beautifully modulated voice and used it to the best advantage. In all, the concert was particularly well given and satisfactory.

Very truly yours,
ROBERT P. KNOWLES,
Member Executive Committee, Sterling Post No. 20

Grand Rapids, Minn., Herald-Review

The harp solo "Lucia di Lammermoor," by J. Lauletta, was another of the numbers that won a storm of applause.

The "Angel's Serenade," a harp solo by Lauletta, who gave the "Sextette from Lucia" as an encore, were worth going many miles to hear.

Kalispell, Mont., Bee

The harpist rendered the "Sextette from Lucia" and "La Paloma" exquisitely and responded to a hearty encore.

The Finest Concert Company of its kind in America. Come prepared for a treat. Expect much if you admire rare, excellent talent. You will surely be pleased.

WEST IS FOR HARDING

Senator Arthur Capper of Kansas, former governor and a newspaper publisher of wide experience and large influence, expresses the opinion that a sweeping Republican victory will be won in the entire west, including what are commonly called the progressive states.

Senator Capper, in a recent address in Columbus, O., declared "Kansas will return a plurality of at least 100,000, with the probability that it will reach 150,000, thus doubling the normal Republican plurality of the state."

Big Republican pluralities in Wisconsin and Nebraska are also predicted, and Senator Capper also includes Missouri among the states that will cast their electoral votes for Senator Harding. Cox's tour of the west has made votes for Harding by the thousands.

There are no indications that Governor Cox will be able to influence any considerable number of the voters who have been supporters of the policies of the late President Roosevelt. The "progressive" ideas of the two men are too different for friends of the late president to rally to the support of the Democratic candidate.

Test votes taken in various sections of the country show that the voters have no confidence that Governor Cox will be able to make good his promises for progressive administration—at least such form of progressiveness as would be acceptable to Roosevelt Republicans.

Senator Capper knows the sentiment of the voters in the great middle west probably as does no other man, and his judgment is such that Republicans everywhere may have confidence that he is not making an idle boast. The great middle west will vote for Harding and his victory in that section will make his election certain.

OCTOBER

Five of the twelve months that make up the year have succeeded more than the other seven in winning the attention of the poets. Stormy March, "with ugly looks and threats"; fickle April, "when every tear is answered by a blossom"; and merry May, "when those who love must love and wed." During the first half of the year these are the months of which the muse seems to be most enamored. Of the last six only two have ingratiated themselves into her affections—October and November.

But it is agreed by common consent that not much is to be looked for from November except bleak winds and bare woods and dark hours, while in October's blighted days we find a never-fading charm. It matters not how lavishly nature may have spent her energies, nor with what magic charms she may have worked during the spring and summer months, for October she has left still a goodly supply of her beauties. For some who love the garish days of August and July, October's sunshine may be a trifle warm and pale; but it is in just this softened light that the tints of wood and field appear to their best advantage.

Whether the dim gray clouds are scurrying on their endless journey, or whether the skies are so blue that they flash and "hold the sun immeasurably far," it matters not. Turn where you will, the magic of color is there—purple and gold, yellow and brown, and green and red, and all the intervening hues and shades mingled with such infinite skill and cunning the mystery of which no man may understand.

October days are not melancholy. They invite reflection and pensiveness, to be sure, but they invite also particu-

Noted Chemist Finds Cure for Poison Ivy

Physicians have not kept records of the number of cases of ivy poisoning which occurred during the year, but it is safe to say that several hundred thousand people are poisoned every summer. The discomfort is always keen, and while all are not affected with equal severity, many persons suffer intensely. Frequently the patient is confined to bed. The nervous system is affected. The greatest danger is temporarily impaired and the watery eruptions and disfiguring swellings are difficult to endure.

Fred A. Howard, the noted chemist of Boston, was influenced to take up this problem by seeing the effect of the poison on children. So with characteristic scientific thoroughness Mr. Howard proceeded to find out exactly what poison ivy did to the human system. He analyzed the watery fluids. He determined the chemical results of the infection. And having ascertained the nature of the poison, he was able to work out a direct and simple chemical method of neutralizing the poison. "It wasn't hard," he said, "after I had gotten that far, and pretty soon I had a number of chemical reactions noted, any one of which would do what I wanted it to do; but what I was after was a simple remedy, an effective chemical agent that even the small family could easily procure. And by and by I found it. When I discovered it I laughed aloud. It was just plain hyposulphite of soda, a common chemical, which a child can find and buy for almost nothing in even the smallest drug store."

Howard advises that the powder, which is inexpensive, be put into water until the water ceases to absorb it, and some of the crystals remain undissolved. In severe cases of poisoning well saturated cloths should be laid on the eruptions and remain there, being occasionally moistened, until the swelling and eruptions are reduced. Hyposulphite of soda, a common chemical used by all photographers, must not be confused with cooking soda, which would be ineffective, or with washing soda, which would be intensely irritating. Any druggist will suggest the right thing if the customer will clearly say he wants hyposulphite of soda, or "hyppo," as the photographers call it.

Mr. Howard's researches have resulted in producing many valuable contributions to industry. He is recognized as one of the great-

F. A. HOWARD

est specialists in the world on the effect of chemicals on leather and various textiles. He has been associated with the shoe manufacturing industry for almost half a century, and in the last twenty years has produced a number of processes for rectifying and improving leather to be used in the belt and glove manufacturing shoe. Latest discovery, Korite, will, it is said, double the carrying power of leather.

THE "DEAD" TARIFF ISSUE

(American Economist.)

"Protection is played out," democrats like to say and to make others believe. Whenever tariff protection is mentioned, whenever protection of American industries and labor is proposed, whenever it is asserted that Americans deserve a preference in their own home market, democrats affect to believe that a "new day" has dawned and that "protection is played out." Democrats say, but do not believe, that a protective tariff is unconstitutional. They, of course, see in the aftermath of the great war only one way by which the impoverished European nations can pay their debts to the United States—"with their products." No matter with the effect upon American industries and labor, our foreign debtors can only pay their indebtedness to us "with their goods." If these goods happen to compete with American products, the "only thing to do" is to let the foreign goods come in—let American workmen "turn their hands to something else." Recently we have closed many woolen and cotton mills, whose employees are idle because foreign woolen and cotton goods come in in such vast quantities as to drive American woolens and cottons out of the market. If it is a matter of a foreign debtor paying his debt with his product, let the competing American farmers and manufacturers stop their production until these debts are paid. "It is the only way," say Free-Traders. American holders of foreign securities, "international bankers," foreign nations and people and their allies in and out of congress, in high and low places in and out of editorial chairs, in the United States.

Many well meaning but short-sighted Americans, who think they are "good protectionists," are subconsciously inclined to absorb, retain and utter such economic heresies. Democrats, their newspapers and their free-trade supporters, all speak of a protective tariff, now and in the past tense, as "a dead issue." They would be happy indeed, to persuade republicans to adopt the same attitude. To the extent that republicans fall into this deep-hole scheme to just that extent they endanger the success of their party and its candidates this fall.

To the extent that republicans assert, and reassert their adhesion to a protective tariff, to the extent that they insist that one of the first things a republican administration will see to will be the enactment of an adequate protective tariff, so as to rescue our mills, restore to our labor the employment it has lost, to that extent they will be helping their candidates to win protection must be tested and free trade must be destroyed—that's the way the "ordinary voters," the man who decides elections—thinks, feels and votes. It is the greatest of our campaign issues right now.

Store competition operates now as a law to keep prices of merchandise down to the lowest possible basis. This law of trade is considered so essential in our business life that laws are made to prevent combinations whose object is to boost prices through agreement to profit fully through the competition of the stores you must keep it close touch with store advertising.

Has Never Seen His Country.

The only United States marine in the world who has never seen the United States is on duty at the American legation in Peking, China. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the marines and enlisted at the legation. Childress is a tall, good-looking young man who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the marines. Through association with his parents and other American residents of China he is thoroughly familiar with the traditions and customs of the United States. He is looking forward to the day when he will see the country whose flag he serves.

White Mule.

Dixon H. Bynum, assistant city attorney, comes forward with an explanation as to how "white mule" got its name. Mr. Bynum, who did government legal work in the southwest, says that the term came into use in connection with the efforts of the government officials to stop the traffic of liquor among the Indians. Whenever an Indian was caught with liquor, he invariably told the same story as to how he got it. Every Indian, it seemed, got his liquor from "a one-eyed negro on a white mule riding west."—Indianapolis Star.

Washington's Ice Melted.

George Washington put up ice. In January, 1775, his diary showed he filled a dry well under a summer house and another well in a cellar. Under date of June 5 he wrote in his diary: "Opened the well in my cellar in which I had laid up a store of ice, but there was not the smallest particle remaining. I then opened the other repository, in which I found a large store."

PINE STUMPS WORTH MONEY

Those Left in Cut-Over Lands Are in Demand—Yield Many Valuable Products.

Increased demand for naval stores and a slight falling off in the supply have together called attention to the value of the stumps left in the fields in cut-over lands of the south. A Washington letter of July 6 told of the result of investigation by Clement S. Tucker, vice president of the southern settlement and development organization. In the South Atlantic states, from which he learned that the stumps left in the fields do not die with the cutting down of the tree, but, on the contrary, continue to draw from the soil sap rich with the elements of naval stores.

From these old stumps may be distilled some twenty or twenty-five different by-products, including rosin, turpentine, pine and other oils, acetate, tar, pitch, alcohol and others. By one process rosin and "gopher" pulp may be procured. Other processes leave a residue of valuable charcoal. It seems that the destruction by fire of these stumps in the clearing-up of the land is uneconomical. They can be sold for enough to pay for the clearing and leave a surplus, so that we may yet see manufacturers of naval stores burying stumps in the fields, not cut the land for the stumps upon it and extracting them themselves.

Fibert Worth Cultivating.

A nut almost unknown in the United States is the fibert, one of the most delicious of all nuts. It is cultivated on a large scale for the market in the county of Kent, England. A larger variety is known as the "cob nut." The fibert is as superior to the hazel nut—of which family it is a member—as the hazel nut is superior to the pecan. Attempts to raise the fibert on a commercial scale in the United States have not so far met with success.

Or Should Be.

The value of experience is estimated in sense rather than in dollars.—Boston Transcript.

To Clean Brass Articles.
Do not throw away squeezed lemon; use them for cleaning brasses and dish covers. Put a pinch of white on the article to be cleaned, and rub it in well, using the lemon as a sponge. You will be surprised to see how much dirt you can remove in a very short time and with little trouble. Brasses cleaned in this way keep clean longer than when done with ordinary polish.

SERIES FIGURES SHOW SHORTAGE OVER LAST YEAR

Attendance at Ball Games Fell Below 1919 Which Was a Record Maker

CLEVELAND, O., (AP)—Figures for this year's world series, given out today by John E. Bruce, secretary of the national commission, show that the attendance for the games of the series was less than for the corresponding games of last year. The approximate figures for 1919 and 1920 follow:

1920	1919
Total attendance	17,373,328
(7 games)	(5 games)
Total receipts	\$564,800
Nat'l Com's share	\$54,800
Each club's share	\$146,718
Players' share	\$11,922
(from first 5 games)	
Winning team's share	\$6,097
Losing team's share	\$4,465
Each winning player's share	\$4,204
Each losing player's share	\$2,387

Purse for second and third place:

Teams of each league	\$3,770
Each team	\$65,097

These figures vary slightly from previous official totals given out and still are subject to correction. Mr. Bruce said, an error in checking may develop. The national commission pointed out that the league and club officials had at least \$100,000 because the series did not go nine games, but the Brooklyn club already had sold tickets to that amount for the two unplayed contests, and will have to refund the money.

Only in 1911, 1912, 1917 and 1919 were the attendance figures for series exceeded while only in 1919 were the receipts greater than this year.

Seventeen world series now have been played in modern baseball and the total attendance was 2,431,579. The total receipts were \$4,706,935.

FRENCH WELTER LEADER BEATEN BY "KID" LEWIS

Marcel Thomas is a Poor Fighter Compared with British Champion

JERSEY CITY, (AP)—Marcel Thomas, the French welterweight champion, and "Kid" Lewis, who claims to hold the British title, were the principals in the six-round semi-final. The weights were announced as 147 for Lewis and Thomas 149 1/2. Thomas used a clever left hook effectively but was outclassed. Lewis caught him off balance with a hard left jab and put the Frenchman through the ropes as the gong sounded for the end of the second round. Lewis kept pounding him the last four rounds and Thomas was bleeding from the nose and mouth at the end of the sixth round, but had fought back pluckily throughout. It was Lewis' fight nearly all the way. "Babe" Asher, St. Louis bantamweight, had a shade of merit over his opponent, the six-round winner of Minneapolis, in the six-round consolation.

In his second bout Frankie Burns, veteran Jersey City featherweight, out fought and severely punished Patky Jones of Trenton in every one of the six rounds.

BILLINGS WOULD REGULATE HOTEL LICENSES CHARGES

BILLINGS, Mont., (AP)—Mayor Lee Main announced that an ordinance is in preparation fixing prices that hotels, rooming houses, restaurants, etc., may charge during fair or convention time. It has been charged that in the past some places of business have "gouged" visitors.

GRANDSTAND WENT DOWN

JERSEY CITY, (AP)—Sixteen persons were injured, seven seriously, when a grandstand collapsed during the progress of the Carpenter-Lewis fight here last night.

By midnight the Jersey City hospital reported that of the 16 injured rushed there for treatment, all but seven were able to go to their homes.

USES BICYCLE PUMP TO BRIDGE SEVERED WINDPIPE

BILLINGS, Mont., (AP)—The president of a band of a nurse, Miss Pearl Hanson, saved the life of a delicious patient at Melville, near here, recently. The sick person, a woman, cut her throat. The nurse, after learning the threat, a bicycle pump into her throat and kept her alive until a surgeon could reach her.

SANITATION IS INNOVATION IN BALKAN STATES

Peasant Has Little Faith in the Medical Science; Looks on American Bathing Pentant in Wonderment

SOFIA, Bulgaria, (AP)—Disease in the Balkans is looked upon by the people as a result of fate. The peasant has been educated in superstitions rather than in the laws of sanitation. They are opposed to the killing of mosquitoes, rats, flies and vermin, believing that they are a part of life. They know nothing about the carrier of disease. The importance of protecting their food supplies from winged insects has not been impressed upon them. Little or no attempt is made to drain mosquito ponds or marshes, so that the Balkan states claim the distinction of having some of the worst material sections on earth.

The peasant has little faith in medical science. "How can a bug give us typhus?" they ask. "Every living thing harbors insects. Why not man? If the good God sends us disease and misfortune, we believe that he knows best."

In most districts in the Balkans the houses of the rural population are very small and poorly constructed. Many of them are built of mud and straw and have no provision for sanitation or ventilation. The only air admitted to the homes is obtained through accidental imperfections in construction. A few of the houses have two stories, the lower floor being occupied by the horses and cattle, the upper by the family. In such houses as these families live crowded together under the most unhygienic conditions.

Years pass without a doctor entering the huts. Disease goes untreated. In the country districts dentistry is virtually unknown.

Bath tubs are rare in the Balkans, even in the larger cities. The people in that part of Europe rarely wash. "You must be very unclean people in the United States," said a well-to-do storekeeper of Sofia, an American. "If you find it necessary to bathe every day."

WEAK BATTING FEATURED THE CHAMP BATTLES

Cleveland Hit Only .244 While Brooklyn Made a Mark of .200

CLEVELAND, (AP)—The new world's champions outbatted their rivals for the seven game series, .244 to .200. The Indians cracked out 53 hits to Brooklyn's 43. The American leaguers had eight men batting .300 or better while the National leaguers had only three. Nunnaker, who was at bat twice, made one hit and finished with .500. Steve O'Neill had a big margin over the rival backstops, being credited with seven hits in 21 times at bat. He was tied with Jameson and Bagby, team mates, and Wheat and Mitchell of Brooklyn with an average of .315. Wheat was easily the best batter on the Brooklyn team.

Speaker led in total bases with 12, the result of eight hits. Wheat's total was eleven bases on nine hits. Only two home runs were made, these by Bagby and Elmer Smith. Cleveland knocked out eight doubles to Brooklyn's five and the Indians were credited with two triples to their rivals' none. As a team Cleveland had the edge in total bases with 71 compared to 54 for Brooklyn.

EBBETTS FIRES RUBE MARQUARD FROM HIS TEAM

Star Southpaw of the Robins Loses Place on Account of Scalping

CLEVELAND, (AP)—President Charles Ebbetts of the Brooklyn National league club last night said that "Babe" Marquard, pitcher, who was fined \$1 and costs today for violating the exhibition ticket ordinance, would never play with Brooklyn again. "I'm through with him absolutely," said Mr. Ebbetts. "He hasn't been released however, and if anyone else wants him they can have him. But Marquard will never again put on a Brooklyn uniform."

The national commission took action on Marquard at its meeting late yesterday. B. B. Johnson, president of the American league, said last night. "I expected action would be taken," Mr. Johnson said, "but Mr. Heyler declared it would not be necessary, saying: 'Marquard will be railroaded out of the National league. The National league can clean its own house without help from the commission.'"

"When asked if he thought Marquard would be signed by an American league club," Johnson replied, "Absolutely not."
