## WILSON PAVES WAY TO ATTACK UPON HARDING

Undertakes to Involve Republican Presidential Nominee in Charges of Violation of International Proprieties

## DIRECTS INQUIRIES INTO STAND ASCRIBED FRANCE

Takes Exception to Statement that French Government Has Suggested to Senator that America Take Lead

WASHINGTON, (P)—President Wilson today directed inquiries to both the French government and Senator Harding as to the republican candidate's recent statement that he had been approached "informally" by a representative of France and asked to lead in the formation of an association.

The inquiry to Senator Harding, which was in the form of a letter, was made public at the White House. At first officials there refused to deny or confirm that an inquiry also had been sent to the French government, but subsequently Secretary Tumulty announced that such action had been taken.

Letter to Harding.

The letter of the president to Senator Harding follows:

"13th of October, 1920.

"My dear Sir:

"In the New York Times of yesterday, Sunday, October 17, 1920, I saw a statement attributed to you, October 16, which purports to report certain public utterances of yours. In it occurs the following:

"Replying to criticisms of his proposal for an association of nations, he said in a rear platform speech at Greenacres, Ind., that he already had been approached 'informally' by a representative of France, who asked that the United States lead the way to a world federation."

"I write to ask if this is a correct quotation and if you really said what is there attributed to you. I need not point out to you the grave and extraordinary inference to be drawn from such a statement, namely, that the government of France, which is a member of the league of nations, approached a private citizen of a nation which is not a member of the league with a request that the United States lead the way to a world federation."

"The department of state has always found the government of France most honorably mindful of its international obligations and punctiliously careful to observe all the proprieties of international intercourse. I hesitate to draw the inferences to which I have referred unless I am assured by you that you actually made the statement."

Very truly yours,

WOODROW WILSON.

## REPLY FROM HARDING IS PROMISED BY HEADQUARTERS

MARION, O., (P)—Senator Harding has declined to answer his Greenacres speech to elaborate on the statement that France had sent a spokesman to him asking that America take the lead in the formation of an association of nations. Beyond replying that the suggestion was made "informally," the republican nominee has indicated that he would not make public any further particulars.

Officials at Harding headquarters said President Wilson's inquiry on the subject had not been received when it was made public in Washington. It was said that a public reply probably would be made by the senator as soon as the message had reached him officially.

The republican nominee may have a reply to the president to make public tonight. It is understood that his answer will declare that the French government was asked to take the lead in the diplomatic proprieties, and will call attention that the government was not named in the nominee's remarks.

## COMMUNITY STIRRED BY SCHOOLROOM POLITICS

Girl Teacher in Missouri Faces Charge as Punishment Meted for Harassing Pupil

Macon, Mo., (P)—The community of College Mountain, here, is up in arms over the alleged punishment of pupils of the school for mutilating a picture of Senator Harding and for following it up by burning the picture. A teacher, Miss Mary E. Smith, placed a picture of Harding on the wall, and during her absence it was torn down. At recess the pupils went home and returned wearing the Cox buttons. It is said that the pupils destroyed the Harding picture and the defiance shown by wearing the Cox buttons is said to have inflicted corporal punishment on six of her scholars, the eldest being 16, while Miss Smith is only 19. Charges have been filed against Miss Hunt, and the preliminary hearing is set for next Friday.

## Lithuanians Clash with Polish Forces in Vilna Vicinity

Severe Fighting Continues in Night Resulting in Heavy Losses

LONDON, (P)—A severe engagement occurred between Polish and Lithuanian troops Saturday night and early Sunday on the front between Vilna and Kovno, according to official dispatches from Kovno today. Both the Poles and Lithuanians suffered heavy losses, the dispatches say.

## RED REGIMENTS CAPITULATE TO WRANGEL MEN

Defeat of Soviet Forces on the South Russian Front Results in Surrender of Impoverished Bolshevik Troops

NEKHAPOPOV, Crimea, (P)—Following the defeat of soviet forces by General Wrangel's army at Simferopol, two soviet regiments stationed in the village of Rikhsok, held a meeting and decided to surrender, according to an official report. They took this action in view of the fact that they were without food, shoes and clothing.

Bolshevik authorities are reported no longer to conceal the fact that their army is dissolving and that a winter campaign is impossible under present conditions.

Twenty-five hundred soviet prisoners were massed upon orders from five different commissions during the last days of the occupation of Berdiansk, on the northern coast of the Crimea. According to notices, it is said that to be arrested was tantamount to a death sentence, either by starvation, disease or the pistol. Prisoners are reported to have become wild and hungry.

Upon leaving, the Bolsheviks carried off all valuables, even taking watches and bed coverings from women prisoners.

## HUNGER STRIKER DEAD

First of Eleven Prisoners Refusing Food in Cork Prison Succumbs

CORK, (P)—The death last night of Michael Fitzgerald, first of the eleven hunger strikers in the Cork jail to succumb as a result of their fast of more than two months, probably will have an extremely bad effect upon the other hunger strikers, the jail doctors said today. Although the hunger strike is difficult to keep news of what is happening from reaching them.

Joseph Murphy, Sean Hennessy and several of the other fasting prisoners are now so low that the end is expected shortly.

## World News Events

PLYMOUTH, Mass., (P)—A British mission stood at Plymouth Rock today to honor the memory of the Pilgrim fathers. The mission, headed by Lord Rathoreedan, came in connection with the tercentenary of the Pilgrims landing. They were guests of the tercentenary commission at luncheon.

BELGRADE, (P)—Serbian troops entered the Klagenfurt plebiscite area to protect the Slovene population, and will retire as soon as order has been restored, according to newspapers here. The papers demand a review of the plebiscite held October 9.

VIENNA, (P)—Returns from the elections for the national assembly show that the Christian socialists were victorious over the other parties by a slight majority. They now become the majority party in parliament.

WASHINGTON, (P)—Final hearings in the boundary suit between the states of South Dakota and Minnesota was set today by the supreme court for next January 3.

## GEORGIA JUDGE DEMANDS INDICTMENT IN LYNCHING

Results of Mob Activity Are Pictured to County Grand Jury in Court's Instructions

SPRINGFIELD, Ga., (P)—The results of mob activity were pictured to the Springfield county grand jury today by Judge Lovett in instructions which virtually demanded that someone be indicted for the lynching several months ago of Phillip Gathers, a negro. Gathers was lynched in connection with the killing of Anna Johnson, a girl.

"Officers of the law, representing the sovereignty of the state, free from the mob," Judge Lovett told the grand jury, "what a little spectacle of law, created by the people, in flight pursued by its own creators. Lawlessness reigns supreme; the security of the law becomes a byword to be scoffed at; constitutional guarantees are by force made vain and empty things."

## FARMERS LOOK TO GOVERNMENT FOR ASSISTANCE

Organization Suggests Borrowing on National Credit and Loans Through the National Bank System

## PREDICATES PROPOSAL ON RESERVE BOARD BAN

Argues Either Primary Producer or Those Seeking to Get Control of Produce Must Finance Crop

WASHINGTON, D. C., (P)—Declaring that "some one" must finance this year's crops, George P. Hampton, managing director of the Farmers National council today wrote the Federal reserve board suggesting that, in event the board definitely decides against making an effort to get its members to finance farm paper and warehouse receipts, the government borrow money and deposit it in national banks to be loaned to farmers at not more than one per cent in excess of the rate the government pays.

Farmers this would be able, Mr. Hampton said, to hold at least a part of their crops until they can get control of production plus a reasonable profit, until there is an effective consumption demand.

Either the primary producer or those who are seeking to get control of farm products and who are able to get credit from some source must finance the crop, the letter said.

"The men seeking to corner agricultural products will not reduce the prices at which they sell crops any more than they have to," Mr. Hampton declared. "The law of supply and demand will be unavailing in case these holders can obtain embargo on importation of farm products in crude condition as it is intimated they intend to do."

## RESTAURANT KEEPERS TALK WITH COURT ON COMPLAINT

HORTON, Miss., (P)—Restaurant keepers from many places in the state responded today to the invitation of United States Attorney Daniel J. Gallagher to confer with him on complaints that they have been exacting excessive prices for food.

Items which he thought required an explanation included alleged profits running to 1000 per cent on vegetables, the sale of corn at 40 cents an ear, and the sale of eggs at a cent and a pie at 20 cents a cut.

## COMMERCE BOARD SUSPENDS HIGHER RATES ON COTTON

WASHINGTON, (P)—The interstate commerce commission today suspended until next February 15, proposed increases of 40 per cent on through rates to eastern and Canadian points on cotton and cotton bolls originating in Oklahoma, New Mexico and Kansas.

## BUREAU OF EFFICIENCY DEALS IN INFORMATION

Undertake to Fill Gap Between Government and Citizens to Whom It Would Aid

WASHINGTON, D. C., (P)—Information regarding any activity in which the government is interested will be furnished to the general public through the information service section of the United States bureau of efficiency, here according to announcement from the bureau. The information service is an outgrowth of the bureau's investigations into the duplication of work in government departments, undertaken at the direction of congress.

"If you are interested for instance in the primitive condition of public works, in present day activities in education, or in commerce, you desire to know where to apply for the classification and biology of the current events, write the bureau of efficiency information section," the announcement said. "The section will act as a reference index to activities and offices."

## OHIO LABOR DID NOT INDORSE COX

DAYTON, O., (P)—Adhering to the policy of the American Federation of Labor, the Ohio state federation of labor today in convention here, made no endorsement of political candidates. Through a misunderstanding it was reported October 14 that the convention had endorsed Governor Cox, democratic presidential candidate.

The Associated Press on October 14 made an erroneous announcement that the federation had endorsed the candidacy of Governor Cox and its attention was called to its error Saturday through the publication of national headquarters in New York.

## AMERICAN BANKERS WILL GIVE CUBANS ASSISTANCE

Conference Results in Decision to Afford Relief from Present Financial Stringency

WASHINGTON, D. C., (P)—American bankers agreed at a conference here today with officials of the government and sugar companies to afford relief from the present financial stringency in Cuba.

Under the agreement the bankers will purchase bonds issued by the Cuban government which will use the money in financing the sugar crop and in affording other relief.

The terms of the agreement will be communicated to the Cuban government and it will be for that government to decide whether the plan will be acceptable. Meantime, the state department will inform Cuba that the American government is such cannot offer any financial assistance.

## STRIKE CAUSES STERLING DROP

Effect of the British Industrial Struggle is Seen in Financial Exchanges

LONDON, (P)—One effect of the coal strike upon financial London has been the weakening of the pound sterling, which has dropped to \$3.44 on buying orders to cover actual and prospective exports to Europe. The effect has also been seen in the continental exchange, with the pound falling to 100 francs on the London market.

Perseverent reports of efforts to settle the coal miners strike partially relieved the spirit of anxious uncertainty of the British nation today. For the moment, these reports seem to have greater basis in hope than in actual information.

## Glynnes Expects Settlement

John Robert Glynnes, former food controller, and one of the most moderate of the labor leaders, has expressed confidence in a settlement within a week. If both sides could be brought together to discuss calmly the controversy, he advocates as a basis of agreement the granting to the miners of half their demands, and the submission of the remainder to an impartial tribunal.

J. T. Thomas, general secretary of the National Union of Railwaymen, also has made moderate statements and both these men are relied upon to do their utmost to shorten the strike.

## Contrast Labor's Attitude

Newspapers contrast the attitude of Glynnes and Thomas with that of C. T. Gump, president of the National Union of Railwaymen, who has given significant warning to members of that union of "the serious situation which will be created if the miners are defeated."

They also call attention to an utterance by another prominent laborite, Edwin Bevin, secretary of the dock and railway workers' union, who in a speech yesterday accused the government of having engineered the strike, and charged it with double dealing.

## BUREAU OF EFFICIENCY DEALS IN INFORMATION

LONDON, (P)—Disorders started in Whitehall this afternoon, during a demonstration by unemployed men, and sent a delegation to Premier Lloyd George in Downing street. Several persons were injured in attempts to break through a police cordon and others were hurt while some stone work from a window on the treasury building fell.

## Ugly Situation Develops

The situation which developed in Whitehall at the entrance to Downing street, was an ugly one. There were a thousand unemployed there. The disorder started when the unemployed demonstrators tried to break through the heavy police guard and get into Downing street. It was during this time that the window stone from the treasury crashed down. Police reinforcements were rushed up, and mounted police were called out to assist the regulars.

## Crowd Throws Stones

At least two of the police and several civilians, including a woman, were injured in the early attempts of the crowd to get through the cordon. Finally the crowd began to throw stones. The parapet on one side of Downing street also collapsed during the crush. A number of persons were injured when a crowd, headed by the red flag of the Tottenham district socialist and labor party made a determined rush and tried to break through the police. Eventually the red flag was captured.

As the scene near the Trafalgar square, set up a red flag, the "International" and cheered Lenin and Trotsky. The crowd, however, the police not interfering.

In Whitehall, the police finally dispersed the rioters. Fifty injured persons were given treatment in a nearby trouble center. Twenty of these were sent to hospital.

## Country on Anxious Seat

The country awaited anxiously a report from the meeting held this morning of the council of transport workers, which includes more than 20 unions. The council, however, after a lengthy session adjourned until tomorrow without announcing its policy.

Two other meetings which might have a vital effect on the situation were expected to be held today. One was a meeting of the transport workers executives and the National Union of Railwaymen's executives. The other was a joint meeting of the executives of the labor party, the labor council of parliament and the union congress, which would bring together all the big labor leaders.

While the national leaders as a whole are saying little there are some of them who are making much in favor of a sympathetic strike, notably in Scotland and at Barry, Wales, an important coal depot.

The miners are making much of the fact that while the strike is completely effective there are considerable sections of the miners who are not in sympathy with the strike, although declaring they will stand by the others.

The miners of the vital south Wales fields represent the intelligent section of the strikers. The bulk of the extremists of the federation are to be found there and they are eager to capture the fight to the bitter end.

With the shipping, steel and iron and other industries already hit, many thousands of men are out of work this morning in various parts of the country. An estimate of the total will be many scores of thousands unemployed.

## People Feel Effects

The general public already has begun to feel the effect of the restrictions on coal supplies for lighting and for storing away. The people are today to find themselves faced with sharp fall weather, which demanded either fires or warmer clothing. If the coal strike is not ended it undoubtedly will have an important effect upon the situation.

## STATE DEPARTMENT TALKS OVER CUBAN SITUATION

WASHINGTON, (P)—The financial situation in Cuba was discussed at the state department today in a conference in the Under-secretary of State Davis, Foreign Trade Adviser Wesley Frost, and representatives of ten American banks and nine sugar concerns participated.

## YOUNG VOTERS PAY VISIT TO HARDING HOME

Delegations from Many States Gather at Marion to Hear the Republican Nominee Make Plea for "America First"

MARION, O., (P)—First voters day at Senator Harding's front porch brought to Marion today many delegations of young men and women to hear the republican nominee make a plea for "America first" as the motto of those about to cast their ballots for the first time.

## Many States in Line

Indiana, Michigan, Illinois, Pennsylvania, West Virginia, Kentucky and Ohio sent the largest representation, although citizens from many other states were present. A general special train brought delegations from outside Ohio, and many from the cities nearby came by motor. A bicycle division also was one of the features of the parade, which preceded the senators speech.

Miss Edna Thomas Gordon of Ottumwa, Ia., was designated to present the women first voters to Senator Harding, and Walter Rogers of Columbus, O., was the spokesman for the men. A number of civil and world war delegations also came for the occasion, and there was a group of Polish-Americans who presented a general delegation of Italian-Americans and a committee of Italian-Americans from Illinois.

## Pittsburgh in Vanguard

One of the first separate organizations to present itself at the front porch was from Pittsburgh. It was headed by Mayor Babcock and included a group of women in marching uniform of blue and white who serenaded the nominee with campaign songs. In response, Senator Harding made a short speech in which he expressed gratification that women had "come into full possession of American citizenship."

## ALASKAN EXPEDITION PLANNED DRAW NEAR TO MINNEOLA

MINNEOLA, N. Y., (P)—A wireless message was received at Mitchell field today bringing the four American army airplanes completing a round trip between here and Nome, Alaska, hoped to arrive here about noon tomorrow. The message, from Captain Howard T. Douglas, executive officer of the expedition, said that the plane would leave Grand Rapids, Mich., today for Erie, Pa., where they planned to remain overnight.

# COX TELLS FIRST VOTERS THEY ARE FOR THE LEAGUE

**Democratic Candidate for Presidency Opens Second Eastern Campaign with Address to Younger Citizens at Syracuse**

SYRACUSE, N. Y., (AP)—Governor Cox today opened his second eastern campaign with an address here to first voters, urging them to disregard partisanship and to vote as Americans. "Americanization," said the democratic presidential candidate, "is but

another word for construction. Americanization is not selfishness. It means that we so love this freedom of America that wherever in the whole world the name of America is mentioned it shall mean honor, loyalty, progress, humanity and peace. To shout 'America first' and then oppose making America first throughout the world, is to turn our backs on progress and on the ideals which the framers of our great constitution move into the soul of America.

"Therefore when I talk of the league of nations, I am presenting no new spirit, but am simply endeavoring to keep the faith of America."

Stating that first voters represent a new generation, Governor Cox said that "civilization was like 'a relay race,' each generation taking the ball from the preceding and contributing its share toward world progress.

"Some people," said the governor, "are not willing to take the ball and thereby lose the race by slipping back. There can be nothing more reassuring than that this great army of first voters composed of millions of young men will approach the ballot box this fall with the same patriotism with

which they stood in the front trenches. I find that the young men and the Mothers will insist that we become a part of the league of nations. The young men who are first voters will find themselves in distinguished company this year for the mothers of America have been given the rights to which they are entitled. I have no doubt what the mothers of America will do in the forthcoming election nor have I a single doubt what the young men will do. Mother and son link the two generations which stand for a peace won by the sons and made permanent by the mothers of America."

## DEMOCRATS FIND COMFORT IN SELMON'S DEFECTION

CHICAGO, (AP)—Democratic national committee headquarters here today made public a statement by Marshall Stimson, of Los Angeles, announcing he would vote for Governor Cox. Mr. Stimson, the statement adds, was campaign manager for Senator Hiram Johnson in southern California in 1910; a delegate to the republican national convention in 1912; and a member of the California republican state committee this year.

## PEKING UNIVERSITY PAYS AMERICAN UNUSUAL HONORS

PEKING, (AP)—Unusual honors were paid Dr. John Dewey, of Columbia University, New York, and Dr. P. B. Reisch, former American minister to China at the University of Peking Sunday when they were given the degree of doctor of philosophy.

The meeting was marked by great enthusiasm over the tribute paid to the two Americans. The secretary of the American legation in this city received the degree on behalf of Dr. Reisch.

Only four foreigners, two of whom are French, have been accorded similar honors.

## AMERICAN JEWISH RELIEF AGENCY TO WORK IN RUSSIA

PARIS, (AP)—On receipt of a cable message from the state department in Washington Friday giving permission for workers of the joint distribution committee for American Jewish relief to carry on relief work in soviet Russia, Dr. Frank Rosenblatt immediately left for Moscow. He has been waiting for some time for the Washington government's consent to this action.

## POSTCARD IS DELIVERED 17 YEARS AFTER MAILING

Writer Receives Own Report Long Delayed in Transmission Over 12 Miles Distance

NEW YORK, (AP)—A postcard mailed 17 years ago was delivered recently 12 miles from the place where it was dropped in a letter box. The man who sent it received it, having acquired the position formerly held by the original addressee.

Frank O'Keefe, the sender, was surveying the Harlem River in September, 1903, for the department of docks. One evening he sent the card, reporting his work to the superintendent. Later, O'Keefe, through a series of promotions, became superintendent of the docks. When the postcard ended its prolonged travels several days ago, it was delivered to him.

## RUMOR NAMES T. COBB LEADER OF THE TIGERS

Star Outfielder of Detroit Mentioned as Hughie Jennings' Successor

DETROIT, (AP)—President Frank J. Navin, of the Detroit American league club has not selected a man to replace Hughie Jennings, the Tiger manager, who resigned yesterday. Navin announced Jennings' resignation came so suddenly the Tiger owner said, that he had not given much consideration to a new leader for the team. Jennings left last night for Scranton, Pa., his home, without announcing whether he would remain in major league baseball. His resignation, he said, was prompted by a feeling that a "change would be beneficial both to the Detroit baseball club and to myself." It has been reported here that Jennings would lead another club possibly an eastern team next year.

President Navin announced tonight that Jack Coombs, former pitching star, who acted as trainer for Detroit this year, would not be with the team next season.

Clarence Rowland, former manager of the Chicago White Sox, and Ty Cobb, have been prominently mentioned as possible successors to Jennings. It is understood, however, that Cobb has expressed a wish to play ball several years more, declaring he would not accept a managership until his playing days are over.

### COBB IS AMAZED.

LOS ANGELES, Cal., (AP)—"It's all news to me," said Ty Cobb, center fielder of the Detroit Americans last night when he was informed he had been suggested as a possible successor to Hughie Jennings as manager of the Tigers.

"About a year ago Jennings casually asked me how I would like to be a manager," Cobb continued. "I told him then as I tell you now, that as long as I am a player I will not become a manager."

"When my playing days are over, it will be different."

Cobb said he had no knowledge of what led to Jennings' resignation.

### JENNINGS QUILTS TIGERS

DETROIT, Mich., (AP)—Hughie Jennings Saturday tendered his resignation as manager of the Detroit baseball club to take effect immediately.

### GOING TO PLAY POOL.

CHICAGO, (AP)—Play in the national pocket billiard championship tournament will open here tonight with 12 of the best players in the country entered in the competition. The tournament will last about three weeks. Charles "Cowboy" Weston of Pittsburgh, a former title holder, is the best player in the preliminary field. Ralph Greenleaf, the present champion, will defend his title.

### Brief Bits of Sport

Coach Barry of the Bull club accuses Twin Falls grid players of excuses.

Coming from the Bull mentor, after considering what has happened heretofore in Bull, this statement has a queer ring.

It is a fact that the Grizzlies tackled the Greyhounds off their feet, but as far as the officials of the game could see there was no deliberate fouling done, if indeed, any fouling at all.

On the other hand Michelangelo, the burly sage fullback, tackled more than one Bruin around the neck dashing in the Twin Falls runner to the ground with more force than was really needed. Also a Bull player lashed out with a sturdy right at a Twin Falls player near the goal post at the entrance to the field. The blow never landed, but it was one of the most violent things imaginable.

But never mind.

John Peck is champion heavyweight wrestler of Nebraska. He met Wladek Zhyazko on the mat in Kansas City the other night and could not win the grapple, but he knocked his opponent off his feet with a stinging right uppercut.

First thing these matmen will know they will be qualifying for the position as manager of the Gladiators.

New York sport writers to the number of 75 per cent attending the Carpenter-Levinaky scrap, declare the whole thing a "frame-up."

Said writers do not say so in as many words but they intimate strongly that the thing was a "set-up" to boost Carpenter's stock for a championship bout with Dempsey.

The guess is that Carpenter is not considered a worthy opponent for Dempsey, and the powers that be want to make the match look as reasonable as possible.

The Cook county grand jury is having a lot of trouble of its own rounding up the gamblers mentioned in the baseball graft thing.

The grand jury appears to have employed the same tactics in this matter as the food administration did in its attempts to run down gamblers in foodstuffs during the war.

They advertised what they were going to do far enough ahead to give the culprits a good chance to get away.

After reading what Mike O'Dowd did to Kid Lewis Johnny Basham, former British welterweight title holder, whom Lewis licked in England lately, has come to the conclusion his licking was a fluke.

Johnny wants another match, and he likely will get it, as he is ready to order for Lewis.

## NATIONALS MAY HOLD MEETING; BAN STAYS OUT

Johnson, Head of American League, Declines to Attend Reorganization

Associated Press.

CHICAGO.—Plans for the reorganization of baseball were to be discussed here today at the joint meeting of National and American league club owners. U. B. Johnson, president of the American league declared he would not attend the meeting and the five members—Washington, Cleveland, St. Louis, Detroit and Philadelphia—who aligned themselves with him in the internal American league fight last winter, were not expected to attend.

All the members of the National league, headed by their president, John A. Heydler, were present as were representatives of the Chicago, New York and Boston American league clubs.

The chief topic today was the Laker plan of reorganization, which if adopted would place control of professional baseball under a "civilian" tribunal of three men not interested financially in the game.

The reason given by Mr. Johnson for not attending the meeting, he said, was because he did not think it advisable at this time to discuss reorganization because of "startling evidence" he thought might come before the Cook county grand jury when it reconvened tomorrow to continue its investigation of the baseball scandal.

Hundreds of telegrams and letters from baseball men throughout the country approving the plan of the establishment of a tribunal have been received.

### ORIOLES WIN FLAG.

ST. PAUL, (AP)—Defeating the St. Paul team of the American Association 1-0, in a hardfought game, the Baltimore International league club on Saturday captured the minor league championship. A fluke home run was the only tally. The victory gave the Orioles five wins in six games.

### Couldn't Get the Idea.

Elmer's father had purchased a hunting dog which he called a setter, and the boy was greatly interested in it. After a few days of observation, however, he announced: "I don't see why you call him a setter. He never sits; he's always either standing or on the run."

## Below the Surface

A Paramount-Artcraft Picture

A great love story of the sea. Of under-water heroes and underworld "sharks." Of a father's love for a willful son, a boy's love for an unworthy woman, a girl's love that waits and wins when the storm of passion ends.

A story of fog and wreck and rescue, of city revel and small-town charm. And the most exciting sub-sea exploit ever shown in a motion picture. A story more human and far more appealing than even Bosworth's "Behind the Door."

## COME ACROSS.

"Pro-league independents," through  
the Democratic national headquarters,  
under conditions guaranteeing their re-  
tention of the money, offer to pay  
\$25,000 for proof that the league of  
nations "would abridge the sovereignty  
of America."

That's too easy.

All that is required is a comparison  
of the Constitution of the United  
States with the covenant of the league  
of nations. And it is not necessary  
to take into consideration at all, Ar-  
ticle Ten of the covenant, under which  
the United States, as a member of the  
league of nations, would obligate it-  
self to "preserve as against external  
aggression, the territorial integrity and  
existing political independence" of  
every other member—an obligation  
which no one disputes offers most fa-  
vorable prospect for involving the  
United States in war.

Another provision of the covenant  
would obligate the United States, if a  
member of the league, in case that an-  
other member "should resort to war in  
disregard of its covenants," to "un-  
dertake immediately to subject it to  
the severance of all trade and finan-  
cial relations," etc., etc.

Such procedure on the part of the  
United States is a pledge to be ful-  
filled irrespective of what the league  
might or might not advise in the pre-  
mises.

It is a definite abridgment of Amer-  
ican sovereignty in so far as the right  
of Congress alone, under the constitu-  
tion, to "regulate commerce with for-  
eign nations" is concerned.

There can be no argument about a  
proposition so plain as this.

## HARD TO UNDERSTAND.

One of the things that is hard to  
understand, if all that is said about  
the universal benefits resulting to  
North Dakota and its people from the  
experiment in state socialism now in  
progress there is true, is why the rate  
of increase in the population of that  
state during the last ten years is low-  
er than in any previous decade in its  
history.

It would seem that if those advo-  
cates of the present regime in North  
Dakota were sincere in their solicitation  
for the welfare of the people of  
other states, they would prefer to act  
as emigration agents for the state of  
North Dakota, rather than to under-  
take to transplant the North Dakota  
program to Idaho, for instance, where,  
according to their own statement, they  
cannot hope to set their program in  
motion before the lapse of at least four  
years time.

**HOW THE REPUBLICANS ARE  
"AVOIDING" LEAGUE ISSUE.**  
(Los Angeles Examiner.)

The New York World reports that  
Republican leaders are becoming shy  
of the League as an issue, and they  
fear that Cox, aided by President Wil-  
son, "will make it the decisive factor  
in the election."

On the day the World printed this  
statement Senator Harding devoted an  
entire speech to Mr. Wilson's unpopu-  
lar foreign covenant; Charles E.  
Hughes opened the campaign in New  
Jersey with a 7000-word speech at-  
tacking it; Henry Cabot Lodge ad-  
dressed the Republican State Com-  
mittee in Massachusetts on the same  
great issue, which is much more im-  
portant than any question of party or  
of individual candidates.

And in New York Judge Miller  
made a speech and observed that,  
inasmuch as he could speak only  
briefly, he would discuss the League  
of Nations only.

"President Wilson has called  
Article X of the League covenant  
the 'heart of the treaty.' It is  
also the heart of the controversy  
in this campaign. We must there-  
fore assume that when Mr. Cox  
says he is in complete accord with

Mr. Wilson on the treaty he had  
Article X in mind. So that this is  
the basis on which Mr. Wilson  
and Mr. Cox are willing to go in  
on and Senator Harding is deter-  
mined to stay out.

"Mr. Wilson says that through  
Article X we assume nothing but  
a moral obligation to protect the  
territory of other members of  
the League against aggression  
from without."

"I read in the newspapers that  
Mr. Cox has said that such a  
moral obligation involved no risk,  
for if it should be found not to be  
the right thing to do to live up to  
it, it would be immoral to do so  
and moral to refrain from doing  
so and that this morality would  
balance the immorality involved  
in breaking our solemn obligation  
as a nation."

"That is the way every liar that  
I have ever known reasons. Eng-  
land and France assumed that  
obligation, but England repudi-  
ated it because she was unwilling  
to fight for Poland to protect that  
country—a member of the League  
from external aggression."

"England withdrew, and Lloyd  
George as an excuse said that  
Poland was the aggressor in her  
war. But suppose the United  
States had been in. There is no  
doubt what we would have done—  
this country would have lived up  
to its pledged word. There is no  
doubt we would have been called  
upon to do so, for we have the  
material, the means and the men."

"There never was in all history  
such an attempt to impose upon  
an unwilling people the will of one  
man as the attempt to get the  
country to accept the unamended  
League covenant."

If all the Republican leaders con-  
tinued to "avoid" the league in this  
way, Mr. Cox will certainly have no  
difficulty in keeping it the decisive  
issue that it is.

REFORMER ATTACKS USE  
OF HORSES IN BULLRING

Spanish Suggests League of Nations  
Would Do Well to Take Up Another  
Humanitarian Problem

MADRID, (AP)—The practice of rid-  
ing horses into the bull ring to be  
mutilated and tortured by maddened  
bulls without a chance of escape or  
opportunity to avoid attack is de-  
nounced by Ramon Gomez de la Serna  
in Tribuna. The writer argues that  
the horse suffers agony from the time  
he enters the ring until he is killed,  
he screams the bull which he cannot see  
and trembles and perspires with fear.  
Senor de la Serna remarks that such  
method of putting a horse to death is  
unworthy of human dignity and self-  
esteem. He declares some bull fight-  
ers feel that such cruelty is unneces-  
sary and one of them, Minuto, even  
invented armored protection for the  
pioneers' horses, although this proved  
futile, as the infuriated bull always  
found a weak spot in the cuirass.  
The author concludes that the league  
of nations would have done well to  
have taken the matter up.

PROVES REPORT  
OF ATROCITIES  
AGAINST POLES

America n Eye-Witness Gives  
Harrowing Details of Scenes  
at Battlefront Confirming  
Cruelty Stories

The following letter is given tex-  
tually as received from Warsaw as  
the simple but graphic report of  
an American eyewitness' visit to  
the battlefront and his statement  
as to extreme cruelties against the  
Polish troops. The letter is ac-  
companied by a number of photo-  
graphs showing the Polish victims  
of these atrocities. The letter is  
written on the letter head of the  
Polish Mechanics Co. Inc., having  
branches in New York, Chicago  
and Detroit, and was signed by the  
president of that company.

(Correspondence to Associated Press.)  
WARSAW — We left good United  
States under the impression that most  
of what has been written about Bol-  
sheviks was full of lies. Stories of Pol-  
ish soldiers describing cases of the  
most refined cruelties practiced upon  
captured Polish commissaires and  
non-commissioned-officers and soldiers  
could not change our point of view.  
On August 25 we had an opportunity  
to be convinced by "seeing and touch-  
ing" the deeds of red knights.

Our Ford truck, loaded with bread,  
underwear, sweets, cigarettes and soap  
left Warsaw with decision to reach the  
fighting columns. We passed through  
Jablonna and Serock and stopped in  
Poltusk, where a crowd of women sur-  
round policemen and spy, disguised as  
a woman. In the middle of market we  
found grave of Bolshevik chief, who  
captured Poltsuk, but was killed at  
the end of battle.

Next day we approached battle line  
in Chorzels. We met the first killed  
man by the road, red army soldier, ly-  
ing on his back with eyes looking to-  
wards Warsaw. He wore coat of Pol-  
ish soldier, but was robbed of every-  
thing else by his own comrades.

A few yards further we found four  
Polish soldiers, captured by red army,  
undressed and then murdered in the  
most heastly manner. One thousand  
of Polish infantrymen were fighting for  
14 hours 8000 Russians. When finally  
the Polish line was broken, Russians  
began to yell: "Comrades stop fight-  
ing, you are surrounded." A group  
of Polish soldiers were captured, un-  
dressed and every one of them was  
murdered in the most horrible way with  
sabres.

In Chorzels we met a group of Bol-  
shevik prisoners; 15 per cent of them  
were barefooted poorly dressed, many  
of them in Polish uniforms and slots of  
fighting. Every one of them claimed  
that he was forced to fight by com-  
munists and there was one among them  
who brought with him 30 Polish pris-  
oners.

Large groups of Russians, usually  
commanded by commissaires, fight very  
well, but small bands and single sol-  
diers throw their arms and surrender.  
They were brought into Poland under  
promise that there will be universal  
uprising of workers and peasants and  
every captured Warsaw. Bolshevik  
commanders promised their men seven  
days of freedom in Warsaw, so that ev-  
erybody would have chance to rob and  
plunder "unlimited treasures," stored  
in Polish capital.

Cordy Campaign.  
The attack upon Warsaw cost Bol-  
sheviks 70,000 men in killed and wound-  
ed, 100,000 captured, 80,000 disarmed  
by Polesians. The war is not over. Bi-  
berian army was rushed against tired

but enthusiastic and victorious Polish  
legions and another supreme effort of  
heroic nation will be needed to pro-  
tect democracy and liberty.

Polish citizens condemned Jewish  
attitude, but have shown no desire to  
do them any harm. From our point of  
view the population and the govern-  
ment are too careless and too lenient  
with criminals acting against the gov-  
ernment, and country, which gave  
them shelter and unlimited privileges.

for a woman bandit who last night  
held up a motoring party at Monheim-  
town, near here and forced the occu-  
pants of the car to give up \$80. The  
woman had an automobile driven by  
a man. The motorists were stopped  
when their tires were punctured with  
bullets.

Behind the flag we must have a sound country, a country of

tions, and void of commercialism unfair to our own people.  
Roosevelt was the exponent of the protective system that

Here I am tonight in Winston - Salem  
where more tobacco is manufactured than  
in any other place on the face of the earth!

When I knocked off for the day, I buzzed  
around like a hungry bee in a buckwheat  
field—and down long streets of R. J.  
Reynolds Tobacco Co. factories!

As the Reynolds enterprise proved out  
more and more gigantic and I talked with  
more men about it, I got the real and true  
answer as to why Camels are so good and so  
entirely different from any other cigarette!  
I'll spin it for you, old top—listen:

Every man I talked with made the one  
big point that the officials and the more  
than 350 Reynolds foremen have an inborn  
knowledge of the tobacco business; that  
(putting it into a North Carolina expres-  
sion) they were virtually "born and raised  
in a tobacco patch"; that they know to-  
bacco; how to grade it, blend it, and how  
to manufacture and sell it!

And, what's most important of all, Pete,  
these Reynolds folks sure give men what  
they want—the best that can be produced!  
Why—Peter, it took months to perfect  
Camels Turkish and Domestic blend—and  
that refreshing flavor—and wonderful mild,  
mellow body!

Tomorrow, I'm going to meet some of the  
Reynolds folks. Got to see inside of those  
factories!

And, you know me!

# WEATHER FOLKS MAKE COMMENT

Continued Excellent Climatic Conditions Cause Talk Among the Observers

Moderate temperatures, generally above normal, prevailed throughout the state during the week. No frost occurred and there is general comment on the part of crop reporters on the fact that no killing frost has yet occurred and that late garden vegetables and flowers are still growing luxuriantly. There was much cloudiness and sunshine was inadequate. Moderately heavy rains were general, a weekly bulletin from the weather bureau announced.

Conditions were for the most part quite favorable for the slow growth of vegetation. Meadow and pasture grasses are in excellent condition for the season, although increasing cold on the higher ranges is slowing the growth of forage plants considerably.

Conditions of both moisture and temperature were very favorable for fall sown grain and the early seeded fields are mostly up to a fine stand and growing nicely. The rains in most localities have been soporific and heavy enough to put the soil in the best of condition for fall plowing.

**Rains Delay Work.**  
Most branches of farm work were delayed considerably by the rains. Much of the third crop of alfalfa is down and unless there is good drying weather soon considerable damage may be done. In some of the later districts much grain is still unthreshed and in the absence of some of this is sprouting and rotting. Apple picking has been delayed and beet digging has been stopped by the rains in some districts. The corn crop has for the most part been secured and in excellent condition.

## ONLY PRIVILEGED ONES IN RUSSIA CARRY KEYS

Locks on Doors of Homes are Considered Unnecessary in Bolshevik Scheme of Life

LONDON, (AP)—Door keys are considered unnecessary in the Bolshevik scheme of life in Russia. Only privileged persons are supposed to possess them.

When the Associated Press correspondent who recently crossed Russia asked for a doorknob in one of the nationalized hotels at Omsk he was informed by the hotel "communist" formerly the owner, that under the red regime doors are not supposed to be locked.

An appeal to the Omsk Bolshevik commandant resulted in the American correspondent obtaining an official document granting him a key and the privilege of locking the door of his room.

## HOLLISTER

HOLLISTER — Mrs. S. P. Hahn was a business visitor to Twin Falls Monday and Tuesday.

Walter Fullmer married to Twin Falls Tuesday where he is employed. Salvation Army soldiers were here Monday; all of us are expected to "loosen up some" for this cause.

Charles Caldwell has gone to Omaha where he expects to work this winter. Life Bevington, J. A. McBride, with others, left Monday for a deer hunt in Nevada.

E. L. Hazard and Frank Craven left Thursday for a hunting trip into Nevada.

A good audience attended the Rev. Mr. Young's address on George Washington at the church last Sunday evening.

C. McLean and Kenneth Lowry returned last Saturday from a deer hunt in the Sawtooth mountains north Hailley.

## Grip.

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on—adv.

# GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that irritate the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless water and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jai Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days, and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weaknesses.

Jai Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache—adv.

## The KITCHEN CABINET

Because in a day of my life to come There waiteth a grief to be, Shall my heart grow faint, and my hope be dumb.

In this day that is bright for me?

Because of a subtle sense of pain, Like a pulse-beat thrumming through The coils of my thought, shall dare refrain From delight in the pure and true?

## REFRESHING FROZEN DISHES.

One may have such a variety of frozen dishes with the foundation prepared like the usual vanilla ice cream. Various fruits, frozen, are added to the attractiveness and lend variety.

Banana Sherbet—Put three cupsful of water and one and one-half cupsful of sugar in a saucepan; boil five minutes. Add the juice of one lemon and two oranges, with a little of the grated rind of each and one cupful of banana pulp. Strain off the stringy portion of the bananas before putting through a sieve. Beat the strip and fruit mixture till cold, then add in three cupsful of whipped cream, measured after whipping, or the whites of three eggs beaten stiff. Freeze until soft like mush. Serve in fruit glasses.

Banana Jelly—Take one pint of banana pulp, the juice of one lemon, one-fourth cupful of orange juice and one-half cupful of sugar. Boil one-third of a package of gelatin, one-third of a cupful of cold water. Soak the gelatin in cold water, put the bananas through a sieve, add the sugar, the juice and lemon and until the gelatin is softened (and dissolved over hot water). Mix all together thoroughly and turn into a mold. Let stand in a cold place to become firm. Serve with cream or a custard.

Banana Ice Cream—Scald one quart of thin cream, dissolve in this one and one-half cupsful of sugar when cold add a pint of chilled cream and milk. When the cream is partly frozen add one and one-half cupsful of banana pulp put through a ricer, mixed with the juice of one and one-half lemons. Finish freezing, and let stand a few hours to ripen.

Honey Taffy—Bowl (270 degrees Fahrenheit) one cupful of sugar, one cupful of water together until it makes a hard ball when dropped in cold water. Mix all together thoroughly and pour into a buttered dish and cool until it can be handled, then pull.

## BOSTON SOCIETY SEEKS TO ENLIST NURSES ARMY

Association Offers Training Course and Constant Employment to the Volunteers

BOSTON, (AP)—A movement to build up an adequate body of nursing attendants to serve at moderate wages in homes where outside care is needed in cases of sickness but where means are lacking to pay trained nurses has been started in this city. The House-hold Nursing association is offering women from 25 to 45 years of age a carefully planned course which it describes as designed to prepare them "for the care of sickness in the home and the care of the home during sickness."

New classes are formed every seven weeks. The expense for the training is small. The course extends over a period of seven months, beginning with study of the care of the household, cooking, dietetics and nursing. After this preliminary work the students are sent to co-operating hospitals for four months receiving actual training and experience in the care of patients. After this care of a mother and baby is then learned in a maternity hospital.

When the course is completed the students are given case work under supervision of a trained nurse for five months. If they are then given diplomas and are permitted to work independently. Through a registry system the association is able to provide constant employment for graduates of the course.

**Bird of Ill Omen.**  
The raven figures in many superstitions and is invariably considered a bird of ill omen, and its unexpected appearance a sign of death or disaster. It was dedicated by the Romans to Apollo, and there is a strange Greek legend telling how the bird was changed from white to black.

# SWENDSEN O. K'S MURTAUGH PLAN

State Reclamation Commissioner Favors Irrigation District Scheme

That the Murtaugh Irrigation district project has found favor with W. G. Swendsen, state reclamation commissioner, is the subject of a report just issued with the state department by the commissioner. Mr. Swendsen returned a report of findings after thoroughly investigating the claims of those persons who filed the petition for the formation of the district, investigation of which was started before the county commissioners of Twin Falls county last week.

Coming on top of a like report orally by Harry Dibble, engineer connected with the federal reclamation department, of Burley, the statement of Mr. Swendsen may prove to be the clinching argument for the authorization of the district's establishment. Mr. Swendsen's report was submitted in the past week. He is expected in Twin Falls this week to discuss the proposition with the county commissioners and add his opinions on the subject of creating the district.

Murtaugh district residents, interested in the opening of a 40,000 acre district for irrigation, recently petitioned the commissioners for the establishing of such a district. The board was seated several days last week to hear contentions in the premises, finally calling for experts to attend the sessions and render a measure of judgment. Mr. Dibble gave a favorable report on the last day of the convention.

## GLASS PLANT BRANCH HERE WITH RAIL LINE

Los Angeles Concern to Put Distributing Agency in Twin Falls

One of the commercial benefits Twin Falls will derive from the construction of the southern rail line to Wells will be the establishing of a branch distributing house of the Western Glass Products company, according to T. L. Allen, company representative in this district. Mr. Allen says his concern is watching especially the developments of the Idaho Central Railroad company project, expecting to be one of the first industrial institutions to locate a distributing branch for its product here when the road is in operation.

The factory of the Western Glass Products company is located in Los Angeles, or rather in the course of construction at that place. It is expected the institution will be in operation after the coming year. Work has been started. The plant will be the second largest of its sort in the United States.

# FRIDAY 23RD AN IMPORTANT DAY WITH TEACHERS OF ASSOCIATION

Matters of Special Interest to Educators of the South-Central District Will Be Up for Discussion with Reports from Various Committees to be Received—Duty is Outlined

(By HAT. G. BLAKE.)

Inasmuch as it is planned to have the South Central District Teachers' association an integral part of the State Teachers' association, the state board of education has set aside Friday of institute week as the day to be devoted to matters concerning the district association. This is the day when the reports of the committee on legislation and the committee on constitution will come before the teachers for discussion and approval. This is the day when educational matters and policies pertaining to the interests of the South-Central district will come before the teachers in attendance. On this day, the new officers of the district association, who will serve during the coming year, will be elected. And, too, this is the day when the district's representatives on the executive committee of the State Teachers' association will be elected. Friday is a most important day and every teacher in the South-Central district is earnestly and sincerely urged to be present and to take an active part in all matters and affairs that come before the association. Without a doubt, this day will ultimately mean more to the teachers than any other day of the entire week.

John the State Body

Light here, it would seem wise to call the attention of the teachers in the district to their important duty of becoming affiliated with the State Teachers' association. This ought to be done at once so that every teacher may receive the September and the October copies of the "Idaho Teacher," of which every member of the state association is a subscriber. There is one thing about which every teacher is cautioned and that is that one must be a member of the State Teachers' association in order to be permitted to participate in the affairs of the district association which will come up on Friday, the last day of the institute week. And, too, there is another thing, that one must participate in and attend the district association in order to receive attendance credit for Friday and thus meet the requirements of the law relative to institute attendance.

The fee for membership in the State Teachers' association is \$1. This fee also, pays one's subscription to the "Idaho Teacher." And, it does more—it makes one a member of the district association and eligible to participate in all its activities. It would be well for you to speak to your county superintendent or your city superintendent about this matter at once. Do not fail to bring to the institute your receipt showing membership in the State Teachers' association. This receipt will give you clear sailing.

## Important Election

In the matter of all elections which will be held on Friday, regular voting booths will be set up and the elections carried out in a businesslike way. Every teacher is urged to remember that it is not only his right to vote but his duty as well. No teacher should fail, under any circumstances, to take an active part in the matter of elections. It is a plain and significant duty and should in no wise be disregarded. It is every teacher's duty to become a member of the State Teachers' association. Upon this duty is predicated the right of every teacher to participate in district association elections and other affairs. The following is the committee on elections:

Miss Mae Lowe, superintendent of Cassia county, chairman; J. H. Allen, superintendent of Buhl schools; Miss Britton Wolfe, superintendent of Twin Falls county; E. W. Buck, superintendent of Hagerman schools; J. P. Francisco, superintendent of Wendell schools; Mrs. Leah M. Burnside, superintendent of Lincoln county.

This committee will have charge of all elections. The chairman of the committee will designate who of the committee shall act as judges, tellers, etc.

## Clearings Were High for Banks the Past Week

Nearly Million and Quarter Paper Interchanged by Finance Houses

Bank clearings for the week ending last Saturday reached a total of \$1,212,913.30, representing one of the biggest weeks in the history of the department.

Since May 19, when the clearing house was instituted by Twin Falls banking houses, to and including Saturday, the sum total business carried through the clearing department amounts to \$2,947,401.84.

By days the clearings last week were: Monday, \$183,348.60; Tuesday, \$227,090.64; Wednesday, \$230,504.80; Thursday, \$222,887.46; Friday, \$201,807.68; Saturday, \$126,276.22.

## REPUBLICANS TO BRING CAMPAIGN ORATORS HERE

Schedule for County Candidates and Outside Spillings Given Out by Headquarters

Republican county headquarters today announced a series of public meetings to be held in Twin Falls, Buhl and Filer during the closing days of the campaign, opening on Friday evening next with an address in the Laverne theater here by J. V. Hamlin, former representative in congress from Iowa, who is scheduled also to speak with Governor D. W. Davis at Buhl on Saturday evening next.

Representative Addison T. Smith and Attorney General Roy L. Black are to speak on Monday, October 25, at Buhl, and on Tuesday, October 26, at Filer.

Former Governor Frank H. Gooding, candidate for United States senator, will speak in Buhl on Saturday evening, October 30.

In addition to these meetings, it is announced, arrangements are being made for a series of meetings through out the county in which candidates for state, legislative and county offices will take part.

## GENERAL CULLING OF FOWLS IS SUGGESTED

Extension Department Will Dispose of Non-Producing Domestic Fowls

General culling of domestic fowl flocks is urged in a bulletin sent out by Miss Edna M. Ladwig, county home demonstration agent, to all persons owning such flocks. Explanation is made that feathered communities should be relieved of their non-producers immediately so that the culls can be put on the market before the big fall rush of poultry breaks the price to the low of the season. Miss Ladwig urges owners to advise her by October 22 how many such fowls they will have to dispose of.

Arrangements have been made through the extension department of the state university to dispose of surplus birds to an outside buyer, who will ship crates into each district for the reception of fowls.

Demonstrations in domestic fowl culling have been arranged as follows: Tuesday, October 19, at the home of Mrs. Edward Harding near Buhl, at 2 p. m.; Wednesday, Frank De Klotz, at 2 p. m.; Friday, C. A. Johnson, west of Kimberly, at 10 a. m., and S. G. Proctor, south of Kimberly, at 2 p. m.

Store your spoils with Munson & Harder at 15c per season. Phone 276.—adv.

# TWIN FALLS IS THIRD IN IDAHO

Federal Department Revises Idaho Falls' Census Figures Downward

Through a revision of figures, ordered by the federal census department, Idaho Falls is forced to accept a decreased official population thus giving way to Twin Falls as the third city in size in the state of Idaho.

By the revision Idaho Falls has a population of 3854 while Twin Falls has 4224. Boise is the first city in the state and Pocatello the second.

The change in Idaho Falls' official census has just been announced and results from refusal of the government to accept a count of residents of districts immediately bordering on the town but not a part of the authorized incorporated city. The curtailment involves several hundred names which, according to Idaho Falls city authorities, really belong in the city proper.

In one instance, it is related, a district cut out by the department gave the town an addition of 200 people. This was due to the fact that the boundary line extended down the center of the street and the 200 people involved resided on the wrong side. Postal records of Idaho Falls place the estimated population at between 10,000 and 12,000.

## Deaths

Mrs. A. D. Price of Hazelton died at a local hospital yesterday from appendicitis. She was brought here several days ago for surgical care. The body is at Grossman's chapel awaiting the arrival of the husband who is now on his way from Mexico. Funeral plans will be made upon his arrival.

Miss Kate Dodge, aunt of W. Zenus Smith, John Smith and Mrs. J. L. McEld at the home of the former early this morning. The body is at the undertaking department of P. J. Grossman awaiting completion of funeral arrangements. Decedent was about 77 years of age and had been a resident of Twin Falls some years. She was a close neighbor of Mrs. Nixon, whose death occurred Saturday. Both were stricken about the same time.

## ANNOUNCEMENT

Harry C. Allen has opened a studio over the Model Shop store for evening instruction on the mandolin, mandola, mandolinello, banjo, tenor banjo and guitar. Especial attention given to children. Orchestra will be formed as soon as pupils are sufficiently advanced. Agent for the Gibson and Vega instruments. Call 808W for appointments.—adv.

# Street Commish May Grab This; Rain Predicted

THE Twin Falls city street commissioner is hereby warned that rain has been ordered for tonight and tomorrow.

This is merely mentioned in passing as a curiosity sort of urge to use a shovel beforehand on the crowsnakes.

Temperatures, both up and down, Saturday and Sunday were about the same, with 59 high on both days; 44 low Saturday and 58 last night.

Rain is promised for the immediate future.

## FUNERALS

Mrs. Maria B. Nixon passed away Saturday night at the home of her son W. E. Nixon. Mrs. Nixon has been an invalid for the past four years and would have been 82 years of age next May. She was one of the pioneers of Twin Falls, coming here in 1906 to make her home with her son and up to the time of her illness was an active worker in church and social circles.

Besides her son, Mrs. Nixon leaves a daughter, Mrs. W. E. Loucks, of Sulphur, Okla. Funeral services were held at Grossman's chapel yesterday afternoon and the body was taken to Adrian, Mich., this morning for interment, accompanied by Mr. and Mrs. Nixon and their son, Robert.

## MEMBERSHIP INCREASES

The local council United Commercial Travelers held a regular meeting Saturday night for the transaction of business. A membership report showed the branch to have increased 100 per cent in the past month. The next meeting will be on November 20 and will be marked by a banquet and smoker as a part of an initiatory program.

## NOTICE

to

# Texas-Wyoming Oil Company Stockholders

J. J. Catteugh, president of the company, who has recently been in Twin Falls and returned Thursday to Thermopolis, Wyoming, reports a good showing of both gas and oil in the Company's No. 1 well.

A large majority of all stockholders, when it has been possible for Mr. Catteugh to see them, have taken more stock in the company in order to furnish more funds with which to finish and ease the well.

Any stockholder who desires to take more stock in the company at 10c may do so if his or her subscription is sent in at once.

Only subscriptions from those who are already stockholders are asked.

All subscriptions should be mailed to the company's offices, Room 8 First National Bank Building, Twin Falls, Idaho.
