BRITISH RAILWAY AND TRANSPORT WORKERS DEFEAT ULTIMATUM

FARM FINANCE STILL BEFORE BANKERS MEET

Agricultural Committee Chairman Says Farmers Can and Should Be Given Assistance in Co-operative Moves

WASHINGTON, Oct. 31.—John S. Drury, president of the Merchants' Trust company, San Francisco, was elected president of the American Bankers' association today for a term of one year. He was chosen without opposition, following the custom of the association to promote the first vice president to be the organization's chief executive.

Urges Co-operation.
Bankers can and should aid farmers by assisting in the establishment of co-operative warehousing and selling organizations, Chairman Joseph Hirsch, of the agricultural association of the American Bankers' association, declared today, in presenting the commission's report.

Many of us have been fearful of entering the field of marketing because in doing this we have been afraid we would come in conflict with our own customers, the middlemen who are buying the farmers' product," the report said. "But it is high time for the bankers of the country to realize that a more economical method of distributing our food products is absolutely essential to the success of American agriculture; that unless farmers can produce and sell their crops with some reasonable assurance of a fair profit there will be an increasing tide of ruin drifting from the farms to the cities.

Would Spread Benefits.
"We believe in co-operation for ourselves. The federal reserve system is a co-operative enterprise. In like manner co-operation among farmers in apportioning what they produce to meet the demands of the country is economically sound. The farmer needs your help in this work, because you can guide him with the essential which is chiefly lacking—a knowledge of business organization and business method."

The report suggested that state conferences of bankers and farmers be held to enlist co-operation in agricultural development.

Wexler Urges Reforms.
Besides urging revision of tax laws, reduction of Liberty bond prices more nearly to their par value, and development of "an intelligent and competent" credit system for the farmer, the report also urged reforms in the American export system. Dr. Wexler, of J. S. Bach & Co., New York, told the bankers today the public mind be enlightened on the value of a free center, such as Wall street.

Mr. Wexler declared that without the complex and efficient machinery of "Wall street" for the distribution of securities and the maintenance of ready markets, "our efforts would be a mere waste of time in financing their equipment, purchase of copper and silver mines would not have developed so rapidly, our motor companies would be many years behind in their perfection of the automobile and in putting production on a quantity basis."

"The machinery of Wall street has made it possible for every citizen from the financial magnate to the humblest streetcar to participate in the earnings and riches of our huge enterprise."

ANONYMOUS LETTER THREATENS WRECK OF PUBLIC BUILDINGS

SACRAMENTO, Cal., (AP)—An anonymous letter threatening the wreck of public buildings in Sacramento, San Francisco and Los Angeles was received at the office of Governor William D. Stephens.

BANDIT KILLED IN BATTLE DURING RAID ON BANK

CLEVELAND, O., (AP)—One bandit was killed, two others seriously wounded and Wm. Peter, bank clerk, was probably fatally wounded late today when ten automobile bandits held up the Cleveland Trust company branch bank at Bedford, ten miles from here. Four of the bandits were captured, the others escaping. The robbers obtained no money.

Wells Says Hunger and Want Prevail Throughout Russia

British Author Brands Reports of Disorders as "Humbug"

LONDON, (AP)—Conditions in Petrograd were summarized in one phrase, "Hunger and want, but order," by H. G. Wells, the British author, when he arrived here last night from Russia. He implied that similar conditions prevail throughout Russia.

In a conversation with a representative of the Daily Mirror, Mr. Wells said he had a chat with Nikolai Lenin, the Russian Bolshevik premier, and went about freely without a guide in Petrograd and Moscow as well as other places. He said he was able to see and judge things for himself, but declined to give general conclusions because his observations are not as yet digested. He declared he had been amused when he read of disturbances and insurrections in Russia adding: "All that is just humbug."

PROVINCE VOTES DRY LAW CHANGE

British Columbia Referendum Results in Endorsement of Sales Control

VANCOUVER, B. C., (AP)—Late today, on the province's referendum, the British Columbia indicated that government control of the use of liquor received a majority of at least 25,000 over the present prohibition law.

Only two cities in the province, Vancouver and Nelson, voted against the government control. Vancouver, which formerly supported prohibition, yesterday gave a majority of 6,000 in opposition. Results in the outlying districts, which reported slowly, also showed decisive votes against continued prohibition.

Provincial Governor has called a special meeting at the present caucus to be held in Victoria Saturday to decide upon the best course for putting into effect the result of the referendum.

WASHINGTON TO WELCOME TRAVELING CONVENTION OF FLYERS
MINNEOLA, N. Y., (AP)—Four airplanes with pilots and observers who yesterday completed the round trip to Nome, Alaska, left Mitchell field shortly before noon today for Washington, where the aviators will be given an official reception at Bolling field.

World News Events

MILAN, (AP)—A bag containing five bombs, two tubes of explosives and several pounds of material for shrapnel was found today under a bench in a public garden near the Hotel Cavour, where bombs recently were exploded.

ANTAB, Asia Minor, (AP)—Turkish Nationalists who have been fighting the French in this region shelled the American college in this city Wednesday.

LONDON, (AP)—Fire which started late last evening in the Hop Exchange in South Wark street in the Borough district, was still burning this morning. Some estimates place the loss at one million pounds.

ROME, (AP)—Jugo-Slavia has promised to evacuate the plebeian district of Klagenfurt, in Carinthia, and as a result Premier Giolitti will participate in negotiations for the settlement of the Adriatic question, says the Giornale d'Italia. These negotiations are expected to begin immediately, and Premier Vesnitch will head the Jugo-Slavian delegation.

WHITE HOUSE SILENT ON RECOGNITION FOR MEXICO

Texas Governor's Plea for New Government Seems to Be Shelved in Washington

WASHINGTON, D. C., (AP)—The telegram sent to President Wilson yesterday by Governor Hoby of Texas, urging immediate recognition of the new government in Mexico, has been received at the White House, but officials there and at the state department decline to comment on it.

It was indicated at the state department, however, that a conference of the state department, Mexican and Central American, would not be arranged for any time within the immediate future.

HARDING HURLS CHALLENGE ON LEAGUE RECORD

Restates Position for International Association for Peace in First Speech of Campaign in New York

ROCHESTER, N. Y., (AP)—Making his first speech of the campaign in New York state, Senator Harding again challenged the democratic opponents here today to show by his public utterances where he has changed his position on the league of nations since he rejected the republican nomination. He said he stood, he declared, the league "cannot take seriously the democratic insistence that the covenant shall be considered for acceptance as a 'slavish' and 'admitted' that for such a rejection 'he had stood unflinchingly.' He also asserted that he had favored consistently an international association in the interest of peace, but could not under present conditions frame a definite and specific plan.

"I am not that kind of a man," he continued. "It is easy enough for a candidate who is going to lose to say almost anything about the league of nations or any future plans for America."

"The democratic forces have paraded the solemn referendum of our foreign relations and we have gladly accepted, but that does not blind us to the fact that it is designed to divert attention from the unhappily failure of domestic administration. The great and solemn referendum will not make the American people forget the terrible mismanagement of their own affairs, because they have long since passed judgment on our foreign relations."

Rejection Twice Recorded
"Surely the American people cannot take seriously the democratic insistence that the Paris covenant shall still be considered, as platform and candidates insist, for acceptance as it stands. Such a rejection has been twice recorded. I have repeatedly spoken such rejection from the day of accepting nomination with unflinching consistency."

"But I have never stopped there. I challenge consideration, I invite man's judgment of the American people. They have accepted the fact that there is no hope of uniting Americans, or even as a very substantial minority behind the impossible proposal that we should accept the covenant written. The foreign nations have not their faces to the future. So must America, so must."

ENGLAND WOULD DEPORT FEDERATED PRESS EDITOR

Scotland Yard Officials Serve Order of Chicago Newspaperman in London

LONDON, (AP)—E. J. Costello, managing editor of the Federated Press of Chicago, compelling labor and socialist and farmer newspapers, was served with a deportation order by Scotland yard officials here today following a search of his room and the seizure of his correspondence. As Mr. Costello had arranged to sail for America on October 23 he was allowed his freedom until that time.

Mr. Costello has been visiting Germany and the Baltic states, but says he did not attempt to enter Russia.

ARMENIAN REJECTION OF SOVIET'S DEMAND MAKES WAR PROBABLE

Advices to French Foreign Office Indicate Serious Fighting Will Result from Refusal of Permission for Immediate Transport of Russian Bolshevik Troops to Effect Junction with Turkish Nationalist Forces

PARIS, (AP)—The Russian soviet government has issued an ultimatum to Armenia, asking it to permit the immediate transport of Bolshevik troops through Armenia in order to effect a junction with the Turkish nationalists in Asia Minor, and Armenia has rejected the ultimatum. The Bolsheviks also asked the Armenians to repudiate the Treaty of Sevres with Turkey.

Belief was expressed at the foreign office that Armenia's rejection of the soviet ultimatum will result in serious fighting between the Armenians and Bolsheviks. Armenia has requested aid from the allies, but up to the present no decision has been taken, it was said.

M'SWINEY SINKS INTO DELIRIUM

Hunger Striking Irish Mayor Receives Food During Unconsciousness

LONDON, (AP)—Official confirmation came from two sources this morning of the reports that Lord Mayor McSwiney, of Cork, had been found during a period of unconsciousness.

The bulletin of the Irish Self-Determination League, on the sixteenth day of his hunger strike in Brighton prison, announced that the prison doctors had found him in a state of delirium which the prisoner suffered last night.

Government Reports Feeding
From the government side, it was stated at the home office that the lord mayor had been fed last night. It was explained that the prison doctors, under instructions to use any possible means to keep him alive, but that during unconsciousness he resisted attempts to administer nourishment.

Lord Mayor McSwiney was delirious during virtually all last night, the league bulletin declared, the delirium for the greater part of the time taking a violent form. The bulletin concluded:

"The most just given the lord mayor during his delirium on the sixteenth day of his fast was the first nourishment which had passed his lips since his arrest on August 12."

Fails to Recognize Relatives

The league's noon bulletin declared the British prison officials continued today to put liquid nutrient in Lord Mayor McSwiney's mouth during his periods of delirium.

The bulletin stated the lord mayor remained in a delirious condition all day, and that the prison doctors, who have been unwillingly said that we wish to associate with other nations to end war and promote and preserve peace. The other nations of the world, we were told, are political opponents. They have accepted the fact that there is no hope of uniting Americans, or even as a very substantial minority behind the impossible proposal that we should accept the covenant written. The foreign nations have not their faces to the future. So must America, so must."

CASTLEFORD WARMLY RECEIVES SPEAKERS

Republicans Get Crowd Out for Political Demonstration in School

Castleford people last night attended in mass a political meeting conducted by county republican candidates for office. The meeting, which was held in the school house, well of a packed house, the audience paying close attention to the speakers and giving their warmest applause.

Those in the party conducting the rally were: Frank L. Stephens, candidate for the office of district prosecutor; G. P. Duvall, for probate judge; Emma L. Warren, for treasurer; Mrs. Thomas Irwin, for state representative; Joseph H. Miller, for the state legislature; Carl Miller, representative; W. W. Parsh, county commissioner; S. Chaud Stewart, county assessor; Shad L. Hodgkin, chairman of county committee; Captain C. L. Longley, campaign manager.

Another party is scheduled to conduct a similar meeting at Moughlenough, "the" orchestra provided made for last night's meeting.

COST FIGURES IN MANDATORY

League Council Considers Proposal for Dividing Expense Among Members

BRUSSELS, (AP)—Today's session of the council of the league of nations was postponed until five o'clock this afternoon because of the state funeral of General Lemann, the defender of Liège, who died last Sunday.

The Polish-Lithuanian dispute is on the program for discussion. **Asks Mandate for Armenia**
According to the Independent Belge, A. J. Balfour, representing Great Britain, presented a report on Armenia at yesterday's session of the council. The meeting adds the newspaper devoted to ask the supreme council to appoint a mandatory power for Armenia, providing that such power would not have to bear all the expenditure involved in exercising its mandate. Such expenditure, it was pointed out, would be borne by all the countries participating in the control and guarantee of the league of nations.

Refer Disarmament
Members of the council met informally today and discussed the notice received from the Scandinavian countries that they would raise the question of general disarmament at the Geneva meeting of the league assembly. It was decided that the question be referred to the military and naval commission of the league with the request that preparation be made for the discussion of the subject by the league assembly.

Transport Workers Follow Suit
The transport workers delegates issued a statement along virtually the same lines as that of the railway men.

Pressure also is being exerted by the trade union congress and the parliamentary committee of the labor men to force the government to waive all prior considerations and call its own and the miners' representatives together immediately.

The government is understood to be standing firm on the ground that any increase in wages must have reference to increased production, but is willing to reopen the negotiations if the miners recognize this principle.

The Press Association, this evening says it understands the district delegates of the miners have been summoned to a conference in London.

WILMINGTON GIVES COX ENTHUSIASTIC WELCOME

Sympathetic Audience Evinces Approval of Attack on Opponents

WILMINGTON, Del., (AP)—An enthusiastic reception was given here today to Governor Cox. His league of nations preachment were applauded warmly. Every nook of the theatre where the governor spoke this morning was filled and hundreds of persons struggled vainly to enter.

There were hisses and boos from the audience for Senator Lodge's name, when Governor Cox reiterated that the Massachusetts senator was "the best conspirator in all the history of his country." More hisses and some groans were the demonstration against Senator Harding, when the governor named his opponent as among the signers of the "round robin."

That Senator Harding should give the American people the name of the person alleged to have asked him to drop the war in a few fortnights was asserted by Governor Cox.

Probably the most prolonged applause was given the governor's statement of his attitude toward the Irish question.

At Philadelphia this morning, where the governor's train halted for an hour, there was an enthusiastic protest from members of the governor's party over orders of the railroad for removal of the American flag from the governor's rear platform. It was said that the flag violated railroad regulations, but the protesters against its removal caused the railroad officials to drop their objections.

METHODIST CHURCH RE-AID TO FORMER SPEECH MEN
CHICAGO, (AP)—The Methodist Episcopal church council of boards has voted \$25,000 to aid former service men to resume educational work where it was interrupted by the war, it was announced today.

Dr. Frank M. North, secretary of foreign affairs, said action was taken to assist activity in Africa, China, India and Japan was planned.

STRIKE THREAT ADDS GRAVITY TO SITUATION

Industrial Struggle Launched in Coal Fields to Be Made General Unless Negotiations Are Resumed

LONDON, (AP)—The coal strike situation took an unexpected and grave turn this afternoon when the railway men and transport workers announced that they would strike in sympathy with the miners unless negotiations between the government and miners were reopened this week.

Railway Men Issue Ultimatum
The railroadmen's delegates issued what was virtually an ultimatum to the government that all members cease work Sunday at midnight unless the strike was settled or negotiations which would effect a settlement were begun by Saturday.

J. H. Thomas, general secretary of the National Union of Railwaymen, announced that the delegates of the railwaymen had decided "to instruct the general secretary to intimate to Premier Lloyd George that unless the miners' claims are granted or negotiations resumed by Saturday which will result in a settlement we shall be compelled to take the necessary steps to instruct all our members in England, Scotland and Wales to cease work in addition a telegram is being dispatched to all members to be prepared to cease work at midnight of Sunday next unless they hear to the contrary."

The government is understood to be standing firm on the ground that any increase in wages must have reference to increased production, but is willing to reopen the negotiations if the miners recognize this principle.

The Press Association, this evening says it understands the district delegates of the miners have been summoned to a conference in London.

RESUME HEARING ON RECLAMATION

Murtough District Case Up Again—Canal Company Tells Objections

This afternoon, in the chambers of the county board of commissioners, hearing of testimony and arguments for and against the proposed institution of the Murtough irrigation district, was re-opened after a week's recess. A number of local, as well as federal and state irrigation experts and engineers are expected to attend this hearing before it is finally closed.

Swendsen Called.
Among those who will probably be called upon for expert testimony today is W. G. Swendsen, state commissioner of reclamation and irrigation. Mr. Swendsen recently returned a report favorable to the formation of the district, declaring the plan highly feasible. Barry Dibble, federal reclamation engineer of Burley, appeared before the board on the last day of the postponed hearing, and rendered a report of similar nature, submitting considerable data and figures tending to support his impression.

The hearing is expected to be finally concluded this week.

Objections Registered.
The Murtough Canal company, in a general statement of purported facts submitted for publication, opposes the formation of the proposed 40,000 acre Murtough irrigation district, claiming that the Murtough Canal company has already obtained water rights from the Snake river, and has an agreement with the reclamation service for 50,000 acres of water, the first 10,000 acres, claiming, no opposition.

It also made it no bonded district is able to succeed as bankers or bond

SWEDEN SUFFERS MONEY SHORTAGE

Socialist Program Prominent in Causes Given for Situation

STOCKHOLM, (AP)—Sweden is suffering from a scarcity of money and an abnormal economic situation. This is reflected in the report of the state bank for September.

The money shortage depresses the stock exchange where prices of bonds and shares have touched a very low level, even old established industrial enterprises which pay dividends of 10 to 15 per cent being quoted below par.

Causes to which Sweden's unsettled condition is attributed here include the socialist program, emanating from the present government, such as the investigation whether socialization of industry and commerce lies within the borders of possibility, heavy taxation, an increasing demand for higher wages and the labor unrest.

Adding to this, the growing debt to foreign countries through unaccounted for money and decreased production ascribed by many to the eight-hour day, one obtains a picture of the present economic position of Sweden.

PHILIPPINE SENATE LIFTS LID ON BOOZERS FOR ELECTIONS

MANILA, P. I., (AP)—The Philippine senate has adopted an amendment to the election law providing for prohibition of the sale and distribution of all liquors throughout the islands for a period of five weeks preceding the general elections, which occur every three years. The amendment now goes to the house.

Beliefs Concerning Sapphires.

To the sapphire has been ascribed wicked thoughts; that it is such a enemy to poison that if put in a glass with a spider or venomous reptile it will kill it. St. Jerome in his exposition of the nineteenth chapter of Isaiah says that the sapphire procures favor from princes, pacifies enemies, frees from enchantment and obtains release from captivity. This gem was sacred to Apollo, was worn when inquiring of the oracle at his shrine. It was esteemed a remedy against fire.

Genuine Nutmeg.

Nutmegs are kernels of the fruit of a tree cultivated in Sumatra, Java, and the West Indies. The shape and size of this fruit resemble a peach, and, when ripe, it easily splits in two parts, showing the kernel (or nutmeg) and mace, which surrounds it.

INDEPENDENT CANDIDATE FOR STATE REPRESENTATIVE MAKES STATEMENT

In soliciting your support I want to give you a brief account of myself. I have been a resident of Buhl for the last ten years, coming here from North Yakima where I grew up. About six years ago I went into the electric business for myself, meeting with very good success up to the time that I sold my business and went into the army, during which time my wife and two children remained at Buhl. Upon my return I re-established my business, and joined the Clark G. Its post of the American Legion, of which organization I was later made post commander. I believe sincerely in our program of justice for all and special privilege to none, and if elected, will do my utmost to see them carried out.

GREEKS UPHOLD PREMIER

Legation Warns Against Effort to Underrmine Venizelos

WASHINGTON, D. C., (AP)—Charges that concerted measures to undermine the authority of Premier Venizelos and restore former King Constantine to the Greek throne are being taken by the Greeks in foreign countries were made in a statement issued Wednesday by the Greek legation.

The legation said it desired to warn the public against "malicious reports which were being circulated against Premier Venizelos by the followers of the former king" and that "such reports were neither based on fact nor representatives of the sentiment of the great majority of Greeks who are loyal supporters of Venizelos."

FRANCE KEEPS LOCOMOTIVES RECEIVED DURING CONFLICT

SAINT NAZAIRE, France, (AP)—French railway stock will shortly be increased by 176 American heavy freight locomotives. They were shipped from America, dismantled, just before the armistice. They have now been set up and soon will be ready for service.

G. O. P. CALLS COCKRAN ON CHANGE OF ATTITUDE

Quote Official Records to Show Reversal of Front on the League Issue

CHICAGO, (AP)—Republican national headquarters, Wednesday, issued a statement attacking the stand of W. Bourke Cockran, who now is on a speaking trip in favor of the league of nations. The republican statement charged that Mr. Cockran appeared before the senate foreign relations committee on August 30, 1919, to oppose the league.

"Mr. Cockran at that time appeared as the champion of his race and delivered one of the most urgent pleas in support of the recognition of the Irish republic," the statement said. "And in doing so he denounced the league of nations as proposed by Mr. Wilson and denounced by inference the president himself."

The statement quoted the official record of Mr. Cockran's plea before the senate committee as saying:

"I do not want to charge deliberate treason against anyone, but I do say that betrayal of the cause for which this war was fought and won will be the result, if the purpose of those who negotiated this treaty shall be accomplished."

Again he is quoted as saying: "The league of nations here proposed is an abomination, an attempt to use the conscience of Christendom to sanctify and perpetrate wrongs which morality and justice condemn."

BRITAIN CURBS DRUG EVIL

Enacts Legislation Designed to Reduce Use of Narcotics

LONDON, (AP)—The dangerous drug act now enforced here is designed to reduce the use of habit-forming drugs which has grown very rapidly here during the last few years.

Under its provisions licenses are required for the import and export of these drugs. London and Liverpool are the only ports through which raw opium may be imported while the manufacture, sale or possession of opium prepared for smoking, is prohibited.

REPUBLICANS

as Public Servants of Twin Falls County

Have Made Good and Will Make Good

When it comes to the election of county officials, the party label needn't count for much. You cast your ballot for the persons whom you consider most capable to give an efficient and fair and square administration. On this basis the Republicans of Twin Falls County present these candidates to the voters, confident that favorable judgment will be passed on them at the polls. Thirteen of these candidates have had experience previously in the offices for which they ask your vote; ten of them are candidates for re-election. All of them have proven conclusively in their official capacities, business experience and private life, their eminent qualifications to fulfill the duties of the offices to which they aspire. Your interests are safe with them. You cannot do better than to cast your vote for each and every one of them.

Vote the Republican Ticket Straight---There Is No Excuse For "Scratching" It This Year

T. E. MOORE
County Commissioner
Republican Candidate for Re-election
Popular confidence in his integrity and capability has been evidenced in repeated reelection of Mr. Moore as member of the board of county commissioners, of which he is chairman. He is president of the First National bank of Piler and a retired farmer and manufacturer.

W. W. PARISH
County Commissioner
Republican Candidate for Re-election
Mr. Parish, during the past two years as county commissioner, has given to the county the advantage of his years of experience which made him highly successful in business in Illinois and in farming here. Continuance of his services in this official capacity is of unquestioned desirability to the county.

A Legislative Delegation That Will Bring Honor and Advantage to the County

Republican candidates for State Senator and Members of the Idaho House of Representatives meet essential requirements which the voter has a right and ought to demand. Without exception they stand first for safeguarding the interests of the county and state, and, because of their own interest in the welfare of the county and state, each will work wholeheartedly and zealously to better conditions in Twin Falls county and in Idaho. Furthermore, each is in position, gained through legislative experience or natural adaptability, to take advantage to the utmost of opportunities presented in the legislature for the attainment of these ends.

MRS. EMMA LONGLEY WARREN
County Treasurer
Republican Candidate for Re-election
Mrs. Warren, as the first woman to serve as Twin Falls county treasurer, has conducted the office in a manner entirely satisfactory to the taxpayers and state officials, one of whom says: "There has been such a vast improvement in the efficiency of your office that I wish to compliment you and the present staff."

MISS BRITTMART WOLFE
County Superintendent of Schools
Republican Candidate for Re-election
As County Superintendent of Schools Miss Wolfe has conducted the affairs of an exceedingly important public office in a manner justifying the confidence that has been reposed in her administration by voters in previous elections. She bases her claim to reelection on the record she has made.

E. R. SHERMAN
Republican Candidate for Sheriff
In presenting the candidacy of Mr. Sherman, Twin Falls county Republicans propose for sheriff a pioneer of Twin Falls county who is well qualified for the position by reason of his experience as deputy in the office previously and at the present time. Twelve years' residence in the county have won for him an enviable reputation for personal and official integrity.

W. F. BRECKON
County Commissioner
Republican Candidate for Re-election
Wide acquaintance and familiarity with the needs of the county have made Mr. Breckon a most valuable member of the Board of Commissioners during the past two years. His official record and pledge of continued effort to administer his office as economically as good judgment permits entitle him to reelection.

SENATOR JOSEPH H. SEAVER
Republican Candidate for Re-election
Senator Seaver's experience and enviable standing in the Idaho senate makes his reelection highly desirable as an asset to Twin Falls county. He has been a resident of the county since 1901, is the owner of large farm interests near Castleford, and is engaged now in business in Twin Falls. His official record is an open book and his claims for reelection are based upon it.

MRS. BERTHA V. IRWIN
Republican Candidate for State Representative
In connection especially with Red Cross and Rural Women's club work Mrs. Irwin has gained prominence throughout this county where she has resided since 1913. The wife of Thomas H. Irwin, a well-known and successful farmer, Mrs. Irwin is the mother of three sons and one daughter. Her brief remarks on the occasion of the departure of her son with troops entering the world war brought her nationwide fame and appreciation of the late Colonel Roosevelt.

FRANK L. STEPHAN
Prosecuting Attorney
Republican Candidate for Re-election
Absolute impartiality and efficiency in high degree characterize the record of Mr. Stephan as prosecuting attorney. He stands on this record and, if returned to the office, promises to render the same faithful service that he has given in the past.

O. P. DUVALL
Probate Judge
Republican Candidate for Re-election
On a record of efficient, economical and systematic administration in every department of his office, with achievement especially of highly successful results in dealing with juvenile problems, Judge Duvall is asking endorsement of Twin Falls county electors expressed in the coming election.

S. CLAUD STEWART
Republican Candidate for Assessor
Familiarity with property values and with the work of the assessor's office coupled with sound business judgment, which are highly desirable in this position, are guaranteed to the county in the election of Mr. Stewart. He has been a resident of the county since 1908; served six years as deputy recorder and is now completing his fourth year as deputy assessor.

JAMES A. WATERS
Republican Candidate for State Representative
A pioneer horticulturist and farmer of Twin Falls county, and one of its representatives in a former session of the legislature, Mr. Waters is widely and well known to its citizens. His legislative record includes successful effort toward solution of Carey act project and endorsement of state-wide prohibition.

REPRESENTATIVE CARL J. MILLER
Republican Candidate for Re-election
The story of Carl Miller's career as a successful farmer in the Twin Falls county is well known. As a member of the last legislature he was counted one of the most active and efficient workers in behalf of the county and state. He counts as the chief of his official achievements the enactment of the law which safeguards the rights of Carey act irrigation project water-users, of which he was the sponsor.

P. J. GROSSMAN
Coroner
Republican Candidate for Re-election
Re-election of Mr. Grossman means that the county will be served in this important office by an official who is thoroughly familiar with its duties and entirely competent to fulfill them.

DEBATE OPENS IN COMMONS ON IRISH QUESTION

Henderson Launches Forensics
with Demand for Inquiry into
Reprisals from Police and
Soldiers

LONDON, (AP)—The eagerly awaited debate on the Irish situation was precipitated in the house of commons Wednesday by Arthur Henderson, former labor member of the cabinet, who offered a motion demanding an inquiry into reprisals from the police and soldiers in Ireland.

While admitting armed forces of the crown had suffered provocation, the government's policy, Mr. Henderson asserted, seemed to him to aim at stamping out nationalist opinion and breaking the spirit of the Irish people.

Greenwood Defends
Replying to Mr. Henderson's remarks, Sir James Greenwood, chief secretary for Ireland, declared Mr. Henderson had not produced a single case to justify his motion. The chief secretary stoutly defended the government forces against the charges. He declared a great majority of the cases were without known facts, or were alleged against policemen or soldiers acting in self-defense.

The chief secretary detailed the circumstances of the murder of Inspector Brady which occurred recently. He admitted there had been reprisals in this case. Three shops belonging to notorious Sinn Fein men had been burned, and seven of their shops smashed. He was convinced, however, that the persons who suffered from the reprisals had conspired at or possibly helped in the murder of the inspector. He regretted the reprisals but declared these men had no right to complain.

Reign of Terror
"The difficulty is," continued the chief secretary, "that there is a reign of terror which extends throughout the country. The Irish republican army, organized in brigades, companies and platoons, armed throughout the country, with branches in England, Scotland and Wales, has terrorized until recently nearly the whole of Ireland. I am glad to say that terror is being broken by the forces of the crown. It is only the British government acting through its forces in Ireland that can break this terror. The Irish people are helpless under it. The Roman Catholic church is admittedly impotent to break it."

RESUME HEARING
(Continued from Page One)
men decline to issue money on such bonds.

Submits Examples.
The canal company's statement, which is signed by R. B. Moorman, secretary, cites several alleged examples of failure of such companies. The company also claims financial ruin will not advance cash on projects under a pump lift of over 100 feet. Mr. Moorman says his concern is now ready to irrigate 34,000 acres of land under a 100-foot lift system. Claim is also made that bonds have been established by the company for the erection of the necessary power plant when it is shown that it is no longer profitable to purchase power.

Expense Considered.
In the canal company's statement objection is lodged against the report of expense anticipated in the handling of the proposed irrigation district, declaring that the canal company itself is able to install, maintain and operate the scheme at less cost. The final paragraph contains an intimation that the district proposal is promoted by persons to "influence those who have the power to authorize this district, even though the final ending would be disastrous."

FLAG'S DESECRATION CHARGED TO BOURBONS

War Mothers Call Attention to
Misuse of Stars and Stripes
at McAdoo Rally

Flagrant desecration of the Stars and Stripes is charged by the War Mothers against the persons who placed the flag on the speaker's stand for the McAdoo democratic meeting Wednesday night at the L. C. center theater. The War Mothers have referred the charges to the C. A. R. Post for consideration, the purpose being, it is said to prevent further violations of the flag ritual and usage.

Speaking with respect to the accusation, Mrs. C. C. Higgins, an officer of the State War Mothers, calls attention to the fact that the flag was draped over the stand with the apparent intent of lending an artistic finish to the scheme. Mrs. Higgins directs attention to the government rule which makes draping of the colors a violation of the law governing flag usage. Further, Mrs. Higgins declares, no object other than the Holy Bible can have a place on top of the American flag at any time or on any occasion. At last night's meeting, it is shown, there was no Holy Bible on the altar, instead there was a piteous of water with a glass and a vase of flowers.

Action is expected to be taken by officials of the C. A. R. to prevent further violations of the prescribed laws of the Stars and Stripes at future public gatherings.

In connection with complaints lodged concerning the placing of objects upon the flag at the democratic meeting Wednesday night, attention is directed to a certain fraternal organization which is said to drap its lodge altar with the flag, place the Bible on this, and the emblem of the order on top of the Bible. This, it is urged, is considered a sacrilege to evade a sacred flag law.

Church's History.
With much diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods. The first, from the birth of Christ, to the time of Constantine; the second from that epoch to the Reformation, and third, from the Reformation to the present time.

every friend of the new and better order.

Gives Stand by Negatives
"If I believe in attempting to express the purpose of the American people before being clothed with authority to consult them, if I desired to dictate to foreign nations, would be possible for me to suggest a new league and say to the nations of the earth and to my native countrymen: 'Take this or take nothing.' But I am not that kind of a candidate. No man in my position, with any conscience whatever, or any sense of his responsibilities, could have the effrontery or the lack of statesmanship which would allow him to present a plan which might have to be revised because of the happenings in a rapid flow of events, or because the public opinion of America had not been consulted sufficiently."

Today's Markets

Grain and Provisions

CHICAGO, (AP)—Bears had some advantage in the wheat market today largely as a result of strained economic conditions, the British coal strike in particular. Leaders on the bear side contended that buying power for all commodities, including food, was being reduced to a minimum. A large elevator interest, however, conspicuous of late in selling side, reversed its position, and helped rally the market. Opening prices, which ranged from the same as yesterday's close to 1c lower, with December \$2.02 1/2 to \$2.03 1/2 and March \$1.95 to \$1.95 1/2, were followed by moderate general upturn.

Bear pressure increased later, and the market underwent a decided setback. Acute weakness developed in connection with reports that a further spread of the British strike was imminent. Prices closed unsettled, 50c to 50 3/4c net lower, with December \$1.97 3/4 to \$1.98 and March \$1.89 3/4 to \$1.90.

Corn paralleled the action of wheat. After opening unchanged to half cent lower, with December \$1.41 to \$1.42, the market sagged a little more but then recovered. Subsequently, the market reacted, influenced by persistent weakness in the hog market, and by pessimism growing out of British strike developments. The close was nervous, 1 3/8c net lower to 1 1/4c advance, with December 86 1/8c to 86 3/8c.

Oats were governed by sympathy with other grain, starting 1 1/4 off to 1 3/8c advance, December 53 1/4 to 53 5/8c. The market later scored slight general gains.

Lower quotations on hogs pulled down provisions.

COXS DELUGED BY QUESTIONERS

Prohibition, Irish Question and Lodge Reservations Figure

PROVIDENCE, R. I., (AP)—Probably the liveliest bombardment of questions during his campaign was experienced by Governor Cox of Ohio here Wednesday during an address to several thousand persons in the public square. A woman asked the governor his views regarding maintenance of the Volstead law.

He declared again he opposed any restriction legislation. "It is in conflict with the constitution as interpreted by the supreme court of the United States," and that he had closed Ohio saloons on Sunday.

His statement that he favored presentation of the Irish question to the league of nations was cheered and when he declared for "self-determination" a man asked:

"Does that apply to Ulster?" "Ulster is a part of Ireland," was the governor's quick response.

Attacking Senator Harding's position upon the Irish question, Governor Cox added:

"During the last two weeks republican speakers have been urged not to mention his name."

Charges that Senator Harding had taken numerous positions upon the league were reiterated by Governor Cox.

"Would you accept the Lodge reservations?" "It was another question."

"They were never seriously suggested," the candidate replied. "If they had been, Senator Lodge would have declared for them in the republican platform."

The governor added he was "most interested" in the Hittcock reservations.

Before the league became a political question, Governor Cox said Senator Lodge of Massachusetts had "endorsed it unreservedly."

Repeating his charge that Senator Lodge later formed the "honest and most infamous conspiracy" against the league, the governor declared the republican leader was "the most despotic man in America," and loud hisses from the audience followed mention of the senator's name.

"I've been getting that for ten weeks," the governor commented.

Varsity Eleven Undismayed, Is Training Hard

Beating of Last Week Forces Inspiration for Tougher Conditioning

UNIVERSITY OF IDAHO, Moscow, (Special)—Battered and bruised as the result of their grueling struggling with the Washington State college Cougars, but still full of fight and determined enthusiasm, Coach Tom Kelley's University of Idaho grizzlies are making strenuous preparations for their second effort of the season, a game with the University of Oregon to be played in Eugene Saturday afternoon.

Serious practice against the freshmen and the varsity team held Monday afternoon may produce several shifts in the Idaho lineup. Grover Evans of American Falls, a powerful, aggressive end who played splendid football against Washington State, may be moved to one of the tackle positions. Evans has the necessary size and speed and his fighting qualities may make him more valuable as a tackle than as an end.

J. A. "Babe" Brown of Boise may be assigned one of the end positions. Brown tackles fiercely, diagnoses plays quickly and goes in hard. One of the features of Friday's game with the Washington State college was the ferocious effective way in which he backed up the Idaho line.

It is believed that Ray Whitcomb of Lewiston, a clever halfback, will be able to perform against Oregon. Injuries suffered only three days before the Washington State struggle kept him from displaying his brilliant wares against the Cougars.

Members of the Idaho squad have shown considerable interest in the report that "Bill" Miller, the Pacific coast quarterback, and half back on the second all-American team, will be ready to play against them Saturday.

Stevens, who has returned to Oregon only within the past week, is expected to be one of the ablest backfield men now wearing cleated shoes.

Tag Your Books.

Many book lovers with large and precious libraries keep a small book in the name of each book lent, the date and the borrower. After a reasonable time, when the book has been lent, it is no discourtesy to write and remind the borrower that you miss your book, friend and are waiting to welcome it home. Get a bookplate. That is the very best way to tag your books. And don't forget that the golden rule applies in books as in other phases of life, and return the ones you borrow yourself.

Jud Thomsen says the moving pictures have shown so many different phases of life that he can't get a man to love one who doesn't put on airs like an actor.

Commandery Officials Serve Dinner Monday

Splendid Feast and Music to Mark Last Meeting of Present Regime

The last work meeting of Twin Falls Commandery, Knights Templar under the present administration will be held next Monday. Work in the exemplification of degrees will start at 2 in the afternoon, the order of the Red Cross, Malta and Templar degrees being conferred.

This meeting will bring to a close the activities of the official body now in charge, election following soon. It is the purpose to make the affair one long to be remembered both for work accomplished for the good of the order, and socially.

As a distinctive mark for this occasion dinner will be served at six o'clock, preparation of the feast being in charge of J. W. Orwick, caterer. There will be short talks by members of the order.

Election of officers will be held in December.

McADOO'S FAILURE.

It is unfortunate, as a broad propo-
sition, that Mr. McAdoo, who spoke
here last evening, was unable to
prove his unqualified assertion that
the league of nations, as submitted
by his distinguished father-in-law,
would or could abolish war.

It is entirely improbable that any-
one with the possible exception of
President Wilson, is better qualified
to present the case for the league of
nations. A trained and highly
successful lawyer, an official high in
the government during the war and a
man exceptional close to the chief
instigator of the league, he is in po-
sition to speak with authority. His
failure, therefore, is the more sig-
nificant.

With his discussion of the cov-
enant itself, the News is disposed to
call Mr. McAdoo to account in only
one particular. Mr. McAdoo asserted
the fact that the council of the
league could take no action except
by unanimous vote, but he neglect-
ed, perhaps through oversight, to
say that this unanimous vote invari-
ably would not include the vote of
members of the council who were
parties to the dispute under consid-
eration. Thus, under the covenant,
if a dispute were to arise between
the United States and Japan, neither
the United States or Japan would
have a vote in the matter.

Mr. McAdoo's failure to prove his
assertion that the league would pre-
vent war is attributable principally
to his failure to prove that obliga-

tions assumed by members would be
binding upon such members.

He chose to defend President Wil-
son's recent statement that the United
States was a member of the
league would be under no obligation
to act in conformity with the recom-
mendations of the league council and
he disregarded the president's state-
ment of a year ago that the United
States would be under an abso-
lutely compelling moral

obligation to conform to the
council's recommendations.

Mr. McAdoo made plain his inter-
pretation of the covenant that the
council could only advise, to refuse
to be taken by the United States in
the event the use of force were
deemed necessary to secure the
peace of the world. And he said in
no many words, that the United States
would be at liberty, if it chose, to
disregard wholly such advice.

Such an interpretation makes a
farce of the league. It cannot stand
up under the test. The league can
command, but it cannot compel obe-
dience.

It can demand of quarrelling na-
tions that they submit their dispute
to arbitration, but it can muster no
force to command respect for its de-
mands.

It can demand that economic boy-
cott be applied as against offending
nations, but its power to enforce its
decree in this respect is no greater
than its power to summon military
strength in support of its mandates.

A league operating under Mr. Mc-
Adoo's conception of its powers,
could be effective only in the event
of regeneration of the human race
involving total change in human na-
ture as it has existed since the time
of history's dawn. Nobody pretends
to believe that such a miraculous
transformation has taken place.

At the same time Mr. McAdoo's
promises of enduring world peace
based on assumption of American
ratification of the league were van-
ishing more palatable than his warn-
ings of economic evils that would accrue
to America if the league were re-
jected. His thimble veiled threat that
American taxpayers would continue
to pay the interest on ten billions of
dollars loaned by America to Europe
until such time as Europe should be
in position to assume her own inter-
est payments by means of American
ratification of the league, is hardly
entitled to respectful consideration.
It evokes, somehow too much of
bitterness, and to the American who
entertains doubts as to the efficacy
of the league and of the desirability
of American membership in it, such a
proposition cannot but recall the
most hideous fable in all time that
was paid in thirty pieces of silver.

THE OBLIGATION TO VOTE

No matter what the affiliations of
any citizen politically, or whether he
is interested enough to take part in
political discussions, he is not released
from the obligations of citizenship, one
of which is compliance with the ordi-
nary processes of government.

One of the processes of our govern-
ment is that of selecting officials for
the discharge of the business of the na-
tion or state, and this is done in a
great majority of cases by the exercise
of the ballot. The voter who neglects
to use the franchise declares by ac-
tion that he is not interested in doing
that the best persons are chosen for
public work.

It is true that many persons are not
capable of making choice of the best
men for official positions, for they may
be blinded by partisan feeling, or they
may have failed to have informed
themselves as to the character and par-
ticular fitness of the persons who ask
their votes. The voter who neglects
his duty opens the way for control by
elements of citizenship which are no
the highest character.

Men and women can hardly find ex-
cuse for not voting unless they are
physically or mentally incapacitated
for discharging this important duty of
citizenship. They should not be will-
ing to make the excuse, though it be
unexpressed—that they do not have
enough interest in the nation and state
to use the privileges which have been
given to them.

It was not expected that women in
states where they are granted the bal-
lot for the first time this year would
qualify for voting in numbers equal to
men, but it should be true of the fu-
ture that women take an increasing in-
terest in the affairs of government, for
they and their children are the ones
most directly affected by incompe-
tence in the discharge of the duties of
public office.

Circassian Walnut.

Circassian walnut is sold by the

As early as 110 B. C. it was intro-
duced into Italy from Persia. The
logs are sold from the forest with

wood is used, and it is the crooked,
irregular logs that possess the best
figured wood.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if
Back Hurts or the Bladder
Bothers

If you must have your meat every
day, eat it, but flush your kidneys with
salts occasionally, says a noted author-
ity, who tells us that the meat forms
uric acid which almost paralyzes the
kidneys in their efforts to expel it from
the blood. They become sluggish and
weaken, then you suffer with a dull
misery in the kidney region, sharp
pains in the back or sick headache, diz-
ziness, your stomach aches, tongue is
coated and when the weather is bad
you have rheumatic twinges. The urine
gets cloudy, full of sediment, the chan-
nels often get sore and irritated, oblig-
ing you to seek relief two or three times
during the night.

To neutralize these irritating acids,
to cleanse the kidneys and flush off
the body's urinous waste get four
ounces of Jad Salts from any phar-
macy here; take a tablespoonful in a
glass of water before breakfast for a
few days and your kidneys will then
act fine. This famous salts is made
from the acid of grape and lemon juices,
combined with alkali and has been
used for generations to flush and stimu-
late sluggish kidneys, also to neutral-
ize the acids in urine, so it no longer
irritates, thus ending bladder weak-
ness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delightful after-
noon drink.

How to Rewind a Curtain Spring.
Do you know that when the spring
in the window shade is loosened, all
you have to do is to pull the shade
down its entire length, take it out of

its original spring? How many wire
hairpins have you twisted trying to

COX DISCERN'S VICTORY

Telegraphs from Boston "We Have the
Enemy on the Run"

NEW YORK, (AP)—Governor Cox in
a telegram from Boston made public
at democratic national headquarters
Wednesday declared that "we have the
enemy on the run and it now looks
like a sweeping victory."

Decisive in Refusal.

When you do not intend to pay a bill
there is nothing like being decisive in
your refusal. The other day a book
seller had an "account rendered" re-
turned to him with the following re-
ply scrawled across the billhead:
"Dear Sir: I never ordered this beastly
book. If I did, you didn't send it. If
you sent it, I never got it. If I got
it, I paid for it. If I didn't I won't.
Now go and hang yourself, you fat
head. Yours very respectfully, John
Jones."

Mohammedan New Year.
The Mohammedans mark the beginning
of the Mohammedan new year, but the
date is movable, and determined by
the moon. It chiefly commemorates
the death of the martyrs. Ali, the
prophet's son-in-law; Hassan, his grand-
son (poisoned by his wife), and Ho-
sein, the younger brother, killed at
Karbela.

The Resources of the West

PROTECT YOUR INVESTMENT IN

Idaho Power Company's 7% Preferred Stock

The growth of the Idaho Power Company is as certain as the future of the great territory which it serves. At the present time, Southern Idaho and Eastern Oregon are undergoing remarkable development. Great sections of farming land are being opened. New industries are springing up. Old ones are growing. All this means the demand for more electric power and the certain growth of the Idaho Power Company. Already ten great generating plants, with all their transmission and distributing lines, supply power to more than 32,000 customers.

Become Part Owner of this System

These are some of the reasons why Idaho Power Company Preferred Stock is one of the safest and most attractive investments on the market today. With this great system representing one of the West's great industries securing your investment, there is no possibility of loss.

When you buy a share of Preferred Stock you become a part owner in this industry, the future of which is certain as the future of this great Western territory.

Why Your 7% Interest is Sure

This 7 per cent Preferred Stock really constitutes a mortgage on the Idaho Power Company's property. That is the meaning of Preferred Stock. It is sold to obtain part of the money needed for further development; but the entire Idaho Power Company's system stands as its security.

And here is the reason why your 7 per cent interest is absolutely assured every year. That interest is paid out of the Company's annual income before the Common Stock owners receive one cent of dividends.

For instance, because of our low rates, Common Stock owners last year received less than 2 per cent interest on their investment. Yet, the full 7 per cent interest was paid on every dollar's worth of Preferred Stock that had been sold by the Company.

And that will always be the case. That is why your 7 per cent interest is always assured.

More Than Half the Issue of Preferred Stock Already Sold

Substantial farmers and progressive business men recognize in Idaho Power Company 7 per cent Preferred Stock an ideal investment. Its perfect safety and its high rate of interest appeal to them. And they welcome the opportunity of helping to build up this territory at the same time that they are adding to their own fortunes.

More than half the issue of Preferred Stock has already been sold to representative men throughout the district.

Your Opportunity Buy for Cash or on Savings Plan

You can buy Idaho Power Company Preferred Stock for \$100 a share plus

the accrued dividend to date of payment for stock. Or you can pay for it in ten monthly payments. And you receive 6 per cent interest on all partial payments until the stock is paid for.

Here is your opportunity to invest either a large or a small amount of money in an industry which is already substantially and permanently established, yet having an unlimited field for growth.

Here is your opportunity to lay the foundation of an independent income by saving only a small amount of your salary every month.

It's worth looking into. Talk to any Idaho Power Company Employee, or fill out and mail the attached coupon to us today.

Managers of the five American league clubs not participating in the reorganization meeting are agreed that they are opposed to the reorganization scheme, but cannot engage in the plan at present.

There are certain legal matters to be adjusted before any definite changes can be made in baseball, say Ban Johnson, Clark Griffith, Connie Mack et al.

The Ogden, Utah, Athletic club proposes to revive wrestling an boxing.

Proving that some folks are old-fashioned and don't read the papers, eh?

"Tub" Spencer, formerly Pacific Coast league catcher, announces that Babe Borton offered him a bribe of \$1700 to throw games to the Vernon club in 1919.

Oh dear!

John Posek, Nebraska champion grapple, seems to be getting rough in his mat dealings. The other night he uppper Wladek Zbyzko and knocked the Pole into dreamland for a minute or two. A night or two following he grappled Joe Stank of Carroll, Ia., and planted his elbow so hard in the Hawkeye's breadbasket that the Iowan was unable to continue.

Of course nobody really accused George of being a crooked player. It was only to the staff, which has the atmosphere of crookedness, with Levisky last week, but the thing sure has a smelly air, all right.

Eastern experts declare Levisky went in to lose, the idea being to boost Carpenter's stock to make him a better drawing card for a match with Dempsey.

WORSE THAN LIGHTED CIGAR

Don't forget, After Carefully Igniting It, Absentmindedly Put the Fire-cracker in His Mouth.

As a result of absent-mindedness in his Fourth of July celebration, Oslp Salomski, 32, of West Denver lost several teeth and is carrying his face in a sling.

Oslp stood on the corner, smoking a cigar and shooting off their explosives. Suddenly a desire to be young, real young, once more overtook him, and, snatching up to a nearby booth, he purchased a whole fistful of firecrackers. Stepping to the edge of the curb, he cautiously applied the end of his lighted cigar to the fuse of one of the crackers. A sputter and a volley of little sparks announced that the fuse was on the way. Then Oslp's mentality failed to function properly. With a quick movement he slammed his cigar into the street and jammed the end of the firecracker into his mouth.

A terrific crash, which disengaged three front teeth and bespeckled his face with powder burns, brought Oslp to the conclusion that all was not just as it should be. He made a run for the nearest drug store, and he emerged a few moments later reeking with the fumes of iodine and his face and neck swathed in bandages, and he looked much like an accident that had gone wrong, but to happen and apparently, had been a success.

GETTING READY FOR INSTITUTE

700 Teachers from Eight Counties Expected to Swarm Here Next Week

The second annual joint teachers' institute of the South-Central district comprising eight south Idaho counties, will be held in Twin Falls during the week beginning Monday, October 26. It is expected that between 700 and 800 district teachers will be in this city for this convention.

In addition to the district educational dignitaries from various points of country will attend, some of the most noted faculty men, and women of the east and west already being scheduled to address institute assemblies.

In connection with the coming institute, J. C. Hunt, superintendent of city schools, tells in the following terms of intensive endeavor to make the week's conference a success.

The Twin Falls Spirit

"Business and professional men and women of Twin Falls are working hard to make the institute a success. The city committee now engaged in perfecting several organization details. One committee is working on the matter of social entertainment for the visiting teachers. Another committee has charge of raising the funds to help in making the coming institute the biggest and best ever held in the state of Idaho. Another committee is making a careful canvass of the residential section of the city relative to the matter of securing room reservations for the visiting teachers. The institute will go forward in just the way that everything goes forward in Twin Falls. Nothing will be slighted. Everything will be done to make the visiting teachers happy and comfortable. During the entire week, Twin Falls will be concerned with the need and the comfort of every one of our guests.

Get Ticket Receipt

Relative to the railroad fare to Twin Falls, there has been authorized by the railroad officials a rate of one and one-half fares on the criterion plan. This plan is subject to a minimum attendance of 250 from points beyond the 75-cent radius. Each teacher is requested to purchase a one-way ticket to Twin Falls and to be sure to get when the agent a receipt showing the purchase of such ticket. This receipt will entitle the holder to a reduced rate from Twin Falls to her home on the return trip. Don't forget to get a receipt from the agent when you buy your ticket to Twin Falls.

Wear Best Smiles

"Every teacher is urged to come to Twin Falls with the purpose of doing his part to make the entire week one of inspiration and fun. Every teacher is seriously urged to get all he can out of the institute and at the same time have a splendidly good time while he is here. We are going to work hard and have a lot of fun with it. No long and gloomy faces are to be worn. Everybody will have on his best smile. Every teacher is urged to arrive in Twin Falls some time on Sunday, October 24, directly to the high school building where committees will aid you in getting located.

Reservations

If you want to make room reservations before coming to Twin Falls, write immediately and reservations will be made in the order in which communications are received. Plenty of automobiles will meet all trains from the east on Monday. These autos will take you to the high school building and thence to your rooming places.

CITY TO RAISE \$6,000 FOR SALVATION ARMY

Saturday Is Designated "Tag Day" for Benefit of Charity Organization

According to announcement made by promoters of the Salvation Army fund drive, which has been on here some time, the campaign will close Saturday with an intensive push all over town. The city quota is \$6,000, and though response thus far has been meager, it is expected that Saturday night will see the entire scheme worked out successfully.

Saturday has been designated as "Salvation Army tag day" and to carry out the devised program with success building committees will be charged with the task of securing a permit to pass without first obtaining a "tag" ticket of authority. Volunteers for committee work are asked to advise Edna John Nason who will assign them to districts. The plan for procuring a building fund has been dropped for this year.

MADDOO VOICES LEAGUE'S CASE

Former Administration Official Urges Support for Covenant

Alternating promises of the abolition of war through American ratification of the league of nations with threat of military and financial hardships for the United States in the event of its failure to accept the covenant, William G. McAdoo, former secretary of the treasury and director general of the railroads during the war last night addressed an assembly of about 1200 persons filling the Lavering theater to its utmost capacity and later spoke to an overflow audience of about 400 in the Lavering pavilion.

Mr. McAdoo's address was followed by a scathing arraignment of the republican presidential nominee delivered by Mrs. Ida Funk of the national women's party.

Judge J. R. Botwell presided at the theater meeting and introduced the speaker.

Approval Accented

Mr. McAdoo's remarks were heard with close attention throughout and approval was manifested occasionally by with handclapping.

Interpreting the covenant Mr. McAdoo took the position that the league assembly would be "abating society" and that the league council would have power only to recommend action on the part of member nations in fulfillment of their obligations under the covenant. He declared that the United States as a member of the league would surrender none of its sovereignty but would be in position to demand recommendations of the council if it chose to do so. He argued that the league would be able to forestall war by removal of its demand for arbitration and the economic boycott, and that there would be a remote possibility.

Up to U. S. A.

Success or failure of the league, he asserted, was dependent upon American acceptance or rejection, point-

ing out that although it has now 40 members, the influence of America would be sufficient to defeat league projects if thrown against them.

Hydroelectrically developing operation of the league, Mr. McAdoo indicated his opinion that the American representative in the council would be appointed by the president.

He mentioned the candidacy of Governor Cox only incidentally, saying that he was supporting Cox because Cox was the supporter of the league and that if the situation were reversed and Senator Harding and not Cox declared for the league, he would support Harding.

He criticized and ridiculed Senator Harding's proposal for forming an association of nations wherein features of the league to which objection had been taken in America would be eliminated.

Throws a Scarer

Presenting another course of argument in favor of the league, Mr. McAdoo predicted that unless America ratified the covenant America must prepare for war against the united membership of the league; that appropriations for army and navy which were \$200,000,000 this year would be \$3,500,000,000 next year and that the national military training would have to be adopted.

He predicted further that until such time as Europe should be assured of war's abolition through the American ratification of the league, American taxpayers might continue to pay indefinitely interest charges on \$12,500,000,000 annually on ten billion dollars loaned by America to European powers during the war. Mr. McAdoo was brought here from Pontiac on a special train organized for him by local democrats. He left at 8 o'clock after spending less than two hours here.

TREES BADLY DAMAGED DURING SEVERE STORM

Weighted Down with Heavy Snow, Branches Are Split and Broken

Fruit and ornamental trees suffered seriously in the snowstorm of Tuesday night and yesterday morning, according to local and district reports reaching The News. The same reports indicate greater precipitation in the district with any single storm of like character, especially at this period of the year.

The snow itself was heavy with water when it alighted, the weight being accentuated by a steady drizzle of rain. This bore heavily upon tree branches breaking hundreds with the excess weight and, in many instances, it is reported, causing serious damage.

Besides the destruction of trees and shrubs farmers report loss, through excessive moisture, of thousands of tons of third cutting of alfalfa, clover in the window for seed threshing and beans. Harvesting of potatoes and sugar beets has been set back and some damage is expected to be sustained by sprouts through the unusual extent of moisture. Hets, it is said, will not be harmed. Weather reports indicate no decided change of the weather in the immediate future, rain or snow being predicted for tomorrow.

Storm Brought Abundance of Precipitation

THE local communication system to the home weather desk being on the blink this report is complete only as it refers to Tuesday night's weather, a report carried by the mail, which, in this instance, proved more dependable than the phone.

Tuesday night's precipitation—rain and snow—amounted to .071 of an inch, which is considerable some moisture for these parts. The fall of yesterday and last night is believed to bring the total to well over an inch for the past 48 hours.

But 'tis not over yet, at least not to the notion of the weather-works man at Boise. Tonight and Friday rain or snow, he supposes.

SAMMIS CONVINCING IN POLITICAL TALKS

Iowan, Who Is to Address G. O. P., Said to Be Most Pleading in Address

J. H. Sammis, of Le Mars, Iowa, said to be one of the most forceful, logical and pleasing speakers on the political platform today, is scheduled to deliver the principal address at the republican campaign rally in the Lavering theater tomorrow night. Mr. Sammis is touring the west in the interest of the G. O. P. campaign and will speak on general political issues.

The Iowan has been vitally interested in G. O. P. politics ever since he reached voting age. He has held various public offices in his home state and was at one time representative from his district in the Iowa legislature. He is a lawyer by profession, and comes well recommended as a politician in argument. Exceptional arrangements have been made for the reception and entertainment of the speaker while in Twin Falls. He will be the special guest of the "speakers' bureau" of the county republican central committee, although the Elks, it is understood, are considering some entertainment for the visitor. Mr. Sammis is a personal friend of Dr. W. H. C. F. Dwight, both of whom came from the Le Mars district.

A Poor Ad

"A bad breath is a poor advertisement."—Painless Parker.

We all prefer companions whose breath is sweet and wholesome. We like to see a smile framed with white teeth. Just why anyone should be content to go through life with decayed and infected teeth is one of the wonders of the world.

There are some folks, of course, who are afraid to have their teeth fixed, but their fear is needless. Thanks to Dr. Painless Parker and the E. R. Parker System, dentistry isn't what it used to be.
