BRITAIN GETS RESPITE INDUSTRIAL CRISIS

ISLAND OF YAP COMES TO FORE IN DISCUSSION

United States to Insist on Some Form of International Trusteeship of Seized German Cables

WASHINGTON, D. C. (AP)—Some form of international trusteeship of the seized German cables may be in the air, according to the United States in the event of an equitable distribution of the cables is agreed upon by the delegates to the international communications conference in session here.

Rules Favor Contention.
Since the disposition of the German cables among the five powers requires unanimous consent, officials said today it was possible that no agreement other than an international form of operation might possibly be reached. This, however, had not yet been proposed by the American commissioners, and it was stated that it would not be unless it developed that no other agreement was possible.

Gives American Position.
One of the American delegates to the conference confirmed reports that the United States, while not disposed to question Japan's title to the island of Yap under a mandate awarded her by the peace conference, would most certainly insist upon the safeguarding of the rights of all nations to important cable communications centering about the island.

REPORTS GRAVE ON MACSWINEY

Hunger-Stricken Irish Lord Mayor Seems at Threshold of Death

LONDON. (AP)—Grave reports were in circulation at noon today regarding the condition of Thomas MacSwiney, lord mayor of Cork, on the twenty-second day of his hunger strike in Brixton prison. A statement issued by the Prisoners' Telegraph company at that time declared that the mayor's last moments were at hand.

The bulletin of the Irish Self-Determination League on the lord mayor's condition, however, stated that the league has been informed that he was in about the same state as recently. He was unconscious, its information said.

Prohibits Communication.

"However," added the statement, "the home office has placed an embargo on the use of the telephone for communicating the news to the outside, and has forbidden the lord mayor's sisters, Mary and Annie, to visit him." The home office explained the denial of admission to the lord mayor's sisters as being due only to the belief that their visits interfered with the careful nursing which the prisoner's extremely delicate condition required.

"Lord Mayor MacSwiney's condition continues critical," said the home office announcement. "The surgery has been slightly remedied."

On Seventy-second Day.

The Self-Determination League's bulletin this afternoon, after noting that this was the seventy-second day of the lord mayor's hunger strike, added: "It has been known for some days previous bulletins, the press because of the embargo placed by the home office on the relatives of the lord mayor. This strictly prohibits the Misses Mary and Annie MacSwiney entering the prison and prohibits any relatives from pursuing the custom of using the prison telephone to communicate reports on the mayor."

A special messenger sent to the prison brought news regarding the lord mayor to the league.

In its report of the sinking condition of Mayor MacSwiney at noon the Exchange Telegraph company said that Mrs. MacSwiney was with the mayor at that time and that Father Dominic, his private chaplain, also visited him.

BOISE SURVEYOR KILLED

IDAHO FALLS, Idaho. (AP)—William Brambrich of Boise, member of a surveying crew, was instantly killed Friday night when his automobile was struck over an embankment near Highways 15 miles from here. Brambrich, with Ed O'Neill, was driving without his lights on when the car went off a bridge O'Neill was not injured.

CLEARING HOUSE RESERVES SHOW ENORMOUS DEFICIT

NEW YORK. (AP)—Actual reserves of the clearing house banks this week show a decrease of \$50,233,200, causing a deficit under legal requirements of \$23,977,180, the largest reported this year and said to reflect the week's heavy transfer of funds in connection with federal payments and syndicate operations.

Administration in Search for Arbitrator for Aland Islands

WASHINGTON, D. C. (AP)—The United States has accepted the invitation of the league of nations to appoint a member to the commission considering the Aland island dispute between Sweden and Finland. The name of the commissioner probably will be announced today if he accepts the appointment.

GREEK MONARCH LITTLE BETTER

Condition of King Alexander Continues Grave, Attendants Declare

ATHENS. (AP)—The condition of King Alexander continues most grave, according to information from the royal sick chamber this morning for his majesty. It was stated, was frequently declared.

The pneumonia symptoms presented no worse features, it was added, but the state of the wounds arising from the monkey bite and the patient's general condition were pronounced most satisfactory.

KING'S NORWEGIAN WIFE IN CONSTANT ATTENDANCE

PARIS. (AP)—Dr. Georges Fernand Vidal, a noted French specialist, has returned here from Athens, where he attended King Alexander. Professor Vidal etiquette prevents Dr. Vidal entering into details of the case, but it is understood he treated the king with injections of serum prepared from the wound itself.

The morganatic wife of the king, known as Mademoiselle Manos who was a trained nurse, remains at the king's bedside night and day, fighting for his life with all the skill and experience she gained during the war.

Premier Venizelos has gone to Kephissia, north of Athens and heard the king is staying, so as to be in closer touch with the situation.

WILSON WILL ENTERTAIN PRO LEAGUE DELEGATION

WASHINGTON, D. C. (AP)—President Wilson will receive a delegation of pro-league republicans next Wednesday. It was announced today at the White House. The delegation will be headed by Hanson Hall of New York, editor of the Independent.

The president is expected at that time to deliver a pronouncement on the league of nations, his second of the presidential campaign.

POLICE ANNOUNCE 'CLUE' IN SERVICE MAN'S DEATH

WASHINGTON. (AP)—Police declared today they were in possession of information which they expected to lead to prompt identification of the body of a man found last night on the outskirts of Washington and believed to be Major Frank M. Scanlon, of Louisville, Ky., who served with the A. E. F.

World News Events

VLADIVOSTOK. (AP)—Messages received here reporting the train wreck on the Chinese Eastern railway near Harbin place the number of killed at 100.

NOME, Alaska. (AP)—The steamer Victoria, last vessel to leave Nome before the freeze-up, sailed today for Seattle, with 512 passengers, 375 of whom are leaving Alaska for the winter.

VIENNA. (AP)—As a preliminary step toward attempted fusion with Germany, Linz "borough" of the eastern Tyrol has proclaimed itself a republic. The borough is using its own postage stamps, which the remainder of the country refuses to recognize.

VIENNA. (AP)—The Austrian budget deficit for the current year amounts to twelve billion crowns, the finance minister announced.

AMERICAN DELEGATES TO FARM CONGRESS NAMED

Leaders in Agriculture to Attend Session of International Institute in Rome

WASHINGTON, D. C. (AP)—Three of the delegates from the United States to the general assembly of the international institute of agriculture, at Rome which meets November 2-15, were announced today by the department of agriculture. They are: Dr. Thomas F. Hunt, dean of the college of agriculture of the University of California, who has been named permanent delegate to succeed the late David Lubin; Leon M. Estabrook chief of the bureau of crop estimates, department of agriculture; and Harvey J. Seaton, Illinois, former president of the Illinois agricultural association and organizer of the American Farm Bureau Federation.

PITCHED FIGHT IS STAGED IN IRISH COUNTY

One Policeman Killed and Others Wounded in Clash Following Attack on Military Lorry from Ambush

DUBLIN. (AP)—A pitched battle was fought last night between Kibhogan and Monte, county Westmeath, when auxiliary policemen were ambushed. One auxiliary policeman was killed and others wounded. A military party sent to the aid of the police was attacked outside of Monte and a running fire was maintained throughout the town, in which it is reported a woman was killed.

TOWN IN VICINITY OF AMBUSH BATTLE WRECKED

COBK. (AP)—Several shops were burned and the windows of the principal business concerns were smashed last evening at Cobk, in the vicinity of this city, near the scene of yesterday's ambush of military lorries, in which an officer and a private were killed and five soldiers were wounded, one of whom died later. It is reported the village of Timishannon also was considerably damaged.

DEMOCRATS GIVE CAMPAIGN COSTS

WASHINGTON. (AP)—The democrats' national committee has expended \$699,071.59 in the national campaign up to October 21, according to reports of \$2,541,203.34 by the republican national committee as sworn to in a statement filed late yesterday by Treasurer Fred W. Plafum.

Cox Gives \$5000.

Governor Cox was listed as a subscriber to the democratic fund for the amount of \$5,000. Other subscribers were Charles R. Crane, New York, and Thomas L. Chubbard, Jr., New York, \$7500 each; Michael Boskin, Scranton, Pa.; Mrs. E. Davis, Madison, Wis.; Thomas E. Ryan and Nathan S. Strauss of New York \$5000 each; Vance C. McCormick, Harrisburg, Pa. \$2500.

Socialists File Report.

The socialist party national campaign committee reported total receipts of \$1,028,221 and disbursements of \$48,478.88 up to October 21. The only contributions of more than \$1000 were from labor organizations.

Striking Coal Miners Accept Invitation to Parley Renewal

TENSION LESS AS SETTLEMENT SEEMS LIKELY

Prospect for Successful Result in Conferences Looking to Renewal of Negotiations in Crisis Cheers Nation

LONDON. (AP)—Tension over the miners strike and the threatened walk-out of railroad workers seemed slightly relaxed this morning. Leaders of the National Union of Railwaymen and the miners' federation were ready for their conference as to the situation, and there appeared to be indications the former would not call a strike until after the trades union conference next Wednesday. The virtual ultimatum presented the government on Thursday by the railwaymen called upon it to begin negotiations with the miners today.

OBREGON LIKES RECEPTION AT TEXANS' HANDS

President Elect of Mexican Republic Expresses Belief that People of United States Favor Recognition

MEXICO CITY. (AP)—General Alvaro Obregon, president-elect of Mexico returned from Dallas, Texas, yesterday afternoon and told interviewers he was impressed by the cordiality of the reception given him there. He declared he looked upon it as indicating a changed opinion toward Mexico on the part of Americans. Asked why President Wilson had not recognized the new Mexican government, General Obregon replied:

Says Wilson is Cautious.

"President Wilson wants to know, first, what the policy of the new government will be. He has always acted with extreme caution in international affairs of this kind, and it is probable he has never intended to recognize the new government until absolutely convinced of its good intentions. The government is strong, popular and ready to supply with its international obligations and I believe Mr. Wilson will have no objection to sanctioning recognition. I also believe that the people of the United States in close touch with us in commerce desire such recognition."

Would Decline Loan.

General Obregon admitted he had been asked by the United States bank to help the new Mexican government by contemplating floating a loan for Mexico, but asserted such reports were "vague," adding that, in his opinion, Mexico should decline a loan and await the time when economic conditions had been adjusted and the people had returned to normal activities.

Colby Takes Exception to Argument of Root

Secretary Colby said today that he took exception to the statement of Elihu Root, dealing with the league of nations covenant.

"I fear that the point in Mr. Root's statement said, 'Mr. Root is wrong. What he says is wrong. What he seeks to do is wrong. I half suspect Mr. Root knows this.'"

Mr. Colby addressed his statement particularly to the question of article ten of the covenant as presented by Mr. Root.

"Mr. Root's statement, that article ten is an attempt to carry over and continue for all time, as part of the organization to preserve peace, the exercise of power by the competing nations in closing the way, is a plain misstatement of fact," Mr. Colby said. "Indeed, it is a complete inversion of the truth."

"If a further objection to the submission of any event of physical force, for the moral forces, which is relied upon in the other provisions of the covenant, indicates a complete insensibility to the instruction of events and the lessons of the world's recent and harrowing experience."

COX REITERATES CHARGES OF MISREPRESENTATION BY ROOT

NEWARK, N. J. (AP)—Charges that Elihu Root has misrepresented the league of nations position were reiterated by Governor Cox in another telegram sent Mr. Root yesterday.

Making a second vigorous demand for a retraction by Mr. Root, the governor said, regarding Mr. Root's reply to the candidate's first telegram:

"You have entered upon a long controversy upon the subject of article 10, in which you have been most unscrupulously and deliberately or through misunderstanding and lack of information concerning my speeches to misrepresent my position on the league of na-

Palmer Promises to Lend Assistance in N. Y. House Problem

WASHINGTON. (AP)—Assistant-Attorney General J. Edgar Hoover, in the investigation of housing conditions in New York was promised today by Attorney General Palmer in a letter to Samuel Untermyer, counsel of the joint legislative committee on housing.

RAILROAD MEN HEED STRIKERS BID FOR DELAY

Sensational Close of Day of Intense Anxiety Comes as Result of Informal Discussions Between Parties at Interest

LONDON. (AP)—The industrial crisis was temporarily bridged late this afternoon when the striking coal miners accepted an invitation to meet the government for renewed discussion of the miners' demands, and the railroad men, at the request of the miners, postponed their sympathetic strike movement under which the railway employees would have ceased work at midnight Sunday.

Discussions Bring Results.

This sensational close of a day of the most intense anxiety came as the result of informal discussions during the morning participated in by representatives of the government, the coal miners' leaders, the miners' leaders, and a subsequent joint meeting of the national union of railwaymen's and miners' executive bodies.

Government Has Proposals.

It was generally understood that the government had drafted new proposals for adjustment of the miners' demands, and the miners' leaders, in any event, the miners declined to accept the invitation to re-open the discussions.

The Miners' representatives will meet the government tomorrow morning.

Conference Is Helpful.

Informal conversations between the government and individual leaders of the striking British coal miners were resumed this morning. These discussions followed a conference between Premier Lloyd George and several other members of the government.

Representatives of the mine owners also conferred with the government. The discussions between the government and the miners' proposals were expected to be made which might contain a nucleus for an ultimate settlement.

Thomas Is Active.

J. H. Thomas, general secretary of the National Union of Railwaymen, announced today the immediate convocation of a conference between the opposing forces.

The Evening Standard says the mine owners' committee is to be asked to meet the premier and his experts at the premier's official residence in Downing street, although the time for such a meeting has not been fixed.

The mine owners' committee is to be asked to meet the premier and his experts at the premier's official residence in Downing street, although the time for such a meeting has not been fixed.

The mine owners' committee is to be asked to meet the premier and his experts at the premier's official residence in Downing street, although the time for such a meeting has not been fixed.

Yorkshire Ballotmen Quit.

The result of this afternoon's joint meeting of the miners' representatives and the executive body of the National Union of Railwaymen was awaited with immense anxiety. Moreover, the threatened strike of commercial transport men, numbering 25,000 which had been expected today, has been postponed except in Yorkshire where several hundred men are working.

The public everywhere expresses confidence in the government's food supply plans whatever happens.

The action of the borough of Deptford, in suspending the election of the first of General Sir Francis D'Almeida, commissioner for the London district for use of the town hall for the enrollment of volunteers, however, has been cancelled by all the London boroughs, with the labor mayor resolved to withhold use of municipal buildings for any such purpose.

Insurance in Demand.

During the last few days there has been a considerable demand in the big centers of population for insurance agencies to insure against the similar disturbances. A large part of the demand emanated from jewelers.

TEXAS JUDGE HOLDS POLL

HOUSTON, Tex. (AP)—District Judge J. D. Harvey declared unconstitutional today the poll tax law passed at the last session of the legislature.

Palmer Promises to Lend Assistance in N. Y. House Problem

WASHINGTON. (AP)—Assistant-Attorney General J. Edgar Hoover, in the investigation of housing conditions in New York was promised today by Attorney General Palmer in a letter to Samuel Untermyer, counsel of the joint legislative committee on housing.

CABINET FORM OF GOVERNMENT REDUCES TAXES

Governor Davis Points Out the Facts of Record in Detailed Explanation of State Administration Achievements

RUNS ON APPROPRIATION
MADE FOR PRIOR SYSTEM

Better Efficiency Saves Money
and Increases Revenue at
the Same Time; Promises
Greater Benefits for Future

BOISE (Special Correspondence)—Citing facts of record in support of his assertion that the cabinet form of state government has not increased state taxes, but reduced them, and that by better efficiency it has saved money and increased revenues at the same time Governor Davis, in a statement issued today, says:

"There has been much misinformation circulated about the cabinet form of government and its effect upon taxation. I want to give you a few of the facts of record that may be found in the state house by any one who takes the trouble to investigate.

"The cabinet form of government has not increased state taxes. It has reduced them. It has saved \$800,000 from our state taxes this year. By better efficiency it has saved money and increased revenues at the same time. It will do for Idaho what it has done for Illinois, reduce taxes every year.

"The cabinet system is running on appropriations made for the old system. The amounts to be appropriated were determined by the legislature, according to the needs of each department, institution or industry, without reference to any particular form of government. The \$25,000 appropriation for turkeys was cut down to \$10,000 because of the cabinet system, but because the legislature believed that the owners of cattle destroyed by the state should be compensated, all such appropriations were made upon their merits. The cabinet form of government neither increased nor decreased the appropriation for turkeys. It was the legislature that has been able to make every department to have a record of service and economy that has not been equaled in the history of the state.

Benefits Farmers.
"The department of agriculture has done a great work in standardizing wheat, hay, potatoes and fruit, and in enforcing the standards adopted. This has opened the markets of the country to the farmer and his products are now sold on grades established at home. The farmer is now paid when his car leaves the shipping station. Formerly he was not paid until his car arrived at its destination, and this rule made there often robbed him of the fruits of his labor.

"The department of commerce and industry has increased receipts 64.0 per cent, while operating expenses have increased only 2.65 per cent.
"The department of finance and budget has saved many times its cost to the state and counties by the inauguration of a uniform system of book keeping. When the legislature meets it will have before it a budget showing the cost and needs of every department, which is something our legislature has never had, and will be of immense benefit in cutting out unnecessary appropriations.

Turns Back Surplus.
"The department of law enforcement will turn back one-third of its appropriation. It has already brought into the treasury more money than it has cost the state.

"The department of public investments has reduced delinquent loans from half a million dollars, earnings on loans and investments have been increased more than a quarter of a million dollars a year since the beginning of 1919 loans and investments have been increased from about \$9,000,000 to more than \$13,500,000.

"The state land department adds 10 times as much to the state's endowment funds the first year of the cabinet form of government as was added in 1918. Earnings from this increase were \$141,583 as compared to \$8,942 for 1918. These earnings were more than four times the total cost of the department for the year.

"The bureau of highways has done 88 per cent of all the work done since the department was organized in 1912. It has reduced the cost of preliminary engineering on federal aid projects from 4.8 per cent to 2.7 per cent and secured federal aid for 390 miles of highway an against 100 miles before that time.

Settles Carey Act Troubles.
"The department of reclamation has settled every Carey act trouble that was before the old land board, and for more than a year no new matter has

Prettiest Girl in France Arrives

Miss Delysia, said to have been acclaimed the prettiest girl in all of France, has arrived in the United States. Arriving on the steamer Olympic, Miss Delysia wore a startling red patent leather coat which was the envy of all the women on the vessel. Another startling innovation credited to her is the diamond bracelet she wears about her ankle. Miss Delysia has been commended to appear before three European Queens.

been before the board for a longer period than two weeks before being finally settled. Receipts of the department are already 47 per cent greater than they were for all of 1917 and 1918, and operating expenses are 28 per cent less.

"The increased receipts of the departments have been a factor in reducing this year's tax levy. Contrary to general belief, the receipts of the departments, not added to the appropriations and expended. With the exception that the department of agriculture uses its inspection fees to pay the cost of inspections, and the department of law enforcement uses the cost of registration of professional men, all other fees are deposited with the state treasurer.

"The following are facts from the records: When the present administration came into power, there are some of the things they found: Warrants outstanding, \$476,118; claims outstanding, other than efficiency, \$156,430; deficiency add relief claims, \$187,185; interest on claims, \$7601; insurance collected and spent, which had to be made good, \$113,008; bonds which fell due in 1917, for which no sinking fund had been provided, \$317,000, making a total of \$1,228,392. Cash in treasury, \$29,811.

"To pay this indebtedness, the Alexander board of equalization levied only \$978,636. This, with the cash in the treasury, lacked \$258,795 of being enough to pay the indebtedness, and left us nothing to meet the expenses of 1919. Add to the above indebtedness, the Alexander board of equalization levied only \$978,636. This, with the cash in the treasury, lacked \$258,795 of being enough to pay this indebtedness, add left us nothing to meet the expenses of 1919. Add to the above indebtedness, which we inherited, \$1,000,000 for roads and bridges for 1919 \$661,000 increases for state, education, charitable and penal institutions, necessary for their upkeep and growth, increased costs of labor and supplies, increases in counties and cities, and the cause of higher taxes is made clear. State taxes are lower this year than they were in 1919.

Gives Alexander's Record.
"Some of our opponents are laying stress upon the fact that during the four years of the Alexander administration the total state taxes levied were only \$2,893,686. They forget to mention outstanding warrants and unpaid claims which totaled equivalent assets of \$999,537 into a deficit of \$258,795. There was not a single year of the Alexander administration when the state board of equalization levied sufficient amount to take care of the

in the service and war industries were coming home and must be absorbed by the industries of the state. To provide employment for these without demoralizing labor conditions demanded a large construction program. We entered into a comprehensive highway program on a federal aid basis. On all federal aid highway projects the state is obliged to finance the work and afterwards to receive from the other co-operators their proportion of the cost, as work is completed and estimates presented. The state's proportion of the total expenditures on these projects is one-sixth of the total cost, the proportion of the federal government one-half. It can be readily seen that the preliminary financing by the state is a heavy burden. At present there is due and immediately coming due to the state from the various co-operators about \$1,500,000 which the state has advanced.

National Issues Vital.

"Matters affecting the state government are not the only ones that should interest the people of Idaho at the coming election. Farmers may well wonder where they are going to sell a lot of their products when they are taking to make ends meet. Australian mutton and Argentine beef eat no Idaho hay. Canadian wheat breaks down the price of wheat at home. Foreign manufacturers employ no American labor. These are things that come directly home not only to the farmer, but to all classes of Idaho people. We need a tariff to protect the farmer, the manufacturer and the laborer against ruinous foreign competition. In order to get such a tariff we must elect men to congress who will vote for a protective tariff law. The livestock industry is paralyzed and this has destroyed the market for and reduced the price of hay. To restore this industry to prosperity we must return to republican protection, a vote for Frank R. Gooding, for United

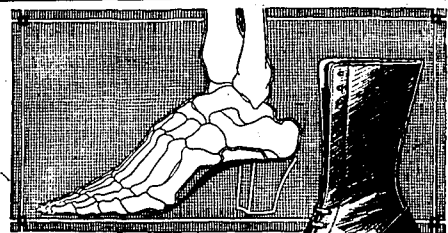

States senator and for Addison T. Smith or Burton L. French for congressman, is a vote for the best interests of all the people of Idaho."

RUMORS ABOUT LEVINSKY TILT AGITATE BOARD

New Jersey Commission Proposes to Investigate Recent Bout

BY RAY PEARSON

Georges Carpentier, champion heavyweight idol of Europe, has fought Battling Levinsky, American light heavyweight, and knocked him out in the fourth round, but this very day there and it is to be regretted that it doesn't. Down in New Jersey and in New York they are digging—those people whose business it is to dig—to find out if there was anything wrong about the fight.

Foremost of those who are probing is the New Jersey boxing commission. It is the commission's business, and according to the commission it is going to attend strictly to that business, to find out if there was something that could not be called square in the international encounter which attracted the attention of millions of people on two continents.

Displeases Gotham Critics

It is a long way from Chicago to Jersey City and where eyes not permitted to see are forced to gaze through the optics of others who did see what happened in the Jersey City ball park ring last Tuesday night. It is not difficult to form judgment. New York critics, at least a fat percentage of them, openly admit that the fight didn't look good. A few others boldly state that the bout, which they term an "affair," was an absolute farce.

Wall street, that famed thoroughfare of finance, finds the entire thing once more and why? Because Wall street, which apparently does not dabble exclusively in stocks and bonds, but seems to have a world of information on sporting events, professed to know something about what was going to happen when Carpentier and Levinsky squared off for action.

Wall street mapped the round in which the Frenchman would knock out the American. That was hours before the fight. And Wall street was right, and a lot of money changed hands, because "the street" knew, according to the odds and dashes ticked over the telegraph wires.

Another Question Asked

So much for that. Now the question is: If the fight wasn't on the square, what party or parties had a hand in making it the subject for an investigation by the New Jersey boxing commission and others?

If the fight wasn't on the up and up, Carpentier, the war hero, the champion of Europe, was going out for a lone hand, a role that placed him on the floor in the fourth round, his feet entangled in the ropes but not unconscious, the victim of a knockout just as Wall street said he would be.

Second Time Knocked Out

The records will show that Carpentier in four rounds knocked out Levinsky, a feat that only one other fighter ever was able to accomplish, that man being the present world's heavyweight champion, Jack Dempsey. They say that Levinsky has aged, and isn't the fighter he used to be, but he gave no great evidence of being near the finish a few months ago when he fought Tony Melichar in a Kew-Forest ring. He gave Melichar a boxing lesson and displayed the speed of foot which made him a great ring man.

Now why didn't other fighters, such as Dempsey and Carpentier, punch the elusive Levinsky to dreamland? Because in the ring today there isn't a clever or smarter defensive boxer than this name But Levinsky. That's the answer to that question.

Floored in Second Round

But as we read between the lines of the fight by rounds of the Carpentier fight there isn't anything to indicate that Levinsky employed his much vaunted defensive skill in ward off the knockout wallop that were shot at him by the Frenchman. He was knocked down a couple of times as early as the second round, and who ever knocked down Levinsky a couple of times in the second round? No, he didn't. Even Dempsey, who did knock him out in the third round, so Carpentier may add that to his plumes—if the fight was on the square.

A number of points in Chicago who know something about boxing concur with me in the opinion that it was Levinsky's failure to display defensive skill against Carpentier that made the bout look queer to them. There were others who do not think there was anything about the bout which wasn't as it should be.

Nate Lewis Differs

Take Nate Lewis, for instance, a fellow who knows Carpentier, who was with him in Paris many months ago, and who knows boxing. Listen to his way of looking out the Carpentier-Levinsky bout:

"Carpentier is a greater fighter," said Lewis. "He is a better fighter than a lot of people give him credit for. But I think Dempsey will beat him. I see no reason for believing that the fight at Jersey City wasn't won on its merits. Levinsky is one of the most honorable men who ever graced the boxing profession. He always has been a credit to the sport, and I do not think there is enough money to make him fight other than his best in the ring."

British Boy to Ride as First Jockey to the King Next Season

Stephen Donoghue, champion British jockey, whose sensational riding on the English turf has been a feature of the present season, will ride as first jockey to the King next season, according to the reports from London. Donoghue has ridden the winners in many of the biggest turf events in England.

Brief Bits of Sport

Anyhow Georges Carpentier's dub himself high-heavyweight champion of the two hemispheres.

And Bat Levinsky, who flopped the title of this continent to the Frenchman in a four-round tilt lately, says he will go over to merry England and battle the winner of the Beckett Manu affair.

Manning he is looking for a battle with Moran, whom he has met before. Attempts are being made to bring Al Young and Able Miskind together here on Armistice day.

These Utah lightweights have tried off to settle the question of mitt supremacy and, thus far, have failed. During the present week they fought their sixth draw.

Inquisitorial boards in Chicago and Los Angeles are stirring up a lot of disturbance for baseball players and numbers alleged to be implicated in the throwing of world series and other championship games.

Californians seem to be considerably involved, too. There's Hal Chase and Al Attell, prominent native sons, who seem to be all tied up in the unseemly affair.

But Jim Corbett's fair name has not been dragged into the mire, as yet.

And Babe Marquand says he is going to appeal his case to the supreme court and "get justice."

Perhaps the supreme court will do worse by him than the Indianapolis court did.

The management of the Giants says that if Hein Zimmerman, local plaid base with the Gotham major league club last season, the Giants would have won the National flag.

Said management declares Zimmerman was dropped for the "good of the game."

Also the Giant management infers that there is a big chance of Hugie Jennings becoming manager of the New York club in 1921.

Harry Mansell, English lightweight boxer, is in Salt Lake looking the place over. He is said to be wanted for a match in St. Louis with Joe Burman, who recently shaded Champion Pete Herman.

Fred Tarte, who a couple of decades ago was the leading jockey of the American turf, and riders today know little of the art that brought mounts to the fore in the old days.

There are also fellows who say bang

ball is not as fast as it was when Father Chadwick was alive and Nick Young was president of the National league.

And that boxing was a better game in the bare fist days.

And over 'this'.

MEETING POSTPONED

SAN FRANCISCO, (AP)—Investigation of alleged bribery conspiracy in the Pacific coast baseball league by the Los Angeles grand jury has necessitated indefinite postponement of the annual meeting of the league's board of directors, scheduled for Sacramento on next Tuesday, W. H. McCarthy, president of the league, notified the club presidents today.

"MIRACLES MAN" TILL

MACONA, Ga., (AP)—George T. Scallage, manager of the Boston Braves, has been seriously ill at his home at Haddock for the past ten days. He is turned home from the world series and was operated on last Sunday for an abscess on the leg, the result of an injury received in an accident two months ago. Doctors said last night he would be able to be out in another week.

GATHER FOR UNVEILING

WALWICK, N. Y., (AP)—Sportsmen from throughout the state gathered here today for the unveiling of a memorial tablet to Henry William Herbert, who under the pen name of "Frank Rutherford" wrote anonymous books dealing with horses, hounds and outdoor life.

EXPECT OVERFLOW CROWD

CHICAGO, (AP)—Extra seating facilities were installed at Stagg field to handle the crowd for the Iowa-Chicago football game today. The Hawkeye team arrived yesterday and after light practice on the field announced themselves in good shape for the skirmish.

O'DOWD WINNER

CAMDEN, N. J., (AP)—Mike O'Dowd, St. Paul middleweight, out fought Frank Carbons, New York, in a ten round bout last night. Carbons substituted for Angelo Rattner.

AERONAUTS OF FOUR NATIONS RACE ENTRANTS

Alabama City Scene of Busy Final Preparations for International Balloon Race for the Coveted Bennett Trophy

BIRMINGHAM, Ala. (AP)—Aeromats of four nations were busy early today with final preparations for the international balloon race which starts from here at 4:30 o'clock this afternoon. Weather conditions were ideal for start. A clear sky and a gentle breeze from the southeast raised the hopes of the contestants for a chance to win the coveted Bennett trophy. The competitors will leave the field in the following order: First, French balloon, Captain Louis Hirschauer, pilot; Leo C. Nathan, aide. Second, United States army balloon; Lieutenant R. B. Thompson, pilot; Captain H. E. Weeks, aide. Third, Belgian balloon, "Belgian"; Lieutenant Ernest De Myster, pilot; Lieutenant Mathieu Labrousse, aide. Fourth, Italian entry, "Andrea"; Major J. Valle, pilot; Major B. Leon, aide. Fifth, American entry, Kansas City II; H. G. Honeywell, of St. Louis, winner of the American national race, pilot; Dr. Jerome Kingsberry, aide. Sixth, Italian entry; Major H. Ma-dori, pilot; Lieutenant A. Pirazzoli, aide. Seventh, American entry, "Good year," Ralph Upson, pilot; W. T. Van Ormann, aide. Contestants are seeking to break three records, national distance record of 1172 miles, held by Allan R. Hawley, of the Aero club of America, the international long distance record of 1800, held at present by French balloonists, and the altitude endurance record of 50 hours in the air, held by American balloonists. In addition to the James Gordon Bennett international trophy, the winner will be presented with two cups, one offered by the Civilian club, and the other by the Birmingham Age-Herald. Cash awards totalling \$2500 will be distributed as follows: First prize, \$1000; second prize, \$700; third, \$500; fourth, \$300; fifth \$200; sixth, \$100.

The Soy Bean.
The soy bean, almost since its introduction into America, has been exploited at different times as "coffee berry," "coffee bean," "new coffee plant," "domestic coffee berry," and "new domestic coffee berry." For many years the soy bean has been used to a slight extent in Europe, especially Switzerland, as a substitute for coffee. In Japan and southern Russia the soy bean is prepared as a coffee substitute and placed on the market. This product is ground very fine and has much the same appearance as coffee.

Odd.
A British firm bears the name of "English & Irish." The funny thing about it, however, is that Mr. Irish is English and Mr. English is Irish.—Boston Transcript.

Today's Markets

New York Stock Market.
NEW YORK, (AP)—Wall pools were active in speculative issues on the stock exchange today, basing their operations largely on advices from London which indicated that measures were under way to prevent an extension of the British industrial crisis. Steels, equipments, rails and other usual leaders

were neglected. Shipings, oils and utilities were the outstanding features. United Fruit led at an advance of almost 7 points, Houston Oil, Montana Power, Laclede Gas, Peoples Gas, United Railways, preferred, Philadelphia company, Western Union and Mackay registered gains of 1 to 5 points. Selling for profits impaired some of this advance in the final dealing. The closing was firm. Sales approximated 250,000 shares.

Liberty Bonds.
NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$92.80; first 4's \$90; bid; second 4's \$89; first 4 1/2's \$90.12; second 4 1/2's \$88.80; third 4 1/2's \$89.00; fourth 4 1/2's \$88.90; Victory 3 3/4's \$90.40; Victory 4 3/4's \$90.30.

Grain and Provisions.
CHICAGO, (AP)—A big export business of the past few days and the strength in foreign markets today caused a steady market for wheat, December, however, started wrong, showing a gain of 1 1/4 to 1 1/2 over last night's close. This advance was met with large offerings especially by a large elevator interest which resulted in an immediate setback, which carried prices below yesterday's finish. After showing 3 1/2 loss to a gain of 1 1/2 at the start, with December \$2.03 1/2 to 2.04 1/2 and March \$1.95 1/4 to 1.96 1/4, the break carried prices down rapidly, a reaction then took hold and checked the drop. The market later became heavy when the heavy buyers found that the shorts had completed their covering, and there was little in the situation to stimulate investment buying. At the finish prices were down 2 to 3 3/4 below yesterday's finish with December \$1.99 3/4 to \$2 and March \$1.93 1/2 to 1.93 3/4.

Corn started about steady in sympathy with wheat, initial quotations being 1 1/8 lower to 1 1/4 higher, with December \$1.14 to \$1.15 and May \$1.12 to \$1.13. The market dropped slightly after this but after the first hour the decline was checked. There was some heavy selling on the bulge, credited to a large elevator interest, and prices later broke and closed 3/4 to 1 below yesterday's finish with December \$1.12 to \$1.13 and May \$1.10 to \$1.11.

Cash Quotations.
CHICAGO, (AP)—Wheat No. 2 red \$2.15 to 2.16; No. 1 hard \$2.08 to 2.09 3/4. Corn No. 2 mixed \$1.84 to \$1.85 1/4; No. 2 yellow \$1.84 to \$1.85 1/2. Oats No. 2 white \$1.34 to \$1.35; No. 3 white \$1.32. Rye No. 2 \$1.70 to \$1.71. Barley 90c to \$1.06. Timothy seed \$5 to \$6.50. Clover seed \$12 to \$20. Pork nominal. Lard \$22.50. Hils \$16.25 to 17.50.

Minneapolis Flour and Grain.
MINNEAPOLIS, (AP)—Flour unchanged to 10c higher. In carload lots family patents quoted at \$10.05 to 11 a barrel in 98 pound cotton sacks. Bran \$30 to 32. Wheat, receipts 397 cars, compared with 549 cars a year ago. Cash No. 1 Northern \$2.04 1/4 to 2.08 1/4; December \$2.14; March \$1.98 3/4. Corn No. 2 yellow \$1.85 to \$1.86. Oats No. 3 white \$1.34 to \$1.35 1/4. Barley 70c to 75c. Rye No. 2 \$1.60 1/4 to 1.67 1/4. Flax No. 1 \$2.00 to 2.07.

Chicago Livestock.
CHICAGO, (AP)—Cattle receipts 2,000; market compared with week ago, after very uneven daily markets prices are closing 25c higher on fairly choice to best steers; top \$18.10; 25 to 50c higher on good grades very uneven; 25 to 75c higher on medium steers and steady to 25c higher on common kinds. Thursday's cattle advance was practically lost in Friday's closing trading;

top cows, heifers and bulls closing a shade higher; in between kinds steady to 25c lower; canners 25c to 40c lower; westerns steady to 50c higher; stockers and feeders steady to 25c higher. Hog receipts 2,000; best grades about steady; others strong to 15c higher than yesterday's average; closing strong; top \$13.40; bulk light and butchers \$12.00 to 12.25; pigs 10 to 15c lower; bulk desirable kinds \$12.75 to 12.90. Sheep receipts 2,000; compared with week ago; fat lambs closing weak to 25c lower; fat sheep steady; yearlings and feeders steady.

Omaha Livestock.
OMAHA, Neb., (AP)—Hog receipts 2,000; mostly 10 to 15c higher; bulk \$12.25 to 12.75; top \$13.25. Cattle receipts 300; market compared with week ago: Good and choice fed cattle and westerns mostly 25c to 50c lower; others 50 to 75c lower; shesteak 50c to \$1 lower; canners cutters and

bulls 25 to 50c lower; veals steady; heavy calves mostly \$1 lower; stockers and feeders uneven, 50c to \$1 lower. Sheep receipts 1,500; market compared with week ago: Lambs mostly 25c lower; yearlings steady; sheep 25c higher; feeding lambs 50c lower; sheep and breeders steady.

Chicago Produce.
CHICAGO, (AP)—Butter higher; creamery 37 to 55c. Eggs lower; receipts 4,631 cases; firsts 53 to 58 1/2c; ordinary firsts 51 to 54c; at mark, cases included 49 to 50c; standards 50 to 60c; storage pack. Poultry, alive, unchanged.

Potatoes.
CHICAGO, (AP)—Potato receipts 77 cars; market weak; Minnecota and Wisconsin Round White sacked \$1.65 to 1.67; firsts 60 to 61c; refrigerator firsts 46 to 48 1/2c. 1.75; bulk \$1.60 to 1.70; South Dakota

and Minnesota Early Ohio, bulk \$1.65 to 1.75; Kings \$1.50 to 1.65. **Kansas City Produce.**
KANSAS CITY, (AP)—Butter, creamery unchanged, 55c; packing 1c lower, 52c. Eggs, firsts 58 to 62c.

Poultry, hens 16 to 25c; springs 22c; turkeys 30c. **ANNOUNCEMENT.**

Cadillac Announcement

We are pleased to announce that we have been appointed Cadillac agents for Twin Falls, Gooding, Lincoln and Jerome counties, and have in transit a carload of the latest models which by their pleasing body lines have won so much favorable comment.

With the arrangement of our most modern garage, with the elaborate and complete equipment of our shop, with an organization and experience developed through twelve years in the automobile business right here in Twin Falls, we feel we are in a position to give to each and every owner of a Cadillac car that particular service to which he is entitled.

We wish that every Cadillac owner will consider our garage as his automobile home and any suggestions for the betterment of our service will be thankfully received by us.

For the care of the Cadillac car we are especially well fitted by our roomy and daylight shop, by our superb shop equipment, and furthermore by the fact that our shop foreman, Mr. O. A. Schwartz, was for several years shop foreman for the Rankin garage, Cadillac and Buick dealers at Long Beach, California, and consequently is thoroughly familiar with the mechanical construction of the Cadillac Car.

We expect to carry a full and complete stock of repair parts, and this, together with our other advantages, should enable us to greatly add to the Cadillac prestige and resale value which means so much to present Cadillac owners.

TWENTY MILLION CHINESE FACED BY STARVATION

Investigators Report Famine Conditions in Several Oriental Provinces Worst in Years and Help is Needed

PEKING, (P)—Famine conditions in China, Siam, Siam, and Hanoi provinces, due to repeated light crops followed by almost complete failure this summer, are reported by investigators to be the worst in years. It is estimated that 20,000,000 people are in peril of death from starvation and disease during the coming winter unless help on a large scale is afforded. Thousands of families are already afoot making their way down river in the hope of finding food and employment. Others are selling their belongings piecemeal to procure food at greatly advanced prices. Famine and drought animals are being disposed of for young for lack of fodder to keep them and fuel to cook them if slaughtered.

Dr. F. F. Tucker, of Tehchow, Siam, province, and Dr. E. J. Poll of Siam, also in Siam, report that being without food and unable to buy it, people are living on weeds and the leaves of trees, cotton seed and bean, children, especially girls, are being sold or given away for food.

John Griffith, of the Canadian Presbyterian mission, Chongchiao, North Hanoi, writes: "The last falling here was that at least a crop of quick-maturing buckwheat might be secured after a late rain. But no rain has come and that here is now entirely gone. Every road northward swarms with the hungry, plucked humanity. The Peking-Hankow railway is generously allowing refugees to travel free on all trains bound for South Hanoi and Hanoi and those crowded with families leaving many little children or old people who can not face the trek over the mountain roads to Siam and Siam."

The American Red Cross has appropriated \$500,000 for the famine sufferers in China and Japan has promised a large amount of rice.

Referring to the article appearing in the Chronicle, October 22, wherein is mention of private affairs of the Murtough Canal Company by Mr. Porter, we emphatically deny that the statistics at real estate at this time to the Murtough Canal Company. We are a mutual co-operative company and stock is issued to each member representing the interest in the corporation. At any time we decide to sell water rights we will comply with the statute.

In regard to the testimony of Mr. Baer regarding water rights, he plainly stated that the Murtough Canal Company did have a power also a water right good till July 18th. And that I. B. Perrine and associates had the water right on the American Falls Reservoir and that as far as the record of his office is concerned the proposed irrigation district or any of its representatives did not have any rights either in the natural flow of the stream, riparian Snake River, or in any reservoir. He also said that he considered any lift over 100 feet impracticable because of excessive maintenance either with private or maintenance power, and that his department was on the fence regarding many phases of the new proposed project.

The Murtough Canal Company is a going concern who have built and practically completed the first lift covering 10,000 acres and are willing and ready to go on with the second lift of 24,000 acres or more, and complete it within one year, at a far less cost than that proposed by the said Murtough Irrigation District.

As regards the claim of 5,000 additional acres the records do not substantiate this but they do show that the dwelling place of a large body of lands in the district was cut out and the home site of an other party whose residence is under the Twin Falls South Side Canal Company was asked to be taken in.

MURTAUGH CANAL COMPANY.

The Human Touch Lacking.
A way is said to have been found for washing linen by electricity. In future patrons will have to tear the buttonholes themselves.—Punch, London.

COUNCIL CONSIDERS BUYING LOCUST PARK

Twenty Acres of Tourist Site May Be Purchased for the Municipality

Members of the city council tonight, at an adjourned session, considered a proposal submitted by officers of the Twin Falls Chamber of Commerce contemplating the city's purchase of the tourist park. The property, it is said, can be purchased for \$12,000. The site comprises 20 acres. Two plans are being considered, one an outright purchase, and one for lease. A committee will investigate the proposal, not only with respect to the park but with a view to possibilities of installing a swimming pool and a skating pond.

The remainder of the session was of a more or less perfunctory nature. A. J. Hill, representing the Warren Construction company, gave some details concerning the proposed bond sale.

COX ASSERTS CANDIDACY IS UTTERLY FREE

Qualifies Personal Independence Only by Recognition of Obligation to Put Through Ratification of League

NEW YORK, (P)—Governor Cox of Ohio today told several hundred members of the Young American Democratic league that, if elected president, he would devote his energy to accomplishing an industrial readjustment throughout the country.

One of the first steps in this direction, he said, would be appointment of "the highest class industrial engineer available in the country as a member of my cabinet."

Claims Complete Liberty
Governor Cox said he was "absolutely free and unfettered by campaign promises—even in the matter of appointing fourth class postmasters."

"Although I feel myself an utterly free man," he declared, "I shall recognize my election as a positive mandate for the league of nations, I confidently expect to be elected, but I will not permit my election to be a party victory but as a triumph of the great principle which the democratic party represents."

Glants Over Harding.
"If Senator Harding is elected, there will be, on the other hand, a multitude of confusions in Washington. The certainty of this is evidenced by the statements of other prominent Republicans. In the newspapers nearly every day Senator Johnson declares that the republican candidate is firmly set against the league, while in the same newspaper former President Taft declares with equal positiveness that Harding is for it."

Makes Picturesque Entry
For the second time since his nomination as head of the democratic national ticket, Governor Cox of Ohio is in New York today filling a series of campaign engagements.

The governor's arrival here, long after midnight, was picturesquely calculated to arouse little passerby in the streets to a more than ordinary interest in the event.

Following the closed car in which Governor Cox was driven from the Jersey City schoolhouse where he made his last speech, were more than a hundred touring cars from which blared red fire and other brilliant pyrotechnics.

Arrived at the Waldorf Astoria hotel the candidate met Mrs. Cox who had come from her Dayton home during the day to be with the governor here and accompany him on the last week of the campaign tour.

The governor faced a busy day of speeches and conferences, with a Madison Square Garden address tonight.

Time is Money.
"Charley, dear," said young Tom Tomkins, "I'm going to read poetry after this." "What for?" it saves so much time in poetry that the time required to read a page is materially shortened."

RAILROAD BONUS FUND STILL REACHING OUT

Sum of \$102,062.06 Has Been Subscribed Up to Last Official Report

Remarkable Action Photo of Columbia Cheer Leader at Work

"Rah! Rah! Rah! at 'em boys." And they were old. Columbia students attending the game against Trinity were led in the cheering by P. W. Gallie, their greatest cheer leader. Gallie went through nine twists and turns in his cheering than a trapped snake. Columbia, however, won, which is a good omen for Gallie.

Personals

J. E. Stables of Hanson registered in Twin Falls yesterday.

Charles L. Harlan is in the city from Lewiston for a brief visit.

Robert Ward of Rupert is transacting business in Twin Falls.

Mrs. J. N. Davis of Kimberly was a Twin Falls visitor yesterday.

William D. Reynolds of Burley registered in Twin Falls yesterday.

W. W. Powell of Hollister transacted business in Twin Falls yesterday and today.

Clark A. Nickel came from the Nickel ranch yesterday for a short visit in Twin Falls.

Miss Helen Oakley is in the city from Boise and is a guest at the home of Mrs. L. Le Wood.

Mr. and Mrs. Junius Shinn of Elmer were among the out of town visitors in Twin Falls yesterday.

Mrs. Sam Morris and little daughter of Rockland, Idaho, are guests at the home of Mrs. I. B. Perrine.

Mrs. M. O. Conover and daughter, Mrs. Truman Greenhough, motored in from their home in the country yesterday on a shopping trip.

Mr. and Mrs. G. R. Freeman of Jerome spent the day in Twin Falls yesterday looking after business affairs and shopping.

BANK BRINGS SUITS.
In the district court the Twin Falls Bank & Trust company has filed a suit against Fred B. True and J. P. Hank to recover judgment on a promissory note signed jointly by the defendants and amounting to \$700. Plaintiff also asks attorney's fees and interest on the note. J. H. Wise is the attorney for the plaintiff.

Illuminating Irritation.
Ida incidentally indicates interest in ices, Irving, impressive, infatuated, indolently, ingenious. Ida's indulgence in ices inordinate, insatiable, impecunious, inappetent introduces inexpensive innovations, Ida, instantly irate, in impatient irritation, indignant, impetuous Irving's iterated infatuation, insatiable indifference, inurbidity, Ida's insensible, inelegant invertebrates illuminates Irving's innermost intelligence, inhibiting infatuation, intercepting intentions.—Youth's Companion.

Social Notes

Edited by Mrs. E. B. Williams Telephone 306

Mrs. Charles R. Knafman entertained at a stag party Thursday evening in honor of her husband's birthday. Cards were played and a lunch was served at midnight. Those present besides the honored guest were Messrs. Chester Cliff, D. A. Salmon, Charles Larsen, Ernest White, C. R. Grady, Willard Kaufman, Edwin Willson, Frank Leichter, K. S. Peters and O. J. Johnson.

Mrs. Frank Brown was hostess to the Blue Lakes Boulevard club yesterday. Mrs. Moses Stearns spoke from the subject for the afternoon. Mrs. Moses Stearns spoke from the democratic standpoint and Mrs. A. C. Rutherford for the republicans, after which a general discussion followed. Mrs. D. P. Riggs gave a delightful reading in the League of Nations. Refreshments were served after the program. Club members present were Mrs. V. R. Phoe, Mrs. D. P. Riggs, Mrs. George Smith, Mrs. Moses Stearns, Mrs. J. M. Wright, Mrs. O. W. Dougherty, Mrs. W. H. Bush, Mrs. J. H. Causton, Mrs. Jere Long and Mrs. A. C. Rutherford. Guests of the club were Mrs. Ross Stevens and Mrs. Radcliffe.

Mr. J. V. Sammis of Iowa was the honored guest at a delightful dinner given by Mr. and Mrs. M. J. Swerley at the Hotel Rogers last evening. Autumn leaves and fall flowers with scarlet nut cups were used with charming effect to decorate the table. The guests were nearly all former Twin residents and most of their neighbors and friends of the distinguished visitor in that state, they being Dr. and Mrs. W. H. Dwight, Mr. and Mrs. Shad L. Hodgins, Mr. and Mrs. Ralph Smith, Mr. Lloyd H. Sloan, Mr. Louis M., a nephew of Mrs. Swerley's who has come to make his home here, and Mr. and Mrs. L. Closs.

For Rent.—Cedar for potato storage; reasonable rent. Inquire E. S. Larned, 9103.—adv.

CO-OPERATIVE STORE RENDERS STATEMENT

One of the most important and interesting features of a general meeting of stockholders in the Twin Falls Co-operative store, held last night, was a report of Auditor John Wolfenden. The report covers a period of four and a half months and shows total sales of \$115,416.95, of which sum \$66,145.66 is subject to dividends.

The statement also shows a dividend for the period of 5 per cent declared in favor of purchasing stockholders and 2 1/2 per cent for non-stockholders patronizing the store.

FUNERALS

Funeral services for Georgia Foreman, infant daughter of Mr. and Mrs. John Foreman, 250 Second avenue west, whose death occurred this morning, will be held this afternoon from the J. E. DeWitt chapel.

NOTICE

To All Property Owners, City of Twin Falls, Idaho.

We earnestly urge all taxpayers who have not registered for City Bond Election to be held November 9, 1920, to register and be prepared to vote, as unless the bond election carries the city will have to pay paving contractors with a warrant, the total amount of which will be due in one year from date, whereas, if the bond election carries bonds will be issued running from ten to twenty years or an average life of fifteen years. In other words, the bonds will be retired out of taxes at the rate of one-tenth each year.

You must register specially for this election at the office of the city clerk, and before November 9th.

ford Building, Chicago.

COMMON SENSE AND TAXES

It is not news to the taxpayer that
Twin Falls county taxes have increased
during the past two years when the
price of commodities in general have
advanced at least fifty per cent.

There are features in connection with
this tax increase, however, which may
not be known generally among taxpay-
ers and voters and which ought to be
known before attempt is made at pass-
ing judgment on those responsible for
levying the taxes.

It ought to be known, for instance,
that the present board of county com-
missioners entered office in January,
1919, to find a balance of approximat-
ely \$50,000 in warrants outstanding over
and above the cash on hand to pay
the total of outstanding warrants. In
addition it found that no levy had been
made as it should have been in the
preceding year to provide for collection
of taxes to meet a payment of \$15,000
on court house bonds. In other words,
the commissioners had at the begin-
ning of their term of office a deficit of ap-
proximately \$65,000 to overcome.

This situation was created by the
preceding board which was controlled
by democrats, one of whom is again a
candidate for re-election.

The present board not only provided
for paying this deficit, but it made am-
ple provision for efficient administra-
tion of the county offices with their
constantly increasing burden of busi-
ness and it pursued noiggardly policy
with respect to enterprises and insti-
tutions having a legitimate claim
against the public funds.

At the same time the present board
fulfilled the provisions of the state
law requiring that the business of the
county should be placed on a cash ba-
sis, thereby reducing county expense in
the matter of paying interest on out-
standing warrants, and bringing about
a situation where a surplus of almost
\$4,000 over and above all outstanding
warrants was on hand on January 10,
1920, and where the BOARD OF
COUNTY COMMISSIONERS WHICH
TAKES OFFICE IN TWIN FALLS
COUNTY NEXT JANUARY WILL
BEGIN WITH A CLEAN FINANCE
AL PLATE.

It will be noted that all this was
done notwithstanding the fact that the
taxes were increased only by about
\$27,000. This should disprove conclu-
sively any statement that the present
board of county commissioners, consist-
ing of T. E. Moore, W. W. Parish and
W. F. Brecken, who are candidates for
re-election, are spending money promis-
cuously.

The facts cited here are matters of
public record and are to be substan-
tiated by individual investigation at
the court house. Such an investigation
would reveal the fact that Twin Falls
county levies, as compared with levies
made by other counties with the same
number of funds to support, are excep-
tionally low. Comparison of financial
statements issued annually by the coun-
ty—with which every taxpayer should
familiarize himself—not only would
substantiate the facts here cited but
would tend to prove that the county has
in the present board capable, efficient,
business like and economical managers
of the county funds.

Among the facts of interest that
might be revealed by such an investi-
gation are the facts that the levy for
1917 brought in for all county purposes
approximately \$331,000; for 1918, ap-
proximately \$400,000; for 1919, ap-
proximately \$430,000; and for 1920
the county will receive in the neighborhood
of \$490,000.

Twin Falls county supports at this
time six funds, which are—current ex-
pense, general school, road, bond re-
demption and interest on bonds, county
hospital and agricultural fair.

It is true that highway districts have
been organized to include all of Twin

Falls county territory, but it is also
the fact that state law provides that
counties MUST levy taxes for road
fund, regardless of the number or ex-
tent of highway districts within their
boundaries. As a matter of fact funds
collected under the county levy for this
purpose have been diverted largely to
the existing highway districts, and a
small remainder has been expended for
emergency road improvement such as
the building of the Lilly grade, repair of
the Jarbidge road, and purchase of the
right of way for appropriate entrance to
the new Oweley bridge.

Such an investigation would show
that out of every dollar paid in taxes
through the county treasurer's office
last year by residents of Twin Falls less
than 18 cents was assessed for county
purposes. Twin Falls city assessment
took 36 cents, Twin Falls independent
school district took 21.4 cents, the state
took 10.1 cents and the highway dis-
trict 7.6 cents.

The county tax dollar was apportion-
ed as follows: Current expense 33
cents; road, 10 cents; warrant redemp-
tion, 3 cents; bond redemption, 10
cents; fair, 3 cents; hospital, 10 cents;
general school fund, 30 cents.

In the tax levy for this year the war-
rant redemption fund has been elimi-
nated. The total assessment is \$1.32 on
every \$100 of property valuation as
against \$1.50 last year and \$1.60 the
year before. The tax dollar paid this
year will be divided as follows: Cur-
rent expense 40 cents, general school
fund 28 cents, roads 8 cents, bond re-
demption 5 cents, fair 4 cents, hospital
16 cents.

Good and sufficient reasons exist for
the levy for each of these funds, and
the taxpayer or voter who is inclined to
question or who desires further infor-
mation on the subject is at liberty to
ask, and ought to make independent in-
vestigation as suggested.

One Democratic Senator may be able
to paralyze the entire Republican ad-
ministration. If you want Harding and
Coolidge, you can't afford to take a
chance and vote for Nugent.

A vote for Cox and Nugent is a vote
for Free Wheat, Free Butter, Free
Spuds, Free Pork and Hens, Free Mut-
ton, Free Wool, Five Dollar Hay and
Bankruptcy for the Idaho Farmer, La-
borer and Merchant. A vote for Hard-
ing and Gooding is a vote for home
market.

A vote for Harding and Gooding
means a feed yard in Idaho and a mar-
ket for hay. A vote for Cox and Nu-
gent means a feed yard in Australia or
Argentina and no market for hay.
Australian wool and mutton, Argenti-
ne beef and Danish butter have de-
livered cattle from the hills, the cows from
the pasture and the sheep from the
range, and your hay bobs in the stock.
A vote for Cox and Nugent is a vote
to continue this condition. Vote for
Harding and Gooding.

Assorted peas and beans from Japan
grown with coolie labor will soon sup-
plant Idaho crops. A vote for Cox and
Nugent means Japan grown peas and
beans, a vote for Gooding and Hard-
ing means protection for home grown
products.

Kindheartedness.
The thing that St Simila's mule died
of was kindness. St Simila's mule
couldn't stand it to see anybody walk, so he
kept the wagon loaded so heavy that the
poor old creature got too feeble to
kick and passed away.—Exchange.

Africa's Big Rivers.
Of the African rivers the Zambesi,
2,000 miles in length, is the largest
river in South Africa; the Orange
river comes next with 1,200 miles and the
Limpopo next with 900 miles.

What the finish of your motor car must do

Your automobile is "dressed" for ALL seasons in its varnish coats and these coats must meet every emergency of heat and cold, weather and wear!

A few little films of varnish! They are all you have to protect your car. Your car's beauty is largely dependent on the ability of these thin films to stand up under the extremes of heat and cold, weather and wear. No wonder these films of varnish should be properly applied—and good materials used.

LET US BEAUTIFY YOUR CAR WITH A NEW FINISH

UPHAM FILES STATEMENT OF REPUBLICAN EXPENSE

Report Shows \$4,867 Contributors Gave \$2,466,019.54 to Campaign Fund

WASHINGTON, (AP)—Total dis-
bursements of the republican national
committee between June 14 and Octo-
ber 18 of this year were placed at
\$2,741,593.34 in an official statement
filed Friday with the clerk of the
house of representatives by Fred W.
Upham, treasurer of the national com-
mittee. Receipts for the period were
placed at \$2,466,019.54.
The statement placed the number of
contributors at 31,867 and added that
only 16 contributions in excess of
\$1000 had been received. These in-
contributions, it added, aggregated
\$18,750. The Hamilton club, Chicago,
was named as largest single contrib-
utor with \$125.00.

LEADS ATTACK AGAINST POLAND'S TYPHUS CASES

Major Webster Directs Activities of American Red Cross in Wipe Out Plague.

WARSAW, (AP)—Major Charles S. Webster of Bethlehem, Pa., has arrived in Warsaw from Armenia to direct the attack of the American Red Cross on Poland's 250,000 known cases of typhus. Dr. Webster made a special study of sanitation and disease for the American government mission in Armenia.
"It will take 10 years at the present rate of progress," Dr. Webster said, "to wipe out typhus in Poland. The fever has become epidemic through six years of almost continuous fighting. We must have disinfectants, soap, clean linen, and clothing in great quantities if we are to make any impression against the scourge."

Money Logic

Everybody needs to carry a certain amount of money around in the pocket—but too many people carry an excess supply.

COOLIDGE MAKES PLEA FOR UNITY TO VIRGINIANS

Republican Vice - Presidential
Nominee Says People Proud
of Washington and Jefferson
Can Trust Harding

RICHMOND, Va., (AP)—Virginia who are "proud of what Washington and Jefferson did to establish the nation" should trust Warren G. Harding to carry out the policy of the Governor Coolidge, Republican nominee for the vice presidency in an address here Friday detailing some historic achievements of the old dominion and Massachusetts for the state's 100 years. He also spoke sympathetically of President Wilson and expressed the hope of his "speedy and complete recovery."

Other Bonds of Union.

"Whenever Massachusetts and Virginia have stood together," he said, "they have advanced the welfare of America and the world by their example. Your statesmen have been the guiding influence which we have sought to follow. We shall never forget that it was your greatest son, the first American, George Washington, who came to take command of the colonial troops under the old standing in Cambridge and drove the last foreign invader from the soil of Massachusetts. We shall never forget that when the war was done he presided over the convention which drafted the constitution of the union and that it was the prestige of his support that secured its ratification. We shall never forget that what he was to the nation as a soldier and an executive, John Marshall was as a lawyer and a judge. Washington gave us a constitution but Marshall gave us a government. What they gave it is ours to preserve."

Provincial Charge Falls.

The imputation of "provincialism," he said, found "stern rebuttal" in the history of Virginia as well as Massachusetts. "Your whole history," he went on, "shows that the idea of isolation is repugnant to the genius of America. But your whole history shows that it is the purpose of America to remain forever united and independent. You do not shut yourselves in, nor shut the world out; but you are determined that only an American government shall govern America."

Decrying Mud Throwing.

"Political contentions often heget bitterness and prejudice and frequently leads to misrepresentation and denunciation. We can afford courts and judicial kings, but we must not banish courtesy or forget to be gentlemen. There is too much involved in the contest in which we are now engaged; America means too much to us and to the world to misrepresent the issues or indulge in abusive personalities. The welfare of our people in the immediate future and the destiny of our country for countless years depend upon the solution of the problems presented by this election. Let us meet them in the spirit of the Virginia patriots who preferred war and death to injustice and to tyranny. Let us meet them in the spirit of your fathers who for love of Virginia poured out their blood on all your battlefields from the Potomac river to the James, from Fredericksburg to Richmond, as a precious obligation to home and native state, as a sacrifice to a 'more perfect union.'"

AN ACT

Providing for the issuance and sale of state bonds in the sum of \$2,000,000, appropriating the proceeds of the sale thereof for the payment of a portion of the cost of laying out, surveying and constructing a system of state highways in the state of Idaho, providing by a tax levy a redemption or sinking fund for the payment of the said bonds at maturity and the interest thereon as the same becomes due.

appropriating the moneys which shall accrue to such sinking fund for the purposes for which provided; directing the Department of Public Works now to apply the proceeds of the sale of said bonds hereby authorized; and providing for the approval or rejection thereof by the people of the state.

Be it enacted by the Legislature of the State of Idaho:

Section 1. For the purpose of providing moneys to be used in paying for a portion of the cost of laying out, surveying and constructing a system of state highways in the state of Idaho a loan of \$2,000,000 is hereby authorized to be negotiated upon the faith and credit of the State of Idaho.

Sec. 2. The State Treasurer is hereby authorized, empowered and directed to issue bonds in such sum and in such denominations as he deems advisable, aggregating the amount of the loan authorized in Section 1, which shall be known as Idaho state highway bonds, fourth issue, and shall become due at a rate which shall not exceed the rate of five per centum per annum and said interest shall be paid in equal semi-annual installments upon the first day of January and the first day of July in each year. Such interest shall be paid by the State of Idaho.

Sec. 3. The state treasurer shall cause to be printed or lithographed suitable bonds in proper form and interest coupons attached thereto for the purpose of carrying out the provisions of this act.

Sec. 4. All bonds issued under this act shall be signed by the governor of the State of Idaho with his own proper name and in his official capacity. They shall likewise be signed by the secretary of state in his official capacity and be authenticated by having attached to each the great seal of the state of Idaho.

Sec. 5. After being signed by the governor and the secretary of state and being authenticated as hereinbefore provided the said bonds shall be delivered to the state auditor, who shall fully and properly describe each bond and the interest coupons attached thereto in the manner and form in which bonds heretofore issued by the State of Idaho are described in the registers thereof kept in the office of the state auditor. Having so registered the same, the state auditor shall deliver to the state treasurer the full value thereof.

Sec. 6. The state treasurer shall make and keep in his office a register of all bonds issued under this act, which register shall show all the things required to be shown by the register thereof kept in the office of the state auditor. He shall also keep in his office a register of the moneys received from the sale of the bonds and the interest coupons attached thereto and shall charge the treasurer with the full value thereof.

Sec. 7. When ready to make delivery of any of the state treasurer shall sign each of said bonds with his own proper name and in his official capacity as state treasurer and each of the interest coupons attached thereto shall have the lithographed or printed facsimile signature of the state treasurer. His signature shall bind the State of Idaho to the payment of the principal of the bonds to the purchaser thereof on behalf of the State of Idaho and shall at the same time make collection from said purchaser of the full amount of the price for which the same are sold.

Sec. 8. All moneys received from the sale of the Idaho state highway bonds, fourth issue, shall be paid into the Idaho state highway fund. Such moneys are hereby appropriated and made available for the laying out, surveying and constructing of a system of state highways in the state of Idaho, including bridges, culverts and grades and the purchase of rights of way forming a part thereof or necessary to be had, paid or occupied in connection therewith and for such purposes only. No moneys shall at any time be withdrawn permanently from said fund except upon the warrant of the state auditor.

Sec. 9. If at any time there shall be sufficient moneys in the said state highway redemption fund, fourth bond issue, out of which fund the state treasurer shall pay the interest upon the Idaho state highway bonds, fourth issue, at the same shall become due, and upon any day upon which the interest coupons attached to said bonds become due beginning January 1, 1921, the state treasurer shall pay the principal of said bonds as it may be possible to pay after reserving in said funds moneys sufficient in amount to pay the interest on said bonds then outstanding which shall accrue and become due during and within the next ensuing year.

Sec. 10. If at any time there shall be sufficient moneys in the said state highway redemption fund, fourth bond issue, to pay the interest upon or principal of the Idaho state highway bonds, fourth issue, authorized by this act, then the state treasurer shall pay the same out of the general fund of the state. The state treasurer shall, however, as soon thereafter as sufficient moneys are available therefrom to pay the interest on said bonds, he shall pay the same out of the general fund of the state.

Sec. 11. For the payment of the bonds authorized to be issued under and by the provisions of this act and the interest thereon, the state treasurer shall, according to the strict terms thereof, the faith and credit of the state of Idaho is solemnly pledged, and for the payment of such bonds and the interest thereon in lawful money of the United States of America and when the same shall become due the state treasurer shall reserve any and sufficient of the moneys in his hands at the least possible cost, in preference to all other claims whatsoever, except the interest upon and the principal of other bonds of the State of Idaho heretofore issued under acts of the legislature of said state.

Sec. 12. The state treasurer shall give two weeks' notice by publication in two newspapers of general circulation of the State of Idaho, to the public, of the intention of the state to sell the bonds authorized by the provisions of this act, and shall invite bids therefor. Said bonds shall be sold at not less than the par value thereof, upon the best terms offered and at the lowest rate of interest named by any bidder. The state treasurer shall have the right to reject any and all bids offered and may readvertise for bids, as herein provided.

Sec. 13. The expenses of printing or lithographing and procuring suitable bonds and interest coupons attached thereto for the purpose of carrying out the provisions of this act, shall be paid out of the moneys arising from the sale thereof as an expense incident to the laying out, surveying and constructing of said system of state highways.

Sec. 14. The said state highway bonds, fourth issue, to be issued under the provisions of this act, shall be dated January 1, 1921, and become due January 1, 1941. Both bonds and interest coupons herein authorized, to be issued under this act, shall be the property of the state treasurer at Boise, Idaho.

Sec. 15. The department of public works of the state of Idaho is hereby directed to apply the proceeds of the sale of the state highway bonds, fourth issue, as follows, to-wit:

To the completion or construction of state roads or bridges in co-operation with the counties and highway districts of the state of Idaho or the federal government or both, in such amounts as deemed proper by the department.

The foregoing allotment is made contingent upon the availability of co-operative funds to be supplied by counties, highway districts and the federal government, as provided by law, or funds supplied by private donors or received from any other source, and should it appear to the satisfaction of the department of public works at any time subsequent to January 1, 1921 that it is desirable to apply the proceeds of the sale of the state highway bonds, fourth issue, to the completion or construction of state roads or bridges in co-operation with the counties and highway districts of the state of Idaho or the federal government or both, in such amounts as deemed proper by the department.

Sec. 16. This act shall not take effect until the next general election in which shall have been submitted to the people and shall have received a majority of all the votes cast for or against it at such election.

The question to be submitted to the electors of the state at the next general election in order to determine whether they will approve or reject this act, shall be:

Shall a bond issue of \$2,000,000 be authorized for the laying out, surveying and constructing of state highways? The question shall be submitted to the electors at the next general election and the latter to print on the ballots at the next general election the question shall be counted canvassed and certified in the manner provided by law for constitutional amendments.

Approved March 11, 1919.

SCHOOL PLAN BE READY FOR THANKSGIVING

Junior High Building Rapidly
Being Prepared for Early
Occupancy

School will be held for the first time in Twin Falls' new junior high school on the Monday following insti- tute week. The building is being rushed to completion as fast as possible and it is planned to have it ready for occupancy by Thanksgiving.

The new school will be finished during the coming week as seats are already in the process of installation and the work is being rapidly pushed. When this is finished work will be pressed on the other wing, the back to be finished later.

The new building will represent all the latest and best designs in school construction in equipment. Although only an addition to the old building many new features of interest are being installed to bring it absolutely up to date and to safeguard the health of pupils occupying it.

One of the most noticeable improve- ments is in the lighting system. A modern indirect method has been in- stalled which will give ample light without glare and focusing of a minimum. All the rooms will contain hardwood floors and the corridors will be carpeted. Concrete slabs will prevent crumbling and dusting. Lockers will be installed in the corridors on the upper floor to facilitate the pres- ent system and help keep an orderly appearance of the locker rooms.

The school rooms are commodious with large windows to allow plenty of light at all times. The seats are of the newest approved pattern with ad- justments to fit the pupils so that no one need be in an uncomfortable seat. The blackboard space is ample for all requirements. No pains have been spared to make things convenient.

Another feature of the new building is the vocational shops that are being installed. Educators all over the coun- try are having great interest in voca- tional training and it is hoped that the times a modern machine shop, carpenter shop and auto repair shop will be installed where these subjects can be taught to the best advantage.

SALVATION ARMY HAS "TAG DAY" FOR FUNDS

Citizens of Twin Falls Asked to
Subscribe \$6,000 to Home.
Service

"Tag Day" was inaugurated this morning for the benefit of the Salva- tion Army. Committees started out early with card envelopes of the sales- men and up to the present time, which were offered to the public at a mini- mum subscription price. The commit- tees gave intensive attention to the campaign immediately after noon and found really record. It is said, how- ever the fund gathering session was piled.

The Salvation Army Home Service fund quota for Twin Falls is \$6,000 and it is expected this amount will be entirely subscribed by the completion of today's activities.

PRISONERS' RECORDS UNSAVORY, IS CLAIM

Tipton and Skidmore, Accused of Lar- ceny, Said to be Incorrigible

McKinnis Tipton, who is held in the county jail, and a companion Bert Kil- more, who is out on bail, for a larceny charge appear to have had records, ac- cording to word received at the sher- iff's office. Tipton is said to have escaped from the industrial school at St. Anthony about 18 months ago and Skidmore also has a record at the same place. The men are alleged to have stolen some property and to have burn- ed a shack south of town.

TRIALS SCHEDULED

In the probate court this afternoon a suit between the Idaho Auto & Sup- ply company against R. T. Lewis is scheduled for trial. Plaintiff is suing for a bill of \$58.94 which, it is alleged, was defaulted. The case of John Kin- der vs. C. E. Terry for possession of a house and lot is also to come before the court. The case of Minerva Flynn vs. R. Goldberg supposed to have been heard today has been continued until next Thursday.

BANK CLEARINGS

The Twin Falls bank clearing house transacted a large business during the past week, some of the totals being \$1,166,560.70 passing through the hands of the local institutions. Though not so good as the week before this is an exceptionally good week and brings the total sum handled in the clearing house was started up to \$24,115,962.54.

ASSES ESTATE RESTORATION

George D. Aiken, administrator of the estate of Anna Washburn Schrage, has filed suit in the district court against Marie Delaney Oliver, alleging the latter has taken possession of the estate property. Plaintiff asks restoration to his custody.

ANNOUNCEMENT

Harry C. Allen has opened a studio over the Model Shoe store for evening instruction on the mandolin, mandola, mandocello, banjo, tenor banjo and guitar. Special attention given to children. Orchestras will be formed as soon as pupils are sufficiently ad- vanced. Agent for the Gibson and Vega instruments. Call 805W for ap- pointments.—adv.

BOURBON THEORIES ON LEAGUE RIDICULED BY G. O. P. SPEAKER

J. U. Sammis, Addressing Republicans, Declares
Armament and Preparation for War Greater
Among Signatories to League Than Before
Covenant was Adopted—Reveals Administra-
tion Extravagancies

Urging votes for America first, as against an international form of gov- ernment with headquarters in Geneva, Switzerland, with a flag of heteroge- neous hues and varied national mean- ings waving over its dome, J. U. Sam- mis, Republican orator, last night in the Lavering theatre concluded what must go down in local political history as the crown shift to the shock of all patriotically political address efforts. Mr. Sammis' talk was heard by a crowd that filled every portion of the big auditorium and which listened with rapt attention to the elegant announce- ment of the speaker, frequently stop- ping him with bursts of applause in ap- proval of his remarks.

Answers Questions

Mr. Sammis, Iowa, spoke as a man with something to reveal and nothing to conceal. Questioned by persons in the audience he proved ready of tongue and quick with answer. His replies ap- peared in all instances and on all oc- casions to meet requirements and to settle point of argument, for a debate followed the first answer.

Last night's address proved a suc- cess of an answer to the theories prop- ounded by Democratic orators of great- er or lesser name as these theories re- late to the League of Nations. It proved a rebuttal of those theories and, in the main, the speaker substantiated an argument that fore to pieces the prin- cipal sophistry that the covenant "is a present form will cause, by abolition, all wars to cease and bring the world into a state of peace and unity." The speaker, addressing a large audience of the world under a banner waving over the Utopia theorists, said, Mr. Sammis was pronounced in favor of a covenant that purposes to bring about a practical solution of international disagreements, but openly recoiled a vote against signing the covenant as at present proposed when, as he said, those who consider themselves best in- formed as to its meaning are at vari- ances in opinion as to its character and its effect when adopted upon the na- tions who become signatories to its terms.

Covenant an Obligation

Taking issue with President Wilson's statement that the covenant is not bind- ing except in a moral sense, Mr. Sam- mis declared that when the people of the United States enter any engage- ment, whether legal or only moral, they are bound by it. He said, "The cov- enant is a law that must not be broken to 'go through' with the con- tract. This statement was made as a refutation of the claim that America would not be required to maintain the territorial rights of foreign nations in foreign continents.

Charges Extravagance

From a discriptive reasoning of the League of Nations in some of its most elegant parts, the speaker launched into a statistical revelation of what he termed the growth of the Democratic ad- ministration, alluding chiefly to the war years. Speaking of the Bourbon claims to economy Mr. Sammis asked the audience if the president's two million dollar junket in warships to the peace conference was an economy. He pointed to the millions spent use- lessly in establishing a powder plant at Starvation Bay, the millions in im- mense sums expended without return on airplanes and in the spruce yards, as well as for the manufacture of gun- none of which was ever used in war. In addition he presented some ex- pressive figures on departmental main- tenance at Washington and the "excess number of civil officers and more than 100,000 office holders mostly engaged in 'doing nothing' at the national capital.

Armies and Navies Increased

Deriding the position of the adminis- tration that adoption of the League of Nations would reduce cost of na- tional maintenance in all countries, Mr. Sammis declared that standing ar- mies and larger navies he pointed to the greater armies and navies being sustained by European nations at this time, and the preparations for still fur- ther increase of the future. Direct- ing attention to the league administra- tion's call for greatly increased appro- priations by congress for a big army and a navy "to be the biggest in the world." He said adoption of the league did not spell economy or the abolition of war machinery and arm- aments. He denied Mr. McAdoo's state- ment that the republicans are respon- sible for the appropriation of \$900,000 for American armament, counter- charging it to the administration now in power. He called upon the adminis- tration to explain why spruce timber from national forests cost this gov- ernment during the war \$300 per thou- sand feet when the British govern-

ment, purchasing by private contract from the same forest areas, paid only \$180 per thousand feet for the same stock.

The speaker said there had been nothing done in the past eight years of democratic administration that "gave any honest democratic cause to point with pride to the achievement."

Elected on Subterfuge

"When in 1918 the president called upon the people to send him a democ- ratic congress the country demon- strated its sentiment toward the ad- ministration and Wilson's League of Nations by sending a republican con- gress," Mr. Sammis declared. He took this as a foreboding of the result of the election to be held next month. He said the adamant stubbornness of the president in demanding adoption of his League of Nations without change in any particular is keeping America out of peace, and in this connection he declared that when the president went before the people in the last campaign with a plan for re-election he basely betrayed the people with the declara- tion that he had "kept us out of war," he did so, knowing that war should have been declared long before and that the facts in his possession compelled the knowledge that the coun- try's consent would have to enter the European struggle. "He not only kept us out of war long enough to be re- elected but he prevented the country making the necessary preparations for war and caused trouble to the people of Europe absolutely untrained and un-equipped for war," the speaker vo- ciferously announced.

As to Protection

"Governor Cox told lemon-growers of California he favors a protective tar- iff for them against importations from Italy. He said nothing about pro- tection for the wheat and the wool grow- ers of Idaho," Mr. Sammis announced. He also spoke of the urgent statement of Senator Nugent of Idaho, that he favored an embargo on Canadian wheat. "That would be only temporary relief," the speaker declared, announc- ing that what the growers need is per- manent protection for home products. He also referred to the administration's fixing of a stated price on wheat, but failing to set a maximum price for the southern cotton, growers being per- mitted to make their own market, "at which fact," he said, scandal had grown.

He expressed the conviction that his country cannot compete with wheat from India or canned beef from Argen- tine.

"We must judge the Democrats of the future by what they have been and what they have been in the past," the speaker declared.

Mr. Sammis referred to the 1916 Democratic platform which contained a plank for the protection of American citizens. "We have had 600 of these American citizens murdered in Mexico, and on the border, and not a hog has been done toward protection except to send notes. True, Peeling was sent, even there with an expedition to run about, but care was taken to give the bandit 10 days' start and when Peeling got on his trail he and the expedition he commanded were called back."

Concluding his address Mr. Sammis directed attention to the senatorial fight in this state. He explained that Senator Nugent, while supporting the League of Nations in his campaign ad- dresses voted for 11 of the 14 League reservations. The speaker suggested that Senator Nugent be asked to com- pose the difference in attitude and ex- plain the change in his sentiment.

"The best defense confronting the American people in this campaign is a new business management. The country has

had all the Wilsonism it can stomach. You vote for Wilsonism if you vote for the Democrats in November," Mr. Sam- mis declared.

The speaker of the evening was in- troduced by Shad L. Hoelgin, chairman of the Republican-county central com- mittee. A number of candidates for county office occupied positions on the platform.

Ninety Bushels of Corn Yielded by Acre of Land

J. A. Waters, nurseryman, reports having hauled two acres of white flint corn which averaged more than 90 bushels to the acre. The ears are all large and well filled. Mr. Waters is planning a much larger acreage next year.

Evangelistic services by E. H. Mar- shall of California, will begin Octo- ber 31.

County is Free From Contagious Disease, Report

Dr. McGinnis Finds Only Few
Scattering Cases of Cough
and Measles

Health conditions throughout the county are better than normal, accord- ing to Dr. C. Q. McGinnis, county phy- sician. Dr. McGinnis reports no vir- uent disease in any of the communities or camps of the county, and but few instances of contagious afflictions.

No violent diseases have been re- ported for several months, the county physician explains, adding that at the present time there are not few scat- tering examples of whooping cough and measles.

Old Snake River roars. While a lot of the full size pour- ing and looting; Threatens farmers with loss While the beautiful flowers he's steal- ing.

Get out the horse and buggy. For the celery's large and luggy; Fill the cellar up to the ceiling. The little folks will romp When the celery they clamp. While Old Mother Earth is freezing.

I have several thousand bunches of celery for sale. J. D. Allen, 1 1/2 miles northwest of Murtough on the State Highway.—adv.

FOOD FOR REFLECTION

Why Must the American Farmer Have Protection?

During the past year there have been imported into the United States in competition with the American farmer the following food products:

Two million seven hundred thousand head of frozen lambs bought of England, and shipped from Australia, at the cost of Eleven Cents per pound, dressed weight; one million three hundred thousand more to arrive before January 1; four million more bought for delivery in 1921.

Four hundred million pounds of Australian and New Zealand wool at 33 cents per pound. The Ameri- can clip is unused and stored.

Denmark has sent us four hundred fifty million cans of milk and seventy-eight million pounds of but- ter.

Canada has sold in the American market two hun- dred million bushels of wheat for delivery in October, November, December, January, February and March.

One billion seven hundred million cans of beef, or about sixteen cans for every man, woman and child, has been brought into the United States.

Canada has shipped us a trainload of potatoes ev- ery day since September 1.

It costs \$8.00 to produce a 1500-pound steer in Ar- gentine, and about \$1.50 to raise a sheep in Australia.

ARGENTINE BEEF AND AUSTRALIAN MUTTON EAT NO IDAHO HAY.

To secure relief from the above conditions, and to have your products protected, it is necessary that you vote the REPUBLICAN NATIONAL TICKET.

**WARREN G. HARDING.
CALVIN COOLIDGE.
FRANK R. GOODING.
ADDISON T. SMITH.
BURTON L. FRENCH.**

Your vote will be wasted, and present conditions cannot be corrected by a Republican President, unless you elect a Republican Senate and House of Rep- resentatives.

The Republican party stands for protection of American products.

The Democratic party leaves the fence open for the foreign producer.

WHICH DO YOU PREFER?
