PRO-BOLSHEWIK REGIME TAKES REINS IN LITHUANIA

CHARGES IRISH WITH THREAT OF NEW DEPRISALS

London Newspaper Credits the Statement Indicating Purpose to Avenge MacSwiney to Deputy Lord Mayor

LONDON (AP)—The Evening News today prints the following statement which it says was made by the deputy lord mayor of Cork: "We are leaving behind us in your capital many of our patriots who will see that the debt of your government is fully paid. The English government may think they have stifled us, but there will be reprisals, and soon. (A London dispatch Tuesday said a deputation of twenty-one members of the corporation of Cork, headed by Deputy Mayor O'Callaghan, had arrived that morning to attend the London service for the late Lord Mayor MacSwiney and accompany the funeral party to Cork.)

POSTS CHARGE OF MURDER AGAINST BRITISH GOVERNMENT

CORK (AP)—Outside of the Cork city hall there was posted Tuesday the following notice: "The second republican lord mayor of Cork lies, as lay his predecessor, murdered by the British government. Cork is in mourning. Citizens, or any section of them, will take any authorized action. Orders will be issued by their authority."

Tuesday passed quietly, with the exception of a slight stir caused by military raids on banks in search of firearms placed in vaults for safe-keeping. Soldiers not on duty were restricted to their barracks. The body of Joseph Murphy, one of the hunger strikers in Cork jail, who died Monday night, was removed last night to a church from which the funeral will be held Wednesday. With the exception of Keeney and Donovan, who are believed to be rapidly nearing death, doctors say there is still a chance to save the lives of the remaining hunger strikers, if they are released.

INQUEST JURY ASSIGNS CAUSE OF MURDER OF MRS. MURPHY'S DEATH

LONDON (AP)—A jury of ten men, after twelve minutes deliberation this morning, returned an open verdict inquest over the body of Lord Mayor MacSwiney, of Cork, who died in Brixton prison early on Monday from the results of his seventy-three day hunger strike.

The verdict was that the deceased had died from heart failure, due to a dilated heart, and acute delirium following security, which was due to exhaustion from prolonged refusal to take food.

The widow, dressed in black and heavily veiled, was the only witness in the case. The MacSwiney family and was the dominant figure of the proceedings. Her composure was indicated by her quick and pointed replies. Mrs. MacSwiney successfully resisted the continuing attempts of the coroner to have her characterize her late husband's occupation otherwise than as "a volunteer officer of the Irish republican army."

HARDING WILL SUM UP HIS CAMPAIGN PLATFORM

League of Nations, Tariff and Constitutional Government Headlines

MARION, O. (AP)—The league of nations, tariff protection, Americanism and constitutional government are expected to be headlines among the issues discussed by Senator Harding in his final campaign swing through Ohio, beginning today and ending Saturday night with a speech in Columbus. In addition the republican candidate will run up for the slogan, "His own state the detailed platform which he has laid down during the campaign and which he is asking for a national platform victory at next week's election. Leaving Marion shortly after noon the senator's train is due in Cleveland in time to permit him to take dinner at a downtown hotel before his night address there.

ILLINOIS CENTRAL SECURITIES ISSUANCE IS APPROVED

WASHINGTON, D. C. (AP)—The Illinois Central railway was today authorized by the interstate commerce commission to issue 15-year equipment trust gold certificates to the amount of \$1,070,000 and to dispose of them at not less than 97.36 per cent of their face value. Authority also was granted the Atchafalaya, Tupper and Lake Umbagog power projects in Maine and New Brunswick, Canada, and the refunding and mortgage bonds to the extent of \$15,486.

Hostile Cossacks Reported Moving Against Chinese

Chief Town of Northern District is Menaced by Sternberg Advance

PEKING (AP)—A hostile force, supposed to be the troops of General Hsiao Tung-shan, is reported to be advancing upon the city of Urga, Mongolia, the chief town of the northern district of the country. The Chinese wireless plant in Urga has ceased operations owing to its having been abandoned because of the approach of the enemy. The small force of Chinese troops guarding Urga is reported to have already fled with the advancing force. General Baron Ungern Sternberg, who was the chief lieutenant of General Sennoff, the Cossack leader, recently undertook an advance on Irkutsk, but was defeated by troops loyal to the Verkhne-Ussinsk government and retreated southward.

ADAMS PREDICTS BIG REPUBLICAN MIDWEST VOTE

National Committee Vice Chairman Foresees Staggering Majorities Throughout Central Region for Harding

CHICAGO (AP)—The political situation in the middle west "now settled into its final form indicates republican majorities so enormous that our hostesses even to mention them," John Adams, vice chairman of the republican national committee, declared today in a statement. He declared Minnesota would go for Harding more than 400,000; that the Wisconsin support of Harding was the greatest there was no national campaign in that state; that Illinois' plurality for Harding would probably be around 250,000 and that Indiana was safe for Harding. "In Nebraska the democratic organ-

World News Events

MONTGOMERY, Ala. (AP)—Forty-three alleged "night riders" have been arrested in Cullman, Marshall and Blount counties within the past few days, according to announcements at the state law enforcement department and governor's office this morning.

BRUSSELS (AP)—The council of the league of nations approved Tuesday the plan for a permanent court of international justice as adopted by The Hague committee of jurists with the exception of the provision for obligatory jurisdiction and some minor matters. Those parts of the plan generally attributed to Elihu Root were accepted in their entirety.

LONDON (AP)—Fifteen business and trade corporations, representing important interests in Catalonia, have appealed to the Spanish government for guarantees for the lives and property of factory owners, employees and workmen, as a result of political crimes in Barcelona and vicinity, says a Madrid dispatch to the London Times. During the past three months nineteen persons have been killed and eighty-six wounded in the campaign of violence that is going on.

WITNESS TO BE HELD IN "WHISKEY RING" INQUIRY

Federal Officials to Ask Warrant for Informant Against Prohibition Authorities

CHICAGO (AP)—Federal officials announced today they would ask a warrant for arrest of "Mike de Pike," Heitler, who surrendered to government agents last night in connection with the investigation of the alleged "whiskey ring" here. Heitler, who was held all night at the federal building, was said to have been in the city for some time. He was generally known that Heitler had been involved in the illegal traffic and under questioning regarding specific matters was said to have refused to talk. Referring to those he said had been involved, Heitler was quoted as saying: "All of them had means of learning about booze shipments and all of them wanted it. And most of them got it. I have seen more than 12 officers grab bribe money for one truckload of 100 cases of whiskey."

WILSON WARNS OF DANGER OF NEW CONFLICT

President Tells Pro-League Delegation Only United Stand of World Against Disturbers Can Avert War

WASHINGTON (AP)—President Wilson, speaking to a group of pro-league republicans today at the White House, declared that "that so-called Americanism which we have so much prating about now is spurious and invited for party purposes only."

Appealing for the completion of the "great moral achievement" which he said Germany represented, the president asserted that "the war will have been fought in vain and our immense sacrifices thrown away unless we complete the work we then began."

Sole Hope of Peace

"There is only one way to assure the world of peace," the president declared, "and that is by making it so dangerous to break the peace that no other nation will have the audacity to attempt it."

The president warned his hearers not to be deceived into supposing that imperial schemes ended with the defeat of Germany or "that Germany is the only nation that entertained such schemes or was moved by sinister ambitions and long standing jealousies to attack the very structure of civilization."

"There are other nations," said the president, "which are likely to be powerfully moved or are already moved by commercial jealousy, by the desire to dominate and to have their own way in politics and in enterprise and it is necessary to check them and to assure them that the world will be united against them as it was against Germany if they attempt any similar things."

Defends Article X

Of article ten the executive said it was "the specific pledge of the members of the league that they will unite to resist exactly the things which Germany attempted, no matter who attempts them in the future."

"Article ten," he declared, "is the

Only 2,500 Natives Killed in Haiti During Five Years Occupation by Americans

WASHINGTON, D. C. (AP)—Natives killed in Haiti during the five years of American occupation numbered 2,225, instead of 3250 as previously announced by the navy department, it was disclosed at the opening public session today of the national institute of inquiry recently appointed by Secretary Daniels to investigate the conduct of the marines in the island republic.

WATCH FARMERS STRIKE EFFECT

Grain Operators and Market Officials Court Interest on Campaign

KANSAS CITY, Mo. (AP)—Grain operators, market officials and state boards of agriculture throughout the southwest were watching closely today for the effects of a reported "strike" of wheat raisers, who it was said, were refusing to ship their product to terminal markets until a basic wheat price of \$3 a bushel was realized.

The "strike" called recently by the National Wheat Growers' association in a proclamation urged members to withhold their wheat from market until the \$3 price was obtained, was declared by W. H. McGreevy, Wichita, Kan., secretary of the organization to be in full force. He predicted the \$3 price would be reached in 90 days.

COX CARRIES CANDIDACY TO FOLKS OF OWN STATE

Ohio Committees Make Elaborate Preparations for Welcome of Nominee

MIDDLETOWN, O. (AP)—Home folks today were the objects of a campaign by Governor Cox of Ohio. Here, where he was born and spent his boyhood days, and later today at Dayton, residents of the democratic presidential candidate brought his candidacy and his plans for the league of nations and other campaign themes.

Local committees had made elaborate preparations for the candidate's home efforts. Buildings were decorated with flags and lithographs of "Our Jimmy" and his running mate, Franklin D. Roosevelt, and large reception committees, with brass bands, awaited him. Many relatives of the candidate, including his father, Gilbert Cox of Easton, a nearby village, were invited as special guests.

Arriving here from Cincinnati, where the governor spent the night after a meeting marking his return to his native state for final and intensive campaigning, the candidate was prepared to tell his friends and neighbors of his fight across the nation for American membership in the league.

DOCK WORKERS' STRIKE TO BE OPPOSED IN KIND

Mexican Business Interests Threaten Suspension as a Protest Measure

VERA CRUZ (AP)—Provisional President de la Huerta has been asked to guarantee freedom of employment and protect workers from violence at the hands of striking dock workers in this city, as a result of conditions prevailing at a meeting of representatives of the chamber of commerce, ship owners and industrial interests here.

The provisional president will not give these guarantees within 21 hours, trade in this city will cease for two days as a protest. In case he disobeys the petition altogether, owners of food stores will be ordered to close their places of business.

During the first days of the dock workers' strike, work was carried on under the protection of government and marines, but these troops were later recalled by the federal war department. Rioteuses at Tampico, Progreso, and Puerto Mexico, have been asked to sympathize with the strikers here.

COMPLICATIONS MULTIPLYING IN BALTIC REGION

News of Ominous Military Moves in East Prussia Form Background for Announcement of Polish Victory

LONDON (AP)—Resignation of the Lithuanian government and establishment there of a pro-Bolshevik regime is reported in a Central News dispatch from Riga.

POLES SCATTER LITHUANIAN FORCES IN ORANY VIOLENCE COPENHAGEN (AP)—Polish troops have attacked positions held by Lithuanian forces along the railroad near Orany, according to a dispatch from Kovno. An air fight lasting for five hours, the Lithuanians were forced to retreat nearly two miles, it is said.

FRENCH SUSPICIOUS OVER

PARIS (AP)—News that military movements have been going on for some weeks clandestinely in East Prussia, involving the advance of considerable numbers of German troops with cannon and machine guns into Lithuania, has reached the foreign office through the inter-allied mission.

The government of East Prussia explains that the movements are normal and without special significance, but the French authorities are suspicious that they are being made with a view to the possible support of the Lithuanians against the Poles.

NEW REVOLUTION REPORTED

BUCHAREST, Rumania (AP)—A new revolution in Rumania is reported to have broken out in the regions of Odessa and Podolia. In the vicinity of Balta, the revolutionists, headed by Ukrainians, are reported to be proceeding to Voznesensk to join the forces in revolt in that district.

700 TEACHERS CITY'S GUESTS

Twin Falls Welcomes School Workers of South Central District

Official records of the teachers' institute show that on the opening day 707 teachers registered as follows: Cassia county 17, Jerome county 67, Blaine county 159, and Shoshone county 21. Twin Falls county 30, Blaine county 35, Lincoln county 30 and Minidoka county 85, besides these there were 45 visitors who are now teaching in the district, making a total of 752.

The initial day was considered by everybody concerned a complete success. The lectures were excellent and all other activities went off very well. (Charles H. Olte conducted the singing for the institute in a worthy manner, and the physical training classes of Coach C. E. Evans and Miss Lundquist have proved very popular.

One of the features of the week is an exhibit of the latest texts for primary, grade and high schools. Among the exhibitors are the Macmillan company, Charles Scribner & Sons, the Caxton Printers, the Northwestern School Supply company, and the A. Flanagan company. These exhibits are in rooms 11 and 12 and are proving a great aid to the teachers in comparing and selecting texts.

On the slate for today besides the regular institute work there is scheduled a banquet for the institute faculty and visiting principals and superintendents at the Presbyterian church, and an entertainment in the gymnasium for all teachers attending the institute.

Among those present who are noticeable for the work they are doing are Miss Ethel E. Samsel, state superintendent of public instruction; Superintendent Twedy of Rupert, Superintendent Broadbent of Burley and Superintendent Francisco of Paul.

The chamber of commerce committee, and committees from the high school are today lending cars to transport the teachers to Shoshone Falls Thursday afternoon. One hundred and fifty cars are needed and the committee requests all car owners who can make the trip to phone the chamber of commerce No. 979 and ask for a card.

Cars will leave the high school building at 3:30 p. m. Thursday.

BRITISH STEAMER AGROUND

VINEYARD HAVEN, Mass. (AP)—The British steamer Plasmora grounded on a rocky bottom while coming to anchor at the harbor entrance here in a fog last night. The sea was smooth and the wind light.

The coast guard cutter Assaheer hoped to float her at high tide today.

IDAHO WORKERS INDORSE G. O. P. CLAYTON AVERS

Industrial Board Chairman
Says Miners, Timberwork-
ers, Laboring Men and Women
See Through Disguise

(Special Correspondence.)
BOISE — "All through the
northern part of the state, among
the miners and timber workers and
laboring men and women as well
as I found there was an awakened
and increasing sentiment that
the republican party was the only one
that could serve them."

Frank J. Clayton, chairman of the
industrial board, reported to a rep-
resentative of the laboring element, told
of an extensive trip he made through-
out this section. "The miners are close
readers and every man of them knows
that lead in being laid down on the
wharves of New York for \$5 a ton less
than it can be brought to the mouth
of the mines in Idaho. They know the
underworld tariff system. They know
that this imported lead in the
work of labor who took for half what
they receive, lives on a fare and under
conditions repugnant to American back-
ground. They know that the republican
party, if placed in full power,
will put a stop to this dumping of for-
eign goods. They know that they will
be out of work if the democratic party
is not deposed from president through
the house and including the senate. It
is not a matter of sentiment with them,
for they are not vitally moved by any
arguments which affect other people,
like the league of nations controversy.

Votes to Keep Jobs.
"But they do know what it is to
see the sign posted at the mouth of the
mines 'Closed Through Lack of Ore.'
The older men can look back to the
days of Cleveland and that other
free trade bill that effected precisely
this result. All the spellbinders in
the democratic fold can talk all the
glory of universal unity among races
and that bunk talk the crack of doom
and it won't move a fellow that has
to dig for his daily bread deep in the
bowels of the earth. They are going to
keep their jobs, and hold wages at a
decent standard, not for any vague
idealism.

"The liberal treatment and careful
consideration always shown the labor-
ing man by Governor Davis has made
him staunch friends among the work-
ers up there. They remember his atti-
tude in the matter of the capital
building and know what he did in the
fair grounds work. You can't fool
those hard-headed fellows about social-
ism, or feed them the Non-partisan
fare of hate. They are as wise to
as they are to the right man to
win a hold. Miners may ramble around
a bit in their political expressions but
when it comes down to voting whether
they keep their jobs or lose them, they
are as keen as a set of men as I've seen.

Gompers Can't Deliver.
"One thing I'd like to emphasize.
Neither Mr. Gompers nor any other
leader can deliver the labor vote. I'd
like to see him try and tell a block
of those northern miners and lumber-
jacks and tellers how they must vote.
Must, not should. We are just like
other men, cannot be forced in matters
which affect our political or religious
life and believe one Idaho saw through
an agent to our heart and brain
predict that northern Idaho will roll
up a majority for the republicans right
down the ticket."

**DEVELOPMENT OF POWER IN
PYRENEES CLAIMS ATTENTION**

SUGGESTIONS NUMEROUS FOR HARDING'S VACATION

Friends and Admirers Through-
out Country Invite Repub-
lican Nominee

MARION, O., (AP)—An election day
dinner was given here for suggestions for
a vacation trip for Senator Harding in-
coming to his headquarters here in in-
creasing numbers from his friends and
admirers throughout the country. A
number of popular winter resorts have
asked to be his host and several elab-
orate private homes have been placed
at his disposal for whatever rest he
may desire to take after the end of
the campaign.

It was said today that all of these
offers were held open for the present,
and that probably no choice of a va-
cation spot would be announced until
after election.

Hawaii, Bermuda, Panama, Califor-
nia, the Gulf coast and many other
places have been mentioned in specu-
lation here regarding a vacation trip.
The general belief of those who know
the senator's inclinations, however, is
that he will not go outside continental
United States and probably will not
travel as far west as the Pacific coast
to pay the fighters.

Milwaukee Fight Official Or-
ders Tender-Welling Mon-
ey Held Out

MILWAUKEE, Wis. (AP)—Low Ten-
der of Philadelphia won a newspaper
decision over Joe Welling of Chicago
for a scheduled ten round no-decision
fight here last night.

Investigation of the Tender-Welling
bout at the National Athletic club was
ordered by Chairman Lingner of the
Wisconsin boxing commission, imme-
diately after the fight. Tender was
awarded a newspaper decision. Pending
the inquiry the club was ordered not
to pay the fighters.

The only reason assigned by Chair-
man Lingner for ordering an investi-
gation of the bout, which was a ten-
round no-decision affair was that the
fight was slow throughout. Welling, ex-
pecially, was continually clinching to-
ward the end of the third round. The
referee cautioned the boxers to stop
clinching and fight.

RUSSIAN SOVIET VOTES PEACE TREATY APPROVAL

Foreign Minister Points Out Territorial
Concessions in Exchange for the
Polish Neutrality

LONDON, (AP)—Publication of the
preliminary peace treaty between Po-
land and Bolshevik Russia was stated
by the all-Russian soviet yesterday, ac-
cording to a wireless message from
Moscow.

George Tchitcherine, Bolshevik for-
eign minister, explained the part, and
declared Poland had refused assistance
to General Baron Wrangel, head of the
anti-Bolshevik government of south
Russia. He also asserted Poland had
agreed not to lend aid to forces of re-
action in Russia.

These agreements on the part of Po-
land, he said, were compromise meas-
ures which had been gained at the
price of territorial concessions to the
Polish government.

EXPORTS OF GRAIN AND FLOUR SHOW DECLINES

Report Shows Falling Off from Preced-
ing Month but Gain Over Last
Year

WASHINGTON, D. C., (AP)—Exports
of grain and flour fell off more than
a million dollars during September as
compared with August, the depart-
ment of commerce reported Tuesday. Total
value of such exports for the month
were placed at \$114,004,731, which, how-
ever, represents an increase of approxi-
mately \$25,000,000 over September,
1919.

Cotton exported in September amount-
ed to 228,968 bales valued at \$41,441,
660 as compared with 146,668 bales
worth \$28,651,650 in August.

Mineral oil exports last month were
placed at 221,038,669 gallons valued at
\$40,268,885 against 248,618,813 gallons
worth \$48,678,859 in August. Gasoline
exports fell off nearly 15,000,000 gal-
lons in September from the approxi-
mately 58,000,000 gallons in August.

SWISS RECEIVE FORMER EMPEROR OF AUSTRIA

Descendant of Former Enemy is Made
Welcome by Farmer Owning Euni-
ed Chateau Hapsburg

GENEVA, (AP)—The former Emperor
Charles of Austria, nephew of the late
Emperor Francis Joseph, was received in
a friendly fashion when he visited
a few days ago the cradle of the Haps-
burg dynasty, the ruined chateau Haps-
burg in the Canton of Argovie.

A Swiss farmer who now owns the
grounds of the former chateau invited
the erstwhile monarch into his kitchen
and the exiled ruler and the farmer had
an animated talk for nearly an hour.
Charles was accompanied by two priests
and two detectives.

The Hapsburg castle was constructed
in the year 1020 but only the outer-
walls are standing today. The ances-
tors of Charles were expelled from
Switzerland in 1386 after they had
been defeated in the battle of Sempach.

CZECHO-SLOVAK CHURCH IS GIVEN RECOGNITION

Newly Organized European Government

Catholicism

PRAGUE, Czechoslovakia, (AP)—The
government has recognized the Czech-
Slovak national church which is dis-
sent from the church of Rome and has
been in existence for nearly a year.
The new religion has gained a num-
ber of followers including large parishes
in the suburbs of Prague. It has abol-
ished the Roman liturgy and introduced
the hymnology of the Hussites (follow-
ers of John Huss, a reformer of the fif-
teenth century). It also rejects the
sacrament of the eucharist and the confor-
mation and does not recognize the author-
ity of the pope.

GOVERNMENT OF LAW IS ISSUE, SAYS COOLIDGE

Declare Democratic Party, Un-
der Spell of Personality,
Leaves Constitution

WASHINGTON, (AP)—The republi-
can party "walks the high road of
American government for Americans,"
and "the American people walk with
that party," Governor Coolidge de-
clared in a final pre-election statement
made public here last night.

The republican vice presidential can-
didate said the issues of the campaign
"in minds of most Americans has been
reduced to one; the question whether
our government shall or shall not be a
constitutional government, a govern-
ment of laws and not of men."

"The republican party," the candi-
date asserted, "stands upon the founda-
tion of our American constitution. It
will not depart from it. The democra-
tic party, under the spell of a dominat-
ing personality, has stepped down from
that foundation, and onto a mirage
in which there is no sustenance and
no life."

"The shores of history are strewn
with the wreckage of republics which
fell before the ambitions of selfish
despots, or which disintegrated beneath
the blight of an unwise personal exalta-
tion."

HARDING GIVES PARTY'S PLEDGE FOR PROTECTION

Reiterates Belief in Republican Tariff Policy, with Promise to Equalize Cost of Production at Home and Abroad

MARION, O., (AP)—Reiterating his belief in a protective tariff policy, Senator Harding declared in a telegram made public here Tuesday that as soon as the republicans were returned to power they would inaugurate "a prompt return to the American system of protection for American industry."

Cites Farmers' Predicament
The telegram, in reply to one from Paul A. Ewert, of Joplin, Mo., related particularly to the zinc industry, but pointed out that along with the slump in zinc prices had come similar recessions in many other lines of production, including notably agricultural production. The senator's message said:

"Under the democratic tariff law of 1913 the country was already approaching industrial disaster when the world war began. The foreign demand was so great, and prices were so unimportant, that everything we could produce was promptly taken by the warring nations. So the disaster was postponed."

"But with the end of the war the foreign demand, not only for zinc, but for a great number of other products whose protection had been removed, immediately fell off. With demand reduced and with foreign competition desperately seeking our unprotected markets, we have suddenly found ourselves at the beginning of an era in which, unless the American policy of protection is resumed, we are bound to become more and more the dumping ground for the products of all the world. Produced by cheaper labor, they must inevitably drive our own products out of our own markets, compel the suspension of production at home and bring idleness and suffering, not merely to the thousands of workers in a particular industry, but to the millions of workers in hundreds of industries."

Farmers Suffer Losses
"Along with this disaster to the mining and industrial interests, has come a similar disaster to American agriculture. The recent slump in prices of agricultural products has brought a great hardship to American agriculture. Vast crops were raised under conditions which made them extremely costly, and now that the farmers have them in hand they find that prices have fallen so suddenly and rapidly that enormous losses must be sustained."

Pledges Prompt Action
"When the republican party is restored to control of the government after March 4, next, there will be a prompt return to the American system of protection for American industry. That policy has been to equalize the cost of production at home and abroad. As to zinc, it is my recollection that the republican members of the senate sub-committee on finance, Senators Watson and Curtis, voted to report favorably the tariff bill desired

by the American zinc producers providing for a duty of two cents per pound on the metallic contents of imported zinc ores. But the democratic members voted against it. When I am president, if such a measure is again urged and if it is found to comply with the republican formula of imposing sufficient tariff to measure the difference between cost of production at home and abroad I shall certainly give my support to it."

TIMES ARE RIGOROUS FOR SCHOOLMEN IN GERMANY

Exodus of Educators to More Favorable Lands is Probable Result of Economic Conditions

BERLIN, (AP)—Hard times in Germany, marked by high prices and depreciated money values, unemployment and industrial reorganization, have forced readjustments in universities and public and private schools which, the newspapers say, will mean that many professors, lecturers and private instructors will be thrown out of work or compelled by low salaries to seek employment in other countries. A number already have gone to Mexico and South America and it is reported scores have made arrangements "to leave."

In some papers it is suggested that perhaps the hard times are not alone responsible for the attitude the professors have assumed for it is known they are keenly sensible of the outrageous times and their loss of dignity "under the republic." The difficulties of the situation have increased by the advent of hundreds of teachers formerly employed in the province of Posen. Regret is expressed that in Posen 15,000 children of German parentage will be without German instruction "and that these probably in a short time will become Poles."

Suggestions have been made in some quarters that the state should consider means by which the services of professors who propose to leave could be retained for German schools.

Boiling Tin Cans.

After trying many other processes of recovering tin from old cans, there is now, according to La Nature, a return to the old-fashioned method of boiling the scraps (well cleaned) in a solution containing an excess of free alkali and sulphur. The tin is recovered as crystals of stannate of soda, and the alkali and sulphur can be used over and over again.

Preparing for one hundred and twenty million meals with Karo Maple for 1921

Last year American housewives bought over five million cans of Karo Maple. Delicious flavor, moderate price and wise buying.

Do you know that the makers of Karo Maple are the world's largest users of the purest and best flavored maple sugar?

That over a thousand tons of maple sugar from the finest maple groves in Vermont and Canada are used each year to make Karo Maple?

Karo Maple is pure and wholesome—its flavor is not an imitation.

Yet the price is so moderate that you can afford to serve it at every meal.

Try it just once, on some nice hot waffles, or brown pancakes. Or as a spread for bread or crisp toast.

If Karo Maple isn't the most satisfying syrup you ever tasted, at the most satisfying price you ever paid for a similar syrup, return the balance of the can and the grocer will refund your money.

GREEK THRONE OFFERED PAUL WITH CONDITIONS

Government Tenders Crown
Provided Certain Guarantees are Given

ATHENS, (AP)—Instructions will be sent by the government today to the Greek minister at Bern to present to Prince Paul, brother of the late King Alexander, the government's candidature, and to inform him that he has been called to succeed to throne.

Owing to the present relations existing between the Greek nation and the house of former King Constantine, the minister is requested to inform Prince Paul that, before there is official proclamation of his accession to the throne, certain guarantees must be given.

These include the formal and "irrevocable" abdication of former King Constantine, renunciation by Prince George, Duke of Sparta, of all claims to the throne, and recognition by the new king of the legality of the state of affairs resulting from the Saloniki revolution.

Use of Horseshoe at Quoits
Might Bring Him Luck

Senator Harding

FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News files this date in year 1905

The cold wave of last week, which raised goose flesh upon the cuticle of so many Twin Falls settlers was not nearly so severe in this district as it was elsewhere. In fact, Twin Falls escaped with a mere touch of the heavy hand of the storm. Three inches of snow fell at Blackfoot and it was eight degrees below zero. Heavy frost, which chilled to the extent of six degrees below zero and the temperature in other localities went below the zero mark. Freezing weather prevailed all over Kansas, Missouri and Illinois.

C. E. Booth is in Salt Lake City on business.

The contractors have commenced work on the canopy sidewalk in front of the Hotel Perrine. The walk will be 12 feet wide on both Shoshone avenue and Main street.

The many friends of Mr. and Mrs. Frank Burrington will be glad to know that they have returned to Twin Falls for the winter. They will reside in a neat little home on the lot in the rear of the Burrington hotel.

The farmers associations on the Twin Falls tract will be consolidated on the afternoon of Saturday, November 4, at a meeting to be held in the farmers club room at Twin Falls. Delegates from the Twin Falls, Hansen, Kimberly, Maton, Dry Creek and Elder associations will be present, representing a membership of about 500.

William Z. Iron and family have arrived from North Yakima, Wash., and established residence on Mr. Irons excellent farm three miles from Twin Falls. Mr. Iron has a carload of effects on the way, in charge of his son. He was more than satisfied with the growth of Twin Falls and considered himself fortunate in getting in on the ground floor.

From seed planted on new land late in the spring Woolly T. Seal has succeeded in growing a crop of onions.

Perhaps Senator Harding thinks it might bring him luck. Recently, while visiting Marion, Harry L. Dougherty, the candidate's pre-convention campaign manager, challenged the Senator to a game of quoits. Marion's favorite son, with the aid of a horseshoe, lived up to the expectations of his neighbors by defeating Mr. Dougherty with a "blunder."

WILSON WARNS OF DANGER

(Continued from page one)

specific redemption of the pledge which the free governments of the world gave to their people when they entered the war. They promised their people not only that Germany would be prevented from carrying out her plot but that the world would be safeguarded in the future from similar designs.

"We have now to choose whether we will make good or quit," declared Mr. Wilson.

In a formal statement issued after they left the White House, members of the delegation and they were "deeply touched by the physical appearance of the president who received them although and plainly showed the effects of his long illness and the tremendous strain which he has been carrying."

Evidence Deep Emotion.

From a manuscript his reply to the address of the delegation, the statement continued, "and was greatly moved as he did so. More than once his voice choked especially when he referred to the soldier boys and the mothers of those who had fallen in battle."

"It was evident that he was voicing the profoundest emotions of his heart," the delegation added. "The whole occasion was impressively solemn and tender."

Duty to Posterity.

I would submit to a severe discipline, and to go without many things cheerfully, for the good and happiness of the human race in the future. Each one of us should do something, however small, toward that great end.

Richard Jefferies.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Further uncertainty in domestic industrial situation and scarcity of money encouraged the shorts to resume their aggressive tactics in the stock market today. Sales approximated 475,000 shares.

United States Steel was the outstanding feature at the opening of today's stock market, a block of 2,500 shares changing hands at 88 5/8 down to 88 1/4. This was attributed to disappointment by speculative interests at the failure of steel directors to declare an extra dividend on the common stock. The independent steels were slightly lower, but oils shippings, sugars and utilities were higher by fractions to a point. Exchange on London was firm, with participation in favorable activities later in the day regarding British industrial conditions.

Investment rails and oils hardened later but shippings and specialties weakened. Savage Arms broke five points on suspension of the dividend. The closing was heavy.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$92.50; first 4's \$89.58 bid; second 4's \$88.35; first 4 1/4's \$89.60; second 4 1/4's \$88.25; third 4 1/4's \$89.52; fourth 4 1/4's \$88.03; Victory 3 3/4's \$86.16; Victory 4 3/4's \$86.08.

Grain and Provisions

CHICAGO, (AP)—Fees advanced in the price of wheat took place today on general buying which was chiefly ascribed to notice taken of the farmers' strike and to yesterday's large export business. Rainy weather which might further retard rural deliveries was also apparently a bullish influence. In this connection attention was drawn to the fact that the stock of wheat in Chicago totaled only 700,000 bushels and that today's receipts were meager, about twenty cars. Opening prices, which varied from unchanged figures to 1 1/2c higher, were followed by substantial gains all around and then something of a reaction.

Subsequently a wave of new export demand together with uncertainty regarding settlement of the British coal strike had a decided bullish effect. The market closed weak, 2 1/4 to 3 1/4 net lower with December \$2.00 to 2 1/2 1/2 and March \$2 to 2 1/4.

Corn sympathized with the strength of wheat, opening 1 1/4 to 1 1/2c higher, including December at \$2 7/8 to \$3 1/2c. Afterward the market tended to sag. Toward the last the downturns in the wheat market were reflected by corn. Prices closed heavy, 1 1/4 to 3/4c net lower with December \$1 7/8 to \$2c.

Oats were firm with other grain and started 1/8 to 3/4c higher, December \$1 5/8 to \$2 1/4c. Additional gains were scored and a moderate setback followed.

Provisions lacked support despite the upsurge of cereals and higher quotations on hogs.

No cleaner, sweeter, more heart-rending picture than "PINK TIGHTS" was ever made. A story that is as natural and wholesome as an old-fashioned country dinner and just as satisfying. The story of a little stranded circus girl who, the minister's flock thought, wasn't good enough to be allowed in town, much less in the parsonage—until something pretty serious happened to that town, and she came to see—but she was selling! Come, have the happiest hour and one of the best thrillers you ever had at any picture drama. Take our word for it—this is a real picture!

MATINEE AND EVENING

The Rev. E. H. Marshall of California will commence his Evangelistic meetings with the Baptist church of Twin Falls, Thursday evening, October 28th. W. T. Any and all people are welcome to these meetings.

G. O. P. RALLY AT CAMPAIGN CLOSE

Opera Quintet to Appear with Speakers McClure and Hodgkin Monday

The last words for Republican candidates for national honor and better times will be spoken in the high school auditorium Monday night, November 1, when S. W. McClure, of Salt Lake, secretary of the National Wool Growers' association, and an author on tariff and tariff questions, with H. L. Hodgkin, chairman of the Republican County central committee, of Twin Falls, will advocate the election of republican candidates at the polls on the following day.

As a feature innovation for the occasion the Twin Falls Opera quintet will provide vocal and instrumental music of a patriotic and popular character. The quintet, which is composed of Miss Sara Thomas, soprano; Miss Emma Smith, contralto; Harry Barrett, tenor; Elmer Olsen, basso, and Miss Mary Hampton, pianists and accompanist, has proved popular, and has provided interesting musical diversion at several functions in Twin Falls this week. The company will make its first public stage appearance at the G. O. P. final rally Monday night.

Understands Subject

It is expected that on this occasion Mr. McClure will give an address devoted principally to questions of tariff protection for American producers. Mr. McClure is vitally interested in the welfare of all producers throughout the west, more especially, however, those in the intermountain region. On matters of tariff and protection ones no speaker or in the west is more competent to speak, according to persons who know the Salt Lake, and have heard him in public addresses along these lines. He is vitally concerned in the wool question and is expected to have something to say on the sheep industry and the general wool industry throughout the country.

Mr. Hodgkin will probably devote his attention to local state issues, as they are affected by the tickets in the field, although he will doubtless devote considerable attention to the national ticket and the country's political issues.

Other Meetings

Last night L. L. Allen, S. Claud Stewart and H. J. Benoit were the speakers at a Republican meeting held in the school house at Rogerson. This meeting attracted a large audience which throughout demonstrated appreciation of the subjects discussed.

Tonight E. V. Larson and C. A. Robinson will attend a similar meeting at Hoilfinger.

Arrangements have been made by the republican county central committee to hold open house on Tuesday night to receive election returns. The place for this is yet to be decided upon and will be announced in a day or two. Special wire service will be featured. The Elks, too, will have a wire service in the club rooms on this occasion, and an athletic show will be featured at the Lavington theatre as a special attraction connected with the program for election returns.

It is better to have loved and lost than to pick out a go-cart with your wife.—Arkansas Thomas Cat.

Social Notes

Edited by Mrs. E. B. Williams

The Woman's Missionary society of the Presbyterian church will meet on Thursday afternoon, October 28, at the home of Mrs. James McMillan, 436 Second avenue north. The feature of the afternoon is a house mission program, "The Open Door," given under the leadership of Mrs. J. D. Barnhart.

Mr. and Mrs. W. A. Brown entertained at an informal dinner Sunday evening at the Hotel Rogerson in celebration of their wedding anniversary, having as guests Dr. and Mrs. S. C. Wyatt. Roses and carnations were used with charming effect in decorating the table.

Miss Marian Wason was hostess at 8:30 dinner Friday evening in honor of her fourteenth birthday. Halloween emblems were used to decorate the home, the guests were met at the door by little Miss Jennie Hepp who impersonated a goblin. A large pumpkin filled with fruit was used as a centerpiece for the table. The guests were: Aileen Booth, Martha Farrar, Frances Ball, Hazel Pariah, Marjorie Woods, Mary Newman, pianists and accompanist, has proved popular, and has provided interesting musical diversion at several functions in Twin Falls this week. The company will make its first public stage appearance at the G. O. P. final rally Monday night.

Mrs. Lee Graydon, formerly Miss Dorothy Adams, a bride of this month, was given a shower Monday afternoon by Mrs. G. Stettler, Mrs. Thomas Rowberry and Mrs. P. R. Cox at the home of the latter. Vases of roses and asters were used to decorate the rooms. The gifts which were many and beautiful were brought in in a large basket and after they had been opened "Five Hundred" was played. Mrs. Rowberry and Mrs. Cox having high scores, the prize was presented to the honored guest. Among the shower gifts was a quilt piece by bride's great grandmother. The guest list included Mesdames H. B. Johnson, Ernest and Lee Stettler, Reona Williams, Kennedy Packard, H. P. Barker, P. H. Crow, J. A. Campbell, M. C. Putnam, G. Leopold, Ed Adams, J. C. Moore, E. M. Wolfe, W. S. Decker, Gus Johnson, C. B. Roberts, E. F. Humphrey, H. R. Neumann, Woodruff, George A. Lincoln and Miss Mary Graham.

Mrs. F. A. Walters entertained two tables at cards Monday evening commencing her house guests, Mrs. John McFall and Mrs. E. A. Boyler, of Shoshone.

Mr. and Mrs. Robert Hamer Stevenson have issued invitations for a Halloween dance on Friday evening, October 29, commencing their daughter, Miss Martha Estelle Stevenson.

Frank McAtee, son of Mr. and Mrs. F. P. McAtee was host to 30 of his young friends last evening. The guests came in costume and the evening was spent with dancing and games. The home was decorated with jack o'lanterns, black cats, witches and all the emblems symbolical of Halloween. Late in the evening refreshments were served.

Mrs. Thomas Robertson will entertain the Episcopal guild on Thursday afternoon at 2:30 at her home on Ninth avenue north.

The Catholic Women's league will entertain on Friday, the 29th, at a

Halloween party at the home of Mrs. George, 104 Sixth avenue east from 2 to 5 p. m. for the children of the parish under 10 years of age and from 7 to 9:30 for those from 10 to 15 years old.

Mrs. Charles Ambrose entertained at a neighborhood party Monday evening. Progressive "500" was played. Mrs. J. H. Grady winning the ladies' prize and James Clark the prize for the gentlemen. After the card games a two course luncheon was served.

Mrs. R. H. Stevenson entertained at a bridge tea this afternoon announcing the engagement of her daughter, Martha Estelle, to Mr. Lloyd Frederick Coates of Seattle, Wash., the wedding to take place in this city December 1. On each plate a pink rosebud was placed to which a card was attached by a white ribbon bearing the name and date. Pink roses, pink chrysanthemums and cattails made a charming and artistic decoration for the room. The guest list included Mrs. George Sprague, Mrs. Thomas Robertson, Mrs. E. L. Macvener, Mrs. Carl Halin, Mrs. W. A. Babcock, Mrs. W. F. Panser, Mrs. L. C. Ulin, Mrs. James R. Hathwell, Miss Clara Remmer, of Hailey, Miss Elizabeth Smith and Miss Julia Taylor.

Miss Lillian Lind entertained the members of her Sunday school class at a Halloween party Monday evening. Decorations suitable for the occasion were used and games and stunts made a merry evening for the 20 guests present.

With Miss Annie Smith in charge the Order of Eastern Star last night provided one of the most pleasing social events in the history of the lodge. The social program was given following a regular meeting of the lodge, and included singing, dancing, recitations and luncheon. All of the features of the entertainment were of an artistic character and highly pleasing both in nature and rendition. Miss Cora Jensen, 12 years old, and Miss Gladys Terhune submitted elocutionary numbers that received hearty applause. Miss Martha Andrews, also, sang in a most pleasing manner, as did also Miss Sara Thomas, soprano. The former vocalist recently came here from Pittsburgh, and, with Miss Thomas, who is from New York, has won a permanent place in the local musical section through merit of performance and excellence of voice. Miss Thomas sang last night in a manner that compelled the listener to respond from the audience. The Twin Falls opera quintet provided one number which proved immensely popular with the audience, and Miss Mil-

dred Bryce's interpretative dancing proved an innovation of pleasing order on the program. All offerings received on the program, at least \$9,000. A "fish pond" provided a lot of amusement. Following the set program the drugget was removed and dancers took the floor, dancing continuing until after midnight.

"Chauvinism."

"Chauvinism" derives its name from Nicolas Chauvin, a soldier in the army of Napoleon, who was ridiculed by his comrades for his demonstrative and unreasoning patriotism. The term has come to be applied to anyone exhibiting unreasoning patriotism, or an excessive enthusiasm for national ascendancy.

COST OF DEMOCRATIC
GOVERNMENT

Approximately \$52 was paid in in-
ternal revenue taxes by every man,
woman and child in the United States
in the fiscal year ended June 30. The
total takings of the government
through the internal revenue bureau
amounted to \$5,498,468, and there is no
reason to believe the amount will be
appreciably reduced in the current fis-
cal year. Assuredly it will not be re-
duced soon if the Democratic party is
left in control of the government at
Washington.

The enormous drain on the purse of
the common people which the figures
officially reported represent is charge-
able directly to the refusal of the pre-
sent administration to cut the expenses
of government. As long as the Demo-
crats are in position to continue their
orgy of extravagance and waste, just
that long will the people have to pay
as they are now paying. It is for the
people themselves to say whether they
drain upon their pocketbooks shall go
on. If they enjoy handing over to the
federal tax collectors a great deal more
money than would be needed by the
government if economically conducted
they can assure themselves the pleas-
ure by voting for Cox and Roosevelt.
If, on the other hand, they desire to
reduce their personal expenses through
lessened taxation and a reduction of
the cost of living they will vote for
Harding and Coolidge.

The expenses of government which
are paid out of taxation would be enor-
mously higher but for the refusal of
the Republican congress to grant the
demands of the Wilson administration.
The estimates sent to congress totalled
some \$2,000,000,000 more than congress
appropriated. The republicans wield-
ed the axe on the Democratic estimates
with telling effect. That is why you
are not paying more taxes than now
demanded of you.

The Republicans did all they could in
the circumstances for the people. In
order to have economy of government
there must be co-operation to that end
between the executive and legislative
branches. But the imperative pre-
requisite is willingness and capacity of
the executive branch to conduct gov-
ernment on business principles. Mr.
Wilson and the department heads with
which he has surrounded himself do not
possess either. The only certain way
to cut the costs of government and re-
duce taxation is to put Republicans in
the white house and in the capital.

It takes a majority of the Senate to
pass a protective tariff, and enact re-
publican principles into law. If you
desire republican administration you
must vote for Gooding, as well as Har-
ding and Coolidge.

Harding and Coolidge without a
publican senate are as helpless as sol-
diers without guns. A vote for Good-
ing gives Harding a gun.

A vote for Harding and Coolidge
without a vote for Gooding and Smith
is a vote thrown away.

Wedding Ring Once Barred.
The Puritans of the seventeenth
century used to ring at the wedding
ceremony, as they considered it "a
pagan symbol and superstitious con-
trivance." All that they required
was that the man and woman should
join hands when stating their purpose
to live together in wedlock.

RACE PROBLEMJapanese Exclusion League of
California Issues Statement
in Answer to Pronouncement
of Denomination

SACRAMENTO, Cal., (AP)—The Ja-
nese exclusion league of California,
through the chairman of its executive
committee, J. S. Chambers, state con-
troller of California, Tuesday issued a
statement in answer to that made
public October 25 by the federal coun-
cil of Churches of Christ in America,
which "deplored agitation and hasty
action in the matter of Japanese im-
migration."

Based on Starling Facts
Mr. Chambers' statement said that
the movement in California, "far from
being a vote-catching propaganda of
politicians appealing to race prejudice
and mob feeling, is really based on in-
controvertible starting facts, sup-
ported by official state investigation,
under legislative hearings, and fully
corroborated in hearings of the house
committee on immigration held on the
Pacific coast in July and August of
this year."

Further the statement says:
"The Exclusion league is directed
by prominent executives, officially de-
clined for the purpose, of such orga-
nizations as the American Legion, Na-
tive Sons and Daughters of the Golden
West, State Federation of Women's
clubs, State Federation of Labor, and
by business and professional men of
statewide reputation. Politicians have
supported the movement because the
demand is practically unanimous, and
its justice beyond question. Otherwise
Senator Harding and Governor Cox,
presidential candidates, could not af-
ford to take the stand they have taken."

Gives California's Position
"Certain aspects of the problem are
particularly of state concern and ex-
clusively of state jurisdiction. In these
matters California is scrupulously
guarding treaty and vested rights of
the Japanese but declining to accord
rights to them not reserved to Ameri-
cans in Japan, and which if continued
here would certainly create a race
problem, with the friction and trouble
which both countries wish to avoid."
"The problem, in its larger aspects,
is national and international, and the
league will direct national attention
thereto and co-operate with the federal
government in working out the proper
remedy. That remedy, while insuring
full protection to American interests,
should be as applied, if possible, as to
avoid hurt to Japan's feelings."

Points Way to Trouble
"Certainly the way to insure misun-

derstanding and trouble with Japan is
to encourage or permit the steady and
rapid growth in this country of an un-
assimilable alien community, whose ad-
vantages in economic competition and
whose great birth rate would in time
force the whites out of the most favor-
able localities and make race conflict in-
evitable.

"Hawaii is already lost to the whites.
Unless we are content to see it become
in effect a principality of Japan, we
shall have to govern it by federal com-
mission. In California the Japanese
have concentrated seventy-five thou-
sand of their people in favored spots
in seven of our fifty-eight counties.
They have secured control of indus-
tries, driven out whites and displaced
white children in public schools. While
their population in state is less than
one-thirtieth of the white. Orientals,
almost entirely Japanese, now control
one-sixth of the total rich irrigated
lands of the state and control an actual
majority acreage of such lands in sev-
eral of the larger counties. They are
bonding every effort to increase control
of land and inquiries before Califor-
nia can put a defensive measure into
operation. The Japanese birth rate of
adult females among the Japanese is
three times that of the whites, al-
though the proportion of adult females
among the Japanese is less than one-
third that among the whites."

Suggests Study of Facts

The statement of the Exclusion
league concludes with the suggestion
that claims and advice such as put
forth by the federal council in this
matter should not be given to the pub-
lic "in absence of a knowledge of the
facts."

"Intelligent and unprejudiced inves-
tigators securing their knowledge at
first hand will reach such conclusions
as will be justified by the facts ad-
duced before the house immigration
committee and available when its re-
port is made in December."

DUTCH PEOPLE CLING TO
PAGEANTRY OF ROYALTYOpening of Parliament Exem-
plifies Penchant of Hol-
landers

THE HAGUE, (AP)—The Dutch peo-
ple cling to the pageantry that sur-
rounds the movements of their queen
on state occasions though sturdy demo-
crats in their business life. The open-
ing of the Dutch parliament exempli-
fied this.

This parliament opening is a quaint
old ceremony. The queen rides in a
golden carriage through the streets of
The Hague to the old Knights hall in
Parliament square and, with her crown
on her head and her gold-braided prince
consort at her side, sits on her throne
for once each year.

At this ceremony the Dutch cabinet
ministers are compelled by tradition to
wear giddy uniforms resembling an old
time minstrel man in an admiral's hat.
For some reason this tradition decreed
that the ministers on this solemn oc-
casion must wear long white duck trou-
sers which contrast strangely with their
tremendous black, gold and orange hats
shaped like an inverted gravy dish.

After this one day of pomp the min-
isters and members of parliament put
on their working clothes and get down
to business while the queen who prides
herself on being a typical Dutch woman
with domestic tastes, lays her crown
aside for another year.

This year's ceremony had one note
at discord with its ancient pomp.
Through the crowds who watched the
parade marched a number of discontent-
ed minor government employees of the
post and telegraph departments carry-
ing placards asking when this parlia-
ment was going to raise their pay.

BEST FOOTBALL TEAMS OF THE DISTRICT SCRAP

Burley Invades Local Field Against Clint Evans' Sturdy Grid Warriors

Coch Clint Evans' Bruins are this afternoon at grips with the Burley high school eleven in what is expected to result in a virtual gridiron championship of southern Idaho for 1920. Both teams took the field at 2 o'clock professing to be in top standard condition, coaches on each side declaring if the game were to be there would be no excuses to be offered as far as physical condition enters into the scheme of preparation.

The best teams in the district are on the field, and the better of the two win. My men are in the best possible physical condition, and I believe we have perfected our attack and offense. I look for the Bruins to win, but the bout should be a hard one and the score low," said Coach Evans just before the game started.

Coch Horne of the Burley invaders, expressed pretty much Mr. Evans' sentiments, and gave assurance that his men would carry the fight to the local gridlers from start to finish. "I look for a low score with our fellows making it a home declaration," he declared.

Both teams have won every game played this far this season, and both have trained specially for this afternoon's encounter. Not a man on either side is complaining of physical troubles, and neither squad is carrying any cripples, while both have a fair quota of powerful substitutes to rush forward in case of injury or weakening of forces.

For Twin Falls the following men started: Line—Epler, McAtes, Putzier, Denton, Bailey, Taylor and Captain Irwin; backfield, Newman, Horte, Fix and Phillips.

Immediately prior to the whistle a parade was started before the high school in which both student and city schools, with home and visiting teams participating. The stands are expected to overflow with the crowd and plans have had to be made for keeping the playing area clear.

CASE AGAINST INDICTED MEN STRENGTHENED

Joe Gedeon and Arnold Rothstein Testify in Baseball Bribery Quiz

CHICAGO, (AP)—Joe Gedeon, St. Louis American league second baseman, and Arnold Rothstein, of New York, yesterday gave testimony before the Cook county grand jury investigating the baseball scandal which the state's attorney's office afterward announced had exonerated the two men from complicity in the throwing of games in the 1919 world series.

Both men had marginally strengthened the cases against some of the men already indicted.

Job Completed.

The jury today completed the taking of testimony in the investigation which has lasted more than a month and resulted in true bills being voted against 12 men on charges of conspiracy to do an illegal act, but will hold a final session Friday to finish up clerical work. The jury vote no more true bills, according to state officials, who said that Rothstein and Gedeon were the only men said to have been implicated in the scandal.

Gedeon and Rothstein testified against Alvin Karpis, William Burns and others on whom the jury already had acted. Their testimony probably will result in an attempt to have Karpis brought back here from Canada for trial, officials said, it being believed here that he can be extradited.

Gedeon Innocent.

Supplementing the announcement by the state's attorney's office, President Johnson of the American league declared he felt that Gedeon was "entirely innocent and Alfred Austrian, attorney for the Chicago American league club, issued a statement declaring that Rothstein, in his testimony, today had proved himself guilty."

Attorney Austrian declared that Rothstein, who had been mentioned in some quarters as the man who financed

the bribing of Chicago White Sox players, not only had not helped "fix the series," but had done everything he could to see that the fixing was not done.

"Mr. Rothstein has told me, as coach for the White Sox, everything he knows of the series fixing," said Mr. Austrian. "He has completely vindicated himself."

Rothstein, said Austrian, said that "every newboy in New York knew the series was fixed."

Was at Conference.

Gedeon told the jury of being tipped by a White Sox player that the series was "fixed" and also told of being present at conferences held by Alvin Karpis and others in a Chicago hotel. It was said he accidentally wandered into one conference and when he found what was the subject being discussed he went into the bathroom so as not to hear what was being said. He declined to tell the jury the name of the player who tipped him off and the question was not pressed, state officials saying they "already knew it."

Bullington of Boston and R. Brown of New York, against whom the jury has voted two bills, were mentioned by Gedeon as men he understood were back of the bribing. Both were named by Claude Williams, White Sox pitcher, his confession. Also Attehl, Hal Chase, Bill Burns and White Sox players were also named by the St. Louis player.

Attehl and Chase Gedeon told the jury he believed, were the instigators of the game selling and his statement was borne out by Rothstein.

The New Yorker said he was approached by a man on the series question but told this person to "get the hell out of here" and refused to take part in the deal. He refused to name the man. Later he was asked by another man if "anyone but Attehl had approached him" and replied "no."

Rothstein said he lost \$8000 on the series. Gedeon said he won \$8000.

Brief Bits of Sport

Dempsy says he will not fight Carpenter in England, or any other country in Europe.

Which is just the inaugural statement in a long campaign to attract attention to the battle, yes!

Headline—"Baseball Probe Nearing the End."

Yes, but not the end of what's going to happen to some of the baseball players and the gamblers who made it necessary to have a probe.

Now if somebody will only tell the inside story of the wrestling game and some other alleged sports, so that a high tribunal may take a whack at purifying them, all will again be happy for a while.

Another headline—"Minor Leagues Flock to Support of New Scheme."

The minor leagues were vexed with the national baseball commission anyhow, so the way they flock shouldn't worry anybody.

Besides the minor leagues are never of one mind two years together.

Finestance, a year or so ago the minors were all for abolition of the draft rule, declaring the scheme was robbery, ruin and rapine for the lesser circuits. Now, after giving the scheme a fair trial they are willing to return to the old drafting system.

In other words the minor leagues liked the so-called idea all right and it was all theory and impracticable.

According to reports the New York state boxing commission is not going to be fooled by, or stand for any nonsense from boxers and box fighters within the commission's jurisdiction.

In fact said commission put a sudden check on the antics of some scrappers who have done things lately displeasing to the board. The board has disqualified a number of aspiring pups, with no trial, henceforth, be permitted to play on Gotham's back stop.

Kid Lewis, British welterweight champion, has been ordered to make no more matches for New York rings until he has been thoroughly examined, physically by the commission's special physician.

Lewis recently, and at the last minute, canceled a bout on the plea of illness.

"Has Miller Huggins been fired?" was a question put to Colonel Ruess, one of the owners of the Yankees, the other day.

"No!" came the cryptic reply. "I don't think so!"

So, there you are.

NOT DECIDED.

ST. LOUIS, (AP)—Pal Moore of Memphis and Joe Lynch of New York fought a eight-round draw here last night, according to newspaper declaration.

ROBBIE SIGNS CONTRACT. NEW YORK, (AP)—That Wilbert Robison has signed a contract to manage the Brooklyn National league baseball club for the next three years, on virtually his own terms, was officially announced today by President Charles Ebbetts. In addition it was stated that Robison received a handsome bonus for winning the league championship of 1920.

MARTIN DROPS WILLIAMS. BOSTON, Mass., (AP)—Bob Martin, inter-allied and A. E. F. heavyweight champion, knocked out Larry Williams of Bridgeport, Conn., in the first round of a scheduled ten-round bout here last night.

WATER METERS IN DISCUSSION

A. D. Stafford Says Economy Plan Tends Toward Lawn Destruction

A. D. Stafford entertains a notion that the water service in Twin Falls tends to depreciate the beauty of any town, and for that reason he is opposed to the move of the city toward installation of water measuring devices. He has a solution for the local water problem.

Mr. Stafford Monday night appeared at the chambers of the city administration while the board was in session and stated with a considerable degree of vehemence that if water is metered out to users said users will curtail consumption to economize on expense. This economy, Mr. Stafford pointed out, will spell destruction for countless lawns and shade trees all over the city, thus harming the present landscape beauty of the place. Mr. Stafford suggests that the city enlarge its present water plant to provide a capacity that will insure an abundant supply of water for all domestic and irrigation purposes.

The suggestion was taken under advisement, and may be given consideration at another session of the administration.

R. B. King, representing the Idaho Power company, appeared with a contract for the installation of the planned curb lighting system. The contract shows the amount for which the company will install the system, which was authorized by the council some months ago. No definite action was taken.

G. H. Brown lodged several complaints, all of which involved city improvements. He wanted a certain position of paving removed, declaring the work was unauthorized, and complained about the condition of thoroughfares in the vicinity of his property. The latter matter was referred to the street commissioner for investigation and a report.

Drainage of the tourist park was another matter discussed by the council. With Arthur B. Wilson, president of the chamber of commerce. The question was propounded in connection with plans of the administration looking toward the purchase of the park property.

J. S. Kimes was given permission to move a sheet iron structure, now standing on a lot at the corner of Shoshone street and Third avenue, to one lot south. The building was erected by James King for a lunch counter, and is now occupied as a vegetable market stand.

At the request of the council, Clerk W. A. Mianick will seek information from Wood & Oakley, a local home, concerning a charge recently submitted for an opinion on the legal effect of the followinging city bonds. The question involved is whether or not the price quoted covers both issues, the street bonds and the fire apparatus bonds, or only the street securities.

INTEREST CENTERS IN INSTITUTE ADDRESSES

Prominent Educators Provide Hearers with Ample Food for Consideration

The teachers' institute is now in full swing and going strong with approximately all persons present who expect to attend this year. Of the day's lectures the two general ones this morning by Dr. Raymond T. Schweigler of the University of Kansas and Dr. W. E. Dickson of the Oakland, Cal. city schools, made a deep impression on the hearers. Dr. Schweigler, following up his talk of the evening on "The Mental Parts of Adolescence," and continued to illustrate and meet some of the problems which the teacher has to contend with. Dr. Dickson spoke on "The Child in Public Education," treating upon some of the problems that confront the present day teacher. His talk was well received and made clear many of the obstacles to be overcome in the teaching profession and the best means to combat them.

For this afternoon there is scheduled the report of the coming year's constitution to be adopted by the institute and a lecture by Dr. Schweigler on "The Nervous Child and the School." The institute will then be dismissed for a field athletic contest. A dinner was given by the former pupils of the Colorado State Teachers' college this noon at Koto's cafe. The pupils of the Lewiston State Normal school will have a dinner and talk at the Hotel Rogers and this evening the annual institute reception and dance will be held in Lavering pavilion.

The annual institute dinner served last evening by Mr. and Mrs. Hal G. Blue for the institute faculty and visiting superintendents was a complete success. Entertaining after-dinner talks were given by several educators on a wide variety of subjects, all contributing to a very enjoyable evening. The party held in the gymnasium was managed by Constance E. Ryan and Miss Rundquist since Robert Krohn who was scheduled for this was unable to attend the institute.

CABINET GOVERNMENT DEFENDED BY BLACK

Attorney General Challenges Opposition to Prove System Not Successful

An enthusiastic meeting of republicans was held at Filer last evening. The meeting was attended by Addison T. Smith, present congressman and Roy L. Black, present attorney general. The attorney general devoted his time very largely to an analysis of the state government. He used a chart by which he showed that the charge made by the democrats and non-partisan party that under the cabinet government numerous officers have been created and that there was an opportunity for the ruling cabinet to be a political machine under this system, was absolutely void and not founded on the record of fact. He pointed out that there was not an additional officer provided under the new system, maintaining that the officers provided were simply those who took the place of boards or who were already in some position in the state government. For example, the commissioner of agriculture took over the duties of three boards, namely, state board of agriculture, composed of five members. He showed that three boards for the abolished and hence appointments abolished and in their stead was placed the commissioner of agriculture. That the same was true of the commissioner of finance who was formerly designated state examiner; that the same was true of the commissioner of public investments who was formerly registrar of the land board; that the same was true of the commissioner of public works who took the place of three highway commissioners; that the same is true of the commissioner of reclamation, who was formerly state engineer; that the same was true of the commissioner of public welfare who was formerly dairy, food and sanitary inspector; that the commissioner of immigration and labor was formerly designated state auditor and was not a new office in any way.

Attorney General Black challenged Attorney General Walters, democratic candidate for governor, or Mr. Fairchild, non-partisan league candidate for governor, to prove any of the many assertions made in their speeches wherein they claimed that the cabinet form of government was responsible for any abuse in taxes. The speaker pointed out that the so-called cabinet system was simply the abolishment of a great number of the boards of the state and putting in instead of these boards, a man with responsibility. He also pointed out that there was not one new or additional officer appointed as a result of the cabinet system and adoption of the cabinet system.

In order to prove these assertions he presented to the audience on a chart, the appropriations made or made for all of the state departments and officers for 1918 as compared with 1919.

Among the local public officials, and candidates for office attending the Filer meeting were: Commissioners T. E. Moore and W. W. Parish, Mrs. E. L. Warren, O. P. Duval, Mrs. Bertha Irwin, C. C. Higgins and Frank L. Stebbins. The meeting was held in the Odd Fellows hall and was well attended.

THE TWIN FALLS BANK & TRUST COMPANY

is made defendant in an action instituted in the district court today by Wolfe, Martin and Wade, attorneys for John Uriola. Plaintiff asks judgment for \$400 claiming the bank unlawfully and wrongfully charged that amount against his checking account. The suit grows out of the theft of Liberty bonds by a Japanese who is said to have procured a certificate from a Salt Lake bank for the bonds, the certificate being brought to Twin Falls and endorsed by Uriola. The bank cashed the certificate on this endorsement, it is said.

SEEKS JUDGEMENT

Acting for B. F. Goodrich Rubber Co., Attorney Taylor Cummins has instituted proceedings in the district court, against the Twin Falls Auto company for judgment in the sum of \$1007.19, alleged to be due on account.
