Made by Cabinet Member
May Figure in Hearing

INDIANAPOLIS, Ind., (AP)—Attorney General A. Mitchell Palmer was advised in a telegram from United States District Judge Anderson today that an investigation of the attorney-general's connection with the case against 125 coal mine operators and miners would be made when the case is called for trial in the federal court here on November 8. Mr. Palmer was invited to be present on that date.

Judge Anderson assured the attorney-general that the case of the coal mine operators would be called on the date set, although to date only the Indiana operators and miners and those of western Pennsylvania who voluntarily surrendered are in the jurisdiction of the Indiana district court.

Alleged Deal Figures

No indication as to the scope or nature of the investigation to be made was given in the telegram, but it was believed Dan W. Simms, former special assistant counsel for the government, would be called to explain an alleged proposal in regard to the evidence in the case said to have been made by Mr. Palmer and which resulted in Mr. Simms' withdrawal from the case. It was expected that United States District Attorney Fred Van Natta, former district attorney of Erie, Pa., and department of justice attorney also would be called.

Text of Message

The telegram said "Judge Anderson desires me to notify you that the case against the coal mine operators and miners, United States vs. Armstrong et al., will be called for trial in this court at the time set, next Monday, Nov. 8, and that time an investigation will be made in open court of certain matters involving your connection with the case. This notice is given so that you may be present if you so desire."

(Signed) "Walter C. Butler, Clerk U. S. District Court."

Judge Anderson's action was the result of the resignation on Oct. 4 of Mr. Simms, who was in charge of the prosecution of the 125 miners and operators indicted March 21 last, for violation of the Lever Act.

They were indicted by a special grand jury convened by Judge Anderson December 17, 1919, to investigate the conduct of the miners' strike in bituminous fields last November and of any possible collusion between the miners and operators in connection with the strike.

Mr. Simms' explanation of his resignation was that Attorney General Palmer had imposed limitations on the conduct of the case that "literally cut the heart out of the case."

At the time of Mr. Simms' resignation, Attorney General Palmer stated that he had merely directed the conduct of the case, that the evidence obtained in connection with contempt proceedings, afterwards dropped, that followed Judge Anderson's injunction against the miners' strike, should not be used in the Lever act case. HARDING'S HOME TOWN
TO CELEBRATE VICTORYPresident-elect Goble on Desk
in Preparation for Vacation
Trip

MARION, O., (AP)—With only two days remaining before he leaves for a month's vacation trip, President-elect Harding went to work today clearing up his desk of the final leftover details of his campaign.

With Mrs. Harding he will start on a Saturday morning for Point Isabel, Texas, where he will spend 12 days hunting and fishing prior to an ocean voyage to the Panama canal zone. He plans to be back in Marion, December 4, and after that may go on a golf resort for a winter sojourn to be spent in choosing his cabinet and formulating the policies of his administration. On his way south the president-elect may make a side trip from his train along the way. He also may deliver one or two addresses on particular subjects before March 4.

Tonight Marion is to celebrate formally his election to the presidency, and several hundred people from other cities are expected to join in the occasion. There will be all the noise and red fire that his loyal neighbors and friends can produce, and many special features to give the Harding front porch neighbors one final baptism of campaign glory.

Fall of Hadjin is Re-
vealed

LONDON, (AP)—According to further details received in Armenian circles in London today regarding the fall of Hadjin, in the Silesian Taurus, to the Turkish nationalists, it appears the Turks made a converging attack during the third week in October. Surviving Armenians say a pitched battle occurred in which Armenian men and boys fought with scythes and sticks, as all their ammunition had been exhausted. The Armenians were overpowered and all the innocent civilians of the town, to the number of 10,000, were put to death by the Turks.

ing Up Zeligowski's Offe-
nse Movement

RIGA, (AP)—Offensive operations by irregular Polish troops commanded by General Zeligowski have been checked along the entire front by the Lithuanians during the past few days, and as a result the evacuation of Kovno has been postponed. The only point where the Poles have not been defeated is on the northern sector of the line, where they have occupied the railroad station at Dabul. Lethal fighting took place on the line between Vilna and Kovno. Reports from Kovno attribute the Lithuanian successes to the assistance given by Prussian. While units, it is declared, have crossed the frontier with their arms and ammunition.

Central Powers Seek
League Memberships

PARIS, (AP)—Applications for membership in the league of nations will be made at the meeting of the assembly of the league in Geneva this month on behalf not only of Germany, but of Austria, according to information here. Bulgaria, it is learned, will make a direct appeal. Premier Stamboulski, of Bulgaria, who is paying political visits to European capitals, will stop at Geneva on his way to Sofia to support Bulgaria's claim personally.

DAUGHTER OF MISSIONARY
OKLAHOMA CONGRESSWOMAN

OKLAHOMA CITY, Okla., (AP)—Miss Alice Robertson, who came to the old Indian territory behind an ox cart as a child more than 40 years ago, with her father to teach the Indian the gospel of the white man, apparently has defeated W. W. Hastings, one of Oklahoma's oldest democratic congressmen as the representative of the second district.

GOEPENHAAGEN, (AP)—The Berlingske Tidende's Kovno correspondent says today that Moscow newspapers received in Kovno record an official announcement of the discovery by the soviets of plans for a big counter revolution. Precautions have been taken and thousands of persons are being arrested, said the newspapers, and the general staff has detained 1,000 of the former czar's officers who have been interned in Oranburg.

SEBASTOPOL, (AP)—Russian Bolshevik troops are successfully attacking the line held by General Baron Wrangel's army south of Perekop. The soviets are in battering at the seven mile trench system which extends east and west across the narrow neck of land leading to the Crimean peninsula. But General Wrangel's position is quite strong. It has on its left the Gulf of Sivash, or putrid sea. Back of his main lines, General Wrangel has heavy naval guns and other artillery.

The town of Perekop, which has been occupied by the Bolsheviks, is a mass of ruins.

Harding Is Certain of 396
Electoral College VotesONLY EIGHT ELECTORAL VOTES
ARE LEFT ON DOUBTFUL LIST

NEW YORK, (AP)—Returns today showed the following states had given their electoral votes—a total of 390, to Harding:

Arizona 3; California 13; Colorado 6; Connecticut 7; Delaware 3; Idaho 4; Illinois 26; Indiana 15; Iowa 13; Kansas 10; Maine 6; Maryland 8; Massachusetts 16; Michigan 15; Minnesota 12; Missouri 12; Montana 4; Nebraska 8; Nevada 3; New Hampshire 4; New Jersey 14; New York 36; Ohio 24; Oklahoma 10; Oregon 10; Pennsylvania 20; Rhode Island 4; South Dakota 5; Tennessee 13; Utah 4; Vermont 4; Washington 7; West Virginia 8; Wisconsin 13 and Wyoming 5—a total of 390.

Governor Cox had safely the following: Alabama 12; Arkansas 6; Florida 6; Georgia 14; Kentucky 13; Louisiana 10; Mississippi 10; North Carolina 12; North Dakota 5; Texas 20; and Virginia 12—a total of 137.

States still in the doubtful list, lacking sufficient returns were, New Mexico 3 and North Dakota 5—a total of 8.

LATER ELECTION RETURNS
SWELL REPUBLICAN TIDEHarding Pluralities and Congressional Sweep
Assume Greater Proportions as Reports Come
In from States at First Considered 'Doubtful'

ATLANTA, Ga., (AP)—Tennessee and Louisiana were not the only states in the solid south in which the republicans made unexpected gains in the presidential election. Latest reports from Florida show that Senator Harding carried a number of towns in that state, including St. Petersburg, Orlando and Daytona. The returns from the outlying districts are coming in very slowly and republican leaders predict they will show further gains.

For the first time in history, women by towns and country precincts in the sixth Mississippi district gave republican majorities, the towns including Seminary and Rannells. Some counties in Alabama, heretofore always democratic also returned republican majorities.

In two congressional districts in the south, the seventh Alabama and tenth North Carolina, the republican candidates for congress have made charges of fraud and threaten to contest the election of the democratic representatives.

NEVADA

RENO, Nev., (AP)—With less than 500 votes uncounted, Nevada has given Senator Harding a plurality exceeding 4000 over Governor Cox. Former Governor Tasker L. Dobbie, republican, has been elected United States senator over his democratic opponent, Senator Henderson by a majority of 10,000, and Samuel S. Arentz, republican, defeated Charles R. Evans, democrat, for the office of state auditor. The city of 3000. The state legislature will have a republican majority.

ARIZONA

PHOENIX, Ariz., (AP)—M. H. McCall, chairman of the democratic committee, today conceded the election in Arizona to Senator Harding; Ralph H. Cameron, republican candidate for senator, and the re-election of Governor Thomas E. Campbell, also republican.

PHOENIX, Ariz., (AP)—Returns from all counties of Arizona with only isolated precincts missing gave pluralities for the republican candidates for president and governor. Representative Carl Hayden, democrat, appeared to have been re-elected by a margin of about 6000 votes.

Senator Henderson, republican, defeated Governor Cox in the state, while Ralph Cameron, republican candidate for senator, led Senator M. A. Smith, democrat, by 6003. Representative Hayden's lead over James R. Duncanson, republican, was 6671, while Governor Campbell, republican, was 2344 votes ahead of Mitt Simms, his democratic opponent.

MINNESOTA

ST. PAUL, Minn., (AP)—Returns tabulated today from 2406 precincts out of 3229 in Minnesota give for president: Harding, 433,617; Cox, 119,591. For governor, 2444 precincts give: Preuss, 450,261; Hodgson, 67,731; Shipstead, 231,883.

NORTH DAKOTA

FARGO, N. D., (AP)—Election of Dr. E. F. Ladd, made by little change in the league choice, as United States senator from North Dakota was conceded today by Svenhagen Johnson, chairman of the democratic state central committee. Ladd's opponent was H. H. Perry, democrat.

KENTUCKY

LOUISVILLE, Ky., (AP)—Additional returns today made but little change in the senatorial race in Kentucky. Senator J. G. W. Beckham, democrat, maintaining his lead over Richard J. Ernst, republican non-partisan, 80,143.

KANSAS

KANSAS CITY, Mo., (AP)—Republican pluralities in Kansas for president and state offices continued to increase today when additional returns were received.

Returns from 1641 precincts out of 2726 gave: Harding 273,232; Cox 146,736.

For United States senators: Curtis, republican, 239,099; Hodges, democrat, 126,293.

For governor: Allen, republican, 235,231; Davis, democrat, 153,146.

IOWA

DES MOINES, Ia., (AP)—Sixty-one republican and four democrat precincts today returned to the house of the Iowa legislature, returns from 64 of the 66 counties showed today. Seventeen republican senators have been reported elected, but not one democrat to date.

Early today when 1938 precincts out of 2560 had been reported and tabulated for president, Harding had 560,308; Cox, 172,601. For United States senators: 1938 precincts gave: Cummings (r.), 404,265; Porter (d.), 232,734; for governor, 1874 precincts gave: Keudall (r.), 383,215; Herring (d.), 243,453.

NEW YORK, (AP)—Tennessee has swung into the availing republican column, shattering democratic traditions of a "solid south," unofficial but nearly complete returns from the volunteer state showed early today.

Her shift from the democratic ranks coupled with a similar upswing in Oklahoma, reported late last night, assured Warren G. Harding of 390 electoral votes as against 127 definitely in the hands of Cox, 137 in all of these states save New Mexico. Harding was in the lead on available returns and even in New Mexico republican managers were claiming a Harding plurality, though available returns gave a Cox lead.

Tennessee, on the face of returns tabulated by the Memphis Commercial Appeal from 93 of 95 counties, with 59 predicting winning gains, Harding 199,769 votes and Cox 159,182, a Harding plurality of 9977. Governor Rob-

CURZON CALLS ON REDS
TO CURB SUBMARINESBritish Secretary Makes Na-
tion's Attitude Plain in Re-
ply to Soviet

LONDON, (AP)—Replying to the Russian soviet government's recent note concerning the operation of submarines by the soviet navy, Earl Curzon of Kedleston, secretary for foreign affairs, says the British government believes in the proposed aggressive action of the submarines was based on a soviet minister's statement when the submarines were launched in the Baltic. He said the soviet government would sink a center vessel.

The British government, Earl Curzon added, did not feel justified in running any risk, and now had found its four nations could which would permit of a soviet submarine torpedoing a British ship under the excuse of mistaken identity.

The note says that the soviet forces in the Black sea are still engaged in acts of open hostility against British interests, and says the soviet government can end this situation by giving the assurances called for in the British note of October 9.

to Take Hand in the Aland
Island Problem

WASHINGTON, D. C., (AP)—Selection of Albert E. Elkus of New York, former ambassador to Turkey as the American member of the commission which is to decide the future status of the Aland islands, was announced today at the state department.

Mr. Elkus, it was said, would not act as a representative of the American government, but would participate in the commission's discussions under the league of nations council which recently invited President Wilson to suggest an American member. The president sent the name of Mr. Elkus to the league council several days ago and the council forwarded to the state department today a formal approval. The commission on which Mr. Elkus is to serve will decide on the respective claims of Sweden and Finland to the islands.

Republican Victory in Idaho
Is Established Beyond Doubt

BOISE, Idaho, (AP)—Late election returns which continued to be sent in today made doubly sure the election of a complete republican ticket. Not one democrat was elected to state or federal office, and the republican ticket put up or endorsed by the Non-partisan league were successful. The majority of Frank B. Gooding over Sen-

ator John F. Nugent had passed 19,000; although Nugent was in the lead in some counties had the effect of checking the Gooding increase.

James P. Pope, democratic state chairman, in statement to the Associated Press last night, conceded the election of the entire national and state tickets in Idaho.

DEMOCRATS STOICALLY ACCEPT NATION'S ELECTION DECISION

Expressions of Opinion Contain No Note of Acrimony on Part of Defeated Political Section—W. O. Chapman Urges All to Accept the Will of Majority for Best Interests of Country

Over the tumult of republican joy in the sweeping national, state and county victory for the G. O. P. sounds the sentiment that the avalanche was inevitable and that the present administration was doomed, even in the face of appeal to the profound feeling of the women of the nation against war and possibility of war.

All over Twin Falls, and from most of the outside precincts sentiment prevails and is expressed that the landslide to a return of the republican party to power was due, if not overdue. But even the most optimistic republican today will not admit expectation of so overwhelming a victory, although declaring confidence that the democrats were doomed.

Expressions regarding the result of the election, made by officials and others vitally connected with and interested in the campaigns, contain acrimony, but are abounding in hope for the future of the country.

(By SHAD L. HODGIN, Republican County Chairman.)

You ask me to say something about the result of Tuesday's election. Naturally, I am gratified. We had a fair organization, made a clear, impersonal campaign in this county, and the result justified our labor and our belief in the capabilities and fitness of the personnel of our ticket.

The results in the state and nation, once more establishes the fact that the American people have a very strong national spirit. As the years go by, historians will probably record the election as a memorable event in the history of the nation, and Idaho's name will be closely linked with that event, by reason of the great fight which its senior senator has made.

Now that the election is over, we

should be charitable towards those who disagreed with us, and turn earnestly to the problems ahead.

(By W. ORR CHAPMAN)

The majority of the American people have expressed their choice for president; they have quite properly given Senator Harding's party a majority to co-operate with him in both branches of congress, so that his party will be entirely responsible to the people for his administration.

This great republic is founded upon the right of the majority of the people to choose the representatives to conduct the government, and the safety of our institutions depends upon every one accepting the will of the majority and working for the good of the country.

Senator Harding has been elected president of the United States and as such he should, and will have, the best wishes and patriotic co-operation of the American people.

Governor Cox, practically single-handed, has made a splendid campaign. His defeat is not personal, but comes from the popular desire for a change in the agency of government. This desire for a change is one of the natural reactions coming from the great strain of war.

The results of this election cannot, necessarily, be taken to mean that the nation is permanently overwhelmingly republican, any more than the two elections of President Wilson have meant that his party was permanently and overwhelmingly in power.

(JAMES E. BOTHWELL.)

The election is over. I accept the expression of the majority without reservation. The attendant responsibility should not be minimized. I am

very hope that the promised prosperity may be realized.

(ADDISON T. SMITH, Congressman)

The overwhelming vote for the republican candidate for the presidency Senator Harding, can only be interpreted as a repudiation by a great majority of the American people of the league of nations so urgently advocated by President Wilson. In no uncertain manner have they voiced their opposition to a proposition which would destroy the sovereignty and independence of action of our nation by forming an alliance with foreign countries which would in effect mortgage the nation's young men and our material resources for the purpose of settling the wars among the nations of the earth.

The vote also demonstrates that the people desire a restoration of the protection policy of the republican party, and the reservation of our home market for the American producer and manufacturer, in order that our agricultural classes may prosper and the labor may have employment at good wages.

The re-election of Governor Davis and the state ticket, indicates that the majority of the Idaho people appreciate the splendid, efficient and economical administration of State affairs.

I appreciate most deeply the splendid support given my candidacy for re-election. Now that the republicans are to control the executive branch of the government and both branches of congress I hope that I may be able to accomplish more for the people of the state than heretofore.

FRENCH PRESS LAUDS HARDING

Paris Newspapers Declare Republican Election is Great Triumph

PARIS, (AP)—Newspapers of this city, give great prominence to reports of the American election, and publish many pictures of Senator Harding, the Excelsior giving its entire first page to the successful presidential candidate and his family. In their comments, the newspapers declare the election of Senator Harding was a triumph, give high praise to his personality and recall he has always asserted great sympathy for France.

Deserves Confidence.
Editors are unanimous in remarking that the election clearly condemns the policy of President Wilson, and settles definitely the situation existing between administrative and legislative departments of the government. They assert this situation has "completely paralyzed American international policy," and express the conviction that the result of the election will in no way prejudice Franco-American friendship.

"By his love of order and the brightness of his character," declares the Matin, "Senator Harding deserves the confidence of the French people." Hope is expressed by the Echo de Paris that "the discussion which will be started on relations between the United States and the league of nations will provide occasion to repair some of the faults committed at Versailles."

Defeat for Wilson League.
Paris newspapers, commenting this afternoon on the American election, agree that Senator Harding's success is a distinct defeat for the league of nations as established by the Wilson covenant.

The Temps says: "The election may be considered as a referendum on the entrance of the United States into the league of nations, the result of which is a personal defeat for President Wilson." La Liberté says: "American common sense has condemned Utopia in all its forms. From an international point of view the American election day was a bad day for socialism and the society of nations, the consequences of which will be felt throughout the world."

The Intransigent says: "From the French point of view it is a success. Senator Harding has often professed friendship for France, declaring that France would find in him an ally. He will not relinquish the traditions which bind the new world with France."

Tariff Dismissing.
The Journal des Debats says: "The republican party, fundamentally protectionist, regards tariffs not as an instrument of reprisals but as one of protection. Such an attitude is disquieting to us."

The Petit Parisien says: "Two questions dominate the situation created by the election of the republicans: the tariff and the league of nations. The republicans are in favor of the tariff and the league of nations and the other the question of tariff."

The first question is settled irrevocably, but Senator Harding's declaration at Chicago in the course of his campaign is not reassuring for French manufacturers and exporters, as he advocated a revision of the tariff and an increase in the duties on American imports from Europe."

Uniformed Men Wreak Vengeance on Granard Following Killing of District Inspector

GRANARD, County Longford, Ireland, (AP)—Reprisals for the shooting and killing of District Inspector of Police Kellagher, which occurred Sunday evening, were carried out here at midnight last night when 11 motor lorries filled with uniformed men invaded the town. Rifles were fired into houses and a dozen houses and buildings destroyed included the market house and hotel, valued at \$175,000.

The inhabitants of Granard fought the flames and saved many other houses from destruction.

War Cut Price of Diamonds.
In 1870, during the Franco-Prussian war, the value of diamonds was largely depreciated by the quantity offered for sale in London by French refugees.

SOME GOOD SUMMER SALADS.

In no season of the year are salads as much enjoyed as during the warm weather when the appetite lags and crisp fresh things are most welcome.

Cucumber Jelly.—Cut peeled cucumbers and tomatoes into dice, saving the juice. Season with grated onion, pepper and salt. Dissolve half a package of gelatin in two cups of liquid, add to the vegetable juices, stir until well mixed, cook in an enameled saucepan until tomato cups with muslin.

String Beans.—Wash the beans and put them to cook with a little bacon fat stirring and cooking for five minutes, then add a very little water, set back when they can slither, adding a very small amount of water when needed. Season and cook for two hours. Serve hot with curled bacon.

Steamed Radishes.—Cook without peeling, the radishes, and if small, leave whole. Serve in a white sauce, using plenty of seasoning. If boiled, use very little water and reserve it for making the white sauce, so that the nutriment and flavor may be saved.

Corn and Green Peppers.—Cook a medium-sized pepper in sweet fat, then add corn, seasoning and cook until slightly browned. Serve hot.

Icebergs.—Dissolve two cups of sugar in three cups of water (boiling), cool, add three-fourths of a cup of lemon juice, color leaf green and freeze.

Serve in stemmed sherbet glasses. Put a teaspoonful of cream to mention in each glass, sprinkle with finely chopped nuts, using almonds, almonds, peaches and walnuts in equal proportions. These may be used with the most success, or in turn, or as a finish to the meal.

Sicilian Sorbet.—Press a can or an equal amount of fresh peaches through a sieve, add one cup of sugar, two cups of orange juice, two table-spoons of lemon juice, and when well mixed freeze.

Maidly of Doubt.

There are plenty of people who think that to doubt everything shows common sense and shrewdness, whereas it may indicate only a narrow-mindedness. But there is an uneasy doubting of one's self which, if not resisted, may become almost a disease. Often, though perfectly sure that we did lock the door, or deliver an injunction, or put a memorandum in our pocket, we nourish the doubt all day, or turn out our pocket on our way to work. One symptom of this malady is the hurried, worried search for a missing article in every place save where it usually is, and the astonishment at finding it there.

Orchid Crossbreeding.

While orchids from the wilds have remarkable and interesting characteristics, they are being rivaled and surpassed by new forms produced by hybridization in the greenhouses of experts. Now, the hybrids are many in number and are supplanting the older varieties in part because of their exquisite beauty of color and form, their increased fragrance and their greater ease of cultivation. It is slow work, the crossbreeding of orchids, but it is unceasingly fascinating.

MEXICO IS PUZZLED BUT HOPEFUL OVER ELECTION

Sentiment Generally Regards Republican Victory as Advantage

MEXICO CITY, (AP)—Reports of the election in the United States were given the entire front pages of newspapers of this city. Only two journals, however, the Excelsior and El Heraldillo, ventured to speculate editorially on what a republican administration in the United States means for this country.

The former sees immediate recognition as one result of the election, and the other asserts Senator Harding's election "will not be an obstacle to good relations between Mexico and the United States."

The Excelsior, which sees in the election a "personal rebuke" for President Wilson, asserts he now "can scarcely be expected to refrain from recognizing Mexico as a revenge against the republican senatorial majority, which in the past has assumed an unwelcome and even hostile attitude toward this country."

El Heraldillo rejoices that Senator Harding is not a "fire eater of the Senatorial Fall," but asserts his statements regarding Mexico seem to be vague and "we are confined to judging his true mental attitude toward us. His election puzzles us, although we have faith in his ability."

The Best Light Is the Only Kind You Can Afford to Use

Incorrect, improper light is bought at the price of eyestrain, headache and loss of health. No wonder it is the most expensive!

Check Up Your Empty Sockets

Every empty socket in your house is a place from which steady, proper illumination may be had, provided you furnish it with the right kind of lamp to fit the room, the fixture and the voltage of your current.

Too bright light is just as bad for you as light not bright enough—direct light often causes a glare which is bad—in a room with dark walls you need a more powerful light—you should use lamps made for the current with which your house is supplied. These are things you should know.

You can't afford, either from a dollars and cents standpoint, or from the standpoint of eye-comfort and health, to have anything but the right kind of illumination. It's part of our service to show you how to get it—gladly, freely. We want you to have better light. Come and ask us.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Transportation shares, especially Harriman and Hill issues were the outstanding features of today's active stock market, industrials and miscellaneous issues for the most part losing ground. Sales approximately 3,100,000 shares.

Motors and related specialties and also steel and equipments, were freely sold in the final hour at extreme declines of 1 to 5 points but rally, particularly Northern Pacific and Great Northern, made further gains. The closing was irregular.

Liberty Bonds.
NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$95.10; first 4's \$90.30 bid; second 4's \$88.70; first 4 1/4's \$90.30; second 4 1/4's \$88.40; third 4 1/4's \$90.48; fourth 4 1/4's \$88.84; Victory 3 3/4's \$90.20; Victory 4 3/4's \$90.22.

Grains and Provisions

CHICAGO, (AP)—Assertions that the country offerings of wheat were somewhat larger gave an advantage today to buyers in the wheat market. It was contended also that wheat was still out of the with other grain and with commodities in general. Support was lacking. Initial prices which ranged from 1 1/4 to 2 3/4 lower, with December \$2.04 3/4 to 2.06 1/2 and March \$1.96 to 1.97, were followed by a moderate further setback.

Subsequently apparent slowness of export demand led to increased weakness. The close was nervous, 3 1/2 to 6 1/4 net lower with December \$2 3/4 to 3.01 and March \$1.94 3/4 to 1.95.

Corn sagged with wheat. After opening unchanged to 7 1/2 lower, including December at 81 3/4 to 82 1/4, the market continued easy.

Smallness of receipts tended later to rally the market somewhat. Prices closed steady, 1c lower to 3-8c advance, December \$2 3/8 to 82 1/2.

Oats reflected the weakness of other cereals, starting unchanged to 3-8c lower, December 51 7/8 to 54 1/8, and allowing little power to rally.

Provisions, although dull, were firm. Large shipments had a bullish influence.

Cash Quotations.

CHICAGO, (AP)—Wheat No. 1 hard \$2.10. Corn No. 2 mixed 87 1/2 to 89c; No. 2 yellow 92 to 93c.

JAPAN WATCHES ELECTION NEWS WITH INTEREST

Press Comment Summary Expresses Confidence in Happy Solution of Racial Problems at Issue in California

TOKIO, (AP)—The early news of the results of the presidential election in the United States were received in quick time and printed in Wednesday's newspapers. The greatest interest was shown in an American election which manifested everywhere, this being in large part, although not altogether, to the issue of the California voting on the legislation affecting the Japanese.

Summarizing the early press comment this morning, Reuters Limited says:

"While noting that serious losses are likely to fall on the Japanese in consequence of the passage of the referendum, the newspapers expressed confidence that the question will be happily solved, that the change in government will make no difference and that the federal authorities in America will continue to show sincerity and sympathy toward Japan similar to the Wilson administration. They urge that the claim for justice be pressed calmly and energetically."

FOUR DOUBTFUL STATES

(Continued from Page One)

ers (d) was swept out on the republican tide and Alf A. Taylor, unsuccessful candidate for governor against his brother in 1880, was elected.

Senate Majority of Ten

The republican congressional sweep assumed larger proportions as belated returns continued to come in. The victory of Samuel D. Nicholson, republican candidate for the senate from Colorado, assured President-elect Harding a majority of at least ten in the upper house, and of five states were doubtful choices had not been determined. The republican candidates were in the lead in four—Arizona, Oregon, Nevada and North Dakota. In the fifth, Kentucky, republicans also were still clinging to the hope that late returns would overcome the advantage held by Senator J. C. W. Beckham over Richard P. Ernest, republican.

(The republicans had secured 257 seats in the house of representatives to 132 for the democrats. Four seats went to other parties, including one socialist and one prohibitionist. Forty-two districts were unreported. On present returns, the republicans had a plurality of 131.

Further Gains Likely

Later returns also indicated possible turnovers in cases of some democratic representatives reported elected. A notable instance was New York, where three republican candidates reported defeated—Ryan in the fifteenth district. Anorge in the twenty-first and Rosendale in the twenty-third—had forged ahead of Dealing, Donovan and McKinney, earlier reported elected.

The house will have one socialist member—Meyer London of New York, who defeated Henry M. Goldfinger, fusion candidate in the twelfth district. The prohibition party lost its lone representative, but an independent prohibitionist, Milton W. Shreve, was elected from the twenty-fifth Pennsylvania district.

Some Notable Upsets

Several notable upsets occurred in the congressional race—among them the retirement by Missouri voters of former Speaker Champ Clark of the house, and the election by Texas voters of a republican representative—Harry Wurzbach.

Post-election developments within the ranks of the beaten democratic party included a tart statement from William J. Bryan in which he divided blame for the defeat between President Wilson and Candidate Cox, asserting that the former had "laid the foundation for the disaster," and the latter had "completed the structure."

Dry Leader Optimistic

Wayne B. Wheeler, legislative counsel of the Anti-Saloon League of America, issued a statement declaring a check of the congressional election in 40 states showed a "substantial majority" in both houses against any beer or wine amendment.

said that it had been agreed in the presence of Judge Anderson not to use the evidence.

Court Preserves Opinion

Judge Anderson and officials, here have expressed no opinion in regard to such an understanding or agreement as mentioned by the attorney general in regard to the presentation of evidence. It is understood, however, that Judge Anderson merely consented that the contempt proceedings brought against the mine union officials be abated inasmuch as the men on strike had returned to work and also a grand jury was to be summoned to investigate all transactions of the miners and operators.

JUSTICE DEPARTMENT OFFICIALS AT LOSS TO UNDERSTAND

WASHINGTON, (AP)—Attorney General Palmer was absent from the city today, and officials at the department would make no comment on the telegram which Judge Anderson at Indianapolis announced he had sent to Mr. Palmer. Robert T. Scott, assistant to the attorney general, said the telegram had not yet been received.

Department of Justice officials confessed to be at a loss to understand the meaning of the telegram to the attorney general as made public at Indianapolis.

Dan W. Simms, special assistant to the attorney general in charge of the Indianapolis bituminous coal cases, resigned recently after receiving instructions that he was not to use a second evidence against the coal operators which was the basis for previous contempt proceedings against them. Mr. Palmer stated at that time that he and Mr. Simms had agreed not to use this evidence and that the agreement had been made in the presence of Judge Anderson.

We wish to express our sincere thanks for the many acts of kindness shown us, and for the beautiful flowers given us, and for the sympathy expressed in our recent bereavement, and Mrs. H. A. Stradley, Mr. and Mrs. W. E. Stradley and Family, Mrs. C. E. Stiles and Family.

ENGLISH PRESS VIEWS DIVERSE

London Papers Regard Election as Protest Against One Man Rule

LONDON, (AP)—The leading British provincial newspapers contend that the election of Senator Harding to the presidency was an indication that the electorate is tired of what the journals call "One man rule." The Liverpool Post says:

"Senator Harding goes to the White House as the representative of a profound belief, long maturing among the larger part of the nation, that Wilsonism is alien to American traditions and that America should not entangle herself in the affairs of distracted Europe."

League Not Antagonized

This newspaper expresses the opinion that the election of Senator Harding does not mean antagonism to the league of nations and believes "that America is searching in her heart of hearts for some method of achieving the august purpose of the covenant which she can approve without misgiving."

The Yorkshire Post considers it a good thing in the present difficult phase of its history that the United States should have elected the candidate it did.

"Senator Harding's aim, at least, is already defined; he wishes to help the world so far as he can honorably do so with the approval of congress and without compromising American inter-

ests," says this newspaper.

"We believe we interpret European as well as British opinion," it adds, "when we say that American government which stands for its own country first, last and for all time will be understood and appreciated in this old world of ours which has lost its illusions and is no longer in a mood to strain after visionary politics." The Manchester Guardian says:

"The main political motive for the electors' choice is by general assent, accumulated dislike of Wilsonism and not love of Harding and his party. The national repudiation marks a tragic change from those weeks in the autumn of 1918 when the material power of America was deciding the world war and her foremost mind was leading the world towards such a peace as might have given us a tranquil, swiftly convalescent world instead of the present world's fair of spleen, greed and suspicion between nations and disunion inside each of them. The solid, hurried old world of international politics seemed to be on the eve of redemption on the day when the news came that Germany would surrender on the basis of Wilson's 14 points."

Calls Failure Pitiful

"In what proportions a want of dynamic genius in President Wilson and an irredeemable viciousness of spirit in other politicians contributed to darken that opening prospect we cannot tell yet. It is gone now, Europe is snarling, grabbing and jockeying in the old slime, while all the remaining effect of Wilsonism in America is the decision of the presidential election by an overwhelming balance of public sympathy to it. The story is that of one of the most pitiful of all failures in the execution of a task nobly conceived."

RELATED ELECTION RETURNS

(Continued from page one)

WISCONSIN

MILWAUKEE, Wis., (AP)—Republican candidates were successful in virtually every contest in Wisconsin. Senator I. L. Lenroot was re-elected over James Thompson, independent, and democratic and socialist opposition, and the whole list of 11 members of the national house of representatives is republican. At least 80 of the 100 members of the state house of representatives and at least 25 of the 33 senators are republicans. The socialist elected three members of the legislature from Milwaukee county but lost the two places in con-

gress that early returns indicated as possibilities. In conceding his defeat Victor L. Berger declared women suffrage and a "desire to get rid of the Wilson administration," was to blame, but he added the woman suffrage situation would adjust itself in time.

Proper Care of Parrots

Parrots in the wild state live on seed and fruit and should, while in captivity, be fed as nearly as possible the same kind of food. They should be fed sunflower seed, hemp seed, boiled yellow corn, stale bread soaked in water, an occasional piece of apple or banana, roasted peanuts and dry crackers. Plenty of water and grass should be kept in the cage. The parrot's cage should be cleaned every day.

WHERE THE BLAME LIES

As a result of its investigation of
 public school teachers' salaries in all
 cities of over 8,000 population, the
 United States Chamber of Commerce
 reports that they are "worse off than
 before the war." And this despite the
 popular agitation of the subject of in-
 creased compensation and the action
 taken by the legislatures of several
 states. Another distressing disclosure
 of the nation-wide inquiry is the ex-
 tremely limited experience of many
 teachers. Emergency teachers, lacking
 proper training for the work, are found
 filling most important positions. The
 report says they compose "an alarm-
 ingly large proportion" of those now
 in the classrooms. It was formerly ac-
 cepted that teachers in the elementary
 schools should be at least graduate of
 standard normal schools, says the re-
 port, which means a two-year profes-
 sional course following graduation from
 high school, but now "more than one-
 third of the teachers in American
 cities have less training than this, low
 standard and there are thousands of
 teachers in our elementary schools who
 have even less preparation that is af-
 forded by a four-year high school
 course."

The deficiency obviously is closely
 related to the matter of low remunera-
 tion. The poor compensation is re-
 sponsible for the gaps in the ranks of
 teachers which must be filled some-
 how. The blame rests not upon the
 poorly equipped emergency teachers, but
 upon the system which pays even the
 qualified teacher in many instances
 far less than the wages of the man who
 drives the dump cart or fields the
 pick and shovel.

According to some people there
 never was a "good time to sell real es-
 tate." The fact is, there never was a
 better time than right now.

THE KING OF YVETOT.

There used to be a little kingdom,
 down in southern France, called Yvetot.
 It took up not much more than
 three good city blocks square. The
 king of France paid it a visit, with
 all the fuss that goes with such a cele-
 bration, away back in legendary days.
 Now the lord of Yvetot was a wise
 old owl, and he served up deep apple
 pie, or custard tarts, or whatever it
 is kings like for dessert, and tickled
 his ribs the king of France right merrily.

So the real king made him a little
 play-king. And Yvetot was the world's
 smallest kingdom. Bye-and-bye, in
 1881, the king of Yvetot, began to feel
 his oats, and the real king of his day
 slapped him on the wrist by taking his
 kingdom away.

But though you may think the joke
 is on the kings of Yvetot, perhaps it
 is on the kings of France instead. For
 in France today when folk speak of a
 straw boss who tries to be a smart
 aleck, they call him the king of Yvetot.
 But whenever how, in all the world
 except it be in a history lesson, refers
 to a king of France!

BLAMES IMPORTS FLOOD
FOR CRISIS IN JAPAN

Tokio Bank President Points Out
 Factors Making for Existing Financial
 Depression

TOKIO, (AP)—At the annual meeting
 of the shareholders of the Yokohama
 Specie bank recently, Mr. Kajiwara,
 president of bank, said that although
 in the first three months of this year
 the financial situation in Japan was
 very prosperous, the total capital for
 proposed undertakings amounting to
 2,700,000,000 yen, an extraordinary ex-
 cess of imports had alarmed finan-
 cial market, resulting in the present
 economic crisis. As a consequence, he
 said, many banks and leading business
 firms became bankrupt, while the
 stock, silk and cotton markets slumped
 badly.

Assistance had been given by the
 Bank of Japan and other leading banks
 said Mr. Kajiwara, but the unfavor-
 able conditions for trade still exist.
 On the other hand, he pointed out,
 steady investment for short term has
 been generally desired and short term
 treasury notes, to the value of Y. 100,
 000,000 have been issued by the gov-
 ernment.

Referring to the foreign trade of
 Japan, Mr. Kajiwara said that Japan's
 trade with foreign countries for the
 first half of this year was a record.
 The total amount of the value of the
 trade with foreign countries was two
 billion, seven hundred and fifty-three
 million yen. Of this amount Y. 1,138,
 000,000 was for exports and 1,611,000,
 000 yen was for imports, so that the
 latter exceeded the former by Y. 477,
 000,000. These figures show an in-
 crease in exports over the correspond-
 ing period of last year by Y. 567,000,
 000.

JEROME

JEROME — Mr. and Mrs. Ray Kar-
 sen escaped what might have been a
 serious accident, when they collided
 with a car which had no lights. Mr.
 Karsen's horse was knocked down,
 the buggy nearly demolished and the
 occupants thrown to the ground. How-
 ever, no one was seriously injured.

Mrs. A. S. Fay of Pratt, Kan., was
 hostess at a theater party Wednesday,
 given in honor of Mrs. John Ingram.
 After the show delicious refreshments
 were enjoyed at the Chocolate shop.
 Seventeen guests were present.

Elmore Meyers will leave soon for
 Austin, Texas, where she intends to
 study music.

The Misses Louise Brick and Louise
 Corbett entertained a number of their
 little friends at a Halloween party
 Saturday afternoon.

A most enjoyable Halloween party
 was held at the Baptist church Satur-
 day evening by the young people. The
 evening was spent in games and stunts
 after which a delicious lunch was
 served.

Mrs. H. B. Jones is spending the
 week with her parents in Twin Falls.
 The American Legion gave its first
 Lyceum number at the Victory theater
 Friday evening. Mrs. Alice Shrock
 children's entertainer, gave several
 readings and musical numbers.

Harvey W. Hurlenbaas visited with
 friends in Twin Falls over Sunday.
 J. H. Knight, who for many years
 has been a resident of Jerome, left this
 week to join his family at his former
 home, Rockford, Ill. Mr. Knight sold
 his home here to Ed Mineer of Fair-
 field.

Mrs. H. J. Roan of Boise addressed
 the ladies of Jerome county at Vic-
 tory theater last Saturday afternoon.
 One of the most enjoyable social
 affairs of the week was given by Mrs.
 Stewart Frazer Friday afternoon at
 La Petite hall. The hall was artifi-
 cially decorated with Halloween colors.

Bridges and "500" were the amuse-
 ments for the evening.
 Miss Marble Cook entertained 25
 young people, members of the Chris-
 tian Endeavor society at a Halloween
 party at her home Friday evening.
 Games were enjoyed throughout the
 evening. Refreshments suitable for
 the occasion were served.

Mrs. House, formerly of Jerome, and
 now residing in Twin Falls, was host-
 ess at a delightful luncheon at the
 Hotel Perrine, Thursday afternoon.
 Her Jerome guests were: Mesdames
 Chardonnay, Pickett, Graylock, Har-
 ley, Gould, Hardwick, Heiss and Car-
 lett.

The farmers are taking advantage of
 the improved weather. Root hauling
 and alfalfa and clover hauling, begun
 at daylight and lasts until dark.

QUIT MEAT WHEN
KIDNEYS BOTHER

Take a Glass of Salts if Your
 Back Hurts or Bladder
 Troubles You

No man or woman who eats meat
 regularly can make a mistake by flush-
 ing the kidneys occasionally, says a
 well-known authority. Meat forms
 acid salts which excite the kidneys,
 they become overworked from strain,
 get sluggish and fail to filter the waste
 and poisons from the blood then we get
 sick. Nearly all rheumatism, head-
 aches, liver trouble, nervousness, disor-
 der, sleeplessness and urinary disor-
 ders come from sluggish kidneys.

The moment you feel a dull ache in
 the kidneys or your back hurts or if
 the urine is cloudy, offensive, full of
 sediment, irregular of passage or at-
 tended by a sensation of scalding, stop
 eating meat and get about four ounces
 of Kid Salts from any pharmacy, take
 a tablespoonful in a glass of water be-
 fore breakfast and in a few days your
 kidneys will act fine. This famous
 salts is made from the acid of grapes
 and lemon juice, combined with lithia,
 and has been used for generations to
 flush and stimulate the kidneys, also
 neutralize the acids in urine so it no
 longer causes irritation, thus ending
 bladder weakness.

Kid Salts is inexpensive and cannot
 injure; makes a delightful effervescent
 lithia-water drink which everyone
 should take now and then to keep the
 kidneys clean and active and the blood
 pure, thereby avoiding serious kidney
 complications.—adv.

Cushion Truck Tires

"Solid Wear—Greater Resilience"

Weigh the advantages of the Firestone Cushion
 Truck Tire and judge how it meets your particu-
 lar needs. It fits any S. A. E. Base and requires
 no wheel changes. Any Firestone Truck Tire
 dealer can equip your trucks without delay or
 added expense of application.

Greater Cushioning: Extra volume of rubber is
 used and the design of this tire is such that thru
 proper flexing road shocks are absorbed without
 undue strain at any point.

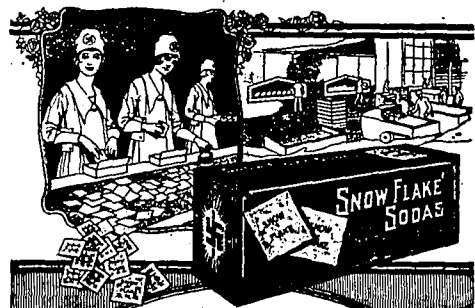

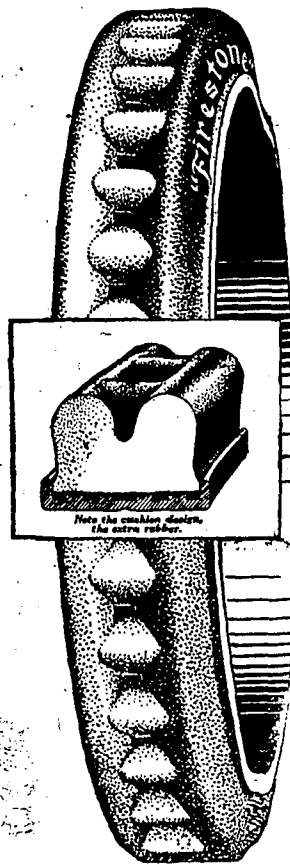

With Firestone Cushion Tires higher speed is
 possible with a reduction of vibration—protecting
 load, chassis and motor.

Increased Traction—Longer Wear: Wider tread,
 greater road contact means tractive power. Prop-
 er heat radiation secured thru the special shape
 of the Cup Cushion means hundreds of miles of
 extra wear.

If you want resiliency plus extra long wear, and
 if you want the practical economy of most miles
 per dollar, put on Firestone Cushion Tires. Made
 in all sizes.

WILD STEER PLAYS HAVOC
IN DESCENT ON HONOLULUAutomobiles and Barber Shop
Suffer Most when Animal
Goes Rampant

HONOLULU, T. H., (AP)—Three automobiles, damaged; one bootblack stand partially wrecked; one barber shop badly wrecked; two shaves and one hair cut, totally spoiled and one steer dead, formed the total list of casualties here one recent evening, when the steer descended on Honolulu's business district.

The steer, part of a shipment from the Cooke ranch on the Island of Maui, was peacefully walking in the middle of the form of steaks and roasts. Instead, he broke from his harness while being unloaded from the truck. The steer, and wandered up town in the dusk of a busy Saturday evening.

At the postoffice the animal spied the red light of several automobiles and lowered his head for a charge. The rear of one small car suffered considerably in the resulting impact and two others came in for minor treatment.

Wearing of tilting at autos, the steer ambled up Bethel street, where a bootblack stand roused his ire. The steers and their clientele went away from there in haste.

The open door of an adjoining barber shop invited attention and through it the potential steaks and roasts were visible in high. Three haircuts stopped work on a pair of shaves and one haircut with the simultaneous precision of well drilled marines. Two of the shavers and all three customers left, and the barber, lather, razors, towels and all.

One barber either thought or moved too slowly and found himself bounded by a corner of the shop on one side and by a peevish steer in all of the other three directions, from which preferred position he viewed the rapid overturning of the chairs, smashing of bottles and demolishing of bottles.

While the shave and haircut specialist was figuring what was the most effective and approved method of tackling a steer with a three city policemen appeared in the door of the shop.

It took 18 bullets to finish the steer.

NOGALES BOASTS BIGGEST
AUDITORIUM IN ARIZONANegro Troops of Twenty-Fifth Infantry
Put Newly Gained Knowledge to
Good Use

NOGALES, Ariz., (AP)—The biggest auditorium in Arizona, so described by the architect, is nearing completion at Camp Stephen D. Little here, where the Twenty-fifth Infantry is stationed. The new building is a complete theater, equipped for either motion pictures, vaudeville or legitimate productions. The seating capacity is 5,000. Plans for the opening of the new theater by Christmas day. The theater will be conducted by men at the army post, from publicity man to janitor. The building is a masterpiece of construction. The lumber was obtained by the morale officer from the salvage material of the U. S. reclamation service. Practically the entire work has been done by 25 soldiers in the vocational school at the post. None of them, they stated to Major Fairfax, had ever handled carpenter's tools when they began the work last November. Many of them could not even read and write when they entered the school.

DEVELOPS IMPROVED PEAR

Seed Brought from China Bears Blight-Resisting Variety

GRASS VALLEY, Cal., (AP)—The world's largest stock of pear seedlings of a new, blight-resisting variety, found in Manchuria, is located on the Loma Rica ranch near Grass Valley. The young trees are from seed brought directly from China and number about 100,000.

Three pomological experts from the U. S. department of agriculture, Prof. A. S. Allison, Wright and Kinsman, recently inspected the stock and approved the experimental work. The original trees, known as the pyrus umbrinaria, are found growing in the ancient burying ground of the kings of the Manchu dynasty, and it is only since the overthrow of the dynasty that the seed became available. The tract is said to be vast and to be grown to trees of immense size. By grafting the seedling varieties, or pears upon this stock good results are expected to be obtained.

PLUMAS FORGES TO FRONT

California Copper Field Promises to be One of Greatest

QUINCY, Cal., (AP)—Starting with a small discovery less than ten years ago and without any of the spectacular strikes or stampedes which mark the history of most mining regions, the Plumas copper field is forging to the front as one of the greatest in the west if not the greatest.

The field was thought to be small and probably limited to the original deposit discovery. With two mines 14 miles apart producing millions of pounds of copper annually, scores of strikes in widely scattered sections made in respect shafts or by diamond drilling, this theory has not been abandoned and the belt is now declared to extend from within three miles of Reno, Nevada, across Plumas county and well into Shasta county, California, a distance of more than 100 miles with lateral limits of at least ten miles.

TABLE OF RATING
SET UP BY MCCOY;
DEMPSEY ON TOPFormer Glassy Fighter Urges
System Adoption for Pro-
moters' Guide

Kid McCoy advances the idea that state boxing commissions should give each fighter a rating so match-makers would have something to guide them in arranging cards.

McCoy says there should be no more difficulty in arranging the boxes in their proper classes than the handicapper at the race track has in allotting the weights for a big handicap. Several of these boxing handicappers have been made by men interested in the ring sport.

The following tables gives one an idea of the standing of the 20 leading heavyweights.

1—Jack Dempsey.
2—Harry Wills.
3—Joe Wilard.
4—Fred Fulton.
5—George Carpentier.
6—Bill Brennan.
7—Bartley Madden.
8—Billy Miske.
9—Bob Martin.
10—Gene Tunney.
11—Tommy Burns.
12—Battling Levinsky.
13—Charlie Weichert.
14—Frank Moran.
15—Tommy Lough.
16—Martin Burke.
17—Joe Berkeet.
18—Bob Roper.
19—Gumbert Smith.
20—Al Reich.

Dempsey Belongs on Top.

"That Dempsey belongs on top no one will dispute, but as for the others, every fan will have his own idea, and all will be different. Harry Wills may not be the next best, but, judging by the way he disposed of Fulton recently, he cannot be rated much lower. Willard's exact status is something of a mystery. Many persons think he was a great champion when he was at the top of his form, but just as many think he was a false alarm. His present condition is unknown, although he is reported to be training for a comeback against Dempsey next winter. Whether that ever will be a reality, or whether he still is a great fighter, there is one thing that cannot be taken away from him—when it comes to absorbing punishment he is a real lion. He proved that at Toledo, when he took the worst beating ever handed out by a champion."

Fulton Rated Fourth.

Fulton deserves to be rated fourth, because none of those claimed below him comes to take a chance in the ring with the tall plasterer. Fulton is not a champion by caliber, but he is a terror when matched against a second rate. He proved that by practically cleaning up the heavyweights class with the exception of Dempsey, Willard and Wilard.

The five men named are the stars of the division. There is a big gap between Carpentier and the next in line, Bill Brennan probably deserves to be rated sixth on the list. He made a fairly good showing against Dempsey, landing six rounds, whereas most of the men Dempsey faced went to sleep in less than half that number. Brennan has a long list of knockouts to his credit, although 95 per cent of the men he stopped were setups.

Brief Bits of Sport

Ted Tive of Spokane is the recognized middleweight champion wrestler of this country.

All the others are merely claimants of the title.

Just now there seems a chance that Jack Dempsey will not sign the fight articles submitted.

Dempsey's manager, Jack Kearns, does not like the actions of the promoters, so he says, and has a notion he will have his man hold out a while.

Kearns has compiled a considerable reputation as a publicist, but he is not a boxer, and probably is, one of his schemes for nation-wide advertising.

Oh-hum!

They say Babe Ruth is a man of few words and words of one syllable at that.

Eastern states are sure getting in bad with boxers who have heretofore played the game to suit themselves.

The other day a commission in Boston, bent upon purifying the ring sport, suspended a New York boxer for a state period and held back his end of the purse because he "stalled" a fight.

But have you noticed how durned quiet and unobtrusive the grapple game is just now?

Perhaps somebody will take it into their heads to do some purifying of the mat sport, where all sport crookedness is said to have emanated.

Benny Leonard announces, or as he puts it "tells the world," that he will meet Willie Jackson, conqueror of Eddie Fitzsimmons, in a title fight any time Willie can put up enough of a forfeit to make it worth while.

Re-signing of Wilbert Robinson as manager of the Dodgers will probably relieve Miller Huggins of a tremendous burden of worry.

There was a lot of talk, you know, that Wilbert was scheduled to suc-

ceed Miller as manager of the Yankees.

The next thing is the Mishkind Young Affray, scheduled for Twin Falls on Armistice day.

This battle is a part of a sport program devised by the American Legion for the entertainment of the folks on November 11.

DE ORO CHAMPION.

NEW YORK, (AP)—Alfred de Oro defeated Ralph Greenleaf, the world's professional pool billiard champion, 300 to 264, in the final block of their 300 point three-cushion exhibition match last night.

WYOMING BEATS WISLEYAN

LINCOLN, Neb., (AP)—The University of Wyoming football team defeated Nebraska Wesleyan here yesterday by a score of 14 to 7, avenging their defeat of a year ago of the Wesleyans. The Nebraska Wesleyan, though hard, but the victors had a line which they could not solve and a back field that hit hard and was able to make consistent gains.

JAPANESE SITUATION DARK

Former Minister of Finance Expresses
Pessimistic Views

TOKIO, (AP)—Reijiro Wakatsuki, formerly minister of finance, expressed pessimistic views in the Tokyo Asahi regarding the financial situation.

"The economic situation is as yet anything but reassuring," said Wakatsuki. "It would be a gross mistake to conclude that the situation is beginning to take a favorable turn because of the present more or less quietude. The economic situation for the present is in a lull but it is fraught with every possibility of worse development."

LARGER PLANTS FOR BEET SUGAR

Have Meyer Company Officials Order Enlargements at Burley and Paul

Reports reaching Twin Falls Burley indicate plans authorized for the extension of the capacity of the Great Western Sugar company's plant at that place. The daily capacity of beets is to be enlarged to 1,200 tons. The present capacity is 800 tons. Definite decision for the improvements at Burley was reached during a visit of company head officials recently, H. A. Havemeyer, Jr., heading the official party. In order to make the capacity increase it will be necessary to remodel the present institution and install new machinery of an entirely new model and character. In addition to the enlarging of the Burley plant have been adopted plans for similar increase at the plant at Paul from 650 to 900 tons per day capacity.

Action of sugar manufacturing officials for the improvements at Burley and Paul is consistent with a policy inaugurated by sugar officials wherever plants are located in the west. Improvements similar to those proposed for Burley and Paul have been carried out, or at least authorized, in most of the important sugar beet growing sections of the intermountain region.

In the past year the Amalgamated Sugar company has expended a total of \$300,000 in the enlargement of the Twin Falls sugar manufacturing plant, and has increased output capacity 100 per cent. During the winter campaign will be inaugurated in the interest of extension of the sugar beet growing industry in this and all contiguous sections. The campaign plan includes personal visits and the holding of mass assemblies of the growers and prospective growers throughout the off season. These assemblies will be addressed by agricultural experts in the growing of sugar beets.

GONZALES' HEARING HELD UP TO SATURDAY

Mexican, Accused of Theft, Asks for Interpreter when Haled into Court

F. Gonzales, accused in a probable court complaint of grand larceny, was taken before Judge O. P. Duval this morning for hearing of the charge. R. P. BRYAN DECLARES WILSON SHOULD RESIGN AT ONCE

Commoner Suggests Carrying Verdict into Execution Immediately

CHICAGO, (AP)—William Jennings Bryan, in Chicago today, gave out a statement suggesting that President Wilson should resign at once. "Now that the American people have decisively declared against the league of nations as written by the president," said Mr. Bryan, "it would seem desirable to carry out the verdict immediately. This can be easily done. The president should resign at once and turn over the office to Mr. Marshall, on the condition that on the convening of congress in December, Mr. Marshall appoint Senator Harding secretary of state, and himself resign."

"The law then would enable Mr. Harding president, and with the republican support in congress, he could at once put into operation the plan for the United States to enter into an association of nations for peace."

"As a world peace is a thing nearest the president's heart, he can hardly refuse to hasten the coming of peace by so small a sacrifice—if it could be called a sacrifice—to escape from a three months' combat with a hostile congress, supported as it is by the recent vote."

SEES IN RESULTS DISAPPROVAL OF NATIONS LEAGUE

T. M. Robertson, Democratic State Central Committee-man, Reviews Election

In a letter addressed to The News, responding to a request for an expression as to causes that led to the recent republican landslide, Thomas M. Robertson, of the democratic state central committee, gives as one of the chief elements in the almost unanimous election of Warren G. Harding in his present form. Mr. Robertson also takes the avalanche of votes for republicanism as an indication that the voters of the country favor a change in the form of administration, and as an outcry against the present condition of the country's markets.

The Robertson letter: "In compliance with your request for a statement regarding the recent election, would say that in my opinion the results are the outcome of various causes. It is an unmistakable verdict on the part of the American people that they did not approve of the league of nations in the present form. It also reflects in a great degree the desire on the part of the American voters for a change, and the shifting of the responsibility in the conduct of our governmental affairs. I think that the present market conditions influenced the desire as much or more than any other one thing."

Since the victory has gone to the republicans, I am glad that it has gone so strong that the responsibility will be wholly theirs, and I hope that the affairs of the country at large will be conducted in such a manner in the next four years that they will not object to assuming this responsibility. The men nominated on both tickets, I believe, high types of citizens, and there should be no reason for the most partisan democrat to feel that the welfare of the country has gone to the bow-wow, but that we will continue to live in the greatest country under the sun, be it republican or democratic administration at the head of affairs."

The Cosmos club met Monday afternoon at the home of Mrs. Burton E. Moore. Mrs. Arthur K. Beaver read from Devoed to "Schools of Tomorrow," which was followed by a discussion on present and advanced vocational methods of education. Miss Pourbaugh of Bowling Green, O., with her mother, was a guest of the club, and gave an interesting talk. Miss Pourbaugh is an instructor in primary work and has been in Twin Falls and other Idaho towns attending the various meetings of the teachers' institute. Members of the club present were Mrs. Arthur K. Beaver, Mrs. C. L. Moore, Mrs. Katherine Prevost, Mrs. C. L. Longley and Mrs. Moore.

Mrs. M. E. Jennison and Mrs. E. P. Dunlap entertained chapter "D. P. O." sisterhood at the home of the former on Monday evening. A business session was held at beginning of the meeting after which Mrs. Zenas Smith read an interesting paper on the "Tend of P. E. O." Twenty members reported to roll call and Miss Lena Dymally and Miss Constance Page were guests of the chapter. Refreshments were served during the social hour.

Mrs. E. J. Finch and Mrs. Jennie Rinehart entertained the Star Social club at the home of the former on Second avenue west Monday afternoon. There was a large attendance and the time was spent with sewing and conversation, refreshments were served at the close of the afternoon.

Twin Falls Temple No. 21, will hold their regular meeting Friday afternoon November 5 at 2:30 in I. O. O. F. hall. After the business meeting the members will be entertained by Mrs. R. Ball; Mrs. W. Beckley and Mrs. H. E. Cutting. All visiting members welcome.

Mrs. G. E. Thompson and Mrs. Paul Smith entertained on Saturday evening at 301 Washington street for Miss Caro C. Thompson. The house was fully decorated with autumn leaves, corn stalks and pumpkins and all the devices symbolical of the Halloween season. The evening was spent with games and music and a delicious luncheon was served by Mrs. Ethel Smith, who was dressed to represent a fairy. The guests, all of whom were in fancy dress costume, were Ruth Van Ausdell, Donna and Vera Wynn, Dorothy Smith, Catherine Trousdale, Hazel Stanley, Nellie Watson, Reba Butler, Dorothy Barger, Zeda Lewis, Lucy Jones, Ethel Smith and Ruth Driscoll of Pocatello.

The Woman's Missionary society of the Christian church will hold a regular monthly meeting Friday afternoon at 2:30. A special program has been prepared.

The Salmon Social club was entertained by Mrs. Nettie Gutermaier. All enjoyed a splendid time, and at the close of the meeting a most delicious luncheon was served. The next meeting is with Mrs. Lee Kirkman.

Mrs. P. H. Crow was hostess to the Harmony club Wednesday afternoon. Bridge was played and Mrs. M. C. Putnam won the prize for high score. Eleven members were present and Mrs. George W. Wilcox was a guest of the club.

The Blue Triangle girls gave a costume party last evening in the high school gymnasium. The song "The Story Book Ball" was acted by some of the girls in the costumes representing Mother Goose rhymes. A clever "take off" on the faculty caused much merriment. Little Miss Ellen Taylor gave a fancy dance, and games and refreshments completed a delightful evening. The club has a membership of 225. About 175 attended.

High School News

The regular assembly was held Wednesday afternoon in the high school. The glee club, directed by Carl H. Ott, gave several numbers which were very well received. Following this H. E. Marshall, a former naval officer, spoke on "Our Ship, The Republic of the U. S. A." He set forth the resources of Mexico and Central America very forcefully, and laid special emphasis on the value of education in developing these resources.

"Yell King" Eppler announced today that "Pop Books" containing all the school yell and songs would be on sale Thursday at school. All students will no doubt have them as they will assist in learning the yell and songs. King Eppler also stated that tryouts would be held Thursday evening at the high school for yell duels. All male students who are interested should be at the high school Thursday evening at 7 o'clock.

The Blue Triangle club met at the high school Wednesday evening. The affair was in the nature of a Halloween masque and there were many clever costumes. Much credit for the success of the affair is due to Miss Polly Thomas and Miss Margarette Grady, who arranged the program. Several clever take-offs on the faculty members were very well received. About 105 girls were present.
