VOL. 3, NO. 128.

TWIN FALLS, IDAHO FRIDAY, NOVEMBER 5, 1920

PRICE FIVE CENTS

JAPAN TO FLEE  
OBJECTIONS TO  
CALIFORNIA AGT

Protest to be Lodged in Washington will Point Out Conflict Between Measure and Treaty Rights, Says Official

SAN FRANCISCO, Cal. (AP)—Cal was issued today for a meeting here November 15 of the executive committee of the Japanese Association of America "to determine what course the association shall follow as the result of the operation of the new anti-alien property law in California." The association is said to represent 60,000 Japanese in California, Utah, Nevada and Colorado.

TOKIO, (AP)—When confirmation has been received that the people of California have voted in favor of the proposed land law in that state, Japan will lodge a protest in Washington, pointing out the measure conflicts with the Yuzuru Choho treaty, according to the Yuzuru Choho, an independent organ, which quotes a foreign official to this effect.

Formal negotiations, the newspaper says, will follow and an agreement permanently removing the cause of the trouble.

**Reports Agreement.**  
The Hochi Shimbun reports that M. Shidehara, Japanese ambassador in Washington, and Secretary of State Coghly have reached an agreement by which Japan will stop immigration to the United States, in return for which America will accord Japanese in America the same treatment as other foreigners.

Marquis Okuma, former premier, interviewed by the Yuzuru Choho, declares that only thoughtful people have talked of withdrawing Japan and America from California.

"If Japan fights with arguments of dignity and impartiality," he is quoted as saying, "Americans will not justly."

**Okuma Gives Opinion.**

The defeat of Governor Cox is attributed by Marquis Okuma to the league of nations, which he declares "even democracy of a law" and does not anticipate the republican administration will raise the tariff, owing to economic difficulties.

**PROPOSED MOVE WOULD BE IN LINE WITH DIPLOMACY**

WASHINGTON, (AP)—Formal protest by Japan against the adoption of the anti-land law by California would be a united front with the Japanese government, according to international procedure, according to the official organ. Such action, it was explained, would be comparable to the filing of an objection by an attorney in the hearing of a law suit and the effect would be to safeguard Japan's position in the diplomatic exchange.

Discussion of the California law which was begun many weeks ago, and the department of state and the Japanese ambassador, will be resumed early next week, and at that time it is expected an agreement will be reached which can be submitted for the consideration of the Japanese government. The conference are said to have reached enough common ground to cause them to hold the hope that an acceptable course of procedure will be mapped out.

While it is denied that a final agreement has been reached, it is understood that Secretary Coghly and Ambassador Shidehara have agreed that the California law will not be retroactive in effect, applying only to Japanese who may hereafter come to the United States. Whether this agreement includes a stoppage of Japanese immigration as reported at Tokio could not be learned.

**MEXICO BUILDS HOPES ON RECOGNITION BY AMERICA**

Great Britain to Follow Lead of United States, Covarrubias Says

SANTIAGO, Chile, (AP)—Chile has decided to recognize the new government in Mexico, it was learned here Thursday.

LONDON, (AP)—British recognition of Mexico is expected to follow recognition by the United States, according to Miguel Covarrubias, former Mexican minister at London, who resigned his post as foreign minister under the present Mexican regime in August and returned to England on a mission for his government.

Since his arrival Covarrubias has had only informal conversations with the British foreign office, but he takes the view that the recent statement by Secretary of State Coghly on the Mexican congress last week of General Obregon's election to the presidency are leading up to full recognition of Mexico by the United States and Great Britain.

French Sink Steamer  
Bearing Ammunition  
to Turk Nationalist

Vessel Flying Red Flag Goes Down with Tremendous Explosion off Batum

CONSTANTINOPLE, (AP)—The steamer Seabane, flying the red flag and freighted with ammunition for the Turkish nationalists in Trebizond, was sunk in the Black sea off Batum by a French destroyer at 10 o'clock Wednesday night, according to witnesses received here Thursday.

The Seabane went down after a tremendous explosion occurred on board. Twenty-two members of her crew were taken prisoners.

WRANGEL MAKES  
PRISONERS OF  
RED HORSEMEN

Anti-Bolshevik Leader in South Russia Successfully Withdraws Troops to Crimea Before Soviet Advance

SEBASTOPOL, (AP)—General Baron Wrangel, head of the anti-Bolshevik government of south Russia, has successfully withdrawn his troops to Crimea before the advance of soviet armies south of the Dnieper river. He is master of Perekop and also Salkova. At Salkova, General Wrangel has captured thousands of men belonging to the units of General Budenny's cavalry. The spirit of his troops is good, but they are worn out by their long flight.

Soviet forces are besieging the anti-Bolshevik trench system on the narrow neck of the Crimean peninsula. The number of soviet cavalrymen captured by General Wrangel's forces at Salkova is placed at ten thousand.

**WRANGEL BREAKS SILENCE WITH LACONIC MESSAGE**

CONSTANTINOPLE, (AP)—General Baron Wrangel, whose forces have been driven back into the Crimean peninsula from Russia proper by Bolshevik armies, has broken a silence of four days with a characteristically laconic message to Baroness Wrangel. His telegram said: "We are fighting hard, in full hope."

The heroism, who has spent many sleepless nights since the Bolshevik offensive began, said today: "All I want is the truth; no matter how bad it is, I can stand it."

**TOTS BURN TO DEATH PLAYING WITH MATCHES**

KIPLING, Mich. (AP)—Rodolph and Plagon Plazy, aged 4 and 2, respectively, were burned to death here yesterday while playing with matches.

**BANK MESSENGER ROBBED.**

CHICAGO, (AP)—Four bandits this morning held up a messenger of the Hyde Park State bank of Chicago and escaped with a netted containing \$31,000 in Liberty coupons and bonds in addition to \$257,000 in non-negotiable checks.

**WORLD NEWS EVENTS**

**CORK, (AP)—**Deputy Lord Mayor O'Callahan has been elected lord mayor in succession to the late Terence MacSwiney.

**MEXICO CITY, (AP)—**Serious clashes between socialists and liberals incident to the Yucatan state election campaign are reported in dispatches from Merida. Assertion is made that the socialists, who are dominant in that state, have employed troops to suppress demonstrations. The election will be held on December 1.

**VALPARAISO, Chile, (AP)—**Alexander Johnson, the Swedish millionaire ship owner, president of the Johnson line of steamers, arrived today on board of one of his own vessels and announced plans for fortnightly sailings of the steamers of his line between Sweden and Chile. Mr. Johnson will proceed to the northern countries of South America and thence to San Francisco.

**FRAZIER HAS SLIGHT LEAD DENIES KANSAS APPEAL**

Non-partisan League Governor of North Dakota Outdistances Opponent

FARGO, N. D. (AP)—After trailing behind in the vote since election night, Governor Lynn J. Frazier, republican candidate endorsed by the Non-partisan league, swung into the lead early today in the gubernatorial race. He had a lead of more than 600 votes over his democratic opponent. Frazier's election has been conceded by the Fargos Forum, which supported O'Connor.

NON-PARTISAN  
LEAGUE IS HARD  
HIT IN IDAHO

Fairchild Carries Only Two Counties in Gubernatorial Race, Only One Man with Endorsement in Legislature

BOISE, Idaho, (AP)—The Non-partisan league suffered a severe reverse in Idaho in Tuesday's election. The league's candidate for governor, S. D. Fairchild, carried only two counties and his majorities in these were not so large as those obtained in many other counties by the republican candidate, Governor D. W. Davis, who sought re-election. Figures from 647 precincts today showed the following relation between the three candidates in the race:

Davis, 33,177; Fairchild, 10,990. All other non-partisan state candidates were defeated. Returns on the legislature so far show only one man who had league backing elected.

**Recalls Invasion**

Two years ago the Non-partisan captured the entire democratic political machinery and, students of politics agree, the democrats in retaliation flocked to the republican standard in such throngs that Governor Davis was given a majority of nearly twenty thousand over his opponent, H. F. Samuel, in an election where the total vote was only about 95,000.

**G. O. P. Majorities Grow**

Returns from the 674 precincts, all that had reported at noon, gave increased majorities for all the republican state and national candidates. The missing precincts, 178 in number, represent an estimated total vote of eight thousand votes. If this estimated total is correct, Davis and Frank R. Gooding, republican candidate for senator, as well as Harding, have received an actual majority of all votes cast. Harding's lead over Cox is nearly 40,000, a record for Idaho.

**WOMAN SHERIFF-ELECT OUTLINES HER POLICY**

Mrs. Jane Johnson will appoint as Deputy Her Husband Whom She Succeeds in Office

ROSCOMMON, Mich. (AP)—Mrs. Jane Johnson, 65 years old, mother of three children and sheriff-elect of Roscommon county today outlined the platform on which she will go into office next January, succeeding Sheriff Johnson, her husband.

"I can land a bad man or a bad woman myself, if necessary," she said, "but as a matter of prevention I will appoint my husband deputy. In the intervals between searching for and caring for prisoners I will look after my children—two girls and a boy—and the domestic duties in the county jail."

Mrs. Johnson added that in case it should become necessary for her to arrest a bad man, he will know one man has been after him.

The sheriff-elect gained her experience from her husband, who has been sheriff for the past six years, and whom she married 40 years ago.

REPUBLICAN PLURALITY IN  
NEXT SENATE IS 22 AND IN  
CONGRESS AT LEAST 151COMPLEXION OF NEXT  
SENATE AND CONGRESS  
AS SHOWN BY RETURNS

CHICAGO, (AP)—The makeup of the next senate and house of representatives, according to latest returns, with only six representative districts missing, is as follows:

STATE	SENATE		HOUSE	
	Rep.	Dem.	Rep.	Dem.
Alabama	0	2	0	10
Arizona	1	1	0	1
Arkansas	0	2	0	7
California	2	0	9	2
Colorado	2	0	3	1
Connecticut	2	0	5	0
Delaware	1	1	0	0
Florida	0	2	0	4
Georgia	0	2	0	12
Idaho	2	0	2	0
Illinois	2	0	24	3
Indiana	2	0	13	0
Iowa	2	0	11	0
Kansas	2	0	8	0
Kentucky	1	1	3	8
Louisiana	0	2	0	8
Maine	2	0	0	0
Maryland	2	0	4	1
Massachusetts	1	1	14	2
Michigan	2	0	13	0
Minnesota	2	0	9	0
Mississippi	0	1	13	2
Missouri	0	2	2	0
Montana	2	0	1	0
Nebraska	1	1	6	0
Nevada	1	1	1	0
New Hampshire	2	0	2	0
New Jersey	2	0	11	1
New Mexico	1	1	1	0
New York	2	0	25	14
North Carolina	0	2	0	10
North Dakota	2	0	3	0
Oklahoma	1	1	5	3
Oregon	2	0	3	0
Pennsylvania	2	0	34	1
Rhode Island	1	1	3	0
South Carolina	0	2	0	0
South Dakota	2	0	0	0
Tennessee	0	2	3	7
Texas	0	2	1	17
Utah	1	1	2	0
Vermont	0	2	0	0
Virginia	0	2	1	9
Washington	2	0	5	0
West Virginia	2	0	0	0
Wisconsin	2	0	11	0
Wyoming	1	1	4	0
Totals	59	37	290	137

**SENATE**—Total membership of senate 96. Necessary for majority 49. Present membership: Democrats 47, Republicans 48, Republican and Procrustes 37, Republican and Procrustes 22.

**HOUSE OF REPRESENTATIVES**—Districts missing in above table are Fourth Maryland, Eighth Minnesota, Fifth Missouri, Fifteenth Twenty-first and Twenty-third New York. Total membership 435. Necessary for majority 218. Present membership: Democrats 190, Republicans 232, 9. Membership of next congress: Democrats 137, Republicans 250 (including 9 of last night's election), 9. Independent republicans listed as republicans, Socialists 1 (New York), Independent Prohibitionists 1 (Pennsylvania). Six districts missing.

**Wilson Puts Warship at Harding's Disposal**

WASHINGTON, (AP)—President Harding today directed Secretary Daniels to place a battleship at the disposal of President-elect Harding for his contemplated visit to the Panama canal zone.

The president also instructed Mr. Daniels to offer Mr. Harding the use of the presidential yacht Mayflower to convey him and the members of his party to Hampton Roads to go aboard the battleship.

**PRESIDENT-ELECT READY FOR HIS VACATION TRIP**

Abandons Headquarters where Cheering Crowds Meet in Celebration

MARION, O. (AP)—In final preparation for his first real vacation in months, President-elect Harding today disposed of the last remaining business of his campaign headquarters here and virtually abandoned the headquarters building which has housed his office and campaign assistants since July.

Mr. Harding and his party of friends he leaves tomorrow morning for a month's vacation trip that will take him to Southern Texas and probably to Panama.

In his speech to the cheering crowd that gathered for his post-election first porch speech the new president-elect pronounced the league of nations "deceased," although by an historic "celebration" a crowd was gathered at the same hour on the White House.

**MINNESOTA.** ST. PAUL, Minn. (AP)—J. Larven, republican candidate for congress in the eighth district, had a majority of 965 votes over Congressman W. L. Cars, democrat, when 3,710 precincts out of 791 in the district had reported at noon today. The vote then showed: Larson 20,847; Cars, 20,842.

**OHIO.** NEWARK, O. (AP)—Congressman W. A. Ashbrook, democrat, probably will ask for a recount of ballots in the seventeenth Ohio congressional district. Complete returns from the six counties in the district today gave J. M. Morgan, republican, a lead of 110, although Morgan claims his election by 141 votes.

**TENNESSEE.** MEMPHIS, Tenn. (AP)—With Tennessee definitely in the republican electoral column, returns gathered by newspapers indicated early today that the republicans had captured five of the state's ten seats in the lower house of congress. Two members of Tennessee's present congressional delegation are republicans.

G. O. P. HOLDS  
RECORD MARGIN  
IN THE HOUSE

Harding's Electoral Vote is Virtually Settled at 404 as New Mexico and North Dakota Swing in Line

NEW YORK, (AP)—With the six of President-elect Harding's electoral vote virtually settled at 404 out of a possible 531 and the complexion of the new senate set down as 50 republicans and 47 democrats, republican leaders today awaited belated returns on eight contests in six states to fix the exact size of the republican house majority.

Exclusive of the six undecided seats in the lower house the republicans had 289 members to 137 democrats and four of other designations, a plurality of 151—the greatest ever held by any party in the house. The nearest approach to it was in the fifty-second congress, when the democrats had a lead of 148.

Republicans appeared to be assured of better than an even break on the six outstanding seats which would give them a record party margin in the house. The seats still in doubt were the fourth Maryland district, eighth Minnesota, fifth Missouri, fifteenth, twenty-first and twenty-third New York.

**Further Upset Possible.**

A further possible democratic upset appeared possible in the fourth Tennessee district where W. E. Claus, republican, was reported to have edged slightly ahead of C. O. reported elected.

The senate majority was not settled last night when the results of the election gave the republican candidate, Richard P. Ernst, victory over Senator Beckham, democrat.

Montana's four electoral votes fell definitely into the Harding column when returns from 127 precincts out of the total 148 gave the republican candidate a lead of 44,530. With North Dakota's five electoral votes counted last night when democratic leaders admitted they had given up hope of carrying the state, the addition of Montana brought the Harding total up to the 404 mark.

**Women Get Representative.**

Yesterday's count in Oklahoma included the vote of one woman representative in the lower house, Miss Alice Robertson of Muskogee, a farmer and restaurant owner. Miss Robertson was an anti-suffragist prior to the adoption of the nineteenth amendment and declared the congressional race "to see if the men meant it," when they "thrust the vote on us."

GERMANY'S TREASURY  
FACES HURGE DEFICIT

Former Vice Chancellor Says It Is Impossible to Vote Credits Demanded by Allies

BERLIN, (AP)—Germany's treasury faces a deficit of approximately 70,000,000 marks, Dr. Karl Helfferich, former vice chancellor, declared in the Reichstag here Thursday. He said that to face of expenditures amounting to one hundred billion marks, the receipts would total thirty billion. He declared it was impossible to vote the credits demanded for the inter-allied high commission in the Rhine territory, and reproached the minister of finance, Dr. Wirth, for not having done anything to remedy the situation.

Dr. Wirth, in answering, stated the cabinet had decided to introduce a bill providing for a "sacrifice tax," adding that the government would buy a credit of one billion marks to buy credits abroad. He declared the financial difficulties of the German people could be solved "only if they can live."

ITALY IS CELEBRATING  
ARMISTICE ANNIVERSARY

Representatives of All Regiments in Nation's Army March in Parade in Rome

ROME, (AP)—Representatives of all regiments of the Italian army, gathered from all parts of Italy, marched in the great parade here today to celebrate the second anniversary of the armistice with Austria, which, as far as Italy was concerned, ended the great war. The march, all of whom were decorated, was headed by the Italian flag, through the main thoroughfares, bearing their regimental flags and singing patriotic songs amid the applause of immense crowds which lined the streets.

The American flag, carried by the director and students of the American academy here, received a very warm ovation.

## GEDDES URGES CO-OPERATION WITH ENGLAND

British Ambassador Sounds  
Warning Against National  
Trade Competition Between  
English Speaking Powers

MINNEAPOLIS, Minn., (AP)—America and Great Britain must avoid national trade competition, "organized by government and supported by political action," Sir Auckland Geddes, British ambassador to the United States, declared today in an address at a chamber of commerce luncheon here.

If the United States or Great Britain, he said, were to begin to organize areas of exclusive economic advantage there "would inevitably come a clash of interests that would at least strain the friendly relations between the countries." Sir Auckland denied statements appearing in American newspapers that American ships had been placed at a disadvantage with British ships by British government action. He declared, however, "not in any sense as a threat, however veiled, but as a matter of interest," that if the British empire should adopt a law "resembling the American law limiting coastwise traffic to ships flying only its own flag," there would be some far-reaching derangements in the business of non-British shipping.

"We are not thinking at present of adopting any such law," he added. "For our trade policy is based on the policy of 'fair trade and equal opportunity.'"

### Demire Continued Amity

Speaking not only as the ambassador of England, but as the representative of all the British dominions and colonies, "of one-quarter of the human race," Sir Auckland said he had no hesitation in asserting that he misrepresents no opinion of importance when he declared that the wish of all the British people to live in peace and amity with the United States and "with all the nations of the earth."

"I sometimes read in your newspapers," he said, "of the subtle devilish schemes which the British government is preparing with the object of preventing your trade expansion. I have been a member of the British cabinet, I have been the minister of the crown responsible for the trade policy and activities of the government, and I assure you formally and without reservation that the principle which underlies British trade policy is expressed in five words:

"Fair trade and equal opportunity."

### Mutual Trust

"Due to trust one another as states we can trust one another not to attempt to steal marches each upon the other, they believe that the competition of our respective traders will add to and not subtract from the understanding of the one nation by the other."

"Let me declare without any possibility of misunderstanding, the British government will welcome the co-operation of the government of the United States in dealing with the problems of the east and the west and that so far as trade is concerned it stands today by its old policy of fair trade and equal opportunity."

## MEXICO REPORTS SLAYER OF AMERICANS EXECUTED

Announces Fulfillment of State  
Department Representations

WASHINGTON, (AP)—Summary trial and execution of an unnamed Mexican, charged with the murder of Arthur L. Meeley and Gustavus E. American citizens, has been reported to the American embassy at Mexico City by the Mexican foreign office. The state department was advised on Thursday.

The foreign office also reported to the embassy that Lieutenant Colonel Guadalupe Gonzalez has been arrested by the federal Mexican authorities as an accomplice in the killing of the Americans near Tampico on October 25. Under instructions of the state department the American embassy has made urgent representations to the foreign office that prompt and effective measures be taken to arrest and punish the guilty. The department also instructed the American embassy at Tampico to make representations to the local authorities at Tampico.

### CONFERENCE TO CONSIDER GRAIN SHIPMENT WEIGHTS

WASHINGTON, (AP)—A conference of state commissioners, shippers and railroad representatives were called Thursday by the interstate commerce commission to meet at St. Louis, November 15, to discuss the proposed changes in existing minimum weights on grain and grain products. The railroads have sought to continue present minimum weights indefinitely beyond December 31, when the present tariffs expire and to re-establish a minimum weight of 50,000 pounds on grain products.

### DUTCH PRESS ATTACHES IMPORTANCE TO CABINET

THE HAGUE, (AP)—The Dutch press generally agrees that the foreign relations of the United States now depend upon President-elect Harding's choice of a cabinet. The Vaderland of this city says:

"If Mr. Harding picks men like Ethel Root and William H. Taft, then we can expect the United States in the league of nations soon. If he picks Senators Johnson and Borah then the United States will be out of the league a long time."

## INQUIRY IN ARGENTINE DISCLOSES HUGE GRAFT

"Undue" Disbursement of Big  
Sums by Former Govern-  
ments Revealed

BUENOS AIRES, (AP)—Argentina has been having a graft investigation as a result of which it has been found that 5,500,000 pesos have been "unduly" disbursed by former governments. Officials who directed payments to contractors for building the capital here the present government has announced its intention of bringing suits to recover the money improperly paid.

The building, a magnificent structure of classic architecture, marble facing

and broad sweeps of marble steps, unlike the capitol at Washington, is jestingly called in the newspapers "El Palacio de Oro," Spanish for "The Palace of Gold." It was begun in 1897 and was originally to have cost 10,000,000 pesos. It is not yet entirely finished and has cost 27,000,000.

Recently a committee of the national accountancy department completed an investigation of the expenditure of the monies paid for construction of the building and reported that 5,500,000 pesos had been "unduly" disbursed.

Buenos Aires newspapers, 100 years ago of wagon loads of building material that went in the front door of the structure, soon after came out the back door and then disappeared. Charges were made that marble was paid for but concrete used for part of the construction, and other accusations of graft were aired. It was then that the newspapers began to call it "The Palace of Gold."

## FORMER BOY SCOUTS OF SPAIN FIGHT ILLITERACY

Declare Existence in Nation of 80 Per  
Cent of People Unable to Read or  
Write Veritable Scandal

MADRID, (AP)—Former Boy Scouts in Spain have decided to inaugurate a campaign throughout the country to combat the prevalent illiteracy. The resolution founding a society just formed for that purpose says: "We consider the existence in Spain of 80 per cent of the population who can neither read nor write constitutes a veritable scandal for the nation. After carefully analyzing the problem, we have reached the conclusion that a nucleus of good will on the part of the governing classes would be sufficient to solve it."

The society resolved to form free

classes in every big city where boys will be given instruction in the elements of reading, writing and arithmetic. Later similar classes are to be started for adults of both sexes. The teachers will be chosen from volunteers among educated people and the society hopes to enlist the services also of professional teachers from the national schools to give instruction in the evening.

### NOTICE TO PROPERTY OWNERS.

Notice is hereby served, that it is unlawful to burn trash or rubbish of any kind on the paved streets, avenues or alleys, within the City of Twin Falls. Residents of the city will please take warning and refrain therefrom. Violators of these regulations will be punished according to law.

F. C. SPENCER,  
Street Commissioner.

HALE TO BE HARDING'S GUEST  
PORTLAND, Me., (AP)—Senator Frederick Hale has accepted an invitation to accompany President-elect Harding on his vacation trip to Texas and Panama.

### Serious Results from Colds.

Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say "I had a hard cold last winter." Why not take Chamberlain's Cough Remedy and cure your cold while you can.—adv.

\$9.00 Hats	\$6.75
\$10.00 Hats	\$7.50

## Today's Sporting News

WORD REACHED  
COMISKEY LATE  
ABOUT SCANDALNew York Club Owners Clear  
Chicago Magnate of Inac-  
tion Charge

NEW YORK, (AP)—Jacob Ruppert and T. L. Huston, owners of the New York Americans, today made public a statement from Charles A. Comiskey, owners of the Chicago Americans, dealing with the 1919 world series scandal.

The statement is a reply to a request from the New York owners, seeks to counteract the impression that prevails that Mr. Comiskey had been delinquent in exposing the scandal and that credit for doing so should go to President Johnson of the American league.

Mr. Comiskey declared that the first intimation he received of crookedness was regarding H. C. Redmond of St. Louis, who claimed to have lost \$5000 on the White Sox by being double crossed. Redmond was interviewed, he said, but the story he told was vague and uncertain. Redmond, he declared, could give no names, circumstances or facts on which to base charges of crookedness.

Mr. Comiskey stated he had spent approximately \$10,000 in attempting to run down the charges, and that the work of detectives hired by him did not terminate until May, 1920. He then communicated his suspicions to President Heydler of the National league, who in turn, informed President Johnson of the American league.

"This same man, Redmond, was likewise interviewed at or about the same time that I interviewed him, by this same Johnson, the president of the American league," the statement continued, "and Johnson must have reached the same conclusion because he took no action."

"Immediately upon the special grand jury being convened in Cook county, I volunteered all information at my disposal and paid out of my pocket the expenses of witnesses to testify. Even though the chief justice of the criminal court offered the delay investigation until the end of the season, so as not to interfere with the schedule, I declined to have the matter postponed."

**Heavyweights to Sign for Battle During Afternoon**  
Dempsey and Carpentier to Decide Upon Terms for the Coming Meeting

NEW YORK, (AP)—Final details of the contract governing the proposed world's heavyweight boxing championship bout between Jack Dempsey and Georges Carpentier will be signed today. Dempsey and his manager, Jack Kearns, were expected to arrive from Canada during the day. Carpentier and his manager, Francis Desamps, plan to sail for France tomorrow.

**RIVERS KNOCKED OUT.**  
ST. LOUIS, (AP)—Marry Kakakoff, local lightweight boxer, knocked out Ray Rivers of Los Angeles in the second round of a scheduled eight-round bout last night. Kakakoff conceded his opponent four pounds in weight.

JOHNSON STANDS  
FIRM AGAINST A  
JOINT CONCLAVEHead of American League An-  
nounces He Will Not Meet  
with Nationals

CHICAGO, (AP)—President Ban Johnson of the American league today intimated that there will be no joint session of the major league club owners in Chicago Monday afternoon. The Johnson's stand was taken by fans to be his reply to the reports from New York that President Heydler of the National league had issued a second invitation to the American league executive and to the "loyal five" club owners supporting Johnson to join with the National league and the Chicago, New York and Boston American league clubs in session here Monday afternoon.

President Johnson yesterday issued a call for a special meeting of all American league club owners to discuss league matters. The session was set for Monday morning in Chicago. It was expected today that discussion with deep consideration of plans to reorganize the National pastime.

Johnson's forces, consisting of the Cleveland, St. Louis, Detroit, Washington and Philadelphia clubs, while agreed that a change in baseball law is necessary in the light of the recent scandal, object to the feature of the Lusk plan of baseball reorganization which calls for a governing body of disinterested parties to succeed the present national commission. The National league members also will hold a special meeting here Monday morning.

**BIG ORDERS READY.**  
CAMBRIDGE, Mass., (AP)—Harvard's football eleven today put the finishing touches to its preparations for the annual game with Princeton tomorrow.

Beginning with 1877 Princeton and Harvard met 22 times on the gridiron, the Tigers capturing 13 contests, the Crimson eight, and two being the games. Last year the score was 10 to 10.

**WINS AT BILLIARDS.**  
CHICAGO, (AP)—B. F. Rhines of Akron, O., playing 24 innings, defeated James Maturo of Denver, 125 to 100 in the national pocket billiard tournament last night.

## Brief Bits of Sport

Next Monday night, in Pittsburgh, Jack Britton will defend his title against Jack Perry, of Smokestown.

Perry recently knocked the welterweight champion off his feet in a milt mix, and has acquired a bunch that he is marked to wear the welter crown after the coming fight.

Come now Jack Dempsey and says the fifth welter between himself and Carpentier will be pulled off in New York or not at all.

More of that Kearns idea of free press dope.

It is also averred that John Padron Sanchez Marcos Gonzales, a wealthy Cuban sugar planter, has offered his big follow a purse that cannot be scoffed at for the hunt in Havana.

Yes, sir, they are all midweight wrestling champions now—everyone of 'em.

John McGraw will have at least five first-class catchers on his staff the coming spring.

Muggsy has Smith, Snyder, Gonzales, Gaston and Hordine lined up for meat tickets, and may take on a few

more before the call comes for training next year.

Local football interest is centering largely in the Armistice day game between Idaho and Utah, at Boise.

Meanwhile Clint W. Evans, Twin Falls football coach, is keeping his squad fully and keenly alive to the fact that there is a tough game coming up against the Boise high eleven Thanksgiving.

Hughie Jennings, while slated only for the job of assistant manager of the Giants, will probably have all the work to do, at least during the early part of the coming year.

"John McGraw likes to string with the Cuban ponies as long as there is anything doing on the turf in the spring.

Headline: "Football Player Is Paralyzed by Injuries."

Sam, a star, was completely knocked out on the local field one day last week.

Got to show respect for Hod Eller now, the big star, who after the war, gave a quart of life-blood, by transfusion, to save the life of his mother-in-law.

Tom Andrews has inside information that Billy Shade, a California middleweight boxer, is due to become champion of the world in his class.

Billy, according to accounts, is now in Australia, where he has been cleaning up all the stars of his class, including Australian Champion Tommy Uron.

Shade, it is related, went after Uron in a 20-round battle and won in the 19th with a knockout.

The averted Shade will return to

America and camp on Johnny Wilson's trail.

Perhaps he should take on Mike O'Dowd first.

MISSION OF MEXICAN IN  
EUROPE HAS BEEN ENDEDPalavacini Arranges for the Re-  
newal of Diplomatic Re-  
lations

PARIS, (AP)—The special diplomatic mission of Felix F. Palavacini, owner of El Universal of Mexico City from the Mexican government to various European governments has been finished, he announced Thursday.

Senor Palavacini has arranged with the British government to renew diplomatic relations with Mexico, and the member of the Mexican government assumes the presidency of Mexico. Relations between the two countries have been interrupted since 1914. In Belgium Senor Palavacini was received by King

Albert, in Spain by King Alfonso and in France by President Millerand.

As a result of Senor Palavacini's negotiations, the Spanish government has decided to help the investment of Spanish capital in oil exploration from Mexico to Europe and South America. Italy will also establish a direct steamship line with Mexico and the Italian government has authorized Generalissimo Garibaldi to visit the famous Italian patriot to go to Mexico to return the visit of Senor Palavacini to Italy.

Mexico, Senor Palavacini said after

four months in Europe has the friendship of all the European countries.

"As the policy of Mexico toward the United States will be friendly," he continued, "the relations between Mexico and all the world outside will be very good in the future."

**TOTAL EXPENDITURES** \$7,384.41  
**BALANCE CASH ON HAND** \$1,050.73

## Organization of the Chamber of Commerce

During last fall our Chamber of Commerce was organized by various committees on a sound business and financial basis. During the ten months from January 1st to November 1st, our Chamber of Commerce has used its influence through the various bureaus, directors and membership meetings to further many community enterprises a number of which are mentioned below. Actions have been taken and recommendations have been made on a total of 132 subjects of community interest during the year. This developmental work will continue along the same lines during the next year with the support of the citizens of this city and county.

## Some Actions Taken by the Chamber

**ADVERTISING**  
Besides replying to 2,181 personal inquiries, Twin Falls has been advertised in more than 75 different newspapers over the country. Magazine and newspaper articles have been furnished to 14 different publications having a total circulation of 100,000. Also 20,000 of the Twin Falls circular writings have been distributed throughout the United States due to the efforts of our Chamber. The Chamber considers advertising the city of Twin Falls as one of its principal functions, just as does the merchant who advertises his store and goods. The Chamber of Commerce has two kinds of advertising to follow: 1. Advertising IN DISTANT STATES for the purpose of bringing in new capital and purchasers to buy out any of the people now residing in this community who are not entirely satisfied with their conditions. 2. Advertising LOCALLY so as to draw every possible bit of trade to Twin Falls. This has been done by securing big men for speakers, good announcements and entertainments, obtaining courtesies and in fact securing every form of attraction that will get people into the habit of coming to Twin Falls for business and pleasure.

## HIGHWAY ADVANCEMENT

Our Chamber has formed the backbone of the Highway Committee to assist the District Highway Officials in all matters that would hasten state and district highway construction. The delegations to Boise have had much influence in shaping the road policies of this district.

## AUTO TOURISTS' PARK

Our Chamber opened up and assisted the city in the construction of convenience for Auto Tourists in the new park. Twin Falls is the natural half way stopping point between Salt Lake and Boise. Our park, as small as it was this year, accommodated 2,133 cars during the summer, representing at least 6000 people stopping here who expended over \$25,000 in our city. These tourists will advertise our tract all over the United States. It is certain that larger and better quarters must be furnished for next year's flood of travelers. The Chamber has already presented plans to the City for securing a permanent park with a swimming pond.

## RECLAMATION

Through the reclamation bureau the Chamber of Commerce has used its good influence towards furthering favorable Federal reclamation legislation and advancement. Delegations took part in the Burley Reclamation Convention, transported from Twin Falls by special train, and attended to our share of informing and influencing the United States Appropriations Committee while on its eastern tour to appropriate funds for reclamation purposes in the west. The Hansen Butte project is now up for the consideration of Twin Falls County people and must be given support and assistance whenever needed. By continuing advertising of the facts and benefits derived by the irrigation of this productive Twin Falls Tract as an example, our Chamber has become one of the strongest influences in the west to cause further advantageous irrigation financial support to be secured for the state of Idaho.

## BLUE CARD SYSTEM

During the six months of operation of this system for checking up solicitors for public donations 43 applications have been made to the Chamber of Commerce office for Blue Cards. Of this total only 12 cards have been issued granting permission for solicitations to be made. By this method of censorship the good propositions have been encouraged and great numbers of unnecessary or entirely worthless frauds eliminated, saving thousands of dollars to the merchants and public at large as well as saving all the time consumed in going over the unproved propositions by the man who must, through courtesy, listen to all the various propositions presented.

## CHANGE OF TIME

The Chamber, working through the State Commercial Secretaries' association which association is headed this year by Twin Falls Secretary, who is president of the State Association, caused the change of local time to that of Mountain time in the entire region from Minidoka northward to Halley and Ketchum. This arrangement has proven beneficial to the people of this community by keeping business hours in the cooler part of the summer days and

saving an hour of daylight in business hours in winter, thereby saving many thousands of dollars in electric light expense to all business houses and electricity consumers.

The Interstate Commerce Commission will undoubtedly issue an order within the next month changing standard time to Mountain Time, thus making local time and railroad time uniform.

## ASSISTANCE TO THE FARMING COMMUNITY

Cooperating with the various organizations the Chamber assisted to secure the continuation of hog cholera eradication and cow tuberculosis testing work; brought in many farm laborers and supplied information and support to the Public Utilities Commission which assisted in securing more transportation facilities for farmers during the crop and fall of the Twin Falls Tract as well as working continually to hasten highway construction.

## CONVENTIONS AND CELEBRATIONS

Besides the Reclamation Convention at Burley and tour with the United States Appropriations Committee over the State of Idaho and two commercial Secretaries' Conventions our Chamber has assisted in the following: the State American League Convention and quarters for State American Legion Headquarters; Harvest Home Festival, County Agricultural Club Contest, Agricultural Club, County Agricultural Agents' traveling tour, district Agricultural Club, County Home Jamboree, Escamoteur, County School Children Contests, assisted the County Fair, Automobile Dealers' Association truck tour; Secretary of Agriculture Meredith and others speaking visits; Boys' and Girls' Agricultural Club meetings, Membership annual Potato Breakfast and entertainment of visiting teachers during the Institute week. As occasions have arisen our Chamber Merchants' Committee has determined upon the closing of stores and other places of business if necessary.

## IMPROVEMENTS IN FARM AND LABOR CONDITIONS

During the early part of this year a general labor shortage and labor dissatisfaction prevailed in Twin Falls through extensive advertising and immediate and considerate replies to the letter inquiries from working men residing at distant places the Chamber of Commerce did its part to encourage hundreds of building construction and farm laborers to come to Twin Falls. An open discussion and publicity of disputed labor questions together with an expressed hope of the general sentiment of the community as represented by the Chamber of Commerce helped to clear up and settle labor troubles that existed. The Chamber of Commerce office has maintained an employment office for clerical workers and directly placed in positions 22 different people as well as handling several cases of community interest and inquiries of which no record of the actual results can be obtained.

## The Biggest Project of This Year

The new railroad connection and outlet to the southward for Twin Falls products represents many months of careful work by dozens of committees of the Chamber of Commerce. The plan so carefully made assuring either a railroad or positively no expense to the community, though proceeding slower than was hoped for due to the present money conditions, is progressing satisfactorily and will be carried out successfully and completely within the next few months with the combined assistance of the members of the Chamber.

## Unfinished Business and Next Year's Work

1. The railroad must be completed.
2. Plans be made to secure a direct physical connection with the North Side Tract.
3. Work for Reclamation legislation must continue and every possible assistance given the Hansen Butte Project; especially where construction begins the Chamber of Commerce, through its advertising agency, can fill the tract with settlers in short time.
4. This being the year for session of the State Legislature the Chamber of Commerce will take active part in assisting to secure law enactment that will benefit the Hansen Butte Tract.
5. Advertising the City of Twin Falls and this irrigated Tract with illustrated literature, letters and personal information will be followed up to the limit of financial means available.
6. The Chamber will continue to act as a clearing house and supporting influence for all preliminary of community interest dealing with out of favor or class, religion, or politics, to encourage all things that make a better and bigger Twin Falls.

## To the Retiring Officers

Credit and thanks are due to all of this year's officers and committees for handling many difficult problems successfully as well as starting the railroad project which is admitted as the biggest single thing ever undertaken by the community next to watering the sagebrush land itself.

## The Chamber Office Work

The principle on which the Chamber of Commerce office work has been conducted for the year is a very simple plan. The club and entertainment features have been entirely eliminated. A community and public problems have been handled as they arose. The remainder of the force of the secretary has been concentrated in advertising Twin Falls and Twin Falls community with the objects in view of making and maintaining this city as the trading center of our section of Idaho and bringing in outside money and investors to help build up the city and surrounding country. Chamber of Commerce has a reputation established throughout the other cities of Southern Idaho as a strong and efficient working business body.

With the support of the membership this work and reputation can continue.  
NEWELL S. WIGGINT, Secretary.

# OFFICERS DEATH IS OCCASION FOR MORE REPRISALS

Slaying of Lieutenant Hamilton in County Tipperary is followed by firing and dynamiting of Irish town

LONDON, (AP)—The Evening Standard's correspondent at Mullingar, County West Meath, Ireland, says it is reported, although not confirmed, that seven men "black and tanned" have been killed from ambush by machine guns.

NENAGH, County Tipperary, Ireland, (AP)—Lieutenant Hamilton was shot dead while motorcycling near here last evening. Two men who were arrested on suspicion of having killed him attempted to escape and were shot dead.

Reprisals followed the officer's death. Licensed premises and a printing office were destroyed by fire and a creamery blown up with bombs and the machinery smashed.

The inhabitants of Nenagh fled into the surrounding country. The noise of firing and explosions were heard throughout the night.

## TWO ATTEMPTS DEVELOP TO SOLVE IRISH QUESTION

LONDON, (AP)—Two interesting, although unofficial, attempts are being made to solve the Irish question, it developed today. The first of these is an effort by influential political quarters to induce the government to communicate with the Sinn Fein members of parliament in order to try to reach a practical agreement and prevent the ruin of Ireland.

The second is that three coalition members of parliament will formally propose a plan for withdrawing the military in Ireland to strategic centers and allowing the government to take the responsibility for the preservation of law and order with the eventual view of negotiating a political settlement of the problem.

## NAVY VICTORY MEDALS WILL BE DISTRIBUTED

United States navy victory medals and war service citations are now ready for distribution to men in the intermountain district who served in the regular navy between April 6, 1917, and November 11, 1918.

Unfavorable with commendable discharges will award. Men who were honorably discharged will apply for their respective medals.

Ex-service men in the states of Utah, Idaho, Montana and Wyoming may obtain their medals and citations by mailing their discharges and war service certificates to the U. S. Naval Recruiting Station, Salt Lake City, Utah, or bringing them to one of the navy recruiting substations in Ogden, Utah; Boise, Pocatello, Twin Falls, Idaho; Butte, Miles City, Billings, Livingston, Great Falls, Missoula, Glasgow, Montana; or Greyhound, Wyo.

## PRESIDENT-ELECT READY

(Continued from page one)

Jawn in Washington acclaiming the league in the presence of President Wilson.

Soon after his vacation trip, which is to end early in December, Mr. Harding is expected to take preliminary steps toward a consultation of statesmen, which he has promised throughout the campaign, for formulation of America's program toward a world peace conference. Whether he actually will assemble such a council before his inauguration, however, is regarded as doubtful.

## Keen is Interest in Gopher-Badger Contest Saturday

Reports of Tomorrow's Game Will Be Flashed Through Northwest

MINNEAPOLIS, Minn., (AP)—Reports of the Minnesota-Wisconsin football game at Northrup field tomorrow will be flashed throughout the north west to scores of private and public wireless stations from the premises by students of the University of Minnesota engineering college. The engineers have set up wireless apparatus in the grandstand and will report the game play by play.

Advance sale of tickets for the contest indicates a record throng for Minnesota.

## LEAGUE CANDIDATES LEAD SOUTH DAKOTA DEMOCRATS

SIOUX FALLS, S. D., (AP)—Political observers here declared that the strength of the Non-partisan league candidates in South Dakota was surprising in view of the fact that the republicans thoroughly swept the state in Tuesday's election. But comparison with former elections shows that the league lost markedly in the cities and considerably in the rural districts.

Non-partisan league candidates have heretofore rarely run ahead in any district, but returns from the Tuesday vote show a few districts where the league candidates led the democrats.

## Today's Markets

New York Stock Market

NEW YORK, (AP)—Industrial, shipbuilding and specialties were under constant selling pressure in the stock market today and early gains in investment transportation were largely cancelled. Sales approximated 1,000,000 shares.

Further extensive accumulation of rails and equally heavy selling of shipbuilding and oils created highly irregular conditions at the opening of today's stock market. Northern Pacific was the most conspicuous feature on an exchange of 4,000 shares at 95 to 94 1/2, soon rallying to 95 1/2. Advances of 1 to 1 1/2 points were made by Great Northern, Southern Pacific, Chicago Northwestern and Chesapeake and Ohio. Atlantic Gulf opened at a 3 point decline, this soon being extended to 4 1/2 points, and American International fell 2 points. Mexican Petroleum, Royal Dutch, Crucible Steel, Utah copper and Virginia Carolina Chemical were among the other heavy to weak issues.

Crucible Steel and associated, it weakened in the last hour and rails also forfeited much of their advance. The closing was heavy.

## Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$94.80; first 4's \$93.80; second 4's \$93.42; first 4 1/4's \$93.10; second 4 1/4's \$92.40; third 4 1/4's \$92.50; fourth 4 1/4's \$92.74; Victory 3 3/4's \$90.23; Victory 4 3/4's \$90.23.

## Grain and Provisions

CHICAGO, (AP)—Fresh setbacks in the price of wheat took place today, influenced more or less by big breaks in foreign exchange. For the most part, commission houses were on the selling side, and there was no aggressive support. The fact that receipts were small at all points served to encourage buyers to check radical bullish sentiment. Opening prices, which ranged from 1 1/4 to 2 1/4 lower, with December \$1.98 3/4, \$1.99 1/2 and March \$1.95 to \$1.93 3/4, were followed by a slight rally and then by a new downturn.

Subsequently, indications of export business led to upturns, but not of a lasting sort. The close was unsettled, 1 1/4 to 2 3/4 net lower, with December \$1.94 to \$1.93 1/4 and March \$1.93 to \$1.93 1/2.

Corn developed a little strength, with shipping business and malfeasance of arrivals furnishing the stimulus. After opening 1-8c lower to 1-4c higher, including December at 82 1/3 to 82 3/4, the market continued to harden.

Selling of May and buying of December was a feature. The close was nervous, 8c net lower to 7-8c advance, with December \$3 1/8 to \$3 1/4.

Oats were traded on a rather than corn, starting unchanged to 1-2c lower, May 58 5/8 to 58 7/8c, and showing but slight power to rally.

Provisions tended downward notwithstanding higher quotations on hogs. Buyers were scarce.

## Cash Quotations

CHICAGO, (AP)—Wheat No. 4 hard \$2.07 1/4.

Corn No. 2 mixed 80 to 89 1/2c; No. 2 yellow 94 to 94 1/2c.

## Local Brevities

**Lodge Meeting**—The Royal Neighbors of America are scheduled for meeting in Odd Fellows hall at eight o'clock this evening.

**From Salt Lake**—Mrs. George D. Aiken has as guests her mother, Mrs. Juliet Fielding, and sister, Mrs. R. M. Tuttle, both of Salt Lake.

**Patient Recovers**—Mrs. William Lindau who has been a patient at the county general hospital for the past two weeks has returned to her home at Murtaugh.

**Gone to Coast**—A. B. Ostrander left Thursday morning by automobile for San Diego, Cal., where he has recently purchased a home. Mr. Ostrander has been here for several weeks looking after his farming interests.

**Trip by Auto**—Mr. and Mrs. Fred L. Cooper and children left yesterday morning for California going overland. They have purchased land near San Diego and expect to make their future home there.

**For Examination**—To take a state examination in optometry, H. Davis, head of the Davis Optical company of Twin Falls, left yesterday for Boise. He will spend several days in the capital city.

**For Air Service**—C. H. Weber of Twin Falls has enlisted in the "heavier than air branch" of the United States air service and will leave tonight for some field on the Pacific coast.

**Meetings Revive Interest**—Evangelical services, being conducted at the Baptist church by the Rev. E. H. Marshall, are receiving marked attention. Subject for this evening is "The Call of the Wild," and tomorrow night, "Fools I Have Met."

**To Hear Defendant**—F. Gonzalez, accused in a probate court complaint, filed by the district prosecutor, will be taken before Judge D. P. Duvall tomorrow morning for a continuance of the hearing started yesterday. Gonzalez is accused of stealing harness belonging to Jack Francis. He has denied guilt in court and yesterday demanded the services of a Mexican interpreter.

## Social Notes

Edited by Mrs. E. B. Williams  
Telephone 308

Mrs. J. W. Wheeling entertained the Episcopal Guild yesterday afternoon at her home on Fourth avenue north. After the business meeting Mrs. Thomas Robertson gave an interesting talk on "The Church's Duty to the Social Problem." Mrs. A. S. Martin and Mrs. C. H. Deane, at Justamar Inn on Friday, November 12.

Miss Ruth Glasgow was hostess to the Tuesday Evening club this week. The time was spent socially and refreshments served to the seven members present.

Mrs. Peters entertained the Morning circle club Wednesday at her home on Elizabeth boulevard. The program consisted of suggestions for the making of Christmas gifts. Sewing on garments for people who may be in need occupied the time, and late in the afternoon delicious refreshments were served. Thirteen members and four guests were present.

Mrs. A. S. Martin was hostess to the Kimberly Road club Wednesday at her home in the Blue Lakes addition. After the business meeting an interesting program was given under the leadership of Mrs. C. Ivan Price. A social hour was enjoyed and refreshments served.

Mrs. A. H. Vincent entertained at home yesterday afternoon for the following guests: Mesdames W. H. Eldridge, L. E. Salladay, C. E. Booth, H. F. Allen, E. C. Laverling, I. F. Moore, F. W. Brown, Oliver Harstad, Leon, Joseph and Norman Keefe, L. C. Vincent, Earl Felt and Mrs. G. D. Aiken. Out of town guests were Mrs. Frank Bell of Vancouver, B. C., Mrs. R. H. Ferguson of Montpelier, Mrs. R. M. Tuttle of Salt Lake. White and pink chrysanthemums were used for decorations and a delicious luncheon served. Mrs. Earl Felt won the prize for high score and Mrs. Salladay the consolation.

The Catholic Women's league met yesterday afternoon at the home of Mrs. M. B. Corcoran on Ninth avenue north. An interesting business session was held and Mrs. E. M. Wolfe, president of the league, gave an entertaining report on her recent visit to Boise when the Twin Falls league joined the state federation of Catholic leagues. A program followed, consisting of two piano solos by Mrs. Fred Beckwith, a paper "Catholic Womanhood and the Suffrage" by Mrs. Harry Benoit, current events by Miss Alma Benoit, closing with two delightful vocal solos by Mrs. L. C. Elm accompanied by Miss Julia Taylor. Mrs. Corcoran was assisted in entertaining by Mrs. L. I. Benoit, Mrs. James and Mrs. Thomas Corcoran and Miss Alma Benoit. Light refreshments were served.

## SALMON CONTROVERSY SEEMS NEAR SOLUTION

## Authorities to Present Plan of Settlement of Troubles Out of Court

A meeting considered of utmost importance to holders of water contracts on the Salmon project will be held in Hollister tomorrow afternoon. At this meeting these holders will have presented to them by E. E. Shepherd and Murray Brookman, a proposal for the settlement of all matters in controversy between the settlers and holders of the bonds of the reclamation company. Mr. Shepherd is manager of the North Side project, and Mr. Brookman holds a similar official position with the Idaho Irrigation company at Richfield.

**Settlement a Sight.**  
A recent arrangement between the committee representing the bond holders and Messrs. Shepherd and Brookman vests in these men authority to negotiate with the holders of water contracts for water rights, and there seems to be an excellent probability that gratifying results will follow, and a settlement effected out of court.

Mr. Shepherd is well known to the people of the Salmon project and in this section, having had charge of the North Side project for a number of years. It is his purpose to reach a practical solution of the difficulties of the Salmon project arising from the over estimate of the water supply and the issue of contracts for water rights for a larger amount of acreage than can be successfully farmed.

**One Problem Unsolved.**  
The state board of land commissioners some years ago adopted the recommendation of the commission of the general land office and applied for patent for an acreage of Carey lands, which would reduce the project to 35,000 net irrigable acres. This act is left unsolved the problem of the standing of some 21,000 acres of contract land not included in the selection. It is expected that Mr. Shepherd will be able to present some workable plan for adjusting this feature. If he has such a plan officials of the company say he will accomplish a result which years of litigation in state and federal courts has failed to do.

**Office Located Here.**  
An office of the Salmon River project has been opened in the Boot building on Shoshone street, over the City Pharmacy, where Mr. Shepherd will make headquarters a portion of the time. G. M. Hall, manager of the project, has brought from his office at Hollister a portion of the Land & Water company's records, and will be in the office with Mr. Shepherd, to provide such information with regard to the standing of water contracts as is needed.

The removal of the office of the Land & Water company from Twin Falls to the Salmon River Canal company, which is the company operating the project, the office of which remains in Hollister.

NOTICE

To All Property Owners, City of Twin Falls, Idaho.

We earnestly urge all taxpayers who have not registered for City Bond Election to be held November 9, 1920, to register and be prepared to vote, as unless the bond election carries the city will have to pay paving contractors with a warrant, the total amount of which will be due in one year from date, whereas, if the bond election carries bonds will be issued running from ten to twenty years or an average life of fifteen years. In other words, the bonds will be retired out of taxes at the rate of one-tenth each year.

You must register specially for this election at the office of the city clerk, and before November 9th.

## A PROPHECY

Was Lincoln's voice the voice of the prophet? In some instances events supply a strongly affirmative answer. To Shad L. Hodgins we are indebted for a clipping from a newspaper published in eighteen hundred thirty-seven, years before the Mexican war, which seems to bear out the thought that to Lincoln it was given to view men and events in terms of cause and effect, stripping each of the glamour lent by surroundings, and to analyze human character in a manner which has never since been equalled.

In a Lyceum address at Springfield, Ill., on January twenty-seventh, eighteen hundred thirty-seven, Lincoln spoke as follows: Now review the political career of President Wilson in the days which have followed the war, in the light of Lincoln's preachment:

That our government should have been maintained in its original form from its establishment until now, is not much to be wondered at. It had many prophecies to support it through that period, which now are deemed and considered away. Through that period it was felt by all to be an undecided experiment; now it is understood to be a successful one. Then, all that sought celebrity and fame and distinction expected to find them in the success of that experiment. . . . But this field of glory is harvested, and the crop is already appropriated. Now success will arise, and they too will seek a field. It is to deny what the history of the world tells us is true, to suppose that men of ambition and talents will not continue to spring up amongst us. And when they do, they will as naturally seek the gratification of their ruling passion as others have done before them. The question then is: Can that gratification be found in supporting and maintaining an edifice that has been erected by others? Most certainly it cannot. Many great and good men, sufficiently qualified for any task they should undertake, may ever be found whose ambition would aspire to nothing beyond a seat in congress, a gubernatorial or a presidential chair; but such belong

not to the family of the lion, or the tribe of the eagle. What think you these places would satisfy an Alexander? Caesar or a Napoleon? Never! Towering genius disdains a beaten path. It seeks regions hitherto unexplored. It sees no distinction in adding story to story upon the monuments of fame erected to the memory of others. It denies that it is glory enough to serve under any chief. It scorns to tread in the footsteps of any predecessor, however illustrious. It thirsts and burns for distinction; and, if possible, it will have it, whether at the expense of censuring slaves or enslaving freemen. Is it unreasonable, then, to expect that some man possessed of the loftiest genius, coupled with ambition sufficient to push it to its utmost stretch, will at some time spring up among us? And when such an one does, it will require the people to be united with each other, attached to the government and laws, and generally intelligent, to successfully frustrate his design.

## IS BOLSHIEVISM CRUMBLING?

Even the most casual reader of the reports that have been coming out of Russia for several months must feel that the soviet, or bolshevik, government is gradually losing its grip on the people of Russia. Whether it can recover from its present condition of weakness remains to be seen.

There is hardly any doubt that the Russian government entered into peace arrangements with Poland as much because of conditions at home as the defeat of the Russian armies by the Poles. Russia has practically unlimited man power, and if the people were in sympathy with the war there would be plenty of men to do the fighting. Nearly every person who has been permitted to study the situation in Russia at first hand, except the radical adherents of bolshevism, agree that economic conditions in Russia are deplorable, that the masses in the cities are in great want, and that the morale of the people has fallen to a menacing depth.

It does not yet appear that Lenin and Trotzky and other representatives of the soviet government will be able to save themselves by making peace with Poland. They have yet to deal with the anti-reds under General Wrangel, and the Ukrainians are still able to give the bolsheviks a great deal of trouble.

France is reported to be critical of the attitude of Great Britain toward the bolsheviks during the last few months. The French diplomats, according to dispatches, hold to the opinion that the allies missed an excellent opportunity of giving the death blow to bolshevism by aiding the Poles to a larger extent, or even going farther by striking direct.

General Wrangel was given recognition by France a few weeks ago as the de facto head of the Russian government, but France may not be able to give the anti-bolsheviks enough help to enable them to withstanding the attacks which will be made against them by the red Russian troops, just as soon as the war with Poland is definitely ended.

## First German Vessel Since 1914 at N. Y.

NEW YORK, (AP)—The first merchant steamship flying the German flag to come to the port of New York since July, 1914, arrived here Thursday.

The vessel, which marks the resumption of trade with Germany under the flag of that country, was the Sophie Blokmers, a steamer of 4,803 tons, built in Germany during the war. She is flying the old German merchant marine flag.

She is assigned to the Kerr Steamship company, an American agent. The ship is in ballast, and will take cargo here for the return voyage.

## ADVISES LIMITATION ON AMERICAN COAL EXPORTS

Secretary of Commerce Urges Restriction to Supply Home Demand

WASHINGTON, D. C., (AP)—Limitations on the export of coal to insure an adequate supply for home industries and to direct the trade to countries that are natural markets for American coal and to those to which American ships sail in ballast were advocated Thursday by Secretary of Commerce Alexander in a discussion of a national coal export policy.

When conditions return to normal the secretary said, there is little possibility of American producers obtaining a permanent foothold in Europe and competing with the mines of England, Germany and France. For South American countries, however, he declared, the United States is the logical and natural source of supply.

"Our national prestige in these countries would be increased," Mr. Alexander continued, "if the United States were looked to as a friendly and certain source for such indispensable raw material, and our influence would be correspondingly injured if any drastic action was taken designed to hinder the free movement of coal to these countries."

Coal can be exported advantageously to countries on trade routes where American ship lack cargoes for the outward voyage, the secretary asserted. He urged producers and shipping interests to cooperate to this end.

Steele competition operates now as a wave to keep prices of merchandise down to the lowest possible basis. This law of trade is considered so essential in our business life that laws are made to prevent combinations whose object is to boost prices through agreement to profit fully through the competition of the stores you must keep in close touch with store advertising.

## A Reliable Remedy for Colds and Croup.

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa., writes: "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I also gave it to my little granddaughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results."—adv.

## SENATE OF ARGENTINA WARMS ON SPECULATORS

### Legislative Body Seeks to Facilitate Movement of Necessities

BUENOS AIRES, (AP)—The Argentine senate has undertaken to fight the hoarders and speculators in food, clothing, fuel and other necessities by placing the trade in such articles under the control of a government board with broad powers. A measure adopted by the senate would charge the proposed board with the duties of assuring an adequate supply; facilitating distribution and preventing hoarding and speculation against the common interest of the nation.

The bill provides for the appointment of sectional boards throughout the country empowered to buy and sell, provide warehousing facilities and means of distribution and to proceed against persons storing supplies in order to cause increased prices. The prices are too high, the board may recommend expropriation, which measure can then be taken by decree by the executive power of the nation.

In cases of hoarding or destruction for the purpose of increasing prices, the law provides fines and imprisonment up to \$50,000 and two years respectively.

## SAGE TEA KEEPS YOUR HAIR DARK

### When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur Compound enhances its appearance a hundredfold. Don't stay gray! Look young! Ethel, re-prepare the recipe at home or get from any drug store a bottle of "Wyleth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready to use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You molden a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—adv.

**For a Disordered Stomach.** When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested. The important thing to restore the stomach and liver to a healthy condition and for this purpose Chamberlain's Tablets are excellent. Give them a trial. They only cost a quarter.—adv.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

## CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet  
Columbian  
Baking  
Powder  
4 cups of sifted flour, 4 level teaspoons Calumet Baking Powder, 1 teaspoon sugar, 1 teaspoon salt, 2 eggs, 2 cups sweet milk. Then mix in the regular way.

# RESERVE BANK TO GIVE HELP

District Wheat Growers Offered  
Loan of \$1 Per Bushel for  
Grain Shipped

According to a circular being distributed through the local branch of the Idaho Wheat Growers' association arrangements have been made with the Federal Reserve bank for the loan of \$1 per bushel on wheat shipped from this district, if such loan is required by the grower.

In explanation of this loan plan the following statement is made by Donald McLean, shipping agent for the Twin Falls branch of the association:

"We will receive a loan at Buhl, Piler, Twin Falls, Hansen, Kimberly and Murtaugh to the extent of \$1 per bushel on wheat shipped from this district, if such loan is required by the grower. This wheat is to be consigned to the Globe Milling company at Ogden for storage. On presentation of a railroad bill of lading and a warehouse receipt the Federal Reserve bank will, through the Globe Milling company, advance the loan of \$1 per bushel and the freight charges to Ogden, minus the slight handling charges at the shipping point. These charges are mostly for elevator loading fees."

The loan arrangement was made through the efforts of officers of the local wheat growers' branch, with the assistance of the state organization. E. T. Leonard, field representative of the Globe Milling company, was in Twin Falls during the present week to complete details for the shipments.

Agents Named.

Agents of the local branch, located at various towns, are: At Buhl, C. Baird; Piler, L. Thometz; Hansen, Kimberly and Twin Falls, Donald McLean and H. J. Black; Murtaugh, O. Thompson. These agents will accept the wheat and enroll members for the benefits of the association.

Explaining the advantages of membership in the wheat growers' organization is the following paragraph, a part of the public circular:

"We (the Idaho Wheat Growers' association) have made arrangements to ship the wheat of the members of the association from Twin Falls, Idaho, starting Monday, November 5. We ship to Ogden for storage with the wheat from six other counties, to be sold by the association's expert salesmen, who got for the members at American Falls 25 to 40 cents more per bushel than the local elevators offered at the same time."

# CITY TAXPAYERS MUST BALLOT TUESDAY ON NEW BOND ISSUE

Two Thousand Property Owners Will Probably Be Eligible to Vote on Plan to Raise Money to Cover Deficit in Intersection Paving Fund and also for Motorized Fire Equipment

If present indications hold approximately 2000 property owners in Twin Falls will be eligible, through registration, to vote on the proposed bond issue at the bond election next Tuesday.

Of the above total number 1800 taxpayers were made eligible to participate in voting for or against the improvement issue when they balloted at the last city election in April, 1919. At the present rate of registration not more than 200 additional will be enrolled up to registration closing time, noon Monday.

Contravening with early orders issued for the city registration department a local ruling has been disclosed which relieves voters of the necessity of re-registering for this bond election if they voted at the election in April last year. This ruling was discovered by City Attorney John E. Davies and communicated to the city clerk.

Tuesday's election, has been called for the purpose of letting the taxpayers of Twin Falls determine whether or the city shall be further bonded to the extent of \$50,000. This amount is needed to defray cost of intersection paving over and above the amount allowed in the original estimate of cost, and for the purchase of motorized fire equipment. The amount required for intersection paving, and paving repairs, is \$75,000. For fire apparatus it is \$20,000.

The fire-fighting machinery, it is pointed out, is a necessity for Twin Falls, and will supersede the horse-drawn equipment now in service. The fact is also pointed out that whether or not the people of Twin Falls favor this securities issue in their vote at the coming election the municipal government has the authority to include the entire amount in the annual budget and tax the amount against the general city property, to be paid in a single year. If the bonds are voted payment may be extended over a period of 10 years.

**SUBS ON NOTE.**  
Action for judgment has been instituted in the district court by Mary Kelly against John E. Musser, Anna Musser, Isaac Beem, Augusta A. Clonch and John C. Sanger to recover \$3000 alleged to be due on a promissory note. The note was given by the Musser, it is alleged, in part payment for land, the other defendants being said to have mortgage claims against the property. Hazel & Benoit filed the papers.

## Grid Conquerors Strike Trail for Game at Gooding

Evans Takes Big Squad Over-land for Scope of After-noon Conflict

A number of automobiles bearing the high school football squad, headed by Coach Clint W. Evans and accompanied by a large coterie of school and city supporters of the team, passed in cavalcade order out of town early today for Gooding. This afternoon the local team meets the Gooding eleven on the latter's field for the first time this year.

Coach Evans had about 27 men in the football coterie.

The "roster" squad from the high school was composed of any and all students who could find means of transportation and who had obtained an eligibility mark of 80 in their afternoon scholastic subjects.

The entire edition of "Pop Books" was exhausted yesterday afternoon by sale to students of the high school, many of whom were unable to procure copies.

The Blue and Gold club, composed of senior girls, met Thursday evening at the home of Miss Georgia McMaster. This was the first party the club has held this year. A goodly number of students attended the function.

## Continued Cold Weather Billed for Here Tonight

NIGHTS and days of the immediate future will not show much climatic change according to an official release of the weather bureau vizier. "Tonight and Saturday continued cold," is the nature of prognosis for the coming 24 hours.

Twenty above zero was low last night, a mark 10 degrees lower than on Wednesday night. Local records show frost of greater or lesser degree nightly since October 22. Yesterday's high temperature was 47.
