## WRANGLER FIGHTS DESPERATELY WITH BACK TO WALL

## HARDING GIVES FIRST PLACE TO PEACE ALLIANCE

President-Elect Takes Preliminary Steps Toward Furtherance of Plan for New Association of Nations

## REQUESTS STATESMEN TO GIVE VIEWS ON SUBJECT

Lays Aside Cares of Campaign for Interim of Rest, but Mind Works on Plans for Carrying Out Policies

## ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN, (AP)—

Starting for a month's vacation trip to southern Texas and Panama, President-elect Harding today laid aside the last cares of the presidential campaign for an interim of rest and recreation before he takes up seriously the responsibilities of his coming administration. Although his mind at work upon the preliminary details of his first administration policy, Mr. Harding does not propose to let the task interfere with his outgoing. He has asked several leading statesmen to prepare their views on the subject for him, but his first conference to receive advice will not take place until after he returns to Marion about December 6.

The president-elect has made it known that a compilation of opinions on the association of nations proposal will be his first concern, in preparing for his responsibilities at Washington. Harding's cabinet appointments, he has announced, will not be given until he has thought at all during his vacation.

The special train carrying Senator and Mrs. Harding and their party left Marion at 7:30 this morning, bound for Point Isabel, Texas, the southernmost tip of continental United States, where the president-elect will spend 12 days hunting and fishing. After that he is to make an ocean voyage to the Canal zone, and then back to a port on the middle Atlantic coast. He will speak in Bedford, Va., on December 6, and will go immediately from there to Marion.

**Brownsville on Route.**

Making the trip south by way of St. Louis and San Antonio, the senatorial train will reach Brownsville, Texas, Monday morning, and the party will motor from there to Point Isabel, 20 miles away, and only six miles from the Mexican boundary.

One of Mr. and Mrs. Harding on the trip were Harry M. Daugherty, manager of the Harding pre-convention campaign; Senators Frelighuysen of New Jersey; Hale of Maine and Elkins of West Virginia; Edward B. McLean, the Washington publisher; his secretary, George B. Christian, Jr., and his family physician, Dr. C. B. Sawyer and a group of secret service men and newspapermen also were on the special train.

## Bodyguard Accompanies.

The secret service detail, assigned to Mr. Harding as soon as he was elected to the presidency, was in charge of Miles McCahill, formerly of the White House staff at Washington. James Sloan, a former secret service man who acted as the senator's unofficial bodyguard during the campaign, will be "tacked in that capacity in co-operation with the guard detail of official secret service headquarters.

## KES PROTEST AGAINST FLEETS SUMMER CRUISES

(As Congressman Registers Objection to Announced Naval Maneuvers on Grounds of Expense)

WASHINGTON, (AP)—Representative Blanton (Dem., Tex.), made public today an open letter to Secretary Daniels protesting against the announced summer cruises of the Atlantic and Pacific fleets near Washington. James Sloan, a former secret service man who acted as the senator's unofficial bodyguard during the campaign, will be "tacked in that capacity in co-operation with the guard detail of official secret service headquarters.

Mr. Blanton said that congress had not authorized summer cruises. He stated that the cost of the cruises would be at least 70 per cent more than all other ordinary runs these two fleets on such a cruise."

## ROWELL ADOPTS PLACE ON SHIPPING BOARD

FRESNO, Cal., (AP)—Chester Rowell, Fresno, former chairman of the republican state committee, announced today that he had been elected to the U. S. C. accepting President Wilson's appointment to the United States shipping board. Rowell recently sold the Fresno Republican, of which he has been editor since 1894.

## D'Annunzio Troops are Now Facing the Jugo-Slav Frontier

Italian Insurgent Commander Occupies San Marco in a Protest Move

TRIESTE, (AP)—Gabriele d'Annunzio, the Italian insurgent commander at Fiume, has occupied the promontory of San Marco, south of Buzari, with 500 troops as a protest against the alleged firing by Serbian coast guards on the Italian steamer Isorria, from Buzari. D'Annunzio's troops are now facing the Jugo-Slav frontier.

## Settlement Reported in Adriatic Question

LONDON, (AP)—The London Times prints a dispatch from Rome which gives the Papal Rector as authority for the statement that an agreement on the Adriatic question has been reached, the Jugo-Slavs having obtained satisfaction by Italy renouncing her claim to Dalmatia.

## FRANCE READY TO CO-OPERATE IN NEW LEAGUE

Government Circles Evidence Willingness to Defer to American Viewpoint on Alliance for Peace

PARIS, (AP)—The view was expressed in official circles today that the French government would be ready to co-operate with the authorities at Washington in formulating something different from the covenant of the league of nations as drawn at Versailles.

This statement was made in official quarters in referring to the declaration of President-elect Harding, as cable from Marion to the French press, to the effect that the Versailles covenant was now "deceased." This is interpreted by officials as applying to the covenant as drawn at Versailles, and as indicating that some other agreement must take its place. To that end, it was stated by officials, the French government would be ready to give its collaboration.

**Would Accept Reservations.**

It has been the generally accepted view here that the French government would accept reservations by the United States regarding article X and the other provisions of the covenant which have been the subject of controversy in the United States. In this connection it was pointed out in official circles today that the original French idea of a league of nations did not contain anything like article X.

Whether the amended organization would be called a league, or a society, or an association, is immaterial to France, according to the government viewpoint. The essential thing is it is.

## World News Events

CONSTANTINOPLE, (AP)—The French have occupied the Bagdad railway north of Adana as far as Bozanti.

TOKIO, (AP)—A press dispatch from Seoul Friday reports that 106 Korean women have been arrested, charged with collecting funds for the Shang Hai provisional government.

BERLIN, (AP)—The employees of the municipally-owned electrical works struck last night, leaving Berlin without lights or street car service. Power and light plant employees at Beuthen, in Silesia, also struck. The newspapers were forced to suspend publication.

LONDON, (AP)—Soldiers and police, says Central News dispatch from Cork, surrounded an assembly of Sinn Feiners near Macroom last night and arrested about two hundred of them.

## SWISS ADMIT SOCIALISTS MAKE TRUCE IN STRIKE

Government Grants Entrance to International Congress Members

BERNE, Switzerland, (AP)—The Swiss government has decided to grant free entrance into Switzerland to the members of the international socialist congress meeting in Berne, December 10. The government has refused to accept the 21 conditions for adherence to the third international at Moscow as laid down by Nikolai Lenin, the Russian soviet premier.

## MINNESOTA ADDS TO REPUBLICANS HOUSE MAJORITY

O. J. Larson Wins from Democrat in Close Contest in the Eighth District for Representative in Congress

## G. O. P. NOW ASSURED OF 291 MEMBERS IN HOUSE

Claims Success in Both Undetermined Districts and Predicts Further Upsels in Tennessee

The Associated Press at noon today announced the election of O. J. Larson, an American mission for representative in congress from the eighth Minnesota district, where the result had been in doubt up to that time. Larson was opposed by L. C. Carr, independent.

The election of George M. Young, republican candidate for representative in congress from the second North Dakota district, over Ole Olson, independent, endorsed by the Non-partisan league, also was announced today.

NEW YORK, (AP)—Results of last Tuesday's election in three of the nation's 135 congressional districts remained undetermined today as the fifth day of tabulating the republican party's tremendous sweep was begun. The missing districts were the twenty-third, New York; eighth, Minnesota, and fifth, Missouri. In all of which the vote for representatives apparently will be close.

The republicans, with 290 members in the house of representatives, already assured to 138 democrats, one independent prohibitionist and one independent republican were claiming success in all three of the undetermined districts. They also were predicting upsets in the four and eighth districts of Tennessee, where they had been defeated earlier in the democratic column.

Victories in all five of these districts would give the republicans a total of 295 seats and would cut the democratic total to 135, while the best possible result for the democrats would give them a total of only 141 to 200 for the republicans.

**OKLAHOMA GIVES LEADING MORE THAN 25,000 PLURALITY.**

OKLAHOMA CITY, (AP)—President-elect Harding carried Oklahoma by more than 25,000 and J. W. Harrell, republican candidate for United States senator has been elected over his democratic opponent, Scott Ferris, by more than 25,000 on the face of nearly complete returns compiled on Friday.

## NEITHER PARTY WILL ADMIT DEFEAT AT KENTUCKY POLLS

## BOLSHEVIKI CLAIM CAPTURE OF AMERICAN MISSION AT ALEXIEVKA

State and War Departments at Loss to Understand Report; Have No Knowledge of Official Representation within War Zone in Southern Russia; Incident Recorded in Details of Soviet Attack on General Wrangel

LONDON, (AP)—An American mission in South Russia has fallen into the hands of the soviet forces, according to the Moscow newspaper Pravda, as quoted in a wireless dispatch today from the soviet capital. The mission, says the newspaper, was headed by "General Morel."

The dispatch reported the incident in recording details of the bolshevik attack upon the forces of General Baron Wrangel. The paragraph concerning the mission reads:

"At Alexievka station, which was taken without a shot, an American mission fell into the hands of the bolsheviks. The mission was headed by General Morel, who had the task of completing bandits in the white army."

So far as known the only American mission now in the Crimea is an American Red Cross unit of about a dozen members, commanded by Major George H. Ryden, of Kansas City, Mo. There also is an American naval and diplomatic mission under Rear Admiral Newton A. McCall, representing the state department, but the activities of this mission have been confined largely to the Black Sea area. It is possible, however, that one or more of its representatives have been awarded to General Wrangel's army as observers.

The Red Cross mission has been operating in southern Russia for more than a year, and has supplied ambulances, surgical dressings and other needed articles in the Russian counter army. On the invitation of General Wrangel several members of the mission have accompanied the army in its operations in the Crimea. The headquarters of the mission is at Sebastopol.

## OFFICIALS LACK INFORMATION ON MISSION REPORTED TAKEN

WASHINGTON, (AP)—State and war department officials today had no knowledge of any official American mission being within the war zone in southern Russia. Neither had they any knowledge of the two departments of a mission falling into the hands of the soviet forces.

The suggestion was made unofficially that the "General Morel" reported by the Moscow newspaper Pravda as having been captured by the bolsheviks, might be either a French officer, commanding a detachment in the Wrangel army, or a Russian chief of the French diplomatic mission sent into the Crimea and accredited to Wrangel. The French embassy, however, had received no report concerning the incident and expressed doubt that their diplomatic mission had gotten into such position as to make possible its capture.

The only official American mission in Russia is at Sebastopol. Various American relief commissions are operating on the frontier.

## DEBS WILL WAIT IN VAIN FOR PARDON FROM WILSON

President Has No Intention of Liberating Socialist Leader

A pardon for Debs and others convicted of violating the espionage act has been urged by a number of organizations, including the American Federation of Labor, which, at its last annual convention in Montreal, Canada, authorized a committee to confer with Attorney General Palmer on the matter.

WASHINGTON, (AP)—President Wilson is understood to have no intention of pardoning Eugene V. Debs, who is serving a ten-year sentence in the federal penitentiary at Atlanta for violation of the espionage act.

The position taken by the president, according to those who profess to know his views, is that executive clemency in such a case would set a bad precedent and would encourage others to oppose the government in the event of another war.

Debs was convicted at Cleveland on September 12, 1918, by three counts, a jury finding him guilty of attempting to incite insubordination and disloyalty in the military and naval forces, and of attempting to obstruct recruiting, uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy.

Debs and others were convicted of violating the espionage act has been urged by a number of organizations, including the American Federation of Labor, which, at its last annual convention in Montreal, Canada, authorized a committee to confer with Attorney General Palmer on the matter.

## ILLINOIS VILLAGE IS WIPED OUT BY FIRE

SYCAMORE, Ill., (AP)—The village of Sycamore, nine miles west of here, was destroyed by fire last night. Starting in a pool room, the flames spread rapidly to every building in the town.

## SOVIET FORCES PRESS AGAINST CRIMEA FRONT

French and British Representatives Ask Governments if the Warships in Black Sea Shall Support Anti-Bolshevik Chief

## TROOPS RETIRE BEFORE OVERWHELMING NUMBERS

Counter Attacks During Retreat Result in Capture of Ten Thousand of Buden's Cavalrymen Caught in Pocket

## CONSTANTINOPLE, (AP)—

French and British representatives here have asked their governments if their warships in Black Sea waters should support General Wrangel at Perekop and Balakova, where the soviet forces are pressing upon the Crimean peninsula. Meanwhile fresh supplies of rifles and cartridges are being hurried to Sebastopol.

**WRANGLER MAKES MASTHEAD.**

SEBASTOPOL, (AP)—Eight divisions of infantry and General Budenny's cavalry made up the soviet army the attack of which broke the strength of Baron Wrangel's forces in Tauria. These forces, advancing from Nikolai, on October 31, attacked both wings of the anti-bolshevik army.

Ten thousand of General Budenny's men swept southward as far as Balakova, where General Wrangel's counter attack resulted in their surrender. Five columns of superior soviet forces, however, continued to advance in all directions along the 500 mile front and General Wrangel's army was in retreat. He was successful in withdrawing his men, horses and supplies into the Crimean peninsula.

General Wrangel's troops, after their victories on November 1 and November 2 and before their withdrawal, were said to have noted from the front and shot hundreds of Jewish bolshevik commissaries, as well as Hungarians, Rumanians, Chinese and Germans.

## FRANCE ENTERTAINS OLIVE TREARS FOR WRANGLER'S SAFETY

PARIS, (AP)—Further dispatches confirming the extreme gravity of the position of General Wrangel and the urgency of the anti-soviet forces in South Russia, have been received by the French foreign office, but are being withheld temporarily. With the capture by the bolsheviks of Perekop and the surrounding territory, regarded as the key to the isthmus, fears now are expressed in French official circles that General Wrangel's very existence in the Crimea may be seriously endangered.

It is reliably reported that General Wrangel has sent an urgent appeal to France and the other allied powers telling of the critical situation confronting him and requesting more aid.

From an authoritative source it was learned Friday that France feels it now is "too late" to give him further assistance. It was explained that France had already aided him to the utmost in her power and any further support would have to come from the other allied powers among whom the French says, there seems to be no disposition to act.

## BUYS MINE AT BARBAIN. SELLER FOR FORTUNE

ALICE ARM, B. C., (AP)—To buy a silver mine at a sheriff's sale for \$200, Alice Arm, the same Alice Arm who purchased the mine, and then sold the mine a few years later for \$75,000 has been the good fortune of Pedro Salinas, of this city, who just disposed of the mine in a group of Vancouver men.

## GOVERNOR REBUTS BONDS FOR TUNNELS THROUGH DIVIDE

DENVER, (AP)—Governor Brown, in 1913 of the 1483 precincts in the state, according to returns received up to noon today, have rejected the proposal for issuing bonds for the building of tunnels through the continental divide in the state.

## LENINE ADMITS SERIOUSNESS OF SITUATION THREATENING FAMINE

LONDON, (AP)—Nikolai Lenin, Russian bolshevik premier, frankly admits the seriousness of the food situation in Russia. A quoted News dispatch from Copenhagen quotes him as writing in a Russian newspaper as follows: "Soviet Russia has experienced such a food crisis. Moscow and other cities are paralyzed by famine and the army is becoming famished. It is necessary for us to use all means in our power to enforce delivery of foodstuffs by the peasantry. We are in the same position. The Red army is in dire need of food and clothing. If these needs are not supplied immediately all our efforts will be futile."

## AMERICANS IN PEKING LAUNCH RELIEF PARTY

Miniature Expedition Seeks Permission to Rescue Two Countrymen Saught in Mongolia Capital Fighting

WASHINGTON, (AP)—Americans in Peking have launched a miniature relief expedition in behalf of two of their countrymen caught in the fighting at Urumqi capital of outer Mongolia, the state department was advised today. They have mustered twelve Americans, armed and provided with motor conveyance and appealed to the American legation in Peking for permission from the Chinese government for the expedition to move on the town which has been attacked by Russians, Buriats and Mongols.

**Defenders Demoralized.**

Reports have reached Peking from within the walls of Urumqi that the defending Chinese soldiers were demoralized and had begun looting the homes of Russian residents.

The American legation, the department's advisers said, has made urgent representations to the Chinese government that every protection possible be afforded.

## Foreigners in Peril

Although the legation reported the situation in Urumqi as serious and that the foreign residents were in imminent danger, only two Americans were mentioned. Their names were given as Mills, an engineer, and McLaughlin, an employee of the Mongolian Trading company. The rescue mission was described as being made up of friends of the two men. They have planned to have their operations on Kalgan, northeast of Peking, on the great wall of China and on the southern edge of Mongolia.

## CHARGES MONGOLIANS PLOT TO REGAIN AUTONOMY

MUKDEN, (AP)—Major General Chu Chushiang, commanding Chinese troops in Urumqi, in an urgent telegram October 31 to General Chang Tso-lin, commissioner for the three northern Chinese provinces, reports unrest in Urumqi, Kobi-do and among a few tribes in Outer Mongolia, alleging that the Mongolians, with foreign aid and encouragement, are plotting to recover their autonomy, and that unless arrears of pay to the troops and reinforcements are forthcoming, serious disturbances are likely to occur.

General Chang accordingly dispatched a brigade of troops.

## WOULD DIVERT TAX BILL

Governor of Hawaii Seeks to Secure Retention of Levy to Island

HONOLULU, T. H., (AP)—Addition of three small roads to the territorial income tax law will add \$150,000 to Hawaii's revenue next year, according to Governor Charles J. McCarthy, who says he will make an effort to alter the law and collect territorial taxes on amounts paid out in federal income taxes.

The words are "except income tax" and the governor hopes to have them added to the new law, providing for territorial income taxes, exempting all monies paid out in federal income taxes.

The governor estimates that about forty million dollars will leave the territory next year in federal taxes on incomes.

## IDAHO WEATHER.

Tonight and Sunday fair north, rain or snow south portion.

## BARNES DEFENDS EXISTING GRAIN MARKET METHOD

Approves Co-operative Efforts of Producers in Local Territories to Eliminate Unfair Practices

CHICAGO, (AP)—Julius H. Barnes, former director general of the United States Grain Corporation, Friday appeared before the marketing committee of seventeen of the American Farm Bureau federation, offering opinion and suggestions on the best of grain marketing and outlining major influences on price fluctuations on trading exchanges.

In his statement Mr. Barnes said that it was his firm conviction that the present system of grain marketing through open exchange, by maintaining a highly competitive market at all times, favored the advantage of both producer and consumer and that future trading was beneficial in that it furnished insurance for traders against destructive losses on commitment, which would of necessity be taken in wider margins of profits without exchange hedging.

**Discusses Price Decline.**  
Touching upon recent declines in wheat prices which some agricultural interests of the country have claimed are unwarranted by the existing supply and demand, Mr. Barnes said that the wheat producer had "escaped the full effect of deflation" because of the "cushion" found in future trading. He cited figures tending to show that the decline in wheat from the peak post-war price to the current level has been only 18 per cent as against a decline of 68 per cent in potatoes for which there is no exchange market. Similar comparisons reveal declines of 55 per cent in cotton, 41 per cent in bean and 46 per cent in barley, the statement said. Indications that the deflation is world wide in character and not confined to American farm products alone, Mr. Barnes said, was found in the fact that reported farm commodities such as sugar and coffee fell from 41 to 56 per cent during the same period.

In answer to a question as to whether it would be feasible for producers to market their own crops, Mr. Barnes said the present system maintained a lower trade toll between producer and consumer than would be possible in any system which eliminated hedging and that in his opinion any organization of farmers for price fixing would not be decreed just by the American public.

### Differentiates Co-operation.

Particular emphasis was given the statement that co-operative efforts of producers in local territories to eliminate unfair practices where monopolies existed were not to be confused with a nation-wide marketing system which would itself constitute a monopoly. The former, Mr. Barnes declared, is to be encouraged, is sound in economic principle, and will succeed, while the latter is not sound in that it seeks to establish market influences other than the fundamental law of supply and demand.

First among constructive suggestions submitted by Mr. Barnes was that "exact and accurate information on all phases that affect marketing and price, both national and world-wide, verified and endorsed by an organization in whose judgment the producer has confidence" be given to farmers to aid them in determining values. Efforts to improve transportation facilities, and increased domestic consumption were also mentioned as means by which market conditions might be made more favorable for the producer. The disorganization of European finances is to some degree responsible for the present high export demand, and this, in turn, is due to the "impossible atmosphere created for private business by the world political situation," Mr. Barnes declared.

Reports that Mr. Barnes is to head a \$60,000,000 corporation for exporting grain were flatly denied before the committee.

## SAMOA GOVERNOR SUICIDE

Commander Terhune Takes Own Life Just Before Arrival of Investigators

WASHINGTON, (AP)—Commander J. Terhune, naval governor of Samoa, shot and killed himself at noon November 3, said a dispatch received Friday at the navy department.

HONOLULU, (AP)—Advices from Samoa indicate that Commander J. Terhune, naval governor of American Samoa, ended his life November 3, the day before the battle ship Kansas was due to arrive with a naval board of inquiry from Washington, D. C., to investigate charges against his administration.

The governor's body was found in the bathroom of the executive mansion with a bullet wound through the heart, according to the dispatch from Samoa.

## UNIVERSITY OF CALIFORNIA HOLDS ENROLLMENT RECORD

BERKELEY, Cal., (AP)—The University of California has passed New York university and now leads the country in number of students enrolled, according to telegrams received by David P. Barrows, president of the university, here.

The total registration in regular courses at the University of California is 11,154, Recorder Sutton announced. Registration figures just received by telegram from other universities show the following enrollment in similar courses: Michigan 8,800, Columbia 8,317, Illinois 8,285, Minnesota 6,607, Pennsylvania, 5,508.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

## EXPORTS OF LIVESTOCK FROM CANADA INCREASE

Outgoing Shipments Last Year Equal Combined Total for Prior Five Years

OTTAWA, Ont., (AP)—Canada's export livestock trade has shown a remarkable development in the last few years, according to government statistics. Exports last year exceeded \$50,000,000 and were valued at \$50,000,000, a sum equal to the combined values of live stock exported in the five previous years.

More than 90 per cent of the exported cattle went to the United States either as butcher cattle or stockers and feeders. During the same period, Canada exported 112,709,517 pounds of fresh and pickled beef valued at \$29,937,848. The total value of cattle exported, exclusive of canned meats, exceeded \$70,000,000.

## ENGLISH NOTE BRINGS ACCORD ON REPARATIONS

France Withdraws Objections to Conference of Allied and German Experts and Also of Advisory Meeting

PARIS, (AP)—Coolness between the British and French governments over their divergent views relative to German reparations was dissipated by a note from the British government delivered at the French foreign office personally by the Earl of Derby, British ambassador, last night. Premier Leger and the ambassador met tonight to complete the agreement.

It is said at the French foreign office that the British government approves only of a Brussels conference of allied and German experts, but also an advisory meeting at Geneva of allied representatives, which she formerly opposed. It is a possibility that German means will participate in this meeting. It is understood that the Geneva meeting, whether attended by the allied premiers or not will draw up a basis for action by the reparations commission. The decision of the commission, according to this understanding, will then be submitted to a conference of the premiers for final action.

It is considered probable, it was noted, that the German minister of finance will attend the Geneva meeting.

## LACK OF PASSPORT HELD PREJUDICIAL TO CITIZEN

State Department Points Out Risk Run by Americans Abroad without Credentials

WASHINGTON, (AP)—American citizens who have gone abroad without American passports, but with "documents issued by representatives of the countries of their original allegiance," have not necessarily lost their American citizenship, but they have gravely compromised their loyalty and allegiance to the United States, said a statement made public Friday by the state department.

"Officers of the United States government abroad cannot and will not vouch for foreign passports," the statement continued, "because such a vouch would be a tacit recognition of the holder of the passport as a citizen or subject of the country which had issued it. It has also been for some time the general practice of the department to decline to issue passports for the return to this country of American citizens who have accepted the passport of a foreign government to go abroad from the United States."

## REPUBLIC POSSIBILITY HELD OUT TO HOLLAND

Commission Recommends Radical Revision in Constitution Paving Way for Elimination of Royalty

THE HAGUE, (AP)—The possibility of becoming a republic is in prospect for Holland under recommendations submitted Friday by the commission appointed to revise the constitution. If these recommendations are adopted Holland will have the chance to decide upon doing away with royalty, unless the little princess Juliana, only child of Queen Wilhelmina and Prince Consort Henry, some day gives birth to a son by a husband whom the Dutch parliament approves as her consort. The princess now is eleven years old.

The commission proposes that hereafter, unless there is a direct male descendant of a male ruler, the throne shall go to some, while of the second generation of the last king. In the event of there being no direct male successor, however, the people shall have the opportunity to change the country's form of government under the commission's scheme.

A desirable store, long vacant, indicates that somebody has not yet discovered classified advertising.

## RECRUITS MEET NEEDS OF NAVY

Officials Expect Soon to Man Many Vessels Carried on Paper as Part of Fleet

WASHINGTON, D. C., (AP)—Recruiting for the navy is progressing so satisfactorily that naval officials believe it soon will be possible to send to sea a large number of vessels of all kinds now carried on paper as part of the fleet, but actually tied up at navy yards for lack of crews.

Recruits are entering the service at a rate exceeding 2300 a week and the training stations are daily sending large numbers of men to the fleets after the usual four months of training.

### Only 28,000 Men Short.

On November 1, the navy was only 28,000 men short of the authorized strength of approximately 145,000 and it is believed that the department that the full strength will be reached before March 1.

Eighteen battleships are now with the Atlantic and Pacific fleets on cruising duty, while four others have reduced crews. Thirteen of the older type are out of commission entirely.

Of the 243 modern destroyers completed and turned over to the navy, only 65 are now in full commission, and of these 25 are in European waters or are outfitting for service abroad. Of the remainder, 150 are laid up with crews of 20 men aboard and the others are out of commission entirely.

It is explained at the navy department that there is no expectation of ever plying full crews aboard all the destroyers in time of peace as the navy now has a superabundance of this type of vessel. About 50 per cent of the destroyers eventually will be kept fully manned and on duty with the fleet and the others given only large enough crews to keep them ready for duty in time of emergency.

The naval reserve force, naval officers say, can always be depended upon to provide trained crews for both destroyers and battleships in reserve when occasion demands.

### Good Submarines Manned.

No modern submarines are out of commission, according to naval officials, but 36 of these vessels of the older type are without full crews. Difficulty has been experienced in training men for the submarines due to the peculiar technical nature of the service.

Of the 55 eagle boats on the naval list, 31 are fully manned, with 23 cruisers and gunboats in full commission and 24 in reduced commission or laid up.

The substantial increase in pay granted the navy at the last session of congress, together with the recent announcement of an extended cruise by the Atlantic and Pacific fleets this winter to ports in South America, Africa, Australia and New Zealand, have served to greatly stimulate enlistment officials at the department say.

## SOUTHERN BANKERS PLAN FOREIGN TRADE CONCERN

Project Contemplates Establishment of Branches in Cuba and South and Central America

NEW ORLEANS, La., (AP)—Southern bankers met here today to plan the organization of a \$20,000,000 foreign trading corporation, which will establish banking facilities to market the agricultural products of the south in Europe. The plans contemplate establishment of branches in Cuba, South and Central America. While cotton will receive first attention, it is planned to have the corporation handle all southern products.

## PRESIDENT-ELECT DECLINES PROFFER OF BATTLESHIP

MARION O., (AP)—President Wilson's offer of a battleship to carry President-elect Harding to Panama on his vacation voyage was declined Friday by Mr. Harding.

The president-elect wired to Washington that although he was thankful for Mr. Wilson's courtesy he already had perfected his plans for the trip and had engaged passage south from a gulf port on a passenger steamer.

## COSTELLO APPEALS TO COLBY IN PREDICAMENT

Federated Press Editor Under Order of Deportation in England, Files a Formal Protest

WASHINGTON, (AP)—F. J. Costello, of Chicago, managing editor of the Federated Press, whose expulsion from England was ordered recently by the British government because of his association with persons of alleged radical views, made formal complaint Friday to the state department that he had been unjustly deported. Secretary Colby promised to have an investigation made and arranged for Mr. Costello to discuss the matter with the counselor of the department.

In a memorandum to the secretary Mr. Costello said he wished to obtain from the department an expression of its attitude toward the cases of American newspapermen who have been "displaced" of foreign government and who may in consequence be arrested and deported without a hearing and without charges being proven correspondents in their work

abroad necessarily must be expected to come into contact with persons of all shades of political belief. He pointed out that aliens in the United States are never deported without being granted opportunity to know and to combat the charges against them. Mr. Costello asked if the American government intended "to demand for its own citizens abroad the same simple justice that it accords to aliens within the United States."

## FILIPINOS PASS TESTS FOR ADMISSION TO BAR

MANILA, P. I., (AP)—Out of a class of 275 who took the examination for admission to the bar in the Philippine Islands, 48 were successful, according to announcement of the supreme court today. All of the successful candidates were Filipinos, with the exception of one American.

One of the successful candidates was a Filipino woman, Miss Josefa Abierias, who is the sixth Filipino woman to be admitted to practice law in the Philippine Islands.

The proper place for your "To Let" placard is in the classified. Then all possible tenants will see it.

## ISLAND SUGAR FACTORY HAS 1500 TONS CAPACITY

MANILA, P. I., (AP)—A bottle of champagne was broken over the fly wheel when the machinery of the latest sugar central to be erected in the Philippine Islands was set in motion late in September, at Bago, Occidental Negros.

The new mill, the property of the Maao Sugar Central company, now is ready to begin grinding the new sugar crop which will start to mature about November first.

The mill, which has a capacity of 1500 tons a day, represents an outlay of \$4,500,000, including about fifty miles of narrow gauge railroad track for the transportation of the sugarcane from the plantations to the central.

## ADVENTISTS TO MEET ON COAST FOR CONVENTION

SAN FRANCISCO, (AP)—Ten thousand Seventh Day Adventists are expected here for the world conference of that church to be held May 11 to 31. Clergymen and laymen from all parts of the United States and Canada and from many countries of Europe are to attend.

## CHAMPION FIGHTERS AGREE TO TERMS OF ARTICLES THAT NAME GREATEST PURSE EVER OFFERED

Dempsey, World's Crown Claimant, and Carpenter, European Best Boxer, Sign for Fistic Endeavor to be Engaged In for Highest Title Next Year—Salt Laker Guaranteed \$300,000 and Georges \$200,000

NEW YORK, (AP)—Jack Dempsey and Georges Carpentier signed a contract here yesterday to fight for the world's heavyweight championship for \$500,000 purse. The date and place of the contest is not specifically stated in the agreement but both other respects the contract is complete and definite. Dempsey is to receive \$300,000 for defending the title. Carpentier who holds the European heavyweight championship will receive \$200,000 as his share of the purse. Each fighter in addition is to hold 25 per cent of the moving picture corporation stock while the other 50 per cent goes to the three joint promoters, Tex Rickard, Charles Cochran and William A. Brady. The \$500,000 purse is to be deposited with a bank or trust company, located near the scene of the battle, at least 24 hours previous to the contest and will be divided between the principals immediately after the termination of the fight.

**Must Post Forfeit.**  
Each pugilist, through his manager, must post a \$50,000 forfeit on or before November 20 to be divided equally between his prospective opponent and the promoters if he fails to keep his part of the contract. The promoters agreed to deposit \$100,000 on or before the same date, to be divided equally between the pugilists should the promoters fail to carry out their part of the contract.

The promoters agree to notify the principals not later than January first in case the fight is to be held during the month of March, 1921. If it is decided to stage the bout between May 29 and July 4 Dempsey and Carpentier are to be notified not later than March 1. The contract also calls for a contest ranging from ten to fifteen rounds to be held at a place to be selected later, either in the United States, Canada, Mexico or Cuba. Numerous minor conditions hinge upon the terms governing boxing in the place finally selected. These include the weight of the gloves, referee and the judges, baggage and manner of awarding the verdict.

**Referee Eligible.**  
The parties to the contract submitted a list of five names from which it is proposed to select the referee and judges with a proviso that in case the bout is held in a place where boxing is controlled by a state commission the selection must be satisfactory to said commission. The names offered for the positions are Robert Edgren, William Brown and James J. Corbett of New York, J. J. Jeffries of Los Angeles, Otto Plote of Kansas City and James Daugherty of Philadelphia. Edgren is made co-referee of the contest and puts which may arise between any of the contracting parties with final authority to decide and award any distribution of the funds may be decided in the provided. It is further stipulated that the ring shall be from 18 to 24 feet square. A provision also is inserted giving the promoters a 30-day option on the date the date is selected for the bout, in case the contest cannot take place at the site and time so selected, due to causes beyond the control of the promoters.

**Pose for Pictures.**  
There was little formality in the signing of the contract, the terms of which have been generally known and agreed upon for some days. All the contracting parties gathered at an uptown hotel and in the presence of a large number of newspaper men quickly signed the contract with which all were apparently thoroughly familiar. The actual affixing of signatures did not take more than two minutes after which principals and promoters adjourned to the roof for the usual motion picture stand.

While there is an apparent air of mystery and uncertainty surrounding the time and place of the battle, it generally is accepted that unless there is stern opposition from the New York state boxing commission, the bout will be held in a special open arena to be erected within or very close to the city limits of New York. The date for such a contest will be given the middle of June and the fourth of July. In case the bout cannot be held in New York state for any reason, it probably will be shifted to New Jersey, Cuba, Mexico and Canada will not be considered at present and will not, unless it is found impossible to stage the fight in the United States.

**Must Be Outdoors.**  
The amount of the purse is so large that it is impossible to hold the bout during the winter or spring months in a permanent building or enclosure except at prohibitive prices. The motion picture operators also prefer daylight to artificial light.

In addition both Dempsey and Carpentier are tentatively scheduled to box during the month of March. Carpentier who calls for France tomorrow is expected to engage in a contest in Monte Carlo. Dempsey has personally announced that he will box Jess Willard again in March 17. This accounts for the provision in the contract that, in case either principal shall be defeated prior to their meeting, losing his title by knockout or referee's decision, the promoters shall

have the right to terminate the contract within two days after such defeat, without however the loss of forfeit by any of the parties concerned.

## EAST'S ELEVEN ENTER LAST LAP OF YEAR'S PLAY

Harvard-Princeton Contest Is Headliner Scheduled for Today's Play

NEW YORK, (AP)—The 1920 football season on eastern college gridirons entered on the last lap today with a number of contests of prime importance.

The Harvard-Princeton clash at Cambridge, the first of the "big three" classics, was the headliner. Both teams have been undefeated this season and both have demonstrated high scoring potentialities. The Crimson, because of its more consistent defensive strength, was favored to stop the speedy Tigers.

Yale had the undefeated Brown eleven as its opponent at New Haven. The Blue, while admitting the strength of the Providence collegians, planned to reserve its full power for Princeton next week.

University of Nebraska's husky eleven, which rolled over Rutgers in impressive style here on election day, faced a tough proposition in Georgetown, while the Army looked for an easy victory over Lehigh Valley.

Of the service eleven, the Navy faced a tough proposition in Georgetown, while the Army looked for an easy victory over Lehigh Valley.

## FOOTBALL RACE NARROWS DOWN TO FEW TEAMS

Western Conference Interest Now Centers in Minnesota-Wisconsin Game

CHICAGO, (AP)—The western conference football race was to be considerably narrowed today as a result of clashes scheduled between Michigan and Ohio at Columbus; Chicago and Illinois at Chicago; and Minnesota and Wisconsin at Minneapolis. Illinois and Ohio have not met defeat this year, while Illinois barely triumphed over Michigan, 7 to 6.

The Minnesota-Wisconsin game held the most sectional interest because of rivalry between the schools. An international game was scheduled at Indianapolis where Center college was to meet DePaul university. Northwestern was to meet Iowa at Iowa City.

## Woods is Leader in Chicago Pocket Billiard Tourney

Minneapolis Pool Artist Has Won Ten and Lost One Game

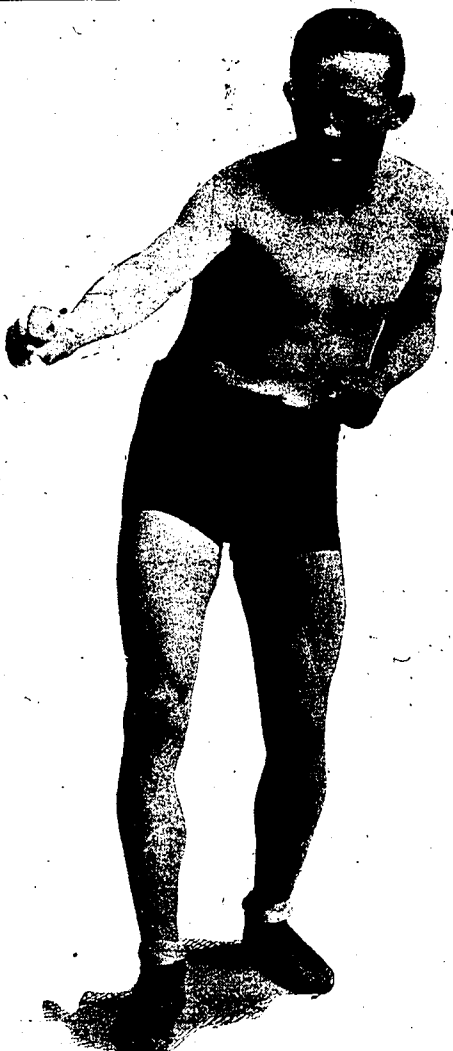

CHICAGO, (AP)—Arthur Woods, of Minneapolis won first place in the national pocket billiards tournament preliminary games, the finals of which were played last night when he defeated Walter Franklin of Kansas City 125 to 100 in 18 minutes. James Matur of Denver went into a tie with W. D. Ricketts of Flint, Mich. for third place when he defeated the latter 125 to 91 in 16 minutes. Matur had an unfinished run of 34. The tie will be played off tonight, the three victorious players meeting in finals for the championship next week.

**NEW YEARS GAME**  
FORT WORTH, Texas. (AP)—Centre college of Danville, Ky., and Christian university of Fort Worth will meet on the gridiron here New Year's day. It was announced today. Eight Texans are members of the Centre eleven.

**PURSUIT OF GOAT LEADS TO RICH-MINE DISCOVERY**  
STEWART, B. C. (AP)—In chasing a goat a miner known here as "John the Finn" stumbled on a rich ledge of ore. It is estimated in width and assays 362 ounces in silver, 329 in gold and about 15 per cent copper.

## FIGHTER AL YOUNG

Champion 133-pounder of northwest, who will battle Alvin Mickind, of Salt Lake, contender for the title. Young is an Ogden lad noting a wicked punch in both hands. The scrappers meet in Lavering ring on the night of Armistice day.

## Goldstein Falls From Punches of Fellow Townsman

Joe Lynch Proves Altogether Too Sturdy for Opposing Bantamweight

NEW YORK, (AP)—Joe Lynch, New York bantamweight, knocked out Al Goldstein, also of this city, in the eleventh round of a 15-round match at Madison Square Gardens last night. Goldstein substituted for Jack Sharkey who injured his hand in training. A left and a right to the jaw ended the bout. Lynch weighed 118 pounds and Goldstein 115.

George Chaney, Baltimore left-hander, knocked out George Brown of New York in the first round of a ten-round match with a hard left over the heart. The bout lasted only one minute and 37 seconds. Chaney weighed 135 pounds, two pounds lighter than Brown.

**UNBEATEN TEAMS MEET.**  
KANSAS CITY, Mo. (AP)—Unbeaten this season, the University of Kansas and University of Oklahoma football eleven went into action at Norman, Okla., today in what, observers declared, probably would be the game to decide the Missouri valley conference championship. Figures from 6467 precincts Friday

## Brief Bits of Sport

William Harrison Dempsey has signed articles for a bout with Carpenter, with reservations.

The champion insists the battle is to take place in the U. S. A., Canada, Mexico, or Cuba.

Mebby the Salt Laker fears to visit Europe, even though the war is over.

Also talk is being revived about a match between Dempsey and Willard, to be held some time next spring.

A bout of that nature should draw nearly as well as a recent wrestling match staged here.

You may not know this, but A Singer, of New York, is a boxer.

The next sport event in Twin Falls that is of an outdoor nature—is the Twin Falls-Rupert game on Armistice day.

Of course there will be boxing on that night, too.

Daniel, a writer of boxing things in the New York Herald, intimates that Dempsey does well to insist on his bout with Carpenter being conducted on this side of the Atlantic.

The writer seems to fear the queer ways of English ring referees might lose the champion his crown.

Suppose if he'd bit Ricketts so hard on the jaw that the Briton was laid out longer than the required 10 seconds the referee might call it a foul blow.

And there is always a good chance that Dempsey would do that thing.

Just as we suspected—there's a woman in the Coast league scandal.

Her name is Miss Virginia Dorr, and she's a moving picture actress.

## Gridiron Results

At Lincoln: Nebraska Wesleyan, 41; Coter College of Bohannon, 0.

# FAMINE BRINGS RELIEF WORKERS IMMENSE TASK

## Chinese and Foreign Organizations Undertake to Meet the Needs of Many Sufferers in Oriental Republic

PEKING, (AP)—Relief work for the 20,000,000 estimated sufferers from the famine in the four Chinese provinces where the crops failed this year has been undertaken energetically by both Chinese and foreign organizations. One of the latter is an American committee to raise and distribute famine funds which was organized on the initiative of the American minister, Charles H. Gurnea, and is headed by H. C. Faxon, of the American Chamber of Commerce in Peking. H. C. Emory, a banker, recently of New York and Washington, was appointed treasurer of the American fund committee. The British and French communities will appoint similar committees.

### Chinese Raise Funds

The Chinese ministries of finance, agriculture and interior have appointed a commission to disburse \$1,000,000 fund to be raised by means of a short term loan. From Shanghai comes news of another fund of \$1,000,000 undertaken by seven provinces at the instigation of Wang Shao-jie, the chief southern postal director.

Comprehensive reports submitted to the American Relief committee indicate that the early reports of distress have not been exaggerated. Dr. F. F. Tucker, writing from Tschow, Shantung, says: "Today an old man with a keen memory was describing conditions 42 years ago (when a memorable famine occurred) and he is quite sure that conditions are worse for than, he said, there was a wheat crop just before the drought, which crop we have not had except in very limited areas."

### Trees Stripped of Leaves

Mrs. Edith C. Tallmon, missionary, says portions of the four Chinese provinces are practically without any harvest. Even the trees have been stripped of their leaves for use as food. "From Tschow to Lintsing (100 miles along the grand canal in Shantung) half the planted fields will give back the grain used to plant them," she writes.

One well-to-do farmer has already used all the produce from his ten acres and has sold the wadded garments that his family need for the winter. Another farmer near Lintsing has torn down some of his buildings in order to use the sorghum stalks of the thick roof for fuel.

### Children are Sold

"The selling of children is common," continues Mrs. Tallmon. "A fine little lad a year old was offered for \$2 and none wanted him. A boy of five, whose mother had died of cholera and whose father was sick, was led by an old beggar woman. She has four boys of her own, but she cannot leave him, and his father is trying to give him away, and says if nobody will feed him he will have to throw him in the river. Little children are found deserted in the streets and some have been rescued from the river. People are trying to make marriages for their daughters, even very young girls."

Another writer from the district south west of Peking, says: "As far as one can see in any direction there is nothing growing in the fields that can keep the people alive this winter. No one was working in the fields and almost no one traveling on the roads. The people have either left or are sitting in the villages conserving energy as much as possible."

### IDENTIFICATION OF SKELETON Baffles Minnesota Officers

HASTINGS, Minn., (AP)—Authorities today were trying to identify the skeleton of a man found in a shanty at Vermillion, Minn., near here, yesterday. The only clue is a check book, containing a check stub on which was written "To J. Gallagher \$200," dated March 13, 1919. The checkbook is at the Bank of Waltham, Waltham, Neb.

### TWENTY-THREE PERSONS HURT IN TEXAS RAILROAD WRECK

BRECKINRIDGE, Texas, (AP)—Twenty-three persons were injured, none dangerously, when two passenger trains on the Wichita Falls, Ranger and Fort Worth railroad collided last night. The injured were brought here.

### What the finish of your motor car must do

Your automobile is "dressed" for ALL seasons in its varnish coats and these coats must resist every emergency of heat and cold, weather and wear!

A few little films of varnish! They are all you have to protect your car! Your car's beauty is largely dependent on the ability of these thin films to stand up under the extremes of heat and cold, weather and wear. No wonder these films of varnish should be properly applied — and good materials used.

# WILSON COMPLETES LIST OF SHIP BOARD MEMBERS

## Announcement of Personnel Expected to be Made Soon at White House

WASHINGTON, (AP)—Announcement of the personnel of the new shipping board, of seven, created by the transportation act, is expected to be made at the White House within a few days. President Wilson is understood to have completed the selection of the new commissioners, most of whom have accepted appointments. Admiral William S. Benson, war time chief of naval operations, will continue as chairman and the other members are expected to include: John W. Shackelford of Tacoma, Wash., and Joseph M. Teal, of Portland, Ore., representing the Pacific coast; John A. Donald of New York, who with Admiral Benson will be member for the Atlantic coast, and Frederick I. Thompson, of Mobile, member from the Gulf coast.

### MINNESOTA ADDS

(Continued from Page One)

Kentucky gave Governor Cox a majority of 3713 votes over President-elect Harding. In the senatorial race, 3521 precincts out of 3529 gave Rich and P. Ernst, republican, a majority of 7598 over Senator J. C. Beckham, democrat.

Republican and democratic state campaign managers refused to admit the defeat of either of their candidates. John L. Gray, democratic state campaign chairman, has charged the republican organization with fraud and declared an official count would reject Senator Beckham. C. H. Seary, republican campaign manager, denied charges of fraud, and said a recount would show Senator Harding had added another state to his list.

### PAYETTE COUNTY RETURNS INCREASE GOODING'S LEAD

BOISE, Idaho, (AP)—Senator Harding's majority in Idaho was reduced approximately 3000 votes last night by revised figures from Payette county, but remains above 35,000, a record for the state. The revision increased the lead of Gooding (R) over Nugent (D) in the senatorial race to 10,655 in returns from 650 precincts.

### FRANCE READY TO CO-OPERATE

(Continued from Page One)

held, is to arrive as near as possible to the prevention of war.

### Defer to American View

The French government considers that it would be regrettable to sacrifice the organization already set up, and that the preferable procedure is to amend the existing league under the name of an association if that meets the American view.

# LIBERALS CLASH WITH SOCIALISTS IN MEXICO

## Federal Troops are Rushed to Yucatan Villages Torn by Disturbances in State Election Campaign

MEXICO CITY, (AP)—Further clashes between socialists and liberals in Yucatan, arising out of the state election campaign, were reported yesterday in dispatches from Merida. It was stated several persons were dead and scores wounded as a result of the pitched battle on Thursday night.

Federal troops have been rushed to the villages of Teoch and Motul, where the demonstrations seemed to be most serious. The troops are under orders to quell disturbances, but not to fire upon mobs unless the emergency demands.

### START COUNTING VOTES.

County commissioners this morning assembled all precinct ballot packages in the commission room at the courthouse for an official check of the vote. The work will consume about two days.

# Today's Markets

### New York Stock Market

NEW YORK, (AP)—Very heavy offerings for long and short accounts marked the week-end session on the stock exchange. Losses in steel, equipment and shipping, oil and sundry specialties ranged from 3 to 7 points. Bears enlarged their commitments as a result of overnight developments in the financial, industrial and commercial markets, these being mainly of a discouraging character.

Some of the falls forfeited their recent gains and many speculative hands were at minimum quotations of the year. There were a few feeble rallies in the weak close. Sales approximated 539,000 shares.

### Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 1-3s 48.5; first 1-4s 49.70 bid; second 1-4s 48.8; first 1-4s 49.70; second 1-4s 48.8; third 1-4s 49.70; fourth 1-4s 48.84; Victory 3-4s 49.64; Victory 4-4s 49.63.

### Grain and Provisions

CHICAGO, (AP)—Wheat prices broke sharply today because of general selling of all grains in small lots by commission houses. "The weakness in exchange with sterling quoted under \$3.40, a new low on the movement, combined with the bearish construction placed on Julius D. Barnes' speech before the American Farm Bureau federation yesterday were the main depressing influences. After starting 1 to 2-3-4 under yesterday's finish with December \$1.05 1-2 to 1.06 and March \$1.01 1-2 to 1.02, a further weakness set in and carried prices lower.

The market continued bearish and closed near the low point of the day, with a net loss of 5 1/2 cts. from yesterday's finish with December \$1.00 1-4 and March \$1.07 1-4.

Corn followed wheat, but buying against bids became a factor in checking the break, most of the support being around the May delivery. After starting 1-4 to 1-5-6 lower with December \$2 3-4 to \$2 7-8, the market rallied slightly.

Later a reaction took hold of the corn market under general selling and the close was about the inside figure of the day and week with prices on the deferred deliveries about the lowest on the crop. At the finish prices showed a net loss of 1 7-8 to 2 1-2 cts. with December \$1 1-8 to 1-1-4 cts. Oats were in sympathy with other grain opening prices being 1-8 to 1-2 cts. lower with December \$2 1-2 to \$2 3-4 cts. Provisions were dull and easier.

### Cash Quotations

CHICAGO, (AP)—Wheat No. 1 hard \$2. Corn No. 2 mixed 88 1-2c; No. 2 yellow 90 to 93 1-2c. Oats No. 2 white 53 3-4 to 54c; No. 3 white 52 1-4 to 52 1-2c. Rye No. 2 \$1.02 1-2. Barley 90c to \$1.08. Timothy seed \$5.50 to 6.75. Clover seed \$12 to 20. Clover seed \$12 to 20. Pork nominal. Lard \$13.75 to 15. Hides \$13.75 to 15.

### Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour 20 to 75c lower; in carload lots family patents quoted at \$10.40 to 10.75 a barrel in 98 pound cotton sacks. Bran \$32 to 33.

### Chicago Livestock

CHICAGO, (AP)—Cattle: Receipts, 2,

000; compared with a week ago, native steers unevenly 25 to 75c lower, sheeps steady to 50c lower; hogs bulls 25 to 50c higher; veal calves 1/2 higher; stockers, feeders and ranges cattle mostly steady.

Hogs 7000; steady to 15c lower than yesterday's average; closing easy; small lot \$14.50 out of line; one load \$14.40; bulk of sales \$13.50 to \$14.25; pigs steady to 15c lower; bulk desirable 100 to 130 pound pigs \$14.50.

Sheep 2000; compared with week ago, fat lambs \$1 to \$1.50 lower; fat sheep and yearlings 0 to 75c lower; feeder sheep and lambs 75c to \$1 lower.

### Omaha Livestock

OMAHA, Neb., (AP)—Cattle receipts 450; compared with week ago: 25 to 50c higher; grass and range beef and butcher cattle mostly 50c higher; heavy feeders 25 to 50c higher; others and stockers and calves fully 50c higher; spots more.

Pig receipts 2,500; steady to 10c lower; bulk of sales \$12.50 to 13.15; top \$13.50.

Sheep receipts 500; compared with a week ago: lambs 50c lower; yearlings and sheep mostly 25c lower; feeding grades 25 to 50c lower.

### Chicago Produce

CHICAGO, (AP)—Butter easy; creamery 40 to 62c. Eggs higher; receipts 1,570 cases; firsts 67 to 68c; ordinary firsts 68 to 61; at mark, cases included 56 to 63; standards 69 to 70c; storage packed firsts 70 1-2 to 71c; refrigerator firsts 48 1-2 to 49 1-2c.

Poultry alive lower: fowls 18 to 26 1-2c; springs 25c; turkeys 35c.

### Kansas City Produce

KANSAS CITY, (AP)—Butter unchanged; creamery 57 to 58c. Eggs, firsts, 1c higher, 65c; seconds 45 to 46c.

Poultry hens unchanged; springs 1c higher, 25c; roasters, young 25c; old 15c.

### Potatoes

CHICAGO, (AP)—Potato receipts 103 cars; market weak; Northern White, sack and bulk \$2 to 2.25, or 15 to 30c lower.

### ARGENTINA ACCUMULATES FAVORABLE TRADE BALANCE

BUENOS AIRES, (AP)—Official figures just published show that for 1919 the trade balance in favor of Argentina was \$375,192,964, gold, as compared with \$306,863,736 in 1918. Total imports for 1919 were \$1,030,965,254 and for 1918, \$801,466,481. During 1919 exports of livestock and derived products were valued at \$548,730,955. Farm products exported amounted to \$438,435,276.

### REPUBLICANS WIN MAJORITY IN COLORADO LEGISLATURE

DENVER, Colo., (AP)—As a result of Tuesday's election, the republicans will have a big majority in both houses of the Colorado legislature. Of the 55 seats in the house, the republicans captured 55 and the democrats seven. The other three are in doubt. Of the 35 state senators, eight democrats and nine republicans are hold-over members. Of the 18 seats in the senate contested for Tuesday, the republicans secured 16, the democrats two and one still is in doubt.

## BOYCOTT BIG ISSUE BEFORE LEAGUE BODY

Method of Putting International  
Blockade into Effect is  
One of Important Questions  
Assembly Must Act On

NEW YORK, (AP)—One of the important questions to be considered by the assembly of the league of nations at its first meeting, beginning November 15, at Geneva, will be the preparations required to enable the league to use, if necessary, the weapon of international blockade and financial blockade contemplated in article 16 of the covenant.

A memorandum by Sir Eric Drummond, the secretary general, now being distributed to the members of the league, and received here by the league to enforce peace shows that this question will come before the assembly or the recommendation of the league council in the form of a proposal to appoint a body to be known as the international blockade commission. The secretary-general suggests that this commission consist of representatives nominated by the countries entitled to permanent membership in the council, with the addition of representatives of four other members of the league selected by the assembly, for the purpose of studying the problem and advising the general assembly on the organization of the more permanent machinery required and the principles on which it should work.

### Suggests Commission

This question is of peculiar interest to the United States, because one of the first problems such a commission will consider is proposed to be the method of rendering blockade effective against states which are not members of the league. In a report adopted by the council of the league at the 16th session in August, 1919, M. Titttoni, the Italian representative, stated: "It should be clear that the states members of the league of nations who declare the blockade have the right to render it effective against all states including those who are not members of the league, but they have not the right to force the states who do not form part of the league to declare the blockade themselves."

Article XVI provides that, should any member of the league resort to war in disregard of its covenants, all other members shall support it and immediately to subject it to the severance of all trade or financial relations and the prevention of all financial, commercial or personal intercourse between the nation at war and the nations breaking state and the nations of any other state whether a member of the league or not; and that the members shall mutually support and aid each other in the financial and economic measures taken under this article.

### Makes Use a Duty

"The use of this weapon," says the secretary-general, "is in certain circumstances a specific duty imposed by Article 16. This duty cannot be effectively carried out without great loss of time and effort, unless there has been considerable previous preparation before the time at which action is required."

"Situations might well arise in which the knowledge that the weapon is ready for use would have a very salutary effect. Many people think that the league is founded more upon good intentions than upon real considerations of the stern realities of international trouble. It is, therefore, desirable on general grounds that while the first meetings of the council and the assembly should be devoted to the positive hope of removing misunderstanding and promoting international cooperation, they should also show quite clearly that the members of the league as a whole are determined, if necessary, to enforce their will by effective action on any particular country which in the circumstances contemplated by the covenant defies the general verdict of the world."

### Distinguishes Dual Powers

The memorandum calls attention to one important difference between the two forms of pressure (economic and military) which the league may use, as follows: "Where a member of the league resorts to war in disregard of specified covenants, all other members of the league are by the covenant itself obliged to apply the economic weapon. They are not similarly obliged to use their military or naval forces. In the latter case, the article (16) only provides that it shall be the duty of the council in such cases to recommend to the several governments concerned what effective military or naval forces they shall severally contribute."

The secretary-general is of the opinion that the article clearly contemplates that, so far as possible, responsibility for enforcing economic pressure shall be decentralized, i. e., a primary responsibility rests upon each government to take action so far as its own nationals and own national machinery are concerned, arrangements

being made by each of them separately and not by a single international authority."

At the same time, he concludes that a central co-ordinating authority will be required if the weapon of economic pressure is to be efficiently used.

## CONTRACTOR IS HELD IN 'BUILDING TRUST' PROBE

Alleged Millionaire 'Go-Between' is  
Arraigned on Indictment Charging  
Perjury

NEW YORK, (AP)—George Backer, millionaire contractor, alleged to have been a "go-between" in "building trust" activities now under investigation by the state, today was formally arraigned on an indictment charging perjury.

While it was reported that Backer was one of three defendants named in indictments returned yesterday by the grand jury, Backer's indictment was lacking both as to the names of those indicted and charges preferred.

## GREAT NUMBERS ARE NECESSARY IN COOPERATION

Mid-west Farm Bureau Federa-  
tions Committee Reports on  
Results of Investigation of  
Coast Organizations

CHICAGO, (AP)—No very strong, permanent, or extensive co-operative marketing organization is likely to be built up unless economic necessity forces a great number of farmers into it, a committee representing mid-west farm federations reported today to the Farmers Marketing committee after an investigation of co-operative organizations on the Pacific coast.

### Cannot Fix Prices

In a lengthy report the committee analyzes the benefits and disadvantages of the various forms of organization used by the Pacific coast fruit and provision men. The organizations cannot fix prices, the report says and several of the western co-operative associations are "the present one constrained to accept prices, below their calculated costs of production," which indicates that they have not secured through their organization any immunity from the general economic law. The organizations, the report says, "simply are efficient agencies to get the best prices that the consuming market affords."

Present conditions and future prospects of grain prices, would seem to indicate, the review adds, that grain growers may be ready for such a collective movement. To be successful, however, producers over a large area must consolidate for their common interests.

### PROHIBITION AGENT HELD IN KILLING OF INN KEEPER

WINDSOR, Ont., (AP)—Rev. J. O. L. Spracklin, pastor of the Sandwich Methodist church, a special liquor license inspector, is detained in the Sand which jail following the shooting to death early today of Beverly Trumble, proprietor of an inn known as Chapel house.

The shooting occurred during a raid upon the inn.

Rev. Spracklin and five of his assistants broke through the way into the roadhouse through a rear window, after their way had been barred, they said, by locked doors. The shooting occurred as Spracklin encountered Trumble in a hallway on the first floor. According to members of the raiding party, Trumble leveled a revolver at Spracklin and the latter fired in self-defense.

### GENERALLY FAIR AND COLD WEATHER FORECAST

WASHINGTON, (AP)—Weather predictions for the week beginning Monday are:

Upper Mississippi and lower Missouri valleys: General fair and cold first of week and fair and moderate temperatures thereafter.

Rocky mountain and plateau regions: Generally fair and cold.

## JAPAN DECLINES TO GIVE ASSENT TO SOVIET DEAL

Asserts Right to Withhold Ap-  
proval to Arrangements Sim-  
ilar to Those Consummated  
by American Syndicate

TOKIO, (AP)—In connection with the reports that Washington D. Vanderlip, representing an American syndicate, had obtained concessions in Siberia from the Russian soviet government, the Japanese foreign office Friday gave out the following statement: "In view of the fact that the soviet government has not been recognized by the powers, it is unnecessary to point out that the Japanese government is in no way bound to take cognizance of any private agreement toward which the soviet government is prepared to assent to an act or measure which infringes upon Japan's treaty rights with relations to Russia or affects her vital interests, arising from geographic or other considerations."

### JAPAN DENIES AGGRESSIVE INTENTIONS TOWARD RUSSIA

LONDON, (AP)—Representatives of the Japanese military mission in Siberia have given assurances to the leaders of the far eastern republic in Siberia that Japan has no aggressive intentions toward the republic, but desires to live in close neighborly relations with that country, says an official Bolshevik wireless message from Moscow. The announcement of Japan's pacific attitude was made at a gala banquet given at the Verkhne-Udinsk in honor of the anniversary of the organization of the people's revolutionary army by the aid of which the far eastern republic was established.

The Moscow wireless states also that Chinese representatives at the banquet expressed friendship toward Russia.

### CHICAGO GIRL IS SHOT FOR REFUSAL TO FLIRT

CHICAGO, (AP)—Because Miss Grace Phillips, 17-year-old choir singer and her companions refused to flirt with a young man, one of them was shot her in the knee last night, and the other girls narrowly escaped being struck by bullets, the police were told today. A posse of citizens searched the neighborhood early today without finding trace of the assailants.

Miss Phillips, her sister, Betty, and another girl were returning from choir practice when accosted by the young man, the girls told the police. They hurried on and one of the men drew a revolver and uttering a threat began shooting.

### VETERINARIAN AGENCIES HELD FOR MURDER OF GIRL

HARLAN, Ky., (AP)—Although released once before for lack of evidence implicating him with the murder of Miss Lora Parsons, a school teacher, on a lonely mountain trail near here September 7, Dr. H. C. Wimmer, a state veterinarian, has been arrested and again charged with slaying the girl County authorities, however, have refused to divulge the new turn in their investigation which caused the arrest of Dr. Wimmer.

James Robinson, a negro, also is held in connection with the murder.

### GERMANS DEBATE CLOSING OF THREE BIG UNIVERSITIES

LONDON, (AP)—Consideration is being given by the German government of the advisability of closing the German universities of Halle, Griefswald and Marburg, according to an Amsterdam dispatch to the Exchange Telegraph company quoting Berlin offices. It is said this step would be taken for reasons of economy, but that it would be possible to support financially the universities of Cologne, Bonn, Heidelberg and Karlsruhe.

### CLEARING HOUSE RESERVE SHOWS DEFICIT FOR WEEK

NEW YORK, (AP)—The actual condition of clearing house loans and trust companies for the week shows a deficit in reserves of \$1,306,730, due to a decrease from last week of \$15,301,880 below legal requirements.

### RIOT IS TO BE ITALIAN AMBASSADOR TO AMERICA

ROME, (AP)—Appointment of Roland Ricci as Italian ambassador to the United States, which was recently reported by newspapers here, has been officially confirmed.

## TEN MICHIGAN WOMEN ELECTED TO OFFICES

One State Senator and Two Sheriffs  
Among Female Victors in Wolverine  
State

DETROIT, Mich., (AP)—Ten women were elected to public office in Michigan last Tuesday. All were republicans. One will be a state senator, two sheriffs and the others minor officeholders.

Ever Hamilton was elected senator from the Grand Rapids district; Muskegon, Delta and Tuscola counties elected women treasurers; Kalamazoo and Berrien counties chose women clerks; Berrien county elected a woman clerk and in Hillsdale county a woman drainage commissioner was chosen.

## MURTAUGH

MURTAUGH — A girl baby was born to Mr. and Mrs. H. J. Johnson, Thursday, October 28.

Mrs. Pratt Walton left the first of the week for Boise to spend the winter.

A Sinn of Colorado purchased the L. I. Stark farm and will take possession within a few days. Mr. and Mrs. Stark and daughter expect to leave shortly for Los Angeles to spend the winter.

Mr. and Mrs. D. Henry Manning are the proud parents of a girl baby born Wednesday, October 27.

L. W. Rawlings and daughter, June, visited at the J. W. Rawlings home in Twin Falls Friday.

Nelly Matthews spent Friday in Rupert visiting relatives.

Mr. and Mrs. Floyd Morrison are rejoicing over the arrival of a boy baby Thursday, October 28.

Delbert Beers went to Twin Falls Saturday where he will stay with his sister, Mrs. Preston McDougal, and attend school.

Francis L. Johnson left last week for Casaca, Mont., where he was summoned by the death of his brother-in-law by accidental shooting.

Mr. and Mrs. Carl Chishorn and baby of Twin Falls spent Saturday at the E. F. Walker home, leaving the same evening for Sacramento, Cal., to make their home.

William B. Lindsay was called to Buhl Saturday by the death of his grandmother.

Mrs. William C. Hall entertained a few ladies Monday afternoon in honor of her sister, Mrs. T. B. Mitchell's birthday anniversary. The afternoon was spent in a social way. Dainty refreshments were served. Those present were: Mesdames Roy Baker, Geo.

## COUNTY WHEAT GROWERS COMPLETE ORGANIZATION

Dr. John E. White is Chosen  
Head of Co-operative Mar-  
keting Enterprise

Organization of the Twin Falls county branch, Idaho Wheat Growers' association, was last night effected at a meeting of members held in the Bohde Co-operative store here. Dr. John E. White, who has taken the lead in organizing the organization here, was elected president and W. W. Parke, secretary and treasurer. The following directors were elected: D. P. Clark, Twin Falls; S. H. Walton, Murtaugh; F. W. Fisher, Buhl.

Baker, A. S. Hall, T. Whitworth, J. E. Steinar, A. M. Hoover and T. B. Mitchell.

Mr. and Mrs. J. W. Taylor and baby of Illus, arrived in Murtaugh the first of the week to reside. Mr. Taylor will be employed by the O. S. L.

Miss Maude Brown, who has spent several months with her sister, Miss Ruth Brown, left last week for her home in Kingfisher, Okla.

Miss Zina Pickett returned Monday from Salt Lake City where she spent two months in training in the U. S. hospital. On account of ill health she was compelled to give up the work.

The Ladies' Aid met at the home of Mrs. P. J. Fahy Thursday afternoon. The time was spent sewing after which a delicious luncheon was served.

The W. A. R. club held a progressive "spook" convention Friday evening. The delegates assembled in sheet and pillow case at the V. R. Bell home where credentials were presented. The convention made an exit through a rear window where their feet-hat time of various sizes and sounds.

"High Spooky Spook" then led her delegates to the home of B. F. Jain where the convention proceeded the social part. Games were enjoyed, contests being won by Miss Louise Litchfield and Oscar Cox. The delegates, after laying aside regalia, matched seaweed jumpers for supper partner. A two course supper of sandwiches, salad, pumpkin pie and apple cake was served. Those present were: Mrs. P. J. Fahy, Mrs. Lerona Beterly, Ora, and Emma Silvers, Ina and Nello Campbell, Anna Hershey, Anna Thompson, Elsie Summers, Susie Briggs, Louise Litchfield, Marie Howey, Mr. and Mrs. Carroll True, Mr.

and Mrs. W. R. Bickafus, Mr. and Mrs. V. R. Bell, Robert Kendel, Ed Dudley, Oscar Cox, Orville Ilman, Owen Campbell, Mervyn Taylor, Oliver Johnson, Lloyd Jain, Francis Jain, Everett Jain.

Ralph Love underwent a minor operation at Twin Falls Thursday.

## PROHIBITION DEFLECTS WORK OF FAMOUS BOWERY MISSION

NEW YORK, (AP)—The famous Bowery mission, which for 41 years has cared for the flotsam and jetsam of humanity on New York's lower East Side, announced today that owing to prohibition, its activities have been limited and henceforth it would endeavor to help Americanize the city's immense foreign population.

"With the passing away of so many saloons," the announcement said, "the notorious thoroughfare has taken on utterly changed conditions."

IMPERATIVE FOR SAFETY

Just as the work of Americanizing those of foreign birth who have been here for some time and have not become assimilated is undertaken, we are overwhelmed by another influx of immigrants. We have only begun to recognize that a great task confronts us in seeking to convert to American ideas those ignorant of our language and our institutions who may have been long among us, yet are as foreign in thought, perhaps as when they came. We now know we took in immigrants much more rapidly than we could absorb them. We also are aware that we have received many that should have been turned back.

Because we were so generous in admitting almost all who came the privilege has been greatly abused. There is no united thought in this country of putting up the bars perpetually against those who may seek to better their condition and come here with the purpose of catching the spirit of our form of government and living as loyal Americans, but at this time particularly there should be great caution in passing on the applicants.

It is not at all astonishing that great numbers should seek to get out of Europe at this time. The disordered state of affairs there is an incentive for leaving. There should be work there for all, but the belief that America offers a greater opportunity is potent to inspire a desire now as well as in days before the war. To avoid the unsettled conditions abroad is as likely to be felt in the breasts of those who do not want as in those who would make good citizens. This makes it all the more imperative that all applicants should be carefully scanned. Great enough is the task of instructing in American principles those who are imbued with a desire to learn our ways.

The immigration question is again a live one, in fact, of more importance than ever before, for in considering it the alien agitator and anarchist is a greater factor than ever before. The man who believes in bombs and murder as a means to solution of problems has a backing in propagating his ideas that he never had before. An entire nation has run amuck and its leaders wish the world to do likewise. Its missionaries come as immigrants. To guard against their admission is more than essential.

CHEATING IN COLLEGE

The trustees and faculty in Cornell University are somewhat disturbed over the revelation that more than 100 students availed themselves of the opportunity of securing advance information on the examinations which were held in June as tests for the awarding of diplomas.

While no honest person condones cheating of this kind, there is the conviction on the part of many persons that the higher institutions of learning may be responsible to a considerable extent for the situation which has developed and which is not new to college experiences.

There seems to be too much insistence on compliance with certain tests of study, which may offer some evidence of the knowledge of students on certain subjects, but may not establish their general knowledge on the same subjects. Sometimes these tests are framed to show the smartness of the instructor rather than the knowledge of the student.

Students who are required to meet a certain standard each day, under a system that will not readily adapt itself to shirking, will not need to feel concern over any reasonable tests which may be made at the end of the college year. Frequent reviews would develop

the weakness in any pupils, which could be overcome promptly by the capable instructor.

Students who are permitted to neglect their daily work to a considerable extent, depending on cramming toward the end of the term to pass the examinations, are the ones who are tempted to resort to tricks to make a good showing, or at least secure grades high enough to pass.

It is easier to find fault with the college systems than it is to suggest methods of improvement, but the men and women in charge of the higher institutions of learning are under obligations to adopt any reasonable and honorable means to make it easy for students to be honest and industrious and hard for them to neglect their studies.

GOMPERS FINDS GLEAM OF HOPE IN VOTE RESULT

Labor Leader Says Regret Must Be Felt Over "Great Plunge Towards Reaction", But Cites Gains for Cause

WASHINGTON, D. C. (AP)—Samuel Gompers, president of the American Federation of Labor, declared today in his first statement on the outcome of Thursday's election that "every forward looking man and woman must feel some deep regret because of the great plunge towards reaction."

"But democracy will right itself at the proper time," said Mr. Gompers, "and meanwhile the actual tabulation of results in congress, the law-making body, shows a definite and specified gain for all that makes for progress responds to the needs of our time."

Justifies Policy.

Mr. Gompers asserted that every man in the house whose "record of service was perfect had been re-elected" and added that the new congress would show an increased number of men who held union cards.

The non-partisan political policy of the labor federation, Mr. Gompers continued, "is more completely justified than ever and the ability of separate party action more convincingly demonstrated."

Referring to the congressional election, Mr. Gompers said "that 50 congressmen who were working people and who were not considered and hostile have been defeated."

"This is one of the most impressive features of the entire election," said he. "Fifty time servers have been beaten."

Fifteen Union Men.

Mr. Gompers claimed the election to congress of at least 15 union men and said it was probable that the final counting would show "more than 20 possibly 25."

"The non-partisan campaign of the American Federation of Labor," the veteran leader continued, "was primarily and most effectively a campaign in congressional districts. Its results were gained in the primaries and in the election. These results will serve as a constant reminder to all servants of special privilege and the ever-present and always impressive fact will be before the new congress that 50 of the unfaithful and the hostile were defeated by the organized workers of our republic."

Will Publish Names.

"A notable American has said, 'I would rather be right than be president.' To be engaged in a righteous cause, to fight for freedom, for justice, for peace and human brotherhood is of greater concern to the human family than is a passing success. The labor movement of America recognized the tremendous struggle of the masses of people in all history to obtain the right, and the setbacks they have often had to endure and the sacrifices they have had to make, decade by decade, cycle by cycle, and in the march, and the trend of the cause of freedom of America, forward, onward and upward."

CO-OPERATIVE MARKET THEME AT FARM MEET

Farmers' National Grain Dealers Association in Convention at Chicago to Consider Important Questions

CHICAGO, (AP)—Co-operative purchases of farm supplies by farmers' business organizations will be taken up by the Farmers' National Grain Dealers association at a convention here December 2 and 3. The other major subject will be the co-operative selling of grain.

According to national headquarters of the association here, there are 4000 farmers' co-operative elevators in the country, representing an investment of \$100,000,000. They are said to handle annually one billion bushels of grain. Their purchases of supplies in a year are estimated at \$250,000,000.

"These elevators constitute the biggest business organization of farmers in the world," association headquarters said today. "It is hoped to group purchases so as to take the entire output of factories."

Ohio is the first state to form a collective purchasing company, and Chas. Letchaw of Defiance is scheduled to tell of what is accomplished today. A company incorporated at \$100,000 has been in operation in Ohio since the 1st of last July.

Practical propositions submitted by manufacturers will be reported. Establishment of a national wholesale buying association will be the subject of a committee report, a committee on this subject having been named at the March meeting of the association. The Farmers Union Exchange of Nebraska and the Wisconsin Equity Purchasing association will be heard from.

Co-operative wholesale efforts, terminal grain marketing, and bonding and insurance will be other subjects before the convention.

Among speakers scheduled are Harold G. Powell, manager of the Citrus Fruit Growers' association of California; Thomas C. Cress, head of the Canadian Grain Growers' company, and Secretary E. T. Meredith of the department of agriculture.

This is the first national convention of the kind to be held by the association. Heretofore its conventions have been composed of two delegates from each state, but next month this limitation will be taken off.

JEROME

JEROME, Idaho — The warm weather and the good roads made so by the recent rains, brought forth a heavy vote on election day in Jerome county. Out of the 1650 registered in the north and south precincts 1250 votes were cast. Although the counting clerks began their work as soon as the first ballots were in, as the close of the polls, they had only one-third of the votes counted. Nevertheless, this was enough to show a sweeping victory for the republicans. Press bulletins were received at 1:15 P.M. and during a concert by the Jerome band, they were flashed on the screen at the Victory Theater.

Will Zahn was a Twin Falls visitor Monday.

Guy L. Towle left Tuesday for the east on account of the serious illness of his mother who lives in Boston, Mass.

R. Hill and his brother, Henry Hill, of Chicago, who had been visiting him the last few weeks left Friday for a trip to Portland and other coast points.

Freel Sampson will leave this week to join his wife and family at Lone Beach, Cal., where they expect to spend the winter.

Miss Charlotte Waggard of Twin Falls was a guest of her sister, Mrs. Humphrey, Tuesday.

C. L. Donahue, while under the influence of home brew devotion Tuesday afternoon attacked his neighbor, William Ladd, with a knife. The latter was fortunate enough to escape with but a few minor wounds and torn clothing. Mr. Ladd managed to keep his assailant off until Sheriff Ed White and Deputy S. D. Stanton arrived. Donahue was placed in jail and a complaint was filed against him in the probate court for having deadly weapons in his possession. He was released on a \$500 bond which he furnished.

Mrs. Mary Clayburn left Tuesday

for Pineville, Ark., for an extended visit with her mother.

Joe Crulanza, who farms a small tract of land two miles north of Jerome, reports onions are yielding 300 sacks to the acre. He brought in three sacks each the size of ordinary cantaloupes and these together weighed four pounds.

Dr. W. H. Dwight of Twin Falls transacted business in Jerome Tuesday.

SUNDAY IN THE CHURCHES

Christian Church.

JAPANESE ARMY CONSIDERS USE OF LARGER CALIBER RIFLE

TOKYO, (AP)—The Japanese army is contemplating adopting a rifle of larger calibre. The rifle now in use in the infantry is of 6.5 millimetre calibre. The rifles used by the French have a calibre of 8 millimetre; those of Germany a calibre of 7.6 millimetre, while those of Great Britain and the United States are respectively 7.7 and 7.6 millimetre.

It is also proposed to enlarge the calibre of the machine guns in the Japanese army and to shorten the gun barrel.

According to some people there never was a "good time to sell real estate." The fact is, there never was a better time than right now.

A PRACTICAL TEST

of any system will reveal its advantages and just as surely expose any shortcomings that exist.

Our banking-by-mail system has been tested and proved to be safe, convenient and time-saving.

# URGES EARLY AND DRASTIC WARFARE AGAINST ENGLISH SPARROW FOR FINAL EXTERMINATION OF MOST DESTRUCTIVE OF ALL BIRD PLAGUES

In the local category of pests few if any, exceed the English sparrow in general destructiveness. Several years ago some misguided and ill-advised persons attempted to populate a few city parks with non-migratory birds. As an enterprise the results were very favorable but for the general welfare of the country they were quite unfortunate.

The writer is an enthusiastic bird fancier and as such is ever inclined to defend them but even the most ardent supporter of the principles of Audubon societies cannot conscientiously defend to wanton a miscreant as the English sparrow. This unwelcome guest defiles private and public property, fights and disposes of useful native birds, replaces their songs with discordant sounds and destroys fruit, grain and garden truck. At first it was confined to towns, but its rapid multiplication has caused it to push into farming communities, and thus to extend its voracious activities. Few if any of the farmers on the Twin Falls tract are without a flock of these expensive visitors and it has been estimated that the daily loss occasioned through their depredations run into hundreds of dollars during the summer season.

Are we to stand idly by and permit these little robbers to continue to prey upon our grain fields? United and concerted action upon the part of both rural and urban residents during winter months will very materially deplete the sparrow population and incidentally mean a saving of thousands of dollars to the people of Twin Falls county.

How is this to be accomplished? There are several plausible control methods, not necessarily of equal effectiveness but very much worth while nevertheless. Methods that are to be recommended for season are the destruction of nests and catching birds.

On nests. Of course nothing can be done now with either of these but there are at least two other methods that can be employed any time. One is the use of strychnine, which has a strong allurement for boys. The instinct of the bird, which is invariably a part of the make-up of every feathered animal, is to peck at the bright red of the berry, making a strong appeal to the bird to match his skill against the craftiness of Mr. and Mrs. Sparrow with the usual result that a goodly number of sparrows are captured. Many patterns of traps are available and, in fact, can be had at the local farm bureau office or the mechanical arts departments of the high schools in the county.

The other method and the one which will probably be most extensively used is poisoning. Of the different poisons tested the most effective is strychnine which is as follows: Put one-eighth ounce of pulverized strychnine into three-fourths of a gill of hot water, add 1 1/2 teaspoonfuls of starch or wheat flour, maintain a boil for a few drops of cold water, and, stirring constantly until the mixture thickens. Pour the hot poisoned starch over one quart of wheat and stir until every kernel is coated. Small kernels of wheat are preferable to first quality grain, being cheaper and more easily eaten by the sparrows. A two-quart glass fruit jar is a suitable container in which to easily shaken and allows the condition of the contents to be seen.

It really matters little which method is employed, the principal thing is to destroy them in some way and do it soon. If each one in the county would kill ten sparrows before the first of March it would mean a saving of at least \$1 by each person so doing.

## FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News Times this date in year 1905

A 10-acre orchard will be planted near Hansen by Fred Nihart of the Davis county, Utah. This undeveloped Nihart is firmly convinced that the finest apples can be grown on the Twin Falls tract and he is showing his confidence by planting a first class assortment of trees.

The ladies of the Catholic church of Twin Falls will give a musical in Odd Fellows hall on Saturday evening, November 11. The Catholic church was the first built in Twin Falls and the ladies are doing their full share toward maintaining it.

Preliminary arrangements for the organization of a Mason lodge in Twin Falls have been completed. Members of the order will be given until November 20 to obtain their demits and sign the charter. There are a large number of Masons in this valley and new lodge gives promise of being one of the strongest in the state.

Matt Seal, brother of Woody Seal, is here to spend the winter. He is from Fort Worth, Texas.

Two splendid vehicles have been ordered by the board of school trustees to convey pupils from the rural districts to the Twin Falls schools. The vehicles are made especially for this purpose by the Studebaker company and the order is being filled through C. O. Meigs, the local agent of the company. They will be equipped with front and side curtains and will be heated by means of porcelain blinks.

An interesting advertisement reads: "For sale, 1000 yards of outing flannel at 7 cents a yard" at the Allen Mercantile company.

**SANTA FE ROAD ANNOUNCES  
ROLLING STOCK PURCHASES**  
SAN FRANCISCO, (P)—Announcement was made by the Atchafon, Topeka and Santa Fe railway here Friday that contracts are being completed for delivery of \$18,000,000 worth of new rolling stock to the system. Fifty locomotives, 2000 passenger cars and 400 coal cars are included. Before the war the same equipment would have cost \$6,000,000, the company said.

Through the classified you may secure that job for which you are "looking" in a sort of blind way.

## NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise Idaho, until two (2) o'clock P. M. on the 10th day of November, 1920, for the construction of a bridge across Deep Creek, consisting of two 20 foot steel spans, and a reinforced concrete bridge 37 feet by 80 feet across Little Salmon River, known as Federal Aid Project No. 44-B, on the Idaho Pacific Highway in Twin Falls County. Proposals will be opened and publicly read at the above said hour.

Plans, specifications, forms of contract, proposal forms and other information may be obtained at the office of D. P. Olson, Director of Highways, Boise, Idaho. A deposit of ten dollars (\$10.00) is required for each set of plans and specifications. The deposit will be refunded if the plans are accepted; otherwise, within 14 days after bids are opened.

All proposals must be made on the forms furnished, and must be signed by the bidder, with his name and post-office address.

The right is reserved to reject all proposals, or to accept the proposal or proposals deemed best for the State of Idaho.

No proposal will be considered unless accompanied by an acceptable Proposal Guaranty in an amount equal to five per cent (5 per cent) of the total amount of the proposal. This guaranty may be in the form of (a) cash; (b) a certified check drawn on an Idaho bank and made payable to the Commissioner; or (c) a bidder's bond.

It is the purpose of the Commissioner to build the improvement in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon.

Dated October 19th, 1920.  
D. P. OLSON,  
Director of Highways.

WM. J. HALL,  
Commissioner of Public Works.

Store competition operates now as usual to keep prices of merchandises down to the lowest possible basis. This law of trade is considered so essential in our business life that laws are made to prevent combinations whose object is to boost prices through agreement. To profit fully through the competition of the stores you must keep in close touch with store advertising.

## NOTICE OF APPLICATION FOR LETTERS TESTAMENTARY

In the Probate Court of Twin Falls County, State of Idaho.

In the Matter of the Estate of D. Barnard Hartwell, deceased:

Notice is hereby given that James B. Hartwell and Albert W. Hartwell have filed with the Clerk of this Court a petition praying for letters of administration of the estate of D. Barnard Hartwell, deceased, and that Monday, the 15th day of November, 1920, at 10 o'clock A. M. of said day, at the courtroom of this Court in the County Courthouse of Twin Falls County, State of Idaho, has been set for the hearing of said petition, when and where any person or persons interested may appear and show cause why said petition should not be granted and why said will should not be admitted to probate.

Dated this 29th day of October, 1920.

O. P. DUVAL,  
Probate Judge.

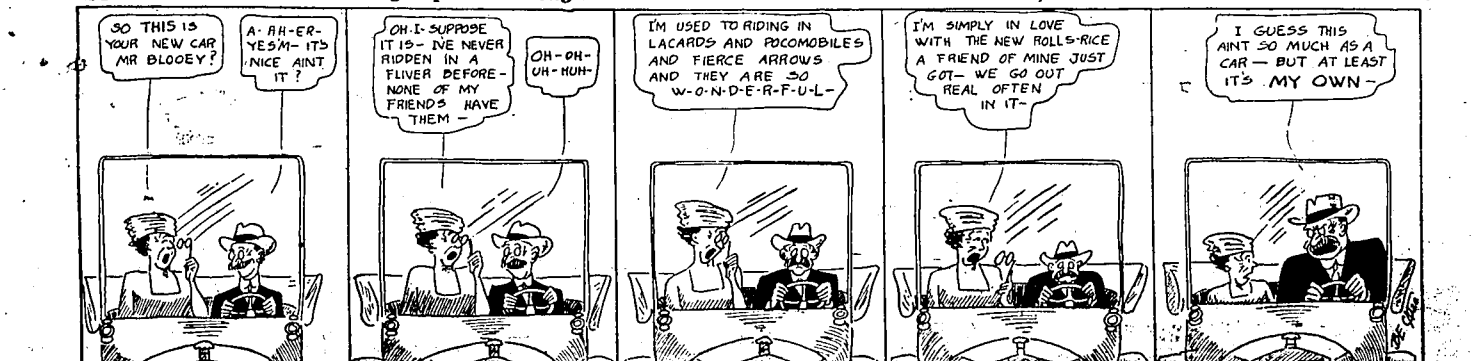

## SELLING REAL ESTATE

is a classified advertising task. Why waste time with signs and placards, attracting little notice except in the immediate neighborhood? Your logical buyer undoubtedly reads the ads—but he may not even know about your property through any other means.

# GOZZIES MET WORTHY FOE OF GOODING FIELD

## Evans' Men Win 42 to 0 But Are Forced to Display Best Wares in Contest

In the hardest fought game of the season Coach Evans' men defeated Gooding high school 42-0. Twin Falls' superior teamwork and better training were responsible for the Bruins' victory. The teams were evenly matched in weight, but Coach Evans' methods of teamwork gave the Gozzies the advantage.

Twin Falls won the toss and elected to receive the ball at the south goal. Newman received the kick and made 20 yards before he was down. On the next play Twin Falls fumbled but Phillips recovered the ball and made yardage by line plunging. Gooding captured the ball on a fumble and made good gains. Twin Falls recovered on the 15-yard line on Gooding's fumble and carried it to the 30-yard line. The Bruins made first down on the plunges. Fumbles were frequent in the first half. Newman received Gooding's kick and gained 25 yards. Twin Falls won yardage on hard football. Hertz carried the ball over for the first touchdown. Newman kicked goal at the quarter was ended. Score: Twin Falls, 7; Gooding, 0.

### No Gain on Kickoff.

Gooding made no gain on the kickoff off. Gooding kicked from their five-yard line to Newman on the 30-yard line. "Speed" gained 15 yards. Fitz went through for 15 more and a touchdown. Newman kicked goal. Gooding received the ball on the 20-yard line and returned 10 yards. Holson gained five and Gooding was held for down. Newman made 25 yards to midfield. By line plunges Twin Falls carried the ball to the 20-yard line. In this manner the ball was carried to the five-yard line and Fitz took it over for the third touchdown. Newman again kicked goal.

Twin Falls kicked to Keith who recovered 13 yards. Gooding lost 10 yards bringing the ball to Twin Falls. 18-yard line. Taylor intercepted a pass on the 30-yard line. Newman ran 20 yards through a broken field for the fourth touchdown. In then kicked goal and the half ended, 28 to 0, in the Bruins' favor.

### Makes No Gain.

Gooding received the kickoff on the 30-yard line but made no gain. No gain was made on the 20-yard line either. Twin was penalized five yards for offside. Holson, the Gooding quarter, went through for ten yards, and Keith, left half, added another 10 yards. Strain, right half, in position. Twin Falls was penalized half the field which brought the ball to the 20-yard line. Fitz received Gooding's punt and the goal was returned 15 yards. No gain was made on the second down and on the third Newman kicked the ball to the 43-yard line. Gooding's line plunged and was held for down. Newman ran 20 yards made no gain on first down and a pass failed on second, so Newman kicked to the 28-yard line. Twin Falls was penalized 15 yards for unnecessary rushing. Line plunges made no gain for the Evansmen. Gooding intercepted a pass on the 30-yard line, but made no gain the second and third downs and punting led to Newman on the 20-yard line and returned 10 yards. Time out for Holson. Newman ran 25 yards through broken field and was downed on the 20-yard line. Eight more yards were gained by Newman. Fitz plugged through for eight Gooding's ball on fumble. Holson made yardage. A pass failed for Gooding who lost the ball on downs. Fitz gained 10 yards for Twin Falls at the end of the third quarter.

### Last Quarter.

The last quarter began on the second down and four to go. Yardage made on plunges by Newman and Phillips. Plunging gained five yards. Newman ran 20 yards to go for first down. Fitz carried ball within a foot of goal and went over on the next plunging. Newman kicked goal. Score 35 to 0.

Gooding received the kickoff on the 20-yard line, returning ten, Epler making a daring tackle. A pass failed. Gooding on second down. Gooding gained 15 yards. Gooding fumbled but retrieved. Failing on a pass Gooding kicked to Newman who returned 10 yards. With three yards to gain on the second down, Fitz went 13 for yardage. Three yards on first down and the same on second. Newman made seven. The line plunged and Fitz carried the ball over. Newman kicked goal. Forty-two to 0. Gooding, for Gooding, returned 20 on the kickoff. Gooding kicked to Newman who went forward ten to fumble to Gooding. Gooding's ball as whistle blew.

# INDUSTRIAL SCHOOL IS LAD'S PREFERENCE

## Thomas Barga, 14 Years of Age, Wants to Learn Vocational Trade

Claiming he wanted to become a competent in a vocational trade as his older brother, Thomas Barga, 14 years of age, appeared to juvenile authorities of the county some time ago to be sent to the St. Anthony industrial school for training. The appeal was not granted, in deference, it is said, to the wishes of the lad's parents.

The boy is now in the county jail accused of taking a wallet containing about \$17 from an automobile at Blue Lake. He was arrested at Jerome yesterday by a Younger companion. The latter has been paroled to his parents.

According to a confession, alleged to have been made by Young Barga, the money was spent at Jerome for food and various other articles. He says he wants to go to St. Anthony and learn a trade instead of being compelled to attend county school. Hearing will be conducted Monday.

# HOME SERVICE FUND IS NOT SUFFICIENT

## Salvation Army Drive Did Not Yield Enough Money to Meet Needs

The total amount subscribed to the Salvation Army home service fund, in a drive recently conducted here, was \$21,210. The fund is needed for the most needy cases, and the amount needed is \$40,000.

According to Ensign John Naton the sum of \$4500 will be required to carry on the work of the army in Twin Falls city and country the coming year. The expenses of the campaign were \$744.85 leaving a balance of \$1376.44 to apply on the home service fund.

Of this amount \$816.25 was required to meet local obligations, contracted in the performance of army work since the inauguration of the charity organization in Twin Falls. This leaves but \$560.19 to carry on the work of the army in this city and vicinity.

# WEIGHT OF CHILDREN IN SCHOOLS BE TESTED

## Health Department Will Inaugurate System for Parent's Information

A system of weighing will be inaugurated in the city schools next Monday as a means of ascertaining at a comparison of actual weight of pupils with the standard established by authorities. Pupils are to be presented with weight tags for the information of parents or guardians.

The table used in this connection has been prepared by Dr. Thomas D. Wood, a noted authority on health problems. The weighing will be done under direction of the city school department.

In connection with the weighing it is stated that an authority on school health found that only one out of ten children in the United States are under standard weight and retarded in development. He considers a child 7 per cent under weight handicapped for the progress expected.

# AT THE LIBRARY

The following books have been added to the Twin Falls public library this week:

Fiction—Brookline Dale, Pioneer, Fox; Top of the World, Delli; Valley of the Moon, Curran; The Foxes, Rids; Virginia of Elk Creek Valley, Chase; The Great Impersonation, Opusheim; Best American Humorous Short Stories, Joseph.

Nonfiction—The History of Service, Parkman; Pool of Stars, Meigs; Stop, Gray; Two in a Bungalow, Smith; When I Was a Girl in Holland, De Groot; Masters of Space, Towers.

# DEPORTATION CHARGED

If H. Thompson, a truck driver of Buhl, is held in the county jail, awaiting official action on a charge of family desertion, Thompson was arrested recently in American Falls, where he was employed in moving picture house. He was brought here by Deputy Sheriff H. Van Allen. Thompson, who is about 35 years of age, is said to have deserted his wife and two children in Buhl about three weeks ago.

# EPISCOPALIANS CALL MINISTER

## The Rev. Charles G. Baird, of New York, Officially Offered Ed Pulpit

At a meeting of the vestry of The Church of the Ascension, held in the offices of the Irrigated Lands company last night, decision was reached in determination to issue orders for a formal call to the Rev. Charles G. Baird, late of Grace church, New York, to the rectory of the Twin Falls parish.

### Formal Action

This action was the formal undertaking conforming to an affirmative vote taken by communicants of the church at last Sunday morning's meeting. Last night's session was attended by a number of the male supporters of the local church.

Result of the final meeting on the question of calling the Rev. Mr. Baird was telegraphed to Bishop Frank Hale Turett, of the Idaho missionary diocese at Boise, authorizing official action by the head of the church in the establishing of the rector in Twin Falls.

### To Include Buhl

The Rev. Mr. Baird will include the Buhl Episcopal mission in his general work in this parish and vicinity, and proposes to conduct overseas service each Sunday at that place. Reorganization of the Buhl mission is already in process.

The New York minister came to Twin Falls several weeks ago and has held services each Sunday morning since arrival. His conduct of the church's services has proven eminently satisfactory and from the first it has been apparent that the people of the church would officially extend the necessary invitation to his return.

Lately a number of needed improvements have been made on the church building interior, the chancel having been extended to accommodate the larger altar. Now the parish has everything supported. Now carpeting is to be placed on the chancel and in the sanctuary and other benefiting touches are being made.

# MINISTER SPEAKS OF CALLS COMING TO MEN

## The Rev. H. E. Marshall, Evangelist, Gives Stirring Sermon at Church

An especially strong sermon marked the revival meeting conducted in the Baptist church by the Rev. H. E. Marshall last night. The minister, taking his text the biblical passage, "The mountain will come to us, we will not go to the mountain," spoke brilliantly upon the various calls that come to men and women in a life time. In part, he said:

"The mountains here us. There is a strange and wonderful charm to the western country, but the mountain never loses their charm. The mountain calls us, do we stop at the snow-line? The mountain has often been the call to death, but Jesus is the call to life.

The sea calls. I wanted a taste of salt water. Did I stop with my first taste? No, I must go to sea, and I lied to the captain of a ship, to get him to take me. Then I found I had made a great mistake, and I asked, 'Are we going to stop somewhere soon?' No, we were not to stop until we reached the end of a long voyage. How many of us are doing something impulsively and it takes us a lifetime to find a port. The sea calls in a wonderful way, but it has failed many. Jesus Christ never fails.

The city calls. How many have a charm for city? How many prospectors have followed that call to their death. Jesus Christ never calls out, but Jesus Christ never calls out, but Jesus Christ never calls out.

The world calls. I always feel an extraordinary responsibility for a city the size of Twin Falls, for the smaller cities of the west are the feeders of the slums. I went to St. Louis to help a boy find his sister, who had been gone four years. The trail was not hard to find. It led to the places which you tolerate here in your city. It led to the Saturday night dance. We found the place she died, a miserable room in a basement. There I swore eternal enmity to all things I found on that trail. That's why I am against the dance. The city deceives, but Jesus Christ never deceives.

The world calls, and fails. Jesus Christ calls, but never fails. These things are not always true, but Jesus Christ never calls out, but Jesus Christ never calls out.

### ADMINISTRATOR APPOINTED

Nelson Hanson, of St. Paul, Minn., has been officially appointed administrator of the estate of C. E. Carpenter, deceased. Carpenter was killed in a fall when a scaffold upon which he was working collapsed.

### COMPETENCY IN QUESTION

In the probate court today a jury is hearing testimony in the case of Daniel Norton, aged 35, to establish his mental competency. Mr. Norton's affairs have been in the hands of an administrator since 1912.

# TWIN FALLS YOUTHS IN UNIVERSITY BAND

## Walters, Holderman, Ostrander and Wyland are Chosen Musicians

UNIVERSITY OF IDAHO, Moscow, (AP)—Composed of the 15 finest undergraduate musicians on the University of Idaho campus, a small jazz band which makes up in fervor what it may lack in numerical strength will accompany the Idaho football team when Coach Kelly's gridlets leave for Boise and their Armistice day game with the University of Utah.

Under the direction of Lynn Hetev of Lewiston, an accomplished cornetist who spent two years in the navy, this pocket orchestra band has developed until it has a repertoire that ranges from the newest of popular tunes to difficult selections from grand opera.

Two members of the famous Second Idaho band, Theodore Holderman and Edgar Ostrander, both of Twin Falls, are stellar performers in the university organization. Holderman plays with reverberating effectiveness a big bass horn that once startled French audiences, while Ostrander hammers on the bass drum with proper and telling emphasis.

University students who raised the funds to send the band to Boise by attending on mass dance and vaudeville benefit held election believe that those who hear this undergraduate musicians at a distance will be convinced that Boise has joined forces with Arthur Pryor and brought the combined group to town in a special train.

Band members are: Lynn Hetev of Lewiston, Vernon Walters of Twin Falls, Leslie Moo of Kellogg, Day McKinley of Kellogg and Clark Rush of Grandville, cornets; John D. Remberg of Rupert, clarinet; Phil Tolman and Vergil Bodwell of Boise, saxophones; Fred Marinneau of Coeur d'Alene, alto; John Sampson of Moscow, and Vaughn Price of Twin Falls, tuba; Robert Eldridge of Moscow, baritone; James Elder of Moscow, flute; Theodore Holderman of Twin Falls, bass; Eugene Ostrander and Elmer Wyland of Twin Falls, drums.

# Social Notes

Edited by Mrs. E. D. Williams  
Telephone 306

The Misses Emma and Elizabeth Driskell entertained at dinner Thursday evening complementing their sister Miss Lillian. It was a complete surprise to her and the guests were Miss Bess Glenn, Miss Anne Giese, Miss Lora Ormsby, Miss Blanche Hill, Mrs. Nellie Phelps and Mrs. Homer Ball. The evening was spent with music and a social time.

The Presbyterian Ladies' Aid met Thursday afternoon at the home of Mrs. M. C. Mitchell with Mrs. D. P. Sweet, Mrs. M. F. Gamble, Mrs. L. Bracken, Mrs. A. K. Seaver, Mrs. C. H. Krengle and Mrs. R. P. Logan as assistant hostesses. A short program was given. Mrs. P. F. Bracken singing "Good-Bye Sweet Day," and Miss Maurine Biffer giving a reading. The remainder of the afternoon was spent socially. About sixty-five members were in attendance.

Mrs. Charles D. Hunt was hostess to the Astoria Club Friday afternoon. After a short business session, Mrs. D. Weaver led in the continued study of parliamentary law. Twelve members were present and a social hour with refreshments concluded a delightful afternoon.

# AMUSEMENTS

# Lassitude Fit Holds Mercury in Tight Grip

HALF inch of pure white snow mantled this community when day broke today, and more of the same is prognosticated for tonight or tomorrow.

Yesterday's top temperature was nothing to boast over, from the viewpoint of a "banana belt" enthusiast. It was 40, with a drop of 10 degrees for low at night.

# Local Brevities

Gone to California—C. B. Lindsey and family left this morning for Pomona, Cal., to spend the winter.

Gone to California—Mr. and Mrs. Albert Anderson left Friday morning for Berkeley, Cal., where they will visit Mr. Anderson's parents.

Licensed to Wed—A marriage license was issued yesterday afternoon to Harold W. Moore, aged 25, and Lydia M. Umphrey, 24, both of Filer.

To Reside Here—Mrs. Bert Eldridge has moved from Salt Lake to Twin Falls. They are residing at 415 Second avenue west.

Home from Seattle—Mrs. W. P. Outhouse returned today from a visit at Yakima, and also with her daughter, Miss Iris, at Seattle.

From Nevada—Mr. and Mrs. H. J. LaMay arrived last night from Ely, Nev., to spend the winter with Mrs. LaMay's parents, Mr. and Mrs. H. W. Bourdette, 280 Van Buren street.

Senior Improves—Alan P. Senior, who has been extremely ill, the result of infection from a carbuncle, is now at his home and is reported making satisfactory progress toward recovery.

Visitors in Twin Falls—Mrs. J. B. L. of Hansen, and her sister, Mrs. C. H. Gray, of Rock Island, Ill., have been spending a few days this week at the home of Mrs. Lane's daughter, Mrs. Pitch Ball, in this city.

Resigns Position—Miss Ada Walkington, who has been employed as stenographer in the office of the city clerk some time, has resigned to become associated with the Officer Service bureau. Mrs. Ethel Van Idersing succeeds Miss Walkington.

To Visit in Utah—Mrs. F. W. Dunke left last evening for Salt Lake where she will visit for a few days with her sisters, the Misses Both, who are en route from their home in the east to Los Angeles where they will spend the winter.

To Take Western Trip—Mrs. A. B. Paulin and daughter, Dorothy, expect to leave Monday for Salt Lake, where they will join Mr. Paulin who has been in that city for the past three weeks, having gone with the hope of securing his health.

Visit Concluded—A. G. Harper and Mrs. Margaret of Los Angeles, left Thursday for their home after visiting for ten days with their sister, Mrs. J. W. Rawlings and family. They have lived in Los Angeles for over 30 years but were very much pleased with Twin Falls.

Visitors from California—Mr. and Mrs. E. E. Martin of Orland, Cal., are guests in the home of Dr. and Mrs. W. H. Dwight. They arrived yesterday from the east where they have been visiting. Mr. Martin will remain until the early part of the coming week, while Mrs. Martin, who is a sister of Mrs. Dwight, will remain two or three weeks before going on to Orland.

Business in Twin Falls—A business visit in Twin Falls yesterday.

Mrs. J. N. Hestley of Rogerson, was among yesterday's arrivals in this city.

J. W. Taylor was in Twin Falls yesterday from Buhl on legal business.

Fred Roberts of Burley transacted business in this city yesterday.

Edgar Cathcart of Postville is in Twin Falls visitor.

Mr. and Mrs. A. W. Holmes of Filer were among the out of town visitors in Twin Falls yesterday.
