TOLL OF DEATH INCREASES IN IRISH CLASHES

Five Casualties Result in Fighting During Day Followed by Night of Comparative Calm in Scene of Sunday Horror

MILITARY CONTINUING SEARCH FOR ASSASSINS

All Classes and Types of Residences and Other Premises are Visited in Scores of Raids Conducted by Authorities

DUBLIN, (AP)—The body of an auxiliary policeman, bound with ropes, was taken from the river Liffey today.

CORK, (AP)—Shots were freely exchanged last evening between auxiliary police and citizens in the village of Millstreet, in the Killarney district. It is reported one policeman was wounded and two citizens shot. Other news states a machine gun fire from the police barracks the evening ended.

BELFAST, (AP)—The death roll in Dublin yesterday totaled five persons. During the morning one of the sentries at the castle was attacked by armed men. The sentry fired, killing three of the attacking party. Two other deaths occurred during the raids which were carried out in the city throughout the day.

DUBLIN, (AP)—All train services in and out of Dublin were resumed this morning, after the city had passed a quiet night following Sunday's bloodshed and the raiding activities of yesterday. The curfew law was strictly obeyed.

The night, however, did not witness any lull in the work of the military, who are continuing their minute search of the city, presumably for suspects in connection with Sunday's assassinations. Before the curfew hour of eleven the streets were surrounded by barbed wire barriers and the soldiers examined all persons passing.

Patrols Halt Traffic.

Strong military patrols manned every bridge and road running out of the city of Dublin last night. Even persons holding permits were not allowed to pass the line. Reports reaching the center of Dublin indicated that virtually the whole military establishment in this district of Ireland was employed in maintaining this cordon.

In the meantime, soldiers were conducting scores of raids throughout the city, reports reaching newspaper offices show that all classes and types of residences and other premises were being searched. The raids were attended by more than the usual amount of incidental clashes. It seems certain that many casualties had marked the day's activity.

Given Version of Clash.

THREE DEATHS RESULT IN SHOOTING IN COURT ROOM

Dublin Newspaper Published Sensation News of Alleged Killing of Prisoners

DUBLIN, (AP)—The Dublin Evening Mail today published news of a sensational incident, which is alleged to have occurred yesterday morning in the Exchange court, resulting in the death of Richard McKee, Peter Clancy and a man named McCalune.

These men, according to the newspaper, were arrested during the riot and kept in a room of the Exchange court, pending transfer of the prisoners. The Mail alleges that the prisoners selected arms stored in the court and shot at the judge. It also alleges the court guard was fired on, and, returning the fire, killed the three men.

Clancy, it is said, was a member of the Sinn Fein "inner circle" which is a committee to elicit the cooperation of business men throughout the country.

Mr. May explained that the plan was to keep factories operating by retailers making immediate purchases for spring trade.

Defections Waste Strength of Soviet Regime

Surrender of Units of Semenov's Army in Eastern Siberia is Reported

HARBIN, Manchuria, (AP)—Units of General Semenov's anti-Bolshevik army have surrendered to the Russian soviet forces, which they are said to have joined. It is reported these units which made up a considerable portion of the force commanded by General Semenov, killed their officers. Many of the men managed to escape into Mongolia.

Manchuria station, on the railroad between Harbin and Chita and situated near the Siberian frontier, has been occupied by the Bolsheviks.

The Chinese are preparing to resist any attempt to invade Manchuria.

HARDING LANDS AT CRISTOBAL

President-elect is Flooded with Invitations During Stay in Canal Zone

COLON, Panama, (AP)—Warren G. Harding, president-elect of the United States, arrived at Cristobal at 9 o'clock this morning on board the steamer Yamacraw. He was given a noisy welcome by the craft in the harbor. Mr. Harding went directly to a hotel.

On board steamship Parismina, (AP)—As president-elect Harding approached Panama and his vacation voyage he was flooded with wireless messages inviting him to be the guest of honor at a long list of public functions during his five days' visit to the canal zone. Most of the invitations he will be compelled by his vacation plans to decline.

As now formulated his plans shape up as follows: Reach Cristobal at Atlantic terminal of canal Tuesday morning and party go ashore and spend entire day resting at Cristobal hotel; Wednesday trip through the canal with a call on President Ford; Thursday night stay at Panama City; spend night on Pacific side of the canal Wednesday; Thursday night spend at President Ford's.

FORMER EMPRESS SINKING

Hohenzoellern Conquest is Reported Very Weak This Morning

DOORN, Holland, (AP)—Former Empress Augusta Victoria of Germany was very weak this morning. Her temperature rose to 103 degrees during the night.

The former empress has been unconscious since the beginning of her latest attack until yesterday.

SHOE MAKERS ANNOUNCE FURTHER PRICE REDUCTIONS

ST. LOUIS, Mo., (AP)—Further reductions in the wholesale prices of certain styles of shoes were announced by two local shoe manufacturers today.

World News Events

BUENOS AIRES, (AP)—Earthquake shocks were felt in the states of Cordoba and San Luis at 6:20 o'clock last evening. No damage has been reported.

CONSTANTINOPLE, (AP)—French troops have repulsed the Turks who attacked them northeast of Tarsus. The French are moving from Osmanish toward Aintah, where the population is reported to be nearly starved.

BERLIN, (AP)—Preparations have been made by the German airline syndicate to erect nitrogen plants in the United States and Japan, and directors of the syndicate have already opened negotiations with those governments.

CONSTANTINOPLE, (AP)—Hostilities have been resumed between Armenia and followers of Hustapha Kemalpaşa, Turkish nationalist leader, says a dispatch from Ankara. A report from an Armenian source is that the Armenians launched a counter offensive against the Turks and recaptured Alexandropol.

RETAILERS LAUNCH MOVE TO KEEP FACTORIES OPEN

St. Louis Merchants and Manufacturers Seek to Prevent Business Stagnation

ST. LOUIS, Mo., (AP)—A national move to prevent business stagnation and encourage employment by local merchants and manufacturers, Melville Wilkinson, president of the Associated Retailers of St. Louis, announced today.

PACKERS OFFER PROPERTIES TO LIVESTOCK MEN

Plans for Sale of Interest of Morris and Company in the Stockyards and Terminals Ready for Filing in Court

CHICAGO, (AP)—Plans for the sale of the interest of Morris and Company, packers, in stockyards and terminals in such a manner as to permit their acquisition by livestock producers and the general public, were to be filed today in the supreme court of the District of Columbia, the packers announced.

Varied Interests Offered.

Interests which it is proposed to offer under the plan are: Kansas City Stockyards company, Kansas City, Mo.; St. Joseph Stockyards company, St. Joseph, Mo.; St. Louis National Stockyards, East St. Louis, Ill.; Oklahoma National Stockyards company, Oklahoma City, Okla.; Crescent City Stockyards and Slaughterhouse, Ltd., New Orleans, La.; El Paso Union Stockyards company, El Paso, Texas; New York Stockyards company, New York. Capital stock in four stockyard terminal railroads is listed.

The offer is in compliance with the decree made mandatory February 27, 1920, by consent of the "big five" packers and the department of justice for the disposal of the packing business from stockyards and other industries not directly connected with the meat business.

Proposes Holding Concern.

Edward Morris, president of the company, said that these holdings could not be disposed of at present because of the financial situation, and that the Morris interests had suggested to the court that all their capital stock in yards and terminal companies be immediately surrendered and cancelled and other certificates issued in lieu thereof in the name of some trust company, as trustee to hold and vote the stock until it can be sold to people outside the packing industry.

Mr. Morris expressed the hope that livestock men will avail themselves of the opportunity to get the yards.

WESTERN UNION DENIES CABLE LANDING RUMORS

Officials Disavow Knowledge of Purpose to Make Connection from Barbados to Ona

HAVANA, Cuba, (AP)—Western Union officials here deny any knowledge of the reported intention of their company to lay the cable laid between Barbados and Miami, at a point in Cuba, probably Havana, in case the American government persists in its refusal to permit landing of the cable at Miami.

It is learned, however, the Western Union some time ago was granted all concessions necessary for landing of the cable on Cuban soil should such a course be decided upon. A cable repair ship is reported at work preparing the shore connections.

LEAGUE ASSEMBLY AND COUNCIL AT VARIANCE

Respective Powers of Component Bodies Looms as One of the Biggest Issues Before Geneva Session

FAILURE TO ACT ON RESOLUTION TO RELIEVE ARMENIA THREATENS CLASH

American Note on Oil Agreement is Delivered Abroad

British Foreign Office Considers Washington's Views on Anglo-French Pact

LONDON, (AP)—The American note with regard to the Anglo-French oil agreement (dealing with the respective rights of the two nations as to oil supplies in parts of the former Turkish empire), was delivered by the American ambassador to the British foreign office last yesterday. The document is being considered by the foreign office today.

TROUBLE AHEAD IN FARM STRIKE

Barrett Intimates Evidence is Sought for Indictment of Movement Leaders

WASHINGTON, (AP)—Declaring he understood that "federal agents are already going over Kansas, Iowa and other states trying to get evidence necessary to the indictment of men who are asking farmers to hold their crops," Charles S. Barrett, president of the National Farmers' union, through a statement issued today, pointed to members of his organization to stand together and resist their products at present "ruinously low prices."

"Show that you have the moral courage to go to jail, if needed," Mr. Barrett advised members of the farmers union. "The word seems to have been passed around that farmers were to be treated as lawless—they were getting troublesome."

"The farmers answer to claims of over-production, Mr. Barrett said, should be: "We will simply lessen production." He said, adding: "From every part of the country comes the promise that this policy should be adhered to until the country wakes up to the fact that it must either go on short rations or pay you wages high enough to live on."

Efforts of the farmers toward cooperating, Mr. Barrett said, has met with strong opposition from the first.

HOG PRICES LOWEST IN THREE YEARS IN OMAHA

Quotations Drop 75 cents to \$10.00 in One Day and Touch Average of \$0.80 per 100 Pounds

OMAHA, Neb., (AP)—Hogs sold for a lower price in the Omaha market today than at any time since January 15, 1917, when the average was \$0.60 per hundred pounds, the United States bureau of market reports. The general price today was \$0.80. Prices were 75 to \$1 lower than they were yesterday.

DENVER, Colo., (AP)—Hogs dropped to the lowest price since before the United States entered the war at the Denver stockyards this morning. The top on the local market was \$10.25 with the bulk of the sale were for \$9.50 to \$9.70. The market was \$1 lower than yesterday.

CLEVELAND, O., (AP)—Mixed hogs sold at \$10.50 per hundred pounds at the stockyards here today, the lowest price this year. Today's price is \$1 lower than yesterday's market.

KANSAS CITY, (AP)—Hog prices reached the lowest level here today since January, 1917. The market closed with top prices at \$10.20, \$1 to \$1.25 under yesterday's average. Top price for January, 1917, was \$10.

Unusually heavy receipts and lack of outside buying were said to have contributed to the slump.

DEEP SNOW PAGES LEFT BY STORMS IN CALIFORNIA

SAN FRANCISCO, (AP)—A hardening snow pack which was 25 inches deep at the government measuring station at Summit, Placer county, at the last report, and falling river and creek gauges were recorded by the United States weather bureau here today following the big storm which swept the state in the past ten days.

Geneva, (AP)—The committee on general organization of the assembly of the league of nations has adopted a proposition advanced by A. T. Balfour of Great Britain, according to which no amendments to the covenant of the league shall be considered by the committee.

It is known that the league has had placed before it a number of resolutions concerning several amendments to the covenant, dealing with that chapter of the document which relates to the constitution and organization of the league. Defeated in the committee, the delegates of the powers which were in the minority of the Balfour proposition have expressed their intention to call the question up before the full membership of the assembly.

GENEVA, (AP)—The secretariat of the league of nations communicated to the assembly a telegram from the national Ukrainian committee in the United States. The communication asks the league to respect the rights of the Ukrainian nationals in Europe by obliging the Polish troops to evacuate Ukrainian territory and that the Russian troops to evacuate Bukovina and also asks recognition of the Ukrainian republic.

GENEVA, (AP)—A clash between the council and the assembly of the league of nations on the question of carrying out the assembly's resolution of yesterday for intervention in the Armenian situation, was a possibility this forenoon as the assembly met for today's session.

Armenia Early to Fore.

The subject of Armenia was early to the fore, the chairman announcing the "take-up" of the committee to examine the late resolution on the subject.

Resolutions Ben Inconclusive.

The order of the day for the assembly contained several resolutions of an apparently inconclusive character, promising that the theme of the session at least in part was yesterday's session developed. The possibility was seen, however, that the failure of the council to take up the resolution on the Vivaldi resolution might provoke another debate on Armenia and raise the entire question of the relations of the assembly.

The respective powers of these bodies is being set up as one of the biggest questions before the assembly. The clash on this subject would naturally come in discussion of the report of the organization committee on the subject.

Calls for German Protest.

LONDON, (AP)—Ex-King Constantine of Greece has emphatically denied reports that he had invited former Emperor William of Germany to go to Corfu, where the former emperor has a residence, says a dispatch to the Daily Mail from Lucerne. The correspondent reports that when Constantine was asked whether the story were true, he indignantly characterized it as "lie."

CONSTANTINE DENIES REPORTS OF INVITATION TO GERMAN WAR LORD

William of Germany could go to Corfu only with the consent of the allied powers, the Associated Press was informed at the foreign office today. This information was elicited by an inquiry relative to reports that the former emperor's villa on the island of Corfu was being repaired and that he was expected to go there soon. The Dutch government has given assurances to the allies that Queen Hohenzoellern will be guarded at Doorn.

GREEKS AVOW READINESS TO MEET ENTENTE

Rhailis Cabinet Announces Willingness to Give All Guarantees that may be Demanded of New Government

ATHENS, (AP)—The government has decided, in order to expedite matters, that the plebiscite on the return of former King Constantine shall be held on the electoral lists.

The government newspapers announce that Premier Rhailis will visit various capitals to open direct negotiations with the allied governments.

ATHENS, (AP)—As proof of the sincerity of its sentiments toward the entente the Rhailis cabinet declares its readiness to give all guarantees which the entente may demand. The announcement was made here today.

ENGLAND MAKES OPPOSITION TO CONSTANTINE PLAN

PARIS, (AP)—Great Britain has already taken steps to inform former King Constantine of Greece, and George Rhailis, the new Greek premier, that she is absolutely opposed to the return of Constantine to the Greek throne, says the Petit Parisien. She has notified them clearly that if the Greek government does not take cognizance of her stand, Greece cannot hope to retain the territorial advantages given her in the treaty between the allies and Turkey, the newspaper says.

The Athens correspondent of the Journal, after giving details of the campaign in Greece, says that during demonstrations following the election, many persons, among whom were women and children, were killed.

Venizelos is Despondent.

Former Premier Venizelos of Greece is despondent over his defeat at the polls on November 14, and may retire permanently from a political life. In any event, he will accept a definition of the powers of his attitude toward Greece, said Sophocles Venizelos, son of the former premier, to Paris correspondents at Nice last morning.

My father is disgusted and is despondent," said the young man.

Reasons for the defeat of the Venizolista party which have been reported from Athens, were confirmed by young Venizelos. He said the Venizolistas thought they would win, even when they were hopelessly beaten, because the royalists had adopted the rose of going to the polls wearing Venizolista badges.

SUGAR PRICE DROPS AGAIN

Big Refiner Reduces Quotations to the New Low Record for Season

NEW YORK, (AP)—The price of sugar took another drop here today when the Federal Sugar Refining company reduced its quotations to the basis of \$8.75 for sugar granulated, a new low record for the season. Other refiners lowered their quotations to 9 cents.

SAN FRANCISCO, (AP)—Fine granulated sugar dropped a half cent a pound to nine cents to jobbers, it was announced by local refiners here today.

The decline is causing beet sugar manufacturers to withhold their sugar from the market, it was said by one of the local refiners. Beet sugar was quoted by the Western Sugar Refining company today at \$8.50 a hundred pounds from \$8.00. Quotations in the flour market here today range from \$8.40 to \$9 a barrel.

FLOUR EXTENDS DECLINE

Minneapolis Quotations in Line with Break in Wheat Market

MINNEAPOLIS, Minn., (AP)—In line with yesterday's break in the wheat market, flour extended its decline of yesterday with an additional drop to nine cents a bushel. Quotations in the flour market here today range from \$8.40 to \$9 a barrel.

THE HAGUE, (AP)—Former Emperor

ENGLAND LOSES FRIENDSHIP OF ARAB PEOPLES

Chicago University Man Returning with Ancient Relics from Near East, Talks on Political Situation

CHICAGO (AP)—Fresh from the Near East, 37 boxes of relics of ancient Egypt and Babylonia are now being unpacked at the University of Chicago. They were brought recently after an adventurous trip by Dr. J. H. Breasted, professor of ancient Egyptian and Egyptian. In the judgment of museum officials here, they make the oriental museum at the University of Chicago the finest of its kind in the United States.

Incur Great Risks.

The university professor and his staff of four were the first white men to cross the Arab state after it was proclaimed, going from Baghdad to Aleppo. At times the expedition traveled at great peril, not merely because of the aim of the party was to survey the most important buried cities of the Near East in regard to the work of excavation. Dr. Breasted said he saw ancient cities, not merely mounds of ruins that were not on the map and were totally unknown to science.

Because of his knowledge of conditions in the country behind Syria Dr. Breasted was asked by the British government at Cairo to go on a diplomatic mission to the British foreign office at London and at the expense of changing his plans for returning home, he did so, Dr. Breasted said here.

Friendship Becomes Hate.

The traditional friendship of the Arabs for the English has now turned to hatred, Dr. Breasted reported. This, he said, was due to the British giving over Syria to the French after they had promised the Arabs their own kingdom in recompense for the help they gave the British against the Turks.

British political agents were being murdered by the Arabs in Mesopotamia while the University of Chicago expedition was in that country, Dr. Breasted said. He related that a British colonel who knew the British expedition was later killed at the identical camping place the university party had stopped at a short time before.

British Rule Blemished.

"The English rule in Mesopotamia is, however, the greatest blessing that ever came to the country," Dr. Breasted said. "It is accomplishing wonders in quieting the turbulent Arabs and in bringing in civilized conditions. Any one who knows the Near East cannot fail to rejoice at the British occupation, and most of all the archeologist."

Notwithstanding this hostility to the British, the party determined to push on without protection across the border to the Mediterranean. They fought bravely and found the Arabs friendly to Americans.

One of the prizes brought back to the Chicago oriental museum is an Assyrian prism chronicling the destruction of Sennacherib's army before Jerusalem. This great Assyrian king had carried a host against Jerusalem and sorely troubled the Jews. It is related in the Book of Isaiah that Hezekiah sent for the prophet Isaiah, that Isaiah prophesied that Sennacherib would not enter Jerusalem but would return to Assyria by the way that he came, and that the Assyrian army suffered a great destruction.

Bears Ancient King's Story.

"This is a six-sided prism containing the royal annals of Sennacherib," Dr. Breasted said. "It relates the chief campaigns of his western wars and chronicles this incident told of in Isaiah. There is a similar prism in the British museum, but ours is three years older, and it is the first in the United States."

A flint knife blade with a sharp edge, which Dr. Breasted characterized as the finest piece of chipped stone known to man, is one of the prizes of the collection. Still another is a small blue vase from Egypt, where glass was first used, which the professor said showed the first artistic use made of glass.

A picture of early Egyptian home life is afforded by a group of 25 figures found in an Egyptian tomb. Servants making bread, washing, making music on a drum and doing other fa-

millar things about the house 4000 or 5000 years ago, go to make up the most complete group of the kind. It is said that has ever been uncovered in one tomb.

VENEZUELAN PRISONER OF AMERICANS STRIKES

Fombona Refuses Food in Protest Against Detention and Class of Rations Provided

HAVANA, Cuba, (AP)—Horacio Blanco Fombona, held a prisoner by the American military authorities in Santo Domingo, has started a hunger strike, according to word received here. Fombona is a newspaper man and has gained considerable fame as a poet.

The decision of Fombona to refuse food is said to be only in protest against his detention, but also against the class of food provided him, which is alleged to consist of a ration of potatoes and beans.

Fombona is a member of a prominent Venezuelan family and a brother of O. Blanco Fombona, a widely known author. He has resided in Santo Domingo during the last six years because of differences with the present Venezuelan government.

HOUSE APPROPRIATIONS COMMITTEE TO USE AXE

War Department Comes in for Criticism as Work on Bills is Begun

WASHINGTON, (AP)—Work on two of the regular appropriation bills, the sundry civil and the legislative, executive and judicial measures, was begun Monday by the house appropriations committee, coincident with the return here of Representative Good of Iowa, chairman.

Every effort to economize in government expenditures consistent with actual needs will be made, said Representative Good, adding that new legislation to curtail the present spending power of some government departments might be considered.

The war department is heading for a deficit of from \$50,000,000 to \$100,000,000 at its present rate of expenditure," said Chairman Good, "and has reduced the size of the standing army as required under the last army bill. Instead the army is spending thousands of dollars in advertising for more men."

One of the few regular appropriation bills, the committee chairman said, may be consolidated during the coming session.

ONE LONE DEMOCRAT IN NEXT WASHINGTON HOUSE

OLYMPIA, Wash., (AP)—When the next state legislature meets here in January, E. F. Baker of Winthrop, will have the honor of being the lone democratic representative in Olympia. Out of 87 members of the lower house elected November 9, 86 are republicans, two farmer-labor, and Baker is the survivor of the democratic organization.

He was a member of the last legislature and author of the Banker bill which became a law providing for the state reclamation bonds.

TWO PRISONERS SAW WAY TO LIBERTY IN SALT LAKE

SALT LAKE CITY, (AP)—A. T. Peterson, 20, awaiting trial for grand larceny, and D. P. Atkins, awaiting trial for forgery, saved their way to liberty from the county jail early Monday. They used a saw to cut through a steel roll door and cut the steel bolt from a steel door in the corridor. They then used the sawed-off legs of their coats to batter a hole through a brick wall, and then crawled through the hole to freedom.

ARGENTINA WILL PENSION PUBLIC UTILITIES EMPLOYEES

BUENOS AIRES, (AP)—Employees of private companies performing public utility services, such as street car, telephone, telegraph, gas and electric supply concerns, would receive government pensions under a measure just sanctioned by the Argentine senate. The measure is based on a similar project passed by the chamber of deputies, but as it is different, it will require the sanction of the lower house before it becomes a law.

EGGS QUOTED LOWER ON SAN FRANCISCO MARKET

SAN FRANCISCO, (AP)—Eggs, instead of rising as usual before the Thanksgiving, this year dropped. Highest grade eggs Monday were 83c on the wholesale exchange, 10 1-2 cents lower than Friday. Recent rains increasing production caused the drop, it was said.

BRANDS FORMER CROWNED HEADS AS LAW EVADERS

The Reichstag Hears Hermann Mueller Accuse More Than 100 Eminent Persons of Smuggling Sums into Holland

BERLIN, (AP)—One hundred eminent persons, among them Crown Princess Cecilie, Prince Eitel Friedrich, Prince August Wilhelm, the late Prince Joachim, Count Radolka and Princess Wanda Radziwill, have smuggled to Holland more than aggregating \$20,000,000 marks, asserted Hermann Mueller, former German chancellor, in the reichstag today.

Cites Distinguished Law Breakers.

The former chancellor interpellated the government relative to the activities of the first of the Crown Princess, bankers, which is declared to have carried on an extensive business in smuggling property out of Germany. It was asserted that the head of the banking firm had been contacted in the German army and was on good terms with the nobility, and that the concern had "been known publicly as a special firm for the carrying on of contact and getting of capital." It was said to have grown so large that it was able to buy eventually nearly 10,000,000 shares in the firm of Schlesinger, Frier and Company.

"I ask the government," said the former chancellor, "what has been done in the case of the banking firm of Sinner, Borghland and Company which has been accused of smuggling. I demand that people known as smugglers should be severely punished."

Replying, Dr. Wirth, minister of finance, said the public prosecutor had made his investigation of the Sinner, Borghland and Company case, but he asserted that the banking houses mentioned were evidently engaged in smuggling capital out of the country.

Government Makes Discoveries.

"The government," he continued, "learned a few days ago that millions of marks were being sent out of the country to the credit of German subjects with the firm of Crusser and Phillips in Amsterdam, and that these millions had been sent through an intermediary in contravention of German laws. The public prosecutor started an inquiry into the flight of this capital, and the firm's books have been seized. Proceedings are pending against a number of persons who sent money to Holland, but I am unable to give exact details. It is correct that among the persons having accounts with Crusser, Phillips and Company are members of princely houses, and some of the Hohenzollern family. (The finance department was instructed to demand security up to the highest possible figure from customers from the Crusser bank.)

BARES PLOT TO MURDER PREMIER HARA OF JAPAN

Former Artilleryman is Charged with Planning Attempt Against Statesman with Seven Bombs

TOKYO, (AP)—An attempt to assassinate Premier Hara was to be made on May 8 last, it is disclosed by the publication of the findings of a preliminary court which tried a former artilleryman named Ito, who was charged with planning an attempt against the premier's person with seven bombs.

It was hostile to the present cabinet, it was asserted, and came to Tokyo where he bought a revolver and explosives. He made the bombs out of four whiskey bottles and three cardboard boxes, but was knocked down accidentally by an automobile and the police discovered the infernal machine and unravelled the plot.

It has been remanded to the higher court.

A Bathing Girl of 1921—Let's Hope We Live Until Next Year

Miss Helen Dalo

Pretty Helen Dalo was one of the prize winners at the recent bathing girl review in Los Angeles with her chic bathing costume of silk trimmed with white fur. The review is an annual event and the spectators passed with approval not only the costumes for next year but the wearers as well. Hero's hoping we live to see next year.

MEXICAN FOREIGN OFFICE ORDERS FALL ADMITTED

Disregards Action of Pooquerra to Restrict American Senator from Crossing the Border

MEXICO CITY, (AP)—Mexican border consuls have been instructed by the foreign office to vize the passport of United States Senator Albert B. Fall, of New Mexico, who "announced a few days ago he intended to come to this city to attend the inauguration of General Alvaro Obregon as president of the Mexican republic. This order from the foreign office disregards the action taken on Saturday by Roberto Posuelo, Mexican confidential agent in Washington, who instructed Mexican consuls along the frontier not to vize any passport presented by Senator Fall.

TAKES PAIN OUT OF RHEUMATISM

Keep Sloan's handy for backache strains and sprains, too

SLOAN'S Liniment has been sold for 39 years. Today, it is more popular than ever. There can be but one answer—Sloan's produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatic sore, stiff, strained muscles; backaches, sprains, and other external pains, often the result of exposure. It leaves no mussiness, skin stain or clogged pores.

Get a large bottle for greater economy. Keep it handy for use when needed. Your druggist has it. Three sizes—35c, 70c, \$1.40.

Sloan's Liniment

LIMITS PHOTO SALES IN JUSTICE TO FILIPINOS

Only Anthropologists and Ethnologists Privileged to Buy Pictures of Non-Christian Tribes

MANILA, P. I., (AP)—Photographs owned by the government portraying the customs and habits of the non-Christian tribes of the Philippine Islands, are to be sold hereafter only to anthropologists and ethnologists at the discretion of the secretary of agriculture and natural resources. This decision was reached by the council of state in connection with the request made by Prof. Henry E. Sampson of the American Museum of Natural History for the purchase of 27 photographs of this kind owned by the bureau of science in Manila.

The sale of such pictures to a limited few, it is understood, to prevent the scattering over the United States of photographs which may be taken as portraying real life among the Filipinos, causing a wrong impression of the state of progress and culture among the inhabitants of the country.

A Reliable Remedy for Colds and Croup.

It would surprise you to know the number of people who use and reconfirm Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa., writes "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I also gave it to my little granddaughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results."—adv.

YOU don't use as much of Calumet as you do of most other Baking Powders.

It has more than ordinary leavening strength. You save about half.

You don't pay a big price for Calumet. It's sold at a moderate price—that represents another saving.

You don't feel uncertain as to results. Baking never fails because Calumet never fails below the proven standard of "Best by Test."

Only half the amount of Calumet is required to make the same amount of baked goods.

BEST BY TEST

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months, it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Pound can of Calumet contains full 16oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Beams you get a pound when you want it.

Calumet Gold Cake Recipe
Yolks of 8 eggs, 1 1/2 cups of granulated sugar, 75 cup of water, 75 cup of butter, 2 1/2 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1 tablespoon of vanilla. The mix in the regular way.

GUARD BARRIER AGAINST ROSS RED INVASION

American Diplomatic Officers Abroad Oppose Attempt to Abandon Passport and Vise System Now in Operation

THE HAGUE, (AP)—American diplomatic officials abroad who are in possession of evidence of propaganda schemes originating in Moscow oppose to any attempt to abandon the United States passport and vise system now in operation. This is because they are convinced that the Russian soviet government has been attempting to send hundreds of dangerous agitators to the United States.

Guard Passport Control
Warlike passport regulations have been considerably modified, both for Americans and foreigners seeking European visas, in the past few months and every attempt will be made, it was said, to make travel as easy as possible abroad next summer. But, in face of the evidence which has accumulated during the past few months, believed to indicate a determined effort by the bolshevik government to spread its influence to America, the diplomatic officials do not wish to surrender their most potent safeguard against passport control.

So far as the would-be emigrant is concerned," an American official said, "things have just been so simplified for him that, in ten minutes time, providing his own government considers him a worthy subject and has provided this by giving him a passport, he can answer all the questions we want to know about him. If he is satisfactory, he can get his visa the same day and be on his way to the United States speedily.

Counsel Patience
"The American traveling abroad will get all the assistance possible to give him. If he fronts because of the necessity of securing visas from various countries, he wishes to visit several countries and objects to frontier inspections, he must remember that perhaps the man who next to him in the railway car was a lieutenant, an anarchist, on route some place with a bomb, who might be stopped at the frontier before he could throw the bomb.

"Americans coming abroad will save themselves much difficulty if, just as they go to the bank before leaving to get a letter of credit, they will secure at foreign consulates in America visas permitting them to enter all the countries they wish to visit."

While most of the bolshevik agents en route to America seek to get through on false names, or by other surreptitious means, according to American officials here, there are a number of very ones who appear at American passport bureaus from time to time, and request legitimate visas.

Turns Back Criminals
During a recent week at an American passport bureau in Holland, out of 25 persons refused visas four were known to be international criminals, and three were international criminals. The United States surgeon general's office has recently established at some of the big emigration ports in Europe bureaus of sanitary restrictions, and quarantine, which, co-operating with the local medical authorities, seek to prevent diseased emigrants from going to the United States.

"The whole effort," an official said, "is, by passport control and medical inspection, to control the situation on this side, thus relieving Ellis Island and the other great grating stations at home of much work."

WON'T MEET HOPPE
NEW YORK, (AP)—Edouard Moremans, European billiard champion, has declined to accept the challenge to meet Willie Hoppe, world's champion, in a match before the end of this year. It was announced today. In a formal reply to the challenge issued last week by Benjamin Hoppe's manager, Moremans expressed a desire to meet the champion next February or March.

NEWSPAPER DECISION
ST. LOUIS, Mo., (AP)—Eddie Shannon of Portland, Ore., was given the newspaper decision over Billy Cole of St. Louis in an eight-round bout here last night. They are lightweights.

TRIMMINE LOSES MATCH
PHILADELPHIA, (AP)—Joe Burman, Chicago, decisively outpointed Earl Trimmine, of Cleveland in an eight-round bout here last night. Trimmine was knocked down in the first round.

If It Is a Billious Attack
Take three of Chamberlain's Tablets and a quick recovery is certain.—Adv.

Today's Sporting News

STRANGLER LEWIS THROWS ZBYSKO IN ROUGH SOUTH

Southerner Used Flying Headlock to Down Massive Pole Stecher Appears

NEW YORK, (AP)—Ed "Strangler" Lewis of Lexington, Ky., threw Wladok Zbyzsko of Poland in a catch-as-catch-can wrestling match last night with flying headlock, in one hour 25 minutes and 45 seconds.

Lewis thereby earned the right to meet Joe Stecher of Dodge, Neb., the world's champion, who last night threw Leon O'Donnell of France in 11 minutes 40 seconds with a body scissors arm hold.

PLAYING BILLIARDS
The John L. Stecher bout was rough, both men trying often to toe-hold. In the last five minutes Lewis obtained three headlocks from two of which his opponent conceded. Lewis was in jeopardy when the Pole got a toe-hold and a bodyhold but squirmed out and gained his feet. With the final headlock he threw Zbyzsko to the floor and retaining it until Lewis had dazed Pole's shoulders to the mat.

O'Donnell who appeared in this country for the first time, gave a clever exhibition of defensive work until he was crumpled by Stecher's favorite body scissors hold.

DEFEAT SPOOLS TOUR
TOLEDO, O., (AP)—All negotiations that were pending on the part of officials of Scott high school for inter-school football games with Newton and Lovell, of Massachusetts, and with Haverhill, Cal., have been called off, according to announcement made by Prof. L. Siefert, Scott faculty manager, today.

The cancellations resulted from Scott's defeat at the hands of East Tech of Cleveland here last Saturday, the first time Scott had been defeated in three years.

HE'S APTER GAMBLERS
NEW YORK, (AP)—William W. H. McCarty, president of the Pacific Coast baseball league, and Charles H. Strub, owner of the San Francisco club who are on a short tour in the east, declared here today that "the only way to clean up baseball is to go after the gamblers." They urged the barring of all known professional gamblers from the parks of organized baseball.

PITTS GET NEW SIGNALS
PITTSBURGH, Pa., (AP)—Final drills in a new set of signals are being given to the University of Pittsburgh football team for the game against Pennsylvania State Thanksgiving day. All available space for the game has been sold, and about 10,000 mall requests for tickets have been returned. How Maxwell of Swarthmore, will be the referee.

GREG HAR MARGIN
MILWAUKEE, (AP)—Harry Greg of Milwaukee, heavy-weight champion, was awarded the newspaper decision last night over Bob Moha of Milwaukee in a ten-round no-decision fight. Greg weighed 244 at the ringside, while Moha weighed in at 169, won one round, fighting two to a draw, while Moha weighed in at 169.

MATT BROOK LOSES
ST. PAUL, Minn., (AP)—Bobby Ward, St. Paul lightweight, outpointed Matt Brook of Cleveland in a tame ten-round no decision bout last night.

Brief Bits of Sport!

Gavvy Cravath is being talked of for manager of the 1921 team.

The former Philadelphia is said to be favorable to the offer, except he wants to manage from the bench instead of playing top.

But Salt Lake needs a man in the field, and will hardly agree to letting a fence-buster like Cravath sit on the bench and watch others do the playing.

Joe Geddon is in a real pickle. He has been banned by the St. Louis Browns and every other club in the major leagues has declined to consider hiring him.

Still Joe wasn't as bad as a lot of fellows who have been mixed up in this thing of putting baseball on the moral rocks.

Young Bob Fitzsimmons a year ago was showing some goods as a boxer, but the son of the late Ruby Rob could not hit with the degree of power that marked his celebrated pop's punches, so he laid off and undertook some punch developing exercises.

The other night Young Bob lammed an opponent to sleep in jig time, which suggests that some day he might become famous.

Johnny Dundee and Willie Jackson will battle in New York on the night of November 29.

Should be a good scrap for both are clever and willing workers.

Thursday's game between Boise and the Bruins promises to bring out a record-breaking throng at Lincoln field. Interest is keen all over town in this scrap, with odds about even on the result.

Then it will be all over. But win or lose this has been a glorious season for the Twin Falls high school football team.

Joe Benjamin is back on the coast again explaining to the folks how it happened when he met Richie Mitchell in Milwaukee.

Joe says he was too confident and left an opening.

So many people do that—leave openings, and usually there's some quick-minded guy leaning around to take advantage of the chance.

'Twas and over will be thus. A crowd estimated at 80,000 saw the Harvard-Yale game last Saturday.

Now let's see how close Twin Falls can come to that mark for Thursday's Boise contest.

Down in Utah they are busy settling matters and things for the 1921 season of the Cache Valley circuit. Already four clubs have posted forfeit money.

HAS GREAT GRID RECORD
ATLANTA, (AP)—The end of the 1920 football season finds one southern college with a record of only one defeat in 20 years.

Morehouse college, a negro institution, lost a game ten years ago, but for ten years prior to that time and since then, the word "defeat" has been known at the school only as it applied to Morehouse's opponents.

BANTOMS MATCHED
NEW YORK, (AP)—Earl Puryear, bantamweight boxer of Tulsa, Okla., considered a formidable contender for the championship now held by Peter Hierman, has been matched with Charles Beecher of New York, in a 15-round bout here on Thanksgiving day.

PETERS VS. CADDOCK
OMAHA, Neb., (AP)—Earl Caddock of Omaha and Harley Peters of Papillion, Neb., have been matched for a finish match at the Municipal auditorium here on the night of December 6.

MANILA TO CELEBRATE DISCOVERY OF ISLANDS

Four Hundredth Anniversary of Magellan's Advent to Philippines to be Observed

MANILA, P. I., (AP)—The 400th anniversary of the discovery of the Philippine islands by Ferdinand Magellan will be celebrated in Manila during the first week in February, 1921. Magellan is supposed to have landed on the island of Cebu about March 15, 1521, but in order to avoid holding the celebration in last this date was moved back a month. The celebration will be a combination of the Magellan exhibition and the regular annual carnival which has been held in February for many years.

Magellan, formed by some historians as "the greatest explorer of all time," concluded a treaty with the tribemen on the island of Cebu. Priests who had made the voyage from Seville, Spain, with the explorer, expelled many of the natives. Hostilities broke out between the date of Cebu, or the "Christian King," and the natives of Mactan. Magellan landed a force of fifty men in order to assist the date and in the fight which ensued was killed.

Among the relics of Magellan's voyage is an image of the Holy Child, known as the Santo Nino or Holy Child of Cebu. This was presented by Magellan to the wife of a native chief, and was recovered by later Spanish conquerors. The image is still preserved in the church of the Augustinians at Cebu, and permission has been asked of the church authorities to bring the sacred relic to Manila for exhibition at the Magellan carnival.

The alt of the carnival in Wallace Field, where Dr. Jose Rizal, Filipino patriot, was executed in 1896, for the part which the Spanish administration alleged he took in reform movements. Among the features of the carnival will be a pageant representing the discovery of the islands by Magellan and numerous incidents of the early Spanish conquest, including the "blood compact," which Magellan concluded with the native chiefs of Cebu.

An athletic tournament will also be held, including baseball, track and field events, at which the team of 100 athletes will be chosen to represent the Philippines in the "Far East Olympic games" at Shanghai next spring.

FORMER SALE LAKE MAYOR TO FACE SIXTY-NINE CHARGES
SALT LAKE CITY, (AP)—E. A. Book former mayor of Salt Lake City, who was indicted last July when he confessed to misappropriation of city funds while he was the city auditor, will face 69 charges when he is arraigned in the district court this week, according to an announcement made by Frank E. Richards, district attorney. The charges involve a total alleged defalcation of \$12,000.

TO GUEB FORWARD PASS
BOSTON, (AP)—A suggestion for curbing the forward pass to prevent development of present day football into a game more nearly resembling basketball, has been advanced by Perry D. Haughton, founder of Harvard's gridiron coaching system.

"Instead of having an incomplete forward pass revert to the team which started the play, make a forward pass blocked behind the thrower's line of punts subject to recovery by opponents under the same conditions as a blocked kick," is Haughton's idea.

For a Disordered Stomach
When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested. The important thing is to restore the stomach and liver to a healthy condition and for this purpose Chamberlain's Tablets are excellent. Give them a trial. They only cost a quarter.—adv.

PESTS DESTROY CLOVER FIELDS

Entomologist Charges Supposed Winter Killing to Existence of Belworm

During the past few years farmers of the central and lower Snake River valley have experienced increasing trouble from red clover fields dying out without apparent cause. The malady has commonly been called "winter killing" because of the fact that the clover plants die or become seriously injured during the fall and winter months, says I. H. Smith, entomologist. Existence of the disease was brought to the attention of the University of Idaho experiment station during the latter part of 1918. An investigation was started once and the discovery was made that a microscopic worm was responsible for the widespread destruction of red clover fields.

An Importation
This worm, scientifically known as *tylenchus dipsaci*, is about the same shape as the common ground worm and belongs to a group of very small worms commonly known as eelworms. It has been known in Europe for more than a hundred years and there is very destructive to several crops, including clover, alfalfa, grains, and various truck crops. It was probably brought into Idaho on clover seed imported from Europe.

The worms enter the crowns of the clover plants where they multiply in enormous numbers, especially during the fall, winter and spring months. The dormant buds and young stems of the clover become swollen and later rot off at the surface of the ground. Infested plants are very slow to start growth in the spring but under favorable growing conditions they sometimes will largely overcome the effects of the worms.

Root Borer, Too
In the lower Snake river section there occurs also the clover root borer. In other parts of the United States this insect is the chief cause of the destruction of red clover fields. This is a small brown beetle about one-eighth of an inch long. It deposits eggs in the crowns of the clover plants. The eggs hatch into small grubs. Both the grubs and the beetles burrow through the roots of the clover plants. The task of finding a method of controlling the eelworm disease is a very difficult one. The worms are available to liver for three or more years without food and are probably carried in irrigation water. For the present the farmers of Canyon and Twin Falls counties should adopt the practice of plowing up red clover fields the first year after seeding immediately after the seed crop is harvested. Fields in which form one-fourth to one-half of the plants have died or show serious injury in the spring are quite certain to prove unprofitable if left for a seed crop.

REPUBLICANS IN CONTROL OF NEXT ARIZONA HOUSE

PHOENIX, Ariz., (AP)—In Arizona's next legislature the senate will consist of ten republicans and nine democrats, and the house of twenty democrats and 18 republicans, according to reports from some counties received by Secretary of State Mitt Simms supplemented by a compilation of returns from returns made by state librarians, Cos F. Cronin.

County canvassing boards are not required by law to render to the secretary of state election returns as to legislative offices, it was pointed out, though such returns had been requested. Some of the classified sets are written and published for you.

VERBAL FIRE WORKS MARK BUILDING TRUST INQUIRY

Further Evidence of Corruption Come to Light in New York Probe

NEW YORK, (AP)—Verbal fireworks popped again today in the investigation of New York's alleged building trust, when Samuel Untermyer, counsel for the joint legislative committee conducting the inquiry called to the stand Grover Whalen, commissioner of plants and structures and formerly secretary to Mayor Hylan.

The commissioner admitted he formerly owned one-half interest in Holland company, which for 25 years has held the city ash dumping contract for territory below Canal street. This company began dumping ashes in the New York county courthouse excavation in February, 1918, and continued doing so until recently. Now, according to Mr. Untermyer, the city is paying nearly \$400,000 for removal of these ashes, so that construction can be begun.

Joseph Paterno, of Paterno brothers, New York builders, testified to paying \$3,000 as a compromise sum "working down from \$10,000" to a walking delegate of the building trades council of Robert B. Brindell, already indicted in connection with the "building trust" for "protection" during the erection of two apartment houses in upper Manhattan.

FRUIT AND VEGETABLE GROWERS MAKE PROTEST

Argue Petition for Suspension of Proposed Diversion and Reconsignment Charges

WASHINGTON, (AP)—Representatives of Florida and California fruit and vegetable growers appeared before a committee of the interstate commerce commission today to argue their petition for suspension of proposed diversion and reconsignment charges on fruits and vegetables as ordered by the commission. The issue, it was said, affected growers throughout the country.

Representatives of the growers contended that they were not given notice of the charges and were not represented at the hearing upon the reasonableness of the new charges. If the diversion and reconsignment charge were approved the action would not result in the desired increased revenue for the roads, they maintained, but rather in decreased production of fruits and vegetables.

TRADE SITUATION SENDS DEALERS TO CONFERENCE

More Than 1,900 Retailers Gather in New York to Discuss Retail Crisis Due to Falling Prices

NEW YORK, (AP)—Representatives of more than 1,900 retailers of clothing, dry goods, shoes and millinery throughout the country organized the Council of National Retail Associations here today in an effort to meet the crisis in the retail trade due to steadily falling prices.

TROOPS PURSUE REBELS

Mexican Federal Soldiers Seek Band Accused of Capturing Station

BROWNSVILLE, Texas, (AP)—Detachments of about 100 Mexican federal soldiers from Matamoros and Brownsville today are pursuing a band of alleged Mexican rebels who late yesterday captured the railroad station at Ramirez, about 25 miles west of Matamoros. The rebels are said to have crossed the Rio Grande from the United States at a point 25 miles west of Brownsville. They carried off the telegraph operator at Ramirez, it is said after cutting the wires.

RED CROSS TO ASSIST REFUGEES FROM CRIMEA

American Relief Organization Responds to Appeal Through French Authorities for Aid

PARIS, (AP)—The American Red Cross, in answer to an appeal by the French authorities, has instructed the Red Cross in Constantinople to use all that may be necessary of the 20,000,000 francs stock of supplies there for the Crimean refugees. The Red Cross also is shipping ten carloads of condensed milk from Marseilles to Constantinople for the same purpose.

ROBBERS ESCAPE WITH \$9,000 FROM FORT WORTH BANK

FORT WORTH, Texas, (AP)—The First State Bank of Polytechnic, suburb of Fort Worth, was held up at noon today by bandits and robbed of \$9,000. The bandits escaped in an automobile.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Stocks reflected a better technical position today on the further closing out of speculative holdings, but early gains were largely sacrificed on renewed selling of secondary rails, shipplings and specialties. Sales approximated 1,000,000 shares.

Stocks were buoyant at the very active opening of today's session, recording further substantial rallies from their recent protracted reversals. General Motors was the outstanding feature on announcement that control had been acquired by Morgan-Dupont interests. A block of 15,000 shares sold at \$2.2 to 17 1/2, against yesterday's final price of 16 3/4. Crutcher Steel made an initial advance of 3 5/8 and gains of 1 to 4 points accompanied the early buying of American and Baldwin locomotives, Bethlehem Steel, General Electric, Chandler, Studabaker, Stromberg, Pierce Arrow, United States Rubber, American Smelting, Houston Oil, Atlantic Gulf and Retail Stores. Rails were overclouded today by the demand for industrial and specialties but their tone also was strong.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$92.70; first 4's \$87.50; second 4's \$85.40; first \$87.50; second 4-1/4's \$87.10; third 4-1/4's \$89.25; fourth 4-1/4's \$87.30; Victory 3-3/4's \$90.16; Victory 4-3-4's \$90.10.

Grain and Provisions

CHICAGO, (AP)—Bris demand today for cash wheat for export had a nullish effect on the future delivery market. On the return in prices free selling took place, and a sharp reaction occurred, but rallies quickly ensued. Improved financial conditions, including an advance in sterling exchange, were generally regarded as strengthening factors. Opening prices, which ranged from 1 1/2 to 4c higher, with December \$1.61 to \$1.61 1/2 and March \$1.57 to \$1.50, were followed by set-backs to well below yesterday's finish and then by substantial fresh gains.

Subsequently, the fact that in many quarters it was believed liquidation had been completed brought about further advances. The close was nervous, 7 1/2 to 9c net higher, with December \$1.48 to 1.68 3-4 and March \$1.63 1-2 to 1.64.

Corn was awayed by the action of wheat. After opening 3-8 to 1c higher, including December at 65 1-4 to 65 5-8c, the market sagged somewhat, and then rose higher than before.

Traders in oats took their cue from the course of other cereals.

The market opened 1-2 to 5-8c up, May 48 3-8 to 48 1-8c, eased off temporarily and then steadied with considerable vigor. Lowest quotations of the season in the hog market had depressing influence on provisions, despite grain strength.

Cash Quotations

CHICAGO, (AP)—Wheat No. 1 hard \$1.08 1-2 to 1.78 1-2; No. 2 mixed \$1.75. STEFANSSON WILL BE SECOND LYCEUM NUMBER

Noted Arctic Explorer to Appear in Illustrated Lecture Friday Evening

As its second lyceum course number, the Twentieth century club will present Stefanansson, foremost explorer of the Arctic, with an illustrated lecture on Friday evening, November 25, in the high school auditorium. Stefanansson who is a naturalized American citizen and native of Canada, is recognized as the preeminent authority on the Arctic, and added interest is lent to his lecture by photographs of the people of the extreme northland and their mode of life.

Sale of season tickets for the course which includes five numbers with the Stefanansson lecture, will close on Friday next. Only single admission tickets will be offered for sale thereafter, sponsors for the course announce.

Local Brevities

Thanksgiving Service—There will be a Thanksgiving service at the Christian Science church, 160 Ninth avenue east, at 11 a. m., Thursday.

Circle Meeting Tomorrow—G. A. R. ladies of Dan McCook circle will hold a regular business meeting, Wednesday afternoon in I. O. O. F. hall at 2:30.

Meeting Called for Friday—The Women's Missionary society of the Presbyterian church will meet Friday afternoon at the Presbyterian church.

To Quit Title—George Leonard has instituted proceedings in the district court against George D. Perrine, Della Ferrine and others to quit title to certain Twin Falls district lands.

Patient Improves—Springer Evans, who has been seriously ill of pneumonia at the home of his brother, Clinton W. Evans, 345 Fifth avenue east, some days, is reported much improved today.

Papers Removed—Attorney E. L. Ashton today filed a bill of particulars in a divorce action by Frank O. Williams against Mary Williams. The papers were immediately withdrawn after filing.

Hears of Sudden Death—Late last night a telegram was received by Dr. Emma Crossland stating that her brother, a lawyer, residing in the home town, Down, Ill., had died suddenly. Particulars of the case were not contained in the message.

Suit Over Cow—In the probate court today Judge O. P. Duval is hearing testimony in the case of George and Joseph Sargent vs. one and the other, which ownership and possession of a Jersey cow is involved. Attorney E. W. Larson is for the plaintiffs and W. Orr Chapman for the defendant.

Claim for Labor—Dave and Ray Priest have gone into the district court in search of settlement of a wage claim of \$185.50 against H. E. McKay and the Amalgamated Sugar company. Claim is that the Priests worked for McKay in the harvesting and topping of beets and that the amount mentioned is due and unpaid. The beets are said to have been delivered to the sugar company.

Back from Convention—E. J. Murray, proprietor of the Twin Falls Steam Laundry, returned yesterday from Ontario, Oregon, where he attended the Southern Idaho state convention of laundries in that city, held Thursday, Friday and Saturday. About 185 were in attendance. Two speakers from the national association of Chicago were present. The national association is building a \$500,000 school in Chicago.

Personals

O. G. Fillmore of Hilly is among the out of town visitors in Twin Falls.

R. S. Freeman of Jerome is in Twin Falls for a brief visit.

J. R. Richey of Burley is in the city for a brief business visit.

G. D. Snyder of Buhl arrived in Twin Falls yesterday remaining over until today looking after business affairs.

R. E. Shepherd was among the Monday arrivals in town, where he is being called here on business.

D. D. Bursadillo of Pocatello is transacting business in Twin Falls and vicinity.

M. Nolle Phelps was called to Burley Saturday by the illness of a friend and remained over Sunday.

P. M. Randall of Salt Lake is attending to business interests in Twin Falls.

RAILWAY REVEALS PLANS

Western Pacific Purpose Immediate Expenditure of Several Millions

SALT LAKE CITY, (AP)—The complete plan of re-organization, involving the immediate expenditure of several million dollars in improvements and the issuance of more than \$100,000,000 worth of common and preferred stock for the Western Pacific Railroad company, which last Saturday acquired the Denver and Rio Grande railroad, is set forth in a report filed with the public utility commission of Utah.

LEWIS TO MEET CAZBAUX;

KANSAS CITY, Mo., (AP)—Ed "Strangler" Lewis is expected to meet the heavyweight wrestling champion, Cazboux, coming to Kansas City to make his home, it became known here today. Lewis, who by his victory over Wildcat Zyborski, in New York last night, earned the right to meet Joe E. Boucher for the world's championship, will meet the Canadian wrestler, Cazboux, here the night of November 30.

Social Notes

Edited by Mrs. E. B. Williams Telephone 396

Several of the friends of Mrs. Dr. Witt Young entertained at dinner in her honor at the home of Miss Grace Bryant, last Saturday evening. Mrs. Young expects to leave soon for a trip to California.

The Pythian Sisters will give a hard times dance at the Masonic temple on Friday evening, November 25. A prize will be offered for the best costume.

The Elks have issued invitations to a dancing party to be held on Thanksgiving night at the Elks hall.

The R. N. A. club will meet at the home of Mrs. Tom Patton, 751 Main avenue east on Wednesday afternoon, November 24, at 2:30. All members are cordially invited to attend.

Mr. and Mrs. M. J. Sweeney entertained at dinner last evening complimenting Mrs. Earl J. Carey. The guests were Mr. and Mrs. W. H. Greenberg, Misses Mr. Lloyd Stout and Master Billy Carey.

Mrs. Burton E. Morse was hostess to the Cosmos club yesterday afternoon. Five members were present and the subject considered was "The Relation of the School to the Community."

High School News

The eyes of football all over the state will be focused on the Boise-Twin Falls game Thanksgiving. Coach Frank Evans' huskies are working and training for the game as never before and expect to make up in team work what they may lack in weight. The Boise team is said to be playing a brilliant forward passing game, but then Coach Evans says that he will carry 17 men on this trip and they are said to be in perfect physical trim. The outcome of this game will point one team or the other to the state championship.

The Home Economic club of the high school will sell home made candy at the game and all who attend the contest are expected to have a few extra shokols for refreshment.

The big older boys conference will start Friday morning. There will be visitors here from all over southern Idaho and rooms and meals must be found for them. If any one who has not been sent will have a spare room the boys will appreciate it. If they would phone to Mr. Mitchell or Carly Pickett at the earliest possible chance.

The Blue Triangle Girls, accompanied by Miss Alice Johnson, their leader, returned Thursday noon from the Y. W. C. A. conference in Boise. Seven girls from the local club made the trip and they report a fine time. During the stay in Boise the Twin Falls members were very active over outside of the regular program. Miss Alma Baker talked to a Presbyterian Sunday school class on the aims of the club, and Miss Martha Farrar gave a similar talk to a Christian Sunday school class.

At the Saturday evening banquet at George Mackay's, two a clever toast to the Y. W. C. A. organization. Miss Johnson responded to the toast to club advisors. At the Sunday afternoon vespers service, Miss Helen Don talked to a Presbyterian Sunday school class on the aims of the club, and Miss Martha Farrar gave a similar talk to a Christian Sunday school class.

This conference at Boise will probably be a strong stimulant for a large representation at the spring conference at Fayette lakes.

FARM BUREAU FOR TARIFF

Wool Growers' Association is Promised Co-operation in Tariffs

SALT LAKE CITY, (AP)—The National Farm Bureau, which has two million members will support the National Wool Growers' association in its efforts to have congress pass a law providing for protection of the wool growers' interests. Word to this effect reached F. R. Marshall, secretary of the Wool Growers' association, in a letter from J. R. Howard, president of the farm bureau, who declared that the emergency demanded tariff legislation immediately.

OFFICERS WITHOUT DUB

FREMONT, Neb. (AP)—Fremont officials reported they have no doubt that might lead to the arrest of two men who escaped last Saturday night after a pistol fight with police in which one man was killed. The dead man was identified as Ernest A. Guet, J. C. Cooke to be Ernest A. Guet, I. troop, Fifteenth cavalry, of Fort Russell, Wyo. The men were sought in connection with the hold-up of a book store.

WASHINGTON, (AP)—Sir Hamar Greenwood, British chief secretary for Sir John French, lord lieutenant of Ireland, and Sir Edward Carson, Ulster leader in the house of commons, have been invited by the Committee of 100 investigating the high question to come to the United States to testify in the hearings being held by the committee's commission of seven, according to announcement today by the commission.

The commission said that it had invited the British officials to send representatives in event of their inability to come to the United States.

THIRTY-SEVEN DAYS OVERDUE, SCHOONER AT GOLDEN GATE

SAN FRANCISCO, (AP)—Thirty-seven days overdue from Sydney, N. S. W., the schooner Bangor, anchored at the Golden Gate here today and was expected to enter the harbor before tonight. It was believed the Bangor encountered strong head winds crossing the Pacific.

Restaurant Cashier and Athlete is Winner of Beauty Contest

Miss Iola Swinnerton, of Washington, has won an opportunity for fame and fortune in having been selected as the most beautiful of hundreds of capital girls in a recent beauty contest. Miss Swinnerton, who is eighteen years old, is a cashier in a Washington restaurant, and attributes her beauty to her love of athletics and outdoor exercise.

TOLL OF DEATH INCREASES

(Continued from Page One)

to arrest alleged gunmen, were fired upon by pickets, and as a result of the resultant fighting, the crowd inside the park stamped, said a statement issued at Dublin earlier late last night in reference to the incident at the park.

"It had been arranged," said the statement, "that when the ground had been surrounded, an officer with a megaphone would announce to the crowd the intention of the military to search persons in the park for arms. Because it was the belief that men associated with the murder of 14 officers Sunday morning were hiding in the crowd. An officer was detailed for that purpose, but before the crown forces could approach the field, they were fired upon by pickets. Thus the whole plan was spoiled and the crowd was stamped. There is good reason to believe some of the shots were fired inside the grounds for the purpose of creating a panic, which would allow the men wanted to escape, as many of them undoubtedly did."

The Gaelic Athletic association has officially denied there were any pickets at the grounds, or that anybody fired on the troops.

Americans Make Inquiry

Wieman Clarke, of Toledo, O., president of the American Glass Workers union, and Thomas MacKenzie, superintendent of the Phoenix Glass company, Monaca, Pa., visited Croko park today and inquired into the circumstances attending the disorder of Sunday afternoon.

In general, life of Dublin is apparently unaffected, street cars were running today, nearly all shops were open and theaters and amusements houses were doing business.

Force engaged in searching residences and business places were accompanied by armored cars which carried machine guns. Men charged with tackling a military patrol were court-martined at Marborough barracks today, and a tribunal were paid attorneys on each side to the integrity and fair play displayed by Captain Bagally, one of the officers slain on Sunday morning.

The thirteenth death as a result of the Croko park shooting occurred today when an 11-year-old boy died of his wounds. Only seven of the Croko park victims have as yet been identified.

IRISH ISSUE INVESTIGATORS INVITE BRITISH OFFICIALS

WASHINGTON, (AP)—Sir Hamar Greenwood, British chief secretary for Sir John French, lord lieutenant of Ireland, and Sir Edward Carson, Ulster leader in the house of commons, have been invited by the Committee of 100 investigating the high question to come to the United States to testify in the hearings being held by the committee's commission of seven, according to announcement today by the commission.

The commission said that it had invited the British officials to send representatives in event of their inability to come to the United States.

ADVANCES CONFAB DATE

Leagues Decides to Confer with Lloyd George Earlier than Scheduled

PARIS, (AP)—Premier Leagues, it was announced this afternoon, has decided to begin his conference with Premier Lloyd George of Great Britain over the Greek and other situations earlier than at first intended. He will leave Paris this afternoon, accompanied by Philippe Berthelot, political director of the foreign office.

OGDEN YOUTH GOES TO TRIAL FOR FATHER'S DEATH

OGDEN, Utah, (AP)—Ray Clough, 14, goes to trial in the district court here tomorrow charged with first degree murder in connection with the death of his father. The boy is said to have confessed that he shot the father while the father was asleep and that he did so because his mother told him the father had killed his brothers and sisters and would kill him. The mother was found insane and committed to the mental hospital. The boy's case has interested the Federated Women's clubs of Ogden.

PROMINENT TELEPHONE MAN SUCCEEDS IN LONG BENCH

OMAHA, Neb., (AP)—Casper E. Yost, 79 years old, chairman of the board of directors of the Nebraska Telephone company and former president of the company, died last night at Long Beach according to an announcement made at the telephone headquarters here today. He had been one of the best known telephone men in the United States.

TWO OAKLAND POLICEMEN CHARGED WITH BOOZING VENDING

OAKLAND, Cal., (AP)—Two Oakland policemen are facing charges as a result of their alleged dealing in liquor without proper permit it was announced today. One of the men manufacturing and the other sold the liquor. F. F. Morse, city commissioner of public health and safety said. Their names were not made public.

INVESTIGATORS OF DEFENSES ARRIVE IN LOS ANGELES

LOS ANGELES, Cal., (AP)—A joint congressional committee which is touring the Pacific coast investigating the lives of Woodrow Wilson is expected to arrive here today. A trip to Los Angeles harbor to inspect the submarine base was scheduled for today. A new site the city has offered will be inspected.

OGDEN BAKERY ADDS TO LOAF BUT NOT TO PRICE

OGDEN, Utah, (AP)—The largest baking company in Ogden today announced that effective at once the size of its loaves of bread will be increased ten per cent, the price to remain as at present.

LEAGUE ASSEMBLY

(Continued from page one)

debate for former German colonies, submitted recently, be laid before the assembly before being referred to a committee. The question went over until tomorrow.

Debate on the Polish-Lithuanian conflict, which was threatened for a time, is demanded by Lord Robert Cecil for full information, was avoided by an explanation from the subject by the council was still in progress. Lord Robert also demanded greater publicity for the proceedings of the council, and a promise was made on behalf of the latter to comply.

A resolution introduced by George Nicoll Barnes of Great Britain asking the council to explain why it failed to intervene and prevent hostilities between Poland and soviet Russia last summer went over to the next session to be held Thursday.

SENDS LEAD PRICE LOWER.

NEW YORK, (AP)—The American Smelting and Refining company today reduced the price of lead from 6 1/2 to 6 cents a pound.

Beetles' Blood for War.

A Peruvian doctor states that the blood of certain beetles found in Peru has been used from the immemorial by the natives for curing war wounds. Under it these growths turn white, as if cuterized by an acid.

WOUNDS DELAY SERVICE OF WARRIOR FOR ARREST

ARMORE, Okla., (AP)—Because of the unfavorable condition of Jake I. Hamon, republican national committee man of Oklahoma, who was shot Sunday night, county authorities announced today he would not be arrested until his condition improved.

Miss Clara Smith, said to have formerly his secretary, charged jointly with Hamon with a statutory offense and also charged with the shooting, has left Ardmore, ostensibly for California.

The charges against Hamon were emphatically denied as "falsehoods" by Frank Ketch, Hamon's business manager today. He said Clara Smith did not shoot Hamon and reiterated statements that Hamon accidentally shot himself.

Odd Animal Friendships.

Sometimes a dog will adopt another animal in the oddest fashion. There was a case where a female bob-tailed sheep dog made friends with an old hen which shared its kennel. When the animal had puppies the bird brooded over them and kept them warm during the mother's absence.

"Let George Do It"

Our observation is that a fellow's plan to solve all problems and reform mankind is most enlightening when tried on the other fellow.

Second Lyceum Course Number

Under Auspices of the Twentieth Century Club

STEFANSSON

World Famous American Explorer of the Arctic with an Illustrated Lecture at the High School Auditorium

Friday Evening, November 26

Sale of season tickets at \$2.50 for the remaining five numbers of the course will close November 25. Single tickets for Stefanansson lecture \$1.00. Tickets on sale at Majestic Pharmacy.

Smart Oxfords

for Thanksgiving Wear

THE OXFORD is again in high favor this season for fall and winter wear. Many women prefer the low cut shoe because it is light, comfortable and smart in appearance.

We are especially well prepared to satisfy the demand for shoes of this character. Our oxfords are from the famous JOHN KELLY factories, the best guarantee of both quality and correct style. They come in brogues and also in the plainer models. A little heavier than the summer oxfords, made for street and sport wear as well as for the house.

Many well dressed women will wear these JOHN KELLY Oxfords right through the winter.

You should be thankful that you can enjoy such stylish and easy shoes.

THE MODEL

Barber Shoe Co.

Mrs. Irene N. Kellogg

PIANO TEACHER

Beginners and Primary Work a Specialty

I am offering a course of music study in small classes for children from six to twelve years of age. Musical educators who have given a life-time to the study of children's needs have originated these courses, and employ the class method because it overcomes the difficulties of early music study and gives a perfect foundation for more advanced work.

My introductory price to each pupil registering before Nov. 30th is five dollars a term of twelve one-hour lessons.

Let me explain what your child will receive for this amount and then decide whether you can afford to miss the opportunity.

Later the work of these classes will speak for itself.

Private lessons \$1.50 for half hour.

DOUBTFUL INVESTMENTS MEET LEGITIMATE BUSINESS

Investors who place their money without mature deliberation and careful investigation injure legitimate business rather than help it in most cases, for promoters of doubtful projects frequently hide behind the mask of legitimate enterprise.

The Texas chamber of commerce estimates that the state in the last fiscal year has proceeded \$105,000,000 worth of oil yet Theodore H. Price, a financial expert who recently reported on the conditions in Texas, declares that in the opinion of many financiers, that great total of production did not suffice to cover the sums lost within the state by investment in doubtful or unsafe oil stocks.

Those get-rich-quick companies which made tremendous promises of immediate profits and unheard of dividends, not only did not fulfill them but the total oil production of the great state did not suffice to cover the sums lost either through fraud or mismanagement.

In this connection it is worthy of note that the people who bought Liberty Bonds and are holding them to maturity did not lose money in their investment. The interest promised is being paid promptly and the principal will be paid promptly and in full at maturity.

FOX BREEDERS SENDING ENTRIES TO EXHIBITION Importance of New Industry is Attended in Unique Animal Show in Montreal

OTTAWA, Ont., (AP)—The importance by the Canadian government to the development of the breeding of fur-bearing animals is indicated by the fact that its commission on conservation will hold its first international exhibition of live, ranch-bred silver foxes at Montreal beginning on Wednesday, November 24.

During the exhibition it is expected to form a fur breeders' association of Canada to organize and manage the future exhibitions which it is expected to hold annually, and to include not only foxes but mink, beaver, muskrat and other fur bearers reared in captivity.

OUR DISAPPEARING FORESTS

A recent announcement by the Pennsylvania Railroad Company that it must seek a foreign supply of cross ties to support its many miles of steel railroads but another indication of the passing of the great American forests.

South Pennsylvania railroad will seek a new supply of cross ties, either in Central or South America, and this brings us once again to a realization that our own forests, once the greatest in the world, are fast disappearing under the ever-increasing demand of our growing industries.

this situation was brought to our attention more than once, when certain woods were needed for carrying out our shipbuilding and airplane construction programs.

The Pennsylvania is only one of the great railroad systems which bring our states into one great union. There are approximately 250,000 miles of railroad in the United States.

The vast forests of North America are gradually being used up and efforts so far made to replant them have been on too small a scale to be worth while except as an indication of what can be done through a national reforestation program carried into effect on a huge scale by the federal and state governments.

AMERICAN IMMORTALS

Election to a niche in the hall of fame is but formal acknowledgment 10 years or more after death of the indelible quality of reputation. To be remembered a decade after one has passed away by any considerable number of people means that one has done something out of the ordinary.

Of the seven persons chosen in the recent election for the distinguished honor of a place with the nation's great, one was Berger Williams. He died nearly 250 years ago. His recognition, though delayed, may be a tribute to a man who when he could not agree had the wisdom to withdraw and build for himself instead of adding to turbulence by remaining where discord would prevail.

While election to the hall of fame is tantamount to designation as an immortal it is true that every individual whose life work justifies the choice has made himself famous long before. It merely acknowledges what already exists. It reminds us of names that stand out from the masses. It is for the benefit of the living that names are thus enshrined. It is designed to impress the fact that deeds live after the doers are gone.

D. & B. G. HOLDING COMPANY DATES MEETING

DENVER, Colo., (AP)—The first formal meeting of the Denver & Rio Grande Western Railroad company, the holding company for the Denver & Rio Grande railroad, will be held in New York on Wednesday at the offices of Alvin W. French, managing director of directors of the Western Pacific Railroad company, it was announced here today.

NEW MEXICO GOVERNOR PARDONS VILLA FOLLOWERS

SANTA FE, N. M., (AP)—Sixteen followers of Francisco Villa, sentenced to the New Mexico penitentiary for life for participation in the historic raid across the border on Columbus, N. M., were pardoned today by Governor Larrazolo. All but one had pleaded guilty to second degree murder, the other getting a committed sentence for first degree murder.

FOREIGN LOANS LARGE ITEM IN NATION'S DEBT

American People are Taxed to Pay Interest Defaulted Abroad

WASHINGTON, (AP)—"Do you know," asks the Republican Publicity association in an article issued today through the president of the organization, Jonathan Bourne, Jr., "that the entire national debt of our government is approximately \$24,000,000,000, and that approximately \$10,000,000,000 of that sum represents loans to foreign governments by the United States government?"

"That those demand notes contain a provision as follows: 'This certificate will be converted by the government of (name of foreign government), if requested by the secretary of the treasury of the United States of America at any time upon an equal par amount of (rate per cent) per cent convertible gold bonds of the government of (name of foreign government).'"

"That in spite of that provision, and in spite of the fact that the first loan was made on April 25, 1917, 44 months ago, no conversion or adjustment of accrued interest has been made, although for many months the Wilson administration says it has been carrying on 'discussions' with debtor countries to that end?"

"That, further, in spite of that provision, there is a well-grounded sentiment in England that our loans abroad do not really constitute a debt at all, but should be cancelled as part of America's contribution to the cost of the war, a sentiment that is gaining strength the longer the conversion of the notes into bonds is deferred."

"That up to the end of the calendar year 1920 interest will have accrued on foreign loans to the amount of approximately \$1,200,000,000."

"That that sum of money had been paid up to March 13, 1920, according to an official report from the secretary of the treasury, the sum of \$439,000,000, which, if any, interest has been paid since that date, it being the announced purpose of the secretary to defer 'the collection of interest' during the reconstruction period of two or three years from the spring of 1919."

"That pending the treasury 'discussions,' and during the period of deferment, the American people are being required to pay the interest which foreign governments have not paid in order to meet the payment of interest on a similar amount of Liberty bonds."

"That that unnecessary taxation approximates \$300,000,000 annually, one-eighth of the total amount which the secretary of the treasury estimates are required to run the government for the following year?"

"These are facts that should be impressed on the mind of every American citizen and kept constantly before every senator, member of congress, and official of the governing republican administration. No more pressing duty confronts those men, and they can render no greater service to the people who elected them to office, than to see that the explicit provisions of those foreign notes are carried out, and at an early date. When that is done a tremendous reduction in taxes will be made possible, the future repayment of the huge principal of those notes will be assured, and an earlier liquidation of almost half of our own national debt will be achieved, through the sale either in this country or abroad of the foreign bonds received."

Often the first effort in classified advertising brings the wanted result, but not always, of course. You, must stick.

Japanese-Crown Prince to Visit United States, is Report

Shattering all precedents in Japanese court life, Crown Prince Hirohito will leave early in 1921 for a ten months' visit to the United States, Europe, and India, according to a cable dispatch from Tokio. It will be the first time that a future emperor of Japan has visited Europe or America. The Crown Prince is nineteen years old.

BERGER

BERGER, Idaho.—M. Z. Stansbury and family were Twin-Falls visitors Sunday at the H. H. Howes and C. C. Stansburys.

A. A. Parrott and family and O. E. Parrott and family were entertained at Sunday dinner at the Tom Parrott home at 250.

Philo C. Hills was operated on Friday for appendicitis, the patient is recovering.

A large crowd attended the literary Friday night. Those who took part in the program were Charles Crookham, Elmer Parrott, James Christensen, Aubrey Shalkley, Fred Roper, Woodrow Crookham, Clyde Brady, Mrs. E. L. Mollin, Berger Buzzaga, Lillian McGroger, Meta Christensen, Randolph Lawvill, Fred Roper, E. L. Mollin, Lillian Christensen, Mrs. O. E. Parrott debated the subject "That Women Were More Helpful in the Field Than Men Are in the Kitchen." The negative side winning. Literary meetings will be held every Friday evening at 7:30.

Tom Parrott of Filer was a Berger visitor Saturday.

Walker Starr and family and W. H. Wyal were Twin Falls visitors Saturday.

Misses Pauline Ripley, Laura Flood and Gladys Roper returned to Berger Sunday after several days visit in Twin Falls.

Frances McGregor spent the week-end with her parents in Berger.

Mr. and Mrs. J. M. Pierce and Tommy Shaw were Twin Falls visitors Saturday.

G. A. Leth and family of Buhl and Dick Lincoln and family of Filer were dinner guests at the F. W. Berger home Sunday.

R. E. Lammers and family are visiting at H. G. Lammers in Twin Falls.

Fred Farr and son Elbert were Berger visitors Friday.

W. W. Pourvel was a Twin Falls business transactor Saturday.

C. E. Hartly is expecting to move to his new home in Twin Falls this week. Mrs. M. Z. Stansbury is recovering after an attack of appendicitis.

O. E. Parrott and C. L. Christensen were Twin Falls business visitors Saturday.

KEROSENE LAMP EXPLODES CAUSING DEATHS OF NINE

QUEBEC, Que., (AP)—Fire, which caused the deaths of nine persons in a Padoue farm house Sunday night, was caused by the explosion of a kerosene lamp which was being filled.

Reports of the tragedy received here Monday said the flames forced the occupants to flee upstairs where they were unable to open windows and escape.

The dead included Mrs. Alphonse Thibault and her five children and Mrs. L'Italien and her two children.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray hair, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days—adv.

INTERNATIONAL RAILWAYS BUILDING URGED IN SPAIN

MADRID, (AP)—There is agitation throughout Spain for the building of new international railway lines. Proponents of the agitation demand railway extensions so as to establish international routes from Vigo to Budapest by way of Marcellis and from Madrid through Paris to Berlin and Warsaw.

CALDWELL HEADS THE RED CROSS

Local Physician Elected Chairman—Much Relief Work is to be Done

At the annual meeting of the Twin Falls County Chapter, American Red Cross, the following officers were named to serve for the coming year: Dr. Geo. H. Caldwell, chairman; Mrs. W. F. Pike, vice-chairman; Mrs. W. J. Edwards, secretary; Ray McGowan, treasurer. Other members of the executive board are as follows: Leo E. Bracken, Miss Britton Wolfe, Hal G. White, Mrs. B. E. Moran, Mrs. J. G. Blaine, Mrs. C. H. Krongauz, Mrs. Jane Marshall, Dr. W. H. Girdle, Mrs. G. M. Simpson, Mrs. E. B. Williams, Mrs. T. H. Irwin.

The need for a second nurse is becoming so great that the chapter hopes to be able to add one in the near future. The jurisdiction of the chapter is large, and it is impossible for one nurse to meet the demand. There is a great need for a visiting nurse, one who can devote her entire time to this part of the work.

Depends on Roll Call

Whether or not the chapter will be able to extend the work depends on the result of the roll call now in progress. Because of the coming of winter, the board has decided not to carry on the house-to-house canvass as in former years, but to place workers in a number of business places in Twin Falls. This makes the carrying of member ship entirely voluntary. All who are urged to stop and pay their dues at one of these places, as there will be a great amount of work to be done this winter.

To date there has been paid in at the chapter headquarters in the Idaho Power building \$17,453.15. In former years the membership of the chapter has been in the neighborhood of 1000. Since the greater part of this money will be spent in this community, we ought to be able to keep our membership up to the full strength. Remember that if five dollar membership is taken four dollars remain in the local chapter.

Distress Impending

Three million men, according to a government statement of a few days ago, are unemployed in the United States. The crux of the situation is not yet; federal authorities prophesy increased unemployment, broad lines, a condition such as existed in the nation for many years.

Labor, the country in general, is obviously in a different psychological condition than it has been at any time within the last few years. The times were general. The unrest of the war is still with us. Each of us is a little bit anxious about the future. It is not certain just what course the world will take in the coming months with its future developments, he cannot analyze.

Not a Wasted Effort

There is one activity which will not be a waste effort no matter what the developments may be. There is one thing all can do, and that is to make our efforts as vital to the welfare of the country under the very best of conditions, whose increased activity greatly will aid through hard winter months of bread lines and poverty resulting from unemployment.

SCHOOL WAGON CHAOS UNDER CONSIDERATION

City Administration Wants Some Sort of "Stall" System Inaugurated

Aiming to eliminate confusion, and to prevent possible disaster to school children the members of the city council last night gave some consideration to a plan for "stall" arrangement for the accommodation of school wagons. The plan is to mark off space at the curb around schoolhouses, number each stall and then number the wagons to correspond. Each vehicle will be required to back into the designated stall and await the arrival of the cohorts of scholars to be carried.

In this manner, it is confidently believed, the present chaotic condition, which is said to be fraught with much danger to children, can be avoided and a system of order a permanent one be evolved. The scheme is to be discussed with members of the school board with a view to early inauguration.

At last night's session a final estimate for concrete work done by sidewalk contractors, amounting to \$208.09 minus 10 per cent guarantee, was allowed on recommendation of the paving engineer, W. E. Hoffditz.

Assured that by the deputizing of the fire chief as a local state fire marshal, with authority vested to order and direct a program for cleaning city streets and keeping them free from elements most likely to cause destruction by fire, a material reduction of fire insurance rates can be obtained, the council started action toward getting this done and keeping it from slipping out of and maintaining a clean-up policy. The proposal came through correspondence conducted by A. L. Swin with an eastern firm of fire underwriters.

MANY TYPED PAGES REQUIRED TO EXPLAIN TRAFFIC STATUTE

Center of Street Parking is Abolished by New Ordinance and Drivers Have a Lot to Learn in Next Month—Projecting Loads Must Be Protected by Glaring Markers

Typed on a dozen or so sheets of legal cap an ordinance designed for the regulation of traffic within the environs of the city of Twin Falls was last night read at length by the city clerk. The reading, punctuated as it was with discussions of important points, features and moot examples, occupied about one hour and during that period many changes of minor or major order were made in the original draft.

Center Parking Taboo

One of the principal, most drastic and noticeable features of the new traffic law abolished center of the block parking in Twin Falls. Hereafter all cars must be parked at an angle of not more than 45 degrees and each wheel of the vehicle is to be left for moving vehicles. Also conveyances of whatever sort they be, must not turn in the middle of a block, but must proceed to the intersection toward which they are headed and make the turn in regulation manner.

It took a long time to decide how far back of the rear of a conveyance a part of a load might project, or just how large a mark such a projection should be and how it should be protected to save on-coming vehicles and pedestrians from damage or disaster. It was finally determined that any projection extending more than 10 feet from the back of the vehicle bearing it, and not more than one foot in diameter should be protected by red markers, a flag by day and a lantern by night.

Must Leave Room

Where vehicles are parked parallel with curbs no car shall occupy a space within six feet of another, thus is provided a space of 12 feet for each machine in which to operate in the "getting out" process.

A tocsin was sounded against the storing of machines of any kind on the public streets. This clause in the law is designed to regulate occupation of streets and alleys for unreasonable lengths of time. Examples of such violations were provided in the use of the streets where apartment houses are located for all-night parking. In addition directed attention to a string of motor trucks which are said to have occupied one side of an almost entire block on Second avenue south for a period of several weeks. Neither can operators of public repair shops and garages store cars in the street while those cars are awaiting repairs.

Time to Post Up

The ordinance becomes effective immediately but traffic authorities have been advised to spend the next 30 or 35 days instructing the motoring public in the new rules and requirements rather than to invoke penalties for violations. Copies of the ordinance are to be printed by the thousands and will be mailed to every car operator in the county, and will also be posted at garages and similar places for the convenience and instruction of vehicle operators and owners.

There is a probability that parking stalls will be painted on the street pavements where cars are to be headed in at right angles. This point was discussed at length and found unanimous favor with the council.

STOLEN PROPERTY IS CLOTTING OFFICE

Sheriff Wants Owners to Cart Away Goods Found with Mulder and Marcus

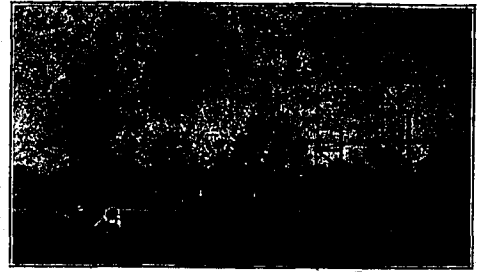

With judgment of Heav. C. Mulder and Richard Marcus in the state penal institution for burglary, the county sheriff now finds no space for the many and varied exhibits of stolen goods remaining on hand at the courthouse. Recommendation is made that all owners of the lifted property apply for their goods and thus relieve the storage capacity of the sheriff's department. In the grip of stuff taken in connection with the arrest of Mulder and Marcus are many tools, considerable building material, hardware and household property. There are several rolls of garden hose and at least two floors worth. Most of the stuff has been identified by owners who are now urged to carry their property away.

CHILD PROTECTION IS LAW'S PURPOSE

Ordinance Adopted Against Oil and Gas Stations Near the Schools

Prohibiting the construction of oil and gas service stations and the maintenance of such stations within 500 feet of school grounds an ordinance was read and adopted by the board of city legislators at a meeting of the council last night.

The ordinance becomes effective and is designed for the protection of children attending schools, and refuses to grant building permits for the construction of such stations within the limits prescribed.

This piece of legislation has been in contemplation by the council some time, and enactment was forced through recent action on part of the Continental Oil company and John A. Bevercombe who lately sought permits for construction of an oil and gas service station on property close to the Washington school. The new law provides a fine of \$100 for violation of the terms of the ordinance.

MANY BRAE REVIVALIST

A large audience heard J. E. Slinn last night in the revival at the Christian church. The good chorus of men was led by C. D. Thomas. Mr. Slinn announced "This Generation Condemned" as his subject for tonight. Mrs. Evans' class of women will have charge of the music.

RETRENCHMENT IS CITY POLICY

Money Stringency Demands the Curtailment of Municipal Departmental Expense

The money stringency has struck the Twin Falls municipal department amidships, and from this time on the most stringent economy must be practiced. The statement is based upon information given out by Mayor Eldridge at the weekly session of the board of municipal solons last night and grown out of a general financial statement submitted by the chairman of the finance department.

"We have something like \$40,000 available to meet expenses to May 1, 1921, with a slight surplus prospect, making a clean sweep of the office due," said Mayor Eldridge in explanation of the condition. He stated that outstanding city warrants amount to more than the uncollected taxes. The carrying out of an extraordinary improvement program the past season has had much to do with the present condition of the municipal exchequer, it is said.

To aid in meeting the present emergency orders have been issued to curtail working forces in every department, and even the administration's plans for preparing an engineer's plans and specifications for future sidewalk and paving improvements, that these might be placed on file for use when needed, have been abandoned in order to carry out the economy scheme.

Retrenchment has already begun in all city operating departments, and last Saturday a considerable coterie of workers were retiring on service. Other like curtailments will be made immediately, thus to diminish the payrolls to the ultimate limit.

A Hard Times Dance will be given by Pythian Sisters Friday evening, Nov. 26, in Masonic temple. Prizes will be awarded for the best costumes. Everybody welcome. Admission \$1—adv.

Football Fans Implore Good Weather Thurs

CLIMATICALLY speaking interest centers not so much in the weather of today, excellent though it be, as in what is to be a brace of days hence.

The community at large implores the patience and craves the indulgence of the weatherman on that occasion. For that's the day of the Boise-Twin Falls joust on Lincoln field.

Yesterday's total rainfall on this already much bedewed district was .008 of an inch, with better weather promised for tonight and tomorrow. Forty-five was high yesterday and 29 low last night.
