GUNBOATS ARE SPEEDING TO TREATY PORT

American and British Warcraft are Dispatched to I-Chang where the Mutinuous Chinese Troops Loot and Burn

FOREIGNERS' LIVES NOT IN IMMEDIATE DANGER

SHANG HAI, China, (AP)—American and British gunboats are hurrying to I-Chang, a treaty port in the province of Hu-Poh, where mutinous Chinese troops have looted and burned a portion of the city. The American gunboat Monocacy, which is now on patrol along the upper reaches of the Yangtze River above I-Chang, is the nearest warship to the scene of the trouble. Looting and burning at I-Chang continues, and property loss there is heavy, says a message relayed from Hankow from the agent of the Standard Oil Company at I-Chang. The lives of foreigners, however, are said not to be in any immediate danger. Chinese gunboats are said to be there.

TORCHES USED ON CORK STORES

Uniformed Men Accused of Incendiaries and of Mistreating Proprietor

FERMOY, County Cork, Ireland, (AP)—A drapery store here was burned to the ground today and two other shops nearby destroyed by fire alleged to have been set by uniformed men. The proprietor of the drapery store was thrown into the river Blackwater. He was rescued in a critical condition. Two other men are reported to be missing.

SMASH WINDOWS IN KILBARRY

LONDON, (AP)—Uniformed men visited Kilbarry, Ireland, this morning and indiscriminately smashed nearly all the windows in the business section of the city. Damage estimated at several thousand pounds was done with small banners and flags, says a Cork dispatch to the Evening News.

WILSON PUTS MAYFLOWER AT HARDING'S DISPOSAL

Offers Presidential Yacht for Completion of Trip from Panama to Washington

WASHINGTON, (AP)—By direction of President Wilson, Secretary Daniels placed the presidential yacht Mayflower at the disposal of President-elect Harding yesterday to complete his trip to Panama Saturday when the secretary sent a radiogram to Senator Harding on the steamer Pastores en route to Norfolk, informing him that the Mayflower would be at Hampton Roads Saturday when the Pastores is due there and that President Wilson would be happy to have Senator Harding use the vessel for the passage to Washington.

The message said: "The Mayflower will be in Hampton Roads upon your arrival and the president will be happy to place it at your disposal as he understands you are coming to Washington from Norfolk."

The president previously offered Senator Harding the use of the Mayflower and also of a battleship for his journey when he learned that the senator intended to go to Panama on his vacation trip. Senator Harding declined the offer, saying his arrangements had already been made.

FRENCH COMMUNIST LEADERS PERISH AT SEA IN WRECK

PARIS, (AP)—Three French communist leaders who participated in the recent communist congress at Moscow perished in the wreck of a sailing boat which they leased at Moutrennack for the return trip to France, says a dispatch from Stockholm. The three men who were lost, it is said, were Mm. Vergez, Lepetit and LeFevre.

Navy Department Frees Convicted "Voodoo" Slayer

Haitian Prisoner Held in Connection with Girl's Death is Released

PORT AU PRINCE, Haiti, (AP)—Cedus Bellegarde, a Haitian, convicted by a military commission in February last of murder and cannibalism in connection with the sacrifice of a girl's life at "voodoo" performances, was released today on orders from the United States navy department. Bellegarde was convicted on the testimony of natives at a trial which was conducted with the full approval of President Sautre d'Arignevaux, of Haiti. No explanation was given by the navy department of the reason for Bellegarde's release.

Premiers' Objections to Constantine Voiced

LONDON, (AP)—The allied premiers in conference today agreed to send a note to the Greek government declaring the restoration of Constantine to the throne of Greece would be regarded as ratification by that country of Constantine's hostile acts, and would create a new and unfavorable situation in the relations between Greece and the allies.

FIVE BURN TO DEATH IN N. Y.

English Motion Picture Actress One of Victims of Apartment House Fire

NEW YORK, (AP)—Five persons were burned to death by fire which this morning swept through a five-story apartment house on West Fifty-seventh street, just off Fifth avenue. The dead included: Miss Marjorie Lesabre, motion picture actress, recently arrived in America from England; a girl known as "Hetty," friend of Miss Lesabre; Dr. F. M. Potter, veterinarian at the New York Hippodrome; Mrs. Harold Boswell, field singer; and Miss Jessie Jenkins, her sister.

The fire, which started in the basement of the building at an early hour, billowed up in the dumb waiter shaft to upper floors. The blaze was discovered by a young woman student on the third floor who hurled a book through her window and shouted "Fire" to try to attract help. Then she dashed through the building giving the alarm. The house was occupied by student artists and professional people.

WOMEN VOTE FOR FIRST TIME IN BRITISH COLUMBIA

VANCOUVER, B. C., (AP)—Women voted today for the first time in the general legislative election throughout British Columbia. The largest poll ever cast was recorded. A new law requires all eligible to vote if possible, under penalty of losing their vote in future elections.

World News Events

LONDON, (AP)—The government suffered a defeat in the house of lords last night when an amendment to Irish home rule was submitted by Baron Oranmore Browne providing for the re-establishment of a senate for southern Ireland was carried against the government by a vote of 120 to 36. It was explained that the object of the amendment was to safeguard the minority situation unionists.

EXCAVATORS SEEK BODY

Detective Directs Stage Hands Digging in Search for Remains

TORONTO, Ont., (AP)—Excavation was being made today under the Grand Theatre in search of the body of Amrose J. Small long missing and wealthy theatrical manager. A group of stage hands under the direction of Detective Sergeant Austin Mitchell, will be kept busy digging up the earth under the auditorium until it is definitely established that Small's body is not hidden there, it was said.

Police officials have hitherto held to the theory that Small is still alive, and held for ransom.

OPEN HEARINGS ON PROPOSALS TO AID FARMER

Agricultural Committees of the Senate and House Meet in Joint Session for Review of Situation

WASHINGTON, (AP)—Hearings were begun today by the agriculture committees of the senate and house, meeting in joint session, on the general agricultural situation and on proposals for financial relief for the farmer.

Eugene Meyer, Jr., of New York, former director of the war finance corporation, was the first witness. He gave a general review of the whole agricultural situation.

Points to Treasury Senator Norris, of Nebraska, acting chairman of the senate committee, said treasury officials would undoubtedly be called. It was indicated that the hearings might continue several days. Mr. Meyer argued for a revival of the war finance corporation. "There is practically no exception to the blight which has been sweeping the country for the last few months," said Mr. Meyer. "There is a complete congestion in the circulation of business."

L. O. Shroyer, secretary of the Nebraska Farmers' union, said the situation in his state was serious as the products were selling for far below the cost of production. The farmers were in an "angry mood," he declared, adding that some of them had said that they were going to burn their corn because they could not sell it for enough to afford them to buy coal.

Sees Bolshevick Menace

Mr. Shroyer also said that leaders with "Bolshevick tendencies" were spreading their propaganda and that relief should come in order to check this. He asked for extension of credits, arrangement for financing immediate export selling, and a reduction in the tariff on farm products. "Democrats, of whom I am one or was one, all over the United States have sanctioned a republican administration and we expect relief," said he.

SONS OF HERMANN TREASURER GIVEN INSTRUCTED VERDICT

STILLWATER, Minn., (AP)—District Judge J. N. Seales yesterday directed a verdict of not guilty in the trial of Fritz Zeigler, former national treasurer of the Sons of Hermann, accused of embezzling \$5000 from the funds of the society. As the society is not incorporated, Judge Zeigler contends, Zeigler cannot be convicted.

ENLISTS IN ARMY TO PAY PRESIDENTIAL ELECTION BET

MARION, O., (AP)—An election bet was paid here when Clarence H. Burk, of Lakota, Pa., enlisted in the army. Burk bet his brother that if Senator Harding proved the successful candidate, he would enlist for three years. If Governor Cox were elected, his brother was to enlist in the navy for four years.

TURKS PLAN TO REAP REWARD IN CRUSHING DEFEAT OF ARMENIANS

Nationalists Drive Defenders of Bleeding Nation Beyond Traditional Boundaries; Hostilities Cease Through Intervention of Bolshevick Government at Moscow and Hopes are Entertained that Further Bloodshed May Be Averted; Conditions are Called Frightful

TIFLIS, (AP)—Armenian forces have been driven eastward by the Turkish nationalists until the region they hold is entirely outside the traditional boundaries of Armenia. At present, Armenia is reduced to a little Caucasian republic, such as was created by the Germans and Turks during the war. It consisted of districts of Yuzur, Nakhchivan, and Echinliadin, the ecclesiastical capital of ancient Armenia, located about 25 miles north of Mount Ararat.

Turkish nationalists have occupied districts just to the west of this region including Kars, Alexandropol, and Surmalou.

Soviet Intervenes. Hostilities between the Armenian and the Turkish nationalists have been suspended through intervention by the Bolshevick government at Moscow, and hopes are entertained that further bloodshed may be averted.

GENEVA, (AP)—A resolution rejecting the consideration of amendments to the league covenant at this session and ordering the committee to report the changes before the meeting of the next assembly was passed by the assembly of the league at today's session with but one dissenting vote.

NATIONAL DEBT SHOWS INCREASE

Issuance of Treasury Certificates Causes Ascent, Officials Say

WASHINGTON, D. C., (AP)—An increase of \$12,646,571 in the public debt during the month of November was announced today by the treasury department. The total gross debt on November 30 was \$24,175,156,243.14, as compared with \$21,092,590,672.90 on October 31. The issuance of \$232,000,000 in treasury certificates on November 15 was responsible for the increase in the debt, according to treasury officials who explained that the certificates maturing during the month amounted to only \$91,000,000. Officials declared, however, the continuation of the quarterly decrease in the public debt was in no way halted because decreases were only possible when the quarterly tax receipts made available further reductions.

STEEL UPTURNS FEATURE WHEAT MARKET SESSION

March Delivery Touches \$1.66 1-2 a Bushel at Extreme Advance

CHICAGO, (AP)—Steel upturns in the wheat market today attracted unusual notice. At one time prices showed an extreme gain of 10 1/2 to 11 cents a bushel as compared with yesterday's finish. March delivery touched \$1.66 1/2. Estimates that the safety limit in export sales had nearly been reached were apparently of great influence in the buying market that carried the market upward. Big sales of Australian wheat were also reported, and there were advices of unfavorable harvest conditions in Argentina.

APPROVES EXISTING RATES ON GRAIN FROM IDAHO POINTS TO PACIFIC PORTS

WASHINGTON, (AP)—The interstate commerce commission today approved existing rates on grain and grain products, from points in Idaho, eastern Washington and eastern Oregon, to Portland and Astoria, Ore., and intermediate points, and to Vancouver, Wash., and rates on class and commodity wheat from Portland and Vancouver and points in the Columbia basin.

DULUTH REPORTS SHIPMENT OF 50,000,000 TONS OF IRON ORE

DULUTH, Minn., (AP)—The total shipment of iron ore for the season reached approximately 50,000,000 tons according to figures announced today. Total shipments from all the docks at the head of the lakes for the season show an increase of approximately 7,700,000 tons over last year, when 40,007,530 tons were shipped.

ARMENIA WANTS GENERAL WOOD AS ADMINISTRATOR

WASHINGTON, (AP)—The representative to be chosen by President Wilson to mediate between the Armenians and the Turkish nationalists was not for the president of the United States and not Woodrow Wilson personally, it was said today at the state department. This statement was made in response to inquiries as to the exact meaning of the president's declaration in his letter to the league of nations that he would be glad to profit from the personal mediation.

ARMENIA WANTS GENERAL WOOD AS ADMINISTRATOR

State department officers declared that the American mediator, who is yet to be chosen, would have all the influence and prestige of the United States government behind him in his negotiations. It has been made clear by the president, however, that moral influence only is which the United States can use in the situation.

GENEVA, (AP)—Dispatch of a solemn message of gratitude to President Wilson for the way he responded to the appeal of the council of the league of nations to act as mediator between the Armenians and the Turkish nationalists, was proposed to the assembly of the league by Paul Hymans, its president, shortly after today's session of the assembly began.

Beads Council's Reply

After the opening ceremonies, M. Hymans advised Mr. Wilson's offer to mediate in Armenia, and read the council's reply. That body informed Mr. Wilson that it is asking the Brazilian and Spanish governments, which yesterday also offered their services as mediators, to communicate with Washington regarding the means of action.

The reading of Mr. Wilson's message drew hearty applause from the sparsely filled hall. Most portions of the delegates are suffering from colds, and were not present at the beginning of today's session.

Would Thank Others

M. Hymans also proposed that messages of gratitude be sent to Brazil and Spain.

Lord Robert Cecil, representative of the Union of South Africa, rose and said that President Wilson's French delegation, particularly to Rene Viviani, whose eloquence, he declared, had inspired "this meritorious effort to save Armenia."

The text of the reply made by the council is as follows: "The council, in acceptance of the role of mediator in the Armenian question, which was dispatched to Washington this morning, signed by President Hymans of the assembly, is as follows:

Rejoiced and Grateful

"In the name of the council of the league of nations I thank you for your telegram of December 1, in which you agree to act as mediator between Armenians and the Turkish nationalists and add that you will nominate a representative for this purpose."

"The council is deeply rejoiced at and grateful for your decision. The council asked me to inform you that the Spanish government declares itself ready to participate in any action of a moral and diplomatic character in support of Armenia and that the Brazilian government announces that it is ready to take part also or with other powers in putting an end to the present situation in Armenia. The council is, therefore, requesting those two governments to communicate directly with you as to how co-operation in this work can best be arranged. Negotiations can be opened immediately with the Armenian government at Erivan."

"As regards the Kennelists (Turkish nationalists) the council is taking steps to find out the most effective method of dealing with such wild men and will inform you further on this point as soon as possible."

ARMENIA DESIRES SERVICES OF WOOD AS ADMINISTRATOR

NEW YORK, (AP)—Armenia desires the services of Major General Leonard Wood as administrator of a \$20,000,000 fund which it is proposed to raise for the aid of that country according to a cablegram received last night by the state department.

PENNY LUNCHEONS APPRECIATED BY CHICAGO PUPILS

Meals Put up by Board of Education for Three and Five Cents Prove Great Success on Basis of Patronage

CHICAGO, (AP)—Judging by their patronage, the 3c and 5c meals put up by the Chicago board of education are making an enormous success.

The city's "penny lunch" business runs from forty to fifty thousand lunches a day. Sales, measured in pennies and nickels, amount daily between \$100 and \$500.

They have to please the children away, remarked Dr. Frank G. Bruner, director of special schools under the board of education, who has charge of this work.

Meals Greatest Need. Dr. Bruner said that penny lunches had been established in 557 of the city's elementary schools.

The board of education is spending \$150,000 a year to provide these meals, added Dr. Bruner.

Spends \$150,000 a Year. The board of education is spending \$150,000 a year to provide these meals, added Dr. Bruner.

REFUGE FOUND BY MAD MULLAH

Picturesque Derwish Leader Defeats Purpose of British Pursuit

LONDON, (AP)—The "Mad Mullah," the derwish leader, who seems to bear a charmed life, is now in Abyssinia, only his oldest son and a brother escaped with him.

In the British campaign against him, 60 of his personal followers were killed including seven of his sons, seven of his relatives and four of his advisers. Six sons, his five wives, four daughters and two sisters were captured.

Picturesque details of the fruitless attempts to capture the derwish chief are given in an official dispatch from Geoffrey Francis Archer, the British governor of that protectorate.

In the early months of this year, the derwish forces were completely routed, but the Mullah himself once more got away into the interior. Bombing air planes were used in the campaign and the dispatch records that on the approach of the first air squad, the Mullah collected his people around him and awaited their coming under a white canopy used on state occasions.

Some derwishes afterward reported that the Mullah saw in the airplanes "a divine manifestation," others said that he had been told that the angels were coming to him from Stamboul (Constantinople) to convey the sultan's greetings.

It was during this first air raid that the Mullah narrowly escaped with his life. His robes were singed by a bomb and he afterward prudently took refuge in caves.

For many days, says the dispatch, the Mullah was pursued by the Camel corps, often on half rations and even on no rations at all. The chase was kept up day and night until there was nothing further to pursue—from the south to the southern border of the protectorate.

One group of fugitives whose tracks were followed turned out to be not the Mullah and his followers, but a party of Abyssinians. Most of the party were killed, the dispatch adds, and the Mullah, who was close at hand all the time, saw and hid from in a hiding place on a neighboring hill.

GERMANY MUST COLLECT HUGE SUM THROUGH LOAN

Budget Estimates Call for Expenditure Largely in Excess of Revenues

BERLIN, (AP)—German budget estimates for 1921 submitted to members of the Reichstag, call for the expenditure of 41,000,000,000 marks in connection with the execution of the peace treaty. This is part of the extraordinary budget which totals 62,500,000,000 marks and for these purposes the estimated revenue is only 2,200,000,000,000; so that some 59,000,000,000 marks must be raised by loan.

The ordinary budget as estimated amounts to 39,800,000,000 marks. Of this sum the income tax is expected to produce 12,000,000,000 marks but 100,000,000 of it will have to be covered by the federal states. The levy on capital is estimated to produce 3,500,000,000 marks and the non-recurring war levy on increases in the value of property, 10,000,000,000 marks, but of the latter sum only 4,500,000,000 can be credited to this year's budget.

Returns from customs and excise are expected to produce 9,100,000,000 marks. The total income from the sources named, available for this year's budget is 21,100,000,000 marks.

HARD JOB AHEAD SO SOX MANAGERS WILL START EARLY

Gleason Will Take the Rookie Squad South with the Early Birds in Spring

CHICAGO, (AP)—The Chicago American league baseball club will endeavor to build up its team, torn to pieces by the loss of seven stars through the baseball scandal at Wazahachie, Texas, that town having been announced by Secretary Grabiner as the training camp for 1921.

Manager William Gleason will leave for the training camp the first week in March and will take about 40 men with him, two-thirds of them being recruits purchased at the end of last season or during the winter. Heretofore the club has left for its training camp about the middle of March but an earlier start will be made next spring so that Gleason will have a longer period in which to rebuild the club.

STECHER TO QUIT WRESTLING GAME AT SEASON'S END

Grappling Champion Announces Plans for Retirement when Year is Done

NEW YORK, (AP)—Joe Stecher, world's heavyweight wrestling champion, plans to retire from the wrestling game after this season, he said today. In preparation for his contest here December 13 with Ed (Strangler) Lewis, Stecher has cancelled all matches in order to be in the best possible form against the Kentucky grappler.

Quizzers Resume Investigation of Crookery Charges

Pacific Coast Baseball Again is Made Subject of Probe by Authorities

LOS ANGELES, (AP)—Investigation of alleged crookery in games played in the Pacific Coast baseball league in 1920 was resumed by the Los Angeles county grand jury. It was understood alleged gambling at the Washington ball park here was the basis of today's inquiry.

Several men, well known in sporting circles and one policeman were called before the jury.

ENGLISHMAN WINS BOUT

SPRINGFIELD, Ill. (AP)—George Fox, English lightweight champion, outfought Al Lanece, of Chicago in every round of their ten-round bout here last night and the referee's decision before the final round was over. Referee Louis Hodge declared the Englishman the victor because Lanece pranced around the ring like a colt, with Fox at his heels in the last two sessions. This was Fox's initial ring appearance in America.

JUST GOOLFING

NEW YORK, (AP)—Prominent officials of clubs in the United States Golf association, today adopted a policy of watchful waiting over the threatened invasion of the east by the western golf association. Comment generally was guarded and but few officials would talk for publication.

In some quarters, there was seen an indication of patching up the differences before the annual meeting of the United States Golf association set for January 7 in New York.

CURTAIN EXPENSE BY REDUCTION OF TRAINING PERIOD

Yanks and Robons Will Take Only Three Weeks for the Spring Conditioning

NEW YORK, (AP)—Training in the south next spring by the New York club of the American league and Brooklyn club of the National league, will be limited to three weeks, it was announced here last night. Usually the teams have spent five weeks or more in the south.

Completion of the training camps for both clubs has been left to Bob Canney, the Yankee scout, who will start south next week. Tentative plans call for the two teams to train in the same city or in cities close enough for the two teams to be permitted to play exhibition games.

STOEBER A BUSY MAN

GRAND RAPIDS, Mich. (AP)—Joe Stecher, heavyweight wrestling champion, won a handieup wrestling contest here last night, throwing Tom Drank, Netherlands champion, with a body scissors hold in 45 minutes and 14 seconds and Joe Sandell, an Italian wrestler in 23 minutes and 15 seconds with an arm and body hold. Stecher had agreed to throw both men within a limit of two hours or lose the match.

CHOOSE REFEREE

Brief Bits of Sport

Everybody out tomorrow sure! The game will start promptly at 2:30 and will go to a conclusion.

Combatants on each side are confident that their elevens cannot be beaten. Consequently—

The esteemed Salt Lake Tribune tells its readers, speaking of a box fight, that "Bromes was hitting low and fighting; fowl otherwise."

But it may have been a chicken fight, at that.

Joe Tinker, formerly Cub shortstopper, sold out his Columbus club interest, saying he was going to quit the baseball business.

Now Joe is on the coast dickering for the purchase of a bank of interest in the Portland franchise of the Pacific Coast league.

Stanislaus Zyzsko, big brother of Wladek Zyzsko, thought he was a world-beater until the other night. He lost a handieup match to Bill Demetral and Allan Eastace.

The bulky Pole contracted to flop each man one time in a period of two hours, but Eastace proved too good and slippery a piece of humanity for him and he finished out the period left him by the Greek without being flopped.

Prior to that affair Zyzsko was in the habit of challenging Joe Stecher every day or two. He probably won't do it any more.

A sports writer speaks of six-day bike racing as a "merry-go-round." "You can beat that sort of circular motion with Jack Curley's quad wrestling syndicate, Stecher, Caddock, Lewis and Wladek Zyzsko.

Michigan! Bill Ruppel, suspended Salt Lake outfielder, says he does not want to be sold to any other club. He has asked for another season with the Bees if he is finally granted a clean bill by the bribery charge investigators at Los Angeles.

Speaking of the Bees reminds one that the White Sox management has purchased Earl Sheely, premier first-inning man of the Bees. As part payment the Bees are to get Earl Lane, another solid to the Sox with "Lefty" Williams by Salt Lake some years ago.

Often the first effort in classified advertising brings the wanted results but not always, of course. You must "stick."

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless waste and stimulant to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—adv.

APPROPRIATION OF \$60,000,000 TO AID FARMER

Senator Hitchcock Prepares a Bill Calling for Immediate Loan from the Government Funds as Relief Measure

FEDERAL RESERVE BOARD HEAD COUNTED FAVORABLE

WASHINGTON, D. C. (AP)—Immediate loans of \$60,000,000 from government funds to aid farmers in the form of falling prices of their products is proposed by Senator Hitchcock, democrat, Nebraska, in a bill drawn today after a conference with Governor Harding of the federal reserve board.

Would Divert Profits

The money which Senator Hitchcock would have advanced to the farmers by the government would be more than the federal reserve banks payable next month and which under the law would be used to increase gold reserves or increase the money supply.

Counts on Effect

"This would be only a drop in the bucket toward meeting the enormous needs of agriculturists," said Senator Hitchcock, "but it would have a good effect, beyond the actual amount of money made available."

Senator Hitchcock indicated that Governor Harding of the federal reserve board, was favorably inclined toward the plan.

URGE GOOD WILL TOWARD ORIENT

Churoches' Commissioners Submit Views on perplexing Asiatic Problem

BOSTON, (AP)—"Every American Christian should take every legitimate action to promote good will toward the peoples of both Japan and China," says the commission on relations with the Orient in its report submitted today to the federal council of the Churches of Christ in America.

"For 50 years the problem of how to deal with Asia in America has been constantly with us," says the report. "It has been used for personal and party interests, bringing humiliation on America, injustice to Asiatics and strained international relations. Laws are now proposed more dangerous than any that have been used in the past, threatening injustice to Japanese, embroiling our relations with Japan and, if enacted, creating among us an ever-growing group of Asiatic enemies who will be loyal to their foreign Asiatic government instead of the United States in which they are born. Until the Asiatic question is settled on Christian principles it will grow increasingly difficult and dangerous."

Local Legislation Futile

"The Asiatic question is one for national solution. Local legislation in California will be futile. It will aggravate the problem. The gentlemen's agreement has served its purpose and has been superseded by laws determined by congress and administered by American officials. "The regulation of immigration from every country should be handled on the same general principles. This alone will avoid humiliating race discrimination. The amount of immigration which America can wisely admit from any country should be fixed on the basis of the number of that people that we can assimilate, Americanize and steadily employ. This amount should be continuously adjusted to the changing economic conditions of the country."

Would Raise Standards

"The standards for naturalization should be raised and the privilege of citizenship should then be open to every lawfully born American who duly qualifies. All special laws dealing with the Chinese should be repealed. Chinese in America should be under the same laws that are applied to other races and should receive an equal treatment, 'most favored nation' treatment."

FIIGHT OVER GIRL COSTS YOUNG YOWA FARMER'S LIFE

CONWAY, Iowa. (AP)—Lester H. Hapbert, 21, young farmer, died after having fought for three-quarters of an hour with Lester March, 17, last Saturday night, it is said, because of a girl. Although March is said to have been the first to start in, it was Hapbert who first encountered Hapbert and died in a hospital. Hapbert recently had an operation for appendicitis, and physicians said death was due to a burst blood vessel in the side.

LACK OF ORGANIZATION COSTLY TO PRODUCERS

Spokane Spokesman-Review Points Out Methods of Foreign Buyers in the American-Wheat Market

Concentrating their wheat buying through government agencies, and operating against lack of organization and government support here, Great Britain and France have had a ridiculously easy job of manipulating the American wheat and lowering wheat prices. With shrewd team work across the Atlantic, and utter lack of it in the United States, the American wheat crop of 770,000,000 bushels is going at sacrificial prices.

Two weeks ago the grain market editor of the New York Journal of Commerce wrote: "In some quarters the theory was advanced that the consuming countries will continue to work for lower prices, although they will have to buy what in America as long as there is a surplus to offer."

By what methods have the consuming countries worked for lower prices? First, by confining their buying operations to a single official agency. Second, by distributing their "bought" propaganda in this country. Some of that propaganda was pretty "raw." For instance, on the very day when those who were seeking a lower price on the New York market were stressing the prospect of early offers of wheat from Argentina, a press dispatch from Buenos Aires, capital of Argentina, brought the truth that an immediate bread shortage was threatened there, that mills were closing down for lack of wheat, and that a meeting of millers was to be held to discuss the problem of raising 125,000 tons of wheat which it had bought several months ago from agents of foreign governments when it became apparent that Argentina had not enough surplus.

Other intimations were that India would sell freely, yet Broomhall, the recognized British grain trade authority, reported October 21 that it was "officially stated that the main wheat tracts in India have been without rain during October; that food grains are poor in many provinces, and it is expected that the situation will be serious in the central provinces where conditions have been most unfavorable."

The latest statistics confirm the Spokane-Review's belief. The United States has a surplus of wheat, still skimping along on short wheat supplies. A recent statement by the International Institute of Agriculture, with headquarters at Rome, reports that 1920 crop in the principal wheat-growing countries was 98 per cent of the previous year's average. In other words, the world crop this year is barely up to the reduced wartime average.

A third price-knocking influence was importations of Canadian wheat into this country. The federal trade commission reports that the plain fact that our imports during the first 12 days in October were greater than in any corresponding period in the last seven years.

SPROUT TALKS ON TAX POLICY

Pennsylvania Governor Tells Conference How His State Gets Revenue

HARRISBURG, Pa. (AP)—Discussing the subject of state income disbursements before the governor's conference here today, Governor William C. Sproul of Pennsylvania, told of efforts made by fiscal heads here to raise necessary revenues for municipalities, state and nation, without imposing a burden upon the state's industries.

No Levy on Property

In Pennsylvania, the governor said, no direct state tax is levied upon the property of the people, needed revenues being derived from taxes upon capital stock, securities and the earnings of certain classes of corporations, upon inheritance and from fees and licenses. He said it had been possible to avoid levying upon capital stock of manufacturing corporations.

"We are still nursing our 'infant industries' here," he said, "nor do we tax our vast mineral products, the value of which alone amounts to well on to two billions of dollars a year.

"A ten cent per ton tax upon the coal mined in Pennsylvania alone would yield thirty million dollars per annum, and a five mill tax upon the capital stock of corporations engaged in manufacturing which are not exempt, at the same rate as is paid by transportation and many other companies, would yield twenty-five millions additional.

Fields Still Inviting

"It will, therefore, be seen that our fields of taxation here are still inviting. It is our duty, however, not to impose taxes which will restrict business or bring any marked increase in the price of commodities.

Diamonds in Her Teeth Make Her Smiles Sparkle

Mrs. Mabel King Hickman, of San Francisco, wears diamond filling in her teeth, not because of the hard substance of the stone, but because, to her, each diamond is symbolic of a husband's love.

One diamond was given her by her first husband, William King, who, on his deathbed, requested that she keep the gem always. So Mrs. King had it set in a tooth. Her second husband, Augustine Hickman, first to be outdone, supplied another sparkler, a perfect match for the first, and these two help make Mrs. Hickman's smile quite as radiant as her teeth.

GOVERNORS TAKE STEP TO OBTAIN FARMERS RELIEF

Conference Names Committee to Investigate Looking Toward Recommendations to be Made to Congress

HARRISBURG, Pa., (AP)—Governors and governors-elect representative more than half the states of the United States voted at an annual conference Wednesday to begin an inquiry into what was variously called the "acute," "alarming" and "frangible" situation facing farmers of the country since the act recommending federal legislation to assist them.

As a first step toward carrying out their plan which was suggested by Governor W. L. E. Rorer of Iowa, the conference appointed a committee consisting of Governors Harding, Bickell of North Carolina, Holcomb of Connecticut, Barker of Louisiana, and Goodrich of Indiana, to make a preliminary survey and report back before the conclusion of the conference. After that, it is contemplated to send the committee to Washington to urge legislation before congress which convenes this month.

Action Without Parallel

The subject of state executives, which is said to be without parallel in the history of American government, is for the organization of governors to suggest to congress and actively advocate passage of legislation necessary to refund debt of farmers who are pinched by falling markets with heavy stock of surplus products on hand so as to give them a year or more in which to recoup losses and wait for a better market. It is proposed to do this through extension or adaptation of the federal reserve system.

A second proposal also expected to receive consideration by the committee, is submitted by Governor Harding that a foreign trade corporation be formed to finance purchases of American farm products by foreign countries through lack of funds, to come into the American market. Acting on Governor Harding's suggestion Governor Beckett introduced a resolution providing for appointment of a committee to proceed under instruction of conference and take the propositions up with congress direct.

Gets Around Regulation

This motion received a second, and was voted to be taken up when it was objected that the constitution of the governors' conference forbade formal resolutions or action of the sort. At this Governor Rorer again intervened and stated that no such formal action was necessary, and at the call of Governor Bamberger of Utah, who presided, a vote was taken on the resolution to appoint a committee informally. Approval of the governors was overwhelming.

Franchise National Grain Dealers' Association Head Predicts Rapidly Mounting Prices

CHICAGO, (AP)—A "buy a barrel of flour now" campaign was launched here today by the Farmers National Dealers' Association. E. E. Meish, president of the organization, announced that the 600,000 farmers who hold stock in 4800 farmers elevators would be urged to lay in their winter flour supply now, "while the price is right."

"Our figures show that the United States has sold for export nearly all of the wheat it can raise for export," Meish said. "Nearly one million bushels of wheat are being sold for export every day. Soon it will be a fight for American flour or wheat between American and Europe."

CATHOLICS FORM ORGANIZATION OF MISSIONS IN UNITED STATES

CINCINNATI, O., (AP)—The hierarchy of the Catholic church from throughout the United States meeting in Cincinnati yesterday effected a permanent organization of the Catholic missions of the United States.

The new organization is to have an active interest in home and foreign Catholic missions in every parish in the country and to co-ordinate under its direction of one body all the work along this line.

Most Rev. Henry Mueller, archbishop of Cincinnati, was elected president.

DENVER PRODUCES TALLEST MAN IN U. S. MARINE CORPS

NE WYORK, (AP)—Denver has produced the tallest man in the United States marine corps, recruiting officers here claimed today. He is Robert Pratt, 20 years old, who is six feet, nine inches tall and weighs 387 pounds.

The officers had to get special permission to enlist him, but he topped the height limit of the corps by seven inches. No uniforms on hand were large enough to fit him and a special outfit is being made.

LITTLE ORANGE REPORTED IN FORMER EMPRESS' CONDITION

DOORN, Holland, (AP)—There was little change this morning in the condition of former Empress Alexandra Victoria of Germany, who for several days has been critically ill. Rumors of her death have been in circulation, but inquiry at Doorn castle, the home of the former empress, by the Associated Press today clothed the statement that there was no truth in these reports.

MASONS ELECT OFFICERS.

Members of Twin Falls lodge, No. 45, A. F. & A. M., last night held an annual election of officers. The following were chosen to serve during the ensuing year:

W. B. Amshary, worshipful master; Earl H. Sizoo, wardens; John S. Greene, junior warden; J. O. Bradley, treasurer and W. O. Smith, secretary.

In the later instance Mr. Smith succeeds W. C. Workoff, who held the office the past year. C. E. Green is the retiring master. Appointments to subordinate chairs have not yet been announced.

Immediately following the election of officers of the Templar commandery, R. A. M. chapter and the Blue lodge met in short session for the election of members on the board of trustees. Those chosen are: G. D. Aiken, from the commandery; A. J. Peavey from the chapter; John W. Graham, D. W. Jenkins and S. H. Kaylor from the Blue lodge.

WANT HEAVY DAMAGE.

Alleging that P. A. Triguero defamed the character of their two daughters, by inserting scandalous statements about them, G. D. Colburn and his wife, Ruth, have brought suit in the district court demanding damage judgment for \$25,000. The statements complained of, are said to have been made to Jess O. Eastman of Paul, in the hearing of other persons. Triguero, it is understood, leased a rooming house to the Colburns.

DE KLOTZ SUED.

The Gem State Lumber company makes John G. DeKlotz, Evelyn DeKlotz, his wife, H. C. Hazel and the Flair Hardware company defendants in an action instituted in the district court to recover judgment for \$41,155 resulting from a promissory note of \$882.98 given by the two first named defendants. Defendant Hazel and the hardware company are said to claim some interest in the property mortgaged to secure the note.

SCHOOL SPORTS ARE EXPENSIVE

Costs \$426 to Bring Team Here—One Department Supports Another

Cost of single admission to the state championship football game tomorrow will be \$1, according to announcement made today by M. C. Mitchell, principal of the high school.

This price, Mr. Mitchell explains, has been fixed not so much because of the value of the coming contest as an entertainment of merit, but because of the extraordinary hazard that is concomitant with all high school athletic and sport activities. In view of all the facts connected with the case the price is generally considered reasonable, although Mr. Mitchell reports having heard some criticism against it.

Must Defray Cost.

The basic fact upon which the price of admission is fixed is the extraordinary expense of staging the championship exhibition. The guarantee to the Idaho Falls team, covering the cost of traveling and keep while here is \$427. Officials, such as referee, umpire and linesman, must be paid a reasonable sum; advertising cards cost somewhat more; and, the main scheme of entertainment for the contesting teams after the game adds considerably to the general sum total.

High school football this year has been successful on all respects. The team has been successful and, consequently, as is pointed out by the faculty of the school, the success of the team, suggests a question and the question is at the school office, a thing that has never before been recorded in Twin Falls in connection with football.

Baseball a Loser.

Baseball in the high school has always been a money loser, and so has basketball, until last year, according to established records. It is the theory of the school management that what is lost financially on one department of sport activity is made up in some degree by more successful departments. Hence if there is any cash residue from football at the end of the season this surplus will be applied on the losing sport in order to lighten the burden. Basketball last season was a gratifying success because of the prowess of the quintet on the floor. But it cost the school \$500 to take the team to Moscow for competitive games last spring. The school gets nothing from the district board to aid in the support of athletics.

Town Well Advertised.

Through the success of the Twin Falls high school football team this season it is believed that the entire district as well as the immediate town and community have benefited by wide publicity emanating from possession of a championship football team. This fact is believed, should be taken into consideration by the public, along with the facts of expense and distribution of surplus cash to support failing departments.

High School News

One of the new high school clubs, the History club, met Monday evening. Though there are 54 signed members, there were not enough present to adopt a constitution and a short program was given. The officers are: President, Evesey; Secretary, Vera Cook; Treasurer, Mary Wallace.

The Commercial club met Tuesday evening. A short business meeting was held after which a program was given.

The Junior class will give the annual Frolic reception Friday evening, December 3.

Monday afternoon M. C. Mitchell, the principal of the high school, and for the past six years debate coach, called a meeting of the boys of the three upper classes to discuss debate work this year. There were 13 seniors, 15 juniors and 12 sophomores who signed up for preliminary debate. The best of these will represent the school in the annual triangular debate with Pa. and Boise. It is possible that Brewster will drop out of this year's triangle, but in this case Idaho Falls will find the third place.

Wednesday's assembly was one of the most interesting of the year. It was to boost enthusiasm for the championship game Friday with Idaho Falls. The Rotary club and several members of the chamber of commerce were on the platform. J. T. Balnbridge's high school band played the opening march. Asher B. Wilson, in behalf of the chamber of commerce, presented a large laurel cap made entirely of chocolate to the team. Dr. W. F. Passer gave the boys a timely suggestion about the volume of their yelling. Other speakers were L. H. Wheeler of Eldridge, A. J. Peavey, Senator J. A. Seaver, Judge E. A. Walters, Roy A. Read, L. I. Breckenridge and Dr. C. R. Scott, all of whom assured the team that the town was behind them. Coach Clint Evans, Hal G. Blue and M. C. Mitchell gave inspirational talks to the team, admonishing them to win the victory or "come home on their shields." The band played the final march. Several songs were sung by the entire assembly.

HAY RATE REDUCTION SEEN.

Expressing the belief that the railroad passing through this district will grant a reduction of freight rates on hay to Missouri river points, a message was received at Twin Falls Chamber of Commerce headquarters this morning from the Boise Chamber of Commerce.

In the message statement was made that all indications point to a resumption of the present freight tariff on hay, plus war tax. If this rate becomes effective the charge to eastern markets will be \$9.30 per ton on Twin Falls district alfalfa. The fact that the freight cost without fear of quarantine since there is no embargo against Idaho hay by eastern states.

THE LARGEST ORDER

of pistons ever shipped into Idaho has arrived consigned to the Stephen Cylinder Grinding Co., Twin Falls, Idaho, the state distributor.

This is not only the largest order but is the highest quality piston manufactured today, the famous Deluxe light weight gray iron piston. It has no competition. Manufactured and guaranteed by one of the largest and fastest growing piston manufacturers in the United States.

If the automobile, truck, tractor or stationary engine owners are having trouble or desire a smoother and more economical running motor it will doubtly pay them to go and see these pistons before they start to complain about the upkeep and operating expense, as the above firm is the original exclusive cylinder and crankshaft grinders in Idaho and are equipped to do nothing but first class work in this line at moderate prices.

They use only the highest grade material and workmanship, and their guarantee is unconditional satisfaction.

MAKING SHOPPING A PLEASURE

Persons who have gone through a
 few last-minute Christmas shopping
 rushes do not need to be urged to do
 their buying early; they need only to
 be reminded. Advertisements will soon
 be emphasizing this counsel from over-
 every page, billboard and window. In
 the meantime stores, large and small,
 are making complete showings of the
 Christmas goods at an unusually early
 date; it is to their interest, also, to
 spread the holiday trade over a period
 of weeks.

Many look upon selection of Christ-
 mas gifts as a disagreeable task to be
 delayed as long as possible. Others are
 merely careless. Some, unattentive,
 are daily reminded of some friend
 whose remembrance has not been ob-
 tained. These are the various procras-
 tinators who elbow and stampede each
 other, break down the display tables
 and overwhelm the clerks in Christmas
 week.

Yet Christmas buying, properly done,
 may well be a great pleasure. But to
 be done properly requires foresight,
 careful and systematic planning and
 prompt action. Call a family coun-
 sel on this evening, make out a list of those
 to be remembered, and decide what shall
 be sent to each. Then do your buying
 at the earliest possible moment. Your
 shopping will be pleasant and Christ-
 mas week will then find you carefree,
 with a capacity for real enjoyment of
 the Yuletide.

If all would cooperate, the holiday
 time could be made happy for the
 shopper, for the delivery boys, for the
 postman. But they are helped by the
 early shopper hardly more than the
 early shopper helps himself.

A FUTURE AMBITION, PERHAPS

Messrs. Dempsey and Carpenter, dis-
 tinguished gentlemen whose claim to
 fame depends on their fists rather than
 in the capital equipment, have signed
 articles for a meeting sometime be-
 tween March 1 and July 4 of next year.
 The meeting will be of vast import if
 we gauge it by the financial interests
 involved. Mr. Dempsey is the more tal-
 ented man of the two, if we measure
 his ability by his wage, for, regardless
 of the outcome of the fight, he is to get
 the major portion of the money. A
 fee of \$300,000 for work consuming
 probably not more than a half hour of
 his time shows how he rates himself.
 That his opponent is satisfied with
 \$100,000 less does not prove that he is
 "piker exactly". And there are to be
 perquisites on the side which are

expected to augment the receipts ap-
 preciablely.

These figures show that the enter-
 prise is one of no small magnitude.
 Really it is an illustration of big busi-
 ness. Though not stated in the news
 of the signing of the articles, it is not
 improbable that Mr. Dempsey is given
 adequate guarantees that only fists will
 be used by his opponent, since it is well
 understood that he has something akin
 to conscientious scruples against using
 guns, bayonets and other weapons sim-
 ilar to those resorted to in war.

The traditional goal to which all
 youth has been pointed has been the
 presidency. It has been heretofore
 esteemed as topping the highest ambi-
 tion. It is not improbable that it will
 lose some of its attraction. To the few
 that win its honors it comes only with
 years of effort and those who strive
 and fail are vastly more numerous than
 those who realize their ambition. Prize
 fighting brings not less fame and it may
 be much more profitable. It requires
 little mental equipment beyond the abil-
 ity to abuse one's opponent. Mothers
 of the future, when they gaze on the
 sturdy forms of their sons, may hope,
 not as mothers have done in the past,
 that their boys would become great
 preachers, or famous lawyers, or re-
 nowned philanthropists, or even presi-
 dent, but that they may develop into
 prize fighters with a mighty punch and
 be able to rake in a purse of a few hun-
 dred thousands in a part of an after-
 noon, while at the same time they re-
 ceive the plaudits of the assembled
 multitude. It will be a glorious dream
 for an aspiring mother.

TOT MOURNED AS DEAD IS HELD FOR RANSOM

Parents of Three Year Old Linda Moore
 Learn Child is Not Drowned in
 Yantzeze River.

SHANGHAI. (AP)—Five weeks after
 Linda Moore, three year old daughter
 of Leonard Moore, had disappeared in
 the night from a river steamer on the
 Yangtzeze from Shanghai to Hankow
 the parents learned that the child had
 not been drowned. An anonymous let-
 ter was received by the father demand-
 ing a ransom of \$4000 for the return
 of the child.
 Mr. and Mrs. Moore with the little
 girl, a son and a nurse left Shanghai
 for Hankow on the steamer Woosung
 on September 15. The parents and the
 son occupied one state room and the
 little girl was left in the care of a
 nurse in an adjoining state room. The
 nurse saw the little girl the last time
 at midnight when the boat was near
 Chinkiang. When she awakened at 6
 o'clock the next morning when the boat
 was nearing Nanking the child had
 vanished. Every effort to fathom the
 mystery of the little girl's disappear-
 ance failed and the offer of a reward
 of \$2000 for information concerning
 her brought no response until after five
 weeks when the letter demanding ran-
 som of \$4000 was received by the fa-
 ther while in Hankow. Steps to get
 back the child were taken by the fa-
 ther and by the authorities after the
 letter was received.

CITY ARRESTS TRAINMEN FOR REVISING SCHEDULE

Socialist Officials of Devanport, Iowa, Take Drastic Action

DEVANPORT, Ia. (AP)—Officials
 and train crews of the Tri-City Railway
 company were arrested Wednesday on
 information filed by City Attorney
 Schoenfeld, charged with failure to
 operate their cars in accordance with
 the terms of the franchise.
 General Manager Huatson and As-
 sistant Manager Roderick were among
 those arrested. A warrant was issued
 for the arrest of President E. J. Den-
 man, but he was out of town.

Ten motormen and conductors were
 arrested.
 As an economic measure the company
 several days ago announced they would
 discontinue operation of the Fourth
 street line which for a distance of more
 than a mile parallels the Third street
 line. The bridge line was shortened
 and "owl" service was curtailed.
 Socialist city officials had warned
 the company that as soon as the pro-
 posed changes were put in force, ar-
 rests would follow.

Officials of the company were ar-
 rested a second time on their refusal
 to resume service on the Fourth street
 line after being brought into court in
 the morning.

CO-OPERATIVE TAILOR SHOPS TO CUT PRICES

Elimination of Contractors Coupled with Reduced Wool Costs Expected to Bring Clothing Down

ST. LOUIS, Mo., (AP) Two co-operative
 tailor shops will be opened here within
 the next week under the direction of
 the Merchant Tailors' association of
 St. Louis, on a plan that will result in
 a material reduction in clothing prices,
 according to Samuel L. Fox, president
 of the association.
 The work to be done in these shops
 is at present performed by "contractors"
 who make up suits after they have
 been cut out by the merchant tailors.
 Fox explained.
 The elimination of these "contractors"
 coupled with the reduced wool
 prices will effect reduction of from
 \$10 to \$15 on clothing now selling from
 \$40 to \$75, Fox said.
 The union scale of wages will pre-
 vail, he said.

KENTUCKY CITY CONSIDERS COAL MINE OPERATION

LOUISVILLE, Ky., (AP)—Purchase

PROSPECTIVE BUYER FINDS MONEY IN DEAD MAN'S BOOT

GARDNER, Mass., (AP)—While ex-
 amining a pair of leather boots at a sale
 of the personal effects of Jacob Haggen-
 strand of Finland, who died here in 1918,
 a prospective purchaser stuck his hand
 into one of them and found a money
 belt containing \$970. Haggenstrand's
 widow in Finland will be notified of
 the find.

NET ALIEN INCREASE IN FOUR MONTHS IS 155,154

Department of Labor Records Office
 Immigration Tido with Numerous
 Emigrants

WASHINGTON, D. C., (AP)—Imm-
 grants to the number of 369,957 ar-
 rived in this country during the first
 four months of this fiscal year which
 began last July, records at the depart-
 ment of labor show. During the same
 time 214,702 emigrants left the United
 States, leaving a net increase in aliens
 in this country of 155,154 for that
 period.

Despite the rapid increase in the flow
 of immigrants, department of labor of-
 ficials do not believe the excess of
 immigration from Europe over emigra-
 tion will reach the pre-war figures for
 some time to come.

During the last fiscal year, emigra-
 tion from this country to Europe more
 than over-balanced immigration, the
 figures being 240,505 and 255,004,
 respectively. In October, however, the
 number of immigrants arriving here
 was nearly one-half of the total arriv-
 als during the last fiscal year.
 Total immigration last year exceeded
 emigration by 144,050, this being ac-
 counted for by arrivals from Mexico,
 Canada and the Far East.

SCIENCE PROMISES PERFECT PRUNE TO BE GROWN IN U. S.

WILMINGTON, Del., (AP)—The
 "perfect prune" is soon to be grown in
 America, Prof. L. B. Detjen, of Dela-
 ware college, announced in an address
 before the 34th annual convention of
 the Peninsula Horticultural society yester-
 day.
 Describing his super-prune, which is
 to be evolved from a domestic plum,
 Professor Detjen said it would be the
 first time an American variety had
 been adapted to prune purposes, the
 output hitherto having been grown
 from European varieties.

POLES CHARGE GERMANY WOULD EVADE PLEBISCITE

Evidence of Plans to Occupy Upper Silesia Given Allied Governments

WARSAW, (AP)—Evidence that Germany has planned armed occupation of Upper Silesia if the proposed plebiscite in that territory should favor Poland, is said to have been given the allied governments by Poland.

Newspapers here have just published copies of documents said to have been intercepted by Poland. According to these, the sixth German army corps headquarters at Breslau was to equip an expedition. One detachment of this was to proceed into Silesia in the route of the Polish frontier and there they were to spread propaganda to support the German cause prior to the plebiscite.

Other detachments were to mobilize 12 days before the day of voting and to wait at various points of vantage. If the plebiscite favored Poland, these forces were to wreck factories and other industrial institutions.

It also was to be given the German cause in some way by a secret league of former German officers and soldiers known as "Spree," the name of a river. This organization was to cooperate with the sixth army corps headquarters.

The plebiscite in Silesia has again been postponed indefinitely, said a dispatch from Warsaw under date of November 10. Some newspapers in Warsaw had predicted war between Germany and Poland if the plebiscite gave upper Silesia to Germany, but these were declared by the French foreign office to be merely fanciful forecasts and not worthy of consideration.

AMERICAN COAL GIVEN PREFERENCE BY DANES

Dealers Say Good Quality Compensates for Higher Freight Rates

COPENHAGEN (AP)—There has been a steady increase of imports of American coal to Denmark throughout the year. This has been a dominant factor in the coal market here. Beginning in January with a few hundred tons, the American coal imports in September reached 274,300 tons. Meanwhile imports from Great Britain fell during the summer to about 85,000 tons and rose in September to 164,000 tons. Little coal was imported from Germany and this entirely stopped in October.

Some Danish coal dealers say that the quality of American coal has been so good as to compensate for the higher freight rates as compared to coal imported from Germany and this entirely stopped in October.

At present it is understood that Denmark is not buying coal from any source since she has enough in hand for the time being, and the rate of exchange is adverse.

Some Danish coal dealers say that the quality of American coal has been so good as to compensate for the higher freight rates as compared to coal imported from Great Britain, but that this quality of late has fallen off.

Recently Denmark has supplemented her imports from America by bringing coal from China. Coal from the Danube railways. The price of Chinese coal is said to be considerably less than either American or British.

DOUBLES GAZETTE'S PRICE

British Government Charges Two Shillings for Official Periodical

LONDON, (AP)—The official London Gazette, the oldest newspaper in England, and the only one until 1826, has just increased its price from one shilling to two shillings. The increase has been made by the government, which issues it, to enable the paper to pay its way.

Little of its original character as a news sheet remains to the Gazette. It is now little more than a copious miscellany of state and official notices of an official or statutory character.

SWISS GOVERNMENT WILL BEYON LIGHTSTEIN UTILITIES

BERNE, (AP)—The Swiss government has concluded an agreement with the neighboring little principality of Lichtenstein under which Switzerland will operate the Lichtenstein postal, telephone and telephone systems, beginning January 1, next.

The convention is subject to ratification by parliament. There are negotiations for consolidation of the two countries customs services.

WRANGLER'S FLIGHT LIKE MOTION PICTURE EPISODE

Defeated Commander Leaps From Car Window into Auto with Rods in Pursuit

SEBASTOPOL, (AP)—The humors of war share places with the cavalry lists and military movements in the news. When General Bogayevsky was executing the retreat of Wrangle's troops in the Talmara region, he found his train surrounded by the rapidly advancing Bolsheviks. As in motion pictures, he jumped from his car window into an automobile and there followed a fight toward the river with the rods in pursuit.

The bridge collapsed as the general's car rolled onto it, and the automobile tumbled into the river. General Bogayevsky leaped from the machine as it fell and landed in a swamp where he hid in the rank reeds until morning. Meantime the rods in their turns had returned to the bridge.

Northeast, of Alexandrovsk where there had been fighting, two newspapersmen, Charles Rivet of the Paris Times, and Guy Berger of Reuters, Ltd., the British Press association, captured 600 rods. They saw a black regiment of tired, hungry men near a village; they walked up to the Bolsheviks, proposed they surrender, and to get food as Wrangle's prisoners; and marched back into the south Russian lines at the head of the breaching line.

THREE TIMES AS MANY BIRTHS AS DEATHS IN HONOLULU

HONOLULU, T. H., (AP)—There is little danger of the population of Honolulu dwindling if the ratio of births to deaths now being maintained continues, according to Miss M. Hester Lomon, registrar of vital statistics for the municipality who has announced that there are nearly three times as many births as deaths in the fall of October. Deaths numbered 84 while there were 253 births recorded. Marriage 172 were issued to 107 couples during October.

PROFIT SHOWN IN BEET CROP

Figures Prove Heavy Returns Received from 71 Acres of Kimberly Land

That sugar beets have been one of the most profitable crops this year in the Twin Falls district is being made evident very often these days, when the results of the year's harvest are being checked up, says L. W. Clemons, of the Amalgamated Sugar company's agricultural department.

The acreage, this year, on the tract in sugar beets, is about 5000 acres, with the yield per acre averaging over 12 tons per acre. In many places, however, yields have been reported as going well over 20 tons per acre—yields from fifteen to 18 tons per acre are in no way uncommon, Mr. Clemons says. Many farmers, who tried sugar beets this year for the first time have had excellent yields.

One of the best crops raised on the tract was produced by P. H. and E. Grimes, who were both new at the game. They are farming three miles south of Kimberly, and had 71 acres in them. This piece was broken out of sugar alfalfa ground, and produced 1562 tons of beets, or 22 tons per acre. The cost of producing this crop, as estimated by M. F. Grimes, one of the partners, was a little under \$1000 per acre, and the total delivered to the company the growers received a check for over \$17,000. Taking out the cost of producing and harvesting the crop, the total profit was \$11,000 on the 71 acres of beets.

J. R. ABEL'S SLAYER IS AGAIN ON TRIAL

This morning the case of the State of Idaho against H. F. Ramseyer, charging murder in the first degree, was called for a new trial before Judge W. A. Bulecock. Prosecuting Attorney Frank Stephen is being represented by Judge E. A. Walters, while the defense is in the hands of Ormer C. Hackmar and W. P. Guthrie. Procuring of a jury is expected to occupy most of the day.

Defendant Ramseyer on April 28, this year, shot and killed J. R. Abel during a quarrel over ditch water rights. The men were neighboring farmers in the district known as Flat, north of Filer. Abel was shot through the upper part of the leg and died from blood poisoning a week later. Ramseyer was given a first degree murder charge, declaring he acted in self-defense. Trial soon after the affray resulted in a verdict of guilty of second degree murder. On this conclusion the attorneys for Abel's heirs have obtained acquittal on the initial charge. Hazel & Benoit and Wolfe & Martin conducted the defense on the first trial.

DISTRICT COURT JURY FINDS KAWAI GUILTY

After deliberating 15 minutes a district court jury yesterday afternoon found J. Kawai guilty of fraud. He will be sentenced by Judge W. A. Bulecock Saturday morning.

Kawai, who is a Japanese, stole a 1000 yen certificate from a fellow countryman and through the aid of a broker and misrepresentation procured \$400 in American money for the certificate. The prosecution was conducted by E. L. Stephen, the defense by O. W. Witham, of Porter & Witham.

Church Services Additional

Additions to the congregation are being received nightly at the revival at the Christian church being conducted by J. Elliott Gibbs. The sermon last night was on "Christina Baptism," the speaker announced that his reason for speaking on this much neglected subject was because the subject is so often about it. The subject tonight will be "The Creed for All People and for All Time." The intermediaries have charge of the music, the special being a solo by Violet Van Meter.

STAKE CONFERENCE SUNDAY

The Twin Falls stake quarterly conference of the Church of Jesus Christ of Latter Day Saints will be held Saturday and Sunday, December 4 and 5, at Twin Falls. Saturday meetings will commence at 10 a. m. and 2 p. m. in the Twin Falls ward chapel, 250 Fifth avenue east. Two meetings Sunday, 10 a. m. and 2 p. m. in the hall in the high school auditorium. There will be one or more of the general authorities from Salt Lake present.

South Idaho Grid Champions

Twin Falls high school football eleven in position to charge bulky line of the Idaho Falls invaders at Lincoln field Friday afternoon. Coach Clinton W. Evans is shown directing operations with Quarterback "Speed" Newman.

VICTORIOUS BRUINS TOMORROW WILL MEET FORMIDABLE FOE IN BEEFY IDAHO FALLS ELEVEN

Condition, Confidence, Speed and Playing Perfection Depended Upon by Evans' Protoges to Assure Victory Against what is Expected to be Stoutest Opposition of the Grid Year

Through the untiring efforts of Clinton W. Evans, coach, and of Donald L. Robey, athletic training instructor, the Twin Falls high school this year has been provided with a championship gridiron eleven. This team has compiled one of the most brilliant records recorded to the credit of any school of college football aggregation for an entire season. The team has won every game played by a unanimous count, while allowing opponents not a single score.

Robey Helps.
To Evans and Robey goes all of the credit for the excellent showing made by the Bruins for it is due to the special conditioning and instruction drillings given by these men that a perfect playing machine has been constructed for the high school this season. Experts in physical condition after thoroughly examining the members of the regular team, have selected an outfit of men could possibly be in a higher state of physical perfection through conditioning and training than are individuals comprising Evans' team of grid warriors. To this condition, equally with that of high grade football playing, is attributed the rousing success coming out of the season's play.

Tomorrow afternoon the Grizzlies meet what is said to be the heaviest and fastest high school team in Idaho in the Idaho Falls eleven. While the definite figures are lacking, the towering weight of the opposing host, or the style of play of the east end aggregation every confidence is expressed in the home team to win on Lincoln field tomorrow.

Battle Against Beef

The invaders are said to out-weight the bulk of Idaho teams going against the Bruins in the field this year. The statement is taken with a grain of salt locally, but not to such an extent is optimism allowed to prevail in camp that it detracts from the realities of plans. The Bruins found a new confidence, augmenting the old, when they battered the men from Boise into submission, even though he out-weighted by the visitors. The theory of Coach Evans is to hit a man in the same spot every time, and by such a process weaken and wear down the opposition by the use of force going against Twin Falls the latter will win handsly. Local betting, of course, favors the home team, but the same condition is said to prevail at Idaho Falls with respect to the eleven of that place.

Deaths

Elijah H. Spencer, aged 78, died early yesterday morning at his home in Hansen. The body is at Grossman's. The funeral will be held in Hansen tomorrow noon. The wife and three sons survive.

Mrs. L. R. Darrow died at Pommona, Cal., Tuesday night after an illness of nearly two years. She was a pioneer of this district, coming here in 1905 and was married to Irving R. Darrow in 1907. Besides her husband she leaves three sisters and one brother, Mrs. Rose Bryant and Mrs. Emma Holdman, now at Pommona, and Mrs. Frank Merrill and Earl Pelt of this city. The funeral services and burial will be at Pommona, Cal., Friday morning at 10:30 o'clock.

A charming wedding was solemnized at Ascension Episcopal church last evening when Miss Martha Estelle Steverson, daughter of Mr. and Mrs. Robert Hamer Stevenson, became the bride of Mr. Lloyd Frederick Coates of Seattle Wash. Promptly at 8 o'clock the vest of choir entered the church. They sang the hymn "The Church is Breathed O'er Eden." Then to the strains of Mendelssohn's Wedding March the bridal party, led by the ushers, Mr. L. C. Elm and Mr. C. K. Kauffman, the maid of honor, Miss Marian Bennett of Gooding, the matron of honor, Mrs. L. C. Elm, the bridesmaids, Miss Clara Bonner, of Halley, and Miss Julia Taylor of the flower girls, Misses Jessie Sprague and Miriam Babcock, and Master John Hahn, ring bearer, entered the church followed by the bride on the arm of her father. They were met at the foot of the chancel by the groom and his best man, Mr. Newell S. Wright. Here the betrothal service was read by the Rev. Charles Elton Baird. They then proceeded to the altar and under the beautiful ring ceremony of the church was read. The choir then sang "O Perfect Love." The bride wore a gown of ivory champagne with an overskirt of tulle and court train. The veil, also of tulle, was worn cap shape and held in place by a wreath of orange blossoms. She carried a white basket look with a drop of white roses. The bride's attendants were gowned in tulle in pastel shades. Miss Bennett wore blue and carried pink roses, Mrs. Elm was gowned in pink, Miss Bonner in orange and Miss Taylor in green. They carried pink and white chrysanthemums. The little flower girls wore pale pink organdis with wreaths of pink flowers, and carried baskets of tiny pink flowers which they strewed in the path of the bride as she walked up the aisle. Master John Hahn, the ring bearer, was dressed in a white sailor suit and carried the ring on a white satin pillow. The church was beautifully decorated in California paper hangers and brake ferns, holly and white holding lighted candles, and an arch of green was placed over the altar rail beneath which the ceremony took place. Immediately following this a reception was held at the home of Mrs. Miss Bonner in orchard and Mrs. Stevenson made friends and out-of-town guests. The living room was decorated in pink chrysanthemums and ferns and Mrs. George Sprague assisted in this room. The refreshment table was covered with a cluny luncheon set with pink rose buds for a centerpiece, silver candelsticks containing pink flowers, and silver and silver hollyon dishes enhanced the beauty of the table, which was presided over by Mrs. Thomas M. Robertson and Mrs. E. L. Macvicar. Mrs. Carl H. Elm, Mrs. W. P. Ferguson, Mrs. H. McGrath of Jerome and the Misses Elizabeth Smith and Esther Campbell assisted in the dining room. Mr. and Mrs. Coates left at 7 o'clock by automobile for Shoshone, where they took the train for Seattle, where they will make their future home.

Mr. and Mrs. E. B. Bobier entertained at a phousant dinner at 6:30 Tuesday evening. Covers were laid for Mr. and Mrs. A. L. Stone, Mr. and Mrs. J. P. Johnston, Mr. and Mrs. John Castello, Mr. and Mrs. Peter Erickson, Mrs. Mary Kelly and Mrs. M. C. Putnam. The evening was spent with cards, Mrs. Putnam winning the ladies' prize, and Mr. Stone the prize for the gentlemen.

Mrs. E. A. Walters and Mrs. L. T. Wright entertained at bridge yesterday afternoon at the home of the former. Mrs. Zenas Smith won the prize for high score and Mrs. Louis Ramussen, the second prize; Mrs. Paul S. Haudeck of Shoshone, who is visiting at the Walters home, received the guest prize. Dainty refreshments were served at the close of the afternoon. The guests were Mrs. M. E. Mendenhall, Thorp, Granville Haight, Hild Bie, Joseph and Norman Keefe, Zenas and John Smith, Merin Batley, Wendell Allen, Charles Neely, L. G. Young, Wayne Johnson, W. Orr Chapman, John Graham, Louis Ramussen, Frank Martin, Harry Benoit, H. A. Bonning, F. J. Gertran, Charles Macaulay, Z. H. North, Miss Norma Schaff and Miss Haight of Oakley.

Mrs. Charles Macaulay was hostess to the Wednesday Bridge club yesterday. Ten members were present and the prize for the highest score was won by Mrs. Wilbur Hill.

The Ninth Avenue club was entertained Wednesday afternoon by Mrs. Elizabeth Hilliard at her home on Eighth avenue east. Fifteen members responded to roll call with a current event. Those present were Mesdames C. D. Weaver, B. M. and R. A. Sutherland, Irene Kollogg, C. L. Bowen, W. P. Combs, C. H. Crist, R. E. Hughes, P. L. Shensberger, George D. Harvard, E. F. Miller, D. R. Churchill and F. J. Stach. Mrs. Ludwig was a guest of the club. Refreshments were served at the close of the afternoon.

Mrs. E. M. Hanna was hostess to the Harmony club Wednesday at her home in the Reed apartments. Bridge formed the entertainment for the afternoon and Mrs. F. R. Cox won the prize for highest score in the afternoon. Refreshments were served. Miss Mary C. Ware was present. Nine members were present including Mrs. A. W. Fisher. Mrs. Hanna has recently returned from a visit with her son, Ward, in Illinois.

The Mountain View club met at the home of Mrs. Nicholson Wednesday afternoon with a large attendance. After the business meeting delicious refreshments were served by the hostess. The next meeting will be with Mrs. Emma Short, December 15.

Weather Frowns Before Big Tilt for Grid Diadem

THE weather maker seems bent upon putting the skills under the championship football game tomorrow. He threatens to visit the place with rain or snow. He qualifies the diurnal prediction with "probably" however, which lets in a light of hope.

Weather has been threatening for the past 48 hours, and on one or two occasions leaden skies have dropped a sprinkle here and there.

High temperature yesterday was 45 and low last night 27.

SEASON TICKETS WILL BE HONORED FOR FRIDAY GAME

No Deviation from Set Rule Will be Observed—Visiting Team Arrives

"Tell the people that notwithstanding reports and impressions contrary all season tickets are good at the gate for tomorrow's game between Twin Falls and Idaho Falls," said Hal G. Blue, superintendent of schools this afternoon. Mrs. Blue's statement was made to refute reports that the season "blue ticket" will not be honored at the gate tomorrow. Blue states that the tickets cover all the activities in athletics this year.

Headed by Coach H. H. Kautzweber, the Idaho Falls football team reached Twin Falls this afternoon and is housed at the Hotel Rogerson. Contrary to common report the men do not appear aggressive or burly giants. In fact, the coach says, his team averages 146 pounds for the man. There are two chaps who tower a little above their comrades, but not to an extraordinary extent.

Following in the Idaho Falls line-up are Coach Kautzweber; McGuire, center; Heath and Jacobson tackles; Russel and Holden, backfield; Bucklin and Thompson, ends; Geasa, Wood, Payne and Coonan, line. The kickoff is scheduled for 2:30 sharp. Last night the gridiron at Lincoln field was covered with straw as a protection against rain or snow.
