U. S. Government Has About Reached Concession Limit

European Grab Bag Containing Former German Cables Nearly Empty

WASHINGTON, D. C. (P) - The American government has about reached the limit of the concessions it is willing to make to the allied and associated powers with regard to the disposition of the former German cables, it was made known today by one of the American commissioners to the international communications conference now in session here.

The United States has insisted that the cable communications between the United States and Germany which was interrupted as a result of the diversion of the German cables by allies should be restored. Great Britain is understood to have expressed a willingness to restore the cable which formerly ran from London to New York, but which since has been diverted to connect Penzance with Halifax only on condition that it remain in British hands.

Officials would not state today whether the views of the United States with respect to the recognition of the powers of equal landing rights for cables had met with the anticipated opposition of Japan, merely saying that the subject had not been settled.

WARM WELCOME GIVEN HARDING BY VIRGINIANS

President-elect Responds to Greetings of Tidewater Cities with Message of Renewed National Confidence

CALLS FOR BURIAL OF SECTIONAL PREJUDICE

NEWPORT NEWS, Va. (P) - Returning to American shores today from his vacation voyage, President-elect Harding received a rousing welcome from the Virginia Tidewater cities and responded with a message of renewed national confidence and unity.

Final abandonment of sectionalism and a re-birth of fearless nationalism furnished the theme of several speeches on his program during the day in Newport News and Norfolk. He declared that although his trip away from home had furnished many pleasant recollections it had served to make stronger his devotion to independent America.

The steamer Pastores on which the president-elect and Mrs. Harding made the return voyage from the canal zone came into Hampton Roads soon after daylight and docked here at 10:30 a. m. Disembarking immediately, the party was taken from a ride through the Newport News shipyards and the city's downtown section before Mr. Harding's first speech of the day at the Academy of Music.

Triumphal Ovation: As she steamed up the roads the Pastores was awarded a triumphal ovation. A flotilla of 25 army airplanes from Langley field accompanied by three naval dirigibles went out to form a guard of honor and the ships along the path of the presidential cortege dressed in marine signal flags, spelling out a welcome home.

The presidential yacht, Mayflower, which brought Secretaries Kellogg in the first leg of his journey to South America, dipped her flag as the Pastores passed, and the battleship Florida, waiting nearby to take the party on the first leg of their rail to honor the president-elect. Big and lithe the harbor craft joined in a thundering chorus of sirens and fog horns.

Picture of Health: Tanned by exposure to the tropical sun and the salt air, Mr. Harding came aboard the gang plank a picture of perfect health and vigor. Mr. Harding, who had been ill much of the time since they left New Orleans, November 18, also appeared in excellent health. They greeted smilingly the crowd that waited for them at the pier and during their ride through the city they were kept busy waving acknowledgments to cheering crowds. The entertainment schedule arranged for the president-elect provided lunch.

ABSENCE FROM SESSION CAUSE OF EXCITEMENT

South Americans Especially Seem Influenced by Serving of Notice of Purpose to Quit Assembly

BAN ON AMENDMENTS TO COVENANT CAUSES BREAK

GENEVA, (P) - Honorio Pueyrredon, head of the Argentine delegation to the league of nations assembly, today sent a note to Paul Hymans, president of the assembly, officially withdrawing the Argentine delegation from the assembly.

The note, which was sent at 3:45 o'clock this afternoon, pointed out that the Argentine delegation regards its presence in the assembly as useless, following the refusal of the assembly to permit discussion of amendments of the league covenant.

Honorio Pueyrredon told the Associated Press his action does not mean that Argentina has withdrawn from the league of nations, but refused to say if the move was the preliminary to a final break between the league and Argentina.

"We don't," said Senor Pueyrredon, "but there is nothing more to be accomplished in the assembly. It has refused to permit even discussion of the amendments which Argentina considers as fundamental to the league of nations necessary to its successful existence."

Senor Pueyrredon said Argentina would not resume her place in the assembly until it had passed the four amendments he had proposed. These aim principally at securing compulsory arbitration by the international court of justice, the admission of all states and the exclusion of all members of the council instead of only four.

Avails Assembly Action: The Argentine delegate explained that he had expected to leave for home next Monday but now had decided to remain to see what action the assembly would take at Monday's session. He declared he was supported by many of the South American states.

President Hymans of the assembly called on Senor Pueyrredon this afternoon and the two were in conference for some time, but the Argentine's purpose was not altered by the talk. The position he took came as a great surprise to the entire assembly.

Delegation Absent: Argentina's delegation to the assembly was withdrawn from the league of nations during the first hour of today's meeting.

Honorio Pueyrredon, head of the delegation, refused to deny that Argentina was withdrawing from the league. "I cannot discuss the matter at this time," he said to the Associated Press at his hotel.

The Argentine representatives were in conference with Senor Pueyrredon was seen today. The Argentine foreign minister declared he probably would go to the assembly meeting later, but up until noon he had not appeared.

Excites South Americans

The fact that Senor Pueyrredon did not attend today's meeting caused surprise and excitement in the assembly, especially among South Americans. His refusal to deny reports that Argentina would withdraw from the league, after he had characterized them last night as false was believed to be due to a communication he had received from the Argentine governing this morning.

FRANCE DENIES RAISING QUESTION OF COVENANT

PARIS, (P) - France does not question the constitutionality of the adherence of Argentina to the league of nations, nor the competence of Argentine's delegates to the assembly of the league at Geneva to represent their country, it was stated at the foreign office today.

This statement was prompted by reports published in Argentina that France was questioning the legality of the Argentinean membership in the league, the point being raised that her adherence could not be considered legal until approved by the national congress.

JOINS IN SINN FEINERS TRUCE REPRESENTATIONS

Galway County Council Appeals to Irish Republican Parliament to Act

DUBLIN, (P) - Resolutions appealing to the Irish republican parliament to negotiate a truce with a view to securing an honorable peace were passed by the Galway county council, a republican body, yesterday. The resolutions expressed the opinion that the British government should withdraw the ban on meetings of the Irish republican parliament so that the latter might appoint delegates. They declared the present reign of shootings and burnings, reprisals and counter reprisals detrimental to the interests of both England and Ireland.

It was ordered this resolution should be sent to Premier Lloyd George together with resolution passed by the Galway Urban Council supporting the appeal of Roger N. Sweetman, a Sinn Fein member of parliament for North Wexford, suggesting a truce. It is said that the belief exists that Mr. Sweetman is not acting solely in his own behalf in making his proposal.

Brief Bits of Sport

Huh!

Coach, Kanelzomey forget to add the other 30 pounds per man to his weight estimate.

Some of those guys on the Idaho Falls eleven have to be weighed on hay scales.

At that we'd like to know how a high school can get such a bunch of giants.

Every time one of the huskies was knocked out "Kanzy" sent a duplicate of the vanquished foe man into the lineup.

Speed, strategy, pluck and endurance is all that saved the day.

And the Bruins had every one of the qualifications.

One hundred and forty-six pounds to the man "Kanzy" said.

Migawah!

One week hence there will be something doing among local fist geniuses.

A small carnival of events was held in private last night to find the best material in the community and a bunch of these chaps will be programmed in a series of short, but fast bouts late in the coming hebdomadal period.

New York has a law which prohibits seconds and managers getting up from their seats or talking during rounds.

Of course, now if said manager of second happened to a lineal descendant of Abraham he could do all his talking without opening his face, hey!

This said that a bunch of Ottawa sportsmen want to stage the Dempsey-Carpenter bout near that place.

Salt Lake fans may be kidding themselves, but they certainly are spreading the right sort of guff about Gavy Cravath being just the man to give them a winner next year.

There's some kinds of faith said to be able to move mountains, and maybe those brothers down in the Salt Lake valley think Cravath can help 'em move a piece of the Wasatch range.

Maybe he will, too.

If Clint Evans can develop a basket ball quintet of as worthy a calibre as his football eleven he will be able to collect about anything his little heart desires in the spring.

Fans carried "Speed" Newman off the field on their shoulders after the game.

No gaudiness; it that placement kick was as unerring as a Robin Hood arrow.

Pete Herman, totter of the hantam weight boxing championship, had a bunch of fear jammed into him the other night when Joe Lynch knocked out Jack Sharkey.

You see Herman and Lynch are matched for a title bout to be staged in a few days. The champion has announced he is going to England to fight Jimmy Wilde, and he may not fancy to meet Lynch.

Orange Day has come to be recognized by all Toledo as one of its biggest annual events.

LOCATE NEW ORCHARD PESTS WITHIN STATE

Two new orchard pests which threaten to become of serious consequence to the fruit growers of Idaho have recently been discovered by R. H. Smith, entomologist of the University of Idaho experiment station. These include the Indian penicill aphid which is a native pest of peach trees, and the imported orchard mite which is a pest that has been introduced from Europe.

During the latter part of June and early July the aphids laid the prime eggs, probably flying to certain weeds which they lived during the warmer part of the summer. About the first of September they again began appearing on the prunes. During October and November many small eggs were deposited on the trees. These eggs probably hatch out next spring about the time the fruit buds open.

The imported orchard spider mite is a small speared or deep red mite about one-tenth the size of a pin head. It feeds on both the upper and under surfaces of the leaves causing them to turn an unhealthy grayish-green color which gradually fades to yellow.

During the spring and summer the mites feed on the foliage and multiply through the deposition of tiny red eggs on the under side of the leaves. With the approach of cool weather in the autumn and continuing until most of the leaves have fallen in early winter, the eggs are deposited on the under side of the branches where they often form large scarlet patches two or three inches long.

Hopes for Peace Agreement

Speaking at the Academy of Music, Senator Harding voiced hope for an international peace agreement and for steps toward disarmament, but asserted that there must be no sacrifice of nationality. He also declared the United States must have "a navy equal to the navies of this country" as long as the present world order remains and he made a particular plea for a greater merchant marine.

Difficult Times Ahead

"There are difficult times ahead," he said. "They are not the heritage of the administration that is soon to pass so much as they are the result of a tumult in the world. I have confidence enough as a republican to believe that those of other political faiths are willing to do their utmost for the nation. We must each and all resolve to do our best and our best to put the United States of America on the right, safe, forward track once more."

TWIN FALLS GRIZZLIES CLINCH CLAIM TO CHAMPIONSHIP TITLE FOR IDAHO STATE HIGH SCHOOLS

Idaho Falls is Defeated in Bitterest Contest of Season, but Send Ball Over Crossbar for Field Goal—Newman Injured but Comes Back to Pull Off Star Play of the Entire Game, Running 65 Yards for Touchdown

By a combination of line courage, perseverance, speed, skill and strategy, Clint W. Evans' Twin Falls high school team yesterday afternoon vanquished the Idaho Falls team, 13 to 3.

By that score won the championship of state high schools clinched by the Bruins. It was no walkover and the wonder now is how the men who were singled out before the towering gridiron from the east managed to stave the fierceness of the mass attack sent against them by Kanzelmeyer's giant forces.

Differ on Estimates. Coach Kanzelmeyer stated upon arrival in Twin Falls Thursday that his

many a time to batter their way through in mass attack against that sturdy stone-wall line presented by the opposition.

It seemed ominous that at the outset Twin Falls should lose the law for position on the field, but it was most ominous when, in the first direct mass play "Speed" Newman should be so badly injured as to require time out and medical attention.

The sturdy home quarterback was struck in the center of the head and for almost the entire first half was in a dazed and almost blind condition.

When the Bruins retreated on the field to start the second half Newman was

drifted his first quarter back in only a few minutes of play but showed up strong. Thomez and Adams showed up strong also.

There are who even claim that the smallest man on the invading squad was as heavy as the heaviest man in Evans' stable, unless it be Nicholson.

Three are who ever say the spirit of the coach that gave Twin Falls the victory.

Speed and strategy had much to do with the final outcome of the contest as far as the spectators are concerned, and while their score was clean cut and decisive, the pity now is that in the closing game of the season there had to be a score made against the lucky Bruins.

The visitors scored in the third quarter on a desperate play from the field. It was the fourth down, with Twin Falls battering the visitors off their feet near the 30-yard line. The ball was held near the boundary line, at an angle with this line, a place kick was called and the ball was shot with cruelly unerring precision straight over the crossbar, thus depriving Evans' Grizzlies of a clean shot this season.

The score was well earned and Coach Evans accorded the opposition "very credit for the desperate courage displayed in the attempt."

Two other touchdowns were scored but they failed, thus supporting the contention that the first was a lucky fluke. Harley Payne, left half, put the ball over the bar.

The raise gains in the Idaho Falls district, or they import them. On the field yesterday the visitors towered like California Redwoods over stunted trees which compared with the Bruins. It was discouraging to find that when one first-string heavyweight was bowled over for the count Kanzelmeyer could send in a substitute as big or bigger to take his place.

And he counted in the protection of goal lines, for the courageous Grizzlies, ever willing though they were, dimly felt

ho Falls on their 50 yard line. A pass failed to take and a punt went out of bounds of the 40 yard line. Yochem punted clear out and the ball was brought back to Idaho Falls on the 20 yard line. Epler broke up a trick play neatly and Idaho Falls punted to midfield. Yochem's punting toe was working fine and he again lifted the ball out of the field.

On the 20 yard line Idaho Falls kicked to midfield and Fix plowed through the line for 20 yards. The quarter ended on the 25 yard line.

Fix Tears Through. Idaho Falls recovered the ball and punted to safety. Fix tore through for 15 yards and rushing tactics made yardage. A 15 yard penalty to Idaho Falls for kneeling brought the ball to the ten yard line.

Hertz kicked off to Hertz who was downed on the thirty yard line. Twin Falls received a five yard penalty for offense which made it first down and fifteen to go.

Carter was sent in at first tackle in place of Bailey who ankle was hurt. Jake Yochem immediately punted to midfield and the ball was returned 15 yards. Idaho Falls immediately booted the ball to Yochem on the 25 yard line.

Bucking made little gain had Yochem returned the punt. A clever passing trick was broken up by Twin Falls as the quarter ended.

Newman Comes Back. When the Bruins retreated on the field to start the second half Newman was

drifted his first quarter back in only a few minutes of play but showed up strong. Thomez and Adams showed up strong also.
