CONSTANTINE WILL NOT GIVE UP HIS CLAIM TO THRONE

LJORNEN, Switzerland, (AP)—King Constantine will not relinquish his claim to the Greek throne in favor of the crown prince, it was declared today by Professor George Stroll, close adviser of Constantine here.

GREEK HERITAGES OVER RECLAIMING FORMER KING

ATHENS, (AP)—The plans to have King Constantine return to Greece this week appeared today to have been abandoned. The decision of the government apparently was to continue its "wait and see" policy, with the tendency to leave the decision as to Constantine's return to the throne with the financial pressure of the British upon the government, which has been exerted against the plan to restore Constantine, appears to have become stronger.

CONSTANTINE RECEIVES FIRST OFFICIAL REPORT ON ELECTION

LJORNEN, Switzerland, (AP)—Former King Constantine received this morning his first official communication from Premier Ballba of Greece with regard to the result of last Sunday's plebiscite favoring Constantine's return to the throne. The premier's telegram, bearing the night's date, described the state of public opinion in Greece on Constantine's return and added:

"In your majesty the Greek people find a semblance of national unity. The message gave incomplete returns of the plebiscite, indicating a tremendous vote in favor of Constantine, but emboldened the Greeks to return. These, the premier said, would await the complete official count.

Forecasts Further Elimination of Bar to Russian Trade

State Department Announces Action Looking Toward Removal of Embargo

WASHINGTON, (AP)—Further elimination of obstacles for trade with Russia was forecast today in an announcement at the state department that acting Secretary Davis had begun a series of conferences with treasury officials looking to a removal of the embargo on exchange transactions. It was emphasized that any measure adopted would in no way indicate closer political relations with the soviet government.

Cox Offers to Name Harding's Successor

COLUMBUS, O., (AP)—Governor Cox today wired President-elect Harding proffering his co-operation in appointing Senator-elect Frank B. White, republican, to fill the unexpired term of Mr. Harding in the senate.

RECLAMATION PROJECTS CROPS VALUE INCREASES

Value of Year's Harvest Exceeds Total Construction Expenditures

WASHINGTON, (AP)—The value of crops grown on lands within government reclamation projects for the single year 1919 was \$25,000,000 greater than the total of \$125,000,000 expended on all projects constructed up to the close of the fiscal year, according to the annual report of the reclamation service, made public today. The value of crops produced on reclamation lands, the report said, was "just about twice as large" per acre as the average yield of irrigated lands in the humid regions.

A total of 2,648,000 acres is now being irrigated by water from government projects, the report stated, including 1,636,000 acres relying entirely upon such projects and 1,012,000 acres receiving a supplemental supply from private irrigation systems.

VIENNA, (AP)—Long smoldering discontent among Croats against Serbian rule has resulted in a declaration by the newly elected assembly of the radical party that they would proclaim the independent Croatian peasant republic today, it is said, in dispatches from Agram. The Jugo-Slav government is thoroughly in touch with the Croatian developments, according to Belgrade advices, and the cabinet council is considering means to maintain order.

HITCHCOCK OFFERS BILL FOR LOANS TO FARMERS

Nebraska Senator Would Make \$70,000,000 Profits of Federal Reserve Banks Available

WASHINGTON, D. C., (AP)—Senator Hitchcock of Nebraska today introduced his bill proposing that the earnings of the federal reserve banks this year, totalling about \$70,000,000 be made available for loans to farmers to ease the present situation resulting from falling prices.

At the same time Chairman Gronna, of the agricultural committee, announced that efforts to bring up the resolution proposing the revival of the war finance corporation would not be made until Friday so that senators would have time to study the testimony taken by his committee.

DISPOSITION OF GERMAN CABLES NOT YET SOLVED

Technical Recommendations of Delegates of Allied Powers to Communications Conference Show Disagreement

WASHINGTON, (AP)—Technical recommendations of the delegates of the five allied and associated powers at the preliminary international communications conference to be submitted to the general conference, as made public today, show that disposition of the former German cables seized by France, Great Britain and Japan in 1914, still remain unsolved.

More Cables Desired Desirability of more cables between North America and the Orient and between America and Australia, and a cable connecting North America and Italy as well as a proposal for the amalgamation of the telegraph and radio communications formerly governing international communications were among some of the important recommendations made by the conference. It also was proposed that a universal electrical communications union be established, having for its object the international reciprocal exchange of communications by land line, cable radio and all other forms of signaling.

Further, it was proposed that an electrical communications council should be established, consisting of representatives of Great Britain, France, Italy, Japan and the United States, and four representatives selected by the other powers who will compose the personnel of the general communications conference.

As to formulation of a code of international law relating to communications, it was decided to propose an agreement not to grant hereafter exclusive cable landing or radio rights serving to check the development of communications facilities. Formulation of an international code determining the status of submarine cables in wartime also was proposed.

Delegates Reserve Right

The British draft of the augmentation of the radio and telegraph conventions served as a basis for discussion, it was said, but in the draft, finally agreed upon, each delegation reserved the right to submit modifications or additions at the world congress as recommended by American delegates.

SOUTHERN PACIFIC SHOP FIRE CAUSES \$376,000 LOSS

HOLISTON, Texas, (AP)—Officials of the Southern Pacific today estimate at \$375,000, the loss sustained in a fire which last night destroyed a portion of the firm's shop here. What caused the fire has not been determined and the railroad officials sent the jury of incendiaries.

Wilson Declines Invitation of League to Send Delegate

WASHINGTON, (AP)—President Wilson today declined the invitation of the league of nations to send delegates to take part in the discussions of the disarmament commission.

The president informed the league of nations council that inasmuch as the United States was not a member of the league he did not feel justified in appointing a committee "to take even a de facto participation."

The United States, however, the president declared, is in sympathy with any plan for world disarmament.

Wilson Fixes Boundaries While Bolsheviki Extend Dominion Over Armenians

President's Recommendations Made at Request of Principal Allied Powers are Completed and Forwarded to League of Nations Session, But Are Not Made Public; Have No Direct Bearing on Prospective Efforts at Mediation

WASHINGTON, (AP)—President Wilson has completed his recommendations with regard to the boundaries of Armenia and has forwarded them to the league of nations in session at Geneva, it was said today at the state department.

The recommendations were not made public. They were formulated at the request of the principal allied powers and it was explained that they had no direct bearing upon the prospective efforts of the president at mediation in Armenia.

COMMUNIST WAVE SPREADS SWIFTLY OVER COUNTRY

CONSTANTINOPLE, (AP)—Reports receiving this city declare the wave minister of Armenia has proclaimed a military dictatorship over that country. He is said to have joined Bolshevik troops at Iliku and to be advancing toward Erivan, where a soviet government was proclaimed on December 5.

Following the announcement that a soviet government for Armenia had been established, a council of peoples commissaries was constituted. It is composed of five members, including two generals.

Canadian Opens Fire on European Statesmanship

Dominion Delegate Delivers Sharp Attack Against Plans for Forming Technical Organizations of League; Charges Tendency to Prejudice Activities of Non-European Nations

GENEVA, (AP)—Plans proposed for the formation of the technical organizations, dealing with finance, health and transportation, were sharply attacked at today's session of the league's assembly by Newton Wesley Rowell, former president of the Canadian privy council.

These plans, the Canadian ex-minister contended, tended to take such organizations out of the hands of the nations, which should control them, and throw them under the influence of Europe through the impossibility of the non-European nations sending their best men to three or four conferences annually.

"Fifty thousand Canadian soldiers under the sod in Europe is the price Canada has paid for the European statesmanship which drenched the continent in blood," Mr. Rowell exclaimed.

The Canadian ex-minister's energetic intervention in the debate took the assembly by surprise. Most of the European delegates had signs of recovery from their antipathy to the Canadian delegate concluded, but he was warmly applauded from all the other benches.

CONTRIVERSY OVER USE OF WATERPOWER LOOMS

Opposing Views are Embodied in Proposed Legislation Introduced in Congress

WASHINGTON, (AP)—An intimation of a controversy to come in congress over the question of utilizing power within the national parks was given on Tuesday when Senator Walsh, democrat of Montana, introduced a bill permitting the state of Montana to dam the Yellowstone river and raise the level of Yellowstone lake waters within the Yellowstone national park for power purposes. The power facilities involved would be controlled by the federal government.

FIXES NET MONEY COST OF WAR TO AMERICAN GOVERNMENT \$24,010,000,000

WASHINGTON, (AP)—The net cost of the war to the American government was fixed by Secretary Houston today at \$24,010,000,000. This, he said, represented the "adjusted" expenditure of the treasury, excluding all other outlay which had no relation to the actual prosecution of the war during the period from April 6, 1917, to June 30, 1919, which he said covered the extreme of the government's war time fiscal operations.

Total expenditures by the government during the period covered, excepting only postal disbursements from the postal revenue, were \$28,220,000,000.

FRICITION GROWS OUT OF ACTIONS OF BRISH CHIEF

British Government Considers Request to United States to Take Official Notice of De Valera's Activities

BRITISH EMBASSY WILL NOT RECEIVE INQUIRERS

LONDON, (AP)—The British government is considering whether it will request the United States government, in the interests of Anglo-American friendship, to take official notice of the anti-British activities in America of Professor Eamon de Valera, "President of the Irish republic," according to a statement made today by Andrew Bonar Law in the house of commons in response to questions.

British Ambassador, liberal, later asked whether the time had not arrived when Great Britain should make serious representations to the American government that any further toleration of the United States of the carrying on of anti-British propaganda by Valera, a statement made today by Andrew Bonar Law in the house of commons in response to questions.

Mr. Bonar Law answered: "I think there is no doubt that we would like to see the carrying on of anti-British propaganda by Valera, a statement made today by Andrew Bonar Law in the house of commons in response to questions."

EMBASSY REFUSES ENTRY TO COMMITTEE MEMBERS

WASHINGTON, (AP)—The British embassy today refused to vize the passports of the members of the special committee selected by the commission of inquiry on conditions in Ireland now in session in London to study conditions there at first hand. This means that the members of the committee will not be permitted to visit Great Britain.

M'SWINEY'S SISTER DENIES WORLD SAFE FOR DEATH

WASHINGTON, D. C., (AP)—Mary MacSwiney, sister of the late lord mayor of Cork, testifying today before the commission on the Committee on the Irish question declared that America "has not made the world safe for democracy," but had "made it safe only for a short time and especially for the British empire."

"You have identified the sword when England got what she wanted," Miss MacSwiney declared. "The world has been made safe for a little while but when England gets control of all oil, all coal and all else that she wants there will be other troubles."

Miss MacSwiney's denials of the commission's charge that she had been paid "against the insinuations that my fellow republicans in Ireland did anything to secure the aid of the central powers during the war."

"They did not," she said, but if they had been able to do so they would have done so, adding that France was glad to get English gold to help her in the war and that England was equally glad to obtain American gold to aid her.

DEFEAT OF MALCONTENT'S AMONG KOREANS, REPORT

Japanese Claim Insurgents Dispersed in Several Days Skirmishing

TOKIO, (AP)—Armed bands of Korean nationalists have been broken up as the result of important skirmishes, which extended over several days near Changtao, Korea, it is officially reported. The Koreans, who held forest paths, are reported to have fought stubbornly. The Japanese captured three machine guns and 500 rifles. One machine gun was manufactured by an American firm and bore the British mark, the official mark placed on arms used in the British army.

Reprisals were carried out against one village where the inhabitants gave false information which had caused troops into ambush. Seventy houses were burned and a number of villages were shot. In another town, 130 houses, several churches and school buildings, were destroyed and 80 persons were executed, it is said.

FIXES NET MONEY COST OF WAR TO AMERICAN GOVERNMENT \$24,010,000,000

This, he said, represented the "adjusted" expenditure of the treasury, excluding all other outlay which had no relation to the actual prosecution of the war during the period from April 6, 1917, to June 30, 1919, which he said covered the extreme of the government's war time fiscal operations.

Total expenditures by the government during the period covered, excepting only postal disbursements from the postal revenue, were \$28,220,000,000.

treasury figures showed. Of this amount \$18,079,844,097 was obtained in taxes and revenue from sources other than borrowing money.

Mr. Houston said a deduction of \$9,032,000,000, the amount loaned to foreign governments, should be made from the grand total since those loans will be repaid and consequently should be charged as an actual expenditure. The secretary made other deductions aggregating approximately \$4,900,000,000 which he said represented the excess cost of actual governmental operations for the three years and three months over what they would have been in normal times.

HOUSTON GIVES HIS VIEWS ON TAX REVISION

Urges Immediate Overhauling of Revenue Laws on Basis of Annual Levy of Four Billion Dollars for Four Years

POSSIBLE NEW SOURCES OF INCOME POINTED OUT

WASHINGTON, (AP)—Immediate revision of the nation's tax laws on the basis of an annual levy of four billions of dollars for four years, and including an increase of two per cent in the taxes on incomes up to \$5,000, is urged by Secretary Houston in his annual report sent today to congress.

Repeal of the excess profits taxes, elimination of certain of the so-called luxury taxes, including the levy on soda fountains and similar beverages, and readjustment of the rates in the higher groups of income taxes, is proposed by the treasury chief. To meet the losses brought about by these proposed changes, Mr. Houston recommends revised and new taxes to yield about \$2,000,000,000 as follows:

Corporation Profits
A tax of 20 per cent on corporation profits, distributed or undistributed, in addition to special tax, a higher surtax rate to yield \$600,000,000.
An additional tax of 10 per cent on corporation incomes to yield \$450,000,000.

Readjustment of Surtax Rates on Incomes
Readjustment of surtax rates on incomes to yield an additional \$230,000,000.
Abolishment of the \$2,000 exemption allowed corporations on income to yield \$58,000,000.

Two Cents on Gas
A tax of two cents a gallon on gasoline for motor cars and all other purposes, to yield \$90,000,000.
A federal license tax of 50 cents per horsepower on the use of motor cars to yield \$100,000,000.

Additional Sales Tax
An additional sales tax on automobiles (other than trucks and wagons) and motorcycles and motor car accessories to yield \$100,000,000.
An additional tax on admissions to yield \$70,000,000.
An additional tax of \$2 per thousand on lotteries to yield \$70,000,000.

Sweets Also Listed
An additional tax of 5 per cent on candy to yield \$20,000,000.
An additional tax of 7 per cent on chewing gum to yield \$2,000,000.
An additional tax of 7 per cent on toilet soap and toilet-soap powders to yield \$4,000,000.
A 10 per cent tax on the sale by manufacturers, producers or importers of perfumes, cosmetics and medicinal articles in lieu of the present tax on the consumer to yield \$10,000,000.
An additional 5 per cent tax on jewelry and precious metals to yield \$25,000,000.
An additional tax of 5 per cent on musical instruments to yield \$13,000,000.
An additional tax of 5 per cent on motion picture films to yield \$4,000,000.

Would Classify Incomes
In the readjustment of surtaxes, Mr. Houston proposes the division of incomes into "saved" or "reinvested" and "spent." On the former class he would limit the highest tax to 20 per cent while the income spent would be subjected to a tax ranging as high as 70 per cent. Under the plan proposed by the secretary, incomes between \$5,000 and \$60,000 would be taxed 2 per cent on the part saved and the same on the part spent. The same ratio with a graduated increase would apply to incomes up to \$30,000 where the maximum of 30 per cent on saved income is reached. From \$30,000 to \$40,000, the rates would be 20 per cent on saved and 25 per cent on spent; \$40,000 to \$50,000, 20 per cent and 30 per cent; \$50,000 to \$75,000, 20 per cent and 35 per cent; \$75,000 to \$100,000, 20 per cent and 40 per cent; over \$100,000, 20 per cent and 50 per cent or a total tax of 70 per cent.

The present maximum rate is 70 per cent on incomes of \$1,000,000, but Mr. Houston declares it has "long passed the point of its minimum productivity" since it encourages the investment in tax-exempt securities. He says the "only effective way to tax the rich is to adopt rates that do not force investment in tax-exempt securities."
"The new rates while not laying as high a levy upon the great incomes will, the secretary expects, produce a greater return to the government since the wealthy class will not find it profitable to invest in bonds of states, countries or municipalities which are tax-exempt, but pay a lower rate of interest."

Aims at Waste
"These possible sources of income are mentioned for the information of congress," Mr. Houston says. "While I shall not attempt to discuss them, attention should be called to the new and additional consumption taxes. Reasons have been given for the belief that no valid objection exists to the employment of a moderate number of consumption taxes properly selected, but it would, in my opinion, be neither wise nor expedient to increase unduly the volume of consumption taxes." The articles included in the suggested list of additional consumption taxes have not been selected because their

use is particularly harmful or in any sense less legitimate than those not included. Consumption taxes must be judged by practical standards. What should be sought are a few consumption taxes which tap the surplus income which is being wasted, not a conglomerate multiplication of petty taxes upon every article of luxurious or unnecessary consumption which can neither be clearly defined, cheaply collected nor administered without widespread evasion.

The repeal of the tax on soda fountains and other beverages is asked, the secretary says, because the collection of the tax, the aggregate of which is small, presents an administrative problem of magnitude. Added to that, Mr. Houston says, there has been constant and widespread evasion of such taxes.

Wholly Bad Tax
The excess profits tax, Mr. Houston declares, has not fulfilled the strictest conditions which it was enacted and has been found to be wrong both in theory and in political philosophy. He says it discriminated against the conservative and successful business while aiding materially the firms whose capitalization is exaggerated. He urges that it be replaced by some form of a corporation profits tax "and that should not be allowed to escape with a tax of 10 per cent while other taxpayers are subjected to taxes on their incomes ranging as high as 70 per cent."

Mr. Houston again urges the necessity for rigid economy in government expenditure, asserting that only by conserving the finances carefully can the equities which he kept within the \$4,000,000,000 annually which he suggests should be the basis for a revenue program. He is hopeful, however, that the "heavy burdens placed by the transportation department of the war" there will be a substantial excess shown by government receipts over government expenditures.

Railroads Heavy Burdens

An analysis of the government expenditures for the last fiscal year develops the fact that almost one-fifth of the \$9,400,000,000 paid out was spent in connection with federal control and the guaranty of earnings for the railroads. Only one department of the government—the war department—spent more than was used in connection with the carriers. The war department's total, the records show, was \$1,111,000,000 against \$1,037,000,000 for the railroads.

Discussing the war debt, and a program for its retirement, Mr. Houston says that within the next thirty months the government will have to pay off approximately \$7,500,000,000 in Victory notes, war savings certificates and treasury certificates of indebtedness. He proposed that the treasury certificates be funded further; that they be retired as rapidly as the treasury's conditions permit so the program for reducing other government obligations will not be hampered by simultaneous payments.

Mr. Houston tells congress that the heavy payments required by the transportation act had "disrupted the government's fiscal plans" but he believes early spring will witness final settlement of the claims of the railroads under the guaranty provisions and that the treasury then can proceed with its previously announced program of meeting and retiring the war savings certificates, amounting to \$800,000,000 and the Victory note issue which aggregates \$1,500,000,000.

Through operations of the sinking fund, use of the small repayments by foreign governments on loans, and the employment of certain savings returns to the treasury, it has retired \$1,764,896,150 in bonds, Mr. Houston says, saving \$100,000,000 on the transactions by buying in the open market. Of the amount purchased, bonds aggregating \$119,100,000 were retired from the funds repaid by the foreign governments.

Suggests Reorganization
Lessons of the world war, Mr. Houston says, have shown the need for the transfer of some of the treasury activities to other departments. Five bureaus, war risk insurance, prohibition, public health service, supervising engineers and the general supply committee, are in no way related to the fiscal operation of the government, he says, and urges that they be placed under other jurisdiction. The same is, in his opinion, unusual for few if any other executive department heads have been willing to see their departments dismembered.

His own request, he says, demands the more attention for this reason.
In connection with this suggested reorganization, the secretary asks that the position of under-secretary of the treasury be created at a salary of \$10,000. He recommends also an increase in the salaries of the assistant secretaries from \$5,000 to \$7,500.

Mr. Houston strongly urges the establishment of a federal budget system, declaring that unless such a plan is adopted the financial burdens of the people will be greatly increased through "the piecemeal methods of handling appropriations without regard for or relation to income of the government."

Foreign Loans Status

Reviewing the loans to foreign governments, Mr. Houston says the American government advanced in cash between April 24, 1917 and November 15, 1920, a total of \$9,580,823,877. Of this amount, approximately \$163,000,000 has been advanced since November 15, 1919, under credits previously established to five foreign governments. Of this, France received \$110,000,000; Italy \$20,410,000; Greece, \$15,000,000; Belgium \$10,600,000, and Czechoslovakia, \$4,000,000.

The treasury has yet reached no determination as to the form which the obligations of the foreign governments will take, Mr. Houston says, but he recommends that he be allowed to extend until June, 1947, at which time they must be paid under existing law. The foreign governments, he says, should be given every advantage to prepare for the payment by whatever arrangements they deem best suited to their individual requirements.

LEGION CO-OPERATES IN MILITARY TRAINING PLAN

Series of Camps for Youths in Line with Organization's Preparations Idea

LOS ANGELES, Cal., (AP)—The Military Training Camps association, in co-operation with the war department and the American Legion, is making preparation for a series of camps next summer for boys from 16 to 19 years old, inclusive. This is in line with a preparatory idea of the organization. These camps are to be established in all parts of the United States, and the expenses of all of the youths enrolling in them will be paid by the war department, according to an announcement by the association. Experienced military instructors will teach the boys military science and tactics in conformity with a curriculum prepared by the war department.

The military training school was organized soon after the sinking of the Lusitania, and the organization's decision to arrange for the training camps next summer, during the school vacation, followed conferences with the war department.

Thousands of men who served in the world war as well as many who trained in the citizens' camps in the three years following the opening of the conflict are said to be aiding in the recruiting.

The Western department of the association, which covers the new Ninth Corps Area of the army, is administered by a governing committee, of which Captain Sibley M. Spaulding, of Los Angeles, is chairman.

TAX BILLS ARE OFFERED

Amendments to Existing Revenue Law Make Early Appearance

WASHINGTON, (AP)—Two bills relating to taxes were introduced Tuesday in congress. Senator Gay, democrat of Louisiana, proposed that in installments of taxes due December 15 be paid in five monthly payments. Rev. Mr. Ackerman, republican, New Jersey, proposed an amendment to the tax law permitting individuals and corporations to deduct from their 1920 tax

assessment the total amount of taxes paid this year.

Senator Smith, democrat, of Arizona, and Nelson, republican, of Minnesota, introduced bills authorizing suspension of requirements of annual assessments on mining claims for 1920 and Senator Harris, democrat, of Oregon, offered a measure limiting the federal reserve banks to a five per cent interest rate in making re-discounts and another bill removing the restrictions on the type of paper to be rediscounted.

TWIN FALLS IS DISCREDITED BY IDAHO FALLS GRID WRITER IN WINNING OF CHAMPIONSHIP

Edmund Crowley Declared Officials of Game Played Against Visiting Team Throughout Friday Contest—Were Blinded to Infractions of Bruins by Extraordinarily Close Observation of Opposition

The only great and good thing accomplished in the state football game played here last Friday by the Twin Falls Bruins and the Idaho Falls high school grid team was the goal kick from placement made by Hanley Payne of Idaho Falls, according to Edmund Crowley, writing in the Idaho Falls Post of last Sunday.

"Speed" Newman's 65-yard run for a touchdown was near-great, but many another fellow on lots of other elements could have done the feat with the support Newman got, the writer says.

Crowley saw nothing on the Twin Falls side but luck for the visiting team and calamity for the Idaho Falls invaders. He iterates a libelous statement that the officials of the game, blinded to the merits of the visiting aggregation, penalized Idaho Falls frequently, to which is attributed the first touchdown of the game.

Score on Penalties. "The umpire gave the Twin Falls team their first touchdown because of penalties inflicted on Idaho Falls," says Mr. Crowley who remarks with more or less acrimony that he watched our team so closely that he never knew the wrong things Twin Falls did.

Leading up to a running story of play Crowley writes in the following piteous strain: "There was not a single fellow on our team who complained about the unavoidable circumstances which came up. It is really a poor team that are poor losers but when the opponents came to us and told us of the unfair things that took place there is no harm to tell them. In the first place it was impossible for any team to defeat another with the referee and umpire against them. If there was any doubt Twin Falls always got the benefit of it. The umpire gave the Twin Falls team their first touchdown because of the penalties inflicted upon Idaho Falls. He watched our team so closely for errors that he never knew the wrong things Twin Falls did."

What Support Means. "Thirty-five hundred people and a 50-piece band can give a great deal of support to a team. Every store and bank in Twin Falls closed for the game and the people thronged to Lincoln field to cheer their team on. Idaho Falls made \$3000 clear for Twin Falls, but if they had come here the Idaho Falls team would have gotten \$300 in the hole. Twin Falls cleared thousands of dollars on its games, which shows which team gets real support from its city. Only a handful of people supported our team and some city citizens of Idaho Falls will realize what it is to get behind their team.

Each gain was slow and hard-fought, and two more evenly matched teams could never have met. If the Twin Falls high school team is so much lighter than Idaho Falls then they wear the thickest padded football gear ever made. It takes a pretty heavy line to hold the line of Kanelmeyer from going through, and when those two lines met neither moved an inch.

Star Run Is Discouraged. "In this championship struggle there were two excellent things done. One of these was a 65-yard run of 'Barney Outfield' Newman and the beautiful place kick of Hanley Payne. Many stars of different teams have made such runs as Newman's with the support he got, but there are few teams that have a fellow who can kick a ball put into placement on the 55-yard line and three feet from the boundary line, between the goal posts. When the ball sailed between the standards, Twin Falls gave a little cheer, which was the only one Idaho Falls got in the whole game."

"Hanley Payne, Captain Reed and Ernest Chin never ceased for a moment to put everything they had into the game. Ralph Geats, in his usual easy manner, called many formations which made gains many times. Bucklin and Thompson seldom missed a mark as he came around the different ends with their determined playing. Jacobson, Holden, Russell and Heath broke up many of Twin Falls' line plunges and kept up a continuous fight to the end of the game. With hopes high, friends at home anxiously waited for news of victory. It is no wonder a team felt down-hearted after so unsatisfactory a game for them.

"Twin Falls did not complete a single pass, while Idaho Falls completed several. Idaho Falls also made their yards more times than the Twin Falls warriors. It is for this reason that Idaho Falls holds that it was not the remarkable playing of their opponents that made them victorious."

One Boxer Dead, Another in Jail on Death Charge. Al Roberts Arrested Following Demise of Opponent of the King. JERSEY CITY, N. J. (AP)—Mickey Shannon, a heavyweight boxer of Pittsburgh, who was knocked out in a bout here last night with Al Roberts, of Staten Island, died in a city hospital shortly after 5 o'clock this morning.

Shannon received the fatal blow in the sixth round, suffering internal hemorrhage at the base of the skull. He never regained consciousness. Robertson was arrested on a charge of atrocious assault and battery upon leaving the ring, but was paroled in custody of his manager, Billy Gibson.

CHOSE CAPTAIN. NEW YORK (AP)—Frank Busch of Portland, Ore., has been chosen captain of the Stevens Tech 1921 football team. He played tackle for two seasons.

COAST MANAGERS ARE NOT AVERSE TO THE SPITTER

Many Club Pilots Say They Would Hail Return of Slobbery Delivery

SACRAMENTO, Cal. (AP)—Discussions regarding use of the "spitball" in the Pacific Coast Baseball League are expected to take up some of the time at the annual league meeting which, President William H. McCarty, San Francisco, has announced, will be held here December 1.

At the present time any "spitball" pitcher in the league can use the moist ball, but newcomers are barred from delivering it. Several league managers, it is said, would like to have the "spitter" back so all pitchers could use it.

Rumors regarding transfer of the Salt Lake City franchise to Vancouver, B. C., probably will be either confirmed or denied finally at the meeting. According to reports received here Vancouver baseball people are willing to purchase the Utah city's membership.

TO PLAY ON COAST. SOUTH BEND, Ind. (AP)—Notre Dame university's football team will leave December 18 for its Christmas day game with the Pacific fleet eleven at San Francisco, if the condition of George Gipp, star half back, who has been seriously ill, continues to improve. University athletic officials say the game is dependent upon Gipp's condition.

GOING TO ANTIPODES. NEW YORK (AP)—Miss Etheldia Bloibroy, champion woman swimmer in the Olympic games at Antwerp last fall, left here today for Vancouver, whence she will sail for Australia on December 15, to engage in a number of contests. Miss Fannie Durack of Sydney, Australian champion, will be her chief opponent.

FIGHT ANOTHER DRAW. LOS ANGELES, Cal. (AP)—Billy McLean of Cleveland and Phil Salvatore of Los Angeles boxed a four-round draw at Vernon arena here last night. They met at 135 pounds. This is the second draw they have fought here in the last month.

FOR CURLING MEET. QUEBEC (AP)—Curlers from New York, Boston and Philadelphia, as well as from all parts of Canada, will compete in a one-week series of games, beginning January 23 next, in celebration of the one hundredth anniversary of the Quebec curling club.

VISALIA, Cal. (AP)—Orval Overall, former noted pitcher for the Chicago Cubs, recently entered the oil business here when the government sanctioned his oil lease in the Lost Hills country.

HOPPE CLICKS ANOTHER GAME FROM SCHAEFER

Champion Cueist Runs a Big and Easy Margin Against Coast Challenger

NEW YORK (AP)—Willie Hoppe, holder of the world's professional 18.2 ball billiards championship, won his second game of the titular tournament here last night defeating Jake Schaefer of San Francisco, 400 to 176 in 14 innings. The champion, to retain his title, has only to win one of his two games tomorrow with Schaefer and Welker Cochran of San Francisco, each of whom has won once and lost twice.

Hoppe set a high record for the tournament when he ran off 179 points in his third inning. Hoppe averaged 28.8-14 and his opponent 13.7-13. Schaefer's best effort last night was 101.

The champion displayed resourcefulness and mastery at open table play and did not seem inclined to take chances with close manipulation. At no time did he try to keep the balls together nor operate with the delicacy of touch featuring Schaefer's work in his high run, in which the westerner counted at least 10 feathery caroms without a ball touching a cushion. Hoppe's masse and cushion shots were brilliant. Score by innings: Hoppe—13, 9, 179, 30, 62, 0, 0, 7, 30, 9, 9, 0, 0, 52—400. Average—28.8-14. High runs—179, 62 (unfinished) and 52.

Schaefer—3, 3, 31, 7, 10, 0, 101, 0, 24, 0, 0, 0, 1—176. Average—13.7-13. High runs—101, 31, 24.

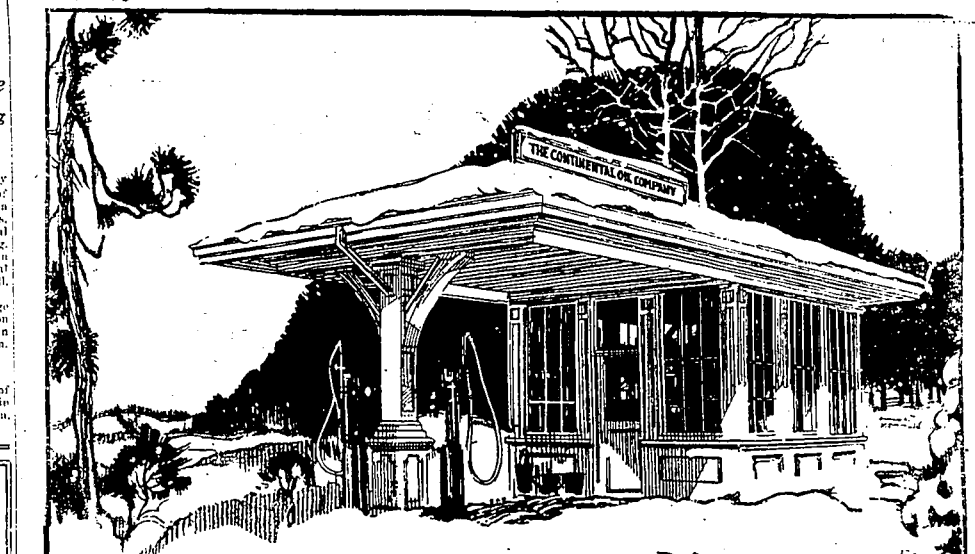

Jake Schaefer of San Francisco turned the tables on Welker Cochran of San Francisco in the third game of the final round of the world's professional

18.2 ball line billiard championship tournament yesterday. The score was 400 to 207, play lasting 18 innings.

CONGRESS SEEKS RESTORATION OF NORMAL STATUS

Means of Stimulating Commerce and Industry Appear to be in the Minds of Congressional Leaders

STABILIZATION PROGRAM IS TO TAKE PRECEDENCE

WASHINGTON, D. C., (AP)—Means of stimulating the industry appeared to be uppermost in the mind of congressional leaders today as the third and final session of the sixty-sixth congress got under way.

In the grip of bills in the first two days there were a score or more of measures having to do directly with business. Some proposed protection of an extreme nature for American industries, others were designed to foster development of industries already established, but momentarily having hard sledding, while still others were designed to establish machinery to determine causes for the present commercial depression.

In connection with the business legislation and overlapping in some instances were farmer relief measures. While most of these have as their purpose the granting of immediate aid to agriculturists in the face of the present decline of prices for farm commodities, there was a tendency toward stabilization.

Some leaders declared the aim of such legislation "therefore, was two fold and that supporting results to be found among both farmer and urban representatives because the legislation was intended to help both sides.

Under the present indefinite program of majority leaders, it is planned to go ahead with consideration of these measures, gather data and outline the legislative action intended to be taken at the extra session, which President-elect Harding indicated yesterday he would call next spring.

PROPOSES DUTY OF 25 CENTS PER BUSHEL ON WHEAT

WASHINGTON, (AP)—Representative Summers, Washington, introduced a bill Monday proposing duties of 25 cents a bushel on wheat, 51 cents a barrel on other products a straight 25 per cent ad valorem rate.

WOULD INCREASE MAXIMUM UNDER FARM LOAN ACT

WASHINGTON, (AP)—Representative McLaughlin, Nebraska, introduced an amendment to the farm loan act Monday which would increase maximum loans of any one borrower to \$10,000, except where the money is for land for agricultural purposes. In such cases loans not exceeding \$25,000 would be permitted.

WOULD EXTEND VOLSTEAD ACT TO PHILIPPINE ISLANDS

WASHINGTON, (AP)—Extension of prohibition enforcement to the Philippine islands is proposed in amendment to the Volstead law introduced Monday by Representative Randall, prohibitionist, of California. Representative Randall declared he found Manila to be the wettest spot on the globe when he visited the city last summer.

JONES WOULD EXCEPT PARKS FROM WATERPOWER ACT

WASHINGTON, (AP)—Senator Jones of Washington Tuesday introduced bill to withdraw the national park and monuments from the provisions of the federal waterpower act.

PROPOSES INQUIRY INTO INCREASING UNEMPLOYMENT

WASHINGTON, (AP)—Congressional investigations of the "increasing unemployment" to determine what action, if any, to relieve the situation in Pacific states by the federal government was proposed in a joint resolution introduced in the house Tuesday by Representative Mason, republican, of Illinois.

PROPOSES TREATY TO PROTECT PACIFIC SALMON FISHERIES

WASHINGTON, (AP)—Under a resolution introduced Tuesday by Senator McNary, republican, of Oregon, President Wilson would enter into negotiations to a treaty with Great Britain providing for co-operation between the United States and Canada for the protection of salmon fisheries in Pacific waters. Wasteful methods of taking fish, particularly in the territory of Alaska, made such a treaty necessary, the resolution said.

SENATOR JONES SPONSORS SEVERAL REFORM MEASURES

WASHINGTON, (AP)—Several so-called reform measures were introduced Tuesday by Senator Jones, republican, of Washington. One would extend the prohibition laws to the Philippines and all other territory under the jurisdiction of the United States, including consular districts in China and other countries.

Another of the measures would prohibit the exportation of opium and also their importation except under regulations to be drawn by the secretary of the treasury, the secretary of com-

merce and the surgeon general of the public health service.

WOULD PERMIT RAILWAYS TO COMBINE IN BUYING

WASHINGTON, (AP)—Railroads would be allowed to combine for the purchase of supplies until January 1, 1922, without liability of prosecution under anti-trust laws under the terms of an amendment to the transportation act offered by Senator Cummings, republican, of Iowa, one of the authors of the transportation act.

TARIFF REVISION TO BE SPECIAL SESSION'S WORK

Changes in Tax Laws to be Considered Before Christmas, Committee Chairman Says

WASHINGTON, D. C., (AP)—Revision of the tariff will be one of the first things sought at the extra session of congress, which President-elect Harding is expected to call immediately after his inauguration, Chairman Fordney of the house ways and means committee, said today after a conference of the republican members of the committee to decide on a legislative program for this session.

Changes in the tax laws also will be considered by the committee before the Christmas recess of the present congress, Mr. Fordney said. The hearings on the tariff revision will begin on January 6.

Chairman Fordney said it was planned to begin actual drafting of the new tariff bill as soon as the special session of congress convened, probably in mid-March.

FEDERAL RESERVE DIRECTOR ADDRESSES STOCKMEN'S SESSION

SALT LAKE CITY, (AP)—The United Stockmen's association convention, which opened here Tuesday, was addressed by the Federal Reserve Director, Mr. E. A. Tamm, at the first session.

Today's Markets

New York Stock Market

NEW YORK, (AP)—The doubtful dividend position of many speculative issues furnished the bears with fresh ammunition in the stock market today. Shares declined running from 2 to nearly 20 points. Sales approximated 900,000 shares.

The uncertain trend of prices at the outset of today's stock market session pointed to a continuance of the recent irregular movement. Willy's Overland preferred, yesterday's weekend feature, rallied a fraction, while Texas and Pacific coal and oil cancelled a part of its substantial gain. American Agricultural Chemicals rose 1 3/8, but this was offset by a decline of the same extent in International Agricultural. American Woolen rose 1 point and Norfolk and Western 1 1/4, but Mexican Petroleum's initial advance of 1 point was almost immediately replaced by a 2

point reaction. Stocks and equipments were hesitant, mainly at slight recoveries. Foreign exchange was represented by the London rate was firmer.

Oils, motors, shipments and rallies added to their losses later, nominal rallies in the final dealings arising from short covering rather than real support. The closing was heavy.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.40; first 4's \$85.00; second 4's \$85.40; third 4 1/4's \$88.10; fourth 4 1/4's \$85.74; Victory 3 3/4's \$95.00; Victory 4 3/4's \$95.40.

Grain and Provisions

CHICAGO, (AP)—Rains in Argentina and news from Indianapolis about plans to finance exports gave considerable strength to the wheat market today, but a reaction soon took place. Selling in which houses with eastern connections were conspicuous proved soon to be more than a counter-balance for the bullish factors which had developed overnight. Bears contended that urgent foreign buying of wheat in the United States was nearing an end and was likely to be followed by reselling. Initial quotations, which ranged from 1 1/4 to 2 1/4 higher, with December \$1.71 1/2 to \$1.72 and March \$1.67 1/2 to \$1.70, were succeeded by breaks to well below yesterday's finish.

Later, the market rallied owing largely to removal of hedges on 1,000,000 bushels of January wheat by the British royal commission. Besides, Italy was said to have bought 250,000 bushels of durum. The market closed unsettled, 1-1/4 to 1 1/2 net lower, with December \$1.69 and March \$1.66 3/4 to 1.67.

In corn as well as in wheat there was persistent eastern selling. After opening unchanged to 3/4 higher, including bids at 76 3/4 to 77 1/2, the market underwent a general sell-off. The close was nervous, at 3 1/8 net decline to 5-8c advance, with May 70 1/2 to 76 3/4.

Oats were governed chiefly by the action of other grain, starting 1/8c off to 1-2c higher, May 51 3/4 to 52 1/8c, and then tending downward. Provisions showed firmness in line with the hog market.

FILES MURDER CHARGE AGAINST MISSING GIRL

Amended Information on Record in Connection with the Death of Hamon

ARMORE, Okla., (P)—The charge against Clara Barton Smith in connection with the death of Jake L. Hamon, republican national committee man from Oklahoma, and millionaire oil man, today was changed to murder. The original charge was assault to kill and was placed the day after Mr. Hamon was killed and the day Miss Smith left Ardmore.

Russell Brown, county attorney of Carter county, who filed the information, said the amended charge was filed because, at the time, reports reaching him were regarded as substantially authentic to warrant hope that after 10 days Miss Smith had been found.

The murder charge, he said, would give her greater chance to have Miss Smith returned to Ardmore for trial.

The information was filed against "Clara Smith Hamon", the name Miss Smith took when she married Frank L. Hamon, nephew of the man she is charged with killing and from whom she was divorced at Weatherford, Texas, May 13, 1917.

TEXAS SHERIFF DECLARES MISSING GIRL IN MEXICO

EL PASO, Texas (P)—Sheriff Borth B. Orndorff of El Paso today said he has been communicating with Clara Smith Hamon, who is in Juarez or near there. She is wanted in connection with the fatal shooting of Jake Hamon of Ardmore, Okla.

The sheriff said he did not arrest her in Juarez because he has no warrant for her and could not bring her back without extradition papers.

The chief of police announced that it had definite information that the girl was in hiding in Juarez but that she had not been arrested.

CARPENTERS OF BUHL REDUCE OWN DAY WAGE

Scale Revised Downward from \$8 and \$6 to \$7 and \$3 for Six Months

BUHL, Idn. (Special)—Prices of general merchandise, lumber and building material, as well as foodstuffs in some instances have been advanced practically 50 per cent in the past few months and in consequence of these reductions the local carpenters' union has announced a strike which will start on the day for the first six months of 1921, starting January 1.

The present scale is \$8 to \$9 a day, the new scale being \$7 to \$8 a day. While several buildings are being erected here recently, home building has been practically at a standstill because of the high cost of material and labor, although the housing shortage is so great that in some instances two families occupy a two room dwelling, and one-room dwellings are occupied by families of from seven to ten and twelve.

KENTUCKY TOWN WOULD GIVE UP CHARTER TO EVADE TAXES

LOUISVILLE, Ky., (P)—After having a corporate existence for 130 years, the city of Jefferson in Jefferson county, Kentucky, has petitioned the Jefferson circuit court to revoke its charter, which was obtained in 1791, and asked that a government revert to county control.

A majority of the voters of the city including women signed the paper, declaring that alleged high municipal taxes led them to take the step. About 700 persons, including Henry Watterson, famous journalist, live in the city.

BURNS TO DEATH IN CABIN AFTER LONG FIGHT WITH POSSE

BILLINGS, Mont. (P)—E. F. Lampron, 35, a homesteader near Tuffley, in Golden Valley country, was burned to death in his cabin yesterday after a posse had set fire to it following an all night rifle and revolver battle and numerous attempts to dynamite the house.

Lampron was taken to a hospital perhaps fatally wounded Sheriff Jesse Garfield of Golden Valley county, who had gone to the cabin to take Lampron for an examination as to his sanity.

HARDING BEGINS WORK ON SHAPING POLICY

President-elect Expresses Gratification with Sentiment as Disclosed at Capital

MARION, O., (P)—With his return to Marion today from his vacation trip to the tropics, President-elect Harding was ready to begin actual construction work on the policies of the coming administration.

In Washington during the last two days, he felt out opinions on many subjects, and he is not known today to have been well pleased with the result. He told his friends that he believed his ideal of party government and common understanding had been furthered by his trip with republican leaders and that his canvass of sentiment regarding an association of nations had been particularly encouraging.

The work done in Washington was purely preliminary, however, and at least some of the senators with whom he conferred feel affairs will come to Marion later to take part in the league discussions that are to begin early next week. Meantime, consultations about selections for the cabinet will continue, and it is not probable that the final list of appointments to Mr. Harding's official family will be complete much before inauguration day.

President-elect Harding reached his home here shortly after noon. His health, which has been poor, is being treated at the home here. His arrival back home was not greeted with any undue excitement as he has been known to be uneventful.

DEFENDS RESERVE BOARD BEFORE FARMER SESSION

Governor W. F. G. Harding Denies the Charge of Curtailing Agricultural Credits

INDIANAPOLIS, Ind., (P)—Governor W. F. G. Harding of the federal reserve board, in opposing the annual convention here Tuesday of the American Farm Bureau federation, declared that the net volume of bank credit and currency has increased during the last year, and that federal reserve banks have not curtailed agricultural credits. The price decline of raw products, he said, "is merely the result of a glut of supply," and is not felt alone by the American farmer.

"Members of the federal reserve board," declared Governor Harding, have a keen sympathy for the farmer in his present predicament and are desirous of doing everything they can legitimately and properly to help them. It is impossible, however, for any banking system to provide funds for all that enterprising farmers have demanded for the market for any length of time.

Although declining to predict the future in which the government and the farmer are likely to be situated, he said that he believed that in a short time farm products will advance or prices of other goods will decline. He also said that the cost of farming next year "seems certain to be greatly reduced."

THE CANDY BOX

(These recipes are of tried and proven value and should be clipped daily for permanent preservation by readers. Complete recipe and formula for your favorite confection may appear any day. Watch for it.)

WALNUT TAFFY.

- Ingredients.
- 1 cupful of brown sugar;
 - 1 cupful of white sugar;
 - 1-2 cupful of corn syrup;
 - 1-2 cupful of water;
 - 1-4 teaspoonful of cream of tartar.
- 1 teaspoonful of vanilla.

1 cupful of chopped walnuts.

Formula.

Boil the sugar, syrup, cream of tartar and water until it forms a hard ball when tested in cold water. Remove from the fire, add the vanilla and nuts and pour into a buttered plate. Pull when cool enough to handle.

Tuesday was Library Day at the Twentieth Century club with Mrs. W. P. Pike in charge of the program. After a business session Miss Jessie Fraser, city librarian, gave an interesting talk on the practical side of the question, telling of the work being done and of the needs of the library. Mrs. J. B. White gave two vocal solos, accompanied by Mrs. Wilton Peck. Mrs. Christie gave a synopsis of the characters of Sairah Gamp and Betsey Prig in the tea from Martin Chuzzlewit, by Dickens, after which the characters were cleverly portrayed by Mrs. E. S. Lewis and Mrs. A. K. Sawyer in costume. Following the program a reception and tea was given in honor of new club members with Sairah Gamp and Betsey Prig presiding at the tea table.

SHOE MARKET

SAVES YOU MONEY

Where Prices Have Reached the Bottom and Quality Still Remain High

Our policy has always been "Keep up the quality but lower the price when at all possible." Following this course throughout the year we find ourselves in a position to offer the most extraordinary shoe values yet heard of around Twin Falls. We are not overstocked, neither have we any high priced shoes on hand, carried over since wartime. Our prices are today's market prices. THEY ARE LOWER.

We Save You Money

Men's Dress-Up Shoe \$7.50

The best buy of the season is this Brown Veal English lace shoe, made over a brand new last. Very comfy and fits well. In sizes 6 to 11. All widths.

—New Price \$7.50—

Ladies' Dress Shoe \$8.50

All black Kid Lace Shoe with high Cuban heels and medium pointed toe. A beautiful fitting shoe at a reasonable price. Sizes 4 to 9. Width AA to D.

—New Price \$8.50—

Men's Dark Brown Blucher \$6.50

Another splendid value in this dark Brown Veal Blucher-cut shoe. Has medium wide toe. All solid leather counters and inner soles. Really a wonderful shoe for the money.

—New Price \$6.50—

If the world is not ready to disarm, what, it may be asked, does the world propose to do in the interim between the present and the time when disarmament becomes the fixed policy of the nations?

The allies have forced Germany to give up practically all the more powerful instruments of war, but it is estimated by an allied military commander that great quantities of small arms and supplies are still being held hidden away by the people.

The truth is that mankind, in the mass, likes the clink of the sword and the other accompaniments of war, and above all it likes to enhance its interests even to the extent of taking away from others the things that are rightfully their property.

Every one, in a while these days one is reminded that in a little while Christmas will be here. Of course the merry season is still a little more than two weeks away, but many children and grown-ups have already begun to think their plans.

(Continued from Page Three) Brief Bits of Sport

No more wrestling bouts will be permitted in Chicago unless they are conducted under state supervision. That decision results from a rukus kicked up at a grapple last week when the referee's decision irked the patron...

Now comes boxing and gets in bad on the coast. Wrestling, baseball, boxing, politics—Migawah. The wife of Hal Chase, living in Cincinnati, has sued him for divorcing him with out everything that could be charged by a wife against her husband...

Organized baseball tried to get a divorce from him, but it proved to be just a separation for a space. Hal got back in again, and then things happened, so they say. Here's a hunk of tough luck—Eddie Cicotte has been called upon to pay \$10,000 in taxes to the government on that \$10,000 bribe he got for doing a flop in the 1919 World series with the Reds...

On Friday night the home boxing schedule for the winter will open with a nifty bunch of bouts by local performers. Some folks, especially sport folks, kick about anything, Frimance some of the Chicago ball writers are objecting to Judge Landis having two jobs...

Said writers think the judge should apply himself to one or the other exclusively, and think it should be the baseball job. The city of Peoria, Ill., has just voted municipal bonds of \$50,000 for the erection of a baseball grandstand. And just think, Twin Falls owners are trying their hardest to get rid of their baseball park holdings at what ever price they can obtain...

Georges Carpentier says the first blow will win the big bout. If it wasn't the first blow Dempsey landed on Willard in that memorable bout at Denison June 16 months back that punch started the long Kansas on the down trail to what should have been everlasting oblivion. Willard now says he doesn't give a continental whettabe about the shekels, what he's after is the title...

And a fat chance he has to cap it, too, hey! Benny Leonard must win that diamond-shaped belt three times before he becomes the permanent possessor of the treasure. Then he can do as John L. Sullivan did with his'n. Faww it! Boston fans have another hero against H. H. Frazer this winter. Last year he sold Babe Ruth to the Yankees and now he goes and disposes of Harry Hooper, another primo favorite with the fans, to the same club...

Looks as though Frazer is building up a pennant winner—but not for his home folks. GOULD BEATS MISSELL. NEW YORK. (AP)—Jay Gould, national court tennis champion, defeated Harold E. Missell, of the Princeton club in the final yesterday of the annual tournament of the national squash tennis association. The score was 15-8, 9-15, 15-11.

LEGION FAVORS SINGLE TONGUE

Service Men's Organization Wants Prohibition of Foreign Language

The American legion in Idaho, during the session of the state legislature opening in January, will not only urge adoption of legislation to carry out pledges included in the platforms of both the republican and democratic parties providing for creation of a state welfare board for benefit of former service men and women and for legislation granting preferential rights on entry on Civilian Control reclamation projects to former service men and women, but will lead its influence in support of measures to prohibit use of any language other than English in any language of instruction in schools or in meetings held in public buildings and will urge adoption of anti-alien legislation similar to that lately adopted in California.

For Legislation.

These are important items in the legion's legislative program as outlined by L. F. Bracken, Idaho department commander, in response to formal request made by the Twin Falls post at a meeting last evening. Mr. Bracken at this time also announced that a bill has been issued for a meeting of members of the department executive committee to convene here on Saturday next for formation of a legislative program. Before it is finally adopted, this program will be submitted to consideration of the several posts of the state, it was announced.

The legion also originally will support legislation to be requested by club women of the state looking toward furtherance of Americanization work, and will ask for legislation to prohibit against wearing of the Legion emblems by persons other than Legion members, Mr. Bracken stated.

A National Move.

In declaring for anti-alien legislation, Mr. Bracken said that the legion is in line with such a move, by trying out the recommendations of the national organization as determined in the Minneapolis convention.

Views of the Twin Falls post with respect to legislation considered desirable are to be expressed at a meeting this month at which members of the Twin Falls county delegation in the next legislature will be invited, according to plans discussed at last evening's session.

DENOUNCE SCHEME TO ELIMINATE HOSPITAL

American Legion Post Bitterly Opposed to Plan Favoring Remount Station

Twin Falls post, American Legion, at a special meeting in the Elks home last evening, went on record in denunciation of certain citizens of Boise who have sought to bring about removal of the hospital from the site of a remount station and secure a cavalry remount station in its stead. Action in this respect was taken through adoption of a resolution proposed by Taylor Cummings endorsing the position taken in this matter by the legion's national legislative committee which was announced Sunday by the Associated Press, following resolutions to similar effect lately adopted by the War Mothers of Twin Falls.

Copies of the resolution adopted by the post are to be forwarded to members of the Idaho delegation in congress, to Governor Davis, the secretary of war and the United States public health service. Formal request was made by the post to L. F. Bracken, Idaho department commander, and L. F. Albert, department adjutant-financial officer, who were present at the meeting to suggest a similar action on the part of other Legion posts throughout the state.

The post at this meeting, instructed its welfare committee, headed by A. W. Sovie, its chairman, to arrange to provide Christmas remembrances to former service men in this vicinity who may be ill or in need on that occasion, and voted a substantial contribution to the Salvation Army Christmas relief fund.

Tentative arrangements for a concert and dance to be given by the Twin Falls band under the auspices of the Legion during the Christmas holidays, were discussed and decision was reached to nominate at the next meeting of the post on December 21, candidates for post officers to be elected at the meeting two weeks later.

Consideration of the question of organization of a legion basketball team to represent the post in the coming season was deferred until a later meeting.

The text of the resolution adopted in respect to the Boise hospital question is as follows:

"Whereas, The United States public health service hospital at Boise, Idaho, has been acknowledged by those best informed to be an ideal and available site for treatment of ex-service men; and

"Whereas, Influential individuals of the city of Boise, as individuals, have used their influence with the government to discontinue said hospital and have established in its place a government remount station;

"Therefore, Be It Resolved by Twin Falls Post, American Legion, that action toward removal of the hospital from Boise, Idaho, be condemned; and

"Be It Further Resolved, That action be taken by the executive committee of the Idaho department of the American Legion toward the elimination of any acts by individuals or organizations tending to place any obstacle in the way of the happy and successful care of our sick or disabled comrades."

CHARITY ARMY PLANS FOR COMFORT OF POOR

Arrangements Made for Dispensing Cheer to Needy at Christmas Time

Arrangements have been made by the Salvation Army to see that every needy family in this city and community will have a real Christmas. One hundred and eight Christmas baskets will be filled for as many as there are poor families.

There are people who would like to spread Christmas cheer to the poor, and since the army has not called on the residential district in the last drive that they had, Ensign John Naton will use the "enveloping system." Envelopes are being distributed one day and are called for the next. In this way those who wish to help the poor may do so through this system or mail their donation direct to the army.

A real Santa Claus visited the Salvation Army Sunday school children last Sunday, he promised to give them nuts, candy, toys and a big Christmas tree. He will be present at the big Christmas entertainment which will be given to about 200 children of this city. The tree will be invited to this entertainment.

COUNTY FAIR BOARD IS TO BE INCREASED

Number of Exposition Directors Will Be Made Seven Instead of Five

At a joint meeting of the county fair board and the board of county commissioners held yesterday it was decided to increase the membership of the fair board to seven from five directors.

This action was taken at the suggestion of the fair board and the appointment of a new board will be made early in the January session. It is the intention to make these appointments upon the basis of one, two and three year terms, with two members retiring each year. The membership to be filled by appointment of the county commissioners. Suggestions as to appointments are to be asked for by the commissioners in the hope that in this manner it will be possible to secure a representative fair board membership of men who will give their time and attention to the work.

The present board consists of Earl O. Walter, Roy A. Road, Grover Davis and C. W. Case. J. M. Markel is secretary and fair manager.

WOMEN LEAD SINGING

"Prepare to Meet Thy God," was the Rev. J. Elliott Shimp's subject last night at the Christian church revival. There were three more applied. The Women's Bible class led in the music. The special selections were a solo by Mrs. John White and a number by Mrs. W. A. Patrick, Mrs. John White, Mrs. Elsie Patrick, Mrs. C. F. Allen, Mrs. C. H. Harvey, Mrs. A. F. George and Mrs. W. W. Parrish. The Rev. Mr. Shimp's subject tonight is "What the Bible Says About Hell." The music will be under the leadership of the young people.

DEFENSE PRESENTS MURDER TRIAL CASE

Ramsayer Counsel Will Try to Prove Abel Killing Provoked

The defense in the trial of H. F. Ramsayer for murder took up the case immediately after the noon recess yesterday, with Turner K. Hackman and W. P. Guthrie in charge. The defense expects to conclude its case tomorrow afternoon.

The state at noon yesterday rested after examining more than a dozen witnesses. During this examination the state traced all of the incidents leading up to the shooting of J. R. Abel by Defendant Ramsayer last April, the defense, on cross-examination bending every effort to show that the shooting was in self-defense while the prosecuting attorney attempted to show that the state's witnesses, R. K. Dillingham, a druggist of Piler, yesterday testify that Ramsayer on one occasion came into his store ostensibly to acquire concerning a veterinary prescription. It is said to have asked to be permitted to borrow Dillingham's revolver, and was told such a weapon was not carried in the store.

T. O. Warner was called as a witness for the defense, but the nature of his testimony was ruled as not admissible. Roy Hartley, a constable, gave testimony relating to his custody of a number of hogs delivered to him by Defendant Ramsayer after the latter had taken them up for trespass. The animals are said to have belonged to Abel and had strayed on the place operated by Ramsayer. Hartley said he helped Abel drive the hogs to the Abel place. The constable also said on the stand that he had seen Abel in Piler later in the day and that Abel had announced he wanted to find Ramsayer and wish him.

William Stephenson this morning gave evidence of a conversation he said he had with Abel when the latter had made threats against Ramsayer involving the latter's life.

He Lee Phelps told of trouble between Ramsayer and Abel resulting from the impounding of hogs belonging to Abel on the Ramsayer place. Clyde Hinton, a ditch rider, testified that he had found a plank in a spillway the position of the obstruction affecting the flow of water to the Ramsayer farm.

S. H. KAYLER SELECTED HEAD OF COMMANDERY

TIME NOT EXTENDED ON THE TAX PAYMENT

Fourth Installment of Income Assessment Must Be Paid on Time Appointed

According to announcement contained in a letter from the commissioner of internal revenue service at Boise, to the internal revenue collector, impression appearing to be widespread, that there is allowed 10 days grace for the fourth installment of income-tax, is erroneous.

Commissioner W. M. Williams, makes the following explanation of the operation of the income tax law as it relates to this point of payment:

"It appears that some taxpayers believe that they have ten days grace on the fourth installment of the income and excess profits taxes due on December 15. Such a provision was contained in the 1917 revenue act, but was removed by the revenue act of 1918. No extension can be granted under the law.

"In order that this impression may be corrected, it is desired that the widest publicity be given to the following statement:

"December 15th is the last day for the payment of the fourth installment of the income and excess profits taxes due this year. To avoid penalty, the tax must be in the offices of collectors of internal revenue or branch offices by midnight of that date.

"Inquiries reaching the commissioner of internal revenue indicate a belief that taxpayers have ten days grace on this installment. Such a provision was contained in the 1917 revenue act, but was removed by the revenue act of 1918.

"Payment of the fourth installment may be made in cash or by money order or check. The bureau of internal revenue urges that whenever possible payment be made by check or money order. This method helps the taxpayer by saving him a trip to the collector's office and avoids congestion at the cashier's window. Check or money order should be made payable to 'Collector of Internal Revenue.'

"Bills will be sent to taxpayers, but failure to receive a bill does not relieve the taxpayer of his obligation to pay on time."

Falling Mercury Brought With It Blanket of Snow

ON two counts the weather maker's prediction of yesterday was correct. He guessed snow and colder. It did both last night and snowed again today.

Except for the colder portion of the guess the same prognosis is good for tonight and Thursday. "Tonight probably rain or snow," he supposes.

The top of yesterday's temperature was 44 degrees, or 10 higher than the preceding day. Four degrees cooler was marked during the past night as against the preceding nocturnal period. Half inch of snow fell up to 6 this morning, but more came after that time.
