HOUSE SPEEDS IMMIGRATION BILL TO VOTE

Restricts General Debate on the Measure to Four Hours by Almost Unanimous Action; Early Passage Promised

FESS WOULD OUST POST TO GAIN EFFECTIVENESS

WASHINGTON, D. C. (AP)—By almost unanimous vote the house late today restricted general debate on the Johnson immigration bill to four hours, and members of congress, which would stop all immigration for two years, were hopeful of passing it tomorrow.

Representative Fess, republican of Ohio, said "legislation would fall to keep undesirable out of this country unless Assistant Secretary of Labor Post was removed from his office."

Representative Johnson, of Washington, author of the immigration bill, declared a "genuine cause for alarm existed when the influx of immigrants has reached a point, as it did last week, of 16,000 souls passing through one port alone."

Cites Housing Shortage.

"The people of the war torn countries are turning to us," said Mr. Johnson, "as fast as ships can bring them. They are crowding toward our country. Our country is now in need of two million homes to shelter those already here. One million of more workers now are out of employment with the winter coming on and the process of deflation but fairly begun."

Great Consulates Read

Representative Johnson read a letter received, he said, "from a prominent American journalist in Europe," depicting scenes of crowds besieging American consulates and declaring that "the American people are holding off the gangs, but must have help and legislation which will strengthen their hands."

URGES PROTECTION FOR AMERICAN WOOL GROWER

Woolen Mills President Points Out Injustice Due to Foreign Exchange Conditions

WASHINGTON, D. C. (AP)—Protection of American wool producers from injustices due to foreign exchange conditions was urged today by Franklin W. Hobbs, of Boston, president of the Arlington Woolen mills, at the opening of the house ways and means committee hearing on a measure proposing an embargo on wool imports.

J. Hagenbarth, president of the National Wool Growers' association, and J. M. Wilson, president of the Wyoming Wool Growers' association, joined with Mr. Hobbs in urging the immediate action by congress.

Mr. Hobbs said that in 1914 when the Underwood-Simmons tariff law was enacted, "all nations were on a gold basis."

SESSION CLOSSES DOOR TO TAX REVISION MEASURES

Decision of Senate Finance Committee Majority in Line with Similar One by House Body

WASHINGTON, (AP)—Income tax relief legislation requested by business interests is impracticable at this session of congress, republican members of the senate finance committee decided today at an informal conference. This decision is in line with a similar one by the republicans of the house ways and means committee and it was said, virtually closes the door to tax revision legislation during the present session.

The treasury's condition as outlined by Secretary Houston, republican senators said, made impossible the tax concessions urged by business concerns. Congress has been urged to extend the plan of installment payment of income taxes and also to allow deduction of last year's losses in computing business taxes.

WARRANT IN TEXAS FOR ALLEGED WOMAN SLAYER

EL PASO, Texas, (AP)—Sheriff Beth Orndorff of El Paso has received a warrant from Ardmore, Okla., calling for the apprehension of Clara Smith, wanted in connection with the shooting of J. W. Hamilton at Ardmore, according to the woman's brother and father and the sheriff's office.

The father and son, where they are living, at 1119 San Antonio street, said they expected to return to their home as soon as the learned of the warrant. They declared they did not know where she was, but intimated that she was not far from El Paso, and would be known to them, as had been father.

Lifting of Curfew for Christmas Week in Erin Considered

DUBLIN, (AP)—The relaxation of the curfew restrictions for Christmas week here are in contemplation in official quarters, it was learned today.

FARMERS WOULD ADVISE HARDING

Indianapolis Convention Names Committee to Confer with President-elect

INDIANAPOLIS, Ind. (AP)—Appointment of a committee representing the American Farm Bureau federation to confer with President-elect Harding regarding the selection of a secretary of agriculture, was authorized today at a meeting of the federation's new executive board.

President J. L. Howard of the federation, who was authorized to name the committee said no endorsement of any one for the cabinet appointment had been made. He announced to the board that the president-elect had invited the federation to send a committee to him.

The committee, which will be named later, probably will meet Mr. Harding at Washington soon after Christmas, it was said.

EUROPEAN RELIEF WORK CALLS FOR \$33,000,000

Appeals for Food and Medical Supplies for Children of the Stricken Nations

NEW YORK, (AP)—The European relief council recently organized by combination of eight American relief organizations today issued an appeal to the American people to contribute \$33,000,000 to help supply supplies for the children of eastern and central Europe.

"The response of America must decide whether 3,600,000 children in acute distress, shall begin to be turned away in January from more than 17,000 hospitals, asylums, clinics and feeding stations dependent upon American support," said the appeal. "There would be no tragedy in history so sweeping or destructive of those who can do so little as this."

The appeal is signed by Herbert Hoover as chairman and Franklin K. Lane as treasurer.

POSTPONE REPORT

LOS ANGELES, Cal. (AP)—The Los Angeles county grand jury late yesterday changed its plans for reporting on its investigation of several "big games" in 1918 games in the Pacific Coast baseball league, and Frank W. Stafford, deputy district attorney, announced the report might be filed Friday.

World News Events

ATHENS, (AP)—The cabinet Wednesday afternoon was to send a note to former King Constantine announcing that the plebiscite was favorable to him and that the people demand his return to the throne.

LONDON, (AP)—A brief dispatch received from Cork late last night says that there was a general holdup of the public in the streets of Cork by the auxiliary police last evening. Firing was heard in various parts of the city. A man leaving a church was shot dead. There was much alarm in the streets, which were quickly deserted.

WASHINGTON, (AP)—An air mail and passenger service between Manila and other large ports of the Philippine islands is to be inaugurated the first of the year by the war department, which announced today the purchase of five seaplanes from the navy department. The flying personnel will consist of thirty officers of the Philippine national guard.

FIFTY PER CENT CUT IN COTTON OUTPUT PLANNED

Southern Bankers, Merchants and Farmers Urge in Movement to Curtail Production

MEMPHIS, Tenn. (AP)—A 50 per cent reduction in cotton for 1921 through curtailment of the acreage planted to one-third of the total land in cultivation was agreed upon at a conference yesterday of southern bankers, merchants and farmers. To make the plan effective, machinery was set in motion to restrict wherever necessary credits to individual farmer, merchant or banker unwilling to agree to the proposed curtailment.

WILSON VOICES PLEA FOR FUNDS TO HELP CHINA

President Draws Attention to Distress in Oriental Nation Resulting from Widespread Famine

DESIGNATES LAMONT AS CHAIRMAN OF COMMITTEE

WASHINGTON, D. C. (AP)—President Wilson today called on the American people to contribute to their funds to relieve the "appalling" distress in China resulting from famine in several of the provinces.

Thomas W. Lamont, of the banking house of Morgan Co., was designated as chairman of the committee, and acting secretary Davis of the department as treasurer.

Crop Failure Complete.

"A famine, alarming in its proportions today in its grip several important provinces in China," said the president's appeal. "The crop failure is complete and the present distress which is great, is likely to become appalling. In fact, our diplomatic and consular agents in China inform me that the loss resulting from death in distressing form may run into millions of souls."

"Under circumstances, relief to be effective should be granted quickly. Once more an opportunity is offered to the American people to show their prompt and generous response with which they have invariably met the call of their brother nations in distress. The case of China is regarded as especially worthy of the attention of our citizens. To an unusual degree the Chinese people look to us for counsel and for effective friendship. Our churches, through their religious and medical missionaries, their schools and colleges, and our philanthropic foundations have rendered China an incalculable benefit, which her people recognize with gratitude and devotion to the United States. Therefore, not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distinct and appealing cry for help.

Appreciate Heavy Demand.

"In order to be assured of the orderly collection of such donations large and small, which may be offered, I have invited a nationwide committee, whose names are attached hereto, to lead their aid to this matter. I have designated Mr. Thomas W. Lamont of New York City as chairman of this committee, and Mr. Norman Davis, under-secretary of state, to act as treasurer.

I realize that this bill, added to those for the underfed children of eastern Europe and the afflicted peoples of the Near East, and to the needs of our own country, makes heavy the burden upon the treasury of the nation. I am confident, however, that all these pleas will be answered in generous spirit."

PICTURE OF EUROPE'S STARVING CHILDREN DRAWS SUBSTANTIAL CHECK IN AID OF FUND

Literary Digest's "Slaughter of the Innocents" as reproduced by Twin Falls News, Touches Heart of Father of Six—News is Asked to Serve as Depository

Editor Twin Falls News: Dear Sir:

I have read Herbert Hoover's appeal in the Literary Digest and in the Twin Falls News, in behalf of the starving children of Europe. Some of us think we are hard up here, but compared with the lot of those poor innocent children we are living in the very gravy of the roast turkey.

Don't you think it would be a pleasant Christmas duty to have the News take a collection of one that would do credit to the Twin Falls Country—and send it along to aid in the fund of the Literary Digest? Who with a heart could enjoy the comforts of a Twin Falls Christmas with the cries of cold and starving children unheeded?

I enclose check for \$50.00 as a starter.

Yours truly, A. FATHES OF SIX.

There can be no question as to the thorough soundness of the movement now being fostered in America by the Literary Digest in the interest of Europe's child victims of the great war. The article to which the above letter refers was published in the Literary Digest October 26 and in the Twin Falls News November 26.

CANADIAN IS VICTOR IN ORGANIZATION OF LEAGUE COMPROMISE

Knocks Out Proposed New Commissions on Finance and Transit while Retaining Existing International Health Organization which will Continue Its Work under Supervision from Geneva—Lithuania Asks Postponement of Plebiscite

GENEVA, (AP)—Postponement of the proposed plebiscite in the Vilna region for eight months and exclusion of Vilna itself from the plebiscite has been requested by the Lithuanian government in a note handed to the council of the league of nations today.

GENEVA, (AP)—Proposed organizations on finance and transit under the league of nations, which were considered yesterday by the assembly, have been abandoned as the result of the compromise reached at midnight last night by prominent delegates to the assembly meeting here.

N. W. Rowell, of Canada, Gabriel Hanotaux, of France, Mr. Millet, of Austria, Dr. Gustav A. von Bismarck, and Lord Robert Cecil, representative of South Africa, were present at the conference which resulted in the compromise. All are members of the council of the league of nations.

The existing international health organization will continue its work, and will come under the supervision of the league.

Victory for Canadians

This compromise is a victory for the Canadian delegation, which yesterday opposed the proposition that the assembly recommend to the governments the establishment under the auspices of the league of three new organizations, finance, transit and health, with annual conferences on the subjects.

Delegates Take Bride

The round of social functions connected with the meeting of the assembly in this city was varied this morning by the marriage of Sir George E. Porter, head of the Canadian delegation, to Miss Reid.

AVALANCHE OF CANADIAN WHEAT IMPORTS CONTINUE

Domestic Statisticians Discern Indication on Part of New York to Re-establish Erie Canal

PORT WILIAM, Ont. (AP)—Shipments of Canadian wheat from here to the United States, which have been exceptionally heavy during the last few days, continued yesterday when six more ships, carrying 600,000 bushels of wheat, were loaded.

The large amount of the exports, E. A. Uzell, statistician for the Canadian board of grain commerce, declared, indicates an effort by New York to re-establish the Erie canal route to New York city and thereby "head off" the deep St. Lawrence waterway. He referred to steps which he declared, "have been going on quite to duplicate the Erie canal" from Lake Ontario to the Erie canal.

Mr. Uzell estimated that not more than 10,000,000 bushels of Canadian wheat shipped to the United States last year, which has been predicted, will be exported through New York, Boston and other Atlantic ports. The average pre-war consumption of Canadian wheat in the United States, he explained, was about 4,000,000 bushels.

KAHN DECLARES JAPAN, NOT U. S. MUST OPEN WAR

California Representative and Chairman of Military Committee Discusses Japanese Question before House

NOT TOO PROUD TO FIGHT BUT DESIROUS OF PEACE

WASHINGTON, (AP)—Discussing the Japanese question freely and frankly in a carefully prepared address delivered today in the house, Representative Kahn, of California, chairman of the military committee, declared that America should always be ready for war, and that if "the statesmen, the publicists and the politicians, the agitators and the demagogues of Japan" really wanted war with the United States they would be the ones to bring it on and not the Americans.

Mr. Kahn said he knew that he voiced "the earnest hope and the wish of every patriotic American who favors between the two countries may continue perpetually."

"But the world," said he, "has not too recently learned that we are not too proud to fight; nor are we too afraid to fight when we are forced into war."

The military committee chairman took occasion to reaffirm his belief that a universal military training policy would best safeguard the country and add:

No Fear for War

"I have no fear that there will be war between Japan and the United States in my lifetime, nor even the life of my sons. And I am thoroughly satisfied that if my country remains measurably prepared there will be no difficulty between the two nations at any time."

Mr. Kahn briefly reviewed the historical relations between the United States and Japan and with regard to the Japanese immigration problem in California, now the subject of treaty negotiations between the two governments.

"I said students of international law everywhere had recognized the 'absolute right' of any nation to regulate immigration as it deemed best. Every foreign student who enters with universally accepted documents on this point, he said, added:

Agitation Unfortunate

"It is therefore most unfortunate that a constant agitation regarding these matters is maintained in the neighbors across the Pacific, because the final effect of such propaganda and agitation undoubtedly is to instill a pronounced hatred of America and America's interests in the minds of the Japanese."

"This is an exceedingly unfortunate condition of affairs. Indeed, I say it is a most serious condition—a condition which may result, unfortunately, in further hostilities between the two heretofore friendly nations."

Denies Racial Prejudice

"We of the Pacific coast deny that this is the case," he declared. "No objection has ever been made to the admission into this country of Japanese professional men, of Japanese financiers, or Japanese religious teachers, or students, or Japanese merchants and Japanese travelers. The sole objection is to the laboring class."

"Whether the undesirable be farmer or banker, or merchant, or unskilled worker, I contend that the objection is purely an economic one. Japan herself is doing to the laborers of China and Korea what she claims as racial hate or prejudice when done by us to Japanese laborers."

Quotes Okuma's Statement

Representative Kahn called attention to newspaper dispatches quoting Count Okuma, head of the Japanese house of lords, as having said that if the United States restricted Japanese immigration by statute instead of by voluntary action of Japan, the latter rather than "suffer any prejudice to her interests must take the force."

"Surely," Mr. Kahn said, "the head of the peace society of Japan does not advocate the taking up of arms against the United States as indicated in the newspaper articles."

Too Many Damagages

From his reading of Japanese history Representative Kahn said, he was sometimes inclined to believe that

# TRADE BOARD URGES PAYMENT TO RAILROADS

## Interstate Commerce Commission Declares Immediate Discharge of Government's Obligations to Carriers Vital

WASHINGTON, D. C. (AP)—Immediate payment to the railroads of sums due them under the guaranty provisions of the transportation act but withheld under the ruling of the comptroller of the treasury was declared by the interstate commerce commission in its annual report today to be "vital" in order that the carriers may properly serve the public. "The commission recommends that congress amend the railroad act to permit the release and payment to the roads of the money thus tied up."

Many of the roads are greatly hampered because of their inability to collect the guaranty, the commission said. Although advances against the anticipated deficit were made in scores of instances, the report said, some of the roads make no application for aid prior to September 1 and as a result they are estopped from claiming even a portion of monies "justly due them" under the merchandise act, curtailing their ability for the entire guaranty period can be accomplished.

### Would Make Estimates.

The commission said that in most cases it could not determine the amounts of sums due the carriers, but that its certifications of these sums to the treasury could not be honored by the treasury since the comptroller had ruled that such applications for advances must have been granted prior to September 1. The commission believed it should be authorized to make "reasonable estimates" to alleviate the financial difficulties confronting many carriers in meeting operating expenses, fixed charges, etc. The year's rail operations have developed the need of several other changes in laws, the commission said. It urged congress to amend the interstate commerce act to provide for the punishment of any person "offering or giving to an employee of a carrier subject to the act any money or thing of value with intent to influence his action or decision with respect to car service and also to provide for the punishment of the carrier who accepts such bribes. Appropriate legislation governing the transportation of explosives was asked as were changes in laws affecting the awarding of reparations for damages which, if not paid, should be a matter entirely for the adjudication of courts.

### Condemns Bribery.

Referring to the question of bribery of railroad employees, the commission said: "As a result of the inadequacy of the car supply and generally transportation facilities during the past year, a practice has grown up among shippers of bribing operating employees of railroads for assistance in obtaining transportation services. The demoralizing effects of this practice are far-reaching. Bribery of this character in many instances cannot be directly and effectively reached under existing laws."

On the subject of equipment supply, the commission declared that while the shortage could be minimized by car conservation and increased efficiency, the only permanent solution was substantial additions to equipment. The latest general statistics of the commission showed that the railroads under its jurisdiction owned approximately 2,368,870 freight cars while an additional 110,000 cars were owned privately. The freight cars were divided as follows: 1,902,820 box cars, 1,000,075 open top cars, 107,920 flat cars, 83,000 stock cars, 60,200 refrigerator cars and 45,000 cars of miscellaneous types.

### Freight Traffic Increases.

Despite the shortage of equipment mentioned by the commission, it reported that the volume of freight carried during the first seven months of 1920 exceeded by 17.1 per cent the freight traffic for the corresponding period in 1919. Freight in excess of that of the entire year of 1919.

While the traffic has increased, the commission's figures show, the net operating income has suffered a continuous decline since 1917. The commission attributed this to heavier maintenance costs in which war taxation figured. Incomplete statistics, however, made it impossible for the commission to offer accurate comparison between the years 1917 and 1920, and it made no attempt to estimate the figures for any portion of the year.

The commission's recent table discloses that 6495 persons were killed by trains or in train service accidents during the year of 1919. Of these, 1784 or more than 27 per cent met death in grade crossing accidents.

### STRIKE HIGH ORE BODY IN ABANDONED SILVER CLAIM

HELENA, Mont., (AP)—A group of Helena men who last spring began to work on an abandoned silver claim in the Unionville district, recently struck what is declared to be some of the richest silver-lead ore ever seen in this section of the states. The veins embrace gold and there, it is said, to be indications of high grade copper ore. The mine in which the ore was found had been abandoned for nearly a half century after being believed to be worked of all valuable ore. So anxious were its original owners to cease work that they are said to have left their shovels sticking in the mud.

# WAR-TIME COMMANDER OF FLEET ON RETIRED LIST

Rear Admiral H. T. Mayo Quits Active Service with Distinction of 47 Years in Flag Command

WASHINGTON, D. C. (AP)—Rear Admiral H. T. Mayo, war-time commander of the United States fleet, goes on the retired list of the navy today after more than 47 years of service. He has the distinction of having served continuously in a flag command longer than any other rear admiral on the list.

Prior to and during the war with Germany, Admiral Mayo had charge of the training of nearly half a million men and his command included the protection of most of the American soldiers sent to France.

Nearly 30 years of Admiral Mayo's flag service have been spent at sea, his record showing 17 years of shore duty. Since his relief as commander in chief of the fleet he has been a member of the general board and now is senior member of the Italian court of inquiry. He will continue on active service until the court has been discharged. It was said at the navy department and probably will remain a member of the general board.

# DESCRIBES DESERTION OF ITALIAN BLOCKADE BOAT

D'Annunzio Hails Submarine Chaser Put in His Hands by Alleged Treachery of the Crew

LONDON, (AP)—Officers of the Italian submarine chaser No. 68-FN, were treacherously attacked, bound and gagged by their crew and then placed in a boat which took them into the harbor of Piumo, says a Milan dispatch to the London Times describing the desertion of the vessel from the blockade fleet along the Dalmatian coast. When the boat landed, it was met by Captain Gabriele D'Annunzio, who gave the men a cordial reception and made an address in which he denounced as traitors Admiral Millo, in command of Italian naval forces in the Adriatic.

Members of the D'Annunzio legionaries were asked to kneel before the traitor Admiral Millo, in command of Italian naval forces in the Adriatic. "I saved the honor of the Italian navy," it is said, the post-soldier setting an example by kneeling.

# CO-EDS BETTER STUDENTS

University of Idaho Faculty Deems Comments on Statistics

MOSCOW, Idaho, (AP)—Co-eds at the University of Idaho here are substantially better students than the university's male undergraduates, according to statistics for the 1919-20 collegiate year announced from the office of J. G. Eldridge, dean of the university faculty. The grades of all women averaged approximately 10 per cent better than those of men students.

Members of the senior class led the lower class groups in the matter of grades achieved, with the freshmen lead. Students in letters and science made the highest average among the several colleges of the university, their grades ranging well above those of undergraduates in technical courses. Students belonging to Greek-letter organizations outranked by a narrow margin those not affiliated with fraternities or sororities.

# PRESSES CLAIM FOR INQUIRY IN BRITISH ISLES

## Committee of One Hundred Commission Investigating the Conditions in Ireland Replies to Embassy's Refusal

WASHINGTON, D. C. (AP)—Hope that the decision of the British government not to permit the special committee of Americans to visit British territory to obtain information about conditions in Ireland is not final, is expressed in a letter sent today to the British embassy by the commission of the Committee of 100 investigating the Irish question.

"If our letter were to represent the final opinion of the British government," the commission wrote, "certain regrettable conclusions would seem to imply autocratic interference on the part of the government with the free communication of friendly peoples."

### Replies to Refusal.

The commission's letter was in reply to one sent yesterday by the British embassy refusing an application from the commission for a visa of the passport issued by the state department to the six members of the special committee appointed by the commission. "In seeking to send our committee to the British Isles," says the commission letter, "we have but followed the suggestion originally given us by representatives of various groups prominent in both English and Irish life. We had expected that this step would meet with your approval in view of the fact that in his letter of October 23, Sir Auckland Geddes, stated that 'the British government has more to gain than anyone in ensuring that the truth is made known to the whole world.'"

### Would Seek Facts.

"It was and is our firm conviction that such a committee as we had intended to send might make plain to the peoples both of England and Ireland the compelling reasons for America's interest. The American people are united by ties of blood to both countries. The Irish question deeply engrosses our people's interest. It is literally a domestic issue within the United States. If the present tragic conditions continue, they will menace world friendship and ultimately world peace."

### MONTANA UNIVERSITY HAS SELF-SUSTAINING STUDENTS

HELENA, Mont., (AP)—Reports to the office of the chancellor here, Dr. E. C. Elliott, show that 188 students at Montana state university at Missoula, a large percentage of the enrollment, are earning their way through school. In addition, figures compiled show 158 pay part of their expenses by working at odd jobs. Newspaper reporters, stenographers, clerks, musicians and many others appear on the list.

# IF BACK HURTS BEGIN ON SALTS

## Flush Your Kidneys Occasionally if You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tea-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—adv.

### SCOTCH WHISKEY PRIOR IS SET UNDER TEMPERANCE ACT

REGINA, Sask. (AP)—Scotch whiskey as sold under the provisions of the Saskatchewan temperance act, 1920, will cost the consumer two dollars for an eight ounce bottle.

Wholesale prices have also been agreed upon and it is estimated drugists will sell on a margin of 50 per cent profit.

# COAST GUARD SETS NEW RECORD IN SAVING LIFE

Report Shows 2,417 Rescues and Assistance Lent to Vessels and Gargoes Worth \$65,479,705

WASHINGTON, D. C. (AP)—New records in saving life and assisting distressed vessels were set by the coast guard during the past fiscal year, said the annual report of Commandant W. E. Reynolds, made public today. Rescues aggregated 2,417. Vessels and cargoes valued at \$65,479,705 were assisted as against \$20,000,000 in any preceding year, and 601 craft were seized for law violation.

Strong opposition to merging the coast guard into the naval establishment as proposed last year by Secretary Daniels is expressed in the report.

Properly Rebuked. The father and a friend were enjoying a smoke on the porch and daddy threw the almost finished cigar on the lawn. Junior picked it up, ran to his mother and exclaimed: "Look where daddy threw this, mother! Don't let him get away with that stuff just because he has company."

# HAPPY HINTS

The spirit of Christmas is making others happy, and there is happiness in every gift that carries the giver's thought of pleasing. We have planned the most complete assortment of gifts selected particularly for individual personal tastes, making it easy for you to select something specially gratifying for every one on your Christmas list. There is Happiness in Every Gift in these Happy Hints for Christmas. IN KEEPING WITH OUR POLICY THE REDUCTION OF 25 PER CENT REMAINS IN EFFECT.

**If You Can Get the Number of Her Shoe**  
on the lining we will tell you just what size in house slippers you will want to buy for her. We have them in the soft, easy, yet durable type. In colors of blue, heliotrope, lavender, old rose, wisteria, grey and pink, you can match most any bathrobe or negligee. Prices from \$2.25 to \$3.45.

**Japanese Lunch Cloths**  
are quite the proper thing these days, and friend wife will appreciate one as a gift. We also have napkins to match so that purchasing a whole set will be but a simple matter. They are reduced 25 per cent for holiday trade, and are priced according to size from \$2.25 to \$6.00.

**Material for a Dress Is a Happy Hint**  
Ask our lady clerks the amount needed and the kind of material that would be most adapted for the use your wife would give it. We have a most complete assortment for your inspection and all wool, wool and cotton mixed and silks are reduced 25 per cent, enabling you to purchase economically and wisely.

**As a Year 'Round Remembrance**  
we could suggest nothing more suitable than a bathrobe. Made in many different colors to suit the tastes of many women, our stock will make choosing one a pleasure. The regular prices show how reasonably they were priced; the 25 per cent discount makes them the more so. Prices \$10 to \$23.50.

The right gift for mother seems harder to find than for any other person. If she is here you can choose something and if it does not please her you can exchange it after Christmas, but if she lives away from here you want to be particularly careful in selecting something that will please her for she will not want to bother about sending it back for exchange. Below we have listed but a few of the many hints that can be found in this great establishment.

**You Should Choose White or Flesh Pink**  
when selecting a waist for her. For these colors will go well with her other clothes and they will match with her complexion better also. In many different styles and prices and all at reductions of one-fourth.

**Why Not Something for Her Comfort?**  
Comfy slippers are always a most desirable and acceptable gift, because of their utility. The style with stiff leather soles and heels will appeal to those who cannot wear a heelless shoe. Then for real comfort we suggest that one of the soft cushioned soled slippers be bought. The prices are reasonable and we have all sizes in stock.

**Handkerchiefs in Boxes**  
and made of the better grades of linens will be appreciated by her, and we have many styles both with initials or plain that will make selection a pleasure. All handkerchiefs are reduced a fourth during Xmas season, the original prices ranging from 15c to \$3.00 each.

**A Different Apron**  
is one of those unblended muslin kinds, so popular now. Embroidered in gay colors and made well, they will delight any woman. They are cheaper here than at most places, too. \$3.00.

**Watch the Smile of Happiness**

creep over her face when she opens up the box that contains a fur coat in it. She not only will appreciate you more, but she will forget you less if you show your appreciation of her by getting her a beautiful fur coat. They are now reduced one-fourth, making substantial savings for you.

The two words For Her, perhaps carry a greater significance than any other in a young man's vocabulary at this time of the year. For all his thoughts and ambitions are centered around something as a gift that will be both suitable and yet reflecting care and thoughtfulness in the selection of the gift. Nothing ordinary, nothing commonplace, and nothing but the best will be considered. And it is with this thought in mind that this store with its great resources is able to care for the wants of the gift seeker, For Her.

A gift coming from the Big White Store not only carries with it that mark of quality, but denotes to the possessor thereof that it is correct as to style, is quality merchandise and appropriate.

**If She Intends to Travel**  
she will appreciate more than anything, this suitcase of seal grain leather, light weight, French edges lined with silk and having good brass locks and catches. A thirty-five dollar case is marked a fourth off or \$26.25.

**She Likes to be Different**  
and a sweater will help her achieve her wish. Why not help her by getting one of these beautiful and useful garments? There are a host of colors and designs to choose from that will enable you to select something suitable for her. Our prices are low, too, and the merchandise of quality materials only.

**The Rustle of Silk Petticoats**  
is music to the feminine ear. Play a yuletide tune that will reflect your consideration for her likes by purchasing one of the many new silk petticoats that will please her beyond words. They are of quality merchandise bound to make a lasting impression on the recipient. They are also reduced one-fourth which will make them inexpensive.

**With Her Dainty Feet**  
once in a pair of comfy slippers, lolling in a large arm chair before the reading a good book, she will be most content. Of course, it's the slippers that will prove the greatest comfort to her and whether her choice be blue, pink, burgundy, old rose, lavender or grey we can find the one she will like best. They are reasonably priced from \$2.25 to \$3.50.

**Pretty Ankles—You Like to See 'Em**  
and so does she. They should be clad in silk hose, and these can be found here in all colors and different qualities and weights. A special number is one that sells for \$2.95, formerly priced at \$3.95 and \$4.50.

**Kid Gloves are Essential**  
to set off the new gown or suit. Most best dressed women come to this store to buy their gloves so that this is the logical place for the gift seeker to look for such a gift. In colors of black, white, grey, brown and tan, and priced with reductions of one-fourth.

**If You Can Get His Old Glove**  
we will be able to tell what size you should buy for him. We have many styles in dress or for general and auto wear.

That gift for him is perhaps puzzling you, Young Lady. Don't let it get the best of you, for you can settle that vexatious question in a few minutes by a visit to the men's department of this store. Our clerks are willing to aid you and their suggestions are worthy of note and will relieve you of any worry as to what to give. You will of course want to give something appropriate and of good taste. By buying here you are assured of the article being correct in style, unexcelled in quality and most reasonable in price.

**Fancy Bordered Handkerchiefs**  
of silk are to be found here at 75c. Most gentlemen will appreciate so thoughtful a gift as they usually neglect to purchase one for themselves.

**Does He Drive a Car?**  
Then a pair of auto gloves either silk lined or lamb lined will be most appreciated. In all good makes such as a man chooses for himself at \$5.00 to \$10.00.

**If He Smokes, and Many Men Do**  
he will surely appreciate such a gift as a smoking jacket. Cut comfortably so that he can enjoy the evenings smoke greater, tailored finely and of quality merchandise you will be proud to give him one. Priced low at \$12.50 to \$18.00.

**Silk Shirts are Men's Failings**  
and one of these in the new stripes that are conservative yet good looking will please him. Cut full, tailored well, and made of good heavy silks they are reasonable in price at \$3.40 to \$9.00.

**No Man Has Enough Handkerchiefs**  
and Xmas is a good time to supply him with a dozen more. In linen and initialed they are 50c. In cotton or cambric initialed 25c. A good Jap silk handkerchief is priced at 2 for 35c.

**For Her Dressing Table**

You will want to get something that will reflect your good taste and nothing will do this better than Ivory Pyralin toilet sets, either in single pieces or sets complete. Brushes, combs, mirrors, manicure sets, picture frames, in fact, any toilet requisite are all reduced one-fourth.

The two words For Her, perhaps carry a greater significance than any other in a young man's vocabulary at this time of the year. For all his thoughts and ambitions are centered around something as a gift that will be both suitable and yet reflecting care and thoughtfulness in the selection of the gift. Nothing ordinary, nothing commonplace, and nothing but the best will be considered. And it is with this thought in mind that this store with its great resources is able to care for the wants of the gift seeker, For Her.

A gift coming from the Big White Store not only carries with it that mark of quality, but denotes to the possessor thereof that it is correct as to style, is quality merchandise and appropriate.

**Match Her Toilet Set**  
with some piece that she is out of or has lost. We have a splendid assortment of separate pieces in Pyralin Ivory that will match up with most sets. The prices are really low.

**Some Pretty Beads are Here**  
and ready to adopt some lovely young lady. The new shipment is replete with what fashion says is correct and they have been specially priced for the Xmas gift seeker. You'll find them on the drygoods side of the house.

**Hand Bags are New in Style**  
and we've bawled the man who chooses one that is not up to the minute in this respect. To avoid the possibility of giving something that is not correct, we suggest that they be purchased here for the new arrivals have come in in time for Xmas shoppers. In all leather, in different shapes and sizes, some are small neat purses, others are larger and are fitted with mirror, lip stick, powder puff and small change purse. Some are embossed with different designs, others are plain. Either are most acceptable as gifts. They, too, are reduced one-fourth.

**If in Doubt Give Furs**  
is a slogan well suited to Xmas gift givers. In sets or in single pieces our collection cannot be beat and the variety of styles and furs will please any connoisseur. Among the furs are fox, mink, lynx, beaver, wolf and Jap lynx. The furs have also been reduced one-fourth for Xmas shoppers, the savings running from a few dollars to \$50.

**As a Gift—Bath Robes**  
They are so becoming in the new patterns and styles. The materials are so warm and they will be appreciated because of the great utility. Our sales ladies are ever ready to show them to you and you will find the reasonableness in the prices. The one-fourth off sale effects these, too.

**These Silk Negligees**  
are adorable and the lucky woman who gets one will be proud indeed. In the new Japanese silk styles, made with care and attention to all the little details, and made up with style and distinction in every seam, they will prove attractive presents. The prices for this quality merchandise is most low and the discount makes the prices really very low indeed.

**Here is a Secret For You**

When buying neckties for men choose one that contains a little bit of red in it, for all men like red and invariably choose a tie that has a little bit of red coloring in it.

That gift for him is perhaps puzzling you, Young Lady. Don't let it get the best of you, for you can settle that vexatious question in a few minutes by a visit to the men's department of this store. Our clerks are willing to aid you and their suggestions are worthy of note and will relieve you of any worry as to what to give. You will of course want to give something appropriate and of good taste. By buying here you are assured of the article being correct in style, unexcelled in quality and most reasonable in price.

**Neckwear a Man Likes**

**THE PRIME REQUISITE**

If any one thing more than another  
is demanded of governmental bodies at  
the present time, it is that right econ-  
omy both in the matter of money ex-  
penditures and of bulk of new legisla-  
tion, shall characterize their activities.

It would be better, undoubtedly, for  
agencies of government now function-  
ing and soon to begin operations to  
take their cue from the disposition of  
the people in this regard, rather than  
from precedents too frequently set by  
their predecessors.

The legislature of the state of Idaho,  
when it convenes in Boise next month,  
will be confronted with certain neces-  
sary things to be done. There will be  
necessary appropriations to be made to  
provide for the continuance of the  
state government and for certain neces-  
sary improvements and development.  
These appropriations should be held to  
the absolute minimum.

Certain new legislation is demanded.  
Its claims should be sifted and with a  
double purpose of providing for every  
essential requirement and sternly elim-  
inating all the rest.

Having done this the legislature will  
have completed its work, and its mem-  
bers ought not to linger longer in the  
capital city.

Prominently economy must be the  
watchword.

And this applies as well to the coun-  
ty and city administrations and the sev-  
eral highway districts as to the state  
legislature and administration.

**THE HOUSE OF THE OPEN DOOR**

Did you ever hear of the House of  
the Open Door? It is located in Buenos  
Aires, that sunny South American cap-  
ital, and is among the most luxurious  
palaces of the Argentine. There are no  
walls about this house, nor doors shut  
within it. The rooms are spacious and  
the garden in which it is set is a pleas-  
ant spot.

Now who do you suppose lives in this  
house? It is the insane persons of Bu-  
enos Aires. They have been gathered  
there by Dr. Cabres, a famous pathol-  
ogist. There are no clanking chains  
nor padded cells for his charges. Force  
has been used scarcely ever in the do-  
zen years of its existence. What is the  
secret? It is love of liberty. Dr. Cab-  
res says that a man, however his reason  
may have been shattered, never loses  
that primal desire to be free that typifies  
all mankind. So he has made of his asy-  
lum a veritable palace, and the inmates  
hardly realize that they are prisoners.  
Hundreds have recovered. Of scores it  
has been found that at the basis of their  
insanity was the repression, the stern  
force of circumstances, that had denied  
them their liberty. So reason cracked.  
Now slowly and as mercifully as possible,  
it is being repaired.

Surely North American institutions  
for the insane or feeble-minded can find  
something to study in Dr. Cabres' ex-  
periment. A success of a dozen years  
ought to be convincing. Perhaps some  
day, in this country mercy, based on  
science, and not blind force, will gov-  
ern our treatment of the helpless pri-  
soners of society.

TEXTILE MILLS  
MOVE TO LOWER  
PAYROLL COST

Manufacturers Conference Suggests Reduction of 22 1/2 Per Cent to Bring Schedules Back to Last Year Figures

ATTRIBUTES STAGNATION  
TO LETHARGY OF BUYERS

BOSTON, Mass., (AP)—A wage reduction of 1 1/2 per cent in textile mills in New England and New York state was forecast today in a statement issued after a conference of textile manufacturers. The industry employs 300,000 persons.

Such a reduction, according to statement, would bring the wage scale schedules back approximately to the figures that existed a year ago and would leave the wage standards generally more than double those of 1915.

The present stagnant condition of the textile industry made consideration of a wage reduction necessary, it was stated.

Popular Demand Figures

"It is evident," said the statement, "from what has transpired in the past few months that there has been an insistent and compelling demand on the part of the public that the cost of living should be lessened by a readjustment of the price of commodities entering into the expense of daily life."

"Now that the process of readjustment has operated in the wage earner's favor and living costs are still further to be lessened as the present low prices of raw materials are reflected in retail costs, the manufacturer can properly take some action to lessen the labor cost involved in production."

Several Mills Close

"The refusal of buyers to purchase goods for the past four or five months at a high basis has led to a stagnation of the markets upon which the manufacturers depend so that at the present time many of the textile mills in New England have been obliged to shut down many more are working on short time and unless something is done to remedy these conditions, unemployment will be increased and continue."

In order to stabilize conditions so that goods can be purchased and business be done, it is indispensably necessary, unfortunately though it may be that there should be some wage reduction.

"Accordingly, it has been suggested that a reduction of 22 1/2 per cent will aid materially in stabilizing the market."

Appeals to Merchants

"If this reduction is made, it is hoped that merchants will feel that the factor of labor as well as raw material costs have been so adjusted that they will feel secure in placing their order for merchandise."

"If this turns out to be the result, employment can be provided, and it is hoped and expected that business can proceed on this basis. It is also hoped that the public will respond to this suggestion and that manufacturers will be able to go on with the manufacturing processes with no further reduction in the wages of employes."

KAHN DECLARES

(Continued from page one)

"there are many more political agitators and demagogues on the other side of the Pacific than we can possibly find in our own country."

"Happily, he continued, "we in America are not worked into a frenzy of excitement by purely political happenings."

Mr. Kahn recalled the recent incident in Tien Tsin where American soldiers had been found in the Japanese police station by the American consul general, wounded and beaten, when "the Japanese officers denied any knowledge of their whereabouts." This incident, he declared, was in a fair way of amicable adjustment between the governments, adding:

Americans Not Excited

"The American people have never become excited over the affair. You hear no threat of war on the part of the American statesmen, politicians or even demagogues."

Publishers and authors reported, the California representative, said, that Japan was making every effort to unite the yellow races. The Japanese under such a program hopes and expects to be the leader of such a race amalgamation; that also is striving in every way to acquire and maintain the hegemony of the yellow nations."

"Are the Japanese trying to bring about the world-wide conflict between the white races and the yellow and the brown races?" asked Mr. Kahn. "I sincerely hope not. It is a question which the statesmen of all liberty-loving, democratic nations and peoples will do well to study and bear constantly in mind."

Today's Markets

New York Stock Market

NEW YORK, (AP)—Selling for both accounts in which involuntary liquidation formed a considerable part, provoked additional losses of 2 to 6 points in today's market. Sales approximated 1,000,000 shares.

Premature against oils, motors, steel and specialities, particularly food, chemical and fertilizer issues, was resumed at the heavy opening of today's stock market. Most Petroleum fell three points and Pan-American, Royal Dutch, Texas Company and Houston Oil lost 1 to 1 1/2. White Motor dropped 1 1/2 on prospective reduction of the dividend. Crucible Steel forfeited 2 points, with as much for Virginia-Carolina Chemical Steel were heavy with shipments, notably Atlantic Gulf. Rails were steady at the outset, but eased with the general list within the first hour.

Such stocks as American Sugar, National Biscuit, Corn Products, American Agricultural Chemical and Great Northern Ore at losses of 2 to 3 points for a time. Most Petroleum fell three points and Pan-American, Royal Dutch, Texas Company and Houston Oil lost 1 to 1 1/2. White Motor dropped 1 1/2 on prospective reduction of the dividend. Crucible Steel forfeited 2 points, with as much for Virginia-Carolina Chemical Steel were heavy with shipments, notably Atlantic Gulf. Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.36; first 4's \$85.20 bid; second 4's \$85.44; first 4 1/4's \$86.26; second 4 1/4's \$86.30; third 4 1/4's \$88; fourth 4 1/4's \$85.50; Victory 3 3/4's \$85.00; Victory 4's \$85.46.

Grain and Provisions

CHICAGO, (AP)—Wheat prices turned downward today after a show of strength at the start. Initial gains were ascribed to the liberal export business done yesterday. Haying orders this morning, however, checked full. Opening quotations, which varied from the same as yesterday's finish to 2c higher, with December \$1.70 1/2 to \$1.71 and March \$1.66 to 1.68 1/2, were followed by a decided setback followed by a rally, and then something of a rally.

Bearish views in regard to economic conditions had a further depressing effect later. The close was unsettled, 3 1/4 to 3c net lower with December \$1.69 1/2 to 1.69 3/4 and March \$1.64 to 1.64 1/2.

Scantiness of receipts here held the corn market relatively steady. After opening 3c off to 1 1/2c advance, including May at 70 1/4c to 70 1/2c, the market underwent a slight sag.

Later the market receded with the wheat. The close was weak, 1 1/8 to 1 5/8 net lower, with May at 75 1/8 to 75 1/4.

Oats like corn were dull and fairly firm, starting unchanged to 3/4c higher, May 52 to 52 3/8c, and then declining a little.

Absence of any aggressive support made the provision market weaken despite some gains at the outset.

# MISS MACSWINEY OFFERS ADVICE

### American Effort to Gain Truth Would Be Best Aid to Irish Independence

WASHINGTON, D. C. (AP)—American aid for Irish independence can best be exerted through "efforts to gain the truth about actual conditions."

Miss Mary MacSwiney, sister of the late lord mayor of Cork, declared yesterday before the commission of the Committee of 100 investigating the Irish question.

Miss MacSwiney was the first witness called when the commission resumed its hearings after an interruption of several weeks. It had been the plan to first hear Mrs. MacSwiney, widow of the lord mayor, but this was changed.

Miss MacSwiney told the commission she felt that most Americans were uninterested in the Irish situation.

Outside of Ireland, Miss MacSwiney said, an impression prevails that the move for Irish independence is fostered entirely by the Catholics.

The system of education established in Ireland by the British was attacked by Miss MacSwiney, who declared that "most of the people of Ireland do not know how to express themselves."

These conditions with respect to education, she continued, "have made it possible for anti-Irish groups in England to say that the Irish citizens do not want independence."

Traces Sinn Fein History. Miss MacSwiney gave an historical account of the development of the Sinn Fein and what she called the "policy" of the British officials to destroy the sentiment.

The Sinn Fein, she said, has been wrongfully interpreted in some places outside of Ireland.

"It simply is a phrase meaning 'Ourselves,'" she explained.

"It is a policy just as you have your 'reagan' or 'truman' policy."

Miss MacSwiney told of the activities of her brother, the lord mayor, in aiding the development of Irish industry.

She said she founded the original industrial development.

Describes "Gun Running." The witness gave a vivid description of the "gun running," which she said was participated in by both the Irish volunteers and Ulsterites, led by Sir Edward Carson.

Declaring that the British always had boasted that they wanted to treat both north and south alike, Miss MacSwiney said she believed the support of the "gun running" by the Irish volunteers was proof that they were not fair.

Sir Edward Carson had to import arms from Germany for them. The British knew of it, but they had enforced the defense act against the volunteers and made them stop gun running, so the government was a fix. It had to save its face. Well, to do that, it stopped the boat of arms for Sir Edward Carson somewhere in west coast and piled it over and changed its name. Then that same ship load of arms came on into Sir Edward Carson's arms. That was the way it saved its face. But it did not deceive many of the Irish Republicans.

# FARMERS HEAR BANKERS PLAN FOR EXPORT TRADE

### Federation President Announces Purposes of Financiers Conference

INDIANAPOLIS, Ind., (AP)—Immense formation of a \$100,000,000 export trade corporation will be considered Friday at a meeting in Chicago of bankers, public officials, manufacturers and agricultural leaders.

J. R. Howard, of the American Farm Bureau federation, announced yesterday at the federation's annual convention here.

"The meeting," he said, "is to effect adoption of the corporation's constitution and select the temporary, if not the permanent officers, so that the organization can function immediately."

Mr. Howard added that the American Bankers' association at its recent convention, endorsed the plan for a committee of bankers had given two years study to export trade, and had recommended the organization of the \$100,000,000 corporation under the Edge act.

The Chicago meeting, he said, had been called by the bankers' association.

After hearing the statement of Mr. Howard, the convention authorized him to appoint a committee to attend the Chicago meeting.

Resides its decision to participate in the organization of the trade corporation, the convention without discussion or opposition adopted a resolution asking the federal trade commission to permit the federation to participate in a pending case, protesting against steel prices being based on Pittsburgh prices plus freight rates.

The resolution declared that this price "is based on a fictitious freight cost."

# SOCIALIST VOTE SHOWS INCREASED PROPORTIONS

### Debs Polls Greatest Number of Votes Ever Given Candidate of His Party for President

WASHINGTON, (AP)—Eugene V. Debs, socialist candidate for president in the last election, received nearly 900,000 votes—the greatest number polled by a socialist presidential nominee in the country's history and approximately twice the socialist vote polled in 1916.

Available official and unofficial returns from all eleven states show that Debs polled 900,563, which added to the seven states' socialist vote four years ago—48,360—would give him a total of 948,923.

The missing states are Idaho, Louisiana, Montana, New Mexico, North and South Dakota and Texas.

Debs rolled up 204,120 votes in New York state alone, exceeding the socialist vote, the unofficial returns show—more than four times the state's socialist vote in 1916, and over three times Debs' poll in 1912.

Other states which gave Debs a sizeable vote this year included Wisconsin with 80,635; Illinois 74,747; Pennsylvania 70,021; California 64,070; Ohio 57,147; Minnesota 50,100; Massachusetts 32,207; Michigan 28,947; New Jersey 27,141; Oklahoma 25,638; Indiana 24,703; Missouri 20,243; Iowa 16,981; Kansas 15,507; and Connecticut 10,335.

# UTAH LIVE STOCK GROWERS ASK FOR EMBARGO ON MEATS

SALT LAKE CITY, (AP)—The Utah Horse and Cattle Growers' association in convention here Wednesday adopted a resolution asking an embargo on the importation of fresh meats from South America and Australia.

Secretary Thomas Redmond was directed to appeal to Utah's legislature in congress to urge it to prevent the importation as a measure of protection to American livestock industry.

To Remove Label. Do not attempt to remove a label from cloth by wetting it. Simply draw the cloth in a bias direction, first one way, then the other, and it will come off quickly, leaving the cloth clean and without injuring the fabric.

It is a pleasant thing to reflect upon—that every baby born into the world is a finer one than the last.—Nicholas Nickleby.

# WHAT SHALL WE HAVE TO EAT

When there is a cupful or two left of baked or broiled fish, try:

**Turban of Fish.**—Scald one and one-half cupfuls of milk with one slice of onion, a blade of maco and a sprig of parsley; remove the seasonings. Melt one-fourth of a cupful of butter, add the same amount of flour, half a teaspoonful of salt, a few dashes of cayenne, then add the scalded milk gradually and two well-beaten yolks. Put a layer of fish on a buttered dish, sprinkle with salt and pepper and add a few drops of lemon juice. Cover with sauce, broil, drain and serve in a casserole.

**Macaroni and Cheese in the Finesse Cooker.**—Boil one cupful of macaroni fifteen minutes, adding one teaspoonful of salt to a quart of boiling water. Rinse, drain and put in a casserole. Fill the dish with milk, stir in one tablespoonful of flour cooked in two tablespoonfuls of butter long enough to blend it. Add one cupful of grated cheese and sprinkle thickly with paprika. Pack in a cooker between two moderately heated rollers, using one roller as a cover to the casserole. Bake one and one-half hours. Do not heat the stones too hot or the dish will be baked hard and dry.

**Salmon Cook.**—Line a bread pan slightly buttered with warm, cooked rice well seasoned, cooking it in a cup of milk if possible. Skim milk will do nicely. Fill the center with cold-boiled salmon flaked and seasoned with salt, pepper and a slight grating of nutmeg. Cover with rice and steam one hour. Turn out on a hot platter and surround with an egg sauce.

**Fried Egg Plant.**—Pure and cut in thin slices. Pile the slices on a platter, sprinkling each slice with salt, cover with a plate and weight. Let stand one hour, drain, rinse each slice in cold water, dip in beaten egg, then in seasoned crumbs and fry till brown.

# KENYON OPENS DEBATE ON PACKER REGULATION

### Iowa Senator Discusses Proposed Legislation and Commission Report

WASHINGTON, D. C. (AP)—Debate on the pending bill for the regulation of meat packing industry was opened yesterday in the senate by Senator Kenyon, republican, Iowa, who discussed the bill itself, federal trade commission reports on the alleged monopolistic tendencies of the packers and the federal court decrees accepted by the "big five" in agreement with Attorney General Palmer.

"Two main charges, reiterated time and again, deserve either a disapproval or action by congress," Senator Kenyon said. "The first is that the five great Chicago packers, Swift, Armour, Morris, Wilson and Cudahy, acting in combination, have substantially monopolized the industry."

"The second, that by their growing tendency to monopolize the distribution of foodstuffs and meat, they constitute a threat against the welfare of the entire consuming public."

"What I have to say rests upon the authority of the trade commission. I know, too, that all the old methods with which the packers have fought meet inspection and investigation, the assemblage of the greatest and most powerful lobby ever called to Washington, ably supplemented by its publicity efforts through the Institute of American Meat Packers, by business pressure through cattle band committees on cattle producers at home, are used to block congressional consideration of the situation."

# SEARCH OF AMERICAN BOAT FOR SMUGGLED COMMODITIES

GENOA, (AP)—Search of the steamer America upon its arrival here from New York yesterday revealed a quantity of tobacco, sugar and coffee, which, it is alleged, was being handled by smugglers.

In addition, the officers found 400,000 rubles in the custody of the wireless operator. He declared the money was not to be used for political purposes, but he refused to say whether the money and goods have been sequestered by the police.

# HOUSES FILE SOLEMNLY PAID GRAVE OF MASTER

WINDON, England, (AP)—Twenty-one pairs of hounds filed solemnly past the grave at the funeral of William Selby-Lowndes, a well known English country squire of the old school, who had been master of the Windon hounds for 25 years.

The village churchyard overlooks the famous Windon Chase. After the burial services, the members of the hunt led the famous Windon Chase pack past the flower-lined grave.

# DE VALERA DEFENDS HIS ACTIVITIES IN AMERICA

### 'President of Irish Republic' Doubts British Intention to Make Representations

NEW YORK, (AP)—Eamonn de Valera, "president of the Irish republic," who has been ill here for several days, yesterday declared from his sickbed a statement dealing with the announcement by Andrew Bonar Law in the house of commons that the British government was considering asking the United States to take official notice of the Sinn Feiner's "anti-British" activities in America.

"I do not think that the British government will, in fact, make any official representations to the American government, because even the British government well knows that my activities have not been anti-British, but pro-Irish," said Mr. De Valera.

"The investigation by Mr. Bonar Law and Lloyd George of the assassination of Irishmen and the murder of women and children in Irish towns and villages, the general destruction of property and of crops and the attempted dilapidation of the whole civil and economic life of the country, with the idea of compelling, through anarchy and starvation, the surrender of Ireland's right to liberty—these are the things that are causing the disturbance of Anglo-American friendship, because they reveal how hypocritical were the professions of British statesmen during the war, when they said that England's ideals were the same as those of America."

"All my activities here have been within recognized American law and custom."

# FOOTPAD OFFERS STAKE TO STEUBENVILLE PROSECUTIVE VICTIM

ST. CINCINNATI, Ohio, (AP)—Daniel Cable, a pottery worker, reported to the police here last night that a highwayman who held him up while he was en route to his home in a suburb, offered to give him \$1 after the highwayman discovered that he was penniless.

"Here, brother, you need it worse than I do," said the man. Cable said he was too surprised to accept the money.

SKIDMORE LAUDS NAVY SERVICE AS THE RIGHT THING

Half of Young Man's Life Lost if Two Years at Sea is Rejected
That he has had no cause to feel disappointment over his enlistment in navy service is a fact attested in a letter written by R. Skidmore to officials in charge of the Twin Falls naval recruiting station. Mr. Skidmore, who is stationed at Goat Island, recently returned here for the service, appears to be entirely unimpaired by his navy. He writes as follows: "I feel it is my duty to write to you fellow sailors thanking you for convincing me that the U. S. navy is the most adequate and interesting organization. The navy is a continual pleasure from morning to night. The naval band is now playing 'O, By Jingo.' The sailors going on to U. S. R. California went to San Francisco this evening for parade and had a great time. Camps Sims (the medical department) is giving one of the biggest balls and parties ever held in San Francisco next week at the Palace hotel. Sure have a keen hand here (there goes 'Trippin'). PREACHES STRONG SERMON

It is reported that the greatest sermon of the entire series, being delivered by the Rev. J. Elliott Blimp in the Christian church revival, was the sermon last night, on "What the Bible Says About Hell." Among the many striking sentences were, "I would rather know what Jesus says about this than what any one else may say. If hell is figurative then it is founded on a fact and we had better prepare. An ounce of revelation is worth a whole ton of speculation. Better get right now." The Rev. Mr. Blimp's subject tonight is, "The False and the True." The intermediates will lead the music with Violet VanMeter singing the solo. Baptism will be administered.

Substantial Profit Yielded from Beet Acre

Japanese Farmer Clears \$88.40 Over and Above All Expenses of Growing
With his crop running not more than 16 tons in the acre, T. Takaki, reaped a reward of \$88.40 from sugar beet culture this year. The sum represents a clear profit to the farmer. Takaki, according to a statement received from officials of the Agricultural Sugar company's agricultural department, received from all sources for the product of his beet acreage the sum of \$197.80 per acre. His expenses for growing and bringing the crop to maturity amounted to \$109.40. This includes rent for the ground, which Mr. Takaki, although owner of the property, was charged in the cost of production. He sold his beet tops at 40 cents per ton, revenue which is included in the total receipts.

Weather Guesses Regularly Right Just at Present

The weather guesser is hitting it off with more or less accuracy. He guessed snow for this morning and it did. The extent of the downy fall was one inch in the past 24 hours.

Yesterday's prognosis covering the last night and today goes for tonight and tomorrow, too, according to the weatherman.

Although yesterday's top temperature did not equal that of the day before, the drop at night made us low a mark. High was 35 as against 44 on Tuesday, with 23 in comparison with 22 for low.

Had it not snowed for this evening and Friday, with chances more than fair to mid-lying in favor of the guess.
