Leaders Plan to Begin Debate After Disposition of Immigration Bill the First of Next Week

WASHINGTON, D. C., (AP)—Repeal of war-time laws will be considered by the house as soon as disposition is made of the immigration bill.

GENEVA, (AP)—Machinery for putting the economic blockade into effect, when occasion should call for such action, was discussed by the assembly of the league of nations at this morning's session.

The proposed machinery, intended as a weapon against an offending state, consists of an international blockade committee of eight members appointed by the council of the league to study the subject of application of the blockade against the secretary-general of the council, whom the league has charged with the duty of informing the council of facts which appear to show that the covenant has been broken.

These members, says the committee report embodying the plan, shall be in duty bound to take measures to carry out the provisions in article XVI of the covenant, comprising the breaking off of all diplomatic relations except such as exist for purely humanitarian purposes.

Senator La Fontaine of Belgium, speaking on the report, made reservations concerning the recommendation in the document that further study be given the Scandinavian proposition that small states bordering on the offending nation should be released from the obligations of the blockade.

President Byrnes announced it had been decided by the steering committee in order to complete the work of the assembly by the end of next week, speeches should be reduced to ten minutes each and that two sections should be held daily, beginning Monday.

Wilson Declination Disappoints

The outstanding features in connection with the league of nations assembly and the commission yesterday were: Disappointment evidenced over President Wilson's declination of the invitation that an American delegate participate with the commission to discuss disarmament.

HOLDS MEAGER HOPE FOR CUT ON TAX BILLS

Representative Long Tells Life Insurance Presidents Substantial Reductions Not Possible Soon

SLICES BILLION DOLLAR FROM ESTIMATES

NEW YORK, (AP)—Life insurance executives from nearly every state in the union today attended the opening of the fourteenth annual convention of the Association of Life Insurance Presidents.

Discussion of the necessity for a nationwide application of economy and thrift in the home, in business and in government will occupy the sessions of the convention, which will end tomorrow.

In opening the convention, Chairman Fred A. Howland of Montpelier, Vt., said that the volume of life insurance in force in American companies far exceeds that in all other companies of all other countries.

Early Cut Impossible.

Substantial reduction of taxes is not possible in the near future, Representative Longworth of Ohio, a member of the house ways and means committee which frames revenue measures, declared in addressing the life insurance presidents.

"Our immediate problem," Mr. Longworth said, "is the revision and modification and simplification of present law, and the substitution of fair and proper taxes for the present tax on my mind are in many respects fair and improper."

The speaker predicted that congress would slide in the neighborhood of a billion dollars from executive department estimates aggregating more than four billions.

The excess profits tax was described by the speaker as "essentially a tax on brains and ability and efficiency of management," which ought to be repealed.

Substitutes Considered

Two substitutes, and only two, Mr. Longworth said, were under committee discussion, a sales tax or a tax on the undistributed profits of corporations.

"It is proposed," Mr. Longworth said, "to impose a tax of about 25 percent on the difference between what a corporation actually earns and what it distributes to its stockholders."

INJURIES CAUSE DEATH OF PIONEER MISSIONARY

Rev. A. J. Josselyn Dies in Oregon Following Accidental Explosion of Kerosene Can

CANBY, Ore., (AP)—Following injuries received Thanksgiving day, when a can of kerosene exploded in his home here, Rev. A. J. Josselyn, pioneer Methodist missionary and minister in the northwest, died yesterday. Dr. Josselyn was active in the northwest for fifty years, and established many Methodist churches in Washington, Oregon and Idaho. He recently celebrated his fiftieth anniversary as a minister. With the late Rev. T. B. Ford and Rev. L. M. Howarth, Dr. Josselyn was one of three Methodist missionaries sent into the northwest in pioneer days. He has occupied many pulpits in Washington and Oregon.

DEMOCRAT FLAYS HOUSTON'S TAX REVISION PROPOSALS

WASHINGTON, (AP)—Secretary Houston's recommendations Wednesday in his annual report that excess profits taxes be repealed and the higher brackets of income surtaxes be reduced were attacked yesterday by Representative Kitchin, of North Carolina, ranking democratic member of the house ways and means committee, as "the most unwise, unjust, undemocratic and pro-republican that ever emanated from any department of the government since its beginning."

LOWER INDUSTRIAL DEMAND FOR COAL REDUCES PRICE

PEORIA, Ill., (AP)—Local coal dealers yesterday announced a drop of \$1 to \$1.50 a ton in Illinois coal, following announcement of a similar reduction by one operator at Springfield. This coal is now retailing at from \$7 to \$7.50 a ton. Decreased industrial demand for steam coal and smaller exports were said to be the causes of the drop.

STOCK GROWERS REQUEST WOOL EMBARGO AND DUTY

Association Ends Salt Lake Session after Voting Change in Name

SALT LAKE CITY, (AP)—The United Stock Growers' association, representative of the livestock interests of 12 western states, decided at the closing session of its convention to change the name of the organization to the Range Stock Growers' convention. R. C. Turrittin and Vernon Metcalf, both of Nevada, were elected president and secretary, respectively.

Resolutions adopted at the concluding session included one favoring the immediate placing of an embargo on wool and wool products and the levying of an import duty sufficient to equalize the cost of production in the United States with that of countries from where importation is made, plus a compensatory duty offsetting any difference in exchange rates.

Another resolution called upon congress to enact at the earliest moment a permanent tariff upon meat animals and their products, sufficient to place the American producer on an equality in American markets with producers whose product is exported to this country; and that congress be urged to pass an immediate embargo on the importation of meat animals and their products pending the passage of the tariff legislation above suggested.

The convention also passed a resolution urging the house of representatives to appoint a committee of five members to investigate the necessity of avoiding every possible increase in fees for grazing until such time as existing conditions change to the advantage of the American livestock producer and in a fair way to avoid bankruptcy.

TWENTY-NINE WOMEN TO SIT IN LEGISLATURES

Mrs. Bortha V. Irwin of Twin Falls, Only Member of Sex Elected in Idaho

NEW YORK, (AP)—Twenty-nine women were elected to state legislatures in the recent election, this number being equal to approximately half the total for all preceding years, according to a list compiled by the National Woman Suffrage association.

Connecticut leads the nation with five women elected, and most of the other gains were made in the east.

The list of women legislators by states follows:

- California—Mrs. Anna L. Saylor, Mrs. Elizabeth Hughes, Miss Eato B. Broughton.

HighSchool News

As a curiosity stimulator the junior play cast gave short selections from their production, "The Private Secretary," for the assembly Wednesday afternoon. This three-act farce by Charles Haultrey promises to be one of the most enjoyable high school plays ever presented. The entire production will be given December 15 in the high school auditorium.

The newest venture of the high school, the publication of a monthly paper is under way. The first issue, "The Blue and White," as it is to be called, will probably come out the last of next week. Reporters from the various departments of the high school have been appointed and are working hard to make this issue a real live number. The work is in charge of D. A. Miles of the commercial department and Miss Alice Johnson of the English department. After the first issue, which will probably sell for 10 cents, the circulation will be almost entirely by subscription.

The main feature of the program of the III Y club meeting Wednesday evening was a talk by Superintendent Hal G. Blinn. His subject was "Citizenship in a Republic." He emphasized five phases of efficiency which go to make up good citizenship. About 35 members of the club were present.

Due to the football activities of the past few weeks it has been impossible to hold student council meetings until Wednesday evening. For this reason the meeting was a long and very important session. It was decided to give football letters to the 14 men recommended by Coach C. W. Evans. The admissions to the junior class play were also decided and will be announced later. The requirements of club constitutions were established.

COMMITTEE TO SELECT SITE FOR ROOSEVELT MEMORIAL

WASHINGTON, (AP)—The committee to select a site for the Roosevelt Memorial association's projected monument in the national capital in honor of the former president and of which Ellhu Root is chairman, was expected to begin here today, its consideration of available plots and of designs.

Nearly two million dollars has been raised by popular subscription for the memorials here and at Oyster Bay, N. Y., home of the former president.

Mr. Root's committee includes Senator Hiram W. Johnson, Mrs. Whitlow Reid, Raymond Hobbs, Julius Rosenberg and Major General Leonard Wood.

PARLIAMENT OF NORWAY AWARDS PEACE PRIZES

Leon Bourgeois of France and President Wilson Receive Nobel Peace Honors for 1919 and 1920

PRESENTATION CEREMONY IS COLORFUL OCCASION

CHRISTIANIA, Norway, (P)—Presentation of the Nobel peace prizes for 1919 and 1920, which have been awarded, respectively, to Leon Bourgeois of France and Woodrow Wilson, president of the United States, took place here today. Formal announcement of the awards was made yesterday. A message from President Wilson to be read upon the presentation of the 1920 prize had been received by Albert C. Schmidtman, American minister to Norway, and was read by him during the ceremony.

The exercises took place in the presence of members of the cabinet in the house of parliament, many foreign diplomats being in attendance. J. G. Lovstrand, former premier, spoke, in handing the prizes to the French and American ministers, who were introduced by the speaker of the chamber, Anders Johanessen. The committee which makes the prizes to the French and American ministers, who were introduced by the speaker of the chamber, Anders Johanessen. The committee which makes the prizes to the French and American ministers, who were introduced by the speaker of the chamber, Anders Johanessen.

The last time the Norwegian parliament in session awarded the Nobel prize was in 1906, when the late Theodore Roosevelt received the honor.

MARKS SIXTEENTH BESTOWAL OF DYNAMITE INVENTOR'S GIFT

NEW YORK, (P)—Award of the Nobel peace prize today to President Wilson "was the person who has promoted most of heart the fraternity of nations and the abolition or diminution of standing armies and the formation and increase of peace congresses," marks the sixteenth bestowal of the Swedish inventor of dynamite, Alfred B. Nobel, whose name it bears. President Wilson is the third American to receive the peace prize, the others being Theodore Roosevelt in 1906 and Elihu Root in 1912.

The prize, one fifth of the annual interest on about \$10,000,000, but is payable in Swedish kronas, which at the present rate of exchange, represents about \$29,100,000 in American gold. A krona in the United States at present has a value of 10 to 12 cents compared to its normal value of nearly 27 cents. Recipients in countries where the krona is above par, however, will receive much more than the amount stipulated. King Haakon of Norway, winner of the Nobel prize for literature, will receive \$18,000, and a German award would make the recipient in that country almost a millionaire. Similar awards are made, in the Swedish storthing today, to individuals who have attained supreme eminence in the domains of physics, chemistry and medicine.

SERIOUS DEVELOPMENTS LOOM IN TOBACCO BELT

Growners March in Body to Warehouses Demanding Closing Until Better Prices Come

OWENSBORO, Ky., (P)—Serious developments are threatened here because of the condition of the tobacco market. Low prices of which, it was said, cost out the farmers of the Green River district with bankruptcy.

Five hundred tobacco growers following a meeting here yesterday marched in a body to the loose leaf warehouses, where they demanded that the owners close their places of business until better prices could be realized.

Five of the seven warehouses holding bids here have agreed to close. Sales yesterday were practically \$3 a hundred stronger than the day before's average, 72,820 pounds being over the trucks for an average of \$8.78 a hundred.

LANDIS TO HAVE FULL AUTHORITY IN PURIFICATION

Supreme Head of Game Authorized to Free Baseball of Gambling Evil

CHICAGO, (P)—Judge Kenesaw Mountain Landis, supreme head of baseball, will have full authority to rid baseball of the gambling evil, according to statements made here following his conference with Ban Johnson, president of the American league. After a two-hour talk in the judge's federal chambers, both men agreed the cases against athletes indicted by the Cook county grand jury a short time ago should be pushed to the limit. President Johnson advised Judge Landis to take immediate charge of baseball affairs that he might assume responsibility in banishing from the sport all players inclined to be crooked. President Johnson today announced the date of the annual American league meeting as December 15, in New York, due to the joint gathering of the draft and congress.

Billiard Title Match Chances Go Glimmering

Champion Hoppe Will Not Meet Belgian Except on Terms Fixed by Himself

NEW YORK, (P)—Efforts to arrange a billiard match between Willie Hoppe, reestablished champion, and Edward Horowitz, European titleholder, have come to naught, at least temporarily. It was announced today. Whether the match can be arranged depends upon Horowitz's acceptance of Hoppe's terms, according to R. P. Benjamin, the latter's manager, who said Hoppe would insist on a "winner take all" contract for re-acceptance. It was said the Belgian manager insisted on a 60-40 contract.

MAISEL GOES UP

CHICAGO, (P)—George Maisei of the Portland, Ore., club in the Pacific coast league, one of the best outfielders on the coast, has been obtained by the Chicago Nationals, William Veck, president of the Cubs, announced yesterday. Maisei, who was highly recommended by Wale Killifer, manager of the Los Angeles club and a brother of William Killifer, the Cub's catcher, led the coast outfielders in fielding last season and finished with a hitting average of .326 for 158 games. The Portland club will be given a sum of money and two players for Maisei.

AFTER a baking falls — becomes tough or soggy, you can't make it tender and tempting. It can't be "fixed." It is like spilled milk—"wasted."

But, there is a way to prevent this waste — and every woman should use it—because a bake day loss these days is a real loss. When just an ordinary cake turns out bad—you are out the biggest part of a dollar.

Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century.

FOREIGN TRADE FINANCING GETS STRONG BACKING

Bankers and Business Men from Forty States Meet in Chicago to Discuss Plans for Forming Corporation

CHICAGO, (AP)—The proposed \$100,000,000 foreign trade corporation will have a maximum financial strength of more than one billion dollars. John S. Drum, president of the American Bankers' association, declared today at the opening session of the foreign trade financing conference here.

Bankers and business men from 40 states were present at the opening session to discuss plans for the formation of the corporation, authorized under the edge act.

"This corporation," said Mr. Drum at the opening session, "will be distinctly on national lines and will be prepared to render national service. It will come into being through the widest cooperation, will be a source of strength to agriculture, industry, commerce and finance, and will be helpful to all other foreign trade organizations."

CALIFORNIA MOB.

(Continued from page one)

stairs cell, wounded from a shot fired by Detective Jackson before he died last Sunday. Pitts and Valento were taken from upstairs cells. Three doors were between them and the mob. In the waiting machines the men were rushed. The leader of the mob ordered:

Get ready.

Move at Command.

Engines were started and a nod from the leader the line of cars moved away from the jail toward the cemetery.

The tree had been selected earlier. Over one limb hung three ropes and at the end of each was a noose, tied with the expert "Changqua's" hands that fits behind the left ear of its victim.

Three of the automobiles were drawn up so as to direct their lights on the tree. Another column of armed guards was thrown around the scene to prevent interference.

Boyd was taken from the machine he was in. He had come down for all entirely without struggle. Now he made no comment. Valento had expostulated, but not vehemently, spectators said.

Pitts protested and fought to escape his fate. He was born and raised here. He was gagged with a towel before the party left the jail to tattle his voice.

"Take your medicine," he is said to have been told.

When taken from their cells none of the three wore suits than their death garb.

Simultaneous Hanging.

The nooses were slipped over the heads of the trio and they were pulled up simultaneously. Boyd was hanged nearest the tree. His arms were tied above the elbows.

Pitts swung in the next position. His feet and arms were tied. Valento was furthest from the tree trunk, with his feet only tied.

A few feet away was Santa Rosa's monument to its war heroes.

Not half an hour was used by the mob in completing its work. After the hanging its members waited in the rain for perhaps 15 minutes to be certain its task was thoroughly done, watching the bodies swing in the breeze.

Satisfied, the mob moved away and in its place came the townspeople, first by scores and then in swarms, until hundreds were present to see the grim evidence of the first triple lynching in modern western history.

Lights Play on Scene.

Until nearly three o'clock the bodies hung from the limb. It was a weird picture. Automobile lights were all about and cast alternate splashes of brightness and gloom over the cemetery with its new dead and its old.

Rain dripped through the oak leaves onto the bodies.

Dorothy Quinlan, of San Francisco, companion of Valento, a witness to the

killing of the three peace officers, and held on a witness in the jail, slept through the latest chapter of the drama. A reporter asked her after it was over:

Sheriff Boyes was told by members of the mob that it was friendly to him, prepared to do him an errand, and in fact sought to make such an example of the prisoner that no one ever would treat him. Boyes, as Petray had been treated.

Only five minutes was consumed by the mob in the jail. Fifteen more at the most and the men had been hanged. Within half an hour the mob departed into the darkness from whence it came.

Officials said none had been identified. Petaluma and other adjacent towns later reported that in the direction of Santa Rosa before the lynching.

Sheriff Is Warned.

Boyes acted in last evening received a telephone message to the effect he had better be at the cemetery at half past 12, as something was going to happen.

Boyes said he thought it was a hoax, or ruse and so went to his offices in the jail building and called four deputies there. He tried to call others later, but discovered the telephone wires had been cut. Then the masked men entered.

Only two blocks from the jail a duce attended by 400 or 500 persons was in progress at the Masonic temple. If and other social gatherings were not interrupted. As the automobiles of the mob moved toward the cemetery the merry makers were just breaking up their evening's entertainment. The death machines moved through the street unimpeded.

Courier Frank H. Phillips of Petaluma was notified of the lynching. Before three o'clock he arrived at the scene with Deputy Frank Wetli and set down the bodies. These were removed to the morgue.

No Sympathy Shown.

Sheriff Boyes had arrived earlier. The crowd about the corpses pleaded with him to let the bodies hang. He was forced, he said, to await the coroner. At the same time some in the crowd pleaded to be given bits of the ropes "as souvenirs."

There was no sympathy exhibited for the gangsters by any one in Santa Rosa. Sheriff Petray was one of the best liked officers ever to serve the county. All the men hanged had prison records in this state and Pitts also in Washington.

Last Sunday afternoon and night, after the three first were arrested, hundreds of persons surrounded the jail and cried for the death of the three.

Several attempts were made then to storm the jail. One was broken up by officers and another failed when the widow of the slain sheriff appealed to friends not to countenance mob violence.

Today's Markets

New York Stock Market
NEW YORK, (AP)—Reactionary tendencies were uppermost in the stock market during the early and intermediate periods of today's session but much of the loss was recovered at the active close. Sales approximated 1,300,000 shares.

The short interest in the stock market continued to press its advantage at the opening of today's session, being aided by overnight developments of a bullish character. Rails were again the center of the initial selling at further declines ranging from large fractions to 1 1/2 points in the pacifics, grangers and coalers. Food, chemical and oil shares soon fortified on to zero points with shipings, motors and equipments. United States Steel made only a slight decline, although forecasts of the November tonnage report to be issued today indicated a heavy reduction of unfilled orders.

A spirited rally in which some stocks showed actual gains of 1 to 5 points under lead of Mexican Petroleum,

changed the market's course in the latter dealings. The closing was steady.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.90; first 4's \$86.04; second 4's \$85.20; first 4 1/4's \$86.20; second 4 1/4's \$85.44; third 4 1/4's \$88.10; fourth 4 1/4's \$85.98; Victory 3's \$85.34; Victory 4's \$85.39.

Grain and Provisions

CHICAGO, (AP)—Bears had the advantage in the wheat market today owing chiefly to reports of unfavorable economic and financial conditions. The weakness of securities and silver and sugar counted especially as depressing factors. Predictions were also current of a 50 per cent increase of wheat receipts in Kansas within the next fortnight. Opening prices, which ranged from 1 1/2 to 2 1/2¢ lower with December \$1.63 to 1.65 and March \$1.61 to 1.62, were followed by a decided additional setback.

Considerable attention was given to a statement from the federal reserve bank of Chicago indicating that liquidation of loans on the part of country banks was imperative. The market closed heavy, 5 1/2 to 6 3/4¢ net lower, with December \$1.60 1/4 to 1.61 and March \$1.57 3/4 to 1.58.

Corn was sold heavily by the principal commission houses. After opening 1 3/8 to 1 1/2¢ lower, including May at 71 1/8 to 75¢, the market continued sharply down grade.

Country offerings to arrive were larger, from Nebraska in particular. The close was weak, 3 3/4 to 4 1/2¢ net lower, with May 71 1/4 to 71 3/8¢.

Oats finished, with other cereals, starting 1 1/4 to 7 1/8 to 1¢ off, May 51 1/4 to 51 3/8¢, and suffering a further drop.

Lower quotations on hogs pulled down provisions.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wych's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully

SENATE BEGINS DISCUSSION OF FARMER RELIEF

Legislation to Permit Government Loans on Livestock is Proposed as Debate Opens on War Corporation Revival

WASHINGTON, D. C. (AP)—Senate debate on the joint resolution directing revival of the war finance corporation as an aid to agriculture and other industry was opened today and at the same time Representative Young, republican, of North Dakota, offered an amendment to the federal reserve act to permit government loans on livestock.

The house agriculture committee decided to appoint a sub-committee headed by Representative Hagen, republican, Iowa, to recommend legislation for financial relief of farmers.

Speaking on the senate resolution, Senator Hitchcock, democrat of Nebraska, reading from testimony of Secretary Houston before the agriculture committee, said he was "surprised to find that most of the exports financed while the war finance corporation was active were manufactured goods largely for one company."

Senator Norris, republican, Nebraska, replied that the testimony showed the corporation was just getting ready to finance large applications for exports of agricultural products when its operation were suspended.

(These recipes are of tried and proven value and should be clipped daily for permanent preservation by readers. Complete recipe and formulae for your favorite confection may appear any day. Watch for it.)

HOBBYHOUND CANDY

Ingredients.
1 cupful of brown sugar;
1 cupful of white sugar;
1 cupful of corn syrup;
1 1/2 teaspoonful of cream of tartar;
2 ounces of dried hobbyhound (procureable at a drug store).

Formula.
Steep the hobbyhound in one pint of hot water and boil it down to a cupful. Add it to the sugar, syrup and cream of tartar and boil until it forms a very hard ball when tested in cold water. Pour into a buttered pan. Mark into squares while warm.

Mr. and Mrs. Will Young were given a evening Thanksgiving party in honor of their twentieth wedding anniversary. Mr. and Mrs. Young were present with several pieces of china. The evening was spent with games and music, and delicious refreshments were served. Those present were Messrs. and Mesdames G. M. Sweet having chapter one, and Mrs. M. C. Mitchell, chapter two. The program closed with delightful vocal solos by Mrs. H. S. Cowling and Mrs. F. S. Bell. The hostesses, Mrs. L. L. Breckonridge, Mrs. W. S. Hill, Mrs. Henry J. Wall and Mrs. Charles Jones served refreshments at the close of the meeting.

MEAT PRICE FALL SHOWN IN OMAHA RETAIL REPORTS
OMAHA, Neb., (AP)—Decline of about 45 per cent in the price of beef cuts for beef cuts at the larger down town Omaha shops during the past two months are shown by retail meat reports published here today. Pork chops, sold two months ago at 45 cents a pound, are retailing at 22 1/2 to 25c, while round steak may be had for 20 to 25c compared to previous prices of 37 to 40c. Whole cuts of beef, carcasses of beef dropped from 14 and 15 to 12 and 13, and on pork from 22 and 23 to 14 1/2c. Decrease of the live stock market prices is given as the reason.

Federal Trade Commission Recommends Re-opening of the Anti-Trust Suit

WASHINGTON, (AP)—Re-opening of the government's anti-trust suit against the International Harvester company and the institution of "judicial proceedings" against a number of associations having to do with farm implements is recommended by the federal trade commission in its annual report presented today in the senate by Vice President Marshall.

The commission says the increase of 73 per cent in farm implements from 1914 to 1918 is "in part due to price understandings or agreements between manufacturers and to a more limited extent the same is true of dealers."

Judicial proceedings against "the associations who have been active in restraining trade" is proposed, the commission naming the National Implement and Vehicle association, the Southern Association of Wagon Manufacturers, the Carriage Builders National association, the National Federation of Implement and Vehicle Dealers and the Eastern Federation of Farm Implement Dealers.

With regard to the re-opening of the case against the International Harvester company, the commission says this should be done "so that a plan of dissolution may be arrived at that will restore competitive conditions in the harvesting machine business."

SUPREME COURT HEARS ARGUMENT FOR BERGER

WASHINGTON, (AP)—Arguments were heard by the supreme court yesterday on the appeal of Victor Berger, editor of the Milwaukee Leader, and twice elected to congress, from Wisconsin on the socialist ticket, from his conviction under the espionage act. Counsel for Berger also presented to the court briefs and argument in support of their petition that the case be dismissed and prosecution abated on the ground that Federal Judge Landis who presided at the trial was prejudiced against socialism.

The appeal in behalf of Mr. Berger was based on the contention that the war with Germany had been formally and legally terminated with the passage by congress of the joint of peace resolution—later voted by President Wilson—and that the espionage act was repealed through the same enactment.

ANTI SUFFRAGISTS DIE HARD

It is likely that only casual interest
will follow the announcement that an
attempt will be made to bring about a
repeal of the nineteenth amendment,
which gives suffrage to women. Of
course, one should be prepared for al-
most anything to happen these days,
but the success of the scheme seems to
remote that its proposal takes on the
character of a bit of lame humor.

The National Association opposed to
Woman Suffrage seems to have some
life in it—at least it has plenty of kick,
for it is far from satisfied with the rat-
ification of the nineteenth amendment.
It intends to lead a movement that has
for its purpose the overthrow of wom-
an suffrage. First the association pro-
poses to obtain the adoption of an
amendment to the constitution that will
require a popular vote to ratify all con-
stitutional changes. With this in ef-
fect, leaders of the association with the
unwisely, but somewhat impressive,
title believe that it will be compara-
tively easy to bring about the repeal of
the Susan B. Anthony amendment. They
do not seem to take into account that
women are not likely to vote in large
numbers to take away a privilege that
required more than 80 years of effort
to secure.

BISON BECOMING PLENTIFUL

One may doubt if buffalo meat will
ever come into wide acceptance as a
substitute for beef, but it is gratifying
nevertheless to learn that the buffaloes
continue to multiply and promise to fur-
nish the country a valuable reserve to
the ordinary sources of meat supply.

It seems as though it were only a few
years ago when we were told that this
animal, so conspicuous in the history of
the exploration and development of the
western plains was doomed to extinc-
tion. The surviving specimens were
few. Now they have come back in
such numbers that many are being
slaughtered from time to time for food.
Thanks to an awakened public senti-
ment, reflected in protective legisla-
tion, the people will permit no other
valuable animals or birds to come so
near to being exterminated.

**SETS DATE FOR
REPAYMENT OF
BRITISH DEBT**

**Secretary Houston Details Plan
Whereby England Will Pay
\$122,000,000 Due This
Country for Silver Purchase**

WASHINGTON, D. C., (AP)—Under
an agreement with the British govern-
ment, the debt of \$122,000,000 due
this country for silver purchased dur-
ing the war will be paid by 1924, ac-
cording to details of the plan made
public today by Secretary Houston.

During the war the treasury ar-
ranged to sell the British government
bullion obtained from melting silver
dollars at the rate of \$1 an ounce in
conformity with the Pittman act, to
relieve the silver shortage in India. Of
the \$122,017,833 owed the United
States for purchases of silver, \$17,833
has been paid with interest.

The remaining \$122,000,000, the sec-
retary said, is to be paid in equal an-
nual installments with accrued interest
at 55 per cent from April 5, 1919.

Until the payment in full of the prin-
cipal with interest, the secretary ad-
ded, the British government will permit
the treasury to make tenders to pur-
chase rupee credits offered by the In-
dian government on the same terms
with British nations. This, he ex-
plained, will afford an opportunity for
Americans to obtain rupee credits at
the same cost as those credits are off-
ered British subjects.

**WOOL MEN LAY CLAIM TO
FIRST RELIEF MEASURE**

**Growers Tell Congressmen In-
dustry is Being Ruined by
Imports**

WASHINGTON, (AP)—An embargo
on wool and sheep importation was
urged before the house ways and means
and the senate agricultural committees
yesterday by representatives of the
wool growers. Such legislation was
necessary, the said, to save a great
industry threatened by the collapse of
the wool and sheep markets.

The embargo should be retained un-
til the revision of the tariff, Dr. S. W.
McClure, representing the National
Wool Growers' association, told the
senate committee.

"We are being ruined by the import
of wool and meats," he said, adding
that wool men should be helped first
because the condition was worse than
that in any other industry.

"Something has got to be done,"
he continued, "otherwise it means uni-
versal bankruptcy in the west."
There is now in storage in the United
States 990,000,000 pounds of wool,
Dr. McClure said, enough for two
years supply.

Wool imported from the Argentine,
he added, is selling in America at nine
cents a pound, while it costs the Amer-
ican producer six cents a pound to
market his products. He estimated that
the per cent of this year's clip in the
United States was usual.

**AMERICAN SUGAR REFINING
COMPANY CUTS WAGE SCALE**

NEW YORK, (AP)—The American Sug-
ar Refining company yesterday an-
nounced a general reduction of 10 per
cent in wages, which affects more
than 2500 laborers in its northern re-
fineries.

The company issued a statement to-
day saying:

"Since 1916, the company has made
12 separate wage advances, until the
basic hourly rate almost reached three
times what it was in 1916."

RUB PAINS FROM
SORE, LAME BACK**

**Rub Backache Away with Small
Trial Bottle of Old "St.
Jacob's Oil"**

Back hurt you? Can't straighten
up without feeling sudden pains,
sharp aches and twinges? Now listen!
That's lumbago, sciatica or maybe
from a strain, and you'll get relief
the moment you rub your back with sooth-
ing, penetrating "St. Jacob's Oil."
Nothing else takes out soreness, lame-
ness and stiffness so quickly. You
simply rub it on your back and out
comes the pain. It is harmless and
doesn't burn the skin.

Lumber up! Don't suffer! Get a
small trial bottle of old, honest "St.
Jacob's Oil" from any drug store, and
after using it just once, you'll forget
that you ever had backache, lumbago
or sciatica, because your back will
never hurt or cause any more misery.

IDAHO WATER USERS TAKE ISSUE WITH EASTERNERS

Meeting at Boise Brands as Untrue Stories About the Fall River Project

BOISE, Idaho, (AP)—Representatives of 86 per cent of the water users of the state of Idaho took issue with Emerson Hough and other eastern writers, at a meeting held here yesterday in the capitol building and branded as "untrue and misleading" statements to the effect that construction of the proposed Fall River Meadows project in the southwestern corner of Yellowstone park would be detrimental to the nation's playground and mar its natural beauty. The statements referred to have appeared in articles in current magazines and papers.

The following set of resolutions were unanimously adopted:

- Whereas, Certain periodicals and newspapers of western circulation have published articles, relative to the proposed Fall River Meadows reservoir in the extreme southwest corner of Yellowstone park, which are grossly misleading and are based upon assumed facts which are not true but which have apparently been furnished to the press by persons who either do not know the facts or intend to willfully mislead the public; and
- Whereas, The data assembled by the United States reclamation service relative to said reservoir has been verified by competent engineers of such service; and by other competent and reliable persons; and
- Whereas, No other feasible reservoir site can be found within the boundaries of the park, and the proposed dam would only be 50 feet high, and the backwater therefrom would not even reach the falls which are mentioned in articles published in the said periodicals and newspapers; and
- Whereas, The alleged meadow that will be submerged by the reservoir is largely a swamp covered in brush and coarse swamp grass, unsuited for feed for stock or moose, and with a few patches of small jack pines; therefore,

REFORMS IN STATE GAME LAWS ARE URGED BY HOME SPORTSMEN

Members of Rod & Gun Club Circulate Petitions for Support in Contention that Revision of Protective Measures for Fish, Birds and Animals—Drastic Changes to be Submitted for Adoption

Urging support for a scheme to bring about reformations in state game and fish laws the Twin Falls Rod & Gun club is circulating petitions throughout town and in the immediate surrounding districts. The petition is for the purpose of procuring signatures showing a strong sentiment in favor of changes and reforms in the laws which are not believed, as they stand, to serve the purpose of protection for game and fish.

At a recent meeting of the club the following statement was drafted, with respect to the present laws, and in these supporters of the plan for better protection of game and fish through state laws sportsmen are asking for the proper protection, found in many places about the city and throughout the county. Upon this draft a revision of the laws will be based for presentation at the next session of the legislature.

- First—The residence license fee be raised to \$3 and that one-third of the amount be paid to the commission for the proper protection, prosecution and promotion of fish and game in the state of Idaho, hereby petition and earnestly recommend the following amendments to our present game laws, so that additional legislation be enacted to carry into effect the following suggestions:
- Second—that all females over the age of 15 years, taking fish or game shall be compelled to procure a license.
- Third—Barring any person under the age of 15 years from the possession of any game law.
- Fourth—that the limit in pheasants consist of three cocks and one hen, making a minimum penalty of \$25 for each violation, confiscation of arms and revocation of license. That any person combining and securing in conviction shall be entitled to receive one-half of such amount as may be collected.
- Fifth—that it shall be unlawful to kill any other than a buck deer and that a minimum penalty of \$250 be made the consideration for such violation.
- Sixth—The enactment of the "Allen Game Law."
- Seventh—We are opposed to any legislation preventing the use of bird dogs in the field.
- Eighth—that all persons having themselves out to the public as big game guides, or acting as such, be compelled to pay a license fee of \$50.

LOCAL CHURCH PASTOR AUTHOR OF GOOD BOOKS

G. H. Young, the new pastor at the Baptist church, is an author of notable books, among them are "His Mother's Story" and "Illustrative Pivotalities of Jesus," published by Fleming Revell company of New York.

Mr. Young comes to this city from Portland, having held the position of religious education director in the Baptist denomination for three states. He is delighted with the city of Twin Falls and admires its progressiveness.

On Sunday evening at 7:30 the Rev. Mr. Young will deliver a popular sermon on the subject, "Where Did We Come from and Where Do We Go from here?"

A number of candidates will be received in the church by baptism at this meeting.

NURSE'S LABORS NOT CHECKED BY WEATHER

Miss Rosetta McGrail Reports Extraordinary Activities in Past Month

In spite of inclement weather and bad roads, the work of the public health nurse, Miss Rosetta McGrail, has been carried out practically according to schedule, according to a completed statement of operations during the past month. She has visited nearly all schools on her list, at least once, has spent 70 hours the school work; has weighed and measured 760 children, and many of these were referred by her to doctor, dentist, or oculist, for further examination in their particular line.

In all children weighed and measured this month the nurse found 129 to be 10 per cent under weight. Finding this condition, it has been her endeavor to interest the parents, for only in cooperation can she hope to overcome the trouble.
