

# HUGE INCREASE IS REPORTED IN ALIENS INFUX

## Immigration from Canada Breaks All Records while Numbers Coming from Mexico Show Gains

### COMMISSIONER GENERAL EXPECTS BIGGER VOLUME

WASHINGTON, D. C. (AP)—Immigration from Canada during the last fiscal year, broke all records and there was a tremendous increase in immigration from Mexico as well as from the European countries, Anthony Caminetti, commissioner general of immigration, says in his annual report, made public today.

Aliens from Canada admitted to the country, the report says, numbered 80,756, while aliens departing numbered 78,957, leaving an excess of 2,857. In addition 19,336 aliens in Canada who applied for admission were detained while 5328 were refused examination, because of mental or physical defects or unwillingness to meet the head tax requirement.

#### Mexican Influx Grows.

Admission of aliens from Mexico totaled 22,361 while the number of aliens going to Mexico from the United States numbered 26,000, leaving an excess of 45,755. During the previous fiscal year the admissions of immigrant aliens from Mexico numbered 29,818.

Europe sent a total of 240,295 immigrant aliens to the United States in the past fiscal year while 250,433 emigrant aliens left the United States for Europe, causing a decrease in alien population of 10,138. Immigrants admitted from Asia numbered 17,505 and emigrant aliens departing for Asia numbered 9411 leaving an excess of 8444.

Resumption of immigration on a large scale and efforts to deport alien anarchists made the last fiscal year the busiest of any since the inauguration of the immigration service, the report says, "with indications that present immigration figures would be outdistanced unless affected by laws of this or other countries."

"Chinese immigration," the report continues, "always an increase over the preceding year, the number of admissions having risen from 3310 counting for permanent residence in 1919 to 4630 in 1920, these figures not including aliens of the Chinese race granted transient privileges. Of the citizen class of Chinese persons there were admitted in all, 1831, of whom 897 were of native birth, 843 were born abroad of native born parents and 111 were foreign born wives of American citizens of the Chinese race."

#### Picture Brides Still Problem.

"Immigration from Japan to the continent of the United States shows an increase of 13 per cent over the preceding fiscal year, while that to Hawaii shows a decrease of 8 per cent, the admissions in figures being 42,968 to the mainland and 3506 to Hawaii as against 11,404 and 3500, respectively, in 1919.

"As stated in the last annual report, the practice then obtaining as to the admission of proxy brides as alleged brides of Japanese in this country was not satisfactory to the department and the result was a new bill proposing a solution of the question. Contrary to this expectation the number of arrivals of such wives increased from 3159 in 1919 to 3816 in 1920. This tendency caused continued study of the subject. Finally Japan fixed by decree, the 29th of February of this year, the last day upon which pass books would be issued to so-called proxy brides and as the holders of such documents had six months in which to apply for entry, September 1, 1920, saw the end of this system.

"The granting of passports under the exception mentioned, with the heretofore by Japan. The immigration service finds content in meeting the situation when subjects of Japan endeavor to impose not only on the United States, but sometimes also upon their own government. Japanese letters are allowed to enter Mexico and some Central and South American countries upon presentation of pass books issued by Japan limiting to one of such countries, the holders thereof not being entitled to admission thereon to the United States. Notwithstanding this inhibition Japanese find their way into Mexico and surreptitiously or

through smuggling devices enter or attempt to enter this country.

"The general terms of the agreement itself and ex parte determination by officials of Japan of matters arising under its terms have not been conducive at all times to the results anticipated by both countries when the agreement was conceived. Not only is clarification of the agreement needed if its main purpose in keeping labor from coming to the United States is to be effected, but systematic enforcement thereof by joint administrative efforts should be brought about by both nations. Frauds against both would thereby be materially checked if not entirely prevented and the rights of all concerned protected.

"In the last report reference was made to laws of Spain and Portugal which permit a person, native of either of those countries, who may be in a foreign jurisdiction to name by power of attorney an attorney in fact to represent such person in a marriage ceremony to be consummated in the home country in the absence of the bride or groom as the case may be. Proceedings have arisen whereby alleged proxy brides or grooms as the ETAO Mas' bride had made application for admission to the United States to join an alleged husband; it is the proxy bride's experience on the Pacific coast is about to cease it is possible to have it continued on the Atlantic side with the probable addition of a 'proxy groom' attachment.

#### Anarchists More Active.

Turning to alien anarchists, communists and kindred classes, Mr. Caminetti says the activities for the last 12 months in this line of work have been greater than all previous efforts in this direction. He reviews the arrests in November and December, principally of members of the Union of Russian Workers, and notes that of the 452 Russians taken into custody orders were issued for the deportation of 240.

Mr. Caminetti says that while these events were in progress the communist and anarchist labor party became active and in the neighborhood of 5000 warrants for arrests were issued. Approximately 3000 of these warrants were served and 550 of those arrested were ordered deported.

Detailing immigration for the year, Mr. Caminetti presents statistics to show that the proportion of females among immigrant aliens as a whole was 42.4 per cent of the total in 1920 as compared with 33.5 per cent in the four years before the war. He says this increase is especially noted in the case of European peoples among whom the proportion of females was consistently low prior to the world war. The commissioner general adds, however, that "this fact has little or no real significance under the circumstances unless possibly the very large increases among the Greeks and Italians give a hint that the immigration of these people in the future may be somewhat more permanent than in the past."

#### SET TIME LIMIT FOR VOTE ON PACKERS' BILL.

WASHINGTON, (AP)—A final vote in the senate not later than January 21 on the Kenyon-Heardrick bill for federal regulation of the meat packing industry was agreed upon yesterday by republican leaders.

## BONUS TO BE ASKED OF MONTANA LEGISLATURE

### Former Service Men, Farmers and Others to Press Claims for Attention at Session

HELENA, Mont. (AP)—The Montana legislature, which is scheduled to meet here January 3 for a session limited to 60 days will consist of a senate of 40 republicans and 14 democrats and a house of 95 republicans and 8 democrats.

The assembly is to be asked to vote a soldiers' bonus, to the amount not yet stated. Leaders of the ex-servicemen of the state, who are fostering legislation, estimate upwards of 40,000 persons would come under the act. Farm organizations of the state too plan to submit measures to the legislature. It has been stated. Farmer bills already prepared for consideration provide a warehouse receipt act, under which banks would be authorized to make loans on crops in storage and other constructive legislation. It has also been announced that farmer leaders will oppose a measure which sportsmen of the state are said to be framing and which forbids killing gophers with poison. The sportsman say the poison is taking off game and farmers assert this method is the only sure way of getting rid of gophers, which destroy crops.

The state highway commission also will ask of the new body a higher tax on automobiles to bring in additional funds for road purposes.

The state association of teachers, according to formal announcement by the state superintendent of schools and vice president of the association, will ask increased sources of revenue for schools, new methods of distributing county taxes and a notable increase in the present levies for schools.

#### DEALER IN WHITE MICE AND RABBITS GUILTY OF FRAUD

MILWAUKEE. (AP)—Charles H. Rowan was found guilty of using the mails to defraud by federal jury yesterday. Rowan was charged with failure to fulfill a promise to buy back the offspring of rabbits and white mice which he sold to customers.

#### LESSEE EVIL NOTE.

"A carrot a day will keep the doctor away," a fellow literary light paraphrases (he paraphrasing what it may, the probability being that you don't know any more about it than we do). But when it comes to choosing between a carrot a day and the doctor we go to the phone and call the doctor.—Library Press.

# WARNS AGAINST IMPENDING WAVE OF IMMIGRANTS

## State Department Agent in Europe Says America Threatened with Dumping of 1,000,000 of Europe's Worst

BERLIN, (AP)—Emigration to the United States from central Europe has reached a stage where it threatens to dump into America nearly 1,000,000 of the "most undesirable peoples of Europe," says an official of the American state department who has been watching the recent exodus with much concern.

The emigrants are principally from Russia and Poland, and large numbers of them, who are very poor, have been directly assisted with money and advice from America, their transportation was paid. Consular offices are swamped with their applications for passports and steamship accommodations are inadequate to carry all who have permits to sail.

**Virtually Without Check**  
"There is virtually no check on this movement, which beyond any question must soon be a most serious problem in America," the representative was informed. "An effort has been made to keep out the worst, but it is impossible to investigate the applicants carefully enough to exclude undesirable ones."

"The only thing that can be done, it seems to me, is to amend the immigration law sharply curtailing this business of dumping the down-and-outs of Europe upon our shores. And that, too, is going to be a difficult thing, for there will always be the possibility of discrimination against classes that would make valuable citizens. If immigration should be stopped entirely for a few years, any one might wake up to the situation in America and seek a way out of the trouble."

"The government's agents have been doing their best to meet the emergency with the machinery of the law, but this is pitifully inadequate. About all that can be done is to send department of justice agents to New York and Texas to the officers and the more radical promoters of this immigration that they must not resort to illegal means. Some of them who were running out of the country to secure passport business, pretending to secure proper papers for sums paid in hand, have been frightened off, but there are others still at work."

**Within the Law**  
"One of the great dangers has moved to Berlin and probably has a thriving business in nothing can be done about it. He is within the law, as far as we are concerned. He may not add and collect any amount of fees for 'existing' immigrants, secure passports, and whether he succeeds in getting the papers, which cannot be held up if the applicant meets the requirements, or keeps the money. The applicant can not 'sneak.' However, such men are only a part of the scheme operating to shift the immigrants into America."

# UNEMPLOYMENT GRAVE PROBLEM

## British Government, Municipal and Labor Organizations Seek Solution

LONDON, (AP)—Unemployment in Great Britain has presented a serious problem, which government, municipal and labor organizations are seeking to solve. The advent of winter has made the situation more urgent and nearly every trade is affected. It was today, after a long session, admitted to be incomplete, show 500,000 out of work, with clerks and middle class people affected equally with laborers. Labor circles declare 1,000,000 unemployed and that remaining dependents from 3,000,000 to 4,000,000 persons are affected, a large proportion being former soldiers.

Among labor organizations and municipalities there is a tendency to let the government solve the problem, though some localities are planning public improvements.

Thomas J. McNamara, minister of labor, has a plan to employ 50,000 men in constructing new buildings. Should the unions, which in the past have opposed co-operation of organized and unorganized workers in needed building work, reject the plan, Mr. McNamara hinted the government would take some action.

### DANIELS REWARDS RESCUERS OF DISABLED SUBMARINE CREW

NEW YORK, (AP)—Secretary Daniels of the navy yesterday rewarded Capt. E. D. Swinson, Roberts McWilliam, second engineer, and W. G. Grace, chief engineer, of the United States ship General George W. Goethals, who assisted in rescuing the crew of the submarine E-7, which was disabled off Cape Henlopen last September. Swinson and McWilliams received binoculars and Grace a gold watch.

# GEORGES WON'T FIGHT ANYBODY BUT J. DEMPSEY

## Carpenter Rejects Offers to Box Moran and Burns in London Rings

LONDON, (AP)—Georges Carpenter, champion heavyweight pugilist of Europe, who left for Paris yesterday after a visit to London to witness the bout between Frank Moran of Pittsburgh, and Joe Beckett, the English heavy-weight on Friday last, declared finally that he would not fight any one but his match with Jack Dempsey, the world's champion. This statement was in answer to widely published reports that he was about to sign for matches with Moran and Tommy Burns former world's champion.

Discussing the arrangements with Dempsey, Carpenter said he did not make the slightest difference to him where he contested for the champion ship. "Any place in the world suits me," he declared.

# REPARATIONS IS SESSION'S TOPIC

## Economic Experts of Five Allied Powers and Germany Meet in Brussels

BRUSSELS, (AP)—Economic experts of five of the principal allied powers and Germany met at the conference table here today in the first of a series of meetings which will go far toward determining what Germany must pay for war reparations. Delegates from the allied nations appeared hopeful that the session, which will last probably a week or ten days, will be fruitful of results.

The German representatives, who arrived here last night, gave an impression of being on the defensive. The German delegation is composed of 27 delegates, headed by Hermann Brüning, Rudolf Havenstein, president of the reichsbank, replaced Karl E. von Siemens. One of the German representatives, Herr Silberbach, labor representative, will arrive later in the meeting.

The first meeting was called to order at 10 o'clock with former Premier Delors of Belgium presiding. The arrival of the delegates at the Palais des Academies, where the sessions are being held, attracted no attention on the part of the public.

The morning session was occupied with a depiction by Herr Schroeder, German under-secretary of finance, of Germany's dark economic outlook, and said he hoped the delegates would "put the knife to Germany's throat."

The afternoon session was devoted to a statement submitted by the German government which offers to pay reparations.

# GARY ASSAILS JINGO TACTICS

## Steel Magnate Says America Would Be to Blame in War with Japan

NEW YORK, (AP)—Denouncing what he termed "a vicious and deliberate effort to stir up trouble between the people of Japan and the United States," Elbert H. Gary, chairman of the board of the United States Steel corporation, declared in a address last night at the annual dinner of the Japan Society of New York, that should the two nations clash, "the people of this country will be more to blame than the people of Japan."

Asserting that he liked and trusted the honesty and integrity of the Japanese, Mr. Gary added: "They are building navies as fast as they are defense against attack without reason. Baron Shidehara, Japanese ambassador to the United States, and Roland S. Morris, ambassador to Japan, were among the guests who included many prominent American business and professional men and Japanese bankers and merchants.

### Refers to Propaganda

Alluding to anti-Japanese propaganda in the United States, Mr. Gary said: "We are not to think that there is a desire for trouble with Japan and the people of Japan would be inclined to think the same of the utterances of that kind in the United States."

"What are the Japanese doing? Some complain that Japan is actually increasing its navy and that Japan is preparing for a war with the United States. "If that is good argument for a war, I inquire what country that has a sea and money enough to build warships isn't preparing for war with the United States or some other country? Isn't it fair and reasonable to judge Japan by ourselves?"

### America Plunges Too

"No other country is spending as much as the United States on warships. Aren't we the chief offenders? What nation would neglect to build a large navy if it had the financial standing the United States had to build one in defense? Let us judge them by ourselves. What would we think if they charged us with preparing for war on Japan because we are enlarging our navy? The people who criticize Japan have never been there and are not acquainted with the Japanese. "It is the desire of the great masses and particularly the leaders of Japan, for a most intimate friendship with the United States. The people who desire to stir up trouble are not honest or fair. The large majority of our people will not be influenced by that character of people."

### Pleads for Friendship

Baron Shidehara in an address said the peace of the world depends, not so much on "the niceties of diplomatic instruments as on the spirit of good faith and good will between nations."

"No treaty," he added, "is an absolute assurance of peace if nations are mutually suspicious or spiteful. By making these observations, I have no intention of cooling any resolution on the league and peace. The league is, in my judgment, a splendid machinery."

The ambassador said the league is an association of comparatively few nations and it will be even almost any of them would be fatal to its just and accurate working.

"If there is no generous spirit among them," he said, "the league will either founder or become an instrument of tyranny. Whether or not you accept the league, I trust you will accept the proposition that international peace rests on the foundation of international friendship."

Japan, he said, the rest of the world has been misunderstood and misrepresented in many ways. She has been branded as a warlike nation, he added, bent on military achievement and aggression, but in all her history extending for over 2,500 years, she engaged in only three foreign wars.

among them," he said, "the league will either founder or become an instrument of tyranny. Whether or not you accept the league, I trust you will accept the proposition that international peace rests on the foundation of international friendship."

# SEES PROSPERITY AHEAD DESPITE BUSINESS CLOUD

## Face Commercial Storms Courageously, Advises George H. Capper

"Things look pessimistic, and temporarily they are so, but I say there is hope and prosperity ahead—prosperity of the good and the same kind," is the message issued by George H. Capper, vice-president of Capper & Capper of Chicago, and called "It's a Fight, Boys—Yes, a Struggle to Show What We Are Made Of." The editorial follows:

The world's commerce is going through the fire of Hell now, but it will come out tempered as steel. The clouds are black, but thank God there is sunshine behind and beyond these clouds.

It's a rough sea with a lot of fair weather sailors riding it, also many seasoned veterans. So it's a time for courage, hope and the will to stand by the ship. She's a good old ship, this ship of commerce. She'll weather the storm if you will but help her, just man the wheel, keep the rudder straight with her nose head on into and across these waves.

Some will ride the storm, but that fair weather sailor of commerce must either rise to the occasion or go down in the drift. Now is the test, accept your responsibility, face your problem, take off your coat and work, yes, fight like Hell, because it's a man's job and you have got to qualify to survive this commercial storm.

It took neither a bright manner nor courageous one to prosper during the boom just past, but you must be a fighter in this great game of commerce and you must be prepared to fight to the end. It's a job worth while, my friend, so organize your every effort and go to it with that bull dog determination that knows no fear.

Someone is hoping for you, yes, pulling with you. Have faith.

### KEYSTONE TIRE COMPANY PASSES QUARTERLY DIVIDEND

NEW YORK, (AP)—Directors of the Keystone Tire company yesterday decided to pass the quarterly dividend of 3 per cent due at this time.

### PRETTY STRONG HINT

"What did the bride's father do for the happy couple?"  
"He bought their railroad tickets!"  
"Ah!"  
"But the happy pair didn't discover until after they got on the train that their tickets read only one way."  
—Birmingham Age-Herald.

Now is there anybody else in the audience who would like a referendum on anything—Kansas City Star.

You wouldn't fish without bait—why wish without work?

# MONDELL WOULD CUT ESTIMATES \$1,400,000,000

Republican House Leader Urges "Rigid Economy" in Appropriations for Government Expenses to Lighten Tax

## SUGGESTS SCALING DOWN OF ARMY AND NAVY COST

WASHINGTON, D. C. (AP)—Urging "rigid economy" in appropriations for government expenses during the next fiscal year in order to lighten the tax burden, Representative Mondell of Wyoming, republican leader, declared in the house today that the total estimate of \$4,653,800,000 submitted by the secretary of the treasury should be reduced by approximately \$1,400,000,000. This reduction, he said, must be effected chiefly by a drastic scaling down in estimates for the army and navy and also for sundry other expenses, the total of which, he pointed out, exceeded current appropriations by more than \$914,000,000.

Criticizing the administration for the "unrealistic and unbusinesslike" in the estimates submitted to congress and the "pleas for economy made by the president and the secretary of the treasury," Mr. Mondell declared that he would "leave it to others to properly characterize these estimates."

"Two years after the war," the republican leader added, "when the world outside our borders is largely bankrupt and everywhere is praying for reduction of armaments, the administration asks for an appropriation of more than \$1,114,000,000 for the army, and for fortifications, or five and a half times the highest peace time appropriation of 1916."

**Deficiencies Pile Up.**  
Mr. Mondell declared these figures did not include current deficiencies which "may be swollen indefinitely" if the war department continued its policy of recruiting the army up to full strength, contrary to the understanding that it should not be increased above the "total of 175,000 men contemplated by the appropriations." He said it had become the duty of congress to take action that would prevent "such squandering of the national money by creating deficiencies in violation of law."

Asserting that if the economy in appropriations advocated by him was carried out the tax burden for the calendar year 1921 might be "substantially lightened," Mr. Mondell said he believed continuation of a tax program designed to raise the minimum revenue of \$4,000,000,000 for two years as recommended by the secretary of the treasury, was "unjustified."

**War Rates Unnecessary.**  
With 44 per cent of the net cost of the war, excluding foreign loans, already paid, he said, it was unnecessary to "keep up war rates of taxation for the purpose of reducing the public debt at a rate greatly in excess of the sinking fund rates applied to the entire debt."

While he favored repeal of the excess profits tax and reduction of the higher income surtaxes, Mr. Mondell said, he thought it unnecessary at this time to consider alternative revenue provisions because "no one can tell what increased revenues may result from the passage of a tariff bill along protective lines."

**SLAYER OF IRISH PARISH PRIEST REPORTED TO BE INSANE.**  
DUBLIN (AP)—An official report today from Dublin states that the shooting yesterday of Canon Magner, parish priest of Dunnamway, County Cork, says the priest and the son of a farmer named Crowley, were shot by a cadet who is under arrest. The cadet is reported to be insane, the official statement adds.

**FIFTEEN HUNDRED** times each day in the United States the greedy hand of Fire seizes some home, some factory—snatches away, destroys forever some part of the nation's wealth.

How about your property? Is it adequately insured—is it properly safeguarded? Today, a fire loss entails the highest replacement cost in history. Therefore, be vigilant—for Carelessness and Fire are allies.

In addition to fire insurance, and without cost, the Hartford gives expert fire prevention service.

Twin Falls Title and Abstract Company, Ltd. Every Kind of Insurance

### Today's Markets

**New York Stock Market**  
NEW YORK, (AP)—Short selling effected further impairment of speculative issues in the stock market today, but standard issues resisted pressure. Sales approximated 700,000 shares.

**Liberty Bonds**  
NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$89.00; first 4's \$85.50 bid; second 4's \$85.20; first 4's \$86.12; second 4 1/4's \$85.14; third 4 1/4's \$87.88; fourth 4 1/4's \$85.78; Victory 3 3/4's \$85.02; Victory 4 3/4's \$85.04.

**Grain and Provisions**  
CHICAGO, (AP)—Weakness developed in the wheat market today owing more or less to bullish opinions current regarding the economic outlook. The influence of the government crop report continued also as a handicap to the bulls. On the declines, however, there was free buying for houses with eastern connections. Opening prices, which varied from unchanged figures to 2 1/4 cents higher, with March \$1.58 1/4 to 1.59 1/2 and May \$1.54 to 1.53, were followed by sharp downturns all around and then something of a rally.

Subsequently, indications of export business on a large scale led to a transient upturn in prices. It was announced that estimates of the wheat surplus in Australia had been reduced 12,000,000 bushels. The market closed heavy at the same a yesterday's finish to 1c lower, with March \$1.58 1/4 to 1.58 1/2 and May \$1.52 1/4 to 1.52 1/2. Corn ranged with wheat, May and July corn touching the lowest level yet this season. After opening unchanged to 5-8c off, including May 69 to 69 1/4c, underwent a general setback before beginning to recover.

Corn rose later with wheat, but power to hold gains was lacking. The close was weak, 1-2 to 1 3/4c net lower, with May 67 7/8 to 68c.

Increased country offerings had a depressing effect on oats. Prices started at 3-8c lower to a shade higher, May 47 5/8 to 47 3/4c, and then gradually descended.

Provisions went downward with the grain and hogs.

**Oath Quotations**  
CHICAGO, (AP)—Wheat No. 2 hard \$1.75 to 1.78.

Corn No. 2 mixed 71 1/2c; No. 3 yellow 70 to 80 1/4c.  
Oats No. 2 white 71 1/2c; No. 3 white 69 1/2 to 69 3/4c.  
Rye No. 2 \$1.53.  
Barley 70 to 90c.  
Timothy seed \$5.50 to 6.75.  
Clover seed \$15 to 20.  
Work nominal.  
Flour 17.  
Ribs \$10.15 to 12.50.

**Minneapolis Flour and Grain**  
MINNEAPOLIS, Minn., (AP)—Flour unchanged to 4c lower; top carload lots family patents quoted at \$8.50 to 9.55 a barrel in 98 pound cotton sacks. Bran \$26 to 28.

**Chicago Livestock**  
CHICAGO, (AP)—Cattle receipts 10,000; beef steers steady to strong; choice heifers held at \$13; fat she-stock and calves steady to weak; good canners \$3; bulls steady; calves steady; bulk vendors \$9 to \$9.50; top \$10; feeders dull.

Hog receipts 44,000; about steady with yesterday's average; big packers buying very sparingly; top, one load \$9.15; bulk \$8.00 to 9.10; pigs strong to 10c higher; bulk desirable 90 to 130 pound pigs \$9.15 to 9.25.  
Sheep receipts 29,000; fat classes 70c to 75c lower than yesterday's best time; early top lambs to city butchers \$11; packers top \$10.50; common and in-between grades neglected.

**Omaha Livestock**  
OMAHA, Neb., (AP)—Hog receipts 9,000; steady to strong; bulk medium and light butchers \$8.40 to 8.60; top \$8.65; bulk strong weight and packing grades \$8.25 to 8.40.  
Cattle receipts 3,300; early sales beef steers and she-stock steady; underdone steers; top steers averaging 1,953 pounds, \$11.75; veals 10c lower; stockers and feeders dull, weak.

Sheep receipts 9,000; early sales sheep and lambs 50 to 75c lower; market slow at decline; bulk lambs \$9 to 10; top lambs \$10.50; bulk ewes \$3.75 to 4; top \$4.10; few feeders here; market about steady.

**Chicago Produce**  
CHICAGO, (AP)—Butter firm; creamery 33 to 31c.  
Eggs unsettled; receipts 2,633 cases; firsts 72 to 73c; ordinary firsts 63 to 68c; at mark, cases included 64 to 70c; refrigerator firsts 30 to 37.  
Poultry alive unchanged.

**Kansas City Produce**  
KANSAS CITY, (AP)—Eggs, firsts-1c lower, 6c; seconds 1c lower, 5c.  
Butter unchanged, creamery 52c; packing 19c.  
Poultry, hens unchanged 15 to 21c; springs 1c lower, 23c; young roosters lower, 10c; turkeys unchanged, 37c.

**Potatoes**  
CHICAGO, (AP)—Potatoes steady; receipts 13 cars; Northern White, sacked \$1.35 to 1.50 cwt.; Idaho Russets \$2 to 2.55; Minnesota and North Dakota Red River Obis sacked \$1.50 to 1.55.

### De Valera in Hiding but Debating Return

NEW YORK, (AP)—Eamon de Valera, "president of the Irish republic," is "in hiding" in this country, but may consider returning to Great Britain if granted a safe conduct by Premier Lloyd George, Harry Boland, his secretary, announced here today.

# FACTIONS DELAY ATTAINMENT OF CHINESE UNION

## Presidential Mandate Loses Force when "Independents" Disavow Relinquishments of Canton Government

### PEKING HOLDS HOPE OF EVENTUAL CONCILIATION

PEKING, (AP)—A proclamation of the reunion of North and South China has just been issued by President Hsu Shih-chang. The mandate orders the various provincial authorities to exert themselves to the end that the democratic government may be promoted, and announces that the people "will henceforth be united."

The proclamation is practically coincident with a declaration from Canton by Tsen Chian-huan and others of the executive committee of the southern military government announcing the dissolution of that government and recognition of the "independents" of the southwest provinces.

#### Mandate Loses Force.

The reunion mandate loses much of its force due to the fact that another independent faction is in control of the territory which the "military government" relinquishes, and that the signers of the Canton declaration immediately boarded a British steamer to escape the incoming troops of the opposition faction. Also leaders of the Cantonese faction deny the right of Tsen Chian-huan, General Lu Yung-tung and Ma Yung-hsien, of the Kwangsi party, to dissolve the military government.

The Peking government, however, appears to have hopes that these other factions can be conciliated. Coupled with the reunion mandate, the president issued an instruction to the ministry of the interior to bring about the election of a new parliament of the republic. In conclusion the president says:

#### Better Days Dawning.

"The people are coming to the dawn of better days and I, the president of China, do hope that this order will be observed and acted upon by all concerned."

## ANNUAL MEETING OF BAR ASSOCIATION IS CALLED

Organization of Idaho Lawyers to Convene in Boise in January for Important Session

The Idaho Bar association, which will hold its annual meeting in Boise January 23, 24 and 25, will hear the reports of several committees on matters of vital importance to the legal profession, according to W. E. Sullivan, president.

Among the most important of these is the report on the incorporation of the association. Mr. Sullivan said. Other committees will report on "Jurisprudence and Law Reform," "Judicial Administration and Remedial Procedure," "Noticed Legislation," "Commercial Law," "Mining and Irrigation Law," "Publication." The "Memorial" committee will also make an important report. Mr. Sullivan said.

In session of the federal income tax is also expected to be one of the features of the convention.

Several out of town speakers, prominent in the legal profession, will address the assembly, although final arrangements have not been made as to who will appear on the program, according to Mr. Sullivan.

## LINDQUEST TRIO GIVEN FINE RECOMMENDATION

Mrs. Clouchek Wires from Portland of Exceptional Attraction

"Three thousand people" heard the Lindquest trio in Portland last night, according to a telegram received by Mrs. P. W. McRoberts, of the Tenth Century club, which organization will present Albert Lindquest and company in the high school auditorium tomorrow night. The telegram was sent by Mrs. H. W. Clouchek, who is at present visiting in Portland. Mrs. Clouchek sends a particularly high recommendation for the Lindquest company and urges that every person in Twin Falls who can possibly go so attend Friday night's concert.

"It is an exceptionally high class company, giving a fine program. Lindquest has a wonderful voice and a pleasing personality. The artists received many encores," Mrs. Clouchek announces.

The Twentieth Century club is presenting the Lindquest trio as a part of the avenue course for the winter, the club having financed the course.

## Workmen Uncover Part of Skeleton of Monster Beast

Piece of Bone Apparently of Prehistoric Pachyderm, is Found in Trench

City workmen employed trenching for the installation of a sewer tap on Eighth avenue north yesterday uncovered a section of bone apparently of some massive animal. The bone is about 18 inches in length and several inches thick in at least one place. It is about eight inches wide and of rather a rounding flat surface. It has been broken off at the ends, and appears to have been general feet in length in its original form. The bone is believed to have been part of the skeleton of a monster pachyderm.

## ENGLISH SOAN MESSAGES

(Continued from Page One)

Secretary Colby who gave him the assurance about the license.

"I left the conference with Mr. Colby," he said, "confident that the licensing license was coming through, and that no conditions were to be attached to it, though some fugitive things were said about it."

#### Department Gives Warning

Mr. Root then took the stand. A state department warning that President Wilson's permission would be necessary for the Western Union to land the cable at Miami, he said, "put the Western Union on notice."

## SESSION TAKES

(Continued from page one)

accomplished, would not make her automatically a member of the league.

The decision of the assembly for the present, however, was against the admission of Armenia, Canada, Switzerland, Sweden, Peru, Uruguay, Venezuela, Portugal and Salvador voted for her admission, but the votes of 21 other states were recorded against her. China, Persia and Poland abstained from voting.

#### Voice Hopes for Wilson.

The assembly passed a resolution presented by Delegate Hensel of Canada expressing the hope that President Wilson's efforts would result in the saving of Armenia and the establishment of a stable government so that she might be admitted to the league in the not far distant future.

**FLEEING TAXES**  
Like the pilgrims of old, 40 adven-  
turous Englishmen will soon set sail in  
a schooner yacht for a South Sea tropi-  
cal isle where they expect to spend  
the rest of their days. Only in one par-  
ticular is their case different from that  
of the pilgrims whose landing in Amer-  
ica we have been celebrating as a sort  
of serial story. They were impelled by  
religious considerations. These later  
pilgrims seek relief from an irritated  
pocket-nerve. They feel that they have  
been taxed too much and they see only  
increased burdens in the future. And  
so they are selling their property and  
betaking themselves to a region where  
life, being simpler, is less expensive. F.

Rhodes Disher, fellow of the Royal  
Geographical Society and head of the  
expedition, says more than a thousand  
persons have asked to accompany the  
party. They may be received later, but  
the planners have made up their quota,  
which includes doctors, lawyers, plant-  
ers, ex-officers of the army, surveyors,  
engineers, a wireless operator and a  
clergyman. Several of the party are  
taking their wives and children with  
them.

Undoubtedly it will be easy to find  
many places on the earth's surface  
where taxation is lighter than in Eng-  
land today. Living on their own  
island, these adventurers can reduce  
taxation to a minimum, but they can-  
not do away with it entirely. Since no  
man lives out himself alone, they will  
at least have to contribute labor, phy-  
sical or mental, to the common good—  
and that will be taxation. The early  
pilgrims in Massachusetts essayed a  
communist experiment which was soon  
abandoned. These Englishmen are not  
communists or socialists. They will be  
able to get along with few taxes, but  
will the saving in that particular com-  
pensate them for benefits they will  
lose? In other words, will they dis-  
cover later that the taxation at home,  
while heavy, was worth in a way what  
it cost? That is the test.

People flock into the cities, where  
living is more expensive, because they  
think they obtain certain advantages  
not procurable in the country. Thoreau  
in his rural retreat, of which he wrote  
so charmingly, enjoyed life for a few  
cents a day, but most persons would  
rather read about it than experience it.  
No doubt there are lotus lands in the  
South Seas where one may languidly  
dream his life away, oblivious to the  
alarm clock of daily duty, delectable  
isles far from the madding tax col-  
lector. But the number of persons who  
care for such existence, even though  
they may exhibit conversational ehu-  
siasm, is decidedly limited. Once upon  
a time there was a book entitled "The  
Simple Life" that was a best seller in  
this country, thanks to ingenious boom-  
ing. But does anyone know where a  
copy could be obtained today?

**BLUE LAWS**  
Are Sunday "blue laws" the next  
reform, to follow prohibition in this  
country? A systematic campaign has  
been launched in 30 states by the Lord's  
Day Alliance and an inevitable storm  
of protest has arisen as a result. If in  
fact the issue can be defined and the  
sides lined up on the same footings as  
the "wets" and "drys", it may be-  
come national in a short time.

Some such argument seems to be tak-  
ing place, broadly speaking. The "lib-  
erals" condemn the rigid enforcement  
of Sunday ordinances, and the Alliance,  
which has a widespread church support,  
encourages it. But a closer inspection  
in almost any community shows that  
the issue is not so clear-cut as in the  
prohibition fight.

For the clergy itself is divided on the  
question. Although this problem would  
seem to hit at the heart of the church  
even more directly than did that of the

saloon, there are pastors of many de-  
nominations who flatly oppose the mea-  
sures that their brethren of the cloth  
propose.

Let both sides get a clear vision of  
the matter, and then go to it and fight  
it to a finish. But let there be an ab-  
sence of bigotry on the one hand and  
of license on the other. Those who favor  
or Sunday amusements will do well if  
they protect them from the just indigna-  
tion that arose over the abuse of the  
saloon. As the matter now stands, the  
extent to which the reform will go  
really seems to be in their hands.

**DRAINAGE SYSTEM URGED  
FOR SUN RIVER PROJECT**

Department of Interior Proposes Con-  
tract with Reconstruction Service for  
Construction

GREAT FALLS, Mont., (AP)—For  
many years the United States Re-  
clamation service would undertake con-  
struction of a \$250,000 drainage sys-  
tem on the Sun River irrigation pro-  
ject has been proposed by the depart-  
ment of interior at Washington. Pe-  
titions are now being circulated in  
this vicinity to secure sufficient signa-  
tures.

Of the 14,700 acres along the Sun  
river watershed by the \$470,000 reclama-  
tion project, about 2,400 acres have  
been affected by seepage. The con-  
tract proposes deferring payments un-  
til the annual charges on the reclama-  
tion cost have been completed, after  
which the drainage construction  
charges would be pro-rated over a num-  
ber of years.

never to have fought at all.

**NORTH CAROLINA FAMILY  
KNOWS NOT RAGE SUICIDE**

Congressman Calls Off Bargain  
with Father of 34 Among  
Constituents

WASHINGTON, N. C., (AP)—For  
many years Representative Small of  
North Carolina has by agreement been  
presenting to R. C. Bland, a Carolina  
farmer and one of his constituents, a  
new suit of clothes for each additional  
child in his family. Having presented  
thirteen suits, and being recently noti-  
fied to send the fourteenth, Represent-  
ative Small has informed Bland that  
the contract will be "off" with Mr.  
Small's retirement from congress on  
March 3.

Small and Bland made their compact  
a number of years ago when Small was  
making a campaign speech at Rober-  
sonville, near here. Bland then had  
twenty children; he now has thirty-  
four.

Twenty-six of the thirty-four Bland  
children are living, and the present  
Mrs. Bland, Bland's second wife, is  
the mother of nineteen, nine of whom  
were born during the last ten years,  
including one set of twins. Eighteen  
children still live at home, but Mrs.  
Bland declares she gets lonesome some-  
times "because so many have gone  
away."

Mr. and Mrs. Bland recently had a  
group photograph taken of the family  
still remaining on the Bland farm.  
While the photographer was working a  
buzsard cast its shadow on the ground.  
Bland was asked if he was superstiti-  
ous.

"No," he said, "I'm not afraid of  
buzsards, but at first I thought the  
blame thing was a stork."  
In calling the children together for  
the photograph, Bland simply cupped  
his hands and in a stentorian voice  
cried: "Children! Results were im-  
mediate. Children appeared from every  
direction. Some of the "child-  
ren" were grown men and women;  
others were barely able to toddle forth,  
and one still was being carried in  
pram.  
Bland says it is no more trouble to

bring up fifty children than it is to  
raise ten.  
"After you pass ten," he says, "the  
older ones are a big help."  
The children were not unusually  
noisy, Bland said, although "they  
made considerable racket when four-  
teen were taken down together with  
whooping cough." The Bland grocery  
bill is equivalent to about \$150 a week,  
although Bland produces a large part  
of his food. On one occasion he says  
he spent most of one night computing  
the cost of keeping his family comfort-  
able, but that the figures reached such  
alarming proportions he gave up the  
job.  
Bland is 65 years old.

**FRANCE TO RETAIN SHIPS**

Conversations with England Bring an  
Agreement on German Vessels

PARIS, (AP)—France will retain all  
German ships which she has been man-  
aging provisionally under the terms of  
the Versailles treaty, says the Matin,  
which asserts that recent France-British  
conversations on the subject have  
resulted in an agreement. These ships  
aggregate 433,000 tons.

**Need of Increased  
Army Under League  
Vexes Luxembourg**

Question of Enlarging Forces  
from 175 to 2,500 Men  
Causes Perturbation

THE HAGUE, (AP)—The ques-  
tion of increasing his "army" to  
now numbering 175 men and six  
officers, to perhaps 2,500 men to  
meet possible requirements for  
police duty under the league of  
nations, is greatly disturbing the  
parliament of the tiny nation of  
Luxembourg. Some opposition to  
joining the league at all developed  
on the ground that such an army  
would bankrupt the nation and  
rob industry of necessary labor.

D'Annunzio finds his country still  
behind him, but kicking vigorously.—  
Chicago Daily News.

**IDAHO SECRETARY OF STATE  
FOR AUTO RULES DISCUSSION**  
SALEM, Ore., (AP)—Robert A. Jones,  
secretary of state for Idaho, has writ-  
ten Samuel A. Koser, secretary  
of state for Oregon, suggest-  
ing that the secretaries of state of  
Oregon, Idaho, Washington and Cal-  
ifornia meet in Portland December 20  
and 21 to consider interstate automo-  
bile regulations. The letter is in re-  
ply to one sent out by Mr. Koser ad-  
vocate of such a meeting.

# JURY DECLARES SAWYER GUILTY

### Osteopath Not Permitted to Perform Surgery, According to Verdict

After one hour's deliberation a district court jury last evening brought in a verdict of guilty against Dr. H. W. Sawyer, tried on charge of practicing medicine and surgery without having been provided with a regulation practitioner's permit for the state of Idaho. Sentence will be pronounced by Judge W. A. Babcock Saturday morning.

The penalty for an offense such as is declared to have been committed in this case provides a fine of from \$100 to \$1,000 and a term of one year in the county jail. All papers in appeal have been drawn by the attorneys for the defense, Wolfe & Martin and E. V. Larson.

The case brought by the state against Dr. Sawyer hinged upon the specific question of the right of a practicing osteopath to perform surgical operations or prescribe medicinal remedies. The question of classification was not brought into the case. Testimony adduced proved that Dr. Sawyer, while a graduate of a regular osteopathic school, does not carry a graduate certificate from a regular school of medicine recognized in the state of Idaho. The case will be appealed to test the validity of the law on this particular score.

On the stand Dr. Sawyer admitted that he had performed surgical operations, including those for appendicitis, classified as a major operation, and it was upon this that the state based its attack.

# MASONIC BLUE LODGE OFFICERS TAKE SEATS

### Annual Installation Marked by Good Program of Short Addresses

Twin Falls lodge, No. 45, A. F. & A. M., last night elected officers, recently elected and appointed to chairs for the coming year. Those seated are:

W. B. Ambury, worshipful master; Earl H. Sizem, senior warden; John S. Green, junior warden; J. G. Bradley, treasurer; W. O. Smith, secretary; Stuart Severson, senior deacon; Ross Johnson, junior deacon; A. W. Moore, chaplain; James W. Smith, senior steward; Don McKillop, junior steward; J. A. Koefler, marshal; Thomas H. Irwin, tyler.

Installation ceremonies were conducted by C. E. Green, retiring master of the lodge with Samuel H. Kayler, a past master, acting as marshal for the occasion. After the ceremonial a number of short talks and addresses were made by visitors and resident Masons. All were along the line of good of the order, and many plans were outlined for proceeding with the year's work.

# Local Brevities

**Action on Note**—The First National bank of Kimbrough has filed a suit in district court against W. L. Eskley, and others, to recover judgment for \$500, said to be due on a promissory note.

**Going to San Francisco**—P. L. McLean has resigned his position at the Majestic pharmacy and during the latter part of the week will move his family to San Francisco where they will make permanent residence.

**Lost Car Recovered**—Attaches of the sheriff's office last night received word that the Ford touring car stolen this week from C. A. Dickford, had been discovered by the side of the road one mile south of the South Park grocery.

**Company Guests**—Members of the Twin Falls Rotary club yesterday were guests of the Amalgamated Sugar company at an elaborate spread in the form of a luncheon served in the company's dining room. A tour of inspection of the factory completed the visit. About 30 of the club's membership were present.

**Plan Watchnight Festivities**—Members of Acca temple, D. O. K. K., residing in Twin Falls, have made plans for a watchnight entertainment on New Year's eve. The affair will be complimentary to the Pythian Knights and Sisters. The party will be held in Masonic temple, with cards, dancing and refreshments on the program.

# BEING EXAMINED FOR TUBERCULOSIS AT A TUBERCULOSIS CLINIC

From 75 to 90 out of every 100 men and women carry in their bodies the germs of tuberculosis, which may cause disease when resistance becomes low. It goes to go to a clinic, dispensary or health center if you feel "Off Color" or "run down." There are nearly 600 tuberculosis clinics in the United States, but at least 1,000 more are needed. Will you buy tuberculosis Christmas Seals and help to get them?

The Idaho Anti-Tuberculosis hopes to establish at least three dispensaries in Idaho if the Christmas Seal Sale is successful.

# APPEALED WOOL CASE IS IN DISTRICT COURT

### Grady Richardson and Price Smith are Placed on Trial Before Jury

A jury was impaneled in the district court this morning to hear testimony in the state's action against Grady Richardson and Price Smith. The case is an appeal taken from the judgment of the probate court, rendered some time last summer, the defendants being found guilty of taking wool belonging to George Todd. All parties to the suit are from the Cassiopolis district. J. W. Taylor is defending with Frank L. Stephan prosecuting.

The jury in this case is composed of H. C. Kennedy, Hilding Johnson, T. H. McDonald, C. R. Bevercome, Fred Fuller, L. G. Grainger, Jesse L. Ball, C. M. Lloyd, E. D. Kellogg, James S. Moo, W. R. Gwinn, J. P. Johnston.

# NOTICE TO TAXPAYERS.

Notice to the taxpayers of Twin Falls, Idaho. There will be a meeting at the Parish hall Saturday, December 18th, at 7:30 o'clock to which all taxpayers are invited.

(Signed) I. W. DAVIS, H. B. LITE, J. G. BRADLEY, HARRY EATON, S. O. N. SMITH, C. E. HISBEE, L. B. WALL, J. M. WALL, L. A. WARNER, Committee.

# COLLISION CASE DISMISSED.

In the probate court this morning, Judge O. P. Duvall presiding, testimony was heard in the damage action brought by J. T. Greuswood against William Detweiler. The action was based upon a collision of automobiles driven by the two men on a country road last August. Plaintiff sued Detweiler for \$224, said to represent the amount of damage sustained to his car. The court decided the accident was unavoidable, and the case was dismissed.

# GOLDBERG FINED.

A fine of \$100 and costs was this morning imposed upon B. Goldberg by Judge W. A. Babcock, seated in the district court. During the week Goldberg was found guilty of practicing medicine without a license.

Marion Eitter Smith announces the permanent location of her studio at 757 Main ave. E. Viola and piano pupils accepted.—adv.

# BURGOMEISTER OF VIENNA CREDITS AMERICAN RELIEF WORK IN AUSTRIA WITH SAVING THOUSANDS OF LIVES

NEW YORK, (Special).—American relief in Austria was praised as the "influence that has saved thousands of lives throughout the country" in a Thanksgiving day proclamation of gratitude by Burgomeister Reumann of Vienna, a transcript of which has just been received at New York headquarters of the European Relief council. The burgomeister said in part: "Austria this year joins with the country from which its most generous assistance has come since the war in celebrating the holiday that is the oldest of American institutions. On this day Austria extends its thanks to America for the wonderful and humane work of its relief organizations which has salvaged thousands of lives and alleviated the suffering of millions of our countrymen."

"Eternal thanks are due to Herbert Hoover whose efficient administration of the relief work has extended its benefits to the ultimate of possibility. Austria, at present dependent on charity, but ambitious to develop its industry and agriculture to a level that will permit self-support for the kindness extended by Americans in the time of our greatest distress and want."

The European relief council, through which relief is now being extended in Austria and the other war-famished areas of Central Europe, is an amalgamation of the leading American welfare agencies, recently formed to coordinate their several activities for the promotion of efficiency and economy. Herbert Hoover is its chairman and Franklin K. Lane its treasurer. The amalgamation comprises the American Red Cross, the American Friends Service committee, the Jewish Relief Distribution committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A., Y. W. C. A.

The council is at present feeding more than 2,500,000 children and nursing mothers in the stricken section of Central Europe and will expend \$25,000,000 for the relief of their suffering during the present winter, when famine conditions will be most aggravated.

# \$1000 Wanted at 25%

interest or less until July 1st, or longer: Greenhouses are now full of carnations, house plants, etc., so these will have to be mostly thrown out at a heavy loss April 1st if certain extensions cannot be made before spring, for it takes all our space in greenhouses as well as outside frames and thousands of square feet of canvas to satisfy our thousands of customers for garden plants. For which for the spring of 1921 we will raise and have for sale and will sell the largest number of the finest and largest plants at a reasonable price ever seen in the Twin Falls district. The most important business for the amount of capital invested in the city, last spring we could have sold \$1,000 worth more if we had had them, and next spring we are going to do it and more. This is the only greenhouse in the city limits of Twin Falls, and a space one-fourth the size of a city block is not too much if covered with glass houses to properly supply the trade here. Any money invested here is as safe as in any bank and pay many times the income. No company or partnership schemes are offered. And further here is the best chance in the country for someone with \$5,000 or \$10,000 to back up this place the way it ought to be, will make a deal with the right party under contract to furnish all borrowed capital for a stated term of years at a certain rate of interest or interest and percentage of profits, to be covered by first mortgage. But it must be done now. The writer has many years of valuable greenhouse experience as well as in other lines, but insufficient capital. Furnish the extra capital and profit by my experience. Oh, no! We are not facing bankruptcy, such an idea is not entertained by any one that trades here or by anyone in this neighborhood, but right now it takes \$1,000 to carry this business through right. The best in flowers and plants at the lowest price from the best of seed and care and the best of pay and treatment to employees are principles in which there will be no change. Call and learn the requirements, a great amount of cash is not required all at once.

# Weather Man's Order Obedied in a Slight Degree

THE weather maker promised warmer weather for last night, and the promise was fulfilled. You might not have noticed it but it was two degrees warmer last night than on the night previous. A 27-degree wind gusts constituted the apex of the mercury's climbings yesterday, and 14 degrees below the depth to which it fell in the night.

Tonight it will be cloudy and on Friday snow is to be expected, according to the diurnal prognosis.

# RE-HEARING PETITION DENIED BY DIETRICH

### U. S. District Court Jurist Declines Modification of Salmon River Order

Disposition on the part of Judge F. S. Dietrich of the United States district court in Boise, in respect upon the bringing together of all holders of water contracts under the Salmon River irrigation project as defendants in foreclosure proceedings is further identified in the case of the Commonwealth Trust company of Pittsburgh, trustee, against Max Smith and Margaret Smith.

Plaintiff's petition for rehearing on a decision to this effect previously rendered in this case by Judge Dietrich is denied by this order, the court stating that subsequent argument has furnished "no reason for modification of the original decision."

Copies of the order were received here yesterday by T. K. Hackman, attorney for the defendants. The Trust company is represented by Richards and Hagen of Boise.

# WAR MOTHERS TO MEET.
