FORMER EMPEROR SURE HIS SPOUSE WILL DIE

Every Detail for Funeral of Deceased
Emperor of Germany is Worked
Out in Advance

DOORN, Holland, (AP)—Former Emperor William of Germany, and others at the house of Doorn are convinced that the death of former Emperor Augustus Victoria is a matter of time. Dr. Haecker said today that she might linger indefinitely, although her condition was becoming increasingly serious.

Every detail for her funeral has already been worked out. A Doorn funeral has been ordered to take place on the estate here, and one of the employees of the estate has been given a list containing the names of friends and relatives to whom telegrams are to be sent when the emperor dies. Former King Prince-Princess Wilhelmina arrived here today. She was unable to come during the emperor's illness because the island of Wieringen was too small.

CUBAN SENATE WOULD CONTINUE MORATORIUM

Commercial Obligations Contracted Before
First Decree Would Be Paid
in Installments

HAVANA, (AP)—Continued action in the Cuban senate on a modified basis for four months would be authorized under the terms of a bill approved by the senate last night. The measure has the sanction of President Morales, and is reported to be acceptable to Major General Eusebio Céspedes, who is expected to take up Cuba's financial problems as soon as he has succeeded in straightening out the tangled web of the recent presidential elections. The bill now goes to the house for consideration.

Under provisions of the measure, judicial, military, police and other commercial obligations contracted before October 10, 1920, the date of the issuance of the first moratorium law, and now due, falling due before April 30, next, would be payable in four installments.

CREAMERY OWNERS HELD VIOLATION OF WISCONSIN LAW REQUIRING DATES ON STORAGE IS CHARGED

GREEN BAY, Wis., (AP)—Deputy Food Commissioner Charles J. Kramer today reported the arrest of the owners of the Palmyra Creamery of Green Bay, one of the largest in the state, and alleged to be indirectly managed from headquarters in Oregon and the seizure of 15,000 pounds of butter and 510 cases of liquid eggs.

The state dairy and food commission today ordered the goods placed on the market, as once it was alleged the butter and eggs were held in cold storage in violation of state laws, with no marks to show on what date the articles were placed in storage.

LANDIS MADE SUPREME JUDGE FOR BASEBALL

BOXING SCHEME HAS NO APPEAL FOR NEW YORK

Chicago Jurist, after Borah, is
Seated as Sole Administrator
of Game

CHICAGO, (AP)—Organized baseball entered a new era today, governed by new national agreements and administered by Federal Judge Kearsney M. Landis, supreme dictator.

The first meeting of Judge Landis with the new baseball advisory board was held today. The advisory board consists of 12 men, elected by the National League, D. B. Johnson, president of the American league, and H. B. Horton, president of the National Association of Professional Baseball Leagues, representing the minor leagues. Important subjects discussed at the meeting included rules to promote cooperation and understanding in carrying out the provisions of the new agreements; procedure for settling differences that may come up between the majors and minors; plans for presentation and hearing of future disputes between leagues of the same classification in the minors or between the teams of one league.

Revision of world's series regulations, which will be subject to discussion of receipts, also was taken up at the advisory board's meeting. The assessment for the government of baseball was raised to 15 from 10 per cent, and the rule awarding the world's series to the league which won the most games in the four last years was changed to one league and one winning player's share. The umpires have long contended for such a percentage agreement.

BLUE AND WHITE OVERWHELM FILER BASKET QUINTET

Twin Falls Has Practice Room
with Neighbor Folks—60-
14 is Result

The first hoop game, played last night on the local gym floor, came out a sweeping victory for the Blue and White. The Filer boys, who played a fast game but Twin Falls' teamwork brought the final count up 60 to 14. Carter, the lanky Blue and White captain, was the star of the hour, throwing making every successful shot. With "Budd" Newman back in the lineup play was speeded up noticeably. The fast forward played all over the floor showing much of his old time form. Yetman, at the other forward position played a fast, hard game until the last few minutes when he yielded his place to King. Taylor and Putzer as guards put up their usual hard fighting, the low score of the opponents testifying to their ability. Two of Filer's basket were thrown in a most masterly manner. Baker, their running guard, forcing both from the middle of the floor.

This game, though a practice one, helped greatly to bring the men together and tightened up their teamwork remarkably. The next contest will be with the "B" team of Filer. The home court is attracting wide attention as the Burley squad is said to be a fast aggregation. The high school basketball team and there will be a wrestling match between a Burley man and a local. Newman's being able to play is a source of great delight to the fans.

WILDE TO CLAIM CHAMPIONSHIP IF HE BEATS HERMAN

Britannians Do Not Recognize
Lynch's Right to Title by
Recent Work

LONDON, (AP)—Odds of 6 to 4 were today offered that Jimmy Wilde, flyweight pugilist champion of Europe, would defeat "Pete" Herman, of New Orleans, in their bout in Albert hall tonight. Herman's recent defeat in New York city by Joe Lynch, who is recognized as forfeiting Herman's title to the world's bantamweight championship, and tonight's battle was considered in sporting circles today as carrying with it the championship laurels.

"Battling" Levinsky, former light-heavyweight champion, yesterday complimented his work preliminary to his bout with Bombardier Wells tonight.

BRITISH BACK WILDE

LONDON, (AP)—Despite the announcement of the British boxing board of control that in view of the lack of official information regarding the decision obtained by Joe Lynch over Pete Herman of New York, it is impossible to render a decision regarding Jimmy Wilde's right to the world's championship if he defeats Herman here tonight, Welsh miners are backing Wilde to the limit at odds of 6 to 4. English experts expect that Bombardier Wells will best "Battling" Levinsky, another of tonight's contestants.

HAILED AS CHAMPION

BOSTON, (AP)—The Boston college football eleven, victors in every game they played, were hailed as the champions of the east last night by Governor Cox, the mayors of Boston and Newton, and Judge E. C. Blumwell of Philadelphia, president of the Veterans' Athletics' association. This organization by vote has declared the team the champions of 1920, and on January 25 will formally present a trophy to mark the distinction.

STANDS COLLAPSE AT FIGHT

SIoux CITY, Ia., (AP)—Earl McArthur of Sioux City, defeated Joe Schwartz, of Minneapolis, in their ten-round bout here last night. The men are hand-to-hand. During the eighth round of the main event two sections of the temporary stands, on which approximately 1000 persons were seated, collapsed. No one was injured.

DELAWARE WANTS BOXING

DOVER, Del., (AP)—A boxing bill, similar to the New Jersey law, is under consideration by the lower house of the Delaware legislature. It would authorize the governor to appoint a commission to have jurisdiction over all bouts.

CADDOK MOVES EAST

OMAHA, Neb., (AP)—Earl Caddok, who will meet Ed (Stranger) Lewis in New York January 24, for the world's heavyweight wrestling championship, and his manager, Gene Mealy, left last night for New York, where he will complete his training.

NET PLAY

PHILADELPHIA, Pa., (AP)—Representatives of Boston and Philadelphia met today in the opening matches of the national professional court tennis tournament. W. H. Ligon, of Milwaukee, was elected president.

12-ROUND DRAW

DALLAS, Texas, (AP)—Jack Reeves, of San Francisco, and Young Fitzsimmons of Oklahoma City, middleweights, fought 12 rounds to a draw last night, according to newspapermen.

Brief Bits of Sport

But Judge Landis isn't the sort of official whose morals of baseball will wobble longer until a good deal of mud monkeying with some minor league club bouts up.

The White Sox have turned back Fletcher Stewart to the Bronx City club after another season's experience.

The lad is said to have about a give more room in right field. With pitcher needs except experience, but the changes made there may not be so

that is about two-thirds of the requirements.

Stranger Lewis and Earl Caddok will furnish Jack Curly's next "ring-around-the-rosy" mat stunt.

It is said the "Big Four" baseball club, Lewis, Stetser, Caddok, and Wladek Zyzanski, have met one another 35 times in the past four years.

It's a close corporation, all right, but it seems to get away with the bunk stuff and the money too.

The Jackson-Pinkie Mitchell bout, recently staged in New York, seems to have been a replica of the Mitchell-Young bout held here a while back.

Mitchell landed most frequently but his punches lacked weight, while Jackson, like Young, hit less often, but stung when he landed.

The scrap was declared a draw.

Benzy Leonard says a fighter must be a student to be successful.

Yes, but the college he went to is a decidedly rough one.

The Little Rock Southern league club is going to the lots of Chicago for talent. Announcement was made last week of the signing of Dick Paderis and Frank McManara, both of whom made their reputations in the Chicago independent field.

Manager Gene McCann of the Bridgeport Eastern league falls to take some action in the case of Bob Marquand and inflict punishment on him for his ticket speculation during the world's series, then Judge Landis will be asked to act in the case.

The St. Louis Cardinals asked wally-ear pitcher Marvin Gorman to leave the club, passed, and then Manager Branch Rickey decided to hold on to Goodwin Buzz sax the moguls of baseball will wobble longer until a good deal of mud monkeying with some minor league club bouts up.

The Reading club of the International league has lot contracts for doubling the seating capacity of its park and more ground has been leased to have a give more room in right field. With pitcher needs except experience, but the changes made there may not be so

many home runs made at the Reading park next season.

The Southern league club owners, at their recent meeting, refused to lift the ban on spitball pitchers. It hardly expected it would be, so the managers' plans for pitching are not upset. Bud Forks of New Orleans is a spitball pitcher—but it is the idea he makes an outfielder of him.

JANUARY CLEARANCE SALES

The Most Stupendous Twice-a-Year Disposal Sale Ever Held at This Store

Annual January Clearance Sale Begins Saturday

There are many reasons for the giganticness of this year's Clearance Sale. The backwardness of the season is one of the chief causes. Another reason is that the public has been buying sparingly, waiting for still lower prices. At the beginning of the season we purchased a tremendous stock of merchandise, for we anticipated a big season. All these goods were bought at the old prices. Then came the break. Although we've made readjustments to conform to the reductions made at the wholesale centers, our immense stocks did not move with

rapidity. The weather was against us, and as a result our stocks are bigger than they would be if we had cold and blustery days. Because of our predicament, you are given the most amazing bargain opportunities—values that vividly recall those good old low-price days of 1914. We cut prices on practically every article in the store. No attention has been paid to what the goods cost or to our profits on them. Our only thought is to clear out our stocks, and we believe at their new reductions they will move out in double-quick time.

These Prices Prove This Statement

ford Building, Chicago.

SLIGHTING FEDERAL PAYROLL

Although the departments at Wash-
ington are notoriously overmanned, the
democratic administration has evinced
no willingness to remedy this condi-
tion, wherefore the appropriations com-
mittee of the house has adopted the
businesslike course and refused to pro-
vide for paying salaries for the next
fiscal year to an amount aggregating
more than \$11,000,000. Thus the de-
partment chiefs will be compelled to
reduce their forces and the govern-
ment will be spared a large unne-
cessary expense.

No right-minded person can counte-
nance without regret the shutting down
of employment of 10,000 or 12,000 men
and women, but little hardship will be
imposed on those "let out." The com-
mittee's recommendation is equivalent
to more than five months' notice to
the "deadwood" to seek other employ-
ment. In that time most of the un-
necessary clerks should be able to ob-
tain other jobs. They came to Wash-
ington from all sections of the coun-
try; they will return to their home
states. To the taxpayers the saving
will be a considerable item. Besides
which, bringing the national payroll
within reasonable limits will consti-
tute a beginning of business practices
at the seat of government very much
desired.

No one has patience with the ex-
travagant and wasteful practices that
have been the rule in Washington for
a good many months. The people are
willing to pay well for necessary work,
but they are opposed to handing a liv-
ing to any who do not earn their keep.
With an example of prudent retrench-
ment set by the government we may
expect an increase of bona fide pros-
perity throughout the country.

COMBATING BANDITS

A Cincinnati bank announces that
employees will be given target practice
with revolvers, as a precaution against
bandits, and a range has been located
in the basement of the bank. The plan
adopted by this bank may serve as a
suggestion for other institutions likely
to be visited by bandits for none of
these public utilities seem to be over-
looked by the banditry.

Even the daylight robber is a cow-
ard at heart. He will not take any
chance on having his precious carcass
penetrated by a piece of cold lead.
Banks are robbed and other thefts com-
mitted under conditions most favor-
able to the robbers. It may have
sounded a bit cold-blooded for the Chi-
cago chief of police to take bullets to
the morgue instead of to the police
station, but it should not be forgotten
that these daylight robbers do not hesi-
tate to shoot to kill if they are inter-
rupted.

If it should become generally known
that banks and other places so attrac-
tive to the daylight robbers have
employees who are able to pull a good
trigger, the knowledge might have the
effect of reducing the number of rob-
beries. Funerals of persons who are
around pandering with guns are ex-
tremely too few.

DON'T WASTE SYMPATHY

Defeat is always unpleasant. But
defeat for Germany was avoidable.
She need not have started the war.
Therefore, although no doubt loser of
"even one drop of the Rhine" has
created a national depression in Ger-
many, as a noted lecturer said the

other day, we question if "sentimen-
tal reason" are mostly responsible for
the depression, as is averred. Nor
can we imagine why Germany should
grieve more over such a loss than
France might reasonably do should
Paris "fall."

In any case, it is immaterial what
psychological effect occupation of the
left bank of the Rhine by the conquer-
ors of Germany has on the people of
that country. Starting the war, they
should have been prepared for any
eventuality—prepared to pay as well
as to collect. If they cannot take their
medicine without making very faces,
so much the worse for them. But why
should we be asked to sympathize with
them? It is well enough to tell the
facts about conditions in Germany and
to paint a picture of German distress,
mental and physical, that will serve as
a warning to others not to complicate
brutalism, but let it always be borne
in mind that Germany has got off much
worse than some of those who criminally
attacked.

Her way out is through repentance
and atonement. She cannot reasonably
expect remission of any penalties be-
fore she has given proof of a change
of heart and a sincere purpose to make
amends for her crimes.

THE FORUM

A TRAVESTY UPON JUSTICE

Editor, Twin Falls News.
Dear Sir: In a recent issue I, in com-
mon with many other citizens, was
informed and chastened by the perver-
sion of justice as evidenced by the ac-
tion of Governor Davis in granting a
reprieve to one Melvin Pettit, sen-
tenced to penal servitude by Judge
Halsey, which sentence was sustained
by the supreme court.
Is this action conducive to good law-
abiding citizenship and better family
life, or is it placing a premium upon
crime and law and order, as in Cal-
ifornia 30 days ago when three suc-
cessive judges were hanged by rope citizens.
What is the influence look of this
perversion? I answer by asking you
to imagine the action for a year now
without an attorney.
As a citizen of this state and the
father of a family I wish to raise my
voice against this lawless
hundred procedure.

A. CITIZEN.

TAX ON 1920
INCOMES IS DUE

Uncle Sam Has Started Collect-
ing Federal Duty on the
Last Year

Work has begun on the collection
of the income tax for the year 1920.
Uncle Sam, through the bureau of in-
ternal revenue, is addressing to every
person in the United States the ques-
tion, "What was your net income for
1920?" The answer permits of no
guess work. Every single person whose
net income was \$1000 or more and every
married person whose net income
was \$2000 or more is required to file a
return under oath with the collector
of internal revenue for the district in
which he lives on or before March 15,
1921.

The penalty for failure is a fine of
not more than \$1000 and an additional
assessment of 25 per cent of the amount
of tax due. For willful refusal to
make a return the fine is a fine of not
more than \$10,000 or not exceeding
one year's imprisonment, or both
together with the costs of prosecution.
A similar penalty is provided for mak-
ing a false or fraudulent return, to-
gether with an additional assessment of
50 per cent of the amount of tax
evaded.

Women Must Pay Tax

The income tax applies to women as
well as men. Husband and wife must
consider the income of both parts of
their joint property as one, and if the
total income exceeds \$2000 a return
must be filed. A minor who has a
net income in his own right of \$1000
or more must file a separate return.
To be allowed the \$2000 exemption a
married person must be living with
husband or wife on the last day of the
taxable year, December 31, 1920. Di-
vorcees, persons separated by mutual
agreement, widows and widowers,
if they are the sole support of their
children living in the same household,
in which case they are allowed the \$2000
exemption granted the head of a fam-
ily, are entitled only to \$1000 exemp-
tion.

Tax Rates for 1920

The normal tax rate for 1920 is the
same as 1919, but on the form of the
\$1000 or less income above the exemp-
tion and 8 per cent on the remaining
net income. This applies to every citi-
zen and resident of the United States.
In addition to the normal tax a sur-
tax is imposed upon net income in ex-
cess of \$5000.

Instructions on Form

Full instructions for making out re-
turns are contained on the form, cop-
ies of which may be obtained from
collectors of internal revenue. Per-
sons whose net income for 1920 was
\$2000 or less should use form 1040A.
Those with incomes in excess of \$5000
should use form 1040.
Persons who will visit every
county in the United States to assist
taxpayers in making out their returns.
The date of their arrival and the
time of their departure will be announ-
ced by the press or may be ascertained
upon inquiry at the offices of collec-
tors. This advisory service is without
cost to taxpayers.

She's Here, Even if She Did
Have to Climb a Coal Chute

Miss Anna Woodman, who was the
youngest officer in the British W. A. C.
during the war, recently arrived in
New York. When the vessel stopped
at Halifax for coal Miss Woodman went
ashore and was nearly left behind when
the steamer pulled out in stream. She
hired a launch to get from shore to a
coal barge alongside the vessel and
made her way to the steamer via
the coal chute route. Owing from coal
Miss Woodman appeared on deck
and was congratulated by passengers
who had been watching her perform the
risk stunt.

MOTOR TOURISTS SPEND
\$1,250,000 IN SPOKANE

Highway Association Head Estimates
50,000 Cars Bring 150,000 Persons
Into City

SPOKANE, Wash. (AP)—Automobile
tourists spent approximately \$1,250,000
in Spokane during 1920, according to
Frank W. Guilbert, president of the
Eastern Washington Highway associa-
tion. Fifty thousand machines, carry-
ing 150,000 persons entered the city
during the year, according to estimates
of Mr. Guilbert. He says that each
person stayed in Spokane a day and a
half at an average expenditure of \$5.
Automobiles from all but two of the
48 states registered during 1920 at the
National Parks Highway office here as
have machines from Canada, Hawaii,
Mexico, Holland, Philippine Islands,
South America and Alaska. The two
states from which no cars were regis-
tered are Newfoundland and Delaware.
Registered at the highway office
were 516 cars from California, 254 from
Tennessee, 92 from Idaho, and 252 from
Oregon.

Clinching Argument

The little girls were preparing to
play house, and had difficulty decid-
ing the question, "Who will be the mam-
mam?" Finally one said, in a tone of
finality, "But, Mary Elizabeth, I've
got to be. Don't you know I'm sixer
than you are?"

Scarf Pin is Prize
for New Year's Fly

NEW YORK, (AP)—Four sane
and sober men celebrated their
first fly hour of 1921 by visiting
New York's gay cafes and hotels
to see if they could outdo one win-
ter fluster. Unsuccessful along
the Gay White Way they went
lower on Manhattan Island where
the less luxurious restaurants held
their sleepless celebration.

And in one of them they found
a sorry specimen with a lice and
hungry look. The Philadelphia
man in the party of four did the
dirty work. Then he sent the re-
mains to the Merchants' associa-
tion which annually presents a
scarf pin bearing a golden fly to the
person who first kills a fly on
New Year's day.

"The capture of this insect,
small as it is, means that we shall
have several billions fewer flies
next summer," said the funeral or-
ation accompanying the scarf pin.

Europe Holds Key to
Armenian Mediation

LOS ANGELES, Cal. (AP)—Me-

moral sanction of the larger Euro-
pean powers. Henry Morgenthau,
former ambassador to Turkey and
recently appointed mediator for
Armenia by President Wilson, said

Prison

To dream of living in a prison con-
stantly promises consolation for trou-
ble. To visit one in your dream is
a sign of a legacy from some distant
rich relative. To dream of depart-
ing from a prison is a sign of great
contentment. To dream of en-
tering one signifies safety in some ob-
scure incident.—Bryan.

Paralyzed

Two cupulent old gentlemen on the
green with putters in their hands and
their golf balls a few feet from the
cup. One of them is scratching his
head in a perplexed fashion. "Gee,
supposing I put this in? Who in
blazes is going to get it out?"—Life.

Real Estate Note

Father (conceding to young son):
—Well, the nerve of you to ask my
daughter to share your lot when you
haven't a single foot of real estate
to your name.

BEHOLDING REAL ESTATE

A "classified advertising" man says
that he has signs and placards at
various little spots except in the im-
mediate neighborhood. Your logical
conclusion is that the signs are there
so that you may not even know your prop-
erty through any other means.
