## WOMEN TO DELIVER Vote by Airplane

OMAHA, Neb., (AP)—Two airplane pilots will deliver the Nebraska women's vote to the Nebraska legislature, delegate from the Nebraska college and, Mrs. Draper Smith of Omaha, alternate to Washington, will deliver the eight electoral votes at the national capital. They plan to make their first stop at Des Moines, Ia.

## HEIR TO THRONE OF JAPAN TO VISIT U. S.

TOKIO, (AP)—Prince Hirohito, heir apparent to the throne of Japan, will visit America after his proposed trip to Europe and other European capitals next spring, says the Asahi Shimbun of Osaka. The crown prince may be accompanied in his trip to America by Admiral Itogo and a number of other prominent Japanese leaders. It is reported.

## Nebraska Women Use Airplane to Deliver Presidential Vote

OMAHA, Neb., (AP)—Mrs. H. H. Wheeler of Lincoln and Mrs. Draper Smith of Omaha, alternate to Washington, will deliver the eight electoral votes at the national capital. They plan to make their first stop at Des Moines, Ia.

## ARMY HOLDS OUT HOPE TO FATHER OF HOPE

WASHINGTON, (AP)—Army recruiting literature cast a little ray of sunshine into the life of a Ozark farmer in Missouri, who had children to support on 60 acres of "run down" land. Volving of the sons and a pair of twins, all just under age. The boys "are large for their ages and will grade well to the average country boys in look and intelligence," he said.

## BRAND'S NEW CABINET ANNOUNCES ITS POLICY

French Parliament Hears New Premier Road Declaration of Intentions

PARIS, (AP)—Aristide Briand's new ministry made its law before parliament today, and the new premier read the cabinet's declaration of policy. M. Briand and Philippe Berthelot, general secretary of the French foreign office, sat still after midnight finishing the declaration, which was submitted this morning for final approval by the whole cabinet. This meeting was held at the Elysee palace and was under the chairmanship of President Millerand.

Attorney General Approves Measure Modeled After California Law Put Up to Legislature

## DEFIES BRITISH INFLUENCE UPON MARINE POLICY

Rejoinder of the International Mercantile Marine Company Head to Charges of Senator Jones Enlivens Session

WASHINGTON, (AP)—Charges by Senator Jones of Washington that the International Mercantile Marine company "operated in the interest of the British government and British trade" brought a sharp rejoinder from P. A. S. Franklin, president of the company, and created a lively discussion at the opening session here today of the annual convention of the National Merchant Marine Association.

Mr. Franklin stated that the ship-owning company was not in the employ of the International Mercantile Marine and had opposed establishment of an international shipping board. He stated that the company was organized in New York and England and the business of British liners from New York.

Mr. Franklin stated that the man was Senator Jones said he thought his name was Mr. Andrews. "We never had a man by that name," declared Mr. Franklin, and asked for further information as to the senator's charges.

# ASSAULT UPON EXPENSE BILLS IS IN MAKING

### Knives are Being Sharpened in Lower House of Idaho Legislature Preparatory to General Attack on Budget

## LEADERS DETERMINED IN EFFORTS TO ECONIMIZE

BOISE (Special to The News)—Knives are being sharpened in the lower house of the legislature this week preparatory to a general assault on the budget submitted by Governor Davis.

Leaders in the lower house appear to be determined in their efforts to economize and the failure of the governor to trim down appropriations is expected to result in direct action on the part of the legislators.

**Operating Expenses Higher**

The appropriations recommended by the governor for the operating expenses of the state government during the biennium of 1921 and 1922 and for the penal and charitable institutions are higher by approximately \$400,000 than were the appropriations of two years ago for the same purposes.

In his message he claimed to effect a saving of better than \$500,000, but the only savings made are found in appropriations of 1919 for soldiers' relief in the Gem irrigation district, new buildings at the state sanitarium at Nampa, and for other like purposes. The running expense of the state government would cost more this biennium than last if his recommendations are

accepted and acted upon by the legislature.

The claim laid to savings is regarded as premature, for other appropriations are being asked for in the legislature which threaten to run the total up to a figure well keeping with the appropriations of two years ago.

### Outs Gains Disaffection

It has now become generally known among the members of the legislature that appropriations being asked for by the educational department are to be trimmed. At least the building program will be cut materially by the governor, and this is causing disaffection among members of the legislature from those counties where state educational institutions are located. They had expected reduction in the operating expenses of the state government and find that the governor has recommended increases for the departments as a whole.

House leaders are frank in their assertions that heavy reductions will be made in the appropriations and new appropriation bills may be written in which the suggestions of the governor will be disregarded to a great extent.

## EIGHTY-FIVE PER CENT OF OREGON WOOL UNSOLD

### Growers Mark Time Except in Case of Forced Liquidation, Baler Bankers Declare

BAKER, Ore., (AP)—Approximately 85 per cent of the \$15,000,000 pound 1920 Oregon wool crop is yet unsold, according to compilations made here. Ten per cent of the clip is still in the hands of the growers, it is estimated, 15 per cent has been sold and 75 per cent has been sent to various warehouses throughout the state.

According to baler bankers, there is absolutely no market for wool now sellers in the market, and presumably all growers are marking time except in cases of forced liquidation.

## Charming "Princess Pat" and Her Baby Son

A new and charming portrait of Lady Patricia Ramsey and her baby son, Alexander. Princess Pat, who is the daughter of the Duke of Connaught, was the first royal lady in many years to visit a commoner. Her husband is Commander Alexander Ramsey, R. N., and brother of the Earl of Dalhousie.

## Lungmotor Revives Child Called Dead

BOISE, Idaho, (AP)—After having been pronounced dead by attending physicians, the one-year-old son of Mr. and Mrs. William White, member of the Boise fire department, was revived and restored to life through use of the fire department lungmotor. The child suffered from pneumonia and once in the White home and again in a hospital the lungmotor was used after the baby had stopped breathing. Doctors attending the case express loud praise for the work done by the motor, operated by Fire Chief Foster, and express confidence that the child will completely recover.

## MONEY REFORMS PROMISED CHINA

### American Mint Export Undertakes Direction of First Currency Factory

SHANGHAI, (AP)—The first step in an effort toward uniformity in Chinese currency will be undertaken by the building here of China's first national mint. The work will be directed by an American mint expert, Clifford Hewitt of Philadelphia, whose services have been loaned to China by the United States and who came here a short time ago to begin his duties. Mr. Hewitt installed the new mint at Min-shih, the first established in the Philip-pines.

It is expected that the completion of the new Chinese mint will put an end to the conglomerate system of currency of all kinds and values which has long been a drag on the commercial progress of China.

While the Mexican dollar, introduced into China from the Philippines, has come to be the common unit of value the various tuchans, governors and other officials of provinces have issued coins that are dealt with commercially at values based on the quantity of their silver content. The Chinese fact in which government funds and customs originally are reckoned is not a coin at all, but a silver slug of a given weight and fineness, differing in value and weight in the different provinces. The Shanghai mint is to cost about \$5,000,000 and be one of the largest in the world, rivaling in size and output the mint at Philadelphia. It is to have a capacity of 500,000 silver dollars a day with a daily consumption of 14 tons of silver in addition to bacter metals used as alloys. Mr. Hewitt hopes to have the plant completed and in operation within two years. He is the originator of many of the machines and processes in use in the

American mint, having been in the service of the United States government for five years. He was builder of the American mints at Denver and Philadelphia.

## Jay Gould Beats Jack Soutar in Tennis Contests

### Champion Smashes Way to a Great Victory — Three Games in Four

PHILADELPHIA, Pa., (AP)—Jay Gould, national and open court tennis champion, won three out of the four sets played yesterday in the nine set challenge match for the national championship against Jack Soutar of the Philadelphia Racquet club. The scores were 6-5, 6-2, 6-0, 4-4. The remaining sets will be played Friday. Gould needs only two more sets to retain the title while Soutar must win four to become champion.

Gould's position-play was nearly perfect. His wonderful change of pace baffled Soutar throughout. Save in the third set, which he won, the breaks went against Soutar as consistently as they favored him in his match with "Pinky" Fairs last Saturday. But it was the steadiness of Gould's striking that gave him the advantage. His soft, cut shots to the forehand came off at weird angles, impossible for Soutar to return.

## MOSCOW BASKETWEBS ABE BESIEVED WITH SPECIAL MENU

MOSCOW, Idaho, (AP)—Awards to Moscow on the University of Idaho basketball team are being served special grub at a variety training table. "I have always been a firm believer in the table training principle," said Athletic Director Thomas Kelly. "I am very sure that these basketballers of ours will thrive on their special meals."

"FOR BETTER CLOTHES"

# SEMINOLES TO MOVE TO MEXICO

### Indians in Conference, Decide Upon Pressing Claim to Reservation Grant

WEWOKA, Okla., (AP)—At a conference of Seminoles Indians held here recently a decision was reached whereby many Seminoles living in the Seminole county will move to Mexico next summer to live upon a reservation allotted them in 1859 by the Mexican government. If claims to the land can be established.

Louis F. Brown, chief of the Seminoles and son of former Governor J. F. Brown, with a delegation of fourteen Seminoles leaders, have left Mexico City to confer with President Obregon and ask his decision on the claim.

Chief Brown is in possession of a copper medal upon which the original treaty was made to the tribe, granting the reservation to the Indians, which he will take with him to offer as proof of the grant. The only real question is uncertain in the minds of the Seminoles is whether the new Mexican regime will recognize the treaties of the old regime.

Members of the tribe who will migrate to Mexico are those who have sold their allotments in Seminole county. The Seminoles who have sold their allotments, the Seminoles chief said. Having no homesteads, they desire to live according to their old ways and customs.

THE RESERVATION which the Seminoles claim was in the northern section of the Kickapoo Indians in northern Mexico and consists of several thousand acres of fertile soil. The reservation was at one time occupied by the Seminoles, old Indians say, but many of them moved to Oklahoma after the Civil war and were allotted to them. Slaves of the Indians, who remained in Mexico, when their masters moved into Oklahoma, are still in the Seminoles reservation.

TO PLAY JAPANESE.

NEW YORK, (AP)—The Columbia university baseball team will play the Waasels, university team from Tokyo, Japan, here next spring, it was announced today. Waasels, in a letter to Columbia, requested a game to be played during its tour of the United States in May and June. The far easterners will play in Chicago May 10 to 12; in Boston May 23. The game with Columbia probably will be played early in June.

BYBYS CHAMPION TROTTER.

HARTFORD, Conn., (AP)—Word has come from W. H. Cocher, secretary of the National Trotting association that William Cocher of this city, has bought Trotter L. the champion 4-year-old trotting stallion of 1920, at Memphis, Tenn. The price is understood to have been about \$10,000. Last year the eleven races Trotter L.'s best mark was 2:06 1/4.

JONES' SELECTION PLEASES.

NEW HAVEN, Conn., (AP)—Satisfaction was expressed by the Yale News today at the selection of T. A. D. Jones as university football coach for a term of years. It says his title will be divided to "building up a new Yale system such as has been utterly lacking since the days of Ted Coy."

OUTLAW WANTS 'HONOR'.

PITTSBURGH, Pa., (AP)—The Wagner, former star pitcher of baseball, is among the players desired by George Lawson for his new Continental league. It was learned here today that Wagner last year coached the Carnegie Tech squad and played on an all-star team bearing his name.

WINS IN AUSTRALIA.

SYDNEY, Australia, (AP)—Lud Langer of San Francisco yesterday won the quarter mile swimming championship of New South Wales.

OFFER BOXING BRL.

CHARLESTON, W. Va., (AP)—A bill to legalize boxing in West Virginia was introduced in yesterday's session of the legislature.

# Today's Sporting News

## TWO PROMOTERS QUIT PLAN FOR STAGING SCRAP

### Tex Rickard Left Alone to Handle Dempsey-Carpenter Championship Go

NEW YORK, (AP)—Withdrawal of two of the promoters of the \$500,000 championship bout between Jack Dempsey and George Carpenter would prevent him filling the place and staging the bout, Tex Rickard, the third promoter, declared today. William A. Brady announced last night that he and Chester B. Cochran of London, were "through" because "the contracts have not been mutually observed."

Brady said when his representative called at the Central Union Trust company to deposit his third of the \$100,000 agreed upon as the promoter's fee fund, he found that only Cochran's \$33,333.33 was there. He said the fighters had not posted their forfeit money, that as a consequence of Dempsey's interest in the fight had been deposited.

Rickard insisted he would try to stage the bout July 2 in Montreal. Cochran's reported offer to hold the match in London was given much consideration among fight followers today.

## Mathewson Wins Point in Battle Against Plague

### Former Star Pitcher of Giants' Club Leaves Bed for Wheel Chair

NEW YORK, (AP)—Christy Mathewson, former star pitcher of the New York Giants, who for seven months has been fighting a nip and tuck game with tuberculosis at Saratoga lake, awoke yesterday, awfully in pain, he was placed in an invalid chair and wheeled out on the front porch. As his wife sat behind him, with a minister of the fact that "the mercury registered 20 below zero, Christy said:

"I've not felt so happy and know I'll get well."

FRENCH CHAMP MAY COME.

NEW YORK, (AP)—Miss Suzanne Lenglen of France, world's woman tennis champion, may come to this country next summer to meet Mrs. Mollie Rutherford Mallory, Mrs. George W. Wickersham and other leading American feminine players. Special invitation will be extended to Miss Lenglen to compete in the women's national championships.

LOOKS LIKE BURMAN.

CLEVELAND, O., (AP)—Newspaper sport writers were divided on the result of the tennis bout last night between Carl Tremaine of Cleveland and Joe Burrage, Chicago batsman; weight, one writer giving the decision to Burrage and another declaring the contest a draw. The bout was held in Cleveland.

DICKIE HOLDS OUT.

CHICAGO, (AP)—Dick Kerr, diminutive star southpaw of the Chicago "American," is the first hoodlum of the season. He wrote friends here yesterday that he was dissatisfied because his contract for 1921 did not contain an increase in salary. He asserted he would not pitch unless granted an increase.

SMASHES SWIMMING RECORD.

MINNEAPOLIS, Minn., (AP)—Norman Ross of the Illinois A. C. dipped in a fifth of a second off the Illinois world's swim record last night, making the distance in five minutes 33.3 seconds. The former record, held by himself, was 3 minutes 4.5 seconds.

## Youth Found Dead Boxer is Held by Salt Lake Police

### Jettors Arrested after Finding of Thurman's Bruised Body in a Pool

SALT LAKE CITY, (AP)—W. R. Cyclone Lofly Jettors, well known in international boxing circles, is being held by the police in connection with the death of Clifford Thurman, son of Justice S. R. Thurman of the state supreme court and prominent socially, whose body was found in a pool at Beck's hot springs near here, last night. Jettors, who is a taxi cab driver admitted, according to the police, that he took Thurman, a companion, and two girls, to the springs last night. Following the discovery of the body, Jettors and Thurman's companion and the two girls were taken into custody for investigation. Today Chief of Detectives Beckett declared that Thurman had been punched severely in the face and then thrown into the water.

## Brief Bits of Sport

Bill Gleason, who backstopped for the Jerome club last year, is to be retained as third-string catcher with the Pirates.

Gleason burned up the Southern Idaho league last year, and, although only a youngster, has all the earmarks of a coming star.

Boile, Caldwell, Nampa, Twin Falls, Burley, Postville and Idaho Falls, towns that for a baseball league for the Southern Idaho.

Tex Fern doesn't appear to have had more than a common everyday work-out in his tilt against Gustavo, who alleges he is the middleweight champion grappler of South America.

There's a considerable hubbub in the east over the status of the Dempsey-Carpenter fight thing.

But they shouldn't worry, there'll be a fight even if the participants have to reduce their figures 20 per cent, from first offers.

Sam Sulley, sagebrush sage, says "Ain't no one talkin'; you can't be none forms 'n' athletes and still be considered by high society."

The Salt Lake baseball folks are still hawking about the action of the minor leagues association, in naming Bill Fowler and Earl Maggett.

Of course it makes a lot of difference where you sit, and the result, certainly, but even good sitting when Fowler and Maggett were removed from that club last season.

The hitting of these men during the latter weeks of the season might have won Salt Lake the flag; but it does not seem possible that even good sitting could have helped with the Pirates falling more and more as the season ran along.

That trip to Cuba last fall cost Bob Ruth about \$50,000. Which proves that the home-run hero is no high fign fign.

We Yankee folks may take a lot of pride in the way Peter Herman whined all the home-waiting championship aspirations out of Jimmie White-over in London the other night, but our infatuation goes a bit when we discover that Herman outwheeled the brilliant Hillblinton 12 1/2 pounds.

But we still have to wonder if Whitehead that he is, is justified in taking on men who outweigh him a score or so pounds.

Jesse Burket has been re-engaged by the New York Nationals to act as scout the coming year and he also will

spend some time with the Giants, acting as assistant to Hugh Jennings, who is himself, assistant to John McGraw.

The 1921 style in baseball uniforms are announced by John McGraw. At home the Giants will wear a white with a wide navy blue stripe. On the road they will wear a plain blue gray. Blue stockings will be worn with both uniforms.

Here a class A ball club going clear from New England to Georgia to train. If the report is correct. The story is that the New Haven champions of the Eastern league will get in condition at Macon, where major league teams used to revel in spring.

The Pittsburgh club, it is announced, asked writers on Outfielder Jake Miller, with the intention of sending him back to Wichita Falls as arranged, but the Cincinnati club held Miller tight with the idea of using him as payment of a minor league debt of its own.

When the New York Nationals attempted to transfer Al Lefevre to the St. Louis Cardinals he announced he would quit baseball if sent away from the Giants, so Branch Rickey turned him back. Now comes the news that the Giants will transfer him to San Antonio.

The New York Giants after leaving San Antonio are to proceed by easy stages to Mobile, where they will spend a week from March 27 to April 2, playing the Mobile and Louisville teams and the Philadelphia Athletics. Then they will resume the journey westward.

The Vernon Coast league club is going to the high schools for recruits. It has signed two infielders from the Santa Monica high school team, named

TO PURIFY BASEBALL.

COLUMBUS, O., (AP)—Professional baseball players accepting bribes to throw games in Ohio would, if convicted, be imprisoned from one to five years and fined \$10,000, under a bill submitted to the state legislature yesterday. Any person offering or giving such a bribe would be subjected to the same punishment.

Gas Buggies—It's a sad story, mates (Copyright, 1920, by New Era Features) by Book

SWIFT THROUGH THE BORDER AT CLOSE OF DAY BLOODY THUNDERED HIS THIRSTY WAY THE SOOTHING AIR VERY LIGHTLY BORE A SWEET AROMA WE KNOW NO MORE HIS THIRST REVIVED—BEGAN TO SOAR AS MADLY FORWARD THE OLD BUS TORE TO THE LAND WHERE YOU ARE FREE AND ON TO CUBA— TWENTY MILES AWAY.

HE LOWERED THE WINDSHIELD AND THE TOP WITH THROTTLE OPEN— NO TIME TO STOP FOR THESE THRU THE FLUSH OF MORNING LIGHT STOOD AN OMINOUS FIGURE OF LAW AND MIGHT READY TO STAY HIM IN HIS FLIGHT THE MINUTE AFTER IT TURNED MIDDNIGHT THE BLUE LAW COP WOULD'N HOLD SWAY AND CUBA— FIFTEEN MILES AWAY.

ACROSS THE HORIZON A STREAK OF GRAY USHERING IN THE SABBATH DAY MADE HIS FEVERISH BLOOD RUN COLD HIS THOUGHTS GREW WILD AND UNCONTROLLED THE WHEEL SWERVED IN HIS LOOSENED HOLD AND THE OLD TIN LIZZE PITCHED AND ROLLED REMEMBERING THE END OF THE ONE HOSS SHAY AND CUBA— FIVE MILES AWAY.

IN DESPERATION HE OPENED HER WIDE HE HAD BUT A MINUTE TO WIN HIS RIDE WHEN PEALING CHURCH BELLS BADE HIM PAUSE AND CHECK HIS SPEEDING BLUE— BECAUSE HE WAS VIOLATING THE NEW BUS LAWS AND LIKE THE CAMEL WITH TOO MANY STRAINS HIS HEART STOPPED BEATING IN DESPAIR HED HAVE TO WAIT ANOTHER DAY AND CUBA— ONLY A MILE AWAY.

PEGGY MARSH IS BRIDE OF ALBERT L. JOHNSON

English Actress and Claimant of Field Bequest for Son, is Wed

NEW YORK, (AP)—The marriage of Peggy Marsh, English actress, to Albert L. Johnson, of New York, nephew of the late Tom L. Johnson, mayor of Cleveland, Ohio, at Greenwich, Conn., on January 5, became known here today. The ceremony was performed by Justice of the Peace Albert Meade.

CHICAGO, (AP)—Peggy Marsh, a former chorus girl, met Henry Field, grandson of Marshall Field, in London. After Henry Field's death, she inherited his estate. The claim was not contested by the Field family, who let it be known that they recognized Peggy Marsh's claim as the child of Henry Field.

Hired Men's Wage More Than Doubles in Last Ten Years

WASHINGTON, D. C. (AP)—Wages of hired men on farms have more than doubled in the last ten years. Hired men in the last 20 years were more than four times as many as they were in 1870. These changes, are shown by statistics of the department of agriculture.

Wages paid by the month, without board, averaged \$64.05 for the country as a whole last year, ten years ago they averaged \$27.50 and 1870 they were \$10.43.

They labor at harvest time last year averaged \$4.50 without board and more than harvest time. Ten years ago they were paid \$1.25 and at other than harvest time \$1.25. In 1870 they were paid \$1.13 and non-harvest time labor 83 cents a day.

California and Nevada farmers paid the highest wages for field labor without board, the average in those states last year having been \$107 a month. The lowest average was Mississippi which was paid \$41.

For harvest time labor without board North Dakota paid the highest rate with \$7.40 a day, while at other than harvest time South Dakota paid the highest rate with \$5.00 a day.

DIALECTS MANY AND VARIED

Genesis of the Traveling American May Be Pretty "Reverend" said by His Speech.

A survey just completed shows that 33 languages are in daily use in New York, not including three or four kinds of English. There is high-brow English, low-brow English and the River variety, besides the strange, inexplicable cockney kind, which gives all "er" sounds the sound of "ol."

Sometimes, somewhere, that conclusion must have begun—whether on the Bowery or in Harlem or even in Broadway, nobody seems to know. Was it in existence in 1820? The New York literature of that era does not seem to so indicate.

The "rolse" has swept over Manhattan since then. It came with the melting pot and may be part of it, for all we know.

The United States is large enough to contain a number of dialects and already it does contain them, so that any of its genesis is pretty well distinguished by its speech. We know New England by its "loving" and they know us by our "larling" one.

Ask to some parts of the South is as fast as out almost as the "a" in "bake," while still remaining "ok" in Massachusetts.

On a plautus unum loquuntur is truly that kind, and likely to become more pluribus as the country grows older.—St. Louis Globe-Democrat.

Past Works its Will. The Mediterranean (y) karatit capital is far beyond the reach of considerable damage in Greece to the fruit and vegetable crops, oranges, apples, pears, peaches, apricots, plums and tomatoes have been especially affected. No remedy has yet been discovered, and there seems to have been little attempt to prevent the spread of this pest.

Second Bride Would Free Artist whom One Divorce Pleasued

When Pierre Tartouze, noted French painter, was divorced by his first wife in 1910 he declared himself the happiest man in the world—because he was free. Now the second Mrs. Tartouze, Mrs. Claudia Windsor Tartouze, has taken steps for a separation, and the artist is again within sight of the freedom he loves. Tartouze was recently served with a Supreme Court summons. Several weeks ago Mrs. Tartouze left their beautiful New York home and took with her two beautiful girls, the youngest of which she presented to her on her marriage to him. Tartouze had often termed his wife "the most beautiful girl in America."

AMUREMENTS

MEM—"Little Orphan Annie," by James Whitcomb Riley; also "A Kick in High Life's," a comedy feature.

THE—"The Matiny of the Earl of Dorset," story by Jack London; also comedy, "An Elephant's Night."

ORPHAN—"The Girl in No. 29," starring Frank Mayo, also two part comic and Screen Magazine.

WE wish to extend our most sincere and heartfelt thanks to our many friends and acquaintances, who so kindly assisted us in our late sorrow. Especially do we thank the American Legion and also all the different organizations of Twin Falls for the kind assistance and beautiful floral offerings. Also Mr. A. Wilton Peck and James C. Hall for the beautiful display and Mr. H. O. Lauterbach for all he has done for us at this time. Mrs. Agnes Bishop, Mrs. Edna Smith, Matthew Bishop, Mr. and Mrs. F. W. Cook, Mr. and Mrs. James F. Field.

REAL ESTATE TRANSFERS

Furnished by the Twin Falls Title and Abstract Company

Wednesday, January 19. Deed: W. A. Moore to J. W. Arnhart \$300, lot 7, block 1, Munson Subdivision. Deed: W. H. Thomas to Liberty Channel Lbr. Co., \$234.27, lots 27-28, block 58, Twin Falls.

Indian Textile Workers. In North America alone there are four distinct types of spinning to be found and some half a dozen types of weaving in use by the Indian textile workers. Also they have most interesting devices for warping, for shedding, for putting on the loom, and a additional, committee secrets for dyeing.

Robins. Robins seem almost always to run along when they want to get anywhere. But now and then they take pretty strong hops that cover the ground much faster. When they run they lift their heads high as though they were very proud indeed to go to such a pace.

Earthquakes. The origin of earthquakes has been traced to two principal causes, the first of which is tectonic and the second volcanic. The former refers to movements in the earth's crust, known as faults, possibly caused by the shrinking of the interior of the earth by reason of cooling.

Philippine Forests. The forests of the Philippines afford the greatest variety of wood in the world. Some of the hard woods are unequaled for beauty and durability and a big trade is developing in exporting the timber to the United States.

The color of fruit is the result of chemical action, in which sunlight is transformed into red or yellow or orange or purple coloring matter. This chemical action takes place best when the alterations between the heat of day and the cold of night are most marked; in the fall, that is to say, with the spring closely following.

Today's Markets

New York Stock Market - NEW YORK (AP)—Bull bulls were active in the stock market today. Seasoned issues made little progress, however, and gains elsewhere were largely cancelled when money rates stiffened. Sales approximated \$32,000 shares.

Shipping, food, equipment, metal and motor shares provided the firm to strong features at the opening of today's stock market. Gains ranging from large fractions to a full point were made by Atlantic Gulf, American International, Cuban American, Sugar, California Packing, General Electric, American Car, Utah and China Copper, Beach Magneto and Birmingham.

Realizing sales, induced partly by call money's rise to seven per cent and pressure against stocks and equipments, precipitated reactions of 1 to almost 4 points later. The closing was irregular.

Liberty Bonds NEW YORK (AP)—Liberty bonds closed: 3 1/2's \$92.90; first 4's \$82.25; second 4's \$87.00; first 4 1/4's \$85.00; second 4 1/4's \$85.00; third 4 1/4's \$91.02; fourth 4 1/4's \$88.88; Victory 3 1/4's \$97.24; Victory 4 1/4's \$97.24.

CHICAGO, (AP)—Apparently erroneous assertions that the Argentine export tax on wheat had been removed led to declines in the wheat market today, but a quick rally came.

Subsequently, absence of export business together with indications of a leading loan was selling did a good deal to weaken the market. Prices closed heavy, 3 1/2 to 4 1/4 cent lower, with March \$1.08 3/4 to 1.09 and May \$1.00 1/4 to 1.00 1/2.

Corn swayed with wheat. After opening 3 1/2 cent lower to 1 1/2 advance, including May at 68 3/8 to 69 1/8, the market sagged all around and then it settled slightly higher.

Warm weather likely to soften currency, ready to hamper the crop movement had a steady effect later on prices. The close was easy, 1/8 to 1/4 cent lower, with May 68 3/8 to 69 1/8.

Chicago Livestock OMAHA, Neb., (AP)—Hog receipts 15,000; mostly 25 to 25c lower; bulk medium and light butchers \$9.10 to 10.15; prime 60 pound yearling weights \$9.10; bulk fat sows \$4.25 to 5.50.

Cattle receipts 7,000; beef steers and heifers weak to 25c lower; top steers \$9.75; bulk and veal steady; stockers and feeders weak to 1/4 cent lower.

Sheep receipts 8,000; opening bids and sales sheep and lambs steady; no choice lambs sold; feeders steady; top feeding lambs \$10.

Chicago Produce CHICAGO, (AP)—Butter unchanged. Eggs—Receipts 7,534 cases; firsts 60c; ordinary firsts 55c to 57c; at mark, cases included 57 to 59c. Country alive unchanged.

Sugar NEW YORK, (AP)—Raw sugar was unchanged early today with no further sales reported. Cuba's 4 3/8 cent and freight, equal to 54.50 for centrifugal.

Refined quiet and unchanged at \$7.75 for fine granulated. Potatoes CHICAGO, (AP)—Potatoes steady; receipts 25 cars; Northern-White Round, sacked \$1.15 to 1.30 cwt; bulk \$1.30 to 1.40; Idaho Russets \$1.50 to 1.90.

# WOOL GROWERS GIVE VIEWS IN RESOLUTIONS

Recommendations for Betterment of Industry are Set Forth in Detail by Annual Convention in Salt Lake

**SALT LAKE CITY, Utah, (AP)—**The fifty-sixth annual convention of the National Wool Growers' association closed last evening here Wednesday with the reelection of Frank J. Hargreaves of Salt Lake, as president, and the adoption of resolutions.

The resolutions in substance are as follows: That the decision as to the constitutionality of the federal farm loan act be obtained as soon as possible.

That the reserve banks be authorized to exercise the great liberality to the stock raising industry.

**Asks Import Duty**  
That an import duty be placed on foreign mutton and lamb.

Endorsement of the "retail distribution of meat by the packers" and that profiteering and unbusinesslike methods may be eliminated and the public be served at a reasonable price.

That imported meats be branded as such.

That a petition be filed with the interstate commerce commission calling for a reduction in livestock and wool freight rates.

That reductions be made in commission charges, grazing charges and yardage charges with a committee of three to be named to carry out these instructions.

That the war finance corporation act be amended as a function in behalf of producers of livestock so that the breeder of sheep and cattle may obtain long term profit.

Endorsement of the federal licensed and bonded warehouse act with instruction to name a standing committee of five to arrange for working under the act and also for marketing and financing the 1921 clip.

**For "Truth in Fabrics"**  
That the United States department of agriculture be asked to prepare and promptly distribute a comparative circular that will set forth the difference between goods manufactured containing shoddy and goods manufactured of a virgin wool.

Approval of the work of the Montana Wool Growers association in offering to the public all virgin American wool fabrics and provision for the cooperation in the movement of the national association and state bodies.

**Requests for the suspension of forestry service rules regarding the transfer of permits and that ranges used for sheep be leased to cattle.**

Recommendation that state appoint sheep commissioners to deal with problem of scabbs.

Request for additional congressional appropriation for the predatory animal work of the biological survey.

Recommendation that the National Wool Growers association cooperate in the fullest degree with other agricultural and livestock organizations in the promotion of better marketing arrangements.

Approval of the United States sheep experiment station at Dubois, Idaho.

Recommendation that wool growers cooperate closely with the forestry service.

**No Contests for Offices**  
None of the nominations for office were contested. Mr. Hargreaves was elected for the eighth consecutive time by acclamation.

W. C. Coffey of Illinois, was elected eastern vice-president on nomination by Roscoe Wood of West Virginia.

Fred Ellsworth of California, and Hugh Campbell of Arizona, were elected western vice-presidents on nomination by W. D. Canfield, of Utah, and Hugh Sprout, of Idaho.

F. W. Marshall was re-elected national secretary by the executive committee.

In the discussions of the day the questions of the forestry service, of the "truth in fabrics" measure, of the value of organization, transportation, and the wool and the wages to be paid for the shearing of sheep held the attention next to the consideration given the resolutions.

**Snakes.**  
Snakes are classed as voracious, or those which lay eggs; and oviviviparous, or those which bear living young from an egg which is hatched before or at the time it is laid. The egg-eating species of serpents generally belong to the constricting group, which kill their prey by squeezing it; while most all oviviviparous serpents are species which take their prey with their mouths, and do not kill by constricting. For instance, the blacksnake belongs to the egg-eating group, while the constricted snake produces living young instead of eggs.

# Fresh News for the Last of January

## The Tide Is Turning

—there are evidences that the tide of prosperity is about to flow towards us.  
—merchants whose stocks have become depleted are looking to the mills and the jobbers for new stocks.  
—railroad officials report that buyers are hurrying eastward; that freight shipments are beginning to move.  
—mills are beginning to operate—labor is being put back to work—products of farms are in greater demand.  
—in Twin Falls there is a promise of renewed building activity; there is an increasing demand for real estate.  
—renewed demand has stiffened the prices of cotton and of silks—in some lines present prices are being withdrawn.  
—all's well in these good old United States; only the chronic pessimists continue to be blue.

**Wright's**  
A GOOD PLACE TO TRUDGE

### Arch Preserver Shoes

EASTERN REPRESENTATIVES:

George B. David Co., Inc., 111 Madison Ave., New York; A. E. Isidor, 111 East Fort Building, Chicago.

THE MASTER'S GOLDEN RULE: As ye would that men should do to you, do ye also to them.—Luke 6:31

JUSTICE AND COURTS.

It must be plain to every student of legal procedure that the operations of the law in similar crimes in different courts of the United States are too uncertain and varied to secure the chief purpose of law enforcement—the reduction, if not elimination, of crime.

When a man was caught in Buffalo, N. Y., on Thanksgiving day almost in the act of committing murder, he was promptly indicted and placed on trial. He was convicted of a first degree murder and is awaiting the electric chair—all within a few weeks of the date of his crime.

It cannot be claimed that the man has been railroaded to his death, for he has been given all the time necessary to make his defense before the law; but there have been many of the long delays which are so common in the courts.

Many criminals declare in a boastful manner that the probabilities of escaping the punishments provided by the law for their acts against society are good, and they profess the willing-ness to take a chance with the delays which may be obtained in the courts.

The prospectiveness of an early release even if convicted and sent to prison.

The promptness with which the New York courts were convicted of his crime and the reasonable certainty that he will receive the legal penalty therefor should have a good effect in restraining many others from the commission of like crimes.

Just how much of the responsibility for the widespread crime wave rests upon the dilatory practice in the courts may never be known, but it seems plain that delays in the operations of the law have had the effect of encouraging the criminal elements to take chances on escaping the penalties of the law.

STIMULANT FOR BUILDING. One of the greatest factors in the cost of living to most wage earners; large numbers of whom do not own their own homes, is the rents which prevail in most communities.

Increasing demand for homes and advancing costs of building have caused rents to grow rapidly.

It is practically agreed by persons who have made even a slight study of conditions that rents will not be reduced until more homes are built, and it is just as certainly agreed that the building will be done until construction costs are reduced.

With the spring season approaching, contractors and builders are becoming interested in any plans that will bring about resumption of building, not only of homes, but of factories and business blocks, of which little has been done since the beginning of the war.

Lumber dealers make the claim that

Charming Chapeaux in Other Lands.

All dressed up and no place to go. These are a few types of the hats worn by women of foreign countries. In the upper left hand corner is a woman of Iceland wearing a simple but serviceable hat. While odd to our eyes, this type of hat is quite the thing for the women of the north. The headpiece in the center looks funny, but it is quite the thing with the Laos in Siam. The woman on the right wears a hat as well as the men. The other illustration shows a beauty of Norway wearing a highly decorative flat headpiece, worn only on festive occasions.

YEAR SEES NEW RECORD IN CORN CROPS

Country's Average Goes Past 30 Bushels for Second Time in History when Total Product is Largest

WASHINGTON, (AP)—1920 was the greatest year in the history of the country according to the records of the department of agriculture. Besides growing a record crop of 2,323,567,000 bushels, the farmers established a new record for average yield per acre with 30.9 bushels, the second time in history that the country's average yield went past 30 bushels.

The area planted to corn last year was 101,600,000 acres which was smaller than the area planted in either other years herebefore and 1,400,000 acres smaller than the area which produced the previous record crop of 3,124,748,000 bushels in 1912. Last year's crop was the third to exceed 2,000,000,000 bushels.

Iowa, the country's greatest corn producing state, made an average of 60 bushels to the acre for the first time in its history. The highest average acre yield of any state was that of Vermont with 47 bushels. Maine in 1919 had the highest average yield with 60 bushels. In the ten years previous to that year the highest average acre yield has been made by one of the New England states. Vermont had highest yield in six of the ten years. Massachusetts in two, New Hampshire in one and Vermont and Massachusetts tying in one.

RESERVE BOARD HEAD TO BE OFFERED NEW PLACE

Presidency of Proposed Foreign Trade Financing Corporation to be Tonder Harding

NEW YORK, (AP)—Governor William P. O. Harding of the federal reserve board will be tendered the presidency of the proposed foreign trade financing corporation, it was announced here today.

NEW YORK, (AP)—Edward Harman, the Belgian philanthropist, today announced he would accept Hooper's plan for a championship match. Harman was the total gate receipts, whereas Harman would win the winner in prize fund 60 per cent and the loser in prize fund 40 per cent.

REVOLUTION IN SALVADOR SEEMS A PROBABILITY

Unionist Party is Said to be Making Preparations for Uprising Against Government with Sympathy of Majority

TEGUIGALPA, Honduras, (AP)—Apprehensions of another revolution in the republic of Salvador which may be started this year are entertained here.

The unionist party in that country is reported to be convinced that the Salvadorian government is opposed to the proposed union of five Central American republics—Guatemala, Honduras, Nicaragua, Costa Rica and Salvador—and to be making all preparations for an uprising. In the city they are said to have the sympathy of the unionists of Guatemala, who a few months ago overthrew Estadao Cabrera as president.

Reports received here state that the revolutionary movement in Salvador has the moral support of 80 per cent of the people.

ARAJU Leads Movement. One phase of the present apparently serious situation in Salvador is the result of a sort of d'etat by which Carlos Mendez turned over the presidency to his brother Jorge which is alleged to be unconstitutional.

Following this the revolutionary movement is undertaken with Arturo Arango as its leader. Arango is a wealthy engineer and landowner of Salvador and chief of the republican unionist party, one of the most prominent in Central America and has spent millions of dollars for the benefit of public institutions.

To stop the revolutionary movement the government conducted a series of arrests and deportations. Honduras refused to permit arms to pass through

the territory to the rebel forces in Salvador and consequently the revolution failed and Arango fled to Honduras, escaping government troops sent after him by order of the president who deposed Arango's d'etat.

Expect Clash Tomorrow. The leaders of the revolutionary movement are now in Guatemala preparing to again try to overthrow Mendez. It is believed here that the government and revolutionaries will come to a clash sometime early this year unless the United States intervenes.

Most of the foreign element in Salvador is reported to be in favor of Arango and against Mendez whose statements against the United States and Mexico are a matter of common report. Most of the thinking people of Central America want peace and believe the only security can be guaranteed by a guarantee of the United States.

KILLS A MONTH OF 40 COYOTES. A BROTHER BIRD LAST JULY BROADWAY, Mont., (AP)—Lewis Baken, government trapper in this section, according to reports, has killed an average of 40 coyotes a month since last July. He also reports that wolves are plentiful but that it is difficult to trap them.

RAILROAD IS COMPLETED TO IDAHO PHOSPHATE BEDS. SODA SPRINGS, Idaho, (AP)—A railroad has been constructed to the phosphate beds eight miles from here and soon, it is expected, shipment of the crude phosphate rock will begin. The rock is to be crushed and sold to farmers for fertilizer.

FIRST MORTGAGE INVESTMENT. Arthur L. Swain, adv.

BARKER RECOMMENDED AS STIRRING TALKER

Historian who Comes Here Monday is Well Mentioned as a Lecturer

All lectures delivered here next Monday by Dr. Charles E. Barker, eminent historian, will be given in the high school auditorium. This announcement is officially made by Hal G. Blue, president of the board of trustees.

The new arrangement is made necessary by reason of the fact that the Laverie theater, expected to be used for the new lectures, will be occupied by an audience hearing the Ladies' Symphony orchestra, here under the auspices of the American Legion.

Dr. Barker comes to Twin Falls high recommended as a lecturer on almost any subject, but most especially on the question of "Oldtime and 'Boys'." It will address high school students at 9 o'clock Monday morning, Monday night at 8 in the evening, and on Tuesday morning at 10 in the morning and evening of high school band will give programs of music appropriate to the occasion.

Dr. Barker delivered three lectures in the city of Salt Lake City yesterday in Jefferson City—on the high school auditorium. Dr. Barker delivered three lectures in the afternoon at the high school auditorium, and then at night to the men of the city. The audience were all large and were tremendously interested in the wonderful way in which Dr. Barker drives home the great truths of life.
