Communists and Extreme Nationalists Clash at Monfalcone, One Shipyard

LONDON, (AP)—Twenty persons were killed and 100 wounded yesterday in a battle between communists and extreme nationalists at the naval shipyard at Monfalcone, Italy, says a Rome dispatch to the German press, which quotes a report to the Epoca.

## TRouble IS CAUSED BY BURNING OF PAPER PLANT

TRIESTE, (AP)—Disturbances occurred in the town of Monfalcone, 21 miles from the city today, and it is reported that several persons were wounded. The trouble, it is reported arose over the burning of the plant occupied by the communists. It is reported that the communists became involved in an argument with two fascists or extreme nationalists, and the disturbance resulted in a fight. Troops were called out and worked hard at a shipbuilding yard in the town were forced to withdraw, and red guards retired from the town of the trouble.

A telegram received this evening stated that the plant was quiet.

## AGRICULTURAL EXPENSE BILL TOTAL IS BOOSTED

Senate Committee Approves Increases of Nearly \$200,000,000

WASHINGTON, (AP)—The agricultural appropriation bill, as reported by the senate agriculture committee, carried nearly \$200,000,000 more than the \$33,000,000 house total. The principal increase was for purchase by the treasury of federal farm loan bonds and \$50,000,000 for loans to buy seed grain for farmers in drought stricken areas.

The appropriation bill rider authorizing the secretary of the treasury to purchase \$200,000,000 of federal farm loan bonds and to provide credits for farm loan pending legislation by the supreme court in the litigation testing constitutionality of the farm loan law, was adopted Friday by the senate. It now awaits approval by the house.

## DEFIES BRITISH DEBTORS PLEAS

Secretary Houston Discusses Foreign Loans with Senate Committee

WASHINGTON, (AP)—More than one suggestion that Great Britain's war debt should be written off has come from British sources, a member of the senate foreign relations committee said today after Secretary Houston had discussed the subject with the committee for two hours discussing the status of American government foreign loans.

Committee members said Mr. Houston had confirmed that the British government had made a formal proposal to cancel the debt and that the treasury department had been "eminently satisfactory."

First intimation that such a proposal had been made was given by J. Austin Chamberlain, British chancellor of the exchequer, in a recent address in England.

House senators said the course of Secretary Houston in dealing with such suggestions had been "eminently satisfactory."

Mr. Houston was said to have reiterated that the only course open to him was to follow the law authorizing the treasury department to exchange the present all certificates of indebtedness for long term notes. The secretary also made a statement to the committee detailing all payments to the allies and the present status of the loans.

At his request no part of the committee had been asked to have been substantially the same as given by him recently to the senate judiciary committee.

Members of the foreign relations committee were said to have asked especially as to advances to the Kerensky government and the alleged use of funds so authorized by the House committee here after the Kerensky government was overthrown.

## FLASHES FROM THE WIRE

SPRINGFIELD, Wash., (AP)—Donald A. McDonald, federal prohibition enforcement officer for Washington, said today additional officers with a fleet of airplanes and sea craft will be necessary before bootlegging across the Canadian border can be halted.

TOLEDO, O., (AP)—Haines broke into the Bank of Commerce, Toledo, Mich., about 20 miles north of here early today, loaded a heavy safe containing \$10,000 in a waiting truck and made their escape. P. L. Wallace, president of the bank, said the safe was equipped with a three day time lock and that it could not be opened through the combination until Monday morning.

WALCOTT, N. D., (AP)—Relatives of Henry O. Magnuson, former soldier, today received a citation from the war department, signed by the adjutant general and by President Wilson, for bravery "in giving his life on the battlefield of France." According to the war department Magnuson is dead. His efforts to correct a war department notice to his family early in 1918 had been killed in action have no far proven futile. Magnuson is working here.

MADISON, Wis., (AP)—The Wisconsin legislature was asked Friday to pass a law forbidding girls under 16 years of age from playing the part of little Eva in "Uncle Tom's Cabin" by members of the Methodist church of Palmyra, Wis. The petitioners said the effect of so young a person in the play had an unwelcome effect upon the audience and that the effect upon the youthful actress likewise was not for the best interest of the child.

WASHINGTON, (AP)—Night women from twenty states, meeting here at the call of the National association for the advancement of colored people, today presented to the National Woman's party a report that they had congress to investigate the alleged disenfranchisement of negro women in the South at the last general election.

PORT WORTH, Tex., (AP)—In answer to petitions, presented in person by 100 women, the city commission today agreed to pass an ordinance against public dance halls.

DAWES HEADS HARDING'S APPOINTMENTS FOR DAY

Call of Chicago Banker Starts New Train of Cabinet Speculation at St. Augustine

ST. AUGUSTINE, Fla., (AP)—Charles G. Dawes, Chicago banker, who has prominently been under consideration for appointment as secretary of the treasury, headed President-elect Harding's appointment list today with a conference that started a new train of cabinet speculation here.

The first call on the treasury portfolio, but more to be regarded as a less formidable task than the one assigned to Henry J. Davis, because one of the western men of the Harding cabinet. It was said that Harding contemplated that his call was the result of a formal appointment made at Mr. Harding's request.

Others with whom Mr. Harding had been in contact today included Henry J. Davis, of New York, interested in aviation projects.

## GERMANS DRAFT DISARMING PLAN

Ministry of Interior at Work on Measure Designed to Meet Situation Resulting from Bavarian Stubborn Stand

## GERMANY IS NOT TO BE DICTATED TO, SAYS WIRTH

BERLIN, (AP)—Legislation which would provide the manner in which all civilian guards in Germany are to be dissolved is now being drafted by the ministry of the interior. After being submitted to the cabinet, the measure will be presented to the reichstag for approval.

## BAVARIAN SOCIALISTS CALL FOR LIGHT ON SITUATION

MUNICH, (AP)—Independent socialists demanded in the Bavarian diet on Thursday that the government make a report on its negotiations with the Bavarian federal government. The Bavarian premier had placed responsibility for disarmament on the federal government, and the reply that the negotiations were confidential stirred up a hot debate with the socialists and communists as setting the reply was unsatisfactory.

## DEFIES DICTATION POLICY AT LONDON CONFERENCE

BERLIN, (AP)—Germany is not going to the London reparations conference to be dictated to. Dr. Wirth, the minister of finance, declared in a speech to the Bremen chamber of commerce today. Great economic questions could not be solved in that way, he added.

We are prepared to accomplish all we can," continued Dr. Wirth, "because we feel under a moral obligation to assist in reconstruction, and we will make reparations proposals of our own in London."

"The newspaper reports on this subject are incorrect. Our offer will not be a small one. The nation must learn to realize that what we shall offer cannot be extracted from the national wealth, but must be produced by work."

"American cannot hold aloof," added the finance minister, "when the economic forces of the entire world shall assemble around one table, and all the plans are more theories unless the whole economic world is prepared to cooperate."

## SENATE VOTES DOWN ALBION STATE SCHOOL ABOLISHMENT

Cassia County Institution Weathers Stormy Debate Continuing For Two Hours Without Break

## PRIMARY ELECTION BILL SPONSORS DEFEATED IN FIGHT AGAINST TIME

BOISE, Idaho (Special to The News)—Announcement of the state normal school at Albion, proposed by senate bill No. 97, was voted down today by the Idaho senate today after debate continuing from 11 o'clock a. m. until 1 o'clock p. m. without intermission. The vote of an open section of the senate was cast solidly for or against the bill. This fact is taken to indicate that the action taken today may be reconsidered later in the session.

## May Be Reconsidered

It is asserted that a sufficient number of votes would have been mustered in the senate to pass the bill today but for the fact that the hour had been reached when the question was being carried on.

Senator Beaver of Twin Falls, South of Gooding, Bureau of Jerome and Thompson of Minidoka, voted against abolition of the institution.

Members of the lower house, who are in favor of the bill, are now preparing for re-enactment of a direct primary election law were defeated today in a measure which was up for third reading. It was rejected just at 11 o'clock which hour previously had been fixed for the time for beginning the measure which was up for third reading. ## ORDERS INQUIRY IN VLADIVOSTOK SHOOTING CASE

Daniels Cables Admiral Strauss to Investigate Reports that American Sailors were Fired On in Russian Port

## SENDS TOKIO DISPATCH TELLING OF INCIDENT

WASHINGTON, (AP)—Secretary Daniels cabled today to Admiral Strauss, commanding the Asiatic fleet, to investigate reports that five American sailors had been fired upon in Vladivostok, presumably by Russian officers, and one of them wounded.

## The Navy Department has received no advice regarding the incident and Secretary Daniels incorporated in his message to Admiral Strauss a copy of press dispatches from Tokyo, telling of the attack.

The state department also cabled the American consul at Vladivostok for a report on the shooting.

Tokio forwarded to the department a press account published there which said that two former Russian officers had been arrested.

## WITNESS GIVES VERSION OF MATEWAN SHOOTINGS

Detective and Two Telephone Operators Offer Testimony in Murder Trials

WILLIAMSON, W. Va., (AP)—A Baldwin-Fiske detective and two telephone operators offered testimony today in the trial of the men who were taken up in obtaining a jury.

John McDowell, the detective, testified to the shooting of the men from the hours of the Stone Mountain Coal company, and that Mayor C. C. Taylor, who had been shot, was taken to the hospital.

Alfred P. H. was unable to say, he testified, who fired the first shot, but saw Reece Chambers, one of the defendants, bringing his gun into play.

Mr. Griffin, a telephone operator, said of Reece Chambers, testified that he overheard a conversation between Deputy Sheriff Tony Webb and Ed Hatfield in which that man said that he would be obtained for the Baldwin-Fiske men, and threatening to kill the detectives before they left Matewan. The testimony was almost identical to that given by Ed Hatfield in his trial.

Just then, according to the testimony, the shooting began at 9 o'clock Monday morning.

WASHINGTON, (AP)—The National Association of Wheat Growers today declared that the new cooperative plan for their product in an effort to save approximately 55 cents a bushel through the elimination of the middlemen's profits.

The growers plan to establish central receiving stations in each state where the farmers may send their wheat and obtain a receipt for it. From these stations the wheat will be sold direct to the millers. Stations for receiving the wheat also will be established at large seaports to handle export trade, it was said.

Members of the board voted to start work on the plan immediately, and that quick results may be obtained. All details of the plan are to be handled by the association and not by the experts who will be employed.

## CATHOLICS OF AMERICA WOULD CURB RADICALISM

Co-Religionists in Mexico are  
Offered \$5,000,000 for  
Fund, Says Report

MEXICO CITY, (AP)—American Catholics have offered co-religionists in this country five million dollars with which to combat radicalism in Mexico, declares El Nacional of this city. The newspaper asserts Cardinal Gibbons is a leader in the movement to assist Mexican Catholics in the proposed campaign.

Attacks made upon a parade of the Catholic youths in this city last Tuesday night, brought the feeling between the radicals and Catholics to a climax, and charges and counter charges of plotting which have been frequent on both sides, have increased since that incident.

Police authorities have been at tempting to fix the blame for last Sunday's bombing of the home of Archbishop Mora and a plant owned by an American company, but solution of this mystery seems as far off as ever.

Several newspapers seized upon Tuesday night's demonstration as an occasion for launching violent attacks against the church. El Monitor Republicano, which until its recognition a few weeks ago was considered a semi-official organ, being particularly vehement. Several meetings of Catholics and radicals have been called for next Sunday.

## ARCHBISHOP DOUGHERTY WILL BE MADE CARDINAL

Associated Press Dispatches Announce  
Forthcoming Election for Philadelphia Bismarck Confirmed

PHILADELPHIA, Pa. (AP)—The Associated Press dispatches from Rome stating that Archbishop Thomas J. Dougherty of Philadelphia, would be raised to the cardinalate were confirmed Friday. The archbishop will leave for Rome within ten days, the exact date depending upon steamer accommodations.

The ceremony by which the office is bestowed takes place at the Vatican and is a very elaborate one, making it necessary for the recipient of the dignity to be present, and also to receive the Red Hat from the hands of his holiness, the pope.

Archbishop Dougherty, while receiving the congratulations of close friends and church men who knew the distinguished honor about to be conferred upon the metropolitan of Pennsylvania, expressed himself from public comment at this time.

## SOUTH AFRICAN PARTY WINS SIGNAL VICTORY

General Smuts is Assured of Majority of 30 in Election Result; Secessionist Advance Defeated

CAPETOWN, Union of South Africa. (AP)—The South African party, headed by General Smuts, won a smashing victory over the secessionists and other parties in the general elections in South Africa.

With a few seats to be heard from the position of the parties stood last night: South African party 76; Nationalists 14; Laborists 2; Independent 1.

The South Africans gained 15 seats. General Smuts is assured of a majority of 30, perhaps 33, which exceeds all expectations.

The senate elections are fixed for February 23. Parliament will meet on March 4.

## ASKS \$100,000 FOR FAIRS

House Members Sponsor Bill to Make  
Funds Available to Exhibitions

BOISE, Idaho (Special to The News)—Appropriations totaling \$100,000 for the state fair at Boise, the Lewiston livestock show and fair, to be held at Blackfoot are asked for in a bill introduced in the lower house Thursday by Bommer of Payette county and a group of other house members.

The governor made no reference to the fair in his budget. It is understood that he wanted to hold the appropriations for the fairs down to \$50,000, but he has agreed to leave the entire matter in the hands of the legislature.

The bill introduced Thursday appropriates \$40,000 for the state fair and a like sum for the Lewiston livestock show. The eastern Idaho district fair is given an appropriation of \$10,000 in the bill.

## PAVES WAY TO BOND SALE

Idaho Session is Aided to Authorities  
Appropriation of \$36,000

BOISE, Idaho (Special to The News)—The committee on appropriations on Thursday introduced a bill in the lower house asking for \$36,000 which can be used in meeting the deficiency arising out of the sale of the state highway bonds.

Bids were received on the bonds 10 days ago. None of the bonding houses which bid were willing to pay par and the state must either refuse all offers, or appropriate money to make up the difference between the sum bid and the par value of the bonds. The governor has asked the legislature to appropriate the difference in order that the sale of the bonds may be closed.

THE UNIVERSAL CAR

## About Ford Cars—Solid Logic

THE Ford car has been fundamentally right from the beginning. That fact made it "The Universal Car." It has always led in lowest first cost as well as in lowest cost to maintain and operate.

Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor—we have them all and will make reasonably prompt delivery.

Simplicity has ever marked the designing and building of Ford cars, trucks and tractors. Henry Ford and his engineers have always striven for simplicity with strength. The success of the Model "T" Ford car and a great part of the Ford Motor Company's success has come from an early understanding and appreciation of that principle in motor car construction. The fewer the parts in a car, fewer the parts to go wrong. When that simple truth is carried out in producing a car, as it is in Ford cars, trucks and tractors, the result is bound to be a simplicity of design and building that means simplicity, durability and economy of operation.

This simplicity of construction proves itself in the ease with which Ford cars, trucks and tractors are driven. Four million five hundred Ford cars in daily service proves every claim we make.

More than ever we are sure the Ford car is your necessity—let's have your order today.

## LOANS THAT COST YOU LESS AND GET YOU OUT OF DEBT The Monthly Payment Plan

Compare the entire amount of interest paid on a "straight" loan with the amount of interest paid on a monthly payment loan and note the saving.

Under the monthly payment plan, a loan of \$10,000.00 and interest is fully repaid in 60 monthly payments of \$214.94 each, a total of \$12,896.40, of which \$2,896.40 is principal and \$10,000.00 is interest. 6 years, (60 months) at 6 per cent is \$1,800.00.

The interest on monthly payment plan for the same time is: \$747.40

A saving of \$1,052.60

A larger or smaller loan is made on the same cost basis.

## HURLEY DEFENDS OPERATIONS OF SHIPPING BOARD

Former Chairman Reviews the  
Work of Organization During  
War; Admits Mistakes; Says  
Necessary Work Was Done

WASHINGTON, (AP)—E. N. Hurley, of Chicago, former chairman of the shipping board, testified before a house committee investigating shipping-board operations that he had been told by Clemenceau at the Paris peace conference that the appointment of Charles M. Schwab as director general of the emergency fleet corporation had frightened the Germans, hastened the French and enthralled the British.

### Schwab's Help Needed

Describing Mr. Schwab as the "former captain of industry in the country," Mr. Hurley said he had been instrumental in getting Mr. Schwab to work for the shipping board. "The factory progress was not being made in the building of new yards and in the construction of new ships."

Reviewing the board's work generally during the war, Mr. Hurley said mistakes had been made, but that the board was able to turn out ships in great enough numbers to help turn the tide at the most critical period of the war.

Mr. Hurley denied he had promised wooden shipyard owners sufficient contracts for three turns on their way, regarding it as an early termination of the war.

### Defends Japanese Contracts

Discussing the placing of contracts in Japan for steel ships, Mr. Hurley said the increased expense was justified because the United States had to have ships in a hurry and the Japanese were able to rush delivery. Mr. Hurley said he was optimistic as to the future of the American merchant marine. He recommended some changes in the LaJollette seamen's act as a priority to prevent the desertion of crews.

"Our ships do not operate at an considerable disadvantage," he said, adding that "what we need is more ships." Great Britain, he said, could not produce ships "much cheaper than we can."

### Gaily Surprised Liability

A playful merchant marine will prove a liability if an international surplus of ships developed, Mr. Hurley declared.

Asked whether any ship construction companies had "held up" the government during the war, Mr. Hurley said: "They drove hard bargains, every one of them—you would have done the same—but they delivered ships."

## CHILD TALKS FOR EIGHT DAYS WITHOUT CESSATION

Baffling Gaze of Little Miriam  
Rubs Attention of  
Specialists

WAUKESHA, Ill., (AP)—The baffling gaze of little Miriam, 8-year-old daughter of Mr. and Mrs. A. M. Rubin, of Waukesha, Ill., today attracted the attention of noted specialists as the child began her eighth day of "talking" without cessation.

A week ago yesterday the girl complained of pains about her arms and shoulders. The following night she began talking. She had been talking constantly ever since, all efforts by medical specialists and others having failed to stop her up to the time she talked rationally, and, although of unusually serious disposition, occasionally smiles or laughs when anything is said or a situation develops that ordinarily arouses mirth. At first Miriam talked in a normal voice, but now she speaks more quietly, although persons entering her bedroom can hear everything she says.

With the exception of two hours slumber last Monday night, she has not had any sleep with the exception of a few occasional moments of drowsiness during which she continued to talk.

Her dolls, doll clothes, her studies in school, her teacher and dancing lessons are among the many topics about which the child talks. She eats heartily, her appetite being as good as ever.

Specialists advanced the theory that the child's parents had contracted the habit of a forerunner to sleeping sickness, but so far there have been no manifestations of unusual drowsiness in little Miriam, has been very much awake.

**SOLDIER'S BONUS BILL IS PASSED BY OREGON HOUSE**  
SALEM, Ore., (AP)—The Oregon house of representatives Friday passed a bill providing a bonus to Oregon ex-servicemen of \$10 a month for each month served in the world war. The bill also provides an alternative of farm or home loans, \$5000. It passed by the senate and approved by the governor it would be submitted to the people.

**Immunity From Second Attack**

## "Nick Carter" Tests Bullet-Proof Glass Designed for Banks

A demonstration of the value of a new process glass, designed to protect bank cashiers and others from bandits, was staged in Boston recently. "Nick Carter" of dime novel fame, in private life Frederic Van Benschoten Day, of Nyack, N. Y., is shown in the photograph firing an automatic pistol at the new bullet-proof glass, which is being held by L. L. Gish. The glass clearly shows the results of five hits with .45 caliber steel-jacketed bullets. The only damage sustained to the glass being slight dents similar to appearance to that made by a hockey stick when striking this ice.

### DEFECT IN EXISTING MAPS

That They Are Not Drawn to Uniform Scale Is Felt to Be an Educational Handicap.

It has long been the dream of geographers to make a series of maps of the world on a uniform scale. Indeed, it is considered unfortunate for school children that the geographies do not show all countries by maps on a single, uniform scale, for unless a student observes very carefully the figures showing the scale of each map or the figures showing the area of the country mapped he is likely to get an impression that certain distant lands which are generally supposed to be "small" scales, are smaller than those with which he is most familiar. Take Australia, for example: The maps in the geographies now used in most of our schools show it on a small scale—about one-third as large as that used for the map of the United States; yet Australia is, in fact, nearly as large as the United States—only about one-fourth (24 per cent) smaller. China is generally shown smaller in area than the United States, yet it is about one-third larger.

The work of preparing maps of the entire world on a uniform scale of one to one million—that is, maps on which one unit (any unit—inch, centimeter, millimeter, etc.) represents one million like units on the ground—has been under way for several years, and the United States geological survey, Department of the Interior, has made considerable progress in its work on the parts of this map that were assigned to the United States. The principle used in preparing these maps, if adopted by the publishers of school books, will give the children accurate impressions of the relative sizes of the countries of the world.

### TEMPTED BY BRIGHT LIGHTS

Adventurous Bosie Attempted to  
Make Her Way Into Daulville  
in City of Dallas.

Genie Bosie, tired of the humdrum life of giving milk and butter for the hungry mouths of some family, and bored with the pastoral quiet of the farm, determined the other night to have a taste of the gay life of the big city at least once before she returned to the River Styx. Accordingly she sought out the brightest lights of the city, a vaudeville house.

But first her boyish majesty sauntered away up Elm street from Lauder, gazing in the show windows as she roved. While in this vicinity she then attempted to enter a street car, then pursuing her prurient course, she plodded on toward the center of the city until she was confronted with the gray, yellow lights brightening the front of a vaudeville show. Not considering whether she would be a welcome guest, Bosie walked into the lobby of the show, thereby nearly raising the head usher to be smitten with hysteria. He finally recovered, and, taking courage and a stick, he rubbed at Bosie. Feeling that she was not wanted there, Bosie walked out again.

At the door she was met by a reception committee consisting of two policemen who had been summoned without ceremony she was roped and led away to the city pound, where she brooded over the sights of the big city as she had seen them.—Dallas News.

## TRUTH ABOUT AVERAGE MAN

Not a Bad Fellow at Heart, and Really Is at Least Entitled to Toleration.

The average man is not a bad fellow when you come to know him. You have to make his acquaintance if you are not to hold yourself aloof from this human, interdependent world, remarks a writer in the Philadelphia Ledger. He constitutes a majority. It is by his vote that candidates are set up and issues determined and business governed and charitable purposes and public patronized. There is a great deal of money in pleasing the average man. Moreover, the level of his tastes is rising, though pessimists refuse to see it or to say so. He is a patient and self-controlled. He is a good and hard worker. He is a traveler for since his training began.

He doesn't always give all that he asks for; sometimes he makes mistakes, and sometimes he wants what isn't good for him. Sometimes he looks too hard, and in an incendiary or inordinate temper, loses that which a cooler judgment in a calmer hour leads him to worry for. But on the whole he is a strongly reasonable man. He is a man of education and his following dull, unemotional routine.

Leaders of men have learned to deal with the average man, to talk his language and to understand his ways. They have taught the rank and file and self-control, and they have revealed a strength hidden and unsuspected. They have had faith in "the general good sense and honest intentions of mankind." They have genuinely loved their fellows and their country has been real and manifest. Neither in war nor in peace is a victory to be won unless the captain put their confidence in a host.

### SCORED ON THE PRINCIPAL

Now, the principal of this school is sarcastic as well as intelligent. Whenever he fails to mention a subject and finds that his teachers are ignorant on the subject he "haws them out" for their ignorance. Especially is this resented by the new recruit at the building. Recently the principal acquired a "man," who was a widower. She is proud of the acquisition, mentioning him often in her conversations.

The other morning she began to ask the teachers about an article she had just read in the paper. Now, none of them had read it. Sarcastically she asked: "Well, don't any of you read the papers?"

The newest recruit smiled sweetly and wisely. "Of course," she returned, "but not everything in them. We just have time to read the society page and then the death and funeral list so that we shall know who the new widowers are."—Indianapolis News.

### New American Industry

Establishment of a new American factory with 50,000 square feet of floor space, for the manufacture of artificial pearls from fish scale essence, marks the beginning of a new American industry, formerly dependent on imports from France, Germany and Italy, says Popular Mechanics Magazine. The common herring is the base of supply for the iridescent material used, and removing it is an arduous task, because each scale, taken from certain parts of the fish, yields only a tiny speck of luster.

## DREW CHARACTER FROM LIFE

Thackeray's "Beatrice" Said to Have Been Modeled on Career of Prof. Ignace Duchesne.

One of the few feminine characters of Thackeray that was not declared insipid by critics, was his Beatrice. She was drawn from real life, and the original was the daughter of Col. Thomas Chudleigh, afterward to become Elizabeth, duchess of Kingston. She married Augustus Hervey, earl of Bristol, after settling all London by the care with her beauty, airs and frankness. He was a member of the naval force, and shortly after their secret wedding was called to sea, and when he returned found his wife the reigning beauty of the court and head over heels in half a dozen affairs, the one with the duke of Kingston being so notorious that she left the reigning queen of the court. She managed to bring a suit for a partition of her husband's property, and heavy penalties should be said she was his wife. She then married the duke.

Her great beauty was a storm signal, and when she went to London and Paris, and a long list of dukes, dukes and trouble followed her wake. Although she lost a part of her fortune she continued to be received at continental courts up to her death at the age of thirty-eight, as wicked in her final years as in her youth. She got drunk, swore, had a dozen lovers, and was as many more, and in fact did everything that should have brought her shame and sorrow, but lived a riotous life to the end.

determine the value of a paper's circulation to the advertiser—quality and quantity.

The quality may be judged by the methods of obtaining subscriptions.

The quantity may be known absolutely by an independent and expert audit of the circulation records.

Both points are covered by the reports of the Audit Bureau of Circulations.

The advertiser who buys space on a business basis asks for an A. B. C. statement and studies it.

If an advertiser who does not demand an A. B. C. statement conducted the other branches of his business on the same method, he soon would not have any business to conduct.

## COOPERATORS TO TAKE NEW TACK

Principle of Collective Bargaining for Farmers and Labor is Indorsed

CLEVELAND, O., (P)—The All-American Cooperative commission was given a new program in the year of the cooperative congress of farmer and labor organizations, which closed a three-day convention here today.

The program calls for establishment of an exchange service to bring farmer and city consumers together for direct marketing and suggests that labor unions in cities and farm organizations invite each other into their meetings to discuss cooperative marketing. The principle of collective bargaining "for farmers and labor alike" is endorsed and the open shop campaign is denounced.

### Favors Packers' Control

Resolutions were adopted favoring legislation to control the meat packing industry, to restore the standards to unified government operation and that the freight and passenger rates be reduced to the levels under federal operation. A high and rapidly growing profit, until war and cost is paid, and a federal tax on the value of all land and other natural resources, "especially" Central. The congress opposed red-tail sales taxes and other consumption taxes which it was declared "will place the heaviest burden of taxation upon those least able to pay." Control and development of all natural resources by the government was urged.

### Suggests Temporary Plan

A report of the committee on direct trading which was adopted after meeting today that can be used by inter-city truck service and parcel post until cooperative stores or municipal markets can be established. Central labor unions are asked to finance the cost of such deposits temporarily. Establishment of people's cooperative banks, cooperative stores and co-ops storage plants to be operated at cost was recommended.

## CUBAN GOVERNMENT TO REGULATE SUGAR SALES

Control of 1920-1921 Crop is Placed in Hands of Governmental Board

HAVANA, (P)—Control of the sale and shipment of Cuba's 1920-1921 sugar crop had been placed in the hands of a governmental organization known as the Sugar Finance commission. This commission, appointed yesterday by President D'Amato, consists of seven members who will receive no compensation.

The decree appointing the commission directs that buyers or sellers to file before February 20 sworn statements covering all foreign sales contracts. The statements must stipulate that the products they desire be sold or offered to the buyer, and not sold or offered for sale as crude sugar. Infractions of rules will result in refusal to issue permits for further shipments.

B. B. Hawley, president of the American Sugar company, and one of the members of the commission, declared that the Cuban government had adopted the plan "to save the sugar industry of the island."

"The Cuban government," he continued, "seeks, not only to defend the sugar industry, but also to defend the American consumer against abnormal conditions. It is not the purpose to hold or hoard the product, but at the same time to offer it freely wherever it is needed at the lowest prevailing price in the world market."

## ATTRIBUTES EXPLOSION TO POLITICAL CONFLICT

Chicago Candidate who Narrowly Escaped Injury, Gives His Opinion

CHICAGO, (P)—A bomb explosion at the nineteenth ward democratic headquarters last night, seriously injured six men, and was attributed to political rivalry by Anthony D'Andrea, candidate for city council from that ward.

A big hole was blown in the wall of the brick building close to the speaker's stand where D'Andrea had just finished addressing a crowd of about 300 of his adherents.

Alderman John Powers, who for 31 years has represented that ward in the city council and state senate, and is a candidate for reelection in the council, said today he hoped no one would believe that he would "countenance such an action" by any of his fellow politicians.

Two of D'Andrea's precinct captains suffered broken legs, one had his leg blown off, and several others were hurt.

TWO WOMEN AND TWO CHILDREN BURN TO DEATH

## Youngest Stowaway, Girl of Eight, May Be Allowed to Stay

Nina Lombardo's Case Under Consideration

The youngest stowaway that ever entered the port of New York is being cared for by the immigration officials at Ellis Island. She is Nina Lombardo, eight years old, who arrived recently from Italy.

Little Nina, a pretty dark-eyed, olive-skinned youngster, told Commissioner Walls, through her interpreter, that her mother picked her aboard the vessel at Genoa. In her pocket she carried a letter addressed to her uncle in New York City. The authorities communicated with him and learned that he is willing to take care of the little stowaway. A special board of inquiry will look into Nina's case and she may be allowed to stay.

## GERMANS DRAFT CIVILIAN GUARDS

(Continued from Page One)

BERLIN, (P)—Representatives of German export manufacturers at a meeting here Friday, tried to memorialize the American government bodies dealing with tariff matters, setting forth present conditions among German working men and the German industry and supplying all available data on German production. This documentary matter is intended as an argument not only that there is no purpose on the part of Germany to dump cheap German wares on the American market, but that it would be impossible for her to do so.

In speeches at the meeting, exporters declared the workmen were highly paid, and would work only six hours a day.

Committees were named to collect data from every important export industry for submission to America.

## LAUNCHES CAMPAIGN TO GAIN POLITICAL PEACE

Fargo Commercial Club Takes Lead in Move to Visit North Dakota Factories for Common Good

FARGO, N. D., (P)—A move for "political peace in North Dakota" and cooperation between all factions and in commerce was instituted today in letters sent to the various cities of the state by the Fargo commercial club.

The letters suggest a series of meetings to which the non-partisan league, all commercial and banking interests and all kinds of farm and co-operative organizations shall be invited.

Mrs. W. A. Babcock, assisted by Mrs. G. E. Bryant, entertained the Fourth Avenue Frivillia club Friday. The afternoon was spent with sewing, and a brief business session was held. The house was decorated with valentines and a delicious two-course luncheon was served, the guests being seated at a large table having for a centerpiece a silver vase containing red and white pink candles, valentines placed around and other decorations carried out in the valentine idea. Club members present were Mrs. J. C. Beauchamp, C. A. Ottander, G. E. Bryant, J. M. Rothwell, E. F. Bracken, W. H. Wright, W. T. Schley, R. H. Stevenson, Carl Hahn, J. W. C. Dyke, G. M. Hall. Guests of the club were Mesdames T. H. Robertson, Henry J. Wall, A. L. Swin, B. B. Williams and Mrs. Elizabeth Smith. Miss Margaret Seydell and Miss Eleanor Babcock assisted in serving.

Mrs. H. A. Benning was hostess at bridge yesterday afternoon at her home on Ninth avenue north. Mrs. Morgan G. Hays was the prize for high score. Red and white carnations were used to decorate the rooms and dainty refreshments were served at the close of the card games. The card games were Mesdames W. O. Taylor, W. B. Passer, Donald McLean, Taylor of Los Angeles, E. L. Swin, B. B. Williams and Mrs. Schley, Carl DeLong, Morgan G. Hays, L. C. Ulm, Merita Bailey, Ernest White and Miss Julia Taylor.

The "50" dancing club met at the Parish hall Thursday evening. Fifty couples are included in the organization, and delightful times are had by the devotees of this popular pastime.

The dancing party given by the Elks Friday evening for their sons and daughters was one of the most pleasant events of the season. Each of the sons and daughters were allowed to invite a guest whose father was not an Elk, and a large number were in attendance. Punch was served throughout the evening. The chaperons were Mesdames and Mesdames H. E. DeLois, E. L. Macvick, V. H. Ormsby and O. P. Duval.

## THE MILON

A Smart Cross-Strap

\$8.65

## The Milon Walks Straight Into the Feminine Heart

And do you wonder at it? A cross-strap of such shapely lines, such slender grace, so undeniably smart gives a powerful tug at the heart strings of every woman. The designer of "The Milon" surely had an inspiration, for it is one of those styles in which the wearer has a secure feeling of "in good taste" and "perfect form."

It is a beautiful shade of brown that harmonizes splendidly with so many kinds and colors of costume.

There is an inviting air of wholesome comfort about it, too. All because it is made to fit the foot in action.

Anticipate a treat for the eye as well as the foot when you come in to see, and try on, the season's new models in the RED CROSS Shoe.

### METEORS WHIP GOODING FIVE IN 42-16 FRAY

Twin Falls Basketball Team—Trombones Visitors Both at Hoops and on Mat

Outplaying the opposition in these essential features that count points the Twin Falls Meteors last night defeated the Gooding basketball team by nearly three scores to one. The final count was 42 to 16. The game was not the best played contest seen here this year, but the finish compensated for what mistakes and slowness showed up in the floor activity.

The Meteors, appearing in brand new garb, white with a pin stripe of blue woven in the goods after prison order, played finally in spots, and in other spots put up a more or less slow and somewhat comatose sort of defense. This was especially noticeable in the last half, and perhaps was due to the fact that there was so much need of brilliancy or display of speed against the opposition put up by the Gooding quintet.

**Some Brilliant Playing**

The Meteors outplayed the invaders in the matter of long passing, but were in turn, outplayed in short passing. At basket shooting the locals excelled because they had more chances than Gooding the ball being in home territory more of the time. Captain "Mike" Carter alone like a calcium glare in shooting the hoop from the field, but failed in free-throwing. In this latter department he showed up badly in comparison to Hildebrand, who captain the Gooding team. Carter rang up 11 scores for Twin Falls, while Hildebrand slipped the ball through the ring for 17 in favor of the foreigners.

There was a lot more "pop" display by the Meteors in the first half, which ended 19 to 6 for the locals. While the scoring was more frequent on each side in the second stanza there was also a lot more fumbling and a rather poor grade of basketball play. This was probably due to the policy of frequent substitutions followed by Coach Evans, who gave a lot of rest to his players, making an opportunity to display defects at the basket. The second half ended 23 to 10 for the Meteors.

**Rare Outplaying**

One of the best features of the contest was the capturing by Lewis Gorman, pitcher of the school at Elmer, after the exhibition games here in a Legion game between Twin Falls and Oakley last week. Gorman's last night was about the most remarkable thing seen in the arena. He conducted the play with due deference to prearranged rule, but left the regulations with reason.

The line-up: Twin Falls—Newman, Yochum, forwards; Carter, center; Taylor, Pustier, guards; substitutions: King, for Yochum; Paulsen for King, Hertz for Pustier.

Gooding—Frew and Hildebrand, forwards; Baby, center; Eubanks and Klath, guards; substitutions: Fale for Frew, Fale for Fale.

**Divisions for the Crowd**

Before the game a grapping bout was staged between a couple of featherweights representing the two contending schools, Twin Falls athletes taking both titles. The first, between Daurig of Twin Falls and Bystane of Gooding, was won in short order by Daurig, who changed a half dozen and body hold on the Gooding lad and forced his shoulders to the mat by tenuous holding in 4 minutes and 34 seconds. The second bout went within two seconds of the time limit, and was a close and stubbornly contested match. "Tom" Tucker, wearing the home colors, stopped Hildebrand in 3 minutes 58 seconds, but was compelled to give the limit of his prowess to obtain the full, a pin fall obtained with a neck and body hold after both boys were well nigh exhausted.

Tucker was the aggressor throughout, but his opponent put a jeopardizing head clamp on him a couple of times making both Tucker and the audience wince. Tucker lost an excellent opportunity to put his man down with a double leg hold, when he picked Hildebrand up bodily. The house was mightily merry falling over backward, have obtained the fall. He preferred, however, to go to the mat again and take the contest in a manner less likely to cause serious injury.
