

PUBLICITY FLEXING ISSUE AT PARIS MEET

Opposition Develops in League of Nations Council to Assembly's Resolution Asking for Public Sessions

QUESTION OF IMMENSE IMPORTANCE IN AGENDA

(PARIS, AP)—The council of the league of nations met in the Petit Luxembourg palace shortly before noon today under the presidency of the Belgian, Count de Broqueville, ambassador to France and president of the council.

The council decided to reappoint four members of the Barre valley governing commission whose terms have expired. M. Haulit, French president of the commission, Major Lambart, Belgian, Count de Broqueville, French, and M. de Waulgh, Dutch.

"Accepts Assembly's Advice"

It was decided to invite Germany, Hungary and Ecuador to send representatives to the council conference to be held in Barcelona, inasmuch as the assembly of the league at Geneva recommended that all interested states be represented.

Discussion as to the publicity to be given the council's proceedings will be continued this afternoon. Opposition having developed in the publicity, such as was asked for in the resolution to Lord Balfour, of Great Britain and William Brewster of New York, put through the Geneva assembly.

Questions of great importance were held before the council of the league of nations when it met here today. Three sessions included the allied attitude toward Danzig and Armenia, the proposed plebiscite in Lithuania and plans for the relief of Armenia.

Amendments Claim Attention

In addition, a commission to study amendments to the covenant of the league was to be named. Three of these amendments were especially important.

One was introduced at Geneva by J. Doherty, a Canadian delegate, and proposed that article X, which states that the council shall be composed of the permanent members and such other states as may be invited, be amended to read: "The council shall be composed of the permanent members and such other states as may be invited, and such other states as may be invited."

The council met at the Petit Luxembourg palace, residence of the Belgian, Count de Broqueville, president of the council. Dr. Gustav De Cuyper, Belgian ambassador to France, presided over the council, which was in the chair.

Hope for Quick Action

M. Bourgeois, French Foreign Minister, J. Balfour, the British delegate, and M. de Broqueville, Belgian, president of the council, were present.

While it was not expected the council would act upon suggestions that the capital of the league be removed from Geneva, the council action is being discussed in league circles. It is known one member had refused to attend the council had the meeting been held at Geneva.

Wilson is Expected to Urge Acceptance of Germany's Bonds

WASHINGTON, D. C. (AP)—President Wilson is expected to recommend to congress that the league office that authority be granted for the United States to accept German bonds to be applied to the debt that Belgium owes America. It was learned today at the state department.

While the United States is not expected to accept the recommendation, it was explained that there was an understanding reached at the Paris Peace conference that the United States should be made to the "voluntary" holders of England, France and the United States.

The nationalists are concentrating great armaments along the front, the dispatch adds.

WELTY CHARGES BALL PLAYERS DRIBBLED LANDS

Stormy Scenes Occur Before House Judiciary Committee When Ohio Congressman Presents Impeachment Demand

WASHINGTON, D. C. (AP)—Burr was today stormy scenes occurred before the house judiciary committee before the presentation of an impeachment charge against Federal Judge Landis by Representative Welty, Democrat, of Ohio. Mr. Welty read the charges as outlined before the house last week and was subjected to a cross-fire of questions.

Volstead Wants Pacts

Representative Walsh, Republican of Massachusetts, wanted to know if Mr. Welty had any proof that Judge Landis is acting as a traitor to the United States. Mr. Welty replied, "I am trying to establish myself."

"Well, give us the facts and don't make so many speeches," admonished Chairman Volstead.

The Ohio member then offered a telegram from District Attorney Clegg, saying 921 criminal and 300 other cases were pending in Judge Landis' court.

"If you want to know you can find out," Welty replied.

"You can get your facts straightened out," announced the chairman. "I want a civil answer."

Hunted Supporters Charged

Declaring it was outrageous that Judge Landis had given a \$100,000 bond from organized baseball, Representative Welty, Republican, New York, insisted the committee wanted to know who the bond was for.

PREMIERS AGREE ON DENIAL OF SEVERE TREATY

Lloyd-George and Briand in Accord on Proposal to Give Turkey Additional Territory in Thrace Held by Greeks

EARLY SETTLEMENT OF GREEK ISSUES LIKELY

LONDON, (AP)—Revelation of the treaty of Sevres, as it is given Turkey additional territory in Thrace, now held by the Greeks, was denied today by Mr. Lloyd George and M. Briand in day in consultations preceding the Near East conference here. This denial, however, becoming effective, however, requires the approval of the allied colleagues of the French premier and the British prime minister.

According to this French-British agreement, the frontier line in Thrace will be moved westward, extending from East to the Aegean to Midia on the Black sea. This would take from Greece one-fourth of the territory she now occupies there and add it to the Constantinople district.

The Turks also, under this agreement are to be allowed representation on the international commission controlling Constantinople.

It is understood that Mr. Lloyd George and M. Briand agreed that the Greek question might be settled speedier than had been thought.

M. Kallergopoulos, the Greek premier, told Mr. Lloyd George this morning he had received a message from his government saying Greece would yield nothing of her present holdings under the treaty of Sevres.

Alterations Sporn Favored

Agreement between Great Britain, France and Italy on alterations of the treaty of Sevres favorable to the Turks seemed probable here today. It was currently reported.

French Lloyd George called early this forenoon on Premier Briand of France, going to the latter's hotel. They had a long conversation, according to Downing street for a conference with Foreign Minister Balfour of Italy. At this meeting the Italian and French representatives were formally present to the British premier, their reasons for desiring a modification of the Sevres treaty.

British Favor Turks

It is known that the British cabinet supports changes in the treaty, which would favor the Turks.

STATE SENATE PASSES ANTI-CIGARETTE BILL

Indorses Prohibitory Measure After Author's Brilliant Talk in Behalf of Pet Proposal

PUBLIC SCHOOL TEACHERS PENSION INDORSED BY VOTE IN UPPER HOUSE

BOISE, Idaho, (AP)—The senate of the thirteenth state legislature this morning passed the Harding anti-cigarette bill by a vote of 20 to 12. The measure prohibits the sale or importation for sale of cigarettes or cigarette papers. Senator Harding made a brilliant talk in behalf of his pet measure, declaring that he had in his possession the signatures of 8000 persons favoring anti-cigarette legislation.

HOISE Idaho (Special to The News)—Under spell of oratory woven by Senator Harding of Idaho county, who declared that he had just received word that his beautiful new home had been destroyed by fire started by a cigarette butt dropped by a workman and that he suspected his son had been burned to death in the blaze, the senate this morning adopted Harding's bill.

The bill was the only speaker during consideration of the measure.

Prohibits Sale Only

The measure, senate bill No. 134, prohibits the sale of cigarettes to minors and adults, but does not prohibit possession or use of cigarettes by persons under the age of 21 years. Penalties of fine from \$50 to \$100 for the first offense and \$100 to \$200 for a second offense are provided by the bill.

The senate passed senate bill No. 174, which provides for pensioning public school teachers in Idaho, by a vote of 20 to 12. The bill provides for pensioning teachers who have served in the public schools for 20 years and are over 65 years of age.

ST. AUGUSTINE, Fla. (AP)—President-elect Harding began his first week of his pre-inauguration conference here today with several important questions regarding the making and first steps of his administration still undecided. Definite selections for three of the cabinet posts have yet to be made, and although there are indications that Mr. Harding has about made up his mind in regard to two of them, the question has been a final choice on the most troublesome of all, the secretaryship of the navy. He also has most of his inauguration party written during the week and in addition must come to a decision on various other subjects with which he will have to deal as soon as he takes office.

The president-elect virtually has but six working days left before inauguration. He is expected to leave here for St. Augustine, Fla., on Monday, where he will spend a day finally winding up personal affairs and receiving a formal farewell from his neighbors and friends.

The week will bring to St. Augustine several more republican parades, the first of which will probably include some of the men who are to sit in the cabinet.

Illinois Town to Send First Corn to Famine Victims

CHICAGO, (AP)—The first ear of corn stored by American farmers for the relief of famine victims of Europe and Asia will be loaded at Eureka, Ill., today, according to word received by the Illinois Agricultural Experiment Station. Farmers will deliver their contributions of corn at the Eureka station, where a barge will ship the corn to the coast.

NEW YORK'S CAR SERVICE HAMPERED BY DRIFTS

NEW YORK, (AP)—New York's millions of workers, faced with impeded transportation facilities as a result of the 12-12 inch snowfall yesterday, experienced difficulty and suffering in getting to places of employment today. Drivers from outlying districts were hampered by snowdrifts two to ten feet in depth. In sections close to the heart of business travel was impeded to the extent that only a few cars could get through in a score of hours.

Death List Underestimated

Many untold deaths had not been reported today, and the list of those who had lost their lives directly or indirectly owing to the storm remained underestimated, although it was again estimated that the death toll was in the thousands.

Former Ambassador to Mexico is Tondered Place in New Administration

WASHINGTON, D. C. (AP)—Henry P. Fletcher, former American ambassador to Mexico, is to be undersecretary of state in the Harding administration.

The tender of the position to Mr. Fletcher, who is here after spending considerable time in Florida with the president-elect, was made through Secretary E. Hughes, whose selection as state was announced last week.

According to information here Mr. Fletcher had Mr. Fletcher in mind for service in some diplomatic capacity and in selecting him for undersecretary of state, Mr. Fletcher was a natural choice.

There had been reports that Mr. Fletcher might be named ambassador to Mexico, but Mr. Fletcher, who is a Pennsylvanian, has been in the diplomatic service for many years, serving under the Wilson administration until recently when he resigned.

DAUGHERTY IS SELECTED FOR CABINET POST

President-elect Announces His Choice of Pre-Convention Campaign Manager for Attorney Generalship

GIVES OPPOSITION AS REASON FOR SELECTION

ST. AUGUSTINE, Fla. (AP)—Definite announcement that Harry M. Daugherty of Ohio, had been chosen for the attorney generalship under the Harding administration, was made here today by President-elect Harding.

The president-elect said he was convinced that Mr. Daugherty would "make a great attorney general."

When his attention was called to recent newspaper attacks on Mr. Daugherty, he replied:

"The opposition to him has made me more than ever convinced that I would like to have him in the cabinet."

The selection of Mr. Daugherty, who was the Harding pre-convention manager, had been generally expected.

Confers With Hartman

Heads Mr. Daugherty, the president-elect, conferred with Mr. A. A. Hartman, of the Hartman shipping interests, and said afterward he was much impressed by the argument of Hartman, who wanted the government to "go out of the shipping business."

The president-elect said he regarded the suggestion to abolish the shipping board and create a new executive department to deal with shipping problems, was "worth thinking about."

Double Board's Method

"I think there is a growing feeling," he added, "that the shipping board method of handling the problem is of doubtful value."

ERNE ONLY MAN TO FORCE GANS TO QUIT FIGHT

Buffalo Lightweight Gave Colossal Marvel Beating of His Career

Wherever the name of great fight weights are mentioned it is generally conceded that Joe Gans, the colored marvel was the daddy of them all. Gans had all the essentials to make him a master—speed, wonderful hitting ability, and a head that carried him along safely in all his hard fights. Yet with all this greatness, there was a time in which the old master was accused of quitting, and this in a championship contest with his old rival, Frankie Egan of Buffalo.

The famous fight was held in New York, March 23, 1900. Egan was champion at the time. The two were scheduled for 25 rounds.

For 12 long rounds these two wonderful boxers kept at it hammer and tongs nearly every minute. Each was possessed of great driving force and violence unsurpassed in the ring, even to this day. It was a wonderful exhibition.

Battle of Master Boxers

It was a red-hot battle. When Gans would land a clean blow, Egan always was there with a counter punch, and it was along these lines that the two kept going at top speed.

For the first six rounds it was even. Then Egan drew ahead for a short period in the seventh and eighth, but the old master was not accustomed to trailing, and soon regained even terms. It was anybody's fight and it almost looked certain that the two men would travel the full 25 rounds.

When they came out for the twelfth the betting had slightly switched to the white boy. Right to the center of the ring they went and continued to exchange blows with renewed vigor. Suddenly there was a severe scrimmage and both exchanged terrific right hand smashes. A sharp clash followed and Egan and Charlie White tried to separate them, Gans hung on for dear life.

Sudden Climax

At the breakaway Gans stood helpless, with his face covered with blood from a awful gash over his left eye. He managed to clutch the referee and motioned that he could not see his opponent. Egan was just about to stop when a lightning blow in the direction of the great negro, when referee White held up his right arm and sent Ernie to his corner.

Gans, still standing in the center of the ring and clinging to Charlie White, said: "Mr. White, I am blind. I can't see. I'll stop."

After Gans had been attended to in his corner he was led over to Ernie and congratulated the latter and begged for another match, which the Buffalo boy readily consented to.

Gans always insisted that the gash over his eye which caused him to quit was not the result of a blow but he claimed that it was caused by their heads bumping in the clinch.

The thought that others have entertained the opinion that he was a quitter caused the great negro many a pang, and just two years after his retirement was vindicated when he knocked out Ernie at Fort Erie, thereby winning the lightweight title which he held for six years. The old master was satisfied.

Frank Zimmer, of Denver, a soldier with the United States Army of Occupation, who is under arrest in Eberbach, Germany, with another American soldier, charged with assault as the result of their attempt to arrest Grover G. Bergdoll, of Philadelphia, the wealthy draft evader, who escaped from the military authorities. Zimmer and his companion, according to reports, attempted to seize Bergdoll as he was entering an automobile with a party of friends. Bergdoll made good his escape. Zimmer is twenty-seven years old and a veteran of the A. E. F. After his return from France he re-enlisted for service in Germany.

INOCULATION REVEALS CAUSES OF HAY FEVER

Boston Hospitals Experimenting to Learn What Is One Man's Food and Another's Poison

BOSTON, (AP)—To learn what is one man's food and another's poison, experiments are being conducted at three Boston hospitals in protein sensitization. Patients are inoculated with proteins from foods and other substances and subsequent cutaneous reactions or absence of reactions indicate whether these proteins are hostile or friendly.

The research has been applied especially to the study of causes of bronchial asthma and hay fever but is being extended to other diseases, including indigestion and children's ailments.

In applying the test, the physician makes a tiny scratch on the skin, usually of the arm, applies a drop of a weak solution of sodium hyalate and in this place the proteins of whatever substance he suspects as the cause of the patient's discomfort.

If the protein is one to which the patient is sensitive, a blow red spot appears half an hour after the test is applied, and the physician knows that the cause of the ailment has been found.

If the patient is a baker, flour dust may be under suspicion and proteins from that would be tested. In the case of a hostler proteins from horse hair would be tried out first probably.

Pollen from rag weed, timothy and other plants which are recognized as sources of existing distress to many persons come within the scope of investigation.

HAVANA AND KEY WEST CONNECTED BY 'PHONE

Setting Cuban President to Exchange Greetings with Harding when Line is Opened

HAVANA, (AP)—Tests of the recently completed telegraph and telephone cable between Havana and Key West have proved entirely satisfactory. It is declared by officials of the Cuba Telephone and Telegraph company. Inauguration of the new service is expected in about three weeks.

It is planned to open the new service by establishment of connection between the national palace in Havana and the White House in Washington, and President Mario G. Menocal, at word on the verge of his retirement, will exchange greetings with Warren G. Harding, who will then be the American president.

The new enterprise, which will make possible telephonic conversations between Cuba and any part of the United States, cost approximately \$2,000,000, according to officials.

Man in the Moon a Target

WORCESTER, Mass.—The "Man in the Moon" is beaming down on Mather Park with the same complacent smile, but nevertheless he's beginning to worry. serene in his place in the heavens he has looked down on warring antiochs hurling tons of high explosives at each other with no thought that any shell fired on the earth would ever reach him. Professor Robert H. Goddard, of Clark University, however, has announced that he will take a pot shot at the Man in the Moon this summer. He has perfected his plan for a rocket which will be propelled from the earth by a succession of smokeless powder explosions. It will be aimed at the moon and will make a flash when it strikes large enough to be visible through telescopes. The rocket will carry an initial mass charge of 6,400 pounds and will travel 6,000 or 7,000 feet a second. Professor Goddard is hopeful of scoring a hit with his rocket. If he does, will an inter-world war between the earth and Mars be one of the super conflicts of future generations?

BULLS HOLD ADVANTAGE
IN CHICAGO WHEAT PIT

Tariff Situation and Crop Outlook
Stimulate Demand; Prices Close 1
1-2 to 2 Cents No Higher

CHICAGO, (AP)—Bulls had an advantage in the wheat market today with giving attention to knowledge that the visible supply was only 40 per cent of an average and that exports to date were much above normal. Besides, houses with seasonal connections were buyers. The tariff situation and the crop outlook tended also to stimulate demand. Opening prices, which ranged from 34 cents to 1-2-4 higher, with March \$1.71 to 1.71 1-4 and May \$1.01 1-2 to 1.02 1-4, were followed by a material further advance, and then a moderate reaction.

Strength in the market later advanced due more to lack of pressure than to any continued aggressive buying. Prices closed steady, 1-2 to 2-4 cents higher, with March \$1.71 3-4 to 1.72 and May \$1.01 3-4 to 1.02.

Corn advanced as a result of general buying and attention to estimates of output. After opening 1-4 to 1-8-8 higher, including May at 71 1-2 to 71 7-8, the market continued to harden.

An expected decline in the visible supply total continued later against the bears. Closing quotations were unsettled, 3-4 to 7-8 to 1-5-8 net higher, with May 71 5-8 to 71 3-4 and July 73-1-8 to 73 1-4.

Oats went upward with corn and wheat, starting unchanged to 1-2 to 5-8 higher, May 41 3-4 to 41 1-2, and then scoring gains all around.

Scattered selling had a depressing effect on provisions.

NEW YORK, (AP)—Free selling of the general list, especially shipyards, oils, steels and motors, effected extreme declines of 2 to 8 points in today's stock market. Rates approximately 550,000 shares.

Further enforced liquidation among shipyards and oil and steel stocks was at the opening of today's stock market. Atlantic Gulf and West Indies made a precipitate decline of 8 points to 42 1-4 in the first 15 minutes on 3 1-2. Numerous other industrial, utilities and specialties were lower by large fractions to 2 points. Much of the selling was reported to be for sale of a stock exchange firm whose suspension was announced at the opening of the session.

Leaders were temporarily benefited by the drop of call money to 6 per cent, but prices fell again later when pressure concentrated on the copper.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds declined: 3 1-2's \$91.00; first 4's \$87.10; second 4's \$86.00; first 4's \$87.10; second 4's \$86.72; third 4's \$87.10; fourth 4's \$87.10; Victory 3 3-4's \$97.38; Victory 4 3-4's \$97.38.

Copper

NEW YORK, (AP)—Copper steady; electrolytic spot and first quarter 13 to 13 1-4; second quarter 13 1-4 to 13 1-2.

Sugar

NEW YORK, (AP)—Raw sugar was quiet and unchanged early today at 4 5-8 cents for Cuba's cost and freight, equal to \$5.64 for centrifugal.

Refined sugar was steady and unchanged at \$7.50 for fine granulated. The demand was again moderate with several of the refiners out of the market.

In futures quotations were a shade lower under scattered liquidation and prices at midday were 1 to 5 points net lower. The volume of business was light, with traders awaiting fresh developments in connection with the Cuban selling plan.

Keep the Chest Up.

"Lift the chest as high as ever it will go, and keep it there throughout the whole process of singing, from a single note to a song. The object of the raised chest is threefold: 1. To get it out of the way and give free play to the lungs. 2. To give resonance to the voice. 3. To give prominence to the singer. In 'interpretation in song'."

—A thrilling roundup, participated in by Carey's flying squadron of roughriding cowpunchers.

When a Santa Fe box car jerks on to the siding at Antelope, Arizona, "Sundown Slim" finds himself in a country where he is welcome for his verse. His happy-go-lucky way wins him friends, and before he knows it he is deep in the exciting events that transpire occasionally in far-off portions of the west.

—Amusing subtitles in the breezy verse of Sundown Slim, the tramp-poet.

"He was the ramblin' son with the nervous feet,
That never was made for a steady beat.
He'd been on the bum, and he'd lived in style,
But, there was the road, windin' mile after mile,
And noblin' to do but go!"

KIWANIS CLUB ACCORDS WELFARE BILL SUPPORT

Twin Falls Business Body Asks
Representatives to Consider
Soldiers

The Kiwanis club of Twin Falls, with 30 members present at its regular chamber meeting today, directed its public welfare committee to draft resolutions in support of senate bill No. 37 for submission to members of the Twin Falls county delegation in the state legislature.

Action in this respect was taken after Carl L. DeLong, a member of the American legion state department of legislative committee, who was a guest of the club, had explained that this bill which would create a soldiers' welfare fund of \$100,000 for relief of former service men, had been reported to the senate with a committee report that it be not passed, add that the senate would vote on the measure Tuesday.

Representative Garl, democrat, Ohio, wanted Mr. Welby to get down in arrears on his charge that Judge Landis had neglected his official duty.

Disclaimers Made.
In closing, Welby said he had no intention of making any statement and announced that he had no other witnesses.

Representative Gallivan, democrat, Ohio, said that Judge Landis had to talk to the committee inter, adding that he did not think Mr. Welby's charges had been substantiated.

The committee adjourned until next week when it was to engage in an off-hand discussion of the propriety of Judge Landis' conduct.

Disclaimers Made.
Acceptance by Federal Judge Landis, of Chicago of \$42,000 annual salary as supreme arbiter of baseball, while serving on the bench, might go unchallenged, "If the motive back of it were not apparent," Representative Welby, democrat, Ohio, declared today.

ROTARIANS TO COMMEMORATE CLUB BIRTHDAY

Members will Gather Wednesday to Celebrate Two Month Occasions.

This is Rotary week, so designated in celebration of the birth in 1905 of the great business and professional men's organization. The institution this week reaches its sixteenth year, and in commemoration of that event all local Rotary clubs are planning something special in the way of a celebration.

The Twin Falls Rotary club will conduct its special celebration program at 8:30 on Wednesday evening in Town's cafe. The program will be given by Dr. Charles R. Brett with introductions by Walter H. Clegg, a Pocatello Rotarian, will be the special guest of the club. He will address the members on "History, Ideals and Rotary Principles." Short talks will be given by A. J. Praver, H. G. Blue, president of the club, and other members. Paul McGowan is scheduled to speak on this occasion.

Wednesday's affair will be in the nature of a dual celebration here, the Twin Falls club also commemorating its own third birthday. The club was formed in February, 1918 with 25 members. It now has 40.

The first Rotary club was organized with four members in Chicago in 1905. Name "Rotary" adopted because original club "rotated" their meetings among business offices of members. Limited membership plan is one of foundations of Rotary's strength. Rotary has 200,000 members in 40 countries, and international association is "mighty particular" about accepting new clubs.

There are now over 800 clubs with a total membership of 63,000. There are many Rotary clubs now in foreign countries.

No Rotary club has ever failed to prosper; none has ever surrendered its charter.

Rotary clubs have a higher percentage of attendance of members at meetings than any other organization made of business men.

Average attendance of all clubs in United States and Canada, in December, 74.40 per cent.

Rotary principles and activities are based upon the belief that "He Profits Most Who Serves Best."

SEVERAL IMPORTED BY VETERANS OF WAR

Former Service Men Stoutly Urge Support for Soldiers' Welfare Bill

Members of Twin Falls post, American Legion, today sent a urgent message to Senator J. H. Beaver, urging his assistance in procuring legislation through which sick and disabled former service men will be provided adequate medical and surgical care. The message declares recent action of the senate committee on senate bill No. 10, is reported unfavorable.

The soldiers' welfare bill is to come before the senate tomorrow. The post members are expressing their surprise and disappointment to men who found the war a great experience, men in receiving no assistance in their old age, men who were wounded in all sick and disabled veterans until such action is taken by congress as will properly care for these men and their dependents. The action of the senate committee on this bill comes as a surprise and disappointment to men who found the war a great experience, men in receiving no assistance in their old age, men who were wounded in all sick and disabled veterans until such action is taken by congress as will properly care for these men and their dependents.

"The senate bill No. 35, Twin Falls post, No. 2, consisting of 500 ex-servicemen is expressing their surprise and disappointment to men who found the war a great experience, men in receiving no assistance in their old age, men who were wounded in all sick and disabled veterans until such action is taken by congress as will properly care for these men and their dependents. IRRIGATED LANDS IN STATE 1,403,449 ACRES

Report of Census Bureau Gives Twin Falls Greatest Watered Area

Of a total of 1,403,449 acres of Idaho land irrigated in 1919 Twin Falls county had 261,622, as against 100,545 in the year 1909, according to a report just issued by the bureau of census. This report shows that while only 1,403,449 acres of land were irrigated in 1909 the total acreage under water system was 2,548,906. Shortage of water in that year was responsible for the curtailed irrigation.

Other than Twin Falls the county lands irrigated are: Canyon, 201,537; Chubb, 113,537; Elmore, 28,444; Gooding, 108,466; Jerome, 8,000; Minidoka, 55,259; Nez Perce 50,000; Shoshone, 101; Fremont, 120,644.

The water in the state susceptible of irrigation in the year 1919 was 2,092,810, the report of the census bureau says.

VOICE OF CONVENTION AGAINST IMPORTATION OF CALIFORNIA SPUDS

Southern State Potatoes Infected with Disease and Not Desirable, Report

The Twin Falls county potato school which was begun here last Thursday, ended Saturday evening. All schools were well attended and the convention programs throughout were instructive and interesting.

During Saturday's discussion the question "Shall We Keep Out California Potatoes?" put by W. L. Wick was emphatically answered in the affirmative, there not being a dissenting word. The action was taken when it was shown that California spuds are diseased infested.

H. M. Champlin was chosen by the convention as the representative to the culture of potatoes. During the day addresses were made by E. B. Bennett, of the university extension department, and R. F. Sheehan, state agent, on "Storage and Storage House Construction." "Improvement of the Potato Selection," "Shall We Keep Out California Potatoes?" "Growing as Related to the Potato Crop."

DISTRICT ROTARIANS GOING TO SALT LAKE

Logan Unable to Handle Convention Scheduled for March 8 and 9

Some 500 Rotarians from Idaho, Montana and Utah will gather in Salt Lake, March 8 and 9 for the annual district conference. During the session a district governor will be elected to succeed Ralph E. Bristol of Oregon, present incumbent.

At the closing convention the constitution and by-laws of the international Rotary organization will be up for revision and a vote will be cast by the district on proposed changes. The program includes two luncheons and a banquet and a hall during the two days of the conference.

The Salt Lake Rotary club, with Wesley E. King as president, will be host. All the gatherings will be at the Hotel Utah.

The district convention rotates between three states. Last year the conference was held in Boise, the year previous at Butte and this year it was scheduled for Logan. According to word from Salt Lake, Logan Rotarians this year decided they would like to entertain the convention and the gathering was changed to Salt Lake on request.

Arrangements for the annual meeting are in the hands of H. P. Dicke, at chairman of a general Rotary program committee. Eino V. Smith will act as committee secretary.

A number of speakers of national repute are being arranged for to address the convention. There are 27 clubs in the district, with a membership of 1200.

Watchman Looks Down Muzzle of "Holdup" Rifle

W. R. Patton, Night Roundsmen, is Victim of Unusual Performance in Alley

W. R. Patton, night policeman, was held up by an armed man on Saturday night. Patton, telling the story of the "holdup" himself, says that at about 10 o'clock Saturday night he was walking along the alley at the rear of the city hall when a man armed with a rifle stepped out of the shadows and commanded him to stand at attention.

"I did as directed," Mr. Patton explains, "but I told the 'holdup' that if he intended to rob me he would get nothing for his pains." It developed that the man with the gun had just returned from a picture show and saw a man apparently trying to break into the city hall.

Patton, seeing the man, stood in wait for the thief. Seeing me in the alley the business man suspected I was the thief and he stepped out.

Announcement was made today by Mayor W. H. Elder that there should be no session of the city council tonight. Lack of quorum is given as the cause for postponement. Councilmen J. H. Breckinridge and C. H. Chenoweth are out of the city. The former is in Denver and the latter is on the road.

GOING TO SALT LAKE HEAD OF IDAHO SHEEP COUNCIL

New Board is Formed and the State Organized into Districts for Work

The Idaho state board of sheep raisers met at Boise last week and elected Fred Gooding chairman of the board. The state was divided into five districts, each under the immediate supervision of a resident commissioner. Dr. J. G. Dade of Idaho Falls was appointed as inspector in charge to supervise the work in the state under the authority of the board and the commission of the board.

The board has ordered an inspection of all sheep on feed lots as well as farm ranches and no sheep will be permitted to go on the ranges without a certificate from a district inspector certifying that the animals are free from disease.

The only bill authorized by the board is a time and a half to be made with 11 pounds of wool, 33 pounds of fleeces of wool to each 100 gallons of feed.

will be given by cities of the two district inspectors in Twin Falls county. One is located at Twin Falls and the other at Boise.

When the owner of diseased sheep refuses to confine a sheep to a shipping pen, the state is fully authorized by the legislature to use the new law to construct same, all the sheep and all costs of same shall be paid against and sheep.

By employing drastic measures, the board hopes to eradicate sheep scab from Idaho during the present year.

The sheep commission appointment measure passed under suspension of the rules of the house and carrying an appropriation of \$35,000 to complete the work, became law when Governor B. W. Davis immediately following his recent visit to the legislature.

The committee comprises: Charles C. Higgins and Fred W. Gooding of Shoshone for the two year term. H. Thomas Morris of Pocatello and Andy Little of Emmett for the four year term. Hugh Spratt of Boise for the six year term.

The bill was introduced by the sheep committee, passed the house February 5 and carried a clause that an emergency clause it was to become a law immediately following the signature of the governor.

Sheep scabies are prevalent throughout Idaho to the extent that quarantine is being threatened to quarantine Idaho sheep and it was felt that measures were necessary to absolutely prevent the spread of the disease.

A spring dipping before sheep go on the range is planned by the commission.

JUDGMENT IS GIVEN ON NOTE FOR STOCK

James O. Pierce Must Pay Note Given for Sugar Company Stock

In the probate court this morning Judge O. P. Duvall heard evidence in the case of C. A. Robinson against James O. Pierce and W. E. Pierce of judgment on a note of \$100. Mr. Pierce's name appeared on the paper as endorser, but being a married man it is by law incapable to act as such endorser.

The case was dismissed as to Mr. Pierce and judgment was entered against the first named defendant.

The action grew out of a promise to pay for stock of the Idaho Cooperative Trust Sugar Company. John W. Graham appeared as counsel for the plaintiff and J. W. Taylor of Idaho for the defendants.

ATTACHMENT RELEASED.

Mechanics' property, attached by the sheriff last week on an execution in favor of Oakes & company of Twin Falls, was this morning ordered released.

In the evening summary, T. H. Miller & company, of Boise, solvent of the account with Oakes & company had been satisfactorily made, according to reports of the sheriff's office.

Minnie Fisher, sheriff's keeper of the mechanics, received the relinquishment order this morning.

The wedding of Miss Gray Glynn of this city and Mr. Charles Louis Dinger, of Los Angeles, was solemnized in Los Angeles at 6 o'clock on Sunday evening at the Presbyterian manse, the Rev. Herbert Booth Smith, of Emmanuel Presbyterian church officiating. Mr. and Mrs. Dinger will spend several days at the Hotel Rialto, until their home is completed.

The Current Events department of the Twentieth Century club will hold its annual Valentine luncheon on Tuesday at the home of Mrs. D. F. Borel, 727 Shoshone street north. Each member is requested to bring a valentine. Those who have not made their reservations are urged to do so immediately.

The members of the Wayside club and the club of Mrs. C. A. Baker Friday evening. It being Mr. Baker's birthday the party was arranged so that the club could give him a surprise and entertain for all the members. A delicious two course luncheon was served to the thirty-five guests present. Dr. of seven guests were present and Mrs. Claude Wiley of Nampa.

The ladies of the Presbyterian church gave their annual birthday luncheon to the church parlors on Saturday afternoon. The guests gathered in the auditorium of the church where an unusual program was given consisting of a vocal duet by Mrs. O. P. Duvall and Miss Martha Andrews, Mrs. Duvall and Miss Andrews each sang a soloing accompanied for all the numbers by Miss Gladys Orr. After this program the guests marched to the church parlors where the 12 tables were spread, representing one of the months of the year and having two hostesses whose birthdays are in the month represented. Mrs. H. B. Johnson and Mrs. O. W. Wilburn were hostesses at the January table which had for a centerpiece an ice pond surrounded with snow with karpis skating over its surface.

February was decorated with a large basket of cherries laid with a red maple bow, red ribbons led from the basket to hand-painted place cards, bearing cherries which brought to mind the story of George Washington and the cherry tree. Mrs. H. B. Coville and Mrs. W. A. Falson presided at this table. St. Patrick was honored at the March table, a large green hat being placed in the center of the table, green candle shades and shamrock place cards making a charming decoration.

Mrs. H. W. Clouch and Mrs. C. A. Emes were hostesses. April was a blue bird table, the place cards and candle shades being adorned with hand-painted blue birds and the centerpiece was a basket of spring flowers, the gift of Mr. C. E. Booth. The hostesses were Mrs. W. H. Johnson and Mrs. Dickinson. Mrs. F. B. Bracken and Mrs. G. E. Bryant presided at the May table, a beautiful vase of apple blossoms centerpiece, the table and the covers were marked by May baskets. Red roses and place cards with the same design decorated the June table, with Mrs. J. B. Hill and Mrs. Gladys Carlson as hostesses.

Weather Man Adds More Wet to Soaked Land

MOISTURE visiting this community since 8 o'clock last Saturday morning amounts to 21 of an inch. Rain or snow is predicted for tonight and tomorrow; also rolling mists.

Saturday's high temperature mark was 37 while that of yesterday was 29. Last Saturday night was 21; last night it was 10 degrees higher.

resses, Mrs. L. O. Holdeman and Mrs. E. D. Shurtliff were hostesses at the July table which represented Mid Liberty. Three baskets of red and white carnations were used and eagles adorned the place cards. August was cleverly decorated with a swimming pool surrounded by dolls dressed in bathing suits, some carrying green umbrellas as if overcome with the heat of the sun. Mrs. David Johnson and Mrs. B. B. Marshall presided. Mrs. C. H. Krenge and Mrs. H. Williams were hostesses at the September table which had as a centerpiece a basket of autumn daisies, trailing vines of autumn leaves added to the beauty of the table. Halloween suggestions were used for the October table, a tripod decorated with pumpkins, the table from which hang a children over a real fire. Four black witches surrounded the children, Mrs. Stuart Taylor and Mrs. B. B. Marshall were hostesses. Armistice day was honored in the decorations for the November table over which Mrs. H. J. Young and Mrs. Katherine Provost presided. Flags of America and the allies were used over which the dove of peace hovered. A miniature Christmas tree centered the December table, and Mrs. W. E. Nixon and Mrs. Wilbur B. Hill were hostesses. Mrs. Leo F. Bracken was toast mistress and a toast was given by Mrs. J. D. Barnhart to "Our Flag!"

The following ladies at the different tables described an invaluable guest, each one being some famous American man, including W. O. Smith, D. B. Churchill, H. W. Clouch, L. Holdeman, A. E. Siffer, H. C. Alexander, C. Larmore, Ralph Johnson, H. J. Young, and W. E. Nixon. Mrs. A. E. Siffer toasted each of the hostesses with an original rhyme. Mrs. M. C. Mitchell gave a toast to "Our Country." The program closed with the singing of America by the sashbearing. About 200 guests were in attendance.
