## RAILWRECK TAKES TOLL OF MORE THAN 40

New York Central Train Plunges Into Derailed Michigan Central Cars at Intersection at Fort, Indiana

## HEADLIGHT GLARE WARNS BUT NONE ESCAPE CRASH

PORTER, Ind., (AP)—Forty-two bodies had been recovered today from the wreck last night when the Canadian and the Michigan Central trains crashed into each other at the intersection of the Michigan Central and the New York Central lines, respectively, crashed at a crossing here. It was a diamond shaped crossing, permitting the New York Central train, which struck at the other, to pass, derailed, across the intersection, to take two Michigan Central cars instead of cutting them at right angles.

**Missed Black Signals**  
The Michigan Central train had missed black signals said to be set against it and had been directed by the automatic block system. It plunged ahead on the ties until it came to rest across the New York Central right-of-way, with its two coaches at the point of intersection.

At nearly sixty miles an hour the New York Central train came on, the glare of its headlights warning many of the doomed passengers, who leaped from their seats. One or two reached the doors but not one escaped the crash.

## Mogul Stripped in Crash

The New York Central mogul locomotive was stripped as it hit, wreckage flying up above the trolley wires, with a cloud of dust that witnessed like an explosion. Bodies of several passengers were carried with the locomotive and buried beneath it.

Upwards of fifty persons bound for Quebec, Montreal and Toronto were aboard the Canadian-Canadian train. Their cars were much damaged. The New York train was bound for Chicago.

## Statements at Variance

A statement by Townsman J. C. Cook, on duty at the crossing, declared the black two mile away was set against the Michigan Central train and the track was left clear for the New York Central train. Railroad officials at the scene of the wreck said Engineer W. F. Long of Jackson, Mich., who was in command, declared he had received a clear signal and had checked it with his fireman. He left today for his home.

All except the two baggage and mail cars of the New York Central train, remained upright, although bits of the wooden coaches of the Michigan Central train were scattered for five hundred yards. Passengers in the four coaches of the Michigan Central train behind the two dead cars were unhurt except for the shakiness and loss of the passengers on the New York Central excepted.

## Most Wounds in Head

For reasons that could not be ascertained, almost all of the dead taken to the little morgue at Chester, across the tracks from Porter, received their fatal wounds in the head. Some

## STATES ATTACK VALIDITY OF TRANSPORTATION ACT

Brief is Filed in Supreme Court by Wisconsin and 41 A. S. Societies

WASHINGTON, (AP)—The validity of the transportation act was attacked today in a brief filed in the supreme court by 42 states and defended by the railroad companies.

The suit, the first of several similar ones to reach the highest court, was filed by the state of Wisconsin, and the other 41 states, and the National A. S. Societies, which are national organizations of the A. S. Societies of 41 other states were permitted to become parties to it.

Oral argument will be heard some time this week if the court moves through its calendar with the normal speed.

The brief declared that as now administered the act, by entering all trucks over rates in the interstate commerce commission, the act was unconstitutional, states rights specifically reserved to them by the federal constitution.

The provisions for a fixed return on railway investment, making the basis for a special attack on "unreasonable and unconstitutional."

Wisconsin also was directed to the re-argument that the commission govern several roads together and make rates that would ruin an aggressive carrier, and also to the rule that "this was alleged to place a 'double burden' on shippers in that it compelled them to support rates and pay the rates as well as those which rendered legitimate service."

## Costa Rican Army Surrender Averts War with Panama

Panamanian Charge d'Affaires in Washington Announces a Change in Situation

WASHINGTON, (AP)—Threatened war between Panama and Costa Rica was averted early today with the surrender of the Costa Rican army in Colón, according to word received here by J. E. Lefero, the charge d'affaires of the Panama Panamanian legation.

Mr. Lefero, acting as Secretary of State Collyer and informed of the changed aspect of the situation. The legation dispatches, while giving no details, indicated that the Costa Rican force had capitulated in the presence of the Panama volunteer army which marched out to meet them from David, in the province of Chiriqui. Whether fighting occurred was not stated.

## Contest for Batum Brings Soviet and Turks to War Brink

Opening of Hostilities for Black Sea Port is Declared Imminent

CONSTANTINOPLE, (AP)—Hostilities between Russian Bolsheviks and Turkish forces for the possession of Batum is declared to be imminent in dispatch received here.

The Russian Bolsheviks, under Kozlov Kozlovskiy, commander of the fifteenth Turkish division and on the outskirts of Batum and it is believed that if the Bolsheviks could capture the city, Turkish occupation of Armenia would not be possible.

The Bolsheviks are raising the tone of the coast of the Black sea toward Batum and were shelled by the Turkish fleet at Bakum Kule, which, however, the soviet forces captured later.

## FORNEY BILL PASSES SENATE

Emergency Tariff Measure, as Amended, Goes Now to the White House

WASHINGTON, D. C., (AP)—The senate today approved the Forney emergency tariff bill as amended in conference with the house. The measure now goes to the president.

The vote was 49 to 35. Eleven democrats voted with the republicans while four republicans were recorded against the measure.

## FLASHES FROM THE WIRE

MANILA, (AP)—Two Filipinos were killed and ten Chinese stores burned in fights over hemp purchases, in the islands of Samar and Leyte, more than three hundred miles southeast of here, according to advices received today.

CHICAGO, (AP)—Mrs. Catherine Smock, aged sixteen, was found choked to death shortly after two men had been seen to enter her home today. The police say the young victim was gagged, her legs were tied, and her neck broken.

DENVER, Colo., (AP)—Joshua "Yehovah" Sykes, self-styled king of heaven and earth, who left yesterday for San Francisco to begin serving an eighteen months sentence for obstructing the draft during the war, returned to Denver today. He had another "vision," he said, and left the train at Cheyenne.

JUNEAU, Alaska, (AP)—Study of the reindeer of Alaska has been undertaken by United States government experts at a biological survey station established recently at Unalakleet, near St. Michaels, in the western reindeer country. Dr. B. W. Nelson, who is in charge of the station, reports that the study has been a success and that the reindeer are doing well and already means of prolonging lives of the animals has been found.

STANFORD UNIVERSITY, Cal., (AP)—American women are getting taller and heavier. Dr. Della-Dool Miller, medical adviser for women at Stanford University, has announced after comparing records of 4,000 women who have entered the university during the past thirty years. Modern fashions and increased physical activity among women are given as reasons for the increase. The present study, Dr. Miller said, does not interfere with physical growth as did the styles of other generations.

## HARDING ON HIS WAY HOME

President-elect, Returning for Farewell from Marion before Inauguration

ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN, (AP)—With his preparations for the launching of his administration about complete, President-elect Harding was on his way back to Marion today to receive a formal farewell from his home town before entering the White House.

The president-elect's special train, which left St. Augustine, Fla., today, is to reach Cincinnati tonight and Marion tomorrow morning.

Tanned by five weeks under the Florida sun, the president-elect is returning northward apparently in much better physical trim than when he left Ohio.

## IRISHMEN PAY WITH LIVES FOR WAR ON BRITAIN

Execution of Six Irish Republicans Takes Place in Cork Jailyard Despite Corporations Appeal for Clemency

## MAKES DEEP IMPRESSION UPON PEOPLE OF DUBLIN

CORK, (AP)—Despite the appeal for clemency made recently by the Cork corporation, the six Irishmen in jail here, who had been sentenced to death on charges of levying war against the crown forces, were duly executed by the military this morning. The men were shot in batches of two each at intervals of 15 minutes.

The men executed were Timothy McCarthy, Thomas O'Brien, Patrick O'Donoghue, John Lyons, Daniel O'Callaghan and John Allen.

The first five were condemned for an attack upon the crown forces at Drissey, County Cork, in January, 1919, when some of the men were shot and some were sentenced to death.

The sixth man, McCarthy, was sentenced to death for levying war against the king's bench confirmed on February 23 at Dublin, giving the military full power to act without interference by the civil courts.

The clemency appeal was adopted by the corporation Thursday and a report to General Sir Nevill Macready, commander of the troops in Ireland.

In all the Catholic churches in Cork yesterday prayers were said for the condemned men.

## DUBLIN IS STIRRED

DUBLIN, (AP)—News of the execution of the six Irish republicans at Cork this morning made a profound impression upon the population of the capital. It had been generally expected the death sentences would be commuted.

## VISCOUNT MILNER WEDDED TO LADY EDWARD COELL

LONDON, (AP)—Viscount Milner, the recently retired secretary of state for the colonies, was married today to Lady Edward Coell, widow of Colonel Lord Edward Coell. The marriage occurred at St. James church, Paddington.

## GRAYSON IS RELIEVED FROM ATTENDANCE ON PRESIDENT

WASHINGTON, (AP)—Rear Admiral Carey T. Grayson, President Wilson's personal physician, was ordered today by the navy department to duty as officer in charge of the naval dispensary at this city.

The note was 49 to 35. Eleven democrats voted with the republicans while four republicans were recorded against the measure.

## IDAHO WEATHER.

## SEATTLE VOTES TO REMOVE ALBION NORMAL TO BURLEY

House Heeds Governor's Plea for Passage of Irrigation Bills; School Relief Indorsement Likely.

## DECISION HITS FOOD CONTROL

Sections of Lever Act are Held Unconstitutional by Supreme Court

WASHINGTON, (AP)—Sections of the Lever food control act under which the department of justice has brought many actions for alleged profiteering in necessities were declared unconstitutional today by the supreme court. Chief Justice White read the court's opinion.

Constitution of the L. C. O'Brien company of St. Louis, in having charged an unreasonable profit on sales of sugar was set aside by the court.

In taking this action the court said that sections of the act which had sustained a denumerator to the indictment of the grocery concern. The specific charge was that the defendant charged \$10.70 for 50 pounds of sugar at the rate of more than 20 cents a pound.

The constitution of the firm of W. C. O'Brien, of Birmingham, N. Y., also was set aside. Chief Justice White said the statute was "as broad as human imagination."

Justice Brandeis and Pitney concurred in the opinion, but dissenting from the reasoning by which it was reached.

Hundreds of cases growing out of the government's campaign against profiteering in necessities are affected by the opinion.

The court sustained lower courts in their decision in the case of the Denver, Colo., an injunction restraining the federal authorities from enforcing provisions of the Lever act.

## HEYWOOD TAKES FIGHT UP TO SUPREME COURT

Legal Battle for Freedom of I. W. W. Members Enters Final Phase

WASHINGTON, D. C., (AP)—The legal battle for the freedom of William Heywood and 28 other members of the Industrial Workers of the World who were convicted in Chicago in 1918 of conspiracy to obstruct the war draft, entered its final phase today with the filing of a petition asking the supreme court to review the trial.

The petition was based on the contention that the court's verdict in the case of the defendants was not legally available to the government.

The contention was made that neither the whole nor the supporting affidavits "adequately described either the places to be raided, nor did they set out facts showing probable cause for the issuance of the writs."

The places raided included all the offices of the I. W. W. and several private residences, more than 60 officers being included in the area of activity. The documents seized, weighed thousands of pounds and will be sent to the federal government in the near future. Those interested in the case will be submitted to a new record in the supreme court today.

## MOTHER OF FOUR ON TRIAL FOR DEATH OF YOUNG WOMAN

SHERMAN, Texas, (AP)—Mrs. Tom Morris, mother of four children, charged with the murder of Mrs. Lela Farrar, 20 years old, was placed on trial here today. Mrs. Farrar was shot to death on a street at Dallas on July 14, 1920. Mrs. Morris, who was arrested, said the dead woman had broken up her home, according to police.

## WINNEBOGA CHIEF OF POLICE SHOT BY FUGITIVE

WINNEBOGA, Nev., (AP)—Chief of Police J. B. Nelson was shot and perhaps fatally wounded by a negro whom he was attempting to arrest today when he was returning from a patrol.

He was today, but before falling Nelson shot and killed the negro. The negro was caught by a patrolman and is being held at the police station.

## ARGENTINE MOTORISTS UNIT TO LOOSE PROFITEERS' GRIP

BUENOS AIRES, (AP)—Private motor cars here have formed a limited liability corporation with a capital of 1,000,000 pesos, in order to free independence of the profiteers who would belong to the profiteers organization will furnish garage service, oil, gasoline and supplies to members at cost prices.

## WILSON APPROVES RETURN OF SOME ALLEN PROPERTY

WASHINGTON, (AP)—President Wilson signed today a bill providing for the return by the alien property custodian of property seized during the war from citizens of the United States and the alien who married enemy subjects before the declaration of war.

## Rumors Say Soviet in Petrograd Falls

RIA, (AP)—Rumors that the soviet authorities in Petrograd have been overthrown in a coup d'etat in Moscow, were a report from the Russian capital received here today.

## COURT DECISION RELEASES HUGE SUM TO FARMER

Tribunal Divides, 6 to 2, in the Opinion on Legislation Under Which Land Banks are Established to Extend Loans

## RULES BONDS MAY BE EXEMPTED FROM TAXES

WASHINGTON, (AP)—The federal farm loan act was constitutional today by the supreme court. This is the act under which land banks were established to extend loans to farmers.

Millions of dollars in loans to farmers have been held pending a decision of the court in this case, which was brought by Charles W. Smith, a stockholder in the Kansas City Title and Trust company, who sought an injunction to restrain that institution from investing its funds in bonds issued by the farm loan banks.

The court in sustaining federal court decrees dismissing injunction proceedings brought by Mr. Smith, also held that congress has the authority to exempt the bonds of the bank from taxes.

The court divided, 6 to 2, Justice Holmes and Brandeis dissenting. Justices Holmes and McHugh held that the "cause" should have been dismissed by the court as being solely within the scope of the Missouri courts.

## POWER BOARD INDORESSES SAN JOAQUIN PROJECT

Grants Application for Hydro-Electric Development in Southern California

WASHINGTON, (AP)—The federal power commission voted today to grant application of the Southern California Edison company for a 20,000 horsepower hydro-electric development on the San Joaquin river, California, part of a large power project contemplated by the company.

The Niagara Falls Power company was granted a similar project for two years was granted to the lower Niagara River Power and Water supply company to divert 25,000 cubic feet per second from the head of the river to a power station to be erected at the foot of the rapids.

The commission also approved an application by Henry Ford for a power development project at Troy, N. Y., on the Hudson river to cost \$45,000,000 as the power source for a factory project involving \$7,500,000.

## SOVIET AGAIN RULES CAPITAL OF GEORGIA

Local Communists Begin Looting when Bolshevik Troops Enter, Tiflis, Reds Control Entire

CONSTANTINOPLE, (AP)—Bolshevik troops numbering about 25,000 entered Tiflis, Georgia, today. The Bolsheviks are in control of the city and the government began to restore order.

The anti-Bolshevik government, proclaimed in Tiflis by the capital of Georgia, about two weeks ago has been ousted and a soviet republic re-established. Many members of the anti-Bolshevik government have been arrested and the rest are said to be fleeing.

## Houston Checks Inquiry In Foreign Loans and Credits

WASHINGTON, D. C., (AP)—Senate Judiciary committee investigation of foreign loans and credits met with a check today when Chairman Nathan formed the committee that Secretary Houston had submitted, treasury files he had been ordered to produce in the case of the state department for advice as to those which it would be competitive with public interests to present before the committee.

Senator Reed, democrat, Missouri, declared Secretary Houston "ought to be held in Tiflis for a week." Later the committee that the committee summoned Mr. Houston to appear immediately with the full correspondence he would "take the matter before the senate."

The secretary's whole attitude from the beginning has been one of "holding back," said Senator Reed.

## POLAND EXERTS EFFORT TO WIN IN PLEBISCITE

Director of Propaganda in Upper Silesia Works in Ricketty Quarters Plastered with Anti-German Postcards

BEUTHEN, Upper Silesia, (P)—The campaign into which Poland has entered to gain control of the rich Upper Silesian industrial centers through plebiscite victory, probably in the middle of March, is being directed from a ricketty, three-story hotel here, which has been purchased by Wojciech Korfanty, director of Polish propaganda, plastered with anti-German placards, filled with propaganda and organized and guarded from outside and inside, day and night, by armed men.

Korfanty himself, who formerly was a member of the reichstag, and now is the bugbear of the German mine owners here, has offices in the building;

but they are available only to those who have unquestionable credentials. German residents and officials leave him severely alone.

### War Propaganda Belligerent

Some of the huge posters in the building are rolls of war propaganda, one of them picturing three old women before a firing squad of German soldiers. Under the placard, is the legend "Gloomy as Poland"—vote for Poland—and under this the same admonition is written in German. All the posters in addition to the Polish legends are interpreted in German for many of the people of Polish extraction, cannot speak the Polish language.

Korfanty received the Associated Press correspondent with a brisk and cheerful greeting. He was dressed in neatly tailored clothes, affected a monocle, one of whom stood immediately back of him during the whole of the conversation.

### Labors Against Odds

In view of the Polish exchange situation, Polish money selling first at 10 to 1 in favor of the German mark, and reports of unemployment and financial distress in Poland, Korfanty was asked what benefits the working population of Upper Silesia could expect from a Polish win.

"This Upper Silesian question is not a problem in economy, but in nationality," he said. "The majority of these people are Poles and their sympathies are with Poland; Poland's situation will improve. In the meantime we will break up this feudal system here by which the German mine owners have oppressed Polish workmen for 400 years. Seventy-five per cent of the German officials of Upper Silesia will, of course, vote for Germany, but we will have an overwhelming majority in the elections."

Dariusz German Charges.

German reports that Korfanty was in control of large sums of money, that he had offered editors of Upper Silesian newspapers as much as 1,000,000 marks to swing their influence in favor of Poland, that he was training an army for use against the Germans during the plebiscite, and that he was buying for 1000 to 1200 marks the cards issued to qualified voters in the plebiscite area, all were denied by the Polish leader.

At the conclusion of the conversation Korfanty invited the correspondent to visit him "and other Polish officials here." Immediately after the plebiscite. He said the Poles would assume the administrative authority in Upper Silesia "the day after the Germans are defeated."

### FORTUNE IN RAW FURS IS SENT FROM NORTHLAND

EDMONTON, Alberta, (P)—Raw furs worth about one million dollars have reached here on their way to London, England, from the Mackenzie river and Arctic ocean ports of the Hudson's Bay and Northern Trading companies.

## NORTHLAND CLAIMS KELLY

Veteran Actor Returns to Some of His Capades in Gold Stampede Days

ANCHORAGE, Alaska, (P)—Frank Kelly, veteran actor, who, in the gold stampede days of '20, was known as the Dawson and Koryuk camp as "Bagtime" Kelly, has returned to the northland.

Friends of the comedian say years ago he staked the town of Goldfield, located far above the Arctic circle. There had been a rush of prospectors to the camp, then the "farthest north" mining district, and a name for the place was wanted. Kelly, one of the prospectors, suggested "cold foot" because many who went to the spot got "cold feet" as he expressed it, and turned back.

Later Kelly prospected in the Koryuk district, he recalled, and staked a claim on what he thought was Emon creek, where it was thought gold could be found. Soon Kelly found that his claim was not on Emona creek but on a gulch far from the stream. To this day the gulch is known as "Kelly's Mistake."

Stock buttermilk. It is per gallon. Bring your containers. Strling Creamery—adv.

The Scotch song, "Comin' Through the Rye" does not refer to a rye field, but to the River Rye.

## MONUMENT PROPOSED FOR QUEEN ISABELLA OF SPAIN

MEXICO CITY, (P)—A monument dedicated to Queen Isabella of Spain who materially aided Christopher Columbus in his search for a new world, may be erected here.

The movement was launched at a recent banquet of bankers and merchants.

A similar monument to Hernando Cortes, the intrepid Spaniard who conquered Mexico from the Aztecs, was suggested but the idea was not enthusiastically received.

It is hoped to unveil the monument to the queen at the time of the centenary of Mexico's independence next year.

## CHIEF'S SON WILL SUCCEED TO FATHER'S POST

WASHINGTON, (P)—The appointment of Major Washington Grayson, of Columbus, Ohio, as principal chief of the Creek Indian tribe has been approved by the president, Commissioner Sells of the bureau of Indian affairs, announced today.

Major Grayson is the son of the late Captain O. W. Grayson, chief of the tribe. He is 35 years old and served overseas as a major in the army and five years in the Philippine constabulary.

It is said Yellowstone park contains more geysers than are on the rest of the earth's surface.

## ONLY HONEST INVENTORY OF BENEFIT TO FARMERS

Good judgment, coupled with experience, should enable a farmer to come fairly close to the right figures in making a farm appraisal, say farm management specialists of the United States department of agriculture. A middle course is the safest, since the results of an appraisal either far too high or far too low will be of little or no value. False appraisal, to make the figures show up well, is labor thrown away, since the one who indulges in this practice is only fooling himself. Stick to facts. Use market values, adding expense of getting to the farm all those things the farmer buys, and subtracting the probable expense of marketing from the market value of all those things he has to sell.

## RAILROAD MAKES EARLIER MAIL DELIVERY FOR HOME

NOME, Alaska, (P)—Mail for Nome and points in Arctic Alaska came in over the winter trails November 26, about one month ahead of the usual arrival of the first word from the outside after the arrival of the ice. The time was gained because the mail was handled over the government railroad from Seward. In other years the mails have come over a trail the entire distance. The railroad cut about 200 miles off the mail route.

## SOLIDARITY OF AMERICA URGED BY URUGUAYAN

Foreign Minister Buero Defends Pan-American Unity in World Relations; Sees a Handicap in Languages

MONTEVIDEO, (AP)—The United States should not only be right in its conduct toward South and Central American republics but should come to the aid of the United States, foreign minister of Uruguay told North American correspondents in an interview the other day.

Dr. Buero made this statement when asked by the correspondents concerning the prejudice reported to exist in South America against the United States because of actions taken at various times in regulating the affairs of some of the less stable republics in the tropic zone.

"Uruguay," he replied, "thoroughly understands the United States and the reasons for its actions. However, some of the nations that have difficulties with the United States may not understand the North American position. Furthermore, there are a number of agitators throughout South America willing to play upon the minds of the people to influence them against North America and make them believe that the great northern republic is actuated by a spirit of aggression.

"Therefore permit me to suggest in the interest of American unity and universal good will among American republics that the United States not only be but seen to be right in its dealings with South and Central American republics. The facts and the appearances should coincide."

Discussing the political situation in Dr. Buero declared that without North America, it could not be a success. It could not do without the physical, moral and financial support of that nation, he said.

Dr. Buero was asked whether he believed that a Pan-American league on the lines proposed by President Bruer of Uruguay was incompatible with the league of nations.

"Certainly I do not," he replied. "The Americas, if they wish to retain the world influence that is coming to them must have an international solidarity. Before meeting of the league at Geneva the Americas should hold a meeting of their own to determine the political and economic needs and by preventing a solid front make their influence felt much more powerfully.

"Uruguay," he continued, "entirely agrees with the American desire to have the Americas should hold a meeting of their own to determine the political and economic needs and by preventing a solid front make their influence felt much more powerfully.

"Uruguay," he continued, "entirely agrees with the American desire to have the Americas should hold a meeting of their own to determine the political and economic needs and by preventing a solid front make their influence felt much more powerfully.

## GARDEN BRINGS HEALTH TO MANY CITY DWELLERS

Community gardens have been encouraged in the city of Philadelphia for the last 23 years, primarily as a means of helping people to help themselves. The social claim of work has been carried on in other cities for shorter periods of time, with an equal degree of success and satisfaction, according to the United States Department of Agriculture. The original object in every case was to help the people to provide food at home, but incidentally and unexpectedly a number of other benefits which in their way have proved of greater value than the original purpose have developed. These have been in the health and pleasure of the families of the gardeners as a result of their outdoor exercise and contact with nature. A game of golf is all right as a recreational for those who can afford it. The number, however, who play golf is small as compared with the thousands of those who take their exercise and outdoor life by cultivating gardens. The cultivation of the garden also has the advantage that it adds to the wealth of both the gardener and the nation.

## TEST SHOWS BEFORE PLANTING

American farmers suffer losses every year through inferior seed, the United States Department of Agriculture finds. If seed is sown with weeds or if the seeds are dead, the loss can not be made up once the crop is in the ground. If a crop is to be planted in April, discovery of poor seed in May does no good. The remedy is to test seeds in a home germinator in advance of planting.

Small samples of seed are counted out and sown in moist soil in some shallow receptacle like a shallow plate. The plate may be kept near the stove or anywhere to maintain a temperature conducive to germination. When the plants have had time to sprout a count of the results will give a good indication of the value of the seed.

Thought takes more out of agriculture than freedom—Bismarck.

Cause for National Pride. In Norway there are practically no literates.

## Today's Sporting News

### PACIFIC COAST LEAGUE STARTS ON APRIL FIFTH

Oakland Club Will Play Bees in Gateway Series at Salt Lake

SAN FRANCISCO, (AP)—Club of the Pacific Coast Baseball League got away April 5 in three California cities and Salt Lake City in the twenty-first week race for the 1921 pennant, according to the official league schedule, made public here today by W. H. McCarthy, the league president.

Opening dates are:  
Vernon at Sacramento;  
Oakland at Salt Lake;  
Portland at San Francisco;  
Seattle at Los Angeles;  
Portland and Seattle, the two northern league members, will not open until April 19, when Sacramento plays in the Washington city and Salt Lake in the Oregon metropolis. Vernon and Oakland open at home April 19 against Los Angeles and San Francisco, respectively.

Holiday games were announced as in the first minute of play he slipped a goal.

In basket shooting games, Nazifsky led by her team with seven goals, but was only one goal ahead of Newman, who had six field baskets to his credit and one free throw. For the victory Campbell and George Howard, were tied with three field goals each and one free throw each. The fan audience was small but ardent.

Before the game started Rydell and Brown, a couple of flyweight grapplers of the high school, went to the mat for a one-half hour, which was won in six minutes by Rydell. The latter had six pounds advantage over his opponent who weighed in at 100 pounds.

Between halves Robinson, 147, and Rice, 142, staged a three-round knuckle boxing tilt. The first two rounds were quite lively, but, owing to the manufacturing of the assemblage, the last one some steam behind their punches in the third stanza, which was lively enough. The bout was declared a draw.

### FROM ALL POINTS GIANTS PLAYERS START FOR CAMP

Even-Obba is Sending Maggy McGraw Men to Complete Gotham Team

NEW YORK, (AP)—Members of the New York Giants 1921 squad were on route today from nine different states and Cuba to their spring training grounds at San Antonio, Texas. The Giants' special train, which left here late Saturday with Frank Frisch, Ed Hughes, and a number of recruits and a staff of newspapermen, aboard, was awaited in St. Louis this afternoon by Benny Kauff, Bill Sallee, Gollis Kemp and several others.

George Burns, Mike Gonzalez and Manager John McGraw left Havana, Cuba, by airplane to Jacksonville, where they entrained for San Antonio. George Kelly, the Giants' first baseman, had forwarded his signed contract from California.

### YANKES IN CAMP

NEW YORK, (AP)—The silver squad of the New York American League team, under the direction of Miller Huggins started training today at Shreveport, La. Arrival of the regulars is expected within a few days.

The top shelf in the book case is not reserved for a "first" class; there will be nights when the farmer is too weary to take it down. Keep it on the reading table with a good, smooth-working automatic pen to it with a bit of string, advise specialists of the United States department of agriculture.

### VET HOOPSTERS FINISH SEASON NEXT TO FIRST

Twin Falls Legion Team Closes League Play with Win Over Burley

LEGION LEAGUE Standing of Clubs		
Oakley	3	1
Twin Falls	2	2
Portland	2	3
Burley	0	0

By winning over the Burley team Saturday night Twin Falls clinched second place in the Legion basketball league. The score was 35 to 20.

With this contest, played on the home floor, the regular league schedule was concluded with the four teams of the circuit finishing in the following order: Oakley, Twin Falls, Portland and Burley. Each team played six games, Oakley losing one, Twin Falls two, Portland three and Burley all.

Saturday's contest was played in fast style and Twin Falls leading from the start. The local aggregation showed it to better advantage at flipping baskets, while both teams stood about even in floor activity. The locals were penalized often, and on one occasion a man was put out for personal fouling a visiting player. This happened toward the end of the game, the penalty being imposed against "Dixie" Newman. Gwynn went in for Newman and in the first minute of play he slipped a goal.

In basket shooting games, Nazifsky led by her team with seven goals, but was only one goal ahead of Newman, who had six field baskets to his credit and one free throw. For the victory Campbell and George Howard, were tied with three field goals each and one free throw each. The fan audience was small but ardent.

Before the game started Rydell and Brown, a couple of flyweight grapplers of the high school, went to the mat for a one-half hour, which was won in six minutes by Rydell. The latter had six pounds advantage over his opponent who weighed in at 100 pounds.

### BILLIARD TOURNAY SATURDAY'S RESULTS.

Player	Score	Winning
Ivory	125	81
Amelin	125	81
Ryder	125	81
High run 155		
James Mee	111	69
Kayler	105	67
Tracy	71	67
Self	125	87
Columbia	125	87
Commis	125	87
Atkinson	74	59

### Monday Night Games.

Knock against Blacken; Hillington against Deany; Benchake against Hayley; Brown against Hayley; Kayler against Lewis; Thompson against Tracy.

### Not Afraid of the Darkness.

"You've been a real good boy today, Artie," remarked his aunt, as she prepared the child for bed. "And I'll tell mamma that you deserve the present she promised you." "Well," spoke up Artie, "as I've been such a good boy there won't be any need to bother saying my prayers tonight, will there, Aunt Emma?"

### Isn't It The Truth?

A man spends a life time to an earnest attempt to acquire knowledge. About the only thing he learns to a certainty is that if he wishes to be shamed on Saturday it is better to go to the barber shop in the forenoon. Everything else is disputed by some one—Philadelphia Public Ledger.

Price of railway locomotives in 1920 was two and one-half times that of 1914.

### Brief Bits of Sport

Another interesting sports item is contained in a communication from Philadelphia telling of another definite calling off of the Hoppe-Horemans billiard match.

Hoppe has announced withdrawal of his effort because he and the Belgian expert could not get together on terms.

Sam Snider, agricultural sage, says: "The British farmer doesn't seem to worry about this here unemployment as long as there's so much to be obtained in Ireland."

Tennis experts, after rubbering at the world list of champions, declare that the United States will probably hold the title a long time.

That's really interesting, isn't it?

Russ headlock Strangler Lewis the other night flopped Dick Davacourt of Texas in decisive fashion. The great strength of the champion stood him in good stead against the curly Texan.

It will be recalled Lewis put Davacourt down and out with a head clutch, several weeks ago, the Texan taking in the hospital after the battle.

Tomorrow night the Twin Falls Meadors will tackle the Kimberly high schoolers at Kimberly. This is a return match for a game played here a fortnight or so back.

Charles White, Chicago lightweight boxer, has brought suit against the Wisconsin boxing commission to recover \$50,000 alleged damage to character.

The commission recently barred White from competing in boxing bouts in Wisconsin because of a bad showing the Chicagoan made against a third-rater with whom he was matched. It was shown in the inquiry that White had gone into the ring out of condition and had held up the fact of an injury from the medical board.

Miller Huggins says he's all fixed to start. Frank Baker, the ex-hornrunner from Kansas, has agreed to take over the difficulties of third base this year.

Rickie Mitchell, more or less laconic, recently announced that Rocky Kansas can't do it again.

But Kansas, displaying full and satisfactory confidence in himself, has offered Rickie a return match to definitely decide the contention.

Mitchell says it was a fluke knock out, the result of over-confidence.

Folks who believed that Joe Welling had the goods to win the lightweight championship from Benny Leonard had to reverse their opinion when Benny simply toyed with Welling in an eight-round bout in St. Louis the other night.

While Leonard displayed no wish to ascend to the top of the mountain, master of the situation at all times, and had Welling in serious shape at the finish.

Connie Mark's decision to equip his ball players with knelt caps is probably the result of so many damaged knelt caps.

### PLOT DISCOVERY CAUSE GIVEN FOR POLICE RAID

Governor of Argentine Province Justifies Intervention in Scene of Hot Political Fight

BUENOS AIRES, (AP)—Discovery of a supposed conspiracy in the provincial department of Salto, 107 miles north, west of Buenos Aires, caused the police today to make raids in which 27 persons were arrested yesterday, according to a message sent to the minister of the interior today by Governor Castellanos of Salto province.

The governor charged that the conspirators had planned to attack police stations, cause an uprising in the jail and force the governor to resign office and to take funds from the provincial bank with which to pay the expenses of the coup. He charged the movement was "directed by high

the province of Salto has for some time been the scene of a hot political fight between the radicals, the party which is in power, and a faction of students. Among those arrested are a number of provincial officials and journalists.

# ORDERS INQUIRY INTO SINKING OF U. S. DESTROYER

Pacific Fleet Commander Directs Investigation of Collision Resulting in Loss of Naval Vessel

WASHINGTON, D. C., (AP)—A naval court of inquiry into the sinking of the United States destroyer Woolsey by the steamer Steel Inventor off Panama Saturday has been ordered by Admiral Hugh Rodman, commander-in-chief of the Pacific fleet. The court will sit at Balboa, Panama, and will investigate every phase of the collision that resulted in the loss of the naval vessel, the death of one enlisted man and the injury of several others. About 13 members of the crew of the Woolsey still were reported as missing.

Secretary Daniels has telegraphed Admiral Rodman for a more complete report of the details of the accident.

**NAVAL AUTHORITIES ASK LIBEL ACTION AGAINST STEAMER.**  
PANAMA, (AP)—United States naval authorities here have asked A. C. Hildman, United States district attorney for the Canal zone, to bring a libel action against the steamer Steel Inventor, which collided with the United States destroyer Woolsey off Cuba island Saturday morning. The Woolsey sank almost immediately after the collision, and 16 sailors are believed to have been drowned when the ship went down, or killed when the collision took place.

Captain W. G. Turner, of the Steel Inventor, asserts the destroyer collided with his ship, striking her on the port side, and went down.

The Steel Inventor reached Panama last night, and Captain Turner said he would recommend to the United States District Court of New York owners of the ship, that a libel action be brought against the government. The collision occurred at 12:00 o'clock Saturday morning, 13 miles off Cuba island, which is 120 miles north of Panama.

**RAILWAY WRECK.**  
(Continued from Page One)

were decapitated, accounting for the failure to identify any of the 25 which had been taken up to six o'clock. The first group of those critically injured were rushed in an ambulance to Michigan City, Ind., and two of them died before they could be removed.

The press of the bodies of the injured pressed the belief early today that all of the others injured would recover. Hospitals and private homes at Michigan City, Ind., are crowded with the injured, according to the character of the injuries.

**Many Trainmen Absent.**  
Records of the Michigan Central train disclosed a large number of railroad employees, traveling on passes, believed to have been on the wrecked train. The first group of those critically injured were rushed in an ambulance to Michigan City, Ind., and two of them died before they could be removed.

**Efforts of volunteer doctors and nurses from Michigan City and Gary to check the injured to hospitals led to confusion early today.** The press of the bodies of the injured pressed the belief early today that all of the others injured would recover. Hospitals and private homes at Michigan City, Ind., are crowded with the injured, according to the character of the injuries.

The engine of the New York Central train burst through the wooden coaches with such force that it whirled half a mile and started on fire. Porter quickly extinguished the fire.

**Within a short time lights in the wrecked coaches of both trains were extinguished on again from an emergency connection and any semblance of panic among the uninjured was allayed, while the uninjured passengers were helped to their seats but still lying.**

**Engineer Killed.**  
Bodies of Engineer Claude Johnson, of Elkhart, Ind., and Fireman George Poland, of Michigan City, were recovered beneath the mangled locomotive. Engineer W. F. Long, of Jackson, Mich., and Fireman George Bie, of Michigan City, Ind., were able to save themselves, their engine being beyond the point of the collision.

**Keep Whereabouts Secret.**  
After stating that Engineer Long, of the Michigan Central train had left for his home in Jackson, Mich., members of the wrecking crew at Michigan Central railroad had admitted that they had not gone there but they refused to disclose his whereabouts.

## Established Styles in Skirts

JUST now shop windows and show rooms are springing scores of cheerful merchandise. Lovely new costumes, in regular sizes, are on display and they include heavy, as well as light fabrics—the heavy weaves suggesting separate skirts and suits, and the sheer ones enticing the seamstress to make summer frocks. Neighboring windows accommodate show ready-made garments, helping to establish the style, and if one thing is more truly fixed in our minds than another, it is a vague for plaided skirts. Eight out of ten modern-looking, are plaided, mostly in box plaid, narrow or wide, single, double and triple.

It is the latest number of striped and cross-bar patterns in materials that accounts for the diversity in plaid. Designers exercise their ingenuity to produce effects with them.

Of the practical skirts for spring, as shown in the picture, has a wide, barred stripe, narrowed by plaiting, that alternates with a plaid stripe. The belt is made of the barred stripe, with long tabs at each side turned up and fastened with an odd bit button. There is nothing more trim than a well-fitting plaid skirt.

**REPUBLICAN MEMBERS OF NEXT HOUSE TO CAUCUS**  
Organization of Majority Forces for Coming Session to be Effected at Meeting

WASHINGTON, D. C., (AP)—The full republican membership of the next house was called to meet in caucus here tonight to organize the majority forces.

With the incoming members replacing the republican majority to 100 by national and congressional republican leaders were slightly apprehensive that the majority might be too big to handle.

Friends of Speaker Gillett and Representative Mondell, the republican floor leader, were confident that their re-election would be unopposed but Representative Knutson of Minnesota, republican whip, was prepared for a fight.

**NEW YORK.** (AP)—Raw sugar was quiet and unchanged early today at 4-5 for Cuba's cut and freight, equal to 45.75 for refined. No fresh business.

The market for raffia was unchanged at \$7.75 for fine granulated, although a good many of the raffia are out of the market. Business of late has been more active and there is still a good inquiry noted.

**GOING AWAY" GIFT IS PRESENTED TO MARSHALL**  
Senate Vice-President Taft Silver Loving Cup in Token of Esteem and Good Wishes

WASHINGTON, (AP)—A tall silver loving cup was presented to Vice President Taft today by the republican and democratic leaders. Senator Lodge of Massachusetts and Underwood of Alabama, expressing the esteem and good wishes of the membership in presentation speeches. A gold egyptian bowl, a silver bowl and a box of cigars were also presented to Mr. Marshall who will leave Washington March 3 for a six weeks lecture trip, traveling from coast to coast.

After a visit with Mrs. Marshall's father in Arizona, Mr. and Mrs. Taft will sail for Europe May 14, going first to London, Switzerland, and other points representing the northern jurisdiction of the Scottish Rite Masons at a world conference at Los Angeles.

**POLITICAL DISAPPOINTMENT LEADS TO SELF-COMMUNAL DEATH**  
CHICAGO, (AP)—Emmett Wilson, a former state senator of Oklahoma and recently defeated candidate for governor here, died today of a self-inflicted bullet wound. Wilson shot himself, according to his wife, after he had tried to shoot her and their five-year-old daughter Lillian last night. She said he had been dependent since his defeat as a socialist alternative candidate

## Today's Markets

### WHEAT PRICE ASCENDS AFTER EARLY DECLINE

Green Bug Advances and Indications of Export Business Stop Bunch; Close 1-4 to 1-4 Not Lower

CHICAGO, (AP)—Wheat prices declined today largely as a result of sales of wheat to go short here and because of larger arrivals southwest. Moreover, bears contended that wheat prices were greatly out of line with all everything else. Important commission houses led the selling, whereas the southwest and indications of export business at the seaboard led to an upward price. The close, however, was weak, 1-4 to 1-4 not lower, with March \$1.06 1-2 to 1.06 1-4 and May \$1.50 1-2 to 1.50 3-4.

Subsequently, green bug advances from the southwest and indications of export business at the seaboard led to an upward price. The close, however, was weak, 1-4 to 1-4 not lower, with March \$1.06 1-2 to 1.06 1-4 and May \$1.50 1-2 to 1.50 3-4.

Liberal receipts weakened corn. After opening 3-8 to 1-2 lower, including May at 65 1-4 to 65 1-2, the market continued to sag.

An unexpected decrease in the visible supply, together with indications of export offerings declined subsequently to bring about an advance. The close, however, was weak, at the same as Saturday's finish to 1-4 lower with May 65 3-4 to 65 1-2.

Lower quotations on hogs pulled down provisions.

Cash Quotations.

CHICAGO, (AP)—Wheat, No. 2 red \$1.50 1-2 to \$1.50 1-4; No. 2 hard \$1.50 1-2 to \$1.50 1-4.

Corn—No. 3 yellow, 62 1-2 to 62 1-4; No. 3 mixed 62 1-2 to 62 1-4.

Oats—No. 2 white, 43 1-2 to 43 1-4; No. 2 white 43 1-2 to 43 1-4.

Barley—No. 2, \$4.40 to \$4.46 1-2.

MINNEAPOLIS, Minn., (AP)—Flour unchanged. In current lots, family patents quoted at \$9.50 to \$9.55 a bushel in 95-pound cotton sacks.

Ran—\$23.

Chicago—Receipts 418 cars compared with 300 cars a year ago. Cash No. 1 Northern, \$1.54 1-4 to \$1.55 1-4; March \$1.52 1-4; May \$1.51 3-4.

Oats, No. 3 yellow 54 1-2 to 55; No. 3 white 53 1-2 to 54 1-2.

Barley, No. 2, \$4.41 1-2 to \$4.42 1-2.

Flax, No. 1, \$11.75 to \$11.80.

Chicago—Receipts 11,000; more than 10 to 15 lower; bulk medium and light butchers \$4.50 to \$4.60; pork \$5.50; bulk strong weight and packing grades \$6.75 to \$6.85.

Butter—Receipts 6,000; bulk beef steers 15 to 20 higher; bulk beef steers 15 to 20 higher; butchers stock uneven, strong to 20 higher; veals steady to 25 higher; stockers and feeders mostly 25 higher.

Sheep—Receipts 13,000; lambs steady to 25 higher; bulk lambs \$6.40 to \$6.50; early top 40; sheep steady to 20 higher; butchers \$6.50 to \$6.75; but mostly \$6.55 to \$6.55; customers and cutters largely \$6.50 to \$6.50; bulk calves \$6.10 to \$6.12; stockers and feeders \$7 to \$7.55.

Hogs—Receipts 15,000; 15 to 20 lower than Saturday's average; heavies slow; others active; top \$10.50 for 100 to 170 pound hogs; bulk 200 pounds strengthened but other leaders were listless. The closing was heavy.

**NEW YORK BONDS.**  
NEW YORK, (AP)—Liberty bonds closed: 3 1-8's \$91.10; first 4's \$83.72 bid; second 4's \$85.00; first 1-4's \$80.00; second 1-4's \$82.00; bid 4's \$84.00; fourth 4's \$86.72; five 3's 3-4's \$97.70; Victory 4's \$97.70.

**POTATOES.**  
CHICAGO, (AP)—Potatoes weakened: receipts 60 cars; Northern sacked \$1.50 to \$1.55 cwt; bulk \$1.25 to \$1.30 cwt.

**COPPER.**  
NEW YORK, (AP)—Copper steady: receipts 100 tons; spot and first quarter 13 3-4; second quarter 13 1-2 to 13 1-4.

Cattle—Cows \$10.00; steers \$10.00; real 70c.

down \$10.20 to \$10.50; bulk 220 pounds up \$0.50 to \$1.00; pigs steady to 15c lower; bulk desirable 80 to 120 pound weight \$0.75 to \$1.00.

Sheep—Receipts 10,000; few early sales steady; lamb bidding weak; lambs top early \$11; some held higher; sheep lamb top \$10; bulk fat lambs \$10 to \$11; top \$6.50; bulk \$6 to \$6.50; 112 pound wethers \$7.

**NEW YORK STOCK MARKET.**  
NEW YORK, (AP)—Trading in the stock market was very dull and professional. Popular issues were comparatively steady but specialists again gave way to pressure. Sales approximated 375,000 shares.

On the stock exchange the week opened with a recurrence of the recent uncertain trend. Shipplings and oils were reactionarily, while rails and equipment were steady. Atlantic Gulf, American International, Mexican Petroleum, Royal Dutch and American Wool, on last from half to 1 1-2 points in the first four transactions. Southern Pacific, Baldwin Locomotive, International Paper and Peoples Gas hardened modestly on short covering. United States Steel, selling excellent, was numerous other popular issues, lost a fraction. Exchange on London rose slightly from last week's final quotation.

Chemicals were included among the reactionary stocks of the last hour with shipplings and minor oils. Crucible

## CALLS URUGUAY ADVANCED LAND

President Brum Expresses  
Pride in Record of Progres-  
sive Legislation

MONTEVIDEO, Uruguay, (AP)—President Horta Brum believes that Uruguay is well in the forefront of advanced legislation in many respects and that it will soon take steps which will lead eventually to full suffrage for women. The laws enacted by Uruguay congress for the protection of workmen, he said, had made labor contented in this country. One of the laws now pending provides that labor can not be employed in the country during the winter than \$20 a month with board and lodging. In the city the minimum is set at approximately \$40 a month.

"We also have a law," said Dr. Brum, "giving an obligatory day of rest each week and this has been made to include domestic services. Our law is a trial. Ship all your agents here; we are not afraid of them. They will not find congenial soil in which to work."

In regard to women suffrage, he said, the constitution of Uruguay provides for votes for women but that the machinery for their balloting has not yet been provided for. He added that within two years women would be given the right to vote for municipal representatives and that the law would lead to complete suffrage for them.

Dr. Brum spoke with some pride of the educational facilities in Uruguay, saying it was now possible for a child to be educated from the time he begins to learn to read, through the national schools and universities until he receives his degree as a lawyer, without having to pay any kind of a fee whatever.

With regard to prohibition, the president stated that there was quite a strong feeling among the legislators of the nation in favor of curtailing the facilities for the sale of alcoholic beverages, as well as their distillation. This tendency apparently was in favor of allowing the people to consume wines and beers but to restrict, to a large extent, the sale of spirits containing a large percentage of alcohol.

## Council Talks Reply to American Message

PARIS, (AP)—The league of nations council this morning briefly discussed the reply to be sent to the American government's note concerning mandates and the discussion will be continued this afternoon.

In all probability, it is believed, it will be left to the Washington government to make public the text of the council's answer to the American communication.

## CHANGES ROBBERY CHARGE INTO JOKE

Friends "Burglarize" Dr. Johnson's Home while Family is Absent

Dr. J. F. Johnson, well known dentist of this city, with Mrs. Johnson spent a portion of yesterday at Piler. While they were absent their home was entered by unauthorized persons, apparently with burglarious intent.

The housebreaking occurred shortly after 8 o'clock yesterday afternoon while a young lady student in the high school, left in care, was temporarily absent. The burglars took all of the silverware and cashed every drawer in the house, leaving the place a topsy-turvy scene.

Following discovery of the condition of the place by the woman left in charge Sheriff E. B. Sherman was advised. Chief Deputy Ben J. Brown and Deputy W. H. Ormsby were detailed to track the culprits. Following a trail blazed through fingerprints and other clues found about the Johnson place the officers found at the end of the trail Dr. R. F. M. Allen, Dr. Johnson's partner, Paul Tabor, a realtor, later became involved in the "burglarious" attempt.

Both the "culprits" have reputations as practical jokers of the most practical kind but each is inclined to admit that on this occasion he was more or less "hoist by his own petard."

The silverware was found hidden under a table in the kitchen of the Johnson home.

## PLANTING HOME GARDENS IS BIG STEP IN THRIFT PROGRAM

One-Tenth of An Acre of Fairly Good Ground Will Supply the  
Greater Part of the Vegetables Needed by the Average Family, Say Specialists

For Beginners in Gardening, some specialists in garden planning have been very enthusiastic in early spring when they look through seed catalogues. They have a desire to plant every kind of vegetable that is orally described and favorably illustrated. As a rule not more than 15 or 20 kinds of vegetables should be planted in the average home garden, say specialists of the United States department of agriculture. Few better than the value to the family of well prepared seed beds. Plow the soil as deeply as it is possible. If the soil is coarse and lumpy, even though its surface is well broken up, the plants will not thrive. Large air spaces in the soil are serious, and a great number of small ones are beneficial.

Home vegetable gardens will be just as important in stabilizing the food supply in 1921 as they have been any time during the past few years, say garden specialists of the United States department of agriculture. Even for the most productive garden, food for the year would cost thousands of rural and urban residents to plant, gardens, which resulted in establishing the garden. This year, specialists say, home gardens will play an important part in thrift and economy. Thousands of acres of vegetables are being planted in home gardens, which will be used this year to furnish employment and recreation to the people. The garden will be their own supply of vegetables they can materially reduce their living costs, enough for average family.

One-tenth of an acre of fairly good ground—about 65 feet each way—will supply the greater part of the vegetables needed by the average family, say garden specialists of the department. The cost of all seeds and fertilizers for a garden of this size should not exceed \$15 to \$18, and may cost not more than \$5 or \$10.

Experience has shown that not more than 100 square feet are needed for planting and caring for a tenth acre garden. This time is so distributed throughout the season that the work can be easily done by most persons working in factories, stores or offices. It means an average of about 50 weeks of work for a period of 20 weeks. It means enough time for proper outdoor recreation and exercise necessary for good health. More time will be required for the garden while the weather is being prepared and planted during the summer, when no more than 2 or 3 hours a week will be necessary to keep the garden in good condition.

A little time during mornings, evenings, and on holidays spent in the garden is a good investment. A garden is like a farm, however, in that it produces according to the attention given it. A well cared for garden will produce much higher yields than one which is neglected. The average return in money value from a 1-10 acre plot of ground usually is about \$55 for a season.

Plenty of fresh vegetables direct from the garden to the table is a greatly greater importance than the money value, the cutting out of middleman's profits or transportation problems. The question of saving cost and, however, may prove a very important factor before the close of another year. Already there is much unemployment of labor and the local or home production of food in the garden is the surest way of safeguarding the family food supply. It is said that the farmers of the country could cut themselves off from the rest of the people and live comfortably for an indefinite period, because they can produce practically everything that they need. Gardeners furnish an important part of the living of families on farms and the same principle will apply to people who live in cities, towns and villages who have access to a small tract of land on which to grow a garden. There is no more healthful exercise than that of working in the soil. The old doctor who advised the dyspeptic to go out on the farm and follow the plowman had the right idea. So simple an operation as hoeing or raking the soil brings into play muscles of the body that seldom do any work. The muscular exercise, coupled with the deep breathing of pure outdoor air, is so good for the effect of the sunshine, all tend to promote health.

Taking It Easy at First. There is nothing connected with the work of cultivating a garden that has a tendency to injure the health. Unless over-exercising is indulged in. Persons who habitually work indoors should be rather careful when they first begin working in the direct sunshine. When the work is first started the muscles are stiff and weakened from inactivity and it is necessary to go slowly until they get into play. Very few cases of sunstroke or heat prostration among gardeners have been reported. A little precaution in the beginning will ward off possibility of heat injury. Garden work begins early in the spring time while the weather is pleasant, and by the time the hot period comes on the gardener will have accustomed himself to outdoor conditions, so the heat will have little effect upon him.

Gardens and health go hand in hand, and many reports have been received by the department of agriculture of the health-giving results of garden work. Even on farms where men do the heavy labor of tilling the garden, women find light work in the garden of great benefit, for the duties of the farm woman often keep her too closely confined in the house and the garden affords an opportunity to get out into the open air and sunshine. More than half of the work of growing farm crops is done by women, many of whom would have no outdoor recreation if it were not for this work in the garden.

## ALLIES CONFER ON REPARATION

Spokesmen for Great Britain  
and France Discuss Policy  
Toward Germany

LONDON, (AP)—Premiers Lloyd George and Briand, Marshal Foch of France and Field Marshal Sir Henry Hughes Wilson, British chief of staff, returned to this city this morning from Chequers Court, the new country home of British prime minister. They conferred there yesterday regarding plans for the application of economic and military pressure on Germany, should that government refuse to execute the reparations terms fixed by the supreme allied council at Paris, and "were prepared for all contingencies" when they reached here today.

Dr. Walter Simons, German foreign minister, and the German delegation to the reparations conference to be held here this week were expected to reach London tonight. The first allied-German meeting was fixed for Wednesday, but an inter-allied consultation on the reparations question was to be held at the British foreign office today, according to the London Times.

GRAND JURY INDICTS  
LAST OF ROBBER SUSPECTS  
COUNCIL BLUFFERS, IOWA. (AP)—A federal grand jury indictment was returned in court here today against Merle Phillips, the last of the accused Burlington mail car robbers, committed here November 13, who is charged with complicity in the robbery.

CLARK'S CONDITION  
IS CALLED MORE FAVORABLE  
WASHINGTON, (AP)—Representative Champ Clark's condition was described today as "more favorable" by his physician, Dr. Jesse Shoup, who said his patient passed a good night and was resting quietly.

## GREECE REJECTS ALLEGED PROFFER

London Conference Refuses to  
Take Attitude of Hellesens  
Seriously

LONDON, (AP)—Greece has refused to accept the proposal that an investigation of conditions be made in Thrace and Smyrna preparatory to making alterations in the Bevers treaty. Mr. Kallimachos, head of the Greek delegation in this city, today received a telegram to this effect from the Athens government.

The note was not presented to the allies and it is considered possible, therefore, that a subsequent telegram may annul the one received today. In any event, the Greek refusal was not taken seriously, it was said in allied circles. The Greek legation in London received last night a message that must have been received in Athens, Piræus and Smyrna, at which were passed resolutions declaring that "the Greek government is prepared to sacrifice blood in defense of her sacred rights which were embodied in the Bevers treaty."

In the meantime, Moslem members of the council and state legislative assembly of Delhi have asked the secretary of state for India to suggest to the Near East conference the restoration of Thrace and Smyrna to the Turks. Moslem charges that enemies have been inflamed by the Greeks upon the Turkish subjects in the Smyrna region have been filled by Turkey. This was a week which the London Times declares "probably will decide the fate of the contents and with it the future of the world."

EMPEROR'S ANIMAL PARK  
NOW RESIDES IN ROOM TOWN  
VIENNA, (AP)—The famous Emperor, Emperor's animal park, today looks like the first days of a new American boom town. The war invalids and their families who squatted there last summer are busy erecting cottages and breaking ground for gardens. They are felling the apple trees, exchanging logs for dressed lumber and burning brick from the clay soil. The work is done under the direction of a famous engineer and architect and the men say they will make it a model village.

SMALL BOY IS HELD FOR  
INQUIRY IN BROTHER'S DEATH  
PONTIAC, Mich. (AP)—Warren Bradford, 11 years old, was detained by the police here today, pending investigation into the killing in a woods near Farmington yesterday of his nine-year-old brother, Charles. The boy had killed his brother, "to put him out of his misery," he said, after having accidentally wounded him. He said he fired the first shot "to see how close he could come to his brother without killing him."

JUDGE ORDERS OUT IN  
RAILWAY EMPLOYEES' WAGE  
ATLANTA, Ga. (AP)—Federal Judge S. H. Sibley today ordered a reduction of the March 1 of wages of employees of the Atlanta, Birmingham and Atlantic railroad, now in receivership. The order directed the receiver, Mr. Bugg, to put into effect the schedule of reductions which Mr. Bugg, as president of the road, had urged before the railway labor board. It amounted to approximately 50 per cent of all increases granted the employees during government control.

INTERCOLLEGIATE PRESS  
ASSOCIATION ELECTIONS  
SALT LAKE CITY, Utah, (AP)—Warren Frederick Lewis, associate editor of "The Cardinal" of Stanford university, was elected president of the Western Intercollegiate Press association at its concluding meeting here. J. S. Rietzger, editor of the Rocky Mountain Collegian, Colorado, was elected vice president. Stanford university was selected as the place for the 1922 meeting.

TRANS-ATLANTIC LINE  
STRENGTHENED AT SEA  
BOSTON, Mass. (AP)—The trans-Atlantic liner Princess Matkaia with 2,000 passengers from Genoa, and Naples, struck an iceberg or a submerged wreck off Cape Race, N. F., Thursday night, was rendered helpless by damage to the steering gear, but after drifting for seven hours was brought under control. Radiograms containing these advices were received today at this port.

REINDEER CARCASSES TRADE  
BIG INDUSTRY FOR NOME  
NOME, Alaska. (AP)—Approximately 6,000 reindeer carcasses will be shipped from Nome to markets in the state this year, according to indications. The reindeer will be sent out by Loman & Co., a Nome firm. Last year the company sent 27,544 pounds of reindeer meat to the outside. The company, which owns 35,000 reindeer, has built five cold storage plants south of here for use in its business.

## DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, drink less wine, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from your pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

Jad Salts is inexpensive, harmless, and is made from the salt of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.—adv.

Putting on Gloves.

The correct way to put on silk gloves is to work each finger and the thumb down separately. The gloves should never be forced down by the fingers of the other hand into the creases of the fingers.

The population of Brazil is more than one-fourth that of the United States.

### NOTICE

The Salmon River Canal Company, Limited, having filed with the Department of Reclamation its budget showing estimated expenditures for the irrigation season of 1921, as provided by the Department of Reclamation. The Department has thereupon ordered its publication and has fixed the time and place of hearing at the District Courtroom in Twin Falls, Idaho, at 2:00 o'clock p. m., March 3, 1921.

### DEPT. OF RECLAMATION.

Boyle, W. G. Secretary, Commissioner.

Idaho, February 25, 1921.

### RESOLUTION.

Adopted February 23, 1921, by the Board of Directors of the Salmon River Canal Company, Limited, approving the estimate of expenditures for the year 1921, and fixing the maintenance assessment thereon.

"Whereas, the estimate of the expenditures of the Salmon River Canal Company, Limited, for the year 1921 has been submitted by Superintendent J. C. Purfield, and the same are fully considered by the Board;

"Now, Therefore, Be It Resolved, If the Board of Directors of the Salmon River Canal Company, Ltd.,

"1. That the following itemized statement of proposed expenditures, tolls and charges of such company for the year 1921, be approved, adopted and submitted to the Commissioner of Reclamation of the State of Idaho, in accordance with the provisions of Sections 3034-3038 Idaho Compiled Statutes.

### Statement of Proposed Expenditures and Disbursements.

President	\$ 1,700.00
Secretary-Treasurer	1,800.00
Superintendent	3,000.00
Assistant Superintendent	1,900.00
Director, patrolman and gate tender	8,000.00
Attorney	1,250.00
Hydrographer	500.00

Attorney fees, court and witness costs 800.00 |

Office rent, postage, fuel, stationery, equipment, etc. 1,200.00 |

Automobiles 1,000.00 |

Purchase, operation and repair of telephone system 2,800.00 |

Maintenance of system 10,000.00 |

Real telephone system and children's houses 1,000.00 |

Enforcement of river and decrees 1,050.00 |

Purchase of warehouse 300.00 |

Provisions for tempering with headgear 350.00 |

**Total** **\$51,000.00** |

"2. That, in order to raise the amount of said estimated expenditures, as aforesaid, it will be necessary to levy the sum of \$10,000 Dollars upon the owners of all shares or acres entitled to water from said irrigation system, during the year 1921."

### NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROBATE.

IN THE Probate Court of Twin Falls County, State of Idaho.

In the Matter of the Estate of St. John Skinner, deceased.

Pursuant to an order of said court, made on the 23rd day of February, 1921, notice is hereby given that Tuesday, the 8th day of March, 1921, at 10 o'clock a. m. of said day, at the court room of said court, at the Courthouse in the City of Twin Falls County of Idaho, shall be the time and place for proving the will of said St. John Skinner, deceased, and for hearing the application of Eugene F. Skinner, of the said County of Idaho, and John M. Maxwell jointly of letters testamentary when and where any person may appear and contest the same.
