TIME ACCORDED CANAL COMPANY BY U. S. PLEDGE

American Falls Water Contract Obligation Deferred Until Next February

So far as the Twin Falls Canal company has an interest no action will be taken for one year toward the building of the American Falls dam except as to the preliminary plans prepared and laid out for this year.

The local company has applied for and received an extension of time for the payment of this year's installment of \$200,000 toward construction of the federal water storage project at American Falls. The year's installment was due on February 14 this year to the same date in 1922.

"The Twin Falls canal company is in no way attempting to look back for construction of the big dam at American Falls; we are simply doing the thing that circumstances force us to do for the protection of our investment at this time," said Assistant Secretary W. O. Taylor, of the company, today.

PACKING HOUSE EMPLOYEES TALK EFFECTS OF OCCUPATION

Conference of Workers' Delegates Considers Resort to Court Proceedings to Prevent Wage Reduction

HUNGERS UPON RESULT OF APPEAL TO WHITE HOUSE

OMAHA, Neb., (AP)—Injunction proceedings to prevent any reduction of wages or treatment of working hours for packing house employees were taken up for consideration at the conference of workers delegates here today.

Would Ask Reconsideration

"If the packers do not make some change to suspend the wage and hour changes or agree to arbitration, we plan to take the matter to the courts," Mr. Brennan said today. "If our petition for an injunction is turned down, we will probably ask that the packers be placed in the hands of a receiver. The packers have violated their contract with us and we are asking every step to prevent such an unfair treatment."

CHARGES CONTRACT VIOLATED

Mr. Brennan declared that the demands of Judge Samuel Abscher, who arbitrates the packing house wage agreements, were still in effect but that the packers had violated these agreements, as proposed by the packers, constitutes a violation of this contract, according to Mr. Brennan, and the injunction proceedings would be taken to prevent any such violation.

NEW CONDITIONS DISRUPT BOSTON GARMENT TRADE

Union Workers Term Continuing Situation Lookout; Manufacturers Call it Strike; and Factories Stand Idle.

BOSTON, Mass. (AP)—The garment trades of this city are disrupted by changes in the conditions of labor employment.

Statements by the manufacturers are carried out and their shops transferred as predicted there will be little left of an industry which under normal conditions employs upward of 12,000 persons.

The Amalgamated Clothing Workers of America declare the situation in the garment trade to be a lockout.

The United Garment Workers, an American Federation of Labor organization, has its 10,000 members at work and is not involved in the controversy, according to its leaders.

Local unions represented on the joint board of Cio and Six Manufacturers and affiliated with the International Ladies' Garment Workers and the American Federation of Labor, declared a strike of their 2,000 members the latter part of January after the manufacturers announced that they intended to sign contracts with individual workers and not with unions.

Since this strike was called upon leaders say the owners of 42 shops have signed agreements with the unions and about 500 workers have returned to their machines. Strike benefits are being paid to about 1,000 workers.

Early in February some 800 members of the Journeymen Tailors' union walked out on strike when the Custom Tailors' association of the city announced that the workers would be paid on a piece basis instead of under the time wage system.

The Waterproof Garment Workers' union and the Boston Rain Coat Manufacturers' association are at loggerheads over several changes in their conditions. Leaders of the union say the changes mean establishment of the open shop and carry a large reduction in wages but the union intention was said to be not to declare a strike.

Sporadic troubles have occurred in connection with the several differences. Half a hundred arrests have been made as a result of picketing. Assault was charged in only a few cases, the arrests for the most part having been for violation of city ordinances.

HAWAIIAN GOVERNORSHIP SPECULATION'S SUBJECT

Question of Successor to Retiring Island Executive Makes Claims of Public Mind

HONOLULU, T. H. (AP)—Foremost in the public mind of Hawaii at present probably is the question of who will be the next governor of the territory.

Governor C. J. McCarthy will retire in June. J. K. Kahanamoku, Hawaii's delegate to congress, has been endorsed for the governorship by the local republican organization and by the legislature.

The house of representatives in the legislature approved nomination by a vote of 24 to 3, but the senate split on a tie of seven to seven and it was only the one casting vote of President Charles Chillingworth of the senate, that gave the delegate the endorsement of that body.

Wallace R. Farrington, general business manager of the Honolulu Star-Bulletin, is a strong candidate for the gubernatorial chair and it is said he has influential backers who are urging his appointment over President Harding.

Robert Shingle, republican national committeeman from Hawaii, also is mentioned as a prospect.

A sort of crow bar with a claw on one end has been invented to enable a man to lift a heavy barrel on the head or to lay down one that is stuck.

NEW POWER COMMISSION MUST SIFT MANY CLAIMS

Applications on File Proposing Generation of About 5,000, 000 Horsepower

WASHINGTON, D. C. (AP)—When the new members of the federal power commission, consisting of Secretaries Weeks, Wallace and Fall hold their first meeting, they will find before them applications for water power permits proposing to generate about five million horsepower, or about five times as much as is generated on the American side of Niagara Falls.

Several projects to develop power and irrigation from the Colorado river have been proposed. The majority of these propose to dam the river and furnish power and irrigation for the upper Salt Lake mining and agricultural region and to the lower river district in Arizona.

However, a large part of the power would be transmitted to California. The Colorado river, engineers of the commission say, has possibilities for the development of from three to four million horsepower.

The application of water power permits already in operation probably will require special attention, as that company's production of power is being and now technically is trespassing, it was said today at the office of the commission.

DATO ASSASSIN SUSPECT HELD

Youth, Beloved Syndicalist, Arrested as Slayer of Spanish Premier

MADRID, (AP)—Police search for the assassin who shot and fatally wounded Premier Eduardo Dato Tuesday night has resulted in an arrest and an order for detention of all motorcycles and automobiles of the name of Julian is held as a suspect.

An official report says the assassins are believed to have been syndicalists.

Witnesses of the shooting, say two motorcycles were employed, one blocking the premier's automobile as it approached his residence, and that the other carried the assassins.

Count de Jugalla, minister of the interior, will act as premier until King Alfonso appoints a successor to Premier Dato. Viscount D'Esca, minister, will assume the marine portfolio which also was held by Dato.

Public functions throughout Spain have been suspended and the populace is horror-stricken by the assassination. Senator Daniel died in a dispensary. Physicians found that one bullet entered his forehead and passed through the head. Another bullet went through both jaws and a third entered his back almost directly behind the heart. His hat was pierced by several bullets.

Senora Dato and her three daughters arrived at the hospital too late to see the premier alive.

INDIAN POPULATION OF ARIZONA SHOWS ADVANCE

Aborigines in State Number 33,891 in 1920 as Compared with 29,291 in 1910

WASHINGTON, (AP)—The Indian population of Arizona in 1920 was 33,891 compared with 29,291 in 1910, the census bureau announced Wednesday. Negro population showed an increase of 293.5 per cent, totalling 8005, but this was said to be due largely to negro troops quartered in the territory.

The white population was 291,449, an increase of 116,981, or 70 per cent. The ratio of males to females in 1920 was 121.0 to 100 as compared with 118.2 to 100 in 1910. The foreign born population in 1920 was 23.4 per cent as compared with 22.9 per cent ten years before.

COPPER PRICE WAY DOWN

Lowest Quotations Since 1916 Fall to Stimulate Purchases.

NEW YORK, (AP)—Prices of electrolytic copper were reported in small lots at 12 1/2 cents Wednesday, the lowest price touched since 1916.

Notwithstanding the recent decrease in production, stocks are said to be accumulating and very few buyers were reported in the market even at the low prices. The major producing interests have not cut the decline, but their quotations of 12 1/4 to 13 cents are nominal.

Orders Austria to Deliver Livestock Under Treaty Terms

Reparations Commission Serves Notice Over Anglo-American Objection

VIENNA, (AP)—Preliminary notice that it would be required to fulfill the livestock provisions of the treaty of St. Germain was served upon the Austrian government by the reparations commission Tuesday.

This involves delivery to Italy, Jugoslavia and Rumania of 20,000 head of cattle, including 5,000 milch cows.

The American representatives on the reparations body, before their withdrawal, had together with the British, opposed such action on the ground that it was unfair to the countries which are supplying Austria with quantities of milk and fat, and that the nations to which the cattle would go did not actually need the stock.

SHIPMENT OF HIDES FROM BUENOS AIRES TO CONTINUE

BUENOS AIRES, (AP)—Decision by the management of the Finiguerra Lumber, a packing house operated by North American capital in this city to close in April and stop all shipments of hides from Buenos Aires has been reconsidered because of the intervention of the ministry of agriculture.

Government officials have, indeed, workers on the docks to declare off the boycott against the packing house and the concern will continue business.

INDIANS IN CONFERENCE ON SUIT AGAINST GOVERNMENT

HAYDEN, Mont. (AP)—The Assiniboine and Gros Ventre Indian tribes have sent representatives here for a conference with legal counsel relative to suit to be submitted for them in the court of claims, in Washington, D. C. for reimbursement for all the land between the mouth of the Missouri river and the mouth of the Powder river, south of the Missouri river.

The tract embraces about seven million acres and reimbursement at the rate of \$1.25 per acre is to be asked. The claim is based on a treaty made between the government and these tribes in 1866 but which, it is said, never was ratified by congress.

The action of the Kiwanis club which met several days ago at the Regency, was most inspiring, when the club voted unanimously by that each member contribute \$5.00 to create a fund to pay for full page advertisement to promote the "buy more" campaign on the Twin Falls tract. This is a national movement and the local Kiwanis organization ranks with the best of them.

Having a world of faith in the future of Twin Falls and the surrounding country, we are now making extensive alterations in our store, so that we will have more room and better facilities with which to serve you. We have been very fairly treated by the people of the Twin Falls district and it is our ambition to keep and expand this feeling of good will toward us, and having this in mind, and realizing that for some time we have been cramped for room, we are making these alterations solely for one purpose, THAT WE MAY SERVE YOU BETTER.

Our Grocery Department has for a long time been doing business in cramped quarters and for this reason we have moved over.

3 REASONS WHY THE TIME TO PURCHASE AN IRRIGATED FARM IN SOUTHERN ALBERTA IS NOW.

1. The land is much cheaper than that in your district and records show that it is equally productive. 2. Your money at the present time has a greater purchasing power here than in the United States.

See them and make arrangements for an inspection trip or apply to: Messrs. Taylor & Macvicar.
