### Panama Appeals to League in Conflict with Costa Ricans

GENEVA, (AP)—Panama's note to the league, dealing with that country's conflict with Costa Rica was received here yesterday and was made public today. The note expresses Panama's willingness to submit the conflict to the court of arbitration at The Hague or to the international court of justice of the league of nations. The note will be communicated to Costa Rica.

### AUSTRIA HOLDS OUT ON TERMS

VIENNA, (AP)—Three reservations have been made by the government of the Austrian republic in accepting the entente demand for the surrender of military material. The first would exempt the arms of the Austrian army at Vienna, Krems, 85 miles northwest of this city, and Tulln, 11 miles northwest. The second would take exception to demands regarding the operation of military schools, and the third would relate to the demobilization of the Vienna arsenal. The government is awaiting an appeal by the league of nations.

### DAUGHTERY WILL REVIEW PALMERY'S BEER OPINION

Attorney-General Recognizes General Interest in Question and Promises Careful Study

WASHINGTON, D. C. (AP)—Early review of the opinion of the attorney-general in the case of Palmery v. Healy, a case involving the prescription of beer as medicine under the Volstead act, is expected. Mr. Daugherty says he is aware that the "whole country" is interested and that he probably will give the opinion careful consideration.

# GRAIN MARKET SCHEME TO BE GIVEN FARMER

### Plans for National Sales Agency to be Laid Before Conference of Producers in All Leading Grain Growing States

CHICAGO, (AP)—Plans for a farmers' national sales agency for the handling of their grain will be laid before farmers in all the principal grain growing states this month in a series of meetings beginning Monday.

The conference was called by the Farmers' Grain Marketing Committee of 17, which was appointed in the fall of 1920 by J. B. Howard, president of the American Farm Bureau federation. Each state meeting delegates will be selected to attend a final meeting in Chicago on April 6 to pass on ratification of the proposed improved grain marketing plan of the Committee of 17.

Representatives of all the farm organizations in each state interested in the co-operative marketing of grain, together with all the grain growers of the state, have been invited to attend the conference. Representatives of the Committee of 17 will be present at each meeting to explain the plan in detail.

#### Schedule Announced.

# FENIANS WREAK VENGEANCE ON FOUR IRISHMEN

### Field and Country Lane Near Belfast Give Up Bodies of Four Men who had Incurred Displeasure of Sinn Fein

BELFAST, (AP)—Four men, who had incurred the displeasure of the Sinn Fein, were killed near here on Tuesday night. The bodies of James Maher and Patrick O'Mara, former soldiers and both residents of the town of Thurles, were found in a field. Maher's body was labeled "Ray." It is stated they were accused of giving information to the police. The bodies of two other men were found in a country lane at Augasclo, and on their breasts words carved in the wood were "Fried, convicted and executed by the Irish republican army." One was identified as Francis McPhillips.

A youth was tied to a gate in the town of Keady on Tuesday night by two masked men, who fastened a placard to his clothing reading: "Too young to be shot. Beware. Keep your mouth shut."

Police at Carrick-Shannon have arrested Alexander McCabe, a member of the Sinn Fein parliament, and Michael McLaughlin, a prominent Sinn Feiner.

Patrick Moran, who was tried on charges that he was connected with the murder of several British officers in Dublin on November 21, 1920, has been sentenced to death and the sentence has been confirmed by General McDonagh, military commander in Ireland.

# CUMMINS WOULD INQUIRE INTO RAILWAY SITUATION

Iowa Senator Announces Purpose to Book Congressional Investigation Following Conference

WASHINGTON, (AP)—After a conference with President Harding Thursday, Senator Cummins, republican, of Iowa, chairman of the senate interstate commerce committee, announced he would introduce a resolution when congress reconvenes providing for investigation of the railway situation. The inquiry, he said, would go into the question of rates, wages and management with a view to determining primarily if there has been gross mismanagement and whether present rates were justified.

# RAILWAY COMMUNICATIONS BY TRANS-BALTIKA OPEN

PEKING, (AP)—Through railway communications with trans-Baltika have been established with the permission of the Chinese government. # HAMON DEFENSE ACCEPTS JURORS

### Surprise is Occasioned by Ease and Rapidity of Action in Murder Trial

ARDMORE, Okla., (AP)—The trial of Clara Emith Hamon, charged with the murder of Jake L. Hamon, millionaire oil man and republican-national committeeman of Oklahoma, began shortly after 9 o'clock Tuesday morning. Judge Thomas W. Chapman is presiding. The case is generally regarded as Oklahoma's most celebrated murder trial. Hamon was shot and killed last fall.

After examination of 31 witnesses (twelve men who had not disqualified themselves were in the jury box. Much surprise was caused by the ease and rapidity of the selection of the jury. Oklahoma's most celebrated murder trial. Hamon was shot and killed last fall.

Spending Surprises  
The defense prang a surprise by waiving right of preceptory challenge

after the jury box was filled. Although the twelve men had not qualified finally for acceptance of the panel, both sides at noon said they expected the jury to be completed by mid-afternoon, and expressed satisfaction with the rapidity of the selection. One by one, if it would influence a verdict if it were shown that Mr. Hamon was a man of the "gravelly faults and blots not best loyal to his family." Joe Ben Champlin, twin brother of the judge, conducted the examination for the defense.

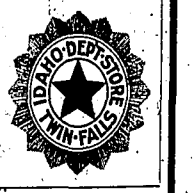

Gather Claims Interest  
Thirty minutes before the trial was scheduled to open, fewer than fifty persons were in the court room. The case apparently was of secondary interest to a new oil gusher brought in west of town.

Excellent Remedy for Constipation  
It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take, mild and gentle in effect. Give them a trial when you have need.

# F.J. BEHRMAN Remarks

When the March wind blows a little blood west of us let us remember how valuable it is. Before farming commenced in the Twin Falls tract home farmers from Iowa and Illinois doubted the fertility of the white soil. Farmers were sent to the laboratories of agricultural colleges for analysis. The reports were that only one soil in the United States exceeded ours in fertility, that of the Imperial Valley. Since then the tremendous yields per acre show that the colleges knew what they were talking about.

# SEMINOV WANTS FOR MASSES TO CONDEMN REDS

## Leader of Anti-Bolshevik in East Russia Will Not Take Up Arms Again Unless Demand is Real, Aide Asserts

TOKIO. (Correspondence of the Associated Press)—Nothing but a real and well-expressed desire on the part of the people and masses of the people in Siberia to overthrow Bolshevism will induce Ataman Semenov to take up arms once more against the troops of Moscow or his allied government of the Russian far eastern republic in China, says General Nikolai Sukhovich, chief of staff of the disbanded Semenov forces, who has arrived in Tokyo after a conference with the fallen leader in Mukden.

Waits for Revolution. In spite of the fact that General Sukhovich brought with him and presented to Atama a petition signed by some 80,000 refugees from Siberia and in Mongolia which urged their forcible "Bolshevik" leadership, he has not yet taken the fight against the red forces, Semenov will take no initiative, but will wait for the revolution to come to the north and will be there to support it. He has said that most of the people in Asian Russia have experienced a thorough revolution of feeling against their present government, says the general. If such an event should occur, Semenov would have a potential armed force of approximately 150,000 men, according to the estimates of his chief of staff, whereas the high water mark of the forces in the past was but 45,000 of whom only approximately 30,000 could be counted as actual combatants.

Predicts Soviet Downfall. He predicts the downfall of Bolshevism, and its administration of his home country and Siberia to be the end of the Bolshevism suffering. The bulk of the people he says are "fastened to the earth," and "the rule of force produced by a moral inertia, bred of centuries of oppression, first by the ancient Tsars, then by the Russian autocrats and now by the Bolshevik dictators, who are using all of the old methods of oppression, but with a difference, that those who have gone home before."

Seменов's desire, says General Sukhovich, is to see the reds put to overthrow Bolshevism and communism in the hope of substituting "some better and more just form of government."

**The Pneumonia Month**  
March is a typical pneumonia month and usually gives a high rate of mortality for all diseases. In fact, it is hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and spreads in this manner. The bacteria which cause pneumonia are an expectorant and cleave out a germ laden mucus and not only cure a cold but prevent its return in pneumonia. It is pleasant to take. Children take it willingly.

# SECRETARY OF INTERIOR IS AT WORK ON PROGRAM

## Announcement of Policies Department Would Carry Out to Be Made Soon

WASHINGTON, (AP)—Secretary of the Interior Fall, although his office has been besieged by patronage seekers since March 4, is ready to go over some of the matters that must be given his consideration soon and announce his policy. He is ready in a few days to outline some of the policies the department hopes to carry out.

The mineral leasing act, passed last year has increased the work of the department, especially that of the general lands office. The act has resulted in bolstering up the yearly income of the department which was running low as the result of increased number of the sale of public lands. It is estimated that the department will receive some five million dollars from the royalties on mineral leases. Besides the back royalties, there will be an increasing sum each year received from the sale of mineral lands. A big percentage of this money will go to the reclamation service to use in furthering its work.

The government owns 40,000,000 acres of coal lands which are being filed upon under the leasing act and the sale of mineral lands. The reclamation service now probably soon will require consideration by Secretary Fall.

Miss Alice Johnson is back in school after a short illness.

Plans are being laid by the teachers of the various departments for exhibits in the annual school exhibit to be held in March. The exhibits will be prepared in order to advertise their work of the year.

The current report that school would close the first of April was declared false Thursday morning by members of the faculty. There has been no plan made for closing the schools.

**DISMISS OMB CHANGES**  
NEW YORK. (AP)—Members of the football rules committee withdrew here today to discuss many changes suggested by the Football Council association, which was in conference the first of the week.

Among some of the suggestions were the removal of the rule barring tackling below the knees, provision of an extra period in case of a tie, and abolishment of the goal after touchdown.

WOMAN SAYS SUSPECT KEEPS IN COURT ROOM

Prosecution's Description of Fatal Shooting of Jake Hamon Cuts Deep in Fair Prisoner's Feelings

ARMORE, Okla., (AP)—Clara Smith Hamon, on trial for the alleged murder of Jake L. Hamon, bowed her head and sobbed today when the prosecution told her that Mr. Hamon, during the shooting, said he "never had a chance, the old man never had a chance; he shot me as I lay about like a dog now."

Hamon was on a hospital cot when she made the statement to Detectives and Attorney General Prevealing, in charge of the prosecution.

The state began the introduction of witnesses at the morning session and four witnesses had been heard before the luncheon recess.

Ignore "Other Woman" The defendant was amply gowned today and she and the witness Mrs. Jake L. Hamon gave no sign of recognition.

The witness would show Mr. Prevealing said that Jake L. Hamon came to Ardmore in 1913, from Lawton, Oklahoma, a lawyer, came here to build up a business and then branched into the oil business. He was followed near Ardmore, the prosecutor said, by Clara Smith, then a "mistress woman."

"She is now 32," he added. "For a time she acted as stenographer and soon unaccountably began behaving strangely. Mrs. Jake Hamon and Jake Jr., remaining at Lawton. Their life then became one of open and notorious adultery."

Refers to Ovaries The attorney general referred to Mrs. Jake Hamon's visit to the rooming house of Clara and her sister. Clara Hamon sent him wife and son to live with her. He referred to many trips Clara and Hamon took to Lawton where they boarded at schools in Texas and Missouri. He spoke of frequent quarrels and said that the time Hamon killed her he came to force Clara to give him papers, and that at that time Clara attempted to obtain a pistol nearby.

UNION PACIFIC'S PROPOSED CUT IS PUT UP TO WORKERS OMAHA, Neb., (AP)—Following a conference between officials of the Union Pacific railroad and heads of the departments of common labor employed by the road, the rail officers advised the men that they had a real reduction of 15 cents an hour or of 48 cents an hour to 30 cents an hour. It was announced last night. This proposal was submitted to the labor heads who will in turn submit it to their various organizations. The conference adjourned to meet again in an effort to make the men and laborers will make known their attitude toward the proposed reduction. This action was taken approximately 5,000 men, it was said. In referring to yesterday's conference, W. M. Jeffers, general manager of the Union Pacific, stated that it was a "tough but quiet" meeting.

LEHIGH VALLEY RAILROAD OFFICIALS MEET EMPLOYEES HETTERLEIGH, Pa. (AP)—Officials of the Lehigh Valley Railroad company and representatives of more than 5,000 of its employees gathered as usual today, not here today to consider wage reductions similar to those proposed on other railroads.

CHICAGO AND ALTON LINE ANNOUNCING WAGE CUT STEPS CHICAGO, (AP)—The Chicago and Alton railroad will take steps within a few days to reduce the wages of its employees. W. G. Miers, president, announced today. The reductions will be made to bring about an ultimate duration in freight and passenger rates, which "now are more than the public can bear," Mr. Miers said.

CHICAGO, BURLINGTON AND QUINCY PROPOSED REDUCTION CHICAGO, (AP)—The Chicago, Burlington and Quincy railroad yesterday held a conference with representatives of its 10,000 unskilled employees with a view of bringing about wage reductions. Hank Helton, president, announced today. The conference adjourned until March 22 to allow the rail's proposition to be placed directly before the entire trainmen.

The road's proposed reduction of approximately \$ 12 cents an hour, varying in certain districts. Helton said. This would make the pay of unskilled men approximately 40 cents an hour, the present rate being on an average of 48 to 50 cents an hour, he said.

DENVER AND GRAND CANYON ANNOUNCING FURTHER LAY-OFF DENVER, Colo., (AP)—Officials of the Denver and Rio Grande railroad company today announced a further lay-off of seven hundred shoveler. The road has laid off more than twenty-five hundred employees since January 1. No action has yet been taken to reduce wages, it was said at the company's offices.

CONSERVATISM MARKS, NEW STYLES FOR DRESS

American Buyers Seem Better Pleased with Seasonal Fashion Shows in Paris Than They Have Since Armistice; Modes Easily Adapted to American Taste

PARIS, (AP)—A return to conservatism in women's dress is indicated in advance displays for spring and summer now being held in Paris. Several hundred American buyers who have arrived for the seasonal fashion shows are more pleased than they have been since the armistice because of the ease with which new modes can be adapted to American taste. The Paris dressmakers continue to show extreme effects of flatterness and evening wear, but the majority of the shows reflect a return to reality in dress. Much in the view of American buyers, however, is criticized because of the general depression in the United States. The business lull in America has had a profound effect on the fashion model, the theory being that American women during the coming season will buy only simple things which can be worn on any occasion.

The season is only half finished, but a general indication has already been given of the changes. One of the most noticeable innovations is the lengthening of necks. Most of the view is highly modifying them in America. While the new gowns are less radical, buyers say they continue to be complicated and expensive. With the reappearance of styles of a purer standard, color dominates all gowns. The material may be simple but gold and blue and blue and blue trimmings are combined to make it attractive. As one buyer described it, "modern simplicity implies expense, old-fashioned simplicity implies cheapness."

Prices Continue High Prices continue high. Dressmakers justify them by pointing to the activity in their creations and also to the fact that materials used were purchased at high prices. For the entire type of beauty the season offers much. There are draperies and hinks and pleats trimmings are bound at the ends of all the colors of the rainbow. Leads are to be worn extensively, according to the arbiters of fashion. The season's effects have been built for the normally built woman and the extremely thin and fat women are at a difficulty in choosing becoming gowns. Corset is ignored The corset has again been ignored. So serious and consistent has become this cohesiveness to was formerly called a "bust" society of corset manufacturers are contemplating an extensive campaign to bring the corset back into its proper place. This dress maker by that correct, "It is simply impossible" if one desires the utmost in smartness.

Fashions say the most important part in the new line. Overstuffed blouses in particular are being used on large, and are worn crushed down on the head in many shapes. Fruit is invading the realm of fashion. Bunches of fruit and flowers are worn at the waist and some of the gowns have belts of roses around the waist. Flowers are extensively used in many other combinations. Extra Richly Fuller The pretty of fuller skirts is slowly but surely coming back, according to buyers. Although it is not yet fully realized, the season's gowns are somewhere between the styles of last year.

Jud Tunkins. Jud Tunkins says the old-time statesman who sat down and wrote out his speeches with a pen would stand any chance whatever in these days of hand-writing. The frail shoulder strap, upon which so much depends, persists in the new creations. The dressmaker says they have been throughed, as it were, to "embarrassing complications," but buyers say it still has dangerous aspects.

Political Duel Between Premier's Wife and Anquith Daughter

The prospects of a wondrous duel between Mrs. David Lloyd George, wife of the British premier, and Lady Bonham Carter, eldest daughter of former Premier Asquith is interesting all English readers. Mrs. Lloyd George has been studying Wales in an effort to secure election of Captain Evans, one of the premier's secretaries. Lady Carter supports Lord Salisbury, the Liberal candidate, and the possibility of a very sharp clash between the feminine members of the two families during the electioneering at Cardiff, Wales, is eagerly awaited by the public.

Today's Markets EXPORT BUYING CHECKS FALL IN WHEAT PRICES

Disturbed Industrial Conditions are Reflected in Grain Trade; Close 3-4 to 1-4 Net Lower

CHICAGO, (AP)—Prices declined in the wheat market today as a result of general commission house selling based largely on disturbed industrial conditions. Hours put some stress also on official figures showing that total stocks of wheat in the United States March 1 were 10,000,000 bushels in excess of private estimates. Bulls failed to make much headway with assertions that the most critical period of the growing wheat crop was coming on. Initial prices which ranged from 3-4 to 5-4 lower, with March 18 1/2 to 1 1/2 and May 18 1/2 to 1 1/2, were followed by a moderate further setback and then something of a rally. Further breaks ensued, but liberal export buying finally checked the downward swing of the market. Prices closed nervous, 3-4 to 4-4 net lower, with March 18 1/2 to 1 1/2 and May 18 1/2 to 1 1/2. Corn descended with wheat. After opening 3-8 to 7-8 off, including May 6 3-8 to 7-8, the market continued to sag. No important rally took place, al-

though export demand was evident. The market closed unsettled, 3-8 to 1-4 net lower, with May 10 1-4 to 69-3-4 to 1-3c. Dates were gathered by the action of other grain, starting 1-8 to 1-4 to 3-4c lower, May 1-8 to 1-4 to 1-2c, and then weakening still more. Provisional wheat supply.

New York Stock Market NEW YORK, (AP)—The most disturbing character of the industrial situation provoked heavy liquidation and a short selling in the stock market today. Every variety of representative and speculative issues was involved in the severe depression. Sales approximately 1,200,000 shares. Liquidation of railroad shares made further perceptible progress at the ac-

tive and heavy opening of today's stock market. Atchafalpa and Southern rail were preferred for a point or more in the first few transactions, while only Burlington, Southern Pacific and Missouri Pacific, commands were left large fractions. Reading industries also continued to react, especially steel and equipment. Shipbuilding, motors and their accessories and food and leather specialties were moderately heavy. Royal Dutch was again only marked, except for a lower trend, gaining a liberal fraction. Exchange on London showed no material change from yesterday's final quotation. Pressure was directed more particularly against oil in the last hour. Most oil well marked, except for an increase from 10 points. Rails and industrials also extended previous losses. The closing was weak.

### Alleged Bootleggers Said to Have Staged Holdup on the Clear Lakes Road

Mr. and Mrs. Must Brown and Mrs. Bowman's 18-year-old son, are being sought by Twin Falls and Gooding county authorities on charge of attacking Jess Calloun and a man named Ladd on the Clear Lakes road. The attack is said to have been attempted at highway robbery. It occurred in Gooding county, at about 8 o'clock last night, and it is believed the attack was made to force the escape in an automobile toward Idaho.

Statements made by John Hayslett, chief of Dulhi police, indicate that Bowman has been engaged in illicit whisky traffic and has just completed a term of confinement in the state prison for bootlegging. Chief Hayslett, speaking with reference to last night's attack, says the Bowman and Mrs. Brown were driving over the Clear Lakes road last night when a car equipped by Ladd and Calloun approached. Mrs. Bowman said they had stood in the middle of the highway to flag the approaching machine. When the car came to a stop she returned to her own machine and was followed by the men. For some reason Ladd sprang on the running board of the Bowman car and was immediately suffocated by Bowman, who held a revolver pointed at Ladd. Calloun is said to have attempted to wrest the weapon from Bowman's grip and in the struggle that ensued several blows were fired. None of the missiles took effect, it is related, but Ladd was struck on the head by Bowman, who fell and her son, the pair using bottles of whisky as weapons of offense. Ladd was rendered temporarily unconscious and is said to have fallen into the Bowman car. Calloun, next, a neighboring farm house and telephoned to the night marshal at Dulhi of the occurrence. Calloun is said to have reported his companion, Ladd, had been shot to death.

While Calloun was telephoning the authorities Bowman reported his son, Larry, Ladd's son, had been taken from the scene of the encounter. Ladd was taken from the machine and left on the highway. He recovered consciousness and rejoined Calloun later.

## BEEET CONTRACT NOT FAIR ONE, HIS STATEMENT

### Growers' Committee Declines to Accept Offer of \$6 at the Mill

Without endorsing a contract governing the price to be paid growers for sugar beets at the factory the Farm Bureau beet growers' committee concluded a conference with company officials at Pocatello this week. The offer was rejected.

With reference to the joint meeting just finished C. E. McNeil, representing Twin Falls and Jerome counties on the contract board, makes the following report for the benefit of his constituents in the two counties:

"The Farm Bureau beet growers' committee considered their conference with the sugar company's officials at Pocatello, without endorsing a contract. These propositions were presented to the company's officials:

A fifty-fifty split based on the average selling price of sugar clear through the year, and on a 72 per cent extraction.

A modification of proposition one, having a guarantee minimum of \$500 per ton.

A further modification of proposition one, having a guaranteed minimum of \$600 per ton.

"These propositions were presented to the growers' committee's officials and they stated that they could not accept any of these propositions. They did not attempt to argue that the propositions were all unfair, but claimed that on account of the general financial situation, and because they had gone so deeply in the hole this last year, that they could not accept."

The sugar companies do, however, offer to give us a \$5 minimum, whereas the Utah growers are getting only a \$2.50 minimum. This would give us growers a 45 payment at the time of digging, while Utah growers would get but \$5.00 at that time.

"The Big Sugar company, however, was willing to meet number one of these three propositions, but this company has been unable to pay the farmers all of the money for the crop contract for this last year. They claim they sold the sugar for a splendid price and they took a large payment down."

The buyers took the sugar up to the point of their large first payment, and then they refused to take what was left. The Big Sugar company has now a suit to recover these damages. They claim, however, that they are not waiting for that amount to pay what they owe the farmers, but are waiting for the financial situation to clear so that they can borrow the money, at which time, they say that they will pay the farmers in full."

Mr. McNeil is inclined to think that the \$6 minimum contract on the same schedule as the Utah contract, is the only condition that can be obtained this year, but says that the growers committee refused to endorse the contract, believing it to be entirely unfair. The members feel that if they started endorsing such a contract, it would set a bad precedent for another year.

Quilt was fixed and a fine of \$50, with costs, was assessed. The defendant was permitted to be at liberty in order to find work to get the money.

## MOTHER WAITS FOR HERO SON

### Hops Permits Despite Official Records Including Photograph of Grave

HONOLULU, Md., (AP)—Hope that springs eternal in human breasts sent its thrilling message to the mother heart of Mrs. Lettice V. Michael here when the mailman handed her an official photograph of the grave in France where her blue-eyed giant soldier son lay, sleeping with the heroes of the great war.

Across the card ran the legend, "Alvin A. Michel, killed in action, October 17, 1918," but her son's name was Alvin G. Michael. And, in the moment there was born to the brave-hearted woman a hope time alone could kill that she would see again the six-foot, curly-haired youngster who marched so gallantly to battle when his country called.

Perhaps you who read may help her vision to fulfillment. For there may be wandering somewhere in this country a lad from whose mind the impact of German bullets swept the ties of memory, yet who writes today to a mother he knows not how to address.

Mrs. Michael has carried her search far, and here and there has found tales of "Big Mike," as his "buddies" knew him, which fit together with startling pride. But also she found conflicting accounts in the official record of his death and burial and strange reports that hospitals she visited of a patient long treated and whose description tallied closely with that of her son, but who was known as "Big Tom Hineman."

"Big Tom" has been vanished and until she had found him Mrs. Michael will not discard the hope that he may be her son. His identity lost in the crash the bullet that scoured his head.

Boys who fought with "Big Mike" told his mother of the great "hike" in France when men after men toppled from exhaustion and finally "Big Mike" himself went down in a jaunting plie. When they examined him they found the rifle and equipment of a squad of men strung about his huge frame, carried to care weaker comrades.

They told her too, of the night when a bullet struck him down, but here there was a difference in the tales that set the mother's heart strings fluttering anew. Some of them said "Big Mike" had laid two days under a blanket there in the heat of the battle given up for dead. But later, signs of life were seen and he went back on the weary road to the hospital.

At one hospital officials thought they recognized a photograph of "Big Mike" shown by the eager mother as

that of "Big Tom," who also had stopped a bullet with his head. It was "Big Tom," they said, who wrote endlessly to his mother but knew not where to send the letters.

And in Washington kindly officials porled over the records at last the search. They found a queer tangle showing that "Big Mike" apparently had been twice buried by regimental chaplains. Once in the honor graveyard at Conneway and again at Meuse. There was a difference, too, in identification numbers and the mother came home, dejected, but still with high hope in her heart that time would give back her son.

Flavor for Wines.  
Greeks and Romans flavor their wines by steeping the leaves of violets and roses in the liquor until it acquires the odor.

Cause Continued—Upon request of the county attorney the preliminary hearing of Al Berry, accused of unlawfully disposing of sheep left in his custody, was this morning continued to 2 o'clock this afternoon. The case was originally set for 10 this morning. Frank L. Stephens will prosecute, and J. W. Taylor, of Dulhi, will defend.

CITY ELECTIONS

Thirty-four days remain in which candidates for municipal offices may file their certificates of nomination...

The interval remaining is sufficient for painstaking selection of the sort of citizens we want to serve...

The general tendency has been too much toward expression of dissatisfaction with the acts of officials...

The time for correction of this fault is now. The elections are to be held on the fourth Tuesday in April, which is April 20.

LET THE COMMISSION DECIDE

There is a dispute on a fundamental question of fact between the proponents and opponents of the project to dam the flood waters of Yellowstone river in Yellowstone national park...

Propaganda on one side and counter-propaganda on the other side are an actual obstruction to a right decision...

"There has been propaganda organized in the past few months which has thrown a scare into every member of the house and every member of the senate, and that propaganda is based absolutely on a false statement."

That is a humiliating confession for congressmen to make, but it is an indictment of the methods by which the self-appointed park defenders seek to influence congress. It is a telling argument against the bill taking from the water power commission jurisdiction over park power projects and returning it to congress.

"All of Mr. Yard's alarm about the 'industrial' and 'business' value of 'nature's untouched beauties' is not in the point. Secretary Hoover Announces Initial Steps Taken Toward Remodeling Departments

WASHINGTON, D. C., (AP)—Indications that the governmental reorganization proposed by the new administration may await congressional action of the matter were seen today in a statement by Herbert Hoover, secretary of commerce.

Mr. Hoover in the statement, his first since becoming head of the commerce department, said the future of the department "is in the hands of congress."

The "congressional study of departmental reorganization is being made a joint committee of the senate and house headed by Senator Smoot, republican, Utah, and Representative Lewis of Nebraska."

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

# AGREEMENT ON SUGAR UPHELD

### James R. Bous, Chairman of Committee, Says Schedule is Satisfactory

James R. Bous, chairman of the Utah state farm bureau's sugar beet committee, which last week obtained an agreement with the sugar companies fixing the price of beets, today issued a statement which, in substance, shows the opinion of the members of the committee the agreement obtained is highly satisfactory and should settle the beet question for all time to come, according to the Standard Examiner.

**Makes Statement.**  
His statement:  
"Considerable comment has been heard of late regarding the contract resulting from negotiations of the various beet companies and the officers of the Farm Bureau. We have heard both criticism and commendation regarding the price schedules which have been arrived at, and it is an opportune time to briefly express our views regarding the matter as a whole.  
From the first place, it is the first time in the history of the Farm Bureau's activities where they have been in a position to deal with facts concerning certain parts of production, sugar and working a ton of beets in the various sugar factories. Through the courtesy of the beet companies, our public accountants employed by the Utah State Farm Bureau, were permitted to go into their records and obtain certain figures for the officers of the Farm Bureau and upon these figures were predicated the negotiations which resulted in the contract, and which are most agreeable to the relations between the officers of the sugar companies and the Farm Bureau, and it is the unqualified opinion of the officers of the farm bureau, after thoroughly investigating all the angles involved in this important problem, that they have secured a contract, which seems to us to be fair, and equitable to both producer and manufacturer."  
**Advance Taken**  
"We feel that a decided advance has been made in adjusting the basic features of this contract which tends to remove the element of speculation on the part of both farmer and sugar company, and we also believe that such slight modification in time will meet the same principle will meet the situation for all time to come."  
The Utah state farm bureau officials at the Utah State Farm Bureau, Friday concluded an agreement on the price basis of the 1921 sugar beet contract, the first time in Utah will make a move in the agreement on both the basis of the price received by the manufacturers for the beet and the content of the beets grown by the farmers.  
On the present price of sugar set by the refiner of \$7.50 per hundred pounds, the farmer would receive \$0.14 a ton for beets per compared with the \$12 minimum of last year.

# TAXPAYERS' LEAGUE GETS WRIT ORDERING COUNCIL INTO COURT

### Mayor, Aldermen and City Treasurer Must Appear Before Judge Babcock on March 21 to Show Cause Why Certain Financial Reports Shall Not Be Publicly Printed in Newspaper

Ordering Mayor W. H. Eldridge, aldermen members of the council and City Treasurer F. E. Wheeler, to appear in the district court on March 21 at 10 a. m., Judge W. A. Babcock, this morning signed a writ of mandamus asking by the executive committee of the Taxpayers League, through Attorney Homer C. Mills and Turner K. Rockman.

Applicants for the writ ordering members of the city administration was filed in the district court this morning demanding that the city administrators be compelled to make regular publication in a local newspaper of municipal financial statements. On the date set the city must show cause why an order compelling with the demands of the writ should not be granted. Said petitioners ask that costs of the action be assessed against those named in the writ.  
The first demand of petitioners is to cause the mayor and city treasurer to publish quarterly reports of municipal revenues, their expenses, and general financial condition of the city immediately, these statements to date from June 30, 1920.  
The second demand is against the council in general asking that annual reports be prepared and published for the year ending on Dec. 31, showing all receipts and expenditures.  
Claim is lodged that the state law requires that city administrators publish certain financial statements, and that these requirements have been ignored by the Twin Falls council and treasurer.

# SINGER AND PLAYER DELIGHT BIG CROWD

### Miss Thomas, Soprano, and Carlo Oliz, at Organ, Give Rare Recital

Approximately 800 people listened to one of the most pleasing organ and vocal recitals at the Methodist church last night. The church auditorium floor and gallery were filled to the limit with worshippers at the strains of good music. The program was given by Miss Sara Thomas, soprano, and Carlo Oliz, organist.  
Although a new pipe organ of the First Methodist church has been heard to advantage on several occasions in the past week, it has never been so appreciated quite as well as on last night's recital occasion. Mr. Oliz gave a splendid exhibition of artistic execution, both in the full volume qualities of the instrument and the modulated numbers, as well as in ability to bring out the extraordinary versatility of the mechanism of the console. In the rendition of lullaby selections, the performer displayed a keen appreciation for the expressive and gave this expression life in the combinations for vocal construction. Mr. Oliz gave a series of program designed to set forth the wonderful musical character of the great instrument that Bishop Charles Wesley Brier departed to church service last night.  
Miss Thomas' part in the program, though of an excellent character, proved all too short. Her songs, each of a special character, were rendered with particular grace and vocal quality, and were eminently fitted to church services. The singer was in rare voice, and gave one of the best performances recorded to be during her short recital in this city. Both performers were well received, and for a couple following every number.  
Dr. E. L. White, pastor of the church, announced an organ and choral recital for the evening of next Sunday night in the church. Mr. Oliz will have charge.
