

MANY FACTORS REDUCE STATE PRISON ROLLS

Prohibition Shares with High Wages and Short Employment, Credit for Diminution in Population of Prisons

CHICAGO, (AP)—Decrease in the total population of state prisons in the middle and southwestern states is attributed in part to prohibition by a number of state prison authorities. Other reasons noted included high wages and shortage of employment. The falling off for 10 states, as noted in reports collected by the Associated Press, amounted on December 1, 1920, to nearly a eighth of the total on December 1, 1914.

Prohibition Comes First
In commenting on the decrease in states where it occurred, more prison officials named prohibition than any other single reason. Several citing industrial conditions, gave this cause greater weight than prohibition.

From one of the states that reported an increase, Ohio, the warden of the state penitentiary reported he did not believe that prohibition had decreased crime.

The decrease in prisoners was not uniform, but took place in nine states where the total decrease wiped out an increase in six states and showed a net decrease for the entire nation, one remaining stationary.

New features in the character of crime and criminals were noted by several state officials.

"I believe that there has been general decrease in the prison population of the country," said Henry Town, warden of the Wisconsin state prison at Waupun. "This can be attributed in part to the restricted sale of intoxicating liquor and also to the fact that labor has been scarce and high wages have been paid.

Fewer Petit Offenders

"We do not get as many petit offenders as formerly, but the crimes committed are of a much more serious nature. I believe it is also true that a great many of these serious crimes are being committed and the offenders are not being caught. I think you can sum up the situation by saying that petit crime has decreased and a more serious form of crime has taken its place and greatly increased, and that the percentage of arrests for the more serious crimes is much less than the arrests for petit crimes."

Prohibition was said by Downer Mullen, secretary of the Minnesota state board of control, to be one of the principal reasons for the decrease in number of inmates in the Minnesota state prison at Stillwater. John T. Burkett, secretary of the Arkansas Penitentiary Commission, gave the passage and enforcement of prohibition laws credit for the decrease there in the number of state convicts.

Officials of the Kentucky prisons, where the greatest drop in the 10 states was noted, said that the decline there was due in large part to the unprecedented period of employment and high wages probably more than to prohibition. They said they did not expect their prison population to stay at its low point for long.

In Ohio, Warden Thomas said that the main reason why the state penitentiary population had not decreased in the last few years was the indeterminate sentence. It holds prisoners longer, he said. Another reason given by Warden Thomas was that Ohio police were more active than those in some other

states and were bringing in more criminals.

Takes Issue With Reformer

"The reformer claims it is prohibition that reduces our prison population," wrote J. B. Jordan, chief clerk, criminal record department, Texas state penitentiary. "They also claim that since prohibition has been in effect, crime has decreased 38 per cent. Of course they do not expect any one to inform them to the contrary, but it serves their purpose to fool the people part of the time."

In Missouri, William R. Palmer, chairman of the state prison board, said that prohibition was one cause of the decrease in number of prisoners and that crime had diminished, noticeably along with prohibition. Mr. Palmer said that the merit system, under which prisoners are given a chance to reduce their sentences by good behavior, had operated likewise to cut down the state prison population.

PLANE'S FLIGHT ALARMS NATIVES

Nicaraguan Town Takes to the Timber at 'Roaring Like 20,000 Bulls'

SAN JUAN DEL RUI, Nicaragua (AP)—There are even yet in remote parts of the world people who never even heard of an airplane. Some of these people live in the little Nicaraguan village of Gigante, where the naval plane NC-4 was forced down by a hurricane while on its flight from San Diego, Cal., to Panama along with about a dozen other planes in January.

They thought the NC-4 was a huge bird, an albatross, which had come in search for some unfortunate miner who had offended it and they hid in the woods for several hours.

Near the little cave where the NC-4 came down are two ranches. After the Associated Press had found the missing NC-4, the warden of these ranches and asked the women if they had seen the plane arrive. One of them replied:

"Mrs. Dolis, I should think so. At the sight of the horrible thing skimming over the white caps, without flapping its wings, and spitting fire from both sides of its body and roaring like 20,000 bulls we all took to the timber where we remained for about four hours. We only came out when we saw a foreign gentleman passing near where we were hiding."

The women added that before the great war, when sailing ships used to visit the Nicaraguan coast to load mahogany and cedar, the captains had told them of a wonderful bird called the albatross that was an inhabitant of the southern seas and they supposed this bird had come after some offending sailor.

VERNON DEPENDS ON HIGH-POWERED HURLERS VICTORY

'Vinegar Bill' Essick Has the Pitchers but Infield Looks Weak

VERNON, Cal., (AP)—Plans to capture the Pacific Coast baseball league pennant this year for the fourth time in as many years are being laid by the Vernon club at its spring training camp here. Vernon won the championship of 1918; and repeated in 1919 and 1920.

"High-powered" pitchers, as they have been described, will be used by the Tigers in the front ranks in their charge for the flag. Among the hurlers will be Ernie Shore and "Glim" Love, two former major leaguers who think the warm weather here will put them in top condition. "Wrecker" Holt and Shellenbach, two Vernon veterans, Willie Mitchell, considered the best southpaw in the league last year, and Art Proume, who played with New York back in the world series of 1913.

Behind the bat the Tigers will be strong with "Preck" Harnack doing most of the work. On first base will be "Ham" Hyatt and in the short field and at second and third, Charley Gorman, star in the Pacific International league last year, "Flop" Moran and Earl Sawyer, player-umpire, probably will work. Backer Pflizer and Johnny Mitchell, two Tiger outfielders, have been sold to eastern clubs and left a big gap in the club lineup.

For the outfield Vernon has Tommy Long, Hughie High, Edington, Glick and Schneider.

SEALS ACCORDED PLACE IN FRONT IN LEAGUE RACE

San Francisco Said to Have a Smooth-Running Baseball Machine this Spring

MONTREY, Cal., (AP)—People who snub baseball players in March say that the 1921 San Francisco team of the Pacific Coast league, now in training here, will be a speedy, smooth working machine, faster, perhaps, than the 1920 team. From the start of the season, it is predicted, the Seals will be among the league leaders.

San Francisco's pitchers this year probably are the tallest and heaviest, and apparently the best of the club's history. Sam Lewis, Jim Scott, Johny Couch and Frank O'Doul are apparently slated for regular berths. O'Doul is a southpaw. Behind the bat there will be two stars, Sam Agnew and Archie Velle. In the infield, Ellison probably opens at first, Hath at second, Carey at short and Kamm or Rhyne at third. "Out in the field," Schick, Kelly, Fitzgerald, and O'Connell will be in most of the lineup.

Two men, another pitcher and infielder are needed, it is believed, and the San Francisco owners are hoping to get them from Detroit and New York, which are players to the Seals.

Brief Bits of Sport

"Farmer" Vance of Jerome now claims the light heavyweight wrestling championship of this section of the country.

Also, he is matched to go on with Art Dern on Wednesday night at Jerome.

Interest in the latter tilt is being

aroused by press agents who make the claim that Dern is the middleweight champion wrestler of the world.

At that there has some claim to the crown, but he has not been officially designated the boss of them all. In fact Dern's record to date has been comical pretty much in his own ball park, and unless he makes a trip of two east and west, north and south from Salt Lake nobody is going to consider his claims at all seriously, especially in view of the apparent existing system of the home here always being the winner.

Sam Smiley, sagebrush racer, says: "I'm sure you'll see that at the man's door all day long, and the tenants think it's only another of those outrage bill collectors."

His, like O'Doul says he wants another battle with Wilson, this time over a 15 or 16-round route.

Miko better be satisfied with what he's already got. It seems plenty.

Some of the best handball players of the country are among the 8 contestants for the A. A. U. title, play for which began at the Detroit Athletic club today. Entries represent clubs in St. Louis, Duluth, Los Angeles, Cleveland, Milwaukee, Chicago, New York and Detroit.

Carl Tremaine of Cleveland and Young Montreal of Providence, R. I., meet tonight at Toledo in a 12-round, no-holds barred boxing bout. They are to weigh 118 pounds at 3 o'clock.

The New York American league team, which won all five of its exhibition games on a work-a-tough through Louisiana, returned today to the Shreveport training camp.

Alfred Goulet, six-day bicyclist rider who completed "contin'ous" races at New York and in Chicago, has been placed in good standing by the Cycling association. It was announced today.

Rocky Kansas, of Buffalo and Will Jackson, of New York, aspirant for the world's lightweight boxing title, will meet in Madison Square

Garden, New York, tonight in a 16-round bout. The winner of the match will challenge Benny Leonard to fight for the championship.

Elouard Hutereau, the Belgian big-bird champ, arrived in New York today from the west, to begin his 4500 point 182 ball five match with Jake Schneider, who defeated him in their last meeting.

The Scottish professional soccer team will play four games in the United States during its forthcoming tour, the Dominion Football association's secretary announced today. The dates of the team's American appearance are July 6, 13 and 16. Opponents were not named.

Dr. Emmuel Lasker and Jose R. Capablanca will play a match on March 21. (Continued on Page Eleven)

GIANT GRIZZLY GIVES LIGGETT BIGGEST THRILL

Commander of First American Army in France is Hater of War and Advocate of Universal Military Training

SAN FRANCISCO, (AP)—Major General Hunter Liggett, who retired from the army today, cannot say which was the more thrilling of the two supreme moments of his life. The first came in 1889 when a grizzly bear he was slitting three feet from him and gave him but a few seconds to figure a way out. He escaped when a grizzly bear he was slitting three feet from him and gave him but a few seconds to figure a way out. He escaped when a grizzly bear he was slitting three feet from him and gave him but a few seconds to figure a way out.

War's Thrill Pale
Despite General Liggett's amazing courage and indifference to the hazards of the World War, he is inclined to think, he says, that the bear thrill was the greater, because it brought him closer to death than any other event of his career.

"I thought I was hunting that grizzly," he said, "but it developed that we were hunting each other. He just rose and squared off in front of me and in five seconds I would have been a dead one if I had not blazed away with the carbine. He gave me just room enough to shoot."

The incident occurred when General Liggett, then a young infantry officer, was helping clear western plains of Indian raiders, the Sioux being chief offenders. Occasionally friendly Cheyenne Indians aided the troops as scouts and often food supplies ran low.

Once the next morning gave out Liggett and Brave Wolf, a Cheyenne brave, crawled on hands and knees through a herd of panting, snorting bison until they reached the middle, where they sat back to back and shot animals until a sufficient number were disposed of and they saw their way to safety. General Liggett believes the bison must have thought the men were wolves.

First to Retire
General Liggett is the first of whom might be termed the American high command in the world war to retire. His achievements overseas are so large in the war's annals, from October, 1917, when he arrived in France ahead of his division, the Forty-first, which he had trained in America, until July, 1919, when he returned, that the division his command swelled until it included 1,500,000 men, including five French divisions and more than 5,000 guns. A maneuver that led to his promotion to lieutenant general was the clearing of the Argonne forest and the forced retirement of the enemy north of the Grand Pre Gap. It was called the war's greatest piece of major tactics.

Arguments as to who won the war would not be complete without considering the feat General Liggett performed when he became lieutenant general. On November 19, 1918, he launched his entire First army against the crown prince's forces, broke the center of the German line and pushed forward to Sedan's outskirts, forcing the crossing of the Meuse and trapping the flower of the German army. Only the armistice saved the enemy from capitulation. The general ended his active war campaigning when he assumed command of the Third American army after his advance into Germany to fulfill surrender terms.

General Liggett, while overseas, visited the field of Waterloo and marveled at the small amount of territory covered in the fighting. At one time he had his headquarters in a room from which General Pittain previously had directed the capture of Verdun.

The general came out of the war a sincere advocate of universal military training. He is now writing on these subjects. "No country will attack the United States if we have air million or so young men who can drop their packs and make an immediate

Wife of Secretary of the Interior

Mrs. Albert B. Fall, of New Mexico, wife of the secretary of the interior in the Harding cabinet. Mrs. Fall is well known in Washington, having lived there many years during her husband's term as representative and senator from New Mexico.

about a gun, especially if these men desire peace most of all," he said.

Chafes for Action
General Liggett was born in Reading, Pa., March 21, 1858, and graduated in 1879 from the United States Military academy. After his Indian service he was an infantry instructor in various parts of the country. He chafed for action in the Spanish-American war but did not reach Cuba until the fighting was over. While in Cuba he contracted the yellow fever.

Thereafter he was an infantry major, member of the war college, adjutant general of the department of the lakes, lieutenant colonel, member of the general staff, brigadier general, and president of the war college, before in the Philippines brought him in 1917, at Manila, the rank of major general, the rank with which he retired. When the war came he was commander of the western department of the army with headquarters in San Francisco.

As director of the war college and later as president he exercised the same influence over the men who were, for the most part, to lead the American troops in France, that Marshal Foch exercised in France. Most of the students military leaders spent a year as students under General Liggett.

Excellent Remedy for Constipation
It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take, mild and gentle in effect. Give them a trial when you have need.

Suzanne Talbot sends Joseph her French idea of a modified breton done in milan straw with eggs trim. One of how she so cleverly poised the outch fancy at right side of crown.

CANADIAN OIL COMPANY USES PIGEONS AS CARRIERS
EDMONTON, Alberta (AP)—Twenty-four homing pigeons have been purchased from Edmonton people by the Imperial Oil company to be used in communication work between the company's far northern Fort Norman oil properties and the outside town of Peace River. They relax, each of 250 miles, will be established between the oil fields and the town.

METHODISTS GAIN YEAR ADHERENTS DURING YEAR
Membership Increase is 101,550 as Compared with 91,237 for Preceding Twelve Months

CHICAGO, Ill. (AP)—The Methodist Episcopal church made a net gain of 101,550 members in 1919-20, and 91,237 in Sunday school enrollment, according to a statement issued today by the Committee on Conservation and Advancement, from statistics gathered by Dr. Oliver S. Bakel of New York, for the general minutes of the church. It raised \$40,921,581 for all purposes of which the pastors received \$21,914,015; the district superintendents \$1,209,221; the bishops \$314,080, and the retired ministers \$1,209,409. New church and parsonage buildings and improvements took \$10,655,179. Debts to the extent of \$1,624,776 were paid. Current expenses were \$1,209,409. New church and parsonage buildings and improvements, including the records of the two women's societies, \$20,905,727 was provided.

We are not looking for trouble, but we are looking for any party who has bought nursery stock of us within the last 18 years that has not been satisfied with our stock, so we are always willing and ready to give you a square deal.

This is the First Day of Spring

Today, March 21st, is the first day of Spring—the day that everybody has agreed upon as the time when "business will open up." Business is here. It starts from now. It should be greater every day.

Industry is awakening. On all sides you see the evidences of this. In every newspaper you read of resumption of work.

Back to normal! It is a cheering thought. Employer, employee, dealer and customer are glad of it.

Out in the country the crops are being put in as of old. Mother Nature never takes a vacation. She is swinging into her spring work, making the seeds sprout and the crops grow. The food of the world is going to be produced. The foundation of all prosperity exists as it always did.

Business is here. It is ready at your hand. It is not something to be waited for, not something to be wished for. It is.

The first day of spring is a splendid starting point. Winter, with all its handicaps and disappointments, is behind, and can be forgotten. Ahead of us all are days that grow better and better, days when work will

count more and more, when mutual understanding and helpfulness will bring their lasting benefits. The roads are getting better, the shops are showing the new things, people are putting money into circulation. Your dollar, paid out for a necessity, does not stop working. It keeps going on and on—increasing the volume of business.

"Good times" are coming back with the sunshine and the flowers, with the humming of machinery and the song of the whistles. The hour for moping and complaining has gone; the time for hustling and prospering is with us.

In the automotive industry the news is encouraging. Passenger car and truck manufacturers are welcoming the first day of spring with increased activities to satisfy the coming demand.

And here in the Goodrich plant the opening of spring finds us ready to serve our old and new customers through the Goodrich dealers in the efficient manner that has characterized our organization for fifty years.

It is the first day of spring—the dawn of the good business era for us all.

A Six Day Celebration

Hundreds of Bargain Prices That Will
Emphasize Our 46th Birthday

IT is with considerable pride that we approach the forty-sixth milestone in our business history. Forty-six years is a long time to have been in business out west. Perhaps there are some old-timers on this tract who remember our store in Ogden, Utah forty-six years ago.

Although we have been in Twin Falls but one year and a half, the same fair dealing with the public which has characterized our business policy has won for us many friends, and already we feel like old-timers on the tract. After all, our most prized possession is the good will of those with whom we do business. We are going to emphasize this forty-sixth year by giving you values that will be the talk of the town.

Two Full Pages of Anniversary Bargains

Clever Spring Suits

A special showing of twenty-five suits is arranged for the Anniversary Sales. Here are suits that stand out pre-eminently in their rare beauty, wonderfully embroidered or braided models in styles that are a revelation of fashion. Most of them are adapted from models costing three and four times this low Anniversary Price. We fully expect that every suit will be sold in a day or two.

\$27.46

NOW YOU MAY BUY

New Plaid Skirts, \$5.46

Some of the skirts that you will buy during the Anniversary are really \$12.00 values. The smart plaid is a most usable garment. Always it is ready. The grace with which it hangs and fits is one of the pleasing features. There is an air of freedom in the graceful swing of the plaided models. There will be all sizes for those who shop early.

\$5.46

GOOD LOOKING

Jersey Suits, Special \$15.46

Come for a look at the jersey suits that have been brought in the store especially for the Anniversary Sale. Here are suits that will be worn on the street, as sport garments, to wear on the train, for motor trips, for most any occasion. The woven fabrics do not wrinkle. The colors are those that do not readily show the dust, and a fabric that is easily cleaned. The Anniversary Sale price is to be

\$15.46

Jaunty Spring Coats

There is an air of smartness in these spring coats that is distinctive of the Spring season. And, after all, is not a spring coat a handy garment? It is worn all during the chilly days of spring, on cool nights in summer, and during the first cool days of fall. Here are coats of velour, polo cloth, and of mannish tweeds. Coats that have been specially priced for the Anniversary.

\$23.46

All Wool Serge Dresses

These all wool serge dresses come in a number of attractive styles with the new colored embroidered yarns. For early morning wear or for a dress to slip on to shop down town. They cannot be made for this price. An excellent school dress.

\$7.46

Warner's Rust Proof Corsets

Warner's rust proof corsets are guaranteed to give service. If they rust, tear or do not prove satisfactory in any way whatsoever, we will either refund the money or give you another pair. The manufacturers make good this guarantee to us.

A Special One at \$1.46

Smart Spring Dresses

The Anniversary Sale brings the best opportunity of the season to secure a smart spring frock, of silk at a price that you will like to pay. Here are lovely dresses in plain tailored, tunic, ruffled and smart long and short waisted models; developed of taffeta silk, messalines, satins, tricotine and serges. Most all sizes.

\$14.46

Spring Waists

Do you recall having seen the windows of Spring Blouses that have been shown here the past few weeks at \$3.95 and \$4.95? There are more of them ready now. Blouses and waists that look so much better than \$4.95, and they are better.

All of the bright new colors that are so greatly in demand. Trimmed with heading—embroidered—all silk fabrics—all sizes.

DOUBTS HOMES OF HUNDREDS OF WAR FUGITIVES

Agents of American Friends Service in Poland Reat Instances of Suffering Among People in Path of Conflict

PHILADELPHIA, Pa. (AP)—Doubts as to the safety of the homes of the only homes of thousands of refugees in Poland, say agents of the American Friends Service committee who are distributing American and other aid in that war-devastated country.

The Tarpano district, in Galicia Poland over which territory the hurricane of war swept a dozen times, 2500 families are living in such danger, writes Harry Stevens, an English Friend, who is working Poland.

It describes the land as crisscrossed with trenches and defiled by vast quantities of barbed wire. Hundreds of people are reported to be dying from starvation, cold and disease. The only means of livelihood is the raising of plants. Their land was overrun by Russian, Austrian, Prussian, Turkish and Bulgarian in the war. It is now being fought over by the Ukrainians and Bolsheviks. Horses, cattle, poultry, fatten to nothing—everything was taken. The only thing left in the way of food is the grain and even school buildings destroyed.

Describing the miserable conditions of thousands of refugees from Poland, who have walked thousands of miles to reach their homes in what is now Poland, Mr. Stevens wrote: "The clothing was piled in a heap; scattered can be heard of better. They were home-made boots of plastic straw and a mud element in their feet and regarded to be patched. We asked them what they would do this winter and the answer was a shake of the head and a hopeless 'I don't know.'"

Mr. Stevens found the refugees living in dugouts. Six persons with their dogs and household goods crowded into a hole in the ground measuring 11 by nine feet. A man and his wife were in another hole beside a road. They intended to build their home with a lean-to of heavy hawthorn and clay. While the digging was in progress they lived in a hole 13 by nine feet built into a hill side.

Reminding the need of relief for Poland, Frederick J. Libby, writer, said: "Crowded into pits and dugouts, subsisting on potatoes, cabbage and black bread that is made of everything but flour; children clad for winter in the cotton garment of summer, they are predestined to form a vast, sickening host for the emphysematous (typhus) ahead upon them. Yet they are well off in comparison with the returning, plump, happy men who are coming back empty-handed to their native land."

Will Be Elected Mayor Unanimously

Amist Daily Spencer

A canvass of the voters of the town of Milford, Idaho, indicates that "Amist Daily" Spencer, the town's most popular woman, will be elected first woman mayor of any city, town or village in Idaho. She has been elected here for Milford for some time and her record for fairness, kindness and her life in the Golden Rule has made her beloved by everyone. Milford has had her share of fire during her term of office, but she has been there on every day.

Today's Markets

SPECULATIVE SELLING WIPES OUT WHEAT GAIN

Upward swing held as Demand Slackens; Close is Nervous at 1 1/2 Cent Decline to Lick Advance

CHICAGO, (AP)—Buying on the part of houses with scattered connections gave a decided upward swing to the wheat market today. Indications point to a speculative advance in the country offerings were light. Breadstuffs were a new emergency tariff bill counted somewhat in favor of the bulls. Opening prices, which varied from unchanged figures to 1 1/2 cent higher, with March 1.53 to 1.53 1/2 and May 1.42 to 1.42 1/2, were followed by sharp gains all around. A thickening of demand in the last part of the day led to speculative selling. Gains were practically wiped out and the market closed nervous at 1 1/2 cent decline to a lick advance, with March 1.52 1/4 to 1.52 1/2 and May 1.41 3/4 to 1.42.

On the same with wheat. After opening unchanged to 5/8 to 3/4 higher, including May to 70 to 1/4 the market secured a moderate general advance. Completion of the wheat crop and industries was in evidence, but the market slipped downward when wheat showed weakness. The close was heavy, 5/8 cent to 1 1/2 cent lower, with May 5/8 to 7/8 to 5/8 to 7/8.

Damage resulting from the elevator explosion here had a bullish effect on the wheat market, which started at 1 1/2 to 5/8 higher, May 1 1/4 to 1 1/2, and then hardened still more. The higher quotations on hogs put strength into provisions.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red 1.50 to 1.58; No. 2 hard 1.54 to 1.55 1/2. Corn No. 2 mixed 1.52; No. 2 yellow 1.52 to 1.53. Oats No. 2 white 41 1/2 to 42 1/2; No. 3 white 40 1/4 to 42. Rye No. 2 41.50 to 42.10 to 1.47. Barley 63 to 72. Timothy seed 41 to 5.50. Clover seed 41 to 18. Pork 110 to 112. Lard 11.50. Hils 11 to 12.

TWIN FALLS SUNSHINE SONG

—By T. R. Two! Falls, Twin Falls, Oh, how we love you. For your fields are green And your skies are blue; And the bright sun is shining In the apple blossom trees. Where a man is reaping To the humming of the bees. And our hearts are rejoicing That we live in this fair world. Where a man is reaping For the labor of his hands. And our steps will be returning And we'll wander never more. Where the meadow lark is singing And the rose blows by the door.

stock strong to 25c higher; bulk fat cows and heifers 45.75 to 47.75; top and cutter 47.75 to 48.50; bulls steady, bulk 45.25 to 46.25; calves slow, bulk vealers 41.00 to 41.75; stockers and feeders steady. Hogs—Receipts 25,000; light and light butchers mostly 15 to 25c higher; others slow, mostly steady to 15c higher than Saturday's average; top 41.50; bulk 200 pounds down 11 1/2 to 11.00; bulk 220 pounds up 80.25 to 81.00; pig 25c higher.

Sugar—Receipts 17,000; slow, generally 15 to 20c higher; lambs top 41.75; early to city butchers; 80 pound shorn lambs 40.25; some held higher; bulk of woolled lambs only 40.50 to 41.00; 100 pound shorn yearlings and two mixed 40.75; no sheep sold early.

Chicago Produce

CHICAGO, (AP)—Butter: higher; creamery extras 44 1/2c; standards 42 1/2c. Eggs—Receipts 23,000; canners; first 21 1/2c; ordinary first 19 to 20c; 2nd mark, same included, 21 to 21 1/2c. Potatoes: sales higher; fowls: spring 34c.

Kansas City Produce

KANSAS CITY, (AP)—Eggs: low lower; first 18c; seconds 13c. Butter: unchanged; creamery 40c; packing 15c. Poultry: unchanged; hens 35c; broilers 40c; spring 40c; chickens 15 to 20c.

New York Stock Market

NEW YORK, (AP)—Trading in the stock market today was largely professional and speculative. Moderate advances in motors and affiliated issues were offset by irregular reactions elsewhere. Sales approximated 700,000 shares.

Trading began with a resumption of the recent uncertain movement. Mexican Petroleum was the most conspicuous feature, falling 2 points in the first few transactions on selling attributed to latest industrial advice from across the Rio Grande. Atlantic oil opened with a fractional gain, but immediately reacted 1 1/4 points and rails were depressed to ease. Firmness was shown by General Asphalt, American Tobacco, Goodrich Steel, American Lumber, Fire, Aroac and International Paper. Preliminary quotations for exchange on London were moderately higher.

Rate of the better grade extended their declines later. Equipments, shipments and oils also fell back, impairing gains in the motor group. The closing was heavy.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds, closed: 3 1/2's 490 1/4; first 4's 487 1/2; second 4's 487 1/2; first 4 1/4's 487 1/2; second 4 1/4's 487 1/2; first 4 1/4's 487 1/2; second 4 1/4's 487 1/2.

Potatoes

CHICAGO, (AP)—Potatoes weak; receipts 100 cars; 11 1/2c white sacked and bulk 11 to 11 1/2c. Minnesota Early Ohio sacked 11.25 white.

Sugar

NEW YORK, (AP)—The raw sugar market was quiet early today at 5 1/4 for Cuba's cost and freight, equal to 42.27 for centrifugal with no fresh business reported.

Refined was steady at 48 to 48.50 for fine granulated. Only a moderate inquiry was noted.

Sugar futures were fairly active and prices at midday were 3 to 4 points and 1/2 below selling by trade and completed houses.

Sugar Futures NEW YORK, (AP)—Sugar futures closed easy; sales 1,800 tons; April 45.10; May 45.18; July 45.38; September 45.47.

Wheat

KANSAS CITY, Mo., (AP)—Wheat unchanged; No. 1 Timothy 41.00 to 21; No. 1 Prairie 11.3 to 15; choice alfalfa 22.20 to 23.

CROP CONDITIONS CALLED GOOD IN WESTERN EUROPE

International Institute of Agriculture Issues Bulletin on General Status

ROME, (AP)—Satisfactory crop conditions in western Europe, the United States, Japan and North Africa, are reported in a bulletin issued by the International Institute of Agriculture here.

The bulletin says that in Prussia there has been an increase of five per cent in cattle, 15 per cent in sheep and 28 per cent in hogs. In the United States the number of cattle has decreased four per cent and there has been a 7 per cent decrease in hogs.

GOVERNMENT IN CITIES COSTLY

Disbursements of 227 Municipalities Exceeds Revenues by \$9,001,000

WASHINGTON, D. C., (AP)—Governmental costs, including interest and outlays for permanent improvements for the 227 cities of the country with a population of 30,000 or more exceeded total revenues by \$9,001,000 in the year 1919, according to statistics on municipal finances made public today by the census bureau. Deducting the item of permanent outlays, however, revenues, which aggregated \$1,224,112,000 or \$33.32 per capita, exceeded governmental costs by \$255,000,000, it was shown. The total net indebtedness of the group was placed at \$2,479,551,000 or \$77.92 per capita, with that of New York city alone, \$1,095,200,000 amounting to more than one-third of the total.

Heat Prostration is Reported in Boston

BOSTON, Mass., (AP)—The maximum temperature of 92 degrees reached at noon today was four degrees higher than has ever before been recorded here for a day in March. The heat prostration, the first of the year, was reported.

Oriental Peculiarities

Chinese medicine developed a special fondness for fossilized "dragon bones," derived from extinct herbivores. They are also fond of "dragon teeth," as fossilized shells are called. In Shaoting, glue is made from asses' skins. In a certain town of that province is a well, the water of which when drunk by asses, makes their skins especially good for making glue. This glue brings a fancy price, as it is a famous trade throughout China.

Joseph Talbot, introducing English clovers and a real lace fan.

WHY GET A NEW BATTERY?

when we can repair the old one for you so that it will work like a new one! The entire efficiency of an auto battery lies in the character of its cells. We can re-store the power and endurance to yours, if you will give us the chance.

"West Is West"

The Latest and Best Six Part Production by Harry Carey.

He smiled at Fate's rebuff when he'd stinked all he had on a full house and the other guy had four aces. But when he got a job in a mine, he hauled home good old Pat to a standstill, and won the heart of a girl who once tried to strangle him. JURY ACQUITS MATEWAMEN ON ONE COUNT

Verdict of Not Guilty is Returned in Trial of 16 West Virginians Accused of Murder of Private Detective

WILLIAMSON, W. Va., (AP)—A jury today acquitted the 16 residents of Matewa, tried for the killing of Albert C. Fells, a private detective, in plans stood on the porch of the county. The defendants were formally discharged by Judge R. D. Bailey, but were remanded to jail pending bond arrangements on six other indictments charging the men with having been implicated in the death of six other private detectives killed with Fells. (The trial consumed 46 days.)

News of the verdict was brought to a large group of miners standing at a window outside the courtroom and the announcement was received with enthusiasm. Wives and relatives of the Matewa-Twin Falls sunshine long jail and received their kin with open arms. The battle broke out late in the day, May 10, after the private detectives had excited striking miners and their families from Stone Mountain Coal company cottages. Besides the detective, three civilians, including Mayor C. C. Testerman, were killed.

GERMANY RETAINS (Continued from Page One)

feather were "wholly without foundation."

Should they cross the border, continued General Lorenz, "they would be met by machine guns and rifles. America and the rest of the world may depend upon me to maintain the entente's will here."

General Lorenz remained up all night to receive the returns from the voting. He did not attempt to conceal his pleasure that the plebiscite had been carried out with a healthy ripple of excitement and no disorder. "Deutschland Uber Alles."

The Germans here were amazed in front of the Oppeln administration willing to avoid the result of the voting and when the first returns from the city showed a vote in favor of Germany in the proportion of 20 to 1, the crowd sang "Deutschland Uber Alles" and "Deutschland in Ehren." Reports that 20,000 Polish troops were marching toward the border have been virtually met with a note trip along the Polish frontier showed the presence of the usual Polish sentries, but there virtually were no extensive troops on the Silesian side of the border. It might be possible that a number of troops or civilians could suddenly cross without meeting with serious interference.

No Serious Disorders

The following yesterday was virtually over by plebiscite. There was no disorder of a serious nature reported. During his trip through the zone a number of Germans attempted to confiscate the automobile of the correspondent's automobile at Eichenau to take voters to the polls, but the attempt was unsuccessful.

PARIS RECEIVES REPORTS OF TRIUMPH FOR GERMANY

PARIS, (AP)—Reports received here from German sources declared that in the plebiscite held yesterday in Upper Silesia the Germans carried the cities and towns of Beuthen, Oppeln, Glesne and Sarnowitz, Breslau, Kottwitz, Gross Strichitz, Rosenberg, Kessel and Koenigschuetz by overwhelming majorities.

BERNE HEADS PREDOMINANCE OF POLES VOTE FOR GERMANY

BERNE, Switzerland, (AP)—Some districts of Upper Silesia where there was a preponderance of Poles voted in favor of Germany at the plebiscite held yesterday, it is reported here.

CALLS RAILWAY QUESTION (Continued from Page One)

Union Pacific here was announced today bringing the total number of shop numbers down to 1250 as compared with 1700 before the road started to make reductions.

RAILWAY CLERKS SEEK REFERENDUM STRIKE VOTE

NEW YORK, (AP)—The Eastern Federation of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, today sent a resolution to E. H. Fitzgerald, grand president of the Brotherhood, urging him to authorize a referendum strike ballot for immediate use should the railroads decline to obey the mandates of the transportation act of 1920 before reducing wages.

LUMBER PRICE REDUCED.

The Boise-Payette Lumber company announces another price reduction governing common grades of lumber. The decrease amounts to 10 per cent. There is no change of price for clear and upper grades of lumber.

Danger in Incandescent Lamps

Evidence that the high-power incandescent lamps now so commonly used for street lighting may not be wholly innocent as a possible source of fire was observed in southern California recently, says Popular Mechanics Magazine. A bulb hanging 20 feet above the ground suddenly burst and the white-hot particles of metal it scattered instantly ignited the dry grass at the foot of the pole. Fire wardens of the district are now advocating the use of suitable guards about the lamps.

All the way from the art headquarters of Lucy Hamar in Paris comes this Chic capuchon which is luxuriously adorned with ostrich in shades of tan and brown. Joseph says it is the hat for all ages from sixteen to sixty.

CHAMBER OF COMMERCE FAVORS BEET CONTRACT

Agricultural Body Believes the 1921 Agreement is Best Obtainable

Expressing the belief that the sugar beet contract offered by the American Sugar company to growers in this district is the best one that can be secured for the farmer this year, the agricultural bureau of the Twin Falls Chamber of Commerce, has adopted the following resolutions: "Be it resolved by the agricultural bureau of the Twin Falls Chamber of Commerce that the growing of sugar beets and other cash crops which may be raised on guarantee basis are necessary crops for the Twin Falls tract this year and should be raised on grounds adapted to the crops. "And further, we believe that the best contract as offered by the sugar company is the best contract that can be secured for the farmer this year. "This agreement would give to the growers on an average of 10.5 per cent sugar content in the beet a price of \$9.55 per ton for beets if the price of sugar remains as at present which is 88 per hundredweight at seaboard."

What is useless to you may be valuable to others—advertise it in the classified.

FUNERALS

Funeral services will be held at the La D. S. ward chapel tomorrow afternoon at 2 o'clock for Mrs. Eddie Priest who died here last Saturday, aged 35. Services will be conducted by officers of the Mormon church and burial will be in Twin Falls cemetery in charge of J. E. DeWitt.

Funeral services were conducted at the Grossman chapel at 2:30 o'clock yesterday afternoon for J. J. Hunter, victim of a railroad accident at Clifton, Neb., last week. The services were in charge of the followers of Christ. Burial was in Twin Falls cemetery.

New Fishing Methods.

A Lament one who is charged with having taken a fish from a private fish pond declares the fish were so tame that one of them was eating out of his hand, and he simply closed his fingers on it and carried it away. Our own method has always been to whistle to the creatures from across the fence, and walk away, innocent-like, while they trot down the road after us—Detroit News.

No Singer. The house-sparrow, which, though allied to singing liches, never stags when in natural conditions, has been converted into a songster by bringing it up in company with piping bullfinches.

QUE TOURNAY SCORES

Following are the scores made in Saturday evening's tourney at Mincenley's billiard room:

Player	Score	Innings	Run
Rayler	125	75	11
Ivory	112	75	8
Rayler	127	89	8
Williamson	123	89	8
Tracy	25	68	8
Mee	89	68	8
Shook	125	47	17
Ivory	85	46	11

HOLDS LIQUOR SEIZURE WITHOUT WARRANT ILLEGAL

ST. LOUIS, Mo., (AP)—United States District Judge Paris today held illegal the seizure without a search warrant of liquors in a private home, although not the bona fide home of the owner of the liquor.

Building Permits

Permits for the erection of three small structures have been issued as follows: To A. B. Roth sets, north school building, frame building 20 by 25 feet, to cost approximately \$500; to the Keel, Wilkison, Strunk lumber company, erection of frame garage in East Lawn extension, to cost \$225; to E. C. Sparks, 12 by 18 garage building in Mutual division, to cost \$10.

Proper Flower Arrangements.

The essential point in all flower arrangement is that there shall be form and balance, yet that the composition shall not be perfectly symmetrical, as perfect symmetry is not found in nature. In order to attain the desired effect the flower stalks and branches used are carefully bent and twisted, and this work is done with such delicacy and dexterity as to conceal the fact that the forms have been altered by artificial means.

Threat Fatal in a Week.

The average man will die for want of six to eight minutes, for want of water in a week, for want of sleep in ten days.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

Marie Guy, one of the foremost Paris milliners, created this lovely model of navy milan and rose crepe de chine for Joseph. A long stem from which silk rose buds are suspended encircles the crown.

Swelling New York's Population.

New York's population would be 50,000,000 instead of 6,000,000 if they counted all of those who registered from New York at the small town jobs.—Southern Lumberman.

READ THE DAILY NEWS

Wonderful Vatican Library.

The Vatican library is the most sumptuously housed of all libraries and contains some of the rarest manuscripts in existence. The printed books include over 2,000 volumes issued in the fifteenth century many of them without covers. The library is said to contain over 2,000 volumes and 20,000 manuscripts.

NOTICE OF SHERIFF'S SALE OF ESTRAY ANIMALS.

I, E. R. Sherman, sheriff of the County of Twin Falls, State of Idaho, have taken into my possession at the Clyde C. Walker farm, the following described stray animal, to-wit:

One may mare, weight 1100 pounds, about 8 years old, no brand. Public notice is hereby given, that I will sell the above described stray animal in pursuance of Section 2909, Compiled Statutes of Idaho, at public auction to the highest bidder for cash, lawful money of the United States, on the 20th day of April, 1921, at the hour of 2 o'clock p. m. (Mountain time) at the Clyde C. Walker farm, situated one mile north and one mile east from the northwest corner of Florence, County of Twin Falls, State of Idaho.

Dated this 5th day of March, 1921. E. R. SHERMAN, Sheriff. By BEN J. BROWN, Deputy.

For Rent

One hundred and sixty acres within 3-4 mile of Sugar Factory. About one-half in alfalfa and balance can be planted to beets. Good market for hay at factory. Will rent cash or share of crop. Will be at Perrine Hotel Wednesday afternoon.

THE FLEETBORN AND AMERICA
Optimists, recalling Dr. Simons' res-
tatement at London on an allied ques-
tion of German victory in the pleb-
iscite Sunday to determine whether
Upper Silesia would be a part of Poland
or Germany, will see in the result which
seems to be a triumph for Germany, an
improvement in the prospect for a re-
newal of German counter proposals to
the allies' reparations demands and a
consequent mending of the whole situa-
tion in Europe.

German retention of Upper Silesia, ac-
cording to observers who may be deemed
competent, will provide Germany with
a surplus of coal and iron and
make possible the payment of reparations
and restoration of German credit.
The situation has a direct bearing
upon American pocketbooks in that the
ability of allied nations to repay Amer-
ican loans aggregating more than
twenty billions of dollars seems to
depend largely upon their ability to in-
crease to export reparations from Germany.

And, furthermore, reestablishment of
German credits seems to offer firm founda-
tion for hopes of building up a profit-
able foreign trade not only with that
nation but with every other nation
which apparently courts so heavily upon
its German restoration to improve its
own credit.

TELEPHONE GINNERS
Have you ever, in the course of a con-
versation on a rural telephone line,
heard a funny little click now and then
as though a receiver were being sur-
raptured lightly or lowered? So has
Miss Harjole Sims of the University
of Illinois.

"The average woman wastes a large
part of her life waiting on the tele-
phone," says Miss Sims. "Women
should observe business hours as men
do," she adds. And there are at least
a few thousand overworked telephone
operators in the country who will rise
up and call her blessed for the remark.

In some communities the party line
telephone serves as an illicit sort of
newspaper. When the three rings that
are supposed to summon only someone
in the Jones household are sounded,
Mrs. Brown, Mrs. Smith and all the other
neighbors, from the school house to
the crossroads grocery, fly in unmo-
mented and unbecomely late to listen in.

There is no such community, we are
proud to state, nearer than seven or
eight counties away from here. It is a
nice thing to realize that we are a
little more careful about this form of
eavesdropping than the folk upstate and
the folk downstate. It gives us a su-
perior feeling, enables us to face the
minister without blushing and give us
the assurance that our children are be-
ing brought up in the sort of homes of
which they may well be proud.

LOGGERS OF THE YANKEE
It is not surprising that the chief of
moral of the general staff of this United
States army has made a serious study
of the slogans, catchwords and slang
expressions so popular with the Yankee
troops during the war. Nor is it sur-
prising that he should have selected
"Let's Go!" as the most valuable and
most typical of the Yankee slogans.
That these "pet" expressions were of great
value in keeping up the boys' spirits
was apparent to everyone who came in
contact with them, and "Let's Go!"
sums up the spirit that animated the
American soldier in two words.

It was the doughboy's splendid sense
of humor, which enabled him to treat

adverse conditions and hardships as a
sly joke, which was responsible for
the wonderful morale of the American
forces. Even death was not treated
too seriously.

A collection of the bywords, songs
and sayings of the American soldiers—
those that sprang up in the army itself
and were not borrowed from civil life—
with an interpretation of those that
might appear recalcitrant to posterity,
would possess historical value. Perhaps
nothing would give a better index to
the character of the average American
soldier. These sayings and songs should
be recorded while memories are still
vivid and preserved as part of the his-
tory of the great war.

MURTAUGH
MURTAUGH—Mrs. Marian, whose
return Sunday from Seattle, where
she has spent several months visiting.

Mrs. S. A. Hoffman left Wednesday
morning for Lava Hot Springs where
she will join Mr. Hoffman and they
will make charge of the McMillan resi-
dence at Lava Hot Springs.

Miss Hestera McGrath, Twin Falls
county High Cross nurse, spent Tues-
day, Wednesday and Thursday here
examining the school children.

Noah Bellizzi, the last number of the
lyceum course, gave a delightful
entertainment in the auditorium Wed-
nesday night. Mr. Bellizzi gave his
"Hopover School Master," impressing
the different characters.

Mr. J. S. Stewart and son of Twin
Falls, were business visitors here Sun-
day.

Mr. and Mrs. Walter Slickfuss, Mr.
Alfred Hoover and daughter Helen,
were in Twin Falls Tuesday and spent
the day.

Mr. Hyrum Pickett and daughter
Milkana were in Twin Falls visitors.

Mr. W. C. Johnson, who has been re-
ceiving medical attention here, is now
able to move to his home in Falls in
their farm here south of town.

G. A. Johnson and son Gus, who
both are well, called at their home
on the north side of town, where he
has been seriously ill with it, is much
improved.

Mr. James Boyle entertained the
ladies of Golden Valley at a dinner
Tuesday, complimenting Mrs. S. A.
Hoffman. After the serving of a ver-
y good dinner, the afternoon was spent
in a social way. The guests were:
Mevadine A. B. Rhoads, L. P. Oster,
C. E. Crink, Frank Dolson and L. E.
Stannell and E. J. Stone of Twin Falls.

Mr. and Mrs. Thomas Nelson were
dinner guests at the home of Mr. and
Mrs. J. H. Boyle, Wednesday evening.

Lloyd Griffen who has been in the
Aviation service the past two years,
and has been stationed at Honolulu
the last year with his mother here,
that he sailed for Santiago, March 19.

He expects to get a furlough home dur-
ing the summer.

Looking the Murtagh people, who
went to Twin Falls to see "Way Down
East" were Mr. and Mrs. R. H. True,
Mr. and Mrs. H. E. Williams and
daughter Ethel, and Mr. Ballard.

About 15 ladies of the I. D. S. Re-
flective met at the home of their
president, Mrs. Hyrum Pickett Thurs-
day afternoon and gave her a pleasant
surprise. The occasion was a com-
memoration of the seventy-ninth anni-
versary of the relief society. A deli-
cious luncheon was served which the
ladies had taken in luncheon. Present:
Mevadine B. Myers, A. L. Lee, Mrs.
Goodman, D. Thompson, J. W. Roberts,
N. D. Merrill, Laura Merrill, Thomas
Carroll, Jess Brown, B. H. Walker, Arlin
Tolson, C. C. Clawson, Lew Rawlings,
and Zinn Pickett.

A large crowd packed the auditorium
Sunday evening March 17 to see the
"Danger Signal" played by American
Legion Post, No. 99. The members of
the cast have worked hard on this play
for several weeks, the parts were well
played and the play as a whole was
thoroughly enjoyed. Seventy-five dol-
lar and forty-eight cents was taken in.

Mrs. P. J. Fabey attended Bekan-
kage at Kimberly Wednesday evening.

Walter Bay, while plowing last
Thursday, was thrown from the plow
when it struck a rock and broke a
small hole in his leg. He was taken
to the home of his parents in Twin
Falls for medical attention.

Harmony.
What some men would like to know
is why, if they never put on long
dresses now when they grow up they
shouldn't keep on wearing their rib-
bons.—Boston Transcript

OIL TOWN FOR WALES PLANNED

Scene of Fortunes Building to be Located for Another Big Enterprise

LONDON, (AP)—Revered attention
has been called to the romantic story
of the great industrial development in
North Wales, a land of romance in its
history, by the building of a new 7,
000,000 pound "oil town" near Swan-
sea with homes for a population of 15,
000 workers.

The site of the new enterprise for the
refining of oil brought there from the
Persian gulf is situated, between North
and Swansea, where vast oil refineries
have been constructed.

There within a boundary wall 15
miles in circumference a great oil com-
pany has built a new town, including
shops, entrance, a postoffice and, in-
fact, almost every adjunct for the com-
fort and convenience of the workers
and their families who are to inhabit
the place.

The undertaking is described as
among the largest and most ambitious
ever known even in South Wales, where
the great advances in industry have
yielded more fortunes than in any other
part of the United Kingdom.

The town sprang into existence as if
by a magician's wand on an arid waste
of land, a hilly plain now refashioned
by small hills. It is about 400 acres in
extent and about five miles from Swan-
sea. Towering tanks each capable of
holding 1,000,000 gallons of oil now
near their heads above the village and
at Swansea great docks and reservoirs
have been constructed to receive the
oil, and the great works of oil refin-
ing fields and other oil-bearing regions of
the Near East. As received, the oil
will be pumped through pipes from
Swansea through the new refining town
and after refinement will be returned
over the same route to Swansea for
worldwide distribution.

This inaugurates an industry in South
Wales which it is predicted will give
new wealth to that already prosperous
region.

WRECKING CREW AT WORK
ON DEBRIS OF ELEVATOR

Bodies of Four Victims are Be-
lieved Buried Under Grain
Warehouse Wreckage

CHICAGO, (AP)—Wrecking crews to-
day started work clearing away the
tons of debris scattered by the explo-
sion Saturday night in the elevator of
the Armour grain company here in
Chicago, under which the bodies of
four victims are believed to be buried.

The two known dead were blown out
of the structure by the blast, which
was heard and felt across Lake Michi-
gan.

The grain loss was placed at about
seven million dollars by E. A. James,
secretary of the company, who said
that it was believed the other three
million dollars worth of grain in the
concrete bins could be salvaged.

Weeks will be required, it was said,
to clear away the mass of twisted
steel and concrete and clear the chan-
nel of the Calumet river which was
almost blocked by the spilled grain.

Spontaneous combustion was gener-
ally assigned as the cause of the ex-
plosion.

She Wanted Another.
Edith visited the new arrival at his
home, and was told that an airplane
dropped it on the roof of a hospital
and that the doctor brought it up. Be-
fore Edith reached home, she saw an
airplane, and cried out to the man-
agement of passersby: "Please miss it,
drop one from me!"—New York Times

BANDITTS WERE KEEN TO SELL OIL STOCK

Pass Up Author Adams Mak-
ing a Trip Over Old San-
ta Fe Trail

Frank R. Adams, famous author,
(Faywright, traveler and soldier, re-
cently completed a motor tour from
Whitehall, Mich., to Santa Barbara,
Cal., and it proved so interesting that
he could not restrain himself from
writing a letter about it. His letter
is being sent to Ray Long, editor of Cos-
mopolitan, in which his fascinating
short stories are now appearing. He
writes:

"Over 15 years ago when I followed
the Santa Fe trail on horseback to the
principal objects of interest adjacent
to the beaten track were the skulls,
vertebrae, ribs and other parts of
cattle. Now after traversing the
same ground by motor, my principal
memory is of almost equally numerous
automobiles, some of which have
been overturned, others smashed and
mired. There must be a story in each
one."

"Was warned all along the line to
beware of bandits, but no one tried to
rob me of my ten dollars. Probably
all the professions are selling oil stock
in the new boom towns."

"If your Americanism wobbles the
least bit, the medicine is a trip from
east to west. In no other way can you
realize the tremendous extent of the
land you own—its breadth, its height,
and the depth of its mud, especially
in Oklahoma. Always remember
Gloria Pava, N. M., my winter
moonlight. If you don't slip you will
carry away a lasting thrill."

"Was uniformly impressed by effi-
ciency and courtesy of western garage
men. Am in favor of a movement to
deport some of them to some eastern
city. I could name."

"I saw a luxuriously upholstered,
high-powered four-cylinder Dodge
Hotchkiss open car canoe as did the
traffic. No repairs, no adjustments,
at most no gasoline. Best perfect thing
I all the way. Short wheelbase, handy
in the mountain passes. Car would
sell itself on some of the turns."

Mr. Adams leaped into fame several
years ago as author of "The Time,
The Place and the Girl," "A Rubicon
Climber," and other medical comedies.
One of his songs, "I Wonder
Who's Kissing Her Now?" is proba-
bly known by nearly everybody in the
world.

Chinese Massage.
Medical gymnastics were reduced to
a scientific system by Tsao moos.
The main part of the Chinese system
of massage is the three principal
attitudes, standing, sitting and lying,
and three modes of breathing, through
the mouth, nose and inspiration, and
expiration alternately through both or-
gans. Iron balls are rolled swiftly to
and fro in the hands to strengthen the
muscles. To massage the stomach a
wooden instrument consisting of three
movable wheels is applied.

ADOPTED CHINESE GIRLS STATUS IS IN QUESTION

Court is Called On to Determine Right
of Foster Parents in Selection of
Husband

PEKING (Correspondence of the As-
sociated Press)—Whether adoption by
foreigners of Chinese girls deprives
the legitimate parents of a right to
interfere with matrimonial plans for
the foster daughter is the subject of a suit
before the High Court of Justice of
Shantung, according to a dispatch from
Peking.

It is alleged that many missionaries
have adopted young Chinese girls of
poor families, and that these have usu-
ally been sent abroad to be edu-
cated. The case on trial seeks to establish
the right of the girl's foster parents in the
selection of a husband.

An instruction from the supreme court
of Peking is alleged to be in favor of
the legitimate parents.

PUT STOMACH IN FINE CONDITION
Says Indigestion Results From an Excess of Hydrochloric Acid

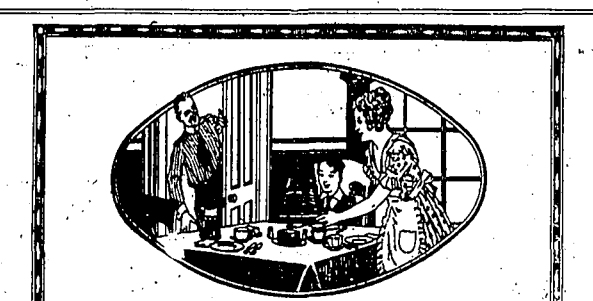

Undigested food delayed in the stom-
ach decays, or rather, ferments the
same as food left in the open air, says
a noted authority. He also tells us that
indigestion is caused by Hyper-acidity,
meaning there is an excess of hydro-
chloric acid in the stomach which pre-
vents complete digestion and starts food
fermentation. Thus everything eaten
sours in the stomach, much like garbage
sour in a can, forming acid fluids and
gases which inflate the stomach like a
toy balloon. Thus we feel a heavy,
lumpy misery in the chest, we belch up
gas, we urinate sour food or have

heartburn, flatulence, water-brash or
nausea.
He tells us to lay aside all digestive
aids and instead get from any phar-
macy four ounces of Jad Salts and take
a tablespoonful in a glass of water be-
fore breakfast and drink while it is
fermenting and furthermore, to continue
this for a week. Walls relief follows
the first dose, it is important to main-
tain the acidity, remove the gas-making
mass, start the liver, stimulate the
kidneys and thus promote a free flow
of pure digestive juices.
Jad Salts is inexpensive and is made
from the acid of grapes and lemon juice,
combined with lithia and sodium phos-
phate. This harmless salt is used by
thousands of people for stomach trou-
ble with excellent results.—adv.

FARM SALE
Friday, March 25th
—1 Mile East, 4 1/2 Miles South of Kimberly—
Having rented my ranch I will sell at public auction my full farm
equipment consisting of the usual line of wagons, machinery, tools.
20 Head of Good Horses, 1200 to 1800
Some good household furniture, new Monarch range.
Three new trucks and a Ford touring car.
Usual lunch at noon. Time to get out on bankable notes.
H. T. WEST, Owner
L. H. Walden, Clerk; H. B. Lee, Auctioneer.

Is there anything more appetizing than the tantalizing odor of browning pancakes?
FIRST thing in the morning—
Um! Um! Um! Great big
crisp brown cakes. But the best
thing is the delicious thick Karo you
pour all over them. It doesn't seem
as though you could ever get enough.
Of course you don't have to be told
that Karo is what makes the cakes
or hot biscuits taste so nice.
But did you ever know that Karo
is one of the greatest of all energy
producing foods—made in a way
that brings out every bit of its good-
ness and wholesomeness.
You can use Karo for every baking
and cooking purpose. You can
make the finest, purest candy you
ever tasted—fudge, taffy, caramels
and lots of other good things from
Karo.
Your Protection
Do not be deceived by one containing errors
that might look like Karo. The name "Karo" is
on every can of original Karo—look for it and be
satisfied of full value and highest quality.
BLUE Karo
The standard table syrup. Also for cooking,
baking and every other use.
60c per 1/2 gallon—very best table syrup.
