NEW CODE AN STATUTES

Results from the finalizing in Governor

American Statutes. (AP) laws based on American developed in American the disturbances of culminated in the submission of the Governor, Commander Warren,...

The largest and most valuable feature of this service is to teach the boys and girls of the people the things they need to know to take their places in a busy western state," he declared. "To teach the boys and girls of the people," I have said, this very influx of college students all over the land helps to refine a statement which was elicited for a time, but has been brought out once more and apparently not only by the vastly increased cost of public education. This is that college education is the opportunity of the few, the well-to-do and the well-to-do, and should not be a burden on the whole people.

"Probably we do go too far in public university when we place all the burden on the state and require nothing of the student, return, to either immediate or deferred payments. But the basic idea of state universities and land grant colleges is that no man's son or daughter shall be too poor to accept of their opportunities and their immense scholarship money, and this is the responsibility of the state in these institutions today are earning a considerable part of their living expenses. A large percentage of the students come from families which are far from well-to-do and in no sense privileged."

Traces Development. Telling of the development of the University of Idaho from its original college of science and letters, Dr. Upham continued:

"The young men and women of Idaho have more to do than to expect a living from the soil or to accumulate a fortune for their children. They are citizens of a vast republic so constituted that each and every one of them has equal voice in arriving at policies far-reaching as the seven seas. The mechanism of a league of nations, mandates in the arts and veying problems, so far as the United States is concerned, is a problem not for some select and remote council of diplomatic experts, but for every mother's son of us, and daughter too to have an intelligent opinion on and to help solve with our ballots."

Appeals for Respect. Dr. Upham appealed for a full measure of respect and confidence on the part of the people of the state toward their university, and dependent on that "it is a cheap and popular thing today all over our land, to discredit education and educators."

"Is there anything offensive in the idea that a university is entitled to respect in today's world? I think not," he declared. "They are justified by the little they know. This higher education is not fossilized. Every one brings new problems and new developments, which teachers and administrators study and debate and experiment with in the most open-minded fashion."

"But the general public, for all its good intentions, cannot have this background of experience and cannot expect to master by the details of the system. Once confidence is established and sustained, it will always be sufficient if the money entrusted to our piece of organization is economically used and strictly accounted for. We ask no more of our banks, our corporations or our life insurance companies."

Japan Floats Loan to Meet Military Costs

TOKIO, (AP)—Recently a new military loan lease amounting to ¥ 20,000,000 (about thirty-five million dollars) was announced by the Japanese government, following a conference of leading bankers from Tokio, Nagoya and Osaka.

JAPAN INVITES GENERAL WOOD

Nippon Asks American to Study Her Conditions and Policies

TOKIO, (AP)—The foreign office announced officially Wednesday that an invitation had been extended to Major General Leonard Wood to visit Japan when he has finished his work in the Philippines where he is going by invitation of President Harding to investigate the claims of the Filipinos to independence. Plans to welcome General Wood, it was said, are being prepared.

The visit of General Wood to the Philippines is attracting great interest here. General Wood, member of the board of representatives and one of the leaders of the Kokomin, or national party declared in a statement today that it deserved the attention of every Japanese, because the visit was closely associated with the future policy of the United States in the Far East.

"Some Americans fear the growing Japanese influence in the event of American withdrawal from the Philippines," said the statement. "Therefore, it is desirable that 'General Wood's inspection of the Philippines should be followed by a visit to Japan and Japanese territories to permit him to study the real conditions and our policies."

UNIVERSITY OF IDAHO HONORS TWO PIONEERS

Honorary Degrees are Conferred on Dr. MacLean and Judge Forney

MOSCOW, Idaho, (AP)—Honorary degrees of doctor of laws were conferred Wednesday by the University of Idaho upon two men who have had a prominent part in the life of the institution and it was announced the honorary degrees will be conferred later upon four other men when they shall have an opportunity to visit the university.

Dr. James A. MacLean, president of the University of Manitoba at Winnipeg, who was president of the University of Idaho during much of its early development, was given an honorary degree of doctor of law.

Judge James A. Forney of Moscow, an Idaho pioneer who is credited with having laid a large part in the founding of the university and in its development, also received an honorary degree of doctor of law.

It was announced that degrees have been awarded to the following for the stated later: Bartley L. French, representative in congress from Idaho and an alumnus of the university of the class of 1901, doctor of law.

Dr. Thomas C. Galloway, of the staff of the Cook County hospital, Chicago, master of arts. Dr. Galloway served

as medical officer aboard a United States battleship during the war. James Orr Elton, Great Falls, Mont., metallurgical engineer. Mr. Elton was honored in recognition of his pioneer work in the hydrometallurgy of zinc. He is in charge of the large zinc reduction plant of the Anaconda Copper company at Great Falls.

Harry C. Smith, Nashville, Tenn., civil engineer.

WOMEN JOURNALISTS OF JAPAN FORM ORGANIZATION

OSAKA, Japan, (AP)—An organization of women journalists has been formed here by the women reporters of daily newspapers and the women editorial workers on other periodicals in Osaka.

Elevation of their social status as journalists "who are participating in the promotion of general culture as well as in raising the position of women in Japan," is sought.

## HIGH SCHOOL ATHLETES MEET IN MOSCOW ON MAY 19 AND 20 ACCORDING TO ANNOUNCEMENT

### Entry Blanks Giving Rules of Eligibility Sent Out by Thomas Kelley, Director of Athletics—Usual Events are Scheduled with Medals and Cups to be Awarded to Winners

UNIVERSITY OF IDAHO, Moscow, (Special).—The state high school inter-scholastic track meet will be held here May 19 and 20, Thomas Kelley, director of athletics, announced today. All high school athletes will remain in Moscow the following day and attend the final track meet between the University of Idaho and Whitman college as guests of the university.

"Entry blanks giving the events to be held and the rules governing the eligibility of students are now in the hands of high school coaches," Coach Kelley said today. "It is probable that sectional meets will be held in various parts of the state in order to pick the men to make the university trip. An advantage to a track meet is that a school may send only one or two men if they have athletes strong in certain divisions but do not have the material to present a full team.

The state and cup will be awarded to the winners in each event, the winning team gaining possession of the Lewis cup for one year and the individual scoring the highest number of points will be awarded a special medal, gold, silver, and bronze medals will be awarded to the winners of first, second and third places in each event. A winners' loving cup will be presented to the team winning the relay race.

Events to be held are: 50-yard dash, 100-yard dash, 220-yard dash, 110-yard dash, 880-yard run, one mile run, 120-yard high hurdles, 220-yard low hurdle, 42-pound snipe and six javelin, running broad jump, running high jump, pole vault and half mile relay. All teams will be entertained at the various fraternities and other group boxes while at the university.

## EASTERN COLLEGE GRAPPLER BIDDEN TO COAST TOURNEY

### Butler, Captain of Tech Team, Urged to Take Part in National Events

BOSTON, (AP)—George H. Butler, captain of the Massachusetts Institute of Technology wrestling team, and New England amateur champion at 145 pounds for the last three years, has been invited by the New England Association of Amateur Athletes to participate in the national championship at Los Angeles on April 7 and 8.

Charles T. Johnson, of the Proctor gymnasium, 158-pound wrestling champion of New England, also was invited to take part.

Johnson will go, it is said, and Butler will do likewise if he can obtain permission to be absent from his classes at Tech for the necessary time.

## DERN IS VICTOR OVER MIKE YOKEL IN BIG MAT BOUT

### Salt Lake Middleweight Grappler Takes Two Falls from Former Champion

SALT LAKE CITY, Utah, (AP)—In their last night when two of three falls over Mike Yokel, Dern obtained the first fall after 20 minutes with a toe hold. Yokel gained the second fall after 16 minutes with a covering body hold. The third fall was scored by Dern with a reverse body hold.

## JU JITSU WINS

LAHAMME, Wyo., (AP)—Terro M. Lahamme, with two straight pin jiu jitsu wins in a wrestling match with Bob Mengoff of Chicago here last night. Mengoff won the first fall with a body Nelson and bar release.

## Brief Bits of Sport

Sam Smiley, agebrush singer, says: "Some fellows air so 'mighty confident that their 'trunk is in a wrestling match with Bob Mengoff of Chicago here last night. Mengoff won the first fall with a body Nelson and bar release."

We set of had a hunch that Bill Lane, president of the Salt Lake club, should have told Ralph Stroud back from Hanford with him when he got the lank pitcher to transfer to the good team back to the Bees at the training camp.

Ralph has repudiated the agreement again and has decided to stay with the outlaws.

# BANKERS WOULD COMPILE VIEWS

### Plans for Comprehensive Survey of Economic Conditions Made Public.

NEW YORK, (AP)—A comprehensive survey of economic conditions throughout the United States is being made up by the American Bankers' association, it was announced here Wednesday by the association headquarters.

"It is believed that the plan of the survey as outlined in questionnaires that have been sent to members of the council and to others," it was stated, "differs from other surveys that have been made from time to time in that it calls for an expression of opinion rather than for data of a statistical nature."

"It is realized that bankers are perhaps better qualified than others to observe the nation's economic trend, and it is felt that the American Bankers' association can perform a public service of great value by giving the people generally the benefit of its judgment as translated through the medium of this survey."

"The plan is to embody the composite judgment of members of the council and others in a report that will be submitted to the council at its spring meeting and then, with the approval of the council, may be given the widest possible publicity as an expression of the opinion of the American Bankers' association."

**Mixup Was Too Much for Him.**  
Chester could not understand why Lloyd was called his half-brother. It was explained to him—his father had married twice. He could only seem to grasp the idea, however. Lloyd soon married and was later divorced all of which mystified Chester greatly. But when Lloyd married again his bewilderment was complete. "Dad," he inquired, "what relationship is Lloyd to me now?"

**New York—Pete Herman** knocked out Willie Spencer in the seventh round.

**Brookline, Mass.—William Hogarty,** hanger of John J. Sullivan in his championship battles, died of emphysema.

**Havana—Jose Capablanca** defeated Dr. Loaker in the fifth game for the world chess championship. The other four were draws.

**Cleveland—Thirty per cent** of club owners in the American League must go, President Johnson said, for the good of the game. Now!

**Detroit—Johnny Layton**, of Sedalia, Mo., three confederate military champion, was here today preparing for his fifth match with Gus Topolis of Detroit. They are to play six blocks of 20 points beginning tomorrow.

**Cleveland—In an effort** to discourage gambling, Manager Tris Speaker of the Cleveland Indians, will not announce his pitchers ever night during the regular season, as had been his policy. Word was received from San Antonio today that announcement of the pitchers will not be made until game time.

**New York—"Goldie" Shupp**, New York National star infielder, who was ill in a New Orleans hospital for several days, has joined the team at Mobile, Ala. It was reported here today.

**Shreveport, La.—"Hah" Rich** is out of the play with the New York Yankees suffering from a sprained wrist.

**Boston—Oscar Vitt**, who injured his right foot recently, will be able to practice again with the local Americans in about a week, it was reported.

**Vancouver, B. C.—Charlie Olsen**, Chicago, defeated Bill Mountain, Los Angeles by scoring two out of three falls in a wrestling match.

Clerk, Independent School District

# Making Some Timely Facts Plain

## TO ALL CUSTOMERS OF THE IDAHO POWER COMPANY

As your agents, we believe at all times in a frank statement of our business methods, our rates, our cost of service, our valuation and other conditions affecting our relations with customers.

Just now you are asking these questions:  
Why was a valuation of the Idaho Power Company property made?  
What is the purpose of the hearing before the State Utility Commission in April, 1921?  
Are uniform rates charged to all customers for the same class of service?  
Who should pay the cost of extensions made to render new service?

Let us discuss these questions in a straightforward manner. What we have to say can be substantiated by public records as well as the records of our Company.

**Valuation Openly Arrived At**  
Under the laws of the State of Idaho, all utilities furnishing you with service are entitled to a return covering the actual cost of rendering that service plus a fair return on the value of the property used in rendering such service.

The Idaho Power Company started a valuation of its property early in 1917, within a few months after the organization of the Company. War conditions compelled us to suspend that work.

In 1919, the Legislature of the State of Idaho, at its Fifteenth Session, passed a law requiring every public utility in the State, except railroad corporations, to file with the Public Utilities Commission of Idaho an inventory of all its properties within the State, showing in detail the cost of construction, or the cost of replacement of such properties.

In compliance with this law, our valuation report, the result of eighteen months' work of a corps of 50 engineers and clerks, was filed with the Idaho Commission on October 15, 1920.

As you know, the Public Utilities Commission of Idaho, on April 6, 1921, will hold a preliminary hearing on this valuation, and, in their notice of such hearing, state:

"It is expected that at this hearing the company will introduce evidence in the form of exhibits to show investments, revenues and expenses over a period of years, and other data pertaining to its finances and values, after which an adjournment will be taken to permit the Commission's engineers and auditor, and others interested, to make an examination and check of these exhibits. After this is done the case will be set for further hearing, at which time any person affected may appear and cross-examine applicant's witnesses or offer evidence touching on the valuation of the Company's properties or the matter of rates."

In answer to certain misleading assertions which have recently appeared in the press, we want you to know:  
FIRST: That, during the five years we have operated in Idaho, notwithstanding the very material increase in all costs of doing business, we have received no increases in rates except those granted in 1920, which are as follows:  
10 per cent on Lighting Service.  
10 per cent on Commercial Power and service to other Public Utilities.  
10 per cent on old demand Irrigation Power Service.  
20 per cent on a portion of New Demand Irrigation Power Service.  
25 per cent on remaining portion of New Demand Irrigation Power Service.  
30 per cent on a portion of our Flat Rate Air Heating Service.  
10 per cent on balance of Air Heat Service and Commercial Water Heating.  
No increase in Cooking, Domestic Water Heating and a portion of Power Service.

**Rates Not in Question Now**  
SECOND: That we have no application for an increase in rates now pending before the Public Utilities Commission of Idaho.

THIRD: That rates for service of this utility, or any other utility in the State of Idaho, are, under the law, to be based upon the value of property used and useful in serving the utility's customers, and have no relation to the bonds, stocks, or other securities which the Company may have issued.

**Unequal Rates**  
FOURTH: Due to the fact that the Idaho Power Company took over the business of a number of different power companies, and has continued to render service at the rates of these old companies; lighting and small power customers in certain portions of our territory are receiving service at rates that are from 20 per cent to 30 per cent more than those paid by similar customers in other parts of our territory. It would appear advisable, when the actual value of the property of this Company has been determined by the Commission, to have adopted and approved a uniform set of rates to apply throughout the entire territory served.

**Extensions**  
FIFTH: As previously stated, the Power Company is entitled to receive, according to the law of Idaho, rates to cover the cost of all service and a fair return on the value of its property. Therefore, when extensions are made to serve customers at a distance from the Company's system, all the cost of such service must either be borne by the customer requiring the extension or also a portion of the cost by all other customers of the Company in the form of higher rates. In other words, it is desired that present customers shall help pay extra costs of service to new customers, or shall the new customers be required to meet such extra costs themselves?

These are some of the facts that, as your agents, we want you to know. We welcome investigation of our valuation and rates, and extend to you every facility that we have so that you may have a better understanding of our business.

**Idaho Power Company**  
R. PUTNAM, Vice Pres. & Gen. Mgr.

RECLAMATION SERVICE SEEKING WATER RIGHTS

Storage and Continuous Flow Applications Filed for American Falls Reservoir

BOISE, Idaho—Application for storage and continuous flow permits for the American Falls reservoir was filed late Wednesday by the United States reclamation service in the office of the state commissioner of reclamation. Total cost of the filling was \$200,000. The storage permit sought is for three million feet and the continuous flow permit for 8000 second feet. A total of 1,540,780 acres of land will be directly irrigated by the waters conserved in the reservoir and 400,275 acres will be indirectly irrigated. The end of the canal, which will be farthest from the dam will be a point about a mile north of the diversion dam on the Boise river. Laterals, however, will carry American Falls water a considerable distance west of that point. Twenty-three maps were filed in the state commissioner's office showing the lands that will be benefited by the water impounded by the dam.

TURKISH CAVALRY INTO FIGHT AGAINST GREEKS

Two Hellenic Divisions Reported in Flight Near Eskiz-Shehr

CONSTANTINOPLE, (AP)—Turkish cavalry has entered the fight against the Greeks near Pakt-Shehr, and is pursuing two Greek divisions near that city, it is said in reports received here from Anatolia. The same report declares that a Greek division has been captured by the Turkish nationalists.

COMMUNIST LEADER SHOT

Berlin Police Open Fire when Prisoner Attempts to Escape

BERLIN, (AP)—Wilhelm Syll, the communist leader, was shot down in police headquarters here today after attempting the warden in an attempt to escape. His injuries are serious but not mortal.

BOOSTS LEAD PRIZE AGAIN

NEW YORK, (AP)—The American Smelting and Refining company today advanced the price of lead from 4.10 to 4.25 cents per pound.

20 to 25c lower; family patents \$8.75 to 8.45. Cash No. 1 Northern \$1.68 24 to 1.67 34; March \$1.57 1 1/2; May \$1.33 3/4; July \$1.29 1/2. Corn No. 3 yellow 40 to 50c. No. 2 white 33 3/4 to 34 1/4c. Harley 45 to 55c. Bye No. 2 \$1.38 1/2 to 1.39 1/2. Flex No. 1 \$1.74 1/2 to 1.77 1/2.

Chicago Produce CHICAGO, (AP)—Butter higher; creamery extras 44 1/2c; standard 42c. Eggs higher, 29c; 639 cases; first 29 1/2c; ordinary firsts 29 to 29 1/2c; mark cases included 21 to 23c. Poultry alive lower; fowls 28c; springs 35c.

Omaha Livestock

OMAHA, Neb. (AP)—Hog receipts 5,000; mostly 15 to 25c higher; closing easy; bulk medium and light butchers \$5.85 to \$5.95; bulk strong weight butchers 200 pounds and over \$8.40 to \$8.50. Cattle receipts 2,300; good and choice beef steers and ab-stock steady to strong; others dull; best steers 40; bulls and veals weak; stockers and feeders slow and steady. Sheep receipts 2,500; steady on all classes; bulk light and handy-weight lambs \$9 to 9.25; top \$9.30; heavies \$7.30 to 8.20; best ewes \$5.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts 6,000; fairly active; beef steers mostly 12 to 15c higher; top yearlings \$10; top heavy beef steers early \$9.75; bulk steers 9.50 to 9.50; butcher ab-stock steady to 15c higher; bulk fat cows and heifers \$5.50 to 7.75; canners and cutters mostly \$3 to 4.50; bulls and calves steady; bulk hogs \$4.50 to 5; butchers mostly \$5.25 to \$5.25; veal calves mostly \$7.50 to 8; stockers and feeders steady to 25c higher; bulk stockers and feeder steers \$7 to 8.

Hog receipts 14,000; market 10c to 25c higher than yesterday's average; between weights up most; top \$10.25; bulk 200 pounds down \$9.00 to 10.25; bulk 225 pounds up \$8.50 to \$9.00; pigs steady \$7.50 to 8; stockers and feeders steady to 25c higher; bulk best 90 to 120 pound weight \$10. Sleep receipts 10,000; opened about steady; woolled lambs, top early \$2.25; average about 80 pounds; best lambs \$2.50.

not sold; bulk \$8.00 to 9; heavy woolled wethers for export \$6.50; bulk fat ewes \$5.50 to 6.25. New York Stock Market NEW YORK, (AP)—Unfavorable domestic and foreign conditions again favored the shorts in the stock market today. Losses of 1 to 3 points among leading issues were numerous. Sales approximated 375,000 shares.

Weakness prevailed at the opening of today's stock market, leaders of the oil, steel, equipment and motor groups being among the first to give way to increased pressure. Prospects of light money rates encouraged the shorts to extend their commitments. Within the first half hour losses of 1 to 3 points were sustained by Western Petroleum, General Asphalt, Royal Dutch, Crucible, Harvester, Baldwin, Stutz-baker, Chandler and Kelly-Springfield Tire. The reaction extended to rails, Union Pacific and Southern Pacific being 1 point each.

Some of the popular industrial hard-panners later but this improvement was canceled in the final dealings when call money rose to yesterday's maximum of seven per cent. The closing was heavy. Liberty Bonds NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90.30; first 4's \$89 bid;

second 4's \$87.10; first 4 1/4's \$87.89; second 4 1/4's \$87.00; third 4 1/4's \$80.12; fourth 4 1/4's \$87.20; Victory 3 3/4's \$97.52; Victory 4 3/4's \$97.50. Potatoes CHICAGO, (AP)—Potatoes steady; re-

ceipts 31 cars; Northern Whites, sorted and bulk \$1.05 to 1.20 cwt. Sugar NEW YORK, (AP)—Raw sugar quiet; refined lower; fine granulated 85 to 8.25.

Social Notes

Mrs. John Castello was hostess to the M. C. Club yesterday afternoon. Mrs. P. J. Castello was the prize for highest score in the bridge game. Those present were Mrs. Peter Ericson, Mrs. Mary Kelly, Mrs. H. E. Hooper, Mrs. J. Paul Johnson, Mrs. Fred Ramsey, Mrs. F. J. and Mrs. John Costello.

Mrs. and Mrs. John W. D. Smith entertained at dinner Tuesday evening for Mrs. and Mrs. Frank Magel and Mrs. and Mrs. J. B. McLean.

Mrs. E. C. Lawring entertained the Wednesday Bridge club at her home in the Colonial apartments yesterday. Members in attendance were Mesdames Y. H. Ormsby, C. H. Burton, L. T. Wright, A. P. Benson, W. H. Greenhorn, George Easler, Wilbur Hill, H. G. Thomas, R. R. Spafford, L. J. Moore, E. B. Williams and Miss Vera Greenhorn. Mrs. L. T. Wright won the club favor.

Mrs. E. R. Van Cott entertained the Harmony club at a one o'clock three-course luncheon Wednesday afternoon. A color scheme of yellow and white was carried out in the decorations and menu. It centered for the table being a bowl of California sun-dried Bridge formed the amusement for the afternoon. Mrs. Thomas Rowberry winning the honors for high score. Those present beside the hostess were Mesdames H. P. Barger, M. C. Putnam, J. A. Campbell, Ernest White, P. R. Cox, Thomas Rowberry, M. O. Conover, H. W. Sawyer, J. B. Moore, M. E. House, and A. W. Hosted, Mrs. A. W. Ostrom of Buhl was a guest of the club.

Mrs. and Mrs. James Swanson and family, Mr. and Mrs. Earl Sims, Mr. and Mrs. Roy L. Culbertson, Guy and Malinda Culbertson, Eugene Davis of Twin Falls and Harry Culbertson of Coatsford spent a very enjoyable day Easter Sunday at the home of G. B. Culbertson southeast of town.

MEMBER Arthur L. Swain—adv. FIRST MORTGAGE INVEST.

Today's Markets

EXPORT BULLY TENDS TO RALLY WHEAT TRADE

Recovery is Recorded from Lowest Level Yet Touched This Season by May and July Deliveries

CHICAGO, (AP)—Wheat prices today fell to the lowest level which has been touched this season by the May and July deliveries. Selling pressure was general and buying was only of a scattered sort. Prospects of a big yield of winter wheat had much to do with depressing local sentiment. Quoting prices, which varied from 2 1/2c decline to 1-4c advance, with May \$1.37 1/2 to 1.39 3/4 and July \$1.19 3/4 to 1.20, were followed by numerous fluctuations within the infinitesimal range.

Subsequently word of export buying tended to rally the market. Prices closed unsettled, 1 3/4c net lower to 1 1/2c advance with May \$1.38 1/2 to 1.38 3/4 and July \$1.19 1/2 to 1.19 3/4.

Corn and oats paralleled the action of wheat and sold at new low record prices for the season. Corn opened 1-4 to 3-4c off, including May at 60 5/8 to 61c, and later angled a little more. The close was weak, 1/2 to 5/8c net lower with May 60 1/2 to 60 5/8c and July 51 1/2 to 51 3/4c.

Oats opened 1-4 to 5/8c down, July 50 7/8 to 49c, and afterward descended rapidly.

Provisions were firm owing to higher quotations on hogs. Cash Quotations CHICAGO, (AP)—Wheat No. 2 red \$1.54 1/2 to 1.55; No. 2 hard \$1.54 1/2. Corn No. 2 mixed 58 1/2c; No. 2 yellow 59c. Oats No. 2 white 40 3/4c; No. 3 white 37 3/4 to 38 3/4c. Rye No. 2 nominal. Barley 62 to 70c. Timothy seed \$4 to 4.50. Clover seed \$12 to 16. Pork nominal. Lard \$11.10. Hubs \$10.50 to 11.37.

TWIN FALLS CRISIS

No question of more vital concern to
Twin Falls has ever been presented than
on which the electorate will be
called upon to pass judgment on April
8 when they must determine whether
or not the Board of School Trustees
stands in a position sufficient to keep the
schools open until the end of the school
year.

The situation is closely and ac-
curately stated by Superintendent Hal G.
Bliss who declares that "the public
schools which have contributed much to
the splendid growth and development of
the community are at stake and the edu-
cational interests of 2,500 boys and
girls are hanging in the balance," and
continues, "If the election fails to carry,
the schools will not be only not to
close now but there is every indication
that they will need to remain closed
during the greater part of next year.
This is because no revenues will be
available for any purpose other than
the liquidation of the present indebted-
ness. ... The losses accruing from
closed school houses and from denied
educational advantages are irreparable
and incalculable."

The absolute truth of Mr. Bliss's so-
mation is beyond question and well
known to everyone at all familiar with
the situation which constitutes a crisis
not only for Twin Falls schools but for
the city of Twin Falls and the Twin
Falls county itself. Never before has
a situation so serious confronted Twin
Falls, and never before has a question
been presented in which the argument
is so preponderantly on one side. We
must authorize the payment of the
schools' debt on April 8, or we must
confess ourselves of too small caliber
to continue any longer a city and com-
munity such as we have honored Twin
Falls to be.

OPINIONS

(New York Tribune.)
That the soviet autocracy has been
able to sniff out the Kronstadt revo-
lution and suppress it with the ease
followed the recent news from Russia.
When it appeared that Petrograd had
been captured the collapse of the soviet
regime was foreseen. A revolution that
does not spread quickly
is likely to come to a sudden end. Un-
der modern conditions a civilian popula-
tion is helpless unless the soldiers
stand again in refusal to fire. What
the people think is of little conse-
quence, or military training is not
enough. Trotsky still commands the services
of an army which is partly fanatic and
partly mercenary, and through it he
is capable of making a plausible claim
that foreigners were being related.
Moreover, to cow the populace it was

WHEN RHEUMATISM
HITS YOU HARD!

Sloan's Liniment should be kept
handy for aches and pains
WHY wait for a severe pain, an
aching, a rheumatic twinge fol-
lowing exposure, a sore muscle,
sprain, or lameness to make you quit
work, when you should have Sloan's
Liniment handy to help curb it and
keep you active, and fit, and on the job?
Without rubbing, for it penetrates,
apply a bit today to the afflicted part.
Nothing gratifying, clean, prompt relief
that follows. Sloan's Liniment costs
less than many thousands of friends the
world over if it didn't make good.
That's worth remembering. All drug-
stores carry it—also the largest and the
most economical. 35c, 70c, \$1.40.

Sloan's
Liniment
(Patented)
Everywhere

necessary to use measures of extreme
severity. The bloody scenes will not
be forgotten, and it is probable, accord-
ing to the Russian habit, that the
oppressing will continue to use bombs
and ammunition."
(Washington Post.)
"In declining to intervene in the
struggle between Panama and (Spain)
Ries President Harding has given a
significant intimation to all govern-
ments in this hemisphere regarding the
nature of the relations which his ad-
ministration will maintain toward them.
It intends to deal with them all
as friends, without discriminating
in favor of either side. The request
of President Porfirio of Panama,
afforded President Harding an
excellent opportunity to manifest
his intention not to interfere with the
affairs of other nations and to support
without qualification the efforts of his
own cabinet officers, acting within
their respective spheres. Mr. Harding
shows his inherent respect for law
in his statement that the arbitrary
decision of the chief justice, made after
a long and bitter struggle, is the
final opinion of the United States.
There is much food for thought in this
correspondence. From Mexico to the
Strait of Magellan the work of Pres-
ident Harding should be pondered, for
they contain the principles of peace
and friendly intercourse, and are a
pregnant warning against the spirit of
injustice which would resort to in-
trigue and the stirring of national
animosities in order to gain its point."

(Pacelle Tribune.)
"Who now have campaign ideas for
bringing a pound of wool. It is an old
idea, but good. But it was first
promoted at the time of the last administration,
when wool from Argentina, Australian
and other sections was shipped through
our own state in defiance of our own
growers—under free trade. The idea
of buying the pound is all right. It
is the American Woolen company
millions of dollars during the war, and
it declared an enormous dividend. The
situation that has saved the wool game,"
at least until a protective tariff is en-
acted, has been the effort of Senators
Norah and Gooding, Stanford and
Brock in preventing the unloading of
the acreage now being used for wool
market until the price is stabilized.
With the enactment of a protective
tariff the process will be solved. If
Wright, the above-named plaintiff, ob-
tained a decree against Clyde A. Blair,
Anne Blair, Charles H. Rathmann and
Mrs. Charles H. Rathmann, defendants,
on the 24th day of February, 1921,
recorded in the county of Twin Falls,
Idaho, in the 34th
Northwest quarter of Section 15, Eleventh
(17), Township Fifteen (15), South
Range Seventeen (17) East of the
 Boise Meridian, together with the
ferments, hereditaments and appur-
tenances thereto belonging.

Sheriff.

DENIES AMERICANS ARE
MISTREATED IN JAPAN

Tourist Bureau Official Seeks to
Bring Assurance to World-
Be Travelers
TOKIO, (AP)—Reports from the United
States of alleged mistreatment in
Japan purporting to come from return-
ing travelers from the Orient have
caused Mr. C. Inomata of the Japan
Tourist bureau to issue a denial of
such charges.
Mr. Inomata's statement is contain-

ed in a letter written to San Francisco
for the purpose of letting, would he
travelers know that contrary to stories
circulated in the United States in so-
cially, travel in this country is as
safe as it ever was.
In expiating the letter Mr. Inomata
said that if such reports continued
in the United States it would mean a
real check on tourist trade, not
only to the travel in Japan but to the
entire Orient, for the reason that Ja-
pan has in the past been one of the
chief attractions to those contemplating
Oriental tours.
"We feel that Japan is being mis-
represented in America," the state-
ment says in part. "That emphasizes
the importance, not to any necessity,
of more Americans coming to Japan.
Japan should not be judged by utter-
ances, spoken or printed, of prejudiced
or self-interested people. The truth
of these utterances should not be
blindly accepted, but tested by per-
sonal observation and experience.
"American tourists in Japan, many
of whom call at our office, are unani-
mous in their expression of satisfac-
tion with the treatment they have
received in this country. Americans
are assured of courtesy and politeness
and the good will of our people."

IF BACKACHE OR
KIDNEYS BOTHER

Eat Less Meat, Also Take Glass
of Salts Before Eating
Breakfast
Uric acid in most excites the kid-
neys, they become overworked, get
stagnant, ache, and feel like lumps of
lead. The urine becomes cloudy, the
bladder is irritated, and you may be
obliged to seek relief two or three
times during the night. When the kid-
neys clog you must help them finish
off the body's urinous waste or you'll be
a real sick person shortly. At first you
feel a dull aching in the kidney region,
you suffer from backache, sick head-
aches, dizziness, stomach gas soon, the
tongue coated and you feel rheumatic
twinges when the weather is bad.
Eat less meat, drink lots of water;
also get from any pharmacist four ounces
of Jad Salts; take a tablespoonful in
a glass of water before breakfast for
a few days and your kidneys will then
not flare. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for generations to clean clog-
ged kidneys and stimulate them to
normal activity; also to neutralize the acids
in urine, so it is no longer a source of
irritation, thus ending bladder weak-
ness.
Jad Salts is inexpensive, cannot in-
jure; makes a delightful effervescent
lithia-water drink which everyone
should take now and then to keep the
kidneys clean and active. Druggists
everywhere say they sell lots of Jad Salts
to folks who believe in overcoming kid-
ney trouble while it is only trouble—
not.

NOTE OF SHERIFF'S SALE UN-
DER EXECUTION AND ORDER
OF SALE

I, T. Wright, plaintiff, vs. Clyde A.
Blair, Anne Blair, Charles H. Rath-
mann and Mrs. Charles H. Rath-
mann, defendants.
Under and by virtue of an order of
sale and decree of foreclosure, issued
of the District Court of the Fourth
Judicial District, State of Idaho, in
and to the case of Twin Falls, in the
24th day of February, 1921, in the
above entitled action, wherein L. T.
Wright, the above-named plaintiff, ob-
tained a decree against Clyde A. Blair,
Anne Blair, Charles H. Rathmann and
Mrs. Charles H. Rathmann, defendants,
on the 24th day of February, 1921,
recorded in the county of Twin Falls,
Idaho, in the 34th
Northwest quarter of Section 15, Eleventh
(17), Township Fifteen (15), South
Range Seventeen (17) East of the
 Boise Meridian, together with the
ferments, hereditaments and appur-
tenances thereto belonging.
Notice is hereby given, that on the
12th day of April, 1921, at the hour of

Look Ahead.
It is well enough to stop and rest
now and then. But while we rest,
our eyes ought to be on the horizon
that is to be scaled rather than on the
valley out of which we have come.
Think always in terms of tomorrow,
not of yesterday. Never mind what
you did yesterday. It is what you are
going to do tomorrow that you want
to think of. And be sure while you
are thinking of it that you devote to-
day to the business of getting—John
Blaise in Chicago Daily News.

Quills as Weather Forecasters.
Those who live by the coast do not
want a better weather sign than the
gulls, which in the various stages of
their migration will bring the rain, cold, or
the sun, and gather in the fields or circle
high over the land, wheeling and
circling in a way that will tell you
what the weather will be. They will not
come in on a fair, storm, and none
need four times will make a mistake.

SERIES 21 SPECIAL-SIX

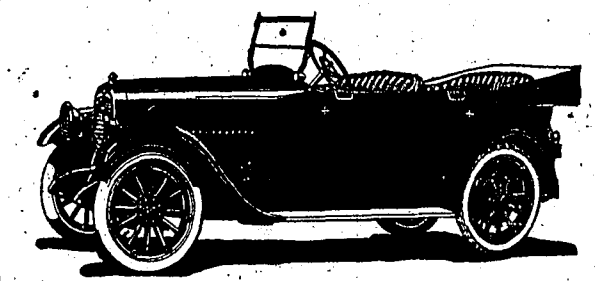

Highest Quality at a Moderate Price
The SPECIAL-SIX is the most wonderful five-
passenger car on the market today. Its tremendous
popularity—its record for performance—are due
to the unequalled value which it represents.

It is built of the highest quality materials—sub-
jected to the most exacting standards of inspection
—and backed by a manufacturer whose ability,
moral character and financial integrity you can
trust.

We urge you to see this car—ride in it—drive
it—put it to any test—and learn for yourself that
price alone does not indicate the quality that has
been built into this car.

THIS IS A STUDEBAKER YEAR

Time to get busy and dig,
Nothing is gained by reaction,
So get down your old hoe,
And make a straight row;
Sow the seeds that will bring satisfaction
WE HAVE THEM

TWIN FALLS, IDAHO.

With All
Cheese Dishes
—for lunches, suppers, special
occasions. For rarest instead
of least, because they're richer
and daintier—and for toasted
cheese they're incomparable.
Snow Flakes are truly a unique
soda water. Made from finest
ingredients in modern, sunny
bakeries. Their wholesome-
ness and invariable freshness
will delight you.
