COAL DIGGERS QUIT WORK IN BRITISH MINES

1,200,000 Miners are Idle as Result of Controversy Over Wage Issue; Few Disregard Strike Order.

LONDON, (AP)—Work ceased in the coal mines of the United Kingdom of midnight, with the exception of a few districts, and approximately 1,200,000 miners were idle today as a result of the controversy over the wage issue. In only two collieries in Yorkshire, one in Northumberland, one in Scotland and one in North Wales the men have promised to continue at their posts without prejudice to all other matters that may be agreed on, but by any terms pit workers and mining mechanics, pump men, ventilating men and pony men, came out with the miners.

Flood Danger Looms.
Danger that the mines may be flooded threatens and many may be irretrievably ruined from coal lands in water. Strenuous efforts are being made everywhere to enroll volunteers. Yorkshire pumpmen have declined to remain at work and hope was expressed today that others would follow their example.

Americans Get Orders.
The first effect of the strike has been the placing of orders with American merchants for coal. In New York state that a flood of orders from European countries which normally have formed the British market has been received there, and although the country's stock of coal is estimated at one million tons, the price of household fuel already has risen two shillings per ton. London and other urban centers are believed to have several weeks' supply on hand owing to fact that export of coal has been stopped by the board of trade, except in cases where special permits have been issued.

Apprehension is felt that the National Union of Railway Men and the Transport Workers' union, partners with the miners in the coal strike, may be tempted to strike in sympathy with the diggers.

LEGION WILL DECORATE GRAVES ON ALIEN SOIL

Call is Issued to All Members to Contribute Ten Cents to Fund

INDIANAPOLIS, Ind., (AP)—A call for all members of the American Legion to contribute ten cents to a fund to be used for the decoration of graves of American soldiers who have been returned to America but thousands of our comrades still sleep on foreign soil in compliance with the desire of relatives that they rest in the land they love. The legion bulletin says: "For of the relatives of the fallen can go to Europe to lay a memorial wreath on the grave of the dear departed. As last year of all the fallen sleep in the soil of the homeland, the announcement adds, Franklin D. Oiler, Philadelphia, past national commander of the Legion, heads a committee which desires that they be granted the same memorial services for America, and assisting him are prominent men from 21 states of the Union."

Committees have been formed in France and Great Britain, composed largely of legion men. Pastors in England, France, Belgium and Germany, co-operating with these committees, will care that every overseas grave of an American soldier is as fittingly decorated as all the fallen sleep in the soil of the homeland, the announcement adds. Franklin D. Oiler, Philadelphia, past national commander of the Legion, heads a committee which desires that they be granted the same memorial services for America, and assisting him are prominent men from 21 states of the Union.

SOVIET PROTESTS AGAINST DETENTION OF PRISONERS
MOSCOW, (AP)—A note has been addressed to the French cabinet by the Soviet government, the foreign secretary, protesting against the detention of 25,000 Russian prisoners in France, and others in North Africa and in the Balkans. The note declares that if the government is not complied with the Russian government will take suitable steps.

FORMER RULER'S ABANDONMENT OF ATTEMPT SEEMS TO MAKE FOR PEACE

Kiowa, Kansas, Would Dispense With Election

TOPEKA, Kansas, (AP)—The city clerk of Kiowa, Barber county, today asked Richard J. Hopkins, attorney general, if a city election could be dispensed with this year, if the present officers can be inducted to hold over. According to the clerk's letter, no candidates have been found who are willing to have their names placed on the ticket at the city election next Monday.

The election must be held, the attorney general ruled. If no candidate appears blank ballots will be printed and voters will write in names of persons for whom they desire to vote.

FIGHTING LINE SPREADS NORTH OVER ASIA MINOR

Greek Division Pushes Ahead Against SHIF Resistance—Toward Ismid

ATHENS, (AP)—Fighting between the Greeks and Turkish nationalists spread along the line in Asia Minor at the northern end of the active zone within thirty miles of Ismid. An official statement issued here today of the seventh division of the Greek army occupying the northern entrance of the gulf, south of Adana, and pushing forward into the defile more than six miles. Severe fighting occurred during this operation.

Colorado Legislature Approves Land Ownership Restriction

DENVER, Colo., (AP)—The anti-Japanese bill to prevent persons ineligible for citizenship from owning land in the state passed the lower house of the general assembly today and now goes to the governor. Governor Shoup has indicated he will sign it.

IDAHO WEATHER

Tonight and Saturday, fair and colder; heavy frost in morning.

PARIS, (AP)—Warning was given Hungary today by the allies that the restoration of the Hapsburg dynasty would entail disastrous consequences for the Hungarian nation.

This warning, issued through the council of ambassadors, constituted a virtual ultimatum from Great Britain, France, Italy and their lesser associates. It was given an additional point by the fact that it was communicated officially to the allied states by which Hungary is surrounded—Czechoslovakia, Jugoslavia, Rumania and Poland, at least the first three of which, completing the "little entente," have declared themselves ready to take military action against the Hapsburg restoration.

Meanwhile advices revealing Paris through official and other reliable channels give no confirmation of the rumors that former Emperor Charles was searching on Budapest at the head of a large body of troops to replace himself on the throne.

Withdrawal Negotiated.
Official advices to the French foreign office emphasized that Charles was still at Steinamanger, near the Austrian frontier, that negotiations were in progress for his removal from Hungary, presumably back to Switzerland, through Austria and that approval at Budapest, the Hungarian capital.

Declares Charles Is Held.
Direct Budapest advices carried official denial of the report that Charles was moving on the capital with troops, and declared he was safely guarded at Steinamanger.

CHARLES GIVES CONDITION FOR LEAVING HUNGARY
STEINAMANGER, West Hungary, (AP)—Former Emperor Charles declared here this morning that his departure from Hungary would be conditional upon permission to issue a proclamation to the Magyars explaining the "unfavorable circumstances" compelling his withdrawal and saving him, as king, temporarily confined here, as Admiral Horthy.

The former ruler made this declaration on receiving a refusal from Admiral Horthy, the regent, that he be allowed to return to Budapest, coupled with a threat of military measures against him.

AMBASSADORS SOUND WARNING AGAINST HAPSBURG RESTORATION

PARIS, (AP)—Resolutions protesting against the restoration of former Emperor Charles in Hungary and warning the Hungarian government that the consequences of such an event would be disastrous were adopted by the council of ambassadors here today. The resolutions were presented by James Gamble, acting in the name of the French government.

"The events of which Hungary is the theater," the resolutions read, "place the principal allied powers under obligation to recall to the government and the people of Hungary the

ANTI-LEAGUERS TAKE STEPS IN RECALL SCHEME

Petitions Calling for Election to Oust Three State Officials to be Circulated in the State of North Dakota

DEVILS LAKE, N. D., (AP)—Petitions calling for a recall election against three state officials, elected by the Non-partisan league endorsement, will be circulated soon. It was said today following the decision last night of the anti-Non-partisan convention here in endorsing such action. The election will be held on or before November 8, 1921.

Propose Amendments.
In addition to seeking the recall of Governor Lynn J. Frazier, William Lemke, attorney general, and J. N. Hanson, commissioner of agriculture and labor, who comprise the state industrial commission, the anti-Non-partisan will have submitted to the voters at the same time a series of constitutional amendments, which would change the state-owned industrial program.

Principal among those would be the abolition of the Bank of North Dakota and abandonment of the state-owned industries with the exception of the Grand Forks mill and elevator. A bond issue of \$3,000,000 to retire outstanding bonds and pay all debts and liabilities of the Bank of North Dakota is provided for.

Would Limit Bond Issue.
Another bond issue of \$2,000,000 would be used to clean up the affairs of the State Mill and Elevator association and also provide for the completion of the spill-at-Grand Forks, while a third issue of \$250,000 would retire debts of the Home Builders association.

It is also proposed to limit the bond indebtedness of the state to \$7,500,000.

R. A. Nestor, Minot, republican, is the choice of the anti-Non-partisan for governor. Sveinbjorn Johnson, Grand Forks, chairman of the democratic state central committee, will make the race for attorney general. An American Legion man was recommended by the convention to be selected later as a candidate for commissioner of agriculture.

Women will play a prominent part in the proposed recall. They were granted recognition yesterday by the convention which voted to increase the membership of the committee of 21 to 42 by adding 21 women. The committee of 21 called the convention which resulted in the recall being ordered.

The committee of 42 will select the candidate for commissioner of agriculture and map out other campaign plans.

Reports from Bismarck are to the effect the Non-partisan league legislative committee will institute a counter-recall against independent state officials.

WHEAT PRICE DECLINES
MINNEAPOLIS, Minn., (AP)—Future options of wheat touched new low levels in the market here today. May futures sold down to \$1.20 a bushel around noon, after closing \$1.22 3/4 yesterday, while July, which was \$1.26, compared to \$1.29 1/2 yesterday's close.

PASSENGER SHIP SINKS IN COLLISION WITH STEAMER OFF COAST OF WASHINGTON

Big Vessel's Boilers Blow Up Soon After Accident and Sinking Occurs Within an Hour

SETTLES IN DEEP WATER ON LAST LEG OF VOYAGE TO SEATTLE PORT

SEATTLE, Wash., (AP)—Twenty-one persons, including eighteen passengers and three crew members, were rescued from the Admiral line steamship Governor, after she had been rammed and sunk by the shipping board steamer West Hartland.

A checkup of the survivor arriving on the West Hartland when the Admiral line steamer was struck, disclosed the fact that twenty-one persons carried on the passenger and crew lists of the Governor, were not accounted for.

Mrs. Susan Crane, 60, of Los Angeles, who was on her way to visit a son living in northern Idaho, was so badly injured that she was taken to a hospital here upon the arrival of the West Hartland. Her back was so badly wrenched and her ankles sprained.

No other serious injuries were reported among passengers or crew. At the Admiral line's offices it was stated the Governor carried 172 passengers and a crew of 134.

A wireless message from Captain Alwen, master of the West Hartland, said that vessel's bows were stove in, for a distance of from 12 to 15 feet, but that she was not taking water. Members of the West Hartland's crew were accounted for, the message said.

The collision took place in Eby's bay, off Point Wilson, at 12:04 this morning. The Governor's bows were nearly sheared off and the big passenger ship went down in deep water at 1:15 a. m., according to wireless messages, some of which were received here by ex-Admiral line and by the impact of the collision, it was said. Passengers were transferred to the West Hartland by boats from both vessels. Three boatloads, at first reported missing, were picked up by the pilot boat Pinto of Port Townsend, and put aboard the West Hartland.

The Governor, owned by the Pacific Steamship company, operated by the Admiral line, left Victoria, B. C., at 9:30 last night, and had just cleared Port Townsend on the final leg of her voyage to Seattle when the accident happened.

The West Hartland, a shipping board vessel, operated by the Pacific Steamship company, was on route from Victoria to Seattle when it was struck by the Governor. The ship was headed for Port Townsend for final clearance by officers of the company said this morning that until they could receive reports of Captain Alwen and Captain H. Bartlett, master of the West Hartland, they could not determine the responsibility for the accident.

Sighted on Lighthouse.
William G. Thomas, veteran keeper at the Point Wilson light house, was almost an eye witness of the collision. Describing it for the Associated Press over the long distance telephone, he said: "It was just 2:30 this morning when I heard the crash. As I turned in the direction of the sound, I saw the West Hartland with her bow rammed into the Governor's starboard side amidships. It was clear, and the vessels were plainly in sight about three-quarters of a mile away."

BUILDING TRADE WORKERS LEAVE JOBS IN OMAHA

Relatively Few Quit Work in Protest Against 20 Per Cent Wage Reduction Announced by Contractors

OMAHA, Neb., (AP)—Some of the building trade lines workers in Omaha quit work today because of a 20 per cent wage reduction announced recently by some of the city's contractors. J. M. Gibb, secretary of the Building Trade Council, said only today estimated number of men affected as 500, but later said that 400 men quit work.

Contractors Gave Reason.
Mr. Gibb added, however, that some of the workers employed by contractors who had made but a 10 per cent cut or no reduction at all because of failure to such an agreement, were still at work today. On the other hand F. W. Curry, chairman of the contractors wage committee, said that employees still at work without pay reductions were merely being allowed the old rate of wages until the jobs they are now working on are completed. He added that no new work would be begun without the contractors' reduction.

Mr. Curry said he could not make an estimate of the number of employees who participated in the lockout.

Oppose 20 Per Cent Cut.
The building trade workers are opposed to a 20 per cent cut in wages, but are willing to take a ten per cent reduction, Mr. Gibb said.

He added that a general lockout on the part of the men, however, showed it to be a "fiasco" as such action had not been found to be necessary.

Workmen were given one important job in the city, Mr. Gibb declared, adding that on all other big construction projects the contractors had either made but a 10 per cent cut, or none at all. He predicted all differences between employers and employees would be settled within a few days.

TECHNICAL STRIKE IN EFFECT IN SIOUX CITY

SIOUX CITY, Ia., (AP)—There is a technical strike in the building trades in Sioux City today. Workmen announced a 20 per cent cut in wages, and union men refused to accept it. The reduction goes into effect today. As there is stagnation of building operations here, the walk-out was only on "paper."

HARDING SEEKS INFORMATION ON RAIL PROBLEMS

Questions Involved in Formation of Administration Program are Discussed

WASHINGTON, D. C. (AP)—Questions involved in the formulation of an administration program toward rail transportation were discussed by President Harding Thursday with E. E. Clark, chairman of the interstate commerce commission, and R. M. Barton, chairman of the railroad labor board. The heads of the two government agencies brought much data to the conference at Mr. Harding's request. Mr. Harding has let it become known that he regards the railroad problem as involving many serious factors in its relation to general industrial health of the nation.

The two chairmen were with the president more than two hours but afterwards declined to discuss the situation or to predict what form the administration reconstruction program would take. It was understood, however, that conclusions were not attempted.

Mr. Harding is said to have emphasized that he desired to make no recommendations that might be interpreted as going over the heads of the government agencies which deal with the railway question.

One subject before the conference was a statement by the Association of Railway Executives declaring that the principal roads operated at a loss of more than a million dollars during January.

JEWELL SAYS WORKMEN'S LIVES AT STAKE ON ISSUES

CHICAGO, (AP)—The legal aspects of national agreements as interpreted under the transportation act, was discussed at length before the railroad labor board Thursday when union representatives declared that national collective bargaining was recognized and, in their opinion, made mandatory under the act. The unions agreed on local bargaining as a basis but contended that principles national in scope must lie back of local agreements. They credit the national union for averting any industrial crisis in the past.

B. M. Jewell, speaking for the unions, declared the employees' lives were at stake in their negotiations.

LABOR BOARD REMOVAL TO WASHINGTON IS DISCUSSED

CHICAGO, (AP)—Removal of the United States railroad labor board to Washington where it might be in closer touch with the government was suggested by members of the board on Thursday following the departure of Chairman R. M. Barton for the capital where he consulted with President Harding and E. E. Clark, chairman of the interstate commerce commission. Cooperation and coordination of the work of the labor board and the commission has been somewhat hampered because of the distance separating the bodies. Some members said that if the two commissions were to work in close harmony, their location in the same city was thought to be advisable.

Roosevelt Inquires into Missing Blimp

WASHINGTON, D. C. (AP)—Acting Secretary Roosevelt has begun a personal inquiry into the flight of the naval free balloon, missing since March 22, the day it left Pensacola, Fla., with five men aboard. The inquiry is preparatory to ordering the usual board of investigation which probably will not be designated until Secretary Denby returns from Washington April 5th.

Mr. Roosevelt said Thursday that the Pensacola affair, coming on the heels of the balloon flight from Rockaway, Long Island, to Moose Factory, Ontario, would undoubtedly result in tightening up orders regarding such flights in the future.

The department admitted that it had hoped was entertained that the men would be found.

In commenting on naval aviation affairs, Mr. Roosevelt announced that he did not favor outfitting the army, navy and postoffice air services.

Definition of the new administration aviation policy was up for discussion at a meeting at the war department today, attended by Secretaries Weeks, Hays, Hoover and Acting Secretary of the Navy Roosevelt.

Illiteracy is Shown on Decline in U. S.

WASHINGTON, (AP)—Illiteracy is decreasing in the nation, according to census bureau returns Thursday from the first three states in which 1920 enumeration has been worked out on the subject.

In Alabama where the percentage of illiteracy was found to be 22.9 of the total population over ten years of age, in 1910, the 1920 percentage was 10.1.

In Arkansas, the percentage dropped from 12.5 in 1910 to 8.5 in 1920, and in Delaware from 8.1 in 1910 to 6.9 in 1920.

Illiterate persons under the census bureau tabulation include all those unable to write.

Soviet Limits Land Tenure to 9 Years

HELSINGFORS, Finland, (AP)—The land tenure scheme of the Russian soviet government, announced in the Moscow newspapers received here, permits each man to hold his land for nine years, with which time there will be no redistribution. It also is provided that peasants whose holdings are scattered over a large area will in some cases be allotted new centralized holdings of an equivalent size.

TRANSPORTATION ISSUE IS VITAL TO LUMBERMEN

Association Secretary Points Out Anomalous Situation in Industry

CHICAGO, (AP)—Lumber production *could still* cling to their high levels in spite of the fact that more than half of the mills now running are doing so at a loss, Wilson Compton of Washington, D. C., secretary and manager of the National Lumber Manufacturers' association told the delegates to the third annual lumber congress on Thursday.

He declared that facilities and costs of transportation were of special concern to lumbermen. The 12 months just passed, he said, witnessed the most precipitate decline from the peak of inflation to the depths of depression ever experienced in the lumber industry.

"A year ago," he said, "there were many orders but few cars. Today there are many cars but few orders." Forest conservation as a problem of national economy and public interest was recognized by the lumber men, Mr. Compton declared.

LIMITS WITHDRAWALS OF LIQUOR BY PHARMACISTS

WASHINGTON, D. C. (AP)—Regulations limiting withdrawals of liquor by retail druggists to 100 gallons each of spirits of wine for each quarter were issued Thursday by the bureau of internal revenue. While intended to clarify previous orders the new regulations were said to serve in a way as a relaxation of restrictions limiting withdrawals to five cases of all kinds of liquor under one permit. There was no determination of the number of such permits to be issued for any retail druggist, however.

Iowa Poultry Husbandman is Added to Extension Department of College

UNIVERSITY OF IDAHO, Moscow, (Special)—With the arrival of Raymond R. Parkhurst, poultry husbandman, at the college of agriculture, the university obtains the services of

a man who has had an unusual amount of experience in the poultry field. Mr. Parkhurst spent several years in the extension service in Iowa and has also been connected with a number of large commercial poultry projects.

The scope of the agricultural work under the federal board will be enlarged by the initiation of poultry courses for vocational men. These will be given on a unit basis of one month each, which enables vocational men to start in poultry courses at any time during the year and likewise stop their studies in the branch for a time if they find it necessary. Each 30-day unit will consist of some certain quota of work and will be complete in itself. The facilities of the university

farm will be at the disposal of the vocational men as well as the regularly enrolled agricultural students.

WANT SUPPORT OF WOMEN FOR WESTERN WEEK

Appeal is Made to Boost Products of Home Country Week of April 11-18

The period beginning April 11 and ending April 18 has been officially designated 'Western Consumers' Week', and in that period all communities are expected to pay strict attention to a display of loyalty to the things produced in the west; that is to say, give the western products first place in the message-buying.

With this in mind an appeal has been made to all club presidents, to be passed on by these executives to the membership of their organizations, to make preparation for putting on an intensive campaign to further the intentions and interests of 'Western Consumers' Week.

The whole theory of Consumers' Week is summed up in the following extract from the proclamation issued by Governor Boyle, of Nevada, in 1916: 'All of our citizens are urged to assist in the rebuilding of our state and the great undeveloped west of which Nevada is a part, by a general exhibition of loyalty to western products.'

'Throughout Western Consumers' Week merchants are expected to emphasize the display of local raw and manufactured products, and consumers are urged to purchase as far as possible only these products, giving preference in the order named by:

- 'First—The products of the home town.
'Second—The products of the state.
'Third—The products of the western states.'

Addressing executives of various women's clubs hereabouts Mrs. Martin Spangler, editor of the Western Club Woman's department of the New West Magazine, at Salt Lake, has written the following:

'Will your club help bring prosperity to the West by relieving the labor shortage by observing Western Consumers' Week in your town?

'Have a committee meet with a committee from your Commercial Club and see that all stores bring forth your own state's and western goods during this week in window displays. Adopt the slogans:

- 'Buy a can of western canned goods.
'Buy a pound of western wool.
'Buy a pound of western grown prunes.
'Buy a can of Pacific Coast salmon.
'Buy a pound of California rice.'

'We want to make such a demand for canned goods especially that employ slaves in your grocery will tell the story of women's loyalty.'

'Many canneries will not run this summer unless the situation is relieved and the storerooms are emptied, which means a market for farmers.'

'There is still time after Western Consumers' Week for canners to put in work for more acreage from the farmers.
'Will you do your part?
'It is a small thing to ask for every housewife to buy a can of canned goods during this week; if possible to buy a case. What a big event it will be if every woman of the west join together, each woman, each town, each state doing her part. It is found to result in prosperity and in employment. Will you join us?'

Woman Trapshooter Breaks Her Own Record

Breaking her own record Mrs. Alfred G. Wilkes, wife of the president of the Pacific Coast Field Trial Club, of San Francisco, established a new Pacific Coast trapshooting record by shooting ninety-four clay pigeons out of a possible hundred. The record was established at the Lakeside traps of the Olympic Club of San Francisco. Mrs. Wilkes also holds records on a wing shot and in a splendid swimmer, golfer and horseback rider.

EVANS AND ROBEY STRENUOUSLY LABOR WITH MIGHTY FORCES TO GIVE SCHOOL MORE CHAMPIONS

Track, Field and Baseball Squads Give Demonstrations of Ability in Daily Workouts on the Lincoln Field—Pitchers are Plenty but Backstops Lack in Numbers—Army on Cinder Path

STRENUOUS indeed is the workout program engaged in daily by high school athletes at Lincoln park in connection with the Olympic conference and inter-scholastic meets. Both Coach Clint W. Evans and Coach L. Robey, driving huge squads to the limit in development processes. Each is finding encouragement and discouragement on about a 50-50 basis, and neither is able to point to one clearly through the class sufficiently to name the man who are most likely to carry on to the bitter end and bring victory again to the school.

While Robey pays strict attention to the candidates entered in cinder path and gymnasium athletics Evans is mentoring an almost unwieldy squad of aspirants in the various sports in all departments of the national game. In the squad there must be something like a half hundred lads of all sorts, ages and sizes. They are, of course, to be pitchers and, in fact, a good percentage of the entrants intimate such desire. There are right-handers and southpaws, too, some displaying great dexterity in the twisting and whirling of the spinning globe, while others have not yet shown the coach a thing to recommend them for mound duty.

Some Fielders.

Evans has some candidates for in and outfield positions, and although there has been but little chance for real fielding practice, some of these men have displayed a degree of ability that gives promise to say the least. Naturally without a chance for heavy practice little line has been obtained on the true worth of the men working out and the coach himself is not able to give the entire layout his all the asset of a Chinese puzzle just now.

'It is a case of pulling from the lineup to the edge, job, and when that is done I don't know that I'll have a baseball team, but I am going to try hard,' says Evans. Strangely enough, while the pitching roll is relatively in the twilight, and the coach offers for backstopping duty, to feel there are not enough windup warriors on the field to work out the rookie barriers, two being at that showed up yesterday. There are several men for each position on the diamond and in the field, and if the coach gets a few more days like yesterday there'll be a general meeting out of the multitude before the middle of next week. At present there are not enough men of some class and some of no class to make up a baseball lineup. The coach himself is not able to give the entire layout his all the asset of a Chinese puzzle just now.

Bobby Hay Bearce.

While Evans' rookies disposed themselves all over the nautic portion of the Lincoln field yesterday Coach Robey held a ten-minute meeting conference with a bunch of the 'craggy' youngsters. This outfit consisted of such men, sprinters, short and long distance men, substitutes, and fling men, and others and various. A number of the in-laneball section may have been called, where but a few will be chosen. But all are ambitious and the promise is that Robey will be able to pick out some likely men for the season's track and field activity. In fact, there are some men right now who have shown that they have the color, and can be named at any time for the team. Others are in process of making. Robey will in a few days, be able to lay his finger on the men who will represent the school in the big distance race to come off. At present a noteworthy pioneering effort is being worked out by both Robey and Evans and the foundation being built for a future athletic structure to be raised upon.

If your property is desirable, and is advertised in the classified—you'll find your boys.

RUPERT ATHLETE IS TO REPRESENT VARSITY AT MEET

Neal Irving is Entered in the Pentathlon Event, Director Announces

UNIVERSITY OF IDAHO, Moscow, (Special)—The University of Idaho will be represented in the Seattle relay, which takes place April 23, by Irving of Rupert in the pentathlon event. Thomas Kelley, director of athletics, announced today.

'As Idaho has practically the same team that were on the track last year, and in addition a promising bunch of material from the freshman class, we hope by hard work to put a strong team in the field,' said Coach Kelley.

'The pentathlon is a comparatively new event here and as Idaho has two of the strongest pentathlon men in the west, we hope to show good in this event. Perrine was a place on the U. S. Olympic team, competing against the best athletes in the country, and Irving narrowly missed placing in the first tryouts. These men are now working out daily and by the date of the meet will be in excellent condition.'

GOING TO BERKELEY.

ANN ARBOR, Mich. (P)—Coach Farrell and 15 members of the Michigan track team will leave here tonight for Berkeley where, next week, the Wolverines will meet the University of California. The Michigan team, in which Captain Butler, Simmons, West, Lee, Feltus, Burkholder, Douglas, Freiber, Crutcher, Dunne, Westbrook, Stipe, VanOrdon and Hoff, stars.

MATHEN READY.

AMES, Ia. (P)—Iowa State wrestlers were in prime condition for their meet tonight with the Penn State team. The Iowa team will be the same that went through most of the past season. Groth, of the 158-pound class is recovering from a wounded leg, but expects to start.

FOX CHOSEN CAPTAIN.

UNIVERSITY OF IDAHO, Moscow, (Special)—'Blitz' Fox of Moscow, formerly of New Berne, was last night chosen captain of the Idaho Vandals for 1921-22. Fox will be one of the Vandals' most dependable players and works equally well at guard or forward.

'Come at once'

HAVE you ever received this message in the middle of the night?

Perhaps it concerned someone dear to you lying ill in the hospital.

Messages like that have a way of arriving in the middle of the night. Urgent, serious messages!

But the fact that it is night does not cripple your quick answer to that call.

Instantly, with one movement of your hand, your house is lighted, making great speed possible. On the way to the hospital, streets, with their brilliant lamps, give you encouragement. The world is not so dark a place after all.

The great hospital, itself, is throbbing with activity. Science, surgery, nurses no longer wait for daytime to aid them in relieving pain—in saving lives.

The operating room, with its great white lights and the X-ray apparatus, is as busy at two in the morning as at ten.

The marvelous advance in delicate surgery is due in no small degree to the recent application of electricity to the needs of science.

Out of your pocket on such a night comes a realization of how electricity is helping you, and helping that loved one in the hospital.

Behind all this light—what? Every single electric bulb in the country glows against the background of huge dams and water turbines (in the case of water power), or the tremendous boilers, turbines, engines and generators (in steam plants) and against the wires of high-tension transmission lines and the innumerable smaller wires stretching like a web from your very bedside out over the whole country.

And still behind these—what? A thrilling story of thrift and investment. The story of some 1,450,000 men and women who by their thrift are investing millions of dollars in the electric light and power industry. These investors not only provide for themselves a steady income, but for their fellow citizens a service that today is an absolute necessity to our business and social life.

BALLROOM TRANSFORMED INTO COLORFUL BOWEN

Committee Gives Artistic Touch to Pavilion for Legion's Soiree

A score of members of the American Legion and of the Women's Auxiliary, began at 6 o'clock this morning to transform the Lavington pavilion into a colorful and beautiful structure in preparation for the military ball this evening. Under the hands of these workers the balcony has become a great expanse of green spangled with thousands of roses made by auxiliary members, while the Legion's colors of blue and gold have been used with splendid effect throughout the hall.

In addition to a program of seventeen numbers the committee has arranged several feature dances concerning which the details are kept a deep secret. The affair is to be opened promptly at 8 o'clock with a grand march and all guests are urged to be on hand for this event.

Committees in charge of the affair named for the Legion are Merlin Bayley, chairman; Ralph Pink, invitations; A. Wilton Peck, decorations; J. G. Thorp, programs; Sidney Graves, feature dance. Co-operating with these committees, the Women's Auxiliary has appointed a committee composed of Mrs. C. L. DeLong, chairman; Mrs. George P. Leppin, invitations; Mrs. Wendell J. Allen, decorations; Mrs. George P. Leppin, refreshments; Mrs. L. Friedman, check room.

Patrons and patronesses named are Mr. and Mrs. Hal G. Blue, Dr. and Mrs. H. W. Cloubeck, Mr. and Mrs. O. P. Duvally, Mr. and Mrs. Barton Morse; Captain and Mrs. P. W. Meloberts; Mr. and Mrs. E. J. Ostrander; Mr. and Mrs. Acher B. Wilson.

Today's Markets

WHEAT AT NEW LOW LEVEL.
 May Futures Drop to \$1.29 a Bushel on Minneapolis Markets

CHICAGO, (AP)—All deliveries of wheat, corn and oats tumbled downward to new low record prices for the season. Liquidation on the part of holders developed again in the wheat market after shorts had covered at the opening and had left the market without one of the usual sources of support. The increase of bearish sentiment was ascribed in a considerable degree to nervousness regarding European political and economic affairs, especially the British coal miners strike. Opening

prices, which varied from unchanged figures to 3-4c higher, with May \$1.59 1/2 to 1.59 and July \$1.19 3/4 to 1.20 1/4, were followed by moderate general sales and then by sharp breaks all around.

Bearish crop estimates attracted considerable notice. On the break in prices, fresh export demand became evident in raling the market. The close was heavy. 3 1/2 to 5 1/4 not lower, with May \$1.34 3/4 to 1.35 and July \$1.14 1/2 to 1.14 3/4.

Corn sagged with wheat. After opening a shade off to 1-2c advance, including May at \$0.32 to \$0.34c, the market advanced a little more, but then descended well below yesterday's finish.

Rallies were feeble. The market closed weak, 7-8 to 1-4 not lower, with May \$0.15 to \$0.16 1/2 to 3-4c.

Oats were depressed by the downward tendency of other cereals, starting 1-8 to 1-4 to 3-2c up, July 40 to 40 1/8c, and later sagging material losses.

Lower quotations on hogs weakened provisions.

Chicago Livestock
CHICAGO, (AP)—Cattle: receipts 3,000; beef steers steady to strong, spots higher; top \$9.55; bulk \$8.50 to \$9.00; all other grades and classes steady; bulk butchers cows and heifers \$5.50 to \$7.50; canners and cutters largely \$3 to \$4.50; veal calves largely \$7.50 to \$8; stockers and feeder steers mostly \$7 to \$8.25.
 Hogs—Receipts 10,000; fairly active; lights 10c to 25c lower; others 10c to 15c lower than yesterday's average; top 10.15 early; contractive few over \$10; bulk 200 pounds down \$0.75 to \$1; bulk 220 pounds up \$0.75 to \$0.90; pig 10c to 25c lower; bulk desirable 90 to 125 pigs mostly \$9.75 to \$10.
 Sheep—Receipts 1,000, generally steady; woolled lambs top \$9.75; bulk \$9 to \$9.50; best 82 to 93 pounds clipper \$8.50 to 10 to \$7.75; choice 123 pound woolled wethers \$7.15.

New York Stock Market
NEW YORK, (AP)—Reactionary influences dominated today's dull and uncertain stock market, traders for the

most part making variable concessions to further professional pressure. Sales approximated 550,000 shares.
 The stock market was under renewed selling pressure at the outset of today's trading. Shorts evidently based their operations on the more unfavorable tenor of overnight advices. Stocks, oils, motors and rails constituted the heaviest features. Crucible and Bethlehem steels, Studebaker, Mexican Petroleum and Reading forfeited large fractions to a 1 1/2 point decline. The first half hour, Mexican Petroleum increasing its loss to nearly 2 points, and a 1 1/2 point advance in Atlantic Gulf reflected the conflicting movements of the interdealings. Motors and steels advanced on supporting orders. The closing was irregular.

Liberty Bonds
NEW YORK, (AP)—Liberty bonds closed: 8 1/2's \$90.38; first 4's \$87.16; second 4's \$87.10; first 4 1/4's \$87.52; second 4 1/4's \$87.10; third \$90.14; fourth 4 1/4's \$87.16; Victory 3 3/4's \$87.50; Victory 3 4's \$97.58.

Sugar
NEW YORK, (AP)—Raw sugar was unsettled early. The Cuban committee reported that it had raised its price of port Cuba's to the basis of now, or 15-16c cost and freight, equal to \$27 for centrifugal. Uncontrolled sugars, however, are offered at \$22 for centrifugal. There were sales outside of the committee of 21,000 bags of Cuba's for early May shipment at 6c cost and freight, equal to \$5.02 for centrifugal. Refined sugar was quiet at 8c for fine granulated.

Potatoes
CHICAGO, (AP)—Potatoes weak; receipts 33 cars; Northern White sacked and bulk, \$1.10 to \$1.15 cwt.; Minnesota Kings \$1 cwt.; Red River Whites \$1.25 to \$1.30 cwt.

DR. UPIAM SEES USEFULNESS IN MODERN TRAITS

University of Idaho President Tells Teachers Young Peoples' Tendencies Contain Possibilities for Good

SPOKANE, Wash., (UP)—Modern tendencies of thought among young people of the United States and their utilization for the better by the intellectual advancement of the rising generation were discussed by Dr. A. H. Upham, president of the University of Idaho before the annual convention of the Inland Empire Teachers' association under the subject "The Children's Soviet."

"Many of the things which have disturbed these days by the independence of spirit and the excesses of conduct displayed by our young people in and out of school," Dr. Upham said. "Girls they say, seem to ignore all the bounds of modesty in their attire. They affect artificial complexions and vampire gowns and profess to scorn clothes that they characterize as 'G. E. and G.'—sweet, simple and girlish. Boys and girls both check their elders by their speech and habits, and seem very largely intent on amusements, particularly dancing. Their acquaintance with life, secured chiefly through the movies includes details carefully concealed from children of other generations, and leads them to assume a hardened and self-felled air toward all this old world has to offer."

Britishing to Grow-ups. "No doubt much of this is true, but more irritating still to grow-ups is the undoubted fact that the young people do not claim many of these things as their rights and are not timid about asserting them. Without organization or officers or by-laws, it all seems as if all over our land there is a vast soviet of children, bent to question all constituted authority and take over the direction of their own affairs."

Dr. Upham cited editorial comment of school and college papers, "walk outs" over moral affairs, and like evidence of such a spirit. Such a spirit has been evidenced in the past, he said, in the present recurrence of such particular cause for worry. He cited "socialism of all degrees, I. W. W. the ories and Bolshevism" as contributing causes and declared that "all constituted authority has been on the defensive." "If only we keep our heads conditions will probably right themselves," he declared.

"To me this exaggerated sense of right, and this assumption of autonomy among young people are among the biggest things of our generation," Dr. Upham continued. "If we can utilize the good that is in this self-assertion, the final result will be practical character building of the highest type. Even the craze for amusement is fundamentally natural and wholesome, reminding us that we cannot keep too play spirit out of education. If young people undertake to govern themselves and exercise their sense of right, they need only tactful, sympathetic guidance to develop that most important of social factors, the community spirit."

Schools Use Opportunity. Happily, the very methods best calculated to make the most of the modern spirit in our children are now being used in our leading schools. They are as yet experimental and may need considerable refining. But much the same thing is going on in our industries and in our homes. It is a sign of a healthy nation, ready to heed the call of duty, that we should listen to pupils or employees when they seek to know why, their work leading them, or to have any about conditions under which they do it.

"The danger in all this lies in sentimentality, much about it. These youngsters are not to have all wisdom ascribed to them just because they are young, and they have no occasion for self-pity over the hardships they have endured. They are sound and wholesome at heart; but that does not necessitate much of this."

early may that their first impulses are always safe and dependable. All the sentimentalism of the eighteenth century had its part in that doctrine which arrayed natural impulses against social custom and constituted authority to the glory of the former. That same sentimentalism is still abundant, seeking to glorify all those who fly law and order and to make martyrs of them. Martyrs' crowns are not becoming to children."

Social Notes

Edited by Mrs. E. H. Williams Telephone 895

Mr. and Mrs. E. M. Whitney and Mr. and Mrs. J. C. McKinley entertained at the Whitney home Thursday evening at 7:30 P. M. A very nice dinner luncheon was served at midnight to the following guests: Messrs. and Mrs. H. Patton, Frank McCormick, J. W. Porter, Vernon Corbourn, Fred Kus, Earl Patten, E. P. McNew, E. P. Patton, Mr. Gwynn and Miss Avis Rudolph.

On the afternoon of March 31 about seventy of the friends of Mr. and Mrs. C. Fahmy met and went in a body to their home for a surprise on Mrs. Fahmy in honor of her birthday. She was highly engaged in a previously arranged telephone conversation while all the guests gathered in the front rooms without her knowledge. A fine course of refreshments was served and all reported a delightful time. She was presented with a beautiful centerpiece, a bouquet of roses and an angel food birthday cake.

Little Virginia Ruth Patton entertained at a party Thursday afternoon at the home of her parents, Mr. and Mrs. J. A. Patten, in honor of her first birthday. Many dainty gifts were presented by the little hostess. After a pleasant afternoon the guests were seated at a table prettily decorated with blue and white and having as a centerpiece a beautiful birthday cake. Dainty refreshments were served. Those present were Lorraine Williams, Florence Patton, Vivian Ross, Betty and Patsy Patton, Dorothy Harwood, Margaret Zacharias, Marie Adeline Soles, Georgia Fryer, Helen Lewis, Billy Blackmer, Leroy and Donald Knopp, Homer Ross.

The Missouri Society held its annual Easter picnic at Shoshone Falls. Those attending were Mr. and Mrs. D. T. Sharp, Ralph Floyd, Wade Sharp, Roy Landiff, Ralph Brown, Mr. and Mrs. Chapman, Mr. and Mrs. G. W. Vernon, Volman and Byron Gwin, Mr. and Mrs. Divine, Cecil Orval and Fannie Divine, Mr. and Mrs. J. AMBASSADOR ISSUES
(Continued from Page One)
terms of their declaration of February 4, 1920.
"In this declaration the council of ambassadors declared the principal allied powers considered that restoration of the Hapsburg dynasty would not be consistent with the principles for which the war had been fought and at variance with the whole basis of the peace settlement, and that such restoration would be neither recognized nor tolerated by them." "Faithful to the principles enunciated in that declaration," continue the resolutions, "the allies have the duty to report that the restoration of the Hapsburgs would imperil the foundation of the peace, and that it could be neither recognized nor tolerated."

"The allied powers count upon the Hungarian government, conscious of the gravity of the situation that would be created by the return to the throne of the former sovereign, to take effective measures to suppress attempts whose success, even momentary, could not but have disastrous consequences for Hungary."

"This declaration will be telegraphed to the allied high commission in Budapest and communicated officially to the Hungarian delegation in Paris and the representatives of the bordering states of Czechoslovakia, Jugoslavia, Rumania and Poland."

FITTING MEMORIAL

The proposal that the name of the late Major Fred Remington Reed be given to the great dam to be built at American Falls to impound waters for reclamation of another vast area in Southern Idaho is one that should strike a responsive chord throughout the State, and especially in communities like Twin Falls which knew Major Reed to well and has been so much benefited through his activities.

It is right, a proper that there should be some permanent and tangible monument to Idaho's foremost advocate of reclamation and pre-eminent disciple of the gospel of human comradeship, so that the memory of him may be kept given after we have known him in the flesh shall join with him in another sphere. And no more suitable monument could be erected than this stupendous dam, which is to be the keystone in a project for which he labored diligently and most effectively.

The proposal is a good one. Let us contribute whatever we may toward its fulfillment.

THE AIR ROUTE

The fact that the first commercial airplane flights across the Atlantic will probably be made during the coming summer has a far deeper significance than the mere possibilities of business which it entails.

Economically, an airplane fleet between New York and London would mean that these cities were no farther apart than New York and Chicago are today. The flight, it is estimated by the makers of the new Napier motor, will take but 24 hours.

The saving in interest in the transportation of financial documents alone will pay for the proposed group of four planes many times over.

It is proposed to charge \$1 an ounce for mail. Even that rate will be far cheaper than cable. And it will pay passengers return to the owners. The passenger planes with a capacity of 20 persons would bring in about \$20,000 for each trip.

OPINIONS

(Report Republican.) Many and varied elements enter into what most people are pleased to call "readjustment," which means, in plain English, getting back to living upon one's own income.

The greatest factor in this scheme of things is the individual. Most of us have been living for too long. To admit the fact and get down off the pedestal is where the slow pinch.

Having decided in favor of private ownership and management of the railroads, the people of the United States are desirous of one that can give the most successful carrying out of this program, and that the railroads undertake to solve their problems with a little recourse as possible to govern.

the expectation that the standard structure shall not by a hybrid affair—half private and half government—soon legislators, and some railroad officials, are desirous to desire. That private management is encountering many serious difficulties will have to be conceded. To the extent that there are the result of government policy, there is no question about it being the duty of the government to remove them. But when this shall have been done, if the roads find themselves unable to function efficiently, it will only be honest to confess that private management is no longer practicable without government support or subsidy.

logical thing will be to turn the whole business over to the government again, no matter what the present objections to such a course may be. It is a laudable intention, but the very life-blood of commerce. It must not be allowed, for any cause whatever, to become sluggish or impoverished. This is the consideration which is most against, the unwisdom of attempting too many "economies" at the expense of efficiency; but it is also the same consideration which points out the impossibility of continuing to grow under war-time expenses—wages for example—when post-war conditions have not yet been restored and the elements are everywhere under way. The situation in a nutshell is that no class of industry may consistently claim immunity to the new conditions, or refuse to accommodate itself to them, if such immunity or refusal means that the industry itself must either be bankrupted in maintaining the former standards of efficiency, or be forced to make up the deficit.

BERGER

BERGER, Idaho—W. C. D. paid a visit to Twin Falls one day last week. B. E. Dudley and family were visitors Sunday. The Rev. G. M. Young of Hollister entertained the people at Haggard in the schoolhouse with an illustrated lecture Wednesday evening. The program was very interesting.

Mr. and Mrs. A. E. Jones will present a play at Twin Falls Saturday. Howard Pierce returned from the state university at Moscow Sunday. He will visit Twin Falls Saturday. Mrs. Christian and daughters Mattie and Lilly, motored to Twin Falls and Filer Saturday.

Mr. and Mrs. G. M. Jones will present here, next Sunday. George McGregor, F. W. Berger, Contractor E. L. Mollin and J. C. Clever will give a play at Twin Falls Saturday. The Misses Laura Flood and Gladys Hegner, teachers of Berger schools were entertained at dinner at the home of Mr. and Mrs. O. E. Parrott Sunday.

Hugh Dodd was a business visitor to Twin Falls Friday. H. C. Ericson was entertained at dinner by Mr. and Mrs. E. L. Mollin Sunday. W. H. Wycal was transacting business in Filer Saturday.

MURTAUGH

MURTAUGH, Idaho — Miss Susie BURGET underwent an operation for an abscess at a Twin Falls hospital in Twin Falls Thursday morning. She is reported to be doing nicely.

Ralph Worrell has returned from Kansas City, Mo., where he has spent several months. Mr. and Mrs. P. J. Fahy and daughter, Katherine, attended the Easter services at Kimberly Sunday evening.

Dr. and Mrs. J. N. Davis of Kimberly were Murtaugh visitors Sunday. Mr. and Mrs. W. E. Siefkas motored to Twin Falls Monday and visited friends.

Alfred Hoover and family on Monday moved to the Julian Johnson home which they recently purchased. Mrs. Henry Beer and daughter, Helen Ince, returned home Sunday from Seattle, where they have been visiting at the home of Mrs. Beer's parents.

The Ladies' Aid met at the home of Mrs. George Baker Thursday afternoon. A most enjoyable social afternoon was spent.

Mrs. Francis Lee Johnson is visiting at the home of her daughter, Mrs. Grant Smur at Nampa. Mr. and Mrs. Robert Willmette entertained a number of friends at their home Tuesday evening.

John E. Ault, probation officer, of Twin Falls visited the schools here Tuesday. Thirty thousand eastern brook trout were sent here March 26 from Hay Spur, hatchery to stock Dry Creek. This stream, which is now depleted, has been one of the best fishing resorts in the country.

The Murtagh students who entered the subdivision school exam contest held at Kimberly Friday March 25 were: Glen Jain and Edwin True entered in arithmetic, Floyd Hall and Thelma Glasgow in language, Howard Hall and Dorothy Carman in geography, Dora Williams and Lucille Taylor in spelling. Howard Hall won first place in geography. Glen Jain second place in arithmetic and Floyd Hall second place in language.

A very nice Easter program was given at the Methodist church Sunday morning. Mr. and Mrs. Lew Sawlages and children and Mrs. T. D. Nash motored to Twin Falls Monday and spent the day.

Oletha Goodman entertained a number of her little friends at her home Saturday afternoon. A most delightful hour was spent in coloring Easter eggs. The L. D. S. primary met at the church Saturday afternoon. Games were enjoyed and the children had all the eggs they desired.

Easter was observed by the Union Sunday school by special services on Sunday morning. FILER, Idaho—Mrs. Frank Hayes has resigned as teacher at the Washington district. Mrs. Hayes has been in poor health for the past year owing to this she was obliged to give up her school work.

Mr. and Mrs. J. P. Mallory and children and J. A. Johnson were dinner guests Sunday at the country home of Mr. and Mrs. E. P. Tolson. The Easter cantata, "Life Ever Lasting," given at the M. E. church Sunday evening, under the direction of Leonard Wood, was well received and showed the careful and patient work of Mr. Wood. The church was crowded to a full capacity, no standing room was to be found and hundreds of people were obliged to return home in disappointment. At the close of the cantata, Rev. C. E. Dool suggested that

the program be repeated Sunday, (April 3).

J. E. Stromp of Council spent several days here on business last week. Roland Young returned last week's home in Oregon, after several days spent here attending to business.

Mrs. J. L. Edwards is spending the week in Hansen, where he has resumed his work on the new school house which was started in the fall. Mrs. J. L. Edwards and Mrs. D. H. Davis were shoppers in Twin Falls Sunday.

Mrs. R. C. Reynolds, L. M. Smith, J. A. Johnson, Harry Hammerquist and T. E. Moor were among the King's Temple who attended services at the Presbyterian church in a body in uniform. C. E. Rudy of Bull was a business caller here Tuesday.

AN OLD RECIPE TO DARKEN HAIR Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Year after year the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Worrell's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that your darkened hair, as it does so naturally and softly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning, the gray hair disappears, and after another application or two, your hair becomes beautifully black, rich and glossy and you look years younger.—adv.

If your property is desirable, and is advertised in the classified—you'll find your buyer.

INTEREST DEVELOPING IN BIG "DOLLAR DAYS"

Practically All Lines of Commercial Endeavor Will Participate in Event

Judging from the questions being asked and the interest being evidenced, Twin Falls Dollar days bid fair to be classed among the really big events of the season.

Practically every line of business endeavor in the city and almost without exception, every business man is co-operating with the chamber of commerce and the various committees in effort to make these days long remembered.

Every merchant is busy picking out special bargains to be placed on sale these two days, April 15 and 16. There will be bargains and more bargains. Arrangements are being made to enable our old friend "Dollar Bill" to go farther and do more good, than ever before.

PRIZE WINNERS WILL GET FREE EAST TRIP

Amount to be Host to Idaho and Lasso Club Champions This Year

An agreement has just been completed by W. T. McCall, state club leader, Boise, and Armour's bureau of agricultural research and economics, which provides for free trips to Chicago and the International Livestock Exposition for the state champion pig grower.

The winner will be selected by the state club leader, and three members of the state college staff, who will pass on the records of the various club members. The winner will be announced about three weeks before the trip is to be made.

While in Chicago the winner will have a very interesting week's tour outlined, consisting of a day and evening at the stock show, trips through the packing plant, the financial district, museums, department stores, industrial works, parks and movies, on entertainments, and everything that goes to make a good time.

Any Idaho boy or girl can enter this contest by getting in touch with the county club leader, county agent, or by writing to the state club leader directly.

Deaths

Mrs. Celia Heltran Vasquez, aged 27 years, wife of Porfirio Vasquez, died this morning at a local hospital from tubercular peritonitis. The body is at the Grossman's undertaking establishment, pending the completion of funeral arrangements. Deceased is a native of Durango, Mexico. She came to California seven years ago where two years later she was married to Mr. Vasquez. For two years past they have resided their home near Kimberly, where Mrs. Vasquez is engaged in farming. Deceased leaves beside her husband a seven weeks old daughter, Enriqueta, and relatives in Durango.

MUST RAISE \$16,000 OR BUST

Mr. Jacobs just returned from New York on buying trip for the last three months. She bought very heavy, anticipating a large spring business. Owing to the local conditions she has decided to place on sale the entire stock of the Twin Falls and Barley Fashion Shoes immediately, in order to raise the ready cash, regardless of what the goods were bought for.

The Fashion Shops have advertised this sale all over the Twin Falls tract and will no doubt raise the \$15,000 which they must have in order to meet the creditors' demands. The sale is closed today to rearrange and mark down the stock. The sale opens Saturday at 10 a. m.—adv.
