LLOYD-GEORGE BRINGS ABOUT STRIKE TROUCE

British Mine Owners and Striking Employees Confer on Possible Settlement of Controversy Causing Walkouts

LONDON (AP)—Secretary of the following summary of the strike situation, which reflects the semi-official viewpoint:

The fact that the miners have now agreed to meet the owners is regarded as positive evidence that the strike is certain to be settled.

The conference arranged on Saturday last, at which intensive negotiations by the whole country.

The eventual resumption of work at a lower wage scale will, it is expected, produce an upward fall in the cost of living, with, at the same time, a proportionate improvement in the value of wages. In fact, it is anticipated that such a settlement will be the turning point in the depression which has been so marked of late.

Throughout the strike there has been no loss of human life and the communities who hoped to reap a harvest, now, it is hoped, realize the significance of their influence among the British working class. The situation that the government is prepared to grant monetary assistance to tide over the rough difficulty in unproductive districts has greatly eased the situation.

LONDON (AP)—British mine owners and their striking employees conferred on Saturday in the afternoon on a possible settlement of the controversy which led to the miners' walkout last week.

Throughout the strike there has been no loss of human life and the communities who hoped to reap a harvest, now, it is hoped, realize the significance of their influence among the British working class.

The situation that the government is prepared to grant monetary assistance to tide over the rough difficulty in unproductive districts has greatly eased the situation.

Germans Prepare to Use Force in Defense of Claim

Twenty Fully Equipped Battalions Ready for Action in Upper Silesia

PARIS (AP)—Dispatches received from the committee in Upper Silesia, which supervised the recent plebiscite, there, declare a complete German military organization numbering 20 battalions, with a full complement of machine guns and other arms and munitions, is ready for action in case the German claims for Upper Silesia are rejected by the allied supreme council.

GREEKS RETIRE ON TWO FRONTS

Turks Press Advantage on Sectors at North and South of Brusa

PARIS (AP)—The Turks have launched an offensive against the Greeks from Denizli, 100 miles east of the frontier, in the direction of Serai-Kol in an endeavor to envelope the right wing of the Greeks, says a dispatch from Constantinople today.

PARIS (AP)—News from Asia Minor received in Paris during the past 24 hours indicates that the Turks are pressing the Greeks in the southern sector, as well as to the north in the region of Brusa.

Afium-Karahlissah, the important junction point on the Bagdad railway has been retaken by the Turks.

Three divisions of the Greek northern army have lost an aggregate of 3200 killed and wounded.

PROTESTS SEATING OF VIRGINIA REPUBLICAN

Democrat Charges Bird Spent Too Much Money in Campaign to Become Representative

WASHINGTON (AP)—The seating of Edward E. Bird as a Republican representative from the eighth Kansas district has provoked on the floor of the House of Representatives, today, the loudest protest since the House, Democrat, Virginia, at his own suggestion, Dr. Bird should aside until the other members had been sworn.

Mr. Flood charged that Mr. Bird's own statement of campaign expenditures showed that he had spent more than \$10,000, twice the amount a candidate for representative was permitted to spend under the federal corrupt practices act.

The House adopted a resolution by Representative Mansfield, republican, seating Mr. Bird.

IDAHO WEATHER

Tonight and Tuesday fair and colder; heavy frost in morning.

FLASHES FROM THE WIRE

PORTLAND, Ore. (AP)—Major H. R. Arnold, commanding the western detachment of the air service of the army, started from here today at 8:15 in an airplane for San Francisco to race six airplanes, the first of which was released at 8:05 a. m. by Governor Ben W. Olcott.

MOULTON, Iowa. (AP)—Mystery surrounds the burning of the home of Orval D. Dilling, prominent banker of county, Moulton, Iowa, which occurred last Saturday night and the finding in the ruins upon Sunday morning of what is believed to be the charred body of the owner of the property.

NEW YORK (AP)—Dr. Estaban Gil Borges, foreign minister of Venezuela, arrived here today at the head of a military mission representing the Venezuelan government which will present a statute of Simon Bolivar to the city of New York on April 15.

HURON, S. D. (AP)—Acting through the sheriff yesterday, Charles P. Warren, state's attorney, caused cancellation under the "blue laws" of the engagement of a minstrel troupe which was scheduled to give two Sunday performances here.

CHICAGO (AP)—James Carey, the 19 year old bank cashier of Ottawa, Ill., whose theft of about \$36,000 last November was followed by widespread criticism of Judge Landis when the latter permitted the youthful culprit to return home pending sentence, was today sentenced by Judge Landis to serve one year in the national training school for boys at Washington, D. C.

SEKS ABOLISHMENT OF RAILROAD LABOR BOARD

Representative Tinsler of Kansas Asks Congress to Act to Work of Commerce Commission

RULES STATES' LAW SUPERIOR TO DRUG ACT

Supreme Court Holds State Statutes on Narcotics Traffic Take Precedence Over Federal Legislation

WASHINGTON, D. C., (AP)—State laws dealing with illegal traffic in drugs are enforceable even in conflict with the federal narcotic act, the supreme court of Minnesota refusing to grant a writ of habeas corpus to a convict because the offense with which he was convicted was not covered by the federal laws, was affirmed today.

HOLDS RED RIVER SOUTH BANK SEPARATES STATES

WASHINGTON, (AP)—The boundary between Oklahoma and Texas follows the south bank of the Red river, the supreme court held today in deciding the dispute between the two states. The treaty of 1810 between the United States and Spain made the southern bank the boundary, and after a long and complicated negotiation between Secretary of State Adams and the Spanish envoy at that time when Texas was a part of Mexico, by "every consideration," the court added, that decision of the boundary was just and legal.

Oil lands in the Red river valley valued at many millions of dollars were involved in the suit. The lands have been in the hands of a receiver appointed by the supreme court a year ago on motion of the government which intervened in the dispute between the states.

Involves Rich Property OKLAHOMA CITY, Okla. (AP)—Property valued for more than \$200,000, 000 and in which thousands of persons are interested either by title or lease, is involved in the decision handed down today by the United States supreme court in the Red river boundary case, according to S. P. Freeling, state attorney-general.

The Red river case grew out of a suit brought by the state of OKLAHOMA which claimed title to valuable oil deposits lying in the shallow waters of the river. Had the center of the river been held by the state line as Texas claimed, the oil wells in operation would have been thrown into Texas.

ORDERS CANCELLATION OF NORTHERN PACIFIC GRANTS

WASHINGTON, (AP)—Temporary cancellation of a patent granted to the Northern Pacific railway covering 57,600 acres located in Gallatin county, Montana, was ordered today by the supreme court. The road was given the right, however, to produce further evidence to support its claim to the patent.

The case came to the court on an appeal from a decision of lower courts upholding the road's claim. The government contended that before the road's claim was filed the land had been within.

(Continued on Page Five)

Congress Marks Time Until Harding Speaks

Re-organization of House and Introduction of Fully 1000 Bills Occupied First Day of Session

FORDNEY EMERGENCY TARIFF BILL IS PRESENTED UNDER NEW NAME

VETERAN BILLS GIVEN CONGRESS

Fighting Men of Civil War and World Conflict Figure in Proposed Legislation

WASHINGTON, D. C., (AP)—Among the numerous bills introduced in congress today was one by Representative Foster, republican, Ohio, for the payment of civil war pensions monthly instead of quarterly.

Other bills included: Soldier bonus by Chairman Fordney of the ways and means committee.

The Johnson immigration bill passed by the last house and rejected by the senate.

A bill to consolidate in a "veterans' bureau" in the treasury department of all agencies dealing with soldier aid was introduced by Representative Sweet, republican, Iowa.

The transfer commission claims from the war risk bureau to the present office.

The Merchant road bill, providing for an annual appropriation of \$75,000,000 in each of the next four years as compared to \$100,000,000 in the bill which failed at the last session.

SUPREME COURT REFUSES TO REVIEW HAYWOOD CASE

Action Taken Closes Long Fight to Save I. W. W. Members from Prison

WASHINGTON, (AP)—The supreme court today refused to review the conviction of William D. Haywood and more than 70 other members of the I. W. W., on charges of having conspired to obstruct the war activities of the government.

Refusal of the supreme court to interfere, closes the long fight to save Haywood and his fellow prisoners.

Only presidential pardon can now prevent their entering upon the sentences imposed.

Petition for review was based on the contention that federal agents in conducting raids on the homes and offices of officials of the I. W. W. on September 5, 1917, acted without search warrants and that the evidence thus obtained was illegal, under recent rulings of the supreme court.

Specifically, Haywood and his associates were charged with obstructing the war effort and violation of the espionage act.

ORDERS LORD MAYOR OF CORK TO LEAVE AMERICA

Secretary Davis Sets Sixty Day Time Limit for O'Callaghan's Departure

WASHINGTON, D. C., (AP)—Under orders issued today by Secretary Davis, Donal J. O'Callaghan, lord mayor of Cork, who arrived in this country on a temporary visit January 4, may be deported by immigration officials any time after June 5 should he not leave the country before that time.

The occupation of Ireland given 60 days to leave the country from the date of the decision of the state department holding that he was not entitled to asylum as a political refugee.

Secretary Davis stated that he accepted the advice of his professor that O'Callaghan was a villain and as such entitled to a reasonable time in which to reshuffle for a foreign port.

BRITAIN SEEKS ADJUSTMENT IN DISPUTE ON OIL

Suggests Appointment of American Commissioner to Confer Directly with British Petroleum Commission

WASHINGTON, D. C., (AP)—Adjustment of the dispute between the United States and Great Britain growing out of the oil agreements on oil reserves in Mesopotamia has been suggested informally to the United States. It was learned today officially.

The plan proposed was a memorandum to the state department, but not made in such manner as to place the necessity for decision upon this government until more definite representations are made.

It was proposed that the United States appoint a commissioner to confer with the British petroleum commission in the belief that such negotiations would lead to a more speedy adjustment than might be expected through usual diplomatic agents.

Harding Puts Finishing Touches on His Message

President Delivers Himself to Callers and Devotes Full Time to Address Before Congress

WASHINGTON, D. C., (AP)—While congress was assembling today in special session, President Harding devoted himself to callers and worked on the message he will deliver tomorrow in preference to a joint session of the senate and house.

For many years Mr. Harding has prepared his speeches and other documents in longhand, and has followed the custom with his message, writing with a lead pencil and turning the finished product over to stenographers after carefully revising it.

It is believed that the message would not be complete until tonight or possibly tomorrow.

DAVIS ASKS FOR TEETH IN CONCILIATION ACTS

Secretary of Labor Seeks Further Powers in Settling Industrial Disputes

WASHINGTON, (AP)—Legislation to put "teeth" into new conciliation efforts to conciliate labor disputes was urged today by Secretary Davis. Both sides should be compelled to live up to agreements made when conciliation arbitrators they have accepted, he said.

"This is not compulsory arbitration," Mr. Davis said, "it does not believe it feasible to have agents the right of workmen to strike, but I believe there should be laws to make all parties to labor disputes try to get through to a settlement."

"I believe there should be a law to compel both sides to live up to the terms of any agreement they reach," Mr. Davis said.

"I believe there should be a law to live up to his decisions," Mr. Davis said.

Mr. Davis said unemployment throughout the country was increasing but that most workers had saved enough to tide them over the crisis.

France Grows Weary of German Procrastination

It is thought in official circles here that the Berlin government is well aware that there can be no room for procrastination after the crisis of the month. Hence, after failing to interest the United States in her case, as the French interpret the outcome of the recent correspondence between Berlin and Washington, Germany is understood to be in a position to attempt to "draw Switzerland into the reparations question as a mediator."

It is understood Czecho-Slovakia has already indicated its readiness for economic penalties against Germany, and even to contribute to military pressure if desired.

Changes in the French government in May, with a cabinet headed by former President Poincaré in power, is predicted in well informed parliamentary circles as the French government should not succeed in putting effective pressure upon Germany.

Paris (AP)—It is no longer doubted in circles here considered to have the best sources of information that France will either allow or be compelled to allow the radical action against Germany if satisfactory arrangements regarding the payment of reparations are not forthcoming by May 1.

DOMESTIC AFFAIRS COME FIRST ON PROGRAMS FOR EXTRAORDINARY SESSION

Peace and Other International Problems are Scheduled to Receive Attention after Questions Relating to Tariff, Internal Revenue and Other Home Legislation are Solved by Congress Assembling Today at Call of President Harding

WASHINGTON, (AP)—Reconstruction of American affairs at home and abroad is the theme of the sixty-seventh congress, assembling at noon today in extraordinary session at the call of President Harding. A vast expansion of legislation, promising to prolong the session, confronts the new congress, the first to convene since the death of President Wilson.

Programs of the senate and house for today's opening were confined to organization. The work of the new congress, however, is to be set in motion by special conferences of leaders, awaited formal deliberation, tomorrow or Wednesday, in President Harding's message. This was expected to deal primarily with domestic affairs, tariff, internal revenue and other home legislation. Peace and other international problems were scheduled for attention later in the session.

Marks Republicans' Return

The special session beginning today—which will be the first of three—marks the return of the republican party to complete national control. Since President Taft's time have the republican party, the senate and the government departments all been under republican rule. The senate convenes with 59 republicans and 37 democrats and the house with 200 republicans and 132 democrats, and one socialist.

Pre-embled in the extra session

Program is fiscal in legislation. This is the first of three emergency tariff bills, in line for immediate action, anti-dumping legislation, substitution of American for foreign valuations of imported goods, permanent tariff revision, a new internal revenue tax law, the budget system bill, and the soldiers' bonus bill. Other measures are those for reorganization of government, declaration of emergency, and reclassification of federal salary and wage scales.

Flood Starts in House

The opening flood of bills and resolutions which failed during the last congress which adjourned March 4 last, always begins the house session. The flood of bills and resolutions comes tomorrow.

Most of the senate and house members, new and old, were present for today's opening. Although preliminary, the opening session always is the magnet for spectators. The senate having organized during its special session after March 4, interest today centered in the house proceedings.

House Program

The house program today follows: 10:30—Prayer by the chaplain, clerk calls house to order.

Prayer by the chaplain and reading, by the clerk of President Harding's proclamation calling congress into extraordinary session.

Clerk Page calls the roll of the house by states in order of alphabetical membership.

Address of speaker, Representative Gillett of Massachusetts, former speaker, being nominated from the republican side, and Representative Kilch of North Carolina from the democratic side.

Speaker Gillett escorted to chair by a committee and after being sworn in delivers a brief address.

House is then organized and sworn in as follows: Clerk, William Tyler Page; sergeant-at-arms, Joseph G. Rodgers; doorkeeper, Bert Kennedy; postmaster, Frank W. Collier—old republican members.

Senate delegations sworn in by Speaker Gillett.

Resolutions adopted appointing committees to assist the president and the senate of the assembling of the house.

Election of republicans and democrats to assist the president and the senate until tomorrow.

Adoption of rules and adjournment until tomorrow.

Senate Schedule Brief

The senate program was similar but more brief because of previous organization. It provided:

Call to order by Vice President Coolidge and opening prayer by chaplain.

Clerk George Sanderson reads president's proclamation calling the extraordinary session.

Swearing in of two new senators, Nebraska and South Dakota and Bureau of New Mexico, republicans, who were not present during the extra session of the senate after March 4.

Roll call and declaration of a constitutional quorum.

Resolutions appointing a committee.

EVER TRY SYNTHETIC CORBIN? TOOK FIVE YEARS TO FIND IT

BOSTON: (Special correspondent.) Millions of dollars worth of good leather is wasted every year in the United States. The volume of discarded leather is said to be more than sufficient to shoe the population of the country were it properly cared for.

A Harvard, the famous chemist, studying the fibers of leather under the microscope and observing the result of various chemical changes, began a series of experiments, and in 1916 he discovered that in forty years, added to popular knowledge, fascinating and useful information about leather.

Now Mr. Howard has just perfected, after five years of research, what he considers his most wonderful discovery. It is a combination of chemicals whose action upon the fibers of leather frees them from the gumming or stuffing influence of chemicals used in tanning, and causes them to resume their normal positions in the hide. Mr. Howard calls his discovery, korite, because of the fact that it is a combination of chemicals used in tanning, and causes them to resume their normal positions in the hide. Mr. Howard calls his discovery, korite, because of the fact that it is a combination of chemicals used in tanning, and causes them to resume their normal positions in the hide.

CREATED A NEWER AND BETTER FIBER FOR THE FIBERS OF LEATHER. THE FIBERS OF LEATHER ARE FREED FROM THE GUMMING OR STUFFING INFLUENCE OF CHEMICALS USED IN TANNING, AND CAUSES THEM TO RESUME THEIR NORMAL POSITIONS IN THE HIDE. MR. HOWARD CALLS HIS DISCOVERY, KORITE, BECAUSE OF THE FACT THAT IT IS A COMBINATION OF CHEMICALS USED IN TANNING, AND CAUSES THEM TO RESUME THEIR NORMAL POSITIONS IN THE HIDE.

One of the many facts that Mr. Howard learned in his microscopic examinations is that the texture of leather is comprised of tiny interlacing fibers which he found he could, in turn, separate into still smaller fibers, and that the displacement of the fibers in tanning is one of the causes of the stiffness of leather.

In korite, Mr. Howard has found an agent which acts on the tiny fibers and causes them to gradually open up under its influence and are restored to their former positions in the leather, thereby softening it. The chemical to render them permanently moisture proof, and exhaustive tests have shown the wearing qualities of the leather to be doubled.

To discover a method that can cut the nation's shoe bill in half should be sufficient reason even for

all his long years of experimentation and research. But Mr. Howard looks forward to still further researches into the mystifying problems of chemistry and physics that are involved in the study of leather, and at sixty-five years of age he confidently expects to put in half or more fruitful years in his absorbing laboratory work.

LARGEST WINTER WHEAT CROPS SINCE YEAR 1915

Jacobson's Statistics Give Basis to Encouragement for Great Yield

According to the report released by Julius E. Jacobson, agricultural statistician of the Idaho crop reporting service, Idaho's winter wheat crop proved to be the largest harvested since 1915 with a total production of approximately nine million bushels. This is one million bushels more than was harvested last year. The estimate is made on the assumption of average influence on the crop from now until harvest. The report on abandoned acreage due to winter killing is not made until May but indications are at present that the crop has come through in particularly good shape.

The April 1 condition was 67 percent of normal, an improvement of two points from last December 1, and ten points higher than April 1, 1920. The April 1 condition was 67 percent of normal, an improvement of two points from last December 1, and ten points higher than April 1, 1920.

Transportation Crux of Chinese Problem

WASHINGTON, (AP)—China's food problem in one of transportation and organization and there is plenty for the famine sufferers. Commercial Attaché Arnold reported Saturday to the department of commerce. Spring crops are not usually well in the famine districts, he said, and will be available in May or June.

Mr. Arnold estimated that 6,000,000 persons were affected by the food shortage of whom less than ten percent were actually facing starvation.

Must Surprise Their Stomachs. Tastes in India are so used to snatching at objects that they have been known to snap up and eat red-hot charcoal.

THEFT OF BOAT CHARGED TO NON-UNION SAILORS

Buenos Aires Hoars Paraguayan Vessel Seized by Crew, is Sunk by Gunboat in Pursuit

BUEENOS AIRES, (AP)—The non-union crew of the steamer Huttaita, operated by the Paraguayan government between the Paraná river ports, stole off with the vessel Wednesday and headed north toward Brazil, according to advices from Asunción. A Paraguayan gunboat was sent in pursuit. Dispatches received here Saturday reported that the Huttaita was sunk near Concepcion.

The crew of the Huttaita, it was believed, made off with it intending to take over other river steamers and persuade the crews to join in resisting the Paraguayan government's proposal to surrender operation of the vessels to their own country.

DNPS

COPENHAGEN, (AP)—Voicing the opinion of the Danish trading community, the Politiken suggests that King Christian combine his visit next June to Iceland and Greenland with a visit of state to President Harding in Washington.

The suggestion is that the king pay this visit to thank the United States as the first nation to recognize Danish sovereignty over Greenland and for the introduction by its representatives of the principle of self-determination into the peace treaty.

Day Is What One Makes It

Every day that is born into the world comes like a burst of music and rings itself all the day through; and that short make of it a dance, a throng, or a life march as thou wilt.—Thomas Carlyle.

Eyelids Do Much Work

An eminent scientist has estimated that the average man's eyelids open and shut 4,000,000 times during the year.

SHIP MADE FOR ARCTIC VOYAGE GIVEN TO SEAS

Egg-Shaped Vessel in which Donald B. MacMillan Will Undertake Exploration of Far North, is Launched

EAST BOOTH BAY, Maine, (AP)—The schooner Bowdoin, built to carry Donald B. MacMillan, the explorer, on his next Arctic voyage starting in July, was launched at noon Saturday from the shipyard of Hogdon brothers here. The ship's hull is egg-shaped with nothing to which ice can cling. Under sufficient pressure from the floes, the Bowdoin, instead of being crushed, should lift out of water and be carried along with the pack, and as safely slip back when the pressure is relieved.

Was Peary's Companion. MacMillan, who was chief lieutenant to Peary on his successful expedition to the North Pole, plans to pass through the dangerous Fury and Hecla strait on the west side of Duffin bay, where former expeditions have been lost or turned back, and to explore a stretch of 1,000 miles of the Baffin coast on which it is believed no white man has ever set foot. It is said to be the longest strip of unexplored coast in the world.

The Bowdoin is 80 feet, 10 inches in length; 19 feet, 7 inches beam; and 9 feet, 6 inches draft, with a total displacement of 115 tons. She is of the knockabout auxiliary schooner type, equipped with a 45-horsepower engine, oil-burning engine, an installation which the explorer hopes will insure him a cruising radius virtually unlimited by the use of whale oil to supplement the regular fuel supply.

Carries Emergency Staff

The schooner will have a generous spread of canvas to enable her to sail home when clear of ice should the fuel supply give out.

The staunchness of the hull is assured by a heavy frame planked with three-inch white oak to which has been added the watertight five-foot belt of green heart of ironwood. This armor is said to withstand the grinding action of ice better than steel or any other material, as the ice merely polishes its hard surface.

When winter sets in, a three-foot covering of snow and ice will be placed over the entire ship with snow houses after the Eskimo style to cover the hatchways.

The expedition is planned to cover two years, but may be prolonged. It will go under the auspices of the MacMillan Arctic association, largely composed of alumni of Bowdoin college, from which MacMillan as well as Peary were graduated. The ship has cost \$25,000 and her equipment will add \$15,000 to this amount.

Personnel Carefully Chosen

The party will consist besides Dr. MacMillan, of an engineer, three assistants and a cook, all of whom will be carefully selected.

The Bowdoin is to be completely stocked and provisioned for the winter and will start north the first week in July.

The schooner was christened with roses by Miss May Page, of Freeport, a niece of the explorer.

DRILLERS IN ARGENTINE FIELD BRING IN GUSHER

Success Attending Development Work Indicates South American Nation May Be Big Producer

BUEENOS AIRES, (AP)—The first big gusher, among the oil wells in the government field at Comodoro Rivadavia has just been brought in with an estimated product of 25,000 barrels a day. The previous wells in that district had been small. As this new one is in a new part of the field it is thought that this may mean Argentina is entering on an era of large production. The oil is heavy, as is the other oil so far produced at Comodoro Rivadavia, and is of little use except for fuel.

FORMER GERMAN KAISER'S WIFE DIES AT DOORN

Ex-Monarch and Son, Adalbert, at Bedside when Sometime Empress Breathes Last After Illness of Year's Duration

DOORN, Holland, (AP)—Former Empress Augusta Victoria of Germany died here at 6 o'clock this morning. By a strange coincidence the end came just one year after she suffered her first serious attack of heart disease.

It was while she was preparing to enter the house of Doorn, the present home of the former emperor of Germany, after her long-exile at Amersfoort that she was stricken with what at the time was believed to be a fatal attack. That was on April 11, 1920. For a few days, there were reports that her death was momentarily expected, but she rallied, and accompanied her husband to Doorn on May 10 last.

Attacks of her fatal malady recurred at frequent intervals, each sapping her vitality and nullifying the measures taken by specialists to restore her health. When her son, former Prince Joachim, committed suicide in Berlin last July, she was in such serious condition that the news of his death was kept from her for a long time and it is said she never learned her son killed himself.

Later last autumn the former empress' condition gradually became so serious that on several occasions her children were called to Doorn, but her strength was such that she rallied bravely when the end was believed imminent. Since the first of this year, it had been known that she was gradually sinking.

Former Kaiser at Bedside Former Emperor William and Prince Adalbert were at the bedside when the former empress died. They had been called by Doctor Hasper, who attended the empress on a mission throughout her residence in Holland.

The death came as a shock to the dwellers in Doorn castle as during last week the patient's condition had seemed less serious. Nevertheless, last Sunday Dr. Hasper, after consultations with Professor Hymans, the Dutch heart specialist, thought it advisable to send a message to Princess Victoria Louise, the only daughter of the former emperor and empress, calling her to Doorn. The princess, who then was in Vienna, had not reached Doorn when her mother died.

Physicians Foresee End Last night the patient was only slightly better, but she was suffering by frequent hypodermic injections, but her breathing appeared to become hourly more difficult. As the day broke breathing became still more difficult for the falling patient and her pulse grew weaker.

It is stated former Emperor William will accompany the body as far as the Dutch frontier, the dispatch adds.

MEMBERS OF FAMILY ONLY TO ATTEND FUNERAL SERVICES LONDON, (AP)—Funeral services over the body of the late former Empress Augusta Victoria of Germany will be held at the house of Doorn tomorrow and will be attended by only members of her family, says an Amsterdam dispatch to the Central News.

The remains will be taken to Potsdam on Wednesday, and another funeral service will be held there.

EX-GROWN PRINCE LEARNS OF DEATH OF HIS MOTHER WILHELMINE, Holland, (AP)—

Princess Frederick William was informed early today of the death of his mother. He prepared immediately to go to Doorn, awaiting the arrival of the Dutch authorities to accompany him thither.

MORE SPURIOUS COIN IS PASSED

Increasing Activities of Counterfeiters is Indicated in Investigation NEW YORK, (AP)—Counterfeit currency and raised government notes have been discovered in circulation in increasing numbers recently by banks and business houses throughout the country according to information compiled and made public by the Manufacturers' Trust company.

Its statement called attention to the fact of the recent coin which purports to be a five-cent piece, but is really a counterfeit. It must be surrendered on demand to the secret service. Those failing to do so are subject to both fine and imprisonment. The secret service relieves the raised bills held by innocent persons. From revolutionary times until the Civil war, counterfeiting was a crime often punishable as a capital offense. The statement said that during the war between the states issues of currency were so large and varied that counterfeiting flourished, and the secret service was organized to stamp out the counterfeiters.

Counterfeiters, the article continues, are recruited from all walks of life. The lower type devote their entire life to the making of counterfeit money. The more intelligent operate with paper money, which requires more skill. Bill forgers who hoard a \$1 bank note into a counterfeit ten or \$100, seldom change the portrait on the paper which makes detection easier.

Fake Liberty bonds and government checks have been found by federal agents during recent months along with counterfeit coins, notes and stamps, the statement said.

Frost is Forecast for Eastern States WASHINGTON, (AP)—Continued mild weather, tonight with light frost over states east of the Mississippi and as far south as northern Florida, was forecast today by the weather bureau. Generally fair weather over the whole region for the next two or three days was predicted with temperatures starting up again tomorrow morning.

"Soaked" Family Doctor. After a Kentucky judge had fined his family doctor \$50 and costs for speeding and had sentenced him to jail for three days, he went on to say: "I was and I am your lawyer and you are my doctor, but I am here to administer justice as I see it. And you will serve that sentence in spite of our friendship or what any of our friends may say." Just what amount of "Doc's" turn it will be in judgment on that judge!

President Becomes a "Boy Scout"

A group of Boy Scouts, accompanied by Colin H. Livingston, president of the American Boy Scout organization, visited the White House and conferred upon President Harding the office of honorary president of the American Boy Scout organization. The photograph, made on the White House lawn, shows President Harding shaking hands with one of the Honor Scouts. On the right is Mr. Livingston, president of the scouts.

AMMS RIDICULE AT BULL FIGHTS

Company of Spanish Buffoons Threatens to Laugh Pastime Out of Mexico

MEXICO CITY, (AP)—A question seriously considered here is whether bullfights are to be laughed out of Mexico through the introduction of the "toros bufos" (comical bullfights).

Scorers charged at the Mexican movement are concerned by the fact that a company of Spanish buffoons has just finished a series of comic fights here with record attendance and attracting almost as much interest as the serious conflicts in which the best matadors in the game have appeared. They were further appalled when six girls announced themselves as "toros bufos" and on a Sunday afternoon, succeeded in dispatching six bulls while their clown companions amused the crowd with antics burlesquing every bullfight known to the game.

What is to become of the noble sport of bullfighting? inquired one writer, "if, first of all, clowns are allowed to make it appear ridiculous and attract so much interest as the serious conflicts in which the best matadors in the game have appeared."

Today's Markets

MAY WHEAT PRICE FALLS TO SEASON'S LOW MARK

Efforts of Exporters to Recell and of Farmers Marketing Grain Mid-west States Cause Downturn CHICAGO, (AP)—Only a slight transient upturn in wheat prices resulted today from freezing temperatures last night and the night before throughout a considerable section of the wheat belt. Field advices tended to show that the crop had escaped any serious damage by continuance of operations for settlement of the British mine strike. Opening prices, which varied from unchanged figures to 3-6 higher, with May \$1.34 to \$1.34 and July \$1.13 to \$1.13 1/2, were followed by setbacks to well below Saturday's finish, and then something of a reaction.

New York Stock Market NEW YORK, (AP)—Trading in the stock market today was dull and very irregular. Reassuring foreign advices were counter-balanced by firmer domestic money tendencies. Sales approximated 375,000 shares.

The trace in the British labor situation and the stronger showing of the federal reserve banks were among the elements which contributed to the firmness of the stock market at the outset of today's session. Oil, particularly the European division, were strong. Textiles, tobacco, rubbers, copper and other specialties also improved. Moderate reactions occurred in American Sugar, United Fruit, Jackawanna Steel and the rails. Exchange on London was substantially higher. Retail dealings were attended by confusing cross currency. Atlantic Gulf, Utah Copper and Twin City Rapid Transit were strong but steel, equipments and mills reacted. The closing was heavy.

HOTEL STORMED IN IRISH FIGHT

Government Auxiliaries Beat Off Attackers in Early Morning Battle

DUBLIN, (AP)—A battle raged for 20 minutes this morning at the North West Hotel, when civilians armed with bombs and firearms stormed the hotel, where government auxiliaries were quartered. One of the assaulting party was killed and several were wounded, two of them seriously. A number of the auxiliaries are believed to have been wounded during the fighting.

The attackers began their onslaught as the dock workers were proceeding to their places of employment. Bombs, pistol and machine and bottles of petrol were hurled into the hotel precincts, after which rifles and revolvers were used freely from three sides. The auxiliaries, taken by surprise, sprang to points of vantage, some of them in pajamas and engaged in a brisk 20-minute battle until reinforcements arrived. The attackers withdrew, leaving a quantity of bombs.

TWO CONSTABLES FATALLY SHOT ON KILDORRY STREET

CORN, (AP)—Two constables were shot at daylight yesterday morning while walking along a street in the village of Kildorrey, near here. Both of the died later in the day.

DOLLAR DAY PURPOSES EXPLAINED TO KIWANIS

C. E. Wright Tells of Big Mercantile Festival Scheduled for This Week

Members of the Kiwanis club, at the regular meeting and luncheon in the Rogerson hotel today, heard C. E. Wright discuss the plans and purposes of the Dollar Day. It was observed in Twin Falls on Friday and Saturday of this week, and considered a discussion of existing financial and industrial conditions as set forth in a letter which came to Chicago, making it known and read at this meeting by John W. Graham.

Mr. Wright declared that Twin Falls merchants were encouraging enthusiastically in plans for the "Dollar Days," and that, given favorable weather, in their try-out this week, there seemed to be no question but that "Dollar Days" will become an established institution in Twin Falls to be repeated perhaps once each month and at least semi-annually.

GOMEZ ASKS HUGHES TO DECIDE CUBAN ELECTION

Defeated Candidate Carries Charge of Fraud to American Secretary of State

NEW YORK, (AP)—Charges that fraud was practiced in the recent by-elections in Cuba have been presented to Secretary of State Hughes and the liberal party is anxious to abide by the state department's decision, even should they be adverse to their claims. General Jose Miguel Gomez, defeated liberalist candidate for president, said in a statement made public here today.

General Gomez asserted that General Enoch Crowder, U. S. A., who was dispatched to Cuba last January, was insistent that the by-election be held March 15 and gave no reason for this other than that if there was no election the Cuban congress could not assemble April 1.

"Can now," General Gomez added, "two are confronted with the spectacle of that congress in session without a constitutional quorum."

Congress assembled on April 4, dispatches to him from Havana said, with liberal members absent.

Question of Etiquette.

No, Roger, in bowing to the inevitable it is not necessary for me to lift one's hat.—Boston Transcript.

Clara R. Mozzer

Working his way through college by writing newspaper articles, Miss Clara Ruth Mozzer, of Denver, Col., today is one of the leading Puritans in the country. Miss Mozzer, who at one time was assistant attorney general for the state of Colorado, had the distinction of being the first woman member of a legislative department of any state government. She is the youngest woman ever admitted to the Colorado bar.

Mother and Daughter Graduate

Mrs. Mary Keane and daughter Helen

Mrs. Mary Keane and her daughter Helen, aged sixteen, stood side by side and received their diplomas at the Lano High School in Chicago recently, both having completed their course in home economics with honors. When Miss Helen declared she was going to take up the course her mother also decided it was never too late to learn, so they went to school together.

HISTORIC SHIP TIMBER PLACED IN PEACE PILE

Small Piece of Oak Taken from Mayflower to be Encased in Portal Erected at End of Centenary of Peace

SEATTLE, Wash., (AP)—Timber from the Mayflower has been brought to Seattle to be encased in a great peace portal being erected across the Pacific highway, at Blaine, Wash., on the international boundary between Canada and the United States in commemoration of more than 100 years of peace between the two countries. The portal will be dedicated this summer.

Impressive Ceremonies.

Impressive ceremonies were held at Buckinghamshire, London, when the hull from the boat was cut from the old hull, which lies upturned on the banks of the Thames. Samuel Hill, Seattle, president of the Pacific Highway association, and the leader in the portal peace construction movement, and Frank Terrace, a Seattle good woods advocate, negotiated for the wood and were present when it was taken from the ship.

"After the timber was sawed from the hull, the English Quakers, who guard the remains, said that never again would it be disturbed."

Following the cutting of the hull, the piece was taken by Hill and Terrace to Belgium and France where it was exhibited before King and Cardinal Mercier, Terrace said.

"Marshal Joffre told me he would be in Seattle this summer to attend the dedication of the peace portal," Terrace declared.

Displayed at Ghent.

Probably the most impressive meeting was when the two Seattle men carried the timber into an ancient room in a Ghent monastery, Terrace said.

In the same room, according to records, more than 100 years before there was signed the Treaty of Ghent, according to which there were to be no fights along the 3000-mile boundary between Canada and the United States. And in commemoration of the observance of this treaty the portal of peace is being built.

Terrace said that far as can be ascertained, the chest in which the timber was brought from England, is 250 years old and was taken from a pirate's ship off the coast of Africa by a British man-of-war.

Proper Reading for Children.

It is in the home that the growing mind receives its most lasting impressions. Surround the child with good reading and you surround him with friends. An attractive and good illustration is no guaranty that the book contains good reading. If you have no time to read books yourself consult your librarian and let your choice be not only what will stimulate the imagination but above all something to warm the heart and impress the great truths of life.—Youth's Companion.

Whence "Stentorian"?

A Greek herald with the forces before Troy was blessed with a very powerful voice. In fact we are told it was as loud as those of fifty other men. The man's name was Stentor and from his name we derive our modern word stentorian.

Classified advertising is the cheapest thing you can buy measured by the profits it may bring you.

JAPAN THINKS U. S. WANTS NEW PEACE PARLEY

Tokio Newspapers Give Prominence to Hughes Note Relating to Mandates; Kato Government's Spokesman

TOKIO, (AP)—Newspapers here have given great prominence to the note from Charles E. Hughes, American secretary of state, to the allies relative to mandates and particularly that over the island of Yap. There has been no official comment, but in responsible official circles the opinion is held that the American note virtually implies another peace conference.

Answers Accusations.

Statements made by Vice Admiral Tomonaburo Kato, minister of marine, last month relative to the Japanese naval policy are regarded here as intended to answer charges that Japan is incurably militaristic and is insisting upon naval expansion. These statements, which were made to the Associated Press, are also looked upon as paving the way for an international discussion of naval policies. Representative Japanese declared that if the naval race between Great Britain and the United States continues, Japan must be obliged eventually to drop out because of financial considerations.

Yukio Ozaki, former minister of justice, and one of the leaders in the movement for a curtailment of naval expenditures, delivered lectures to the great crowds in 15 cities recently, and he announced that 86 per cent of the people who heard him expressed their relief in favor of armament reductions.

Publishing Vice Admiral Kato's statements to the Associated Press, the newspaper, Nishi Nishi Shinbun of this city, quoted naval officials as saying that the minister of marine clearly explained Japan's position. They were of the opinion that President Harding would call a naval conference, but emphasized the fact that the real difficulty would come in finding a formula for carrying out a reduction of naval program.

Charges Inconsistency.

The Yomi-Uri Shinbun of this city

declares it is convinced that Mr. Kato committed the cabinet before making his statements and, therefore, they can be interpreted as embodying the intentions of the government. The newspaper says that, considering the minister's insistence before the diet upon his project for an eight battleship-eight cruiser project, his new declaration was surprisingly inconsistent and should confuse people as to its real significance.

RULES STATES' LAY SUPERIOR

drawn pending determination of the admissibility of including them in a national forest reserve. Through some inadvertence, however, a patent was issued by the land office.

SUSTAINS CONVICTION OF MISSOURI PACIFIC RAILROAD

WASHINGTON, (AP)—Conviction of the Missouri Pacific railroad company for violating the Missouri freight discrimination law was sustained today by the supreme court. Charges were brought against the railroad by the McGrew Coal company.

UPHOLDS ASSESSMENTS FOR CONTROL OF RIVER FLOODS

WASHINGTON, (AP)—The supreme court affirmed today the assessments of California courts upholding assessments made by the San Joaquin reclamation board to pay for construction to control river property owners appealed on the ground that the board was without legal authority to make such an assessment and that even if the assessment was legal, it levied an unequal basis, regardless of benefits to be derived was illegal.

AFFIRMS INJUNCTION TO COMPEL FIVE CENT FARE

WASHINGTON, (AP)—The supreme court today affirmed a decree of the Texas district court enjoining the city of San Antonio from enforcing a five cent fare under a franchise with universal transfers, over the lines of the San Antonio public service company.

SETS ABIDE INJUNCTION TO PREVENT RATE INCREASE

WASHINGTON, (AP)—Injunctions obtained by the city of Fairfield, Ia., in lower courts, restraining the Iowa Electric company from increasing its rates above those set in its franchise, were set aside today by the supreme court, which reversed the lower courts.

The court held that a contract calling for a confiscatory rate would not stand in law.

LOYD-GEORGE

Social Notes

Edited by Mrs. E. B. Williams Telephone 396

Miss Charlotte Haggard and Miss Sarah Litton entertained a number of friends at the home of Mrs. Edward E. Johnson on Ogden avenue, Saturday evening. The early part of the evening was spent playing "500" and was followed by dancing. At mid night a delicious luncheon was served to the following guests: Mr. and Mrs. E. S. Johnson, Mr. and Mrs. Homer Bonebrake, Mrs. Rosa Reynolds, Miss Abigail Beyer, Miss Sara Thomas, Miss Martha Andrews, Mrs. Jack and L. E. Hamilton, Arthur Haggard, Charles Hill, James Hill, Lanier and Dr. R. G. Jonez.

The Wednesday Bridge club will meet this week with Mrs. Charles Macaulay, 134 Eighth avenue north.

Miss Hazel Blison was hostess to the Standard Evening club last week. Bridge formed the amusement for the evening, and refreshments were served. Members present were Mrs. Clinton Evans, the Misses Harriet Warner, Arthur Lehner, Elizabeth Miller, Evelyn Walter, Grace Blinde, Dorothy Jones, Florence Crozier and Mrs. D. E. Davison.

Katherine Treudler entertained the T. C. club on Saturday from 2 to 5 P. M. Games and sewing were the diversion for the afternoon and refreshments were served. Those in attendance were Almeda Avant, Alice Taylor, Dorothy Barber, Daral Borkwick, Mildred Lehner, Elizabeth Miller, Evelyn Walter, Grace Blinde, Dorothy Jones, Florence Crozier and Mrs. D. E. Davison.

The current events department of the Twentieth Century club will meet on Tuesday, April 12, at the home of Mrs. Wilton Peck. The last program for this season will be given.

The M. S. and S. club will meet at the home of Mrs. Clint Shipman on Wednesday afternoon, April 13.

Legalizes Sale of Cigarettes to Adults

DES MOINES, Ia., (AP)—Governor Kendall signed the cigarette bill this morning which permits the sale of cigarettes in Iowa to adults.

Deaths

A. R. Pauls, aged 57, and a resident of Twin Falls a number of years, died at his home, 403 Second avenue north last night. He was a victim of paralysis. Funeral services will be held at the Church of the Ascension at 3 o'clock tomorrow, Tuesday, afternoon. Burial will be in Twin Falls cemetery with D. J. Gussman in charge.

Decedent is survived by his wife and a daughter, the latter being 11 years of age. He had been a sufferer from heart trouble a number of years, and five years ago was stricken with paralysis. Since that time he was in failing health and spent some time in California. Two strokes of paralysis came in quick succession last night, bringing on death. Mr. Pauls was born in England. For a number of years he was identified with the operation of the Variety store here.

Jitney Driver Cheats Death by Half a Car

PROVO, Utah, (AP)—Joseph Lovelidge, a jitney driver, declares he "cheated death by half a car," when a Denver and Rio Grande eastbound passenger train struck his automobile. Lovelidge was piloting his car across the railroad tracks when the engine died. The fore part of the machine was clear of the tracks and the rear part was stuck on the railroad right of way. Before he could leap, Lovelidge said the train bore down upon him, taking the rear part of the car and carrying it for 60 yards. Lovelidge remained at the steering gear and escaped injury.

SIGNS AS AN OUTLAW

SCOTT'S BLUFF, Neb., (AP)—Walter Kinney, who was one of Connie Mack's pitchers last year, has signed with the Seattle Buff team of the mid-west league, it was announced Saturday. Kinney, who has been barred from organized baseball for having jumped his contract with the Philadelphia Athletics last year.

Gold in Head?

Attend to it now. Put Turpo, the only Turpentine ointment, in the nostrils, too on forehead, throat and chest. But in well.

COUNTY CLAIMS TO BE SETTLED EVERY 3 MONTHS

Commissioners, Now Representing Second Class District, Will Meet Quarterly

Conforming to the requirements laid down by the state in the government of counties of the second class the Twin Falls board of county commissioners will after May 5, meet only once in each quarter for dispatch of such business as may be required for consideration.

Twin Falls county was made a district of the second class by act of the legislature at the session just closed. Prior the county was classed in the first division and the board of control was required to spend much time in assisting the legislature with the lowering of the classification to the second degree the board will be required to meet but once in three months, and this will be for policy unless matters of more extraordinary urgency develop.

The plan of the county government officers means that no bills, or claims against the county will be introduced with greater frequency than four times a year, or once each three months. The new classification order becomes effective on May 5, and it is assumed that the April meeting that no bill will be allowed before July. This includes salaries of employees, hospital and similar expenses, and the monthly amount to \$6000 monthly while current expenses, such as payroll and general expenditures, amount to an additional \$15,000. Under the new classification the expense claims for the month will amount to \$18,000, after a meeting is held to authorize payment. The current expenses bill which will be presented to the board is convened to act upon them.

PROMISES ONCE MADE, IGNORED, WIFE SAYS

Mrs. E. L. Jesse Sue for Divorce Second Time in Four Years

Alleging cruelty, a jealous disposition, and failure to keep promises to maintain support, care and provision for her and child, Mrs. E. L. Jesse has filed an action in the district court against R. F. Jesse for divorce. The papers were filed Saturday evening.

DOLLAR DAYS DOPE

Yes sir fool! It sure is. Yes, it will, must be can't help it. I'll say she will with it for he and Jesse know what it is they're trying to tell you! Well then listen here and you sure shall hear: It is getting close to the 15th and 16th of April and on these two days the Twin Falls merchants are going to have their First Annual Dollar Days and believe you me it is getting to be a regular event and the business in Twin Falls will be represented worth while. Almost every store, garage, auto accessory shop, dry cleaning plant, even the newspapers, are in on this "extra value" line business in Twin Falls will be represented worth while. Almost every store, garage, auto accessory shop, dry cleaning plant, even the newspapers, are in on this "extra value" line business in Twin Falls will be represented worth while.

Yes it will be open to everyone whether you live right here in Twin Falls or even if you live out in the country. The merchants here are invited to come to Twin Falls for the sale and it will pay you to walk, ride or drive a good many miles to get in on this big merchandising event. Much to be expected, for the Twin Falls Chamber of Commerce is sponsor for it and there is a complaint committee composed of members of the community and any person who does not find everything just as represented will find them ready to make them right.

Can't help it—If you haven't been to a dance since you were a kid, we want you to come down town and enjoy yourself at the big free dance and band concert Friday evening. Don't forget! I'll say she will (paraphrase the slang, please)—Be surprised and pleased and you will, too, at the many things you will be able to buy for one dollar and the value and quality the best—the very best. So plan your work and then work your plan to COME TO TWIN FALLS Friday or Saturday of this week.

Yours for the hundred cents, DOLLAR BILL.

GIBBONS GETS MATCH ST. PAUL, Minn., (P)—Mike Gibbons of St. Paul has been matched with Chuck Wiggins of Indianapolis for a game in Minneapolis either April 21 or 22, at catchweights. It was announced today.

MALE QUARTET ARRESTED WHEN MOONSHINE STILL IS DISCLOSED

Sheriff's Posse Makes Valuable Haul in Foray Conducted Saturday Night—Ben Hutchings, 60 Years of Age, in Party Found in Charge of Distilling Outfit Discovers in an Abandoned House

Entering the reception department of the sheriff's office at the court house today one is startled by the news that the moonshine still is disclosed. The odor of strong drink is all about the place, and has even impregnated the nooks of adjacent offices as well as the corridors.

On Saturday night, Lieut. Sheriff E. R. Sherman, Chief Deputy Ben J. Brown and Special Deputy W. M. Beck made the most successful foray just east of town. As a result four men are in the county prison while the sheriff has in possession an apparently ample amount of material evidence to sustain his charge that the men captured have been engaged in the manufacture of illicit rum.

The prisoners taken in connection with the Saturday night raid are Benjamin Hutchings, 37; William Hutchings, 37; Owen Hutchings, 30, sons of the first named, and Charles Shay, 20, a son-in-law of Benjamin Hutchings.

The raid was made against an old house located on a parcel of seepage land one mile east of the Twin Falls foundry. The house, abandoned by the owner some years ago, is a two story affair with a generally tumble-down condition.

Entering the house Saturday night about 9 o'clock the authorities found Benjamin Hutchings and Shay on the ground floor. It is said that Hutchings discovered a still in full operation with the two younger Hutchings in charge. Standing at the side of the road in front of the place was an auto delivery wagon of a city cleaning institution. Shay is driver for the company. Yesterday morning the authorities returned to the scene of Saturday night's raid and found a still in a distilling outfit in an abandoned barn and another part in a creek bottom. The lay-out taken Saturday night consisted of a large copper retort, warm kettles, a still, and a galvanized sheet metal still with moonshine rum, much already filtered and all manner of ingredients ready for the retort. The liquor is of the purest quality, and is believed to have a goodly yield.

The prisoners are to be arraigned in the probate court this afternoon.

Local Brevities

Returns from Pomona—Mrs. L. M. Puckett returned the last of the week from Pomona, Cal., where she spent the winter.

Initiation Meeting—The regular meeting of the Order of Eastern Star will be held Tuesday evening at the Masonic Temple. There will be initiation.

Brown has severed his connection with the Whitecross Sanatorium and with the firm of Dr. Wyatt and Brown, Chiropractors. Dr. W. J. Axford of Chicago has taken over Dr. Brown's interest and the new firm, Dr. Wyatt and Axford, will continue the business at the same location, the Whitecross Sanatorium, 151 Third Ave. North. Dr. Axford has specialized in the diseases of Women and Children.

SALARIES WAIT UPON BOARD'S OFFICIAL AGT

Teachers' Warrants Held in Abyeance until State Commission Speaks

The state board of education is meeting today in Burley for the purpose of receiving proposals for the site of the Albion normal school. At this meeting the board will consider matters connected with last Friday's extra school tax levy election for the Twin Falls district.

Dr. E. A. Bryan, state commissioner of education, has given his personal approval of the election and the levy, and the entire matter is now in the hands of the commission to ratify the action of the head of the state educational department. Immediately upon receiving this ratification the local board of school trustees will arrange for issuance of warrants to meet outstanding obligations, which include teachers' salaries.

In connection with the deliberations relating to the Albion normal school the commission will receive proposals for the site for the building, which is to be placed in Burley. Two, and it is possible three sites will be submitted to the board upon which to erect the normal school building. According to the provisions of the bill deal in fee simple to 40 acres of land must be transferred to the state for the site of the school.

According to Dr. Bryan the date for commencing construction of the building on the new location is problematical. Many items of importance have to be taken into consideration before ground is actually broken. While in this section of the state the board will also make a trip to Albion and confer with authorities of the institution there.

SACRIFICE SALE. 200 acres on North Side, 4 1/2 miles from Hazelton, with water right for 100 acres, private pumping plant, clean full of distillate, fenced with woven fencing on three sides, canal forms other boundary, 40 acres in clover, 40 in alfalfa, 2 new granaries, 8700 barn, 3-room shack, 3 acres of this land and buildings are under gravity canal.

100 acres of this place now in cultivation and all will be under company. Price, \$10,000, with \$5,000 cash and balance on easy terms. ZUCK & ADAMS, Kimberly, Idaho.

High School Lads to Meet Filer in First Season Game

Evans Will Try Out His Squad in Exhibition on Lincoln Lot Tomorrow

The first regular high school game of the season will be played on Lincoln field tomorrow afternoon, according to an announcement made by Coach Clinton W. Evans today. The local high team will encounter the Filer team, the game to start at 4 o'clock.

Coach Evans expects to make his first workout contest, and plans to give all of the prospects in the squad a chance to show what they have to offer. The first start will be on the hill with Bob Filer, back of the log.

Season tickets will be good for admission to this game. Those not armed with the blue card will be asked to contribute the sum of two bits.

Vines Will Need An Extra Cover, Heavy Frost Due. TOMATOES, and other such tender vines and shrubs, face grave danger in the weather promised for tonight. The climatological disturbance which has scheduled a heavy frost for the early section of the morning. There will be blanket the delicate sprouts and seedlings, or fudge 'em inside altogether for protection. The prognosis in general is: "Tonight and Tuesday fall and colder; heavy frost in the morning." Saturday the top was 54 with 34 low, the same as last night.

ASKING ON THREE NOTES. Asking judgments totalling \$14,529.05 the Consolidated Wagon and Machine company has filed three actions in the district court on promissory notes. A. S. Juhl is sued for \$7,027.15. A. A. Aspell for \$3,110.10 and H. E. Harris, \$4,391.80. The notes were given in pledge payments for machinery purchased from the plaintiff company.
