LYON-GEORGE PLEADS IN VAN WITH LABOR LEADERS

HOUSE BEGINS DISCUSSION OF TRADE BARRIER

Young's Consolidated Emergency Tariff and Anti-Dumping Bill Engages Attitude of Representatives

WASHINGTON, (AP)—The house today began the consideration of emergency tariff and anti-dumping bill with general debate to continue all afternoon. Representative Young, republican, North Dakota, said he would call for a vote tomorrow. The measure, he said, would assure the farmers of favorable market conditions for the crops now in the ground or being planted.

General reduction in farm crop acreage was contemplated throughout the country, Mr. Young said, requiring the passage of the bill and its opponents "must take the responsibility for a shortage in food products" in event of the bill's failure.

HARDING SENDS LIST OF NOMINATIONS TO SENATE

President Asks Confirmation of Appointment to Official Posts

WASHINGTON, (AP)—Nominations of General Walter W. Rorer, to be ambassador to Great Britain and Myron T. Herrick, of Ohio, to be ambassador to France, were sent to the senate today by President Harding.

Among the new nominations were: Charles D. Voria, of Monticello, Wis., to be a member of the interstate commerce commission, whose confirmation was held up by opposition at the last session.

FARM IMPLEMENT MAKERS ANNOUNCE CUT IN PRICE

International Harvester Company Takes Ton Per Cent Off Product Next Year

CHICAGO, (AP)—Bearing its action upon the recent reduction in steel prices announced by the United States Steel corporation, the International Harvester company announced a straight 10 per cent reduction in products in which steel is the principal raw material.

July Wheat Price is Lowest in Five Years

KANSAS CITY, Mo., (AP)—Wheat for July delivery closed below a dollar a bushel today for the first time since 1916. Today's closing price was 95 cents, a drop of 3 1/4 cents since yesterday.

Chita Government Asks for Light on Allied Occupation

Siberians Imply American Responsibility for Presence of Japan's Troops

PEKING, (AP)—American responsibility for the presence of Japanese troops in Siberia has been intimated in a memorandum sent to Washington by the government of the Far Eastern republic at Chita. The memorandum asked whether the objects of the allied intervention in Siberia have been attained and when it will end definitely.

AMERICAN FLAG IS UNDER FIRE

Contending Greeks and Turks in Near East Disregard the Stars and Stripes

CONSTANTINOPLE, (AP)—Grievance is going on between Turks and Greeks in the Barding region of Asia Minor, where it is reported neither contending party respects the American flag hoisted over the Near East relief stations, shots having been fired at the American women's hospital unit of Mrs. Mabel Nickerson.

Soviet Bars Gates Against Americans

LIVERPOOL, (AP)—Russian Bolshevik authorities have closed the frontier of that country against immigration from America, according to a message received by a local shipping company from its agent in Lhasa, says the Post of this city. Immigrants will be accepted, however, from the steamers already on their way to America.

Spanish Communists Divorce Socialists

MADRID, (AP)—Communist delegates to the Spanish socialist congress, in session here, announced their secession from the organization early this morning in response to a vote which rejected a proposition that the party declare its adhesion to the third international of Moscow. The vote stood 581 in favor of the secession, 578 against the party and 6205 in favor of the international.

FLASHES FROM THE WIRE

IDAHO FALLS, Ida., (AP)—The Idaho Exhibitors convention closed here last night after passing resolutions declaring against motion picture obscenity and immoral pictures.

FOND DU LAC, Wis., (AP)—Sidney Winderker, 77, one of the "Winderker triplets", who, for 75 years celebrated their joint birthday, died today. The only survivor of the trio is Mrs. Bedate Fair of Wausau, Wis.

IDAHO FALLS, Ida., (AP)—With the snow scarcely all melted off the ground from a blizzard ten days ago, another snowstorm struck here this morning accompanied by high winds. These spring storms follow on one of the mildest winters in history.

DELUTE, Minn., (AP)—Since its canine pal was killed recently by a street car, a Scotch collie dog stands guard at a certain corner here each day, leaping high as cars speed by and often manages to grasp the trolley pole rope with its teeth, pulling the pole off the wire and stopping the car.

ROANOKE, Va., (AP)—Frank F. Stone, University of Virginia student, became a claimant for the 1921 Nobel prize yesterday when he made a literal "birds" with a dove shot and brought down a dove flying high in the air. The bird broke the wire and was hardly saved by the inventor, Stone made a pair on the hole.

PAPAL SECRETARY CALLS ON KEMAL FOR CLEMENCY

Turkish Nationalist Leader, in Reply, Says Humanitarian Sentiments Hold Full sway

ROME, (AP)—Cardinal Gasparri, papal secretary of state, has made an appeal to Mustafa Kemal Pasha, head of the Turkish nationalist government in Ankara, in behalf of Christians in the Turkish republic. Mustafa Kemal answered the cardinals' telegram in most deferential terms, assuring him that "the safety and welfare of the inhabitants of this country, irrespective of race and religion, is the supreme duty commanded by all Christians within the jurisdiction of the Ankara government."

FENIANS SLAY 'ULSTER KNIGHT' AND BURN HOME

Sir Arthur Edward Vickers, the Former King-of-Arms, Shot Dead, Body Bears "Traitor" Placard of I. R. A.

DUBLIN, DUBLIN, (AP)—Sir Arthur Edward Vickers, former Ulster King-of-Arms, was shot dead this morning at Listolow, and his residence was burned.

A tag was attached to the body, reading: "Traitors beware. We never forget. I. R. A."

Sir Arthur Vickers was Ulster King-of-Arms at Dublin until the time of the famous robbery there in 1907 when the Irish crown jewels, valued at \$250,000 were stolen. He afterwards won a \$25,000 libel suit against a London newspaper which had made reflection on him in connection with the case.

ONE POLICEMAN IS KILLED WHEN FIRE AMBUSHED

DUBLIN, (AP)—Five policemen were ambushed last night at Pademore, County Limerick, one of them being killed and three wounded.

FRANCE TO USE TROOPS IF GERMANY HOLDS BACK

Occupation of Ruhr Basin is Forecast as Penalty for Resistance to Settlement

PARIS, (AP)—Germany's obligation to the allies will be fixed at between one hundred and thirty billion and one hundred and fifty billion gold marks by the final reparations commission says the Echo of Paris newspaper adds the exact figure will depend upon the solution of certain questions still being considered.

In case Germany resists settlement the newspaper declares, it is accepted by the allies that France will recall two classes of recruits to the colors and proceed to occupy the Ruhr basin. This district included the most important coal mines and industrial plants in western Germany.

France in Accord with American Contention on Pacific Islands Mandate

WASHINGTON, D. C., (AP)—France's reply to Secretary of State Hughes' note of April 4 regarding the Japanese mandate over the Pacific Island of Yap, is interpreted in official circles here as tantamount to acceptance of the principle laid down by the American government that the United States has surrendered none of its rights in the former German overseas possessions.

PARIS, (AP)—Premier Briand has dispatched to Washington a note acknowledging receipt of the communication from the American state department regarding the mandate over Pacific Islands north of the equator which was given to Japan.

The premier's note says a representative of France will take up the question which comes before the supreme allied council, "with the most ardent desire to find a solution giving satisfaction to the United States."

Funding of British Debt in Near Future Expected

LONDON, (AP)—Lord Chalmers, permanent secretary of the treasury, will not call for the United States Saturday, in connection with the British indebtedness to the United States, as reported, and no similar mission is being arranged, according to official circles here today.

WASHINGTON, D. C., (AP)—Reports from London that Lord Chalmers, permanent secretary of the treasury, would call Saturday to begin negotiations here for funding of the British war debt to the United States, although subsequently denied, drew from Secretary Mellon today a statement that the treasury department was expecting early resumption of the negotiations.

SOVIET GRASPS AT TRADE FUND

Krassin to Start Suit for Possession of Russian Co-operators Assets

LONDON, (AP)—Possession of the assets and capital of the great Russian co-operative societies, which served the revolution in that country before the trading link between millions of Russian peasants and merchants, will be the subject of litigation expected to be begun soon in this city by Leonid Krassin, head of the Bolshevik trade delegation here. The amount involved in England approximates one million pounds, question of law expected to arise during the progress of the suit will probably constitute the most important feature of the case.

M. Krassin indicated his intention to bring suit in the course of a letter to the headquarters of the co-operative societies in this city a few days ago.

Should the Bolshevik government succeed in its attempt to control of the co-operatives' capital in England, there are indications that a similar move will be inaugurated in America, the co-operative societies having offices in New York City.

to find a solution satisfactory to the United States. Your excellency knows that already the government of the republic has done all that depended upon it to give its aid in this question to the American government.

Traces Events Course. "By the note of February 18, after having noted that the decision of May 15, 1918, entered with no reservation concerning the attribution to Japan of a mandate for the islands of the northern Pacific, my department explained to your excellency that, however, Premier Briand and Secretary of State Lansing, in the course of the preceding meeting had formulated, in the presence of the Japanese representative, the Japanese reservation on the subject of the island of Yap, that Baron Hasekura (Japanese representative on the supreme council), had not refused to allow discussion of the question raised by the representatives of the United States, and that, consequently, the Japanese government had knowledge of the American reservations.

Basis for Parleys. "The note concluded by saying that there were no elements for further cooperation between the United States and Japan which the government of the republic would be happy to see result satisfactorily.

GENSORS SLASH LEVINE'S TALK

Soviet Commission Refuses to Permit Publication of Dictator's Speech

RIGA, Latvia, (AP)—The extraordinary commission which combats the counter-revolutionary movement in Soviet Latvia recently refused to permit publication of speeches made by Nikolai Lenine, soviet premier, and also to circulate a pamphlet he wrote in which he was tired of it.

Reports of this censorship and confiscation reached Riga today from Moscow.

Since publication of the pamphlet, about a month ago, Lenine is declared to have been making strenuous efforts, however, to save Russia from material and anarchic by granting reforms.

Today's Moscow dispatches report still another censorship, official prohibition of the publication of the articles to be read individually with the peasants for foodstuffs. After May 1, all restrictions and compulsory overtime in the factories will be abolished, dispatches say.

Soap Box Orator is Nearing Extinction

NEW YORK, (AP)—Street corner oratory of radical nature is becoming extinct since the war, a report made public today by the American Civil Liberties union said.

In a survey of police activities during the past year, the speaker and meetings in 84 American cities the union said it found that only 13 police departments of the 88 report at least one case of a speaker on a public place.

MINNEAPOLIS, Minn., (AP)—The first time in almost seven years, flour sold under \$8 a barrel at the mills here today. One of the large mills reduced its quotation for family patents from \$8.20 to \$7.50.

Today's range for family patents was \$7.00 to \$8.15 when sold in car lots in 89-pound cotton sacks.

OUTLOOK DARK AS FOUR YEARS FOR WALKOUTS

Officials of Triple Alliance Hear Premier's Appeal to Refrain from Precipitating Crisis, but Give No Sign

LONDON, (AP)—Resolutions expressing solidarity with the miners and the triple alliance, in their present movement, were adopted today at a meeting of the parliamentary committee of the triple alliance congress, the national executive of the labor party and the parliamentary labor party held at the house of commons.

LONDON, (AP)—The Federation of General Workers, representing 1,500,000 persons in more than 100 trade unions, today decided to support the triple alliance in its strike in the interest of the striking miners.

LONDON, (AP)—A conference held this morning between Premier Lloyd George and the officials of the triple alliance, which has called a strike for Friday night in support of the striking miners, was concluded within two hours without any progress apparently having been made toward an adjustment of the grave labor situation. It was reported that the premier made a long statement, appealing strongly to the railway workers and transport workers, who with the triple alliance, make up the triple alliance, asking them to exercise restraint and not precipitate a crisis.

During the conference, it developed Mr. Lloyd George made a plea to the labor men that they resist to the last, but accept the triple alliance to the nation and saying that the government would do likewise with its case and let the nation decide the issue.

"Starvation is not your only weapon," said the premier, "you have exactly the weapons you had before, the weapons of civilization—persuasion, having been made toward an adjustment of the grave labor situation. It was reported that the premier made a long statement, appealing strongly to the railway workers and transport workers, who with the triple alliance, make up the triple alliance, asking them to exercise restraint and not precipitate a crisis.

These declarations were made by the prime minister when he was pointing out the impossibility of the government accepting the miners' demand for a national pooling of profits, which he denied as "nationalization up to the point of meddling, and not of managing, which is a worse form of nationalization."

The labor delegation left the prime minister's residence after a two-hour conference. J. P. Thomas, secretary of the National Union of Railwaymen, saying he saw no prospect for reopening his parleys for an adjustment of the strike situation.

Whether the call for a general tomorrow night issued by the "triple alliance" will be universally obeyed remains doubtful.

Figures printed by the Daily Graphic purport to show that if the "triple alliance" strike should actually result and should last three weeks, it will result in eight million persons being thrown out of employment. Another result of such a strike, it is said, would be that the national census, fixed for next week, would be postponed.

DENIES OPEN SHOP MOVEMENT EMPLOYERS' CONSPIRACY

Paper Maker Sees Reaction to Extreme Stand of Closed Shop Unionists

NEW YORK, (AP)—Denial that the open shop movement was in any sense a "conspiracy of employers" was made today by George W. Sisson, president of the American Paper and Paper Association, in addressing the convention of that organization.

"I believe," he said, "that the rapid spread and spontaneous support of the open shop movement is a natural reaction to the extremes of conduct and assertion, local and national, of closed shop unionists. It is not in any sense a conspiracy of employers, but flows from an increasingly loud demand for the recognition and restoration of principles as old as our lastitude."

Mr. Sisson declared it was "time to call a halt on the tendency to government interference in industry."

IDAHO WEATHER. Tonight fair except snow/south-east portion; Friday fair, continued cold.

WHEAT HARVEST OUTLOOK SEEMS TO MEET NEEDS

Scotch Statistician Predicts a Surplus of Exportable Grain Left in Exporting Countries Next August

LONDON, (AP)—The prospects of the coming world's wheat crop are favorable and the harvest is likely to produce enough to meet the world's demand, says Sir James Wilson, chairman of the Central Agricultural Workers committee for Scotland.

He declared in an address he delivered the other day on "The World's Wheat" that the world's supply for the current year is more than equal to the demand, and he predicted that on August 1 next there would be a surplus of exportable wheat left in the exporting countries. That, he said, would not be large and if the world's future weather proved unfavorable, the fall in the world's price of wheat might be checked and the price might even rise again.

For the world as a whole, he said, there is no more reason to fear a full harvest than there is to fear that the world will be starved of food generally. He predicted that some time within the next 20 years the world's population will return to a level not far from the pre-war average.

WILL SCORE BUTTER FOR HIGH STANDING

University, Agricultural Department to Conduct Test Campaign

A state-wide butter and cheese scoring contest, extending over a period of six months, May, June, July, August, September and October, will be held this summer under the supervision of the dairy department of the university college of agriculture, Professor J. A. Bendixen, of the dairy department, announced today. A new feature of this contest is the keeping of a score card, which provides for all samples being given a commercial score, a composition score and a keeping quality score.

"Any creamery or cheese factory in the state of Idaho is eligible to participate in the contest," said Professor Bendixen today. "Two samples of butter and one or two small cheeses will be sent to the dairy department the last Friday of each month. One sample will be placed on one and given a commercial score on a basis of flavor, body, salt, color and appearance. The same sample is analyzed for moisture, fat and salt and given a composition score. The second sample is kept in a refrigerator for one month and scored there for its keeping quality."

"Especially desirable trophies have been donated by creamery supply houses. One or two men from the state or federal dairy extension service, one from the dairy department and other experts that can be secured will compose the committee of judges.

"The object of the contest is to improve the quality of butter and cheese produced in Idaho by creating a spirit of competition among the factories, by helpful criticism and by the demonstration of what can be done in this line.

"The scoring contest should help the butter makers and cheese makers improve and standardize their methods in the factory and to manufacture a more uniform product. The composition score gives the operator a valuable check on his product and insures him against losses. The keeping quality score shows which products will keep the best, which is of considerable importance in the marketing of butter.

A high score will also be a good advertisement for the plant making it. Low scores will not be published but will serve as a danger signal and be incentive for improvement to the maker."

If your property is desirable, and is advertised in the classified—you'll find your buyer.

JAPAN'S PHONE SYSTEM IS DISTURBED BY CUPID

Old Superstitious Games Ours of Tokyo Exchange to Take Husbands This Year

TOKIO, (AP)—Japan's telephone system, which is not considered good by the daimy of the telephone authorities, been suddenly disturbed by the marriage of a large number of telephone girls in the Tokyo exchange.

The cause of the sudden weddings really springs from the old Japanese tradition, which is taken over from China, as so many Japanese things did, and is a result of giving to each year the name of some animal or bird.

The year 1920 was known as the year of the monkey, and the monkey year is proverbially regarded by the Japanese as being distinctly unlucky for marriage. One reason for this is that the monkey is known for its monkey, which is "saru," also signifies "to go away." Therefore, an apprehension was arisen that brides of the monkey year are likely to have a bad marriage. Moreover, the children born of the year's marriages are apt to be too wia, or "money-wise," as the Japanese put it. Now, the following year is the happy and glorious year of the bird. For this is the Japanese "tori," which also means "to take" or "to gather in." Hence, the telephone girls of Tokyo, like many other of the land, are gathering to themselves husbands.

ATTACKS CONTINUE ON LISBON COURT JUDGES

Latest Attempt is Made on Magistrate who is Shot Three Times as He Enters Own Garden

LISBON, (AP)—Attempts to assassinate the judges and members of the tribunal of public defense continue. Several of the members of the court already have been killed or wounded. The latest attempt was made on the life of Dr. Ferreira de Sousa, one of the judges of the court, as he entered the gate of his own garden.

His life was saved by the fact that he had been alerted at all times. He carried a pocketbook and was stopped by his fountain pen, the bullet falling harmlessly into his pocket where it was found.

The police attribute these attacks to members of the Young Bismarckist's association.

Dr. Ramos Preto, formerly of the cabinet and author of the law creating the Tribunal of Public Defense has received a letter threatening him with death and signed by "The Red Committee."

MONTANA BUSINESS MEN LEND AID TO STOCKMEN

Development Association Announces Plans for Re-stocking Farms and Dairies

BILLINGS, Mont., (AP)—The Montana Development Association, a compact of merchants and business men of the state, has announced plans under which mutual breeding and loan associations are to be organized throughout Montana, for re-stocking the farms and dairies of the state with blooded cattle. A financial organization, based on a plan said to have succeeded in several European countries, is to be formed under the auspices of the association.

Soon after a meeting to be held by the association in Great Falls in May, field agents are to be sent into every county, to broach the plan to ranchers. Liberal loans will be made to ranchers, but only for the purchase of live stock of high quality, and the stock itself will constitute the security.

What is useless to you may be valuable to others—advertise it in the classified.

KANSAS CLAIMS NEW APPOINTEE

Interesting Career of Assistant Secretary of Interior is Traced

LAWRENCE, Kan., (AP)—It was 27 years ago that Edward Finney, resident of Lawrence, was appointed by President H. Harding as assistant secretary of the department of the interior, chosen to call his lot in Washington as a federal employe, rather than to continue the practice of law in his city. After taking a civil service examination he received appointment to a clerical position in the general land office in Washington in 1894. The recent announcement of his appointment as assistant to the head of the department of the interior came as a surprise to his old acquaintances. Although it is more than a quarter of a century since Judge Finney—as he now is known in Washington—resided in the Sunflower city, he still is a Kansas at heart and the recent announcement of his appointment identified him as "Edward C. Finney of Kansas."

Studies Independently.

Mr. Finney is a native of Pennsylvania. In 1861 he came to Kansas with his parents from Ohio. The family settled on a farm northwest of Lawrence and Edward obtained an elementary education at the Riverside school here. Ambitious to continue law, but lacking educational qualifications, he was admitted to the law school of the University of Kansas here, from 1881 to 1884 he practiced law in Lawrence.

In 1887, Mr. Finney was appointed as examiner of mineral claims and during the last administration he was chief law officer of the reclamation service and for several years presiding judge of the court of claims. From 1901 to 1904 he practiced law in Lawrence.

Various present federal laws pertaining to potash, coal, oil and public land leases, water power and natural resources generally, were drafted with the aid of Judge Finney. Frequently he represented the department in important hearings before congressional committees and commissions.

KINDNESS TO ANIMALS ENDORSED BY HARDING

President Expresses Sympathy with the Movement to Secure More Humane Treatment

BOSTON, Mass., (AP)—President Harding has given his endorsement to the movement for the "Be Kind to Animals Week," April 11 to 16, with Sunday, April 17, to be known as "Humane Sunday."

President Harding's letter follows: "The White House, Washington.

"Dear Mr. Bowley, President, American Humane Education Society, Boston, Mass., 180 Longwood Ave.

"Dear Mr. Bowley: Responsive to your request, I am very glad to record my endorsement and sympathy with this movement to secure more humane treatment to defenseless animal life. I know something of the good work that you and your organization have accomplished in this direction and hope their field of usefulness may be further extended.

"Very truly yours,
"WARREN G. HARDING."

RE-INTRODUCES BILL TO REGULATE PACKERS

Chairman Norris of Senate Agriculture Committee Presents Measure without Alteration

WASHINGTON, D. C., (AP)—Chairman Norris of the senate agriculture committee, reintroduced Wednesday his bill for general regulation of the meat packing industry. It is in the same form in which it passed the senate at the last session.

Senator Borah, republican, Idaho, re-submitted a bill penalizing by imprisonment and fines law officers who prevent citizens from exercising constitutional rights.

Senator Keyes, republican, New Hampshire, proposed the creation of a bureau of aeronautics in the navy department as recommended by President Harding in his message yesterday and Senator Fletcher, democrat, introduced a measure to make farm loan banks eligible for federal reserve discount privileges.

Fifteen thousand landlocked salmon eggs received, some time ago at the Hay Spur hatchery on Silver Creek, near Holey, have been hatched and will be used to stock waters in Idaho. The eggs, which are very limited in supply, were received from the Green Lake hatchery in Maine.

Money to Loan

ARGUES NATURE MADE SEVERAL TYPES OF MAN

Dr. Hill-Tout, in Report to Royal Society of Canada, Will Trace Genealogy of Human Species Before History

LOS ANGELES, (AP)—Dr. Charles Hill-Tout, Ph. D., of the executive committee of the American Institute of Research, member of the Anthropological Institute of America, Fellow of the Royal Society of Canada and of the Royal Anthropological Institute of Great Britain, is preparing a report to be submitted to the Royal Society of Canada at its May meeting containing what he asserts is evidence that man is polygenetic instead of monogenetic in origin, as evolutionists have long thought.

Dr. Hill-Tout says he discovered his proofs while working upon a clay fossil in a skeleton of the skulls of apes and anthropoids. He contends that his report will show that nature, when man was in the making, turned out more than one species, as science has always claimed, in the case of the anthropoids. Hitherto evidence has been lacking that man was not descended from one line.

Dr. Hill-Tout believes the discovery eliminates completely two links in the chain of the pedigree of man, who, developing along opposite lines, he postulates his theory. He states that he obtained a brain expansion which has given him the sovereignty over all other forms of life.

"Dawn Man" Not Human. "This theoretical conception of the headless precursor, the ancestor common to man and the ape, is shown to be founded in fact by the discovery of the most interesting of all our fossil human remains, *Eoanthropus*, the 'Dawn Man,' says Dr. Hill-Tout.

"This ancient man roamed over the southern downs of England when the British Isles were a part of the mainland of Europe at the close of the Pliocene period. It probably antedated by some thousands of years *Pithecanthropus Erectus*. Unlike the latter, *Eoanthropus* is relatively higher developed in its cranial characters.

"Its cranial capacity is greater than that of many of the men of the backward races of today. Most of its cranial characters are remarkably modern in type, having much the same contours as that of the young anthropoids. That it is a primitive type we learn, for while it possesses a well developed head, it also has the chisel jaw and the canine teeth of the anthropoids.

Pithecaid Not Man. Indeed, it differs from the young anthropoids only in its larger cranial capacity. It is clear from the evidence, both of the human-like characters of the 'dawn man' and the young anthropoids that the lower-order Pithecaid was not a primitive man. In other words he followed anthropoid development rather than 'the human and so lost his chance with the human race.

"The discovery of men with modern cranial characters, living thousands of years earlier than Neanderthal man, and the discovery of the 'dawn' man, *Eoanthropus*, in 1912 in England, forces us to give up the monogenetic origin of man and accept the polygenetic origin.

"If we now want to discover man's oldest ancestor we must go to *Eoanthropus* and not to *Pithecanthropus*, for the former has all the characters which preman should possess; characters which were common to the first man and to the first anthropoid apes as exemplified in the cranial characters of the young of both species today.

Young Reveal Type. "For, according to that great biogenetic principle, more commonly known as Haeckel's law, we see by the skulls of the young of the Neanderthal race and the young of the anthropoids or human-like apes are so different from those of their parents that the principle expressed by this law signifies that the ontogeny of the individual recapitulates the phylogeny of the race—and this is where they show their light upon the problems under consideration—that the young of any species represent more truly and closely than do the adult members of the species the actual ancestral type from which they spring.

"A large collection of photographs will be used by Dr. Hill-Tout in illustrating his theories."

HOME PRODUCTS WEEK

This is Western Consumers' Week. Its purpose is to draw public attention to Western products and to stimulate demand for them among Western consumers.

When the week was instituted, originating in Twin Falls about ten years ago, it was designated as Home Products Week, and its purpose was to emphasize the desirability of home consumption of home products.

There is a peculiar necessity this year for observance of the Week within the limitations set in its inception. Home producers have been hard hit by post-war business and industrial stagnation and recession of prices. Farmers especially have suffered staggering losses. Few of them now have any ready money and their credits are limited, but all of them have enough of their own products to supply their own needs and most of them have a surplus which, if markets were afforded, could be disposed of not only to benefit the producer but to relieve him in an hour when he, most needs relief.

Here is where observance of Western Consumers' Week or Home Products Week can help. Most consumers hereabouts buy their provisions from day to day; so that a continuing demand is afforded for many of the products of farmers of this district. It is necessary only that the producer shall make an honest effort to bring his produce to market and let people know that he has it there for sale, and for the consumer to express a preference for the home product in placing his orders. Most consumers will be found willing to forego for a while the purchase of imported fruits and vegetables for instance, and to take a hand in improving the market for the surplus products carried over by home producers.

President Harding, in his first message to congress, declared that "we must prosper America first." The policy enunciated by the President is a sound one and it suffers nothing in its application to sub-divisions of the United States. Let us prosper Twin Falls first.

OPINIONS

Reprinted

Spokane Spokesman-Review: Intimations that President Harding's administration is wiggling the question of opening trade relations with soviet Russia have evoked sharp protests from the National Civic Federation and the hosts of trustees of the American Defense society. An implied protest also comes from the American Federation of Labor in the form of a statement issued by G. B. Strossell, Russian labor leader, after conference with President Oesper. Mr. Strossell says the soviet regime is an intolerable industrial despotism; that "freedom of the labor union is abolished"; that workers are "forcibly enlisted in the so-called labor armies" and "overtime is compulsory." He affirms that the spirit of revolt permeates all Russia; that "the Bolshevik regime may last a few months longer, but its end is well in hand."

Advocates of trade relations with Russia say Great Britain would not be making a trade pact with a dying government, and there must be something to be gained from the arrangement, which would be just as valuable to the United States as England. "That is an erroneous conclusion, for Great Britain and special reasons for placing the soviet government."

London and Turkey have been making trouble for England in remote places, stirring up old resentments in India, in Egypt, in Persia and at numerous points on the borders of British possessions. Lord George, having also the desperate Irish situation on his hands, was willing to swap a recognition of trade relations for a cessation of the latter's subversive activities on British borders.

England's case therefore is not analogous to that of the United States. Our country, in fact, is in better condition now than ever to ignore and defy the soviet government. Radicalism has slumped here and communism recognized to the gang of cruel tyrants who possess it. Lord George, having a cumulative experiment in distressed, oppressed and ruined Russia.

FILED

R. V. Jones of Twin Falls transacted business here Saturday.

Mr. Harry McMillan stopped at Twin Falls Sunday.

A. A. Clausen spent several days last week at American Falls on business.

Mr. and Mrs. Earl Fisher and Mr. and Mrs. Clyde Thadley spent Wednesday in Twin Falls.

Mr. and Mrs. Kluglow and two daughters arrived here last week from Montana and will remain indefinitely.

M. B. Clark is home again after a business trip of several weeks spent in the middle west and later going to California.

Mrs. E. E. Lee of Twin Falls is spending the week at the Wicker hotel while Mr. Lee is attending to business in Pocatello.

THOUSANDS OF ADMIRERS WELCOME NEW CARDINAL

Noted states in Given Dougherty on Return from Rome where Bob Hat was Conferred on Him.

NEW YORK, (AP)—Saluted with the blowing of whistles by steamers in the bay, Dennis Cardinal Dougherty of Philadelphia returned today from Rome where he was met and conferred upon him by the pope.

The prelate found thousands of admirers assembled to greet him. They packed Battery park and overflowed several blocks in the chancery between Broadway and Broadway.

As the prince of the church stepped off the municipal boat that landed him from the liner Olympia, accompanied by several priests and laymen, the whistles began blowing and the crowd, waving flags and banners, cheered for several minutes.

Headed by an escort of police and the police department band, the new American cardinal moved up town to the home of Archbishop Hayes, where he will remain until tomorrow.

Every hat came off in respect to the prelate as his party drove by.

SUN 'YAT-SEN FAILS TO WIN PEOPLE'S SUPPORT

Unusual Autocratic Powers Said to Have Been Conferred in Election are Not Relished.

PEKING, (AP)—Election of Sun-Yat-Sen former president of the Chinese republic as president of the government of South China, is apparently not receiving popular support, even in some of the southern provinces. Government officials declare that decided opposition to him has developed in the provinces of Kwangsi, Yunnan and Honan.

Unusual autocratic powers, which are not relished even by Sun-Yat-Sen's immediate associates, are said to have been conferred through the election.

Tang Shao-Yi, former premier and one of the organizers of the "extraordinary government," at Canton, has left for home.

The election is not considered, so far as by government officials, who say it was illegal.

QUESTION OF EDUCATION MENACES HARA MINISTRY

Failure to Raise Certain Technical Schools to Grade of Universities Precipitates Issue

TOKIO, (AP)—As has often happened in the ministerial history of Japan the life of the Hara ministry seemed seriously endangered by a minor domestic question dealing with education. The minister of education had not fulfilled a previous promise to raise certain technical schools in the grade of universities, and the failure caused many protests in both houses of the diet that perhaps any other problem be fore parliament. A compromise was reached, but at this writing the anti-minister opposition of the school question was continuing and many predicted that it would even bring about the collapse of the ministry.

UNIVERSITY OF IDAHO (Special)—Dr. A. H. Upham, president of the University of Idaho, today accepted an invitation to deliver the commencement address at the University of Washington on June 20.

WASHINGTON PUTS BARBS AROUND DIVORCE DECREE

New Code as Amended by Last Legislature Makes Legal Separation Difficult

SPOKANE, Wash., (AP)—Washington's new divorce code, as amended by the last legislature, sitting at Olympia is declared by S. A. Mann of Spokane one of the committees which framed the amendments, to be about as strict as those in force in any state in the country.

"After June 1 it will be no longer possible to obtain an absolute decree of divorce following the trial of the case," Judge Mann said. "The new amendments provide that the court, after hearing the case, shall either deny the application for divorce, or enter an interlocutory decree. In the interlocutory decree settlement of property rights and of the custody, care and education of children is made and appeal from the interlocutory decree may be made at any time within 90 days after it is entered."

"At any time after six months has elapsed from the date of entering the interlocutory decree, the trial judge may, upon motion of either party, enter an order granting a final decree of divorce."

"Parties who rush out of the state and get married while the interlocutory decree is pending and before the final decree is signed, under the new amendments, can be prosecuted for bigamy." After the final decree is signed, the six months clause holds good in the state. That means that parties who start divorce proceedings cannot hope to marry again in the state until at least 18 months had elapsed from the time of filing the complaint. In most cases it will be more nearly 18 months than 18 months.

In short the new divorce rules are as follows: Interlocutory decrees signed at conclusion of trial; final decree of divorce not signed until six months after entering the interlocutory decree.

Final decree of divorce cannot be obtained in less than seven months after the filing of the divorce complaint.

The court, in its discretion, may direct prosecution for violation of the "lazy husband" act before entering interlocutory decree.

The creation of a divorce proctor in the prosecuting attorney's office who shall be present at all divorce hearings.

All property rights and custody and care of children settled at the time of entering the interlocutory decree.

Appeal may be taken from interlocutory decree, but no appeal can be taken from the final decree of divorce.

What is useless to you may be valuable to others—advertise it in the classified.

Oregon Recommends Cut in Army's Size

MEXICO CITY, (AP)—Reduction of the Mexican standing army to 50,000 men by March 31, 1922, is proposed in a project submitted to the chamber of deputies by President Obregon.

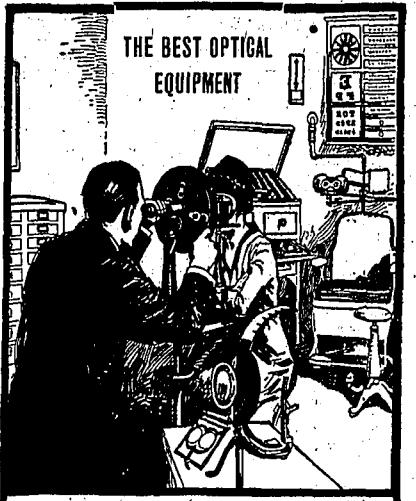

LOANS \$2,000,000 FOR COTTON EXPORT FINANCING WASHINGTON, D. C. (AP)—Approved

of an application for a loan of two million dollars for financing cotton exports was announced Wednesday by the war finance corporation.

ON CITY TICKETS

The Withdrawals of Nominates Leave Holes in Citizens Linup

With at least two candidates in the running for each of the municipal offices to be filled in the election on April 25, the time for filling of nominations closed last night. Citizens who have occurred or may occur in any ticket or group of candidates, however, may be filled with new nominations until the office is closed on the eighth day prior to the election, while nominees who have been named as candidates, will draw from the rank of written nominations to this effect in the clerk's office today or tomorrow.

Three tickets, the Service Men's ticket, the Citizens' ticket, which is generally known as the "Buckley" ticket and the Taxpayers' ticket.

Citizens' Ticket Suffers.

The Citizens' ticket had suffered most heavily through inability to retain the nomination of one candidate for councilman remaining out of the four nominated. Withdrawals of Citizens' candidates for councilman, the decline of H. C. Konstant, Withdrawals of C. N. Beatty and R. C. Leteah had previously been filed.

That the promoters of the Citizens' ticket were unable to fill these vacancies and promulgate a declaration of principles was indicated today in the statement of John W. Jensen, chairman of the Citizens' nominating convention to the effect that a meeting of the executive committee was telephoned for this afternoon with these purposes in view.

"The Taxpayers' group seems also to be faced with the necessity for nominating a new candidate, the report being current today that Albert T. Beatty had been elected to the office of councilman from the first ward as the nominee of the taxpayers.

Records in the city clerk's office also show that the following candidates were named for mayor: Captain P. W. McElveta, the choice of the service men; T. F. Warner on the Citizens' ticket; and Dr. T. O. Boyd, for treasurer.

Four candidates are in the running for the office of city clerk and police judge. They are Paul R. Taber, service men; Albert T. Beatty, Citizens' ticket; Kennedy Packard, Taxpayers; and W. A. Minick, the incumbent, who is running independently for reelection.

For Treasurer.

There are three candidates for city treasurer: Captain E. A. London, nominated by the service men; Frank Wheeler, the incumbent, who is running for the Citizens for reelection; and Harry C. Alexander, representative of the taxpayers.

With two places to be filled, there are only two candidates at present for councilmen from the first ward. They are Dr. W. F. Vanhook, nominated by the service men, and Albert T. Beatty and Frank Candie, nominated by the Taxpayers.

Five candidates are in the race for the positions of councilman from the second ward. They are Captain C. H. Kroneng and A. Willson, Peck, service men; P. W. Danke and B. G. McAlay, Taxpayers, and C. P. Bowie, Citizens.

Registration, which is prerequisite to voting in the municipal election, may be effected until Saturday evening, April 23, three days before the election. Registration books are open in the city building and at the Johnson Auto Sales company offices. It is estimated that the number of voters of 2000 voters registered when the books are closed.

PAIR FACE DEATH IN DROP OVER THE GRADE

Mr. and Mrs. Gorman sustain injuries as car plunges 250 feet.

In the backroom of the Auto Repair shop, 205 Shoreline street, south, there is a new Ford car, which on Saturday afternoon, was in the process of being repaired. The car, which was being worked on by Mr. and Mrs. Gorman, was being treated for injuries sustained in being administered. Mr. Gorman has three broken ribs, which were inflicted in a falling from a height of more or less severe bruises and contusions.

The accident in which the Gormans and their car figured occurred when an attempt was made to raise the car on the turn over on the farther side of the Blue Lakes grade, on the way to Jerome. Descent of the Twin Falls side, which was successfully completed, had not yet been made when the car, which was being worked on by Mr. and Mrs. Gorman, was being treated for injuries sustained in being administered. Mr. Gorman has three broken ribs, which were inflicted in a falling from a height of more or less severe bruises and contusions.

INTEREST AROUSED HERE THROUGH BIG GOLD DISCOVERY IN JARBIDGE

Guggenheims Strike Precious Metal in Huge Quantities in One Mine Adjacent to Kimberly Company's Holdings - Assay Shows \$20,000 Yield from Ton of Ore Taken from the First Ledge in Long Kike Mine

Three gold strikes have been made in the Jarbridge camp since the opening of the present month. The strikes have all been made in Guggenheim property, and are said to give promise of great development as the work is pushed.

The first gold encounter was made early in the month in the Long Kike property, where gold assaying \$20,000 to the ton of ore has been brought to light. The ledge bearing the precious metal has been cut only 14 feet and is not through. The second strike bears \$15,000 to the ton, and is in the same property. The ledge has been cut about five feet. The third ledge was found in the Jarbridge property of the Guggenheims, and carries gold-bearing ore to the value of \$3000 per ton.

The ledges being only 100 feet from Jarbridge because of the fact that the Long Kike mine is adjacent to the Kimberly Jarbridge company's property, the workings being only 300 feet within 300 feet of the K. J. company property and the gold ledge struck by the big concern is an angled stratum to the property of the Kimberly concern. The tunnel of the latter is in only 250 feet, and a strike is expected in the next 100 feet of the same into the property of the Kimberly concern. The tunnel of the latter is in only 250 feet, and a strike is expected in the next 100 feet of the same into the property of the Kimberly concern.

All of these discoveries are said to be extraordinarily encouraging. All of the workings are Kimberly property. They are: E. W. Tilley, president; Ben F. Train, vice president; L. H. Walden, treasurer; W. P. Brecken, secretary.

THREE TICKETS FILED FOR VILLAGE ELECTION

Kimberly to Have a Scrap On when Trustees are Selected by the People

Three tickets have been filed with the village clerk of Kimberly for the coming election of trustees for that place. The tickets are: The Citizens, led by Walden and L. C. Doty on its roster, and the other two endorse those nominees.

The first ticket filed has the following members: R. L. Noble, W. A. Gill, W. H. Walden, L. C. Doty and J. H. Graham.

Bertrand Mowen, Walden and Doty, the second ticket carries the names of: E. A. Willson, Jerry Higgins and W. F. Brock. The third ticket adds J. H. Woyko, A. H. Fay, and J. E. Halferty to those of Messrs. Doty and Walden.

JUDGMENT IS RESERVED BY LOWER COURT JURIST

Judge Duval Awaits Further Testimony in the Gager-Clover Seed Suit

In the court matter of the Gager-Moranville company of Castleford against B. H. Taylor herein the plaintiff's motion for judgment against the defendant for \$2250, Judge Duval of the probate court, has announced reservation of decision until after his testimony can be obtained. It seems the plaintiff's company sought out an attachment against some clover seed held by the defendant to secure a payment of the same. The proceedings were started by a Mr. Shields of Buhl, who has asked that the attachment of the Gager company be dissolved. Swooley & Swooley are attorneys for the plaintiff and J. W. Taylor for the defendant.

JUDGMENT IS RENDERED FOR PLAINTIFF IN CASE

Ed. Olson Awarded Verdict Granting \$2750 on \$2200 Claim Against

Judgment for a total sum of \$2750 was yesterday awarded by Judge O. P. Duval in an action brought by Ed. Olson against Horace H. Smith, deceased. The plaintiff's motion for judgment against the defendant for \$2200, Judge Duval of the probate court, has announced reservation of decision until after his testimony can be obtained. It seems the plaintiff's company sought out an attachment against some clover seed held by the defendant to secure a payment of the same. The proceedings were started by a Mr. Shields of Buhl, who has asked that the attachment of the Gager company be dissolved. Swooley & Swooley are attorneys for the plaintiff and J. W. Taylor for the defendant.

The members of the Octavien Square entertained for their husbands at the home of Mr. and Mrs. Durbin Furubak, 206 Jackson avenue, Wednesday evening. Cards and dancing were enjoyed very much. The refreshments were served. Those present were Messrs. and Mrs. E. B. Williams, Arthur Gates, Clyde Gae, Ralph Boyd, Lloyd Goodrich, Milton Goodrich, and Mrs. Anna Furubak and Mr. John Miliken.

BIG DEPARTMENT STORE ORGANIZES "PEP CLUB"

L. D. S. Employees at Banquet Enroll for Efficient Service in Business

With 23 members as its charter roster the Idaho Department Store Club has been formed with Arthur Beckwith, president. Other officers are: J. W. Swooley, secretary; C. W. Griggs, president. Sixteen members responded to roll call with an interesting item on China. Plans were made for a cooked food sale to be held Saturday, April 24 at Beckwith store. Mrs. Arthur Eldred was appointed committee in charge. The following program under the direction of Mrs. Shipman was given: "Domestic China," Mrs. Arthur Eldred; "Famine Diet," Mrs. Earl Bryant; Miss Hamill gave a most interesting account of her personal experiences in China and exhibited a number of Chinese robes and costumes. Mrs. Gill and Mrs. Shipman gave a mandolin and piano duo. Mrs. Paxson's reading, and Mark Hal Duke a violin solo. A Chinese luncheon was served by the hostesses Mesdames Gill, Shipman, and Charles. Four guests were present.

The R. N. A. club was entertained at the luncheon Mrs. John Peters on Second avenue west Wednesday afternoon. Sixteen members and two visitors were present. Election of officers for the ensuing six months resulted in the selection of Mrs. John Peters for president; Mrs. Fannie Ham, vice-president; Mrs. Will Feltbush was re-elected secretary, and Mrs. Cora Patton re-elected treasurer. After the business session a short program was given consisting of two vocal solos by Mrs. H. T. Lewis, a trio by Hazel McCollough, Cora Patton and Mrs. H. T. Lewis, and two solos by Mrs. F. H. Van Hook and Mrs. C. Moore. A delicious luncheon was served by the hostesses, Mrs. John Peters, Hazel McCollough and Mabel Harwood.

Mrs. Arthur W. Ostrom entertained the members of the Harmony club of this city on Tuesday afternoon at her home in Buhl. A delicious four course luncheon was served at 2 o'clock followed by bridge. Mrs. Thomas Howerton was the hostess for the highest score. Those who enjoyed the afternoon were Mesdames A. W. Husted, H. P. Sawyer, Thomas Bowbery, H. P. Harger, E. R. Van Hook, J. C. Moore, W. C. House, F. R. Cox and M. C. Paulson. Several club friends of the hostess were also guests for the afternoon.

Mrs. L. E. Wilson and Mrs. George W. Hlee were hostesses to the Unity club Wednesday afternoon at the home of the former. The program was of the life and character of Thomas Jefferson and was full of interest and information. There was a large attendance of members and several visitors. During the social hour refreshments were served.

The Wednesday Bridge club met this week with Mrs. Charles Macaulay with the following members present: Mesdames V. H. Ormsby, Chas. Burton, L. W. Greenow, J. C. Tharp and Miss Cora Greenow. Mrs. W. H. Hillgren was the club favor.

Mrs. P. J. Costello entertained the M. C. D. club yesterday afternoon at her home on Second avenue north. Bridge was the diversion for the afternoon and Mrs. J. Paul Johnston won the honors. At the conclusion of the card game a two course luncheon was served. Those present were Mesdames John Costello, May Mickelwell, Fred Ramey, Mary Kelly, Charles Hart, Peter Ericson and J. Paul Johnston.

Colder Weather Offsets Benefits From Moisture

MISTURE contained in the rainfall yesterday and the snowfall of last night was heavy enough to spell a good dredging for farm land, and on that account is thankfully received by tillers of the soil. But concomitant cold weather is not accepted with so great an amount of gratefulness.

The moisture, according to local accounts, amounted to 44 inches of rain; precipitation, and it was readily absorbed by the ground on which it fell. Top temperature yesterday was 59 when the mercury showing a decline to 50 last night.

Stormy conditions may be expected in the southwest section of the state, Friday, with fair weather in other portions, the regular weather officer announces.
