

DOMINION ADDS TO TROUBLES OF RUM SMUGGLERS

Law Limiting Purchases to a Single Quart Promises to Put Effectual Damper on Illicit Traffic Along Border

BURLINGTON, Vt. (AP)—Smuggling of whiskey across the Canadian border into Vermont will be virtually restricted to one quart per person, the small supply that may trickle in through stretches, bootleggers and hip-pocketers, in the opinion of prohibition agents here.

On that date a Dominion law limiting each purchase of whiskey to a single quart became effective. While bootleggers and hip-pocketers are too small to tempt the rum-runners, a recent seizure here indicated that some of the bootleggers had stockpiled in this state before the Canadian one-quart limit is enforced. Automobile traffic, formerly the principal source of rum, has dried up now, and the leading car is caught slipping with muffled motor along the by-paths of the border.

Seizures of rum have been made by freight cars that were built into lumber cars and whiskey in large quantities concealed in the skillfully constructed bins. Spirits have come from the north, and also from the south, grain and shipments of a similar nature. Some have fallen into the revenue officers' hands before leaving the railway tracks.

Captures of liquor cached in freight cars, however, is more or less a matter of luck, the enforcement agents admit, and it is the chief reason for the men who thereby avoid risk of their persons or automobiles.

LEAGUE MEMBERS OPPOSE ALAND ISLANDS VOTING

Delegates Decide Against Holding Plebiscite at Conclusion of Inquiry

STOCKHOLM, (AP)—League of nations delegates who have been studying questions relating to the future status of the Aland Islands have decided a plebiscite should not be arranged for the inhabitants of the archipelago, says the Geneva correspondent of the Dagens Nyheter of this city.

The league's delegates are said by the correspondent to have agreed that in recent years there has been an admixture with Sweden, and even now there is said to be only a minority among the Swedes which is outspoken in its desire for a union with Sweden.

HOUSE LIMITS DEBATE ON IMMIGRATION BILL

Chairman Johnson Pleads for Quick Action, but Final Vote is Not Likely Before Saturday

WASHINGTON, D. C. (AP)—Debate on the temporary immigration bill, which restricts admission of aliens from May 9 to July 1, 1922, to 3 per cent of each nationality registered by the 1910 census, began today in the house after the adoption of a special rule limiting general discussion by committee of the bill to four hours.

Chairman Johnson, of the immigration committee, pleaded for quick passage of the measure, but some leaders said a vote was not likely before Saturday.

Aerial Publication is Soon to be Tried

LONDON, (AP)—Initial trials will soon be made in the publication of a daily newspaper from airplanes in flight, in a new phase of journalism. Airplanes will leave Paris and London daily. Machines from Paris will print editions of the Aerial Mail in French and those from England will print their copies in English. Batches of the papers will be dropped by parachute in Boulogne, Rouen, Amiens and other cities where there are subscribers, says the Daily Mail.

Theatrical Producer Held Under Dry Law

NEW YORK, (AP)—Charged with having 92 bottles of liquor in his possession, in violation of the Volstead act, Oliver Morosco, theatrical producer, Wednesday was held in \$1000 bail for trial in federal court in Brooklyn. Mr. Morosco recently applied to Prohibition Director O'Connell for a permit to transfer a quantity of liquor from his home at Great Neck to Los Angeles. The beverages were put in forty barrels for transportation, but it was alleged had been purchased after the Volstead act became effective.

Denies Right to Seek Liquor on Shipboard

MIAMI, Fla. (AP)—A sheriff has not right to search a foreign vessel and search for liquor under the prohibition law and the liquor seized in such manner cannot be admitted in evidence against the vessel's owner, a federal judge W. Frank Blanton here today.

LIMITED MAIL SERVICE WITH RUSSIA RESUMES

Postoffice Department Announces Re-opening of Channels Closed for Four Years

WASHINGTON, D. C. (AP)—Limited mail service with Russia has been resumed after four years suspension, the postoffice department announced on Wednesday, mail for European Russia, including the Ukraine, republic of Georgia and republic of Azerbaijan, to go via London to Moscow for distribution.

"Only fully prepaid unregistered letters and postcards will be accepted for European Russia," the announcement said. "At the regular international postal rates. The Russian post office also agrees to accept mail of like character for Russia in Asia."

ILLINOIS BOXING BILL

SPRINGFIELD, Ill. (AP)—The committee boxing bill, combining the features of several measures was reported out today in the Illinois house. It provides for top-round no-decision bouts under the regulations of a commission of three members.

VETERANS CALLS UPON RED CROSS INCREASING

Peak of Relief Work Among the Service Men Has Not Been Reached, Says Report

SAN FRANCISCO, (AP)—Calls for help from veterans of the world war and their families to the Red Cross are increasing constantly, said a statement issued by the Pacific division of the Red Cross here today. The peak of the relief work has not been reached.

Reviewing the work of the 160 Red Cross chapters in California, Nevada and Arizona during the last twelve months, the statement said 63,733 order cases were handled. During the period \$341,018.48 was expended for relief work.

Work of aiding the former soldiers is handled by Red Cross home service committees. These same committees started their work during the war and have continued it since.

In addition to the work conducted by the various chapters, the statement said, the Pacific division has the highest hospitalization task of any of the Red Cross divisions. In the western division, there are six United States public health service hospitals.

Records in an average month show that in that time more than 5000 patients in the hospitals were treated. The six hospitals are Arrowhead, hospital at Arrowhead, Nev.; Maudslayi hospital at San Francisco; Kearney hospital at San Diego; Palo Alto hospital at Palo Alto, Cal.; Tucson hospital at Tucson and Whipple barracks hospital at Prescott, Ariz. In addition to the patients at the government hospitals, 807 patients were treated in "contract hospitals" in the division's territory.

"Thousands of soldiers are being brought to the attention of Red Cross chapter daily," the statement said. "In 1920 chapters dealing directly with the various government departments of indirectly through national Red Cross headquarters in Washington handled, throughout the nation, more than 200,000 service claims."

OBREGON SAYS MEXICO WORKING TO PAY DEBT

Tells Newspaper Correspondents Honest Efforts are Being Put Forth to Meet Foreign Obligations

MEXICO CITY, (AP)—Honest efforts are being made to devise arrangements for immediate payments on the interest on Mexico's foreign debt, and to that end representatives of foreign banking houses have been asked to come to Mexico to offer advice and suggestions, President Obregon told a gathering of newspaper correspondents here Wednesday. It is believed these banking house representatives will arrive here within two or three weeks and that extended conferences will be held with the president participating personally.

LITTLE ENEMY OF CALLS FOR GUARANTEES FROM BUDAPEST

VIENNA (AP)—Guarantees against a return to the Hungarian throne of former Emperor Charles are being prepared at Belgrade by Jugo-Slavins. Czechoslovakia and Rumania and will be presented to the Budapest government in a few days, says the South Slav News agency.

POLES REWARD YANKEE FLYERS

American Soldiers of Fortune are Provided with Tracts of Land

WARSAW, (AP)—Nine American members of the Kosciuszko air squadron, all soldiers of fortune, recently were awarded 40 acres of land each, near the Polish-Russian frontier as outlined by the Riga peace treaty.

All officers and soldiers of the Polish forces are being provided with tracts along Poland's eastern boundary, under a system worked out by the government, provided they take up cultivation of the land upon leaving the military service. By this plan, Poland hopes to have trained men settled permanently where they would be handy for service in case the country is ever attacked again from the east.

Most of the young flyers of the Kosciuszko squadron are planning to return to America during the summer. If they do not settle upon the land within a specified time, their rights to the farms will be forfeited. As yet none of the Americans has made up his mind to settle down on a Polish plot and, lead the life of a peasant. Several of the Americans were reared in the country but they say the excitement of flying and the thrill of war have spoiled them for the back to the farm movement.

MEXICAN TROOPS SEEKING BAND OF TRAIN BOBBERS

EL PASO, Texas, (AP)—Mexican federal troops from garritons throughout Chihuahua are entering near Cuernavaca to search the foothills for a band of 25 robbers, 16 of whom were mounted, who robbed the Mexican National passenger train Monday night of 30,000 pesos. Part of the band held up the passengers while the remainder looted the baggage car, breaking open the safe. None of the passengers were injured.

FARMERS UOHN HAGENBARTH AND CAMPBELL FOR PLACERS

WASHINGTON, D. C. (AP)—President Harding was asked today by a delegation of the American Farm Federation bureau to appoint a representative of farmers on the more important government board. Frank HagenbARTH, Salt Lake City, Utah, and Joseph H. Campbell, Spokane, Wash., were suggested for the interstate commerce commission.

President Harding said that at the proper time he would be glad to receive recommendations from the farm bureau.

RUPERT RUNNER WILL REPRESENT IDAHO ON COAST

Neal Irving to be in Varsity Team for Two-Mile Race and Pentathlon

UNIVERSITY OF IDAHO, Moscow, (Special)—Idaho's two-mile relay team and two pentathlon members, Neal Irving of Rupert and Pat Perrine of Nez Perce, will leave Thursday for coast where they will enter the Seattle Regatta carnival, April 23. Coach Thomas Kelly, director of athletics, announced today.

The relay team will be made up of Gerald Gill of Blaine Falls, E. D. Baymond of Harlow, R. G. Van Hoesen of Council, and Marshall Mayo of Boise.

We are particularly handicapped by the fact that some of our men are half-mile men and by shifting to this distance are obviously not at their best. So far, however, they have all shown the half in about the same time, giving us a well balanced team for the past 10 days the track has been in a sorry condition and the men have not had full opportunity to show their best.

"The pentathlon men, Irving and Perrine, will be in fine shape for the two. Both of these men are confident for showing in the weight events but not with the runners, the recent cold weather has by no means helped them.

CAUSE OF WARM SPRING PUZZLES

Weather Bureau Officials are Unable to Explain High March Temperatures

WASHINGTON, D. C., (AP)—Cause underlying the unusually warm weather of early spring this year remain a mystery to weather bureau officials. But reports show, they say, that the warmest in the history of the country, breaking all known records for high temperatures at some weather bureau stations in the east.

One contributing reason for the high March record, they stated, was the succession of bright clear days during a month when blustery winds, rains and storms usually prevail. What caused this succession of bright clear days, the climatological division is unable to determine.

Barometer May Explain. "One cause of usual cold March weather is said to be the sharp difference frequently prevailing in barometric pressure. This feature evidently was missing this season, although complete records had not as yet been compiled. Cold weather often resulted. It was said, from a high barometric pressure in the colder regions of the north which created an air 'hill' down which cold air poured, like water running downhill, upon the United States.

During the cold winter of 1917-18, it was pointed out, air pressures were extremely high in Alaska, building up a 'hill' from which cold air winds from the snow fields, bringing one of America's coldest winters.

Vegetation this March advanced far beyond its usual growth and throughout the fruit regions of the middle-west and southeast, a short freeze nipped many buds, causing what was thought at first to be disastrous damage of far-reaching proportions. Later inspection of trees, however, it was reported, showed that the frost had not damaged fruit to such an appreciable extent.

Many Warmer Winters. Although January and February also were warm throughout much of the middle-west and east, they were record breakers in no section of the world, the weather bureau reporting many warmer winters.

The far west winter, as indicated by

Appointed First Assistant Postmaster-General

Dr. Hubert Work, president of the American Medical association and former republican national committeeman from Colorado, who was appointed first assistant postmaster general by President Harding today. Dr. Work succeeds John C. Koons.

San Francisco reports was not unusual, December and February being slightly warmer, with January colder than normal.

These Nettles Do Not Die. Any species of nettles is unpleasant enough to handle roughly, but some of the foreign ones are most formidable plants. Several of the East Indian forms are truly dangerous, for after the first itching sensation has passed away it is often followed by that of hot iron being rubbed on the flesh, and the pain increases to such an extent that after hours and sometimes days—the patient is seized with symptoms like those following influenza and lockjaw, while sometimes death results.

THE CITY MANAGER PLAN

Citizens Ticket Will Let the People Decide City Form of Government As Law Intends and Provides.

The statutes of Idaho provide that when twenty-five per cent of the voters of a municipality petition for an election to determine whether the city manager form of government shall be adopted, it shall be the duty of the mayor to call such election.

PEOPLE RULE ABSOLUTELY

Should friends of the city manager plan in any municipality elect those who personally believe in its adoption, they could not, except as individuals, further the adoption of the plan, and they could work as effectively for that purpose out of office as in it.

Should opponents of the city manager plan in any municipality elect those personally antagonistic to such plan, they could not, except as individuals, defeat the adoption of that plan, should the people sign and file the petitions provided for the law.

PERSONNEL OF OFFICERS IMMATERIAL

The personnel of officers selected at the city election next Tuesday will not in any way determine the form of government which Twin Falls will have in the future; THE LAW PUTS THAT UP TO THE PEOPLE, provides the method whereby they can act, and until they do act, there can be no change.

CITIZENS TICKET PLEDGE

Therefore, the Citizens ticket makes this pledge (which, however, is wholly superfluous, since the method of determination is already provided by statute) still it makes this pledge; that in the event petitions containing the required number of legal signatures shall be filed as provided by law requesting an election on the question of adopting the city manager plan of government, THE MAYOR WILL CALL SUCH ELECTION under the laws governing the subject. In the event that no such petition shall be filed, no election can be called. Should the petition be filed and an election called, the candidates on the Citizen's Ticket will, as individual American citizens exercise their free right to vote for or against the adoption of the plan when submitted, as may seem best to each one after due consideration. THIS IS ALL THE CANDIDATES ON ANY TICKET CAN DO IF ELECTED.

Beyond this pledge to obey and carry into effect the law governing the matter, LETTING THE PEOPLE DECIDE WHAT THEY WANT, the Citizen's candidates do not feel that the city manager plan is in the campaign.

REGISTER! You must register before Saturday night at 9 o'clock or you cannot vote Tuesday. Former registrations are not legal. Get on the list.

CITIZEN'S TICKET

- T. F. WARNER Candidate for Mayor
W. E. SANGER Candidate for Council, First Ward
C. H. STINSON Candidate for Council, First Ward
FRANK LECHLEITER Candidate for Council, Second Ward

EASTERN REPRESENTATIVES... VANISHING ISSUES

There seems to be little or nothing left of any of the several questions which have advanced as issues to be determined in the election next Tuesday

There is no apparent conflict in the formally announced positions taken by any of the groups of candidates

There has been injected in the campaign, to be sure, the statement of an individual who is a prominent backer of one of the groups of candidates to the effect that he favors "scrapping" the meters and charging their cost up against the city as a loss

Effort to make an issue of the paving question has been less effectual, even than that directed toward playing up the meters question

Remaining campaign promises have to do with subjects of economy and law enforcement, and upon these matters there can be but one opinion

Thus is the slate wiped clean of issues to be determined in this election

Let me examine your child's eyes and if glasses are not needed I will gladly tell you

Dr. R. A. Parrott... FOR BETTER OPTICAL WORK

A Straight Talk to the Taxpayers, Who Pay the Bills for Public Improvements:

In our platform we state this position:

"We favor taking immediate steps to protect the city in the matter of compelling the construction companies to rebuild all defective curbing, paving and sewer systems wherever it is found the same is not up to the required specifications."

In yesterday's issue of The Times, we find the Citizen's Ticket have been forced on record on another issue of the campaign

Their statement is amusing when you compare it with their announcement at the time their ticket was presented, wherein they relied upon "A statement of general principles and biographical account of the candidates is given in lieu of a platform"

They now say that they are informed the interests of the city are protected by a good and sufficient bond, and should this prove to be the case, the remedy should be simple and should consist of insistence on compliance with the terms set forth in the bond

No steps of any kind have been taken by the present administration to insist upon the rights of the tax-payers being protected in the matter of defective paving and curbing

Here are the facts with reference to the bonds furnished by the construction company. Amount \$426,736.44, and contains this provision: "That in no event shall the surety be subject to any suit, action or other proceeding thereon that is instituted later than the 5th day of January, 1921"

The present administration neglected to protect the interests of the taxpayers by knowingly permitting this large bond to expire without instituting action to recover against the construction company for the curbing and paving, now admitted to be defective

There was filed on April 7th, 1921, a bond of \$25,000.00 on behalf of the construction company conditioned to continue to repair defective paving

The specifications for the curbing required that the work and material should be first class and that the composition of concrete should be one to four. We are advised by competent contractors that it is their opinion that improper sand and gravel was used in the construction of the curbing and that the composition could not have exceeded one to twelve

The Warren Construction Company is a responsible concern, and if it does not willingly rebuild all defective pavement and defective curbing, we propose instituting an action against them to recover damages for the losses the taxpayers have sustained

We appeal to the voters to consider this question from a sound viewpoint. You know value has not been received for your money expended. As business men, you cannot afford to permit the city to accept the work of the construction company

- OUR CANDIDATES— For Mayor—T. O. Boyd (X) City Clerk—Kennedy Packard (X) City Treasurer—H. C. Alexander (X) Councilmen, Ward No. 1—Frank Caudle (X) —Chas. W. Simpson (X) Ward No. 2—S. G. McAuley (X) —Harry Davis (X)

WEATHER HOLDS STREET REPAIRS

Construction Superintendent Explains Why Paving Work is Delayed

Setting at rest fears that may have developed through alleged failures of paving, A. J. Hill, superintendent of public construction for the Warren Construction company in this city, today announced that his company proposed to make full and complete repairs on streets surfaced under last year's contract immediately that weather conditions will permit.

"There is simply no reason for any sort of agitation or worry about the Twin Falls paving work," Hill explained. "The contract is being completed by the Warren Construction company in this city, and the work is still operative, and is being done for a period of five years. The Warren Construction company is pledged to keep the paving, built last year, in good repair for that term of years, and the amount of the company's bond is so large that the city is completely protected against failure on the part of the company," Mr. Hill said.

The statement of the paving construction superintendent in addition to remarks attributed to a local attorney in a recent political speech. In reply to these remarks, Mr. Hill has addressed the following letter to The News:

"The article which has been published in the Daily News of April 18 and The Times of the same date, purporting to be a statement of the Warren Construction Co. in a speech recently made in which he demands that all candidates for the coming election be asked their position as to compelling contractors to make any necessary repairs to the pavement recently laid.

"So that Mr. Mills need not be put to this trouble and that the people may rest in peace, I beg to state that we notified the present city council early in January that immediately weather conditions permitted we proposed to make all necessary repairs to work recently finished by us and this statement has been backed by a surety bond. Whether Mr. Mills' friends or members of other interests are elected to make any necessary repairs to work recently finished by us and this statement has been backed by a surety bond. Whether Mr. Mills' friends or members of other interests are elected to make any necessary repairs to work recently finished by us and this statement has been backed by a surety bond.

"If Mr. Mills and his friends, instead of wasting time trying to get vexed by making this an issue of the campaign, will interests will be made no difference to us. We propose to make repairs as soon as weather will permit. We have been carrying a number of experts on our payroll for the past 30 days, hoping that they would start. We did start on Kimberly road about ten days ago but have been only able to work one day on account of inclement weather.

RECEIPT OF KIWANIS CHARTER AS OCCASION OF CEREMONIAL BY MEMBERS OF ORGANIZATION

Banquet and Entertainment Program Marks a Noteworthy Event in Annals of Twin Falls Civic Club—Affair is Attended by a Number of Outdoors Prominent in the Order

In a setting of music, color and gaiety through which was woven the fabric of a common purpose toward a common constructive end, the Kiwanis club of Twin Falls, last evening at a banquet in the Loggerson hotel dining room, received its charter in token of its affiliation with the international organization.

In the absence of J. H. Peterson, former attorney general of Idaho and president of the Kiwanis club of Pocatello, actual presentation of the charter was made by L. F. McDonald of Pocatello, a member of the board of district trustees, the speech acceptance being delivered by E. J. Ostrander, president of the local club.

Receive Greetings

Messages of greeting and congratulatory were read from J. M. Barnett of Chicago, president of the international organization; H. VanHorn of Salt Lake, president of the district organization, Kiwanis clubs of Salt Lake, Boise and Billings, Montana and from the Rotary club of Twin Falls.

The Kiwanis club of Idaho Falls was represented personally by its president, George A. Blatowski.

Speakers of the evening included the visiting clubmen and former Seattle Mayor J. Sweeney and Captain P. W. McJoherty, Mr. Ostrander presiding and acting as toastmaster.

More than 50 members of the organization were in attendance. The program to be held which had been arranged to form the letter K when the festivities opened promptly at 7 o'clock and continuing until about 10:30 o'clock. The entertainment featured a musical program in the mural decorations, while the tables were decorated with roses and narcissi.

Maternal numbers had been arranged for by the program and entertainment committee, but the clubmen joined frequently in song while the several bands of the city were heard. Mr. Bigley, chairman of the entertainment committee, accompanying the singers at the piano and responding to an encore after giving an original solo number.

A quintet composed of C. S. Beatty, O. E. Wright, B. K. Logan, M. G. Batley and Nelson Hayward, also gave several numbers.

Have Their Fun

Several entertainment features for which provision had been made were omitted when the hour grew late, but the evening was not without one thrilling entertainment after which developed after the coffee had been served when John W. Graham rose at his place and entered upon well-stimulated remarks of the entertainment menu offered. Dr. F. E. McAtree, chairman of the house committee, and Mr. Batley replied with seeming heat, and advised their critic to carry his objections to the chef. Thereupon Mr. Graham repaired to the kitchen from which almost immediately came the sounds of conflict and rapid firing of revolver shots, and while directed a stretcher was borne upon the scene. An extra souvenir edition of The News carrying the story of the fake altercation and its outcome appeared simultaneously with Mr. Graham's reappearance at the table.

The program for the evening was

DIRECTORS SIGN FAIR FEATURES

Early Bookings Promise Excellent Exposition at Flier This Fall

To insure a successful four-day program, directors of the Twin Falls County fair are already booking attractions for the annual fall exposition. The dates are September 13, 14, 15 and 16.

At the last meeting of the directors announcement was made by Secretary J. M. Markel that contracts have already been engaged in with the Kelly comedians, a troupe of entertainers which appeared for the first time here last year, for a four-day stand. This proved exceptionally popular last fall, and is expected to be better this year. The company will have a large or tent this fall and will carry a large band.

In addition to booking the Kelly comedians the fair board has contracted with a Mr. Eddred of Provo, Utah to install a merry-go-round and a ferris wheel. J. P. Hart has leased the dining hall and will serve regular meals and quick lunches. Mac Hart is well known in and about Flier, and bears the reputation of being a high class caterer.

A race program of as high a character as can be secured is being planned for the annual meet. There is a dearth of harness racers in the intermountain country and the directing manager of the fair has been compelled to institute search outside of this region for talent. Liberal purses will be offered to induce racing men to bring their stables to Twin Falls county this autumn.

The fair grounds at Flier are in better condition than ever, the Fair Acres golf club having done a great improvement work on the enclosure.

Among the special exhibits at this fall's fair will be three Duro-Jersey futurity shows. Twenty-five heads have been nominated for entry, and Fall Spring and Club futurities will compete for 4500 premiums. The Bhothorn Cattle Breeders' association, and the Horse Association of America, have both offered liberal prizes in premiums for exhibits in their respective lines.

Speaking with respect to prospects for the coming fall show, Secretary Markel expressed the belief that the exposition will be fully equal to last year's standard, which was the highest yet set for a county fair in the Twin Falls district.

BEAN GROWERS ATTENTION

We are now ready to make contracts for a limited amount of bean acreage for 1921.

ALFRED J. BROWN SEED CO.
Per A. L. Stone.

TWO BY TWOS. In the police court this morning William McKenna and W. L. Shively, construction workers at Shoshone Falls, were arraigned on charge of being drunk and disorderly. They were found guilty and paid fines in each case of \$37.50. The men were arrested Wednesday night.

Improvement of Weather Looms on the Horizon

If the weather man is correct in his judgment of the district weather case a more settled condition of meteorological conditions is immediately due.

Fair weather in the south and in the prediction for the coming 24 hours. But it will be rainy and had in the north.

The temperature meter reading at 6 this morning, showed the same high and low as on Tuesday being 70 for high and 50 low. There was 26 of an inch of precipitation yesterday.

GOODING GUNMEN TO COMPETE WITH LOCAL MARKSMEN

Members of the Gooding Red and Gun club will arrive on Sunday to hold friendly marksmanship competition with members of the Twin Falls Red and Gun club. The visitors will arrive on Sunday to hold friendly marksmanship competition with members of the Twin Falls Red and Gun club.

The state trap shooting tournament to be held in Gooding on June 14, 15 and 16, this year. At that engagement the amateur championship of the state of Idaho will be determined. The winner will represent the state in the grand amateur handicap shoot to be held in August during August.

ODDFELLOWSHIP PLANS FOR 102ND ANNIVERSARY

Oddfellows of Twin Falls next Sunday will celebrate the 102nd anniversary of the founding of the order. Members of the fraternal and beneficial association will attend morning services at the First Methodist Episcopal church. The Rev. E. L. White, a member of the order, will preach the sermon of the occasion. All Oddfellows and Bowlekins are to meet at 10:00 P. M. at 10:30 a. m. to proceed to the church in a body.

WRIGHT OPTIMISTIC OVER OUTLOOK HERE

Ogden Man Foresees Big Industrial Movement Here in Future

Sentiments of highest optimism concerning the industrial outlook of Twin Falls were expressed by P. T. Wright, general manager of Wright & Sons, during a short stay in this city yesterday. Mr. Wright believes so strongly in Twin Falls and the entire district that the company plans extensions of its business facilities in Twin Falls.

"Business coming to our firm here means nothing but the highest expectations for the future. I can see no reason for any but optimistic sentiments concerning the outlook for this city," Mr. Wright told a Newsman. He admitted his company expected to widen its scope of operations in Twin Falls. Mr. Wright left today for his home in Ogden.
