

TWIN FALLS DAILY NEWS

TWIN FALLS, IDAHO, FRIDAY, APRIL 22, 1921. PRIOR FIVE CENTS

HOUSE ADOPTS BILL TO LIMIT ALIEN INFLUX

Measure Passes Without Roll Call After Efforts to Amend Prove Ineffective; Quick Action in Senate Urged

WASHINGTON, (AP)—The immigration bill passed today by the house. The measure went through without a roll call and now goes to the senate where early action will be urged. Effort was made to amend the measure to permit the admission of political refugees and also Donald J. O'Callaghan, mayor of Cork, who has been offered to leave the United States by June 5, was unsuccessful. Under the bill immigrants from Europe will be limited for 14 months after they may 20 to 25 per cent of the number of nationalities in this country at the time of the 1910 census.

MINERS' STRIKE DRAWS NEARER TO SETTLEMENT

British Mine Owners and the Striking Employees Meet with Premier Making Progress Justifying Further Meeting.

LONDON, (AP)—By invitation of Prime Minister Lloyd George, the British mine owners and the leaders of the miners' federation met with him this afternoon for discussion of the strike. The conference was adjourned at about 6 p. m., but it was stated sufficient progress had been made to justify a further meeting which probably will be held Monday.

Vote Hope Confident. The confidence of the miners' delegates was increased this morning after a short session, in which a resolution of complete confidence in Frank Hoopes, secretary of the miners' union and the other members of the miners' executive body was adopted. After the conference the delegates issued a statement declaring that reports from the mining districts showed a national wages board and a national wages pool.

Unemployment Increases. Official figures on unemployment made public last night, placed the total at 4,650,000. It was stated in the coal exchange that several cargoes of American coal were on their way to British ports, that French coal was being shipped to Belgium and was being released for England. It was ascertained Germany was offering coal at Bremen at half the price of the best Welsh coal.

Further efforts has arisen in the engineering industry over proposed wages amounting to \$12,000,000 and affecting 100,000 employees. The conference held here yesterday adjourned for a week.

Scotts Support Miners. The Scottish trades union congress, in session at Aberdeen, has passed resolutions supporting the miners and expressing its condemnation of the congress of the government's "treacherous and bitter anti-labor attitude." Demands were made that a general conference be called for the purpose of constituting united action.

WORKS ON FARMER RELIEF

Senate Agricultural Committee Takes Up Proposed Legislation

WASHINGTON, D. C. (AP)—Work on farmer relief and kindred legislation was begun today by the senate agricultural committee. Senator Capper's bill to legalize cooperative marketing was referred to Secretary Wallace.

NAVAL APPROPRIATION BILL IS GIVEN HOUSE

Measure Includes Provision for Reduction in Estimated Personnel from 154,000 to 100,000 Men

Farmers' Union Endorsed Proposed Legislation Designed to Curb Dealing in Futures

Death Claims Last of Custer's Scouts

MANDAN, S. D. (AP)—James Flanagan, 84 years old, said to be the last surviving white scout of Custer's seventh cavalry, died here today. Flanagan also was a Civil war veteran. Funeral services will be held under the auspices of the American Legion.

FLASHES FROM THE WIRE

HONOLULU, T. H. (AP)—Bachelors and bachelor maids in Hawaii will be taxed more heavily, if a bill introduced in the territorial house by Representative Jarrett becomes law. The measure proposes to cut the tax exemption for single persons from \$1,500 to \$1,000. Exemption for married persons would be up to \$2,000.

BOUND BROOK, N. J. (AP)—Phosgene gas escaping from a large tank in the plant formerly used for the manufacture of war chemicals near here, drove many people from their homes early today. Employees of an adjacent factory, equipped with gas masks, stopped the leak. One of the tanks containing the gas was empty and the tank had the entire population of Bound Brook. It was fortunate, he added, that only a slight breeze was blowing toward the town.

WASHINGTON, (AP)—Completing a 5,900 mile round trip aerial journey to the Dominican republic and return, two marine corps airplanes which left here March 29, arrived safely today at Bolling field from Fayetteville, N. C. The expedition was escorted from Fayetteville to this city by three other marine corps planes. The flight was intended to haze an aerial mail from Washington to the Virgin Islands and an outbreak of bubonic plague at San Juan, Porto Rico, caused the fliers to turn back from San Domingo.

PORT DOGUE, La. (AP)—An attack on an automobile by a frightened horse at night cost Robert Stratton, of Agraria, Iowa, \$275, he explained today at a hospital after an operation for removal of the eyeball. While driving along a country road last Sunday night, Stratton said, the animal appeared in the glare of light from the machine and reared upward on its hind legs, its front feet clambering upon the radiator and hood of the car. The horse's hoofs smashed the windshield and struck Stratton in the eye. The horse fell back dead, he said.

Increases Charges in Cattle Shipping

WASHINGTON, (AP)—Increase charges for loading and unloading of livestock at Chicago and other western points and inclusion of other charges in transportation of livestock were ordered today by the Interstate Commerce commission. The charges were fixed at a uniform scale of \$1 a car. The previous scale had ranged from 50 cents to \$1 at various points.

FOREIGN TRADE INTERESTS BAKE TARIFF POLICY

Importers Attack Emergency Measure Before Senate Finance Committee, Center Fire on Revaluation

WASHINGTON, D. C. (AP)—Senate finance committee action on the emergency tariff bill appeared today to be facing considerable delay. Senate leaders agreed that when it was reported the anti-dumping and currency revaluation provisions would be radically changed.

WASHINGTON, D. C. (AP)—Representatives of importers attacked the emergency tariff bill today before the senate finance committee, asserting that currency revaluation provisions of the measure would serve "to put more government in business than ever before and in direct opposition to the wishes of the producers."

Spokesmen for the national council of American importers told the committee that enactment of this provision would turn the American market into a dumping ground for the central European states.

Discussing food imports, some of the officials said present duties would simply mean that the American people would pay a higher price.

AMERICANS ASK EARLY TRIAL IN REDS' COURT

Revolutionary Tribunal at Moscow Promises Keely Hearing Soon

RIOA, (AP)—Rog G. Keely, an American who was arrested in Moscow last spring, is soon to be tried before the high revolutionary tribunal in Moscow according to the Moscow papers of April 17. After reviewing the cases of the men, who are pending trial, the tribunal announced that Keely's trial will be the next. He recently petitioned the authorities for a speedy hearing.

NEW RAILROAD COMPANY DIRECTORS ARE CHOSEN

Stockholders of Denver and Rio Grande Western System Hold First Annual Meeting

DENVER, Colo. (AP)—Directors were elected here today at the first meeting of stockholders of the new Denver and Rio Grande Western railroad company of Colorado, which is to take over the property of the Denver and Rio Grande railroad sold at foreclosure here last November. Among the directors chosen was Alvin W. Kreech of New York, who also is chairman of the board of the Western Pacific Railroad company, and president of the Equitable Trust company of New York, which holds a \$30,000,000 mortgage on the property.

FLIGHT REPORT RAISES DOUBTS

Authorities Suspect Haywood is in Hiding Here for May Day Outbreak

CHICAGO, (AP)—Federal officials today announced that they were requesting exhaustive investigations of headquarters of radicals in various cities throughout the country in the belief that "Big Bill" Haywood, I. W. W. chief, reported yesterday to have fled to Russia as he was about to begin a 20-year penitentiary sentence, was being concealed in this country in connection with alleged plans for a May day demonstration.

Haywood's usual residence, word yesterday that Haywood had reached Russia, but said they thought he had gone to some other place, and that he was being made to reach him personally by cable.

COMMITTEE GETS LIGHT ON ARMY STORES SALES

Canned Meat Costing 34 Cents a Pound is Sold for 6 1-2 Cents

WASHINGTON, D. C. (AP)—The sale of the war department's surplus supply of canned meats, approximately 84,000,000 pounds to Thomas Roberts and Company of Philadelphia, for \$5,316,276, was announced today.

The house military committee was informed that the meat cost the government 34 cents a pound. The sale price was approximately 6 1-2 cents.

The change that the war department under former Secretary Baker, has sold foodstuffs to Germany, was made by Representative James McLaughlin, Michigan.

Colonel E. S. Hartsford, director of sales, told the committee he knew of no disposition of foodstuffs to Germany. A limited supply of canned goods, he said, had been sold to Poland and Belgium.

BRITISH AMBASSADOR TO GREET AMERICAN NET LEAD NEW YORK (AP)—Sir Auckland Geddes, British ambassador to the United States, will be the guest of honor and principal speaker here tonight at a dinner to be given members of the American Davis cup team.

All members of the Davis cup team with the exception of the California star, William Johnston, will be present.

FORMER ARIZONA GOVERNOR HEADS GOOD BOYS BODY GREENSBORO, N. C. (AP)—Charles S. Brown, former governor of Arkansas, was elected president of the United States Good Roads association yesterday.

AMERICA WINS CONTENTION ON CABLES ISSUE

France and Japan Accept Principles Fought For by American Government in Distributing Undersea Lines

WASHINGTON, D. C. (AP)—While distribution of tele-former German cables in the Pacific will be deferred pending settlement of the status of the island of Yap, it was learned today that the United States will make an effort to have cable communication to the Dutch East Indies and Far East over the lines now in possession of Japan, restored as soon as possible.

During the war the cables radiating from the island of Yap were seized by the Japanese authorities and have never been re-opened. The cables formerly extending from Yap to Shanghai were deflected to the Philippines to a point in possession of Japan in the far east. Whether an attempt will be made by the American government to have the cables restored to Shanghai has not been disclosed.

Technical Questions Remain. It was said today that only settlement of the technical questions of operation of the cables to be distributed among the conferring powers is holding up the distribution of the cables, as agreed upon yesterday after France and Japan accepted the principles contended for by the United States.

Connects Bolsheviik with Sinn Fein Move LONDON, (AP)—Evidence of a connection between the Bolsheviik movement in Russia and the Sinn Fein movement in Ireland, has been found, declared Dr. Henry Carter, attorney general for Ireland, in reply to a written question by Sir William H. Dwyer in the house of commons today. Mr. Carter added that he hoped to place this evidence before the house in a few days.

Oklahoma County is Swept by High Wind DURANT, Okla. (AP)—Buildings were blown from their foundations, trees twisted out by the roots and many old cottages were wrecked by a tornado that swept the central part of Bryan county, southwestern Oklahoma, last night.

No reports of fatalities had been received here today. Damage was estimated at a quarter of a million dollars.

Syndicates of Seine Plan Demonstration PARIS, (AP)—Complete cessation of work and the holding of no meetings in Parisian suburbs has been decided upon for May 1 by the union syndicates of the Seine department. Subject to be discussed at the meeting will be: No inflicting of the eight-hour law; amnesty; protest against war; assistance to the Russian revolution.

Cost of League to Australia \$340,000 MEXBOURNE, (AP)—Australia's expenditures for its representation in the league of nations from its inception to the end of the present fiscal year will approximate the \$340,000, according to a statement made by the house of representatives by the federal minister for the treasury.

Jugo-Slavs Seize Dalmatian Islands VIENNA, (AP)—Jugo-Slav troops have seized the islands of Lesina and Lisos off the Dalmatian coast (the Italians withdrawing says a dispatch received here from Spalato).

SKEPTICAL VIEWS VOICED IN COMMENT OF BERLIN PRESS

BERLIN, (AP)—The trend of the comment in this morning's Berlin newspapers on Germany's appeal to President Harding for mediation in the reparations question, in the absence of knowledge of what the American reply would be, was skeptical of any good coming from the German move.

(Continued on Page Five)

Register or Lose Your Vote

Voters in the municipal election on April 26, must have been registered for the election. The laws governing this election make no provision for voting by persons other than those whose names appear on the registration books.

Tomorrow-Saturday—is the last day on which you can register to vote in this election. Registration books in each ward will be kept open until 6 o'clock this evening and Saturday evening. Residents of the first ward—north and west of Shoshone street—register at the city hall. Those of the second ward—east and south of Shoshone street—register at the Johnson Auto Sales company offices, 214-220 Shoshone street east.

Register now—after Saturday it will be too late.

LEGION HOME BURNS IN STRANGE CIRCUMSTANCES

Flames Destroy Structure Soon After Stand Against I. W. W. is Announced

LONG BEACH, Cal. (Special)—Forty-eight hours after officials of the Long Beach post of the American Legion publicly announced that several applications for membership had been denied men suspected of being members of the I. W. W., fire of a mysterious origin destroyed the community service building here, the home of the legion, Red Cross and other patriotic organizations.

Fifteen former service men, sleeping in the legion quarters, narrowly escaped being burned to death; three were overcome by smoke and carried out on a rug, and three legions were injured by resulting disabling accidents. The building and contents, valued by legion officials at about \$150,000, were destroyed. The fire was discovered at 12:30 o'clock in the morning. John Brandon, former Conroy Island life guard, and one of the 15 ex-service men in the structure, risked his life and sustained serious cuts and bruises when he ran back into the burning building and carried two of his companions to safety. One of the men was unable to walk because of injuries sustained in the fire and the other had recently left the hospital. The building contained headquarters of 14 welfare organizations and the executive offices of the legion, Red Cross, Boy Scouts and Community Service Inc.

PAPER MAKERS VOTE TO REJECT WAGE SCALE CUT

Unions are Instructed to Cease Work Unless New Agreement is Reached

NEW YORK, (P)—Union workers in the paper and pulp mills of the United States and Canada have voted to reject the 30 per cent wage reduction proposed by the manufacturers for May 11, it was announced here last night in the service of the union. Local unions have been instructed "that should satisfactory terms of settlement not be forthcoming from the paper manufacturers between noon and 5 p. m. on May 11, the existing agreements, work will automatically cease in the mills of six companies upon May 11 and 15 companies upon May 11."

CANDIDATES FOR IRISH PARLIAMENT ARE LISTED

Occupants of 62 Seats in New Body to be Selected from Among 75 Entrants in Banning

DUBLIN, (P)—Official lists of candidates for the north of Ireland parliament which has been created by the Irish act, put into operation April 10, have been completed. There are 75 candidates, 35 nationalists and 40 Sinn Fein candidates selected, and from them will be elected the occupants of the 62 seats in the parliament. Joseph Dunne has been chosen for the West Belfast County Antrim County Armagh constituency, but in the event of his election is pledged to ignore the summons to attend meetings of the body. It may sound contradictory but Donegal, the most northern county of Ireland, has been the first to select a candidate for the south of Ireland parliament. He is Major R. L. Moore, master of the Londonderry Orangemen, and he was selected Wednesday as the official nationalist nominee. The recent ambiguity of the situation is explained by the fact that Donegal is not included among the six counties named by the home rule act but is included in the list as "north or Ireland," which elects a separate parliament.

DISORDERS EXTEND TO SOUTH ITALIAN STATES

Six Communists and Three Nationalists Reported Killed in Clash at Orta Nova

ROME, (P)—Disorders in which extreme nationalists and communists have been engaged, and which have for the most part confined to northern and central Italy, have spread to the southern provinces, according to the Epope. A dispatch to that newspaper from Bari states that a party of nationalists, riding in a motor lorry encountered a party of communists at Orta Nova, and that in the fight which ensued 10 nationalists and three communists were killed. Classified advertising is the easiest way you can be assured by the profits it may bring you.

"Anti-Vamping" Bill up in West Virginia

CHARLESTON, W. Va., (P)—An "anti-vamping" bill, designed to protect the sanctity of the home, has been introduced in the West Virginia legislature by Senator Harmer, of Clarkburg. The measure provides that if any husband or wife suspects another person of being unfaithful with his or her mate, they may appear before a justice of the peace, appear to the face in the case, and then send a written warning to the person "having the attention upon the said mate. In event the recipient of the warning fails to take heed and cease the "vamping" methods, the justice shall cause him or her to be arrested, summon them into court, and, if adjudged guilty of the charge, a fine of up to \$100 shall be assessed.

Dreams of Finding Treasure Come True

SALEM, Va., (P)—Henry Dameron, 25, descendant of pioneer Virginia settler, who works on his uncle's mountain side farm near here from sunset to sundown at \$10 a month, often dreamed, he said, of finding a treasure and buying a farm of his own. April 1, while plowing, near the foot of Brush's mountain his plow unearthed a peculiar looking object. Investigation revealed it to be a small metal pot wrapped in buckskin containing gold and silver coins valued at \$14,903. About \$13,000 was in gold, \$600 in silver and the remainder in currency so badly disintegrated by the decomposition that it could not be distinguished. The latest date on any of the coins was 1823. Young Dameron was fearful that his fortune might be taken from him and kept his discovery a secret until today.

Yanks Retain Title for Eating Sweet

COBLENTZ, (P)—American soldiers, whose predilection for sweets has often caused Frenchmen to agree with manufacturers are still world champions. As this respect, it is shown by figures compiled at the Cafeteria, the largest restaurant in Coblenz, under the management of the Y. M. C. A. During the past year, American doughboys ate at that restaurant alone 233,138 puddings, 475,843 tarts and cakes, 310,874 cookies and doughnuts, 63,151 cream milk and cereals, 624,096 dishes of ice cream, 306,351 chocolate sandwiches, 61,376 pies, 225,767 apples and other fruit, 182,741 glasses of lemonade and 43,792 oranges.

High School News

A one act play, "A Proposal Under Difficulties," was presented by the Sock and Buskin club in assembly Wednesday. There are four characters in the play and the parts were taken by Dorothy Frost, Vera Brown, Elbert Harward and Leonard Hill. It was about 35 minutes in length and is said by many to be one of the best ever presented. A true harlequin of spring has arrived—plexus. The Mathematics club intends to go on a picnic next Saturday and other clubs have plans made for like excursions. BUREAU MEMBERSHIPS MADE GOOD INCREASE

Reports Show Northern Counties Added from 50 to 250 Per Cent

UNIVERSITY OF IDAHO, Moscow, (Special)—Farm bureau memberships in six northern counties of Idaho have increased 70 per cent in the past year, and 250 per cent in the past two years. W. B. Kjosness, assistant state leader of county agents, said today upon his arrival from a trip to the farm bureau of these counties. "In each county of this group, composed of Bonner, Kootenai, Latah, Nez Perce, Lewis, and Idaho, the county commissioners have appropriated funds which will be supplemented by voluntary money in carrying on county agent work for the next year," continued Mr. Kjosness. "This section now has potential farm bureau membership of approximately 3000 and later in the spring it is very probable that many more members will be added. "We are now endeavoring to arrange for bureau work in Boundary county. The county commissioners there have asked the university to put in a county agent but owing to the lack of funds for the next two years, we may not be able to do this. "County agents retained for counties recently visited are: P. T. Porter, Bonner; J. H. Reader, Kootenai; O. S. Fletcher, Latah; W. W. Skyles, Nez Perce; C. H. Helms, Lewis, and Ralph M. Pavey, Idaho.

NEVADA LEADS NATION FOR HOSPITALS RATIO

Average Percentage of Beds in Constant Use Varies from 48 in Arkansas to 76 in California

CHICAGO, (P)—There are 4013 hospitals with 113,150 beds in the United States, the council on medical education and hospitals of the American Medical association reported Thursday. It is estimated an average of 200,021 beds are occupied each day. Nevada has the largest proportionate supply of hospital beds, there being one for every 139 persons. The ratio of hospitals to square miles ranges from one to every 42 square miles in Massachusetts to one hospital to every 5780 square miles in Nevada. The average percentage of beds in constant use varies from 48 per cent in Arkansas to 76 per cent in California.

LOCAL MITTMEN TO MEET BOISE HERE APRIL 29

Return Matches with Capitals will be Staged in High School Auditorium

EXT on the high school fighting card comes a return match with the Boise outfit. Coach Keane will bring his scrappers from the capitol city on Friday, April 29, to battle once again with Roy's gang. This tourner will be held in an entirely different way from the system used in the previous contests held here in that the ring will be transported from the gymnasium to the auditorium. This will give more room for spectators and a good view of proceedings can be obtained from all corners of the room. This fourney will consist of 18 fast rounds and six wrestling matches. Men in all weights will compete in both boxing. Coach Keane has spent his time to a great extent since his return from the Boise trip developing the fistie squad and his men are greatly improved over their condition of a week ago.

Bob Nicholson, middleweight grappler, will work on the other side of the fence in this meet, dominating the gloves. He has developed wonderfully and will no doubt come through with the goods. "Ike" Harward is also in condition again and will be ready and able to go the full limit. He is in better shape than he has been at any time this year and has a head full of the science of the game. The meet will be put on sale early next week at the Majestic pharmacy.

Brief Bits of Sport

Babe Ruth has started on his 1921 home run career.

The bustling bunting of the Yankees clouted for four bags Wednesday and repeated the performance again yesterday.

That means only 72 to make to reach the mark set at the beginning of the season.

Dickie Kerr kept at it until he finally pulled down no winner.

Cumiskey's shrimp twister beat the Browns yesterday, and that in itself is some feat.

Besides he was up against Urban Shocker who met defeat yesterday for the first time this season.

Bear news is beginning to trickle through concerning the condition of George Carpentier.

The champion European fighter is said to be underweight and out of shape physically. He has just returned from a trip through Algeria and Spain and is believed to have contracted some form of ailment that has reduced his weight and sapped his strength.

Sim Smiley, sagebrush singer, says "Women's skirts used to be noted for their rustle. Now they see more and not so much leard."

ing champions of the United States and Canada were here today for the opening tonight of the Canadian amateur boxing championships. Fifty-three boxers are entered for the tournament.

El Paso, Texas—Scoring five knock-downs in the final two rounds of a fast fight here last night, Franko Garcia of Los Angeles won a decision over Mexican "Kid" Alvarez at the end of 15 rounds. Each weighed 125 pounds.

Paris—Carpentier has announced he will train on Long Island and has enlisted asking Joe Jenetto to be his sparring partner.

Havana—Jose Capablanca won the fourteenth international chess contest from Dr. Lasker of Berlin last night, making his score four wins and ten draws in the tournament.

DOES INSURANCE PAY?

On February 1st we wrote a policy on a young man's home. About a month later he was awakened early one morning by the crackling of fire and upon investigation found his dwelling in flames. The insurance replaced the damage done. Suppose you are awakened some early morning! Will you be able to replace your loss?

If you are not insured, get your policy before disaster strikes you.

SENIOR CLASS ATHLETES WIN CLASS EVENTS

First Section of the Inter-class Meet Goes to Graduates by Big Margin

The first events of the inter-class track meet which were run off yesterday resulted in 34 points for the seniors, 10 for the sophomores, 12 for the juniors and one for the freshmen. The meet will be completed this afternoon. Sophomores took the 20 and 100-yard dashes, Patz racing the 50 in six seconds and the 100 in 11:02. Fix, junior, and King, senior, took second and third, respectively, in each event. King grabbed off first in the 880 for the seniors in 2:15. Buchanan also a senior taking second, and Roy, junior, for either first or second, the match to be finished this night. Carter and Newman, both seniors, and Peterson, junior, will vault for third place.

Seniors took all places in the discus throw, Newman being first with a heave of 92 feet, Carter second with 86 feet and eight inches, and Philip third with 83 feet and six inches. In the 120-yard hurdles Keller, senior, carried off the honors making the distance in 20 2/5 seconds. Carter, senior was second, and Lyons, sophomore, was third. Bob Putzer took the shot put for the juniors, tossing the leaden pill 35 feet. Garrison, senior, pitched it 32 feet eight inches and Bohanek, also a senior, took third place. Patz, the sophomore sprinter, carried away the 220-yard dash in 27 seconds flat, Newman taking second for the seniors and Young a freshman took third, making their only point.

PITCHERS SLIP BACK.

Law Enforcement

The mayor, under the law, appoints the police, subject to the approval of the council.

Look over the names of candidates on the Citizen's Ticket. There should be no question in the minds of voters as to their stand on this question. They are all men rearing families in Twin Falls. They want the proper environment for their children. They are men of unblemished moral reputation. *They knew that the responsibility for keeping the city clean morally rests upon their shoulders.* Knowing this, they will see that the proper sort of officers are appointed and **THAT THEY WILL DO THEIR DUTY.**

Efficiency and Economy

Again look over our list of candidates. They are all men who have made good in their private affairs without being in any way the beneficiaries of any privilege. They are efficient and will see that the employees of the city measure up to the highest standard. They are men who believe that employees should perform work for the public as efficiently as they would for a private individual or corporation. If they do not, they will cease to be employees for the city under the Citizen's administration.

The Citizen's candidates are unpugged.

They will be free to employ the most efficient persons. They will be free to discharge anyone employed who does not measure up to requirements.

In their private business these men are careful yet liberal and progressive; they are cautious, shrewd, thrifty, capable, and withal eminently successful.

They will carry into city affairs the methods that they practice in their private business. They will get a dollar's worth of value or service for every dollar spent.

Here is the Citizen's Ticket: For Mayor, T. F. Warner; for councilmen, first ward, W. E. Sanger and C. H. Stinson; for councilmen, second ward, Frank Lechleiter and C. P. Bowles; for city clerk, H. E. Rounds; for city treasurer, F. E. Wheeler.

Registration books open tonight and tomorrow night until 9 o'clock p. m. Be sure that you register.

EXECUTIVE COMMITTEE CITIZEN'S TICKET

FENIANS BALK AT MEDIATION

Eleventh-Hour Attempts to Reconcile Britain and Irish Seem Unavailing

DUBLIN (AP)—What is described as an eleventh hour attempt to bring the Sinn Fein leaders and the government into negotiations before the election for the new Irish parliament is being made here.

For the last month the would-be mediators are said to have been working without interruption. They include business men, prominent members of the clergy and unofficial representatives of the government.

Following the recent visits to Ireland of Lord Haldane and Sir William Buxton, then arrived in Dublin last evening another reputed emissary of the government, the Earl of Derby, information from republican sources that the attitude of David Eilreann remains unchanged. It is asserted that the representatives are not averse to meeting accredited representatives of the government, but that discussions regarding peace will not be entered into until a definite offer from the government is received.

Preventive Medicine.

The tendency of medical science is toward preventive measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold attack of a grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Glanville's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.—adv.

Today's Markets

WHEAT PRICE DEVELOPS STRENGTH IN TRADING

Reports on Tariff Legislation, Crop Damage and Export Rates Advance Quotations 1 to 3 1/2 Cents

CHICAGO, (AP)—Wheat prices developed considerable strength today on reports on tariff legislation, crop damage and export rates. The senate was lining up for quick action on the emergency tariff bill. Besides, reports of orange rust were being retracted from France. Kansas and Oklahoma reports of accumulations at primary markets continued also to attract attention. Opening prices, which varied from the same as yesterday's final to 3 1/2 higher, with May \$1.27 1/2 to 1.25 and July \$1.00 1/4 to 1.00 3/4, were followed by a slight sag and then by material gains all around.

Subsequently export sales to Belgium and Germany tended to bring about recoveries from setbacks. The close was strong, 1 to 1 1/2 net higher, with May \$1.30 1/2 to 1.30 3/4.

Upturns in the corn market were helped by further sales to exporters. After opening 3 3/8 to 5 1/2c higher, including July at 62 1/4c, the market receded a little, and then climbed above the initial range.

ANNOUNCEMENT!

To the Farmers--

selling produce to the ECONOMY GROCERY

Wishing—

Dry Goods, Clothing Shoes and Notions

in EXCHANGE may do so by presenting his DUE BILL to this store.

Country offerings were light. The market closed strong, 1 1/8 to 1 1/2c net higher, with July 1 1/4 to 1 1/2c 3/8.

Oats were firmer in sympathy with other cereals, starting unchanged to 1/4c higher, July 30 1/8 to 30 1/8c to 1-4c and later scoring a moderate general advance.

Lower quotations on hogs acted as a weight on provisions.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red \$1.38 1/2 to 1.40; No. 2 \$1.43.

Corn No. 2 mixed 59 to 60c; No. 2 yellow 60 1/2 to 61c.

Oats No. 2 white 38 3/4 to 39 1/4c; No. 3 white 38 to 38 1/2c.

Rye No. 2 \$1.31.

Barley 60 to 62c.

Timothy seed \$1.60 to 1.65.

Clover seed \$1.35 to 1.38.

Sheep receipts 10,000; slow, about steady; woolled lambs, top early \$10.50; some held higher; shear top \$9.50 to shippers; hork \$9 to 9.75; no sheep or yearlings hork choice \$2 pound shearing lard \$8.50.

New York Stock Market

NEW YORK, (AP)—Extreme advances of 1 to 2 points in many issues accompanied today's lively and broad session of the stock market, shorts covering extensively. Sales approximated 1,100,000 shares.

Quotations among leading issues were mostly higher at the opening of today's stock market, motors and oil featuring the stronger shares. Studebaker, which made a spectacular advance in yesterday's later dealings, opened with a sale of 3,500 shares at 81 1/4 to 89 3/4, a maximum gain of 1 1/4

points, this soon being extended to 2 points. Mexens and European oils scored substantial fractional advances, with several of the domestic issues. Food and allied specialties, including Industrial Alcohol, Corn Products and Coca Cola, also were moderately higher. Crude Oil was heavy at 25 1/2c, initial loss of 1 1/4 points. Baldwin Locomotive, Central Leather and Goodrich also were backward.

Selling to insure profits affected moderate reactions among leaders in the final hour, but in general gains were little impaired. The closing was strong.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$80.42; first 4's \$87.40; second 4's \$87.54; first 4 1/4's \$87.50; second 4 1/4's \$87.52; third 4 1/4's \$89.40; fourth 4 1/4's \$87.65; Victory 3 3/4's \$87.50; Victory 4 3/4's \$87.50.

Potatoes

CHICAGO, (AP)—Potatoes, old and steady; receipts 84 cars; Northern White, sacked 95c to \$1.05; new, dull; Florida No. 1, \$7 to 7.50 barrel; No. 2 \$4.75 to 5 barrel.

Sugar

NEW YORK, (AP)—Raw sugar was quiet early today and as no fresh business was reported prices were unchanged at 4 5/8c for Cuba's cost and freight, equal to 45.64c for centrifugal, with uncontrolled sugars quoted at 45.27c for centrifugal.

Refined was easier, with prices un-

changed to 25 points lower. Fine granulated was quoted at \$7.20 to 7.50. There was renewed selling in sugar futures and prices at midday were 8 to 11 points lower under selling by trade and commission houses.

Another Package From Booth's

PRICES these days seem really like "before the war prices." There have been big reductions in most everything and we haven't hesitated a minute in giving our customers the benefit. We mark down all reductions, no matter what the goods cost. Our customers know it, too,—no doubt that's the reason our business is going right ahead.

This Is Lace Week

And this is the lace store. For years Twin Falls has looked to us for laces. This is to be a big lace year and we've prepared well—

Fine Narrow Vals at 5c-10c-15c yd.

In these assortments are laces that are better than before the war prices. Fine edges and matched sets, both imported and domestic. A large lot of Zion City lace—that kind found only at Booth's that wear so well. You'll need lots of it for trimming gingham, voiles, organzines, etc.

The new laces of gold and silver and the wide flouncings of fillet lace in colors are largely used and you can certainly find what you want here, reasonably priced. Also new collar laces and vestings—most anything you want and you'll want lots of it.

A Big Display of Fancy White Voiles 50c yd.

Dainty Pretty Patterns of Pure White

These voiles are woven of fine Egyptian yarns, making soft, pretty voiles and the patterns are all good. These make nice clothes for graduation or confirmation dresses. They are 36 inches wide and at 50c a yard they are very exceptional!

Smart New Suits at

\$39.50

These remarkably pretty suits in Misses' and Ladies' sizes, are of navy blue tricotine, part of them in mannish tailored styles and others embroidered and braided. Coming so early in the season prices like these have not been offered in years on such qualities.

Suits at \$47.50

Extraordinary suits are these of Tricotine and Poiret Twill, embroidered, fluffed and also smartly tailored models. Superior suits at the price of ordinary ones.

This promises to be the Big Suit Event of the Season. Come Early Tomorrow Morning.

Some Pretty New Gingham Dresses Have Arrived

Pretty new plaid gingham, made up in charming styles. Everyone who has tried them on has liked them, and they are so well made and only cost from \$5.00 to \$6.50 and up to \$10.

Silk Jersey Vests \$1.98

We score again. An all silk jersey vest, all sizes. Special purchase selling today \$1.98

Terry Cloth Drapery \$1.00

36 inches wide and double face in pretty floral patterns. Also plain green and rose \$1.00

Better Handkerchiefs 25c

Pretty embroidered corners, fine quality white and colored embroidery in corners. Hand loom handkerchiefs included.

Good Gingham 20c yard

That's getting back to old prices, isn't it? This is a better grade gingham, pretty patterns, fast colors. Comes in stripes and plaids. Good patterns for either ladies or children.

Another Package From Booth's BOOTH MERCANTILE CO.

IMMIGRANTS GROW INTO CITIZES

It is estimated that during the past year not less than 1,100,000 immigrants entered the United States from Europe. They came from Italy, Poland, Spain, Portugal, Greece and some from Ireland and Great Britain. This figure has been exceeded only three times in the history of the nation.

The danger to the United States is principally in the fact that these immigrants are pouring into the industrial centers, where there is already an overcrowded condition that is creating the utmost concern. Most of them will be taken into the home of friends, and the congestion in the cities will be aggravated.

The government, through the immigration bureau, would render a service to these newcomers and to the country generally if many of the immigrants could be placed on farms, thousands of which have been abandoned because of lack of persons to cultivate them, or sent to farmers as helpers in agriculture and work.

Many of the immigrants are expert used in farming and gardening, and they should be able within a short time to adapt themselves to the methods of agriculture followed in the United States. Few of them are skilled enough to take their places in the great industries at wages that would maintain themselves and families in the cities.

If the production of farm products in this country is to be maintained at the maximum, it is evident that attention must be given to inducing the immigrants to consider turning their way into the rural districts instead of to the crowded cities.

There are indications that industrial employment will lose some of its attractions before many months. The high wages of skilled unskilled workers cannot be maintained if the United States is to compete in the markets of the world. The drift from the rural districts to the cities is abnormal, and the tide may turn when city life loses some of its attractions in the ability to earn money easily.

COLOMBIAN TREATY IS OUTGROWTH OF CHARGE OF WRONG DONE NATION

Senators Vote for Ratification of Pact Brings to End Long Continuing Controversy Based on Allegation that United States Naval Forces Prevented Colombia from Recovering Territory Lost when Panamas Revolted; Facts Uncontroverted

WASHINGTON, (AP)—The Colombian treaty, which the senate Wednesday night ratified by vote of 69 to 15, grew out of the charge that the United States had wronged Colombia in the partition of Panama. It was one thing in a sequence of many connected with the building of the Panama canal and what was characterized by its proponents as "the taking of the isthmus by Theodore Roosevelt while congress debated."

Facts in Situation.
 Briefly stated, those who urged ratification of the treaty charged that when Panama revolted from Colombian rule, American naval forces prevented Colombia from recovering her lost territory.

Those who opposed ratification of the treaty charged that Colombia had long been engaged in trying to "hold up" the United States for a large sum of money for a canal route; that Panama, once an independent state, revolted from Colombian rule for just cause and that the presence of American naval forces had nothing to do with the failure of Colombia to force Panama back into her step.

In short, it was charged that the United States winked or connived at the Panama revolution to get the canal zone. This charge was denied with equal vigor. The treaty as it first negotiated expressed "the regret" of the United States. Later the treaty was redrawn to merely pay \$25,000,000 to Colombia. It was argued by the treaty opponents that the payment of \$25,000,000 was in itself an admission that the United States had wronged Colombia.

Colombian Senate Holds Out.

In the wrangle which has lasted over many years few facts seem to be uncontroverted. It does seem undisputed, however, that President Roosevelt, acting under authority of a law favored by the late Senator Spooner of Wisconsin, negotiated a treaty with Colombia by which the rights of the old French Canal company to build the canal, with a cash payment of \$10,000,000 and an annual payment of \$250,000. The treaty was ratified by the United States senate, but the Colombian senate refused to accept it. The motives which were said to have actuated the Colombian senate in its refusal furnished the ground work for some of the charges against Colombia by the opponents of the present treaty.

DeLesseps, the French canal builder, had spent millions of dollars and thousands of lives in unsuccessful efforts to build the canal and the project was the world's dream for at least two centuries.

Fifty Sailors Landed.
 On November 3, 1903, Panama revolted and set itself up as an independent state of five in unsuccessful efforts to build the canal and the project was the world's dream for at least two centuries.

The Service Men's Ticket

BELIEVES in the City Manager Plan of government, and if given the opportunity will submit to the electors of the city the question of whether or not the City of Twin Falls shall adopt that plan:

BELIEVES it to be the most democratic form of city government, because it creates a governing board on which any representative citizen may serve with credit and without technical qualifications—a board sensitive to the will of the people; since they invest it with sole power and hold it responsible for results:

BELIEVES it to be the most efficient form of city government, because it permits the people's representatives to employ the best trained talent in the country for the management of the ever increasing business affairs of the city, and the working out of problems of public health, welfare and happiness:

BELIEVES in it because the City Manager is appointed on the basis of merit, for an indefinite term, by the commissioners, who may remove him at any time. He serves as the chief administrative officer, appointing and directing his subordinates. He acts as an advisor, also, with the privilege of proposing measures, but with no vote. He need not be a local resident, thus permitting one city to benefit by the experiences of another, and encouraging a profession warranting specialized training:

BELIEVES in it because the administrative duties are concentrated in a single appointive officer, the City Manager, who is a trained, professional executive, instead of an untrained, amateur, independent executive:

BELIEVES in it because it is the last word in efficient city government. It is not an experiment. More than 3,000,000 American citizens are living today in towns and cities that have the City Manager Plan of government. These cities are 180 in number, 53 of them are under 5,000 in population, 57 of them are between 5 and 10,000 in population. 23 of them are between 20 and 50,000 in population. 15 of them are over 50,000 in population. No report is available of any city having reverted to its former plan of government after having adopted the manager idea l. vote of its citizens.

BUT

The Service Mens' Ticket cannot force this plan on the people of the City unless they want it, and so express their preference at a special election called for that purpose, which election can only be called upon the petition of electors equal in number to 25 per cent of the vote cast for all candidates for Mayor at the election Tuesday next:

DON'T BE MISLED BY FALSE PROPHETS AND IMPOSSIBLE PROMISES.

Is Your Old Washer Worth \$10.00?

We'll allow you \$10 on it anyway when you buy your new Automatic Electric Washer this month.

Time Is Growing Short

The end of April is not far off. This \$10 reduction by trading in an old washer lowers the term price of the Automatic to \$100 and you may pay for it \$10 down and \$10 a month, quickly disposing of the cost.

Then you will have a machine you may depend on giving service. Whenever a part wears out or needs adjusting, even many years in the future, you may also depend upon the Idaho Power Company to take care of it.

Chosen Type of Washer

The Idaho Power Company tested many machines of moderate price and chose the Automatic for its all round excellence, its simple mechanism and sturdy endurance.

IF You Haven't an Old Washer
 You will receive free with the purchase of an Automatic during April—
 1 standard electric house iron with cord.
 5-pound package Hurley washing machine soap.

Come and See the Automatic Operated at the Electric Shop Idaho Power Co.

OPINIONS

Reprinted
 Kansas City Star: "People who in Europe couldn't stick their heads out the window without being shot, come over here and complain bitterly about the restrictions on their liberty. The very least they expect of us is that we should declare war on their European creators. When we don't do that they gather in mass meetings, and under the protection of our police, insult whatever country they happen to dislike the most and send word of the proceedings to their friends abroad as the united action of the American people. We're rather used to it ourselves, and England ought to be by this time."

"NOW-A-DAYS" says the Good Judge

A man can get a heap more satisfaction from a small chew of this class of tobacco, than he ever could get from a big chew of the old kind. He finds it costs less, too. The good tobacco taste lasts so much longer he doesn't need to have a fresh chew nearly as often.
 Any man who uses the Real Tobacco Chew will tell you that.

FARMERS ASK HARDING TO CALL BIG MEETING

Senators and Representatives Accompany Delegates to White House

WASHINGTON, D. C., (AP)—President Harding was asked Thursday by the National Farmers Union convention here to call a conference of representatives of basic industries to meet with representatives of the railroads, labor and agriculture "in an effort to correct the industrial evils from which the whole country is suffering."

The request was embodied in a memorial presented to the executive at the White House by delegates who were accompanied by a number of senators and representatives. The president was asked to "assume a vigorous and determined leadership in the work of bringing out of a chaotic condition an industry which must be restored to its primitive glory if anything like normal conditions are to prevail in the workshops and factories of our land."

Reduced railroad rates were especially mentioned. The delegates said: "The farmers said they were the 'innocent victims of an economic situation, manipulated, we fear, by short-sighted and selfish interests.'"

some way and put the deal through with Panama. The treaty opponents contended that the ratification of the present treaty would sustain those plans which they denoted and placed a stain on the memory of President Roosevelt.

Negotiated by Bryan

The strange story that often occurs in political circles, find an illustration in the history of the treaty. It was negotiated at the instance of William Jennings Bryan, a democratic congressman, and was signed by a democratic president, Woodrow Wilson, backed in ratification by a republican majority, recommended for ratification by a republican president, Warren G. Harding, and signed by a democratic senator, proponently republican. The treaty as finally drawn, however, differs from that signed at Bogota on April 21, 1914, and placed before the senate proponently republican. The senate proponently republican, the treaty as finally drawn, however, differs from that signed at Bogota on April 21, 1914, and placed before the senate proponently republican. The senate proponently republican, the treaty as finally drawn, however, differs from that signed at Bogota on April 21, 1914, and placed before the senate proponently republican.

FOR SALE—REAL ESTATE

FOR SALE—Good 60 acres well improved, 1 1/2 mile from town on state highway; a bargain; would consider some trade. Address E. B. Shepard, Buhl, Idaho.

HOLLISTER

HOLLISTER—The Rev. Mr. Young is getting settled in his Hollister home, the Nunnally house.

Robert Trelasse is moving into the Murphy home in East Hollister.

Mr. and Mrs. E. W. Patton are stopping at the Craven hotel until he can secure a suitable house.

The tenth anniversary of the organization of the Hollister Presbyterian church was celebrated Sunday by a splendid program. Rev. Dr. Barton delivered the morning sermon, Rev. Howard the evening sermon; Miss Andrews, Mrs. David and James Hill gave vocal selections in the afternoon; all were highly appreciated. The church was filled.

Mr. Deuter who has been confined to his bed with tonsillitis has improved considerably and expects to be well soon.

The Converse house has been rented by Mr. Hastings who will farm the A. B. Wilson farm this season.

Miss Simmons and Miss Maxwell of the teaching force, spent the week-end with friends in Twin Falls.

George E. Smith left Thursday for the O. B. L. bridge gang is here working over the Deep Creek bridge.

W. Cole expects to move to Check basin this week to repair any bridges that may occur in the new work during irrigation.

Carey Hill and Lylo Bevington were week-end visitors to Twin Falls.

John B. Butler who has returned from Boise on business for a few days.

The Elkhorn Creamery company of Pocatello had a man in this territory Wednesday, relative to establishing a factory in the near future if business justifies it.

TO THE SALMON RIVER SETTLEMENTS OUTSIDE OF THE WHEATEN CUT

Article 2 obligates the United States to pay to Colombia \$25,000,000 gold, five million dollars within six months after the exchange of ratifications and five million within the next four years.

Article 3 obligates Colombia to recognize Panama as an independent state, defines the boundary between Colombia and Panama, and obligates the United States to use its good offices to obtain the establishment of diplomatic relations between Colombia and Panama and to bring about the adjustment of pecuniary liability between those two countries.

The concluding article provides for the exchange of ratifications in Bogota, the Colombian capital, "as soon as may be possible."

I have been requested to call a meeting of all of the Salmon River settlers outside of the Whiffen Cut, on Wednesday, April 21, at the Law Office of E. M. Wolfe, over the Idaho Department store, on Saturday afternoon at 2 o'clock, for the purpose of discussing present conditions and entering into a joint declaration of protest to protect our interests.

T. SANDEHSON.

COLOMBIAN TREY

(Continued from page six.)

was landed to protect Americans. Ten days later the United States recognized Panama as an independent state, guaranteed by independence, and later made the treaty by which the canal zone was ceded to the United States and the canal was built.

Colombia claimed that according to the terms of the American treaty of 1846 with New Granada, to which Colombia succeeded, the United States was bound to maintain the sovereignty of Colombia over Panama and to preserve neutrality in the Panamanian revolt.

About these points the dispute has raged for more than 18 years. Back of it all was the implication that the United States being unable to close the canal bargain with Colombia, "arranged" the Panama revolution in

WEEK'S WEATHER CONDITIONS NOT GOOD FOR FARMS

Storms Prevent Soil Tilling— Work is Well in Hand in the Snake River Valley

Weather conditions during much of the week were not favorable for farm operations, says Clinton E. Scripps, state meteorologist, in a summary statement covering the week ending April 16. The storm of the 13th to the 15th put a stop to all farm work in most of the agricultural sections; after that a plowing and seeding were hindered by wet soil in many localities. However, farm work is generally well in hand. In most of the valley, plowing and seeding are almost completed and beets and potatoes are being planted in the irrigated districts of the Snake River valley.

Slow Growth.

Vegetation made very slow growth during the week. The cool, cloudy days and the frosty nights served further to hold plant life in check. The rains and snow were beneficial to potatoes, melons and the range, and also to winter and spring wheat. The cool weather was generally rather favorable for all the cereal crops.

Fruits are coming slowly into bloom

and apples are beginning to bud very freely. So far as can be determined at this time fruit suffered no damage from the frosts of the week.

From the Fields.

Bliss, Gooding County—Cold and stormy; early snow melting well but showing much growth above the ground; potato planting well under way.

Fairfield, Camas County—Fall crops doing well and alfalfa starting in a few localities; snow just off and the ground wet; little plowing done.

Oakley, Cassia County—Too wet to farm; little grain sown, but land all ready for seeding; lots of snow in the mountains and the prospect good; fruit managed by frost.

Twin Falls, Twin Falls County—Wheat mostly sown and beet crop about half in, although farm work was much delayed by rain and snow; apples and peaches blooming.

American Falls, Power County—Farm work stopped by stormy weather; little seeding done; considerable rain and snow; crops but enough advanced to be damaged by cold.

Barley, Cassia County—Farm work stopped by rain and snow of 13th to 15th; ground in fine shape for planting potatoes and beets as soon as weather settles.

Hagerman, Gooding County—Vegetation slow growth and farm work little progress account low temperature, snow and wind.

Dietrich, Lincoln County—Snow on 13th and 14th retarded farm work but was beneficial to grasses and early sown grain.

Ponchailla, Bannock County—Farm work delayed by inclement weather; considerable snow on ranges, especially on upper levels.

Payette, Payette County—Wheat seeding about completed; potato planting under way; plums and peaches full bloom; apple budding.

Ablisk, Cassia County—Rain and snow most of week were very hard on livestock; good for pastures; range outlook good; spring wheat coming nicely; range lambing in progress; warm weather and sunshine needed.

Indigestion and Constipation.

"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Solvay, N. Y.—adv.

BOARD ELECTS M. C. MITCHELL SUPERINTENDENT OF SCHOOLS

Principal of High Educational Department is Called to Position Vacated by Hal G. Blue— Agreement Between Man and Board Reached Through Good Offices of Community Residents—No Salary Boosts

M. C. Mitchell has been chosen superintendent of schools in an independent district, No. 1, to succeed Hal G. Blue, resigned. Mr. Mitchell will assume the duties of the position on July 1. He is employed for one year at a salary of \$3200, with expense allowances of any sort, but with the understanding that he is to have the refusal of the position for the second year.

Reconsideration Has Results.

Reconsideration of Mr. Mitchell's application was brought about through the efforts of Senator J. H. Beaver and G. P. Rowley, who appeared before the board with a recommendation for an offer of the board to Mr. Mitchell of last Monday's regular meeting. The proposal at that time was rejected.

The school board and Mr. Mitchell reached an understanding at a special meeting of the board of school trustees held at the high school last night, the agreement being on the basis of an offer of the board to Mr. Mitchell of last Monday's regular meeting. The proposal at that time was rejected.

Acting as spokesman for the delegates, Senator Beaver explained that according to his understanding Mr. Mitchell had changed his attitude toward the offer by the board, seeing the matter from a standpoint of patriotism and loyalty to the community and the school system. Mr. Mitchell was called before the board and after some discussion, stated he would accept the offer on the conditions outlined by the board early in the week. He will begin the coming week by being a teacher forces for the coming year. A contract will be signed immediately.

Mr. Mitchell came to Twin Falls with Mr. Blue seven years ago and for four years was employed on the teacher staff. Three years ago he was chosen principal of the high school, a position he has fully filled up to the present time. Success in the department of the principal created a profound sentiment throughout the community in favor of Mr. Mitchell's candidacy for the superintendency, and in the past few weeks this sentiment has found added force. He is a man who has proved worth as an executive and organizer, and it is generally believed he will be equally successful as a superintendent as in the office of principal.

Consider Curtailment.

Outside of engaging a superintendent for the ensuing year the school board transacted no business of particular importance, though many matters of vast interest to the district were discussed. The question of the next year's budget was given some consideration, but this matter was laid over until the meeting to be held next Monday night. At that time it is expected detail matter upon which an expense sheet for 1921-22 can be worked out will be at hand.

SPEEDY TIME MADE BY FIRE MACHINE IN TEST

City's New Auto Apparatus Displays Its Quality in Hard Trial Run

Cutting into a stiff west wind a speed of 40 miles an hour was attained by the new Twin Falls combination fire machine in a test run yesterday afternoon. The lumbering machine, going with the wind on the return trip, eased into a 48-mile mile.

The test was made on a four-mile stretch of highway running west of the South Park grocery, on the hard, surfaced road. Going into the test a west gale, but displaced glass in ability to pick up speed and to make an average of 33 miles an hour for the entire stretch.

The big machine was in charge of Lorne Hill, expert holman. The run was made with a News representative on the box as guest of the representative of the American-La France Motor Car Apparatus company of Portland.

LOOK FOR REGISTRATION RUSH BY SATURDAY P. M.

More Than 1,000 Persons Remain Un-enrolled for Tuesday's Election

Out of a possible 3500 eligibles less than 2500 are thus far registered for the municipal election on Tuesday. The registrations are fairly equally divided between the two places, at the municipal hall and at the Johnson Auto Sales room.

Passover Feast to be Observed by Jewish Race

People of Hebrew Extraction Tonight Begin Seven-Day Religious Observance

According to the Jewish calendar today is the 14th day of Nisan and the year of 5681. It is known in the bible, in the book of Genesis. Passover begins this evening, starting with the feast of passover and lasting seven days.

It has been customary with the Jewish race to unleavened bread. It marks the time when Moses, the great Jewish leader, withdrew the children of Israel from the bondage of Egypt into the promised land. According to the Jewish history passover begins on April 22 and ends April 30.

Customary Form is Displayed by Meteorologist

RUNNING true to his customary form the district weather distriber got into today on a fair weather guess. The prediction for tonight and Saturday is for wet conditions, however, and from indications that give stands a good chance of being 100 per cent correct. There was a trace of moisture recorded yesterday, but the conditions and temperature range were, as a whole, satisfactory. The top mark reached by the mercury for the day was 61 degrees, with 42 for the bottom.

A GOOD PLACE TO TRADE

Statistics show that the machine which made the satisfactory test run yesterday afternoon weighs 9000 pounds and is one of the largest in this section of the intermountain country. It is a combination car carrying both chemicals and hose. Mr. Hill will remain here 10 days testing this machine and its working make, a pump, until the machines are ready for acceptance by the city administrators.

Sport Wear Is Popular!

The present indication is that the coming Spring and Summer will be a big sport season. The Sport fabrics are very attractive and inexpensive and have been developed into such charming models in suits, jackets, coats and footwear. At prevailing prices everyone should have a sport outfit.

SUITS

We have just 20 brand new, all wool jersey suits. They come in brown, tan, gray, navy, taupe and others. Sizes to 44. Jackets are tuxedo style and may be worn with plaid skirts. A real good looking stylish jacket and skirt of an all wool material for

\$10.00

JACKETS

A good showing of all wool jersey sport jackets. Some of them are short effects, others are three-quarter lengths with different colored collars and cuffs. One will find a good range of colors to select from. There are just two prices—

\$9.95 and \$12.95

SKIRTS

The plaid skirt grows daily in popularity. There are so many occasions upon which one may be worn. We offer some very clever, plaid color combinations in all wool materials at prices that permit of the selection of an extra one.

\$5.95 to \$15.00

COATS

Most of these are Polo Sport Models in light tan and brown. Among them are models fully lined. It would seem impossible to retail such good looking coats for so little. This is truly an opportunity to obtain a good looking, serviceable coat at a small price. (Going briskly.)

\$10.00

SHOES

Black and White

A very clever model of white Nile cloth trimmed in black kid. One of those sport models with just enough black trimming to give it style without too much contrast. A quality oxford on Goodyear welt.

\$7.50

Brown and White

This model is of white buck with tan calf trimmings. Has low heel, white leather soles. This oxford together with one of the sport jackets and plaid skirt with brown predominating makes a pleasing sport costume.

\$8.75

T. F. WARNER

Candidate for Mayor on Citizen's Ticket WILL SERVE

TO THE VOTERS OF TWIN FALLS:—

There has been a persistent rumor to the effect that I would not qualify as Mayor if elected. Now, in order to settle the question, will say that if elected I will accept the office and serve, giving to the business of the city the same attention I have given to my own affairs.

—T. F. WARNER.
