PRICE FIVE CENTS

PEACE MEASURE IS TARGET FOR BOORBONS FIRE

Democratic Members of Foreign Relations Committee in Minority Report, Warn Against Difficulties

WASHINGTON, (AP)—The Knox peace resolution was declared to be "dead with a thousand deaths" and likely "to prove a disappointment to its friends" in a minority report submitted in the senate today by Democratic members of the foreign relations committee.

Illchcock Leads Attack Adoption of the Knox peace resolution would be an attempt to dilute the international policy of President Harding, Senator Illchcock, of Nebraska, ranking Democrat on the foreign relations committee, charged today in the senate.

The Nebraska senator attacked the measure as "idle and ineffective," and declared that it was being "passed through the senate through a party caucus," "when the votes can be depended upon." The resolution is to be voted on tomorrow.

Senators Borah, republican, Idaho, and Reed, democrat, Missouri, denied Senator Illchcock's assertion that the Knox resolution interfered with functions of the president. Senator Borah, said that adoption of the resolution clearly fell within the powers of congress.

STRIKE THREAT THURRIES SHIPS

Sailing Dates are Advanced and Urgent Haste Marks Landing of Cargoes

BALTIMORE, Md., (AP)—Sailing dates advanced on outgoing steamships, urgent haste in loading cargoes and unusual efforts to sign up crews in advance of the threatened strike of marine workers on Saturday marked Baltimore shipping activities today.

Instructions from the United States shipping board, it was stated, speeded up the actions of agents which operate government owned vessels.

UNION SEEMED TO TAKE THEIR CASE TO WHITE HOUSE WASHINGTON, D. C., (AP)—Falling to reach an agreement with the shipping board and American steamship owners on a basis for considering the wages and working conditions in conference here today, representatives of the unions announced that they would file their case before President Harding.

TEXAS SUFFERS DAMAGE TO CROPS IN HEAVY STORM BALLAS, Tex., (AP)—Considerable crop damage was reported as the result of a heavy rain, hail and wind storm, which visited Dallas and a number of other north Texas counties early today. In Navarro county, newspaper reports said, hail was banked to a depth of six inches in spots.

FOREGOLOSURE SUIT The Drake-Ballard company has instituted the foreclosure proceedings in the district court against Jacob and Amy Scheuler and others. The amount of \$10,000 is involved in property mortgages.

Today's Games

Table listing American League and National League games with scores and batter statistics.

Weather Bureau Warns Northwest of Coming Storm

High Winds and Snow Flurries Forecast for Idaho, Washington and Oregon

SAN FRANCISCO, (AP)—A warning to provide against cold weather with high northwesterly winds and snow flurries tonight and tomorrow, was sent to the United States weather bureau today to stockmen in eastern Oregon and Washington, Idaho and Nevada. A heavy storm will sweep off the Washington coast last night with moving over the plateau regions with but little lessening of intensity, they have said.

PRINTERS FACE GRAVE PROBLEM

Secretary Davis Anticipates Trouble in Bringing Employer and Employee Together

WASHINGTON, D. C., (AP)—Effects today of Secretary Davis of the labor department to adjust differences between printing trades unions and employers were without avail. After conferences with representatives of the union, Mr. Davis said he saw no prospect of agreement.

WASHINGTON, D. C., (AP)—Secretary Davis, continuing conferences today looking toward a settlement of disputes between printing trades unions and employers over wages and hours, said he expects considerable difficulty in bringing them together in a national agreement to replace the local agreements which expire on May 1.

Demands for a 44-hour week made by printers in several sections of the country constitute the main difficulty, he was said. Another difficulty encountered, the secretary said, was the statement of the employers with whom he conferred today that they did not subscribe to make any agreements to be kept for anybody but themselves.

William J. Eymon, president of the Typothetae, an association of publishers, has been called by Secretary Davis to confer with him in an effort to meet this problem.

JAPAN SENDS DELEGATES TO VISIT UNITED STATES

Exchange of Views on Various Questions is Aim Between Nations in Expected of Mission TOKIO, (AP)—According to advices from the Japanese embassy at Washington the forthcoming visit of a delegation from the empire to the United States is looked forward to with interest because it will afford an opportunity for an exchange of views on many questions including those of naval restriction, the league of nations and the general problem of immigration.

The party expects to leave from Yokohama on May 8 on the Japanese steamer Shinbu Maru. The visit will last about three months.

REPORT FAVORS ENACTMENT OF BAR ON ALIENS

House Immigration Restriction Bill is Given to Senate with Special Privileges Clauses Eliminated

WASHINGTON, (AP)—The house immigration restriction bill was reported favorably today by the senate immigration committee after elimination of provisions to repeal special privileges for entrance of minors and persons subject to religious persecution.

No change was made by the senate committee. In the general plan for restricting immigration of three per cent of the total population of alien origin in the United States at the time of the 1910 census.

CONTINUE TALK ON RISH PEACE

Earl of Donby, as Premier's Envoy, to Resume Parleys with Fenians

LONDON, (AP)—Conversations between the Earl of Donby and Irish Sinn Fein representatives will be resumed in a few days when the earl returns to the island, said the London Times today. He will take no written proposals from the British government, but will be empowered to speak as Premier Lloyd George's accredited envoy, the newspaper said. The earl had another long interview with Mr. Lloyd George yesterday.

Assertion was made by the Daily Mail that arrangements have been made for the Earl of Donby to have a personal conversation with Eamon de Valera.

CHECK'S POSSESSION BRINGS ABOUT ARREST

Jesse Meyers is Unable to Satisfy Curiosity of the Authorities Jess. Meyers, aged 25, tried to pass a worthless check for something like \$20 at a local bank, according to Sheriff E. R. Sherman. He is in the county jail with the protesting authorities are investigating his actions and endeavoring to trace him by his past.

Meyers, the sheriff says, yesterday morning appeared at a clothing store of Strawn & Hinder with a check purporting to have been signed by one George Davis. Validity of the check was questioned by the merchants and Meyers then attempted to cash the paper at the First National bank. Officers of that institution, after questioning Meyers on the point of his possession of the check, notified the sheriff and the arrest was made. Meyers has been unable to give a plausible statement regarding the check and his possession of it. He stated that he came into possession of the paper through having worked for the alleged signer, but has not given the authorities any clue as to where Davis can be found. The authorities entertain a theory that the check is a forgery.

Germany May Get Another Chance to Raise Her Bid

Britain and Italy Have Not Joined France and Belgium in Definite Rejection of Offer

PRESIDENT HARDING AND CABINET DISCUSS COURSE OF UNITED STATES

WASHINGTON, D. C., (AP)—President Harding and his cabinet are understood to have discussed the German reparations proposals again today. Secretary Hughes laid before them the views of the principal allied powers with regard to the offer. Meantime, the American reply to the German communication was held up.

While the cabinet was considering the question it became known that Great Britain and Italy had not definitely rejected the German offer as unacceptable as a basis for negotiations. It was understood, however, that the French and Belgian views are transmitted to Mr. Hughes were that the terms were unacceptable.

According to information in usually well informed quarters Secretary of State Hughes still is hopeful that negotiations between the allies and Germany can be reopened. It is said that even if a final decision is not reached before the French begins to move into additional German territory the exchanges can continue after that time.

Sticks Early Settlement Because of the effect upon present unsettled situation upon American commerce and industry the United States, it is said, hopes for an early settlement of the reparations controversy. It is the understanding that the United States stands squarely with the allies in their demand that Germany pay to the limit of her ability and desires to avoid any course which might embarrass those governments.

AUTHORITIES GRAB RADICALS AS DAWN OF MAY DAY NEARS

Arrest of Several Men in Chicago Halts Broadcast Distribution of Circulars Advocating Revolution; Police Chief Says Display of Red Flag Will Result in "Somebody Getting Hurt"

CHICAGO, (AP)—Circulars signed "The Communist Party of America" and advocating a May day revolution were distributed in some sections of Chicago last night, according to federal officials. Broadcast circulation of the literature was prevented by the arrest of several men, the officials said. The men arrested were held incommunicado until after May day.

Arrangements were made today to place special guards around federal property and buildings in the city. Officials said that recent raids had disclosed information that Gary, Ind., was headquarters for radical activities in the middle west.

In granting a permit for a parade on Sunday, May 1, to Morris Backall, representing the socialist party of Cook county yesterday, Chief of Police Fitzgerald said he did not think that any effort to display the red flag would result in "somebody getting hurt."

Dodgers hearing radical legend such as "Bill Boyard Rustin, May Day" and "Long Live the Communist Internationale" were circulated by the hundreds throughout the city.

Harding Outlines Navy's Duties in Talk to Mariners

Declares Nothing Will be Asked That Does Not Accord with American Conscience

Following the review of the Atlantic fleet yesterday President Harding boarded the Pennsylvania and addressed the surrounding ships. Admirals lined up the officers of the fleet in front of the president at the quarterdeck. Then the president gathered them around him for a brief speech.

"I want to tell you who serve, how deeply interested and thoroughly confident America is in you," he said. "America will never ask anything of you that does not accord with the best conscience of the freest people on earth."

"The United States doesn't want a thing that isn't right. It doesn't want any territory and it doesn't want any tribute, but it does want that which is righteously our own, and by the eternal me mean to have that. The American character is this emphatic statement."

"I wish you might never be called to fire a gun again," continued the president, "if every government in the world were to consider you as our friends, there would always be peace. But I wouldn't like peace without honor and without the confidence that America is right and protecting every interest."

GERMANS EVADE SESSION TO FIX PAYMENT TERMS

Head of German War Burdens Commission Refuses to Attend Reparations Commission Meetings

PARIS, (AP)—Dr. Von Oertzen, head of the German war burdens commission, refused to attend a meeting of the reparations commission today for determination of the time and methods of the German payments.

BERNSTEIN ADOPTS ROLE OF INTERPRETER FOR U. S. BERLIN, (AP)—Criticism levelled at the German cabinet's appeal to President Harding in the reparations question was calculated to weaken still further the position of German diplomacy abroad, declared Count von Bernstorff, former ambassador to the United States, in his maiden speech before the reichstag yesterday.

Moved by Economic Motives "The United States is actuated chiefly by economic motives in its treatment of European problems," he said. "America cannot possibly be interested in seeing Germany dismembered, or deprived of territory which is now coveted in the western quarters of Europe; To expect far reaching political aid from the United States, I believe, would be an error. The present issue, however, is not purely political, but it involves the principle of firmly establishing the solidarity of the interests of all nations."

"The imposition of the penalties with which we are threatened would be tantamount to a reversion of the state of war. Under these conditions, we feel we have no alternative but to file our appeal to arbitration."

Simons' Delinquent Course: During the discussion in the reichstag on reparations, Dr. Simons, the foreign minister, replied to critics who charged him with failure to fight out the question of war guilt with the British premier, Mr. Lloyd George, at the London conference.

"I find these reproaches to be unwarranted," Dr. Simons declared. "Before we set men who held in tholeague, we were justified in making our confession of guilt. Granting that the confessor was extorted, it behooved me to make the best I could of the situation; a prudent one was not made immediately have concluded further confidential negotiations with Mr. Lloyd George."

Returning to the reparations issue, the foreign minister said, he replied to charges that he was late in appealing to President Harding, that he had attempted to put out a "fowler" weeks ago, but had failed. Therefore, the present direct action had been decided upon.

ST. PAUL, Minn., (AP)—The state supreme court today denied a writ to A. C. Townley, president of the National Non-partisan league, and Joseph Gilbert, former organization manager of the league, convicted on a charge of conspiracy to teach sedition. The case was tried June 23, 1919.

Townley and Gilbert were found guilty July 12, 1919, by a jury in the Jackson county district court and sentenced by Judge E. E. Hens to ninety days in jail. Execution of sentence was delayed by appeals.

Charges against Townley and Gilbert were laid at a special session of the state supreme court in the Non-partisan league.

Townley was reported in Broken Bow, Neb., last night and his removal here could not say what would be the next move of the convicted pair.

Gilbert is serving a year's sentence in the Goodhue county jail at Red Wing, Minn., for conviction on an indictment charging him with interference with enlistments, in violation of a Minnesota statute, which was upheld by the United States supreme court.

IDAHO WEATHER

Tonight and Saturday rain or snow and colder. Livestock warnings seen over Nevada, Idaho, Oregon and Washington.

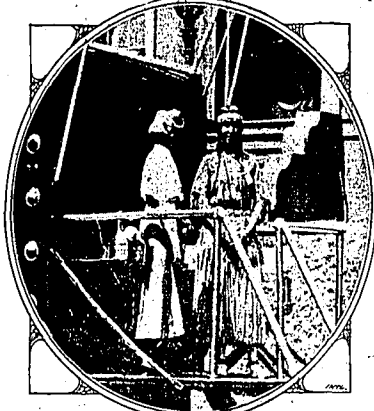

CHICAGO, (AP)—The real leaders in the group of Industrial Workers of the World organized for anti-government warfare activities. Three of these men have and now are believed to be furthering revolutionary ideas, federal officials said today after a final check on the group.

These six men, Haywood, Losief, Hoffner, Andreyevich, Jakkola and Laucka, were the men who actually organized the I. W. O. railway three-car train left the track and turned over on its side today at El Monte, 14 miles east of here. The train, which carried 150 passengers, was an engine from San Bernardino to Los Angeles.

Real Leaders Defy Courts and Retain Liberty been appointed commissioner of immigration. Chief of the bureau is, in en route to San Francisco for training in the United States. Three of these men received by federal officials, and will represent the soviet government in that country.

Circulars demanding overthrow of the government and a May day revolution were distributed in Aurora, Ill. near Wednesday night and in Gary, Ind., last night.

Uncle Sam's Movies on Wheels

The Bureau of Commercial Education in Washington uses and updates a motion picture theatre motor truck. It is to be used to show motion pictures of travel and industry in the American Indians on the great Indian reservation, and will shortly leave for a tour of the Middle West. The truck is equipped with a projection machine and other apparatus for the display of motion pictures. A screen which can be set up anywhere in the outdoors, is carried. The woman shown on the platform are Princess Teian, noted Indian singer, Mrs. Marie Boggs, dean of the Bureau of Commercial Education, of the Department of Public Instruction.

ARMAMENT CUT PROPOSAL WINS TOKIO WRITER

Japanese Commentator Calls Harding's Idea of Approximate Reductions "Within the Realm of Possibility"

TOKIO. (AP)—President Harding's idea of approximate disarmament is "quite within the realm of possibility," said the Jiji Shimpo, a leading conservative newspaper, in a new editorial discussion of the president's inaugural address.

The newspaper continued: "There is something in the inaugural address that makes us reasonably expect the call for an international conference by the new Washington administration with a view to promoting the cause of armament restriction."

Popularity Reflects Sincerity

The growing popularity marking the proposed treaty agreement on armament limitation in America, earnestly and enthusiastically to the above proposal by the American authorities, and this coupled with the universal sympathy with which the proposal is greeted, indicate quite within the realm of possibility.

"Japan, which has hitherto made no use of her defense science, must now be prepared for the execution of a most rigorous armament restriction, which is no longer an empty theory of idealists but has already assumed practical significance and importance."

Regards Differences

Jiji Shimpo goes on to express regret that no such indifference towards the project has been shown by the Japanese association of the league of nations which was recently organized in this country. It remarks: "Notwithstanding the necessity and importance of the proposed cause, the association has hitherto done practically nothing to aid it. The organization thus organized in itself of its 'raison d'etre', since the maintenance of peace and the limitation of armament constitute the principle of the aim for which the league of nations has been called into existence."

Calls for Awakening

"But it is not the Japanese association of the league of nations alone that is blame in this respect. Japanese scholars and critics reveal no more sincerity than the association does in upholding the proposed cause. In its inconsistency, it is to be hoped that those scholars and critics, and the Japanese association of the league of nations as a whole will awaken to the serious significance of the proposed cause and rise for its support."

BIGGEST POTATO YIELDS.

To guide boy and girl club members, as well as their elders, in producing bigger potato yields, the United States department of agriculture has recently published Farmers' Bulletin 1190, How to Grow an Acre of Potatoes. It is prepared especially for use in boys' and girls' club work, and every step from the selection of the potato soil to the harvesting, grading and storing of the crop is discussed.

Preventative Medicine.

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Tuberculosis, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.—adv.

Wright's Soap Special

To introduce White Eagle Laundry Soap we shall offer Friday and Saturday twenty-four bars for \$1.00. This soap is made by Peet Brothers, the makers of Crystal White, and we are assured by them that it is the same stock as Crystal White, the bars are slightly smaller. At this price, however, it is cheaper than wholesale.

FRIDAY AND SATURDAY

24 Bars for \$1.00

GENERAL WOOD IMPARTS MESSAGE OF FRIENDSHIP

Tells Americans in Japan Government Chorishes Good Relations

YOKOHAMA, (AP)—The United States government is doing everything it can to keep alive the spirit of friendliness with the allies, of which Japan is one, Major General Wood, who arrived here from the United States Tuesday evening on the steamer Watanabe on his way to the Philippines, told a gathering of several hundred Americans of Tokio and Yokohama who gave a dinner in his honor tonight.

"We want to keep up our good relations with those by whose side we fought," General Wood declared. "President Harding, he added, would do everything possible to establish the commercial policy of the United States, including a proper share of the ocean carrying trade and helpful cooperation with American business men abroad."

JAPANESE DEBATE TIME FOR QUITTING SIBERIA

Principle of Evacuation is Reported Agreed Upon but Date of Withdrawal is Disputed Today

TOKIO. (AP)—The Japanese government, according to the Nishi Nichi Shimbun has decided in principle upon the evacuation of Siberia, but discussion exists, it says, between the war office and the foreign office as to the proper time for withdrawal. The foreign office advocates retirement by the Japanese as soon as possible because of the financial and political pressure to inaugurate commercial intercourse with the Siberian government at Chita.

The war office Thursday published without comment the official dispatch of the peace conferences at Paris and of the league of nations at Geneva, concerning the mandate for the Far East, including the island of Yap.

OUTLINES TARIFF POLICY

United States Chamber of Commerce is Pressed with Definite Proposals

ATLANTIC CITY, N. J., (AP)—A definite program of permanent tariff legislation to meet present conditions, framed by the committee on tariff policy was presented to the United States Chamber of Commerce at its annual convention here Thursday. The committee proposes to create a tariff adjustment board, appointed by the president and confirmed by the senate, with "such emolument and tenure of office as to remove them from political influence and personal interest."

Any tariff legislation, said the committee, should be framed to permit adjustment of tariff rates or particular schedules of rates within prescribed limitations and provide for "flexibility in the adjustment of said rates to the varying fluctuations of industrial and trade conditions."

DESTROYERS AT NEWPORT

Narragansett Bay is Selected as the Rendezvous for Fleet Auxiliaries

NEWPORT, R. I., (AP)—Narragansett bay is to be the base of the destroyer squadron of the Atlantic fleet this summer. The rendezvous will bring 150 destroyers and auxiliary vessels to these waters. Five destroyers have already arrived.

The main fleet of destroyers, it has just been announced, will leave Charleston, S. C. their winter base, on May 15, and proceed to New York for a stay of two weeks to permit the crews to have shore leave. The squadron, under command of Rear Admiral A. H. Robertson, will then proceed to Narragansett bay, arriving about June 5.

Cleaning Jet.

Brush it well. Put one drop of sweet oil on the palm of the hand, rub the brush over the hand and then again brush the jet. Rub lightly with a emolus leather.

Surrenders Fortune to Concept of Duty

HYDE, EGG, (AP)—Austin Hopkins, a member of the house of commons, has just given to the local governing council of Hyde his mansion, valued at \$150,000, and 20 other houses and he has gone to live in an old barn on what was once a part of his estate. He has taken this action because he believes that a manifestation of the spirit of self-sacrifice on the part of public servants would be any danger of a revolution in England.

Mr. Hopkins' other deeds of generosity include the disposal of his fur by his friends and the newly, partly by sale at bargain prices and partly by free gift. He gave his handsome automobile to his chauffeur. The latter has now started in business with it. His former employer, the door of the machine, is one of his best customers.

To questioners, Mr. Hopkins said his intention was to live the life of a simple workman and to help others as much as possible. In his own workshop, he has introduced a profit-sharing system that is without precedent in America as the higher the yield, the less he receives, and after a certain sum is reached, he is to receive nothing at all.

Reports Ring Battle Over Wireless Phone

PITTSBURGH, (AP)—Unique in the annals of journalism and newspaper enterprises was the unprecedented recital of the Pittsburgh Post, which reported by wireless telephone the fight of Johnny Ray, of Pittsburgh, and Johnny Dundee, of New York, lightweights. Instantaneous news reports of the fight, round by round and blow by blow, was given by the Post reporter at the ringside, enabling the paper to have an extra on the streets a few minutes after the last gong sounded.

Reports from all over the country indicate that wireless telephone operators were treated to the noise of the ring battle with all the realism of each blow and such bit of ring strategy as struck the instant it occurred.

An Associated Press dispatch from Hartford, Conn., stated that the "Dance of the boxing match" was "heard" in Hartford. A wireless telephone brought the sounds of the conflict, the clang of the gong and the shouts of the fans to a group of wireless enthusiasts assembled at a private radio station. The dispatch said, "Hiram Percy Maxim, the wireless expert, was present."

TRY SINCLAIR'S FIRST "IT PAYS"

INFLUENCE OF AMERICANS ON RHINE IS FELT

Inter-allied Commission Puts High Value on Suggestions of Unofficial Representatives of United States

COBLENTZ, (AP) — America's representation on the Interallied Rhineland commission while directed by the official commission has much influence in a consultative capacity upon the decisions taken by the commission as that of the three allied countries officially represented. According to Mr. Raymond Jacquemyns, Belgian high commissioner on the Rhine.

General Allen, acting in his dual capacity of commander of the allied forces in Germany and representative of the department of state, attended every sitting of the commission, or when unable to be present, is represented by Colonel Stone of Mississippi, appointed by Colonel Stone of Mississippi.

Americans Solve Problems

No decisions are taken without having been first submitted to the American representatives and in many cases American suggestions have been accepted by Colonel Stone of Mississippi on the same day.

Lately, when the question of the application of the new customs regime in the occupied zone, decided upon at the London conference on March 7 was discussed, the British and the French points of view were very far apart. After a few days' discussion, General Allen's opinion was asked.

The discussion had been somewhat acrimonious and General Allen, in view of the proposed a medium solution to the French who were advocating the sternest measures, he said: "You can't get both steak and milk from the same cow."

To the British he demonstrated that better results might be obtained by adopting another course and after a few hours' discussion upon details of execution, the commission drafted its report, which was sent to the council of ambassadors the next day.

Holds Extremists Down

It is the consensus of opinion among delegates to the Rhineland commission that America's participation in the deliberations of the commission has had a restraining influence upon extremists in both French and German officialdom.

Director of Largest Wig-Making Establishment in America, who Earns Over \$50,000 a Year

Mrs. Sophie DeLavan

(By International News Service.)
Numbered among the women of America who are earning more than \$50,000 a year is Mrs. Sophie DeLavan, owner and director of the largest wig-making establishment in America. When Santa Claus comes for the dolls he must deliver at Christmas he usually calls on Mrs. DeLavan, whose establishment is in Chicago. Almost a hundred people are employed at her plant, making wigs which must suit the tastes of all good little girls.

AMERICANS ARE SLATED FOR WORLD TRADE MEET

Captains of New World Industry Are Assigned to Important Posts

PARIS, (AP)—Arrangements for the London Congress of the International Chamber of Commerce to begin Monday, June 27, have just been made by the board of directors at a meeting here.

Delegates to the congress will be organized in five groups. Walker B. Frost, formerly United States director general of railroads, will be chairman of the group for transportation and communication, while the chairman of the other four groups will be Dr. Walter Leaf, Great Britain; for finance; Eugene Schneider, France; for production; Marco Casati, Italy; for distribution; and Lucien Beckers, Belgium; for desamortization.

The American representatives on the group committees will probably be: Finance, Thuman W. Lamont of J. P. Morgan & Co., New York; production, E. G. Minor, president of the Fanberg company, Rochester, N. Y.; and distribution, Gerard Swope, president of the International General Electric company, N. Y.

In addition a committee has been appointed to sit during the congress to deal with questions relating to the organization and operations of the International Chamber of Commerce. The American representative will be John H. Fahy, of Boston. The representative of the United States on the committee which will consider resolutions to be placed before the general meeting will be Joseph G. DeForest, president of the United States Chamber of Commerce.

The board approved nearly 200 applications for membership. These include recognized organizations in various countries and 128 firms or individuals who were admitted as associate members.

Select committees appointed by the International Chamber will report to the London congress. Among questions being considered by these committees, with names of American representatives who have attended committee meetings are: Double taxation, Robert Grant, Jr., Lee, Higginson & Co.; commercial arbitration, N. G. Archibald; international credit, H. E. Buford, Jr., Paris.

Jet the Blackest Substance

Jet is the blackest substance known. It is a species of petrified wood or charcoal and first was produced from pieces of rock and white washed up in the coast near Whitby, England, Nov. 7, however, it is obtained almost entirely by mining. The finest quality of jet comes from the Yorkshire coast near Whitby. The industry there furnishes employment for many. Jet is found also in Bavaria, Bohemia, France, Germany and South America, but no such attention has been given to its production.

Today's Sporting News

VISCOUNT ASTOR'S GREAT COLT WINS ENGLISH CLASSIC

Craig An Ernan Rumps Home in Two Thousand Guineas Annual Turf Event

NEWMARKET, England, (AP)—The two thousand guineas, the classic race for colts and fillies run here today, was won by Viscount Astor's, Craig An Ernan.

The 1000 guinea, also run today, was won by W. Rapinette's Bettina. William Clark's Petrea was second and Viscount Astor's Pompadour was third.

Twenty-four horses ran in this race which is for three-year-old fillies. It was run over the Bowley mile, as was the two thousand guineas event which preceded it.

BASEBALL

Pacific Coast League

Los Angeles, 10; San Francisco, 3; Vernon, 7; Oakland, 1. Seattle, 7; Salt Lake, 1. Portland, 4; Portland, 3 (10 innings).

National League

Brooklyn, 2; New York, 1. Philadelphia, 11; Boston, 6. Cincinnati at St. Louis, rain. Chicago and Pittsburgh not scheduled.

American League

New York, 9; Washington, 5. Cleveland, 16; Detroit, 5. Boston, 6; Philadelphia, 2. St. Louis at Chicago; rain.

Brief Bits of Sport

Between battling honors every day or so and paying fines in municipal courts for speeding Babe Ruth manages to keep his name before the public pretty regularly.

Sam Bentley, sagebrush sage, says: "The Herb Hoover now actively in charge of the department of commerce ought to be loan'ed its side whiskers pretty quick."

In emulation of Tri Spenger's stunt of using 23 ball players in one game, the boss of the Cards on Wednesday sent 17 athletes to the firing line against the Pirates.

But the strategy of the masses did not work out as well as in the case of the Cleveland pilot against the Tigers. The Cards lost.

Rocky Knossos seem to have been nothing more than a flash in the pan. He was severely whaled by Johnny Dundee the other night, and Johnny, in turn, has been as severely dealt with by a number of lightweight who fear to attack Benny Leonard.

Salt Lake baseball writers say the big leagues are not releasing any pitchers who could hold their own in the Coast league.

Perhaps so, but from the way Sherry, Mulligan and Ernie Johnson are showing at bat with the White Sox it does not appear that Coast league twirling is very near the big league class.

The trio, rated among the best batsmen in the Coast league.

Chicago Department Store Owner, Started as Shopgirl; Has \$2,000,000 Business

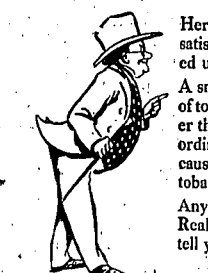

Mrs. Mollie N. Neuberger

(By International News Service.)
A field that probably has been invaded by but a few women has netted Mrs. Mollie Neuberger a vast fortune. Mrs. Neuberger today is the sole owner and manager of one of the largest department stores in America. The store is located in Chicago and is said to have an annual retail business of close to \$2,000,000. Mrs. Neuberger acquired her knowledge of the business while working as a salesgirl for a relative.

The Road to Happiness

You must keep well if you wish to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They insure a gentle, unobtrusive of the bowels—safely.

"Just Between You and Me" says the Good Judge

Here's genuine chewing satisfaction for you, hooked up with real economy. A small chew of this class of tobacco lasts much longer than a big chew of the ordinary kind—that's because the full, rich, real tobacco taste lasts so long. Any man who uses the Real Tobacco Chew will tell you that.

SEEPAGE DOING DAMAGE TO SOME NEW PAVEMENT

Hill Tells of Need for Early Remedying of Faults Along Paved Streets

All repairs that can be made to bituminous street surfacing at this time have been made, according to A. J. Hill, superintendent of work for the Warren Construction company.

In a short explanatory talk to the members of the council Superintendent Hill announced that he had made repairs to certain avenues and streets outside of the requirements of this contract, and added that when hot weather arrives further work of a repair nature will be completed by his forces.

In a letter addressed to the council Mr. Hill recommended the immediate lowering of all ditches to a point below the foundation of the streets.

mentioned. The council give instructions to the head of the street department to see that corrections of these faults are made.

PRODUCE

Butterfat 35c, Lard 35c, Eggs 20c

MEAT

Furnished by Independent Meat Market. Cattle—Cows 45c; steers 50c

POULTRY

Furnished by Twin Falls County Farm Bureau. Standard or better hay, in stack, first cutting, 47.50

favorable advice from crop experts were also the subject of notice. Initial quotations, which ranged from 1 1/4 to 3c higher, with May \$1.29 to 1.30 and July \$1.05 1/2 to 1.06, were followed by material gains all around.

Subsequently, rural offerings increased, and the market reacted somewhat, July delivery in particular. The close was unsettled, 1 1/2 to 3 1/2 not higher, with May \$1.29 1/4 to 1.30 1/2 and July \$1.05 3/4 to 1.07 1/4.

Corn advanced with wheat. After offering 7.5c off to 1 1/2 c, including July at 60 5/8 to 61c, the market scored a moderate general advance.

HOUSHOLDERS' GUIDE

(Retail Prices) Flour, 99 lb. sack \$2.00; Sugar, best, 100 lbs. \$10.35

WEEK'S WEATHER MORE FAVORABLE

Improved Conditions Obtained for Farming—Frosts Damage Considerably

The weather was rather unfavorable for farm work. In many sections the amount of precipitation received was sufficient to set field work. In the Snake river plains the wind interfered somewhat with work, says Clinton F. Norquist, state meteorologist. In a weekly weather and crop conditions summary, just issued.

Vegetation made but very slow progress. It was too cold and cloudy for good growing conditions. However, wheat is progressing and pasture, meadows, and ranges are slowly improving, being benefited generally by the precipitation received. All vegetation would be better for more sunshine and warmth, and over considerable areas, particularly of the western counties, more warm rains would be helpful.

The frost and freezing temperature of the closing days of the week damaged fruit considerably. Sweet cherries, peaches and apricots suffered severely and are believed to be almost total failure in the Boise Payette valley. Apples and prunes were damaged, but the consensus of opinion is that enough buds and blossoms have escaped to insure a good crop of fruit provided no more severe frosts occur.

Here and Elsewhere

Twin Falls, Twin Falls county.—Cloudy and windy with frequent showers; too cold for vegetation; wheat planting well under way.

Albion, Cassia county.—Cloudy with three days of rain; beneficial to meadows and ranges which are growing slowly; sunbath and warmer weather needed.

Lava Hot Springs, Blaine county.—Rain for six days; very unfavorable for farm work; little seedling done yet; vegetation, including weeds, growing well.

Oakley, Cassia county.—Cloudy, cold and wet; seedling delayed; range and stock good conditions; shooting not begun; lambing just started; much snow in mountains; streams highest in years.

Boise, Ada county.—Wheat doing nicely, but week not favorable for vegetable and apricot damage.

Bliss, Gooding county.—Plant growth slow account cold, cloudy weather; grass on spring trails good.

Payette, Payette county.—Cloudy; cold and windy; more rain is needed to bring up spring sowing grain.

Your pictures framed promptly and correctly. **Gloss Book Store.**—adv.

Who Supplies Sandwiches to Drug Store Fountains in New York City

(By International News Service.)
A fortune built up from sixty sandwiches is the strange but true story of the business success of Mrs. Helen R. Maacher, of New York City. Several years ago she conceived the idea of supplying dietary sandwiches for drug stores, soda fountains. Her first order was for 60 sandwiches. The orders quickly grew until today she is at the head of a large business employing several hundred people and supplying sandwiches wrapped in wax paper to keep them fresh to soda water fountains all over the country. She earns over \$50,000 a year from her business.

Social Notes

Edited by Mrs. E. B. Williams
Telephone 399

The silver tea given by the Episcopal Guild in Parish hall Thursday afternoon was charming in all its details. The room had been transformed into a lovely drawing room by the use of stands, easy chairs and tables, and rugs, holding bowls, and baskets of fragrant fruit. A most interesting program in charge of Miss Susan Sprague was given consisting of an instrumental solo by Mrs. J. R. Bothwell, a paper by Mrs. Elizabeth Smith, "Our Evangelical Work in China," Two vocal solos by Mrs. T. J. Woods, accompanied by Mrs. Frank French, two vocal numbers by Miss Suzanne Taylor accompanied by Miss Judith Taylor, a paper by Mrs. R. C. Cole, "Episcopal Schools in China," and two solos by Miss Sara Thomas, accompanied by Miss Mary Hampton. Miss Sprague then introduced Mrs. John Mifflin Babcock, John Hahn, Jess Sprague, and Helen Cole, dressed in Chinese costume typifying the different social strata of the children of China. Tea was served from a table having as a centerpiece a silver candelabra containing white and yellow candles, with crystal vases of daffodils at either end. Mrs. J. W. Whelton and Mrs. J. A. Keefeg presided at the table. The hostesses were Mrs. R. H. Stevenson, Mrs. Carl J. Hahn, Mrs. George Sprague and Miss Susan Sprague.

The Elks "hard times" dancing party last evening was an unequalled success. Pretty dresses and white coats were being strictly barred, every one appeared in their oldest garb. The usual large crowd was in attendance.

The O. S. club met with Mrs. Harry Taylor, then Jefferson street on Thursday. The afternoon was spent socially and dainty refreshments were served from a table beautifully decorated with the club colors. This present were Mesdames Harven-Perkins, Milton Keiford, A. Gates, L. Goodrich, C. Geo. W. S. Grinstead and Joe Zable. The next meeting will be held at the home of Mrs. W. S. Grinstead.

The Presbyterian Missionary society met in the church parlors Thursday afternoon. The negro question was the topic. Mrs. L. O. Evans was the leader for the day and those taking part were Mesdames W. A. Howard, C. W. Witham, J. W. Jesse and Leo Bracken. Miss Martha Andrews sang a solo accompanied by Miss Gladys Orr; Mrs. A. H. Brand gave an interesting book review. Refreshments were served by the hostesses, Mrs. J. D. Barnhart, Mrs. E. W. Gish and Mrs. F. W. Bronaugh.

The Young Men's Bible class of the Baptist church accompanied by an equal number of young ladies motored to the country home of their teacher, Mrs. J. C. Deatty last evening where they spent several hours with music and games. Shortly before adjournment they were served an elaborate luncheon, and distributed carnations as souvenirs.

Mrs. Anne Paul was hostess Thursday afternoon to the Foreign Missionary society of the Methodist church. Mrs. H. J. Kingsbury had charge of the program, the topic being travels of the bible. She was assisted by Mrs. O. D. Duao and Mrs. Marshall Brown. Mrs. Harry Smock, accompanied by

Mrs. R. D. Stover, rendered two selections on the violin. Refreshments were served to 62 guests.

On Thursday evening ten members of the Philanthropic Sunday school class of the Church of the Brethren attended at the home of Mrs. and Mrs. Charles W. Hunt to celebrate with their eleventh wedding anniversary.

Local Breveities

Concludes Coast Visit—Mr. and Mrs. H. F. Allen returned today from a five weeks' visit in California cities.

Visitor from Elmer—Dr. and Mrs. Frank Dwight were in the city yesterday from Elmer for a brief visit.

Looking After Business—Maurely Keating of Salt Lake is transacting business in Twin Falls.

Motor from Elmer—Mr. and Mrs. Arthur Anderson motored over from Elmer yesterday on business and pleasure.

Here from Rupert—Mrs. Charles Hutto of Rupert visited friends in Twin Falls yesterday.

Hazard Is Here—William C. Hazard of Buhl is attending to business in Twin Falls.

From Cassia County—Mr. and Mrs. Harry Bell were visitors in Twin Falls yesterday and today from Durley.

Arrive from Boise—Mr. and Mrs. O. M. Meames of Boise were among the arrivals in this city, Thursday.

Pedersen Call—Mr. and Mrs. H. A. Pedersen of Burley registered in Twin Falls yesterday.

Visited in Boise—Mrs. A. P. Senior returned Wednesday evening from a short visit with friends in Boise.

Comes from Contact—W. A. Kent, postmaster and merchant at Contact, Nev., is in the city on a business trip.

His Operation—Mrs. F. B. Hill, of Highland View, is in La Merced Hospital, having been operated on yesterday.

On Sad Mission—Mr. and Mrs. A. F. Tager, pioneer residents of Twin Falls,

were in the city Wednesday from their home near Salmon City. They were called to Burley by the sudden death of Mrs. Tager's mother, Mrs. F. M. Boyd, whose remains were brought to the Twin Falls cemetery for interment.

FUNERALS

The funeral of Mrs. Susie Lee Terry of Eden was held yesterday at one o'clock from the Presbyterian church at that place. Burial was in Twin Falls cemetery. Deceased is survived by two small children and her husband. The Rev. G. H. Young of this city preached the sermon.

What's a Toxin?
The ptomaines must not be confused with the toxins. The toxins are poisonous substances derived from germs in the course of their life and growth. They are the active principles of the germs, to which the toxins owe their characteristic effects upon the human system. It is the toxin of the diphtheria germs, for example, which causes most of the mischief when infection has taken place.

Ecclesiastical Confectionery

It happened in Scotland—and on Sunday, too. A young man, strolling along a village street, went into a confectioner's shop with the intention of purchasing some chocolate creams. "I desire ten chocolate creams on the Sabbath day," said the old lady behind the counter in her sternest tones. "But," protested the youth, "I saw you sell sweets to that lady a moment ago." "Aye," replied the doctress, "I do," she went on to explain, "includes peppermint drops, pain drops and ginger lozenges—but not chocolate creams."—Glasgow Herald.

Dangerous Maladies

There are more deaths from measles and whooping cough than from scarlet fever. Greater efforts in school hygiene would seem to be the only way to which this problem can be coped with successfully, combined with the education of parents in the necessity for the observation of quarantine and isolation procedures even for these simple diseases.

A Lone Star sign of the Times. It has just about gotten so to this country that when a married woman has candy it's a sign she bought it herself.—Dallas News.

Is Your Boy a Hard Youngster On Clothes?

Most any healthy youngster is. A workout on the baseball nine, or a game of marbles, test the wearing qualities of a suit of clothes. Of course it would be much better if the boy would come in and change to the old clothes, but boys are too busy to think of that. So you want something that will wear and hold its shape and retain some resemblance of style. Then you think of the "Best-Ever" line of clothes. With two pants you are assured of double wear, and they are lined throughout. With seams all taped you know they will not rip. Bring the boy in tomorrow and dress him up and relieve yourself of future worry as to how he treats his clothes. The new suits are in and they are priced at about half of last year's figures.

"BEST-EVER" TWO PANT SUITS
\$12.50 to \$15.00
Ages 6 to 16

New Arrivals in Cloth Hats for Boys

Clever mannish styles in hats for youngsters 3 or 4 years of age to young men. They are well made, with plenty of style and moderately priced at 65c to \$2.

New Straw Hats for Youngsters are in

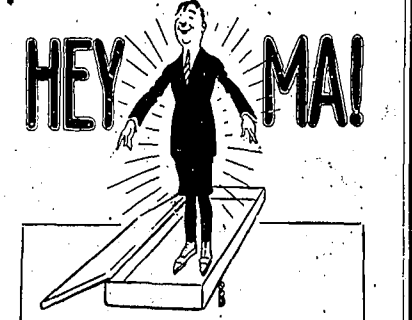

New straws, in small shapes for small boys and larger shapes for older boys, are in. In many styles to suit both the taste of mothers and boys are here, priced at 65c to \$2.50.

Boys' Kaynee Blouses Now Selling at \$1

Narrow stripes, wide stripes, and in light and dark patterns, comprise the lot of boys' blouses. In exclusive patterns selected because the colors will not fade or run, they are the best boys' blouses on the market today.

Summer Union Suits for Boys, 75c and \$1

In knit styles, with short sleeves and knee lengths, made to withstand the wear boys will give them. In all sizes. Needless to say they were selling for more, but our Closing Out Sale permits us to offer you these for half price.

TWIN FALLS DAILY NEWS

Published every afternoon except Sunday... Twin Falls News Publishing Co., Inc. (Established 1911)

ROY A. READ, President... JOHN C. HARVEY, Treasurer... Entered as second class mail at Twin Falls, Idaho, under the Act of March 3, 1879.

SUBSCRIPTION RATES: One year \$16.00, 6 months \$8.50, 3 months \$4.50, 1 month \$1.50

MEMBER OF ASSOCIATED PRESS: The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it...

THE FUTURE OF TWIN FALLS: The new City Administration will assume office within a few days now in the midst of an atmosphere of friendly co-operation and kindly feeling...

other, will always be found the men to whom the public trust of city management has just been handed.

LET'S HAVE FACTS.

An understanding of the legal limitations upon legislative and executive functions of the City Council that is clearer than that had by the ordinary citizen and voter would be certain to have a most beneficial and salutary effect upon municipal elections...

Although it has not been presented as an issue for determination in Twin Falls for nearly two years, the question of Sunday moving picture shows is one of those matters about which more or less subscription is likely to center, especially at election time...

It should be unlawful for any person or persons in this state to keep open (on Sunday) any theater, moving picture show, playhouse, dance house, race track, merry-go-round, circus or show, concert arena, billiard or pool room, bowling alley or variety hall, provided however that if a number of the qualified electors residing within the limits of any incorporated city or village equal to a majority of the votes cast at the last general election thereat shall petition the council or board of trustees of such city or village to permit theaters or moving picture shows to be kept open on Sunday in such city or village during such hours and subject to such regulations as may be prescribed in such ordinance...

It is with no particular satisfaction that a man reaches the conclusion that the time for economy has finally reached him. Always he favors economy for the other, follow long before he is willing to apply the principle to his own affairs and members of public boards and civic bodies are no exception to the general rule...

Twin Falls today, and we are thankful for it, ranks high among towns of similar population and similar resources in respect of those things which make for civic well being. An era of pause works no hardship upon our City. There are many other things which many people would like to see added to the equipment but, in view of existing conditions, better that the gram be allowed to continue in the streets, than that we should continue to go on as we have been going, with men borrowing money to pay their taxes and taxing their families to keep up their share of public expenses.

TIRED FEET? Why have them? Sock feet in warm bath, dry and apply Turpo, the only Turpentine treatment. Apply night and morning. Try it. TURPO THE TURPENTINE OINTMENT. SCHRAMM-JOHNSON DRUGS, TWIN FALLS.

HERE IS YOUR TIRE all vulcanized and ready to slip on your wheel if you wish. You will find our vulcanized tires fully equal in strength, resiliency and staying power to the original casing. Creator of Gowns who Earns by Her Art Over \$50,000 a Year

Miriam Bologez (By International News Service.) Miss Miriam Bologez was born in Indiana and received her early education in New England. She took up dressmaking as a means of earning a living and declares her first "errand" was herbridal gown. Later she took up sculpture, which she found of great importance in the art of designing clothes...

OPINIONS

Pittsburg Dispatch: "In stressing the prior importance of putting our own house in order President Harding touched upon practically every point in house politics that has been engaging popular thought. He rightly said there is no more pressing problem than to measurably lift the burden of war taxation, and justly declared the most dangerous phase of government today is the unrestrained tendency to heedless expenditure and debt inflation..."

Self-Luminous Animals. Not less than 20 different orders of animals are self-luminous, we are told by the new work of E. Newton Harvey on "The Nature of Animal Light." These include many forms of protozoa, hydroids, jellyfish, brzozoa, polychaete and oligochaete worms, brittle stars, crustaceans, myriapods, insects, mollusks, primitive chordates and fishes. None of the luminous species inhabit fresh water, all being terrestrial or marine. The luminosity is sometimes shown by both larvae and adults, and in a few instances by eggs. In experiments made, two substances have been isolated—luciferase, an enzyme, and luciferin, a protein—and the light appears to result from bringing these together in the presence of oxygen and water.

A Farmer Cured of Rheumatism. "A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Ryder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying give me another bottle of Chamberlain's Liniment. I want it in the house all the time for 'cured me.'"—Daily.

The provisions of the law are clear and set forth plainly the procedure to be taken in conformity with a principle that is distinctly and essentially American. Provision 1 made for nothing more nor less than the rule of the majority, and, unless the principles of the American government are feared, there is no cause for alarm over this issue in any municipal election.

BRICKBATS MIXED WITH BOUQUETS SENT TO FOCH

Friends and Enemies Alike Contribute to Mass of Marshal's Mail

PARIS, (AP)—Marshal Foch says one of his great regrets is that he has not time enough to properly digest the big mail he receives. Like most men in his conspicuous position, he gets daily a batch of correspondence that keeps his aids busy, sifting the trivial and eccentric from the important and interesting.

Friends and enemies alike write him profusely, and their letters run the whole gamut from cordial adulation to frenzied vituperation. This morning he received a dozen letters and as many packages from the same person, an American. All were registered. The recipient must have known that this class of mail gets first attention by the marshal's staff.

Nearly every mail brings a letter from some pro-German in America inviting the marshal to have himself lugged or to go to the place of fire and brimstone. By every mail some one sends him an ode or a song written in his honor.

Mothers write him informing him they have named the finest baby in the world after him, and American fans send him word that they would have taken a good drink in his honor on some anniversary or other had not the United States gone dry.

Authors send him their books and inventors forward descriptions of wonderful new engines of destruction for schemes to suppress war.

The marshal's advice is asked on all the questions with which he says he is best familiar.

What has amused him most lately was a post card received from San Francisco with the photographs of the president and the inscription "Here's Young America."

Sacred Mohammedan Rock. A report on the Dome of the Rock of Jerusalem is shortly to be published and will be of great interest to the Mohammedan world. It may not be generally known that this place is the birth in suavity of all the sects of Islam, and indeed for a short period it actually formed the Kila toward which all Moslems prostrated themselves in prayer.

Among the most important religious associations of this rock we may mention it was here that David and Solomon were called to repentance, and on account of a vision David chose this site for his temple. From this same spot Mohammed ascended to the seventh heaven after his night journey from Mecca, and lastly it is to be the scene of the Great Judgment.

IDAHO OCLEANERS AND DYERS ROWELFF & LA BONTÉ Phone 216-W 125 Shoshone St. West French Dry Cleaning Repairing-Dyeing

MAKES Dainty PARTY DRESS

French-Blue Chiffon Embroidered With Silver Beads Develops Into Winsome Frock

A sweet and lovely dainty little party dress may be made of French-blue chiffon embroidered with silver beads, with a girle of silver cloth tied jauntily on the left side in one smart loop and end. The overall was made with four points, the points hang a bit below a slip of white satin. The design for heading may be carried out in bugles and round beads, or just the round beads may be used. By the way, when leading, be sure to baste the material very securely over the paper pattern, and sew the beads on with backstitches. The stitches should not be taken through the paper; the paper serves only to show the design and to hold the material in place. Another idea is to use two thicknesses of paper, so the design will not become torn and in order to have a very firm foundation on which to work.

Making Pictures Popular. A circulating library of pictures, instead of books, has been opened by the Y. W. O. A., of Brooklyn, N. Y. Good reproductions of the best pictures of today and earlier periods are kept on hand to be loaned out for two weeks or a month. Accompanying each picture is a brief account of the artist's life, the significance of the painting and data about the school and period of art to which the artist belongs. The idea behind the scheme is to familiarize the subscribers with some of the best examples of art, which they might not otherwise obtain and which they may eventually wish to own, after having lived with them a short time.

Threaten American Industry. Spots in one of the specialties, iron ore, of the world, shipping are heavily to other European countries, as well as to the United States, and while it has some large iron and steel works, its output of the finished product has never been commensurate with its ore development. Now, however, there is a well-defined project of the Krupp to set up a great branch at Bilbao, Spain, to manufacture agricultural machinery for the purpose of driving out of the market American companies who now have a large share of this business.

GARNATION PLANTS 1,000 of them, mostly red and light pink. Each 15c; \$15.00 a doz. Just taken from the greenhouses, worth several times the price.

15,000 of them, \$1 a hundred; 2,500 for 25c. Also tomato plants those we now have at, transplanted 20c a plant. Elgand Block of Garden Plants in Southern Idaho.

PANSY PLANTS Three fine strains, largest flowered and most beautiful colors known, nice transplanted panes. 50c a doz. Also some not transplanted at half price. Pansy specialties for more than a dozen years. 10,000 plants, packing and postage 10c a doz., or 25c a hundred any kind, whether assorted or not.

BOARD ACCEPTS MACHINERY FOR FIRE FIGHTING

Motorized Apparatus Stands Every Test and Becomes Municipality Possession

The municipality of Twin Falls is now officially in possession of a motorized fire apparatus. The fire-fighting machinery, which has been in process of testing the past few days, was formally accepted by the city administration at the penultimate gathering of that board last night. An agreement in substance was signed by Mayor W. H. Eldridge and Clerk W. A. Munnell and delivered to Lorne Hill, special representative of the American La France company, manufacturers of the apparatus. Mr. Hill will remain here, several days longer to instruct members of the department in expert handling and operation of the apparatus.

Supervisor Reports

Acceptance of the machinery followed upon a final test, conducted by Mr. Hill under the supervision of city officials and J. H. Chubb, who was generally accepted by the city administration at the penultimate gathering of that board last night. A letter to the council advising that the apparatus had met every requirement in the official test.

Having made all the necessary qualifying requirements, S. F. Bush and George Healdreich were ordered to record a signed contract for handling city garbage during the coming year. The contract's price is \$2500. to be paid in monthly installments. Bush and Healdreich will remain in operation of this contract next month.

Harry P. Dietrich, one of the garbage contractors of the past year, and George Healdreich were ordered to record a signed contract for handling city garbage during the coming year. The contract's price is \$2500. to be paid in monthly installments. Bush and Healdreich will remain in operation of this contract next month.

Budget Work

Consideration was given, some bills and resolutions against the municipality, including a good work guarantee deposit made by Charles H. Mull, contractor in charge of the erection of the new bridge over Rock creek. This guarantee amounts to \$500. warrant for which was ordered drawn in Mr. Mull's favor. A claim by E. W. Berg, former city engineer, for \$30, claimed as fees for engineering as a city witness in a recent court case, in connection with damages for water overflow, was rejected by the administrator. Berg served as witness three days and asks compensation at the rate of \$10 per day.

Resolutions are to be allowed certain residents an Washington avenue on last year's sprinkling assessment. The relatives were ordered on showing that only one-half service was rendered the to receive long-term during paving operations.

Quit Next Monday

Next Monday night the present legislative board will convene its ultimate session, and will present officials elected by the voters. The board will meet at conclusion of such business as may regularly be transacted, relinquish seats to the new men. The new council however, cannot perform any official acts before Tuesday, which is the opening day of the fiscal year. It is probable that a meeting of the next administrative board will be held on Tuesday night for organization. Announcement of appointments to subordinate offices will be made at this session.

OFFICIALS RETURN

Judge O. P. Davall, of the prothonotary, and Ben J. Brown, deputy sheriff, returned today from Boise, bringing with them Bush Ballentine a letter of Buhl, who is wanted to answer a charge of deserting his family for a young woman. Ballentine left Buhl about a week ago. He is wanted, and was accompanied by the third party to the eternal triangle. He was arrested in Boise early this week.

COUNCIL WILL SUCCEED DAVIES AS MUNICIPALITY'S ADVISER IN MATTERS OF LEGAL CHARACTER

Mayor-elect McRoberts Announces Appointment of One of City's Most Prominent Young Attorneys as Counsel for the New Administration—Personnel Changes Not to be of a Sweeping Character Immediately

Appointment of Taylor Cummings to be city attorney under the new municipal administration taking office next Monday was last evening announced by Captain P. W. McRoberts, mayor-elect, at a banquet given in the Regency hotel by candidates on the Service Men's ticket, to members of the Service Men's campaign committee. Announcement of this appointment was made during discussion of the proposal for the intervention by Twin Falls with other southern Idaho towns in the filing with the public utilities commission of the Idaho Power company's new inventory which, it is rumored, is to be the basis of an application for increase in rates. This proposal probably will be presented for consideration of the new council at its first meeting on Tuesday evening next.

No Sweeping Changes

No other announcements of appointment were made by the mayor-elect at last night's gathering, but Captain McRoberts did indicate that with one or two exceptions there probably would be no drastic changes in the present personnel of municipal employees. Captain McRoberts outlined his conception of the organization of the new council of the next council at its first meeting on Tuesday evening next. "This is not to be a one-man affair," he said, "I shall use my best judgment in selecting the personnel of the several departments, but I shall not be charged with a full measure of responsibility, and each department head will be held strictly accountable for the work of his department. As mayor, I know not whom to name my time occupied by trivial affairs. Every complaint or similar matter, if it cannot be settled without resort to the mayor's office, must come through the proper channels."

Budget Basis

Recommendation for adoption by the several departments of a budget system which should be made by the city engineer, and a full measure of responsibility, and each department head will be held strictly accountable for the work of his department. As mayor, I know not whom to name my time occupied by trivial affairs. Every complaint or similar matter, if it cannot be settled without resort to the mayor's office, must come through the proper channels."

RECIVERSHIP DENIED

In a letter addressed to counsel in the case of L. K. Cole and others, against Walton L. Brown, in which receivership is sought, Judge W. A. Ballentine has announced denial of the petition. Hearing in the case was conducted some time ago in the district court, and the matter was taken under advisement. The attorneys involved were E. L. Ashton and Homer C. Mills.

Coconuts as Money

Coconuts are the common form of exchange among the natives of the New Hebrides. For instance, a box of coconuts is worth 20 coconuts, while for needles the price is one coconut each.

"What Is the Best and Most Needed Service which the Churches of Twin Falls Can Render the Community During the Next Twelve Months?"

This question was addressed to a half dozen or more civic organizations last week by the pastor of the First Presbyterian Church. The replies will be made public on several successive Sunday evenings and placed in the setting of a SOCIAL MESSAGE to the community.

The reply of Asher B. Wilson, President of the Chamber of Commerce,

will be read next Sunday evening, and the message for the evening: "NEGLECTED CHILDHOOD, A MENACE TO THE NATION!"

The hour of worship is 8 o'clock
Mrs. O. P. Durall, Director of Music—Miss Gladys Orr, Organist

RECORDER IS COMPILING OUTSTANDING BOND LIST

Complete Record of Obligations Against County to be Placed on File.

Bonds, representing the indebtedness of every political subdivision in the state must be filed with county recorder, according to state law. To meet this state demand Deputy Recorder Frank C. Lynch, of this county, is preparing a compilation of every bond issued against this county. The work will be completed by Saturday.

According to the statute covering this matter, the original copy of the compilation must be filed with the county recorder, the duplicate with the state auditor and a third copy kept for the information of the district interested.

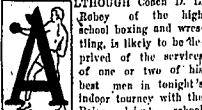

Honors More Than Even

"I hear you got the worst of it with the little boy next door?" I remarked to Harry. "Oh, I didn't get much the worse of it," asserted the little chap. "He licked me, all right, but my dog licked his dog's arse out."

ROBEY EXPECTS SUBS TO MAKE GOOD IN TILTS

Eleventh Hour Men Display Prowess with Mitt and on the Mat

ALTHOUGH Coach D. L. Robey of the high school boxing and wrestling, is likely to be deprived of the services of one or two of his best men in tonight's indoor tournament with the Boise high school crowd, he expresses confidence that he will be able to insert substitutes of sufficient caliber to make up the deficiency. The men who are likely to be out in this instance, are still regarded as possibilities, and extra training sessions are being employed to qualify them for the coming bouts.

Smith, one of Robey's "sure-count" wrestlers, will probably be on the outside looking in at the rest of his stable mates on the mat against Boise, but the coach is confident that in Hedges or Brown he has men who can replace him.

George may be replaced by Robinson who is said to be superior to the other lad in science and who has the cleverer footwork of the two. The affair will be held in the gymnasium instead of the auditorium as previously announced owing to the fact that it is better adapted to the use of a ring and a better view of proceeding events. Those who arrived today are: Claude Rogers, 165 pounds; L. Fort, 125 pounds; W. Barry, 135 pounds; Douglas McCool, 145 pounds; Farrell James, 150 pounds; Lawrence Quinn, 175 pounds; on the wrestling team.

Boxers included: Libby, Smith, P. Fort, Pence, Carter and Euker. Nick Collins, boxing coach, is here with the squad.

Dire Things are Predicted Again by Weather Man

THE weatherman predicts a trio of misfortunate climatic conditions for tonight and tomorrow. Rain, snow and colder. To make the prediction all the stronger he has sent out a warning to livestock men of the state to cuddle up their lambs and provide shelter for harder stock.

And this just when folks were getting all hot up over the prospect and promise of better climatic things.

Yesterday's high temperature was 60 degrees, with a low of 38 last night.

It is also expected to deliver the goods and will be in a very possible condition tonight when he steps into the ring. He has progressed wonderfully since the other Boise fight and there is no doubt of his ability to put his man away. At the top of the going tonight these men will be ready to do the middle in the squared arena: Husted, Patton, Cole, Howard, Robinson, Iverson, Adams, Nicholson and Baker. The men who will be on deck for next work are Brown, Hedges, Owen, Kerr, Seaver, Irwin, Bailey, Tucker, Nicholson and Garrison.

Twelve members of the Boise high school boxing and wrestling squad arrived today to take part in the return matches with the south Idaho schools this evening. Among them, 115-pound wrestler, left Boise Thursday with the baseball team for Glenn's Ferry where he played shortstop.

Supervisor Cairns of the Boise schools, is in charge of the matmen.

Those who arrived today are: Claude Rogers, 165 pounds; L. Fort, 125 pounds; W. Barry, 135 pounds; Douglas McCool, 145 pounds; Farrell James, 150 pounds; Lawrence Quinn, 175 pounds; on the wrestling team.

Boxers included: Libby, Smith, P. Fort, Pence, Carter and Euker. Nick Collins, boxing coach, is here with the squad.

ROAD DISTRICT CASE MOVES AT SLOW GAIT

One Witness on the Stand from 1 Yesterday to Noon Today—Still Testifying

Testimony taken in the district court matter of E. P. Walton, against members of the highway district board, has developed into a prolix discussion of intricate technicalities in which plaintiff's counsel endeavor to show dereliction of duty on the part of the officials accused. Up to noon today only one witness had been on the stand, that being Stuart H. Taylor, secretary-treasurer of the highway district. Mr. Taylor was regularly examined yesterday and today was under cross-examination. He related all circumstances relating to the handling of executive affairs of the district. Mr. Taylor went on the stand at 10 o'clock yesterday afternoon. The case may not be concluded today.

Constant Parade

Elizabeth lived in a small place. The only times she'd ever seen a large crowd was on the occasion of circus or local parades. "The first two days in a large city were spent in awe. The next day, turning to her mother, she said: "Oh, mother, they have a parade here all the time, don't they?"

April and candy sale, Saturday, April 30th, Twin Falls Hardware Company, King's Daughters—adv.
